OFFICIAL JOURNAL.

(ENTERED AS SECOND-CLASS MATTER, POST OFFICE AT NEW YORK CITY.)

VOL. XXX.

NEW YORK, SATURDAY, OCTOBER 4, 1902.

NUMBER 8,943.

BOROUGH OF BROOKLYN.

LOCAL BOARD—BUSHWICK DISTRICT.

Thursday, July 17, 1902.

Meeting in Borough Hall, at 3 p. m.

The roll was called, and the following members answered to their names:
Hon. J. Edward Swanstrom, President of the Borough, presiding; Aldermanic District No. 65, Alderman Bennett; Aldermanic District No. 66, Alderman Alt.
The President submitted the following:

No. 107.

Petition for the construction of a sewer in Malta street, between New Lots road and Vienna avenue.

Following report from the Superintendent of Sewers:

(Copy.)

Bureau of Sewers, Office of Superintendent,
June 7, 1902.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication which you referred to me, the same being from the Secretary of the President of the Borough, addressed to the Bureau of Sewers under date of June 4, 1902, requesting information in relation to the construction of a sewer in Malta street, between New Lots road and Vienna avenue. I also herewith return the petition which accompanied said communication.

The Chief Engineer of Sewers, Borough of Brooklyn, reports to me as follows:

"I beg to report that the street is known as Malta street, and that I have divided the matter into two parts, as one block of the sewer can be built immediately, having all outlets constructed, but that the other will require outlets leading to the Twenty-sixth Ward Disposal Works, which are not built; therefore, I report:

"First—For Malta street, between New Lots avenue and Hegeman avenue, that the estimated cost is \$2,510, and the assessed valuation of the real estate within the probable area of assessment is \$11,010. The outlet for this portion is built.

"Second—Malta street, between Hegeman avenue and Vienna avenue. The estimated cost for the construction of a sewer in above limits is \$1,940, and the assessed valuation of the real estate within the probable area of assessment is \$2,490. The outlet beyond this point is included as a part of the outlet in a report submitted to you on January 27, 1902, under the heading 'Sewers in Avenue G, from Coney Island Avenue to Flatbush Avenue, etc.'

"In regard to the legal opening of Malta street, information of which is requested, I beg to state that a resolution to open Malta street, between New Lots avenue and Vandalia avenue, passed the Board of Public Improvements on December 19, 1900. (See 'City Record,' page 18, January 3, 1901.) A petition to rescind these proceedings is advertised for a hearing before the Local Board on June 12, 1902. (See page 3153, 'City Record,' June 2, 1902.)

"Respectful attention is drawn to the estimated cost compared with the assessed valuation of the real estate within that portion of the report under heading No. 2."

Yours respectfully,
(Signed) JOHN THATCHER,
Superintendent of Sewers, Borough of Brooklyn.

The following report from the Engineer of the Bureau of Highways:

(Copy.)

City of New York—Borough of Brooklyn,
Office of Commissioner of Public Works,
Bureau of Highways—Chief Engineer's Office,
Municipal Building, June 13, 1902.

Mr. HENRY R. ASSERSON, Chief Engineer, Department of Sewers:

Dear Sir—Replying to yours of June 7, asking whether Malta street, between New Lots road and Vienna avenue, is an open street, I would say that resolutions to open this street, from New Lots road to Vandalia avenue, were adopted in December, 1900, and rule map was sent on April 10, 1902. I would say, further, that at the Local Board yesterday afternoon the above proceedings were amended by making the opening between New Lots road and Vienna avenue only, so that no further steps are required at the present time.

Respectfully,
(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, after hearing had this 17th day of July, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to construct sewer in Malta street, between New Lots road and Hegeman avenue, in the Borough of Brooklyn.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—The President, and Aldermen Bennett and Alt.

JUSTIN McCARTHY, Jr., Secretary to the Borough President:

Dear Sir—In accordance with your request I send you herewith estimate for regulating, grading and paving Cleveland street, between Arlington avenue and Atlantic avenue. The items are:

1,200 cubic yards of grading.

2,080 linear feet of curb.

Estimated cost, \$1,800; assessed valuation, \$36,100.

No record of the street ever having been opened, although sewers and sewer basins have been built, water and gas mains laid.

Respectfully,
(Signed) GEO. W. TILLSON, Chief Engineer.

Hon. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I herewith return a communication, which you referred to me, the same being addressed to the Bureau of Sewers by the Secretary of the President of the Borough under date of May 27, 1902, together with a petition, both being in relation to the construction of a sewer in Willoughby avenue, between Irving avenue and Wyckoff avenue.

I beg to state that the Chief Engineer of Sewers, Borough of Brooklyn, reports as follows:

I beg to report that the estimated cost for above-mentioned improvement is \$2,350, and the assessed valuation of the real estate within the probable area of assessment is \$31,900.

In regard to outlet sewers, information of which is requested, I beg to state that the outlet in Wyckoff avenue is under contract.

In regard to the legal opening of the street, information of which is also requested, I beg to state that Willoughby avenue, between these limits, was declared open September 30, 1895.

Yours respectfully,
(Signed) JOHN THATCHER,
Superintendent of Sewers, Borough of Brooklyn.

Affidavits were presented by two property owners, showing that the street is legally open through public usage.

DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH, CITY OF NEW YORK,
SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE,
BOROUGH OF MANHATTAN,
NEW YORK, September 25, 1902.

At a meeting of the Board of Health of the Department of Health, held September 24, 1902, it was

Resolved, That, under the power conferred by law upon the Board of Health of the Department of Health of The City of New York, section 5 of the Sanitary Code for the security of life and health be and the same is hereby amended so as to read as follows:

Section 5.—That the word "physician" shall include dentists, and every other person who practices about the care of the sick or injured, or who has the charge of, or professionally prescribes for, any person sick, injured or diseased, and any person who pursues the business of or acts as midwife; that the phrase "contagious disease" shall be held to include all persons sick, affected or attacked by or of a disease of an infectious, contagious or pestilential nature—more especially, however, referring to cholera, yellow fever, smallpox, chickenpox, diphtheria (including membranous croup), ship or typhus, typhoid, spotted, relapsing and scarlet fevers, measles, acute and chronic ophthalmia (trachoma), pertussis (whooping cough), and also including any new disease of an infectious, contagious or pestilential nature—and also any other disease declared by this Board dangerous to the public health; and every physician in said City shall at all times cause his or her name, office and residence, and also his or her kind and class of practice, to be registered within the Bureau of Records and in a manner according to the regulations prescribed by this Board.

By order of the Board of Health.

ERNST J. LEDERLE, Ph. D., President.

C. GOLDBERMAN, Secretary.

PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

There were present—Alexander E. Orr, President, presiding; John H. Starin, Vice-President, Mayor Seth Low, Comptroller Edward M. Grout and Commissioners Woodbury Langdon and Charles Stewart Smith.

Edward M. Shepard and Albert B. Boardman, Counsel; William Barclay Parsons, Chief Engineer, and George S. Rice, Deputy Chief Engineer, also were present.

Following is the authorization by the President for the calling of the meeting:
14TH JULY, 1902.

Mr. BION L. BURROWS, Secretary, 320 Broadway, City:

DEAR SIR—Please call a special meeting of the Rapid Transit Board for next Monday, 21st inst., at 12 o'clock noon, for the purpose of receiving and opening bids for the construction and operation of the Brooklyn-Manhattan Rapid Transit Railroad, as per published invitation to contractors.

Yours truly,

(Signed) A. E. ORR, President.

President Orr announced that the Board had met to receive and open bids for the construction and operation of the Brooklyn-Manhattan Rapid Transit Railroad. He said that he had received three bids, each accompanied by a check for \$100,000, payable to the order of the Comptroller. These checks he handed to the Comptroller. The bids were then opened and read. They were as follows:

CONTRACTOR'S PROPOSAL.

To the Board of Rapid Transit Railroad Commissioners for The City of New York:

The undersigned, Rapid Transit Subway Construction Company, a corporation organized under the Laws of the State of New York, does hereby, in pursuance of the Invitation to Contractors made by your Board, a copy of which is hereto annexed, propose according to the terms thereof and of the form of Contract therein referred to, to fully construct the Rapid Transit Railroad therein mentioned (and hereinafter called the Railroad), and to equip the same completely ready for immediate and continuous operation, for the sum of three million dollars (\$3,000,000); and, in addition to the foregoing the sum of one million dollars (\$1,000,000) for terminals and real estate; Provided, however, that this sum is subject to modification as provided in the said form of contract, and to be paid as therein provided. And the undersigned does further propose, according to the terms of the said Invitation and Contract, that, after the Railroad shall have been declared by your Board to be ready for operation, the undersigned shall use and operate the Railroad upon lease from the City of New York (hereinafter called the City), for thirty-five (35) years after such declaration, and to pay rental therefor as provided in the said form of contract.

The maximum fare which may be charged a single passenger for a continuous ride over the whole or any part of the Railroad shall be five cents (5c.).

The undersigned does hereby propose to assure to the City transportation facilities over railways connecting or to connect with the Rapid Transit Railroad as mentioned in Lists A, B and C hereto annexed.

The undersigned does not hereby authorize the insertion in the contract of the clause referred to in the Invitation to Contractors as Provision for Future Operating Agreements.

The undersigned does hereby propose to make a contract with the City in the form referred to in the Invitation to Contractors and hereto annexed.

The undersigned will, if this Proposal shall be accepted, forthwith execute such Contract with the City (acting by your Board) and at the time of such execution will deposit pursuant and subject to the terms thereof the sum of one million dollars (\$1,000,000) with the Comptroller of the City of New York.

The undersigned will also at the time of such execution deliver to the said Comptroller the Bond for one million dollars (\$1,000,000) therein required and being in the form hereto annexed with the following sureties: United States Fidelity and Guaranty Company, American Surety Company, Empire State Surety Company, or will in lieu of such bond deposit pursuant and subject to the terms of the said Contract with the said Comptroller.*

Your Board may cause any notice intended for the undersigned to be delivered at the office of August Belmont & Co., in the building, No. 23 Nassau street, in the Borough of Manhattan, in The City of New York. Such delivery shall be sufficient notice to the undersigned.

At the time of delivering this proposal to the Secretary of your Board the undersigned separately delivers to the Secretary a certified check drawn upon the National Park Bank of the City of New York, payable to the order of the Comptroller of the City of New York, for the sum of one hundred thousand dollars (\$100,000). If your Board shall by notice to the undersigned as aforesaid accept this Contractor's Proposal, then, if the undersigned shall fail within ten (10) days thereafter, or within such longer period as may be prescribed by your Board, to make the deposit in cash or securities of one million dollars (\$1,000,000), as aforesaid; or to procure the continuing bond to be duly executed and delivered as aforesaid, or in lieu thereof to make the further and continuing deposit of one million dollars (\$1,000,000), or if the undersigned shall fail to procure the contract to be duly executed and delivered as aforesaid, then the Invitation to Contractors and this Contractor's Proposal shall constitute a contract binding the undersigned to pay to the City the damages by it sustained by reason of such failure of the undersigned, as provided in said Invitation to Contractors. And the undersigned hereby assigns to the City the said sum so specially deposited by the delivery of such certified check, subject only to the condition that if this Proposal shall not be accepted, or, if it shall be accepted and the undersigned shall within ten (10) days after notice as aforesaid or any longer period prescribed by your Board, execute the said Contract and make the said deposit in cash or securities of one million dollars (\$1,000,000) and procure the said continuing bond to be duly executed and delivered, or in lieu thereof make the further and continuing deposit of one million dollars (\$1,000,000), then such sum of one hundred thousand dollars (\$100,000) so specially deposited shall be returned to the undersigned.

A notice of acceptance of this Proposal by your Board addressed to the undersigned as aforesaid shall forthwith, at the option of your Board, operate as against the undersigned as a complete making of a contract according to the form thereof as aforesaid, with the blanks therein contained filled in according to this Proposal.

This Proposal is based in part on an estimate of the cost of the equipment of the Railroad (as defined in the Invitation to Contractors) at two million dollars (\$2,000,000).

The following are all the persons interested with the undersigned in this Proposal, together with their names and places of residence:

The work of constructing the Railroad is to be done under the personal supervision and direction of John B. McDonald, the contractor now engaged in the construction of the Rapid Transit Railroad in the Borough of Manhattan, who is the contractor of and a director in the undersigned corporation, and who resides at No. 1 West Seventy-second street, in the Borough of Manhattan, New York City.

Submitted herewith is a certified copy of the original certificate of incorporation of the said corporation and a certified copy of its amended or supplemental certificate of incorporation, and a certificate verified by the President and the Treasurer of the undersigned corporation showing the amount of the capital stock thereof paid in in cash and the name and business address of each and every officer and director thereof.

This Proposal is in all respects fair and without collusion or fraud.

This Proposal is made without any connection with any other person making a proposal or bid for the same purpose and is in all respects fair and without collusion or fraud, and no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, or any member or employee of the Board of Rapid Transit Railroad Commissioners, is interested directly or indirectly, as contracting party, partner, stockholder, surety or otherwise, in or in the performance of the Contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

Dated 21st July, 1902. No. 23 Nassau street, New York City.

The undersigned does hereby propose to assure to the City transportation facilities over railways connecting or to connect with the Rapid Transit Railroad as mentioned in Lists A, B and C hereto annexed.

The undersigned does not hereby authorize the insertion in the contract of the clause referred to in the Invitation to Contractors as Provision for Future Operating Agreements.

The undersigned does hereby propose to make a contract with the City in the form referred to in the Invitation to Contractors and hereto annexed.

The undersigned will, if this Proposal shall be accepted, forthwith execute such Contract with the City (acting by your Board) and at the time of such execution will deposit pursuant and subject to the terms thereof the sum of one million dollars (\$1,000,000) with the Comptroller of The City of New York.

The undersigned will also at the time of such execution deliver to the said Comptroller the Bond for one million dollars (\$1,000,000) therein required and being in the form hereto annexed with the following sureties: United States Fidelity and Guaranty Company, American Surety Company, Empire State Surety Company, or will in lieu of such bond deposit pursuant and subject to the terms of the said Contract with the said Comptroller.*

Your Board may cause any notice intended for the undersigned to be delivered at the office of August Belmont & Co., in the building No. 23 Nassau street, in the Borough of Manhattan, in The City of New York. Such delivery shall be sufficient notice to the undersigned.

At the time of delivering this proposal to the Secretary of your Board the undersigned separately delivers to the Secretary a certified check drawn upon the National Park Bank of The City of New York, payable to the order of the Comptroller of The City of New York for the sum of one hundred thousand dollars (\$100,000). If your Board shall by notice to the undersigned as aforesaid accept this Contractor's Proposal, then, if the undersigned shall fail within ten (10) days thereafter or within such longer period as may be prescribed by your Board to make the deposit in cash or securities of one million dollars (\$1,000,000) as aforesaid; or to procure the continuing bond to be duly executed and delivered as aforesaid, or in lieu thereof to make the further and continuing deposit of one million dollars (\$1,000,000), or if the undersigned shall fail to procure the contract to be duly executed and delivered as aforesaid, then the Invitation to Contractors and this Contractor's Proposal shall constitute a contract binding the undersigned to pay to the City the damages by it sustained by reason of such failure of the undersigned, as provided in said Invitation to Contractors. And the undersigned hereby assigns to the City the said sum so specially deposited by the delivery of such certified check, subject only to the condition that if this Proposal shall not be accepted, or, if it shall be accepted and the undersigned shall within ten (10) days after notice as aforesaid or any longer period prescribed by your Board, execute the said contract and make the said deposit in cash or securities of one million dollars (\$1,000,000) and procure the said continuing bond to be duly executed and delivered, or in lieu thereof, make the further and continuing deposit of one million dollars (\$1,000,000) then such sum of one hundred thousand dollars (\$100,000) so specially deposited shall be returned to the undersigned.

A notice of acceptance of this Proposal by your Board addressed to the undersigned as aforesaid shall forthwith, at the option of your Board, operate as against the undersigned as a complete making of a contract according to the form thereof as aforesaid, with the blanks therein contained filled in according to this Proposal.

This Proposal is based in part on an estimate of the cost of the equipment of the Railroad (as defined in the Invitation to Contractors) at two million dollars (\$2,000,000).

The following are all the persons interested with the undersigned in this Proposal, together with their names and places of residence:

The work of constructing the Railroad is to be done under the personal supervision and direction of John B. McDonald, the contractor now engaged in the construction of the Rapid Transit Railroad in the Borough of Manhattan, who is the contractor of and a director in the undersigned corporation, and who resides at No. 1 West Seventy-second street, in the Borough of Manhattan, New York City.

Submitted herewith is a certified copy of the original certificate of incorporation of the said corporation and a certified copy of the amended or supplemental certificate of incorporation, and a certificate verified by the President and the Treasurer of the undersigned corporation showing the amount of the capital stock thereof paid in in cash and the name and business address of each and every officer and director thereof.

This Proposal is in all respects fair and without collusion or fraud.

This Proposal is made without any connection with any other person making a proposal or bid for the same purpose and is in all respects fair and without collusion or fraud, and no member of the Board of Aldermen, head of a Department, chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, or any member or employee of the Board of Rapid Transit Railroad Commissioners, is interested, directly or indirectly, as contracting party, partner, stockholder, surety or

otherwise in or in the performance of the Contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

LIST A.

Connecting lines over which the Contractor will assure to any passenger a continuous trip for a single fare not exceeding five cents without change of cars:

The lines operated or to be operated by the Interborough Rapid Transit Company in the boroughs of Manhattan and The Bronx, as now authorized, excepting in the case where a contractor shall have entered into an agreement with a connecting line to carry a passenger for less than five cents, the Interborough Company will not agree in such case to carry such passenger beyond Fifty-ninth street for the less fare.

LIST B.

Connecting lines over which the Contractor will assure to any passenger a continuous trip for a single fare not exceeding five cents with or without change of cars at the option of the Contractor.

LIST C.

Connecting lines over which the Contractor will assure to any passenger a continuous trip with or without change of cars at the option of the Contractor for fares exceeding five cents per trip but within limitations in this List specified.

New York, July 21, 1902.

To the Board of Rapid Transit Railroad Commissioners, City:

GENTLEMEN—I have the honor to submit, on behalf of the Rapid Transit Subway Construction Company, a proposal, not as a condition precedent to the acceptance of the alternative bid made by the Subway Construction Company for the construction of the Brooklyn extension of the underground system, but with the conviction that in good faith the alternative bid will not be accepted unless your honorable body agrees in the main with my contention and the general plans and purposes herewith expressed. I do not ask for an official commitment, but for a reasonable assurance that when possible the completion of the Rapid Transit system, as foreshadowed by Mr. William Barclay Parsons to your Commission in June last, will be completed.

It is needless for me to say, for it is now a matter fully acknowledged by the press and public, that when I bid for the first contract, and the Subway Construction Company came to my support in the construction of the work, the chances of success were not looked upon with favor by capital in general, and that in particular which is chiefly concerned in City transportation.

The Rapid Transit Law requires the submission of all work to open competition, reserving, however, to the Rapid Transit Commission full power with regard to the acceptance or the rejection of bids, presumably in order that the Rapid Transit Commission should be enabled to develop a united system and not be compelled to break it up by being obliged to accept the lowest bidder, who might propose a separate and distinct operation.

Capital ventured in this undertaking with the well-founded belief that it was, both in the public mind and that of the Commission, that the Rapid Transit system was to be developed as a whole, and the first contract was deemed merely the first step towards the building of a Rapid Transit underground and Elevated Railroad to connect all parts of Greater New York. It was recognized at the outset that the present road should have been planned to the Battery, but the extension from the City Hall to Whitehall street was omitted from the original plans for lack of means. The section traversed by this short piece of road, not more than a mile long, serves a business territory with its office buildings containing a daily transient population many times that of several uptown and Brooklyn Borough wards put together, which gives the Elevated Railroad stations in that small strip of territory some twenty millions of passengers a year.

The object of my company in bidding but \$2,000,000 for the construction of the Brooklyn extension, using for the balance funds out of its own treasury, was in order that the City might be left in sufficient funds to proceed with the extension of the Rapid Transit road from Broadway and Forty-second street to Union Square, in accordance with the general plan outlined on the inclosed map, this extension being absolutely indispensable to the successful operation of the road and the serving of the most important shopping district in the City and with a view of giving a connection with the projected Pennsylvania terminal at Thirty-third street and Broadway, to furnish an equal facility to that now provided at the Grand Central Station.

If the alternative bid of \$3,000,000 for the Brooklyn extension is accepted by your Commission, my company will hold itself ready to construct the extension from Forty-second street and Broadway to Union Square for the nominal sum of \$100,000, provided this piece of road is authorized by the first of July, 1903.

My estimate, under the advice of our own engineers, of the time required to complete the extension of the road from Forty-second street and Broadway to Union Square is eighteen months at the outside, which would permit the opening of this part of the road practically coincident with the commencement of general operations in the subway. In this estimate of time Mr. William Barclay Parsons concurs.

There would thus be left in the City Treasury, on the present estimate of debt limit, for the purposes of rapid transit some \$8,000,000, with which the east side extension projected from Forty-second street and Park avenue could be begun and constructed to very nearly completion.

Yours very respectfully,

(Signed) **JOHN B. McDONALD.**

CONTRACTOR'S PROPOSAL.

To the Board of Rapid Transit Railroad Commissioners for The City of New York:

The undersigned, **John L. Wells**, does hereby, in pursuance of the Invitation to Contractors made by your Board, a copy of which is hereto annexed, propose according to the terms thereof and of the form of contract therein referred to, to fully construct the Rapid Transit Railroad therein mentioned (and hereinafter called the Railroad), and to equip the same completely ready for immediate and continuous operation, for the sum of seven million dollars (\$7,000,000); and, in addition to the foregoing the sum of one million dollars (\$1,000,000) for terminals and real estate; Provided, however, that this sum is subject to modification as provided in the said form of contract, and to be paid as therein provided. And the undersigned does further propose, according to the terms of the said Invitation and Contract, that, after the Railroad shall have been declared by your Board to be ready for operation the undersigned shall use and operate

the Railroad upon lease from The City of New York (hereinafter called The City), for thirty-five (35) years after such declaration, and to pay rental therefor as provided in the said form of contract.

The maximum fare which may be charged a single passenger for a continuous ride over the whole or any part of the Railroad shall be five cents (5c.).

The undersigned does hereby propose to assure to the City transportation facilities over railways connecting or to connect with the Rapid Transit Railroad as mentioned in Lists A, B and C hereto annexed.

The undersigned does not authorize the insertion in the contract of the clause referred to in the Invitation to Contractors as Provision for Future Operating Agreements.

The undersigned does hereby propose to make a contract with the City in the form referred to in the Invitation to Contractors and hereto annexed.

The undersigned will, if this Proposal shall be accepted, forthwith execute such contract with the City (acting by your Board) and at the time of such execution will deposit pursuant and subject to the terms thereof the sum of one million dollars (\$1,000,000) with the Comptroller of The City of New York.

The undersigned will also at the time of such execution deliver to the said Comptroller the bond for one million dollars (\$1,000,000) therein required and being in the form hereto annexed with the following sureties:

American Surety Company, Fidelity and Casualty Company, Fidelity and Deposit Company of Maryland, Lawyers' Surety Company, National Surety Company, United States Fidelity and Guaranty Company, American Bonding and Trust Company, or some of them, or other sureties to be approved by the Board, or will in lieu of such bond deposit pursuant and subject to the terms of the said contract with the said Comptroller, one million dollars in cash.

Your Board may cause any notice intended for the undersigned to be delivered at Room No. 1 on the first floor of the building No. 168 Montague street, in the Borough of Brooklyn, in The City of New York. Such delivery shall be sufficient notice to the undersigned.

At the time of delivering this proposal to the Secretary of your Board the undersigned separately delivers to the Secretary a certified check drawn upon the **Corn Exchange Bank**, of the City of New York, payable to the order of the Comptroller of the City of New York, for the sum of one hundred thousand dollars (\$100,000). If your Board shall by notice to the undersigned as aforesaid accept this Contractor's Proposal, then, if the undersigned shall fail within ten (10) days thereafter or within such longer period as may be prescribed by your Board to make the deposit in cash or securities of one million dollars (\$1,000,000) as aforesaid; or to procure the continuing bond to be duly executed and delivered as aforesaid, or in lieu thereof to make the further and continuing deposit of one million dollars (\$1,000,000), or if the undersigned shall fail to procure the contract to be duly executed and delivered as aforesaid, then the Invitation to Contractors and this Contractor's Proposal shall constitute a contract binding the undersigned to pay to the City the damages by it sustained by reason of such failure of the undersigned, as provided in said Invitation to Contractors. And the undersigned hereby assigns to the City the said sum so specially deposited by the delivery of such certified check, subject only to the condition that if this proposal shall not be accepted, or if it shall be accepted and the undersigned shall within ten (10) days after notice as aforesaid or any longer period prescribed by your Board, execute the said contract and make the said deposit in cash or securities of one million dollars (\$1,000,000) and procure the said continuing bond to be duly executed and delivered, or in lieu thereof make the further and continuing deposit of one million dollars (\$1,000,000), then such sum of one hundred thousand dollars (\$100,000) so specially deposited shall be returned to the undersigned.

A notice of acceptance of this proposal by your Board addressed to the undersigned as aforesaid shall forthwith, at the option of your Board, operate as against the undersigned as a complete making of a contract according to the form thereof as aforesaid, with the blanks therein contained filled in according to this proposal.

This proposal is based in part on an estimate of the cost of the equipment of the Railroad (as defined in the Invitation to Contractors) at two million dollars (\$2,000,000).

The following are all the persons interested with the undersigned in this Proposal, together with their names and places of residence:

July 21, 1902.

To the Board of Rapid Transit Railroad Commissioners for The City of New York:

I have to-day submitted to your Board a proposition to construct the proposed Brooklyn-Manhattan Rapid Transit Railroad.

Inasmuch as a portion of such railroad running from the point of commencement of the Manhattan-Bronx Rapid Transit Railroad at City Hall Park to the lower end of Manhattan Island may be advantageously used by passengers from or to the Manhattan-Bronx Rapid Transit Railroad at the City Hall, I wish to advise you as follows:

If the contract for which I have submitted a bid shall be awarded to me, I am willing to enter into an equitable arrangement with the lessee of the Manhattan-Bronx Rapid Transit Railroad upon terms approved by the Board, for the transportation by transfer, or by through trains if practicable, of all passengers on the Manhattan-Bronx Rapid Transit Railroad to and from all stations in the Borough of Manhattan on the railroad to be constructed under the terms of the contract.

Yours respectfully,
(Signed) JOHN L. WELLS.

John M. Bowers, of counsel for the Brooklyn Rapid Transit Company, explained that that Company had not had time to organize a subsidiary company for the purpose of bidding, on which account the bid was made in the name of Mr. Wells, an attorney for the Company.

Mr. Bowers and Mr. Wells explained Mr. Wells' bid and answered questions by the Commissioners, as did August Belmont, President of the Rapid Transit Subway Construction Company.

The following letter of J. Edward Swanstrom, President of the Borough of Brooklyn, was read:

July 21, 1902.

Board of Rapid Transit Commissioners, 320 Broadway, New York City:

DEAR SIRS—I am credibly informed that the Brooklyn Heights Railroad Company or the Brooklyn Rapid Transit Company or a company organized and controlled by them will be among the bidders to-day for the proposed Manhattan-Brooklyn Tunnel which will be constructed from Flatbush and Atlantic avenues, in this borough, and pass under the East river to the Borough of Manhattan.

I feel it my duty to submit to your Honorable Board the following considerations, which will, I believe, convince you that it is neither right nor proper that additional public franchises should be granted to this corporation, at least until such a time as it has discharged its statutory obligations to The City of New York.

Article 4, section 98, of the General Railroad Law, provides that "Every street surface railroad corporation, as long as it shall continue to use any of its tracks in any street, avenue or public place in any city or village, shall have and keep in permanent repair that portion of such avenue, street or public place between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such a manner as they may prescribe. In case of the neglect of any corporation to make pavements or repairs after the expiration of thirty days' notice to do so, the local authorities may make the same at the expense of said corporation."

The obligation thus imposed by statute is sustained by the opinion of the Court of Appeals in the case of Conway vs. The City of Rochester, 157, N. Y., 33-41. In this case, which was decided in October, 1898, the learned Justice held that section 98 of the present Railroad Law "does make it the duty of railroad companies to keep that portion of the street described in the statute in permanent repair, and does command that it shall make such repairs, not only whenever required by the local authorities, but also in such a manner as they prescribe. The language employed by the Legislature is broad enough to include repavement as well as repairs, and that it was thus used advisedly is further evidenced by the very next sentence, which provides that in case of the neglect of any corporation to make pavements or repairs, the local authorities may make the same at the expense of such corporation."

This law provides that a street surface railroad shall keep in repair the portion of the roadway which lies between the tracks and the rails of the tracks and two feet outside the tracks.

This statute has been persistently ignored by the Brooklyn Heights Railroad Company. It has allowed the pavements upon many miles of our streets to lapse into a condition which is absolutely dangerous to pedestrians, horses and vehicles. It has refused or neglected to obey the direct and explicit instructions of the borough authorities who have duly and in accordance with law called upon them to keep said portions of the streets used by it in permanent repair.

On April 4, 1902, after a careful investigation of all the thoroughfares in this borough used by the railroad corporation, a written notice was served upon the Brooklyn Heights Railroad Company calling on it to repair the pavements of eighty-eight different streets. In this communication the points were specified at which the repairs were most urgently needed. No attention was paid to this notice until May 13, upon which date the said Brooklyn Heights Railroad Company notified this Department that a paving gang had been instructed to proceed with the work on twenty-five of the eighty-eight streets mentioned.

I am able to state, however, upon information and belief, that on that very day, May 13, 1902, the Brooklyn Heights Railroad Company withdrew their paving gangs from work. No attempt was made until the end of June to initiate this much needed improvement of the streets. At the present time there are three inadequate paving gangs at work, a force which is entirely insufficient to make the necessary repairs this year.

To be specific, let me say that on March 3, 1902, this corporation was notified to pave and keep in permanent repair, with granite block pavement, on concrete base, with tar and gravel joints, the pavement of Flatbush avenue between their tracks and the rails of their tracks, from Malbone street to Fort Hamilton avenue. On June 27, 1902, they replied that no obligation rested upon the company to incur the expense of such repaving.

On April 2, 1902, they were ordered to pave and keep in permanent repair, with granite block pavement, on concrete base, with tar and gravel joints, the pavement of Union street between Fourth avenue and Court street. On June 27, 1902, they informed this Department that they would accede to the request. They began to lay this pavement on sand and were stopped. After a conference the Company was permitted to repave on sand between Court street and the Gowanus Canal and the rest on concrete. Of this work nothing has been done.

In the Autumn of last year the Brooklyn Heights Railroad Company was in-

structed, in contemplation of the proposed paving with asphalt of Third avenue, from Sixtieth street to the Shore road, to repave the space between their tracks and between the rails of their tracks. They have neglected or refused to obey these instructions.

In the letter of June 27, 1902, above alluded to, this corporation agreed to do certain work imposed upon it by law, but declined to perform such work on the most important streets of this borough, such as Gates avenue, Third avenue, Nosstrand avenue and Flatbush avenue.

In an interview held between myself and the Commissioner of Public Works, representing The City of New York, and the President and Secretary of the Brooklyn Heights Railroad Company, representing that corporation, I informed them orally that the pavement on Flatbush avenue, between Fort Hamilton avenue and Church avenue, was in a very dangerous condition, and that in order to secure the safety of pedestrians and horses it should be repaired at once. This they have failed to do. Neither the oral nor the written agreements of the said corporation can be trusted. On March 22, 1899, they agreed, through their Engineer, to remove the tracks on Humboldt street, together with the poles and overhead wires, and to restore the street to its former condition, provided they were permitted to make a connection on Meeker avenue, between Humboldt street and Graham avenue. On October 23, 1899, a similar stipulation was executed by the President of the said company and transmitted to the former Commissioner of Highways. On August 2, 1900, they were granted a permit to make the said connection on Meeker avenue on condition that the company would remove the double tracks, overhead wires and poles therefrom and restore the street to its former condition. A certificate was attached to this permit in which the said Brooklyn Heights Railroad Company, pursuant to a resolution of its Board of Directors hereby certifies and declares that it accepts said permit with all its terms, conditions and provisions and agrees to all the terms, conditions and provisions of said permit. This agreement was executed on August 7, 1900, by the President and Secretary of the company, and thereafter a permit was granted by The City of New York for the construction of the aforesaid connection on Meeker avenue. At the end of the year 1901, the said company had done absolutely nothing in the matter of removing the tracks, overhead wires and poles, nor had it made, according to the written communication of the Secretary of the Railroad Commissioners, any application to the said Commissioners for the removal of said tracks, wires and poles. They were, therefore, notified by this department on February 11, 1902, to make application, in pursuance of their agreement, to the Railroad Commissioners for permission to remove the tracks, wires and poles above mentioned, and within a reasonable time after the consent of the Railroad Commissioners was obtained to remove the said tracks, wires and poles and to restore the street to its former condition. They have not, I am informed and believe, applied to the Railroad Commissioners for such permission, nor did they remove the said tracks, wires or poles. Finding that the company deliberately intended to violate its written agreement with the city, I ordered the Bureau of Highways to remove the said tracks. My instructions were carried out.

I respectfully submit to your honorable Board, therefore, that the written agreement of the Brooklyn Heights Railroad Company is absolutely worthless, except so far as it may be to their interest to carry it out.

On April 17, 1902, the Brooklyn Heights Railroad Company was notified that, by reason of the maintenance of the railroad cuts through the south line of Thirty-eighth street, between Fourth and Fifth avenues, and the absence of a retaining wall upon the side of said cut, the said Thirty-eighth street between the points mentioned had fallen into the excavation. They were requested to restore the said street at once to its former condition so that it would be fit and safe for public use and to construct an upper retaining wall for the purpose of safeguarding the said street. On April 22, 1902, they stated in reply to this demand that the property in question belonged to the South Brooklyn Railroad Company, but that their engineer, acting on behalf of the South Brooklyn Railroad Company, was preparing a plan for the purpose of furnishing a permanent support to this street, and that as soon as the plans and estimates were completed they would confer with this department. They have assumed a policy of absolute inactivity in this matter for now three months, and the street still remains in a condition which menaces the lives and property of our citizens.

It is clear, therefore, that the Brooklyn Heights Railroad Company ignores the wishes of the public authorities, and is indifferent to the safety of our citizens who use the streets.

I further respectfully submit to your honorable board the fact that the Brooklyn Heights Railroad Company is financially indebted to The City of New York. The former Department of Highways advanced the funds of this city to effect certain repaving, which, under the provisions of the said General Railroad Law, devolved as a duty upon the said Company, but which the said Railroad Company neglected or refused to do.

I have instructed the Law Department to institute legal proceedings against the said Company on behalf of The City of New York. The indebtedness of the Brooklyn Heights Railroad Company for money expended by the former Department of Highways in the performance of work which was chargeable upon the company itself has accumulated in the present Bureau of Highways to the extent of over \$10,000.

In conclusion, I consider it my duty to point out to your Honorable Board the fact that a street surface railroad company which has been thus negligent in the performance of its duties to the public authorities and of the safety of pedestrians should not be granted further public franchises until at least their financial arrears have been liquidated and a proper bond has been given for the performance of the stipulations which may be made between them and The City of New York.

We do not receive the bids of private contractors who are in arrears or from those whose character and record prove them to be untrustworthy; and I cannot understand why a street railroad corporation should be dealt with on any other basis.

I inclose herewith copies of the letters referred to in this communication.

Yours very truly,

J. EDW. SWANSTROM, President, Borough of Brooklyn.

President Orr announced that a public hearing on the merits of the bids would be held on Thursday, 24th instant, at 2.15 p. m., after which the Board went into executive session.

The Board then adjourned.

BION L. BURROWS, Secretary.

BOARD OF EXAMINERS.

September 30, 1902.

Present—Messrs. Francis C. Moore, Warren A. Conover, Cornelius O'Reilly, William C. Smith and William J. Fryer (Acting Chairman).

Meeting called to order at 2 p. m.

Minutes of meeting of the 23d instant read and, on motion, approved.

Appeal No. 270, laid over at last meeting.

Mr. C. Hubbs appeared before the Board.

On motion, approved in accordance with the amendment filed the 19th instant and the plan filed therewith and duly transmitted to the Bureau of Buildings, Borough of Brooklyn, and on the further conditions (1) that the under side of the stairs and the ceiling of the stair halls be covered with wire lath and plastered; (2) that all doors entering into stair hallway be made fireproof; (3) that ceiling over the furnaces in cellar be protected by a suspended metal shield.

Appeal No. 271, laid over at last meeting.

Mr. C. Hubbs appeared before the Board.

On motion, approved in accordance with the amendment filed the 19th instant and the plan filed therewith and duly transmitted to the Bureau of Buildings, Borough of Brooklyn, and on the further conditions (1) that the under side of the stairs and the ceilings of the stair halls be covered with wire lath and plastered; (2) that all doors entering into stair hallway be made fireproof; (3) that ceiling over the furnaces in cellar be protected by a suspended metal shield.

The Board holds, in regard to these two appeals, that a building 40 feet high, constructed in strict accordance with the plan submitted and amended, would be better for the safety of the inmates than one constructed according to the strict letter of the Building Code 35 feet high.

Appeal No. 276, laid over at last meeting, amended September 25 instant.

On motion, approved as amended.

Appeal No. 278, Alteration No. 3388 of 1902, premises No. 574 Carroll street, Borough of Brooklyn, William J. Ryan, Esq., appellant.

The building proposed to be altered is a three-story and cellar frame building on post foundation, and, owing to grading of street, the first story is 6 feet below and 23 feet above grade or curb line.

I propose to raise building so as to bring original first floor to grade line as per section 142 of Building Code. Also to place new foundation walls under old building in place of posts, and to build new extension, as shown on drawings and described in application.

Mr. W. Ryan appeared before the Board.

On motion, approved.

Appeal No. 279, New Building No. 513 of 1902, premises No. 198 Broadway, Manhattan, Walter H. Wickes, Esq., architect and appellant.

The substitution of cast-iron round columns, as shown on revised set of structural steel drawings filed as an amendment September 5, 1902, in place of the cast-iron H columns as shown on revised column schedule filed September 17, 1902.

We claim that as the proposed building has a six-story structure on either side of it and high buildings on either side adjoining these, and in consideration of the fact that the south wall to the sixth story is a party wall, for all practical purposes the curb line may be considered to begin at the sixth story, and under the law in a building of that height the wind pressure may be disregarded.

Mr. W. H. Wickes, Mr. R. E. Moss and Mr. Hopper appeared before the Board.

The Superintendent of Buildings, Borough of Manhattan, forwarded a communication stating that the application stands approved, hence papers not forwarded.

Appeal No. 280, New Building No. 1268 of 1902, premises No. 459 Clinton avenue, Borough of Brooklyn, M. Thomas, Esq., architect and appellant.

To substitute 4-inch brick walls in place of 8-inch brick walls about furnace flues lining same with earthenware pipe; flues are in north or party wall, not requiring furring or other combustible material.

Mr. Mercier Thomas appeared before the Board.

On motion, approved on condition that no flue is larger than 8 inches by 12 inches.

Adjourned.

JAMES GAFFNEY, Clerk.

Commissioner of Water Supply, Gas and Electricity.

830-014

LESSEED WATER SUPPLY.

NOTICE IS HEREBY GIVEN TO THE homeowners and residents in all those parts of the Borough of The Bronx which are supplied with water from the City's water mains, that on and after October 1, 1902, and during that month, the Old Croton Aqueduct will have to be closed at a point north of the Jerome Park Reservoir, and the operation of the temporary pumping plant which has hitherto pumped from the aqueduct into The Bronx water mains a daily supply of ten million gallons of water, will have to be discontinued during said month, in order to make the connections between the old and the new aqueducts and the new 48-inch water main which will supply the central and lower portions of the Borough, and will, as soon as the connections are completed, increase the water supply at least 50 per cent.

During October the supply will be diminished about one-third, and the pressure in delivery of the water will be correspondingly reduced. The inconveniences which may result from this temporary decrease of supply will be much mitigated if the people will abstain from lavish and wasteful use of water which this Department earnestly requests them to do.

DEPARTMENT OF PARKS.

AUCTION SALE.

THE DEPARTMENT OF PARKS, BOROUGHS of Manhattan and Richmond, will sell at public auction, by Joseph Shongood & Sons, auctioneers, on

FRIDAY, OCTOBER 10, 1902,

at 10.30 o'clock a. m., buildings, consisting of four dwelling houses, standing on lands acquired for park purposes (Colonial Park), on the north side of One Hundred and Forty-fifth street, between Edgecombe and Bradhurst avenues, known as Nos. 321, 323, 325 and 327 West One Hundred and Forty-fifth street, in the Borough of Manhattan.

The sale will take place on the ground, commencing with the first named building, at the hour stated, and continue until all the buildings have been sold.

Information as to the dimensions and character of the buildings may be had upon application at the office of the Department of Parks, Arsenal, Central Park.

TERMS OF SALE.

The sale is on condition that the work of removing the buildings sold shall be commenced within ten days from date of sale, and the buildings shall be entirely removed by the purchaser within thirty days from October 10, 1902, upon which date possession will be given the purchaser, who shall thereafter be liable for any and all damages to persons, animals or property by reason of the occupancy or removal of said buildings.

The amount of the purchase money must be paid in cash or certified check at the time of sale, or the buildings not so paid for will be resold.

To secure the removal of the buildings the purchaser will be required to make at the time of sale a deposit of \$50 in cash or certified check on each lot purchased, which deposit will be returned if the building is removed within the time stipulated, otherwise it will be forfeited to the Department.

Should any of the buildings sold be not removed within the specified time, the Department may again take possession and cause the same to be resold or removed.

DEPARTMENT OF FINANCE.

NOTICE TO TAXPAYERS.

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, NEW YORK, September 1, 1902.

TAXPAYERS WHO DESIRE TO OBTAIN bills promptly should make immediate written requisition (blanks may be procured in the borough offices), stating their property by Section or Ward, Block and Lot or Map Number, making copy of same from their bills of last year.

If a taxpayer is assessed for personal tax, the requisition should also request bill for such tax. Each requisition should be accompanied by an envelope bearing the proper address of the applicant and with return postage prepaid.

In case of any doubt in regard to Ward, Section, Block or Lot Number, taxpayers should take their deeds to the Department of Taxes and Assessment and have their property located on the maps of that Department, and forward to the Deputy Receiver of Taxes, with the requisition, a certified memorandum of their property, which will be furnished by the Department of Taxes and Assessment.

Taxpayers in this manner will receive their bills returned by mail at the earliest possible moment and avoid any delay caused by waiting on lines, as is required in case of personal application.

The requisition must be addressed and mailed to the Deputy Receiver of Taxes in whichever borough the property is located, as follows:

John J. McDonough, No. 57 Chambers street, Borough of Manhattan, New York.
John B. Underhill, corner Third and Tremont avenues, Borough of The Bronx, New York.
Jacob S. Van Wyck, Municipal Building, Borough of Brooklyn, New York.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

THIRTIETH WARD.

EIGHTY-SIXTH STREET—SEWERS, both sides, between Fourth avenue and New York Bay; also, FIRST AVENUE—SEWER, between Seventy-ninth and Eighty-sixth streets; also, SECOND AVENUE—SEWER, between Seventy-ninth and Eighty-sixth streets (or in so much of said street as lies within sewer district "V"); also, BAY RIDGE PARKWAY (SHORE ROAD)—SEWER, from Eighty-sixth street to a temporary outlet at foot of Eighty-third street. Area of assessment: Both sides of Bay Ridge Parkway from Eighty-first to Eighty-ninth street; both sides of Narrows avenue from Eighty-first to Eighty-ninth street; east side of Narrows avenue from Eighty-first to Eighty-ninth street; both sides of First avenue from Seventy-ninth to Ninety-second street; both sides of Second avenue from Seventy-ninth to Eighty-ninth street; both sides of Third avenue from Eighty-sixth to Ninetieth street; both sides of Fourth avenue from Eighty-first to Ninety-second street; both sides of Fifth avenue from Eighty-sixth to Ninetieth street; both sides of Gelston avenue from Eighty-sixth street to a point extending about 220 feet south of Eighty-sixth street; both sides of Eighty-sixth street from Fourth avenue to Narrows avenue; both sides of Eighty-first street commencing at a point about 330 feet west of Fourth avenue and extending westerly to Narrows avenue; both sides of Eighty-second street from Fourth avenue to Bay Ridge Parkway; both sides of Eighty-third street from Fourth avenue to Bay Ridge Parkway; both sides of Eighty-fourth street commencing at a point about 236 feet east of Fourth avenue and extending westerly to First avenue; both sides of Eighty-fifth street from Fifth avenue to Narrows avenue; both sides of Eighty-sixth street from Hamilton avenue to Bay Ridge Parkway; both sides of Eighty-seventh street from Fifth avenue to Narrows avenue; both sides of Eighty-eighth street from Gelston avenue to Bay Ridge Parkway; both sides of Eighty-ninth street from Fifth avenue to a point distant about 145 feet west of Third avenue; both sides of Eighty-ninth street from Second avenue to First avenue; both sides of Ninetieth street from Fifth avenue to a point distant about 265 feet west of Fourth avenue; both sides of Ninety-first street from Fifth avenue to a point distant about 258 feet west of Fourth avenue; both sides of Ninety-first street from Second avenue to First avenue; that the same was confirmed by the Board of Assessors on September 25, 1902, and entered on

September 26, 1902, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019, of said Greater New York Charter. Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon, on or before November 25, 1902, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title wherever the same has not been heretofore acquired to AMOS STREET (although not yet named by proper authority), from Tompkins avenue or Centre street easterly for a distance of about 200 feet to that part of said Amos street which has been already deeded to The City of New York by George W. Vanderbilt, in the Fourth Ward, Borough of Richmond, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, in The City of New York, on Thursday, the 16th day of October, 1902, at the opening of the court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of a certain street or avenue known as Amos

street, from Tompkins avenue or Centre street easterly for a distance of about 200 feet to that part of said Amos street which has been already deeded to The City of New York by George W. Vanderbilt, in the Fourth Ward, Borough of Richmond, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point on the easterly line of Tompkins avenue, distant 200 feet southerly from the intersection of the south line of Vanderbilt avenue and the east line of Tompkins avenue; thence easterly and parallel with the south line of Vanderbilt avenue and distant 200 feet southerly therefrom 200 feet; thence southerly 50 feet to a point distant 200 feet easterly from the east line of Tompkins avenue; thence westerly and parallel with the first-mentioned line and 50 feet distant therefrom 200 feet to the east line of Tompkins avenue; thence northerly along the east line of Tompkins avenue 50 feet to the point or place of beginning.

Amos street is shown on a map entitled "Map or plan showing the locating and laying out and the grades of Amos street, from Centre street to Bay street, in the Fourth Ward, Borough of Richmond, City of New York," dated New York, January 5, 1901, and filed in the office of the Corporation Counsel of The City of New York on the 11th day of March, 1901.

Dated NEW YORK, October 4, 1902.

FIRST JUDICIAL DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of New York, by and through the Counsel to the Corporation, to acquire title in fee to certain lands, tenements, hereditaments and premises, including upland and land under water, or rights therein, fronting upon Riverside Park, in the City of New York, as and for a part or extension of the Riverside Park, and for public docks, wharves or commercial purposes, under and pursuant to the provisions of chapter 152 of the Laws of 1894.

NOTICE IS HEREBY GIVEN THAT THE fourth separate and final report of Charles L. Guy, Edward V. Loew and Grosvenor S. Hubbard, the Commissioners of Appraisal, duly appointed in the above entitled proceeding, which report bears date the 22d day of July, 1902, was filed in the office of the Clerk of the County of New York on the 22d day of July, 1902.

Notice is further given that the said report includes and affects the claim mentioned and described therein as the claim of the heirs of William Whitlock, deceased.

Notice is further given that the said report will be presented for confirmation to the Supreme Court at a Special Term thereof, Part III., to be held in the First Judicial Department, at the County Court House, in the City of New York, Borough of Manhattan, on the 8th day of October, 1902, at the opening of the court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated NEW YORK, September 13, 1902.

GEORGE L. RIVES,
Corporation Counsel, No. 2 Tryon Row, Borough of Manhattan, City of New York.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICES TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for the City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope indorsed with the title of the supplies, materials, work or service for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the board of aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to The City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by The City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done. Plans and drawings of construction work may also be seen there.
