Resolved, That the conditions upon which and not otherwise, the said consent is hereby given, are as follows, to wit:

First—That the provisions of chapter 252 of the Laws of 1884, pertinent thereto, shall be complied with.

Second—That the right, franchise and privilege of using the said streets and avenues to construct, maintain, use and operate a street surface railroad upon the said streets and avenues, subject to all the provisions of chapter 252 of the Laws of 1884, and of chapter 642 of the Laws of 1886, shall be sold at public auction to the bidder, which shall be an incorporated railroad or railway company organized to construct, maintain and operate a street railroad in the City of New York, for which such consent is given and which will agree to give the largest percentage per annum of its gross receipts with adequate security by a bond or undertaking in writing, and under seal, in such form, condition, amount and sureties as shall be required and approved by the Comptroller of the said City for the fulfillment of the said agreement and for the commencement and completion of such road according to the plan or plans, and on the route or routes fixed for its construction within the time or times designated and prescribed therefor by the provisions of chapter 642 of the Laws of 1886.

Third—That in the construction of the said railroad and its equipment the materials and work employed shall be of the best quality and character, and the said railroad shall be constructed with side-bearing rail, having the outer edge of bearing flush with pavement, with inside drop, not exceeding one inch in depth, and that the cars thereon shall be run as frequently as the convenience of the public may require. And that no freight cars shall be run upon the routes or any of them, or any part thereof, included in the said consent; which plan of construction, quality and pattern of material, number and location of sidings, switches, turn-outs and turn-tables, shall be subject to the approval of the Commissioner of Public Works of said city.

Fourth—That the bidder to which the aforesaid sale shall be made, and any person or corporation using the tracks, or any part of the tracks, constructed or laid under or in pursuance of this consent, shall comply with all reasonable ordinances or regulations which the local authorities having charge of the aforesaid streets and avenues, or any of them, shall make as to the rate of speed, mode of use of tracks, and removal of ice and snow, and with any and all provisions of law applicable to any street surface railroad company organized under chapter 252 of the Laws of 1884, and shall not charge any passenger more than five cents from or to any point on the route hereinabove described, nor from any point on said route or any route connecting with the route hereinabove described, to any point on said route or any route connecting with the route hereinabove described, but shall give transfer tickets to a passenger when necessary to secure, and which shall secure, to him one continuous ride between such points for the single fare of five cents.

And the said bidder, as to the whole route hereinabove described, shall be absolutely and unqualifiedly bound, and any person or company using or operating a railroad upon the tracks, or any part of the tracks, constructed upon the said route under or by virtue of the consent hereby given or the sale had in pursuance thereof, as to the tracks so used by it or him, shall be jointly and severally bound with the said bidder absolutely and unqualifiedly to repair and keep in permanent repair the portion of said streets and avenues upon which the tracks shall be so constructed, between the tracks, the rails of the tracks and a space two feet in width outside of and adjoining the outside rails of the track or tracks so long as such tracks so constructed shall continue to be used, and this obligation in respect to the repairing of the streets shall not be dependent upon the requirements of the local authorities, but is hereby made an absolute and unqualified obligation; and they shall in like manner and to a like extent be bound to and shall remove the snow from the same parts of the streets or avenues immediately after it shall have fallen, or as soon as possible thereafter, and not merely to clear the tracks and the space between them by removing the snow to the space intervening between the tracks and the curb-stones, but to remove the snow entirely from that portion of the street or avenues made use of for the construction and operation of the railroad, so far as such snow may have fallen or ice may have been formed upon the said tracks, or upon the space between them, or the designated two feet of space upon each side of the outside of said tracks; the snow or ice so removed to be taken from the street and deposited at the nearest and most convenient place used by the City authorities for the deposit of snow removed by themselves.

Fifth—That the railroad to the construction or operation of which this consent is given shall be operated only by animal or horse power, and that no cars shall be operated by any person or company over the route hereinabove described, and under or by virtue of this consent, by any other than animal or horse power, unless the right so to do shall be acquired as provided by section 12 of chapter 252 of the Laws of 1884.

Sixth—That any person or company who shall use or operate a railroad upon the tracks, or any part of the tracks, constructed upon the route hereinabove described, under or by virtue of the consent hereby given, or the sale had in pursuance thereof, shall be subject to the same conditions, liabilities, obligations, duties and payments in respect to such use or operation by him or it or upon such tracks as the bidder to whom the sale shall be made under this consent would be subject were such use or operation made by such bidder, and in computing any percentage upon gross receipts that may thereby become payable, the amount thereof shall be computed upon a fare of five cents as having been received as part of the gross receipts from every passenger who shall ride upon any part of the route hereinabove described, and irrespective of the fact whether such passenger enters or leaves the car at any point upon the said route, and the bidder to whom such sales shall be made shall be jointly and severally liable with any such person or company for any default in any of such conditions, liabilities, obligations, duties and payments.

Seventh—That the percentage upon gross receipts payable under the bid at such sale, shall be made annually on the first day of November for the year ending on the next preceding thirtieth day of September.

Eighth—That the said Twenty-eighth and Twenty-ninth Streets Railroad Company shall provide for the expense of publication of the aforesaid notice of sale before the said notice shall be published, and the company which, at the said sale, shall be the highest bidder, shall at the time and place of sale reimburse the said Twenty-eighth and Twenty-ninth Streets Railroad Company for all expenses for printing and publishing necessarily incurred by it upon the application and sale herein, under the provisions of said chapter 252 of the Laws of 1884, and of said chapter 642 of the Laws of 1886.

Ninth—This consent is given and the said sale shall be made upon the express understanding that the conditions herein stated do not relieve the said bidder or any person or company operating a road upon any of the tracks constructed under this consent from any conditions, obligations, liabilities, payments or duties to which they might have been liable in the absence of such conditions.

Tenth—That if the bidder shall not furnish satisfactory security, the said Comptroller may cancel the bid and sell this consent and the license in the same manner as is provided by chapter 642 of the Laws of 1886.

Eleventh—That the said bidder shall, within thirty days after the sale at public auction execute under its corporate seal, to be attested by its president or treasurer, and by virtue of a resolution of its board of directors, an instrument in writing which shall be delivered to the Comptroller of the City of New York, and which shall contain and express the acceptance by the said bidder of this consent of the Common Council for the construction, maintenance, use and operation of the proposed railroad upon the streets and avenues above mentioned upon the terms and conditions upon which this consent is granted, and binding the said company to abide by, comply with, faithfully perform and keep the said terms and conditions.

And be it further

Resolved, That the sale at public auction of the right, franchise and privilege mentioned above shall be attended and conducted by the Comptroller of the City of New York, and shall be held at a place in the City of New York to be designated by the said Comptroller and on the earliest practicable day to be designated by the said Comptroller, or at such time to which the same may be adjourned from the day specified in the notice so published not exceeding twice, for a period not exceeding four weeks in the aggregate, and only after notice of the time, place and terms thereof, and of the route or routes to be sold, and of the conditions upon which this consent is given, shall have been published by the said Comptroller three times a week for at least three weeks in two daily newspapers in said city, to be designated by his Honor the Mayor of said city, and if the bidder shall not furnish satisfactory security, the said Comptroller may cancel the bid and sell this consent and the license in the same manner as is provided by chapter 642 of the Laws of 1886.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. THE BOARD OF PUBLIC CHARITIES AND CORRECTION reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND (\$2,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered, to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

BIDDERS ARE INFORMED THAT NO DEVIATION FROM THE SPECIFICATIONS WILL BE ALLOWED, UNLESS UNDER THE WRITTEN INSTRUCTIONS OF THE COMMISSIONERS OF PUBLIC CHARITIES AND CORRECTION.

The consent above mentioned shall be accompanied by the oath or affirmation in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

(1.) Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work contracted for, to the satisfaction of the Department of Docks, and in substantial accordance with the specifications.

cations of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The bidder to whom an award is made shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of Eleven Hundred Dollars.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work contracted for is to be fully completed on or before the first day of March, 1887; and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time or times fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the said structures to be removed under the contract, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of the notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates, their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a Bureau, Deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Any person making an estimate for the above-mentioned supplies shall furnish the same in a sealed envelope at said office, at or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The gas shall have an illuminating power of not less than eighteen sperm candles when tested on the improved form of the Bunsen Photometer, by a Sugg-Letheby 15-hole argand burner, calculated on a consumption of five cubic feet of gas per hour. The regular daily tests, however, will be made with a burner that will obtain from the gas the greatest amount of light, and practicable for use by the consumer and consuming at the rate of five cubic feet of gas per hour. The testing candle shall be of sperm of six to the pound, and consuming, as near as possible, one hundred and twenty grains of sperm per hour, and no candle shall be used for testing which consumes less than one hundred and fourteen or more than one hundred and twenty-six grains of sperm per hour. And as regards purity, the gas shall be free, within limits not injurious to the public health, from ammonia, sulphuretted hydrogen, and other sulphurous and noxious compounds.

Bidders are required to state in their estimates the several markets, armories, buildings and offices to which they propose to furnish gas in accordance with the terms, conditions and specifications contained herein, and in the proposed form of contract, and the illuminating power of the gas they propose to furnish.

Bidders are also required to state one definite and distinct price for each thousand cubic feet of gas furnished (whether the quantity be more or less) to each or any of the public markets, armories, buildings and offices of the city, and this price must be written out in full, and also inserted in figures.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

The amount of security required is \$20,000, but the same may be reduced at the option of the parties of the first part if an award is made warranting a less amount of security.

No estimate will be considered unless accompanied by either a certified check upon one of the State or national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. ## NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

NEW YORK, June 1, 1886.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc. etc. No attention paid to letters.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.
