(2) NEW YORK CENTRAL & HUDSON RIVER RAILROAD—ELEVENTH AVENUE TRACKS. C-21

The Secretary presented the following communication from F. K. Pendleton, Corporation Counsel, which was ordered filed:

CITY OF NEW YORK, LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, July 30, 1908.

In re New York Central & Hudson River Railroad Company, Matter of condemnation of tracks at grade in the streets of the Borough of Manhattan.

Hon. WILLIAM R. WILCOX, Chairman, Public Service Commission, First District:

Sir—I duly received from the Secretary of your Commission, certified copies of the resolutions adopted by the Public Service Commission, First District, on the 15th day of November, 1907, adopting and approving maps as provided by chapter 109 of the Laws of 1906, "showing streets, avenues, public parks and places of the City of New York, Borough of Manhattan, on which the New York Central and Hudson River Railroad Company now operates cars at grade, and showing on said streets, avenues, public parks and places, the location of the tracks of said company," etc., together with two copies of the maps so adopted and approved.

Said resolution of November 15, 1907, directed the Corporation Counsel to take legal proceedings to condemn, terminate, extinguish or acquire all valid or lawful

rights, privileges, franchises and grants, if any exist, to operate cars or trains at grade, on, across, through or along the sections of all streets, etc., shown upon said maps, as provided by chapter 109 of the Laws of 1906.

Chapter 109 of the Laws of 1906 is entitled "An Act to terminate the use of streets, avenues and public places in The City of New York, in the Borough of Manhattan, by railroads operated by steam locomotive power at grade," and became a law on March 26, 1906. Section 1 of that act provides as follows:

"The board of rapid transit commissioners in and for the cities having over one million inhabitants is hereby empowered and directed as speedily as possible to prepare a plan for the removal of the tracks of railways now operated by steam locomotive power, laid on, across, through or along the public streets, avenues or public parks or places of the City of New York, in the Borough of Manhattan at grade; and to terminate the operation thereof in any railway by steam locomotive power; and to take such action in that regard as herein provided."

Section 2 of the act provides as follows:

"The said board of rapid transit commissioners is hereby empowered and instructed to prepare a plan and make an agreement with any railroad company or companies now so operating a railroad by steam locomotive power in the Borough of Manhattan, in the City of New York, which railroad is now operated at grade as aforesaid in said borough, said plan and agreement to provide in detail for the construction by the railroad company or companies, at its or their own cost, of a subway under the roadbed of the present tracks, or under such other street or streets, avenues or public or private property as may be agreed upon to which said tracks shall be removed and on which shall be operated, subject to the regulation of the board of rapid transit commissioners, a freight, passenger or freight and passenger railway business under a franchise, the terms and duration whereof shall be in such agreement fixed and determined, and such plan and agreement further to provide that as a condition of said agreement and as a part of the consideration therefor, all present franchises of every kind on, across, through and along such streets, avenues and public parks and places where said railroad is so operated by such steam locomotive power at grade shall be surrendered and canceled and the tracks thereof shall, at the cost of the railroad company or companies, be removed therefrom and that the right and franchise to operate said railroad thereon shall cease. The board of rapid transit commissioners may grant to said company or companies an additional franchise to lay in said subway such additional tracks as may be agreed upon and to operate thereon a freight, passenger or freight and passenger business under such terms and for such compensation as shall be fixed by said board in said grant. It shall be further stipulated in said agreement that the consent of the board of rapid transit commissioners shall be obtained and proper compensation be fixed by said board as a condition to said company or companies making any connection or connections between said subway and other subways to be owned or occupied by said company or companies or by any other company or companies."

Section 3 of the act provides:

"Said plan shall provide further the time within which such work shall be done which shall be under the supervision and control of the board of rapid transit commissioners. The board of rapid transit commissioners shall prepare such plan and the maps and drawings necessary thereto as speedily as possible. No agreement for the changes proposed by this act or for the plan herein provided for shall be binding or take effect until the contract, the said plan and the maps in connection therewith prepared by and under the direction of the board of rapid transit commissioners shall have been submitted to the board of estimate and apportionment of the City of New York and shall have been approved by said board. Upon said approval, the said contract may be executed by the board of rapid transit commissioners and said railroad company or companies, and shall thereupon be binding upon the City of New York, upon said board of rapid transit commissioners and upon said railroad company or companies. After said contract shall have gone into effect, the enforcement thereof and of the several provisions therein contained shall be a part of the duties of said board of rapid transit commissioners which shall in its own name take such proceedings in law or in equity as may be from time to time necessary to enforce the same."

Section 4 of the act provides as follows:

"In case the board of rapid transit commissioners shall be unable within twelve months after this act takes effect (the act took effect March 26, 1906) to agree as herein provided with said railroad company upon a plan as contained in the preceding section and obtain the approval thereof of the board of estimate and apportionment, the said board of rapid transit commissioners shall thereupon condemn all and any rights, privileges and franchises of any such railroad company or companies to operate by locomotives using steam or other power, cars or trains for carrying freight and passengers at grade on, across, through or along streets, avenues, public parks or places of the City of New York, Borough of Manhattan, and cause the tracks of such railroad or railroads, to be removed therefrom."

It will be seen that the act (82) empowered and instructed the Board of Rapid Transit Commissioners (1) to prepare a plan and (2) make an agreement with any railroad company operating a railroad at grade in the streets of the Borough of Manhattan, which plan and agreement shall provide in detail for the construction, by such railroad company at its own cost, of a subway under the roadbed of the present tracks or under such other streets, etc., as may be agreed upon, to which such tracks shall be removed.

The power to condemn, contained in section 4 of the act, is, in express terms, made conditional upon the Board of Rapid Transit Commissioners being unable to agree with such railroad company within twelve months after the act takes effect, upon a plan as contained in the preceding section, i. e., a plan prepared by the Board of Rapid Transit Commissioners providing for the removal of all the tracks at grade, in the streets, etc., to a subway to be constructed by the railroad company at its expense.

The Chief Engineer of the Board of Rapid Transit Commissioners, pursuant to the provisions of section 2 of the act, prepared a plan for the removal of the tracks of the New York Central and Hudson River Railroad, from grade, which plan was submitted to the Board of Rapid Transit Commissioners, together with his report thereon, under date of November 14, 1906, and such plan and report were presented at the regular meeting of the Board of Rapid Transit Railroad Commissioners held on the 15th day of November, 1906.

The plan so prepared by the Chief Engineer provided for placing the tracks of the New York Central and Hudson River Railroad on the west side of the Borough of Manhattan below 60th Street in a subway as provided by the terms of the act. The Chief Engineer's plan provided, however, that for that portion of the line of the railroad north of 60th Street, and between that point and Spuyten Duyvil Creek, the tracks of the railroad at the point where they intersected streets should remain at their present grade, and that the streets should be carried over the tracks by an elevated viaduct, except in that portion of the route crossing Manhattan Valley, and excepting also 12th Avenue between 135th and 141st Streets, where the plan provided that the tracks should be placed upon an elevated structure, over the streets which should remain at their present grade.

The Chief Engineer's plan provided for two separate routes south of 60th Street designated respectively, Alternative Plan No. 1 and Alternative Plan No. 2. North of 60th Street, however, the plan remained the same irrespective of whether Alternative No. 1 or Alternative No. 2 should be adopted south of 60th Street.

These were the only plans prepared by the Board of Rapid Transit Commissioners and they formed the basis of all the negotiations between that board and the officials of the New York Central and Hudson River Railroad Company. It will be observed that this plan does not comply with the provisions of the act which provides for a plan for a subway to which all of the tracks now operated at grade should be removed.

Mr. George S. Rice, the Chief Engineer of the Board of Rapid Transit Commissioners, who prepared the above plan, recognized that the same did not comply with the provisions of chapter 109 of the Laws of 1906 as will be seen from his report to

the Board of Rapid Transit Commissioners under date of November 14, 1906, which contains the following reference to the plan or plans submitted therewith:

"The act contemplates an agreement with the railroad company which shall provide for the construction by the company, at its own cost, of a subway either under the roadway of the present tracks, or under other streets to which the tracks shall be removed. As a condition of the agreement, all present franchises of every kind on, across, through and along such streets are to be surrendered and the tracks removed therefrom at the cost of the railroad company. The act, therefore, looks only to the construction of subways in lieu of the present surface tracks.

"Nevertheless, I think that from 72d Street to Spuyten Duyvil Creek, assuming that the railroad here is on its own right of way, it would be a far more practicable method of dealing with the subject to have the tracks remain at the present elevation, except at the crossing of Manhattan Valley between 120th and 138th Streets, where I should propose to elevate the tracks. At the other street crossings of this portion of the route, I should propose to elevate the streets and have the same cross above the railroad tracks and from the west side of the railroad, each street would go down on an incline, parallel to the railroad, until it reached the level of the wharves or piers along the river front. The above seems to be the most practical mode of avoiding any grade crossing of streets and railroad tracks for this portion of the route, although it will require an amendment to the act, but such amendment would not appear to be inconsistent with the main purpose of the legislation.

"Subways at these crossings could be built but the expense would be very great and it does not seem to be a desirable thing to do as the main object of the act can be obtained at a much lower expense.

"I submit herewith a plan showing the manner in which it is recommended that the street crossing north of 50th Street should be dealt with. If it is thought necessary to have plans for subways under the crossed streets on this part of the route, such plans can be readily prepared."

Plans for subways north of 60th Street, however, were never prepared and, so far as appears from the information in my possession, no attempt was ever made by the Board of Rapid Transit Railroad Commissioners to agree upon such a plan with the officials of the New York Central and Hudson River Railroad Company.

The matter of making an agreement with the New York Central and Hudson River Railroad Company for the removal of their tracks in accordance with the provisions of chapter 109 of the Laws of 1906 was referred by the Board of Rapid Transit Railroad Commissioners to a special committee of its members consisting of His Honor, Mayor McClellan, Morris K. Jesup, and Charles Stewart Smith, to investigate and report in relation thereto.

The Special Committee so appointed made a report to the Board of Rapid Transit Railroad Commissioners at a meeting of said board held on February 25, 1907 (which report will be found in the printed minutes of the Rapid Transit Commissioners, Volume 7, page 4753). The Committee, among other things, reports as follows:

"Your Committee by its representatives has had a number of conferences with the representatives of the Railroad Company in which the whole subject of the west side tracks in the Borough of Manhattan has been minutely discussed. As the result of these conferences, a plan has been tentatively agreed upon as follows:

The Railroad Company agrees to build a subway at its own expense from its present freight yard at or about 30th Street and Eleventh Avenue, up Eleventh Avenue to a point where it will join the present track system between 61st and 67th streets and Twelfth Avenue. The subway is to be of sufficient width to accommodate not more than six tracks and is to be constructed at such grade as not to require any change of grade on the surface of Eleventh Avenue north of 36th Street.

From the railroad yards near 60th Street, the Railroad Company is to continue with not more than six tracks at their present grade to a point near where the prolongation of 122d Street would intersect the present tracks, from which point the tracks are to rise in grade so as to cross 120th, 121st, 122d, 123d, 124th and 125th Streets on a viaduct with a clearance of at least fifteen feet between the lowest portion of the railroad structure and the established grade of the streets above mentioned; the tracks to descend and to join the present grade of the tracks at about 145th Street; from this latter point not more than six tracks to continue at the present grade to Spuyten Duyvil where they are to join the present main line. * * *

It is further agreed that the disposition to be made of the company's tracks south of 30th Street—which is a matter involving a number of other considerations than those that apply to the road north of that point—shall be the subject of further examination and discussion.

In order to carry out the plans thus far agreed upon, it will be necessary to secure some additional legislation. Chapter 109 of the Laws of 1906, commonly known as the Saxe Law, directed this board to prepare a plan for the removal of the tracks above referred to from the surface of the streets and empowered the Board to make an agreement with any railroad company now operating a railroad by steam locomotive power in the Borough of Manhattan for removing its tracks from all streets upon which the railroad was operated at grade.

In accordance with the provisions of that act, the Board will remember that its engineer was instructed to make a careful study of the situation and to prepare such plan as the Saxe Law contemplated, and that Mr. Rice did, under date of November 14, 1906, present a comprehensive report accompanied by complete maps showing how the west side tracks of the New York Central Railroad could be removed from the surface of the streets by placing them in subways south of 50th Street. North of 50th Street, Mr. Rice reported that the most practical way of avoiding any grade crossing of streets would be to have the tracks remain at their present elevation, except at the crossing of Manhattan Valley, between 120th and 138th Streets, where he proposed to elevate the tracks. At the other street crossings of this portion of the road he proposed to elevate the streets and have the same cross above the elevated tracks and go down on an incline, parallel to the railroad, until the level of the wharves or piers along the river front is reached. Mr. Rice pointed out also that the main object of the act could thus be obtained and that an amendment to enable this to be done would not appear to be inconsistent with the purpose of the legislation. * * *

Having these facts in view, it is proposed to have a bill drawn which will authorize the carrying out of the tentative agreement above outlined and will substitute for the rigid provisions of the Saxe Law authority, first, to construct the road north of 50th Street in the manner recommended by Mr. Rice; second, to postpone for the present the solution of the difficulty south of 30th Street, and third, to add to the requirements of the Saxe Law the condition that electricity should be substituted for steam for operating the road with the exception already noted.

Under date of April 21, 1908, I addressed a communication to you calling attention to the provisions of the Saxe Law which empower and instruct the Board of Rapid Transit Railroad Commissioners to prepare a plan and make an agreement with any railroad company operating a railroad in the streets of the Borough of Manhattan at grade, and stated that although I was aware that no agreement had been made for the removal of the tracks as provided in the Saxe Law, I had no knowledge of what had been done in an attempt to agree, and requested to be furnished with a copy of the plan and proposed agreement prepared by the Public Service Commission, or its predecessor, providing for the removal of the tracks and with such information as might be of record in the office of the Public Service Commission relating to the negotiations had with the officials of the New York Central and Hudson River Railroad Company in the attempt to arrive at an agreement in accordance with the terms of the Saxe Law.

Under date of May 2, 1908, I received from you a reply to said communication reading as follows:

"The Saxe Act went into effect March 26, 1906. Thereafter conferences as to procedure under the Act were had between Mr. George L. Rives, Counsel for the Board of Rapid Transit Railroad Commissioners and Mr. Ira A. Place, General Counsel for the New York Central and Hudson River Railroad Company. A consultation was also had between Mr. George S. Rice, Chief Engineer for the Board of Rapid Transit Railroad Commissioners, and Mr. William J. Wilans, Vice-President of the New York Central & Hudson River Railroad Company. On November 14th, Mr. Rice submitted to the Board of Rapid Transit Railroad Commissioners alternative plans designed to carry into effect the provisions of the Saxe Act. Thereafter, on January 7, 1907, the Railroad Company submitted to the Board of Rapid Transit Railroad Commissioners its comments on the plans of the Chief Engineer. Thereupon the Board of Rapid Transit Railroad Commissioners appointed a committee to consider the subject with the representatives of the railroad company. This committee and the railroad company came to a substantial agreement upon the general features

of plans to be adopted but the committee in its report dated February 25, 1907, stated that in order to carry out the plan thus far agreed upon additional legislation would be necessary. On February 19, 1907, the Mayor requested of the railroad company assurance that if legislation should be passed enabling the plan to be carried into effect, the company would be prepared to proceed according to the plan. This assurance was given by the company in a letter dated February 20, 1907.

A bill designed to authorize the plan was introduced in the legislature but failed to pass, with the result that the procedure prescribed by the Saxe Act was left in force.

The Saxe Act prescribed by Section 4 that in case the Board of Rapid Transit Railroad Commissioners should be unable within twelve months to come to an agreement, then condemnation proceedings should be instituted. The above state of facts would seem to constitute an inability to agree within the meaning of the Saxe Act."

The conclusion contained in the last sentence above quoted from your letter does not seem to be justified by the statement of facts preceding it. So far as appears all attempts to arrive at an agreement by the Board of Rapid Transit Railroad Commissioners with the New York Central and Hudson River Railroad Company, were based upon a plan which did not comply with the provisions of the Saxe Law and it was plainly recognized by all parties at the time, that the plan in contemplation did not comply with the provisions of that act but that further legislation would have to be obtained to carry the plan under contemplation into effect. Such further legislation, however, was never obtained and for that reason the plan which was the basis of such tentative agreement never became effective.

On such facts it cannot be alleged in the petition for the institution of the condemnation proceeding that there was an inability to agree upon such a plan as the Saxe Law provided for. No such plan was ever prepared by the Board of Rapid Transit Commissioners or submitted to the officials of the New York Central and Hudson River Railroad Company, or attempt made so far as appears to agree upon such a plan, and it seems clear that the power to condemn contained in Section 4 of the Saxe Law has never become operative.

Wherever by statute the power to condemn is made conditional upon the failure of an attempt by the condemning party to agree with the owner of the property to be acquired upon a price for the purchase of the same, the Courts have without exception held that a bona fide attempt to agree is a jurisdictional prerequisite to the institution of a proceeding to condemn the property, and that the facts showing an attempt to agree and the failure thereof, must be alleged and proven.

Matter of City of New York, 104 App. Div. 445, was a condemnation proceeding instituted under authority of chapter 712 of the Laws of 1901 which authorized the reconstruction and extension of the westerly end of the Manhattan Terminal of the Brooklyn Bridge and authorized the Bridge Commissioner to prepare and submit to the Board of Estimate and Apportionment for approval plans and specifications therefor. The Court held that the preparation and approval of general plans and specifications for the improvement was a condition precedent to the right of the City to institute the proceeding.

The above would seem to be closely in point in this New York Central matter and to have the effect of rendering the institution of this proceeding futile.

I desire to state further that the request contained in my letter to you of April 21, 1908, to be furnished with a copy of the plans prepared by the Rapid Transit Commission, in accordance with the provisions of the Saxe Law, was not complied with, and a copy of the plans was not obtained by this office until June 6, 1908, when one of the assistants in this office having the matter in charge, personally applied to Mr. Dahm of your office therefor. It was not until the plans had been obtained and inspected that it was ascertained that such plan was not in accordance with the act.

Prior to that time, much time had been spent by myself and my assistants in preparing to institute the condemnation proceeding on the supposition that the plan provided for in the act had been prepared and an attempt made to agree with the New York Central Railroad Company to carry such plan into effect.

Respectfully,
(Signed) F. K. PENDLETON,
Corporation Counsel.

CONTRACT NO. 2—BROOKLYN LOOP LINES—SALE OF PROPERTY.

The Secretary presented a communication from the Counsel to the Commission, dated July 30, 1908, transmitting the following proposed resolution, which was moved and duly seconded:

Whereas, The Public Service Commission for the First District, having deemed it to be necessary and proper that The City of New York should acquire certain parcels of real property in fee simple and certain easements in other parcels therein, situated in The City of New York, Borough of Manhattan, required for the construction, maintenance and operation of a part of the Brooklyn Loop Lines of the Rapid Transit Railroad, to be constructed, in part by the Bradley Contracting Company, in pursuance of two certain contracts, one known as Contract 9-0-1, bearing date June 27, 1907, and the other known as Contract 9-0-4, bearing date June 27, 1907, in part by the Cranford Company, in pursuance of a certain contract known as Contract 9-0-3, bearing date May 27, 1907, which was thereafter duly modified by a contract of modification, dated February 18, 1908, and in part by the Degnon Contracting Company, in pursuance of a certain contract known as Contract 9-0-2, bearing date April 27, 1907, all of said parcels of property consisting of certain lots, to wit:—Tax Lot No. 19, Block No. 208, Sec. 1, known as Nos. 157, 159, 161 and 163 Centre Street and No. 239 Canal Street; Tax Lot No. 16, Block No. 208, Sec. 1, known as Nos. 193, 195 and 197 Centre Street; Tax Lot No. 14, Block No. 208, Sec. 1, known as Nos. 199 and 201 Centre Street and No. 1 Howard Street; Tax Lot No. 17, Block No. 197, Sec. 1, known as Nos. 133, 135 and 137 Centre Street, and Nos. 112 and 114 White Street; Tax Lot No. 14, Block No. 197, Sec. 1, known as Nos. 139, 141 and 143 Centre Street; Tax Lot No. 17, Block No. 197, Sec. 1, known as Nos. 145, 147 and 149 Centre Street and No. 107 Walker Street; Tax Lots Nos. 26, 27 and 28, Block No. 197, Sec. 1, known as Nos. 151, 153 and 155 Centre Street, Nos. 106 and 108 Walker Street and No. 240 Canal Street; Tax Lot No. 481, Sec. 2, known as Nos. 3 and 5 Cleveland place; Tax Lot No. 43, Block No. 481, Sec. 2, known as Nos. 1 Cleveland place and 404 Broome Street; Tax Lot No. 42, Block No. 481, Sec. 2, known as No. 402 Broome Street; Tax Lot No. 41, Block No. 481, Sec. 2, known as No. 400 Broome Street; Tax Lot No. 40, Block No. 481, Sec. 2, known as No. 398 Broome Street; Tax Lot No. 39, Block No. 481, Sec. 2, known as No. 396 Broome Street; and Tax Lots Nos. 31 and 32, Block No. 481, Sec. 2, known as Nos. 187 and 189 Mulberry Street.

And the Commission, for the purpose of acquiring said parcels of property and said easements in said other parcels, having duly made maps or plans and memoranda specifying and defining said parcels of property to be acquired in fee simple and said easements in said other parcels, and having duly certified, filed and transmitted the several copies of said maps or plans and memoranda, and having duly directed the Corporation Counsel to take legal proceedings to acquire said parcels of property in fee simple and said easements in said other parcels for The City of New York, and the Corporation Counsel having thereupon duly taken legal proceedings to acquire the same, and such proceedings having been duly had, that three certain orders were duly made and entered at a Special Term of the Supreme Court in and for the County of New York, two on the 22nd day of July, 1908, and one on the 23rd day of July, 1908, each one of said orders appointing three disinterested freeholders, residents of The City of New York, as commissioners of appraisal, to ascertain and appraise the compensation to be made to the respective owners of all of said parcels of property, and fixing the time and place for the first meeting of the commissioners so appointed, and all of said commissioners so appointed having duly taken and subscribed the oath required by the 12th Article of the Constitution of the State of New York, and having forthwith filed the same in the Office of the Clerk of the County of New York, and The City of New York, having thereupon duly acquired said parcels of property in fee simple and said easements in said other parcels of property; and

Whereas, Certain of said property so acquired as aforesaid has become unnecessary for Rapid Transit purposes, to wit, the buildings or certain portions thereof erected on said parcels of property, which said buildings or said portions thereof, in order to construct said Brooklyn Loop Lines, must be torn down and the materials thereof removed, and for that purpose the Commission desires to sell said buildings or said portions thereof, on condition that the same may be torn down and the materials thereof removed, and the Commissioners of the Sinking Fund of The City of New York having duly approved of such sale; now, therefore, it is

Resolved, That said buildings, or said portions thereof as in the notice of sale specified, erected on said parcels of property, and the appurtenances thereto, be sold at public auction, after public advertisement for a period of fifteen days in the City Record, said notice of sale being in the form hereto annexed, which the Chairman and the Secretary are hereby directed to execute, the proceeds of such sale to be paid to the Comptroller of The City of New York, to be applied as provided by law.

Ayes—Commissioners: Wilcox, McCarroll, Rustis.

Nays—None.

Carried.

The form of the proposed notice of sale, mentioned in the above resolution, was as follows:

(14) All the buildings standing on Tax Lots Nos. 31 and 32, Block No. 481, Sec. 2, known as Nos. 187 and 189 Mulberry Street, said lots being situated on the southwest corner of Mulberry Street and Delancey Street Extension, being approximately 35 feet 6 inches on Mulberry Street, 100 feet 6½ inches on Delancey Street Extension, 57 feet 5½ inches on the westerly side and 100 feet 2¼ inches on the southerly side.

Said parcels of property are more particularly described on three certain maps or plans and memoranda, on file in the office of the Register of the County of New York, marked as follows: one "Public Service Commission for the First District, Chief Engineer's Office, Route No. 9-0-1 and 9-0-3, Drawing No. 28, March 2, 1908, Henry B. Seaman, Chief Engineer," one "Public Service Commission for the First District, Chief Engineer's Office, Route No. 9-0-2, Drawing No. 38, March 2, 1908, Henry B. Seaman, Chief Engineer," and one "Public Service Commission for the First District, Chief Engineer's Office, Route No. 9-0-4, Drawing No. 14, March 2, 1908, Henry B. Seaman, Chief Engineer."

Pursuant to a resolution of the Public Service Commission for the First District adopted on August 3rd, 1908, the sale of the above described buildings will be held by the said Commission on September 1, 1908, at 10:30 o'clock A. M., on the premises, upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also, at the time of the sale, give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of Fifty Dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City of New York to the cost of com-

pleting any other work required under the contract, but unfinished at the expiration of the contract period.

All the materials of the buildings, shafts, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises except old mortar or plaster only which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed; but this provision shall not apply where portions only of buildings are removed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the direction of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed; but this provision shall not apply where portions only of buildings are removed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any portion thereof within sixty days from the day of the sale, will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidders' assent to the above conditions being understood to be implied by the act of bidding, and the City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless the City of New York, its officers, agents and servants and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them may be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., ripped up, and the walls pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Public Service Commission for the First District reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

These receipts cover all of the awards to be paid under the agreement of June 1, 1908, with the exception of that to Arabella D. Huntington of \$17,109 for damages and \$946.20 for cost and allowances. Mrs. Huntington is at present abroad and the payment of the award to her is held up pending the receipt from her of a proper release. Her attorney has, however, under an arrangement with Assistant Corporation Counsel Connolly, consented on her behalf to the entry of the order in the pending proceeding in the Appellate Division approving the report of the Commissioners and consenting to the construction and operation of the road in accordance with the deviation. In the meantime Mr. Connolly is holding Mrs. Huntington's warrant pending the receipt of the release. The papers upon which the final order will be entered are being prepared under Mr. Connolly's direction and will be entered in due course.

Respectfully yours,
(Signed) GEO. S. COLEMAN,
Counsel to the Commission.

(9) The Secretary presented a communication dated July 30th, 1908, from the Counsel to the Commission, in regard to the request of the Rapid Transit Subway Construction Company for the return of the \$1,000,000.00 deposited by it as security in connection with Contract No. 2, advising that at least a sufficient amount of this security be retained pending the decision of the Appellate Division in the Appeals in the Joralemon Street awards.

The following communication was thereupon ordered sent to the Rapid Transit Subway Construction Company:

August 1, 1908.

Rapid Transit Subway Construction Co., No. 23 Nassau Street, New York City:
Brooklyn-Manhattan Contract.

SIR—Counsel to the Commission has made an investigation with respect to the matter of the release of the deposit of \$1,000,000.00 for the construction referred to in your letter bearing date May 4, 1908, and the substance of his opinion is that a sufficient amount of the security should be held pending final decision as to liability to cover any claim for damages or loss to others for which it may be claimed that the City shall be liable, particularly in the Joralemon Street work. He refers to the case of Contract No. 1, in which the construction deposit was returned before the final completion of the road, a modifying agreement being given providing that the continuing bond and all other security given by the contractor should be deemed to be security for anything covered by the security returned.

We would suggest that information be procured to determine the amount of the cost of making good the damage, and that you advise the Commission as to whether a modifying agreement similar to that in the case of Contract No. 1, would be acceptable to you as a condition of the release of so much of the deposit as is not retained.

Respectfully yours,
TRAVIS H. WHITNEY.

(10) The Secretary presented a communication dated July 23, 1908, from the Chief Engineer, stating that the sketches of the Borough Hall tablets which had been disapproved by the Art Commission had been changed to meet the suggestion of its architect. The communication was ordered filed.

(11) INTERBOROUGH RAPID TRANSIT COMPANY—TRACKS AT 96TH STREET.

The Secretary presented the following reports from the Chief Engineer in relation to the construction of additional tracks in the subway north of 96th Street:

July 28, 1908.

96th Street Improvement.

The Honorable WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—I beg to report that upon examination I find that 1155 feet of additional sidings could be constructed under Contract No. 1. The additional siding desired in the 96th Street Improvement is less than 600 feet, and could therefore be constructed without obtaining additional consents of property owners.

Very truly yours,
(Signed) HENRY B. SEAMAN, Chief Engineer.

July 28, 1908.

Comparative Cost.

The Honorable WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—After comparing the old plan of the 96th Street Improvement, as shown on Drawing 1715-A, with the revised plan, as shown on Drawing 1715-C, I find the cost of each to be about the same, favoring, however, the new plan in the lesser cost.

Very truly yours,
(Signed) HENRY B. SEAMAN, Chief Engineer.

The following resolution was thereupon moved and duly seconded:
Whereas, The Commission is advised by its Chief Engineer that there remains sufficient of the provision for additional sidings under the routes and general plans of the Manhattan-Bronx Rapid Transit Railroad to permit of the construction of any additional trackage that may be desired or may be held to be in excess of that provided for in the modification to the said routes and general plan of the Manhattan-Bronx Rapid Transit Railroad, which modification was adopted by the Board of Rapid Transit Railroad Commissioners on the 27th day of June, 1907, and thereafter assented to by the local authorities in control of the streets and by a majority in value of the abutting property owners, to an amount not exceeding 1155 feet, and

Whereas, The Commission is advised by its Chief Engineer that the expense of carrying on the work in accordance with the proposed revised plan No. 1715-C will be about the same as if done in accordance with the original plan No. 1715-A, favoring, however, the new plan in the lesser cost, and

Whereas, The contractor desires that the improvement be made in accordance with the said revised plan and it being the opinion of the Commission that such revised plan is preferable to the original plan and that the carrying out of the work in accordance with it is for the best interests of the City of New York,

Now, therefore, be it
Resolved, That the contractor under the contract of February 21, 1900 as amended for the construction and operation of the Manhattan-Bronx Rapid Transit Railroad be and he hereby is authorized and directed to at once begin and prosecute to completion as soon as possible the improvements in the said Manhattan-Bronx Rapid

Transit Railroad between 96th and 103d Streets provided for in the agreement of June 27, 1907, in accordance with the plan entitled "Public Service Commission for the First District, Chief Engineer's Office, Modified plan of Proposed Additional Tracks between 96th and 103d Streets. Drawing No. 1715-C."

Ayes—Commissioners Willcox, McCarroll, Eustis.

Nays—None.

(12) **TARIFF ORDER (No. 648).** O-648

On motion made and duly seconded, a Tariff Order (No. 648) was adopted, granting permission to the New York Central and Hudson River Railroad Company and any other carrier within the First District to put into effect August 15, 1908, a third supplement to Tariff P. S. C-1 N. Y. No. 66, reducing the track storage charges at New York and Brooklyn stations.

(13) **INTERBOROUGH RAPID TRANSIT COMPANY,** O-650
No. 13-21 PARK ROW,
NEW YORK, July 24th, 1908.
The Secretary presented the following communication dated July 24, 1908, from Frank Hedley, Vice President and General Manager of the Interborough Rapid Transit Company, with regard to the operation of the Van Cortlandt Park extension of the Subway:

Public Service Commission, First District, 154 Nassau Street, City:

DEAR SIR:—At 1 o'clock a. m. on the first day of August, 1908, the Interborough Rapid Transit Company will be ready to operate that portion of the rapid transit railroad constructed under Supplemental Agreement to Principal Contract No. 1, dated February 21st, 1900, which lies between 230th Street and Broadway and 242nd Street and Broadway.

The Company therefore asks your permission to formally authorize the operation of this portion of the railroad on that date.

Yours truly,

(Signed) FRANK HEDLEY,
Vice-Pres. & Gen'l Mgr.

Commissioner McCarroll stated that in view of the fact that there was not a quorum of the Commission present, he had sent the following communication:

July 29, 1908.

Interborough Rapid Transit Company, Mr. Frank Hedley, Vice President and General Manager, 13 Park Row, New York:

DEAR SIR:—Referring to our conversation a few days ago, in which you notified us that you would be ready to operate the extension of the elevated on August first, I have to say that our Secretary has had prepared a resolution which will be signed by the Chairman and Commissioner Eustis and myself, approving of your opening the extension on Saturday. This action will be formally ratified at the first meeting of the Commission, which will be next week. In the meantime this will operate as sufficient consent for you to inaugurate the service on the above date.

Very truly yours,

WM. MCCARROLL, Acting Chairman.

Thereupon a motion was adopted, approving the action of Commissioner McCarroll, as Acting Chairman, and the following resolution was also adopted:

ORDER (No. 650).

Whereas, From time to time portions of the Manhattan-Bronx Rapid Transit Railroad, being the Rapid Transit Railroad constructed under the contract of February 21st, 1900, as modified, between The City of New York and John B. McDonald, have been opened for operation; and

Whereas, The Interborough Rapid Transit Company, to which has been assigned the operating part of such contract, has requested that it be authorized to place the portion of said railroad between 230th Street and Broadway and 242nd Street and Broadway in operation on the first day of August, 1908, at one o'clock A. M.,

Resolved, That the Interborough Rapid Transit Company be and it hereby is authorized to operate the portion of such road which lies between 230th Street and Broadway and 242nd Street and Broadway from August 1st, 1908, at one o'clock a. m.

(14) **COMPLAINT ORDER (No. 652).** O-652

On motion made and duly seconded, a Complaint Order (No. 652) was adopted for satisfaction or answer within ten days by the American Express Company in the matter of the complaint of J. W. Thorne with respect to excessive and unreasonable charges upon transportation of crated furniture between points within New York City.

(15) **EXTENSION ORDER (No. 653).** O-653

On motion made and duly seconded, an Extension Order (No. 653) was adopted, extending to September 15, 1908, the time for the Long Island Electric Railway Company to install protective devices at the grade crossing of their tracks at South Street, Jamaica, Borough of Queens, City of New York.

(16) **COMMISSIONER EUSTIS PRESENTED THE FOLLOWING REPORT:** O-654

FRANK SCHAEFFER VS. INTERBOROUGH RAPID TRANSIT COMPANY, ORDER NO. 647
"SHIPPING 8TH STREET STATION, 3RD AVENUE 'L'."

Complainant appeared at the hearing and stated that he was satisfied that the condition complained of had been greatly improved. Mr. Hedley stated that the company's positive orders were that no two consecutive trains should skip the same station and that the company would not retain in its employ employees who persistently disregarded their rules to that effect. I recommend that the complaint be dismissed and submit herewith order dismissing the complaint.

DISCONTINUANCE ORDER (No. 654).

Thereupon, on motion, by Commissioner Eustis, duly seconded, a Discontinuance Order (No. 654) was adopted, discontinuing the proceedings on the above complaint.

LONG ISLAND RAILROAD CO.—APPLICATION FOR ADDITIONAL TRACKS ON ATLANTIC AVENUE.

The Secretary presented the application of the Long Island Railroad Company for permission to lay additional tracks on Atlantic Avenue, Brooklyn.

HEARING ORDER (No. 655).

Thereupon, on motion made and duly seconded, a Hearing Order (No. 655) was adopted, directing a hearing on August 13, 1908, at 10:30 o'clock A. M. in the above matter.

The Chairman designated Commissioner McCarroll to conduct the hearing.

(18) **COMMISSIONER EUSTIS PRESENTED THE FOLLOWING REPORT:** O-656

HARRY E. FULLER ET AL., COMPLAINANTS, VS. SOUTH BROOKLYN RAILWAY COMPANY, DEFENDANT, ORDER NO. 638, DISCONTINUANCE OF TRAIN STOPS AT KENSINGTON STATION.

This complaint is based on the discontinuance of train stops at Kensington Station on the Culver Line. It appeared at this hearing that the South Brooklyn Railway Company had discontinued its train stops at the Kensington Station and had constructed a new station within some 300 to 500 feet of the old one. It appeared also that until within a short time trains had been stopping at the Kensington Station, but that the South Brooklyn Railway Company now purposes to abandon the Kensington Station for all its trains during the entire year. Under Section 34 of the Railroad Law the South Brooklyn Railway Company has no right to discontinue its Kensington Station without obtaining the consent of the Board of Railroad Commissioners.

In April, 1906, application was made to the Board of Railroad Commissioners for leave to discontinue use of this station and the company's application was denied. Coupled with the decision denying the application, however, was a recommendation that the company construct a new station at the point where the new station is now located and that "during the period between May 15th and September 1st, they (the railway company) may be relieved from stopping cars and trains at the present Kensington Station, at all other times these cars and trains to be stopped at the Kensington Station, as at present."

I believe that the effect of this action by the Board of Railroad Commissioners was to deny the application for absolute abandonment of the Kensington Station and to consent to abandoning the station from May 15th to September 1st of each year. The evidence offered at the hearing shows an abandonment of the Kensington Station during the summer months, for which permission was obtained, and I believe the company to be within its rights in not stopping trains at Kensington Station at the present time. Should they continue running by this station after September 1st, action can be taken at that time. The complainants raised the further point that the permission to abandon the Kensington Station for the summer months was coupled with a recommendation that a proper station be built in the new location, and that this has not been done. The nature of the station building was not raised in the complaint and cannot be considered in this hearing. I therefore recommend that the complaint be dismissed.

DISMISSAL ORDER (No. 656).

Thereupon, on motion of Commissioner Eustis, duly seconded, a Dismissal Order (No. 656) was adopted, dismissing the above complaint.

(18) **HEARING ORDER (No. 657).** O-657

On motion made and duly seconded, a Hearing Order (No. 657) was adopted, directing a hearing on August 20, 1908, at 10:30 o'clock a. m., upon the application of the Brooklyn Union Elevated Railroad Company for the right to construct an elevated road upon the Extension of Flatbush Avenue, and for the right to the exclusive use of two tracks upon the Manhattan Bridge.

The Chairman designated Commissioner McCarroll to conduct the hearing [For application mentioned above, see Proceedings of 1908, p. 948.]

(20) **HEARING ORDER (No. 658).** O-658

On motion made and duly seconded, a Hearing Order (No. 658) was adopted, directing a hearing on August 11, 1908, at 2:30 o'clock p. m., upon the complaint of Sarah Emmons against the Nassau Electric Railroad Company, upon which Complaint Order No. 633 was issued on July 30th, with reference to the failure of said Company to stop its cars at the north end of the bridge crossing Coney Island Creek.

The Chairman designated Commissioner McCarroll to conduct the hearing.

inquest into the death of Frederick Kirsch, who was killed on June 25, 1908, at 27th Street and Tenth Avenue, the jury recommending that horse cars be supplied with a guard rail on the railroad side so as to prevent a repetition of such an accident, and further recommending that the attention of the Public Service Commission be called to the matter for such action on their part as they might deem proper.

HEARING ORDER (No. 659).

On motion made and duly seconded, a Hearing Order (No. 659) was thereupon adopted, directing a hearing on August 11, 1908, at 2:30 o'clock p. m., to inquire into the question whether the Central Park, North and East River Railroad Company should be directed to equip all its horse cars with a guard rail on the railroad side to prevent accident.

The Chairman designated Commissioner Eustis to conduct the hearing.

(22) **RE-HEARING ORDER (No. 660).** O-660

On motion made and duly seconded, a Re-Hearing Order (No. 660) was adopted, directing a re-hearing on August 13, 1908, at 2:30 o'clock p. m., upon the application of the Brooklyn Union Elevated Railroad Company for a re-hearing on paragraph 6 of Order No. 156, directing said Company to repair the station and stairways on the Fulton Street Line at Lafayette Avenue and keep the same in first class order, whether used or not after February 10, 1908.

The Chairman designated Commissioner McCarroll to conduct the re-hearing.

(23) **THE SECRETARY PRESENTED THE FOLLOWING APPLICATION OF THE LONG ISLAND RAILROAD COMPANY FOR PERMISSION TO LAY CERTAIN TRACKS IN THE BOROUGH OF QUEENS:** O-661

BEFORE THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

IN THE MATTER OF THE APPLICATION OF THE LONG ISLAND RAILROAD COMPANY FOR THE PROMISSION AND APPROVAL OF THE PUBLIC SERVICE COMMISSION TO A CHANGE IN THE LOCATION OF THAT PORTION OF THE MAIN LINE OF ITS RAILROAD AND TRACKS BETWEEN A POINT 400 FEET NORTH OF ASCAN AVENUE AND A POINT 700 FEET EAST OF LEFFERTS AVENUE, IN THE BOROUGH OF QUEENS, CITY OF NEW YORK, PURSUANT TO SECTION 53 OF THE PUBLIC SERVICE COMMISSIONS LAW AND TO THE PROVISIONS OF THE RAILROAD LAW.

To the Honorable the Public Service Commission for the First District of the State of New York:

The petition of the Long Island Railroad Company respectfully shows:

I. Your petitioner is a steam surface railroad corporation duly organized and incorporated under and in pursuance of an Act of the Legislature of the State of New York, passed April 24, 1834, and known as Chapter 178 of that year.

II. Your petitioner is the owner of and operates a line of railroad commencing at a point in the First Ward of the Borough of Queens (formerly known as Long Island City) and running thence easterly to Jamaica in the Fourth Ward of the said Borough and beyond, which is known and designated as the "Main Line" of your petitioner.

III. Your petitioner at a special meeting of its Board of Directors held September 13th, 1907, by a vote of two-thirds of all its directors, pursuant to section 13 of the Railroad Law, altered, changed and re-located that part of its said Main Line of railroad, lying in that portion of the Second Ward of the Borough of Queens between a point about 400 feet west of Ascan Avenue and a point about 700 feet east of Lefferts Avenue. A certified copy of the resolution adopted at said meeting is hereto annexed, marked Exhibit A, and made a part of this petition.

IV. Your petitioner pursuant to the action taken at said meeting of its Board of Directors, duly filed on October 4th, 1907, in the office of the Clerk of Queens County, a survey, map and certificate of said alterations, change and re-location of the route of the main line of its railroad between the points aforesaid. Said survey, map and certificate so filed, is indicated on said clerk's records as Map No. 773. A copy thereof is hereto attached, marked Exhibit B, and made a part of this petition.

V. Your petitioner thereafter and on or about October 18th, 1907, by a petition in writing duly verified, applied to the Board of Estimate and Apportionment of the City of New York for the approval of said City to the said alteration, change and re-location of the route of its main line between the points aforesaid. Said Board of Estimate and Apportionment on June 26th, 1908, unanimously adopted a resolution granting its consent and approval to your petitioner's said application, and prescribing a form of proposed agreement to be entered into by your petitioner and the City of New York, said agreement to be approved as in form by the Corporation Counsel, prior to its execution. A record of the proceedings before said Board of Estimate and Apportionment, embodying a copy of said proposed agreement is hereto attached, marked Exhibit C, and made a part of this petition.

VI. Said application before the Board of Estimate and Apportionment was popularly and familiarly known as the "Maple Grove Cut-off." The route of your petitioner's main line of railroad between the points hereinabove referred to as at present operated, crosses all existing public highways at grade, while the proposed change and re-location for which the consent and approval of your Honorable Board is now sought, will eliminate all grade crossings, such crossings either passing over or under the railroad in its new location.

Wherefore, your petitioner respectfully asks for the permission and approval of your Honorable Board to the alteration, change and re-location of that portion of the route of its main line of railroad between a point about 400 feet west of Ascan Ave and a point about 700 feet east of Lefferts Avenue, being a distance of about 3400 feet in the Second Ward of the Borough of Queens, City of New York, as heretofore set forth, and in accordance with the consent and approval thereto, heretofore granted by the Board of Estimate and Apportionment of the City of New York.

Dated, New York, July 27, 1908.

Respectfully submitted,

THE LONG ISLAND RAILROAD COMPANY,

By

(Signed) RALPH PETERS, President.

Certificate filed in New York County.

Exhibit A.

THE LONG ISLAND RAILROAD COMPANY, OFFICE OF THE SECRETARY,
128 BROADWAY, NEW YORK, N. Y.,
June 30th, 1908.

I hereby certify that the following is a true and correct copy, from the Minutes, of action taken at a Special Meeting of the Board of Directors of the Long Island Railroad Company, held pursuant to due notice, at the office of the Company, 128 Broadway, Borough of Manhattan, City of New York, on Friday, September 13th, 1907, more than two-thirds being present and all voting in the affirmative.

"Whereas, It appears in the satisfaction of this Board that the travel over the Main Line of the Railroad of this Company will be facilitated, rendered safer and the line improved by a re-location thereof between a point about 400 feet west of Ascan Avenue and a point about 700 feet east of Lefferts Avenue in Richmond Hill, in the Second Ward of the Borough of Queens, City of New York, so as to replace the existing reverse curve by a straighter and shorter line; therefore be it

Resolved, That the portion of the route of the Main Line of the railroad of this Company lying between a point about 400 feet west of Ascan Avenue and a point about 700 feet east of Lefferts Avenue in Richmond Hill, in the Second Ward of the Borough of Queens, City of New York, be and it is hereby changed and re-located as shown upon the map presented to the Board at this meeting; that a survey map and certificate of such alteration, change and re-location be executed by the President and Chief Engineer of this Company and filed in the office of the Clerk of the County of Queens, and that the proper officers of the Company be, and they are, hereby authorized and empowered to take such other and further steps to perfect the said alteration, change and re-location of the route of the said railroad as may be required by law."

(Signed) FRANK E. HAFF, Secretary.

Attest:

HEARING ORDER (No. 661).

On motion made and duly seconded, a Hearing Order (No. 661) was thereupon adopted, directing a hearing on August 20, 1908 at 2.30 o'clock p. m. upon the above application.

The Chairman designated Commissioner McCarroll to conduct the hearing.

(24)

COMPLAINTS OF UNNECESSARY NOISE.

The Secretary stated that a number of complaints had been received with regard to the noise arising from the operation of cars and trains, and after discussion, it was determined that the Chairman should send the following communication to the various operating companies within the district.

"Serious complaints have been made to this Commission relative to unnecessary noise made by the operation of cars and trains through the streets of the city. Inspections made by inspectors of this Commission indicate that if the companies should give closer attention to the condition of cars and tracks, a very considerable decrease in noise would result. Greater care in the lubrication and condition of the parts of the cars and to the condition of track joints and switch points is accordingly urged upon the companies by this Commission.

The Commission directs this improvement in the hope that the companies may voluntarily cause such a change in operation that formal proceedings by the Commission as to specific instances of faulty construction or operation may be rendered unnecessary.

The Commission, will, however, bring to your attention by correspondence specific complaints that are urgent and require immediate attention, and herewith are enumerated such complaints, to which your immediate attention is called, with the request that you may reply to the inquiries of this Commission as to what changes you will make with regard thereto, and by what date. As to the general improvement in the condition of equipment and track, so far as it relates to noise, the Commission will expect to hear at once of the steps that you are making towards improvement."

The secretary stated that a communication dated July 27, 1908, had been received from S. W. Huff, President of the Coney Island and Brooklyn Railroad Company, asking the Commission to consider the advisability of changing the station at Eighth Street and Fourth Avenue to Ninth Street and Fourth Avenue for the convenience of the patrons of the Smith Street line operating on Ninth Street, and that the matter had been referred to the Chief Engineer, who had reported under date of July 29, 1908, that this station would be located at both Eighth and Ninth Streets, with provision for entrance at both streets. The papers were ordered filed.

(26)

1090

The Secretary presented a communication dated July 29, 1908, from S. C. Sugarman, stating that his client, M. D. Waller, had purchased the premises at 168 Bowery at an auction sale of the Public Service Commission for the sum of \$650, but that he had been unable to obtain possession of this property on account of the refusal of the tenants to vacate and that he had only recently discovered that plumbing and other material had been removed or damaged to an extent which he estimated at \$450, and that he therefore requested an examination into the cause of this damage, as his client did not intend to bear the loss. The Secretary stated that this letter had been referred to the Counsel to the Commission for his opinion thereon and that the Counsel had replied to the effect that Mr. Waller had been entitled to immediate possession of the buildings sold and that if he did not enforce his right, and in consequence, any of the property had been stolen or destroyed, it was his misfortune and not the fault of the Commission.

(27)

The Secretary presented a communication, dated August 3, 1908, from the Counsel to the Commission, stating that the orders denying the application of Martin Rehm and John Gordon for peremptory writs of mandamus directing their appointment or re-appointment as Gas Meter Testers had been entered and filed July 27, 1908, at the office of the Clerk of the County of Queens, and that notice of the entry and a copy of the order had been served upon the attorney for the relators on the same date. The communication was ordered filed.

TRAVIS H. WHITNEY, SECRETARY.

DEPARTMENT OF DOCKS AND FERRIES.

May 27, 1908.

The following communications were received, action being taken thereon as noted, to wit:

From the City Clerk (77193)—Transmitting copy of resolution adopted by the Board of Aldermen May 3, 1908, and approved by his Honor the Mayor May 13, 1908, excusing from duty, without loss of pay, all employees of The City of New York who are members of the G. A. R. Posts, United Spanish War Veteran Camps, Army and Navy Union, Firemen, Veteran and Volunteer Firemen Companies, in order to participate in the parade of the Long Island Subway Celebration on June 4, 1908. Filed.

From the Corporation Counsel (77189)—Returning to this Department copies of leases to the New York Central and Hudson River Railroad Company of property between Sixtieth and Seventy-second streets, North River. Filed.

From the Department of Street Cleaning (77181)—Requesting that a row of piles be driven at the north and east gaps inside of the rip-rap enclosures at Rikers Island, East River. Work ordered, cost to be collected from the Department of Street Cleaning.

From the President of the Borough of Brooklyn (77008)—Requesting consent to the transfer to his office of Hugh S. McNeill, Attendant in this Department. Consent granted.

From Charles Burkel (77190)—Asking that his interest in Lot 13 of Block 19, at Broad Channel, Jamaica Bay, Borough of Queens, be transferred to David Hensler. Privilege transferred to Hensler, to continue during the pleasure of the Commissioner, but not longer than May 1, 1912, rental to be at the rate of \$12.60 per annum, payable in advance to the Cashier.

From the New York City Railway Company (76882)—Requesting permission to maintain iron frame awning shed for the protection of horses during the summer season of 1908, in rear of bulkhead between Piers (new) 31 and 32, North River. Privilege granted, to continue during the pleasure of the Commissioner, but not longer than the summer season of 1908, rental to be at the rate of seven cents per square foot per annum for the area occupied, payable monthly in advance to Dockmaster.

From Mrs. Anna A. Holland (77186)—Declining appointment to the position of Recreation Pier Attendant. Appointment rescinded. Name dropped from the list of employees.

From the Engineer-in-Chief—

1 (Bureau Order 6256)—Returning order to supervise removal of mast from pier foot of Twenty-sixth street, East River, the Consolidated Gas Company not desiring to do the work. Filed.

2 (Bureau Order 6038)—Returning order to supervise repairs to ice bridge north of Pier 37, East River, by the Merchants' Union Ice Company, the ice bridge having been removed. Filed.

From the Superintendent of Docks (76973)—Recommending that the permit to Matthew Wilson & Co., for berth on south side, inner end of pier foot of West Thirtieth street, North River, be revoked, as the structures to be erected under the permit will block the entrance to the pier. Permit revoked as of date of issuance.

From the Superintendent of Ferries (77191)—Submitting bonds of Edward J. Monroe and John T. McGovern, Financial Clerks, in the sum of \$3,000 each. Bonds sent to Finance Department.

The Commissioners of the Sinking Fund were requested to amend resolution adopted October 23, 1907, authorizing the appointment of a Consulting Marine Engineer to perform services in connection with the designs and construction of ferryboats and equipment for the operation of certain ferries therein described, so as to provide for the appointment of a Consulting Marine Architect instead, the compensation to be paid to be equal to one per cent of the total cost of the boats to be constructed.

The Department of Health was requested to report as to the condition of David Cagney, Foreman of Pavers, who has requested leave of absence on account of illness.

The following Department Orders were issued:

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1003 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following named street and public places in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND SIXTY-SEVENTH STREET—OPENING. from Broadway to St. Nicholas avenue; PUBLIC PLACE, bounded by Broadway, St. Nicholas avenue and West One Hundred and Sixty-seventh street; PUBLIC PLACE, bounded by West One Hundred and Sixty-sixth street, St. Nicholas avenue and Broadway. Area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which taken together are bounded and described as follows, viz.:

"Beginning at a point 100 feet south of the southerly side of West One Hundred and Sixty-fifth street, measured at right angles thereto on a line midway between the westerly side of Broadway and the easterly side of Fort Washington avenue, and running thence northwesterly on a line midway between the westerly side of Broadway and the easterly side of Fort Washington avenue to a point 100 feet north of the northerly side of West One Hundred and Sixty-eighth street, measured at right angles thereto; thence easterly on a line parallel with the northerly side of West One Hundred and Sixty-eighth street and parallel therewith to a point 100 feet east of the easterly side of Audubon avenue; thence southwesterly on a line 100 feet east of the easterly side of Audubon avenue and parallel therewith to its intersection with a line midway between the southerly side of West One Hundred and Sixty-eighth street and the northerly side of West One Hundred and Sixty-seventh street; thence easterly along a line midway between the southerly side of West One Hundred and Sixty-eighth street and the northerly side of West One Hundred and Sixty-seventh street; thence southwesterly along a line 100 feet east of the easterly side of Audubon avenue; thence southwesterly along a line 100 feet east of the easterly side of Audubon avenue and parallel therewith to a point 100 feet south of the southerly side of West One Hundred and Sixty-fifth street, measured at right angles thereto; thence westerly along a line 100 feet south of the southerly side of West One Hundred and Sixty-fifth street and parallel therewith to the point of beginning."

The above entitled assessment was entered on the date hereinafore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 4 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon must be before October 10, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 4 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon must be before October 10, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

"Beginning at a point formed by the intersection of a line parallel to and distant one hundred (100) feet westerly of the westerly line of Broadway with the westerly prolongation of a line parallel to and distant one hundred (100) feet northerly of the northerly line of West One Hundred and Sixty-eighth street; running thence easterly along said westerly prolongation and parallel line and its easterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet easterly of the easterly line of Broadway, measured at right angles thereto; thence southwesterly along a line 100 feet east of the easterly line of Broadway and parallel therewith to a point 100 feet south of the southerly side of West One Hundred and Sixty-fifth street, measured at right angles thereto; thence westerly along a line 100 feet south of the southerly side of West One Hundred and Sixty-fifth street and parallel therewith to the point of beginning."

one hundred (100) feet easterly of the easterly line of Amsterdam avenue; thence southerly along said last mentioned parallel line to its intersection with a line parallel to and distant one hundred (100) feet east of the easterly line of West One Hundred and Sixty-seventh street; thence southerly along said parallel line to its intersection with the westerly line of Edgecombe avenue; thence easterly on a line radial to Edgecombe avenue to its intersection with a line parallel to and distant one hundred (100) feet easterly of the easterly line of Edgecombe avenue; thence southerly along said parallel line to its intersection with the easterly prolongation of the southerly line of West One Hundred and Sixty-sixth street, between Amsterdam avenue and Edgecombe avenue; thence westerly along said prolongation and southerly line to its intersection with a line parallel to and distant one hundred (100) feet west of the westerly line of West One Hundred and Sixty-seventh street; thence northerly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet easterly of the easterly line of Amsterdam avenue; thence southerly along said last mentioned parallel line to its intersection with the easterly prolongation of a line parallel to and distant one hundred (100) feet southerly of the southerly line of West One Hundred and Sixty-sixth street; thence westerly along said easterly prolongation and parallel line and its westerly prolongation to its intersection with a line parallel to and distant one hundred (100) feet westerly of the westerly line of Broadway; thence northerly along said last mentioned parallel line to the point or place of beginning.

The above entitled assessment was entered on the date herebefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 190 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 190 of this act."

Section 190 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 5, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

(14) All the buildings standing on Tax Lots Nos. 31 and 32, Block No. 481, Sec. 2, known as Nos. 187 and 189 Mulberry Street, said lots being situated on the southwesterly corner of Mulberry Street and Delancey Street Extension, being approximately 34 feet 0 inches on Mulberry Street, 100 feet 6 1/2 inches on Delancey Street Extension, 51 feet 5 1/2 inches on the westerly side and 100 feet 3 1/4 inches on the southerly side.

Said parcels of property are more particularly described on three certain maps or plans and memoranda, on file in the office of the Register of the County of New York, marked as follows: one "Public Service Commission for the First District, Chief Engineer's Office, Route No. 9-0-1, Drawing No. 28, March 2, 1908, Henry B. Seaman, Chief Engineer," one "Public Service Commission for the First District, Chief Engineer's Office, Route No. 9-0-2, Drawing No. 28, March 2, 1908, Henry B. Seaman, Chief Engineer" and one "Public Service Commission for the First District, Chief Engineer's Office, Route No. 9-0-3, Drawing No. 14, March 2, 1908, Henry B. Seaman, Chief Engineer."

Pursuant to a resolution of the Public Service Commission for the First District adopted on August 31, 1908, the sale of the above described buildings will be held by the said Commission on September 1, 1908, at 10:30 o'clock A. M., on the premises, upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also, at the time of the sale, give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of Fifty Dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City of New York to the cost of completing any other work required under the contract, but unfinished at the expiration of the contract period.

All the materials of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises except old mortar or plaster only which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed; but this provision shall not apply where portions only of buildings are removed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the direction of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed; but this provision shall not apply where portions only of buildings are removed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any portion thereof within sixty days from the day of the sale, will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidders' assent to the above conditions being understood to be implied by the act of bidding, and the City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them may be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrows, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-boles, etc., ripped up, and the walls pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Public Service Commission for the First District reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

New York, August 14, 1908.
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.
By Wm. R. Willcox, Chairman.
By TRAVIS H. WHITNEY, Secretary.

At the above place and time the bids will be publicly opened and read. The award of the contracts, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable.

A bond for the sum of thirty-five per cent. (35%) of the total amount of the contract will be required for the faithful performance of each contract. This bond must be signed by the contractor and the surety, who must be satisfactory to the Board. The name and address of the surety offered must be stated in the bid or proposal.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of THE NEW STREET, located between Broome and Spring streets, and extending from the Bowery to Elm street, as laid out by a resolution of the Board of Estimate and Apportionment on May 29, 1903, and approved by the Mayor on June 17, 1903, in the Fourteenth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Apportionment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 18th day of September, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 23d day of September, 1908, at 3 o'clock p. m.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 1st day of September, 1908.

Third—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 24th day of November, 1908, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 558 of the Laws of 1906.

Dated Borough of Manhattan, New York, July 10, 1908.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, by the Corporation Counsel, for the appointment of Commissioners of Estimate and Apportionment, to ascertain and determine the compensation which should justly be made to Harriet R. McKim, J. Frederic Kernechan, as Trustee for Harriet R. McKim, and Amos R. E. Pinchot and Gifford Pinchot, as executors of the will of James W. Pinchot, deceased, as owners of interests in premises abutting on the easterly side of DEWEY PLACE, between Forty-second and Forty-third streets, in

The City of New York, for the discontinuance and closing of the portion of Dewey place, 12 feet in width and 35 feet in length, on its westerly side, and 121.83 feet north of Forty-second street, in the Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN, PURSUANT to chapter 1066 of the Laws of 1905, that it is the intention of the Corporation Counsel of The City of New York, in behalf of The City of New York, to make application to the Supreme Court, at Special Term, Part I, thereof, to be held in and for the County of New York, at the County Court House, in the Borough of Manhattan, City of New York, on the 14th day of August, 1908, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Apportionment to ascertain and determine the compensation which should justly be made to Harriet R. McKim, J. Frederic Kernechan, as Trustee for Harriet R. McKim, and Amos R. E. Pinchot and Gifford Pinchot, as executors of the will of James W. Pinchot, deceased, as owners of the rights, easements and interests in and appurtenant to the premises abutting on the easterly side of Dewey place, between Forty-second street and Forty-third street, in the Borough of Manhattan, in The City of New York, taken, affected, damaged or destroyed by the discontinuance and closing of the portion of Dewey place, 12 feet in width and 35 feet in length, on its westerly side, 121.83 feet north of Forty-second street, in the Borough of Manhattan, City of New York, and to perform in relation thereto the duties required of them by law.

The aforesaid discontinued and closed portion of Dewey place is more particularly bounded and described as follows:

"Beginning at a point in the westerly side of Dewey place, as formerly laid out under chapter 261 of the Laws of 1884, distant one hundred and twenty-one and eighty-three one-hundredths (121.83) feet northerly from the northerly side of Forty-second street; running thence easterly at right angles to said westerly side of Dewey place twelve (12) feet; thence northerly parallel to said westerly side of Dewey place thirty-five (35) feet; thence westerly at right angles to said westerly side of Dewey place twelve (12) feet; and thence southerly along said westerly side of Dewey place thirty-five (35) feet to the point or place of beginning."

The said portion of Dewey place is shown as discontinued and closed on sheet L-A of certain maps entitled, "Plans and profiles showing modifications of the plan and profiles approved by the Board of Estimate and Apportionment on the 19th day of June, 1903, and as modified by the plans and profiles approved on the 4th day of December, 1903, of the viaducts or bridges required to carry Forty-fifth, Forty-sixth, Forty-seventh, Forty-eighth and Forty-ninth streets and Park Avenue Extension over the tracks of the New York and Harlem Railroad Company, and showing certain alterations or changes in Forty-third and Forty-fourth streets, Vanderbilt avenue and Dewey place, and showing the lands, rights, interests and easements in lands owned, occupied or controlled by The City of New York, required for the purpose of making certain alterations, changes and additions other than the alterations, changes and additions authorized by sections 1, 2 and 3 of chapter 425 of the Laws of 1903."

"And submitted in duplicate to the Board of Estimate and Apportionment of The City of New York for its approval on the 23d day of December, 1904, pursuant to the said chapter 425 of the Laws of 1903, as amended by chapter 619 of the Laws of 1904, and approved by the Board of Estimate and Apportionment of The City of New York on the 28th day of April, 1905," and filed in the offices of the Register of the County of New York, the President of the Borough of Manhattan, and in the office of the Corporation Counsel of The City of New York, on or about the 3d day of August, 1905.

Dated New York, August 1, 1908.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BRONX STREET (although not yet named by proper authority), from Tremont avenue, or One Hundred and Seventy-seventh street, to One Hundred and Eighty-seventh street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Apportionment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

proved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of August, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 23d day of September, 1908, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 24th day of August, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the point of intersection of the westerly line of the Bronx River with a line parallel to and distant 100 feet southerly from the southerly line of that portion of East One Hundred and Seventy-seventh street lying between West Farms road and the Bronx River, running thence westerly along said line parallel to East One Hundred and Seventy-seventh street to its intersection with the easterly line of West Farms road; thence northerly on a straight line to the corner formed by the intersection of the westerly line of Boston road with the northerly line of that portion of East One Hundred and Seventy-seventh street lying west of Boston road; thence westerly along the northerly line of East One Hundred and Seventy-seventh street to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of Boston road; thence northerly along said line parallel to Boston road and its northerly prolongation to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of East One Hundred and Eighty-second street; thence easterly along said line parallel to East One Hundred and Eighty-second street and its easterly prolongation to its intersection with the northerly prolongation of a line parallel to and distant 100 feet easterly from the easterly line of Boston road; thence southerly along said prolongation and line parallel to Boston road to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of East One Hundred and Eighty-first street; thence easterly along said line parallel to East One Hundred and Eighty-first street and its easterly prolongation to its intersection with the westerly line of the Bronx River; thence southerly, following the windings of the Bronx River, to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps, deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in the City of New York, on the 19th day of November, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 558 of the Laws of 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 42a of the Greater New York Charter.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
