### PUBLIC NOTICE.

**AN ORDINANCE GRANTING TO THE WEST TENTH STREET CONNECTING RAILWAY COMPANY THE RIGHT OR FRANCHISE TO CONSTRUCT AND OPERATE A STREET SURFACE RAILROAD IN, UPON AND ALONG CERTAIN STREETS, AVENUES, PARKWAYS AND HIGHWAYS IN THE CITY OF NEW YORK.**

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

**WHEREAS**, the West Tenth Street Connecting Railway Company has duly presented to the Municipal Assembly of The City of New York, by presenting and filing with each house thereof, its application, in writing, for a grant of the franchise or right to use the streets, avenues, parkways and highways in The City of New York hereinafter mentioned, for the construction, maintenance and operation of a single-track street surface railroad in or upon the surface of the same; and

**WHEREAS**, the said Municipal Assembly, by resolution adopted March 20, 1901, approved by its Honor the Mayor of said City on March 28, 1901, gave public notice of such application, and that at the Council Chamber, in the City Hall, in The City of New York, on the 24th day of April, 1901, at 2 o'clock in the afternoon, such application of said railway company would be first considered and a public hearing held thereon, which notice was published daily for at least three (3) days successively prior to the hearing, in two daily papers published in The City of New York, viz., in the "New York Press" and in the "New York Journal and Advertiser," which papers were first designated, in writing, by his Honor the Mayor of said City, on March 20, 1901; and

**WHEREAS**, after public notice given as aforesaid and at a public hearing duly held in pursuance of such notice, wherein all persons so desiring were given an opportunity to be heard and were heard, such application was first considered by the Railroad Committee of both houses of said Municipal Assembly;

**SECTION 1.** The Municipal Assembly of The City of New York hereby grants to the West Tenth Street Connecting Railway Company, subject to the conditions and provisions hereinafter set forth, the right and franchise to use the streets, avenues, parkways and highways of the said City, and to construct, maintain and operate a single-track street surface railroad in and upon the following streets, avenues, parkways and highways, viz.: Commencing at the intersection of Sixth Avenue and West Tenth Street, in The City of New York, running southerly with single track through, upon and along West Tenth Street in the intersection of said West Tenth Street with Greenwich Avenue, all in the Borough of Manhattan, City of New York.

**SEC. 2.** The grant of said franchise or right to use said streets, avenues, parkways and highways is made subject to the following conditions:

**FIRST.** That the said right, privilege and franchise to construct and operate its said railway shall be held and enjoyed by said railway company, its lesser or successors, for the term of twenty-five years with the privilege of a renewal of said grant for the further period of twenty-five years upon a fair valuation of the right, such valuation to be at the right, privilege and franchise to maintain and operate said railroad by itself, and not to include any value derived from the ownership, control or operation of any other railroad, line or tracks by the grantee, its successors or assigns; provided, however, that the consent of the owners of one-half in value of the property bounded on such streets, avenues, parkways and highways shall be first obtained, or an order thereof the favorable determination of three Commissioners, approved by the Appellate Division of the Supreme Court, that such railroad should be constructed and operated.

**SECOND.** Upon the termination of the said franchise or right, whether original or renewed, there shall be a fair valuation of the plant and property of the grantee in the streets, avenues, parkways and highways aforesaid, with its appurtenances; and the said plant and property shall be and become the property of the City on the termination of the grant on paying the grantee such valuation. Such payment shall be at a fair valuation of the said plant and property as property, excluding any value derived from the franchise.

**THIRD.** The mode of determining the valuations and revaluations herein provided for shall be as follows: One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder; the three so chosen shall act as appraisers and shall make the valuations and revaluations aforesaid. Such appraisers shall be chosen at least sixty days prior to the expiration of the grant, or of the renewal thereof, and their reports shall be filed with the Comptroller of the City not more than thirty days thereafter. They shall act as appraisers and not as arbitrators; they may base their judgment upon their own experience and upon such information as they may obtain by inquiry and investigation without the presence of either party; they shall have the right to examine the books of the railroad company. The valuation as ascertained, fixed and determined shall be conclusive upon both parties.

**FOURTH.** The said West Tenth Street Connecting Railway Company shall, for and during the first five years after the commencement of the operation of any portion of its railroad, annually, on November 1, pay into the treasury of the City, to the credit of the Sinking Fund thereof, three per cent. of its gross receipts for and during the year ending September 30 next preceding; and after the expiration of such five years make a like annual payment into the treasury of the City, to the credit of the same fund, of five per cent. of its gross receipts, as required by section 93 of the Railroad Law, for each percentage of gross receipts shall not be less than one hundred and fifty dollars (\$150) annually for the first five years and not less than three hundred dollars (\$300) annually thereafter.

That but one fare shall be charged for passage over the railroad constructed under this grant and over the lines of any railroad system or systems operated in connection therewith, and that the gross receipts from joint business shall be divided in the proportion that the length of said railroad operated hereunder shall bear to the entire length of the railroad system or systems which shall be operated in connection therewith, and of the railroad to be constructed hereunder.

**WHEREAS** and whenever this connecting railway shall make it possible for the cars of a non-percentage paying line to operate upon the tracks of a percentage paying line, the former line shall keep a separate and accurate account of all fares collected from passengers

who enter said cars upon the routes of percentage lines, and account to the City for them the same as if they had been collected on the percentage line, and to pay the same percentage thereon as is now provided by law to be paid by the company upon whose route they operate.

**FIFTH.** The said railroad may be operated by underground electrical power substantially similar to the system of underground electrical traction now in use on the railroads in Second, Sixth, Eighth, Ninth and Madison avenues in this city, and by any other motive power, except locomotive steam power, which may be approved by the Board of Railroad Commissioners and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

**SIXTH.** The said railroad shall be constructed and maintained subject to the supervision and control of the Commissioner of Highways and the Commissioner of Public Buildings, Lighting and Supplies of The City of New York, in all matters with respect to which said Commissioners are respectively invested with the power of regulation and control by the Charter of said city; and the consent of the City, as owner of property located on West Tenth Street and on Christopher Street, is hereby given to the operation of the railroad now or hereafter constructed on said streets by the forms of motive power provided in section fifth.

**SEC. 3.** The said grant is also upon the further conditions, namely:

**FIRST.** The said railroad shall be constructed and operated in the latest improved manner of street railway construction, and the railroad and property of said company shall be maintained in good condition throughout the full term of this grant.

**SECOND.** The rate of fare for any passenger upon said railroad shall be five cents; and said company shall not charge any passenger more than said sum for one continuous ride from any point on its road, or any road, line or branch operated by it or under its control, to any point thereon or any connecting branch thereof within the limits of The City of New York. The cars on said railroad shall be run as often as the public convenience may require.

**THIRD.** The said railroad company shall apply to each car a proper fender and wheel-guard conformably to such laws and ordinances as may hereafter be enacted or adopted by the State or City authorities.

**FOURTH.** All acts of said railroad company shall be limited during cold weather, conformably to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

**FIFTH.** In case of any violation or breach of or failure to comply with any of the provisions of this section, the grant may be forfeited by suit brought by the Corporation Council on notice of ten days to the said railroad company.

**SEC. 4.** This grant is also upon the further and expressed condition that the provisions of article IV. of the Railroad Law applicable thereto be complied with.

**SEC. 5.** The said company shall at all times keep the street between its tracks and for a distance of two feet beyond the rails upon either side thereof free and clear from ice and snow.

**SEC. 6.** The said railroad company, so long as it shall continue to use any of its tracks upon said streets, avenues or public places, shall have and keep in permanent repair that portion of such streets, avenues and public places between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe.

**SEC. 7.** This grant shall not become operative unless, within ten days after the approval thereof by the Mayor of said City, or the final passage thereof succeeding the return with the disapproval thereof, or subsequent to the taking effect of said grant by reason of the failure of said officer to return the same with his disapproval, the said railroad company shall duly execute under its corporate seal an instrument in writing, wherein said company shall promise, covenant and agree on its part and behalf to pay the compensation and to conform to, abide by and perform all the conditions and requirements in this ordinance fixed and contained, and within the said period file the said instrument in the office of the Comptroller of The City of New York.

**SEC. 8.** This ordinance shall take effect immediately. Published in accordance with a resolution adopted by the Municipal Assembly of The City of New York on the 24th day of May, 1901, and approved by his Honor the Mayor on the 24th day of May, 1901.
