The number of dependent children for whose support the City pays at the rate \$150 per annum for each child (Laws 1872, chapter 835), will not be less than 175, amounting to \$26,250.

In addition to the children treated in hospital, more than 8,000 will receive professional attendance in the Out-patient Department of the institution, including, in most instances, surgical apparatus—all the appliances being kept in repair during the term of treatment, which in many instances continues for years.

For the support of this Outdoor Department we rely chiefly on the contributions of the benevolent, and the amount received from paying patients.

As may be seen by the foregoing figures, a balance of \$29,466 must be collected to meet the expenditure.

By section 79 of the New York City Consolidation Act of 1882, the sum to be appropriated for salaries for clerks and other officers of the Board of Aldermen, including the Clerk, is limited to \$25,000. The Board of Estimate and Apportionment in 1888, 1889, 1890, 1891 and 1892, specified the officers and fixed their salaries at \$22,100. In making their final estimates for 1893, however, they added the sum of \$1,200, to be applied to the payment of the salary of a Stenographer and Typewriter in the office of the Clerk of the Common Council, making the amount \$23,300, which will be ample for the ensuing year.

The list is as follows :

Clerk of the Board and ex-officio Clerk of the Common Council.....	\$5,000 00
Deputy Clerk of the Board of Aldermen.....	2,500 00
Stenographer and Typewriter.....	1,200 00
Five clerks, at \$1,200 each.....	6,000 00
Four clerks, at \$1,000 each.....	4,000 00
Librarian for City Library.....	1,000 00
Sergeant-at-Arms, Board of Aldermen.....	900 00
Three Messengers, at \$900 each per annum.....	2,700 00
City Contingencies.....	1,500 00
Contingencies—Clerk of Common Council.....	200 00

Total for the year 1894..... \$88,000 00

— and is an exact duplicate both as to the objects and the amount of expenditures asked for and allowed in each of the past five years, save the five additional Aldermen, as provided for by the Laws of 1892, and with the exception that an additional appropriation of \$900 was made for an additional Messenger in 1891, and \$1,200 for a Stenographer and Typewriter in 1893.

As all the appropriations are made to pay fixed salaries, with the exception of the items for contingencies, it is more than probable they will be all expended. The balance unexpended from the appropriation for "Contingencies" at the expiration of the present year cannot, with any degree of certainty, be estimated at this time.

SUMMARY.

Amount asked for and allowed for year 1893.....	\$88,000 00
Estimate for year 1894.....	88,000 00

COMPTROLLER'S OFFICE,
August 1, 1893.

To MICHAEL F. BLAKE, Esq., Clerk, Common Council :

At a meeting of the Board of Estimate and Apportionment, created by chapter 335 of the Laws of 1873, held July 18, 1893, the following preamble and resolution were adopted, to wit :

"Whereas, Section 189 of the New York City Consolidation Act of 1882, and chapter 106 of the Laws of 1893, provide that

"The Mayor, Comptroller, President of the Board of Aldermen, the President of the Department of Taxes and Assessments, and the Counsel to the Corporation shall constitute the Board of Estimate and Apportionment.

"The said Board shall, annually, between the first day of August and the first day of November, meet, and by the affirmative vote of all the members, make a Provisional Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, in each department and branch thereof, and of the Board of Education, for the then next ensuing financial year.

"For the purpose of making said Provisional Estimate, the heads of departments and the Board of Education shall, at least thirty days before the said Provisional Estimate is required to be made as herein provided, send to the Board of Estimate and Apportionment an estimate in writing, herein called a Departmental Estimate, of the amount of expenditure, specifying in detail the objects thereof, required in their respective departments, including a statement of each of the salaries of their officers, clerks, employees and subordinates.

"The same statement as to salaries and expenditures shall be made by all other officers, persons, and boards having power to fix or authorize them.

"A duplicate of these Departmental Estimates and statements shall be made at the same time to the Board of Aldermen."

"Resolved, That the Comptroller request the heads of all departments, the Board of Education, and the officers of the City and County of New York, to send their Departmental Estimates for the year 1894, in conformity to the foregoing provisions of law, to the Board of Estimate and Apportionment, on or before September 5, 1893."

The Departmental Estimate should state specifically the objects and purposes of all the appropriations required to pay the expenses of conducting the public business of your Department in and for the year 1894. The amount required should be specified for each item of expense, including the salaries paid all officers, clerks and subordinates employed in the Department, giving the names and official titles of the several persons receiving such salaries, respectively, in accordance with the above-cited provisions of law.

Full explanations should accompany the estimates, stating the reasons for any increase or decrease in the amounts, as compared with the appropriations made for 1893, with references to the provisions of law authorizing the amounts of salaries and appropriations of specific sums for special objects and purposes.

A separate comparative statement, in tabular form, showing, in one column, the amounts of all appropriations made to your Department for the year 1893, for different objects and purposes, with additions and deductions therefrom for any transfers which may have been made from one appropriation to another ; and showing, in another column, the amounts of appropriations asked for in your Departmental Estimate for the year 1894, is required to be appended to the Departmental Estimate.

You are requested also to state the amount which may probably remain unexpended of any appropriations for 1893 at the end of the year.

Every item of expense not absolutely necessary for conducting the public business should be excluded, and every item included in the estimates should be reduced to the lowest amount of expenditure consistent with efficient service, in order to secure the utmost economy in the administration of city affairs and make the burden of taxation as light as possible ; and your co-operation

with the Board of Estimate and Apportionment in accomplishing these important objects is earnestly requested.

Your attention is directed to the date fixed for Departmental Estimates to be sent to the Board of Estimate and Apportionment, September 5, 1893. The Board has been much embarrassed in past years by the failure of certain departments and officers to furnish their estimates in time to have them printed. It is requested, therefore, that you send in your estimate promptly in order that it may be duly considered and proper provision made for every branch and object of expenditure within the jurisdiction of your department.

Respectfully,

THEO. W. MYERS, Comptroller.

Which was referred to the Committee on Finance.

UNFINISHED BUSINESS.

Alderman Brown asked for unanimous consent to call up G. O. 506, being an ordinance, as follows:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
August 22, 1893.

To the Honorable the Board of Aldermen:

The Committee on Finance, to whom was referred the assessment rolls of the estates, real and personal, subject to taxation, of and within the City and County of New York, for the year 1893, together with a communication from the Comptroller of the City of New York, transmitting to the Board of Aldermen the Final Estimate made and adopted by the Board of Estimate and Apportionment for said year 1893, accompanied by his certificate of the amount of the appropriations authorized by law to be raised by tax in and for the said year 1893 respectfully submits the following

REPORT:

The assessed valuation of the real and personal estates subject to taxation within the City and County of New York, for the year 1893, as shown by the assessment rolls submitted to the Board of Aldermen by the Commissioners of Taxes and Assessments and referred on July 3, 1893, amounts to the sum of one thousand nine hundred and thirty-three million five hundred and eighteen thousand five hundred and twenty-nine dollars (\$1,933,518,529), which sum is a net increase of one hundred and five million two hundred and fifty-four thousand two hundred and fifty-four dollars (\$105,254,254), over the amount of the assessed valuation for the preceding year, 1892.

As shown by the Comptroller's certificate, submitted to the Board of Aldermen, and referred on May 23, 1893, the aggregate amount of the appropriations included in the Final Estimate for the year 1893, made and adopted by the Board of Estimate and Apportionment on the 31st day of December, 1892, is thirty-seven million four hundred and forty-four thousand one hundred and fifty-four dollars and sixty-eight cents (\$37,444,154.68), from which sum is deducted the sum of \$3,000,000 for and on account of the estimated revenues of the General Fund available for the reduction of taxation in said year 1893, and also the sum of \$266,725.13 added thereto by the Board of Estimate and Apportionment by a resolution adopted April 7, 1893, as per certificate of the Comptroller, leaving the sum of thirty-four million one hundred and seventy-seven thousand four hundred and twenty-nine dollars and fifty-five cents (\$34,177,429.55), as the amount to be raised by tax under the Final Estimate, as adopted by the Board of Estimate and Apportionment on said December 31, 1892.

By section 830 of the New York City Consolidation Act of 1882, the Board of Aldermen is directed to provide for deficiencies in the actual product of taxes that may arise from insolvencies, discounts or rebates for prompt payment, errors in assessed valuations, etc., as follows:

"Section 830. It shall be the duty of the said Board of Aldermen to include in any and every ordinance or resolution passed by them, imposing and levying taxes for any purpose or purposes authorized by law, such sum in addition to the aggregate amount required for such purpose as they shall deem necessary, not exceeding three per cent. of said aggregate amount, to provide for deficiencies in the actual product of the amount imposed and levied therefor."

Your Committee has conferred with the Comptroller in regard to the amount that will be required to provide for and meet such deficiencies as may occur in the actual product of the taxes to be imposed and levied in and for the year 1893, and it has concluded to recommend that the sum of eight hundred and forty-five thousand two hundred and sixty-one dollars and five cents (\$845,261.05) be added to and included in the sum necessary to be raised by tax for the support of the government of the City and County of New York, and for other purposes, as authorized and provided by law, which sum is less than three per centum of the amount so required to be raised by tax, after deducting the estimated amount of the revenues of the General Fund for the reduction of taxation, the addition of which sum makes the total amount of taxes to be imposed and levied upon the real and personal estate subject to taxation within the City and County of New York, in and for the said year 1893, the sum of thirty-five million twenty-two thousand six hundred and ninety dollars and sixty cents (\$35,022,690.60).

Section 11 of Article VIII. of the Constitution of the State of New York provides as follows:

"* * * The amount hereafter to be raised by tax for county or city purposes in any county containing a city of over one hundred thousand inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year two per centum of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt."

As the assessed valuation of the real and personal estate of and within the City and County of New York, for the year 1893, is \$1,933,518,529, and two per centum of this sum is \$38,670,370, the total amount of the tax to be raised for city and county purposes for the year 1893, after providing for the principal and interest of existing city and county debt, and deducting also the amount of the State Tax to be raised in said year 1893, is less than the limit prescribed by the State Constitution, as shown by the following statement:

Amount of taxes to be raised as per Final Estimate, adopted December 31, 1892	\$34,177,429 55
Amount added for deficiencies	845,261 05
Total	\$35,022,690 60
Deduct—	
State Taxes	\$3,554,458 33
Principal of the City Debt, as per Final Estimate for 1893	1,499,021 10
Interest on the City Debt, as per Final Estimate for 1893	4,948,582 09
	10,002,061 52
Remainder	\$25,020,629 08

This sum of \$25,020,629.08 is less than two per centum of the said assessed valuation of the real and personal estate of the City and County of New York, subject to taxation for the year 1893, which percentage amounts, as above stated, to the sum of \$38,670,370, leaving a very large margin within the limitation of taxes prescribed by the provision of the State Constitution above cited.

Sections 3 and 8 of chapter 361 of the Laws of 1881 provide as follows:

"Section 3. Every corporation, joint stock company or association whatever, now or hereafter incorporated or organized under any law of this state, or now or hereafter incorporated or organized by or under the laws of any other state, or country, doing business in this state, except savings banks and institutions for savings, life insurance companies, banks and foreign insurance companies, and manufacturing corporations carrying on manufacture within this state, which exception shall not be taken to include gas companies or trust companies, shall be subject to and pay a tax, as a tax upon its corporate franchise or business, into the treasury of the state annually, etc."

"Section 8. The corporations, joint stock companies and associations mentioned in this act as taxable shall hereafter be exempt from assessment and taxation for state purposes, except upon their real estate and as herein provided; but they shall in other respects be liable to assessment and taxation as heretofore."

The total amount of the assessed valuation of the personal estate of corporations, joint stock companies or associations, doing business in the City of New York, which are found to be exempt under this statute from assessment and taxation on their personal estate for "State purposes" in the year 1893, as appears by a detailed statement thereof on file in the Finance Department, is eighty-six million nine hundred and thirty-three thousand three hundred and six dollars (\$86,933,306).

The above-cited provision of law requires, therefore, a special rate of tax to be imposed upon the personal estates of corporations which are exempt from taxation for State purposes, differing from and less than the general tax rate upon real and personal estate subject to taxation for city and county purposes.

The total amount of taxes to be raised in 1893 is as follows:

Total appropriations as per Final Estimate, December 31, 1892	\$37,444,154 68
Deduct amount of Estimated Revenues of General Fund as per Final Estimate, December 31, 1892	\$3,000,000 00
Amount added by resolution of Board of Estimate and Apportionment, April 7, 1893	266,725 13
	3,266,725 13
Amount to be added for deficiencies as above stated	\$34,177,429 55
	845,261 05
Total amount of tax	\$35,022,690 60

The rates of taxation which will produce this sum are a general rate upon the valuation of real and personal estate, subject to taxation for all city and county purposes, and a special rate upon the valuation of the personal estate of corporations exempt from taxation thereon for State purposes, as follows:

General rate for City and County purposes:	
Valuation, \$1,846,585,223 at 1.82 per cent.	\$33,607,851 05
Special rate for corporations:	
Valuation, \$86,933,306 at 1.6275 per cent.	1,414,839 55
Total tax	\$35,022,690 60

An ordinance to impose the taxes and fix the rates of taxation which will produce the total amount of taxes required to be raised in and for the year 1893, for the objects and purposes therein set forth, is respectfully submitted herewith for the approval and adoption of the Board of Aldermen.

AN ORDINANCE to provide the necessary means for the support of the Government of the City of New York and the Board of Education, and for the payment of the quota of the State taxes, and for other purposes, pursuant to the provisions of law, in and for the year 1893.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:

Section 1. There shall be and is hereby imposed and levied upon the estates, real and personal, subject to taxation of and within the City and County of New York, the sum of thirty-four million one hundred and seventy-seven thousand four hundred and twenty-nine dollars and fifty-five cents, to pay the expenses of conducting the public business of the said city and county, in each department and branch thereof, and of the Board of Education, for the year 1893; also such sum as is necessary to be raised by tax to pay the principal of any bonds and stocks which become due and payable during the said year, which is not otherwise provided for; also the amount to be raised by tax annually, which, with the accumulations of interest thereon, will be sufficient to redeem the stocks and bonds issued to provide for the supply of water, pursuant to the provisions of section 11 of article VIII. of the Constitution of the State of New York, as amended in 1884; and also so much as may be necessary to pay the proportion of the State Tax required to be paid by the City and County of New York in said year 1893, as provided by the Board of Estimate and Apportionment, which sum of thirty-four million one hundred and seventy-seven thousand four hundred and twenty-nine dollars and fifty-five cents (\$34,177,429.55), so imposed and levied by this ordinance, is that portion of the amount appropriated for such purposes as estimated by the Board of Estimate and Apportionment of said city and county in its Final Estimate for the fiscal year 1893, made and adopted on Saturday, December 31, 1892, amounting in the aggregate to thirty-seven million four hundred and forty-four thousand one hundred and fifty-four dollars and sixty-eight cents (\$37,444,154.68), remaining after deducting therefrom the sum of three million dollars (\$3,000,000) supplied by the General Fund for the reduction of taxation, and also the sum of two hundred and sixty-six thousand seven hundred and twenty-five dollars and thirteen cents (\$266,725.13) transferred to the General Fund by a resolution of the Board of Estimate and Apportionment, April 7, 1893, under chapter 186, Laws of 1893, as stated by the Comptroller of the City of New York, in a communication dated May 23, 1893, submitted to the Board of Aldermen on the same date, together with his certificate of the amount of the appropriations made in the Final Estimate for the said year 1893, copies of which communication and certificate, and of the said Final Estimate, are as follows:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
May 23, 1893.

To the Honorable the Board of Aldermen of the City of New York:

Section 212 of the New York City Consolidation Act of 1882 provides as follows: "It shall be the duty of the Comptroller of said city to prepare and submit to the Board of Aldermen at least four weeks before their annual meeting, in each and every year, for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in that year, on account of the corporation of the City of New York, or for city purposes within said city; and also an estimate of the probable amount of receipts into the city treasury during the then current year, from all sources of revenue of said general fund, including surplus revenues from the sinking fund available in accordance with law, other than the surplus revenues of the sinking fund for the payment of the city debt, and the said Board of Aldermen are hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and cause to be raised by tax in said year for the purposes aforesaid, and to cause to be raised by tax only the balance of said aggregate amount, after making such deduction."

In pursuance of the foregoing provision of law, I have the honor to submit to your Honorable Body a statement setting forth in detail the amount by law authorized and required to be raised by tax in and for the year 1893, on account of the Corporation of the City of New York, or for city purposes within said city, as follows, to wit:

The Final Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, in each Department and branch thereof, and of the Board of Education, for the fiscal year 1893, as adopted by the Board of Estimate and Apportionment on Saturday, December 31, 1892, for which appropriations were made, aggregating the sum of thirty-seven million four hundred and forty-four thousand one hundred and fifty-four dollars and sixty-eight cents (\$37,444,154.68), in which estimate is included such sum as is necessary for the payment of interest on the bonds of the said City and County which becomes due and payable within said year which is not otherwise provided for; also such sum as is necessary to be raised by tax to pay the principal of any bonds and stocks which become due and payable during the said year which is not otherwise provided for; also the amount to be raised by tax annually, which with the accumulations of interest thereon will be sufficient to redeem the stocks and bonds issued to provide for the supply of water, pursuant to the provisions of section 11 of article VIII. of the Constitution of the State of New York, as amended in 1884; also the amount appropriated to charitable institutions required by law, and also so much as may be necessary to pay the proportion of the State tax required to be paid by the City and County of New York in said year 1893.

The amount of estimated receipts, together with unexpended balances of appropriations, as ascertained by the Board of Estimate and Apportionment in making the Final Estimate for the present year, was fixed at \$3,000,000. This amount has been increased by the addition of \$266,725.13, transferred to the General Fund, pursuant to the provisions of chapter 186, Laws of 1893, making a total of \$3,266,725.13, which is to be deducted from the aggregate amount of the Final Estimate.

FORT WASHINGTON RIDGE ROAD COMMISSION.

FORT WASHINGTON RIDGE ROAD COMMISSION,
Room 76, No. 115 Broadway,
NEW YORK, July 20, 1893.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES FOR REGULATING AND GRADING FORT WASHINGTON RIDGE ROAD, FROM ELEVENTH AVENUE BOULEVARD AND ONE HUNDRED AND FIFTY-NINTH STREET TO KINGSBRIDGE ROAD.

In pursuance to chapter 114, Laws of 1892.

SEALED ESTIMATES FOR THE ABOVE work, indorsed with the above title, also with the name of the person or persons making the same, and the date of presentation, will be received at the office of the Commissioners of the Fort Washington Ridge Road, until 12 o'clock M., of September 11, 1893, at which place and hour the estimate will be publicly opened by the Commissioners and read, and the award of the contract, if awarded, will be made to the lowest bidder, with adequate security, as soon thereafter as practicable. The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and thereupon the work will be readvertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioners of the Fort Washington Ridge Road may designate.

Bidders are required to state in their estimates under oath, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party making the same, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all parties interested.

N. B.—The price must be written in the bid and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are called herein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioners of the Fort Washington Ridge Road to reject any or all bids which they may deem prejudicial to the public interests. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Corporation.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for his faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation of the City of New York any difference between the sum to which he would be entitled on its completion and that which the said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in these proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of the City of New York.

The successful bidder will be strictly held to the time bid for the completion of the work and to the conditions of the Specifications.

The Surveyor's estimate of the nature and extent of the work to be done and materials to be furnished is as follows:

7,077 cubic yards of earth excavation,
8,000 cubic yards of rock excavation,
3,000 cubic yards of embankment to furnish,
1,472 cubic yards of dry masonry.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible in advance, are approximate only, bidders are required to submit their estimate upon the following express conditions, which shall apply to and become part of every estimate received.

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work and by such other means as they may choose, as to the accuracy of the foregoing estimate, and shall not, at any time after the submission of an estimate, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the depth of the excavation to be made, or the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Commissioners and in substantial accordance with the specifications hereto annexed and the plans therein referred to. No extra compensation, beyond the amount payable for the several classes of work before enumerated which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of one thousand dollars. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the Chairman of the Commission, and no estimate can be received until such check or money has been examined by said Chairman and found to be correct. All such deposits, except that of the successful bidder, will be

returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders will state in their estimates the PRICE for excavating earth, per cubic yard; the price for excavating rock, per cubic yard; the price for embankment, per cubic yard; the price for dry masonry, per cubic yard; they will also state the time required for the completion of the whole work, which will be tested at the rate of THREE DOLLARS AND FIFTY CENTS per day; it being understood that the time so bid refers to the aggregate time of such Inspectors as may be appointed upon the work, on days specified as working days, according to the terms of the annexed agreement, and not to single consecutive days; and that the damages specified in the contract will be exacted for each and every day that the said aggregate time of the Inspectors who may be employed on the work may exceed the time stipulated for the completion of the whole work.

The following allowance will be made to the Contractor for Inspectors' time where the amount of work returned on the completion of the contract exceeds the amount estimated in the specifications; one day for every 25 cubic yards of Rock Excavation over and above the amount estimated; one day for every 50 cubic yards of Earth Excavation over and above the amount estimated.

Bidders are required to write out the amount of their bids, in addition to inserting the same in figures.

Bidders are particularly cautioned that a provision in the contract authorizes the sum of TWENTY-FIVE CENTS per linear foot of the work done under this agreement to be retained out of the contract moneys, as security for keeping the whole work, when completed, in good order for a period of six months from the date of its acceptance by the Commissioners of the Fort Washington Ridge Road, which shall be finally accepted upon the completion of the work, not including in the computation of the said period the months of December, January, February and March.

N. B.—Boulders, bladed rock or broken stone will not be allowed for as rock, but must be included in the earth excavated, unless they are of a size to require blasting in order to be removed, which fact will be determined by the Engineer. No soft or disintegrated rock that can be properly removed with a pick will be allowed for as rock.

The amount of SECURITY required for the faithful performance of the contract for the above work will be \$5,000.

The Contractor to notify the Commissioners of the Fort Washington Ridge Road, and the Surveyor, in writing, before commencing the work.

Work or materials not specified and for which a price is not fixed in the contract, will not be allowed for.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from this Commission.

Blank forms of estimates and further information it required can be had on application at this office.

The form of agreement, including the specifications, is annexed.

ESTIMATES FOR DREDGING AT PIER, NEW 40, and at Pier, new 59, on the North river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 11 o'clock A. M. of

TUESDAY, SEPTEMBER 5, 1893,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Thirty-seven Hundred Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged in order to secure at the premises mentioned the depth of water set opposite thereto in the specifications is as follows:

ON THE NORTH RIVER.

Pier, new 40.....	30,600 cubic yards.
Pier, new 59.....	16,000 "
Total	46,600 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed dredging and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 16th day of October, 1893, or within as many days thereafter as the half slip on the north side of Pier, new 40, North river, is occupied by vessels or the contractor is otherwise detained from completing the work, after the date of the execution of this contract, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per cubic yard, for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders must distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above

to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

TUESDAY, SEPTEMBER 5, 1893.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of Sixteen Thousand Dollars.

The Engineer's estimate of the work to be done is as follows:

Class 2—120 Coping-stones, containing about 9,600 cubic feet.

For further particulars, see the drawings referred to in the specifications forming part of the contract.

N. B.—As the above-mentioned quantities of cubic feet, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of similar stones now owned by the Department of Docks, and of the plans and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic foot, to be specified by the lowest bidder, shall be due or payable for the entire work.

The first delivery of granite under this contract will be made as soon as practicable after the date of the execution of this contract, and will proceed thereafter with reasonable dispatch, and all the work to be done under this contract is to be fully completed on or before the 20th day of December, 1893, and the amounts in each delivery are to be divided between the several classes, as ordered by the Engineer-in-Chief. The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates the price per cubic foot for the stones to be furnished, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in

the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 15th day of October, 1893, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard, for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect of paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
No. 300 MULBERRY STREET.

TO CONTRACTORS.**PROPOSALS FOR ESTIMATES.**

SEALED ESTIMATES FOR SUPPLYING THE Police Department with Stationery and Printing for election purposes will be received at the Central Office of the Department of Police in the City of New York, until twelve o'clock M. of Tuesday, the 12th day of September, 1893.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Stationery and Printing," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder with adequate security, as soon thereafter as practicable.

For particulars as to the quantity and kind of Stationery and Printing required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state a price for the work and material furnished in accordance with the specifications. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of Stationery and Printing is to be put up in boxes and delivered at such times and places, and in such quantities in each place, as shall be directed by the Chief of the Bureau of Elections.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of TWO THOUSAND FIVE HUNDRED DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for his faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Samples of Stationery and Printing required may be examined and blank forms for estimates may be obtained by application to the Chief of the Bureau of Elections, at his office in the Central Department.

By order of the Board.
