On Saturday, May 16, 1908, at 8 a. m., the 48-inch water main in Central Park West, which supplies the low service section in the Borough of Manhattan south of Eighty-first street will be shut off in order to connect on to the new 48-inch water main laid in Central Park West, from Eighty-first to Sixty-second street. All that section of the City between Eighty-first and Twelfth streets, and between Central Park West and the North River, will be affected by this shutoff, and the pressure in the mains will be materially reduced. ## MESSAGES FROM HIS HONOR THE MAYOR.

The Chairman pro tem. laid before the Board the following message from his Honor the Mayor:

Nos. 678 and 688.

City of New York—Office of the Mayor, }  
May 11, 1908 }

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith with my disapproval two resolutions adopted by your Honorable Board on April 28, 1908, as follows:

Resolution permitting M. Leichtentritt to erect a barber pole, and

Resolution permitting A. Hessemann & Sons to erect a watering trough.

Section 50 of the Charter specifically provides that all ordinances in relation to matters of this kind “shall be general ordinances, which may either apply throughout the City or throughout specified portions thereof.”

There appears to be no provision of law under which special ordinances of this character can be sustained.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Resolved, That permission be and the same is hereby given to Moses Leichtentritt to place and keep a movable barber pole in front of his premises, No. 1773 Madison avenue, in the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

Resolved, That permission be and the same is hereby given to A. Hessemann & Sons to place and keep a watering trough at the southeast corner of Gates and Evergreen avenues, in the Borough of Brooklyn, the work to be done and water supplied at their own expense, such permission to continue only during the pleasure of the Board of Aldermen.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Chairman pro tem. laid before the Board the following message from his Honor the Mayor:

No. 680.

City of New York—Office of the Mayor, }  
May 11, 1908 }

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith with my disapproval a resolution adopted by your Honorable Board on April 28, 1908, as follows:

Resolution permitting the William P. Rae Company to parade with advertising wagons for a period of sixty days.

It has been the custom in the past to limit all privileges of this kind to a period of thirty days, and I think it advisable to follow this practice in the future.

Respectfully

GEO. B. McCLELLAN, Mayor.

Resolved, That permission be and the same is hereby granted to William P. Rae Company, No. 180 Montague street, Borough of Brooklyn, to parade with advertising wagons with music, for the purpose of advertising the sale of real estate, through the streets and thoroughfares of the Boroughs of Brooklyn and Queens, under the direction of the Police Department, for a period of sixty (60) days from April 28, 1908.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

## PETITIONS AND COMMUNICATIONS.

No. 726.

State of New York, Public Service Commission for the First District.

Order for Hearing No. 464.

In the Matter

of

The hearing on the motion of the Commission on the question of improvements in and additions to the service of the Brooklyn, Queens County and Suburban Railroad Company.

Metropolitan Avenue Line.

It is hereby

Ordered, That a hearing be had on the 21st day of May, 1908, at 2.30 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the rooms of the Commission, No. 154 Nassau street, Borough of Manhattan, City and State of New York, to inquire whether the regulations, practices and service of the Brooklyn, Queens County and Suburban Railroad Company in respect to transportation of persons in the First District on the Metropolitan Avenue line, including the branch running through Grand street, are unjust, unreasonable, improper or inadequate, and whether the said Brooklyn, Queens County and Suburban Railroad Company does not run cars enough, or with sufficient frequency, or upon a reasonable time schedule, reasonably to accommodate passenger traffic transported by it or offered for transportation to it, and if such be found to be the fact, then to determine whether it is reasonably necessary to accommodate and transport the said traffic transported or offered for transportation, and is and will be just, reasonable, proper and adequate to direct that the service of the said Brooklyn, Queens County and Suburban Railroad Company be increased, supplemented and changed in the following manner; that is to say:

(1) By operating daily, including Sunday, over every point on the Metropolitan Avenue line, including the branch running through Grand street, a sufficient number of cars in each direction past any point of observation to provide during every thirty-minute period of the day or night a number of seats at least ten per cent. (10%) in excess of the number of passengers at that point; the number of cars passing any point to be, however, never less than three in each half hour in each direction, except that between the hours of 12 midnight and 5 a. m. the number of cars shall never be less than one car per hour in each direction.

(2) By making such other and further changes in the schedule, route or manner of operating cars on the Metropolitan Avenue line, including the branch running through Grand street, as may be just and reasonable.

And if any such changes, improvements or additions be found to be such as ought to be made as aforesaid, then to determine what period will be a reasonable time within which the same should be directed to be executed.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable; further

Ordered, That the said Brooklyn, Queens County and Suburban Railroad Company be given at least ten days' notice of such hearing by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing such company be afforded all reasonable opportunity for presenting evidence and examining and cross-examining witnesses as to the matters aforesaid.

State of New York, County of New York, ss.:  
I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original order adopted by said Commission, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof I have hereunto subscribed my hand and affixed the seal of the Commission this 8th day of May, 1908.

(Seal.)

TRAVIS H. WHITNEY, Secretary.

Which was ordered on file.

## COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Chairman pro tem. laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 728.

Board of Estimate and Apportionment, City of New York,  
Office of the Secretary, No. 277 Broadway,  
May 11, 1908.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment May 8, 1908, authorizing the issue of \$40,000 Corporate Stock for the construction of a tunnel, intake and pumping station and for expenses in connection with the improvement of the sanitary condition of the Gowanus Canal, Borough of Brooklyn, together with copies of communications from the President of said Borough and from the Comptroller relative thereto.

I also enclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

May 6, 1908.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Bird S. Coler, President of the Borough of Brooklyn, in communication under date of April 30, 1908, requests the Board of Estimate and Apportionment to issue an additional amount of Corporate Stock to the amount of \$50,000, the proceeds to be used by the President of the Borough of Brooklyn for the construction of the Gowanus Canal Flushing Tunnel. I would report:

On March 31, 1905, the Board of Estimate and Apportionment authorized \$750,000 for "the construction of a tunnel, intake and pumping station and other expenses connected with the improvement of the sanitary condition of the Gowanus Canal, Borough of Brooklyn."

A little over half of this contract is finished and inspection and incidental expenses to date figure up eleven per cent (11%) of the cost of the work, which is not exorbitant. Assuming this rate for the rest of the work, I assume there will be a deficit of about \$40,000 to complete the work, calculated as follows:

Appropriation, March 31, 1905.....	\$750,000 00
Contract, John Peirce Company.....	\$715,471 70
Additional work, manholes, etc.....	9,300 00
Inspection, 11 per cent. of \$724,771.70.....	79,724 00
Right of access to East River at foot of Degraw street.....	1,000 00
	<u>805,495 70</u>

Apparent deficit .....	\$55,495 70
Premiums (at least).....	16,000 00
Deficit .....	<u>\$39,495 70</u>

—Say \$40,000.

The present urgency for this additional appropriation arises from the fact that there is not an available balance to continue paying the inspecting and engineering force; to date about \$40,000 has been expended for inspection and engineering, which has used up all the available balance and premiums remaining after the contract has been charged against the original appropriation.

Therefore, I recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue an additional amount of Corporate Stock to the amount of \$40,000, for the purpose of providing means for the construction of a tunnel, intake and pumping station and other expenses connected with the improvement of the sanitary condition of the Gowanus Canal, Borough of Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

The City of New York,  
Office of the President of the Borough of Brooklyn,  
Brooklyn, April 30, 1908.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—Your Board appropriated \$750,000 for the construction of the Gowanus Canal flushing tunnel. Against this appropriation a contract was let and certified, the amount of which is \$715,471.70. The amount of this contract, together with the necessary expenditure for engineering, inspection, etc., will make a total in excess of the appropriation. It would be extremely expensive for the City, as well as damaging to the property owners, to hold up the work at this time, and I, therefore, upon the suggestion of the Chief Engineer of the Bureau of Sewers, request your Board to issue Corporate Stock to the amount of \$50,000, the proceeds to be used by the President of the Borough of Brooklyn for the construction of the Gowanus Canal flushing tunnel.

Respectfully,

BIRD S. COLER,

President of the Borough of Brooklyn.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of forty thousand dollars (\$40,000), to provide means for the construction of a tunnel, intake and pumping station and for expenses in connection with the improvement of the sanitary condition of the Gowanus Canal, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 8, 1908, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Board of Estimate and Apportionment, City of New York,  
Office of the Secretary, No. 277 Broadway,  
May 11, 1908.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment May 8, 1908, recommending the establishment of the position of Assistant District Attorney of Richmond County, with salary at the rate of \$2,500 per annum, for one incumbent, together with copy of report of the President, Borough of Richmond, relative thereto.

I also enclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

Office of the President of the Borough of Richmond,  
New Brighton, N. Y., May 7, 1908.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 277 Broadway, New York City:

Dear Sir—On March 10 last I received over the signature of your assistant, Mr. William M. Lawrence, a communication from your office referring to me for consideration and report a presentment of the Grand Jury, Richmond County (January term), recommending that the District Attorney be provided with an assistant; the establishment of suitable quarters at St. George, in said County, for the Detective Bureau and for the Inspector of the Thirteenth Police Inspection District; that a launch and automobile be provided for the use of the Police Department; that suitable dormitories and cells be provided in the police stations; that the proposed ferries at Stapleton and Port Richmond be put in operation as soon as practicable, and that an adequate supply of wholesome water be provided for the inhabitants of the Village of Richmond. In reply to your communication, I beg respectfully to report as follows:

With regard to the recommendation of the Grand Jury "that the District Attorney be provided with an Assistant," I would report that up to the present time there has been no Assistant to the District Attorney of Richmond County, whose salary was paid out of public funds. The District Attorneys of Richmond County have been able not only to discharge the duties of that office themselves with the assistance of the clerical force of the District Attorney's office, but have also been able to engage in considerable private practice as well. No application was ever made, so far as I know, for an Assistant until the latter part of the year 1906, when the then District

Attorney of Richmond County made such application. This application was referred to me on November 23 of that year, and in view of the fact that the District Attorney at that time was able to and did do considerable private practice in addition to his official work, I did not report favorably upon his application, and although he appeared personally before the Board of Estimate and Apportionment in support of his application, the Board took no action, but left the matter still in my hands, feeling, as I thought, that the time had not yet arrived when an Assistant was necessary whose salary should be a charge upon the County. A new District Attorney, however, took office on January 1 last, and he has renewed the application for an Assistant. He devotes practically all his time to the work of the District Attorney's office, and is provided by the City with a commodious office. I have, therefore, found it difficult to understand why an Assistant, whose salary should be paid by City appropriation, was necessary. I, however, received from the District Attorney on March 16 last a very carefully prepared letter setting forth the reasons for requiring such Assistant, and quote below the portion of his letter bearing upon the subject, and I submit it to this Board for its consideration and for such action as it deems to be wise, but without recommendation from me. There is undoubted force in the point which the District Attorney makes arising out of the growth of the Borough and the increasing calls upon his time, but in view of the fact that the Court of Special Sessions meets but once a week and on the same day that the County Judge and Surrogate holds court in Richmond and sits only as Surrogate, I can see no large increase in the requirements upon the District Attorney, who devotes, as he should, practically all his time to the work of that office.

"Confirming the statements heretofore made by me to you in support of my request that you report favorably on the application of my predecessor, I beg to say that I regard the appointment of such an Assistant District Attorney as being necessary to the proper conduct of the office of District Attorney in Richmond County.

"The District Attorney is required by law to attend in person, or by assistant, four trial terms of the Supreme Court and two trial terms of the County Court, held in said County in each year, at all of which terms Grand Juries are in attendance; he is also required to attend in person, or by an assistant, each and every term of the Court of Special Sessions, which meets in this Borough once in each week during the year; he is required by law to attend in person, or by an assistant, the prosecution of all excise violations in each of the two Magistrates' Courts in said Borough, and to examine all cases discharged by the Magistrates in said Borough; he is compelled to investigate all complaints of violations of the criminal law, and to prepare and try all cases, and he is expected to attend before the Police Magistrates and before the Coroner, whenever occasion requires it. It very often happens that two cases are set down for trial in different courts on the same day, and that, therefore, one of the cases must be neglected for the obvious reason that I cannot be in two different places at the same time.

"During trial terms of the Supreme Court and the County Court, I shall be unable to attend in person before the Court of Special Sessions; the result will be that the people will either be unrepresented or the cases will have to be adjourned; in the latter event great hardship will be occasioned, especially in 'jail' cases.

"Furthermore, unless I am provided with an assistant, I shall not be at liberty to take even a day's vacation at any time during my term.

"In the event of my being prevented from attending court by reason of illness the people will not be represented.

"In answer to the suggestion that no assistant was provided for Mr. George M. Pinney during his term of office as District Attorney in this County, I wish to say, in the first place, that Mr. Pinney did have an assistant, and, in the second place, that the conditions have materially changed since Mr. Pinney was District Attorney. The population in Richmond County is very much larger than it was ten years ago, and consequently there are many more crimes committed than before.

"Within the last year the number of police precincts in this Borough has been doubled, and a Detective Bureau and a Police Inspection District established, with the result that a far greater percentage of wrongdoers are brought to justice than ever before. During Mr. Pinney's time we did not have a Court of Special Sessions in this Borough; we only had two trial terms of the Supreme Court and two trial terms of the County Court in each year; the District Attorney was not required to examine records of cases discharged by the Magistrates, and I am informed that heretofore it has not been the practice of the District Attorney to prosecute excise violations in the Magistrates' Courts. My Pinney's name is mentioned here solely because of your suggestion that he did not require an assistant. Since Mr. Pinney's term the County has become a part of The City of New York; has a greatly improved form of local government and has received the benefits of the excellent service furnished by the municipal ferry; all of which has resulted in a large increase in population, and, consequently, in more work for the District Attorney. I am informed that in the year 1907 there was an increase of eight hundred arrests over the year 1906, and I am further informed that the number of cases tried in the Court of Special Sessions during the past year amounts to one-half of the total number of cases tried in this Borough in said Court during the preceding nine years of its existence in this Borough.

"All of the foregoing is submitted in support of my statement that an Assistant District Attorney is necessary in this County.

"I shall be very much obliged if you will decide this matter as soon as you can conveniently do so. If you decide to report adversely, will you kindly notify me, so that I may appear before the Board in support of the application?

"If the Board refuses to grant the application, and owing to conflicting official engagements I shall be unable to perform some duty required of me, I want the people of this County to know that the fault is not mine."

If the application of the District Attorney is granted, the question of salary should be passed upon by the Select Committee of the Board on that subject.

In regard to the recommendation of the Grand Jury respecting suitable quarters for the Detective Bureau and the Inspector of the Thirteenth Police Inspection District, I beg to report that both the Detective Bureau and the Police Inspector have been occupying quarters in the Borough Hall for a long time, and I have heard no complaint from the Police Department that they were not perfectly satisfactory. The Detective Bureau, however, has recently rented new quarters elsewhere.

Provision for a launch and automobile for the Police Department would seem to me desirable and in the interest of law and order. In my judgment funds for the purpose should be promptly provided, if they are necessary. The subject should, however, be referred to the Police Commissioner for the exercise of his judgment and application should be made by him to the Board of Aldermen for the necessary issue of Revenue Bonds.

The dormitories and cells in the several police stations in the Borough are most inadequate and unfit, and need immediate enlargement and improvement. This subject also, however, should be referred to the Police Commissioner for his action.

I most heartily agree with the presentment of the Grand Jury upon the subject of the proposed ferries at Stapleton and Port Richmond, and believe that they should be put in operation as soon as practicable.

I also thoroughly agree with the Grand Jury in its suggestion that an adequate supply of wholesome water is needed for the inhabitants of the Village of Richmond, and I think this subject should be referred to the Commissioner of Water Supply, Gas and Electricity for prompt action as soon as the City acquires the private water companies in the Borough, which, I am informed, it will be in a position to do within a very short time. The public water mains should be extended to Richmond as soon as practicable, not only for the relief of the inhabitants of that locality, but to adequately supply the County Court House, jail and other County buildings located there.

Respectfully submitted,

(Signed) GEORGE CROMWELL,

President of the Borough.

Whereas, The Board of Estimate and Apportionment, at a meeting held May 8, 1908, adopted the following resolution:

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

## REPORTS:

That Secretary Downing appeared before the Committee and stated that conditions in both these Bureaus are such that immediate relief must be given. The transfer of the License Bureau to a new building will give it much needed space, and that of the Marriage Bureau to the basement of the City Hall will not only give room absolutely necessary, but afford privacy, which cannot be obtained under present conditions.

The Committee recommends that the accompanying substitute resolution be adopted.

## (SUBSTITUTE.)

## REPORTS:

That Commissioner Smith appeared before the Committee and stated that owing to the increased work required in the line of labor in the parks and the additional playgrounds established, for which labor and attendance must be furnished, for which no Budget allowance was made, that the appropriation will be exhausted and it will be necessary to lay off a large number of men just at a time when their work would be of great service to the City in preserving and maintaining park property.

## Reports of Committee on Public Letting—

Nos. 581 and 701.

The Committee on Public Letting, to which were referred, on April 7 and May 5, 1908 (Minutes, pages 115 and 258), the annexed resolutions in favor of authorizing the Fire Commissioner to purchase an automobile, without public letting, at a cost not to exceed \$5,000, for the use of the Deputy Chief in charge of Brooklyn and Queens, respectfully

## REPORTS:

That Deputy Chief Lally appeared before the Committee and stated that, owing to the extreme speed necessary to reach fires over all kinds of roadways, it was an absolute necessity to procure a machine perfect in every part and built for this kind of work. That the machine now in use is nearly four years old and has recently been seriously damaged.

The Committee feels that this automobile is an absolute necessity and therefore recommends that the resolution submitted by the Fire Commissioner be adopted.

Resolved, That the Fire Commissioner be and he is hereby authorized to purchase without public letting an automobile for the use of the Deputy Chief in charge of Brooklyn and Queens at a price not exceeding \$5,000.

No. 596—(G. O. No. 53).

The Committee on Public Letting, to which was referred, on April 21, 1908 (Minutes, page 133), the annexed resolution in favor of authorizing the Trustees of Bellevue and Allied Hospitals to purchase three ambulances without public letting at a cost not to exceed \$2,100, respectfully

## REPORTS:

That Dr. Brannan appeared before the Committee and stated that the last purchase of ambulances had been by competitive bidding, and while the first cost was a saving of about \$150 each, the material used in construction was of such poor quality as to be constantly in need of repair. Prior to the last purchase it had been customary to buy these vehicles of a certain maker of carriages who produced a thoroughly reliable, trustworthy and wearing wagon, which did not require repairs for over a year.

The Committee recommends that the said resolution be adopted.

Resolved, That, pursuant to the power conferred upon it by the provisions of section 419 of the Greater New York Charter, deeming such course to be in the public interest, the Board of Aldermen of The City of New York hereby authorizes and empowers the Trustees of Bellevue and Allied Hospitals to purchase in the open market, instead of by contract at public letting, for the use respectively of the Gouverneur, Harlem and Fordham Hospitals, in the Borough of Manhattan, three ambulances, at an expense not to exceed the sum of twenty-one hundred dollars (\$2,100).

## REPORTS:

That Mr. Rondel appeared before the Committee and explained that so much better results could be obtained by the purchase of these fresh fruits and vegetables in open market than no comparison was possible. The Committee has advocated this plan in the case of other institutions, and therefore recommends that the said resolution be adopted.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, deeming such course to be in the public interest, the Board of Aldermen of The City of New York hereby authorizes and empowers the Board of Health of the Department of Health of The City of New York to purchase in the open market, without public letting, fresh fruits and vegetables as required in the institutions of said Department from time to time during the year 1908, at a total cost not to exceed the sum of five thousand dollars (\$5,000).

The Committee on Public Letting, to which was referred on May 5, 1908 (Minutes, page 258), the annexed resolution, authorizing the President, Borough of Manhattan, to fit up new quarters for License Bureau and Marriage Bureau, respectfully

## REPORTS:

That Secretary Downing appeared before the Committee and stated that this was an emergent matter, as conditions in the Marriage Bureau had become intolerable, owing to its situation and lack of working room. The License Bureau is also much overcrowded. Mr. Downing stated that bids would be secured on this work, although time could not be spared for formal advertising, and it would be done in the most economical manner possible.

The Committee recommends that the accompanying substitute resolution be adopted.

May 6, 1908.

*To the Commissioners of the Sinking Fund:*

Which resolution was lost by the following vote:

Affirmative—The Acting Mayor and Comptroller—2.

Negative—The Chamberlain and Chairman of the Finance Committee, Board of Aldermen—2.

The Chair called for a hearing the matter of the request of the Commissioner of Docks, that the Commissioners of the Sinking Fund approve of a new plan, adopted by the Commissioner of Docks for the improvement of the water-front, between Twenty-eighth and Thirty-eighth streets, South Brooklyn.

No one appeared in favor of or in opposition to the proposed plan.

The Comptroller then presented a report of the Chief Engineer of the Department of Finance thereon, in which he suggested that proposed amended plan be disapproved.

On motion, the matter was referred back to the Comptroller and to the Commissioner of Docks.

The following communication was received from the Commissioner of Docks, recommending a lease of the northerly side of the pier at the foot of East One Hundred and Twelfth street, Borough of Manhattan, to Henry L. Joyce:

April 30, 1908.

*Hon. GEORGE B. McCLELLAN, Mayor and Chairman of the Commissioners of the Sinking Fund:*

SIR—I beg to advise that after due consideration I am of the opinion that the interests of the City would be best served by leasing to Henry L. Joyce, who has made application therefor, the northerly side of the pier foot of East One Hundred and Twelfth street, for a term of five (5) years, from May 10, 1908, or as soon thereafter as said lease shall be approved by the Commissioners of the Sinking Fund, at a rental

of \$1,500 per annum, with privilege of renewal for a further term of five years at an advance of 10 per cent. on the rental for the first term, it being understood and agreed that the property leased shall be used for tying up purposes only and not for the loading or unloading of freight. The remaining terms and conditions of the lease to be similar to the form now in use by this Department, copy of which can be seen and examined at the office of the Department, Pier A, Battery place, North River.

As this pier is located in front of the Thomas Jefferson Park and as no access can be had to or from said pier by vehicles, it cannot be used for ordinary wharfage purposes, such as the loading or unloading of freight, etc., and is available therefore only for tying up purposes for which use the applicant applies.

No other applications have been made to this Department for a lease of the north side of this pier.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

I consider \$1,500 per annum a reasonable rental for the north side of the pier in East One Hundred and Twelfth street and would recommend that the lease be made as proposed by the Commissioner of Docks and Ferries.

CHANDLER WITHINGTON,  
Chief Engineer, Department of Finance.

May 2, 1908.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks, of a lease to Henry L. Joyce, of the northerly side of the pier foot of East One Hundred and Twelfth street, Borough of Manhattan, for a term of five years, from May 10, 1908, at a rental of fifteen hundred dollars (\$1,500) per annum, with the privilege of renewal for a further term of five years, at an advance of 10 per cent. on the rental for the first term, it being understood and agreed that the property leased shall be used for tying up purposes only and not for the loading or unloading of freight. The remaining terms and conditions of the lease to be similar to the form of lease now in use by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated April 30, 1908.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, recommending a lease of the bulkhead at the foot of East Fifteenth street, Borough of Manhattan, to the Consolidated Gas Company:

April 18, 1908.

*Hon. GEORGE B. McCLELLAN, Mayor and Chairman of the Commissioners of the Sinking Fund:*

SIR—I beg to advise that after due consideration I am of the opinion that the interests of the City would be best served by leasing to the Consolidated Gas Company, who has made application therefor, the bulkhead at the foot of East Fifteenth street, East River, for a term of five years, from May 1, 1908, or as soon thereafter as said lease shall be approved by the Commissioners of the Sinking Fund, at a rental of \$500 per annum, the remaining terms and conditions of the lease to be similar to the form of lease now in use by this Department, a copy of which can be seen and examined at the office of the Department, Pier A, Battery place, North River.

In connection with the above I beg to state that the gas company occupies this bulkhead under a permit which expires on the 1st of May next. The bulkhead is very much in need of repairs and according to the terms of the proposed lease the gas company will be obliged to take the premises in the condition at which it is at the present time and keep same in repair during the term of the lease. Owing to the width of the bulkhead it will be impossible for the City to use it without encroaching upon the adjoining property, and, in consequence, only half wharfage could be collected.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

The proposed lease is at an advance of \$100 per year over the rental of the former lease to this company which expires May 1, 1908. Considering the condition of the bulkhead and the rentals for bulkhead property in the vicinity, I consider the rental reasonable and would recommend that the lease be made as proposed by the Commissioner of Docks and Ferries.

CHANDLER WITHINGTON,  
Chief Engineer, Department of Finance.

April 30, 1908.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks, of a lease to the Consolidated Gas Company, of the bulkhead at the foot of East Fifteenth street, East River, for a term of five years, from May 6, 1908, at a rental of five hundred dollars (\$500) per annum. The remaining terms and conditions of the lease to be similar to the form of lease now in use by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated April 18, 1908.

The report was accepted and the resolution unanimously adopted.

A true copy of report and resolution adopted by the Board of Education on April 8, 1908.

A. EMERSON PALMER,

Secretary, Board of Education.

In connection therewith the Comptroller presented the following report and offered the following resolution:

April 20, 1908.

The rent being the same as heretofore paid, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the small store in the building on the west side of Jefferson avenue, 75 feet south of Jamaica avenue, Richmond Hill, Borough of Queens, for the use of the Board of Education, for a period of one year from May 1, 1908, at an annual rental of \$400, payable quarterly, and upon the same terms and conditions as contained in the existing lease. Lessor, Joel Fowler.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education, of a renewal of the lease to the City of the small store in the building on the west side of Jefferson avenue, 75 feet south of Jamaica avenue, Richmond Hill, Borough of Queens, for a period of one year from May 1, 1908, at an annual rental of four hundred dollars (\$400), payable quarterly, and upon the same terms and conditions as contained in the existing lease; lessor, Joel Fowler; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises at No. 215 East Forty-seventh street, Borough of Manhattan, for the use of the Department of Street Cleaning:

April 28, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioner of the Department of Street Cleaning, in a communication under date of March 25, 1908, requests the renewal of the lease of the store and basement of premises No. 215 East Forty-seventh street, Borough of Manhattan, for a term of three years from May 1, 1908, at an annual rental of \$540. This is an increase of \$60 per year over the present existing lease. The owner stated that the reason he asks for this increase is that the employees of the Department broke the glass in the windows, which he had to replace, and also that additional water is used upon the premises.

Inquiry revealed the fact that there was one pane of glass broken, which the owner had replaced. The increase in the water rates is just as liable to be due to the fact of an increased consumption by other tenants, as there are four families living over the store floor.

I am of the opinion that the present condition of real estate in New York does not warrant the increase, and am also of the opinion that if the employees of the Department of Street Cleaning break the glass in the building, it should be replaced at the expense of the Department and not by the owner.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund approve of a renewal of the lease for a period of three years from May 1, 1908, upon the same terms and conditions as contained in the existing lease and not at the increased rental—that is, the rent to be \$480 per annum instead of \$540.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the store and basement of premises No. 215 East Forty-

seventh street, Borough of Manhattan, for a term of three years from May 1, 1908, at an annual rental of four hundred and eighty dollars (\$480), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, John Michels; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions relative to a renewal of the leases of the following premises for the Department of Street Cleaning:

1. Premises on East One Hundred and Fifty-second street, 125 feet east of Cortlandt avenue, Borough of The Bronx.
2. Premises on East One Hundred and Fifty-third street, 100 feet east of Cortlandt avenue, Borough of The Bronx.

April 21, 1908.

Hon. H. A. METZ, Comptroller:

SIR—The Hon. Foster Crowell, Commissioner of the Department of Street Cleaning, in a communication to the Commissioners of the Sinking Fund under date of April 2, 1908, requests that the present existing lease for the stable and yard property on a plot 75 by 100 feet on the north side of East One Hundred and Fifty-second street, 125 feet east of Cortlandt avenue, Borough of The Bronx, be renewed for a period of five years from July 10, 1908, at a rental of \$4,500 a year, payable quarterly, and otherwise upon the same terms and conditions as contained in the present existing lease. Lessor, Siebrand Niewenhaus, No. 1 Madison avenue, Manhattan.

Also that the present existing lease of the vacant plot, 50 by 100 feet, in the rear of this stable and facing on East One Hundred and Fifty-third street, 100 feet east of Cortlandt avenue, be renewed for a period of five years from July 10, 1908, at a rental of \$900 a year for the first three years, \$950 for the fourth year and \$1,000 for the fifth year, otherwise upon the same terms and conditions as contained in the present existing lease. Lessor, Louis Lese, No. 35 Nassau street, Manhattan.

1. After an examination I have the honor to report that this is a 3-story brick stable, 50 by 95 feet, with sheds, on a plot 75 by 100 feet, and has been occupied by the City since July, 1892. The stable is in good repair and has 88 stalls and is known as Stable "I." There are about 100 men and from 70 to 90 horses at this stable, and 60 carts, 4 machines, 4 water wagons and 2 trucks. The present rent paid by the City is \$4,000, and therefore the new rental means an increase of \$500 a year. There has been about a 10 per cent. advance in the assessed valuation of this property during the life of the present lease and there is no other stable large enough for the use of the Department to rent in the neighborhood so far as I have been able to ascertain. The usual rental for a first-class stable in the Borough of Manhattan is at the rate of \$50 a year for each stall, which would make the rental of this stable \$4,400 a year if figured at that rate. The rent now asked, \$4,500 a year, while at present is full value, it cannot be considered excessive when you consider the amount of money that the Department would have to expend arranging new quarters in a different locality if the City did not renew the lease. I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the stable premises on a plot 75 by 100 feet on the northerly side of East One Hundred and Fifty-second street, 125 feet east of Cortlandt avenue, Borough of The Bronx, for a period of five years from July 10, 1908, at a rental of \$4,500, payable quarterly, otherwise upon the same terms and conditions as contained in the present existing lease. Lessor, Siebrand Niewenhaus.

2. The vacant plot, 50 by 100 feet, in the rear of this stable, used for the storage of carts, has on it a one-story frame building, 15 by 50 feet, which is used for the storage of coal and other supplies. The present rental is \$750 a year, but the assessed valuation on this plot has advanced from \$6,500 in 1904 to \$9,000 in 1908, so that the increased rental asked for is in a measure warranted. At the same time the plot is not fairly worth more than \$15,000. The rental is therefore at the rate of 6 per cent. for the first three years and more than that for the last two years, but like the stable rental, the new figures cannot be considered excessive. Deeming the rental now asked reasonable, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the present existing lease of the vacant plot, 50 by 100 feet, on the south side of East One Hundred and Fifty-third street, 100 feet east of Cortlandt avenue, in the Borough of The Bronx, for a period of five years from July 10, 1908, at an annual rental of \$900 for the first three years, \$950 for the fourth year and \$1,000 for the fifth year, otherwise upon the same terms and conditions as contained in the present existing lease. Lessor, Louis Lese.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the stable premises on the plot 75 by 100 feet on the northerly side of East One Hundred and Fifty-second street, 125 feet east of Cortlandt avenue, Borough of The Bronx, for a period of five years from July 10, 1908, at a rental of four thousand five hundred dollars (\$4,500) per annum, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Siebrand Niewenhaus; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the vacant plot 50 by 100 feet on the south side of East One Hundred and Fifty-third street, 100 feet east of Cortlandt avenue, in the Borough of The Bronx, for a period of five years, from July 10, 1908, at an annual rental of nine hundred dollars (\$900) for the first three years; nine hundred and fifty dollars (\$950) for the fourth year, and one thousand dollars (\$1,000) for the fifth year, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Louis Lese; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Commissioner of Street Cleaning, relative to a lease of premises at No. 109 Barrow street, Borough of Manhattan:

April 10, 1908.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Sinking Fund Commission:

SIR—I request the consent and approval of your Board, pursuant to section 541 of the Greater New York Charter, for a lease from Thomas Moore (care of Van Vliet & Place, No. 16 Eighth avenue) of the ground floor, or store, and basement beneath of premises known as No. 109 Barrow street, Borough of Manhattan, for a term of two (2) years, from May 1, 1908, at the annual rental of \$480, payable quarterly, the lessor to put the premises in good tenantable condition and repair, including a toilet in said store, and to furnish the Croton water used on the premises, the City thereafter to make the necessary repairs.

This is a new lease and is intended to furnish a section station instead of the one at No. 81 King street, now rented from the Corporation of Trinity Church.

Respectfully,

FOSTER CROWELL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

April 20, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Foster Crowell, Commissioner of the Department of Street Cleaning, in a communication to the Commissioners of the Sinking Fund under date of April 10, 1908, requests that a lease be secured of the ground floor and basement, premises No. 109 Barrow street, Borough of Manhattan, for a term of two years, from May 1, 1908, at an annual rental of \$480, payable quarterly; lessor to put the premises in good tenantable condition and repair, including a toilet in said store, and to furnish the Croton water used on the premises. The City thereafter to make the necessary repairs. Lessor, Thomas Moore; agents, Van Vliet & Place, No. 16 Eighth avenue.

After an examination, it appears that these premises are required for a section station to take the place of the one now at No. 81 King street. No. 109 Barrow street is an old three-story brick building at the southeast corner of Greenwich street. The store is 17 by 30 feet, with a rear room 15 by 16 feet, and a cellar 15 by 20 feet. The front store has metal walls and ceiling, and the premises have gas, gas fixtures, water and toilet, and are in fair repair.

Deeming the rent asked fair and reasonable, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the ground floor and basement, premises No. 109 Barrow street, Borough of Manhattan, for a period of two years, from May 1, 1908, at an annual rental of \$480, payable quarterly; the lessor to put the premises in good tenantable condition and repair, including a toilet in said store, and to furnish the Croton water used on the premises; the City thereafter to make the necessary repairs. Lessor, Thomas Moore.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City from Thomas Moore, of the ground floor and basement of premises No. 109 Barrow street, Borough of Manhattan, for a period of two years, from May 1, 1908, at an annual rental of four hundred and eighty dollars (\$480), payable quarterly; the lessor to put the premises in good tenantable condition and repair, including a toilet in said store, and to furnish the Croton water used on the premises; the City thereafter to make the necessary repairs; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to an amendment to resolution authorizing a renewal of the lease to the City, of the premises on Broadway, opposite Mott avenue, Far Rockaway, Borough of Queens, for the use of the Fire Department (see page 182):

April 14, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund on March 11, 1908, adopted a resolution authorizing the renewal of a lease from Mary E. Hines of the premises on Broadway opposite Mott avenue, Far Rockaway, Borough of Queens, at present occupied by the Department of Police of The City of New York, which lease expires on May 21, 1908, at a rental of \$1,000 per annum.

In a communication under date of March 26, 1908, from A. C. Haynes as attorney for Mary E. Hines, owner of the property, addressed to the Department of Police, statement is made that owing to the increased assessed valuation of the property in question, and also to the increased rates of fire insurance, etc., she feels warranted, if a new lease is to be executed, in asking that the rental be fixed at \$1,500 per annum, to take effect on and after May 21, 1908.

Police Inspector George F. Titus, as Inspector of Repairs and Supplies, recommends in a communication to the Department of Police the renewal of the same at the advanced rate, the premises to his mind being the most reasonable that can be obtained in the neighborhood.

After examining into the merits of the above matter and the fact that the Police Department is at the present time in possession, I am convinced that the advance asked for is fair and reasonable, and that the interests of the City would be best served by granting the same.

I would therefore respectfully recommend that the resolution of the Commissioners of the Sinking Fund adopted March 11, 1908, renewing the lease of premises on Broadway opposite Mott avenue, Far Rockaway, Borough of Queens, be so amended to read at an annual rental of \$1,500, instead of \$1,000, for one year from May 21, 1908.

Respectfully submitted for approval,

THOMAS F. BYRNES,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held March 11, 1908, authorizing a renewal of the lease to the City, from Mary E. Hines, of the premises at Broadway opposite Mott avenue, Far Rockaway, Borough of Queens, for use of the Police Department, for a period of one year from May 1, 1908, at an annual rental of one thousand dollars (\$1,000) and upon the same terms and conditions as contained in the existing lease, be and the same is hereby amended by striking out the words "at an annual rental of one thousand dollars (\$1,000) and upon the same terms and conditions as contained in the existing lease" and substituting in place thereof the words "at an annual rental of fifteen hundred dollars (\$1,500), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions relative to the lease of premises Nos. 153 and 155 East Thirty-second street, Borough of Manhattan, for the use of the Police Department (see page 325):

April 30, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund at a meeting held April 1, 1908, adopted a resolution authorizing the Comptroller to enter into a lease from R. Hoe & Co., of premises Nos. 153 and 155 East Thirty-second street, Borough of Manhattan, for the use of the Police Department, for a period from the date of occupation to May 1, 1910, at an annual rental of \$7,000, payable quarterly, with the privilege of renewal for three additional years at a rental of \$7,500 per annum. The owner of the premises objects to signing the lease on the following grounds:

He desires that a straight five year lease be made—two years at \$7,000 per annum and three years at \$7,500 per annum. He also objects to signing the lease prepared by the Corporation Counsel as not in accordance with leases submitted by him.

I have no objection to the terms and conditions of the lease submitted by him, except that the rent is to be made monthly in advance; this, in accordance with the procedure now adopted by the Commissioners of the Sinking Fund, is made payable quarterly at the end thereof.

There is a condition in the lease which states that the tenants shall not use the premises for purposes deemed extra hazardous. It is the intention of the Police De-

partment to house automobiles in the stable. This, under ordinary conditions, would be termed extra hazardous. It is therefore not possible for the City to agree to that condition of the lease.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund rescind the resolution adopted April 1, 1908, and adopt a resolution as follows:

"Resolved, That the Corporation Counsel be and he is hereby requested to prepare a lease to the City from Robert Hoe, of premises Nos. 153 and 155 East Thirty-second street, Borough of Manhattan, for the use of the Police Department, for a period of five years; two years from May 1, 1908, at a rental of \$7,000 per annum, and three years from May 1, 1910, at a rental of \$7,500 per annum; rent to be payable quarterly; the City to furnish light, heat, water and janitor service, and to make such inside repairs as may be necessary during the term of the lease; the owner to make all exterior repairs during the term of the lease; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter. The lease to be executed in form as prescribed by Robert Hoe, with the exception that in the first clause the words 'shall pay the rent monthly in advance' shall be stricken out, and the words 'shall pay the rent quarterly' be substituted; and in the fourth clause the words 'or permit or suffer the same to be occupied for any business or purpose deemed disreputable or extra hazardous on account of fire, under the penalty of damages and forfeiture of this lease,' shall be stricken therefrom."

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Resolved, That the resolution adopted by this Board at meeting held April 1, 1908, authorizing a lease of premises Nos. 153 and 155 East Thirty-second street, Borough of Manhattan, for use of the Police Department, be and the same is hereby rescinded.

Resolved, That the Corporation Counsel be and he is hereby requested to prepare a lease to the City from Robert Hoe, of premises Nos. 153 and 155 East Thirty-second street, Borough of Manhattan, for the use of the Police Department, for a period of five years; two years from May 1, 1908, at a rental of seven thousand dollars (\$7,000) per annum, and three years from May 1, 1910, at a rental of seven thousand five hundred dollars (\$7,500) per annum; rent to be payable quarterly; the City to furnish light, heat, water and janitor service, and to make such inside repairs as may be necessary during the term of the lease; the owner to make all exterior repairs during the terms of the lease; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter. The lease to be executed in form as prescribed by Robert Hoe, with the exception that in the first clause the words "shall pay the rent monthly in advance" shall be stricken out, and the words "shall pay the rent quarterly" be substituted; and in the fourth clause the words "or permit or suffer the same to be occupied for any business or purpose deemed disreputable or extra hazardous on account of fire, under the penalty of damages and forfeiture of this lease" shall be stricken therefrom.

The Comptroller presented the following report and offered the following resolution relative to an amendment to resolution authorizing a lease of Lots Nos. 529 to 533 East Eightieth street, Borough of Manhattan, for the use of the President of the Borough of Manhattan (see page ):

April 25, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund at a meeting held April 14, 1908, adopted a resolution in the matter of a renewal of the lease to the City of three lots on the north side of Eightieth street, near East End avenue, Borough of Manhattan, for the use of the President of the Borough, on a month to month basis, but not to exceed twelve months, beginning June 1, 1908, the lease to contain a clause that it may be terminated by either party on giving three months' notice; rent, \$900, payable quarterly.

The lessor named in the resolution was John F. Scanlon as receiver. This office is in receipt of an order of Hon. James A. O'Gorman, Justice of the Supreme Court, First Department, discharging the receiver, by which action it will be necessary for the Commissioners of the Sinking Fund to amend the resolution.

Max Silverstein, attorney for the owners, informs this office in a communication dated April 24, 1908, that Rachel Lederer has purchased the property at a foreclosure sale and has taken title thereto. I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend their resolution adopted April 14, 1908, by striking out the words "John F. Scanlon, receiver," and insert the words "Rachel Lederer."

The communication from the attorney in the matter, together with the order of the Court, is on file with the rental division of the Auditor's office.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

The report was accepted and the resolution unanimously adopted.

The following communications were received from the Municipal Civil Service Commission relative to a lease of additional rooms at No. 299 Broadway, Borough of Manhattan.

The Committee to whom this matter was referred at meeting held February 5, 1908, reported verbally in favor thereof:

January 25, 1908.

The Honorable Commissioners of the Sinking Fund, No. 280 Broadway, Manhattan:

GENTLEMEN—I am directed by the Municipal Civil Service Commission to notify you that the lease of the premises in the Barclay Building, No. 299 Broadway, heretofore entered into between the owners of said building and the Sinking Fund Commission, will expire on May 1, 1908, and to request that said lease be renewed for a period of three years, beginning May 1, 1908, and that it cover additional space required by the Commission.

The following rooms will be required: Nos. 1101 to 1122, inclusive, on the eleventh floor, and Nos. 1207 to 1210, inclusive, on the twelfth floor, at a yearly rental of \$16,570, said rental to include heat, light, water and janitor service, under the same conditions as the present lease. It is to be stipulated that the partitions in Rooms 1101 to 1104, inclusive, will be altered to suit the requirements of the Commission, if such be found necessary.

Yours respectfully,

F. A. SPENCER, Secretary.

January 27, 1908.

Hon. HERMAN A. METZ, Comptroller of The City of New York:

SIR—Referring to the request of the Municipal Civil Service Commission now in your hands in the matter of the renewal of the lease of the premises at No. 299 Broadway by the Commissioners of the Sinking Fund, I desire to say that at the time the present lease was executed the Commission needed more space than it is at present

occupying, but that it was unable at that time to get the requisite space, as it was then under lease to other persons.

The volume of business done by the Commission has been increasing at the rate of 10 to 15 per cent. yearly, and the rooms now occupied have become very much overcrowded. It has recently appointed two Examiners, and it is contemplating the appointment of two additional Examiners. It purposes establishing a Promotion Bureau, and will require for the Examining Division at least three more rooms. The Application and Record Division is overcrowded, and it will be necessary within the year to add materially to its force. With the additional rooms, the space will hardly be sufficient in the near future, but no more can be obtained at the present time connected with these quarters.

Yours respectfully,

F. A. SPENCER, Secretary.

In connection therewith the Comptroller presented the following report and offered the following resolution:

January 29, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held February 7, 1906, adopted a resolution authorizing a lease of rooms 1108 to 1122, inclusive, on the eleventh floor, and 1208 to 1210, inclusive, on the twelfth floor, in the Barclay Realty Company Building, No. 299 Broadway, Borough of Manhattan, for a period of two years and two months from March 1, 1906, to expire May 1, 1908, at an annual rental of \$12,925, payable quarterly; the lessor to furnish light, heat, elevator and janitor service, and to erect a stairway between the eleventh and twelfth floors, connecting these rooms.

An examination of the premises made at that time showed that it was a fire-proof building, steel and stone construction, and that the floor space occupied amounted to 6,463 square feet.

The Municipal Civil Service Commission, in a communication dated January 25, 1908, respectfully requests the Commissioners of the Sinking Fund not only to renew the lease of the premises now occupied, but to lease Rooms 1101 to 1107, inclusive, on the eleventh floor, and Room 1207, on the twelfth floor, being 1,869 square feet of floor space, for which an annual rental of \$3,645 is asked.

They state that the volume of business done by the Commission has been increasing at the rate of 10 to 15 per cent. yearly; that the rooms now occupied have become very much overcrowded; that they have recently appointed two Examiners and are contemplating the appointment of two additional Examiners; that they purpose establishing a Promotion Bureau, and will require for the Examining Division at least three more rooms; that the Application and Record Division is overcrowded and it will be necessary within a year to add materially to its force; that even with the additional rooms which they now ask for the space allotted will hardly be sufficient in the near future for the needs of the Commission, but at the present time they can obtain no more rooms which will conveniently connect with their present accommodations.

I have made an examination of the conditions as reported upon by Mr. Spencer, Secretary of the Board, and find that the Civil Service Commission need the rooms which they ask for. The rent being the same as heretofore paid, the owners of the building being willing to enter into a three years' lease, I would respectfully recommend that the Commissioners of the Sinking Fund approve of the request of the Municipal Civil Service Commission and authorize a lease of Rooms 1102 to 1122, inclusive, on the eleventh floor, and 1207 to 1210, inclusive, on the twelfth floor, containing 8,332 square feet, in the Barclay Realty Company Building, No. 299 Broadway, Borough of Manhattan, for the use of the Municipal Civil Service Commission, for a period of three years from May 1, 1908, at an annual rental of \$16,570, payable quarterly; the lessor to furnish light, heat, elevator and janitor service and to make such alterations and changes in the way of partitions in the additional rooms as the Municipal Civil Service Commission may require. Lessor, Barclay Realty Company; rent payable to Wm. C. Walker's Sons, Wright Barclay, agent.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Barclay Realty Company, rent payable to William C. Walker's Sons, Wright Barclay, agent, of Rooms 1101 to 1122, inclusive, on the eleventh floor, and 1207 to 1210, on the twelfth floor containing 8,332 square feet, in the Barclay Building, No. 299 Broadway, Borough of Manhattan, for use of the Municipal Civil Service Commission, for a period of three years from May 1, 1908, at an annual rental of sixteen thousand five hundred and seventy dollars (\$16,570), payable quarterly, the lessor to furnish light, heat, elevator and janitor service, and to make such alterations and changes in the way of partitions in the additional rooms as the Municipal Civil Service Commission may require; and, the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to an amendment to resolution authorizing a renewal of the lease to the City of premises at Nos. 28 to 38 Fulton street, Borough of Brooklyn, for the Department of Health (see page 178):

April 14, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund on March 11, 1908, adopted a resolution authorizing a renewal of the lease of the fireproof vaults in the Eagle Storage Warehouse Building, located at Nos. 28 to 44 Fulton street, Borough of Brooklyn, for the purpose of storing and protecting the records of the Bureau of Vital Statistics of the Borough of Brooklyn, at a rental of \$480 per annum, for a period of one year from July 1, 1908. The above resolution was adopted in compliance with a request of the Board of Health under date of February 16, 1908.

Under date of April 9, 1908, a communication was received from the Secretary of the Board of Health to the Commissioners of the Sinking Fund, stating that at a meeting held on April 8, 1908, a resolution was adopted amending the resolution of March 11, 1908, by inserting instead of \$480 the sum of \$600 per annum for a period of one year from July 1, 1908.

The above action was requested by the Warehouse Company owing to the extra amount of gas and electricity used. Formerly the work of the Bureau of Records was accomplished in half a day, but on account of the increased volume of work during the last six months, it has been necessary to keep a man at the vault all day, and therefore required the use of more electricity and the use of the room outside the vault during all the day.

In view of the above conditions, I would therefore respectfully recommend that the resolution of March 11, 1908, asking for a renewal of a lease of the premises consisting of the fireproof vaults in the Eagle Storage Warehouse, located at Nos. 28 to 44 Fulton street, Borough of Brooklyn, used by the Department of Health, be so amended as to read at a rental of \$600 per annum instead of \$480, for a period of one year from July 1, 1908, deeming the said rent reasonable and just.

Respectfully submitted for approval,

THOMAS F. BYRNES,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held March 11, 1908, authorizing a renewal of the lease to the City of premises consisting of the fireproof vaults in the Eagle Storage Warehouse, located at Nos. 28 to 38 Fulton street, Borough of Brooklyn, for use of the Department of Health, for a period of one year from July 1, 1908, with the privilege of renewal for an additional year, at a rental of four hundred and eighty dollars (\$480) per annum, payable quarterly, and upon the same terms and conditions as contained in the existing lease, be and the same is hereby amended by striking out the words "at a rental of four hundred and eighty dollars (\$480) per annum, payable quarterly, and upon the same terms and conditions as contained in the existing lease," and substituting in place thereof the words "at a rental of six hundred dollars (\$600) per annum, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Public Administrator relative to a lease of Room 1031 in the Temple Court Building, at Beekman and Nassau streets, Borough of Manhattan:

April 1, 1908.

*The Sinking Fund of The City of New York:*

GENTLEMEN—I find it imperative that I should have a little more space for my office, the additional space being necessary for the storage of valuable records and papers that are in daily use and cannot be stored in my storehouse on Duane street.

Adjoining one of the rooms that I occupy, and connected therewith, is a room suitable in every way for the purpose, 15 feet 6 inches by 14 feet 8 inches, containing about 235 feet. The agent of the building No. 119 Nassau street informs me that he will rent this additional room to the City at the rate of about \$1.35 a square foot, making a rental of \$300 a year.

The business of my Bureau has increased with the increase of population of this City, and to properly conduct the Bureau and preserve safely records and papers, etc., I am compelled to make this application for the extra room.

The lease of my present offices expires May 1, 1909, so that I suggest that the lease of the additional room be made for one year only.

I take the liberty of asking you to act upon this application at the earliest possible moment for the reason that the 1st of May is near at hand, and the room may be rented to another tenant in the meantime.

Respectfully yours,

WILLIAM M. HOES,  
Public Administrator.

In connection therewith the Comptroller presented the following report and offered the following resolution:

April 21, 1908.

*Hon. HERMAN A. METZ, Comptroller:*

SIR—Hon. William M. Hoes, Public Administrator, in a communication addressed to the Commissioners of the Sinking Fund under date of April 1, 1908, states that he is greatly in need of additional office room in the Temple Court Building, northwest corner of Beekman and Nassau streets, Borough of Manhattan, and requests that the Commissioners of the Sinking Fund authorize a lease of Room 1031 on the tenth floor of that building for the storage of valuable records in daily use, at a rental of \$300 a year, payable quarterly, otherwise upon the same terms and conditions as the lease of the adjoining rooms.

After an examination it appears that this is an inside room, 15 feet 6 inches by 14 feet 8 inches, on the tenth or top floor of the Temple Court Building, well lighted, and the rent asked, \$300 a year, is fair and reasonable.

I also find that the present record room used by the Administrator is so crowded that he has been compelled to store records and papers in almost constant use in the cellar of the building, and this latter little room under the sidewalk is also now overcrowded.

Deeming the rent fair and reasonable, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of Room 1031 in the Temple Court Building at Beekman and Nassau streets, Borough of Manhattan, for a period of one year from May 1, 1908, at a rental of \$300 a year, payable quarterly, otherwise upon the same terms and conditions as contained in the present existing City lease for the adjoining rooms used by the Public Administrator. Lessor, the Temple Court Company.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Temple Court Company, of Room 1031 in the Temple Court Building, at Beekman and Nassau streets, Borough of Manhattan, for use of the Public Administrator, for a period of one year from May 1, 1908, at a rental of three hundred dollars (\$300) per annum, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease to the City of the adjoining rooms used by the Public Administrator; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report relative to a transfer of the horse known as "Dan" by the Trustees of Bellevue and Allied Hospitals to the Department of Street Cleaning:

April 25, 1908.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—James K. Paulding, Secretary of the Board of Trustees of Bellevue and Allied Hospitals, under date of April 16, 1908, requests the Commissioners of the Sinking Fund to consent to transfer to either the Fire, Police or Street Cleaning Department one of its ambulance horses known as "Dan." This transfer is asked for in order that the Department to which the animal is transferred may take advantage of chapter 269 of the Laws of 1907, which amends section 726 of the Charter, which provides that whenever horses in these three Departments have become unfit for use the Commissioner at the head of such Department may transfer such animals to the custody of the American Society for the Prevention of Cruelty to Animals, providing such society is willing to accept the custody thereof.

The communication from Mr. Paulding referred to states that "Dan" is unfit for service. It is assumed that the Department to which the horse is transferred will secure the consent of the Society for the Prevention of Cruelty to Animals to the transfer of the horse to it.

It is accordingly respectfully recommended that the Commissioners of the Sinking Fund adopt a resolution approving of the transfer of the horse known as "Dan" from Bellevue and Allied Hospitals to either the Fire, Police or Street Cleaning Departments.

Respectfully,

H. A. METZ, Comptroller.

The Chamberlain suggested that the horse go to the Department of Street Cleaning.

The Comptroller then offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of the transfer by the Trustees of Bellevue and Allied Hospitals of the horse known as "Dan" to the Department of Street Cleaning, in order that he may be transferred to the custody of the American Society for the Prevention of Cruelty to Animals, pursuant to chapter 269 of the Laws of 1907.

April 28, 1908.

Hon. H. A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund at a meeting held April 1, 1908, adopted a resolution authorizing a release or quit-claim to Robert E. Eckardt, of all the right, title and interest of The City of New York in and to premises known as Lots Nos. 142 and 143, Block 5, Plot 2, Ward 1, Borough of Richmond. The resolution stated that the City acquired title through a sale for taxes made by the Comptroller of The City of New York. This is an error and should read "through a sale for taxes made by the Comptroller of the State of New York."

I would therefore respectfully recommend that this resolution be amended by striking out the words "made by the Comptroller of The City of New York," and substituting therefor the words "made by the Comptroller of the State of New York."

Resolved, That the resolution adopted by this Board at meeting held April 1, 1908, authorizing a release or quit-claim to Robert E. Eckardt, of all the right, title and interest of The City of New York, acquired by it from or through a sale of taxes made by the Comptroller of The City of New York in the year 1900, under and by virtue of the Comptroller's Deed of Conveyance bearing the date February 10, 1904, and recorded in the office of the Clerk of Richmond County, in Liber 304 of Deeds, page 313, on October 22, 1904, in and to the premises described as follows:

"Borough of Richmond, Block 5, Plot 2, Ward 1, Lots Nos. 142 and 143."

—be and the same is hereby amended by striking out the words "made by the Comptroller of The City of New York," and substituting in place thereof the words "made by the Comptroller of the State of New York."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease to the City, of premises Nos. 521 to 525 Bergen avenue, Borough of The Bronx, occupied by the Board of Elections, for the period from June 28 to September 1, 1907:

April 23, 1908.

Hon. H. A. METZ, Comptroller:

SIR—The Board of Elections has been in possession of storage rooms at Nos. 521 to 525 Bergen avenue, Borough of The Bronx, for a period of time prior to June 1, 1907. The original lease of these premises expired on June 28, 1907. A new lease was entered into for the period beginning September 1, so that it appears that the City was in possession of the premises from June 28, 1907, to September 1, 1907, without any lease having been executed covering this period.

Mr. Patrick H. Quinn, Chief Auditor of Accounts, requests the adoption of a resolution in order that payment for the period during which the City was in possession of these premises without a lease in existence may be made.

It is accordingly respectfully recommended that the lease of the premises Nos. 521 to 525 Bergen avenue, The Bronx, used by the Board of Elections for the storage of election material, be extended from June 28, 1907, to September 1, 1907, at the rate of \$240 per annum. Lessor, North Side Storage Warehouse Company.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of premises consisting of the basement room in the North Side Storage Warehouse, Nos. 521 to 525 Bergen street, Borough of The Bronx, for use of the Board of Elections, for a period from June 28 to September 1, 1907, at a rental at the rate of two hundred and forty dollars (\$240) per annum, otherwise upon the same terms and conditions as contained in the existing lease; lessor, the

North Side Storage Warehouse Company; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

A petition was received from George W. Pearsall for a release or quit-claim of the City's interest in Lots Nos. 35, 36 and 37, on Map 2 of the Southfield Tax Map of Richmond Borough, and the Comptroller presented a report thereon.

The matter requiring a unanimous vote, and there being only four members present, it was laid over.

The Comptroller presented a report of the Appraiser of Real Estate of the Department of Finance, recommending a release or quit-claim to Thomas D. Carpenter, of the City's interest in a small triangular strip of land with a base of 5 inches, being a portion of the property purchased by the City for the Manhattan Bridge approach on the easterly side of Pearl street, so as to definitely fix the dividing line between the property purchased from one Thomas D. Carpenter and the property retained by the seller, which lies east of the east line of said bridge approach, which said strip is not required for bridge purposes, in consideration of a deed to the City of a similar small triangular strip on the southerly side of this plot with a base of 1½ inches.

The Secretary called attention to the fact that procedure recommended by the Appraiser of Real Estate was not in accordance with law, and, on motion, the matter was referred back to the Comptroller.

The Comptroller presented the following report and offered the following resolution relative to a sale of the buildings on land acquired by the City for Kissena Lake Park in the Town of Flushing:

April 11, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Pursuant to the provisions of section 1553 of the Revised Charter, authority to sell buildings situated on land owned by The City of New York is vested in the Commissioners of the Sinking Fund.

This office is in receipt of a communication from the Park Commissioner of the Boroughs of Brooklyn and Queens, requesting the sale of property acquired for Kissena Lake Park in the Town of Flushing.

I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the sale of the said buildings, the resolution for adoption being herewith transmitted.

Respectfully submitted for approval,

JOHN M. GRAY, Collector of City Revenue.

Approved:

H. A. METZ, Comptroller.

Whereas, The Commissioner of Parks of the Boroughs of Brooklyn and Queens has requested the sale of buildings and parts of buildings owned by The City of New York, located in the Borough of Queens, acquired by it for park purposes, and which are more particularly described as follows:

Being all of the buildings, parts of buildings, etc., situated upon the following described premises:

Beginning at a point formed by the intersection of the westerly line of the right of way of the New York and Queens County Railway Company with the southerly line of Oak avenue, as the same is laid down on the Map of Ingleside adopted by the Board of Estimate and Apportionment May 1, 1903, and running thence southerly along said westerly line of the right of way of the New York and Queens County Railway Company to the northerly line of the right of way of the Stewart Railroad; thence westerly along the northerly line of the right of way of the Stewart Railroad to a point where the easterly line of Parsons avenue, if prolonged, would intersect the right of way of the Stewart Railroad; thence northwesterly along the easterly line of said prolongation of Parsons avenue to a point where said easterly line of Parsons avenue would be intersected by the southerly line of Rose street if the latter were prolonged; thence northeasterly along the prolongation of said southerly line of Rose street to a point where said southerly line of Rose street intersects the southerly line of Oak avenue; thence easterly along the southerly line of Oak avenue to the westerly line of the right of way of the New York and Queens County Railway Company, the point or place of beginning.

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction, for the highest marketable price, of all of the buildings, parts of buildings, etc., upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any portion thereof, within sixty days from the day of the sale will work forfeiture of ownership of such build-

ings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report, and offered the following resolution relative to a sale of the buildings upon property known as No. 402 Broome street, Borough of Manhattan, acquired for the use of the Public Service Commission:

April 17, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Pursuant to the provisions of section 1553 of the Revised Charter, the authority to sell buildings situated upon land owned by The City of New York, is vested in the Commissioners of the Sinking Fund.

This office is in receipt of a request from the Public Service Commission to sell buildings upon property acquired for the use of the said Commission. I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the sale of said building, and a resolution for adoption is herewith submitted.

Respectfully presented for approval,

JOHN M. GRAY, Collector of City Revenue.

Approved:

J. H. MCCOY, Deputy and Acting Comptroller.

Whereas, The Public Service Commission has requested the sale of the building now standing upon property owned by The City of New York, located in the Borough of Manhattan, acquired by it for the use of the said Commission, and which is more particularly described as follows:

Being the building known as No. 402 Broome street, described as follows: Beginning on the northerly side of Broome street at the dividing line between said house and the house and lot on the corner of Broome and Marion streets, known as No. 404 Broome street, which dividing line is at a distance of 25 feet 4 inches on the easterly side of Marion street; thence running alongside of dividing line in a northerly direction, parallel or nearly so to Marion street 71 feet 4 inches to the continuation of southerly side of brick building; thence along the said continuation and said side of said brick building 24 feet 10 inches, as far in the rear of said building as it extends on said southerly side thereof; thence in a southerly direction along the dividing line between said house and lot No. 402 Broome street, and house and lot No. 400 Broome street, 75 feet 3 inches more or less, to the northerly side of Broome street; thence in a westerly direction along said side of Broome street 25 feet 3 inches more or less, to the place of beginning.

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction, for the highest marketable price, all the buildings, part of buildings, etc., upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Man-

hattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The Comptroller presented the following report dealing with the history of the Old Kyckout road, in the Borough of Brooklyn:

April 15, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have the honor to present herewith a report dealing with the history of the old Kyckout road.

The data available at the present time which bears on the early history of this road is rather sparse, but it is quite evident from the works of reliable historians that the road was in existence at a very early date during the period of the Dutch occupation here.

The name is one that bespeaks in a measure of the character of the highway. Kyckout, Kickout, Keikout, etc., for the name is variously spelled, means "lookout." The significance in connection with the road under discussion is this: In the very early days when Bushwick was but a cluster of huts and the country immediately surrounding it was a dense wood, there was considerable danger from the Indians. It is also a matter of record that the paleface brothers did not live together in the unselfish tranquillity that those who sigh for the good old times would lead one to believe. So in order that the village and the settlers might not be entirely unprepared in case of attack, they established the lookout. This stood originally on the brow of a high bluff which was located just about where the Brooklyn tower of the Williamsburg Bridge stands now.

From the village of Bushwick to this lookout there was a road and this road was known as the road to the lookout or the Kyckout road. On the 14th of March, in 1661, Governor Stuyvesant visited Bushwick, and, it may be remarked incidentally, the place

was not Bushwick until after the Governor arrived, for it was on that visit that he gave the place its name. While the Governor was there, the citizens applied to him for certain privileges. The third prayer of this petition read as follows:

"To have roads for the purpose of going to the river and kills, to wit: One road, between the land of Hendrick Willemse Baker and Jan Connel; the second upon Dirck Volkertsen (the) Normans Land, which is named the Woodpoint; the third over (Jacob) Steendams Land to come to Mispot Kill; the fourth over Albert de Normans Land to get hay and other things."

This quotation is taken from Stiles' history of Brooklyn, which quotes the petition in full. The original appears to have been lost, according to the authorities in the office of the Commissioner of Records in Kings County. Inquiry there as to whether his experts regarded the Kyckout as a Dutch road brought the following reply:

"In reply to yours \* \* \* would say that we have always considered this road to be of Dutch origin. The records of the old town of Bushwick, bearing upon the roads therein, were lost some seven years ago, or rather disappeared from the County Clerk's office; hence we cannot refer you to them, but you will find extracts from them in Stiles' History of Brooklyn, Volume 2, page 329, which lead us to the above conclusion."

The name Kyckout grew in popular favor, and later the water-front in the locality and also the Kyckout farm, were so named. The Kyckout farm was held originally by one Jean Meserole and for many generations remained in the Meserole family and the various branches thereof. The original Meserole built a house on the Kyckout bluff and in later years this became one of the favorite resorts of Captain William Kidd, who might be called the pirate with a press agent.

Dr. Stiles in his history of Kings County, speaking of the Kyckout farm, describes its partition, and says:

"There remained, however, a road or bridle path known as the 'Keikout road,' which seems to have dated from the very beginning of the settlement. It ran from the side of the village laid out around the old Bushwick Church, and down near the present North Second street to Tenth, near Union avenue. Then, turning southerly, and with various zigzags, now touching the present Ninth street, and again further south, intersecting Tenth street diagonally, it came to the present Broadway, near Ninth street, at the old Brooklyn line. It again turned west along or near said line, about a rod in width, to the shore of the East River. Then, turning northerly along the East River, it extended to Bushwick Creek, then 'Normans Kill.' It was doubtless a Pent road with gates or bars, separating the different farms through which it passed."

Under date of March 24, 1662, the people of Bushwick complained to Governor Stuyvesant in the following manner:

"The community of Boswyck find that the road formerly made around two swamps to reach the water is a quarter of a league longer than necessary, so that this road is of no use in times of war, for the owners of land threaten us (although the Director General granted us this wood), and take it by force and obstruct every passage to it. We find it is done out of hatred and we therefore request the Commissaries that the road shall run at the west end of the village one rod outside of the gate, right along the meadows, towards the old stubble field on the hill, to the spring of the water course, thence along the land of Henderyck the baker and Barent Gerretsen, so along the meadows and then in a straight line to the road to the woods. This is requested by the undersigned persons on the 24th of March, 1662." Signed by Elberhardt Heedeman and eighteen others.

The road referred to in the foregoing is believed by the experts of the Commissioner of Record's office to be the Kyckout road.

The question of what portions have been closed by lawful authority presents some difference of opinion. The Commissioner of Records has expressed the opinion that the road was closed by chapters 129 and 132 of the Laws of 1835, and chapter 384, Laws of 1854, but adds "we are unable to find any official action or report of the closing of the same."

The Topographical Bureau of the Borough President's office in Brooklyn reports as follows, on the closing of the road:

"I have found no records of the closing of this road under the name of the Kickout road. I have, however, a record of the closing of an 'Old Road,' which may be a portion of or all of the Kickout road in the village of Williamsburgh. This road is described as being near Tenth street (Keap street) and was closed by the trustees of the village of Williamsburgh, on August 18, 1851, with the exception of such portions as are included in the streets of said village."

To this may be added the statement that during an examination conducted in this office one of the petitioners was asked when the road was closed and replied that it was in 1852. Asked on what authority this statement was based, replied that it was on the authority of a statement made to him by the Lawyers' Title Company.

All of which is respectfully submitted.

ROBERT JORDAN, Examiner.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises on Sea Breeze avenue, Coney Island, Borough of Brooklyn, used as an emergency hospital by the Department of Public Charities:

April 29, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund at a meeting held May 15, 1907, adopted a resolution authorizing a renewal of the lease of premises on the northerly side of Sea Breeze avenue, 143 feet east of West Third street, Borough of Brooklyn, for the use of the Department of Public Charities for a period of one year from May 1, 1907, at an annual rental of \$2,800, with the privilege of renewal for a further period of one year at an annual rental of \$3,000.

The Commissioner of the Department of Public Charities in a communication addressed to the Commissioners of the Sinking Fund under date of April 22, 1908, requests a renewal of this lease for a period of one year from May 1, 1908, at an annual rental of \$3,000.

This rental in my opinion is not excessive, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the premises consisting of a two-story frame apartment house on the northerly side of Sea Breeze avenue, about 143 feet east of West Third street; a one-story frame building on the northeasterly corner of Sea Breeze avenue and West Third street, and a one-story frame building on the southerly side of Park place, about 100 feet easterly from West Third street, and a roadway about 10 feet wide, running from the building at Park place to Sea Breeze avenue, Coney Island, Borough of Brooklyn, for the use as an emergency hospital, etc., for a period of one year from May 1, 1908, at an annual rental of \$3,000, payable quarterly, with the privilege of renewal for a further period of one year upon the same terms and conditions, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Louis Stauch.

Respectfully submitted for approval,

THOMAS F. BYRNES,  
Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the premises consisting of the two-story frame apartment house on the northerly side of Sea Breeze avenue about 143 feet east of West Third street; a one-story frame building on the northeasterly corner of Sea Breeze avenue and West Third street and a one-story frame building on the southerly side of Park place about 100 feet easterly from West Third street and a roadway about 100 feet wide running through the building at Park place to Sea Breeze avenue, Coney Island, Borough of Brooklyn, for the use of the Department of Public Charities, as an emergency hospital, etc., for a period of one year from May 1, 1908, at

an annual rental of three thousand dollars (\$3,000), payable quarterly, with the privilege of renewal for a further period of one year upon the same terms and conditions, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Louis Stauch; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communications were received from the Department of Bridges relative to a renewal of the leases of the following premises required for the temporary bridge over the Harlem River:

SIR—The lease between The City of New York and Church E. Gates Company and others, authorized by the Commissioners of the Sinking Fund under date of November 15, 1905, expires November 20, 1907.

As it is necessary to have this land for the Madison avenue temporary bridge, until the permanent bridge has been completed, and as this lease contains a clause permitting the renewal of said lease, I therefore request the Commissioners of the Sinking Fund to authorize the renewal of the lease between The City of New York and Church E. November 2, 1907.

The rent, \$21,500 per annum, being the same as heretofore paid, and the provisions in the original lease being for a renewal for an additional year, I would respectfully recommend that the Commissioners of the Sinking Fund approve of the request of the Commissioner of the Department of Bridges and authorize a renewal of the lease for a period of one year, from November 20, 1907, upon the same terms and conditions as contained in the existing lease. SIR—The lease between The City of New York and Booth Bros. and the Hurricane Island Granite Company, authorized by the Commissioners of the Sinking Fund under date of November 15, 1905, expires November 20, 1907.

As it is necessary to have this land for the Madison avenue temporary bridge, until the permanent bridge has been completed, and as this lease contains a clause permitting the renewal of said lease, I therefore request the Commissioners of the Sinking Fund to authorize the renewal of the lease between The City of New York and Booth Bros. and the Hurricane Island Granite Company for a period of one year from November 20, 1907, at an annual rental of eleven thousand dollars (\$11,000).

March 16, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioner of the Department of Bridges, in a communication dated October 8, 1907, states that the lease between The City of New York and Church E. Gates Company and others, authorized by the Commissioners of the Sinking Fund under date of November 15, 1905, expired November 20, 1907. As it is necessary to have the land for the Madison avenue temporary bridge until the permanent bridge has been completed, and as this lease contains a clause permitting the renewal of said lease, the Commissioner of the Department of Bridges requests the Commissioners of the Sinking Fund to authorize the renewal for a period of one year, from November 20, 1907, at an annual rental of \$21,500.

A report was made thereon and presented to the Commissioners of the Sinking Fund at a meeting in November, and was referred to a Committee. However, no action has been taken thereon, and the City has been a hold-over tenant, there being due to the owners of the property the rent from November 20, 1907.

The property changed hands on or about January 17, 1907, and passed into possession of the Edgewater Realty Company, of which Elmer D. Colter was president, and on or about January 17, 1908, the property again changed hands from the Edgewater Realty Company to Bradley and Vashti G. Eaton, assignments of which are in the office of the Comptroller.

The rent being the same as heretofore paid, I would respectfully recommend that the Commissioners of the Sinking Fund authorize the Comptroller to pay the rent of the premises heretofore under lease, for a period of two months, from November 20, 1907, to January 20, 1908, at an annual rental of \$21,500, without the necessity of entering into a lease.

I would further respectfully recommend that the Commissioners of the Sinking Fund authorize the execution of a lease from Bradley L. and Vashti G. Eaton of a strip of land running from the west side of Mott avenue westerly to the extreme limit of the United States pier and bulkhead line, being a strip of land about 30 feet in width, for the use of the Department of Bridges, for a period of one year, from January 20, 1908, at an annual rental of \$21,500, and on the same terms and conditions as contained in the last existing lease.

Respectfully submitted for approval.

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The Committee to whom the matter of the renewal of these leases was referred presented the following report:

April 10, 1908.

To the Commissioners of the Sinking Fund, City Hall, New York:

GENTLEMEN—Your Committee to whom was referred the matter of the renewal of two leases of lands occupied by the Department of Bridges on the easterly and westerly approach to the Madison avenue temporary bridge, respectfully reports:

That this is a renewal of certain lands and on the terms authorized by the Commissioners of the Sinking Fund on November 15, 1905, for the use of the Bridge Department. The delay in making a report was because a complete description of the lands proposed to be leased was not furnished to your Committee when the matter was referred, nor was the request of your Committee for further information complied with until very recently.

The report of the Real Estate Bureau of the Department of Finance described the property as "a strip of land about thirty feet in width," which seemed to your Committee to be altogether too indefinite a description upon which to make a recommendation.

A complete description of the property referred to in the proposed lease was furnished to your Committee by the Commissioner of Bridges under date of April 8, 1908, in a communication which is hereto annexed, describing the lands by metes and bounds.

Your Committee, after examining the premises described in the proposed leases, finds that while the rent appears excessive, the interference to the business of the lessors by the temporary bridge in question makes the rentals fair and equitable, and, therefore, recommends a renewal on the existing terms, \$11,000 and \$21,500 annually, for the westerly and easterly approaches respectively.

Respectfully submitted,

P. F. MCGOWAN,  
President, Board of Aldermen;

T. P. SULLIVAN,  
Chairman, Finance Committee, Board of Aldermen.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,

Mr. EDGAR E. SCHIFF, Secretary to Commissioner:

DEAR SIR—In accordance with directions given, I furnished the Chief Engineer to-day with a survey of the property leased by the City for the Madison avenue temporary bridge described in metes and bounds. It is possible that the question of areas of these parcels may come up and for that purpose the following information is given:

On the Manhattan approach the property leased from Booth Brothers and Hurricane Island Granite Company has an

Area of 9,720.3 square feet, equal to 3.89 City lots.

On The Bronx approach, the property leased from Church E. Gates & Co. has an area of

Parcel No. 1, 10,500.60 square feet, equal to 4.20 City lots.

Parcel No. 2, 5,477.25 square feet, equal to 2.19 City lots.

Total..... 15,977.85 square feet, equal to 6.39 City lots.

Respectfully,

J. A. LOCKWOOD, A. E.

April 8, 1908.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen, City Hall, New York City:

DEAR SIR—In compliance with your request, I transmit herewith descriptions by metes and bounds of the property occupied by the Madison avenue temporary bridge in the Boroughs of The Bronx and Manhattan.

On October 8, 1907, I made a request to the Honorable Commissioners of the Sinking Fund for a renewal of the leases on this property, which were to expire on November 20, 1907.

Respectfully,

Eaton, the rental of a strip of land running from the west side of Mott avenue westerly to the extreme limit of the United States pier and bulkhead line, being a strip of land about 30 feet in width, occupied by the Department of Bridges for the easterly approach to the temporary bridge across the Harlem River, for a period of two months from November 20, 1907, at a rental at the rate of twenty-one thousand five hundred dollars (\$21,500) per annum, without the necessity of entering into a lease.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Bradley L. and Vashti G. Eaton, of a strip of land running from the west side of Mott avenue westerly to the extreme limit of the United States pier and bulkhead line, being a strip of land about 30 feet in width, for the use of the

Which resolutions were severally unanimously adopted.

The following communication was received from the New York City Charter Commission relative to a lease of Room 551 at No. 32 Nassau street, Borough of Manhattan:

May 2, 1908.

Hon. HERMAN A. METZ, Comptroller of The City of New York, No. 280 Broadway, New York City:

DEAR SIR—The New York City Charter Commission, the appointment of which was authorized by chapter 114 of the Laws of 1908, has organized by the election of Hon. William M. Ivins as Chairman and Hon. James Cowden Meyers as Secretary. I have been appointed counsel to the Commission.

In order that the work may be done expeditiously and to advantage, it will be necessary to provide offices for the Commission. If the Sinking Fund Commission approves, the Commission would like to have a small suite of offices in this building on the same floor as my office, since the latter will in all probability be used by the Commission for some of its sessions. A suite known as Room 551, consisting of three moderate sized offices and one outer office and a store closet, has been bespoken for the Commission, the annual rental being the very modest sum of \$1,350. The suite is exactly what the Commission needs and its location in a building containing a good law library makes it most desirable.

In behalf of the Commission, I respectfully ask that the Sinking Fund Commission will authorize a lease of the suite for the period of one year at the rental mentioned so that possession can be had at once and the office force organized. It is of great importance that the part of the work which will fall under my supervision be begun with the least possible delay.

I suggest that in connection with the lease the official title be used, namely, "New York City Charter Commission."

If you wish me to appear before the Sinking Fund Commission at its next meeting, which I understand is to be held May 6, I shall be happy to do so.

Respectfully yours,

CHASE MELLE, Counsel.

In connection therewith the Comptroller presented the following report and offered the following resolution:

May 5, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Mr. Chase Mellen, of Mellen & Woodbridge, counsellors at law, No. 32 Nassau street, counsel to the New York City Charter Commission, authorized by chapter 114 of the Laws of 1908, in a letter to this Department under date of May 2, 1908, requests that a lease be secured of the suite of offices known as Room 551 in the Mutual Life Building at No. 32 Nassau street, Borough of Manhattan, for the use of such Commission for a period of one year from the date of occupancy, at a rental of \$1,350 a year; the lessor to put in a wash basin and to furnish heat, light and janitor service.

After an examination I have to report that this suite consists of four rooms, three of them fronting on Liberty street, and a private hall and store closet, with a total floor space of 645 square feet. The rentals on this front of the Mutual Life Building range from \$2 to \$2.25 a square foot, according to location, trim, etc. The rental named above is at the rate of about \$2.10 a square foot, which in my opinion is fair and reasonable.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the execution of a lease of the suite of rooms known as Room 551 on the Liberty street front of the Mutual Life Building at No. 32 Nassau street, Borough of Manhattan, for a period of one year from the date of occupancy, at an annual rental of \$1,350, payable quarterly; the lessor to put in water and to furnish heat, light, elevator and janitor service. Lessor, the Mutual Life Insurance Company of New York; W. W. Richards, manager.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Mutual Life Insurance Company of New York, W. W. Richards, manager, of the suite of rooms known as No. 551, on the Liberty street front of the Mutual Life Building at No. 32 Nassau street, Borough of Manhattan, for the use of the New York City Charter Commission, for a period of one year from the date of occupancy at an annual rental of thirteen hundred and fifty dollars (\$1,350), payable quarterly; the lessor to put in water and furnish heat, light, elevator and janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following letter of thanks was received from the Trustees of Cooper Institute (see page 84):

The Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—In accordance with the provisions of the contract between John B. McDonald and The City of New York (acting by the Public Service Commission for the First District), dated February 21, 1900, I certify that, in reference to the claims for additional work and for materials furnished in the performance of the contract, such work has been done and materials furnished, and that the contractor is entitled to additional payments for such work and materials as shown by Statements 1, 2 and 3 herewith submitted in duplicate, as provided in the contract, of which statements one copy is to be rendered to the contractor.

In Statement No. 3 there are items alphabetically marked A to P, inclusive, omitting the letter O. These are detailed statements of claims as submitted by the contractor.

Statement No. 1 designates the amounts due for certification under date of November 30, 1907.

Statement No. 2 contains the amounts certified by the Chief Engineer to November 30, 1907, page 1 giving the total amounts.

Statement No. 3 is a summary of Contract No. 1, being the amounts claimed by the contractor and the amounts approved by the Chief Engineer in reference to these claims, as submitted under date of January 30, 1907.

I also submit herewith Statement No. 4, which contains memoranda from the minutes of the Board of Rapid Transit Railroad Commissioners in reference to authorization of extras, etc.

On November 14, 1907, the contractor handed me certain statements which appear to be an additional statement of the above claims given more in detail. So far as I have been able to review these claims in the short time since receiving this statement, they would seem to be questions to be determined by arbitration.

The details of the statements and the claims of the contractor are on file in the Chief Engineer's office.

Yours truly,  
(Signed) GEORGE S. RICE,  
Chief Engineer.

November 30, 1907.

Memoranda in re determination of amounts due Contractor John B. McDonald under contract dated February 21, 1900.

## Summary of Statements.

Statement No. 1—Determination of amounts due for certification November 30, 1907.

Statement No. 2—Amounts certified by Chief Engineer for payment to November 30, 1907.

Page 5. Separation of above amounts certified for, under different headings.

Statement No. 3—Summary of Contract No. 1.

Amount claimed by contractor, and amount approved by Chief Engineer.

In re claims submitted by contractor for payment under date of January 30, 1907.

Statement A. Not approved, as it is only a part of the regular work under the contract.

Statement B. Not approved, as it is only a part of the regular work under the contract.

Statement E. Not approved; total area waterproofed has been fully allowed; brick in asphalt is included in the specifications and is only substituted for the larger number of layers of waterproofing felt.

Statement G. Excess quantities not approved; they are incidentals only to general work of construction under the contract, and a part thereof.

Statement H. The same may be said of these items.

Statement K. In no way a part of the contract; while it is true the construction of the bridge at One Hundred and Forty-fifth street was subsequent to the letting of the contract for the subway. The contractor for the bridge rest was the sub-contractor for that portion of the subway and was fully cognizant of the work to be done in both instances.

Statement L. The former Chief Engineer of the Rapid Transit Board disapproved this work as an extra during the period when it was being done.

Statements C and D. Portions of these claims approved as clearly in excess of plans.

Statement F. Authorized extras by the Board.

Statement I. Under additional plans not originally contemplated or provided.

Statement J. This may be a matter for further consideration in so far as it refers to Astor place station sub-passageway. Portions of claims in re Times square station passageway and Astor retaining wall, approved as authorized extras.

Statement M. Portions of claim in so far as it relates to extension of station platforms, approved.

Statement N. Approved, as the lining of these pits was evidently work not contemplated in contract.

Commissioner Bassett—"I have a Final Order that I should like to propose. The Coney Island and Brooklyn Railroad Company, operating between the Bridge and Coney Island, and the lines on DeKalb and Franklin avenues, in Brooklyn, occasioned great complaint last summer by reason of their poor summer open car equipment. It appeared that in crossing over the bridge, although this road had 16 per cent. of the cars that went over, about half of the blown-out fuses and stoppages on that account were due to this road, showing a very disproportionate amount of accidents that held up traffic on the bridge. The open cars are now unused, and this order was issued in order to compel this company in the months intervening between now and next summer to run their entire open car equipment through the shops, to put on gear pans, to put on new circuit breakers, and a number of other items that are specified here. The order requires that this work shall be done by April 15.

The order was as follows:

FINAL ORDER (No. 134).

In the Matter

of  
The Hearing on the Motion of the Commission on the Question of Improvement in and Addition to the Equipment of the Coney Island and Brooklyn Railroad Company.

Under Order for Hearing made November 13, 1907.

This matter coming on upon the report of the hearing had herein on the 25th day of November, 1907, and it appearing that the said hearing was held by and pursuant to an order of this Commission made November 13, 1907, and that the said order was duly served upon the Coney Island and Brooklyn Railroad Company, and that the said service was by it duly acknowledged, and that the said hearing was held by and before the Commission on the matters in said order specified on November 25, 1907, Mr. Commissioner Bassett presiding at said hearing, and proof being taken, and Grosvenor H. Backus, Esq., Assistant Counsel, appearing for the Commission, and no one appearing for the Coney Island and Brooklyn Railroad Company,

Now, it being made to appear by the proceedings upon the said hearing that the regulations, equipment and appliances of the Coney Island and Brooklyn Railroad Company, in respect to the transportation of persons in the First District are unsafe, improper and inadequate, and that changes, improvements and additions thereto ought reasonably to be made in the manner below set forth, in order to promote the security and convenience of the public, and in order to secure adequate service and facilities for the transportation of passengers, and it being made to appear by said proceedings that the changes, additions and improvement of regulations, equipment and appliances of said company as hereinafter set forth are such as would be just, reasonable, safe and proper and ought reasonably to be made, in order to promote the security and convenience of the public and to secure adequate facilities for the transportation of passengers, and that such changes, additions and improvement ought reasonably to be made by or before the 15th day of April, 1908,

Therefore, on motion of Abel E. Blackmar, Esq., Counsel to the Commission, it is Ordered:

(1) That the said Coney Island and Brooklyn Railroad Company pass all the open cars now owned by said company through the shops and make every necessary repair to the car bodies, trucks and equipment of said cars, and turn them out in as perfect condition as possible by or before the 15th day of April, 1908.

(2) That said company, by or before the said 15th day of April, 1908, provide and equip all of said open cars with two (2) new automatic circuit breakers of sufficient capacity and modern type.

(3) That said company, by or before the said 15th day of April, 1908, provide and equip each of said cars with a gear case for each motor on each of said cars.

And it is further Ordered, That this order shall take effect immediately. And it is further Ordered, That before the 16th day of December, 1907, the said Coney Island and Brooklyn Railroad Company shall notify the Public Service Commission for the First District, whether the terms of this order are accepted and will be obeyed.

It was moved and seconded that the foregoing order be approved and confirmed, and filed in the office of the Commission.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

*Second Modification of Lexington Avenue Route.*

Consideration of the communication dated April 30, 1908, from the Public Service Commission for the First District, transmitting resolutions adopted by that body April 29, 1908, further modifying the proposed Lexington avenue route so as to deflect the line of such route to the east of Grace Church, Borough of Manhattan.

This communication was presented to the Board at its meeting of May 1, 1908, and by resolution duly adopted, this date was fixed for consideration.

The Secretary presented the following:

REPORT NO. 50.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 5, 1908.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment, held on May 1, 1908, there was presented a communication from the Public Service Commission of the First District, forwarding a resolution modifying the route of the Broadway-Lexington avenue line, so that it would not interfere with the foundations of Grace Church, and the Board fixed May 8, 1908, as the date for consideration of this proposed change.

I submit herewith a report of the Engineer in charge of the Division of Franchises, outlining the steps which have heretofore been taken, and also a resolution concurring in this change of route, with the recommendation that it be adopted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,  
DIVISION OF FRANCHISES, ROOM 801, NO. 277 BROADWAY,  
May 4, 1908.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—At a meeting of the Board of Estimate and Apportionment, held March 13, 1908, the Board approved, upon the recommendation of the Select Committee, of a modification of the so-called "Lexington Avenue Rapid Transit Railway Route," as presented by the Public Service Commission for the First District.

This modification extended the Lexington avenue route, as originally adopted, from a point in Lexington avenue, at or near Thirty-fifth street, southerly in a straight line under Lexington avenue, Gramercy Park, Irving place and private property to a point south of East Twelfth street, and thence curving to the west under Fourth avenue and private property into Broadway, at or near Tenth street. This modified or extended route, as laid out on the map which accompanied the communication from the Public Service Commission, was shown as passing directly under Grace Church, and objection was made by the Rector and officers of the church, upon the grounds that if constructed under this edifice it might materially damage the structure, which has been a landmark in the City for many years. On behalf of the church, a sketch was submitted by Charles Soosmith, Consulting Engineer, showing how, by deflecting the line slightly to the east and entering Broadway near the corner of Ninth street, it would be possible to avoid passing under Grace Church. The Committee was impressed by the argument made, and approved of the route as submitted, conditional upon the same being deflected to the east as proposed, and at the time it was understood that the description as contained in the resolution was sufficiently broad to cover such deflection.

Upon close examination, however, of the matter, the Public Service Commission for the First District has thought it best to formally amend the description of the route before applying for the consents of property owners, or in lieu thereof the consent of the Court. This has been done by resolution, duly adopted by the Public Service Commission for the First District, on April 29, and transmitted to the Board of Estimate and Apportionment in a communication dated April 30, which was received by the Board on May 1, when, pursuant to the provisions of law, a day was fixed for the consideration of the communication, to wit: May 8.

The resolutions and plan accompanying the same are exactly in accordance with the recommendation of the Select Committee, and in consequence I would suggest the approval of this route as proposed, and I herewith submit resolutions in the usual form for adoption.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, The Board of Rapid Transit Railroad Commissioners for the City of New York, constituted pursuant to the provisions of chapter 4, of the Laws of 1891, and the acts amendatory thereof, duly determined upon a route or routes and general plan of construction of a rapid transit railway for the conveyance of persons and property, to be established in said City, in addition to the already existing lines, and did, by resolution of May 12, 1905, adopt such route or routes and general plan, being more particularly described as the "Lexington Avenue Route," and

Whereas, Thereafter said Board of Rapid Transit Railroad Commissioners transmitted to the Board of Estimate and Apportionment of the City of New York a copy of the plans and conclusions for such route or routes, as adopted, and the said Board of Estimate and Apportionment, after due consideration, as provided by law, by resolution duly adopted, July 14, 1905, and approved by the Mayor July 28, 1905, by a majority vote according to law pertaining to each member of the Board, did approve such plans and conclusions and consent to the construction of a railway or railways in accordance therewith; and

Whereas, Chapter 429, of the Laws of 1907, abolished the Board of Rapid Transit Railroad Commissioners, and created the Public Service Commission for the First District, and conferred upon the said Commission all the powers and duties conferred and imposed by any statute of this State upon the Board of Rapid Transit Railroad Commissioners; and

Whereas, The Public Service Commission for the First District, constituted pursuant to the provisions of chapter 429, of the Laws of 1907, has duly determined upon a modified route or routes and general plan of construction of a rapid transit railway for the conveyance of persons and property, to be established in said City, in addition to the already existing lines, and did, by resolution of February 4, 1908, adopt such route or routes and general plan, being more particularly described as "Modification of Lexington Avenue Route"; and

Whereas, Thereafter said Public Service Commission for the First District transmitted to the Board of Estimate and Apportionment of the City of New York a copy of the plans and conclusions for such route or routes, as adopted, and the said Board of Estimate and Apportionment, after due consideration as provided by law, by resolution duly adopted, March 13, 1908, approved by the Mayor March 18, 1908, by a majority vote according to law pertaining to each member of the Board, did approve such modified plans and conclusions, and consent to the construction of a railway or railways in accordance therewith; and

Whereas, The Public Service Commission for the First District, constituted as aforesaid, has duly determined upon a further modification of such route or routes and a general plan of construction of the aforesaid rapid transit railway for the conveyance of persons and property, to be established in said City, in addition to the already existing lines, and did, by resolution of April 29, 1908, adopt such modified route or routes and general plan; and

Whereas, Thereafter said Public Service Commission for the First District did transmit to the Board of Estimate and Apportionment a copy of the plans and conclusions, modifying the route and general plan of the aforesaid Lexington avenue route, which plans and conclusions were received by said Board of Estimate and Apportionment on the first day of May, 1908, at a meeting of said Board of Estimate and Apportionment, duly held on said day; and

Whereas, Said Board of Estimate and Apportionment, by resolution duly adopted at said meeting, did appoint a day not less than one week nor more than ten days after the receipt thereof, for the consideration of such modified plans and conclusions, to wit: the 8th day of May, 1908, at 10.30 o'clock a. m., and has proceeded with such consideration; and

Whereas, The modifications and amendments of the said route and general plan are hereinafter set forth in the resolutions of said Public Service Commission for the First District, adopted April 29, 1908, and which resolutions are as follows:

*Resolutions Adopted by the Public Service Commission for the First District, April 29, 1908.*

Whereas, The Board of Rapid Transit Railroad Commissioners for The City of New York did, on the 12th day of May, 1905, adopt certain routes and general plan for a rapid transit railway in The City of New York, which route is known as the Lexington Avenue Route, which routes and general plan were thereafter duly approved by the Board of Estimate and Apportionment of The City of New York and the Mayor of The City of New York as the local authorities having in charge the streets and highways of said City, and were thereafter duly consented to by the Appellate Division of the Supreme Court in and for the First Judicial Department; and

Whereas, Thereafter, and on the 4th day of February, 1908, the Public Service Commission for the First District duly adopted certain modifications of such routes and general plan, which modifications were thereafter duly submitted to the Board of Estimate and Apportionment and the Mayor of The City of New York and were approved by them, but have not yet been consented to by the owners of a majority in value of the property abutting upon the line of such modifications, or in lieu thereof by the Appellate Division of the Supreme Court; and

Whereas, In and by the portion of such modified routes and general plan, denominated Section 5-E, the line as laid out passed underneath the edifice known as Grace Church, at or near the corner of Broadway and East Tenth street; and

Whereas, A Select Committee of the Board of Estimate and Apportionment has recommended that such line be changed in order to avoid so passing under the said Grace Church; and

Whereas, The Public Service Commission for the First District has duly made inquiries and investigation necessary or proper in the premises and has determined that the routes and general plan and the modification of such routes and general plan should be further modified in the respect hereinafter mentioned, and that such modification is necessary for the interest of the public and of The City of New York and should be established as is hereinafter provided; now therefore be it

Resolved, That subject to the approvals and consents to be first obtained, as in this resolution hereinafter mentioned, the said routes and general plan heretofore adopted by the said Board of Rapid Transit Railroad Commissioners for The City of New York and the said modification of such routes and general plan heretofore adopted by the Public Service Commission for the First District be and they hereby are amended in the following respect:

By striking out from the paragraph of the said modification of the said routes and general plan, headed "Section 5-E," the words at the end of said paragraph thereof, as follows, to wit:

"to a point in private property between Fourth avenue and Broadway at about East Eleventh street, curving thence southerly under private property into Broadway at a point near East Ninth street, at which a junction can be conveniently made with Section 5-D above described."

—and by inserting in the place and stead of the words thus stricken out the following words, to wit:

under private property and under East Tenth street to a point under East Tenth street between Fourth avenue and Broadway, curving thence southerly and continuing under East Tenth street and under private property and East Ninth street and private property into Broadway at a point between East Eighth street and East Ninth street, at which a junction can be conveniently made with Section 5-D, above described.

—so that the whole of said paragraph shall read as follows:

Section 5-E. A route the centre line of which shall begin in the Borough of Manhattan at a point in Lexington avenue north of East Thirty-sixth street, where Section 5-D, above described, curves westerly into East Thirty-sixth and Thirty-fifth streets; thence running southerly along Lexington avenue to the intersection of Lexington avenue and Gramercy Park; thence southerly through and under Gramercy Park to its intersection with Irving place; thence still southerly along and under Irving place and crossing under East Fourteenth street, private property and East Thirteenth street to a point in private property between East Thir-

teenth street and East Twelfth street; curving thence southwesterly under private property, East Twelfth street, Fourth avenue and the present rapid transit railway structure in Fourth avenue, under private property and under East Tenth street to a point under East Tenth street between Fourth avenue and Broadway, curving thence southerly and continuing under East Tenth street and under private property and East Ninth street and private property into Broadway at a point between East Eighth street and East Ninth street, at which a junction can be conveniently made with Section 5-D, above described.

Resolved, That whereas this Commission has duly made the inquiries and investigation necessary or proper in the premises, and has determined that the modification and amendment aforesaid of the said routes and general plan and of the modification of the said routes and general plan are necessary for the interest of the public and of The City of New York, and should be established as herein provided, this Commission does hereby determine and establish the said modification and amendment, subject to the approvals and consents to be first obtained, as hereinafter mentioned; and it is further

Resolved, That the said modification and amendment of the routes and general plan and of the modification of said routes and general plan, shall take effect only upon and after the following approvals thereof and consents thereto shall be duly had, to wit:

I.—The approval and consent of the Board of Estimate and Apportionment of The City of New York.

II.—The approval of the Mayor of The City of New York.

III.—The consents of the owners of a majority in value of the property along streets or such portions of streets as are included in the portion of the said routes hereby modified and amended; or, if such consents cannot be obtained, then, in lieu thereof, the determination of three Commissioners to be appointed by the Appellate Division of the Supreme Court in and for the First Judicial Department, duly confirmed by the said Appellate Division; and it is further

Resolved, That the map entitled "Public Service Commission for the First District, Routes and General Plan, Manhattan A, Sheet No. 3-A," is hereby adopted as showing the modification, as hereby adopted, of the foregoing routes and general plan and of the modification of the said routes and general plan for convenience merely, and that said map is not to be deemed a part of the description of the routes or a part of the general plan for any purpose whatever.

Now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, by a majority vote, according to the number of votes by law pertaining to each member of the Board, hereby approves such modifications and amendments of the said route and general plan, and consents to the construction of a railway or railways in accordance therewith.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### FINANCIAL MATTERS.

The Secretary presented the following presentment of the Grand Jury, Richmond County (January Term), recommending that the District Attorney be provided with an Assistant; the establishment of suitable quarters for the Detective Bureau, and for the Inspector of the Thirteenth Police Inspection District, etc.; that a launch and automobile be provided for the use of the Police Department; that suitable dormitories and cells be provided in the Police Stations; that the proposed ferries to Stapleton and Port Richmond be put in operation as soon as practicable, and that an adequate supply of wholesome water be provided for the inhabitants of the Village of Richmond, together with report of the President, Borough of Richmond, to whom this matter was referred on March 6, 1903, relative thereto.

The recommendations contained therein were referred to the Departments having jurisdiction in the matter, and the presentment and report were ordered printed in the minutes and placed on file.

(On May 1, 1908, the matter of fixing the salary of the position of Assistant District Attorney, Richmond County, at \$2,500 per annum (referred to the President, Borough of Richmond, on November 23, 1906), was ordered on the calendar for this day.)

Supreme Court, County of Richmond:

We, the Grand Jury of the County of Richmond for the Trial Term of the Supreme Court, commencing on January 6, 1908, respectfully recommend that the District Attorney of Richmond County be provided with an Assistant, at an appropriate salary; and we do further

Recommend that suitable quarters at St. George, in said County, be provided for the Detective Bureau for the said Borough, and for the Inspector of the Thirteenth Police Inspection District and the members of his staff; and we do further

Recommend that the Police Department be provided with a launch for patrol duty on the shores of said County, and especially in the Kill von Kull, and also with an automobile, which is, in our opinion, greatly needed during the hours of the night, when the trains and trolleys, running only at infrequent intervals, furnish insufficient means of transportation; and we do further

Recommend that suitable dormitories and cells be provided in the Police Stations of said Borough.

In view of the difficult approaches to the present ferry at St. George and the congestion of traffic which will be caused by the building operations now under way, this Grand Jury further recommends that the proposed ferries at Stapleton and Port Richmond be put in operation as soon as practicable; we do further

Recommend that an adequate supply of wholesome water be provided for the inhabitants of the Village of Richmond.

SAMUEL ANDERSON, Foreman.

W. H. SCOTT, Clerk.

Supreme Court, County of Richmond:

We, the Grand Jury of the County of Richmond for the Trial Term of the Supreme Court, commencing January 6, 1908, having been charged by the Justice presiding at the said term to investigate the matter of offices for the use of the District Attorney of said County and to report our findings thereon to the Court at said term, having duly inquired into the matter, as directed, do find:

That offices for the use of the District Attorney of said County, which were provided in the municipal building known as the Borough Hall, were, on the completion of the said building, offered to the then District Attorney of said County, but were not accepted for the reason that the Sinking Fund Commission had rented offices at No. 400 Richmond terrace, New Brighton, for the use of the District Attorney, under a lease, which lease did not expire until December 31, 1907, and that the said District Attorney was then in actual occupation of the said offices.

Thereafter, and prior to the 1st day of January, 1908, the said offices in the said Borough Hall, provided for the use of the District Attorney, as aforesaid, were

turned over to the Inspector of the Thirteenth Police Inspection District, who still occupies the same.

There is no other available space suitable for the use of the District Attorney in said Borough Hall, nor is there any place at St. George available for the use of the said Inspector of Police.

We find that the only available space suitable for the use of the District Attorney at St. George, in said Borough, is the space in the Corn Exchange Bank Building, now rented by the Sinking Fund Commission for the use of the Court of Special Sessions. This space is not, in our opinion, suitable for the use of the Court of Special Sessions, and has never been occupied by said Court, although the same has been leased for the use of said Court since the 1st of last June. We therefore respectfully

Recommend that suitable quarters be provided for the use of the District Attorney in the said Borough Hall as soon as practicable, and that in the meantime the Sinking Fund Commission shall permit the said offices in the said Corn Exchange Bank Building to be used by the District Attorney.

SAMUEL ANDERSON, Foreman.

W. H. SCOTT, Clerk.

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND,  
NEW BRIGHTON, N. Y., May 7, 1908.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 277 Broadway, New York City:

DEAR SIR—On March 10 last I received, over the signature of your Assistant, Mr. William M. Lawrence, a communication from your office, referring to me for consideration and report a presentment of the Grand Jury, Richmond County (January Term), recommending that the District Attorney be provided with an Assistant; the establishment of suitable quarters at St. George in said County, "for the Detective Bureau and for the Inspector of the Thirteenth Police Inspection District; that a launch and automobile be provided for the use of the Police Department; that suitable dormitories and cells be provided in the police stations; that the proposed ferries at Stapleton and Port Richmond be put in operation as soon as practicable, and that an adequate supply of wholesome water be provided for the inhabitants of the Village of Richmond." In reply to your communication, I beg respectfully to report as follows:

With regard to the recommendation of the Grand Jury "that the District Attorney be provided with an Assistant," I would report that up to the present time there has been no Assistant to the District Attorney of Richmond County, whose salary was paid out of public funds. The District Attorneys of Richmond County have been able not only to discharge the duties of that office themselves, with the assistance of the clerical force of the District Attorney's office, but have also been able to engage in considerable private practice as well. No application was ever made, so far as I know, for an Assistant until the latter part of the year 1906, when the then District Attorney of Richmond County made such application. This application was referred to me on November 23 of that year, and in view of the fact that the District Attorney at that time was able to and did do considerable private practice in addition to his official work, I did not report favorably upon his application, and although he appeared personally before the Board of Estimate and Apportionment in support of his application, the Board took no action, but left the matter still in my hands, feeling, as I thought, that the time had not yet arrived when an Assistant was necessary, whose salary should be a charge upon the county. A new District Attorney, however, took office on January 1 last, and he has renewed the application for an Assistant. He devotes practically all his time to the work of the District Attorney's office, and is provided by the City with a commodious office. I have, therefore, found it difficult to understand why an Assistant, whose salary should be paid by City appropriation was necessary. I, however, received from the District Attorney, on March 16, last, a very carefully prepared letter, setting forth the reasons for requiring such Assistant, and quote below the portion of his letter bearing upon the subject, and I submit it to this Board for its consideration and for such action as it deems to be wise, but without recommendation from me. There is undoubted force in the point which the District Attorney makes, arising out of the growth of the Borough, and the increasing calls upon his time, but in view of the fact that the Court of Special Sessions meets but once a week, and on the same day that the County Judge and Surrogate holds court in Richmond and sits only as Surrogate, I can see no large increase in the requirements upon the District Attorney, who devotes, as he should, practically all his time to the work of that office:

"Confirming the statements heretofore made by me to you in support of my request that you report favorably on the application of my predecessor, I beg to say that I regard the appointment of such an Assistant District Attorney as being necessary to the proper conduct of the office of District Attorney in Richmond County.

"The District Attorney is required by law to attend in person, or by Assistant, four trial terms of the Supreme Court, and two trial terms of the County Court, held in said county in each year, at all of which terms Grand Juries are in attendance; he is also required to attend in person, or by an Assistant, each and every term of the Court of Special Sessions, which meets in this Borough once in each week during the year; he is required by law to attend in person, or by an Assistant, the prosecution of all excise violations in each of the two Magistrate's Courts in said Borough, and to examine all cases discharged by the Magistrates in said Borough; he is compelled to investigate all complaints of violations of the criminal law, and to prepare and try all cases, and he is expected to attend before the Police Magistrates and before the Coroner, whenever occasion requires it. It very often happens that two cases are set down for trial in different courts on the same day, and that, therefore, one of the cases must be neglected for the obvious reason that I cannot be in two different places at the same time.

"During trial terms of the Supreme Court and the County Court, I shall be unable to attend in person before the Court of Special Sessions; the result will be that the people will either be unrepresented, or the cases will have to be adjourned. In the latter event great hardship will be occasioned, especially in 'jail' cases.

"Furthermore, unless I am provided with an Assistant, I shall not be at liberty to take even a day's vacation at any time during my term.

"In the event of my being prevented from attending court by reason of illness, the people will not be represented.

"In answer to the suggestion that no assistant was provided for Mr. George M. Pinney during his term of office as District Attorney in this County, I wish to say, in the first place, that Mr. Pinney did have an assistant, and, in the second place, that the conditions have materially changed since Mr. Pinney was District Attorney. The population in Richmond County is very much larger than it was ten years ago, and consequently there are many more crimes committed than before.

"Within the last year the number of police precincts in this Borough has been doubled, and a Detective Bureau and a Police Inspection District established, with the result that a far greater percentage of wrongdoers are brought to justice than ever before. During Mr. Pinney's time we did not have a Court of Special Sessions in this Borough; we only had two trial terms of the Supreme Court and two trial terms of the County Court in each year; the District Attorney was not required to examine records of cases discharged by the Magistrates, and I am informed that heretofore it has not been the practice of the District Attorney to prosecute excise violations in the Magistrates' Courts. Mr. Pinney's name is mentioned here solely because of your suggestion that he did not require an assistant. Since Mr. Pinney's term the County has become a part of The City of New York; has a greatly improved form of local government and has received the benefits of the excellent service furnished by the municipal ferry; all of which has resulted in a large increase in population, and, consequently, in more work for the District Attorney. I am informed that in the year 1907 there was an increase of eight hundred arrests over the year 1906, and I am further informed that the number of cases tried in the Court of Special Sessions during the past year amounts to one-half of the total number of cases tried in this Borough in said Court during the preceding nine years of its existence in this Borough.

"All of the foregoing is submitted in support of my statement that an Assistant District Attorney is necessary in this County.

"I shall be very much obliged if you will decide this matter as soon as you can conveniently do so. If you decide to report adversely will you kindly notify me, so that I may appear before the Board in support of the application?

"If the Board refuses to grant the application, and owing to conflicting official engagements I shall be unable to perform some duty required of me, I want the people of this County to know that the fault is not mine."

If the application of the District Attorney is granted the question of salary should be passed upon by the Select Committee of the Board on that subject.

In regard to the recommendation of the Grand Jury respecting suitable quarters for the Detective Bureau and the Inspector of the Thirteenth Inspection District, I beg to report that both the Detective Bureau and the Police Inspector have been occupying quarters in the Borough Hall for a long time, and I have heard no complaint from the Police Department that they were not perfectly satisfactory. The Detective Bureau, however, has recently rented new quarters elsewhere.

Provision for a launch and automobile for the Police Department would seem to me desirable and in the interest of law and order. In my judgment funds for the purpose should be promptly provided, if they are necessary. The subject should, however, be referred to the Police Commissioner for the exercise of his judgment, and application should be made by him to the Board of Aldermen for the necessary issue of Revenue Bonds.

The dormitories and cells in the several police stations in the Borough are most inadequate and unfit and need immediate enlargement and improvement. This subject also, however, should be referred to the Police Commissioner for his action.

I most heartily agree with the presentment of the Grand Jury upon the subject of the proposed ferries at Stapleton and Port Richmond, and believe that they should be put in operation as soon as practicable.

I also thoroughly agree with the Grand Jury in its suggestion that an adequate supply of wholesome water is needed for the inhabitants of the Village of Richmond, and I think this subject should be referred to the Commissioner of Water Supply, Gas and Electricity for prompt action as soon as the City acquires the private water companies in the Borough, which, I am informed, it will be in a position to do within a very short time. The public water mains should be extended to Richmond as soon as practicable, not only for the relief of the inhabitants of that locality, but to adequately supply the County Court House, jail and other County buildings located there.

Respectfully submitted,

GEORGE CROMWELL,  
President of the Borough.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the position of Assistant District Attorney, Richmond County, with salary at the rate of twenty-five hundred dollars (\$2,500) per annum, for one incumbent.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

Present and Not Voting—The President of the Borough of Richmond—1.

The following matters not upon the Calendar for this day were considered by unanimous consent:

The Comptroller presented the following communication from the President, Borough of Brooklyn, requesting an issue of \$50,000 Corporate Stock, for the construction of the Gowanus Canal Flushing Tunnel, together with communication recommending the issue of \$40,000 Corporate Stock for the construction of a tunnel, intake and pumping station, and for expenses in connection with the improvement of the sanitary condition of the Gowanus Canal, Borough of Brooklyn.

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
BROOKLYN, April 30, 1908.

The Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Your Board appropriated \$750,000 for the construction of the Gowanus Canal Flushing Tunnel. Against this appropriation, a contract was let and certified, the amount of which is \$715,471.70. The amount of this contract, together with the necessary expenditure for engineering, inspection, etc., will make a total in excess of the appropriation. It would be extremely expensive for the City, as well as damaging to property owners, to hold up the work at this time, and I therefore, upon the suggestion of the Chief Engineer of the Bureau of Sewers, request your Board to issue Corporate Stock to the amount of fifty thousand dollars, the proceeds to be used by the President of the Borough of Brooklyn for the purpose of the construction of the Gowanus Canal Flushing Tunnel.

Yours very truly,

BIRD S. COLER,  
President of the Borough.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
May 6, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Bird S. Coler, President of the Borough of Brooklyn, in communication under date of April 30, 1908, requests the Board of Estimate and Apportionment to issue an additional amount of Corporate Stock to the amount of \$50,000, the proceeds to be used by the President of the Borough of Brooklyn for the construction of the Gowanus Canal Flushing Tunnel. I would report:

On March 31, 1905, the Board of Estimate and Apportionment authorized \$750,000 for "the construction of a tunnel, intake and pumping station and other expenses connected with the improvement of the sanitary condition of the Gowanus Canal, Borough of Brooklyn."

A little over half of this contract is finished, and inspection and incidental expenses to date figure up eleven (11) per cent. of the cost of the work, which is not exorbitant. Assuming this rate for the rest of the work, I assume there will be a deficit of about \$40,000 to complete the work, calculated, as follows:

Appropriation, March 31, 1905.....	\$750,000 00
Contract, John Peirce Company.....	\$715,471 70
Additional work, manholes, etc.....	9,300 00
Inspection, 11 per cent. of \$724,771.70.....	79,724 00
Right of access to East River at foot of Degraw street.....	1,000 00
	<u>805,495 70</u>
Apparent deficit .....	\$55,495 70
Premiums (at least).....	16,000 00
Deficit .....	<u>\$30,495 70</u>

—say \$40,000.

The present urgency for this additional appropriation arises from the fact that there is not an available balance to continue paying the inspecting and engineering force; to date, about \$40,000 has been expended for inspection and engineering, which has used up all the available balance and premiums remaining after the contract has been charged against the original appropriation.

Therefore, I recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue an additional amount of Corporate Stock to the amount of \$40,000 for the purpose of providing means for the construction of a tunnel, intake and pumping station and other expenses connected with the improvement of the sanitary condition of the Gowanus Canal, Borough of Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding forty thousand dollars (\$40,000), for the construction of a tunnel, intake and pumping station and for expenses in connection with the improvement of the sanitary condition of the Gowanus Canal, Borough of Brooklyn, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding forty thousand dollars (\$40,000), the proceeds whereof to be applied to the purposes aforesaid.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, in contracting, partly, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, or the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
