Miller, President, Borough of The Bronx; Denis O'Leary, Acting President, Borough of Queens, and George Cromwell, President, Borough of Richmond.

The Acting Mayor, Hon. Ardolph L. Kline, presided.

The minutes (Financial Matters) of the meeting held February 8, 1912, were approved as printed in the CITY RECORD, February 15, 1912.

**FRANCHISE MATTERS.****NATIONAL DISTRICT TELEGRAPH COMPANY.**

The public hearing was opened on the petition of the National District Telegraph Company for a franchise to use and occupy the streets, avenues and highways throughout the City for the purpose of carrying on an electrical fire alarm telegraph signal service, both automatic and manual, connecting subscribers' premises with the central offices of the company, located at 44 East 23d street, Borough of Manhattan, and 44 Court street, Borough of Brooklyn.

The hearing was fixed for this day by resolution adopted January 18, 1912.

Affidavits of publication were received from the "New York Times," the "Evening Mail" and the CITY RECORD.

Joseph Rowan, representing the Electric Service Company, appeared in opposition to the proposed grant. No one appeared in favor. No one else desiring to be heard, the Chair declared the hearing closed.

The matter was then referred back to the Bureau of Franchises.

**THE AUTOMATIC FIRE ALARM COMPANY.**

The public hearing was opened on the petition of The Automatic Fire Alarm Company for a franchise to install, maintain and use wires through and over the streets, avenues and public places and connecting same with apparatus in or on buildings and thereby maintaining and operating a system of electric signal service for the purpose of giving notice or warning by telegraphic or electric signals within the Boroughs of Manhattan and Brooklyn; and to connect its wires with the Fire and Police Departments of the City.

The hearing was fixed for this day by resolution adopted January 18, 1912.

Affidavits of publication were received from the "New York Press," the "New York Commercial" and the CITY RECORD.

No one appeared in opposition to or in favor of the proposed grant, and the Chair declared the hearing closed.

The matter was then referred back to the Bureau of Franchises.

**MANHATTAN FIRE ALARM COMPANY.**

The public hearing was opened on the petition of the Manhattan Fire Alarm Company for a franchise to lay, erect, construct, lease and maintain wires and other connections, with the necessary poles, pipes, conduits and appliances in, over and under the streets, avenues and highways throughout the City for the electrical or other operation of call boxes in connection with telephone, telegraph and any system for transmitting calls and signals for electrical or other protection service.

The hearing was fixed for this day by resolution adopted January 18, 1912.

Affidavits of publication were received from the "New York Press," the "Sun" and the CITY RECORD.

No one appeared in opposition to or in favor of the proposed grant, and the Chair declared the hearing closed. The President of the Borough of The Bronx stated he objected to the construction of poles in the street.

The matter was then referred back to the Bureau of Franchises.

**POSTAL TELEGRAPH-CABLE COMPANY.**

The public hearing was opened on the form of contract for the consent of the City to the Postal Telegraph-Cable Company to the relocation of two existing underground conduits of the Commercial Cable Company from their present location in the Borough of Brooklyn, terminating at Manhattan Beach, to run through various streets and avenues and the Conduit Lands in the Boroughs of Brooklyn and Queens, to Far Rockaway Beach; and the construction of two additional conduits from Dover and Water streets, Borough of Manhattan, across the East River and along various streets and avenues and the Conduit Lands in the Boroughs of Brooklyn and Queens to the same proposed terminal at Far Rockaway Beach.

The hearing was fixed for this day by resolution adopted January 4, 1912.

Affidavits of publication were received from the "New York Press," "The Sun" and the CITY RECORD.

No one appeared in opposition to or in favor of the proposed grant, and the Chair declared the hearing closed.

Law Department, Office of the Corporation Counsel, New York, December 30, 1911.

To the Board of Estimate and Apportionment:

Sirs—I am in receipt of a communication from Harry P. Nichols, Engineer, Chief of your Bureau of Franchises, dated December 29, 1911, and reading as follows:

"I am transmitting herewith, for approval as to form, proposed form of contract to govern the consent of the City to the Postal Telegraph-Cable Company.

This matter has been the subject of a recent opinion of your Department, dated December 26, 1911.

As it is desired to present this proposed form of contract to the Board at its meeting to be held Thursday, January 4, 1912, I would request that, if possible, you advise as to whether it meets with your approval as to form, on or before Wednesday, January 3, 1912."

I have examined the proposed agreement and herewith return same approved as to form. Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

The following was offered:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Postal Telegraph-Cable Company the consent of The City of New York as more fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

This contract, made and entered into this      day of      , 191      , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Postal Telegraph-Cable Company, a corporation formed under and pursuant to the Laws of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The Company on or about the tenth day of August, 1883, filed a certificate of incorporation in the office of the Secretary of State as the New England Telegraph Company; and

Whereas, The said New England Telegraph Company on or about July 26, 1884, filed with the Postmaster-General of the United States of America a certificate of acceptance of the restrictions and obligations imposed on telegraph companies by an Act of Congress of the United States, passed July 24, 1866, entitled, "An Act to aid in the construction of telegraph lines and to secure to the government the use of the same for postal, military and other purposes," and by title 65 of the Revised Statutes of the United States; and

Whereas, The said New England Telegraph Company on or about April 20, 1910, assumed the name of Postal Telegraph-Cable Company, by which it is now known, pursuant to an order of the Supreme Court of the State of New York, authorizing it so to do; and

Whereas, The Company has now applied for the consent of the City to the lay-

ing of certain underground conduits between the Borough of Manhattan and Far Rockaway Beach, Borough of Queens, which consent, the Board is advised, is required under the provisions of section 102 of the Transportation Corporations Law (chapter 219 of the Laws of 1909); now, therefore, in consideration of the mutual covenants and conditions herein contained, the City and the Company covenant and agree as follows:

Section 1. The City hereby consents to the construction, erection, maintenance and operation by the Company of the following:

1. Two (2) conduits, each not more than three (3) inches inside diameter with the necessary junction boxes, manholes and appurtenances for the purpose of placing cables and conductors therein from a point at the intersection of Dover and Water streets, Borough of Manhattan; through and along Dover street to South street; thence through and along South street to a point situated near the northerly boundary of the property belonging to the City at the foot of Roosevelt street, now leased to the Clyde Steamship Company, and known as Pier (new) 22; thence underneath said property to the easterly extremity of the pier occupied by the Clyde Steamship Company; thence under the East River to a point near the northwestern extremity of the wharf belonging to the City at the foot of the tower of the Brooklyn end of the Brooklyn Bridge; thence beneath said wharf to a point in Water street, Borough of Brooklyn, near the northeastern corner of the aforesaid property; thence through and along Water street to Dock street; thence through and along Dock street to Front street; thence through and along Front street to a point where they will join the route of the present conduits of The Commercial Cable Company; thence through and along Front street to Hudson avenue; thence through and along Hudson avenue to Park avenue; thence through and along Park avenue to Vanderbilt avenue; thence through and along Vanderbilt avenue to Plaza street; thence along Plaza street to St. Johns place.

Together with the privilege of constructing and maintaining one (1) small cable house on the wharf or pier on each side of the East River for the purpose of connecting the underground land cables with the two cables to be laid under the East River.

2. Four (4) conduits, each not more than three (3) inches inside diameter, with the necessary junction boxes, manholes and appurtenances for the purpose of placing cables and conductors therein, from a point at the intersection of Plaza street and St. Johns place, Borough of Brooklyn; thence through and along St. Johns place to East New York avenue; thence through and along East New York avenue to Liberty avenue; thence through and along Liberty avenue to Linwood street; thence through and along Linwood street to Belmont avenue; thence through and along Belmont avenue to Railroad avenue; thence through and along Railroad avenue to Pitkin avenue; thence through and along Pitkin avenue to the property, formerly of the Brooklyn City Water Works, now known as the conduit lands (Conduit avenue); thence through and along the said conduit lands (Conduit avenue) to the boundary line between the Boroughs of Brooklyn and Queens; thence continuing along the conduit lands (about 4½ miles) to the point of intersection of the said conduit lands with the Rockaway turnpike; thence through and along the Rockaway turnpike to the boundary line between the City of New York and the County of Nassau.

Also beginning at the intersection of Central avenue and McNeil avenue, Far Rockaway, Borough of Queens; thence through and along McNeil avenue to Broadway; thence through and along Broadway to its intersection with Oak street, Rockaway turnpike and Jarvis lane; thence through and along Jarvis lane to a point where it joins or intersects Grand View avenue; thence through and along Grand View avenue and in a line therewith to the beach at Far Rockaway, there to connect with the ocean cables of The Commercial Cable Company, which are to be brought to a land connection at this point.

All as shown on a map or plan entitled:

"Map or plan to accompany the petition of the Postal Telegraph-Cable Company, dated February 4, 1911, to the Board of Estimate and Apportionment, for permission to construct conduits and draw cables therein from a point at the intersection of Dover and Water streets, Borough of Manhattan, through the Boroughs of Brooklyn and Queens to the beach at Far Rockaway, as more specifically set forth in the petition of the Company,"

—and signed by C. C. Adams, as Vice-President, a copy of which is attached hereto, and is to be deemed a part of this contract.

Sec. 2. The consent hereby given is in consideration of and subject to the following provisions and conditions:

First—This contract is entered into on the mutual and express understanding and agreement by and between the parties hereto that the Company will not use the said conduits or conductors for which consent is hereby granted for any other purpose than as a telegraph line in connection with the cable lines of the Postal Telegraph-Commercial Cable system, so-called.

Second—The said consent to construct, maintain and operate said conduits and their appurtenances shall continue and extend for the period of the duration of the Company and any renewals of its chartered existence in accordance with the laws of the State of New York.

Third—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over or through the same route, hereinbefore described, or any portion thereof.

Fourth—The consent hereby granted shall not be assigned, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving, or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—The Company shall commence construction of the conduits herein consented to within six (6) months from the date upon which this contract is signed by the Mayor and complete the construction of the same, and have the necessary cables and conductors drawn into the same and commence operation within two (2) years thereafter, otherwise this consent shall cease and determine; provided that the period for commencement and the period for completion, here specified, may be extended by the Board; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvements, or from other causes not within control of the Company, the time for the commencement or completion of such construction shall be considered extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Sixth—Said conduits shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said conduits shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Upon completion of the work the grantee shall furnish to the Presidents of the Boroughs plans of such character as they may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structure installed; also the location and dimensions of all substructures encountered during the progress of the work. The depth below the street surface of the new structures and substructures encountered must be shown; also their location with reference to the nearest curb line and the nearest curb line intersection.

Seventh—The Company where it has opened any street or avenue for the purpose of laying or repairing the conduits and cables herein consented to, shall properly restore said pavement and maintain the same for a period of one year, all at its own expense. If the Company shall, after five (5) days' notice from either the President of the Borough of Brooklyn or the President of the Borough of Queens, or any other proper City official, neglect to so restore or maintain said pavement, then the said Presidents, or either of them, or such other proper official, shall be authorized to do so at the expense of the Company, and the cost of such restoration and maintenance shall be a proper charge against the Company. No street or avenue which shall be opened for the purpose of this construction or for any repairs subsequent to the completion of such construction shall be kept open for a longer period than the local authorities may prescribe, or where no period is prescribed, not longer than is reasonably necessary.

Eighth—The Company shall not construct any overhead wires, conductors or cables or erect any poles upon or along the route for which consent is herein granted, or any part of the same, and it is distinctly understood and agreed that such conduits and cables, and every portion thereof shall be placed and constructed underneath the surface of the streets and avenues and other public places and property on such route.

Ninth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken under the consent granted.

Tenth—Any alteration to the sewerage or drainage systems or to any other sub-surface or to any surface structures in the streets, required on account of the construction or operation of the conduits, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Eleventh—It is agreed that the consent hereby granted to construct and operate these conduits and conductors shall not be in preference or in hindrance to public work of the City, and should the said conduits and conductors in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits, conductors and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twelfth—Should the grades or lines of the streets and avenues in which the conduits are laid be changed at any time after the same have been constructed and during the term of this contract, the Company shall at its own expense, change said conduits and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the conduits and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Thirteenth—The wires, cables, conductors and conduits to be laid shall be employed for no other purpose than that explicitly set forth herein, except by consent of the Board, and the Company binds itself not to lay, use, lease or operate the said wires, cables, conductors and conduits for illegal purposes or to illegal places.

Fourteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fifteenth—If the Company shall fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, and in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, the City shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the conduits to be laid, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company. The Company shall not, without the permission and consent of the lessee, enter into or use any wharves or piers or other public property affected by this contract, but which is leased by the City to any person or corporation.

Seventeenth—This consent is upon the express condition that the Company within thirty (30) days after the signing of this contract by the Mayor and before anything is done in exercise of the consent hereby granted shall file with the Comptroller of the City the joint and several bond of the Company and The Commercial Cable Company in the sum of twenty-five thousand dollars (\$25,000) conditioned that the Company will perform all the terms and conditions of this contract and each and every one thereof, and comply with all orders of the Board or other local authority acting under the powers herein reserved, especially those which relate to the repairs of street pavement, quality of construction of the conduits and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions or upon its failure to comply with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from said Companies or either of them.

Eighteenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Nineteenth—The words "streets or avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean "streets, avenues, highways, boulevards, concourses, driveways, bridges, tunnels, parks, parkways, waterways, docks, bulkheads, wharves, piers or public grounds or waters," the City aqueduct or conduit lands within and belonging to the City and any other property to which the City has title or over which the public has an easement, encountered in the route hereinabove described, and through or in which this contract shall operate.

Twentieth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights, and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-first—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues affected by this consent.

Sec. 3. Nothing contained herein shall be deemed to authorize the Company to use the land, formerly of the Brooklyn City Water Works, now generally known as the Conduit Lands or the City Aqueduct, without the consent of the Board of Commissioners of the Sinking Fund first had and obtained in the manner and in accordance with the procedure for such consent required by "The Greater New York Charter." And nothing contained herein shall be deemed nor is anything contained herein intended or to be construed as giving to the said Postal Telegraph-Cable Company the consent of this Board, under its authority conferred by "The Greater New York Charter," to the use of the said Conduit Lands for a further or longer term than the Board of Commissioners of the Sinking Fund is authorized to grant either by permission or lease or otherwise, or to the use of any other property of the City as above for a longer period than the local authority or authorities having the control and management of the same are empowered to authorize. And the said right to use the said Conduit Lands and other City property shall be subject to such conditions and provisions as may be imposed by the Board of Commissioners of the Sinking Fund.

Sec. 4. This contract shall not take effect nor shall the Postal Telegraph-Cable Company exercise its privilege of constructing the underground conduits for which consent is herein granted, unless and until The Commercial Cable Company shall

execute and file with the Board an instrument under seal, wherein it shall agree in consideration of the grant of the consent to be given by the Board of Commissioners of the Sinking Fund to the use of the City Aqueduct or Conduit Lands, to transfer to the City free of all cost and expense that portion of the present conduits belonging to the said Commercial Cable Company between Plaza street, Borough of Brooklyn, and the cable landing at Manhattan Beach, Coney Island, which is to be abandoned and through which no further operations in connection with the Atlantic cables will be conducted when the conduits hereinbefore referred to are completed and placed in operation, such portion to be so transferred being shown on the map or plan attached hereto. In said instrument The Commercial Cable Company shall agree and bind itself to make such transfer to the City within six (6) months after the completion of the conduits herein consented to and the placing of the same in operation.

Sec. 5. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 6. The consent herein granted is subject to the jurisdiction of the United States of America over navigable streams and waters.

Sec. 7. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part by its Mayor thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part by its officers thereunto duly authorized has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK,

[CORPORATE SEAL] By ..... Mayor.

#### HEERMANCE STORAGE & REFRIGERATING COMPANY.

In the matter of the report submitted by the Heermance Storage & Refrigerating Company, under the provisions of Section 2, Eighteenth of the contract, dated January 5, 1911, granting said Company a franchise to construct, maintain and operate conduits for the distribution of refrigeration within a limited district of the Borough of Manhattan.

This report was presented to the Board at the meeting of February 1, 1912, and was referred to the Bureau of Franchises.

The Secretary presented the following:

Bureau of Franchises, February 5, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Section 2, Eighteenth, of the contract between The City of New York and the Heermance Storage and Refrigeration Company, dated January 5, 1911, authorizing construction, maintenance and operation of conduits for the distribution of refrigeration in a certain district in the Borough of Manhattan, provides that the Company shall submit, on or before February 1st of each year, a report containing certain information with regard to the capital stock, funded and floating debt, operations, expenditures, etc., of the Company for the year ending December 31st next preceding.

Pursuant to this provision, the Company, under date of January 26, 1912, filed such report for the year ending December 31, 1911. The same was presented to the Board at its meeting of February 1, 1912, on which day it was referred to this Bureau.

From the information contained in this report, it appears that the Company's capital stock has not been increased since the franchise was granted, and it has no funded debt.

This being the first report of the Company, no comparison can be made of the quantity of refrigeration produced or furnished to the consumers. The number of its outside customers remains the same as when the franchise was granted. Neither has the Company constructed any additional conduits since the date of such grant.

Accompanying such report, the Company filed a map showing the conduits constructed up to December 31, 1911.

It is recommended that the report and map submitted by the Company be filed. Respectfully,  
HARRY P. NICHOLS, Engineer, Chief of Bureau.

Which was ordered filed.

#### HARRISON STREET COLD STORAGE COMPANY.

A report was received from the Harrison Street Cold Storage Company pursuant to Section 2, Eighteenth of the contract, dated December 27, 1909, granting said Company a franchise to construct, maintain and operate conduits for the purpose of supplying refrigeration within a certain district in the Borough of Manhattan.

The Secretary presented the following:

Bureau of Franchises, February 5, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Section 2, Eighteenth, of the contract between The City of New York and the Harrison Street Cold Storage Company, dated December 27, 1909, authorizing the construction, maintenance and operation of conduits for the purpose of distributing refrigeration in a specified district in the Borough of Manhattan, provides that the Company shall submit to the Board, not later than February 1st in each year, a report for the year ending December 31st next preceding, containing certain information in regard to its capital stock, funded and floating debt, operations, expenditures, etc.

Pursuant to this provision, the Company filed a report on January 31, 1912, for the year ending December 31, 1911. From the information contained therein, it would appear that the Company's capital stock remains the same as at the time of the last annual report. It has no funded debt, and its floating debt has been considerably decreased during the year.

The quantity of refrigeration produced shows a slight increase over last year, which increase was mainly utilized by the Company for its own warehouses. The number of outside consumers remains about the same, and about 90 feet of additional conduit have been constructed during the year, which construction is shown upon a map filed with the report, pursuant to the contract.

It is recommended that the report and map submitted by the Company be filed. Respectfully,  
HARRY P. NICHOLS, Engineer, Chief of Bureau.

Which was ordered filed.

#### MERCHANTS' REFRIGERATING COMPANY.

A report was received from the Merchants' Refrigerating Company under the provisions of Section 2, Eighteenth of the contract, dated October 21, 1910, granting said Company a franchise to construct, maintain and operate conduits for the purpose of supplying refrigeration in certain districts in the Borough of Manhattan.

The Secretary presented the following:

Bureau of Franchises, February 5, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Section 2, Eighteenth, of the contract between The City of New York and the Merchants Refrigerating Company, dated October 21, 1910, authorizing the construction, maintenance and operation of conduits to distribute refrigeration in certain districts in the Borough of Manhattan, provides that the Company shall submit a report to the Board not later than February 1st in each year, containing certain information in regard to its capital stock, funded and floating debt, operations, expenditures, etc., for the year ending December 31st next preceding.

Pursuant to this provision, the Company, on January 30, 1912, filed such report for the year ending December 31, 1911.

It appears from this report that during the year the Company has acquired the rights and property of the Merchants Refrigerating Company of New Jersey, and

for this purpose increased its capital stock by \$300,000. Its funded debt was also considerably increased during the year.

The quantity of refrigerant produced by the Company is about the same as last year, as is also the amount furnished to outside consumers.

The Company constructed no additional conduits during the year, now having something over 700 feet. By reason of this fact, it was unnecessary that a map be filed this year.

It is recommended that the report submitted by the Company be filed.

Respectfully,  
HARRY P. NICHOLS, Engineer, Chief of Bureau.  
Which was ordered filed.

#### NASSAU ELECTRIC RAILROAD COMPANY.

In the matter of the petition of the Nassau Electric Railroad Company for a franchise to construct, maintain and operate a double track street surface railway from the intersection of Atlantic and 5th avenues, Borough of Brooklyn, upon and along Atlantic avenue to Shepherd avenue.

This petition was presented to the Board at the meeting of February 1, 1912, and referred to the Bureau of Franchises.

The Secretary presented the following:

The Nassau Electric Railroad Company, 85 Clinton Street, Brooklyn, New York, Vice President's Office, January 29, 1912.

To the Honorable Board of Estimate and Apportionment of The City of New York:

Gentlemen—In transmitting herewith our application for a franchise on Atlantic avenue we assume it is unnecessary to describe the conditions which have induced us to take this action.

Under what was supposed to be due authority of law, the Long Island Railroad Company, in changing the grade of the railroad which it leases from us from Flatbush avenue easterly, laid tracks for a surface railroad on the greater part of that portion of the right of way in the centre of Atlantic avenue which was released by the depression or elevation of the steam railroad and sought a franchise for the necessary turnouts in order to make a continuous route. The City brought an action to require the removal of the surface railroad tracks thus constructed upon the ground that they were not authorized by law, and after protracted litigation the Court of Appeals has sustained the City's contention. The tracks thus constructed remain in the street and must be removed unless they are put to use in the manner provided by law. There seems to be not the slightest opposition to the completion and maintenance of these tracks as a surface railroad, but on the contrary the owners of more than a majority of the abutting property have consented to such railroad, and we have been importuned both by public officials and property owners along the street to apply for a franchise which would authorize the use of these tracks. This we could not do under the terms of our lease to the Long Island Railroad Company without the consent of that company. This consent has now been given and we have agreed with the Long Island Company that upon obtaining a satisfactory franchise we will purchase from that company the tracks now constructed and in position, together with the available material on hand for their completion.

There is considerable question in our minds whether, with existing surface and elevated railroads on Fulton street two blocks away over a large portion of the route and one block away over the remainder of the route, and with an additional surface railroad on Bergen street three blocks away on a large portion of the route and one block away on Liberty avenue over another large part of the route, a new line of transportation is justified; nevertheless, such a line would undoubtedly be of convenience to the people along Atlantic avenue (business on which has been affected by the removal of the former rapid transit service), and would be a very great convenience to people desiring to use the various stations of the Long Island Railroad Company.

In order, however, that the proposed railroad may be operated most satisfactorily we ask that in fixing the terms of the franchise (should your Board decide to grant a franchise) we shall be allowed to maintain the curbs which now separate the major portion of the railroad from the adjacent thoroughfare, and that permission shall be given for maintaining a similar set of curbs from Bedford avenue westerly, except at street intersections. Such an arrangement will not interfere with adequate use of the street for vehicles and will promote safety and quickness of operation.

This company at present has a franchise to operate on the south side of Atlantic avenue, from Washington avenue to Flatbush avenue. In order that there may not be unnecessary tracks in any portion of the street and in order that vehicle traffic on the south roadway may not be unnecessarily impeded by the presence of superfluous tracks, we are willing to take up the double track railroad on the south side of the avenue from Washington avenue to Fifth avenue, with the understanding that it may be replaced at the expiration of the new franchise now sought or at the end of any renewal period. In view of the facts that the existing franchise is unlimited we would have no right in justice to our stock and bond holders to remove the tracks covered by that franchise, except upon the understanding that they may be replaced when we cease to have the new privileges applied for. Yours truly,

C. D. MENEELY, Vice-President and Treasurer.  
Bureau of Franchises, February 9, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Under date of January 29, 1912, the Nassau Electric Railroad Company, by its Vice-President and Treasurer, petitioned the Board for a franchise to construct, maintain and operate a double track street surface railway in the Borough of Brooklyn, beginning at or near the intersection of Atlantic Avenue with Fifth Avenue; thence upon the surface of Atlantic Avenue to the intersection of Atlantic Avenue and Shepherd Avenue.

The Nassau Electric Railroad Company has a franchise to operate upon the south side of the portion of Atlantic Avenue covered by the above described route between Fifth and Washington Avenues. It is proposed by the Company should this franchise be granted that these tracks be removed to the centre of Atlantic Avenue. There are also existing tracks not operated in portions of the remaining route. These tracks have been the subject of litigation during the past several years. In 1877 the Atlantic Avenue Railroad Company leased the railroad upon the surface of Atlantic Avenue to the Long Island Railroad Company, the former Company having since been merged with the petitioner. This railway was formerly operated by steam power and has been removed from the surface of Atlantic Avenue pursuant to statute, and under the jurisdiction of the Atlantic Avenue Improvement Commission. Subsequent to the removal of the steam tracks on the surface of Atlantic Avenue, the Long Island Railroad Company claimed the right to also operate a street surface railway upon the surface of Atlantic Avenue. The courts, however, have held that this claim is invalid. The tracks have been allowed to remain upon the surface of Atlantic Avenue, and the object of the present petition is to legalize their existence by obtaining a franchise therefor. The Long Island Railroad Company joins with the petitioner in asking for the consent to construct, maintain and operate the railway, and consents to the acceptance of the franchise and to the use of the same by the petitioner.

It is suggested that the Board adopt a resolution fixing March 28, 1912, as the date for the preliminary public hearing and requesting the Mayor to designate the newspapers in which the notice of such hearing should be published in pursuance of law.

A resolution to that effect is transmitted herewith for adoption.

Respectfully,  
HARRY P. NICHOLS, Engineer, Chief of Bureau.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—The Nassau Electric Railroad Company, a street surface railroad corporation duly incorporated and doing business under and by virtue of the laws of the State of New York, hereby makes application for a franchise to construct, operate and maintain a double-track street surface railroad for the transportation of persons and property, together with the necessary connections, switches and turn-outs, appurtenances and appliances, to be operated by electricity conducted and supplied through the overhead single trolley system, along the route in the Borough of Brooklyn, City of New York, described as follows:

Commencing at a point at or near the intersection of Atlantic avenue with 5th avenue, and running thence in, upon and along the surface of Atlantic avenue, in the centre of or as near the centre of said avenue as may be, to a point at or near the intersection of Shepherd avenue with Atlantic avenue.

Dated, January 29, 1912.

THE NASSAU ELECTRIC RAILROAD COMPANY,

By C. D. MENEELY, Vice-President and Treasurer.

City of New York, County of Kings, ss.:

C. D. Meneely, being duly sworn, says: That he is the Vice-President and Treasurer of the above-named petitioner; that he has read the foregoing petition

and knows the contents thereof; that the same is true to his own knowledge, except as to the matters therein stated to be alleged on information and belief, and as to those matters he verily believes it to be true; that the reason this verification is made by deponent and not by the petitioner is, that the petitioner is a corporation and the deponent is an officer thereof and makes this verification under and pursuant to the authority of the Board of Directors of said corporation.

C. D. MENEELY.

Sworn to before me this 29th day of January, 1912.

JNO. B. HOLLINGER, Notary Public, Kings County.

The Long Island Railroad Company hereby joins in the foregoing petition for the purpose of consenting thereto as lessee under the certain Indenture of Lease between it and the Atlantic Avenue Railroad Company, bearing date March 26, 1877, and hereby consents to the acceptance by the petitioner of the franchise applied for and to the use and enjoyment by it of said franchise during its term and during any and all renewals and extensions thereof.

Dated January 26, 1912.

LONG ISLAND RAILROAD COMPANY,

By RALPH PETERS, President.

Attest: FRANK E. HAFF, Secretary.

City of New York, County of New York, ss.:

On this 26th day of January, 1912, before me personally appeared Ralph Peters, to me known, who, being by me duly sworn, did depose and say that he resided in Garden City, County of Nassau, and is the President of the Long Island Railroad Company, the corporation described in and which executed the foregoing consent; that he knew the seal of said corporation; that the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the Board of Directors of said corporation, and that he signed his name thereto by like order.

WILLIAM J. HAURON, Notary Public No. 62, Kings County.

Certificate filed in New York County, No. 45.

The following was offered:

Whereas, The foregoing petition from Nassau Electric Railroad Company, dated January 29, 1912, was presented to the Board of Estimate and Apportionment at a meeting held February 1, 1912.

Resolved, That in pursuance of law this Board sets Thursday, the 28th day of March, 1912, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens, and the President of the Borough of Richmond—13.

#### NEW YORK CITY INTERBOROUGH RAILWAY COMPANY.

In the matter of the franchise granted to The New York City Interborough Railway Company to construct, maintain and operate a street surface railway upon and along Dongan street, Stebbins avenue, East 163d street, Washington and Elton avenues, Borough of The Bronx.

This franchise was granted by contract dated October 10, 1911.

A communication was received from the Public Service Commission for the First District, transmitting certified copy of resolution adopted by said Commission granting the application of the Company for the exercise of its franchise.

Which was ordered filed.

#### STOCK QUOTATION TELEGRAPH COMPANY.

A petition was received from the Stock Quotation Telegraph Company for the consent of the City to the continuance of the business of the transmission of communications by electricity and the continued use and occupation of the streets for the maintenance and operation of its system of wires and cables connecting its offices with each other and other offices and subscribers throughout the City, without waving its legal rights, and without admitting any legal obligation on its part to require the consent of the City to use the streets.

This petition is submitted in conformity with resolution adopted January 18, 1912. The petition was referred to the Bureau of Franchises.

#### FLATBUSH GAS COMPANY.

A report was received from the Flatbush Gas Company, under the provisions of Section 2, Seventh, Tenth and Twenty-second of the contract dated December 28, 1909, granting the Flatbush Gas Company a franchise to maintain and operate a certain existing electric conduit in the Ocean parkway, between Foster avenue and the Ocean and to construct, maintain and operate extensions therefrom to supply electricity to adjacent territory.

The Secretary presented the following:

Bureau of Franchises, February 7, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman, Board of Estimate and Apportionment: Sir—Pursuant to the provisions of its contract entered into with the City on December 28, 1909, the Flatbush Gas Company has filed the report and maps required under Subdivisions Seventh, Tenth and Twenty-second of Section 2 thereof, covering the Ocean Parkway and the territory adjacent thereto.

Under Subdivision Seventh, the Company on February 5 furnished corrected sheets showing in detail the additional conduits that it laid in such territory during the year on the copy of such map filed with the Board of Estimate and Apportionment.

Under Subdivision Tenth, the Company filed on February 2 a map showing such extensions as one and one-quarter mile in Avenues N and W and Surf Avenue.

The report which was also filed on February 2 shows that the capital stock of the Company remained at the same figure, viz.: \$200,000, but that its funded debt has been reduced from \$190,000 to \$135,000, and that its floating debt has been increased from \$1,721,439.99 to \$2,092,300.95. It paid no dividends during the year. The cost of new construction in the Ocean Parkway and adjacent territory is given at \$1,825.25 and the report also shows an increase in the returns from the sales of electricity to both the City and private consumers in such territory. While the reported operating expenses also show an increase, the deficit for the year is less by almost \$500 than that of last year. The cost of furnishing electricity per kilowatt has remained stationary.

These maps and report appear to comply with the provisions of the contract relating thereto, and it is therefore recommended that the same be placed on file.

Respectfully,  
HARRY P. NICHOLS, Engineer, Chief of Bureau.

Which was ordered filed.

#### STEINWAY TUNNEL.

A communication was received from the United Civic Associations of the Borough of Queens, requesting the Board to hasten in every possible way the acquisition of the Steinway tunnel and its use for transit purposes.

Which was ordered filed.

#### NEW YORK QUOTATION COMPANY.

In the matter of the communication from the Department of Water Supply, Gas and Electricity, stating this Company is using the streets without authority and its wires and cables are installed under permits applied for and issued to the Postal Telegraph-Cable Company.

This communication was presented to the Board at the meeting of December 7, 1911, and was referred to the Bureau of Franchises.

The Secretary presented the following:

Bureau of Franchises, February 7, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman, Board of Estimate and Apportionment: Sir—On December 7, 1911, there was presented to the Board of Estimate and Apportionment a communication from the Commissioner of Water Supply, Gas and Electricity dated November 21, 1911, calling attention to the New York Quotation Company, which is using the streets of the City without any franchise or right to do so that could be discovered. This communication also states that from the investigation made by that Commissioner, it appears that the wires and cables of the Company are installed under permits applied for and issued to the Postal Telegraph-Cable

Company. The matter was then referred to this Bureau. An investigation of the New York Quotation Company and its relations with the Postal Telegraph-Cable Company have resulted in the obtaining of the following information:

The New York Quotation Company was formed by a certificate of Incorporation dated December 26, 1889, and filed in the office of the Secretary of State on December 28 of that year. This certificate recites that the Company was formed under the Telegraph Act of 1848 (Chapter 265 of the Laws of that year), and that the general route of the lines of telegraph or electrical conductors to be built was to be through, over or under the highways, streets and avenues in the City of New York from the Stock, Produce, Cotton and other exchanges in every direction deemed advisable. It has been ascertained that shortly after its incorporation this Company acquired the property of the Commercial Telegram Company, which had been sold under a levy by the Sheriff to John W. Mackay and Edward C. Platt on December 24, 1889.

The Commercial Telegram Company was a corporation formed under the Telegraph Act of 1848 by a certificate of incorporation filed in the office of the Secretary of State on October 2, 1882, to operate in the streets of the City of New York. This Company appears to have carried on certain operations involving the use of the streets prior to the sale of its property by the Sheriff, but no record has been found which would show that either it or the New York Quotation Company ever received a consent in the nature of a franchise from the local authorities of the City of New York. Under the circumstances it would seem that, in accordance with the rulings of the Corporation Counsel in his opinions presented to the Board at its meetings held October 11, 1911, and January 18, 1912, regarding other companies of a similar nature, that the New York Quotation Company is without proper authority to operate in the streets of the City. However, it may be that the Company has other information regarding its authority which this Bureau has been unable to obtain, and it is, therefore, suggested that, as in the case of the investigation of the various fire, burglar alarm and stock ticker companies, to which the Commissioner of Water Supply, Gas and Electricity called attention in 1910, the New York Quotation Company be requested by the Board to furnish it with information regarding its organization, franchises and operations upon which a final determination as to its rights can be based.

Referring to its relations with the Postal Telegraph-Cable Company, no information could be obtained further than the fact that the latter company applies for the permits under which the New York Quotation Company installs its cables in the ducts of the Empire City Subway Company, Limited.

The organization and franchises of the Postal Telegraph-Cable Company have already been the subject of an investigation in connection with its application for the laying of certain underground conduits in the Boroughs of Brooklyn, Manhattan and Queens, to Far Rockaway, a report upon which was presented to the Board on March 30, 1911. This investigation revealed the fact that the Postal Company is not possessed of any local consents to use the streets of the City of New York, but relies entirely upon certain certificates of acceptance of the Post Roads Act of Congress filed by it, and the Commercial Cable and Telegraph Company to which it succeeded, with the Postmaster of the United States. Whether the New York Quotation Company assumes to act under the authority so claimed by the Postal Company is not known. Attention may be called to the fact that the Corporation Counsel in his opinion presented to the Board at its meeting held October 11, 1911, in discussing the National District Telegraph Company, states that the only class of companies organized under Chapter 265 of the Laws of 1848, that may claim rights under the Post Roads Act, is what were known originally as telegraph companies, and

"That companies such as telephone companies, burglar alarm companies, fire alarm companies and the like cannot enjoy the privilege thereunder."

In support of this statement, the case of Richmond against Southern Bell Telephone Company, 174 U. S. 761, is cited.

As it is understood that the operations of the New York Quotation Company are confined strictly to the furnishing of ticker service, I presume that this opinion would apply to the same. It is, therefore, recommended that the New York Quotation Company be called upon to supply the information suggested above, and that the Postal Telegraph-Cable Company be called upon to advise the Board as to the various classes and kinds of business performed by it involving the use of the streets or other public property, and as to its relations, if any, with the New York Quotation Company and any other company using the streets of the City.

Proposed resolutions for this purpose are submitted herewith. Respectfully,  
HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, The Commissioner of Water Supply, Gas and Electricity has by a communication presented to this Board on December 7, 1911, called attention to the New York Quotation Company, which appears to be using the streets of the City without a proper franchise therefor, and to the fact that the Postal Telegraph-Cable Company obtains the permits under which the said New York Quotation Company strings its wires; now, therefore, be it

Resolved, That the said New York Quotation Company be and it is hereby directed to file with this Board on or before Monday, March 11, 1912, proof of its legal right to use the streets of the City of New York for the laying or maintaining of wires, for the purpose of transmitting messages in connection with the ticker or other service furnished by it, and that with this proof it also file with this Board the following:

Certified copies of all organization papers, franchises, deeds, certificates of merger or consolidation, leases or other documents, which affect its organization and show the Company or Companies acquired by it, and the franchises claimed by it; a statement properly verified, showing the extent of its operations in the streets of the City, together with signed maps showing the streets occupied by its conductors; a statement properly verified, showing the stocks of other companies owned by it and the holdings by other companies of its stock; an authenticated description of the various kinds of business in which it is employed, setting forth the public offices or departments used by it in the conduct of such business; and a statement properly verified, showing the amount of wires leased by or from other companies in each borough of the city in which it operates; the names of the lessees or lessors, and the rental paid or received for the same; and be it further

Resolved, That the Postal Telegraph-Cable Company be and it is hereby directed to file with this Board on or before Monday, March 11, 1912, a verified statement showing in detail the various kinds and forms of operations carried on by it involving the use of the streets of The City of New York, and a verified statement of its relationship, if any, with the New York Quotation Company and such other companies as are operating in the City of New York; and be it further

Resolved, That the Secretary of this Board be and he is hereby directed to forward a copy of these resolutions to each of the companies mentioned herein, and request to be advised on or before Friday, February 23, whether they will comply with the same.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

#### OCEAN ELECTRIC RAILWAY COMPANY.

In the matter of the application of the Ocean Electric Railway Company to the Public Service Commission for the First District for its approval to the construction and operation of a street surface railway through private property known as Belle Harbor, and private property of the Neponsit Realty Company in the 5th Ward, Borough of Queens.

At the meeting of February 1, 1912, a report was received from the Bureau of Franchises stating that by resolution adopted January 25, 1912, a date for hearing has been fixed on the map for the laying out of the streets affected. The consideration of the application of the Company for the approval of the Public Service Commission has been deferred until April 5, 1912.

By resolution duly adopted the Company was directed to present an application for a franchise or advise of its intentions with regard to complying with the provisions of the resolution by February 9, 1912, if it desires to facilitate the construction, maintenance and operation of the railway in that locality.

The Secretary presented the following:

Ocean Electric Railway Company, Office of the Vice-President, Pennsylvania Station, New York, February 6, 1912.  
JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, City of New York, 277 Broadway, New York, N. Y.:

My Dear Sir—I beg to acknowledge receipt of your communication of February 1, 1912, addressed to Frank E. Haff, Esq., Secretary, Ocean Electric Railway Company, transmitting a certified copy of a resolution adopted February 1 by the Board of Estimate and Apportionment, notifying the Ocean Electric Railway Company

that if it desires to facilitate the construction, maintenance and operation of a railway upon and along certain private streets and avenues in the Borough of Queens, it should proceed forthwith to file with your Board its petition for a franchise for such extension.

The Ocean Electric Railway Company respectfully declines to make any petition for a franchise in the private streets described in the resolution for the following reasons:

First—That this Company has, at present, certain interests in these so-called streets which give it the right to operate a railroad.

Second—That the Board of Estimate and Apportionment of The City of New York could not at this time grant a franchise if such franchise were requested.

Yours truly,

C. L. ADDISON, Vice-President.

Which was ordered filed.

#### NEW YORK DOCK RAILWAY.

In the matter of the petition of the New York Dock Railway for a franchise to maintain certain railway tracks previously constructed at grade across five streets, to wit: Commerce, Bowne, Imlay, Joralemon and Baltic, and to operate the same as part of a railroad along the water-front in the Borough of Brooklyn.

At the meeting of March 2, 1911, a report was received from the Bureau of Franchises recommending the petition be denied and the matter was referred to the Commissioner of Docks.

The Secretary presented the following:

Department of Docks and Ferries, City of New York, Pier A, North River, February 5, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman of the Board of Estimate and Apportionment:

Sir—At a meeting of the Board of Estimate and Apportionment held March 2, 1911, a report was received from the Chief Engineer, transmitting report from the Division of Franchises, on the petition of the New York Dock Railway, for a franchise to maintain certain railroad tracks previously constructed at grade across five streets, to wit, Commerce, Bowne, Imlay, Joralemon and Baltic, and to operate the same as part of a railroad along the water-front in the Borough of Brooklyn, and the matter was referred to the Commissioner of Docks for report.

Report on this matter has been deferred in consequence of a proceeding which has been since pending before the Public Service Commission. This proceeding was entitled, "In the Matter of the Application of New York Dock Railway for a Certificate of Public Convenience and Necessity under Section 9 of the Railroad Law." The proceeding which has been pending before the Public Service Commission, I understand, has now been concluded, the application granted and the certificate issued. The facts in relation to it can be obtained from William P. Burr, Assistant Corporation Counsel, who represented the City, and I therefore beg to report as follows:

During the session of 1911, the Legislature of the State of New York passed the following acts:

Chapter 776 entitled "An Act to improve the water-front facilities of the city of New York, in relation to the receipt, delivery and shipment of freight."

Chapter 778 entitled "An Act to amend the transportation corporations law by adding thereto an additional article, ten-a, providing for the incorporation of freight terminal companies."

Under date of March 27, 1911, the Commissioner of Docks submitted a report on the organization of South Brooklyn water-front, between Brooklyn Bridge and Bay Ridge, at the Port of New York, a copy of which is attached hereto.

In considering the application of the New York Dock Railway I beg to refer you to the two above mentioned acts of the Legislature and my report in relation to the organization of the South Brooklyn water-front.

I believe that the pending application of the New York Dock Railway for a franchise to maintain certain railroad tracks previously constructed at grade across five streets, to wit, Commerce, Bowne, Imlay, Joralemon and Baltic, and to operate the same as part of a railway along the water-front in the Borough of Brooklyn should be granted provided the said franchise shall contain the following provisions:

1. For limitation to an aggregate maximum of twenty-five (25) years—say fifteen with ten year renewal—of any grant now made.

2. Provision for proper compensation, to be now fixed, to the City for the original term and for the fixing of its amount for any renewal term.

3. Provision that the New York Dock Company, as well as the New York Dock Railway consent in advance to the condemnation hereafter by the City of any property, franchises, or rights owned by it, which for public use the City may require.

4. That, in consideration of the extent to which the City may grant the Railway's present application, the Dock Company as well as the Railway, stipulate in advance that any City Freight Terminal or other public service requiring it shall be entitled to use any portion of the facilities either of the Railway or the New York Dock Company (including, but not limited by, all such as may be operated by either as a common carrier), on the most favorable terms permitted to any other parties; or, if in extent or manner not comparable to those on which other parties are permitted to use them, upon terms to be fixed by condemnation, with option to the City meanwhile to use such facilities. Yours respectfully,

CALVIN TOMKINS, Commissioners of Docks.

#### NEW YORK AND HARLEM RAILROAD COMPANY.

In the matter of the operation of cars over the Madison Avenue Bridge between the Boroughs of Manhattan and The Bronx, under lease by the Metropolitan Street Railway Company.

By resolution adopted December 7, 1911, the Company was directed to present a verified petition in writing for such right on or before December 30, 1911, and advise the Board on or before December 15, 1911, of its intention with regard to complying with the direction as the Courts had decided the Company was not possessed of a franchise which legally entitled it to operate over the bridge and its approaches.

By resolution adopted December 21, 1911, the Company and its successors were granted an extension of time until February 1, 1912, in which to file such petition as the properties of the Metropolitan Company were to be sold at foreclosure sale.

The New York Railways Company has since succeeded to the rights of the Metropolitan Company, and the new Company has been furnished with a copy of the resolution.

As the petition was not received the matter was referred back to the Bureau of Franchises.

#### AMERICAN MANUFACTURING COMPANY.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, February 8, 1912.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, City:

Dear Sir—It is reported by an Inspector of this Department that the American Manufacturing Company is maintaining a number of electrical conductors across Noble and West sts., Brooklyn, as follows:

One pair of light feeders from office at northeast corner of Noble and West sts., across Noble street to the southeast corner;

One pair of light feeders from the northwest corner of Noble and West sts., across West st. to the northeast corner;

Twenty-four (24) power cables and six pairs of telephone wires across Noble street at a point about 300 feet west of West street.

A search of the Department records fails to disclose any authorization for the Company to maintain these conductors, and no permit has been issued for the construction of same.

The Inspector also reports that three bridges have been built by the above-named Company across Noble street, between West street and the East River, and that a new bridge is now under construction across West street north of Noble street. Yours truly,

HENRY S. THOMPSON, Commissioner.

#### BROOKLYN EASTERN DISTRICT TERMINAL COMPANY.

The Secretary presented the following:

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21

Park Row, City of New York, February 7, 1912.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, City:

Dear Sir—It is reported by an Inspector of this Department that the Brooklyn Eastern District Terminal Company is operating a private plant in a mill at North 10th street and East River, Brooklyn, and supplies electricity to various buildings in the vicinity from North 10th street and the East River to North 10th street and Kent avenue. A pole line runs from the power plant through the railroad yard between Kent avenue and the East River south to a point north of North 5th street, and from this point all wires are carried east across Kent avenue to a building marked "Erie," then east across Wythe avenue into a shed marked "New York Central."

A search of the Department records fails to disclose any authorization for this Company to maintain the pole line, and no permit has been issued for the construction of same. Yours truly,

HENRY S. THOMPSON, Commissioner.

Which was referred to the Bureau of Franchises.

#### H. CLAUSEN & SON BREWING COMPANY.

In the matter of the structures maintained under, along and across East 47th and East 48th streets, East of 2d avenue, Borough of Manhattan.

At the meeting of November 11, 1910, a report was received from the Bureau of Franchises stating the H. Clausen & Son Brewing Company had abandoned its brewery business at this point, and resolutions were adopted revoking the consents of the Board of Aldermen authorizing the existence of certain structures, directing the Company to remove the said structures from within the lines of the street and pay certain compensation due the City for past use and occupation.

At the meeting of February 2, 1911, a report was received from the Bureau of Franchises reciting the Company had neglected to reply to a demand for payment of the compensation due, and the Corporation Counsel had been requested to take such steps to enforce the orders of the Board as he deemed necessary.

The Secretary presented the following:

Bureau of Franchises, February 9, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held November 11, 1910, a report from this Bureau was presented, calling attention to certain structures maintained under, along and across East 47th and East 48th streets, east of 2d avenue, in the Borough of Manhattan, by the H. Clausen & Son Brewing Company. The report stated that some of the structures were properly authorized by resolution of the Board of Aldermen, and others were not, and that as required in all similar cases certain moneys should be paid to the City for the past use and occupation of the streets by the said structures.

As the examination revealed that the Company had abandoned its brewing business in the premises in question, resolutions were adopted revoking the consents of the Board of Aldermen above mentioned, and directing the Company to make payment to the City of the amounts claimed to be due, and further directing the Company to remove the said structures from within the lines of the streets.

The resolutions provided in the event of the Company failing to make payment to the Comptroller on demand of the amounts claimed to be due for past use and occupation, that the Corporation Counsel should take action for the collection of such amounts. It was also provided that should the Company neglect to remove the structures, as directed, the work should be done by the Borough President and the costs charged to the Brewing Company, and if the Company failed to pay the said costs, the Corporation Counsel was requested to take such action as might be necessary for their collection.

At the meeting of the Board held February 2, 1911, a further report was presented, reciting that as the Company had made no response to a demand for the sums claimed to be due, a copy of the resolutions of November 11, 1910, had been forwarded to the Corporation Counsel, with a request that he take action as therein specified.

Subsequently, the office of the Borough President informed me that the Company had not removed the structures. One of the structures is a tunnel six feet in width and seven feet in height and another is a ten-inch pipe 1.168 feet in length leading to the river. Their removal would entail considerable expense, and at the request of this Bureau the Commissioner of Public Works deferred action pending an investigation as to whether or not the costs of removal could surely be recovered.

In a communication to the Board, dated January 30, 1912, the Acting Corporation Counsel gives it as his opinion that no judgment for a substantial amount could be obtained against the Company for the maintenance of the structures, and it is doubtful if the costs of removal could be recovered. The communication adds that difficulty might be experienced in collecting any judgment which might be obtained, as the Company has gone out of business and its assets have been taken over by another corporation.

In view of this opinion, I can see no method whereby the encumbrances can be removed without heavy expense to the City. Under the circumstances, it would seem the better policy from an economic standpoint, to permit the structures to remain in the street after removing or bricking up portions so as to provide against their unauthorized use by future tenants of the premises with which they connect. I would, therefore, suggest the revocation of those portions of the resolutions adopted November 11, 1910, requesting the Borough President to remove the structures and the Corporation Counsel to bring action for the amounts due and the costs of removal, and the adoption in their place of resolutions directing the Borough President to render the structures unusable, as hereinbefore suggested. Resolutions to that effect are herewith submitted.

In similar cases it has been the custom of the Board to require compensation to be paid to the date of the removal of the structure from the street, thus adding an incentive to its early removal after it has ceased to be of use. In this case, only one of the consents granted required payment for the privilege, namely, that for the salt water pipe. However, the Commissioners of the Sinking Fund on fixing the rate of charge, pursuant to the resolution of the Board of Aldermen, provided that the compensation should be paid only during the use of the structure. Payment for the privilege was made to the Finance Department up to October 7, 1910, and, under date of October 27, 1910, the Company notified the Comptroller that it had discontinued the use of the pipe. No further charge can therefore be made, and in response to an inquiry from the Finance Department I have called attention to this provision of the Commissioners of the Sinking Fund, and have advised that the account should be closed as of October 7, 1910. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, A resolution was adopted by the Board of Estimate and Apportionment on November 11, 1910, and approved by the Mayor November 15, 1910, reading as follows:

"Whereas, The Board of Aldermen did on October 11, 1886, adopt a resolution reading as follows:

"Resolved, That permission be and the same is hereby given to the H. Clausen & Son Brewing Company to build a tunnel across 47th street, as shown on the accompanying diagram, provided that the said Company shall pay the fees usually paid for vault privileges, and shall stipulate with the Commissioner of Public Works to save the City harmless from any loss or damage that may occur during the progress or subsequent to the completion of the work to any water-pipes, gas-pipes or sewer, or from any other cause, the work to be done at the expense of the said Company, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council."

Whereas, Pursuant to such requirements, the H. Clausen & Son Brewing Company did file a bond dated October 8, 1891, for one thousand dollars (\$1,000) and the said bond is now on file in the office of the Chief Clerk of the Department of Finance, and the said Company has paid the annual charge of two hundred dollars (\$200) for the pipe up to October 7, 1910; and

Whereas, A report has this day been received from the Engineer in Charge of the Division of Franchises to the Chief Engineer, reciting that the pipe was constructed under the authority of said resolution, but that the H. Clausen & Son Brewing Company has abandoned the premises with which the pipe connects and no longer desires to use the said pipe; now therefore be it

Resolved, That the hereinabove quoted resolution be and it hereby is rescinded; and be it further

Resolved, That the H. Clausen & Son Brewing Company be and it hereby is directed to completely remove the said salt water pipe from within the lines of East 48th street and restore the street pavement to its original condition on or before July 1, 1911, under the supervision and to the satisfaction of the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity; and be it further

Resolved, Upon the completion of said work and the certification to the Board of Estimate and Apportionment by said officials that the pipe has been removed and the street pavement restored, that the Comptroller be and he hereby is authorized to cancel the hereinabove mentioned bond of one thousand dollars (\$1,000) upon payment by said H. Clausen & Son Brewing Company of the proportionate amount of the annual charge of two hundred dollars (\$200) due to the City for the period from October 7, 1910, to the date of the removal of the pipe; and be it further

Resolved, Should the H. Clausen & Son Brewing Company fail or neglect to remove said pipe, that the President of the Borough of Manhattan be and he hereby is directed to remove the same and restore the street pavement to its original condition, and advise the Board of the date of the completion of such work and of the cost of the same, and the said official be and he hereby is requested in such event to make formal demand upon the H. Clausen & Son Brewing Company for the payment of such costs and advise the Board within thirty (30) days of the date of such demand whether or not the same has been paid, and the Comptroller be and he hereby is requested to make formal demand upon the H. Clausen & Son Brewing Company for the payment of the proportionate part of the annual charge due for the said pipe and advise the Board within thirty (30) days of the date of such demand whether or not the same has been paid, and in the event of the Company failing or neglecting to make payment of the costs of the said work or of the proportionate part of the annual charge due to the City, or both, that the Corporation Counsel be and he hereby is requested to take such action as may be necessary for the collection of such sums."

—and

Whereas, The Corporation Counsel, under date of January 30, 1912, has advised this Board that in his opinion, if a judgment were obtained for the compensation due for the past use and occupation of the street or for the cost of removal, difficulty might be experienced in collecting the same, as the Company has gone out of business and its assets have been distributed; now, therefore, be it

Resolved, That such portions of the above quoted resolution as provide for the removal of the said salt water pipe from within the lines of East 48th street by the Borough President, and the collection by the Corporation Counsel of the costs of such removal and of the amounts due to the City for past use and occupation, be and they hereby are rescinded; and be it further

Resolved, That the President of the Borough of Manhattan be and he hereby is directed to remove such portion of the said salt water pipe as may in his opinion be necessary to render the remainder of the said pipe unfit for service and advise this Board when such work has been completed.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The following was offered:

#### COMMUNICATIONS FROM THE MAYOR'S OFFICE.

Communications were received from the Mayor's office returning duly approved by his Honor the Mayor, on February 2, 1912, resolutions adopted by this Board February 1, 1912, as follows:

(a) Granting the Third Avenue Bridge Company an extension of time to commence operation of its railway on East 59th street and East 60th street, between 3d avenue and the Queensboro Bridge and upon, along and over said bridge and its approaches between 2d avenue, in the Borough of Manhattan, and Jackson avenue, in the Borough of Queens.

(b) Granting the Bronx Traction Company a franchise to construct, maintain and operate a double track street surface railway upon and along Westchester avenue, from Westchester square to Eastern boulevard, Borough of The Bronx.

(c) Granting the American Druggists' Syndicate permission to install, maintain and use a three-inch pipe under and across Van Alst avenue, Long Island City, Borough of Queens.

Which were ordered filed.

#### EMPIRE CITY GERARD COMPANY.

The Secretary presented the following:

Department of Water Supply, Gas and Electricity, Commissioners Office, 13-21 Park row, City of New York, February 7, 1912.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, City:

Dear Sir—Please take notice that the Empire City Gerard Company is maintaining wires across Greenpoint avenue, Brooklyn, as follows:

One 2-wire light feeder and one private telephone cable across the highway from 257 to 258 Greenpoint avenue.

One 2-wire light feeder and three single wires from 263 to 264 Greenpoint avenue.

One twisted pair running diagonally from 257 to 264 Greenpoint avenue.

After a search of the records of this Department we cannot find any authority for this company to maintain these wires, and no permit has been issued for the stringing of same. Yours truly,

HENRY S. THOMPSON, Commissioner.

Which was referred to the Bureau of Franchises.

NEW YORK AND LONG ISLAND TELEGRAPH COMPANY; SEABOARD TELEGRAPH AND TELEPHONE COMPANY; MONTAUK TELEGRAPH AND TELEPHONE COMPANY.

The Secretary presented the following:

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park row, City of New York, February 7, 1912.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, City:

Dear Sir—The New York and Long Island Telegraph Company constructed a pole line, which was later acquired by the Seaboard Telegraph and Telephone Company. The Department understands that the Seaboard Company released its right to the Montauk Telegraph and Telephone Company, which company is said to be owned by Col. J. B. Curtis, 115 Broadway, Borough of Manhattan.

The pole line is located on Liberty avenue, from the boundary line between Brooklyn and Queens to Rockaway turnpike; thence on Rockaway turnpike, from Liberty avenue to New York avenue, Jamaica. There are two wires attached to the poles and it is my opinion that the line is practically abandoned. This is evidenced by the fact that in several places there are gaps where no wires appear and many of the poles are in a very dangerous condition.

I would respectfully recommend that investigation be made as to whether the company has forfeited its franchise rights by the disuse of the telephone and telegraph lines, or that the company show cause why the line should not be removed or rebuilt to conform to the rules and regulations of the Electrical Code of the City.

Yours truly,

HENRY S. THOMPSON, Commissioner.

#### FRED'K PEARCE CO.

In the matter of the use and occupation of the streets by and operation without authority.

By resolution adopted by this Board January 18, 1912, this Company was directed if it desired to continue the business in which it was engaged to present a verified petition for a franchise by a properly incorporated Company on or before February 16, 1912, and advise the Board of its intentions on or before January 27, 1912.

The Secretary presented the following:

Fred'k Pearce Co., 18 and 20 Rose street, New York, February 6, 1912.  
Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—Replying to your letter of January 26th and referring to your resolution of January 18, we have decided that as the business done by us to which your resolution refers is so small in volume it would not warrant our applying for a franchise as we have no desire to either continue, increase or extend it.

We desire, however, that the banks by whom we have been employed may have opportunity to arrange with others should they wish to do so for the future care of their instruments, batteries and wires and we therefore respectfully request that a period of fifteen (15) days be allowed for the above purpose.

Respectfully submitted,

FRED'K PEARCE CO., GEORGE H. TAMLIN, Secretary.

Which was referred to the Bureau of Franchises.

#### MASON AND HANGER COMPANY.

An application was received from the Mason and Hanger Company for permission to construct, maintain and use a trestle bridge over and across Reservoir avenue at Shaft No. 4 of the Catskill Aqueduct for the purpose of carrying a belt conveyor to transport material between the shaft and a plot of land leased by the petitioner while performing work under contract with the Board of Water Supply.

The petition was referred to the Bureau of Franchises.

#### NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY.

In the matter of the consent granted to the New York Central and Hudson River Railroad Company to maintain and use a spur track across East 241st street, west of 1st street, Borough of The Bronx, and install said track upon an embankment not exceeding 12 feet in height and 54 feet in width on the top thereof and with suitable earth approaches for pedestrians.

This consent was granted by resolution adopted by this Board January 4, 1912, approved by the Mayor January 5, 1912.

In conformity with section 14 of the consent the Company presented a communication stating the work was commenced January 29, 1912.

The communication was ordered filed.

#### FLEISCHAUER BROS. AND JOHN KEENAN.

In the matter of the removal and costs thereof and the collection of compensation due for past use and occupation of the street by two pipes under and across 1st avenue, connecting premises 788 and 789, Borough of Manhattan.

By resolution adopted December 3, 1909, approved by the Mayor December 6, 1909, the consent to maintain these pipes was rescinded and said parties directed to remove the pipes and certain unauthorized structures, and in the event of their failure so to do the Borough President was directed to perform the work.

By resolution adopted January 2, 1910, the Borough President was directed to submit a statement of the costs for the removal of the pipes to the Corporation Counsel, who was directed to bring an action to recover the moneys due.

At the meeting of December 9, 1910, the Commissioner of Public Works, Manhattan, advised the pipes had been removed and the costs of the work was \$144.71.

The Secretary presented the following:

City of New York, Law Department, Office of the Corporation Counsel, New York, February 1, 1912.

The City of New York against Jacob Fleischauer et al.

Jos. HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Sir—I beg to advise you that I have this day transmitted to the office of the Comptroller a check from the Estate of Jacob Fleischauer and Bro. for \$1,164.02, in full settlement of money owed the City for the use and occupation of 1st avenue, near 44th street, Borough of Manhattan, by certain pipes, including the cost of removal of said pipes. Please have the records of your office marked accordingly.

This claim was forwarded with a communication from you dated January 21, 1910.  
Yours truly,  
G. L. STERLING, Acting Corporation Counsel.  
Which was ordered filed.

#### S. LIEBMANN'S SONS.

The Secretary presented the following:  
Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, January 24, 1912.

Jos. HAAG, Esq., *Secretary, Board of Estimate and Apportionment*:  
Dear Sir—Please take notice that an Inspector attached to the Electrical Bureau of this Department reports that S. Liebmann's Sons are unlawfully maintaining telephone and electric light wires across the public highways at the following locations:

A private telephone wire across Forrest street, from the office to their brewery;  
Private telephone wires across Evergreen avenue, from the stable opposite Forrest street to the southwest corner of Forrest street and Evergreen avenue;  
Three overhead wires across Evergreen avenue, from the stable opposite Forrest street in a northwesterly direction to the power house;

Two wires across Evergreen avenue, from the power house to the northeast corner of Evergreen avenue and Forrest street;

They also maintain a bridge across Forrest avenue, between Bremen street, and Evergreen avenue, and there are attached to this bridge two electrical conductors.

If this bridge has been constructed and maintained under lawful authority the Department would consider that the attached wires were lawfully placed and maintained. Yours truly,  
HENRY S. THOMPSON, Commissioner.

Which was referred to the Bureau of Franchises.

#### FRANBRO REALTY COMPANY.

By resolution adopted by this Board December 21, 1911, approved by the Mayor December 28, 1911, the consent granted the Franbro Realty Company to construct, maintain and use a conduit under and along East 32d street, connecting premises 318 and 344 East 32d street, Borough of Manhattan, was rescinded, as the company declined to accept same, and the Comptroller was authorized and requested to make formal demand on the company for the costs of examination, report and printing.

A communication was received from the Department of Finance, stating the company has paid the City the expenses incurred in examination, report and printing. The communication was ordered filed.

#### STANDARD VARNISH WORKS.

An application was received from the Standard Varnish Works for permission to construct, maintain and use a concrete conduit under Richmond terrace, at Elm Park, Borough of Richmond, to contain smaller pipes for the transportation of water, steam, oils, varnishes and other fluids, as well as electric wires and cables for lighting, heating, fire alarms, and local telephones.

Which was referred to the Bureau of Franchises.

#### STANDARD OIL COMPANY.

The Secretary presented the following:  
Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, February 7, 1912.

Jos. HAAG, Esq., *Secretary, Board of Estimate and Apportionment*:  
Dear Sir—Please take notice that the Standard Oil Company has two steam pipes and six electrical conductors across West avenue, Long Island City, north of 10th street, and three electrical conductors crossing 10th street, between West and Vernon avenues.

After a search of the records of this Department I cannot find any authority for the company to maintain these pipes and conduits, and no permit for the construction of same has been issued. Yours truly,  
HENRY S. THOMPSON, Commissioner.

Which was referred to the Bureau of Franchises.

#### OTTO HUBER BREWING COMPANY.

The Secretary presented the following:  
Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, February 7, 1912.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment*, 277 Broadway, City:  
Dear Sir—Please take notice that the Otto Huber Brewing Company is maintaining a pair of electric light wires and a pair of bell wires across Bushwick place, Brooklyn, from a point on the east side of the street, about 40 feet south of Mesefole street, to a point on the west side directly opposite.

After a search of the Department records, I cannot find any authority for the Company to maintain these wires, and no permit has been issued for the stringing of same. Yours truly,  
HENRY S. THOMPSON, Commissioner.

Which was referred to the Bureau of Franchises.

#### MONTEFIORE HOME, A HOSPITAL FOR CHRONIC INVALIDS AND COUNTRY SANITARIUM FOR CONSUMPTIVES.

In the matter of the application of the Montefiore Home, a Hospital for Chronic Invalids and Country Sanitarium for Consumptives, for permission to construct, maintain and use a concrete conduit under and diagonally across East 210th street between Rochambeau avenue and Bainbridge avenue, Borough of The Bronx, connecting properties owned by the applicant on opposite sides of said street for the purpose of conveying hot water, steam and electric current for power, lighting, telephone, fire alarm and burglar alarm by means of pipes installed in the conduit.

This application was presented to the Board at the meeting of January 4, 1912, and referred to the Bureau of Franchises.

The Secretary presented the following:  
*To the Honorable Board of Estimate and Apportionment of The City of New York*:  
The petition of the Montefiore Home, a Hospital for Chronic Invalids and Country Sanitarium for Consumptives, respectfully shows:

First—That it is a domestic corporation organized under the laws of the State of New York, on the 21st day of April, 1884, under an Act entitled, "An Act for the Incorporation of Benevolent, Scientific and Missionary Societies, passed April 12, 1848" (and the several Acts amendatory thereof and supplemental thereto). That it was incorporated under the name of the Montefiore Home, a Hospital for Chronic Invalids. That by order of the Supreme Court of the County of New York, dated August 5, 1901, filed in the office of the Clerk of the County of New York, on August 5, 1901 (which said order by its terms was to and did take effect on September 14, 1901), the name of your petitioner was changed from Montefiore Home, a Hospital for Chronic Invalids, to the Montefiore Home, a Hospital for Chronic Invalids and Country Sanitarium for Consumptives, which ever since has been and now is its corporate name.

Second—That your petitioner is now the owner of certain lands upon the northerly and southerly sides of East 210th street between Steuben avenue and Bainbridge avenue (formerly Woodlawn avenue), and is now erecting upon said lands certain buildings for its corporate uses. That it is necessary for the proper, efficient and economical operation of its said buildings to be permitted to construct a conduit across said East 210th street, for the purpose of carrying pipes to convey hot water or steam for heating purposes, and electric current for power, lighting, telephone, fire alarm and burglar alarms.

Third—That the proposed conduit is to be of concrete, twenty-nine (29) inches at the bottom, thirty (30) inches across at the top, and nineteen and three-quarters inches (19¾) deep, making a total of five hundred and eighty-two (582) square inches, under and diagonally across East 210th street, from a point at the southerly building line of said East 210th street, distant one hundred and sixteen (116) feet west of the westerly building line of Bainbridge avenue (formerly Woodlawn avenue) to a point in the northerly building line of said East 210th street, distant one hundred and fifty-two (152) feet west of the westerly building line of Bainbridge avenue (formerly Woodlawn avenue).

Fourth—That the property above-described has been owned and held continuously for more than one year last passed, for its charitable and benevolent purposes, and for the purposes of its incorporation, as follows: To afford permanent shelter in sickness to and to relieve invalids, who by reason of the incurable character of the

diseases from which they may be suffering, are unable to procure permanent medical treatment in any of the hospitals or homes of The City of New York, and also to care for and treat invalids suffering from consumption and tubercular ailments. That invalids and patients are treated gratuitously, and your petitioner is supported entirely by private contributions, and does not receive any pecuniary aid from the City, and is organized solely for benevolent and charitable purposes. That it has ever since its incorporation and does now engage and employ its income solely for benevolent and charitable purposes, and no officer, member or employee of your petitioner receives or is lawfully entitled to receive any pecuniary profit from the operation thereof, except reasonable compensation for services in effecting one or more of the purposes of the institution above set forth, or as proper beneficiaries of its strictly charitable purposes.

Wherefore, your petitioner prays that it be granted leave to construct, maintain, operate and use the said conduit aforesaid, and that if your honorable body believes that any compensation to the City should be paid therefor, that only a nominal or minimum charge be made, as every application of revenues for purposes other than the actual conduct and maintenance of its institution will necessarily reduce the funds applicable thereto.

Dated New York, December 18, 1911.

#### MONTEFIORE HOME, A HOSPITAL FOR CHRONIC INVALIDS AND COUNTRY SANITARIUM FOR CONSUMPTIVES.

By JACOB H. SCHIFF, President, Petitioner.

State, City and County of New York, ss.:

Jacob H. Schiff, being duly sworn, deposes and says: That he is the President of the aforesaid petitioner; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

That the reason this verification is made by deponent and not by petitioner is that petitioner is a corporation and deponent is one of its principal officers, to wit, the President thereof.

JACOB H. SCHIFF.

Sworn to before me this 20th day of December, 1911.

EUGENE H. PAUL, Notary Public Kings County. Certificate filed in New York County.

Bureau of Franchises, February 9, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—The Montefiore Home, a Hospital for Chronic Invalids and Country Sanitarium for Consumptives, a domestic corporation, has presented a petition to the Board of Estimate and Apportionment for permission to construct, maintain and use a concrete conduit thirty inches in width and twenty inches in height, diagonally under and across East 210th Street between Rochambeau Avenue and Bainbridge Avenue, in the Borough of The Bronx, connecting properties owned by the petitioner on opposite sides of East 210th Street, for the purpose of conveying hot water, steam and electric current for power, lighting, telephone, fire alarm and burglar alarm, by means of pipes installed in the conduit.

The petition recites that the Home is supported entirely by private contributions, and is organized solely for benevolent and charitable purposes, and it is requested that only the minimum charge be made for the privilege, if granted, as every application of its revenues for purposes other than the actual conduct of the Institution will reduce the funds applicable to its benevolent purposes.

At the meeting of the Board held January 4, 1912, the matter was referred to this Bureau for investigation and report.

Copies of the petition with accompanying plan were sent to the President of the Borough of The Bronx, and to the Commissioner of Water Supply, Gas and Electricity, with a request that examinations be made by the various Bureaus of their Departments having jurisdiction with a view to ascertaining if there are any objections to the project or any particular conditions which should be incorporated in the form of consent heretofore used by the Board for similar privileges.

Replies to both said communications were received stating that if the conduit was installed in the position shown, it would interfere with the sewer and water system of the City. The petitioner was advised of these objections and requested to alter the location of the conduit to avoid the interference reported.

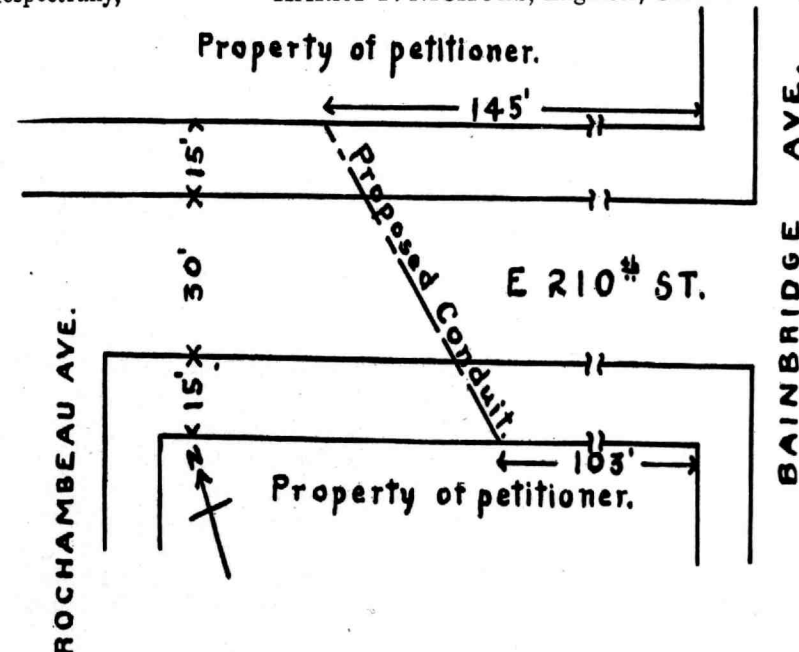

Subsequently the petitioner submitted amended plans which were forwarded to the President of the Borough and to the Commissioner of Water Supply, Gas and Electricity for approval. In replies dated respectively January 27 and February 5, 1912, the said officials have informed me that there are no objections to the project, as thus amended, and there is apparently no reason why the requested consent should not be granted.

The customary examination by this Bureau revealed no objections to the conduit, and as there appears to be no good reason why the requested permission should not be given should the Board see fit to do so, I would suggest that consent be granted during the pleasure of the Board, but in no case to extend beyond a term of ten (10) years from the date of the approval of the consent by the Mayor and revocable upon sixty days' notice.

The proposed conduit is equivalent in size to three sixteen-inch pipes. In accordance with the precedent established by the Board in all similar cases where the structure is for the use and benefit of a charitable or similar organization, the charge should be at the nominal rate of twenty-five dollars per annum for one sixteen-inch pipe or seventy-five dollars per annum for the proposed conduit. Following the same precedent, it is suggested that the customary clause requiring a security deposit be waived.

The petitioner requests that it be not required to complete the conduit before January 1, 1914. I am advised that the reason for this request is that the construction of this conduit is to be included in one contract covering the erection of the new buildings of the Home and that before entering into the contract for construction, the Home must first obtain all necessary permits or other authorization from the City. It is expected that the work will be completed about the middle of the year 1913, but there may be some delays due to unforeseen causes. In view of these facts, the request of the Company seems reasonable and the form of consent herewith submitted for adoption provides that the conduit shall be completed by January 1, 1914.

Respectfully,  
HARRY P. NICHOLS, Engineer, Chief of Bureau.

#### BUREAU OF FRANCHISES

The following was offered:

Whereas, The Montefiore Home, a Hospital for Chronic Invalids and Country Sanitarium for Consumptives, has presented a petition dated December 18, 1911, to the Board of Estimate and Apportionment for its consent to the construction, maintenance and use of a concrete conduit diagonally under and across East 210th Street

between Rochambeau Avenue and Bainbridge Avenue, in the Borough of The Bronx, connecting properties owned by the petitioner on opposite sides of East 210th Street, for the purpose of conveying hot water, steam and electric current for power, lighting, telephone, fire alarm and burglar alarm between the said properties; now, therefore, be it

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to Montefiore Home, a Hospital for Chronic Invalids and Country Sanitarium for Consumptives, a domestic benevolent corporation, and the owner of certain properties on opposite sides of East 210th Street between Bainbridge Avenue and Rochambeau Avenue, in the Borough of The Bronx, City of New York, to construct, maintain and use a concrete conduit thirty inches in width and twenty inches in height, outside dimensions, under and diagonally across said East 210th Street from a point in the southerly building line of said East 210th Street, westerly 103 feet from the westerly building line of Bainbridge Avenue to a point in the northerly building line of said East 210th Street, westerly 145 feet from the westerly building line of Bainbridge Avenue; the said conduit to contain pipes for the transmission of hot water, steam and electric current for power, lighting, telephone, fire alarm and burglar alarm between the said properties for the exclusive use of the petitioner in connection with the operation of its hospital and sanitarium, and for no other purpose, all as shown on the plan accompanying the application, and entitled:

"Plan showing location of proposed conduit to be constructed in East 210 Street, Borough of The Bronx, to accompany application dated December 18, 1911, of Montefiore Home, a Hospital for Chronic Invalids and Country Sanitarium for Consumptives, to the Board of Estimate and Apportionment, City of New York."

—and signed, Montefiore Home, a Hospital for Chronic Invalids and Country Sanitarium for Consumptives, Jacob H. Schiff, President, a copy of which is attached hereto, and made a part hereof, upon the following terms and conditions:

1. Said consent shall continue only during the pleasure of the Board of Estimate and Apportionment, and shall be revocable upon sixty (60) days' notice in writing to the grantee, but in no case shall it extend beyond a term of ten (10) years from the date of its approval by the Mayor, and thereupon all rights of the grantee in said street by virtue of this consent shall cease and determine.

2. The grantee shall pay into the Treasury of The City of New York, as compensation for the privilege hereby granted, the sum of seventy-five dollars per annum.

Such payments shall be made in advance on November 1 of each year, provided, however, that the first payment shall be made within sixty (60) days of the approval of this consent by the Mayor, and shall be only such proportion of the annual charge as the time between the approval of this consent by the Mayor and November 1 following bears to a whole year.

Such payments shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatever kind or description now or hereafter required to be paid under any ordinance of The City of New York, or by any law of the State of New York.

3. Upon the removal of the grantee from either of the premises to be connected by the structure, or upon the revocation or termination by limitation of this consent, the grantee shall cause the structure hereby authorized to be removed and all of said street affected by this permission to be restored to its proper and original condition, if required so to do by The City of New York or its duly authorized representatives, and the entire cost of such work shall be borne by the said grantee. If the structure hereby authorized shall not be required to be removed, it is agreed that it shall become the property of The City of New York.

4. This consent is for the exclusive use of the grantee and shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person, firm or corporation whatsoever, either by the acts of the grantee or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment.

5. The grantee shall pay the entire cost of all work, labor and material in connection with the structure hereby authorized, and particularly—

- (a) Its construction, maintenance and removal.
- (b) The protection of all structures which shall in any way be disturbed by its construction or removal.
- (c) All changes in sewers or other subsurface structures necessitated by its construction or removal, including the laying or relaying of pipes, conduits, sewers or other structures.
- (d) The replacing or restoring of the pavement in said street which may be disturbed during its construction or removal.
- (e) Each and every item of the increased cost of the installation of any future structures or repairs or alterations to any existing or future structures caused by its presence in the street.
- (f) The inspection of all work during its construction or removal as herein provided, which may be required by the President of the Borough and the Commissioner of Water Supply, Gas and Electricity.

6. Before the construction or removal shall be begun, the grantee shall obtain permits to do the work from the President of the Borough and from the Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which may be imposed by those officials as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to those officials working plans which shall include and show in detail the method of construction of the structure hereby authorized and the mode of protection or changes in all structures required by the construction or removal of the same.

Upon the completion of the work the grantee shall furnish to the President of the Borough a plan of such character as he may direct showing accurately and distinctly the location, size and type of construction and complete dimensions of the structure erected or installed under this consent; also the location and dimensions of all substructures encountered during the progress of the work. The depth below the street surface of the new structure and of the substructures encountered must be shown; also their location with reference to the nearest curb line and the nearest curb-line intersection.

7. The grantee shall allow to The City of New York a right of way through, under or above any part of the structure hereby authorized for any and all structures which are now or may be hereafter placed by The City of New York in said street.

If at any time it shall become necessary to replace or alter any structure in said street, the City shall have the right to break through or remove all or any portion of the structure hereby authorized and the grantee shall pay to the City the expense incurred by such removal.

8. The structure hereby authorized and any fixtures laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York. It shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

9. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in and to said street.

10. Said grantee shall be liable for all damages to persons or property, including the street and structures therein and thereunder, by reason of the construction and operation or maintenance of the structure hereby authorized, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

11. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

12. Said grantee shall give notice, in writing, to the President of the Borough and to the Commissioner of Water Supply, Gas and Electricity of its intention to begin the work hereby authorized at least forty-eight hours before such work commences. The grantee shall also give to the Board of Estimate and Apportionment notice, in writing, of the date on which the work is commenced and also the date on which the same is completed not later than ten (10) days after such dates.

13. Said grantee shall commence the construction of the structure hereby authorized and complete the same on or before January 1, 1914, otherwise this consent shall be forfeited forthwith, and without any proceedings, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

14. This consent shall be null and void unless said grantee shall duly execute an instrument in writing, wherein said grantee shall accept this consent and shall promise, covenant and agree to conform to, abide by and perform all the terms,

conditions and requirements in this consent fixed and contained, and file said instrument with the Board of Estimate and Apportionment of The City of New York within thirty (30) days after the approval of this consent by the Mayor; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the structure hereby authorized.

#### HOLMES ELECTRIC PROTECTIVE COMPANY.

In the matter of the use and occupation of the streets by the Holmes Electric Protective Company.

At the meeting of January 18, 1912, an opinion was received from the Corporation Counsel, stating this company was using and occupying the streets and operating an electric signal service system without authority, and by resolution duly adopted the company was directed if it desired to continue the business in which it was engaged, to present a verified petition for a franchise by a properly incorporated company on or before February 16, 1912, and advise the Board of its intentions on or before February 27, 1912.

The Secretary presented the following:

Holmes Electric Protective Company, E. T. Holmes, President and General Manager, Rooms 401 to 423 Havemeyer Building, Cortlandt, Church and Dey Streets, New York, February 6, 1912.

Board of Estimate and Apportionment, City of New York, 277 Broadway, New York City:

Gentlemen—We were greatly surprised to receive your communication of January 18, enclosing a resolution of your honorable Board adverse to the rights and franchises of this company to use the streets of the City. This is the first time since this company was organized in January, 1883, twenty-nine years ago, that its franchise to use the streets of the City has been called in question, and until its receipt we had not even heard of the opinion of the Corporation Counsel recited in and upon which your resolution is based.

After carefully considering the opinion of the Corporation Counsel, we beg to say that so far as his opinion relates to this company, he appears to be in error in his conclusions, for the reason that apparently the most important facts respecting this company either have not been called to his attention or have been overlooked by him.

The Holmes Electric Protective Company was incorporated January 30, 1883, under and in accordance with the Act of 1848 for the "Incorporation and Regulation of Telegraph Companies," and under the provisions of this Act the Holmes Company acquired authority and a franchise to use the streets of the City for overhead construction without the consent from the municipality or any local governing board being necessary.

Village of Carthage vs. C. N. Y. Tel. Co., 185 N. Y., 448.

City of Rochester vs. Bell Tel. Co., 52 App. Div., 8.

Barlitz vs. Home Telephone Co., 50 App. Div., 25.

The Holmes Company immediately upon its incorporation acquired by purchase and also by construction an extended system of telegraph lines and electrical conductors known as "overhead lines" within The City of New York and operated these lines continuously from the date of its incorporation in January, 1883, until several years thereafter, when it was compelled by the Legislature and by the City authorities, after notice and demand and under duress, to put all this overhead system of lines underground in the electrical subways, under the provisions of chapter 534 of the Laws of 1884, as amended by chapter 499 of the Laws of 1885 and chapter 503 of the Laws of 1886, known as the Subway Acts, where they have been ever since.

We are advised by our counsel that the act, chapter 397 of the Laws of 1879, as amended by chapter 483 of Laws of 1881, referred to in the opinion of the Corporation Counsel, does not apply to the Holmes Company for the reason that this act applies only to a company requesting and seeking permission to place and operate its electrical conductors underground in any city, and that the act has no reference or application to overhead wires operated in The City of New York prior to the enactment of the subway laws by a corporation duly organized under the Telegraph Act of 1848, nor in the case where lines or wires of such corporation were placed underground solely by reason of the mandatory provisions of the subway laws. This is the situation of the Holmes Company. Its franchises in The City of New York were perfected by the acquisition, construction and operation for the purposes of its business of an extensive system of overhead wires prior to the passage of the subway legislation above referred to, and while such legislation might regulate the use of its franchise, it could not destroy it.

We are accordingly advised by our counsel that when the wires and electrical conductors of the Holmes Electric Protective Company were first placed underground, pursuant to the provisions of the Subway Acts of 1884, 1885 and 1886, it was done with full authority and permission from both the City and State and that ever since, such wires have been in the subways under a valid franchise from both City and State.

Our counsel further advises that the Corporation Counsel has repeatedly held in written opinions, that where corporations organized under the Telegraph Act, owning and operating in the City overhead systems of electrical conductors prior to 1884 and 1885 were thereafter compelled to place such overhead lines underground in the electrical subways under the provisions of the Subway Acts of 1884, 1885 and 1886, this was in legal effect done with the permission of the City and of the State in the exercise of a valid franchise to the Company; and that the same ruling necessarily applies to the Holmes Electric Protective Company.

In the report made by the Holmes Electric Protective Company to the Bureau of Franchises in December, 1910, the fact that said company was operating an extended system of overhead lines in the City prior to the enactment of the subway laws was stated, but from the conclusions of the Corporation Counsel with reference to this company it seems to us that this fact must have been entirely overlooked by him or was not called to his attention. Permit us also in this connection to call attention to the fact, that although this matter is of serious importance to the Holmes Company, no further information as to the overhead system operated by it prior to the subway laws, as stated in said report of December, 1910, was requested by your Bureau of Franchises, nor were we asked to submit any brief or statement to the Corporation Counsel.

We therefore respectfully ask that all proceedings under your resolution of January 18, 1912, so far as the Holmes Electric Protective Company is concerned, be suspended and that your honorable Board refer back the whole matter of said company either to the Corporation Counsel or to your Bureau of Franchises, in order that we may have an opportunity of fully presenting the facts concerning the overhead construction and lines which said company owned and operated prior to the enactment of the subway laws; that we may submit a brief on the law, and that the Corporation Counsel be directed to reconsider the whole matter. Very truly yours,

HOLMES ELECTRIC PROTECTIVE COMPANY.

By E. T. HOLMES, President.

Which was referred to the Bureau of Franchises.

The following matters not on the calendar for this day were considered by unanimous consent:

PELHAM PARK RAILROAD COMPANY—CITY ISLAND RAILROAD COMPANY.

By resolution adopted January 11, 1912, the Commissioner of Parks for the Borough of The Bronx was directed to notify in writing immediately the Pelham Park Railroad Company and the City Island Railroad Company and their receiver that it was his intention to revoke on ten (10) days' notice a certain permit issued said companies by the Commissioner of Parks and bearing date June 16, 1910, and direct said companies to remove all their property from within the Park property on or before January 25, 1912. In the event of the companies failing to comply with this direction the Commissioner of Parks was directed to remove said properties.

The resolution further requested the Commissioner of Parks to refuse to issue any future permits to either company permitting the stringing of wires for railway power purposes within the limits of park property unless authorized by this Board and report to this Board on the entire matter on or before January 30, 1912.

At the meeting of January 25, 1912, by motion duly adopted, both companies were granted an extension of time until February 8, 1912, in which to remove their prop-

erty from within the park and the Commissioner of Parks for the Borough of The Bronx was requested to present his report on the entire matter on or before February 13, 1912.

The Secretary presented the following:

PELHAM PARK RAILROAD COMPANY, CITY ISLAND RAILROAD COMPANY.

*Petition in re Removal of Power House of Pelham Park Railroad Company. Honorable the Board of Estimate and Apportionment of The City of New York:*

The petition of Bion L. Burrows respectfully shows:

1. That your petitioner was duly appointed Receiver of the Railroads of the Pelham Park and City Island Railroad Companies on the 11th day of December, 1911, has duly qualified as such Receiver and has entered upon and is now engaged in the duties of said receivership.

2. That the Railroads of the Pelham Park and City Island Railroad Companies were constructed under franchises granted by the Town of Pelham, in the year 1884, and consisted of a narrow gauge horse railway extending from the Bartow station of the New Haven Railroad to and throughout the length of City Island, the two railroads which formed a junction near the bridge connecting City Island with the mainland having a total length of about two and four-fifths miles.

3. In 1888, and after the said railroads had been constructed on the faith of the said franchises granted by the Town of Pelham, The City of New York acquired and in the year 1895 annexed within its corporate limits the portion of the Town of Pelham including and adjacent to the entire route of the said Railroad.

4. Pelham Park, within which the said Railroad is now wholly included, comprises seventeen hundred and fifty-six acres, extending substantially a mile on either side of the route of the Pelham Park Railroad, and by the creation of the said Park the possibility of all residential traffic has been destroyed and none can, in the future, be originated along the route of said railway.

5. City Island, which normally has a population approximating one thousand inhabitants, is completely isolated by the said park from any connection with the transit facilities of The City of New York, of which it forms a part, except as such facilities are provided by the Pelham Park Railroad and the New Haven Railroad, the only station of which in the said park, or within two miles of City Island, is at Bartow, the terminus of the Pelham Park Railroad.

6. Little traffic originates within the park upon the route of the Pelham Park Railroad, and substantially the sole function and utility of the Pelham Park Railroad is to provide the only existing means of transit to the said City Island.

7. The Pelham Park Railroad Company, by reason of the facts above stated, has, for many years, been unable to develop sufficient traffic to defray its operating expenses, and has never since the date of its organization paid any dividends upon its stock or paid any interest on its bonded indebtedness.

8. On May 4, 1909, The City of New York granted permission to the Pelham Park and City Island Companies for a change of motive power from horse power to electricity, to be operated by a monorail system over the joint lines of the Companies, and the Pelham Park Railroad was fully equipped and operated pursuant to the said permit within the time limited as hereinafter extended, and has ever since been continuously operated over the entire length of the route of the Pelham Park Railroad.

9. As a condition of the grant of this permit the original horse railroad tracks were removed from the park road, in which they had been originally laid and had been continuously operated under the said franchise granted by the Town of Pelham, to a new location adjacent to the road, for the reason that the public authorities deemed it to be in the public interest that the said park road should be widened and its beauty and utility for park purposes enhanced by the removal therefrom of the said railroad, and because the said railway could be operated with the greatest safety and convenience to the public upon a route removed from but adjacent to the aforesaid park road.

10. Owing chiefly to insufficient means of communication to and through the said park its use by the public is greatly restricted, and your Honorable Board has caused to be presented to the Legislature of this State a bill, the purpose of which is to provide for the construction of railways in Pelham Park now inhibited by the provisions of section 191 of the Railroad Law, and your petitioner craves leave to refer to the official report submitted in this regard to his Engineer, a copy of which is annexed hereto.

11. That on June 16, 1910, the Commissioner of Parks for the Borough of The Bronx granted a permit for the erection of a power house necessary to operate the said railways, as follows:

"Permission is hereby granted Pelham Park Railroad Company and City Island Railroad Company, 134 Liberty street, to erect a shed near the old Adece barn, the purpose of such structure being to permit the temporary installation of electrical machinery to furnish power to said road. The Railroad Companies mentioned are to be responsible for all damage or injury done to trees or other park property; to restore same to their present condition, and to take down and remove said shed or machinery on or before October 11, 1910.

"This permit is subject to all the rules and regulations of the Department of Parks, Borough of The Bronx, and revocable at the pleasure of the Commissioner."

12. Under this permit a small one-story shed, 20 feet by 30 feet in area, was erected and two gasoline engines of a capacity limited to the development of sixty horse power were installed therein, and the said power plant has, ever since the said Monoroad was first operated in the year 1910, afforded the sole means of generating power to operate the said railroad. There is no other source of power available for that purpose and the removal of the said power plant would necessitate the immediate and complete cessation of the operation of the Pelham Park Railroad with the result that the inhabitants of City Island would be totally cut off from any means of railway communication to and from the said City Island.

13. The said power house is erected in a wooded portion of the park, remote from any park improvement, and in the yard of a barn many times its area and extent; the said barn, together with other buildings adjacent thereto, being maintained and rented by the City for purposes disconnected with any public service or park utility for the sum of \$5 per month.

14. That no cause of complaint whatever has, to the knowledge of your petitioner, who has for several years been familiar with the operation of the Pelham Park and City Island Railroads as the President of those Companies, arisen, and none has been made in respect to the operation of said power house, and it is wholly innoxious and unobjectionable in view of its location and the condition of the park adjacent thereto.

15. On the 11th day of January, 1912, this Honorable Board adopted the following resolution:

"Resolved, That the Commissioner of Parks for the Borough of The Bronx be and he is hereby directed to immediately notify in writing the Pelham Park Railroad Company and the City Island Railroad Company and their Receiver that it is his intention to revoke on ten (10) days' notice, and said Park Commissioner is herein and hereby directed to revoke on said date the permit issued June 10, 1910, by his Department to the Pelham Park Railroad Company and the City Island Railroad Company authorizing said Companies to erect a shed near the old Adece barn, the purpose of such structure being to permit temporary installation of electric machinery to furnish power to said roads, and direct said Companies to move said power house, its contents, and all their property of every kind, character or description from within the park property on or before January 25, 1912; and in the event of either or both Companies failing or neglecting to comply with this direction the Park Commissioner for the Borough of The Bronx be and he is hereby directed to remove said properties; and be it further

"Resolved, That the Commissioner of Parks for the Borough of The Bronx be and he is hereby requested to refuse any future permits to the Pelham Park Railroad Company and the City Island Railroad Company permitting the stringing of wires for railway power purposes within the limits of park property unless authorized by this Board; and be it further

"Resolved, That the Commissioner of Parks for the Borough of The Bronx be and he is hereby requested to present a report to this Board on this matter on or before January 30, 1912."

—and on January 16, 1912, the Commissioner of Parks for the Borough of The Bronx notified your petitioner of his intention within ten days to revoke the permit.

16. Your petitioner is wholly without funds or the means of raising any funds whereby he can obtain a source of electrical power in substitution of that provided by the said power house, and if the said permit be revoked and the further use of the power house be prevented, the operation of the Pelham Park Railroad will at

once cease.

17. That in the event of the Monoroad being stopped City Island would be completely isolated from any means of rapid transit; that no alternative facilities exist, and no franchise to operate through the said Pelham Park, other than that of the Pelham Park Railroad, exists, or, as your petitioner believes, can be granted under the existing law.

18. That the said Monoroad is and has been operated pursuant to the regulations and orders of the Public Service Commission, with which it has in every respect complied, and that its operation has been efficient and fairly satisfactory.

19. That the mode of construction of the Monoroad, while adapted to use upon a separate right of way, such as now exists in the Park, has proved to be too cumbersome for use upon public streets, and for that reason the original intention of extending the Monoroad over the route of the City Island Railroad, which is operated in a public street, has been abandoned.

20. That your petitioner desires that for this reason a standard electric road should, if possible, be substituted for the existing Monoroad of the Pelham Park Company and the street railway of the City Island Company, so as to provide a through service over the routes of both Companies.

21. That the revocation of the permit and the removal of the said power house necessary to the operation of the Monoroad at a time when no alternative transit facilities exist or can be provided, is detrimental to the public interest and will entail the utmost hardship on the inhabitants of City Island, and is calculated to greatly impair the efforts of your petitioner to engage capital necessary to insure the operation of the existing railways or to substitute therefor improved facilities.

22. The inhabitants of City Island have represented that they were ready and willing to furnish some alternative means of transportation in the event of the discontinuance of the Pelham Park Railroad by means of busses, and the action of this Honorable Board has been predicated largely upon these representations. That on the contrary, at the conclusion of the hearing had in connection with the passage of the resolution of this Board above referred to, on January 11, 1912, the said individuals requested your petitioner to undertake to furnish some form of stage transportation, in the event of the discontinuance of said Monoroad, and your petitioner finds, after diligent and careful inquiry, that no provision whatever has been made by or on behalf of the inhabitants of City Island for such alternative transportation, and he believes that the public interest requires that the Monoroad service be not discontinued until it shall be established that some other mode of transportation will be provided in the event of the discontinuance of the said Monoroad, which has provided, and continues to provide, service far more efficient than the horse railroad which it supersedes, and vastly more desirable in the public interest than any other which can possibly be substituted for many months to come.

Wherefore, your petitioner requests that this Honorable Board direct the Commissioner of Parks for the Borough of The Bronx to exercise his reasonable discretion in the revocation of said permit and the removal of the said power house during such period as must necessarily intervene before any alternative facilities can be provided.

Dated New York, January 25, 1912.

B. L. BURROWS, Receiver.

V. W. Cutting, representing the receiver for the Monoroad Construction Company, appeared and requested an extension of time.

The Commissioner of Parks for the Borough of The Bronx and H. S. Sayers, representing the City Island Board of Trade, appeared in opposition.

The Comptroller moved that the companies be granted an extension of time until February 29, 1912, in which to comply with the provisions of the resolution and the Commissioner of Parks for the Borough of The Bronx requested to submit his report to the Board on that day.

Which motion was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Richmond and the Acting President of the Borough of Queens—13.

#### RAPID TRANSIT RAILWAYS.

At the meeting of June 13, 1911, a report was received from the Conference Committee consisting of the Presidents of the Boroughs of Manhattan, The Bronx and Richmond, and the Public Service Commission for the First District, relative to the construction, maintenance and operation of additions and extensions to the existing rapid transit railway and the construction and operation of additional rapid transit railways.

By resolution adopted June 21, 1911, the Committee of this Board in conjunction with the Public Service Commission, was requested to submit at the earliest date practicable, a supplementary report upon the elevation, depression or extension of lines in South Brooklyn, the routing and general layout of the lines radiating from the present terminus of the 4th avenue subway in South Brooklyn to Fort Hamilton, Coney Island and Staten Island, and a general plan for the operation of the same.

The President of the Borough of Manhattan, as Chairman of the Committee, presented the following:

February 13, 1912.

To the Honorable Board of Estimate and Apportionment:

Sirs—In the report submitted to your Board by the members of the Public Service Commission for the First District, and by your Special Committee on transit proposals, dated June 5, 1911, it was suggested that the determination of projected lines in South Brooklyn be deferred in order to enable the conferees to consider with more care the various alternatives presented for the disposition of these lines. In accepting generally the recommendations of the report, your Board accordingly adopted the following resolutions:

"Resolved, That the Committee of the Board, in conjunction with the Public Service Commission, be requested to submit at the earliest date practicable, a supplementary report upon the elevation, depression or extension of lines in South Brooklyn, the routing and general layout of the lines radiating from the present terminus of the 4th avenue subway in South Brooklyn, to Fort Hamilton, Coney Island and Staten Island, and a general plan for the operation of same."

The conferees have carefully considered the plans of the original Tri-Borough System which involve the extension of the 4th avenue subway from its present terminus to Fort Hamilton, with another extension branching out at about 39th street, and extending as a subway under 39th street, New Utrecht avenue and West End avenue, and as an elevated along Stillwell and other avenues to Coney Island. It has been suggested, as an alternative to this plan, that elevated lines be generally substituted for the lines included in the Tri-Borough System for South Brooklyn. After a more complete study of the situation than was possible in connection with the other matters embraced in the report of June 5, the conferees have come to the conclusion that the lines in South Brooklyn that should be adopted as a basis for inviting proposals should be:

(1) An extension of the present 4th avenue line from 43d street as a four-track subway to a point to be later determined, where connection can be made with an extension to Staten Island and thence as a two-track subway (so located in the street that at a later time and when necessary two additional tracks may be added) to 86th street.

(2) An extension of the 4th avenue subway through 39th street as a three-track subway to New Utrecht avenue, and thence as a three-track elevated line to Coney Island.

The modified layout as now recommended would not involve any reduction in capacity from that which would be provided by the Tri-Borough layout.

It is estimated that the construction of the line toward Fort Hamilton as a subway would increase the cost of the proposed line by about \$4,000,000 over what it would cost if the present 3d avenue elevated line were extended to Fort Hamilton. In the report of June 5, 1911, the conferees recommended that at least \$5,000,000 be reserved above the \$12,000,000 estimated for the South Brooklyn lines. It will be noted that the increase by reason of building the 4th avenue extension as a subway is well within the figure named.

The Brooklyn Rapid Transit Company has already proposed to operate the above lines, and in addition, if the plan of elevated structures for the Beach lines be adopted:

(1) A three-track elevated line on the Sea Beach right of way from 62d street to Coney Island; and

(2) A three-track elevated line on the old Culver route from 10th avenue to Coney Island,

—in connection with its existing system and a proposed new system to consist of the Broadway-Lexington route, the 4th avenue route, the Brooklyn loop lines, Broadway

and 59th street lines, and the lines to Astoria and Corona in Queens.

In this way South Brooklyn would obtain all rail connection with other parts of Brooklyn and Manhattan through lines of large capacity. The Company has, moreover, proposed to contribute \$12,000,000 toward the new city lines in South Brooklyn which should cover all of the cost except the additional amount necessary by reason of continuing the 4th avenue line as a subway toward Fort Hamilton. In connection with this branch, the Company has also proposed to exchange free transfers to the surface lines to Fort Hamilton, so that transfers to and from such surface lines could be made at 86th street without additional cost. If the Brooklyn company be the successful bidder, it also proposed that if the elevated lines are constructed along the routes on which it is now operating rapid transit trains upon the surface, the Company would substitute car for train service upon the surface of the street and confine the train service to the elevated roads. Aside from the benefit to the district by reason of the connections with the existing system and the proposed new city system above referred to, the construction, as suggested, would mean very substantial relief to the South Brooklyn section since the existing facilities would be continued with the elimination of rapid transit operation upon the surface of the streets while there would be added improved rapid transit elevated railroad service.

If the operation of the proposed new lines falls to the Brooklyn Rapid Transit Company, it is part of that Company's plan that the elevated extensions, with the exception of that on the Sea Beach right of way, shall be treated as extensions of the 4th avenue system, title to each to be vested in the City and each to be recapturable, as the main system would be, at any time after ten years upon payment of the Company's investment, such payment to decrease from year to year and finally disappear.

The conferees are of the opinion that the City should determine at the earliest time practicable whether the trunk line railways now discharging freight along the Staten Island water-front would be prepared to join with the City in the construction of a tunnel to Brooklyn that could be used jointly by the private roads for the carriage of freight and by the City for the desired transit connection with the 4th avenue route. The cost of such a tunnel might be divided between the Companies and the City, if such a plan prove feasible, the City's share in that event not to exceed six million dollars. It has also been pointed out that the bed of such a tunnel might be used for the carriage to Staten Island of the water mains of the Catskill system, which it is now proposed to lay across the Narrows, and that the saving that would thus be effected in the cost of the aqueduct system would, according to estimates of the Engineers, be \$1,000,000, thus adding additional argument for an early undertaking of the work.

The President of the Borough of The Bronx, while concurring generally in the recommendations of this report, is of the opinion that the 4th avenue subway should not be extended beyond the proposed point of conjunction with the Staten Island line, for the reason that, in his judgment, the additional outlay of money for a subway, rather than an elevated structure, would not be justified by the traffic returns from the area to be served. If the subway is not extended beyond 65th street, one of the suggested points of conjunction with the Staten Island line, the saving effected would amount to \$1,300,000.

Commissioner Maltbie of the Public Service Commission concurs in the recommendations as to the several beach lines, but does not believe that the 4th avenue line should be extended at present beyond its present terminus. He has urged, as a substitute, that the 3d avenue elevated line, which now runs to 65th street, be third-tracked and extended as a subway to Fort Hamilton; the 4th avenue line below 39th street to be built when needed for a Staten Island line or when traffic demands the operation of two lines one block apart. The reduction in expense through the adoption of the line proposed by Mr. Maltbie is estimated at \$2,400,000.

The majority of the conferees are of the opinion, however, that it would be better policy to extend the subway at once along the lines originally proposed, at least as far as 86th street, and that, although some additional cost is involved, the neighborhood to be served is entitled to this concession.

All of which is respectfully submitted.  
GEORGE McANENY, Chairman; CYRUS C. MILLER, GEORGE CROMWELL, Committee of the Board of Estimate and Apportionment.

WILLIAM R. WILLCOX, Chairman; WILLIAM MCCARROLL, MILO R. MALTBY, JOHN E. EUSTIS, Public Service Commission for the First District.

Consideration of the report was deferred until the next meeting of the Board, February 21, 1912.

FINANCIAL MATTERS.

The Secretary presented resolutions (6) of the Board of Aldermen requesting issue of special revenue bonds (subdivision 8, section 188 of the Charter), as follows:

A—\$100,000, for the purpose of purchasing hose for the use of the Fire Department.

B—\$50,000, for the maintenance of the Williamsburg Bridge during the year 1912.

C—\$6,336, for the wages of 16 Domestic and 8 Orderlies required for the maintenance of two Tuberculosis Pavilions on the grounds of the Riverside Hospital, North Brother Island, under the jurisdiction of the Department of Health.

D—\$7,600, for the wages of 10 Laborers, under the jurisdiction of the President of the Borough of The Bronx.

E—\$3,150, for mandatory increases in the salaries of 7 Matrons, in the Department of Correction, not provided for in the 1912 Budget.

F—\$113,000, for repairing street pavements in the Borough of Manhattan where the period of maintenance covered by contracts has not expired.

Which were referred to the Comptroller.

The Secretary presented communications relative to the establishment of positions and grades; and retirements (pursuant to the provisions of chapter 669 of the Laws of 1911), as follows:

Which was referred to the Committee on Standardization of Salaries and Grades, consisting of the Comptroller, the President of the Borough of Manhattan and the President of the Borough of Brooklyn and also to the Comptroller.

(On December 14, 1911, the communication from the Commissioner of Docks, requesting authority to increase the salaries of Junior Clerks, chargeable to corporate stock funds, was referred to the Committee on Salaries and Grades, and on January 11, 1912, the report of the Committee recommending that the request be referred to the Committee on Standardization of Salaries and Grades, was presented to the Board and referred accordingly.)

(On January 18, 1912, the request of the Commissioner of Docks to increase the salaries of two Topographical Draftsmen, chargeable to corporate stock funds, was presented to the Board and referred to the Comptroller.)

The Secretary presented a communication from the Secretary, Woman's Suffrage Study Club, relative to the growing uncleanness of the City streets, and requesting and calling upon the proper authorities to enforce the City ordinances upon which the health of the City depends.

Which was referred to the Commissioner of Street Cleaning and to the Commissioner of Police.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

\$67.53, within the appropriation made to the President of the Borough of Manhattan, for the year 1911.

City of New York, Office of the President of the Borough of Manhattan, City Hall, January 27, 1912.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—By direction of the Borough President, I beg to transmit for next week's calendar a letter from the Superintendent of Buildings for the Borough of Manhattan, asking for the transfer of \$67.53 from the appropriation for Supplies to that for Contingencies in that Bureau. Yours very truly,

JULIAN B. BEATY, Secretary to the President.

The Bureau of Buildings for the Borough of Manhattan, 220 4th Avenue, New York City, January 25, 1912.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—Request is hereby made for the transfer of the sum of sixty-seven and fifty-three-hundredths dollars (\$67.53), from the appropriation made to the President of the Borough of Manhattan for the year 1911, entitled: "1706, President, Borough of Manhattan, Bureau of Buildings, Supplies," same being in excess of the amount required for the purposes thereof, to the appropriation made to the said President of the Borough of Manhattan for the year 1911, entitled: "1708, President,

Borough of Manhattan, Bureau of Buildings, Contingencies," the amount of said appropriation being insufficient to meet the bills incurred for that year (1911.)  
Respectfully,  
RUDDOLPH P. MILLER, Superintendent of Buildings.  
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On January 27, 1912, the President of the Borough of Manhattan requested a transfer of \$67.53 within appropriations to his office, for the year 1911. In connection therewith I report as follows:

The transfer is in two accounts for the Bureau of Buildings, from No. 1706, Supplies, to No. 1708, Contingencies. It is stated that the transfer is to close the accounts.

I recommend that the request be approved by the adoption of the attached resolution. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the President of the Borough of Manhattan, for the year 1911, as follows.

FROM	
1706 President, Borough of Manhattan, Bureau of Buildings, Supplies .....	\$67 53
TO	
1708 President, Borough of Manhattan, Bureau of Buildings, Contingencies .....	\$67 53

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

\$115.30 from General Fund for the Reduction of Taxation to accounts within the appropriation made to the Armory Board for the year 1904.

\$535.61 from the General Fund for the Reduction of Taxation to accounts within the appropriation made to the Armory Board for the year 1905.

\$13.23 from the General Fund for the Reduction of Taxation to accounts within the appropriation made to the Armory Board for the year 1906.

\$455.35 from the General Fund for the Reduction of Taxation to accounts within the appropriation made to the Armory Board for the year 1907.

\$0.17 from Account 105, within the appropriation made to the Armory Board for the year 1904, to the General Fund for the Reduction of Taxation.

Office of the Secretary, The Armory Board, Basement Suite 6, Hall of Records, New York, January 24, 1912.

*To the Honorable the Board of Estimate and Apportionment:*

Gentlemen—I respectfully request that the sum of seventy-two dollars (\$72) be transferred from the General Fund to Account 1907—287, Third Battery, to liquidate an encumbrance of that amount.

The Department of Finance transferred the sum of one hundred and ninety-seven dollars and thirty-five cents (\$197.35) from this account to the General Fund on June 12, 1911, which transfer makes this request necessary.

Respectfully,  
C. D. RHINEHART, Secretary.  
Office of the Secretary, The Armory Board, Basement Suite 6, Hall of Records, New York, January 25, 1912.

*To the Honorable the Board of Estimate and Apportionment:*

Also, I respectfully request, for the purposes of closing the account, that the balance of seventeen cents (17 cents) in account 1904—105, Twenty-third Regiment, be transferred to the General Fund. Respectfully,

C. D. RHINEHART, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On January 24 and 25, 1912, the Secretary of the Armory Board requested the transfer of \$1,119.49 from the General Fund for the Reduction of Taxation to various accounts for the years 1904, 1905, 1906 and 1907. In connection therewith I report as follows:

The following are the accounts to which the amount is to be transferred:

1904—99 Ninth Regiment .....	\$9 40
1904—101 Squadron "A" .....	6 00
1904—108 Second Signal Corps .....	27 00
1904—109 Second Battalion, Naval Militia .....	72 90
1905—102 Seventh Regiment .....	89 16
1905—104 Ninth Regiment .....	152 50
1905—105 Twelfth Regiment .....	45 86

1905—110 First Battery .....	143 74
1905—119 Forty-seventh Regiment .....	2 00
1906—146 Thirteenth Regiment .....	3 60
1906—150 Second Signal Corps .....	9 63
1907—268 Ninth Regiment .....	302 35
1907—271 Sixty-ninth Regiment .....	81 00
1907—287 Third Battery .....	72 00

\$1,119 49

On May 28, 1909, the Board of Estimate and Apportionment approved transfers from these accounts to the General Fund, as follows:

1904—99 Ninth Regiment .....	\$14 40
1904—101 Squadron "A" .....	6 00
1904—108 Second Signal Corps .....	27 00

1907—271 Sixty-ninth Regiment .....	236 34
1907—287 Third Battery .....	197 35

\$3,134 47

Since the time of the transfers the accounts of the Armory Board have been reconciled, with the result that it has been found that the accounts in the request have been overdrawn. It is now proposed, therefore, to reimburse the accounts in the amount of the deficit so that they may be finally balanced.

The Secretary has also requested that a balance of 17 cents in No. 105—Twenty-third Regiment, for the year 1904, be transferred to the General Fund. The transfer will close the account.

I recommend the adoption of the attached resolutions balancing the accounts.

Respectfully,  
WM. A. PRENDERGAST, Comptroller.

Contingencies—	
1261 Board of Education .....	\$4,500 00
—which item is insufficient for its purposes.	

A true copy of resolution adopted by the Board of Education on January 24, 1912.

A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 24, 1912, the Board of Education requested transfers of funds within the Special School Fund appropriations for the year 1911, as follows:

FROM	
1234 General Supplies, Vocational School for Girls.....	\$1,000 00
1248 Repairs and Replacements by Contract or Open Order, Pianos and Repairs of, Borough of The Bronx.....	250 00
1249 Repairs and Replacements by Contract or Open Order, Pianos and Repairs of, Borough of Brooklyn.....	250 00
1253 Apparatus, Machinery, Vehicles, Harness, etc., Truant Schools	1,000 00
1225 Evening Lecture Centres, Wages, Temporary Employees.....	2,000 00
TO	
1261 Contingencies, Board of Education.....	\$4,500 00

The Budget allowance for Contingencies for 1911 was \$26,666, the same as in 1910. The allowance for 1910 was increased by transfer to \$32,666. The balance in the 1911 account, as shown by the Board of Education books, on January 31, was \$536.64, while unpaid bills in the sum of \$4,904.90 were then on file in the offices of the Auditor and the Superintendent of School Supplies. The proposed transfer of \$2,000, from Wages, Temporary Employees, to Contingencies, is contrary to the resolutions governing the 1911 Budget.

I recommend, therefore, that the request be approved to the extent of \$2,500, by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 237 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves transfers of funds appropriated to the Special School Fund, Department of Education, for the year 1911, as follows:

FROM	
1234 General Supplies, Vocational School for Girls.....	\$1,000 00
1248 Repairs and Replacements by Contract or Open Order, Pianos and Repairs of, Borough of The Bronx.....	250 00
1249 Repairs and Replacements by Contract or Open Order, Pianos and Repairs of, Borough of Brooklyn.....	250 00
1253 Apparatus, Machinery, Vehicles, Harness, etc., Including Care and Storage, Truant Schools.....	1,000 00
TO	
1261 Contingencies, Board of Education.....	\$2,500 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from the President of the Borough of The Bronx requesting, and report of the Comptroller recommending, the modification of Salary Schedule 1892, supporting the appropriation made in the Budget for the year 1912, for the office of said Borough President, providing for a decrease in the number of days for Driver with Horse and Vehicle, at \$3.50 a day, and for an increase in the number of days for Driver with Horse and Vehicle, at \$3 per day:

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, January 25, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Request is hereby respectfully made for a modification of the schedule lines supporting the appropriation made to the President of the Borough of The Bronx, for the year 1912 as follows:

Vehicular Transportation.

Horses and Vehicles with Drivers.

1892 Sewers—	
Driver with Horse and Vehicle at \$3.50 per day (6,256 days).....	\$21,896 00
Driver with Horse and Vehicle at \$3.00 per day (2,128 days).....	6,384 00

\$28,280 00

The changes from the present schedule consist in the rearrangement of the number of days in each class, viz: from 7,000 to 6,256 in the \$3.50 class, and from 1,260 to 2,128 in the \$3.00 class.

This change is necessary in order to provide for seven (7) carts to be employed on work other than cleaning receiving basins. The said seven carts for 304 days at \$3.00 per day will amount to \$6,384, representing a total of 2,128 working days, an addition of \$2,604 to the amount allowed in the schedule for the \$3.00 class. This amount is deducted from the budget allowance for the \$3.50 class and the total appropriation for Code 1892 is not changed thereby. Respectfully,

CYRUS C. MILLER, President, Borough of the Bronx.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 5, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 15, 1912, the President of the Borough of The Bronx requested modification of the 1912 schedule in his office entitled, Vehicular Transportation, Horses and Vehicles, With Drivers, No. 1892, Sewers. In connection therewith I report as follows:

It is proposed to decrease the line item for Driver with Horse and Vehicle, at \$3.50, by 744 days, and increase the line for Driver with Horse and Vehicle, at \$3, by 868 days. The modification leaves the total of the schedule unchanged.

The following table shows the line item changes in detail:

Code No.	Item.	Schedule Transfer.	
		Increase.	Decrease.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs

of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from the Surrogates' Court, New York County, requesting, and report of the Comptroller recommending, the modification of Salary Schedule No. 2177, supporting the appropriation made in the Budget for the year 1912, for said Court, New York County, to be effective as of January 1, 1912, by making the schedule lines conform to increased rates in compensation of various employees:

Chambers of the Surrogates' Court, County of New York, New York January 24, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller, 280 Broadway, City:

Dear Sir—Under the provisions of chapter 775 of the Laws of 1911, the salaries of the following Recording Clerks were by us increased, on December 5, 1911, from \$1,000 each per annum, to \$1,200 each per annum: Max Hellinger, Katherine L. Cassidy, Dennis J. Conroy, Leo W. Schwab, William J. Buckley, Joseph A. Quinn, Benjamin Friedman, Isidor Frankel, Patrick J. Reilly, Edward M. Kelly, Benjamin Weiss, Walter P. Delmour, Thomas Fitzgerald, Louis J. Flander, Marion P. McKeever, Morris Marks, Francis S. Morley, George Silverstein, Joseph Kurzman and Joseph Goldberg; on the same date the salaries attached to the position of Copyist were increased from \$1,000 to \$1,200. There are three of these positions, one of them being at present vacant and the two others occupied by Florence S. Foote and Augusta H. Lasher. On the same date the salary of John A. Killorn, Third Assistant Probate Clerk, was increased from \$1,000 to \$1,200.

These increases amount to a total of \$4,800 for the year, for which no provision was made in the Budget for 1912. We therefore respectfully ask that provision be made for their payment. Respectfully yours,

JOHN P. COHALAN, Surrogate.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 6, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 24, 1912, the Surrogate of New York County requested modification of Schedule No. 2177, Salary, Regular Employees, for his office for the year 1912. In connection therewith I report as follows:

Chapter 775 of the Laws of 1911 provides, in part, as follows:

"The surrogates may appoint and remove all clerks, officers, attendants and employees in their offices, or connected with their court. The compensation of each person so appointed shall be fixed by the surrogates, and the same shall be a county charge, and the number and duties of all such clerks, officers, attendants and employees shall be such as the surrogates shall designate and approve."

Pursuant to these provisions, the Surrogates, on December 5, 1911, increased the salaries of 24 incumbents \$200 per annum each, making a yearly increase of \$4,800. The increases for December were paid out of special revenue bonds issued pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter. As no funds are available in the Budget appropriations for the office, the Comptroller will pay the increases during 1912 out of a similar issue of revenue bonds.

I recommend the adoption of the attached resolution making the schedule lines in No. 2177 conform to the increased rates. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

To the Board of Estimate and Apportionment:

Gentlemen—On January 25, 1912, the General Clerk of the Supreme Court, Second Department, requested modification of schedule entitled, "Administration, No. 2286, Salaries, Regular Employees, for the Court for the Year 1912." In connection therewith I report as follows:

Chapter 365 of the Laws of 1911, provides, in part, as follows:

The Clerk appointed by each of the Justices of the Supreme Court residing in Kings County shall receive a salary to be fixed in annual amount by the Justices of the Supreme Court residing in the Second Judicial District other than Justices of the Appellate Division, or a majority of them, and to be raised and paid in the same manner as the salaries of Attendants and Officers.

Pursuant to these provisions, the Justices of the Supreme Court, Second Judicial District, on January 20, 1912, increased the salaries of 10 Clerks from \$2,500 to \$2,750 per annum each, to be effective as of January 1, 1912. The total yearly increase in cost of \$2,500 is to be covered in the schedule by striking out a Clerk to Justice at \$2,500 per annum.

The following table shows the line item changes in detail:

Account No.	Schedule Lines.	Schedule Transfer.		Cash Transfer.	
		Decrease.	Increase.	Decrease.	Increase.
2286	Clerk to Justice, 11 at \$2,500.....	\$27,500 00		\$27,500 00

The attached resolution, if adopted, will grant the request. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Department of Health requesting, and report of the Comptroller recommending, approval of the schedules, as revised, for said Department for the year 1912, to be effective as of February 1, 1912, providing for the elimination of two Laboratory Assistants at \$900 each, for 2 at \$600 each, and the addition of 4 at \$750 per annum, each, to permit of the appointment to two vacancies, and the promotion of 2 Laboratory Assistants from \$600 to \$750 each per annum:

Department of Health, City of New York, Southwest Corner of 55th Street and 6th Avenue, Borough of Manhattan, Office of the Secretary, New York, January 25, 1912.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway: Sir—Enclosed herewith you will find a copy of a resolution adopted by the Board of Health at a meeting held January 23, 1912, requesting the Board of Estimate and Apportionment to approve of certain changes and modifications in the schedules supporting the appropriations made to the Department of Health for salaries for the year 1912.

Owing to the appointment of three Bacteriologists from among the Laboratory Assistants, and the resignation of one Laboratory Assistant, there are now four vacancies in this position, two of which pay \$900 per annum and two \$600 per annum. There are a number of workers in the Research Laboratory who receive \$600 per annum, but who, in the opinion of the Director of Laboratories, deserve an increase because of the higher class of work performed by them.

It is thought desirable, therefore, that the four positions referred to be averaged so that there will be a uniform salary of \$750, in place of those now existing.

Very truly yours,

EUGENE W. SCHEFFER, Secretary.

Department of Health, City of New York, Southwest Corner of 55th Street and 6th Avenue, Borough of Manhattan, Office of the Secretary, New York, January 25, 1912.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway:

Sir—At a meeting of the Board of Health of the Department of Health, held January 23, 1912, the following resolution was adopted:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to approve of the following changes and modifications in the schedules supporting the appropriations made to the Department of Health for salaries for the year 1912:

Supporting Schedule to Code No. 312, Laboratories, Research and Vaccine, Salaries, Regular Employees—Change item "Laboratory Assistants, 8 at \$900—\$7,200," to read "Laboratory Assistants, 6 at \$900—\$5,400." Change item "Laboratory Assistants, 9 at \$750—\$6,750," to read "Laboratory Assistants, 13 at \$750—\$9,750." Change item "Laboratory Assistants, 18 at \$600—\$10,800," to read "Laboratory Assistants, 16 at \$600—\$9,600."

A true copy.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 23, 1912, the Board of Health requested modification of a schedule of salaries for the Department of Health, for the year 1912. In connection therewith I report as follows:

The request is in Laboratories, Research and Vaccine, No. 312, Salaries, Regular Employees. It is proposed to strike out two Laboratory Assistants, at \$900 each, two, at \$600 each, and add four, at \$750 per annum each. The changes are to permit of appointments to two vacancies and the promotion of Miss Nancy F. Dorsey and Miss Mary A. Smeaton from \$600 to the \$750 rate.

Miss Dorsey was appointed as a Helper on April 11, 1900, at \$480 per annum. On February 28, 1906, her title was changed to Laboratory Assistant at the present rate.

Miss Smeaton, who was appointed as a Laboratory Assistant on September 9, 1911, has taken a course in training as a Hospital Nurse and a post-graduate course in chemistry and biology. It is stated that her qualifications justify the \$150 increase. The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer.		Cash Transfer.	
		Decrease.	Increase.	Decrease.	Increase.
312	Laboratory Assistants, 8 at \$900.....	\$1,800 00		\$1,650 00

-----------------------------------------------	-------------

This request is made to provide for paying the prevailing rate of wages to an employee whose title has been changed by the Civil Service Commission. This does not require any additional appropriation at this time. Copy of revised schedule herewith. Respectfully,

ARTHUR J. O'KEEFE, Commissioner.

Department of Bridges, City of New York, 13-21 Park Row, Manhattan, N. Y., January 29, 1912.

Hon. WM. A. PRENDERGAST, Comptroller, The City of New York, 280 Broadway, N. Y.:

Sir—I have to request the following modifications of the schedules of the Williamsburg Bridge, Salaries, Regular Employees, Bridge Revenue Force and Wages, Regular Employees, Bridge Revenue Force, effective as of February 1, 1912:

Williamsburg Bridge, Salaries, etc., drop line item reading:

Bridge Keeper.....	\$1,095 00

Wages, Regular Employees, Bridge Revenue Force, drop line item reading:

Stone Cutter, 1 at \$5 per day (279 days).....	\$1,395 00
------------------------------------------------	------------

Add line item reading:

Stone Cutter, 2 at \$5 per day (279 days).....	2,790 00
------------------------------------------------	----------

This request is made to provide for paying the prevailing rate of wages to an employee whose title has been changed by the Civil Service Commission. This does not require any additional appropriation at this time.

Copy of revised schedule herewith. Respectfully,

ARTHUR J. O'KEEFE, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On January 29, 1912, the Commissioner of Bridges requested modification of four schedules for regular employees in his Department for 1912. In connection therewith I report as follows:

In Personal Service, Brooklyn Bridge, Salaries, Regular Employees, Bridge Revenue Force, it is proposed to drop a Bridge Keeper, at \$1,095, and a balance unassigned of \$150, reducing the schedule total by \$1,245.

In Personal Service, Brooklyn Bridge, Wages, Regular Employees, Bridge Revenue Force, a Wireman, at \$4.50, for 304 days, is to be added, increasing the schedule total by \$1,368.

In Personal Service, Williamsburg Bridge, Salaries, Regular Employees, Bridge Revenue Force, a Bridge Keeper, at \$1,095, is to be dropped.

In Personal Service, Williamsburg Bridge, Wages, Regular Employees, Bridge Revenue Force, a Stone Cutter, at \$5, for 279 days, is to be added, and the schedule total increased by \$1,395.

It is stated that these changes are necessary to provide for paying the prevailing rate of wages, from February 1, 1912, to two Bridge Keepers, whose titles have been changed by the Municipal Civil Service Commission. As only a preliminary allowance has thus far been made for the maintenance of the Brooklyn Bridge for 1912, pursuant to the provisions of section 242 of the Greater New York Charter, and as the Williamsburg Bridge is maintained from its revenues without action by the Board of Estimate and Apportionment, no additional appropriations at this time are required. The line item changes in detail are as follows:

Schedule, Short Title and Line Item.	Schedule Transfer.		Cash Transfer	
	Decrease.	Increase	Decrease.	Increase.
Brooklyn Bridge, Salaries, Bridge Keeper, 1 at \$1,095.....	\$1,095 00	.....	\$1,003 75	.....

	\$2,340 00	\$2,763 00	\$2,145 00	\$2,526 00

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, plans, specifications and estimate of cost (\$16,000), for hauling, laying and relaying 48-inch water mains in East New York avenue, Brooklyn, under the jurisdiction of said Department:

Department of Water Supply, Gas and Electricity, Bureau of Supplies, Room 1904, 13-21 Park Row, City of New York, January 22, 1912.

Hon. WM. A. PRENDERGAST, Comptroller:

Dear Sir—I transmit herewith, for report by you to the Board of Estimate and Apportionment in accordance with resolution of said Board of July 17 and August 31, 1911, form of contract, specifications and plans for hauling and laying and for relaying 48-inch water mains in East New York avenue, Borough of Brooklyn, the estimated cost of which is \$16,000. Yours truly,

J. W. F. BENNETT, Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On January 22, 1912, the Acting Commissioner of Water Supply, Gas and Electricity requested approval of form of contract, plans, specifications and estimate of cost in the sum of \$16,000, for hauling and laying and for relaying 48-inch water mains in East New York avenue, Borough of Brooklyn.

The cost is to be paid from a corporate stock fund, authorized by the Board of Estimate and Apportionment on March 6, 1908, and entitled "C. D. W.—12, Water Fund, Borough of Brooklyn." There is an unencumbered balance of \$120,176.06 in the fund.

The form of contract, plans and specifications are satisfactory and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, plans, specifications and estimate of cost in the sum of sixteen thousand dollars (\$16,000), for hauling and laying and for relaying 48-inch water mains in East New York avenue, Borough of Brooklyn, under the jurisdiction of the Department of Water Supply, Gas and Electricity, the cost to be paid from the corporate stock fund entitled, "C. D. W.—12, Water Fund, Borough of Brooklyn."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communications from the Department of Parks, Borough of Brooklyn, requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the forms of preliminary contracts for services of Frank J. Helmle, as architect, in the preparation of preliminary drawings and specifications for a storehouse in Prospect Park, Brooklyn, estimated fee \$750, and for a shelter house in City Park, Brooklyn, estimated fee \$200, under the jurisdiction of said Department?

The City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Prospect Park, Borough of Brooklyn, January 23, 1912.

*To the Honorable the Board of Estimate and Apportionment, City of New York:*

Gentlemen—I am transmitting herewith for your approval, form of preliminary contract for Architect's services, in preparing and furnishing to the City preliminary studies and specifications, as follows:

Preliminary contract for services of Frank J. Helmle, in preparing and furnishing preliminary studies and specifications for storehouse in Prospect Park, Borough of Brooklyn. Yours very truly,

M. J. KENNEDY, Commissioner.

The City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Prospect Park, Borough of Brooklyn, January 23, 1912.

*To the Honorable the Board of Estimate and Apportionment, City of New York:*

Gentlemen—I am transmitting herewith for your approval, form of preliminary contract for Architect's services, in preparing and furnishing to the City preliminary studies and specifications, as follows:

Preliminary contract for services of Frank J. Helmle, in preparing and furnishing

preliminary studies and specifications for shelter house in City Park, Borough of Brooklyn. Yours very truly,

M. J. KENNEDY, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 23, 1911, the Commissioner of Parks, Borough of Brooklyn, requested approval of form of contracts for architect's services, as follows:

Preliminary contract for the services of Frank J. Helmle, of No. 190 Montague street, Brooklyn, for the preparation of preliminary drawings and specifications of a proposed storehouse in Prospect Park, Borough of Brooklyn; estimated fees, \$750.

Preliminary contract for the services of Frank J. Helmle, for the preparation of preliminary drawings and specifications of a proposed shelter house in City Park, Borough of Brooklyn; estimated fees, \$200.

The cost of the storehouse in Prospect Park is to be charged to the corporate stock fund entitled, "C. D. P.—212C, Department of Parks, Boroughs of Brooklyn and Queens, Erection and Completion of a New Storehouse and Workshop, Prospect Park." The appropriation, in the sum of \$75,000, was authorized by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 31, 1911. No expenditures have been made from the fund.

The cost of the shelter house in City Park is to be charged to the corporate stock fund entitled, "C. D. P.—208A, Department of Parks, Boroughs of Brooklyn and Queens, Erection and Equipment of Shelter House in City Park." The appropriation, in the sum of \$20,000, was approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911. No expenditures have been made from the fund.

The building to be erected in Prospect Park is to be a combined storehouse and workshop and the appropriation is for the combined building. The title of the architect's contract for this building, therefore, has been amended to read, *storehouse and workshop*. With this amendment the form of contract is satisfactory. The form of contract for the shelter in City Park is satisfactory.

The fees provided in both contracts are fixed at 1 per cent. of the appropriation for the work, in accordance with the adopted rule for preliminary contracts.

I recommend the adoption of the attached resolution approving the amended form of contract for the storehouse and workshop in Prospect Park, and the form of contract as submitted for the shelter in City Park. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the forms of contracts for architect's services for work under the jurisdiction of the Department of Parks, Borough of Brooklyn, as follows:

Preliminary contract as amended for the services of Frank J. Helmle, of No. 190 Montague street, Brooklyn, for the preparation of preliminary drawings and specifications of a proposed storehouse and workshop in Prospect Park, Borough of Brooklyn, fees seven hundred and fifty dollars (\$750), the cost to be charged to the corporate stock fund entitled, "C. D. P.—212C, Department of Parks, Boroughs of Brooklyn and Queens, Erection and Completion of a New Storehouse and Workshop, Prospect Park."

Preliminary contract for the services of Frank J. Helmle, for the preparation of preliminary drawings and specifications of a proposed shelter house in City Park, Borough of Brooklyn, estimated fees two hundred dollars (\$200); the cost to be charged to the corporate stock fund entitled, "C. D. P.—208A, Department of Parks, Boroughs of Brooklyn and Queens, Erection and Equipment of Shelter House in City Park."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Parks, Borough of Brooklyn, requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, amended specifications, plans and estimate of cost (\$4,912), for constructing asphalt tile walks in Sunset Park, Brooklyn, under the jurisdiction of said Department:

The City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Prospect Park, Borough of Brooklyn, January 24, 1912.

To the Honorable the Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—I am transmitting herewith for your approval, form of contract, plans, specifications and estimate of cost for constructing asphalt tile walks in Sunset Park, Borough of Brooklyn.

The cost of the above work is to be charged to the corporate stock fund entitled "Laying Asphalt Tile Walks, Interior Sunset Park, Code Number C.D.P. 221."

Yours very truly,

M. J. KENNEDY, Commissioner.

Estimate of Cost for Constructing Asphalt Tile Walks in Sunset Park, Borough of Brooklyn.

New asphalt tile walks, 16,700 square feet at 26 cents.....	\$4,342 00
Old asphalt tile walks, relaid, 3,800 square feet at 15 cents.....	570 00
	<hr/> \$4,912 00

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 24, 1912, the Commissioner of Parks, Borough of Brooklyn, requested approval of the form of contract, specifications, plan and estimate of cost in the sum of \$4,912, for constructing asphalt tile walks in Sunset Park, Borough of Brooklyn.

The cost of the work is to be charged to the corporate stock fund entitled, "C. D. P.—221, Improvement and Construction of Parks, Parkways, Playgrounds, Boulevards and Driveways, Boroughs of Brooklyn and Queens, Laying of Asphalt Tile Walks, Interior of Sunset Park." The appropriation, in the sum of \$24,000, was approved by the Board of Estimate and Apportionment on May 4, 1906, and by the Board of Aldermen on June 12, 1906. On February 6, 1912, there was an unencumbered balance in the fund of \$5,052.72.

The specifications have been amended in two clauses with the approval of the Department of Parks.

The form of contract, amended specifications and the plan are satisfactory. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution approving the form of contract, amended specifications, plan and estimate of cost.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, amended specifications, plan and estimate of cost, four thousand nine hundred and twelve dollars (\$4,912), for constructing asphalt tile walks in Sunset Park, Borough of Brooklyn, under the jurisdiction of the Department of Parks, Borough of Brooklyn, the cost of the work to be charged to the corporate stock fund entitled, "C. D. P.—221, Improvement and Construction of Parks, Parkways, Playgrounds, Boulevards and Driveways, Boroughs of Brooklyn and Queens, Laying of Asphalt Tile Walks, Interior of Sunset Park."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from the Board of Education requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, amended specification, plans and estimate of cost (\$35,000), for general construction, etc., of additions to and alterations in Public School 72, Manhattan, under the jurisdiction of the Department of Education:

Board of Education, Park Avenue and 59th Street, New York, January 27, 1912.

Hon. W. A. PRENDERGAST, Comptroller:

Dear Sir—I beg to advise you of the receipt of a communication from Mr. C. B. J. Snyder, Superintendent of School Buildings, dated January 26, 1912, reading as follows:

"I am forwarding herewith plans and specifications for the general construction, etc., of additions to and alterations in Public School 72, Borough of Manhattan, for transmission to the Comptroller, to be presented to the Board of Estimate and Apportionment, in compliance with the resolution adopted by that Board on January 5, 1911.

"The plans and specifications have just been returned from the Department of Water Supply, Gas and Electricity, approved, as noted on same.

"Approximate cost, \$35,000."

The plans and specifications referred to in the foregoing communication are transmitted herewith. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 27, 1912, the Board of Education requested approval of the form of contract, specifications, plans and estimate of cost in the sum of \$35,000, for General Construction, etc., of additions to and alterations in Public School 72, Borough of Manhattan.

The cost of the work is to be charged to the corporate stock fund entitled, "C. D. E.—100D, School Buildings, Construction and Equipment, Manhattan, Subtitle 4."

The appropriation, in the sum of \$52,000, was approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911. On February 6, 1912, there had been no expenditures from the fund.

The specifications have been amended by the Board of Education at the suggestion of the Department of Finance.

The plans, amended specifications, and form of contract are satisfactory, and the estimate of cost is reasonable. The Department of Water Supply, Gas and Electricity has approved the plans and specifications.

I recommend the adoption of the attached resolution approving the form of contract, amended specifications, plans and estimate of cost.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

To the Board of Estimate and Apportionment:

Gentlemen—On September 28, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested approval of the form of contract, plans, specifications and estimate of cost in the sum of \$21,000, for a sprinkler system in the Metropolitan Museum of Art, Central Park.

The cost is to be charged to the corporate stock fund entitled "C. D. P.—66, Metropolitan Museum of Art, Fitting Up, Equipping and Furnishing, and Alterations and Additions Thereto." On February 3, 1912, there was an unencumbered balance of \$67,662.77 in the fund.

The appropriation for the fund was approved by the Board of Estimate on July 17, 1911, and by the Board of Aldermen on July 31, 1911. The appropriation was amended by the Board under dates of November 16, 1911, and November 28, 1911, respectively.

The plans and specifications have been amended by the Architects at the request of the Department of Finance. A new plan showing sizes of piping, etc., has been furnished, and a new clause inserted in the specifications retaining 2 per cent. of the contract price for one year. Various other changes have been made to make the requirements of the contract more definite.

I recommend that the form of contract, estimate of cost, and the plan and specifications, as amended, be approved by the adoption of the attached resolution.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the plans and specifications, as amended, the form of contract and the estimate of cost in the sum of twenty-one thousand dollars (\$21,000), for a sprinkler system in the Metropolitan Museum of Art, in Central Park, Borough of Manhattan, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, the cost to be charged to the corporate stock fund entitled "C. D. P.—66, Metropolitan Museum of Art, Fitting Up, Equipping and Furnishing, and Alterations and Additions Thereto."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the plans, specifications, form of contract and estimate of cost (\$11,000), for alterations and improvements at Bayside Pumping Station, Borough of Queens, under the jurisdiction of said Department:

Department of Water Supply, Gas and Electricity, Bureau of Supplies, Room 1904, 13-21 Park Row, City of New York, December 15, 1911.

Hon. WM. A. PRENDERGAST, Comptroller:

Dear Sir—I transmit herewith for report by you to the Board of Estimate and Apportionment in accordance with resolution adopted by said Board on August 31, 1911, plans, specifications, etc., for furnishing the materials and labor required for alterations, repairs and improvements at Bayside Pumping Station, Borough of Queens, the estimated cost of which is \$11,000.

I would respectfully request that said contract, etc., be returned to this office at the earliest practicable date in order that bids may be advertised for doing the work. Yours truly,

J. W. F. BENNETT, Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 15, 1911, the Commissioner of Water Supply, Gas and Electricity requested the approval of plans, specifications, form of contract and estimate of cost in the sum of \$11,000 for alterations and improvements at Bayside Pumping Station, Bayside, Borough of Queens.

The plans, specifications and form of contract are complete and satisfactory. The estimate of cost is reasonable.

The cost of the work is to be charged to the corporate stock fund entitled, "C. D. W.—25, Improvement and Development of Water Supply System, Bayside, Borough of Queens." The authorization was approved by the Board of Estimate and Apportionment on July 8, 1907, and by the Board of Aldermen on February 4, 1908. There is an unencumbered balance of \$30,024.06 in the fund.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the plans, specifications, form of contract and estimate of cost in the sum of eleven thousand dollars (\$11,000), for alterations and improvements at Bayside Pumping Station, Bayside, Borough of Queens, under the jurisdiction of the Department of Water Supply, Gas and Electricity, the cost of the work to be charged against the corporate stock fund entitled, "C. D. W.—25, Improvement and Development of Water Supply System, Bayside, Borough of Queens."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Bellevue and Allied Hospitals requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, plans, specifications and estimate of cost (\$2,800), for lighting fixtures for the laundry building, Bellevue Hospital, under the jurisdiction of said Department:

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, November 15, 1911.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to submit for the approval of the Board of Estimate and Apportionment the accompanying plans and specifications for the lighting fixtures for the laundry building of the new Bellevue Hospital. The work is estimated to cost \$2,800. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 5, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 15, 1911, the Board of Trustees of Bellevue and Allied Hospitals requested approval of the form of contract, specifications, plans and estimate of cost in the sum of \$2,800, for lighting fixtures for the laundry building of the new Bellevue Hospital.

The cost of the work is to be charged to the corporate stock fund entitled, "C. B. H.—10, New Bellevue Hospital, Construction of." There is an unencumbered balance of \$239,050.90 in the fund. The appropriation for the fund was approved by the Board of Estimate and Apportionment on July 2, 1909, and by the Board of Aldermen on July 13, 1909. The contract form, plans and specifications are satisfactory, and the estimate of cost is reasonable.

I recommend that they be approved by the adoption of the attached resolution.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, plans, specifications and estimate of cost, two thousand eight hundred dollars (\$2,800), for lighting fixtures for the laundry building, Bellevue Hospital, under the jurisdiction of the Department of Bellevue and Allied Hospitals, the cost to be charged to the corporate stock fund entitled, "C. B. H.—10, New Bellevue Hospital, Construction of."

The Secretary presented the following report of the Comptroller, recommending that the resolution adopted December 7, 1911, authorizing the acquisition of property at private sale, at a price not exceeding \$35,000, in the vicinity of East 168th street, Findlay and Teller avenues, The Bronx, for a school site, be amended, so as to provide for the acquisition of said property subject to the covenant against nuisances contained in the deed:

City of New York, Department of Finance, Comptroller's Office, February 10, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held December 7, 1911, a resolution was adopted authorizing the Comptroller to purchase the following described premises for use of the Department of Education, for the sum of \$35,000:

All that certain lot, piece or parcel of land, situate, lying and being in the Borough of The Bronx, City and State of New York, bounded and described as follows:

Beginning at a point formed by the intersection of the southerly side of East 168th street with the easterly side of Findlay avenue; running thence southerly along the easterly side of Findlay avenue 200 feet; thence easterly and parallel with East 168th street 200 feet to the westerly side of Teller avenue; thence northerly along the westerly side of Teller avenue 200 feet to the southerly side of East 168th street; thence westerly along the southerly side of East 168th street 200 feet to the easterly side of Findlay avenue, the point or place of beginning; together with all the right, title and interest, if any, of the owner, of, in and to the street and avenues in front thereof to the centre thereof.

A search of the title to the above-described property by the Title Guarantee and Trust Company develops the fact that the premises are subject to a covenant against nuisances, contained in liber 79, section 9 of Conveyances, page 134, which reads, in part, as follows:

"And the said party of the second part for himself, his heirs, executors, administrators and assigns doth covenant and agree to and with the said party of the first part, her heirs, executors, administrators and assigns as follows:

"That neither the party hereto of the second part, nor his heirs, executors, administrators or assigns shall at any time during the continuance of these covenants erect, suffer or permit upon any portion of the premises herein conveyed, by his heirs, executors, administrators and assigns or any lessee or tenants thereof or persons holding possession under his or their title any distillery, slaughter house or soap, candle, starch, varnish, vitriol, glue, ink or turpentine factory or any factory for tanning, dressing or preparing skins, hides or leather or any other dangerous or offensive establishment whatsoever."

In my opinion, the covenant will not affect the purposes for which the property is being acquired, and I therefore recommend that the resolution above mentioned be amended by taking the property subject to the covenant against nuisances, contained in liber 79, section 9 of Conveyances, page 134. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment December 7, 1911, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Department of Education of the following described property located on East 168th street, between Findlay and Teller avenues, Borough of The Bronx, for school purposes:

"All that certain lot, piece or parcel of land, situate, lying and being in the Borough of The Bronx, City and State of New York, bounded and described as follows:

"Beginning at a point formed by the intersection of the southerly side of East 168th street with the easterly side of Findlay avenue; running thence southerly along the easterly side of Findlay avenue 200 feet; thence easterly and parallel with East 168th street 200 feet to the westerly side of Teller avenue; thence northerly along the westerly side of Teller avenue 200 feet to the southerly side of East 168th street; thence westerly along the southerly side of East 168th street 200 feet to the easterly side of Findlay avenue, the point or place of beginning; together with all the right, title and interest, if any, of the owner, of, in and to the street and avenues in front thereof to the centre thereof.

"—and authorizes the Comptroller to enter into a contract for the acquisition of said property at private sale, at a price not exceeding thirty-five thousand dollars (\$35,000), said contract to be submitted to the Corporation Counsel for approval as to form."

—be and the same is hereby amended by authorizing the acquisition of said property subject to the covenant against nuisances, contained in Liber 79, Section 9, of Conveyances, page 134.

The Secretary presented the following report of the Comptroller recommending that the resolution adopted January 11, 1912, authorizing the acquisition of property, at a price not exceeding \$15,000, on Dumont and Stone avenues, Borough of Brooklyn, as a site for a Carnegie Library, be amended so as to provide for the acquisition of said property, subject to the covenant contained in the deed:

City of New York, Department of Finance, Comptroller's Office, February 10, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On January 11, 1912, your Board adopted a resolution authorizing the Comptroller to purchase the following described property for use as a Carnegie Library site, in the Borough of Brooklyn, at a price not exceeding \$15,000:

All that certain lot, piece or parcel of land, situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point formed by the intersection of the southerly side of Dumont avenue with the easterly side of Stone avenue; running thence easterly along the southerly side of Dumont avenue 100 feet; thence southerly and parallel with Stone avenue 100 feet; thence westerly again parallel with Dumont avenue 100 feet to the easterly side of Stone avenue; thence northerly along the easterly side of Stone avenue 100 feet to the point or place of beginning; together with all the right, title and interest, if any, of the owner, of, in and to the avenues in front thereof to the centre thereof; being known on the tax maps of The City of New York as Section 12, Block 3794, Lot 18.

A search of the title to these premises by the United States Title Guaranty Company develops the fact that there is a restrictive covenant recorded in the Register's office of the County of Kings, on November 24, 1903, in section 12, liber 24 of Conveyances, page 81, in Block 3794. This is the usual covenant as to distilleries, slaughter houses, varnish factories, etc., and in my opinion the said covenant will not affect the purposes for which the property is being acquired.

I therefore respectfully recommend that the above-mentioned resolution be amended by taking the property subject to the covenant, recorded in the Register's office of the County of Kings, November 24, 1903, in Section 12, Liber 24 of Con-

veyances, page 81, Block 3794. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment January 11, 1912, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 580 of the Laws of 1901, hereby approves of the selection of property known as Parcel No. 1, located on the Eastern parkway and Schenectady avenue, and Parcel No. 2, located on Stone and Dumont avenues, Borough of Brooklyn, for sites for Carnegie Libraries, as follows:

The Secretary presented the following report of the Comptroller recommending that the resolution adopted December 21, 1911, approving of the purchase of property, at private sale, for a sum not exceeding \$75,000, on Kelly street, between Avenue St. John and Leggett avenue, The Bronx, for school purposes, be amended so as to provide for the acquisition of said property, subject to the restrictive covenant contained in the deed:

City of New York, Department of Finance, Comptroller's Office, February 10, 1912.

*To the Honorable the Board of Estimate and Apportionment:*

Gentlemen—On December 21, 1911, your Board adopted a resolution approving of the acquisition of a plot of ground on the northerly line of Kelly street distant 110 feet westerly from the point of intersection of the said northerly line of Kelly street with the westerly line of Leggett avenue, etc., in the Borough of The Bronx, as a site for use of the Department of Education, as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Board of Education of the following described property located on Kelly street, between Avenue St. John and Leggett avenue, Borough of The Bronx, as a site for school purposes:

"All that certain plot, piece or parcel of land, situate, lying and being in the Borough of The Bronx, City and State of New York, bounded and described as follows:

"Beginning at a point on the northerly line of Kelly street distant one hundred and ten feet westerly from the point of intersection of the said northerly line of Kelly street with the westerly line of Leggett avenue; running thence northerly, at right angles to Kelly street, one hundred and thirty-two feet and forty-three one-hundredths of a foot to a point distant one hundred and ten feet and eighty-five one-hundredths of a foot westerly from the westerly side of Leggett avenue on a line beginning at a point on the westerly side of Leggett avenue distant one hundred and eighteen feet and seventy one-hundredths of a foot northerly from the intersection of the northerly side of Kelly street with the said westerly side of Leggett avenue, and running northwesterly to a point on the easterly side of Avenue St. John distant one hundred and eighty-six feet and nine one-hundredths of a foot northerly from the point of intersection of said easterly side of Avenue St. John and the northerly side of Kelly street; thence northwesterly along said line three hundred and twenty-seven feet and forty-seven one-hundredths of a foot; thence southerly, or nearly so, one hundred and seventy-two feet and ninety-nine one-hundredths of a foot to the northerly line of Kelly street at a point thereon distant one hundred and five feet easterly from the easterly side of Avenue St. John; thence easterly along said northerly line of Kelly street three hundred and twenty-five feet to the point or place of beginning; be each and all of said distances and dimensions more or less; together with all the right, title and interest, if any, of the owner of, in and to the street in front thereof to the centre thereof.

—"and authorizes the Comptroller to enter into a contract for the acquisition of the said property, at private sale, at a price not exceeding seventy-five thousand dollars (\$75,000), said contract to be submitted to the Corporation Counsel for his approval as to form."

A search of the title to these premises by the Title Insurance Company of New York develops the fact that there is a restrictive covenant recorded in Liber 578 of Conveyances, at page 136, in the office of the Clerk of Westchester County. This is the usual covenant as to distilleries, slaughter houses, varnish factories, etc., and, in my opinion, the said covenant will not affect the purposes for which the property is being acquired.

I therefore respectfully recommend that the above resolution be amended by taking the property subject to the covenant recorded in Liber 578 of Conveyances, at page 136, in the office of the Clerk of Westchester County.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Secretary presented a report of the Comptroller, returning for filing, plans, specifications and form of contract, for alterations to the Children's Comfort Station in Chelsea Park, Manhattan, as the request for the approval of these plans, etc., has been withdrawn by the Commissioner of Parks, Boroughs of Manhattan and Richmond.

Which was ordered filed and the Secretary directed to return said plans, etc., to the Commissioner of Parks, Boroughs of Manhattan and Richmond. (On December 14, 1911, the above matter was referred to the Comptroller.)

The Secretary presented the following communication from the Police Department relative to, and report of the Corporate Stock Budget Committee recommending, that the resolution adopted June 3, 1910, releasing several corporate stock authorizations for improving, permanently bettering and equipping station houses, and for the acquisition of sites and erection of buildings, be amended, by reducing the total amount released for the erection of a stable for Traffic Squad, West 30th street, Manhattan, from \$190,000 to \$5,000, and by adding, under the title, "C. P. D.—2A, Police Department, Fund for sites and Buildings," the following item:

"To provide for the acquisition of land and building a station house for a new precinct to be formed from part of the 36th Precinct and part of the 43d Precinct, Borough of Manhattan, \$185,000."

(On January 4, 1912, a communication from the Police Commissioner, requesting the amendment of the above resolution, to provide for the erection of a station house for a new precinct to be formed from the 36th and 43d precincts, was referred to said Committee.)

Police Department of The City of New York, Office of the Commissioner, New York, December 27, 1911.

*To the Honorable Board of Estimate and Apportionment:*

Gentlemen—On June 8, 1906, the Board of Estimate and Apportionment appropriated \$2,000,000 corporate stock for the purpose of providing means for the acquisition of sites and the erection of buildings thereon for the use of the Police Department, and on June 3, 1910, the Board of Estimate and Apportionment released the use of corporate stock from the provision of the resolution of January 14, 1910, to the extent of \$190,000 for erecting a "traffic stable" for the Police Department on a site owned by the City and formerly occupied by the 19th Precinct station on West 30th street. Plans and specifications were drawn for the erection of this building. Since that time the change in the nature of vehicular traffic from horse to motor has obviated the use of as large a number of mounted men for the purpose of traffic regulation as was then contemplated.

At the present time the horses of the Traffic Squad are stabled in a leased building. By the time the lease of the building has expired it is believed a much smaller premises might readily be used, and which in turn, after a few years, would probably be discontinued entirely. I, therefore, recommend and request that the appropriation for the erection of the Traffic Squad stable, less the probable sum of \$4,500, which is due for architect's fees, be transferred for the purpose of acquiring a site and erecting a new station house in the vicinity of 128th street and Lenox avenue, total cost, \$185,000, including architect's fees.

The necessity for a new precinct at this point arises from the rapid growth of the city north of 110th street in the last twenty-five years. No new station houses have been erected in that section within that period. The number of policemen required in that section has become so large that they cannot properly be quartered in the present station houses. The building requested will be used as a station house for a new precinct to be established, the boundaries of which would be 110th street, Manhattan and St. Nicholas avenues, 145th street and 5th avenue. Respectfully,

R. WALDO, Police Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 6, 1912.

*To the Board of Estimate and Apportionment:*

Gentlemen—On December 27, 1911, the Police Commissioner requested that the resolution adopted by the Board of Estimate and Apportionment on June 3, 1910, releasing a corporate stock authorization of \$190,000 to provide for the erection of a stable for the Traffic Squad, be amended to provide \$185,000 of the amount for the erection of a station house for a new precinct to be formed from the Thirty-sixth and Forty-third Precincts. In connection therewith we report as follows:

On June 8, 1906, the Board of Estimate and Apportionment approved, and on July 10, 1906, the Board of Aldermen concurred, in the issue of \$2,000,000 corporate stock for the "acquisition of sites and the erection of buildings thereon for the use of the Police Department."

On June 3, 1910, the Board of Estimate and Apportionment released \$190,000 of the \$2,000,000 corporate stock authorization to provide for a stable for the Traffic Squad on the site of the old 29th Precinct Station House, Nos. 135 and 137 West 30th street.

The plans and specifications for the stable were approved. The fees of the Architects amount to approximately \$4,500. The Police Commissioner, however, has decided that a stable for the Traffic Squad which was planned by a predecessor is not needed. He states that the number of mounted officers for traffic regulation has been reduced and will continue to be reduced, and that in a few years a stable accommodating a much smaller number of horses than the present leased stable on East 32d street will suffice for the needs of the Traffic Squad. He also states that there is urgent need for an additional precinct and a new station house in the upper part of Manhattan. In his request, he states the following:

"The necessity for a new precinct arises from the rapid growth of the City north of 110th street in the last 20 years. No new station houses have been erected in that section within that period. The number of policemen required in that section has become so large that they cannot properly be quartered in the present station houses."

The Commissioner proposes to establish a new precinct from the 36th and 43d Precincts. The 36th Precinct is bounded by 110th street and 145th street, Lenox avenue and the North River. The Station House is located on West 125th street, east of Amsterdam avenue. It was erected in 1889 to accommodate 128 Patrolmen. There are at present 346 Patrolmen assigned to the precinct. The population of the precinct has quadrupled since 1892, and is estimated at 250,000.

The 43d Precinct is bounded by 116th street, 145th street, Lenox avenue and the East River. The Station House is located on East 126th street, East of Lexington avenue. It was erected in 1870 to accommodate 96 Patrolmen. There are 193 Patrolmen assigned to the precinct. The population of the precinct is estimated at 225,000, an estimated increase of more than 120,000 since 1892.

The new precinct proposed is bounded by 110th street, 145th street, Lenox avenue, Manhattan avenue and St. Nicholas Park. The Station House is to be located in the centre of the new precinct, on a site to be selected.

Examination shows that the Station Houses of the 36th and 43d Precincts, located, respectively, on West 125th street, East of Amsterdam avenue, and on West 126th street, east of Lexington avenue, are inadequate to accommodate the number

of Patrolmen assigned to them. The majority of the beds in both station houses are used for two Patrolmen. In many instances, three Patrolmen are compelled to take their turn in occupying the same bed. It seems, therefore, that, in addition to the great increase in population, a necessity exists for a new station house to relieve the overcrowded condition of the two station houses, which now quarter 539 Patrolmen against the 224 they were built to accommodate.

The request does not involve a new authorization of corporate stock. The premises at Nos. 135 and 137 West 30th street, on which it was proposed to erect a stable for the Traffic Squad, has been turned over to the Sinking Fund, and is not now available for the purpose intended.

Attached hereto is a map showing the boundaries of the 36th and 43d Precincts, and the boundary of the proposed new precinct.

We recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan; Corporate Stock Committee.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on June 3, 1910, as follows:

"Resolved, That the following authorizations of corporate stock for the Police Department be released from the provisions of a resolution adopted by the Board of Estimate and Apportionment on January 14, 1910, which resolution directed the heads of the various City Departments to incur no further obligations against existing corporate stock authorizations (except for salaries, wages and supplies), without the express authorization of the Board of Estimate and Apportionment; the said releases to be in sums not exceeding the amounts set opposite the items as herein scheduled and for the purposes herein specified:

"C.P.D.-2 For Improving, Permanently Bettering and Equipping Station Houses—

"To provide for improving, permanently bettering and equipping station houses, eighteen thousand five hundred and thirty-seven dollars and three cents..... \$18,537 03

"C.P.D.-2a Police Department Fund—For Sites and Buildings—

"To provide for the erection of a stable for Traffic Squad, West 30th street, Borough of Manhattan, one hundred and ninety thousand dollars..... \$190,000 00

"To provide for furnishing and equipping new Headquarters Building, seventy-one thousand seven hundred dollars and seventy-six cents..... \$71,700 76"

—be amended by making the amount released "for the erection of a stable for Traffic Squad, West 30th street, Borough of Manhattan," read five thousand dollars (\$5,000); and by adding under the title, "C. P. D.—2a, Police Department Fund—For Sites and Buildings," a new paragraph as follows:

To provide for the acquisition of land and building a station house for a new precinct to be formed from part of the 36th Precinct and part of the 43d Precinct, Borough of Manhattan, one hundred and eighty-five thousand dollars ..... \$185,000 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented a report of the Corporate Stock Budget Committee, returning for filing, communication from the Jefferson Club, 17th Ward, Brooklyn, protesting against the approval of a site for a hospital in Greenpoint, for the reason that the City has already taken title to the premises in question, located at Bullion street and Kingsland avenue, Brooklyn.

Which was ordered filed and the Secretary directed to transmit a copy thereof to the Secretary, Jefferson Club, 17th Ward, Brooklyn.

(On January 18, 1912, the above protest was referred to said Committee).

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Committee on Salaries and Grades recommending, the establishment in said Department of the grades of position of Chemist, at \$1,500 and \$1,800 per annum, for an unlimited number of incumbents, respectively:

(On January 18, 1912, the request of the Commissioner of Water Supply, Gas and Electricity for the establishment of the above grades was referred to said Committee).

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park row, City of New York, January 12, 1912.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, City:

Dear Sir—In my communication of September 5, 1911, I recommended the establishment of the position of Chemist, at \$1,800 per annum. No action seems to have been taken to establish this grade. Under date of December 27, 1911, I transmitted a revised salary schedule which provided for an increase in the salary of John E. Dowd, Chemist, from \$1,500 to \$1,800 per annum.

I am informed that action upon this recommendation has been deferred until the grade of Chemist, at \$1,800, has been established. Mr. Dowd has already declined \$1,800, which has been offered by several other Departments. On account of his long service in the Department laboratories he is a very valuable employee and is, in my opinion, entitled to the same salary in this Department as is offered in other branches of the City service.

I, therefore, respectfully request that the grade of Chemist, at \$1,800, be established and, further, that the Board of Estimate and Apportionment approve of the increase in Mr. Dowd's salary. Yours truly,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 29, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 12, 1912, the Commissioner of Water Supply, Gas and Electricity requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter of the grade of the position of Chemist, at \$1,800 per annum. In connection therewith we report as follows:

The Commissioner states that the establishment of the requested grade will enable him to retain an employee, now at \$1,500, who has refused \$1,800 in several

other Departments, and whose services are very valuable to the Department of Water Supply, Gas and Electricity.

The grades established for the position in the Department are as follows:

Compensation Per Annum.	No. of Incumbents.	Date of Establishment.
\$2,500 00	Unlimited	July 25, 1905
2,100 00	Unlimited	July 14, 1903
1,950 00	Unlimited	Apr. 30, 1902
1,500 00	Four	June 9, 1908
1,200 00	Unlimited	July 14, 1903

The establishment of the intermediate grade at \$1,800 for an unlimited number of incumbents appears to be desirable for administrative purposes, and it also seems that the \$1,500 grade should be unlimited.

We recommend, therefore, the adoption of the attached resolution approving the request, and making unlimited the number of incumbents in the two grades.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity, of the grades of position, in addition to those heretofore established, as follows:

Title of Position.	Compensation Per Annum.	Number of Incumbents.
Chemist .....	\$1,800 00	Unlimited.
Chemist .....	1,500 00	Unlimited.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from the Bureau of Licenses, Mayor's Office, requesting, and report of the Committee on Salaries and Grades recommending, the establishment in said Department of the grade of position of Chief Inspector of Complaints, at \$1,500 per annum, for one incumbent:

(On January 18, 1912, the request of the Chief of the Bureau of Licenses for the establishment of the above grade of position was referred to said Committee).

Mayor's Office, Bureau of Licenses, City Hall, New York, January 13, 1912.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—I respectfully request the establishment of the position of Chief Inspector of Complaints in this Bureau, at a salary of \$1,500 per annum. This is not an additional position in the Bureau, but is simply for the purpose of changing the title of the present Head Inspector of Complaints, who is now employed at the same salary, which change of title has already been acted upon by the Municipal Civil Service Commission. Respectfully,

JAMES G. WALLACE, Jr., Chief of Bureau.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 1, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 13, 1912, the Chief of the Bureau of Licenses, office of the Mayorality, requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Chief Inspector of Complaints, at \$1,500 per annum, for one incumbent. In connection therewith we report as follows:

The establishment is for a change in title of a Head Inspector of Complaints. The Municipal Civil Service Commission has approved the new title of Chief Inspector of Complaints. No other change is involved. The funds for the position are to be provided by striking out the Head Inspector of Complaints in the 1912 schedule for the Bureau.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLEIN, Acting President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Bureau of Licenses, office of The Mayor, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Chief Inspector of Complaints.....	\$1,500 00	One.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communications from the Public Administrator, Kings County, requesting, and report of the Committee on Salaries and Grades recommending, that the salaries of the following positions in the office of said Public Administrator of Kings County be fixed pursuant to chapter 774 of the Laws of 1911, as follows:

Public Administrator .....	\$5,000 00
Counsel .....	3,000 00
Clerk .....	2,000 00

—and that the following positions be established, pursuant to section 56 of the Charter:

	Per Annum.	Number of Incumbents.
Stenographer .....	\$600 00	1
Confidential File Clerk.....	420 00	1

—and further recommending approval of a schedule of salaries for the office of the Public Administrator, Kings County, for the year 1912, providing that the said schedule shall not become effective until after the establishment by the Board of Aldermen of the positions recommended under section 56 of the Charter:

(On January 4, 1912, a communication from the Public Administrator, Kings County, requesting the fixing of the salaries of the above positions, was referred to said Committee.)

Chambers of Surrogate's Court, Brooklyn, N. Y., December 19, 1911.

Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—In pursuance of section 2669 of the Code of Civil Procedure, as amended, I hereby recommend to your honorable Board the following salary schedule for the office of the Public Administrator of Kings County:

	Per Annum.
Public Administrator .....	\$5,000 00
Counsel .....	5,000 00
Clerk .....	2,000 00

The appointments to the above positions were made by me December 15, 1911; and it will be necessary in order to meet the payroll for the balance of this year to raise the sum of \$548.39; and I would respectfully request your honorable Board to authorize the issue of special revenue bonds for that sum. The sum of \$12,000 will be required for the year 1912. I would request that this sum be authorized by amendment to the Budget or by issuance of special revenue bonds. Respectfully submitted,

HERBERT T. KETCHAM, Surrogate.

Office of Public Administrator, Kings County, 44 Court Street, Temple Bar

Building, Brooklyn, N. Y., February 3, 1912.

Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—We have been informed by the Finance Committee of the Board of Aldermen that no action will be taken on our request for the appropriation of funds for office furniture until such time as you have reported on the establishment of grades of the following positions:

Public Administrator of Kings County.....	\$5,000 00
Counsel to the Public Administrator.....	5,000 00
Clerk to the Public Administrator.....	2,000 00
Stenographer .....	624 00
Confidential File Clerk.....	416 00

You stated in a communication under date of January 9 that the matter had been referred to the Committee on Salaries and Grades on January 4, and would receive attention in due course.

May we respectfully urge prompt action on this subject for the reason that at the present time we are transacting the business of the office with the furniture of our predecessor, and in the instance of the undersigned, on a borrowed desk, all of which is causing great inconvenience, as our papers are lying exposed to dirt and danger of loss. Our records are kept in temporary books and we are at sea.

We have covered in detail the duties of the Public Administrator and the duties of the two remaining positions sought to be established and graded are self-evident.

Very truly yours,

FRANK V. KELLY, Public Administrator, Kings County.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 1, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 19, 1911, the Surrogate of Kings County, pursuant to the provisions of chapter 774 of the Laws of 1911, recommended to the Board of Estimate and Apportionment the establishment of the following grades of positions for the office of the Public Administrator of Kings County:

Public Administrator .....	5,000 00
Counsel .....	5,000 00
Clerk .....	2,000 00

These three positions are established by chapter 774 of the Laws of 1911, but the law provides that the rates of compensation for these positions shall be fixed by the Board of Estimate and Apportionment on the recommendation of the Surrogate.

Under date of December 27, 1911, the Public Administrator, appointed under the provisions of chapter 774 of the Laws of 1911, requested the establishment of the same grades requested by the Surrogate and in addition requested the establishment of the following position and grades of positions.

Stenographer to Public Administrator.....	\$624 00
Confidential File Clerk to the Public Administrator.....	416 00

Prior to December, 1911, the office of the Public Administrator of Kings County was a fee office, the emoluments consisting of fees prescribed by statute in payment for the administration of estates. In Kings County the rate was regulated by the provisions of section 2730 of the Code of Civil Procedure, which allowed the following fees:

5 per cent. on the first \$1,000.

2 per cent. on the next \$10,000.

1 per cent. on amounts above \$11,000.

The fees in New York County were fixed by chapter 230 of the Laws of 1898, known as the Public Administrators Act. The rates fixed by this act were as follows:

5 per cent. on the first \$2,000.

2½ per cent. on all above \$2,000.

Under the provisions of chapter 774 of the Laws of 1911, the Public Administrator in Kings County does not receive the fees and must be compensated with salary.

The Public Administrator in New York County and his assistants are paid salaries. The total salary and wage schedule for New York County is \$25,680. In addition to this there is an appropriation for supplies and materials, contingencies, etc., making a total appropriation of \$26,230.

The Budget provides \$1,200 a year for the Public Administrator of Queens County. The salaries in the office of the Public Administrator of New York County are as follows:

Public Administrator .....	\$10,000 00
Assistant Public Administrator.....	5,000 00
Chief Clerk .....	2,700 00
Second Clerk .....	1,900 00
Agent .....	1,400 00
Messenger .....	1,200 00
Stenographer .....	1,200 00
Stenographer .....	1,150 00
Warehouse Custodian .....	720 00
Page .....	260 00
Stenographer, at \$5 per day (30 days).....	150 00

\$25,680 00

The amounts requested for salaries for the Public Administrator in Kings County is \$13,040, just a few dollars more than half of the salary appropriation for the Public Administrator in New York County.

The Public Administrator in Kings County has jurisdiction where a person having property in the County dies outside of the County, or where a person dies in the County and leaves no surviving husband, wife or known next of kin. In such cases it is the duty of the Public Administrator to take charge of the estate, administer it in the most beneficial manner, make diligent efforts to locate the next of kin, or other persons entitled to the estate, pursuant to the laws of descent, and when such persons are located, to distribute the estate. His work requires ability and integrity. In some cases there are large amounts of cash to be handled. In addition to this work the Public Administrator receives and disposes of property found on persons who meet death in such a manner as to call for action by a coroner.

Heretofore the work of investigation and the detail of handling this business has been performed by Charles B. Smith, Jr., a Clerk in the office of the Public Administrator. Mr. Smith has performed these duties under the last two Public Administrators. His salary was originally \$10 per week, but for about six years he has been drawing \$20 per week. In addition to this stated salary paid to him, Judge Charles E. Teale, the recently retired Public Administrator, paid him twenty per cent. of the income of the Public Administrator after division with the Counsel to the Public Administrator. Mr. Smith has produced figures to show that for two years this percentage of the income of Judge Teale amounted to \$3,100, which, added to his salary, made an average compensation of \$2,550 per year.

In 1911 the Public Administrator took jurisdiction in one hundred and eleven cases and renounced jurisdiction in two hundred and seventy-three cases. In almost every case administered claims are presented against the deceased. The validity and reasonableness of these claims must be determined by the Public Administrator. The detail work of the examination of facts on which the Public Administrator bases his determination is performed by Mr. Smith. Under the new law the Public Administrator will have no power of renunciation and it is likely that the number of cases handled hereafter will be considerably in excess of the number in 1911. The present Public Administrator states that he favors paying Mr. Smith as much as he has received in the past, but at present \$2,000 is all that has been requested by the Surrogate.

The salary requested for the Public Administrator appears to be reasonable. It is just half the salary of the Public Administrator in New York County.

The salary requested for Counsel is the same as for the Public Administrator. An investigation has shown that in the past the duties of the Counsel have not been very arduous. His public duties are of an occasional character and are simply incidental to his regular practice as a lawyer. The problems for the Public Administrator to solve are usually problems of fact and not of law, and in the past the work of Counsel has not required any great expenditure of time. It is our opinion that \$3,000 per annum would be a sufficient compensation for Counsel.

In the case of the Clerk to the Public Administrator, it appears that the compensation requested is not excessive. In view of the fact that he has to look after all the important detail work of the office, we believe that his salary should be \$2,000 per annum.

The requested grade of \$624 for a Stenographer does not conform to any grade in Civil Service. The nearest grade is \$600 per annum.

Also the requested grade for Confidential File Clerk at \$416 is an odd grade. The nearest grade to the one requested is \$420. In order to provide for the Steno-

grapher and Confidential File Clerk it will be necessary to have the positions and grades of positions established under section 56 of the Greater New York Charter. The establishment of the three other grades can be effected under chapter 774 of the Laws of 1911, requiring action by the Board of Estimate and Apportionment without the concurrence of the Board of Aldermen. Therefore, in order to establish all the requested grades, two resolutions are necessary.

We recommend the adoption of the resolutions hereto attached, which provide for a schedule and for the establishment of the following positions and grades of positions:

Public Administrator .....	\$5,000 00
Counsel .....	3,000 00
Clerk .....	2,000 00
Stenographer .....	600 00
Confidential File Clerk.....	420 00

\$11,020 00

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 774 of the Laws of 1911, the Board of Estimate and Apportionment hereby fixes the salaries of positions in the office of the Public Administrator, Kings County, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Public Administrator .....	\$5,000 00	One.
Counsel .....	3,000 00	One.
Clerk .....	2,000 00	One.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment, in the office of the Public Administrator, Kings County, of the positions and grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Stenographer .....	\$600 00	One.
Confidential File Clerk .....	420 00	One.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule for the office of the Public Administrator, Kings County, for the year 1912, as follows:

PUBLIC ADMINISTRATOR, KINGS COUNTY.

Salaries, Regular Employees, Special Revenue Bond Force.

Public Administrator .....	\$5,000 00
Counsel .....	3,000 00
Clerk .....	2,000 00
Stenographer .....	600 00
Confidential File Clerk.....	420 00

—provided, however, that this schedule, in so far as it fixes the salary of the Stenographer at \$600 and the Confidential File Clerk at \$420 shall not become effective until after the establishment by the Board of Aldermen of the positions and grades of positions of Stenographer and Confidential File Clerk at the rates named.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from Edward Moran, Clerk of the First District Municipal Court, Brooklyn, requesting, and report of the Committee on Salaries and Grades recommending, the retirement pursuant to chapter 669 of the Laws of 1911, of said Edward Moran, on an annuity of \$1,500:

(On November 29, 1911, the application of Edward Moran for retirement, pursuant to the above statute, was referred to said Committee.)

Municipal Court of the City of New York, Borough of Brooklyn, First District, Northwest Corner of Court and State Streets, November 14, 1911.

Hon. WILLIAM J. GAYNOR, Mayor of The City of New York, City Hall New York:

Sir—In conformity with the provisions of section 165 of chapter 669 of the Laws of 1911, I, Edward Moran, Clerk of the Municipal Court of The City of New York, Borough of Brooklyn, First District, respectfully make application for retirement as Clerk of the Court above named, and for the annuity granted by section 167 of the said Laws, for the following reasons:

I am now in my seventieth year, and have been continuously in the service of The City of New York since the year 1867, with the exception of a period of about two years, making my total length of service 42 years. My term of service as Clerk of the Municipal Court, and of the old District Court which preceded it, has been since the year 1877 continuously to date, a period of 34 years.

As you no doubt are fully aware, the duties of my office here are highly technical, very cumbersome and laborious and impose upon me conditions of great responsibility. I am required to keep personally, and supervise the keeping of, a large number of books, papers, records and documents; am responsible for the issuance of thousands of summonses, attachments, orders of arrest, dispossesses in summary proceedings, etc.; am required to handle large sums of money, to keep correct and accurate vouchers thereof and to render my accounts daily and monthly to the Comptroller of The City of New York. This involves great mental and physical effort and by reason of my advanced age aforesaid, and also by reason of the fact that my physical condition is no longer what it used to be, I find that these duties are becoming very irksome and the necessary nervous strain and worry incident thereto is, in my opinion, and in the opinion of my physicians, a detriment to my health.

I attach hereto certificates of my successive appointments as Clerk of this Court and of the Court which preceded it covering the period of 34 years above-mentioned: no certificates of appointment were given me for the other positions held by me, or, if they were, they are not now available.

I also attach hereto as a part of this application certificates from doctors who have treated me for a period of years, showing my physical condition at the present time.

I respectfully ask, therefore, that you, pursuant to the provisions of the law above-mentioned, recommend to the honorable Board of Estimate and Apportionment of The City of New York my retirement from active service in The City of New York, and that I be granted an annuity of \$1,500 per annum, pursuant to the provisions of section 167 of this law. Respectfully submitted,

EDWARD MORAN, Clerk of the Municipal Court of The City of New York, Borough of Brooklyn, First District.

295 Clinton Street, Brooklyn, N. Y., November 17, 1911.

To Whom It May Concern:

This certifies that Mr. Edward Moran has been a patient of mine for the last 15 years. During this time I have treated him for rheumatism and hemorrhoids, which have disabled him at different times, and I advise his retirement on account of the same and his age from the active duties of life.

J. W. RAUB, M.D.

483 Second Street, Brooklyn, N. Y., November 16, 1911.

This is to certify that Mr. E. Moran is suffering from proctitis, prostatanxi with retention of urine. He is physically unfit for work.

LIONEL C. CHARBENNEAU.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 5, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 14, 1911, Edward Moran, Clerk of the First District Municipal Court, Borough of Brooklyn, requested retirement at half pay. In connection therewith we report as follows:

The application is made in accordance with the provisions of chapter 669, Laws of 1911, amending sections 165, 166 and 167 of the Greater New York Charter. Mr. Moran has been an employee of the City of Brooklyn and the Greater City for over 44 years. During that period he has been Assistant Foreman in the Department of Parks, Clerk in the Tax Office and Surrogates Court and Police Courts. On June 3, 1881, he became Clerk of the First District Justice Court, now known as the First District Municipal Court, Borough of Brooklyn. He has therefore held the same position for over 30 years.

Mr. Moran will be 70 years of age next June. His physicians, Dr. J. W. Raub, of No. 295 Clinton street, and Dr. Lionel S. Charbonneau, of No. 483 2d street, Brooklyn, certify that he has been under their care for several years and is a chronic sufferer from rheumatism and hemorrhoids and that his condition will not be remedied until he is relieved of all duties and responsibilities.

Justice Eugene Conran states that Mr. Moran's age, illness and feebleness prevent him from performing continuous active service as Clerk of the Court. The Justice further states that Mr. Moran has spent nearly one-half of his life as Clerk, and has filled the position in a most efficient and satisfactory manner and is justly entitled to retirement.

We recommend that the application for the retirement of Mr. Moran be approved, and that he be retired on an annuity equal to one-half of his salary for the last three years, namely, \$1,500. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, and upon the recommendation of the Comptroller and Acting President of the Board of Aldermen, hereby retires from active service Edward Moran, Clerk of the First District Municipal Court, Borough of Brooklyn, for the reason that he is physically incapacitated to further perform his duties as Clerk, and that the interests of the public service require such retirement, and hereby awards and grants to said Edward Moran an annual sum or annuity of fifteen hundred dollars (\$1,500), to take effect March 1, 1912; and be it further

Resolved, That the Comptroller of The City of New York be and is hereby directed to pay said annuity to said Edward Moran during his lifetime, in monthly installments, out of the receipts of excise moneys or liquor taxes belonging to The City of New York.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Bridges and report of the Committee on Salaries and Grades recommending the retirement, pursuant to chapter 669 of the Laws of 1911, of Bernard Carlin, a Bridge Tender in said Department, on an annuity of \$616.47:

(On December 21, 1911, a communication from the Commissioner of Bridges, recommending the retirement of the above employee, was referred to said Committee.)

Department of Bridges, City of New York, 13-21 Park Row, Manhattan, N. Y., December 18, 1911.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Gentlemen—Enclosed I beg to transmit application for retirement, pursuant to chapter 669 of the Laws of 1911, of Bernard Carlin, a Bridge Tender in the employ of this Department. There is also enclosed a record memoranda from the Municipal Civil Service Commission, showing that he entered the employ of The City of New York on September 29, 1881.

Through the courtesy of Comptroller Prendergast, Dr. J. H. Byrne, the physician of the Department of Finance, has made a physical examination of Bernard Carlin and in his certificate dated November 21, 1911, which is attached hereto, he states that in his opinion Carlin is physically unfit to perform the duties of his position.

This man has been in the employ of this Department almost all of the time that he has been in the City's service. His record is good and he is universally well spoken of by the men under whom he has served.

In view of his application and the opinion of the physician, I respectfully recommend that your Honorable Board act favorably upon the application of Bernard Carlin for retirement on a pension. Respectfully,

ARTHUR J. O'KEEFFE, Commissioner.

Bridges in the Boroughs of Brooklyn, Queens and Richmond.

November 14, 1911.

Hon. ARTHUR J. O'KEEFFE, Commissioner of Bridges, 13-21 Park Row, Manhattan:

Sir—I hereby make application for retirement and pension under provision of the Laws of 1911.

I have served the City for over 35 years and am compelled to make this request on account of my generally poor physical condition.

Enclosed you will please find statement from my physician, Mr. Eugene Monaghan, M. D. Respectfully, BERNARD CARLIN, Bridge Tender.

J. H. Byrne, M. D., 360 West 51st Street, New York, November 21, 1911.

Hon. ARTHUR J. O'KEEFFE, 21 Park Row, New York City:

My Dear Commissioner—Mr. Bernard Carlin, 545 East 167th street, Bronx, who is employed as a Bridge Tender in your Department, appeared here this morning as you directed.

I find upon examination that he is suffering from arterio-sclerosis, consequent dilatation and hypertrophy of the heart, with a small, weak, rapid and irregular pulse. He also has a right inguinal hernia, diminished vision in both eyes, general muscular tremor and senile debility. He is physically incapacitated beyond any question and comes within the provision of the act passed by the last Legislature, and I would therefore suggest that you recommend his retirement, as provided for by law.

Yours very truly, J. H. BYRNE, Physician, Department of Finance.

Applicant informed me that he was 73 years of age and had been in the employ of the City for 37 years.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 6, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 18, 1911, the Commissioner of Bridges recommended the retirement, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter as amended by chapter 669 of the Laws of 1911, of Bernard Carlin, a Bridge Tender in his Department. In connection therewith we report as follows:

In an application for retirement to the Commissioner, under date of November 14, 1911, Mr. Carlin states that he has served the City over 35 years and is compelled to make the request for retirement on account of his physical condition. He is more than seventy years of age. A record memorandum of the Municipal Civil Service Commission shows that he has been continuously in the service of the City, at least from September 29, 1881, a period of over 30 years.

The Physician to the Department of Finance examined the applicant on November 24, 1911, and certifies, in part, as follows:

I find upon examination that he is suffering from arterio-sclerosis, consequent dilatation and hypertrophy of the heart, with a small, weak, rapid and irregular pulse, with diminished vision in both eyes, general muscular tremor and senile debility. He is physically incapacitated beyond any question.

Prior to December 16, 1911, Mr. Carlin was employed as Inspector of Masonry, at \$5 per day, in the Department of Bridges. On that date his title was changed to Bridge Tender and his compensation reduced to \$900 per annum.

His total compensation for the three years prior to March 1, 1912, amounts to \$3,690.82, an average of \$1,232.94.

We recommend the adoption of the attached resolution retiring Bernard Carlin from active service and granting him an annuity of \$616.47.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board

of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, and upon the recommendation of the Comptroller and the Acting President of the Board of Aldermen, hereby retires from active service Bernard Carlin, Bridge Tender in the Department of Bridges, for the reason that he is physically incapacitated to further perform his duties as Bridge Tender, and that the interests of the public service require such retirement, and hereby grants and awards to said Bernard Carlin an annual sum or annuity of six hundred and sixteen dollars and forty-seven cents (\$616.47), to take effect March 1, 1912; and be it further

Resolved, That the Comptroller of The City of New York be and is hereby directed to pay said annuity to said Bernard Carlin during lifetime, in monthly installments, out of the receipts of excise money or liquor taxes belonging to The City of New York.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from the Board of Education requesting, and report of the Comptroller relative to the modification of salary schedule No. 1138, supporting the appropriation made in the Budget for the year 1912, for the Department of Education, providing for an increase in the salary of a Clerk from \$420 to \$600 per annum:

Board of Education of The City of New York, Office of the Secretary, Park Avenue and 59th Street, February 1, 1912.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—In accordance with a resolution adopted by the Board of Education on November 22, 1911, the undersigned respectfully request modifications in salary schedule No. 1138, Office of the Secretary, for the year 1912, to take effect February 16, 1912, as follows:

Strike out

The above request involves no increase in appropriation. A copy of the schedule, as modified, is enclosed. Respectfully yours,

A. E. PALMER, Secretary, Board of Education; HENRY R. M. COOK, Auditor, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 1, 1912, the Board of Education requested the modification of salary schedule No. 1138, Office of the Secretary, for the year 1912.

It is proposed to increase Josephine M. Bradley, a Clerk, from \$420 to \$600 per annum, the \$180 necessary to be transferred from an unassigned balance of \$1,140 which has been created by filling vacancies with lower salaried employees. Miss Bradley was appointed on February 23, 1911, at the present rate. The changes in detail are as follows:

Code No.	Schedule Line.	Schedule Transfer.		Cash Transfer.	
		Decrease.	Increase.	Decrease.	Increase.
1138	Clerk, 1 at \$600 .....		\$600 00		\$550 00

The Secretary presented the following communication from the Board of Education relative to, and report of the Comptroller recommending, that the resolution adopted September 21, 1911, approving of the purchase of property, at private sale, for a sum not exceeding \$20,400, on Bay Ridge avenue, between 12th and 13th avenues, Brooklyn, for use of the Department of Education, be rescinded, and that the Board authorize the purchase, at private sale, for a sum not exceeding \$24,500, property on 12th and Bay Ridge avenues and 68th street, Brooklyn, for the use of the Department of Education:

Board of Education of The City of New York, Office of the Secretary, Park Avenue and 59th Street, February 7, 1912.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—I have the honor to transmit herewith certified copies of a report and resolutions adopted by the Board of Education at a meeting held on the 5th instant, relative to the acquisition of a school site on 12th and Bay Ridge avenues and 68th street, Borough of Brooklyn, etc. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Sites respectfully reports that on September 13, 1911, the Board of Education selected a site for a new school building certain property on Bay Ridge avenue and 70th street, beginning 100 feet west of 13th avenue, Borough of Brooklyn, and on September 21, 1911, the Board of Estimate and Apportionment authorized the purchase thereof at a price not exceeding \$20,400.

Your Committee has given further consideration to this matter, and is of the opinion that the plan to acquire this site should be abandoned, and that in lieu thereof

a site should be selected on 12th and Bay Ridge avenues and 68th street, as being better located to meet the requirements of the neighborhood the building is intended to accommodate.

The following resolutions are submitted for adoption:

Resolved, That the action taken by the Board of Education on September 13, 1911 (see Journal, pages 1362-63), in selecting and determining as a site for school purposes certain lands and premises on Bay Ridge avenue and 70th street, 100 feet west of 13th avenue, Borough of Brooklyn, be and the same is hereby rescinded.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to rescind the resolution adopted by it on September 21, 1911, authorizing the purchase of certain lands and premises on Bay Ridge avenue and 70th street, 100 feet west of 13th avenue, Borough of Brooklyn, for school purposes.

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on 12th and Bay Ridge avenues and 68th street, in Local School Board District No. 37, Borough of Brooklyn, the assessed valuation of which, with other property, as shown by the books of record on file in the Department of Taxes and Assessments, is \$31,600:

Beginning at a point formed by the intersection of the northeasterly line of Bay Ridge avenue with the southeasterly line of 12th avenue, and running thence southeasterly along the northeasterly line of Bay Ridge avenue 400 feet, more or less, thence northeasterly and parallel with Bay Ridge avenue 130 feet 7¼ inches, more or less, to the southwesterly line of 68th street, thence northwesterly along the southwesterly line of 68th street, 400 feet, more or less, to the southeasterly line of 12th avenue, thence southwesterly along the southeasterly line of 12th avenue 136 feet, more or less, to the northeasterly line of Bay Ridge avenue, the point or place of beginning.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education on February 5, 1912. A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Comptroller's Office, February 13, 1912. To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held September 21, 1911, a resolution was adopted approving of the action taken by the Board of Education in the selection of property located on Bay Ridge avenue running through to 70th street, between 12th and 13th avenues, in the Borough of Brooklyn, for school purposes, and authorizing the Comptroller to enter into contract for the purchase of said property at private sale at a price not exceeding \$20,400, said contract to be submitted to the Corporation Counsel for his approval as to form.

At the request of the Board of Education the contract for the above mentioned property was not entered into, for the reason that the Board desired to give further consideration to the matter and finally decided to abandon these premises.

At a meeting of the Board of Education held on February 5, 1912, a resolution was adopted rescinding the resolution which authorized the purchase of the premises on Bay Ridge avenue and 70th street, Borough of Brooklyn, 100 feet west of 13th avenue, and a further resolution was adopted selecting and determining as a site for school purposes the block front on 12th avenue, having a frontage of approximately 130 feet, extending from 68th to Bay Ridge avenue, Borough of Brooklyn, and running along both Bay Ridge avenue and 68th street 400 feet.

The original asking price for the premises in question, which are in two owner-ships, was \$28,500, but after negotiation by the Comptroller the property may be secured for the sum of \$24,500.

I therefore respectfully recommend that the resolution adopted by your Board on September 21, 1911, authorizing the Comptroller to purchase at private sale, at a price not exceeding \$20,400, the premises located on Bay Ridge avenue, running through to 70th street, between 12th and 13th avenues, Borough of Brooklyn, be rescinded; and I further recommend, the price being reasonable and just, that your Board approve of the selection of the following described property for use of the Department of Education:

#### Parcel No. 1.

All that certain lot, piece or parcel of land, with the improvements thereon, situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at the corner formed by the intersection of the northeasterly side of Bay Ridge avenue and the southeasterly side of 12th avenue, as the same is laid down on the Town Survey Commissioners Map of Kings County; running thence southeasterly and along the northeasterly side of Bay Ridge avenue 200 feet; running thence northeasterly and parallel with 12th avenue 133 feet 4¼ inches, more or less, to the southwesterly side of 68th street (otherwise known as Ovington avenue); running thence northwesterly and along the southwesterly side of said 68th street, or Ovington avenue, 200 feet, more or less, to the southeasterly side of 12th avenue; and running thence southwesterly and along the southeasterly side of 12th avenue 136 feet, more or less, to the point or place of beginning; together with all the right, title and interest, if any, of the owner, of, in and to the streets in front thereof to the centre thereof.

—and authorize the Comptroller to enter into contract for the acquisition of the same at private sale at a price not exceeding \$12,500, said contract to be submitted to the Corporation Counsel for his approval as to form. Also

#### Parcel No. 2.

All that certain lot, piece or parcel of land, with the improvements thereon, situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at a point on the northeasterly side of Bay Ridge avenue, distant 200 feet southeasterly from the corner of 12th avenue and Bay Ridge avenue, as said avenues are laid down on the Town Survey Commissioners' Map of Kings County, running thence southeasterly and along the northeasterly side of said Bay Ridge avenue 200 feet; running thence northeasterly and parallel, or nearly so, with 12th avenue 130 feet 7¼ inches, more or less, to the southwesterly side of 68th street (otherwise known as Ovington avenue); running thence northwesterly and along the southwesterly side of said 68th street, or Ovington avenue, 200 feet, more or less, to the land of John L. Spence, and running thence southwesterly and along said land of John L. Spence, 133 feet 4¼ inches, more or less, to the point or place of beginning; together with all the right, title and interest, if any, of the owner, of, in and to the streets in front thereof to the centre thereof.

—and authorize the Comptroller to enter into contract for the acquisition of the same at private sale at a price not exceeding \$12,000, said contract to be submitted to the Corporation Counsel for his approval as to form.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment September 21, 1911, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the action taken by the Department of Education in the selection of property located on Bay Ridge avenue running through to 70th street, between 12th and 13th avenues, Borough of Brooklyn, for school purposes, bounded and described as follows:

"All those certain lots, pieces or parcels of land, situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

"Beginning at a point on the southerly side of Bay Ridge avenue distant 100 feet westerly from the corner formed by the intersection of the southerly side of Bay Ridge avenue with the westerly side of 13th avenue; running thence southerly and parallel with 13th avenue, 200 feet to the northerly side of 70th street; running thence westerly along the northerly side of 70th street 240 feet; running thence northerly and parallel with 13th avenue 200 feet to the southerly side of Bay Ridge avenue; running thence easterly along the southerly side of Bay Ridge avenue 240 feet to the point or place of beginning; together with all the right, title and interest, if any, of the owner of, in and to the street and avenue in front thereof to the centre thereof; subject to the restrictions contained in Liber 22, section 19, of Mortgages, page 280.

"—and authorizes the Comptroller to enter into a contract for the purchase of said property, at private sale, at a price not exceeding twenty thousand four hundred dollars (\$20,400), said contract to be approved by the Corporation Counsel as to form."

—be and the same is hereby rescinded.

The Secretary presented the following report of the Comptroller recommending the acquisition by condemnation proceedings of property on the northwesterly corner of Hillside avenue and Fairview avenue, Corona Heights, Borough of Queens, as a site for school purposes:

City of New York, Department of Finance, Comptroller's Office, February 13, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held July 17, 1911, corporate stock to the amount of \$695,000 was authorized for the acquisition of school sites in the different Boroughs, which was concurred in by the Board of Aldermen on July 25, 1911. The appropriation above referred to provided for a site in the vicinity of Fairview and Hillside avenues, Corona Heights, Borough of Queens.

After numerous conferences with the Board of Education it has been determined that the plot of ground 200 feet square, situated on the northwesterly corner of Hillside and Fairview avenues, Corona Heights, Borough of Queens, is the most available for the purposes mentioned.

Efforts have been made by the Comptroller to acquire this property at private sale at a reasonable figure, but the price demanded by the owner is deemed excessive. It will therefore be necessary to acquire the premises by condemnation proceedings.

I therefore respectfully recommend that your Board approve the action taken by the Department of Education in the selection of the property located on the northwesterly corner of Hillside and Fairview avenues, Corona Heights, Borough of Queens, for school purposes, bounded and described as follows:

All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Queens, City of New York, bounded and described as follows:

Beginning at a point formed by the intersection of the northerly line of Hillside avenue with the westerly line of Fairview avenue, and running thence northerly along the westerly line of Fairview avenue 200 feet; thence westerly and parallel with Hillside avenue 200 feet; thence southerly and parallel with Fairview avenue 200 feet to the northerly line of Hillside avenue; thence easterly along the northerly line of Hillside avenue 200 feet to the westerly line of Fairview avenue, the point or place of beginning, be the said several dimensions more or less; together with all the right, title and interest, if any, of the owner, of, in and to the streets in front thereof to the centre thereof, the assessed valuation of which is eight thousand dollars (\$8,000), as shown by the books of record on file in the Department of Taxes and Assessments for the year 1912.

—and that the Corporation Counsel be directed to acquire these premises by condemnation proceedings, title to vest in The City of New York upon the filing of the oaths of the Commissioners. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

—and authorizes the Corporation Counsel to institute condemnation proceedings for the acquisition of said property; title to vest in The City of New York upon the filing of the oaths of the Commissioners appointed in the proceeding.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of the above described property at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following report of the Comptroller recommending that the resolution adopted January 11, 1912, authorizing the acquisition at private

sale of property on the northerly side of East 158th street, running from Trinity to Jackson avenues, The Bronx, as a site for school purposes, at prices not exceeding \$19,250 for Parcel No. 1, \$14,000 for Parcel No. 2, \$14,000 for Parcel No. 3 and \$13,000 for Parcel No. 4, be amended by changing the technical description of Parcel No. 1:

City of New York, Department of Finance, Comptroller's Office, February 13, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held January 11, 1912, a resolution was adopted approving of the selection by the Board of Education of certain parcels of property on the northerly side of 158th street, in the Borough of The Bronx, for school purposes.

A search by the Title Insurance Company of New York develops the fact that in Parcel No. 1 the description does not conform to the record description of the property filed in the Register's office. As to Parcels Nos. 2, 3 and 4, the Title Insurance Company have agreed to insure the premises in their entirety, without making any exception as to the title to land east of the westerly line of land formerly of Joseph Cudlipp, shown on Map No. 596 and filed in Westchester County. It is therefore of much benefit to the City to have a policy covering the entire premises, without any exceptions.

I therefore respectfully recommend that the resolution adopted by your Board on January 11, 1912, be amended so as to read as follows:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Board of Education of the following described property on the northerly side of 158th street, between Jackson and Trinity avenues, Borough of The Bronx, for school purposes:

*Parcel 1.*

All that certain lot, piece or parcel of land situate, lying and being in the Borough of The Bronx, City of New York, bounded and described as follows:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 24, 1912, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of rates of compensation for Janitors of Public Schools 125, 95, 37, the Washington Irving High School and two of its annexes, Manhattan; Public Schools 120, 21, 87, 14, Brooklyn; 8 and 14, Richmond. The only increase in rate is from \$160 to \$312 per month for the Janitor of new Public School 95, Manhattan, which was opened on January 8, and now has thirty rooms occupied. The proposed compensation is for rooms now in use, and represents a temporary rate, which will be increased as the rest of the building is filled.

We recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Select Committee.

The following resolution was offered:

Whereas, By opinions of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provisions of section 56 of the Charter is now in the hands of a Special Committee of the Board of Estimate and Apportionment; therefore, be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said Committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Title and School.	Rate of Compensation.
Janitor-Engineer, Washington Irving High School, 13th Street Annex, Manhattan .....	\$1,716 per annum
Janitor-Engineer, Washington Irving High School, Grand Street Annex, Manhattan.....	1,380 per annum
Janitor-Engineer, Public School 37, Manhattan.....	2,880 per annum
Janitor-Engineer, Public School 14, Richmond.....	1,000 per annum
Janitor-Engineer, Public School 120, Brooklyn.....	1,056 per annum

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 26, 1912, the Secretary to the Mayor requested the establishment, pursuant to the provisions of section 56 of the Greater New York

Charter, of the grades of positions of Executive Clerk, at \$1,750, and Clerk, at \$2,500 per annum, for one incumbent each. In connection therewith we report as follows: A vacancy exists in the position of Chief Clerk, at \$4,000 per annum. It is proposed to promote the incumbent in the position of Executive Clerk, at \$2,250 per annum, to Chief Clerk, and to appoint an Executive Clerk at the \$1,750 rate. It is also proposed to increase a Clerk from \$2,250 to the \$2,500 grade requested. The establishment will give a decrease of \$250 per annum in the positions involved.

We recommend the adoption of the attached resolution granting the request. Respectfully,  
WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Select Committee.

The following resolution was offered:  
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the Mayor of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Executive Clerk .....	\$1,750 00	1
Clerk .....	2,500 00	1

Which was adopted by the following vote:  
Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented a report of the Committee on Salaries and Grades returning for filing a communication from the Commissioner of Water Supply, Gas and Electricity, requesting the establishment of the grade of position of Librarian at \$100 per month, as the Commissioner has withdrawn the request.

Which was ordered filed and the Secretary directed to return to the Commissioner of Water Supply, Gas and Electricity the communication referred to therein. (On November 2, 1911, the above communication was referred to said committee, and on February 1, 1912, a communication from the Commissioner of Water Supply, Gas and Electricity withdrawing same was referred to said committee.)

The Secretary presented the following communication from the Public Recreation Commission relative to, and report of the Committee on Salaries and Grades recommending, the establishment in the office of said Commission of the grade of position of Assistant Secretary, at \$1,200 per annum, for one incumbent:

(On February 1, 1912, the request of the Secretary of the Public Recreation Commission that the title of the position of Stenographer, at \$1,200 per annum, be changed to Assistant Secretary, at the same rate, was referred to said committee.)

Office of Public Recreation Commission, 51 Chambers Street, New York City, January 29, 1912.

*Board of Estimate and Apportionment, 277 Broadway, New York City:*  
Sirs—The Public Recreation Commission in its 1912 Budget is authorized to employ a Stenographer at \$1,200 a year. That Stenographer has not yet been appointed. I find on taking up the work as Secretary for the Commission that the person to be employed as Stenographer should also have the qualifications of an Assistant Secretary, and I am authorized by the Commission to apply to the Board of Estimate and Apportionment to have the position of Stenographer abolished and the position of Assistant Secretary established. The Commission has a very limited force, and this force is required to administer four gymnasia located at widely separated points in the City. It is extremely important that these gymnasia should be carefully and frequently inspected, and I shall require of my Stenographer that he be capable and qualified to do much of this inspection work. Furthermore, it is very desirable that the Stenographer be qualified by his knowledge of recreation and athletic conditions in The City of New York, to attend to many of the details which now require almost the entire time of the Secretary, and leave the Secretary free to take up the broader aspects of recreation activities. I therefore respectfully request that the title of this position be changed from Stenographer to Assistant Secretary at the same salary. Very respectfully,

BASCOM JOHNSON, Secretary.  
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 9, 1912.

*To the Board of Estimate and Apportionment:*  
Gentlemen—On January 29, 1912, the Secretary of the Public Recreation Commission requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Assistant Secretary, at \$1,200 per annum, for one incumbent. In connection therewith we report as follows:

The position of Stenographer, at \$1,200, was provided for the Commission in the 1912 Budget. The Secretary states that the position has not been filled, for the reason that the title of Assistant Secretary is the proper one for the work. The Commission administers for gymnasia in widely separated points in the City, and the Assistant Secretary is to do much of the necessary work of inspection. In addition, it is stated, he is to attend to details which now require nearly all the time of the Secretary, and leave the Secretary free to take up the broader aspects of recreation activities. The funds for the proposed position are to be made available by transfer from the schedule line item for Stenographer.

We recommend the adoption of the attached resolution approving the request. Respectfully,  
WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:  
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Public Recreation Commission of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Assistant Secretary .....	1,200 00	1

Which was adopted by the following vote:  
Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from the Fire Department requesting, and report of Comptroller recommending approval, of specifications and forms of contract for 26 combination chemical and hose wagons, 3 high pressure hose wagons, and 2 first size hose wagons, for said Department, at an estimated cost of \$170,500:

Fire Department of The City of New York, Office of the Commissioner, February 10, 1912.

*Hon. WILLIAM A. PRENDERGAST, Comptroller of The City of New York:*  
Sir—I have the honor to request approval by the Board of Estimate and Apportionment of the specifications for the following motor-propelled fire apparatus which I propose to purchase for the Fire Department:

- 26 combination chemical and hose wagons.
- 3 high pressure hose wagons.
- 2 first size hose wagons.

The total cost, estimated at \$170,500, to be charged to corporate stock issues as follows:

Fire Department—Purchase of New Apparatus, Borough of Manhattan, C. F. D. No. 13, 1911, four apparatus.....	\$22,000 00
Fire Department—Purchase of New Apparatus, Borough of The Bronx, C. F. D. No. 15, 1911, three apparatus.....	16,500 00
Fire Department—Purchase of New Apparatus, Borough of Richmond, C. F. D. No. 13A, 1911, two apparatus.....	11,000 00
Fire Department—Purchase of New Apparatus, Borough of Brooklyn, C. F. D. No. 12, 1911, 13 apparatus.....	71,500 00
Fire Department—Purchase of New Apparatus, Borough of Queens, C. F. D. No. 14, 1911, nine apparatus.....	49,500 00

The specifications for the above apparatus were submitted to your Engineer by Deputy Commissioner Farley, of Brooklyn, on or about February 1. This was for the purpose of expediting matters. Respectfully,

JOS. JOHNSON, Fire Commissioner.  
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 14, 1912.

*To the Board of Estimate and Apportionment:*  
Gentlemen—On February 10, 1912, the Fire Commissioner requested approval of specifications and forms of contract for 26 combination chemical and hose wagons, 3 high pressure hose wagons and 2 first size hose wagons for the Fire Department, at an estimated cost of \$170,500.

The total cost is estimated at \$5,500 for each wagon.  
The cost of four wagons estimated at \$22,000, is to be charged to the corporate stock fund entitled, "C. F. D.—13, Fire Department, Purchase of New Apparatus, Borough of Manhattan." There was an unencumbered balance of \$132,927.93 in the fund on February 13, 1912.

The cost of the three wagons, estimated at \$16,500, is to be charged to the corporate stock fund entitled, "C. F. D.—15, Fire Department, Purchase of New Apparatus, Borough of The Bronx." On February 13, 1912, there was an unencumbered balance in the fund of \$130,551.75.

The cost of two wagons at \$11,000, is to be charged to the corporate stock fund entitled, "C. F. D.—13A, Fire Department, Purchase of New Apparatus, Borough of Richmond." On February 13, 1912, there was an unencumbered balance in the fund of \$24,500.

The cost of 13 wagons estimated at \$71,500, is to be charged to the corporate stock fund entitled, "C. F. D.—12, Fire Department, Purchase of New Apparatus, Borough of Brooklyn." On February 13, 1912, there was an unencumbered balance in the fund of \$229,272.48.

The cost of nine wagons estimated at \$49,500 is to be charged to corporate stock fund entitled, "C. F. D.—14, Fire Department, Purchase of New Apparatus, Borough of Queens." On February 13, 1912, there was an unencumbered balance in the fund of \$159,824.21.

The appropriations for all of the funds were approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 31, 1911.

The specifications have been amended at the suggestion of the Department of Finance, and are now satisfactory. The forms of contract are satisfactory and the estimates of cost reasonable.

The specifications have been drawn to permit competition in bidding from various manufacturers.

I recommend that the request, with the amendments noted above, be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:  
Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, specifications as amended, and estimate of cost, one hundred and seventy thousand five hundred dollars (\$170,500), for twenty-six (26) Combination Chemical and Hose Wagons, three (3) High Pressure Hose Wagons, and two (2) First Size Hose Wagons for the Fire Department, the cost to be charged as follows:

Twenty-two thousand dollars (\$22,000) for four (4) wagons to the corporate stock fund, "C. F. D.—13, Fire Department, Purchase of New Apparatus, Borough of Manhattan";

Sixteen thousand five hundred dollars (\$16,500) for three wagons, to the corporate stock fund, "C. F. D.—15, Fire Department, Purchase of New Apparatus, Borough of The Bronx";

Eleven thousand dollars (\$11,000) for two (2) wagons, to the corporate stock fund "C. F. D.—13A, Fire Department, Purchase of New Apparatus, Borough of Richmond";

Seventy-one thousand five hundred dollars (\$71,500) for thirteen wagons, to the corporate stock fund "C. F. D.—12, Fire Department, Purchase of New Apparatus, Borough of Brooklyn"; and

Forty-nine thousand five hundred dollars (\$49,500) for nine (9) wagons, to the corporate stock fund "C. F. D.—14, Fire Department, Purchase of New Apparatus, Borough of Queens."

Which was adopted by the following vote:  
Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Secretary presented the following communication from the Public Service Commission for the 1st District requesting, and report of the Comptroller recommending an appropriation of \$37,500 to pay additional expenses of said Commission for the year ending December 31, 1912, in discharging the fees to be paid to the arbitrators appointed to hear and determine the controversy between the late John E. McDonald and The City of New York:

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau Street Telephone, 4150 Beekman, New York, February 5, 1912.

*To the Board of Estimate and Apportionment of The City of New York:*  
The arbitrators appointed to hear and determine the controversy between the late John B. McDonald and the City arising over extra work and omissions growing out of the construction of the Manhattan-Bronx Rapid Transit Railroad, constructed under Contract No. 1, which controversy was adjusted by an agreement approved and consented to by your honorable Board on December 14, 1911, have, pursuant to that agreement, made their determination and award, and have submitted their bills for their services. The total amount of the bills is \$75,000, of which one-half is to be borne by the City and the other half by the Rapid Transit Subway Construction Company, which has succeeded by assignment to Mr. McDonald's interest in the construction provisions of Contract No. 1. As the requisition and appropriation made for the expenses of the Commission for the year 1912 did not include provision for paying the fees of these arbitrators, the Commission deems it requisite and necessary to ask your honorable Board to appropriate the additional sum of \$37,500 for the purpose of enabling it to pay the City's share of these fees.

The Public Service Commission for the First District therefore, pursuant to the provisions of the Public Service Commissions Law, being chapter 48 of the Consolidated Laws, and pursuant to the provisions of the Rapid Transit Act, being chapter 4 of the Laws of 1891, as amended, hereby makes requisition for the sum of thirty-seven thousand five hundred dollars (\$37,500), deemed requisite and necessary to cover additional expenses for the year ending December 31, 1912.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.  
(SEAL.) By W. R. WILLCOX, Chairman.

Attest: TRAVIS H. WHITNEY, Secretary.

Resolved, That the Chairman and the Secretary be and they hereby are authorized in the name and behalf of the Commission to make requisition upon the Board of Estimate and Apportionment in the form now presented for the sum of \$37,500, deemed requisite and necessary to cover additional expenses of this Commission for the year ending December 31, 1912, and to execute and sign such requisition for the said amount, and the communication therewith presented as part thereof stating the purposes for which the moneys are required.

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify, that I have compared the above with the original adopted by said Commission on February 3, 1912, and that it is a correct transcript thereof and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission, this 5th day of February, 1912.

[SEAL.] TRAVIS H. WHITNEY, Secretary.  
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 14, 1912.

*To the Board of Estimate and Apportionment:*  
Gentlemen—On February 5, 1912, the Public Service Commission for the First District made requisition for an appropriation of \$37,500, to cover additional expenses of the Commission for the year 1912. In connection therewith I report as follows:

The appropriation is to be applied to the payment of the City's share of a bill submitted by the arbitrators, who adjusted the claims for additional compensation

demanding by the Rapid Transit Subway Construction Company, John B. McDonald and The Interborough Rapid Transit Company, under contract No. 1, for the construction of the Manhattan-Bronx Subway.

The contract price for the construction and equipment of the subway was \$35,000,000, with an additional \$1,500,000 for terminals, making a total of \$36,500,000. As the work of construction progressed, experience suggested many departures from the original plans and changes were made. The contractor filed claims for \$11,242,672.54 for additional work. The questions were referred to the Chief Engineer of the Public Service Commission, who made counter claims amounting to \$6,138,722.55 for work omitted. The contractor refused to accept the figures of the Chief Engineer, and the entire question was referred to a board of arbitration, named pursuant to the provisions of the contract. The Board was composed of the Hon. Morgan J. O'Brien, Charles E. Rushmore and Frank Brainard. The Board of Arbitrators began hearings on March 5, 1908. The record shows that ninety-three public hearings were held, and that 1,121 printed pages of testimony and 1,711 printed pages of exhibits were taken. All the disputed claims were adjusted for \$2,260,534.58, which included an unpaid balance of \$576,425.25 under the original contract. At a meeting held December 14, 1911, the Board of Estimate and Apportionment approved the adjustment.

The first hearing was held in March, 1908, and the last in January, 1912. The service of the arbitrators, therefore, covered a period of practically four years, and the total of each arbitrator of \$25,000 would give an average compensation of \$6,250 per annum. The City pays half the expense, which makes the share of the City \$3,125 per annum for each arbitrator.

The Public Service Commission states that it deems the appropriation requisite and necessary.

I am of the opinion that the rate of compensation is reasonable.

I recommend, therefore, the adoption of the attached resolution approving the appropriation. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 10, chapter 4 of the Laws of 1891, and section 14, chapter 429 of the Laws of 1907, as amended, and on account of the requisition of the Public Service Commission for the First District, duly made by the Chairman and Secretary thereof on February 5, 1912, the Board of Estimate and Apportionment hereby approves an issue of special revenue bonds of The City of New York to an amount not exceeding thirty-seven thousand five hundred dollars (\$37,500), to pay the additional expenses of the Public Service Commission for the First District for the year ending December 31, 1912, in discharging the fees to be paid to the arbitrators appointed to hear and determine the controversy between the late John B. McDonald and The City of New York, arising over extra work and omissions growing out of the construction of the Manhattan-Bronx Rapid Transit Railroad, constructed under Contract No. 1, and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of section 10, chapter 4 of the Laws of 1891, and section 14, chapter 429 of the Laws of 1907 as amended, to issue special revenue bonds of The City of New York to an amount not exceeding thirty-seven thousand five hundred dollars (\$37,500), redeemable from the tax levy for the year succeeding the year of their issue, the proceeds to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The following matters not upon the calendar for this day were considered by unanimous consent:

The Comptroller presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report recommending, the appropriation of \$6,000 from Brooklyn Water Revenues for the year 1911 to replenish account in said Department entitled, "S.—224, Maintenance and Distribution of Water Supply in the Borough of Brooklyn, 1911, Administration, Taxes":

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, February 1, 1912.  
JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, New York:

Dear Sir—The appropriation made out of the Brooklyn Water Revenue under section 242 of the Charter, entitled, "Maintenance and Distribution of Water Supply in the Borough of Brooklyn, 1911, Administration, Taxes," is not sufficient to pay all the taxes for the year 1911 properly chargeable to that account, nor is there a sufficient amount available for transfers in other appropriate accounts. I therefore request that the Board of Estimate and Apportionment make a further appropriation of \$6,000 to this account, under section 242 of the Charter.

As tax bills have been received which must be paid before February 24, in order to avoid a penalty, I respectfully request that action be taken by the Board of Estimate and Apportionment early enough in this month to permit the auditing of the voucher before that date. Yours truly,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 1, 1912, the Commissioner of Water Supply, Gas and Electricity requested an additional appropriation of \$6,000 from the Brooklyn Water Revenues, pursuant to the provisions of section 242 of the Greater New York Charter, to provide for the payment of taxes for 1911 properly chargeable to account "S.—224, Maintenance and Distribution of Water Supply in the Borough of Brooklyn, Administration, Taxes." In connection therewith I report as follows:

The status of account S.—224 is shown by the following memorandum submitted by the Commissioner's representative:

Audited vouchers .....	\$44,712 86
Tax bills of Town of Hempstead now in office.....	4,196 32
Tax bills of Town of Oyster Bay, not yet received (estimated).....	2,000 00
	<u>\$50,909 18</u>
Appropriation available .....	45,000 00

Estimated deficit .....

The Commissioner states that the tax bills already received must be paid before February 24, 1912, to avoid the penalties accruing after that date.

I recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of subdivision 1 of section 242 of the Greater New York Charter, hereby appropriates from the Brooklyn water revenues for the year 1911 the sum of six thousand dollars (\$6,000), in addition to amounts heretofore appropriated, for the use of the Department of Water Supply, Gas and Electricity in the maintenance and improvement of the water supply in the Borough of Brooklyn during the year 1911, said appropriation to be used to replenish the account entitled, S-224, Maintenance and Distribution of Water Supply in the Borough of Brooklyn, 1911, Administration, Taxes.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

The Comptroller presented the following communication from the Department of Street Cleaning relative to, and report recommending, the transfer of \$370,000 within appropriations made to said Department for the year 1912, for the removal of snow and ice, Manhattan, Brooklyn and The Bronx and the issue of \$370,000 revenue bonds (section 546 of the Charter) to replenish accounts from which said transfer is made:

Department of Street Cleaning of The City of New York, 13-21 Park Row, New York, February 5, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman, Board of Estimate and Apportionment, City of New York:

Sir—I have to request that the sum of four hundred fifteen thousand and 00/100 dollars (\$415,000) be transferred as follows:

FROM

Administration, Manhattan—	
821—1912 Disposal of Ashes, Street Sweepings and Rubbish, including Towing and Unloading and Hired Scows.....	\$270,000 00
Administration, Brooklyn—	
827—1912 Disposal of Ashes, Street Sweepings and Rubbish, including Towing and Unloading and Hired Scows.....	125,000 00
Administration, The Bronx—	
819—1912 Forage .....	20 000 00
	<u>\$415,000 00</u>

TO

Administration, Manhattan—	
824—1912 Removal of Snow and Ice.....	\$270,000 00
Administration, Brooklyn—	
828—1912 Removal of Snow and Ice.....	125,000 00
Administration, The Bronx—	
831—1912 Removal of Snow and Ice.....	20,000 00
	<u>\$415,000 00</u>

The reason for the above transfer is that the balances remaining in the accounts \$824,828,831, for the removal of snow and ice in the Boroughs of Manhattan, Brooklyn and The Bronx, are insufficient to meet the liabilities incurred during the recent snowfalls.

I also have to request that in accordance with the provisions of section 541 of the Greater New York Charter, the Comptroller be authorized and directed to issue revenue bonds of The City of New York to the amount of four hundred fifteen thousand 00/100 dollars (\$415,000), the proceeds thereof to be used for the restoration to the accounts from which the temporary transfers are requested.

Respectfully,

WM. H. EDWARDS, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 5, 1912, the Commissioner of Street Cleaning requested transfer of \$415,000 within appropriations to the Department of Street Cleaning for the year 1912 and for the issue of revenue bonds in the same amount to refund the debit accounts. In connection therewith I report as follows:

The transfer and revenue bonds are to provide for the cost of the removal of snow and ice in the Boroughs of Manhattan, Brooklyn and The Bronx, in excess of \$294,500 previously provided for the work in the Boroughs for 1912.

The expenses chargeable against this amount are shown by Boroughs as follows:

	Total Allowance.	Expenditures to February 10.
Manhattan .....	\$177,000 00	\$435,197 60
Brooklyn .....	102,000 00	191,657 83
The Bronx .....	15,500 00	32,295 10
	<u>\$294,500 00</u>	<u>\$659,150 53</u>

The expenditures of \$659,150.53 are divided as follows:

	Manhattan.	Brooklyn.	The Bronx.
Contract .....	\$356,000 00	\$157,000 00	\$24,114 00
Payrolls .....	79,197 60	34,657 83	8,181 10
	<u>\$435,197 60</u>	<u>\$191,657 83</u>	<u>\$32,295 10</u>

An allowance of \$415,000, as requested, would give a total appropriation of \$709,500 against total expenditures to February 10 of \$659,150.53. An appropriation of \$370,000, therefore, would be sufficient to cover the expenditures, and leave an available balance of \$3,349.47.

I recommend the adoption of the attached resolutions providing for the transfers and revenue bonds requested to the extent of \$370,000. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 546 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves transfer of funds appropriated to the Department of Street Cleaning for the year 1912, as follows:

FROM

DEPARTMENT OF STREET CLEANING.  
Special Contract Obligations.

Manhattan.

821 Disposal of ashes, street sweepings and rubbish, including towing and unloading and hired scows.....	\$260,500 00
Brooklyn.	
827 Disposal of ashes, street sweepings and rubbish, including towing and unloading and hired scows.....	92,000 00

Brooklyn.	
828 Removal of snow and ice.....	92,000 00
The Bronx.	
831 Removal of snow and ice.....	17,500 00

—and be it further

Resolved, That, pursuant to the provisions of section 546 of the Greater New York Charter, the Comptroller be and hereby is authorized to issue revenue bonds of The City of New York to the amount of three hundred and seventy thousand dollars (\$370,000), redeemable from the tax levy of the year succeeding the year of their issue, the proceeds whereof to be applied to the refunding of appropriations for the Department of Street Cleaning for the year 1912, in the amounts transferred therefrom, as follows:

DEPARTMENT OF STREET CLEANING.

Special Contract Obligations.

Manhattan.

821 Disposal of ashes, street sweepings and rubbish, including towing and unloading and hired scows.....	\$260,500 00
Brooklyn.	
827 Disposal of ashes, street sweepings and rubbish, including towing and unloading and hired scows.....	92,000 00
General Administration.	
Forage.	
819 The Bronx .....	17,500 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

After disposing of the Public Improvements Calendar, on motion of the Comptroller, the Board adjourned to meet, Wednesday, February 21, 1912, at 10.30 o'clock a. m.

JOSEPH HAAG, Secretary.

**Department of Parks.**

Abstract of Proceedings of Park Board for the week ending February 10, 1912: Stated meeting, February 8, 3 p. m. Present—Commissioners Stover, President; Higgins, Kennedy, Eliot.

Sealed bids were received for the following supplies, etc.:

Manhattan: Lumber for American Museum of Natural History, lumber for parks, paints, etc.

The Bronx: Steam-heating boiler for workshops in Bronx Park, repairing lawn mowers, furnishing one motor lawn mower, plumbers' supplies.

All bids received on the 1st inst. for painters' supplies for parks in The Bronx were rejected.

The time for completion of a contract with Joseph Balaban, dated July 14, 1911 for erecting a zebra house in the New York Zoological Garden in Bronx Park, was extended forty working days.

The time for the completion of a contract, dated May 26, 1911, with the Benedetto & Egan Construction Company, for erecting foundations of Additions "F" and "G" of the Brooklyn Institute of Arts and Sciences, was extended twenty additional working days.

A requisition for the purchase of sundry articles of office furniture and supplies for the Landscape Architect, at an estimated cost of \$36.10, chargeable against Park Board appropriations, was approved and the purchase authorized.

#### Corporation Sales.

##### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings standing upon property owned by The City of New York, acquired by it for school site purposes, in the

*Borough of Manhattan.*

Being the two rear buildings at 316 and 318 W. 21st st., in the Borough of Manhattan, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution adopted by the Commissioners of the Sinking Fund at a meeting held January 31, 1912, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

MONDAY, MARCH 4, 1912,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Two brick and frame stable buildings in rear of 316 and 318 W. 21st st.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 4th day of March, 1912, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened March 4, 1912," and must be delivered, or

mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

#### Notice to Property Owners.

##### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS IN THE BOROUGH OF QUEENS:

##### FIRST WARD.

FIFTH AVENUE—REGULATING, GRADING, CURBING AND PAVING between Jackson and Pierce aves. Area of assessment: Both sides of 5th ave., from Jackson to Pierce aves., and to the extent of half the block at the intersecting and terminating streets.

LAWRENCE STREET—REGULATING AND GRADING between Wolcott and Winthrop aves. Area of assessment: Both sides of Lawrence st., from Wolcott to Winthrop aves., and to the extent of half the block at the intersecting avenues.

—The above-entitled assessments were confirmed by the Board of Assessors on February 13, 1912, and entered February 13, 1912, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Municipal Building, Court House Square, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 13, 1912, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

The above assessment was certified to the Collector of Assessments and Arrears, under provisions of section 391 of the Greater New York Charter.

—that the same was entered February 6, 1912, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessment and Arrears of Taxes and Assessments of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 6, 1912, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien, to the date of payment.

#### DEPARTMENT OF DOCKS AND FERRIES.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, CITY OF NEW YORK. JOSEPH P. DAY, AUCTIONEER, WILL sell on behalf of the Department of Docks and Ferries at PUBLIC AUCTION to the highest bidder on

TUESDAY, MARCH 5, 1912, commencing at 12 o'clock noon, at Pier "A," foot of Battery place, North River, for the period hereinafter specified, the lease of the following described property:

For a term of 5 years from April 1, 1912, 200 feet of the southerly side of the pier foot of W. 39th st., commencing at a point 350 feet from the outer end of said pier and extending inshore a distance of 200 feet, solely for the erection and maintenance on said premises during the term of the lease, of a public dumping board extending from a line parallel to and about 18 feet north of the southerly line of said pier to a line about 18 feet south of the southerly side of said pier, in all a distance of about 36 feet, and the necessary ramps, runways and approaches to said dump.

TERMS AND CONDITIONS OF LEASE. The dump, runways, ramps, approaches and other structures erected under the provisions of the lease shall be so erected in accordance with plans and specifications to be submitted to and approved by the Commissioner of Docks, and under his direction and supervision, and shall revert to and become the property of The City of New York at the expiration or sooner termination of the lease.

The premises demised or any part thereof shall not be used or permitted to be used as a stable nor for the storing or storage of rags, barrels, boxes or refuse of any kind, and the premises shall at all times be kept in a clean and sanitary condition to the satisfaction of the Commissioner of Docks.

No bid will be received which shall be less than the upset price, \$2,000 per annum, rent to be paid quarterly in advance.

There shall be kept posted in at least two conspicuous places on the pier, so that the same can be readily seen by passersby from the street, printed in large type, the prices to be charged by the lessee to the public for the privilege of dumping, the maximum limits of which prices are also made a condition of the lease, as follows:

For single dump carts, not exceeding 40 cents. For single trucks, not exceeding 50 cents. For double trucks, not exceeding 70 cents. Rubbish and light material, 20 cents additional per truck.

The establishment of said maximum or limiting prices does not prevent at any time during the life of the lease the lessee from charging lower rates if he so desires. During the life of the lease the Commissioner of Docks may, in his discretion, increase, but not decrease said maximum or limiting prices, and the former only

after establishment of justifying facts as to market conditions in a public hearing before him.

The lessee shall covenant and agree that he will at all times during the said term keep true and correct books of account, showing moneys received, the quantity of material dumped and where disposed of, the rates charged therefor and names of persons using the dump; said books of account shall at all times during the term of the lease be open to inspection by the Commissioner of Docks or his authorized representative. Furthermore, it is required of the lessee that the dump shall be public to all, and no applicant for dumping privileges shall be refused until the maximum capacity of the board is reached, neither shall there be any discrimination in price charged, either by special rate or rebate.

Establishment of violation of any of the conditions contained in the preceding paragraphs as fact in the judgment of the Commissioner of Docks shall be sufficient ground for the cancellation of the lease without damage or claim against the City.

The purchaser will be required at the time of the sale, in addition to the auctioneer's fee, namely \$50, to pay to the Department of Docks and Ferries 25 per cent. of the amount of the annual rent as security for the execution of the lease, which 25 per cent. will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to the Department if the purchaser refuses or neglects to execute the lease with good and sufficient surety to be approved by the Commissioner of Docks within ten days after being notified that the lease is prepared and ready for execution at the office of the Department of Docks and Ferries, Pier "A," North River, foot of Battery place.

The lessee will be required to furnish a guaranty or surety company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, to enter into a bond or obligation jointly and severally with the lessee, the sum of double the annual rent, for the faithful performance of the covenants and conditions of the lease.

The lease shall contain the usual covenants and conditions at present embodied in leases of wharf property now used by this Department, copies of which may be seen and examined at the office of the Commissioner of Docks, Pier "A," foot of Battery place, North River, and shall contain a provision that if at any time during the term of the lease the Commissioner of Docks shall require all or any part of the property leased in order to proceed with the improvement of the water-front or adjacent uplands in accordance with any plan now legally adopted and approved, or which may hereafter be legally adopted and approved, said lease may be cancelled without any claim upon the City for damages whatsoever, upon written notice being given to the lessee three months in advance of the intention of said Commissioner.

The right to reject all bids is reserved, if deemed by the Commissioner of Docks to be for the best interests of the City so to do. CALVIN TOMKINS, Commissioner of Docks. February 16, 1912. f21,m4

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK. SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at the above office until 12 o'clock noon, on

**Franchise Matters.**

**PUBLIC NOTICE IS HEREBY GIVEN THAT** at a meeting of the Board of Estimate and Apportionment, held January 4, 1912, the following petition was received:

To the Board of Estimate and Apportionment: The petition of New York, Westchester and Boston Railway Company respectfully shows as follows:

Your petitioner is engaged in constructing its railroad in The City of New York, in accordance with a certain ordinance adopted by the Board of Aldermen of said City on the 26th day of July, 1904, as amended by resolution of the Board of Estimate and Apportionment, adopted July 14, 1905, approved by the Mayor July 21, 1905, and by contracts between New York, Westchester and Boston Railway Company and The City of New York, dated January 29, 1909, and August 2, 1911, respectively. That in and by said contract dated August 2, 1911, the ordinance of August 2, 1904, was so amended that it provided that said Railway Company shall complete a four-track railroad upon the main line from the northerly line of the City as far south as East 174th street by the 2d day of February, 1912, otherwise this grant shall cease and determine. It further provided that the Board of Estimate and Apportionment shall have power to extend the time provided for in this section for the completion of the railroad and for the work to be performed and expenditures to be made, as above provided, for a period or periods not exceeding in the aggregate three months. That the petition presented to the Board of Estimate and Apportionment at the time of the said amendment of August 2, 1911, requested an extension of one year from August 2, 1911, but this application was not granted, and the extension was made for a period of six months only. At the time that the extension was made it was believed by the Company that if no unexpected delays arose the work could be completed within the time granted by such extension.

In answer to resolutions passed by your Honorable Board, on the 23d of November, 1911, this Company stated fully the reasons why it would be impossible to complete the work of construction between 174th street and the city line, by the second day of February, 1912, and stated that an extension of six months would be necessary in order to complete the work between these points. This statement presented the facts, which are, briefly, as follows:

The delay is wholly within that part of the line extending from 174th street north to Unionport road, and is due to—

1. The delay in the erection of the steel work between Adams street and 174th street. Although at the time the extension of August 2, 1911, was granted it was expected that the steel work could be erected within the time required by said extension, it now appears that without default upon the part of your petitioner, the American Bridge Company, which has the contract for the steel work, will not be able to commence shipments of the steel for this section until January, and complete shipment cannot be made before the end of March. It will take fully a month to finish the erection of the steel after the receipt of all material, and thirty days more to lay the tracks and install signals. Moreover, some of the plans for the bridges within the section indicated have not yet been approved by the Board of Estimate and Apportionment, though the Company has proceeded to order the steel for such bridges, trusting that the plans will be approved.

2. The complications which have arisen in regard to the structure between 180th street and Unionport road involving particularly the crossings over Adams and Berrian streets. Application was made to the local board in The Bronx, as early as July, 1911, and later to the Board of Estimate and Apportionment, in August, 1911, for leave to close both Berrian and Adams streets. No action has been taken upon this application by the Board of Estimate and Apportionment, and the matter still remains undecided. Plans have been prepared by your petitioner to suit either contingency, and all the work within this section has proceeded with as rapidly as possible except at the streets in question, and at these points the work will be begun and vigorously prosecuted as soon as the Board has determined whether these streets are to be closed or are to remain open. It is not probable, however, that this work can be completed under six months. It is submitted that the situation at this point has been necessarily a complicated one, and that the delay has been due only to an effort both upon the part of the City and of your petitioner to arrive at a solution which will provide adequate facilities for the public at the central transfer station to be established by your petitioner near 180th street, and which will also cause the least possible injury to private property and the present arrangement of streets in that neighborhood.

Your petitioner further shows that it has expended upon the work between 174th street and the north side of Adams street, substantially all of which expenditures have been made since August 2, 1911, the sum of \$276,557. Exclusive of the steel viaduct and the plan for the same, 65 per cent. of the work between these two points has been completed. Of the steel work, 25 per cent. has been completed, but all of this work

so far has gone on in the shops of the American Bridge Company, and the erection has not yet been begun upon the ground. Contracts for the entire work between these two points have been let involving an expenditure of over \$1,000,000.

Wherefore, your petitioner prays:  
1. That paragraph 1 of section 5 of the ordinance of The City of New York, adopted July 26, 1904, approved by the Mayor August 2, 1904, as amended by resolution of the Board of Estimate and Apportionment, adopted July 14, 1905, and approved by the Mayor July 21, 1905, and further amended by contracts between New York, Westchester and Boston Railway Company and The City of New York, dated January 29, 1909, and August 2, 1911, respectively, be further amended so that the words "the second day of February, 1912" shall be changed to read "the second day of August, 1912," thus extending the time for the completion of the construction of the railroad from the northerly line of the City as far south as East 174th street, for a period of six months.

2. That your Honorable Board will extend the time for the completion of the railroad of your petitioner from the northerly line of the City as far south as East 174th street, until your Board shall finally have acted upon the amendment herein prayed for, but not exceeding a period of three months from February 2, 1912. Dated, December 30, 1911.

And at the meeting held January 18, 1912, the following resolutions were adopted:

Whereas, The foregoing petition from the New York, Westchester and Boston Railway Company dated December 30, 1911, was presented to the Board of Estimate and Apportionment at a meeting held January 4, 1912.

Resolved, That in pursuance of law this Board sets Thursday, the 29th day of February, 1912, at 10.30 o'clock in the forenoon and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner. (The New York Press and The Globe designated.)

JOSEPH HAAG, Secretary.  
New York, January 18, 1912. f16,29

**PUBLIC NOTICE IS HEREBY GIVEN THAT** at the meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The New York City Interborough Railway Company has, under date of November 25, 1911, made application to this Board for a modification of the terms and conditions of the ordinance of the Board of Aldermen approved by the Mayor March 31, 1903, granting said Company a franchise for the construction, maintenance and operation of a street surface railway in the Boroughs of Manhattan and The Bronx, as amended by contract dated June 25, 1907; resolution of the Board of Estimate and Apportionment approved by the Mayor December 14, 1908, and contract dated July 27, 1909; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on December 7, 1910, fixing the date for public hearing thereon as January 4, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Press" and "New York Times," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the proposed modifications and amendments of said ordinance approved by the Mayor March 31, 1903, as amended by said contract dated June 25, 1907, said resolution approved by the Mayor December 14, 1908, and said contract dated July 27, 1909; now, therefore, it is

Resolved, That the following form of resolution for the consent or right applied for by the New York City Interborough Railway Company, containing the form of proposed contract for the grant of such right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications in the terms and conditions of the said ordinance of March 31, 1903, as amended by said contract of June 25, 1907, said resolution of December 14, 1908, and said contract of July 27, 1909; such modified terms and conditions being fully set forth and described in the following form of proposed contract for the grant thereof, embodying such terms and conditions as modify or alter said contract of July 27, 1909; which said contract otherwise remains unchanged as to all the other terms and conditions expressed therein; and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract, in the name and on behalf of The City of New York, as follows, to wit:

**PROPOSED FORM OF CONTRACT.**

This Contract, made this day of 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York City Interborough Railway Company (hereinafter called the Company), party of the second part, witnesses:

Whereas, The City did by an ordinance adopted by the Board of Aldermen March 16, 1903, approved by the Mayor March 31, 1903, grant to the Company the right or franchise to construct, maintain and operate a street surface railway upon and along certain streets, avenues, parkways, highways and bridges, particularly set forth and described in Section 1 of said ordinance; and

Whereas, Said ordinance was accepted by the Company in an agreement of acceptance ex-

ecuted March 31, 1903, and filed with the Comptroller of the City April 3, 1903; and

Whereas, In and by section 6 of said ordinance it was provided that the Company should complete the construction of at least twenty-four (24) miles of double-track railway on or before July 1, 1905; and

Whereas, By orders of the Appellate Division of the Supreme Court made June 16, 1905, and May 28, 1906, the time for the completion of said twenty-four (24) miles of double-track railway was extended to June 1, 1906, and June 1, 1907, respectively; and

Whereas, By contract dated June 25, 1907, between the City and the Company, the time for the completion of said twenty-four (24) miles of double-track railway was extended to December 25, 1908; and

Whereas, By resolution adopted by the Board December 11, 1908, and approved by the Mayor December 14, 1908, the time for the completion of said twenty-four (24) miles of double-track railway was extended to June 27, 1909; and

Whereas, By contract dated July 27, 1909, between the City and the Company, section 6 of said ordinance was amended to read as follows:

"The Company shall complete the construction and put in operation a railway upon the entire length of each of the routes hereinbefore described on or before March 24, 1912; otherwise the franchise, right and privilege to construct such railway upon the routes or portions of routes not then constructed and in full operation shall cease and determine."

Whereas, The Company has by a petition dated November 25, 1911, applied to the Board for a modification of said contract of July 27, 1909, by an extension of time in which to complete the construction of a street surface railway upon:

(a) Hunts Point road (or avenue), from Randall avenue to Long Island Sound.

(b) Randall avenue, from Hunts Point road (or avenue) to Bronx River.

(c) Tremont avenue or East 177th street, from Westchester Creek to Locust Point.

(d) Muscoota street or 225th street from Broadway to Kingsbridge road.

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby consents, subject to the conditions and provisions hereinafter set forth, to the change or amendment to the said right or franchise, as expressed in said ordinance adopted by the Board of Aldermen on March 16, 1903, and approved by the Mayor on March 31, 1903, as amended by said contract bearing date of June 25, 1907, and amended by said contract bearing date of July 27, 1909, said change or amendment to be as follows:

1. Section 6 of said ordinance, as amended, shall be further amended to read as follows: "The Company shall complete the construction and put in operation a railway upon the entire length of each of the routes described hereinbefore, on or before March 24, 1913; otherwise the franchise, right and privilege to construct such railway upon the routes or portions of routes not then constructed and in full operation shall cease and determine."

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The Company shall commence the construction of a street surface railway upon each of the following streets, to wit:

(a) Hunts Point avenue (or road) from Randall avenue to Long Island Sound.

(b) Randall avenue from Hunts Point avenue (or road) to Bronx River.

(c) Muscoota street, or 225th street, from Broadway to Kingsbridge road.

within thirty (30) days from the date of notification that the regulating and grading contract for each of said streets has been completed and shall complete such construction and put in operation a railway upon each of said streets within four (4) months from the date of such notification, but nothing herein contained shall free the company from the obligation hereinbefore imposed to complete construction and put in operation a railway upon all of the said routes on or before March 24, 1913.

Sec. 2. This grant is subject to the condition that all the terms and conditions contained in the said ordinance adopted by the Board of Aldermen on March 16, 1903, and approved by the Mayor on March 31, 1903, as amended by contract bearing date of June 25, 1907, as amended by contract bearing date of July 27, 1909, except as herein modified and amended, shall remain in full force and effect."

Sec. 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 26th day of February, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 28th day of February, 1912, at 11 o'clock a. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 26th day of February, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 29th day of February, 1912, at 11 o'clock a. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 20th day of November, 1908, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of East Two Hundred and Seventh street, the said distance being measured at right angles to the line of East Two Hundred and Seventh street, and by the prolongations of the said line; on the east by a line distant 100 feet easterly from and parallel with the easterly line of Perry avenue, the said distance being measured at right angles to the line of Perry avenue; on the south by a line midway between East Two Hundred and Sixth street and East Two Hundred and Seventh street and by the prolongations of the said line; and on the west by a line distant 100 feet westerly from and parallel with the westerly line of Woodlawn road, the said distance being measured at right angles to the line of Woodlawn road (excepting, however, from the above described area so much of it as is exempt from assessment under the provisions of section 992 of the Charter).

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of February, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in the City of New York, on the 18th day of April, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 1, 1912.

In the matter of the application of The City of New York, relative to acquiring title, in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of FOURTH AVENUE, from Monroe avenue to Tompkins avenue, in the First Ward, Borough of Richmond, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 11th day of March, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 13th day of March, 1912, at 3 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 11th day of March, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 14th day of March, 1912, at 3.30 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 14th day of December, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Richmond, in the City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Fourth avenue, the said distance being measured at right angles to Fourth avenue, where it is intersected by a line always distant 100 feet westerly from and parallel with the westerly line of Jersey avenue, the said distance being measured at right angles to Jersey avenue, and running thence easterly along the said line parallel with Fourth avenue and along the prolongation of the said line to a point distant 100 feet westerly from the westerly line of Westervelt avenue as laid out adjoining Fourth avenue, the said distance being measured at right angles to the line of Westervelt avenue; thence northwardly, along a line at right angles to Fourth avenue to the intersection with the prolongation of a line always distant 280 feet northerly from and parallel with the northerly line of Fourth avenue as this street is laid out easterly from Westervelt avenue, the said distance being measured at right angles to the line of Fourth avenue; thence easterly along the said line parallel with Fourth avenue and along the prolongation of the said line to a point distant 100 feet easterly from the easterly line of Tompkins avenue, the said distance being measured at right angles to Tompkins avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Tompkins avenue to the intersection with the prolongation of a line always distant 325 feet southerly from and parallel with the southerly line of Fourth avenue as this street is laid out easterly from Westervelt avenue, the said distance being measured at right angles to the line of Fourth avenue; thence westwardly along the said line parallel with Fourth avenue to a point distant 100 feet westerly from the westerly line of Westervelt avenue, the said distance being measured at right angles to Westervelt avenue; thence northwardly along a line always distant 100 feet westerly from and parallel with Westervelt avenue to a point distant 100 feet southerly from the southerly line of Fourth avenue, the said distance being measured at right angles to Fourth avenue; thence westwardly along a line always distant 100 feet southerly from and parallel with the southerly line of Fourth avenue and the prolongation thereof to the intersection with a line parallel with Jersey avenue and passing through the point of beginning; thence northwardly along the said line parallel with Jersey avenue to the point or place of beginning.

(The lines of the streets herein referred to and which have not been laid out upon the City map are intended to be those in use and as commonly recognized.)

Fourth—That the abstracts of said supplemental and amended estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 14th day of March, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 24th day of April, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, for the same purpose to the lands, tenements and hereditaments required for the opening and extending of the PUBLIC PARK AT CONEY ISLAND, in the Thirty-first Ward, Borough of Brooklyn, City of New York, as laid out on the map or plan of The City of New York, by resolution adopted by the Board of Estimate and Apportionment on October 19, 1911, and January 11, 1912, and approved by the Mayor on December 29, 1911, and January 11, 1912, respectively.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, in The City of New York, on the 26th day of February, 1912, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands, tenements and hereditaments required for the opening and extending of the Public Park at Coney Island, in the Thirty-first Ward, Borough of Brooklyn, City of New York, as laid out on the map or plan of The City of New York by resolutions adopted by the Board of Estimate and Apportionment on October 19, 1911, and January 11, 1912, and approved by the Mayor on December 29, 1911, and January 11, 1912, respectively, and is bounded and described as follows:

On the north by a line 200 feet southerly from and parallel with Surf avenue, as laid out on October 9, 1879;

On the east by the west line of West Fifth street and the east line of the land and water grants of Catherine Balmer;

On the south by the Atlantic Ocean, including all the grants of land under water; and

On the west by a line 150 feet westerly from and parallel with the centre line of West Eighth street, as acquired by the Town of Gravesend on August 3, 1885 (this centre line being the original division line between parcels ten and fifteen on the map of the common lands on Coney Island, belonging to the Town of Gravesend, surveyed in 1878 by William Kowalski), and by the prolongation of said line.

The Public Park at Coney Island is laid out upon "Map showing the locating and laying out of a Public Park bounded by a line 200 feet southerly from and parallel with Surf avenue, West Fifth street, Atlantic Ocean and a line 150 feet westerly from and parallel with the centre line of West Eighth street," adopted by the Board of Estimate and Apportionment on October 19, 1911, and January 11, 1912; and approved by the Mayor on December 29, 1911, and January 11, 1912; which map was filed in the office of the Register of the County of Kings, February 5, 1912, in the office of the President of the Borough of Brooklyn February 5, 1912, and in the office of the Counsel to the Corporation of The City of New York on the 5th day of February, 1912.

The Board of Estimate and Apportionment on the 11th day of January, 1912, resolved that the

entire cost and expense of said proceedings be borne and paid by The City of New York.

Dated New York, February 10, 1912.

In the matter of the application of The City of New York, relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending NEWKIRK AVENUE, from Nostrand avenue to Brooklyn avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, The City of New York, on the first day of March, 1912, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate, one of whom shall be appointed Commissioner of Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Newkirk avenue, from Nostrand avenue to Brooklyn avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York, being the following described lots, pieces or parcels of land, viz.:

Beginning at the intersection of the east line of Nostrand avenue with the south line of Newkirk avenue, as the same are laid out on the map of the City:

1. Thence northerly along the east line of Nostrand avenue 70 feet;

2. Thence easterly deflecting 90 degrees to the right 1,525 feet to the west line of Brooklyn avenue;

3. Thence southerly along the west line of Brooklyn avenue 70 feet;

4. Thence westerly 1,525 feet to the point of beginning.

The Board of Estimate and Apportionment on the 4th day of May, 1911, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Bounded on the north by a line midway between Avenue D and Newkirk avenue, and by the prolongation of the said line; on the east by a line midway between Brooklyn avenue and East Thirty-seventh street; on the south by a line midway between Newkirk avenue and Foster avenue, and by the prolongation of the said line; and on the west by a line midway between East Twenty-eighth street and East Twenty-ninth street.

Dated New York, February 17, 1912.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of STANLEY AVENUE, from Louisiana avenue to Fountain avenue, in the Twenty-sixth Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 7th day of March, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 11th day of March, 1912, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objections thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 7th day of March, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 12th day of March, 1912, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 15th day of January, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line midway between Vienna avenue and Stanley avenue, as these streets are laid out easterly from Louisiana avenue, and by the prolongations of the said line; on the east by a line always distant 100 feet easterly from and parallel with the easterly line of Fountain avenue, the said distance being measured at right angles to the line of

Fountain avenue; on the south by a line midway between Stanley avenue and Wortman avenue, and the prolongations of the said line; and on the west by a line distant 100 feet westerly from and parallel with the westerly line of Louisiana avenue, the said distance being measured at right angles to the line of Louisiana avenue.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 18th day of March, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 18th day of April, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated, Borough of Brooklyn, New York, February 16, 1912.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments included within the Public Park (Seaside Park) at Rockaway Beach, Fifth Ward, in the Borough of Queens, City of New York, as shown on a map bearing the signature of the Secretary of the Board of Estimate and Apportionment, dated July 27, 1911, adopted by the Board of Estimate and Apportionment on September 21, 1911, by a resolution which was approved by the Mayor on September 26, 1911, together with all the right, title and interest of the owners thereof in and to the lands under the waters of the Atlantic Ocean and of Jamaica Bay in front thereof, except so much of the land shown on the aforesaid map as lies within the lines of an avenue known and shown thereon as Washington avenue, running across the entire length of the premises shown on said map, and which avenue is referred to in the sale of the above-described premises in the action of partition entitled "H. H. Chittendon, plaintiff, against I. E. Gates and others, defendants," but including a perpetual right of way over the said strip of land lying within the limits of the said Washington avenue as appurtenant to the property abutting on either side thereof.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, in The City of New York, on the 26th day of February, 1912, at the opening of the Court on that day, or as soon thereafter as Counsel can be heard thereon, for the appointment of Commissioners of Estimate in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging included within the Public Park (Seaside Park) at Rockaway Beach, Fifth Ward, in the Borough of Queens, City of New York, as shown on a map bearing the signature of the Secretary of the Board of Estimate and Apportionment, dated July 27, 1911, adopted by the Board of Estimate and Apportionment on September 21, 1911, by a resolution which was approved by the Mayor on September 26, 1911, together with all the right, title and interest of the owners thereof in and to the lands under the waters of the Atlantic Ocean and of Jamaica Bay in front thereof, except so much of the land shown on the aforesaid map as lies within the lines of an avenue known and shown thereon as Washington avenue, running across the entire length of the premises shown on said map, and which avenue is referred to in the sale of the above-described premises in the action of partition entitled "H. H. Chittendon, plaintiff, against I. E. Gates and others, defendants," but including a perpetual right of way over the said strip of land lying within the limits of the said Washington avenue as appurtenant to the property abutting on either side thereof, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point at the intersection of the northerly line of Washington avenue, with the easterly boundary line of Seaside Park, as shown on the above-mentioned map, adopted by the Board of Estimate and Apportionment on September 21, 1911, said point being distant 100.31 feet measured along the northerly line of Washington avenue westerly from the intersection of the westerly line of Mohawk street with the northerly line of Washington avenue, as at present existing upon the ground, and as also shown upon Section No. 1 of Map of Neponsit Beach, West Rockaway, property of Neponsit Realty Company in the Fifth Ward, Borough of Queens, New York City, filed at Jamaica, July 23, 1911, as Map No. 293.

Running thence northerly along the easterly boundary line of Seaside Park, said line being at all times parallel with Mohawk street, and distant 100 feet therefrom, measured at right angles to the said line, a distance of 1,398.04 feet to the northerly line of land granted by the People of the State of New York to the Neponsit Realty Company, pursuant to a resolution of the Commissioners of the Land Office, adopted December 10, 1909; thence westerly deflecting to the left 90 degrees for 3,381.76 feet along the northerly line of the land granted by the People of the State of New York to Neponsit Realty Company, to a point on the mean high water line of Jamaica Bay, said point being designated as "A."

Thence westerly for 1,590 ± feet along the mean high water line of Jamaica Bay, to a point on the easterly boundary line of the land of the United States Government, said point being designated as "B," and distant 1,582.29 feet from point "A," being measured along a line which deflects to the right 12 degrees 55 minutes 52 seconds from the northerly line of land granted by the people of the State of New York to Neponsit Realty Company.

Thence southerly along the easterly boundary line of the United States Government, deflecting to the left 103 degrees 6 minutes 1 second from the aforementioned line joining the points "A" and "B" for a distance of 2,622.25 feet to the mean high water line of the Atlantic Ocean.

Thence easterly for 4,920 ± feet along the mean high water line of the Atlantic Ocean to a point on the southerly prolongation of the aforementioned easterly boundary line of Seaside Park.

Thence northerly for 839.52 feet along the easterly boundary line of Seaside Park to the

northerly line of Washington avenue, the point or place of beginning.

The Public Park (Seaside Park) located at Rockaway Beach, in the Fifth Ward, Borough of Queens, City of New York, is shown upon a map or plan adopted by the Board of Estimate and Apportionment on September 21, 1911, and filed in the office of the Counsel to the Corporation of The City of New York on November 10, 1911, and in the offices of the Clerk of the County of Queens and the President of the Borough of Queens on or about the same date.

The Board of Estimate and Apportionment on the 14th day of December, 1911, resolved that the entire cost and expense of the said proceeding shall be borne and paid by The City of New York.

Dated New York, February 10, 1912.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of PROSPECT AVENUE, from Metropolitan avenue to Putnam avenue, in the Second Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 28th day of February, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 1st day of March, 1912, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 28th day of February, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 4th day of March, 1912, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 5th day of November, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly line of Metropolitan avenue midway between Prospect avenue and John street, and running thence northwardly at right angles to Metropolitan avenue, a distance of 166 feet; thence easterly and parallel with Metropolitan avenue to the intersection with a line parallel with Prospect avenue as laid out between Metropolitan avenue and Bleecker street, and passing through a point on the northerly side of Bleecker street midway between Prospect avenue and Vincent street; thence southwardly along the said line parallel with Prospect avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Ralph street and the northerly line of Grove street, as these streets are laid out between Prospect avenue and Fresh Pond road; thence easterly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongation of the easterly line of Prospect avenue and the westerly line of Fresh Pond road, as these streets are laid out between Grove street and Woodbine street; thence southwardly along the said bisecting line to the intersection with the northerly line of Putnam avenue; thence southwardly at right angles to Putnam avenue a distance of 60.05 feet; thence westwardly and always distant 160.05 feet southerly from and parallel with the northerly line of Putnam avenue to the intersection with the prolongation of a line midway between Prospect avenue and Forest avenue, as these streets are laid out between Madison street and Linden street; thence northwardly along the said line midway between Prospect avenue and Forest avenue; and along the prolongations of the said line, to the intersection with a line at right angles to Ralph street and passing through a point on its northerly side midway between Forest avenue and Prospect avenue; thence northwardly along the said line at right angles to Ralph street to the intersection with a line midway between Ralph street and Bleecker street, as these streets are laid out between Forest avenue and Prospect avenue; thence easterly along the said line midway between Ralph street and Bleecker street to the intersection with a line parallel with Prospect avenue, and passing through the point of beginning; thence

northwardly along the said line parallel with Prospect avenue to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 1st day of March, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit here-in will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 18th day of April, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 2, 1912.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams, holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
