CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 6, 1892.

To the Honorable the Board of Aldermen of the City of New York:

Section 212 of the New York City Consolidation Act of 1882 provides as follows: "It shall be the duty of the Comptroller of said city to prepare and submit to the Board of Aldermen, at least four weeks before the annual meeting, in each and every year, for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in that year, on account of the corporation of the City of New York, or for city purposes within said city; and also an estimate of the probable amount of receipts into the city treasury during the then current year, from all sources of revenue of said general fund, including surplus revenues from the sinking fund available in accordance with law, other than the surplus revenues of the sinking fund for the payment of the city debt; and the said Board of Aldermen are hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and cause to be raised by tax in said year for the purposes aforesaid, and to cause to be raised by tax only the balance of said aggregate amount, after making such deduction."

In pursuance of the foregoing provision of law, I have the honor to submit to your Honorable Body a statement setting forth in detail the amount by law authorized and required to be raised by tax in and for the year 1892, on account of the Corporation of the City of New York, or for city purposes within said city, as follows, to wit:

The Final Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, in each department and branch thereof, and of the Board of Education, for the fiscal year 1892, as adopted by the Board of Estimate and Apportionment on Thursday, December 31, 1891, for which appropriations were made, aggregating the sum of thirty-five million eight hundred and eighty-one thousand two hundred and five dollars and nineteen cents (\$35,881,205.19), in which estimate is included such sum as is necessary for the payment of interest on the bonds of the said city and county which becomes due and payable within said year which is not otherwise provided for; also, such sum as is necessary to be raised by tax to pay the principal of any bonds and stocks which become due and payable during the said year which is not otherwise provided for; also, the amount to be raised by tax annually, which, with the accumulations of interest thereon, will be sufficient to redeem the stocks and bonds issued to provide for the supply of water, pursuant to the provisions of section 11 of Article VIII. of the Constitution of the State of New York, as amended in 1884; also, the amount appropriated to charitable institutions required by law, and also so much as may be necessary to pay the proportion of the State tax required to be paid by the City and County of New York in said year 1892.

From the aggregate amount of the Final Estimate for said year 1892 is to be deducted the sum of three million dollars (\$3,000,000), supplied by the General Fund for the reduction of taxation, that sum being the amount of the estimated receipts of said fund payable into the City Treasury during the said year 1892, derived from all sources of revenues applicable to and available for this object, including unexpended balances of appropriations of previous years and surplus moneys in

the Excise Fund transferred to the General Fund, less the sum of twenty-three thousand five hundred and ninety-seven dollars and fifty cents (\$23,597.50), not deducted from the appropriations, as follows:

REPORTS.

The Committee on Railroads, to which was referred the application heretofore presented to the Common Council of the City of New York by the Union Railway Company of New York City, for consent to the extension, construction, maintenance and operation of branches and extensions of its present railroad through, along and upon the surface of streets, avenues and highways in the City of New York, north of the Harlem river, respectfully

REPORT:

That, on the 2d day of August, 1892, pursuant to notice published according to law, a hearing was had on such application, at which all persons desirous of being heard were heard.

That your Committee is of opinion that the construction and operation of such branches and extensions as proposed, will furnish much needed facilities for travel and will be of great value generally to the people of the city, by adding to the taxable value of the property along the route of said branches and extensions.

Your Committee therefore respectfully recommends the adoption of the following resolutions, to wit:

Whereas, On the 12th day of July, 1892, an application in writing was made to the Common Council of the City of New York by the Union Railway Company of New York City for consent to the extension, construction, maintenance and operation of branches and extensions of its present railroad upon and along the surface of the streets, avenues and highways of said city designated in the application of said company as the route or routes of said extensions and branches; and

Whereas, The said Common Council caused public notice of such application, and of the time and place when the same would be first considered, to be given by publication for at least fourteen days in three daily newspapers in New York City, to wit: "The New York Sun," "The New York Daily News," and also in "The New York Law Journal," which papers were designated for the purpose by the Mayor of said city; and

Whereas, After public notice given as aforesaid, and a public hearing in pursuance thereof duly had, whereat all persons so desiring were given an opportunity to be heard and were heard, such application has been duly considered by the said Common Council; now, therefore,

Resolved, That the consent of the Common Council of the City of New York be and it hereby is given to the said Union Railway Company of New York City to the extension, construction, maintenance and operation, upon the conditions hereinafter set forth, of extensions or branches of their railroad upon and along the surface of the following streets, avenues and highways of the City of New York, that is to say:

Beginning at the McComb's Dam Bridge on Jerome avenue, and extending through and along said avenue to the city line.

Beginning on Morris avenue at its intersection with Third avenue and extending north, through and along said Morris avenue to Fordham Landing (or Highbridge road).

Beginning at the Harlem river on Willis avenue and extending north through and along said Willis avenue to its intersection with Melrose avenue; thence through and along said Melrose avenue to its intersection with Webster avenue; thence through and along said Webster avenue to its intersection with the Bronx river road; thence through and along said road to the city line.

Beginning at the city line at the Bronx river on Tremont avenue and extending west through and along said Tremont avenue to its intersection with Webster avenue and Burnside avenue; thence through and along said Burnside avenue to its intersection with Sedgwick avenue and Cedar avenue; thence through and along Cedar avenue to its intersection with Riverview terrace; thence southerly through and along said Riverview terrace to its intersection with Sedgwick avenue, also west through and along Dock street from its intersection with Riverview terrace to the tracks of the New York and Northern Railroad Company.

Beginning at the intersection of Olin avenue with Webster avenue and extending east through and along said Olin avenue to the city line.

Beginning at Washington bridge, on Boscobel avenue, and extending east through and along said avenue to its intersection with Jerome avenue.

Beginning at the terminus of the tracks of The Harlem Bridge, Morrisania and Fordham Railway Company at Fordham, extending west over and across the bridge of the New York and Harlem Railroad to Kingsbridge road; thence through and along said road to its intersection with Highbridge road; thence through and along said Highbridge road to its intersection with Sedgwick avenue; thence northerly along said avenue to its intersection with Bailey avenue; thence along Bailey avenue to its intersection with Broadway at Kingsbridge.

Beginning on Sedgwick avenue at its intersection with Jerome avenue, and extending in a northerly direction through and along said avenue to the city line, together with such switches, sidings, turn-outs, turn-tables and suitable stands as may be necessary for the convenient operation of said extensions or branches.

Further Resolved, That the conditions upon which the said consent is hereby given are as follows, to wit:

First—That the provisions of chapter 565 of the Laws of 1890, and the amendments thereof, in so far as the same are not inconsistent with the provisions of chapter 340 of the Laws of 1892, shall be complied with.

Second—That the President and Treasurer of the said Union Railway Company of New York City, shall annually make a verified statement to the Comptroller of the City of New York on or before the first day of September, in each year, of the gross amount of its receipts for the year ending June thirtieth next preceding, and also a detailed account of its daily earnings during that period, and the books of said company shall be open to inspection and examination by said Comptroller, or his duly appointed agent, for the purpose of ascertaining the correctness of its report as to its gross earnings, and may take proofs in relation thereto. Whenever such earnings shall, during any period of six months, exceed an average of seventeen hundred dollars per day, then and in that event the said company shall thereafter, annually on the first day of December, pay into the Treasury of the City of New York to the credit of the Sinking Fund of the said city a sum equaling in the aggregate one per cent. of gross earnings; and an additional payment of one per cent. of such gross earnings shall be made by said company in like manner for each multiple of seventeen hundred dollars per day of such average gross earnings. The gross receipts of all the lines of road owned by the said company, whether operated by said company or by lessees thereof, or any portion thereof, shall be deemed gross earnings of said company within the meaning of this section. The payment of the percentage of gross receipts herein provided for shall be in lieu of all other percentages which any of the roads consolidating and forming the said Union Railway Company of New York City may, therefore, be liable to pay on its receipts.

Third—In the construction of said extensions or branches, the equipment, material and work employed shall be of the best quality and character, and the cars thereon shall be run as often as the convenience of the public may require.

Fourth—That the said railway company and any person or corporation using the track, or any part of the tracks extended, constructed, or laid out under or pursuant to this consent shall comply with all reasonable ordinance or regulations which the local authorities having charge of the aforesaid extensions or branches shall make as to the rate of speed and removal of ice and snow, and shall not charge any passenger more than five cents from or to any point on the branches or extensions hereinabove described, within the present limits of the City of New York, nor from or to any point on said route or routes operated by said company or under its control and connecting with the route hereinabove described, to or from any point on said route, or any route, extension or branch operated by said company or under its control, and connecting with the route hereinabove described, within the present limits of the City of New York.

Fifth—That the cars to be used upon such branches or extensions, to the construction of which this consent is given, may be operated by any motive power other than locomotive steam-power.

By Alderman Harris—

Whereas, By resolution of this Board, the width of the carriageway of Seventy-first street, from Amsterdam avenue to West End avenue, was heretofore established at thirty feet, and the width of the sidewalk at fifteen feet; and

Whereas, In paving said street, in the year 1888, in pursuance of resolution and ordinance of this Board, the City Surveyor in charge of said work placed the curb-stones for the same on wrong lines, thereby making the width of the northerly sidewalk fifteen feet ten and one-half inches, and the width of the southerly sidewalk fourteen feet one and one-half inches; and

Whereas, Since that time, numerous buildings have been erected on the line of the street and sidewalks have been flagged and curb-stones set, ornamental trees planted and fire-hydrants and lamp-posts placed in accordance with the lines given by the Surveyor on the paving work, and an interference with such lines at this time would involve considerable cost and inconvenience to property-owners, as well as public expense, without any corresponding benefit or necessity; therefore,

Resolved, That the width of the carriageway of Seventy-first street, from Amsterdam avenue to West End avenue, be and is hereby established at thirty feet, and the width of the northerly sidewalk on said street is hereby established at fifteen feet ten and one-half inches, and the width of the southerly sidewalk on said street is hereby established at the width of fourteen feet one and one-half inches.

Whereas, The Department of Docks has recently adopted the following preamble and resolutions:

Whereas, John H. Starin is the owner of the bulkhead on the North river, in the City of New York, between Cortlandt and Dey streets, including a half ownership in the pier at the foot of Cortlandt street, and the entire ownership of the next pier to the north, and is entitled to the wharfage, craning, benefits, advantages, and emoluments growing, arising or accruing by or from the said wharves and piers; and

Whereas, The City of New York, in pursuance of the general plan of improvement of the water-front of said city, is desirous that the exterior wharf, street or place to the westward of West street, one hundred and eighty feet in width, should be built, and that a sea-wall, in conformity with the plans of the Dock Department, should be built along the exterior line of said wharf, street or place; and said city is likewise desirous that the two piers hereinabove referred to be removed and one large pier be built in place thereof, one hundred feet in width, commencing at a point fifty-five feet south of the centre line of Dey street; and

Whereas, The City of New York does not desire at the present time to acquire the property of the said John H. Starin aforesaid, but is desirous that the aforesaid improvement should be made; now, therefore,

Resolved, That permission be and the same is hereby given to the said John H. Starin to remove the pier (known as No. 18, being the pier at the foot of Cortlandt street in the City of New York, and the pier No. 19, being the first pier to the north thereof), and to extend the bulkhead line of the sea-wall property owned by said Starin, between Cortlandt and Dey streets aforesaid, to the bulkhead line as laid down under the provisions of the Act of 1871, and to build a sea-wall called for by the plans of the Dock Department for the improvement of the wharf front of said city, and to build a new pier commencing 55 feet south of the centre line of Dey street, of the width of 100 feet to the exterior of the pierhead line as established under the provisions of the Laws of 1871, as amended by the Laws of 1890, and to shed said pier and bulkhead.

This permit being granted upon the express terms, that if at any time in the future, the Mayor, Aldermen and Commonalty of the City of New York shall, if they see fit, condemn the wharf rights and property of the said Starin herein described, then, and in such event the said Mayor, Aldermen and Commonalty of the City of New York shall pay to the said Starin the full value of his wharf property and wharf rights, as it shall then exist as extended in pursuance of this permission, or shall repay to him, but without interest, the entire amount that he may expend in the aforesaid alterations and improvements, in addition to such compensation as said Starin shall be adjudged to receive for his wharf rights aforesaid.

The work of extending the bulkhead and building the sea-wall is to be done by the said Starin at his own expense, under the supervision of the Department of Docks, or, if he so desires, this Department will do the work at the expense of said Starin.

The new pier shall be built by the said Starin at his own expense under the supervision of the said Department.

The said Starin is to use the said pier and bulkhead for the purposes of steam transportation, and for the operation of a ferry to Staten Island, and for such other lawful purposes as he may deem proper under the "terms of the original grant of his wharf, bulkheads and property;" and

Whereas, The said John H. Starin is ready and willing to carry the terms of the said permit into effect, and it is considered desirable that the terms of the said permit should be embodied in an agreement between the Mayor, Aldermen and Commonalty of the City of New York and the said Starin;

Therefore Resolved, That the Counsel to the Corporation prepare an agreement with the said John H. Starin, which shall embody in it all the terms of the above resolution, and which shall give to him the permission and rights therein contained, and which shall require from him the agreements and conditions likewise therein contained on his part to be fulfilled and performed, which agreement when prepared shall be executed by the proper municipal authorities.

To the Honorable the Board of Aldermen:

GENTLEMEN—As provided in section 189 of the New York City Consolidation Act of 1882, the accompanying duplicate Departmental Estimate of the amount required for conducting the business of the Common Council during the ensuing year, is respectfully submitted, the original having been transmitted to the Comptroller for the Board of Estimate and Apportionment.

MICHAEL F. BLAKE, Clerk of the Common Council.

OFFICE OF THE BOARD OF ALDERMEN,
No. 8 CITY HALL,
NEW YORK, August 20, 1892.

Hon. THEODORE W. MYERS, Comptroller:

DEAR SIR—In reply to your circular letter of the 3d instant, requesting me to prepare and transmit to the Board of Estimate and Apportionment, on or before the 10th day of September, 1892, estimates in writing of the amounts required to pay the expenses of conducting the public business in this office in and for the year 1893, together with other information, I have the honor to state that the salaries fixed by law are as follows:

President of the Board of Aldermen.....	\$3,000 00
Thirty members of the Board other than the President, at \$2,000 each per annum....	60,000 00

(Section 52, New York City Consolidation Act of 1882; chapter 74, Laws of 1884; chapter 292, Laws of 1887; chapters 397 and 408, Laws of 1892.)

By section 79 of the New York City Consolidation Act of 1882, the sum to be appropriated for salaries for Clerks and other officers of the Board of Aldermen, including the Clerk, is limited to \$25,000. The Board of Estimate and Apportionment in 1888, 1889, 1890, 1891 and 1892 specified the officers and fixed their salaries at \$22,100, which will be ample for the ensuing year and are as follows:

Clerk of the Board and ex-officio Clerk of the Common Council.....	\$5,000 00
Deputy Clerk of the Board of Aldermen.....	2,500 00
Five Clerks at \$1,200 each.....	6,000 00
Four Clerks at \$1,000 each.....	4,000 00
Librarian for City Library.....	1,000 00
Sergeant-at-Arms, Board of Aldermen.....	900 00
Three Messengers, at \$900 each per annum.....	2,700 00
City Contingencies.....	1,500 00
Contingencies—Clerk of the Common Council.....	200 00

Total for the year 1893..... \$86,800 00

—and is an exact duplicate both as to the objects and the amount of expenditures asked for and allowed in each of the past five years, save the five additional Aldermen, as provided for by the Laws of 1892, and with the exception that an appropriation of \$900 was made for an additional Messenger in 1891.

Until after the organization of the Board of Aldermen for the year 1893, and the appointment of its officers, their names and designations cannot be given.

As all the appropriations are made to pay fixed salaries with the exception of the items for contingencies, it is more than probable they will be all expended. The balance unexpended from the appropriation for "Contingencies" at the expiration of the present year cannot with any degree of certainty be estimated at this time.

Summary.

Amount asked and allowed for year 1892.....	\$76,800 00
Estimate for the year 1893.....	86,800 00

Increase for 1893, an additional sum of \$10,000 for five additional Aldermen as provided by chapters 397 and 408, Laws of 1892.

Departmental Estimates for the Year 1893—City Departments.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
August 9, 1892.

To Mr. MICHAEL F. BLAKE, Clerk, Board of Aldermen:

At a meeting of the Board of Estimate and Apportionment, created by chapter 335 of the Laws of 1873, held July 28, 1892, the following preamble and resolution were adopted, to wit:

Whereas, section 189 of the New York City Consolidation Act of 1882 provides as follows: "The Mayor, Comptroller, President of the Board of Aldermen, and the President of the Department of Taxes and Assessments shall constitute the Board of Estimate and Apportionment."

"The said Board shall, annually, between the first day of August and the first day of November, meet, and by the affirmative vote of all the members, make a Provisional Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, and each department and branch thereof, and of the Board of Education, for the then next ensuing year."

"For the purpose of making said Provisional Estimate, the Heads of Departments and the Board of Education shall, at least thirty days before the said Provisional Estimate is required to be made as herein provided, send to the Board of Estimate and Apportionment an estimate in writing,

herein called a Departmental Estimate, of the amount of expenditures, specifying in detail the objects thereof, required in their respective departments, including a statement of each of the salaries of their officers, clerks, employees and subordinates.

"The same statement as to salaries and expenditures shall be made by all other officers, persons, and boards having power to fix or authorize them.

"A duplicate of these Departmental Estimates and statements shall be made at the same time to the Board of Aldermen."

"Resolved, That the Comptroller request the heads of all the Departments, the Board of Education, and the Officers of the City and County of New York, to send their Departmental Estimates for the year 1893, in conformity to the foregoing provisions of law, to the Board of Estimate and Apportionment, on or before September 10, 1892."

You are particularly requested to send your Departmental Estimate to the Board of Estimate and Apportionment, on or before the 10th day of September, 1892.

The Departmental Estimate should state specifically the objects and purposes of all the appropriations required to pay the expenses of conducting the public business of your Department in and for the year 1893. The amount required should be specified for each item of expense, including the salaries paid all officers, clerks and subordinates employed in the Department, giving the names and official titles of the several persons receiving such salaries, respectively, in accordance with the above-cited provisions of law. Full explanations should accompany the estimates, stating the reasons for any increase or decrease in the amounts, as compared with the appropriations made for 1892.

You are particularly requested to refer in your estimates to the provisions of law under which the amount of salaries, and of appropriations of specific sums for special objects and purposes, are authorized.

A separate comparative statement, in tabular form, showing, in one column, the amounts of all appropriations made to your Department for the year 1892, for different objects and purposes, with additions and deductions therefrom for any transfers which may have been made from one appropriation to another; and showing in another column, the amounts of appropriations asked for in your Departmental Estimate, for the year 1893, is also required to be appended to said Departmental Estimate.

You are also requested to state the amount which may probably remain unexpended of any appropriations for 1892 at the end of the year.

Every item of expense not absolutely necessary for conducting the public business should be excluded, and every item included in the estimates should be reduced to the lowest amount of expenditure consistent with efficient service, in order to secure the utmost economy in the administration of city affairs and make the burden of taxation as light as possible; and your co-operation with the Board of Estimate and Apportionment in accomplishing these important objects is earnestly requested.

Respectfully,
THEO. W. MYERS, Comptroller.

NEW YORK, August 18, 1892.

To the Honorable the Board of Aldermen:

Herewith find copy of estimates of the Surrogate for his court and office for the year 1893, sent this day to the Board of Estimate and Apportionment.

Yours, respectfully,

WILLIAM S. LEARY, Chief Clerk.

CHAMBERS OF THE SURROGATE—CITY AND COUNTY OF NEW YORK,
NEW YORK, August 16, 1892.

To the Board of Estimate and Apportionment:

GENTLEMEN—I submit herewith an estimate of the amount of expenditure required for the maintenance of my court and office for the year 1893.

It is the same as that which was allowed for the current year with two exceptions. One respects an additional Clerk to assist in examining and comparing the records required by law to be copied, and the other has reference to the number of libers needed for use in the work being done for the preservation of the public records. The appointment of the Clerk referred to was urged in my communication of August 21, 1891, submitting the estimates for this year, and in previous communications therein referred to. In these the absolute necessity of having this Clerk is shown. I renew my request for his appointment. His salary is put at \$1,000.

I ask for the ensuing year the same appropriation as was made for the present year for the Clerks employed pursuant to chapter 57 of the Laws of 1883, as amended by chapter 467 of the Laws of 1890 in the preservation and transcription of mutilated and obliterated records. There are eight (8) Clerks employed in this work at a salary of \$1,200 a year each, and a Superintendent and Examiner who receives \$1,500 a year. The estimates for this year allowed for the prosecution of this work eleven (11) libers at a cost of \$330, and \$100 for stationery. Twelve (12) libers at a cost of \$360 will be required next year, and \$100 for stationery. The necessity for this work has been duly certified in accordance with the acts aforesaid. A certificate of mine accompanies the communication of September 11, 1890, submitting my estimates for the succeeding year, and a certificate made by Judge Barrett is attached to the estimates presented in 1889. I have, also, in pursuance of said acts, examined and certified as to the necessity of copying thirteen (13) additional libers. The certificate is annexed hereto.

For contingencies, \$1,200 is requested, being the same amount appropriated for like purpose for the current year.

Respectfully submitted,

RASTUS S. RANSOM, Surrogate.

CHAMBERS OF THE SURROGATE—CITY AND COUNTY OF NEW YORK,
NEW YORK, August 16, 1892.

To the Honorable the Board of Estimate and Apportionment:

In pursuance of the authority vested in me by chapter 57 of the Laws of 1883, as amended by chapter 467 of the Laws of 1890, I hereby certify that I have examined the following books of record in my office and that they have, and each of them has, by reason of age and continuous use, become mutilated and obliterated and rendered unfit for public use and service, and need to be recopied, and that it is necessary for the security and safety of the public records of and in my office and of said books, that the said books should be recopied and transcribed.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Rooms 1 and 10, No. 31 Chambers street.

Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, August 14, 1892.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonality containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of

this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The forms of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named.

Each envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of Stationery and Printing is to be put up in boxes and delivered at such times and places, and in such quantities in each place, as shall be directed by the Chief of the Bureau of Elections.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of TWO THOUSAND FIVE HUNDRED DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be

returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Samples of Stationery and Printing required may be examined and blank forms for estimates may be obtained by application to the Chief of the Bureau of Elections, at his office in the Central Department.
