(G. O. 152.)

(G. O. 152.) By Alderman Morris— Whereas, No provision has been made by the Common Council for a Court-house for the Sixth District Police Court, and for more than a year past said Court has been held in a building at the corner of Mott street and Washington avenue, Twenty-fourth Ward, at the sufferance of the owner, without any lease or agreement whatever with the city authorities, and said building is liable to be closed at any time, at the will of the owner, against its use for Court purposes, thereby endangering the sudden stopping or suspension of said Court, this Board having no authority by law for the leasing or hiring of any building or rooms for the purposes of this or of any of their Courts ; therefore.

Resolved, That it is not only desirable but necessary that suitable rooms, for the uses and purposes of the Sixth District Police Court, should immediately secured and assigned to that object by the action of the Board of Aldermen of this city ; Resolved, That, in the opmion of this Board, the Court-rooms now in use, at the corner of Mott the Court-rooms now in use, at the corner of Mott street and Washington avenue, Twenty-fourth Ward, are sufficiently adapted to the present wants of the Sixth District Police Court, and inasmuch as the main Court-room is large, well lighted and ventilated, and adapted to Court purposes, and the rooms adjoining convenient for examinations and other appropriate user and avaid aroan are and other appropriate uses, and as said rooms are near the Thirty-fourth Precinct Station, near the territorial centre of said Sixth District, and not very far from the centre of population, and said rooms can be had, as this Board is informed and believe, at an annual rental of five hundred dollars, as they now are, or at six hundred dollars after being fitted up for Court purposes by the proprietor; therefore, this Board respectfully re-commend to the Board of Aldermen that said rooms be secured for the use of said Sixth District Police Court Police Court ; Resolved, That this Board having learned with NEW YORK, FRIDAY, APRIL 2, 1875.

regret that the Law Committee of the Board of Aldermen have recommended by resolution the leasing of a specified building in Fordham, at a rental of one thousand five hundred dollars, for rental of one thousand five hundred dollars, for Court purposes, earnestly, but respectfully, pro-test against the passage of said resolution, and against the adoption of that building, or any part of it, for the use of the Sixth District Police Court,

for the following among other reasons: Ist. This building is nearly or quite one mile north of the territorial centre of the Sixth District. 2d. It is still more decidedly north of the cen-tre of normalistic tre of population. 3d. It is nearly a mile north of the nearest

This Board' have been informed and be-lieve that the designated building is not large enough for the purposes intended, that it is not properly lighted or ventilated, or the ceiling high enough for the crowds that often gather in Police Courts. This Board have been informed and be-lieve that several buildings, besides the one now occupied, can be rented nearer the territorial and population centre than the one proposed, and better adapted to Court purposes, and among them are Morrisania Hall, so called, and a new one known as the Bank Building, near the Thiriy-third Precinct Station; Resolved, That the Secretary of the Board transmit a copy of the above resolutions to the Board of Aldermen. The foregoing resolutions, offered by Justice

TENTH DISTRICT COURT, COR. 3D AVE. AND SOUTH'N BOULEVARD, NEW YORK, March 31, 1875.

HENRY D. PURROY, Esq., Chairman Law Committee of the Board of Aldermen: DEAR SIR—From the public press I see that your Board is now about to do what your prede-cessors should have done at least fifteen months are the curve a court room for the Court cessors should have done at least fifteen months ago, viz., to supply a court-room for the Court over which I have the honor to preside, viz., the Tenth District Court. I was elected to the posi-tion of Justice of this Court on the general elec-tion day, in November, 1873, and made imme-diate application for a court-room, so that I might be able to render to the public, in a proper place and in a proper spirit, the services which they elected me to perform. For some reason or other your predecessors failed to select for me and my clerks a proper and suitable court-room. What those reasons were I know not, nor do I care; but inasmuch as you have now moved in the matter, clerks a proper and suitable court-room. What those reasons were I know not, nor do I care; but inasmuch as you have now moved in the matter, and selected a place which, in your judgment, is the most appropriate, it is but proper for me to say, that I heartily and alacritively agree in any-thing that your Committee or Board may suggest on the subject. I am a public servant, and as such must render my services at such times and, in such, places as may best suit the wishes of the pub-lic. As to the time I am supposed to know the wishes of the public, my constituents, but as to the place you and your associates are by law des-ignated as the proper authorities where I shall perform such services, and, therefore, are the best judges of that fact. Now, I understand that you have selected a building in Fordham for the use of both my Court (and you will pardon me, I hope, for using the possessive pronoun) and the Sixth District Police Court, and that objections are made to it. Why such should be made I know not, unless they be made on personal grounds. They certainly can-not be made in good faith for the following reas-ons, namely : ist. The place designated is, geographically.

not be made in good faith for the following reas-ons, namely: ist. The place designated is, geographically, the centre of the judicial district. 2d. The building proposed to be used as a court-room, for both Courts, is just the thing wanted: situated at the depot of the Harlem Rail-road and the Fordham Avenue Horse-car Rail-road, with separate entrances for both Courts, and, with separate entrances for both Courts, and suitable accommodations for all purposes.

3d. It is a place convenient to the litigants of Kingsbridge, West Farms, Tremont, and High-bridge, and is just as accessible to the people of Morrisania, Mott Haven, and elsewhere, as would be the Court to the residents of the places first named, if permanently located in Mott Haven or Morrisania Morrisania.

I can simply add, that in view of the fact that a five years' lease must be executed for a suitable building for my court-room, such a building should be selected as would suit the wants of both Courts (because of right both ought to be together), and by so doing the public wants will be far better supplied. You must not think that because Fordby so doing the public takes supplied. You must not think that because Fora-ham is supposed to be the upper end of the dis-trict, that it is an improper place to hold it, because the City Hall is at the very end of the city, where the smallest population exists. draft of an ordinance directing this Department to proceed with the regulating, grading, curbing, guttering, flagging, and surface construction of the avenues and streets bounding the Morningside Park (excepting One Hundred and Tenth street, which is being improved as part of the Eastern Boulevard) by day's work. While I have great reluctance in recommending the prosecution of any of the works under this Department by day's work, there appear to be good reasons why this particular improvement should be carried on in that manner, at least for some time. It was begun by day's work under my predecessor in 1872, and continued until the passage of the Charter, April 30, 1873, which abrogated the power to carry it on without authority from the Common Council. About three-fifths of the regulating and grading three-fitths of the regulating and grading of the avenues had then been done, and the present condition of the work is such as to render it impracticable to make esti-mates of the quantities of work remaining to be

Pavements ordered for streets not yet regulated and graded. Ordinances for paving, sewering, curbing, gut-tering, and flagging, which have been approved just previous to and since the commencement of the winter season, could not be complied with until the opening of the spring season, as such works cannot be properly executed while the ground is penetrated by frost and covered by ow and ice.

In the cases of ordinances for flagging side-

walks, it is deemed proper to allow reasonable delay in the execution, to give property-owners an opportunity to do the work at their own expense. Ordinary flagging must be used in all work done by the city, while property-owners frequently construct the sidewalks in front of their propries with yeary superior material premises with very superior material.

it by contract. It is also desirable that the several
streets and avenues be improved as one work, in
order to utilize the surplus material on One
Hundred and Twenty-third street for the heavy
filling on the avenues. It is further suggested
that the Park Department is preparing to proceed

simultaneous prosecution of the work on the

complications and obstructions, which can be
avoided under the day's work system.

(G. O. 158.) The Committee on Lands and Places to whom was referred a message from his Honor the Mayor, transmitting an application from the Justices of the Marine Court, asking that more ample accom-modation for the transaction of the business of the Court be provided by the City, respectfully DEDOPT. **REPORT**:

REPORT : That, upon investigation, your Committee are clearly of opinion that the application should be favorably considered, as it must be conceded on all hands that the apartments now occupied by that Court are unfitted for the purpose, being en-turely too small, and being over a stable, is, partic-ularly in warm weather, so offensive as to be a nuisance to the casual attendant at the Court, and to the Justices and officers who are constantly in the rooms during court hours seriously detrimental the rooms during court hours seriously detrimental to health.

to health. Your Committee therefore viewing the neces-sity of providing a new location for the Court as a foregone conclusion, sought, in the vicinity of the City Hall Park, to provide the apartments re-quired by the Court, and have succeeded in ob-taining a location at once suitable and in every way desirable. The United States Courts will vacate the premises No. 27 Chambers street, on or about the first day of May next, and your Com-mittee propose to lease the premises then to be vacated, and the floor above, for the uses of the Marine Court, for a period of five years, at an annual rental of \$12,000. Marine Court, for a period of five years, at an annual rental of \$12,000. Your Committee are aware that the sum per annum charged for rent may be considered large, and that a due regard for the interests of the city, in view of its present financial condition, should deter them from reporting in favor of the proposed lease. Reflection, however, has convinced them that no better or cheaper location can be obtained in the vicinity of the public buildings in the Park, where the Court should, by all means, be located. And wnen it is considered that the United States Government is now paying that amount for the use of the second story alone, the second and third stories together cannot be considered too dear at the same price. In addition, the present furniture, carpeting, fixtures, etc., will be given to the use of the Marine Court without extra compensation, which will be a great ad-vantage, as no interruption whatever will be occasioned in the daily routine business of the Court, by the change of loca-tion, and the city will be saved the expense of refurnishing and refitting the second story of the building in which the United States Courts was held, the furniture and fitting the second story of the building in which the Court will be ample for the third story. In view of all the facts in the case, your Com-mittee are of opinion that no better location can be found, nor one, all things considered, more advantageous to the city. The following resolu-tion is therefore respectfully offered for your adop-tion : Resolved, That the Comptroller be and he is
