## EXECUTIVE DEPARTMENT.

### PROCLAMATION.

To the People of The City of New York:

Pursuant to the request of the Honorable the Board of Aldermen, as expressed in a resolution offered by the Hon. Reginald S. Doull, I hereby direct that none but patriotic airs be played by the bands of music in the public parks and on the public piers on July 4.

I further direct all heads of Departments of the City Government to display the national ensign on their respective buildings from sunrise to sunset of that day.

And I urge, as the most appropriate manner of celebrating the anniversary of the Declaration of Independence, that every citizen of New York display the national colors at his residence and his place of business.

To which I have set my hand and affixed my seal of office this 25th day of June, nineteen hundred and eight.

(Signed) GEO. B. McCLELLAN, Mayor.

## PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

## PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

MONDAY, JUNE 22, 1908.

TRIBUNE BUILDING, 154 NASSAU STREET,  
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Present—Chairman William R. Willcox, Commissioners Edward M. Bassett, Milo R. Maltbie, John E. Eustis.

(1) The Secretary presented the following communication from the Counsel to the Commission, transmitting a proposed form of deed, and a proposed form of resolution authorizing the execution of the deed:

2094  
June 22, 1908.

Public Service Commission for the First District:

SIRS—I transmit herewith a proposed deed, executed in duplicate by William Gullery and wife, of certain easements in premises known as Nos. 187 and 189 Mulberry Street, drawn in pursuance of an agreement made by the Commission with Mr. Gullery, dated February 28, 1908. I have submitted the proposed deed to the Corporation Counsel, who is conducting condemnation proceedings affecting this property, and the same has his approval. I also transmit a proposed resolution, authorizing the execution of the deed by the Chairman and Secretary.

Respectfully yours,  
(Signed) GEO. S. COLEMAN,  
Counsel to the Commission.

24626

The form of deed is omitted herefrom.

Thereupon, the following resolution was moved and duly seconded:

Whereas, An agreement with William Gullery, dated February 28, 1908, was duly executed by the Commission for the purchase of certain easements in property owned by him and known as Nos. 187 and 189 Mulberry Street, for the sum of Forty Thousand One Hundred and forty-five Dollars (\$40,145.00), and

Whereas, The Secretary presented a form of deed, prepared by the Counsel, to be executed by the Commission, in pursuance of said agreement,

Now, therefore, it is

Resolved, That the form of said deed be and it hereby is approved and that the Chairman and the Secretary of the Commission be and they hereby are authorized and directed to execute the said deed in duplicate under the seal of the Commission, in behalf of The City of New York.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

TRAVIS H. WHITNEY, SECRETARY.

## PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

FRIDAY, JUNE 26, 1908.

TRIBUNE BUILDING, 154 NASSAU STREET,  
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Present—Chairman William R. Willcox, Commissioners Edward M. Bassett, John E. Eustis.

(1) On motion, the record of the proceedings of the Commission for June 19 and 23, 1908, as printed in the CITY RECORD for June 24 and 26, 1908, respectively, was approved.

(2) The Secretary presented a communication dated June 22nd, 1908, from H. A. Metz, Comptroller of the City of New York, transmitting a report from the Bureau of City Revenue, which was ordered filed.

(3) The Secretary presented a communication dated June 22, 1908, from H. A. Metz, Comptroller of the City of New York, stating that the building at No. 14 Marion Street had been torn down and that the plot had been properly cleared and was therefore turned over to the Commission. The communication was ordered filed.

(4) The Secretary presented the following notice of issue from N. Taylor Phillips, Deputy Comptroller, Department of Finance, which was ordered filed:

June 24th, 1908.

DEAR SIR—At a meeting of the Board of Estimate and Apportionment, held June 12th, 1908, the Comptroller was authorized to issue Corporate Stock, to the amount of \$175,000.00, which was approved by the Mayor.

I beg to advise you that in accordance with the above authorization, an account has been established upon our records from which all vouchers properly chargeable against this authorization should be drawn, entitled Rapid Transit Construction Fund—Brooklyn Loop Lines, Borough of Manhattan (Sub-Title No. 7).

(5) The Secretary presented a communication dated June 24, 1908, from George S. Rice, Engineer of Subway Construction, bringing to the attention of the Commission the repeated requests of the Degnon Contracting Company for the removal of building at No. 55 Bowery in order that they may be able to proceed with their work on Section 9-0-2. The Secretary was directed to communicate with the Comptroller with reference to the building.

(6) The Secretary presented the following communication from George S. Rice, Engineer of Subway Construction, which was ordered filed:

June 23, 1908.

Honorable William R. Willcox, Chairman, Public Service Commission:

DEAR SIR—In reference to the communication from Mr. Elwin S. Piper, Chairman of the United Boroughs Transit Association Committee, under date of June 11, 1908, a copy of which has been transmitted to me by Secretary Whitney, for my consideration, in the matter of laying four tracks under and along Flatbush Avenue at a lower level than the present subway, I beg leave to report:

That the proposition for building four tracks under the present subway from the corner of Flatbush Avenue and Fulton Street to the corner of Flatbush Avenue and Fourth Avenue and along Flatbush Avenue was under consideration several years ago when the laying out of new routes in Brooklyn was contemplated. This location of a connecting subway would be the natural route for one to take, as it is on the most direct line for connecting a subway from Manhattan Bridge along Flatbush Avenue Extension to the corner of Flatbush Avenue and Fourth Avenue.

This route, since the building of the subway, has not been reconsidered on account of the peculiar and extraordinary conditions which accrue to the building of any subway in this avenue at the present time.

There is to-day already built a four track structure, practically on a level with two other tracks at lower levels, the latter, in places, running diagonally across the line of the subway, in order that connections might be made for future subways, one of which is the Lafayette Avenue Extension and the other is the Fourth Avenue Extension.

The expense of building the subway through Ashland Place from the corner of Flatbush Avenue and Fulton Street to the corner of Flatbush Avenue and Fourth Avenue is approximately, in round numbers, \$7,000,000, including the necessary cost of real estate. While I have not made a detailed unit price estimate, I can state that the cost of building a railroad as proposed under the present structure, would exceed, by several millions of dollars, the cost through Ashland Place, the reason being that the subway, as at present constructed occupies the whole space on Flatbush Avenue, and this structure, carrying many loaded trains throughout the day, would necessarily need to be supported and each track would have to be underpinned, and the buildings on both sides of the avenue would require the same treatment. This would be a very expensive operation, as the new structure would be below the water level, and it would have to be built by the use of compressed air.

In making the study, I have taken for granted that provision for sinking shafts could be obtained from the tracks which are not now in operation, but which have been built by the Rapid Transit Subway Construction Company under the Contract No. 2. It is a question whether the authority could be obtained from this company to do this work, but I have assumed that it could be. After these tracks and structures had all been underpinned, which is a long, tedious and expensive process, the four track subway could be built. The time involved in doing this work would be probably more than double the time in which the subway could be built through Ashland Place.

No such construction has, to my knowledge, ever been attempted on a scale equal to this. It is an extremely difficult matter and it would take a considerable amount of time to go into the details.

When the contract for the rapid transit railroad through Fulton Street and Flatbush Avenue was first contemplated in 1901, only a three-track structure was designed; but later, when it was found that sufficient money could be obtained to make this a four track railroad, it was deemed advisable to put in the connections which have since been added to the work at a cost of nearly a million and one quarter dollars, all of which is paid for by the City. It was foreseen at that time that the construction of such connections would almost be prohibitive after the construction of the road on Fulton Street and Flatbush Avenue.

The suggestion of the Committee is a perfectly reasonable one, and any person not knowing the circumstances, would naturally think that such a railroad could easily be built; the cost and intricacies of the work practically prohibit, however, the road being built as proposed.

Respectfully submitted,  
(Signed) GEORGE S. RICE,  
Engineer Subway Construction.

(7) On motion of Commissioner Bassett, duly seconded, a resolution was adopted authorizing and directing Counsel to the Commission to commence an action or actions against the Coney Island and Brooklyn Railroad Company to recover all forfeitures and penalties incurred for violations of Final Order of the Commission No. 238, which directed said Company to equip its open cars with automatic circuit breakers to be operated over the motorman's head; and to prosecute the same to final judgment pursuant to the provisions of the Public Service Commissions Law.

(8) The Secretary presented the following communications from Edward M. Shepard, Counsel for the Long Island Railroad Company, which were referred to the Counsel to the Commission for his opinion as to the method of having the consents recorded:

128 BROADWAY, NEW YORK, }  
22nd June, 1908. }

Public Service Commission, for the First District, 154 Nassau Street, New York City:  
DEAR SIRs—The Certificate granted by the Rapid Transit Board to the Long Island Railroad Company, bearing date June 22nd, 1907, and accepted by the Company on June 25th, 1907, provides at Article II as follows:

"The franchises hereby granted shall, if the Board shall so determine, become void, unless, within one year after the time of such acceptance of this Certificate by the Railroad Company, that Company shall further and in due and lawful form obtain, so far as may be necessary, and, if and when obtained, file in the office of the Board the consent of the owners of one-half in value of the property bounded on the portions of streets, over or under which the new connections, or any part of the routes thereof, run, to the construction and operation of the new connections, or part thereof."

On behalf of the Long Island Railroad Company, I send herewith, to be filed with your Commission, the following original consents:

Montauk Cut-off

The Long Island City Realty Company, for the following described property:

Bounded on the northerly side of Borden Avenue, Block No. 109, Lots Nos. 1, 2, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17 and 18; and bounded on the southerly side of Third Street, Block No. 109, Lot Nos. 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43 and 44; which property is designated by the above lot and block numbers on the Block Map of Taxes and Assessments of the Borough of Queens, City of New York, filed in the office of the Commissioners of Taxes and Assessments in said Borough.

Stuyvesant Real Estate Company, for the following described property:

Bounded on the northerly side of Borden Avenue, Block No. 109, Lot Nos. 3, 4, 5 and 6; bounded on the southerly side of Third Street, Block No. 109, Lot Nos. 45, 46, 47, 48, 49 and 50; bounded on the northerly side of Third Street, Block No. 110, Lot Nos. 1, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20 and 21; bounded on the southerly side of Fourth Street, Block No. 110, Lot Nos. 28, 29, 30, 31, 32, 33, 34, 35, 36, 38, 49, 50, 51 and 52; bounded on the northerly side of Fourth Street, Block No. 103, Lot No. 1, and Block No. 111, Lot Nos. 1, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20 and 21; bounded on the southerly side of Hunters Point Avenue, Block No. 103, Lot No. 1, and Block No. 111, Lot Nos. 1, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39 and 40; and bounded on the northerly side of Hunters Point Avenue, Block No. 101, Lot No. 1; which property is designated by the above lot and block numbers on the Block Map of Taxes and Assessments of the Borough of Queens, City of New York, filed in the office of the Commissioners of Taxes and Assessments in said Borough.

Yours very truly,  
(Signed) EDWARD M. SHEPARD.

128 BROADWAY, NEW YORK, }  
24 June, 1908. }

Public Service Commission for the First District, 154 Nassau Street, New York City:  
DEAR SIRs—In addition to the Consents of abutting property owners, to the construction and operation of the Glendale Cut-Off and the Montauk Cut-Off of the Long Island Railroad Company, as proposed, which were filed in your office on the 23rd inst., I now enclose for filing in your office the Consent of the Degnon Realty and Terminal Improvement Company for the property in the First Ward of the Borough of Queens, City of New York, described as follows:

"Bounded on the southeasterly side of Meadow Street, Block No. 100, Lots Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 42, 43 and 44, and bounded on the northeasterly side of Crane Street, Block No. 100, Lot Nos. 1, 9, 42, 43 and 44; which property is designated by the above lot and block numbers on the Block Map of Taxes and Assessments of the Borough of Queens, City of New York, filed in the office of the Commissioners of Taxes and Assessments in said Borough."

We have already filed in your office consents for more than one-half in value of the property bounded on the portion of Meadow Street upon which the Montauk Cut-Off is to be constructed, but the Long Island Railroad Company has obtained and now files the enclosed Consent for greater precaution.

None of these Consents have yet been recorded in Queens County, and as they affect the title to real property, it is proper that they should be recorded. I understand that papers sent for record in Queens County are generally not returned before three months, and the Consents have not been recorded as the Railroad Company was unwilling to take the risk of not having them back before the time for filing the Consents with your Commission expired. I hope that there will be no objection to their now being recorded at the expense of the Railroad Company, in the County Clerk's Office in Jamaica; and, if you prefer, I will have my office attend to the recording. The Consents are filed with your Commission, not by reason of any statutory requirement, but only by the requirement contained in the Franchise granted by the Rapid Transit Board and the County Clerk of Jamaica has refused to record certified copies.

Yours very truly,  
(Signed) EDWARD M. SHEPARD.

(9) CONTRACT NO. 1—DETERMINATION OF ADDITIONAL CLAIMS.

And as part of this determination, I further report that, if there should prevail the theory and claim of the contractor that work done and materials furnished which were necessary to the construction and equipment of the railroad should, nevertheless, be treated as extras and allowed for as such, if not within estimates of quantities, etc., considered when the contract was made, then allowances would have to be made in favor of the City as well as against it; and that among such allowances would be the following:

Saving in steel, an amount in excess of.....	\$20,000.00
Saving due to omission of pedestal stone, and steel due to same; an amount in excess of.....	110,000.00
Omission of gas pipe hand-rail; an amount in excess of.....	70,000.00

Due to omission of guard-rails; an amount in excess of.....	315,000.00
Due to moving tracks on Lenox Avenue from center to side of street; an amount in excess of.....	155,000.00
Due to raising base of rail on Sections 9 and 9B; an amount in excess of	35,000.00
Due to decreasing the width of approaches to Harlem River Tunnel; an amount in excess of.....	13,000.00
Due to changes in construction of the Harlem River Tunnel; an amount in excess of.....	206,000.00
Due to change in form of construction from brick tunnel and brick in asphalt omitted in wet tunnel on Sections 7, 9B, 13 and 14; an amount in excess of.....	65,000.00
Due to omission of enamelled brick, brass railings, and other changes in details of station construction; an amount in excess of.....	400,000.00
Due to omission of cut stone face to retaining walls at Ft. George; an amount in excess of.....	11,000.00

In view of the items of my determination which are adverse to the claims of the contractor, I decline making to the City or considering the foregoing allowances or any like allowances. Nor do I hereby undertake fully or in any case precisely to state or estimate the items or amounts of claims of the City which would be just and should be allowed in case the basis of the items of my determination adverse to the contractor should be erroneous.

I have, however, considered and do hereby determine that the City is entitled to an allowance, by reason of the omission of the construction of a portion of the East-side Viaduct north of 180th Street, not including the station, amounting to \$44,000.00.

GEORGE S. RICE,  
Acting Chief Engineer.

Thereupon, on motion made and duly seconded, it was Resolved, That the Commission appeal from the determination of its Acting Chief Engineer dated June 23d, 1908, and that the Chairman be and he is hereby authorized to execute a notice of appeal in the form to be presented by the Counsel to the Commission.

The Secretary presented a communication, dated June 23, 1908, from George C. Katte, Secretary of the Morris Heights Taxpayers' Association, demanding provision for passenger transfer at 138th Street in connection with the Jerome and Westchester branches of the proposed Broadway-Lexington Avenue Subway, and urging the Commission to direct that the cars of the Union Railway Company should run continuously across Tremont Avenue at Third Avenue. The communication was referred to Commissioner Eustis.

TARIFF ORDER (No. 601).  
On motion made and duly seconded a Tariff Order (No. 601) was adopted, granting permission to the New York Central and Hudson River Railroad Company to put into effect at once a Tariff P. S. C.—1 N. Y.—No. 77, to supersede the rates on like traffic set forth in Tariff P. S. C.—1 N. Y.—No. 1, said tariff being a schedule of rates on fresh dressed meats in refrigerator cars from 130th Street station, New York.

Commissioner Eustis presented the following report:

IN THE MATTER OF THE COMPLAINT OF THE COMMISSIONER OF LABOR OF THE STATE OF NEW YORK AGAINST THE ALLEGED VIOLATION BY THE CRANFORD COMPANY OF THE LABOR LAW.

A hearing was held on June 20, 1908, at 10:00 A. M., on the complaint of the Commissioner of Labor that the Cranford Company, the contractor for Section 9-0-3 of the Brooklyn Loop lines, failed to comply with the Labor Law in that it employed men to do shoring work at less than the prevailing rate of wages. The contractor duly answered, and on the hearing was represented by counsel, and the Commissioner of Labor appeared by Mr. William W. Walling, First Deputy Commissioner. It appears that the complaint arose from the work of the contractor in underpinning the buildings along Centre Street. The Department of Labor contended that the work was that of shoring buildings, while the contractor contended that shoring property consisted of placing timber struts against the buildings and needling them as a method of support while the buildings were off their foundations, and claims that this work was not done in this manner. The contractor seems to have adopted a novel method of support along this work in that the foundations of the buildings are not disturbed, excavations being made under the buildings, and concrete supports extended thus reinforcing the foundation. For this work timbermen and laborers were used, but the affidavits and reports presented by the Commissioner of Labor establish the fact that where a shorer was employed by the contractor he was in each instance paid the prevailing rate of wages of \$3.50 for a day's work of eight hours. The question therefore resolved itself into one whether timbermen, placing concrete piles and preparing excavations for concrete piles and supports, were technically shorers and therefore entitled to \$3.50 a day. In my opinion the evidence clearly showed that these men were not doing what is generally and usually known as shorer's work, but were doing the work which is usually done by timbermen. This conclusion is also, I think, the conclusion of the Deputy Commissioner of Labor who, after the hearing, agreed that the complaint had not been substantiated, and I think it is also the conclusion of the City Comptroller's office, which also had a representative present.

I therefore report that, in my opinion, no violation of the Labor Law, as charged, exists, and advise that a resolution be adopted dismissing the complaint.

## DISMISSAL ORDER (No. 602).

Thereupon, on motion of Commissioner Eustis, duly seconded, a resolution was adopted dismissing the complaint upon the merits and directing that the Secretary advise the Commissioner of Labor that after a hearing of all parties concerned, the Commission was of the opinion that no violation of the Labor Law, as charged, exists, and that the Secretary advise the Comptroller of The City of New York of the Commission's decision in the premises.

## ORDER (No. 603).

On motion made and duly seconded an Order (No. 603) was adopted directing that every street railroad corporation under the jurisdiction of the Commission shall, on or before July 15, 1908, file a return with the Commission showing for the twelve months ended June 30, 1908, (1) the number of cash passenger fares and (2) number of transfers collected in that period; (3) the number of passengers transported in chartered cars and (4) the number of employees and other persons carried free; also (5) the total number of miles run by regular passenger cars and (6) by special or chartered cars.

(14)

## DISCONTINUANCE ORDER (No. 604).

On motion by Commissioner Bassett, duly seconded, a Discontinuance Order (No. 604) was adopted discontinuing proceedings on the complaint of J. H. F. Boese, upon which Order No. 571 was issued, with respect to the condition of the road-bed and trolley poles on the Dutch Kills Line of the New York and Queens County Railway Company, the complainant having expressed himself as satisfied with the action of the Company.

(15)

## FINAL ORDER (No. 605).

Commissioner Bassett presented the following opinion in the matter of the hearing on motion of the Commission on the question of improvements in and additions to the service of the Brooklyn, Queens County and Suburban Railroad Company with respect to its Metropolitan Avenue Line:

This investigation and hearing was had upon the complaint of the Board of Aldermen of the City of New York. Following is their resolution:

Resolved, That the Public Service Commission for the First District be and hereby is requested to investigate the conditions under which the cars of the Metropolitan Avenue division of the Brooklyn Rapid Transit Company are operated, with the further request that the said company be compelled to operate cars at shorter intervals than now employed.

It was disclosed at the first three hearings that the conditions complained against involve a difference of opinion between residents and property owners along the lower part of Metropolitan Avenue and thence along the lower part of Grand Street on the question of how through cars should operate to the Grand Street ferries. Formerly the Metropolitan Avenue surface line operated from St. Johns Cemetery through Metropolitan Avenue to Kent Avenue and thence south to the ferries. About eight years ago the through Metropolitan Avenue cars were turned into Grand Street at the Newtown Creek Bridge, proceeding thence to the ferries by Grand Street and lower Metropolitan Avenue was cared for by a shuttle service. The operating company considers that the majority of its patrons are better served by the present method. It appears that lower Metropolitan Avenue almost parallels Grand Street and residents living between these two streets can take the cars at Grand Street fully as conveniently as on Metropolitan Avenue. Users of the line residing beyond Newtown Creek Bridge prefer to have their cars go through Grand Street, inasmuch as that is the business street of the locality. If the Metropolitan Avenue cars were taken away from Grand Street the service on that important street would be cut in half. Residents on Metropolitan Avenue desiring to have the old route replaced say that they do not desire to rob Grand Street of its cars, but only desire that the former route and service on Metropolitan Avenue shall be restored. This, however, would double the service on Metropolitan Avenue east of Newtown Creek Bridge, and the inspections of the commission do not show that such an increase is necessary. The aggravating circumstance of the situation is that the shuttle service on lower Metropolitan Avenue is so infrequent that it is practically unused. To lessen the headway to twenty minutes during the day would probably not substantially increase its usefulness. Indeed, this was done by the company during the progress of the hearing without materially increasing its patronage.

There is general complaint in the locality north of Grand Street that while many lines coming from the south pass over Williamsburg Bridge to Delancey Street, no lines coming from the north afford a similar service. On this account it is likely that in the near future it may be advisable to re-route these cars so that they will operate through Metropolitan Avenue as far as Marcy Avenue, then to Grand Street, instead of via Grand Street west of Newtown Creek, as at present. This subject, however, must be taken up in conjunction with service to Greenpoint, and it was deemed by all concerned that this remedy could not be adequately covered or settled in this hearing. My conclusion is that many more people would be accommodated than advantaged by operating the Metropolitan Avenue cars through lower Metropolitan Avenue instead of through Grand Street.

The other subject of complaint; i. e., adequacy of service on the Metropolitan Avenue division, was not pressed by the citizens who appeared. This portion of the investigation elicited little or no interest on the part of the residents or officials. The only evidence produced was from the transit inspection department, and this showed that service was fairly adequate on week days but often inadequate on Sundays. The Sunday travel in this locality presents a perplexing problem. Queens County has many cemeteries to which people go in funeral parties. Sometimes they come in carriages to Long Island City and take the surface cars from that point. There is no doubt that this kind of traffic is difficult to manage, but the evidence shows that the company permits an unnecessary and constant amount of overcrowding on pleasant Sundays on this line. The reason why complaints are not more frequent is probably because the users of the line are constantly changing. I think the present Sunday schedule is inadequate and that it is right that the company should operate on each

O-602

Sunday between the hours of 9 A. M. and 8 P. M. over every point on the Metropolitan Avenue line a sufficient number of cars in each direction past any point of observation to provide during every thirty minute period a ten per cent. excess of seats over passengers at that point, but the number of cars to pass any point shall never be less than three in each half hour in each direction.

Thereupon, on his motion, duly seconded, a Final Order (No. 605) was adopted, directing that the service of the Brooklyn, Queens County and Suburban Railroad Company on its Metropolitan Avenue Line be supplemented and changed in the following manner, that is to say:

By operating on Sundays over every point on the Metropolitan Avenue Line, between the hours of 9 A. M. and 8 P. M. a sufficient number of cars in each direction past any point of observation to provide during every thirty minute period a number of seats at least ten per cent. in excess of the number of passengers at that point; the number of cars passing any point to be, however, never less than three in each half hour in each direction, between the hours of 9 A. M. and 8 P. M.;

Said order to take effect on July 19, 1908, and to continue in force for a period of two years.

## NEW YORK CITY INTERBOROUGH—CHANGE OF NAME.

The Secretary presented the following petition, dated June 16, 1908, of the New York City Interborough Railway Company for leave to change its name to the Bronx Crosstown Railway Company:

To the Public Service Commission for the First District:

The petition of New York City Interborough Railway Company respectfully shows:

I. That your petitioner is a domestic corporation duly incorporated under the laws of the State of New York, to wit: under the Railroad Law, and is located and engaged in the business of operating a railroad and transporting passengers thereon, in the City, County and State of New York, in which city its principal business office is situated, and in which its principal operations are and heretofore have been conducted.

II. That your petitioner desires to assume another name, than that now held by it, to wit: "New York City Interborough Railway Company," and that the name which it proposes to assume is "Bronx Crosstown Railway Company," which your petitioner is informed and believes is not the name of any other corporation, or so nearly resembling it is to be calculated to deceive.

III. That the grounds of its application for such change of name are because confusion has arisen between this Company and the Interborough Rapid Transit Company, another railroad corporation, which has its principal office in said City and County, in which City and County the principal operations of said Interborough Rapid Transit Company are and heretofore have been conducted. That, as your petitioner is informed and believes, this confusion has been caused by the use of the word "Interborough" in the corporate name of each of said Companies, in consequence of which, claims against one of said Companies have been made against the other, and actions at law have been brought against one of them when they should properly have been brought against the other.

IV. That this petition has been duly authorized by a resolution of the board of directors of your petitioner, as will appear from the copy of said resolution, duly certified by the Secretary of your petitioner, hereto annexed.

The petitioner prays that your Commission, as the successor to the board of railroad commissioners, will give its consent to the proposed change of name of your petitioner from "New York City Interborough Railway Company" to "Bronx Crosstown Railway Company," and will approve its petition to the Supreme Court of the State of New York, for leave to assume said proposed corporate name in place of its present name, in accordance with the requirements of law.

Dated, June 15th, 1908.

NEW YORK CITY INTERBOROUGH RAILWAY COMPANY,

By ALFRED SKITT, President.

State of New York, County of New York, ss.:

Alfred Skitt being duly sworn, says that he is an officer, to wit: President of New York City Interborough Railway Company, the above named petitioner; that he has read the foregoing petition and the same is true to the best of his knowledge, information and belief.

ALFRED SKITT.

Sworn to and Subscribed to before me this 16th day of June, 1908.

JOHN M. BURNET, Notary Public, New York County, N. Y.

At a regular meeting of the Board of Directors of the New York City Interborough Railway Company, held on the Fifteenth day of June, 1908, a quorum being present, the following resolution was duly adopted:

Resolved, That in order to prevent the confusion which has arisen between this Company and the Interborough Rapid Transit Company, on account of the use of the word "Interborough" in the name of each of said Companies, both being railroad corporations doing business in New York City, the corporate name of this Company should be changed; and the President of this Company is hereby authorized and directed to execute, in the name and as the act of this Company, a petition to the Supreme Court of the State of New York, for leave to this Company to assume the name of "Bronx Crosstown Railway Company," in the place and stead of its present name; and the President of this Company is hereby authorized, empowered, and directed to take all necessary steps and proceedings, and to execute all instruments, which may be necessary to obtain the approval of the proper officers, and to comply with all requirements of law, to the end that this Company may be duly authorized to assume said proposed corporate name, and that this resolution may be carried into effect.

State of New York, County of New York, ss.:

H. M. Fisher, being duly sworn, says: that he is Secretary of the New York City Interborough Railway Company; that he has compared the foregoing copy resolution with the original resolution passed by the Board of Directors of said Company, and that it is a true copy thereof and of the whole of said original.

H. M. FISHER.

Sworn to before me this 16th day of June, 1908.

EARL E. STARBARD, Notary Public, N. Y. County.

## ORDER (No. 606).

Thereupon on motion made and duly seconded a resolution was adopted approving the petition of the New York City Interborough Railway Company for change of name to Bronx Crosstown Railway Company.

LONG ACRE ELECTRIC LIGHT AND POWER CO.—APPLICATION TO ISSUE SECURITIES DENIED.

The Secretary presented the following opinion of Commissioner Maltbie:

## HEARING ORDER (No. 419).

IN THE MATTER OF THE APPLICATION OF THE LONG ACRE ELECTRIC LIGHT AND POWER COMPANY FOR AUTHORITY TO ISSUE \$10,000,000 OF PREFERRED STOCK, AND ALSO TO ISSUE \$50,000,000 OF BONDS TO BE SECURED BY A MORTGAGE ON ITS PROPERTY.

This is an application of the Long Acre Electric Light and Power Company, a corporation organized under the laws of the State of New York for authority:

- (1) To issue \$10,000,000, par value, of preferred stock, non-voting and non-cumulative, with a specified dividend rate of seven per cent.;
- (2) To issue six per cent., fifty-year, gold bonds to the extent of \$50,000,000 of which only \$12,000,000 are to be issued at the present time;
- (3) To execute a mortgage of all its property, present and future, to secure these bonds.

The purposes for which it is proposed to issue the stock and present issue of bonds are:

- (1) To retire the present issue of bonds amounting to \$1,000,000;
- (2) To acquire real estate and to erect thereon power houses and sub-stations;
- (3) To provide a system of underground mains, ducts, and service connections;
- (4) To pay "the corporate expenses in the conduct of its business."

The rules of the Commission relative to such applications have been complied with and hearings held at which those who favored and those who opposed the application were heard.

O-605

O-606

In the general investigation into the affairs of the electric companies in the First District a most exhaustive inquiry was made into the history and present operations of the Long Acre Company. Upon certain points the evidence there taken was supplemented at the hearings on the application. The principal facts brought out by the record are as follows:

#### HISTORY OF THE COMPANY.

The Long Acre Electric Light and Power Company was incorporated April 24th, 1903, for the purpose of manufacturing, distributing and selling electricity for light, heat and power and with such general powers as would enable it to perform other functions incidental thereto. The area of supply as defined in the original Certificate of Incorporation was bounded by 59th Street, Fifth Avenue, 33rd Street and the Hudson River, in the Borough of Manhattan. This area was extended by amended certificate upon or about June 7th, 1907, to include all of the boroughs of Manhattan and The Bronx.

Until March 22nd, 1906, the Long Acre Company had no franchise, although it is stated that it applied at one time to the Board of Aldermen and was refused; but upon that date a franchise was transferred to it which had originally been granted to the American Electric Manufacturing Company by the Board of Aldermen on May 31st, 1887, and approved by the Mayor upon June 30th, of the same year. This franchise had passed through several hands. According to the record, it was assigned by the American Electric Manufacturing Company to Mr. Frederick E. Townsend under date of April 18th, 1888, for one dollar and other considerations, not specified in the assignment. Under date of April 19th, 1889, Mr. Townsend assigned the franchise to the American Electric Illuminating Company for one dollar and other considerations not specified.

Upon November 8th, 1897, a judgment was obtained against this company. A receiver was thereupon appointed and ordered by the court to sell the franchise at public auction, he having certified that this franchise was the only property belonging to the company that he could find. The franchise was sold for \$100 to Martin Minturn, at public auction by the receiver upon December 4, 1897, and the report of the receiver was confirmed upon October 17th, 1898. Apparently no further transfer of the franchise was made until March 21st, 1906, as of which date it was assigned by Martin F. Minturn to the Long Acre Electric Light and Power Company.

The franchise is very brief and authorizes the holder to erect poles and hang wires for electrical purposes, subject to supervision of certain city officials within the area of New York City at the time of the grant, viz., the Borough of Manhattan and that portion of the Borough of The Bronx west of the Bronx River. Nothing is said as to the duration of the grant, and the only obligations imposed upon the company are to supply and maintain, free of charge, for public lighting, one arc lamp for every 50 furnished to private consumers and also to pay the city a sum equal to one cent per linear foot of streets occupied.

#### FINANCIAL CONDITION.

The Certificate of Incorporation of the company permitted the issuance of capital stock to the extent of \$50,000, but not a share had been issued prior to the purchase of the franchise in 1906. Nothing was said in the certificate as to the amount of bonds to be issued and none had been put out prior to 1906. In March of that year the franchise which stood in the name of Mr. Minturn was offered to the company, and a resolution was passed March 22nd, 1906, by the Board of Directors authorizing and directing the issue of 500 shares of capital stock of a par value of \$100 per share, or \$50,000 in all, and of 1,000 four per cent, 50-year, gold bonds, of \$1,000 each, payable semi-annually, or \$1,000,000 in all. One-half of the bonds (par value, \$500,000) were ultimately delivered to certain lawyers, who were said to represent the real owners of the franchise. The stock was issued to the Manhattan Transit Company for negotiating the sale of the franchise. Not one dollar of cash has ever been paid in for the stock or the bonds. Of the remainder of the bonds, \$400,000, par value, are in the treasury of the company; \$100,000, par value, have been deposited with the American and British Manufacturing Company as collateral security for the execution of the contract between that company and the Long Acre Company.

The financial condition of the company upon March 1st, 1908, was as follows: There were issued and outstanding \$550,000 of stock and bonds, par value, represented by the franchise and the franchise alone. Bonds to the amount of \$100,000 had also been deposited with the American and British Company as just stated. There were also current liabilities amounting to \$93,325.80, consisting of a demand note in favor of Mr. J. H. Hoadley for \$59,150.80; another demand note in favor of the American and British Manufacturing Company for \$16,000, and various accounts payable, amounting to \$18,175. The only physical property owned by the company is carried on the books as having cost \$16,000, which was paid for by the demand note of the American and British Manufacturing Company just referred to. The company claims to have had upon deposit cash amounting to \$18,010.21. This is really a credit and was obtained by giving the demand note to Mr. Hoadley, above referred to. The accounts payable, amounting to \$18,175, represent \$17,500 for legal expenses and \$675 for rent and salaries. The remaining obligations, being part of the Hoadley note, are represented by the following items:

Interest on bonds (4% on \$500,000).....	\$20,000.00
Office and petty expenses.....	864.85
Engineering expenses upon power plant (15 + per cent.).....	2,500.00
Legal expenses.....	11,063.50
Expenses of mortgage and bond issue.....	6,444.43
Organization expenses.....	267.81
	<hr/>
	\$41,140.59

#### ASSETS AND LIABILITIES.

Besides the franchise the company had no intangible property, and its physical property was limited to a few small engines, generators and other apparatus valued by the company at \$16,000 and said to be worth approximately that amount by the electrical engineer of the Commission. These were located upon the premises, at East 47th Street, near Second Avenue, of the Manhattan Transit Company, which controls the Long Acre Company, through the ownership of 490 shares out of 500. The Long Acre Company owned no real estate or buildings, and so far as ascertained had paid no money for options upon or part interests in any other property. The plant was purchased in December, 1907, and can be connected with six buildings upon Second Avenue, between 47th and 48th Streets. Upon March 12th, 1908, it was supplying only one customer—the Manhattan Transit Company, upon whose premises the plant was located. It has leased a through duct upon Second Avenue, extending from 42nd Street to 48th Street. The only portion now being used is from 47th to 48th Streets.

The only agreement outstanding of which there is any record is an agreement with the American and British Manufacturing Company, relating to the construction of a big power station and distribution system, for which the company asks authority to issue securities. According to this document, the Long Acre Company has agreed:—

- (1) To pay the net cost of all apparatus, materials and work provided by the American and British Company, as shown by vouchers approved by the general engineer of the Long Acre Company.
- (2) To pay all the expenses of the A. & B. Co. for engineering, superintendence and employees used upon the work,
- (3) To pay, in addition to the above items, 15 per cent. as a clear profit to the A. & B. Co.,
- (4) To make payment by the 10th of each month for the materials, labor, &c. furnished during the preceding month,
- (5) To make such payments in notes providing for the public or private sale of bonds which are held as collateral,
- (6) To keep upon deposit with the A. & B. Co. approximately \$100,000 in bonds above the amount due at any time.

The American and British Company, under the contract:

- (1) May sell the \$400,000 of bonds now in the treasury of the Long Acre Company at 70 per cent. of par value;
- (2) May sell subsequent issues for "a fair market value";
- (3) Shall receive 5 per cent. commission upon (1) and (2);
- (4) Shall continue to own all materials, apparatus, etc., furnished until paid for;
- (5) May sublet this contract in whole or in part, and the amount paid to the sub-contractor under this sub-contract shall be taken as the cost upon which the profit of 15 per cent. to be paid to the A. & B. Co. is to be computed.

If the Commission should grant the application of the Company, the proceeds from the sale of the stock and bonds would be expended according to the above provisions.

#### DOES SECTION 68 APPLY?

As the Long Acre Company was not supplying current when the Public Service Commissions Law became a statute, June 6th, 1907, one of the first questions raised by the application is whether the company should not have obtained a certificate under section 68 of the statute. This Section provides:

"No gas corporation or electrical corporation incorporated under the laws of this or any other state shall begin construction, or exercise any right or privilege under any franchise hereafter granted, or under any franchise heretofore granted but not heretofore actually exercised without first having obtained the permission and approval of the proper commission \* \* \*"

The Long Acre Company admits that it had not begun construction prior to June 6th, 1907, but claims that a certificate under this Section is not necessary because the franchise under which it wishes to operate had been exercised prior to the enactment of the law—some 17 or 18 years ago. Considerable testimony was presented in the general investigation to show that current was supplied to a number of consumers by the American Electric Illuminating Company from 1889 to 1890. It has been asserted by those opposed to the granting of the application that the Long Acre Company did not supply current at that time nor at any time, but the evidence presented seems to support the contention of the Long Acre Company.

The question resolves itself, therefore, into an interpretation of the statute. Does the law provide that a corporation shall secure a permit to begin construction as distinguished from permission to operate under a franchise? Or, applying it to the present case, does the statute require that the Long Acre Company should have secured permission to begin construction, notwithstanding the fact that another company had operated under the franchise many years ago?

In the first place, there is no question but that the Long Acre Company is an electrical corporation under the law, and that it has obtained no certificate to begin construction. The only ways in which the statute may be so construed as to relieve the company from this requirement are two:—Either to hold that the words, "begin construction", refer to the same act as "exercise any right or privilege under a franchise \* \* \*"; or to construe the phrase "begin construction," as applicable only to such corporations as are to operate under franchises which have never been exercised.

Neither position seems to me tenable. Two distinct acts are contemplated by the statute: To begin construction, and to exercise a right under a franchise. A company might have a right under a franchise which would not involve construction. Hence, the two expressions ought not to be considered synonymous or interchangeable. This conclusion will appear the more natural when one reads the remainder of the section containing a prohibition against municipal construction and operation, except with the approval of the Commission, and also Section 53 of the Act and Section 59 of the Railroad Law, where the distinction between a certificate of public necessity and convenience and one permitting the exercise of a franchise is clearly drawn.

As to the second point, I can see no logical grounds for holding that the phrase, "under any franchise heretofore granted but not heretofore actually exercised," modifies "shall begin construction." It is clear, I believe, that it is co-ordinate with "under any franchise hereafter granted" and modifies "or exercise any right or privilege."

#### LEGALITY OF SECURITIES.

The question as to the legality of the stocks and bonds already issued arises in this way. The company had issued no stock or bonds prior to the passage in 1905, of the law creating the Commission of Gas and Electricity although the Certificate of Incorporation of the company made provision for \$50,000 of stock. One of the provisions of the Act was:—

"Section 12. Stock or bonds shall not be issued by any corporation hereafter incorporated which is subject to the supervision of the commission, until the certificate of authority has been issued as required in the preceding section, and until such commission shall further certify, in writing as to the amount of stock or bonds reasonably required for the purposes of the corporation. Stock and bonds of such corporation shall not be issued in excess of the amount so certified. Any such corporation heretofore or hereafter incorporated shall not increase its capital stock or its bonded indebtedness without the consent in writing of such commission, stating the amount of the authorized increase."

As the Long Acre Company was incorporated prior to the enactment of the law, the question involves an interpretation of the last sentence only. The matter has been most carefully investigated by the Counsel to the Commission, and in his opinion there is grave doubt whether the stock and bonds of the company have been legally issued, not having been approved under the act of 1905 by the Commission of Gas and Electricity. To reach the conclusion that the Commission's approval was not necessary, one is forced so to construe the statute of 1905 as to permit a company incorporated prior to the passage of the law to put out an initial issue of stock and of bonds without any approval whatever. If this construction be the correct one, any such company could have evaded the law so far as its own operations were concerned by making the initial issue so large that the amount raised thereby would have sufficed for a generation. It seems clear that the legislature did not intend to provide such a loop-hole through which a few corporations could escape the supervision which was so carefully provided for all other corporations. The most natural construction is that the legislature intended to require all gas and electric corporations to go to the Commission for the approval of all stock and bond issues. The word "increase" is, in my opinion, intended to cover the point where a corporation had already issued stocks or bonds and to provide that stocks and bonds once issued need not be submitted to the Commission of Gas and Electricity for approval, but that all future issues whether "increases" or original issues should be approved by the Commission.

If this is the proper interpretation of the Act of 1905, there was a legal, certainly a moral, duty upon the Long Acre Company to apply to the Commission of Gas and Electricity for the approval of the stock and bonds issued in 1906 and 1907. So far as I have been able to learn no other corporation has relied upon the narrow interpretation of the statute above referred to; and there have been cases exactly similar to that of the Long Acre Company and others where approval has been asked for an initial issue. The Commission of Gas and Electricity called the attention of the Long Acre Company to the issuance of securities without its approval, and proposed that if there were any question regarding the jurisdiction of the Commission, the matter should be referred to the Attorney General for an opinion. The Commission did this early in 1907, immediately after the issuance of the bonds, but as the Long Acre Company would not give the information requested, no opinion was secured from the Attorney General.

#### TITLE TO THE FRANCHISE.

If the stock and bonds of the Long Acre Company have not been lawfully issued, and at best there is grave doubt as to their legality, two questions naturally arise:—First, has the Long Acre Company a clear title to an electric lighting franchise, \$550,000 in stock and bonds having been issued for the franchise; second, should the present bonds be legalized by the permission of this Commission to substitute therefor securities from the new issue?

As to the former, it would seem that the title to the franchise will remain with the company until some affirmative action shall be taken successfully to divest it of the title, and no such action has yet been taken. Another question as to the validity of the title was raised by those opposing the application. It was claimed that Martin F. Minturn who sold the franchise to the Long Acre Company, did not own the franchise himself but held it as trustee for two other persons.

A claim to a one-half interest in this franchise was made at the hearing on behalf of a company claiming through one of these two persons. It appears also that there is on record in the County Clerk's office of the County of New York in Liber 13 of General Mortgages, pages 310-320, a mortgage covering this claimant's interest in this franchise, which mortgage was recorded May 24, 1905.

The Long Acre Company denied all knowledge of these assertions. The subject was not completely covered by the evidence, for, in my opinion, the question of title is one to be decided by the courts and not by this Commission. I, therefore, refused to subpoena witnesses desired by those opposing the application, and I have since been informed that a suit is to be brought to test title in the courts.

It is a serious question, however, whether several millions of securities should be stamped with the approval of this Commission when a question has been raised as to the validity of the sale and as to the legality of the transfer by which the franchise

came into possession of the company. Innocent purchasers of these securities naturally assume that approval by this Commission would not have been given as long as there was any doubt as to such fundamental matters and that every precaution had been taken to leave no doubt as to the security of the issue.

#### CAPITALIZATION OF FRANCHISES.

It is doubtful, further, whether this Commission has authority to approve an issue of securities part of which is to be issued to replace bonds of questionable legality which were originally issued in payment for a franchise. Section 69 of the Public Service Commissions Law specifically states:

\* \* \* "The Commission shall have no power to authorize the capitalization of any franchise to be a corporation or to authorize the capitalization of any franchise or the right to own, operate or enjoy any franchise whatsoever in excess of the amount (exclusive of any tax or annual charge) actually paid to the state or to any political subdivision thereof as the consideration for the grant of such franchise or right."

The Long Acre Company proposes to use \$500,000 of the new bonds to replace the same amount issued to private parties for the franchise. This would be in effect a capitalization of the franchise, which is forbidden by law.

There are several other features of the application to which attention should be called. The new issue of stock (\$10,000,000 par value) is to be non-voting, preferred stock. As a result the affairs of the corporation will be controlled by the holders of a majority of the stock now outstanding. This means that the owners of 251 shares, the total number being 500, having a par value of \$25,100 will control a corporation with over \$60,000,000 of security. As 490 out of the 500 shares are now owned by the Manhattan Transit Company and were issued without one dollar having been received in return, the Manhattan Transit Company controls the Long Acre Company, and unless it sells its interest before the money obtained from the issue of \$60,000,000 of securities is invested, the management and control of this large corporation will be in the hands of another corporation which has not invested any money.

An agreement had already been entered into before this application was made for the expenditure of the money to be raised by the sale of securities. Under this contract, with a company closely allied to the Long Acre Company and the Manhattan Transit Company, it would be possible for a large amount of "water" to be infused into the capitalization, and in my opinion the interests of the Long Acre Company have not been adequately protected. The contracting company has also been given certain rights regarding the sale of securities which are not considered proper.

#### WOULD COMPETITION BE ADVANTAGEOUS?

From the above facts, it appears that up to the present moment, the Long Acre Company has never obtained, directly or indirectly, the sanction of this Commission or of its predecessor to any of its operations. Whatever it has done in the way of issuing securities and of constructing a plant has been done, we must assume, at its own risk. That the company has issued \$650,000 in securities and has machinery worth about \$16,000 may not be cited under such circumstances as a reason for the issuance of more securities. This point should be emphasized, for if this Commission or its predecessor had directly or indirectly in any way given its approval to any act of the company or in any way had encouraged it to begin operation, certain matters about to be considered might not be germane. But as no such approval or permission has been given directly or indirectly, there is a much broader question to be considered than has heretofore been indicated, viz., whether it would be advantageous to the City of New York, to the taxpayers and to the consumers of electric light to permit a new company to supply electricity for light, heat and power in the Borough of Manhattan.

One would naturally expect, in view of the disappointing experience which New York City has had in its attempt to preserve competition in the electrical field, that the applicant would have produced data to show the deficiencies of the present companies. Only four points were touched upon and these not very fully.

The applicant produced evidence to show that in certain sections of the city many buildings were not wired for electric lighting or connected with the mains. When questioned as to the method by which the Long Acre Company proposed to change this condition, the engineer of the Company stated that a wiring company was to be formed whose function it would be to induce owners to install electric connections. It was stated, however, that this company would have no connection whatever with the Long Acre Company; that the Long Acre Company did not intend to do any wiring itself, and that the wiring company expected to conduct its business like any wiring concern. As there are some 1,500 electrical contractors who are constantly canvassing for work, it does not seem likely that the addition of one company quite independent of the Long Acre Company would change the situation. Further, there is nothing in the application to guarantee that such a company would be formed if the application were granted.

Another point made was that not all of the streets are supplied with mains and that the introduction of a new company would stimulate competition in this direction. There are at present about 456 miles of streets in the Borough of Manhattan, of which 393 are "built up." Of this number 321 are supplied with electric service, and with the exception of last year about 50 miles of street mains have been added each year for four years. The two companies now in the field claim to make connections upon liberal terms and as yet the Commission has received no complaints in this direction. The companies have been given to understand that if a complaint should be made, the Commission would expect them to provide service connections wherever reasonably necessary.

The applicant also urged that the Long Acre Company intended to introduce a lamp of much higher efficiency than the carbon filament lamp now in general use. Upon inquiry it developed that the proposed lamp is not yet in commercial use and has not become available outside of the laboratory. Indeed, there is still a question whether it will ever be so perfected as to be generally acceptable. But as the Long Acre Company admits that it does not intend to supply these lamps free, that it does not own or control the patent, and that it has no rights which any other company might not secure, it would be perfectly possible for the present companies to put the same lamp into use. The existence of such a lamp and the possibility that the Long Acre Company might use it do not, in my opinion, constitute a strong argument. This Commission has power to compel the existing companies to provide any lamp of higher efficiency than those in use, which is a more effective means than mere competition. The companies have recently agreed to supply the most efficient lamps now upon the market.

Another argument related to the price at which current would be supplied. The engineer of the company stated that they expected to supply current at 8 cents per K. W. H. without lamp renewals, which is fully one cent below what the Manhattan companies are now charging. There is, however, nothing in the franchise to guarantee that a larger sum will never be asked, and the statement must be taken as merely an expression of intention. Further, if 8 or 9 cents for current only is a reasonable charge and one which a company can afford to maintain, this Commission has power to fix that rate as the proper charge.

#### COMPETITION ONLY TEMPORARY.

Reference was frequently made in the testimony to the indirect benefits which would come from the introduction of competition through the stimulus thereby provided to induce each company to give the best service at the lowest price in order to keep its present consumers and to obtain others. Undoubtedly this is one of the advantages of competition in any field, but the question at once arises, how long would there continue to be competition in case the Long Acre Company were authorized to issue its securities? In reply to questions upon this point, the representatives of the Company admitted that there was no known method whereby combination in one form or another could be prevented—nothing to prevent the same interests from securing control of the Long Acre Company that now control the Edison and the United companies. Under the Public Service Commissions Law a franchise cannot now be transferred without the approval of this Commission, and one company cannot hold the stock of another company without similar approval; but there is nothing to prevent, and there is apparently no legal way of preventing, the stockholders of one company from purchasing stock in another and thus bringing the two companies under one control, virtually, although upon the surface they may be independent and competitors. If there were some way by which the independence of the Long Acre Company could be guaranteed and competition preserved, something might be said in favor of the introduction of a new company, but as a matter of fact the situation

is such as to make combination most easy. As the new stock (\$10,000,000) is to be non-voting, this \$60,000,000 corporation may be controlled by 251 shares of stock (\$25,100). As 490 shares out of the 500 are owned by the Manhattan Transit Company, a transfer of this controlling interest would be the simplest thing possible.

The whole electric history of New York City points the futility of competition. In the early years of the industry numerous companies were organized. From time to time they were absorbed, only to be followed by new companies frequently encouraged by the City with the idea that competition was the life of trade and that the more competition there was the better would be conditions. But the same procedure occurred again and again. The new companies were merged or swallowed up, until at the present time there are but two electric supply companies operating in Manhattan, and these two companies, although nominally independent, are owned and controlled by the Consolidated Gas Company.

The history of New York City has been duplicated in nearly every large city in the United States and in most of those in Europe, until at the present time there are few cities where there is genuine competition or where a customer who is dissatisfied with the service or the rates of one company may discontinue the service of that company and connect with another. Either the companies have been merged or consolidated, or the city has been apportioned among those still in existence so that even in the few instances where there is apparent competition in theory, there is in practice little real competition. This tendency is coming to be recognized as almost inevitable and the many methods which at first were used to prevent it are being abandoned not only as futile but as detrimental to the best interests of the public. It is coming to be generally recognized that monopoly control of electric light, heat and power may be very beneficial to the public if the one company or the few non-competing companies can be placed under such public regulation and control as will secure for the public a fair share in the many benefits arising from unified management. That competition cannot be depended upon to protect the consumer from high prices and poor service has been fully demonstrated.

#### THE ADVANTAGES OF UNITED CONTROL.

But putting to one side for the moment the question of how a fair share of these benefits is to be obtained for the public, let us ascertain in what they consist. In the first place, the existence of competing companies necessitates constant opening of the streets to provide service connections to the houses and street mains for the distributing wires. It is axiomatic that if there is but one company in an area, there will be but one service to a building ordinarily and but one system of street mains. If there are several companies, more than one service must be provided whenever a customer changes from one company to another, and duplicate distributing systems must be provided wherever there is real competition. To provide and maintain these additional services and mains means more frequent opening of the streets, more injury to pavements and ultimately more expense to the taxpayers—conditions which the public has been urging should be removed or reduced and not increased.

Competition also involves duplication of generating plants and substations. Each company must provide sufficient plant not merely to supply the peak of the load but to meet any accident which may occur. Machinery must at all times be held in reserve, and when there are several independent companies, no one of which may take a momentary advantage of the reserve of the other, they all must maintain reserves very much in excess of what one company must keep where it may fall back upon any and all of its stations to meet a failure at one of them. Again, it is well known that one company can generate current for the whole of Manhattan much more cheaply than can several companies each one of which undertakes to supply the entire borough. Further, the loss due to distribution is larger where there are several systems.

The result of such duplication of capital and the less economical methods of production and distribution is that the cost of delivering current to the consumer is larger under competition than under efficient monopoly. It may be and often has been true that competition has temporarily lowered rates and improved service, but this does not controvert the statement that the cost to one company of current is less than the cost to several. Competition has forced price nearer to or below cost for the moment, but every one knows that when the rate war has ceased, due to agreement or merger, prices have gone up and the consumer ultimately has paid the bill and has continued to pay interest and dividends upon duplicate capital unless the state has stepped in.

Indeed, the existence of duplicate plants and wires in such a case is almost always urged as a reason for higher charges when the state attempts to fix lower rates. The company asserts that it should be allowed a fair return upon its property as it stands notwithstanding the fact that some of it may be unnecessary, for the public permitted competition and duplication of plants, perhaps even invited them; hence the company should not be punished for the mistakes of the public. Whether this is sound logic or not, the fact remains that the existence of duplicate plant is a serious obstacle in many cities to the reduction of charges, and in my opinion, the rates for electric current would be lower in Manhattan to-day than they are if it were not for the fact that the two companies are overloaded with an inheritance from the period of competition. Is it wise to continue this process by authorizing the issue of \$60,000,000 of securities and thereby add this amount to the amount already carried by the consumer? Even the representatives of the Long Acre Company admitted that competition would be only a temporary expedient, that combination might follow and that then still another company with its large capital and duplicate plant would be necessary if the competition theory is correct.

#### PUBLIC CONTROL PREFERABLE TO COMPETITION.

Assuming that unified control of electricity supply in a large area may result in better service at lower rates than under competition, the big problems for every community are: How may the public be assured that the corporation will conduct its business wisely and economically; and how may the public obtain its fair share of the benefits which accrue from monopoly? To depend upon the corporation itself has been shown by experience to be unwise. Competition, which protects the public in ordinary pursuits, is inoperative as it has been eliminated. The only general method that has been productive of good results as long as the undertaking is in private hands is public regulation and control. Are the powers of the Public Service Commission adequate to protect the public without the introduction of a competing company in Manhattan?

The Long Acre Company says it may use a more efficient lamp than the carbon filament lamp. This Commission has power to compel the present companies to do so, and they have already agreed to supply the most efficient types commercially available. The Long Acre Company says it intends to supply current at 8 cents per K. W. H. without lamps. This Commission has power to order a reduction of rates subject only to the provision that they may not be made confiscatory, and no company can supply current at a lower rate for any considerable period. If 8 cents will allow a fair profit, this Commission can fix an 8-cent rate for the present companies upon the filing of a complaint in proper form. This Commission also has power to order improvements in the manufacture and distribution of electricity and in the plant and equipment, to regulate the methods of supply and to have general supervision of all electrical corporations. If there is anything advantageous to the consumer which the competition of the Long Acre Company will even temporarily produce that cannot be brought about by this Commission under the Public Service Commissions Law, the company has not called attention to it. Further, if experience should develop any weaknesses in the Law whereby the companies escape doing what the Commission considers proper, it is believed that the Legislature will confer still other powers.

In my opinion it would be very unfortunate for this Commission, at the very beginning of its work, before it has been demonstrated that public regulation and control is not an adequate substitute for competition and when the experience of other states and other countries strongly indicates that it is a decided improvement over competition, to authorize the issuance of \$60,000,000 in securities and thus allow another company to enter the electrical field in Manhattan. If the evidence presented had shown that the present companies were not properly serving the public, that a new company would do so and that the same results could not be secured by this Commission, it might be necessary in such a case to authorize a new company to come in. But the applicant did not produce sufficient evidence to establish these conclusions. Of course, the decision in this case upon the facts presented by the evidence, does not bind the Commission to a like decision in other cases. In other words, it must not be assumed that the refusal to sanction competition in this case indicates that it will never be permitted. Upon the contrary, one may easily imagine a series of circumstances where a competing electrical company would be a necessity. Much depends upon the attitude of the present companies toward the public and this Commission. If they

should adopt a policy of hostility and interference, it might become necessary to permit another company to enter the field.

As the questions raised by this application are of great importance, and as they have been considered by state commissions and the courts in this and other states, I have appended hereto excerpts from several cases which show that the conclusions reached in this opinion have been adopted elsewhere.

In conclusion, I recommend that the application be denied for the following reasons:

(1) No certificate to begin construction has been obtained from this Commission or its predecessor, the Commission of Gas and Electricity.

(2) It is probable that the bonds already issued are illegal and there is grave doubt of the legality of the stock, neither issue having been approved by the Commission of Gas and Electricity.

(3) It is doubtful whether the title of the Long Acre Company to the franchise which it claims is perfect.

(4) If the bonds already issued are illegal, the approval of the application would authorize the capitalization of a franchise, which is contrary to law.

(5) The amount of bonds of the new issue is very much too large as compared with the amount of voting stock.

(6) The construction contract does not adequately protect the interests of the Long Acre Company or of the public.

(7) The applicant has not proved that the existing companies are not properly conserving the public interest and convenience and that it would be to the advantage of the community to have a new company authorized to enter the field.

(8) If a competing company were allowed to begin operation, it is not likely that it would continue to operate independently for any considerable period.

(9) Competition would cause inconvenience and expense to the public, would cause duplication of plant, would lead to waste and ultimately be urged as a reason why rates should not be reduced to consumers.

(10) Practically all of the advantages claimed by the applicant as the probable results of competition can be secured through the powers of this Commission, and until it has been demonstrated that these are ineffective, it would be unwise to adopt a method which has proved to be ineffective in the past.

I recommend that an order denying the application be adopted accordingly.

#### APPENDIX.

##### WISCONSIN RAILROAD COMMISSION.

An extract from the decision of the Railroad Commission of Wisconsin "In the matter of the application of the La Crosse Gas and Electric Company \* \* 1907":—

"Duplications (sic.) of such plants is a waste of capital, whenever the services can be adequately furnished by one plant only. It necessarily means that interest and maintenance must be earned on a much greater, if not twice as great, an investment and that the actual cost of operation is likely to be relatively higher. Competition in this service therefore usually means a bitter struggle and low rates, until one of the contestants is forced out of the field, when the rates are raised to the old level if not above it, or to a combination or understanding of some sort between them which also ultimately results in higher rates. In this way it often happens that the means which were thought to be the preventative of onerous conditions become the very agents through which such conditions are imposed. In fact active and continuous competition between public utility corporations, furnishing the same service to same locality seems to be out of the question. This has been shown by experience. Such competition is also contrary to the very nature of things. Two distinct and separate corporations are not likely to remain separate very long after it becomes clear that the services rendered by both can be more cheaply and more effectively furnished by only one of them."

##### MASSACHUSETTS BOARD OF GAS AND ELECTRIC LIGHT COMMISSIONERS.

In 1893 the City of Worcester granted a franchise to a new company. An appeal was taken from this action by the existing company to the state Board, which sustained the appeal and annulled the franchise. In their decision (Report for 1894) the Board says:—

"The evidence as presented to the Board seems to afford no reasonable ground for the expectation that the proposed company could afford its lights for less than the existing company. \* \* \* It does not possess and probably does not expect to acquire the exclusive control of any invention by which special saving in cost may be effected, and it cannot reasonably be expected to possess any higher technical or business talent than lies within the reach of the existing company.

"It is the duty of the Board and its only purpose to secure to the people of Worcester, so far as it lies within its power, the best service at the lowest reasonable price. There is some reason to believe that the admission of the proposed company might seriously impede, perhaps wholly defeat, this object. It must be recognized that both companies are to be promoted and to be conducted for the sake of profit, and that they will be governed by the same laws as other companies in similar business. \* \* \* The history of corporations doing an electric lighting and similar business in competition in various parts of the country affords strong ground for believing that a new company, if allowed to engage in business, would not long remain by itself, as competition for a period would probably be followed, as elsewhere, by consolidation or absorption. \* \* \* But combinations and consolidations, as is well known, afford the opportunity and usually a temptation to stock development too great to be resisted. Such needless outlay should be avoided and saved, for when it has once been incurred or the money expended in an enterprise not required to supply the public wants, so great is the expectation of gain, and so persistent and unyielding the demands of capital for dividends, the remedy is not then easily found or applied, and the better policy avoids the evil at the outset by preventing the expenditure. \* \* \*

"If to sustain this appeal shall seem to secure to the existing company a monopoly of the business, it must be remembered that it can only retain this as long as the public interest is best served thereby, and that such monopoly is conditional and restricted. The company claims and exercises a general franchise throughout the city. It may be compelled to meet all reasonable demands. If it unreasonably fails or neglects to supply light when requested, this Board has power to compel such supply and has frequently exercised this authority in other localities. Consumers have a right to the lowest remunerative rates, and if they believe the prices charged are too high they can petition for a reduction, and the order of the Board as to price is binding upon the company. While the interests of the share-holders, present or prospective, ought not to be overlooked, the convenience, comfort and pecuniary benefit to the community are surely of the first importance."

In a similar case in Haverhill the Board reached the same conclusion and said (Report for 1904):

"Experience shows that the exploitation of a new company in a territory already occupied does not necessarily depend for its financial success upon the sale of electricity to the city and its citizens. That is by no means the only source of profit to such company. It has been repeatedly demonstrated that the profits of a new concern do not so much depend upon its dealings with the public as upon the relations which it may be able to establish with the company first in the field.

"If the request of the new company be granted, it may naturally be expected that for a time both city and commercial lighting will be offered by both companies at considerably less than present rates, but such competition, under the conditions in this case, is sure to be expensive, even though for a time apparently economical or profitable. We may confidently expect, first losses, then profits; losses in the conduct of the business and the struggle for a control of the situation; profits in the later union or consolidation; losses for a time in the supply of electricity, to be converted later into new capitalization as a perpetual and irremedial burden on the public. The temporary advantage to a portion of the public is reasonably sure to be followed by an undue burden upon the public as a whole, through the larger capital demanding a return, much of it representing unnecessary duplication of properties as well as losses. \* \* \*

"The action of the Board upon this case is not to be taken as a refusal to admit of competition under all circumstances, nor as an endorsement or approval of the prices offered by the existing company or of all the doings and policy of its management. It is the duty of this company to serve all its customers at prices at the lowest reasonable point, and to manage its business with such zeal, economy and enterprise as shall enable it to give the best possible service to the greatest number at the lowest cost. If it shall fail in this duty, the Legislature has provided the methods by which its fulfillment may be secured, with an apparent purpose to avoid, if possible,

the expensive and burdensome results so sure to follow such competition as was proposed in this case. The Board has ample authority, upon the petition of the mayor or a limited number of customers, to thoroughly investigate all the company's affairs, and make such orders as the public interest may require."

A recent decision of the Board along the same lines was taken into the courts and in the early part of this year the Supreme Court of Massachusetts handed down an opinion in the case of *Weld vs. Gas and Electric Light Commissioners* upholding the decision of the Commission. The court said:

"The fundamental principles, relied on by the petitioner as applicable to corporations of this general class, are well established. But the laws of this Commonwealth in regard to gas and electric lighting companies and the facts of this case give rise to considerations very different from those which induced the decisions in many of the cases above cited. In the first place, in reference to this department of public service, we have adopted, in this state, legislative regulation and control as our reliance against the evil effects of monopoly, rather than competitive action between two or more corporations, where such competition will greatly increase the aggregate cost of supplying the needs of the public, and perhaps cause other serious inconveniences. \* \* \* The state, through the regularly constituted authorities, has taken complete control of these corporations so far as is necessary to prevent the abuses of monopoly. Our statutes are founded on the assumption that, to have two or more competing companies running lines of gas pipe and conduits for electric wires through the same street would often greatly increase the necessary cost of furnishing light, as well as cause great inconvenience to the public and to individuals from the unnecessary digging up of the streets from time to time, and the interference with pavements, street railway tracks, water pipes and other structures."

##### NEW YORK APPELLATE DIVISION, SUPREME COURT.

In a recent case in New York state the Appellate Division has recognized the same theory and has interpreted the action of the Legislature in establishing state commissions as follows (See the N. Y. Law Journal for April 2, 1908):

"It is the settled policy of the State to discourage competition of this character and the reasons for the adoption of this policy have been clearly stated by the Court of Appeals (People ex. rel. N. Y. Electric Lines Company v. Ellison, 188 N. Y., 523). By section 11 of the Gas and Electric Commission Act of 1905 (chap. 737 of the Laws of 1905) it was provided that no corporation for the manufacture and supply of gas should exercise its power without first obtaining a certificate of authority from the commission, and the commission was authorized to withhold its certificate 'if the territory within which such corporation proposes to operate is already supplied by an ample and well constructed system, furnishing the service which such corporation proposes to furnish at a fair and reasonable rate,' and while the act containing this provision has been superseded and repealed by the Public Service Commissions Law (chap. 429, Laws of 1907), that act continued the prohibition of the exercise of its powers by any gas or electrical corporation until it shall first have obtained the permission and approval of the proper commission provided for by the act. \* \* \*

"As has already been shown, the power which the State retains and has exercised to fix a reasonable price upon the commodity, and to compel its delivery to any person desiring to purchase it, removes any danger of the especial vice which attaches to monopolies in other articles in common use, and, as has also been shown, the consolidation of control brought about by the purchases of stock complained of does not in any proper sense create such a monopoly as the common law and our statutes condemn."

##### NEW YORK PUBLIC SERVICE COMMISSION, SECOND DISTRICT.

The attitude of the Public Service Commission for the Second District is reflected by the decision in the application of the Lockport electric companies for permission to consolidate and issue bonds:

"A business which supplies to a community a public utility like gas, or electricity for light or power, is one in which free and full competition between two companies engaged in the same business cannot be expected to prevail permanently. Experience has, we think, amply demonstrated the fact that when there is more than one such company in a municipality engaged in the same business, while active competition may prevail for a more or less brief period, the companies generally find it to their interest to reach an understanding either as to prices or division of territory, and in the great majority of cases the two companies either become one or the control of both passes into the hands of the same parties. It can doubtless be demonstrated beyond any possibility of successful contradiction that better service and fairer prices in furnishing such public utilities to a community can, as a general rule, be given by one corporation than by several, and that this can be done with the use of less capital. The existence of more than one corporation furnishing the same public utility leads, for a time at least, to duplicate development, to the building of plants which are not needed to serve the community, to the duplication of unsightly and expensive pole lines and distributing service, to costly and unnecessary tearing up and destruction of pavements, to administrative expenses greatly in excess of those which a single company would have to meet, and to increased leakage of gas or electric current. Undoubtedly municipalities have many times enjoyed periods of better service and lower prices by reason of temporary competition prevailing between two or more companies in the same field. After the almost inevitable consolidation, understanding or division of territory, however, the service often becomes poor, and prices are raised in an effort to make the city and its inhabitants bear the burden involved in paying returns on the unnecessary capital invested in the duplicated plants. It is our belief that the provisions of the Public Service Commissions Law show a full appreciation of these facts by the Legislature of the State. \* \* \*

##### ORDER (No. 607).

Thereupon on motion made and duly seconded an Order (No. 607) was adopted, directing that the application of the Long Acre Electric Light and Power Company above mentioned, verified February 1, 1908, be denied.

##### FINAL ORDER (No. 608).

Commissioner Eustis presented the following report in the matter of the complaint of Elmer A. Allen against the New York Central and Hudson River Railroad Company with respect to the rate of fare and service from University Heights station on the Harlem Division:

The matter of the complaint of Elmer A. Allen against the defendant above named, complaining of the service of the defendant in that it had taken off one of its trains from University Heights station which arrived there at 8:18 in the morning, and also the further complaint that the rate of fare from University Heights to 155th Street of nine cents was unreasonable, was referred to me.

The testimony was taken in this matter on the 2nd, 9th and 11th of June, 1908, and insofar as the complaint relates to the removal or taking off of the train which stopped at University Heights at 8:18 A. M., going south, I find that this train was taken off from this station and the other stations northerly thereof in the Borough of the Bronx in order to create a semi-express train for people using this train from Yonkers, Park Hill, Lowerre and Caryl, there being a previous train upon this line stopping at the University Heights station at 8:01 and a following train stopping at 8:46 A. M.

It also appeared from the evidence that while there were quite a number of persons who appeared upon the hearing and gave testimony that they would be very greatly inconvenienced if this train was required to stop at University Heights, that it would delay its arrival at 155th Street to such an extent that they would lose the connecting elevated express, which would delay them at least five minutes before the next elevated express went out.

There was no evidence produced, excepting the evidence of the complainant himself, as to the necessity of this train stopping, but it may be presumed that others in that immediate locality were inconvenienced. It also appeared from the evidence that the train was very little patronized at University Heights station, in fact nearly all of the travelers in that section prefer the connections they can make with the subway direct across the bridge, or by trolley connections at 181st Street.

Since the hearing closed the defendant has submitted a statement in writing from its General Solicitor that they proposed to have one of their Hudson River trains stop at this station at 8:13 in the morning, which is within five minutes of the time that the other train stopped, and transfer can be made from this Hudson River train to the Putnam Division at either Morris Heights or Highbridge where the 8:05 train

from Yonkers stops, so that the complainant can be accommodated on this road by taking this train five minutes earlier and making a change of cars at either Morris Heights or Highbridge, which train is sufficiently near the time to be accepted by the complainant as sufficient.

I therefore recommend that the complaint in this particular be considered satisfied and complied with.

In the matter of the rate of fare, the other part of the complaint, as soon as the matter was brought to the attention of the Counsel for the defendant upon the hearing he stated frankly that he was convinced that there was a discrimination against the University Heights station in the matter of fare, as it appeared that other stations upon the line of this road for an equal or greater distance were receiving a five cent fare, and stated at the hearing that if the matter was postponed for sufficient time to take the matter up with their Mr. Fort, who had charge of traffic rates, he believed the matter could be adjusted.

Since that time I have received a written communication from Mr. Fort stating that they were going to adjust their rates along this division and would prepare a new tariff by July 1st to go into effect August 1st, wherein the fare from University Heights to 155th Street would be reduced from nine to five cents.

I would therefore recommend that in regard to this phase of the complaint an order be entered in conformity with the intention of the railroad officials that the rate of fare from University Heights to 155th Street and from 155th Street to University Heights on the Putnam Division be reduced from nine to five cents, the same to go into effect not later than August 1st, 1908, and submit an order accordingly.

#### FINAL ORDER (No. 608).

Thereupon on motion of Commissioner Eustis, duly seconded, a Final Order (No. 608) was adopted, directing

(1) That above complaint, in so far as it refers to the failure of said company to stop the train mentioned in the complaint at University Heights Station at 8:18 A. M., be and the same hereby is dismissed.

(2) That by or before the 1st day of August, 1908, said company reduce its fare for carrying passengers between University Heights Station and 155th Street Station on said line in either direction from nine cents to five cents, and that said rate shall be thereafter observed by said company and in force as the maximum to be charged.

(3) That this order shall take effect immediately and shall continue in force until such time as the Public Service Commission for the First District shall otherwise order.

(19)

#### ORDER (No. 609).

On motion by Commissioner Bassett, duly seconded, an Order (No. 609) was adopted in the matter of the application of the Ocean Electric Railway Company for the consent and approval of the Commission to the re-location of its tracks and the operation of its railroad, being an extension of its street surface railroads, said to be upon private property at Rockaway Park in the Fifth Ward, Borough of Queens, directing that the permission and approval of the Public Service Commission for the First District be and the same hereby is given to the construction by the said Ocean Electric Railway Company of the said extension and branch of said street railroad by said company and to the operation of the same upon the route described and set forth in the said certificate for extension, filed as aforesaid with the Secretary of State and the County Clerk, as hereinbefore set forth in this order, subject to the conditions hereinafter set forth and not otherwise, to wit:

The said permission and approval shall become effective only if and when the said Ocean Electric Railway Company has procured

(1) By agreement or otherwise the right to construct and operate its said extension of said railway over and upon said private property, and shall have filed the map and profile of the route thereof upon or through said private property in the office of the Clerk of Queens County, in pursuance of Section 90 of the Railroad Law; and

(2) The consents, if any, required under the provisions of Section 91 of the Railroad Law to the construction and operation of the said extension or branch of its said railway.

Further directing that the said application of the petitioner, Ocean Electric Railway Company, for relocation of its tracks, in so far as it prays authority to abandon or remove any part of its present tracks or alter its route, be and the same hereby is denied.

And further directing that this order shall take effect on the 24th day of June, 1908, and shall continue in force until otherwise ordered by the Commission.

(20)

#### FINAL ORDER (No. 610).

On motion by Commissioner Bassett, duly seconded, a Final Order (No. 610) after re-hearing was adopted, modifying Order No. 504 in the matter of the hearing on motion of the Commission on the question of improvements in and additions to the service and equipment of the Brooklyn Heights Railroad Company in respect to service on its Flatbush Avenue Line, so as to direct that the service of the said Company on its Flatbush Avenue Line be changed, increased and supplemented at the points and times and in the particulars following, that is to say, by operating during the periods mentioned, cars as follows:

(21)

On motion duly seconded it was

Resolved, That supplementary payroll of the Engineering Corps for the month ending January 31, 1908 and dated January 31, 1908, amounting to \$64.51 having been withdrawn be hereby cancelled and the Commission directed that the voucher, No. 601, providing for the payment of the same be nullified.

Ayes—Commissioners Willcox, Bassett, Eustis.

Nays—None.

Carried.

(22)

The following resolution was moved, and duly seconded, making requisition on the Comptroller for \$174,470.00 for the purchase of certain property at Nos. 145, 147, and 149 Centre Street, and Nos. 105, 107, and 109 Walker Street, Manhattan, as contracted for with the Rossiter Realty Company:

Whereas, The City of New York, acting through the Public Service Commission for the First District, duly entered into a certain contract dated February 18, 1908, with the Rossiter Realty Company, for the purchase of certain real property known as Nos. 145, 147, and 149 Centre Street and Nos. 105, 107 and 109 Walker Street, in the Borough of Manhattan, City of New York, for the sum of One Hundred and Seventy Thousand Dollars (\$170,000.00), free and clear of all encumbrances, except certain leases therein referred to, and

Whereas, On June 4, 1908, the Public Service Commission for the First District duly entered into a certain other supplementary contract with the said Rossiter Realty Company for the purchase of said real property, free and clear of all encumbrances, for the sum of One Hundred and Seventy-four thousand, Four Hundred and Seventy Dollars (\$174,470.00), and

Whereas, On October 16, 1907, pursuant to a resolution of the Commission the Chairman and the Secretary thereof duly made and transmitted to the Board of Estimate and Apportionment a requisition for the authorization of an amount of corporate stock of The City of New York to be sold sufficient to pay the necessary expenses of the acquisition of real estate and interests therein necessary for the construction and operation of the Brooklyn Loop Lines, to the amount of One Million Dollars (\$1,000,000), and

Whereas, In pursuance of the requisition of the Chairman and the Secretary of the Commission, dated June 5, 1908, as directed by the resolution of the Commission adopted June 5, 1908, the Board of Estimate and Apportionment on June 12, 1908, duly adopted a resolution directing the Comptroller to issue corporate stock of The City of New York on account of said requisition, to the amount of One Hundred and Seventy-five Thousand Dollars (\$175,000) to provide means for the purchase of said real property, and also for the sum of Five Hundred and Thirty Dollars (\$530.00), on account of the cost of examination and insurance of title of other real property,

Now, therefore, be it

Resolved, That a voucher be drawn in due form on the Comptroller of The City of New York for the sum of One Hundred and Seventy-four Thousand, Four Hundred and Seventy Dollars (\$174,470.00), being the amount of the purchase price of said real property.

Ayes—Commissioners Willcox, Bassett, Eustis.

## POLICE DEPARTMENT.

June 22, 1908.

The following proceedings were this day directed by the Police Commissioner:

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Comptroller to execute lease of second floor of premises No. 36 East Ninth street, Manhattan, and the following information is given in pursuance of circular letter of the Commissioners of the Sinking Fund, adopted by resolution October 22, 1902:

1. Full name of owner or lessor: Charles Kaye, lessor, No. 12 West Twenty-first street.

2. Description of the property: Second floor of No. 36 East Ninth street, 25 by 95 feet.

3. Term of proposed lease and if it includes privilege of a renewal: One year and seven months from July 1, 1908, with privilege of renewal for one year on same terms.

4. Rental and how payable: \$1,400 per year, payable quarterly.

5. Particulars as to alterations and repairs: The Police Department to make all necessary repairs to the interior and the lessor to make all necessary repairs to the exterior.

6. Does the owner pay water rent? Yes.

7. Does the owner pay for light, heat and janitor service? Owner pays for heat, and the Police Department for light. No janitor service.

8. Necessity for the lease: Additional accommodations for Traffic Precinct B.

9. Are the premises recommended the most reasonable that can be secured in the neighborhood for the purposes desired? Yes.

Ordered, That the proceedings of June 15, 1908, relative to lease of premises Nos. 118 to 126 Waverly avenue, Brooklyn, be and are hereby amended to read as follows:

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Comptroller to execute a lease of the northerly part of premises Nos. 118, 120, 122, 124 and 126 Waverly avenue, Borough of Brooklyn, and the following information is given in pursuance of circular letter of the Commissioners of the Sinking Fund, adopted by resolution October 22, 1902:

1. Full name of owner or lessor: William Schweikert, Nos. 118 to 126 Waverly avenue, Borough of Brooklyn.

2. Description of the property: The northerly part of the premises Nos. 118, 120, 122, 124 and 126 Waverly avenue, Borough of Brooklyn, consisting of a section 90 by 29 feet on the first or main floor to be divided into three rooms, viz.: an assembly room 60 by 29 feet; a locker room 15 by 29 feet, with forty lockers, both of these rooms to have ceiling and side walls covered with metal, and a forage room 15 by 29 feet, less space at one end which is to be partitioned off as a toilet room and to contain three closets, three wash basins and a urinal. The entire floor with the exception of the forage room is to have a narrow flooring laid on top of the present floor. On the front of the building a suitable iron entrance porch would be erected and one of the windows converted into a doorway.

For the accommodation of the horses a section of the lower floor containing thirty-three (33) standing and one (1) box stall with watering trough, and grooming space to be connected with the main floor by a spiral staircase would be partitioned off from the rest of the stable. From this section there is a separate runway leading to the street, the floor is concrete, the ceilings sheet iron, the stall slats are hard wood set in concrete, the ceiling of this section is ten feet above the floor and the office floor ceiling is fifteen feet in height.

3. Term of proposed lease: Five years with privilege of renewal upon same terms.

4. Rental, and how payable: Twenty-three hundred dollars (\$2,300) per year (this includes removal of manure, estimated at \$150 per year). Rental payable quarterly.

5. Particulars as to alterations and repairs: Owner will make all alterations necessary to put building in first class condition, will make alterations as mentioned in description of property in this report. After premises are occupied will make all necessary repairs to outside of building. This Department to make necessary repairs to interior after they have taken possession.

6. Does the owner pay water rent? No.

7. Does the owner pay for light, heat and janitor service? No.

8. The necessity for the lease: To provide stable accommodations for horses used by the mounted men assigned to traffic duty in the Borough of Brooklyn. These horses are now distributed among various precincts; most of them are kept in livery stables, and it is proposed to stable them together and form a traffic squad.

9. Are the premises recommended the most reasonable that can be secured in the neighborhood for the purposes desired? Yes.

Amending subdivision 1 of section 66 of the By-Laws of the Board of Education by inserting at the end of the schedule headed "Elementary School Licenses—Day Schools," the following:

"Teacher of a class for the blind."

"Inspector of Classes for the Blind."

The By-Laws of the Board of Education by inserting after section 74a, a new section, to be known and designated as section 74b, reading as follows:

"Sec. 74b. To be eligible for license as Inspector of Classes for the Blind, the applicant must have the following qualifications:

"Training and experience satisfactory to the Board of Examiners in methods of teaching the blind, and in the selection and preparation of material used in teaching the blind."

Subdivision 10 of section 65 of the By-Laws of the Board of Education by adding thereto the following:

"Female Teachers in elementary schools, during such time as they may be assigned by the Board of Superintendents to classes for the blind, shall receive additional compensation at the rate of \$100 per annum."

Amending section 65 of the By-Laws of the Board of Education by adding thereto a new subdivision, to be known and designated as subdivision 24, reading as follows:

"24. An Inspector of Classes for the Blind shall be paid in accordance with the following schedule:

#### Schedule XXIX.

Year of Service as Such—	
First .....	\$1,800 00
Second .....	1,900 00
Third .....	2,000 00
Fourth .....	2,100 00
Fifth .....	2,200 00
Sixth .....	2,300 00
Seventh .....	2,400 00

"The minimum salary shall be \$1,800; the maximum, \$2,400; and the rate of annual increase, \$100.

"No increase for any year shall be made in the salary of an Inspector paid under this schedule unless the service of such Inspector shall have been approved after inspection and investigation as fit and meritorious by a majority of the Board of Superintendents.

"No Inspector of Classes for the Blind shall be appointed until five classes for instruction of the blind shall have been established."

Section 40 of the By-Laws of the Board of Education by adding thereto a new subdivision, to be known and designated as subdivision 16, reading as follows:

"16. The Board of Superintendents shall have power to assign elementary school Teachers for a definite period to classes for the blind, classes for the deaf and disciplinary classes."

Striking out the second and third paragraphs of subdivision 16 of section 65 of the By-Laws of the Board of Education, and the schedule following the second paragraph, and the following substituted therefor:

A head of a model school in a training school for Teachers shall receive a salary in accordance with the following schedule:

#### Schedule X(a).

Year of Service as Such—	
First .....	\$2,250 00
Second .....	2,500 00
Third .....	2,750 00
Fourth .....	3,000 00

The minimum salary for a head of a model school in a training school for Teachers shall be \$2,250 per annum; the maximum salary shall be \$3,000 per annum; and the rate of annual increase shall be \$250. No increase for any year, however, shall be made unless the service of the head of a model school shall have been approved after inspection and investigation as fit and meritorious by a majority of the Board of Superintendents.

A Principal of an elementary school transferred or appointed to the position of head of the model school in a training school for Teachers shall, in the first year of service in Schedule X.(a) receive the salary next above that received in Schedule I.(a) immediately preceding such transfer or appointment.

Amending subdivision 23 of section 65 of the By-Laws of the Board of Education so as to read as follows:

#### Schools for the Deaf.

Principals and Teachers in schools for the deaf shall be paid in accordance with the following schedules:

#### Schedule XXVII.

##### Principals.

Year of Service as Such—	
First .....	\$2,250 00
Second .....	2,500 00
Third .....	2,750 00

#### Schedule XXVIII.

##### Teachers.

Year of Service as Such—	
First .....	\$800 00
Second .....	900 00
Third .....	1,000 00
Fourth .....	1,100 00
Fifth .....	1,200 00
Sixth .....	1,300 00
Seventh .....	1,400 00
Eighth .....	1,500 00

Any Teacher holding license No. 1 and having had experience in teaching rated by the Board of Examiners as equivalent to three years of service in the public schools of The City of New York, one of which years shall have been in the public schools of said City, may be temporarily assigned to a school for the deaf without diminution of the salary to which she would be entitled by experience and approval of service in the elementary school class from which the assignment was made. If at the close of one year of continuous service in a school for the deaf such Teacher is rendering acceptable service and her services as a Teacher in such school have been approved as fit and meritorious by a majority of the Board of Superintendents, she may be placed upon the salary schedule for Teachers of the deaf, without decrease in salary, and will be entitled to the respective increments thereof upon successive annual approvals of service.

No increase in salary for any year shall be made unless the service of the Principal or Teacher shall have been approved after inspection and investigation as fit and meritorious by a majority of the Board of Superintendents.

A Principal of an elementary school transferred or appointed to the principalship of a school for the deaf shall, in the first year of service in Schedule XXVII, receive the salary next above that referred in Schedule I.(a) immediately preceding such transfer or appointment.

Amending section 14 of the By-Laws of the Board of Education by adding thereto the following:

When charges have been preferred against a Teacher or a Principal, the same shall be referred by the Secretary to the appropriate Committee to try and determine

the case. The report of the Committee conducting the trial shall be presented to the Board of Education at an executive session of said Board.

Amending subdivision 18 of section 39 of the By-Laws of the Board of Education so as to read as follows:

18. When a Principal or Teacher has been suspended by a District Superintendent, the City Superintendent shall immediately report such suspension to the Secretary of the Board of Education, who shall thereupon refer the same to the Committee on Elementary Schools. The City Superintendent shall have the power to direct a District Superintendent to prefer charges against a Principal or against a Teacher (either regular or special) for gross misconduct, insubordination, neglect of duty or general inefficiency, and to direct such District Superintendent to suspend such Principal or Teacher pending trial.

Approving and ratifying the action of the Committee on Care of Buildings in appointing Andrew J. Maguire as Supervisor of Janitors, at a salary of \$3,000 per annum, taking effect May 1, 1908, he having successfully passed a promotion examination for that position conducted by the Municipal Civil Service Commission.

Amending the resolution adopted by the Board of Education on June 26, 1907 (see Journal, pages 1131-32), selecting and determining as a site for school purposes certain lands and premises on Roanoke avenue and State street, adjoining Public School 39 (Far Rockaway High School), Borough of Queens, so as to make the description of the property to be acquired read as follows:

Beginning at a point formed by the intersection of the southerly line of State street with the westerly line of the lands of Public School 39, which point is distant two hundred and eight and forty-nine one-hundredths (208.49) feet westerly from the westerly line of Roanoke avenue, and running thence southerly along the westerly line of the lands of said school two hundred and five and nineteen one-hundredths (205.19) feet, thence easterly along the southerly line of the lands of said school two hundred and nine and twenty one-hundredths (209.20) feet to the westerly line of Roanoke avenue, thence southerly along the westerly line of Roanoke avenue sixty-five (65) feet, thence westerly and parallel with State street two hundred and thirty-three and forty-nine one-hundredths (233.49) feet, thence northerly and parallel with Roanoke avenue two hundred and seventy-three and fifty-nine one-hundredths (273.59) feet to the southerly line of State street, thence easterly along the southerly line of State street twenty-five (25) feet to the westerly line of the lands of said school, the point or place of beginning, and requesting the Board of Estimate and Apportionment to amend the resolution adopted on July 8, 1907, in regard to the acquisition of property adjoining Public School 39, Borough of Queens, so as to make the description of the property conform to the description contained in the preceding resolution; and further requested to discontinue the condemnation proceeding authorized by the said resolution of July 8, 1907, in so far as the same relates to the acquisition of title to the following-described portion of the property therein described:

Beginning at a point on the southerly line of State street distant two hundred and thirty-three and forty-nine one-hundredths (233.49) feet westerly from the westerly line of Roanoke avenue, and running thence southerly and parallel with Roanoke avenue two hundred and seventy-three and fifty-nine one-hundredths (273.59) feet, thence westerly and parallel with State street forty (40) feet, thence northerly and again parallel with Roanoke avenue two hundred and seventy-three and fifty-nine one-hundredths (273.59) feet to the southerly line of State street, thence easterly along the southerly line of State street forty (40) feet to the point or place of beginning.

Making no change in the date fixed by the By-Laws for the closing of the public schools.

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows: From May 17 to May 23, inclusive, twenty-three operations were performed at Bellevue Hospital, three at Gouverneur Hospital, nine at Harlem Hospital and nine at Fordham Hospital, at all of which the Attending Surgeons or their assistants were present.

The Supervising Nurse of Gouverneur Hospital requests authority to destroy a number of old medication books used in the wards of the hospital. The matter contained in these books appears in the various medical histories, and it would seem well to have these books burned.

The Dietitian of Bellevue Hospital requests an increase of salary to \$300 for the Head Waitress in the officers' dining room, who has been employed since 1904, and is now receiving \$240 a year. The Acting Storekeeper requests an increase of salary to \$300 of a Hospital Helper who has been employed one year at a salary of \$240 and

has rendered efficient service. The Night Assistant Superintendent requests an increase of salary to \$360 of a Hospital helper acting as Night Watchman, who has been employed in the hospital for seven years, and whose salary is \$300 a year. The Supervising Nurse of Gouverneur Hospital requests an increase of \$60 a year each in the salary of four Hospital Helpers, who have completed one year's service in the institution and who are faithful and efficient employees.

On motion, duly seconded, it was

Resolved, To grant permission to the Supervising Nurse of Gouverneur Hospital to destroy certain old medication books, the information contained in which appears in various medical histories.

On motion, duly seconded, it was

Resolved, To grant the following increases in salaries, such increase being in every case in accordance with the rule adopted: Head Waitress in officers' dining room, from \$240 to \$300; Hospital Helper in storeroom, from \$240 to \$300; Hospital Helper (acting night watchman), from \$300 to \$360; four Hospital Helpers at Gouverneur Hospital, \$60 a year each.

On motion, duly seconded, it was

Resolved, That in the future recommendations for increases in salary be presented by the General Medical Superintendent quarterly, on January 1, April 1, July 1 and October 1 of each year.

Reports of Committees.

Dr. Brannan reported in the matter of dental clinics, and, on motion, duly seconded, it was

Resolved, That the subject be referred to the President for further investigation, with the understanding that a beginning shall be made by caring for the teeth of the children in the surgical wards of Bellevue Hospital.

Dr. Brannan reported in the matter of uniforms for employees, and, on motion, duly seconded, it was

Resolved, To refer the subject to the General Medical Superintendent for further investigation and report.

Dr. Brannan reported receipt of the following bids:

Enameled Iron Beds.

On motion, duly seconded, it was

Resolved, That the proposal of Frank A. Hall, amounting to \$3,300, be accepted, it being the lowest bid received; and that the contract for the delivery of iron beds be and the same is hereby awarded to Frank A. Hall, subject to the approval of the sureties by the Comptroller of The City of New York, in accordance with the provision of section 420, chapter 10, of the Greater New York Charter.

On motion, duly seconded, it was

Resolved, That the proposal of John F. Kuhn, amounting to \$2,373, be accepted, it being the lowest bid received, and that the contract for the laying of cast-iron floors on the balconies of Harlem Hospital be and the same is hereby awarded to John F. Kuhn, subject to the approval of the sureties by the Comptroller of The City of New York, in accordance with the provision of section 420, chapter 10, of the Greater New York Charter.

In the matter of the bids on microscopical supplies, it was, on motion, duly seconded,

Resolved, To award the contracts to the lowest bidders on the respective items, and to reject certain items upon the recommendation of Dr. Charles Norris, Director of the Pathological Laboratories.

The Building Committee reported upon the work of Messrs. Kelley and Kelly on the contract for the grounds at Harlem Hospital, and, on motion, duly seconded, it was

Resolved, To request the architect, Mr. J. H. Freedlander, to pass upon the work as required by the terms of the contract before approving of the final payment of their bill.

Mr. Robbins, of the Fordham Hospital Conference Committee, recommended the appointment of the following physicians, and, on motion, duly seconded, it was

Resolved, To create the position of Consulting Neurologist to Fordham Hospital and to appoint, upon the recommendation of the Medical Board and the Conference Committee, the following:

M. G. Schlapp, Neurologist to Out-Patients and Consulting Neurologist to Fordham Hospital.

ALFRED DENTON,

Commissioner of Public Works, Borough of Queens.

Approved:

Lawrence Gresser, President of the Borough of Queens.

BOROUGH OF RICHMOND.

LOCAL BOARD, STATEN ISLAND DISTRICT.

Meeting, June 16, 1908, 10.30 a. m.

Present—Aldermen Collins and Rendt, President Cromwell.

The minutes of the meeting of June 9 were approved.

Petitions 622, 728 (Resolutions 38, 39).

To amend resolutions previously adopted in order to embrace the whole plan of St. George ferry approach improvement in one resolution.

The following two resolutions were moved by Alderman Collins and were adopted: Resolved, That a certain resolution, No. 71, series of 1906-7, adopted by the Local Board of the Staten Island District at a meeting held April 23, 1907, to wit:

"To open as a street widening or extension and as part of the street approach to the municipal ferry landing at St. George, in the First Ward of the Borough of Richmond, a piece or strip of land, bounded by the easterly side of Jay street, as widened, the westerly side of the tracks of the Staten Island Rapid Transit Railroad, the northerly side of South street, as widened, and the northerly line of the proposed viaduct approach to the ferry terminal, and as shown on a map entitled 'Map changing the map or plan of The City of New York as to certain parts thereof in the Borough of Richmond and showing layout and grades of approaches to St. George ferry, including Jay street, South street, public places, and parts of Hyatt street, Stuyvesant place and trolley viaduct, in the First Ward, Borough of Richmond, The City of New York.'

"And it is hereby recommended by the Local Board of the Staten Island District that the City at large assume the whole cost of acquiring title to said piece or strip of land, as part of the plan of approaches to the municipal ferry terminal."

—be and the same hereby is rescinded.

And it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Aldermen Collins and Rendt, President Cromwell.

Negative—None.

Resolved, That a certain resolution, No. 95, series of 1904-5, adopted by the Local Board of the Staten Island District at a meeting held December 29, 1905, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For improvement of the streets within the 'St. George ferry approach plan' extending from Hannah street on the south to the intersection of Stuyvesant place and Jay street with Richmond terrace on the north; namely, South street, Jay street, Hyatt street, Stuyvesant place to Weiner place, extension of Stuyvesant place to

Griffin street, and the widening of Griffin street, the work to consist in general of building retaining walls, with their copings and railings, regulating and grading, paving, constructing sidewalks, curbing, turfing, planting trees, setting of street lamps, culverts, and all other necessary features in connection with carrying out the work outlined; be it further

"Resolved, That this Board recommends that the entire cost and expense of the above improvement shall be borne and paid for by The City of New York."

—be and the same hereby is amended to read as follows:

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For improvement of the streets within the "St. George Ferry Approach Plan," extending from Hannah street on the south to the intersection of Stuyvesant place and Jay street with Richmond terrace on the north, viz., South street, Jay street, Hyatt street, Stuyvesant place to Weiner place; extension of Stuyvesant place to Griffin street, and the widening of Griffin street; and to improve as a street widening or extension a piece or strip of land bounded by the easterly side of Jay street, as widened, the westerly side of the tracks of the Staten Island Rapid Transit Railroad, the northerly side of South street, as widened, and the northerly line of the proposed viaduct approach to the ferry terminal, and as shown on a map entitled "Map changing the map or plan of The City of New York as to certain parts thereof in the Borough of Richmond and showing layout and grades of approaches to St. George ferry, including Jay street, South street, public places, and parts of Hyatt street, Stuyvesant place and trolley viaduct, in the First Ward, Borough of Richmond, The City of New York," the work to consist in general of building retaining walls with their copings and railings, regulating and grading, paving, constructing sidewalks, steps, curbing, turfing, planting trees, setting of street lamps, culverts, and all other necessary features in connection with the carrying out of the work outlined;

And it is further

Resolved, That this Board recommends that seventy (70) per cent. of the entire cost and expense of the above improvement be borne and paid by The City of New York at large, and that thirty (30) per cent. of said cost be assessed on the Borough of Richmond at large.

The estimated cost of the plan proposed in the original resolution being \$765,300, and the estimated cost of the plan proposed in the present resolution being the same, namely, \$765,300, and the valuation of the property to be assessed being from \$1,241,600 to \$44,581,235;

And it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Aldermen Collins and Rendt, President Cromwell.

Negative—None.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

Designated by Board of City Record June 19, 1906. Amended June 20, 1906; September 30, 1907; February 24, 1908; March 5 and 16, 1908.

#### DEPARTMENT OF DOCKS AND FERRIES.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

**SEALED BIDS OR ESTIMATES WILL BE** received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

**TUESDAY, JULY 14, 1908.**

**FOR INSURING THE FERRYBOATS "BAY RIDGE," "NASSAU" AND "GOWANUS" TO BE EMPLOYED ON THE MUNICIPAL FERRIES BETWEEN THE BOROUGH OF MANHATTAN AND THE BOROUGH OF BROOKLYN AND THE BOROUGH OF RICHMOND, FOR A PERIOD OF TWELVE (12) CALENDAR MONTHS FROM AUGUST 15, 1908.**

The said vessels, title, apparel, stores, supplies, furniture, engines, boilers, machinery and appurtenances shall be insured at the following valuation:

For the ferryboats "Bay Ridge," "Gowanus" and "Nassau," \$200,000 for each boat, or a total of \$600,000 for the three boats; and in no case shall the Department be deemed as a co-insurer.

The boats to be confined to the use and navigation within the bay and harbor of New York and the Hudson and East Rivers, with the privilege to lay up and make additions, alterations and repairs while running or while laid up, or to go into dry dock. Any deviation beyond the limits named shall not void the policy, but no liability shall exist during such deviation; and upon the return of said vessels within the limits named above, no disaster having occurred, the policy shall be and remain in full force and effect unless a disaster occurs while deviating.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or hurt to said vessels for which the insurers are liable against the perils of the harbor, bay or rivers as above named, lightning and fires that shall occur to the hurt, detriment and damage of said vessels or either of them, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall not contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats. No claim shall be made by the Department for any damage to the vessels insured unless it exceeds \$500.

Losses shall be payable in thirty days after proof of loss or damage, and of the amount thereof, and proof of the interest of the insured shall have been made and presented at the office of the insurer or its representative in The City of New York.

No bid will be received for insurance by or in behalf of any company not duly authorized by the Insurance Department to transact business in the State of New York.

Each bid must be accompanied by a copy of the policy upon which the bid is based.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed as follows:

"Bid for insuring ferryboats employed on the Municipal Ferries."

The estimates received will be publicly opened by the Commissioner of Docks, and read, and the award of the contract made according to the law as soon thereafter as practicable.

No bid or estimate will be considered unless, as a condition precedent to the reception of consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Commissioner of Docks, or money to the amount of one thousand dollars.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

Bidders will write out the rate per cent. of their estimates, in addition to inserting the same in figures.

The Commissioner reserves the right to reject all bids or estimates if he deem it for the interest of the City so to do.

ALLEN N. SPOONER, Commissioner of Docks.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following named avenue in the BOROUGH OF RICHMOND:

THIRD WARD.

CHARLES AVENUE—OPENING, from Richmond avenue to Nicholas avenue. Confirmed June 8, 1908; entered June 29, 1908. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly prolongation of the middle line of the blocks between Charles avenue and Hatfield place, and a line parallel to and distant one hundred (100) feet west of the westerly line of Nicholas avenue, running thence northerly along said parallel line to its intersection with the westerly prolongation of the middle line of the blocks between Charles avenue and Hatfield avenue; thence easterly along said westerly prolongation and middle line to its intersection with a line parallel to and distant one hundred (100) feet west of the westerly line of Richmond avenue; thence northerly along said parallel line to its intersection with the westerly prolongation of a line parallel to and distant one hundred (100) feet north of the northerly line of Mersereau avenue; thence easterly along said prolongation and parallel line to its intersection with the middle line of the blocks between Richmond avenue and Herberton avenue; thence southerly along said middle line to its intersection with a line parallel to and distant one hundred (100) feet north of the northerly line of Albion place; thence easterly along said last-mentioned parallel line to its intersection with a line parallel to and distant one hundred (100) feet east of the easterly line of Herberton avenue; thence southerly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet south of the southerly line of Albion place; thence westerly along said parallel line to its intersection with the middle line of the blocks between Richmond avenue and Herberton avenue; thence southerly along said middle line to its intersection with a line parallel to and distant one hundred (100) feet south of the southerly line of Post avenue; thence westerly along said last-mentioned parallel line and its westerly prolongation to its intersection with the middle line of the block between Charles avenue and Hatfield place; thence westerly along said last-mentioned middle line and its westerly prolongation to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Borough Hall, St. George, Borough of Richmond, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 28, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired by it for school purposes, in the

#### Borough of Brooklyn.

Being all those buildings, parts of buildings, etc., situated on the proposed school site on Rockaway avenue and Sumpter street, adjoining Public School 73, Borough of Brooklyn, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution adopted by the Commissioners of the Sinking Fund, at a meeting held June 11, 1908, the sale of the above described buildings and appurtenances thereto will be held, under the direction of the Comptroller,

FRIDAY, JULY 17, 1908.

at 10.30 a. m. on the premises, upon the following

#### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the materials of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

Failure to remove said buildings, appurtenances, or any portion thereof, within sixty days from the day of the sale, will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in appliances used in the removal of said buildings.

The Comptroller of The City of New York reserves the right on the day of sale to with-

draw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

A three story brick building standing on lots known as Lot No. 29 and Lot No. 28, Nos. 174 and 176 Bowery, said lots being situated on the northeasterly corner of Delancey Street Extension and the Bowery, and being twenty-five (25) feet two and one quarter (2 $\frac{1}{4}$ ) inches on the Bowery eleven (11) feet seven and one half (7 $\frac{1}{2}$ ) inches on the easterly side, ninety-nine (99) feet seven (7) inches on the northerly side of Delancey Street Extension and one hundred (100) feet three and three eighths (3 $\frac{3}{8}$ ) inches on the northerly side; so much of a six-story building as stands on lots known as Lot No. 11 and Lot No. 12, known as Nos. 162 and 164 Elizabeth Street, described as follows: BEGINNING at the intersection of the northerly side of Delancey Street Extension and the easterly side of Elizabeth Street, running thence easterly along the northerly side of Delancey Street Extension, ninety-nine (99) feet five-eighths (5 $\frac{5}{8}$ ) inches, thence running northerly along the boundary line between Lot No. 11 and Lot No. 28 and 27, a distance of sixteen (16) feet seven and one half (7 $\frac{1}{2}$ ) inches; thence running westerly a distance of ninety-eight (98) feet two and one half (2 $\frac{1}{2}$ ) inches to a point on the easterly side of Elizabeth Street distant eleven (11) feet seven (7) inches northerly from the intersection of the easterly side of Elizabeth Street with the northerly side of Delancey Street; and thence running southerly along the easterly side of Elizabeth Street to the point or place of beginning, be said several dimensions more or less, said parcels of property being more particularly described on certain maps or plans and a memorandum on file in the office of the Register of the County of New York, which are marked as follows: "Public Service Commission for the First District, Chief Engineer's Office, Loop 9-0-4, Drawing No. 13, February 28, 1908. Henry B. Seaman, Chief Engineer."

Pursuant to a resolution of the Public Service Commission for the First District adopted on June 16, 1908, the sale of the above described buildings will be held by said Commission on July 16, 1908, at eleven o'clock A. M., upon the following terms and conditions and subject to the approval of the Commissioners of the Sinking Fund:—

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also, at the time of the sale, give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of Fifty Dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City of New York to the cost of completing any other work required under the contract, but unfinished at the expiration of the contract period.

All the materials of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises except old mortar or plaster only which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the direction of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any portion thereof within sixty days from the day of the sale, will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidders' assent to the above conditions being understood to be implied by the act of bidding, and the City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the personal property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., ripped up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Public Service Commission for the First District reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SIXTY-THIRD STREET, between Amsterdam avenue and St. Nicholas avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of July, 1908, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 17th day of September, 1908, at 11 o'clock a. m.

Second—That the undersigned Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of July, 1908, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 17th day of September, 1908, at 12 o'clock m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 8th day of March, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz:

Bounded on the north by a line midway between the southerly side of West One Hundred and Sixty-fourth street and the northerly side of West One Hundred and Sixty-third street on the

east by a line 100 feet east of the easterly side of Edgecombe road; on the south by a line midway between the northerly side of West One Hundred and Sixty-second street and the southerly side of West One Hundred and Sixty-third street; and on the west by a line 100 feet west of the westerly side of Broadway.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of July, 1908.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 12th day of November, 1908, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

### FIRST DEPARTMENT.

In the matter of the application of The City of New York, by the Corporation Counsel, for the appointment of Commissioners of Estimate and Assessment, to ascertain and determine the compensation which should justly be made to Henry R. Winthrop, individually, and to Henry R. Winthrop, J. Frederick Kernochan and William Jay, as trustees under the will of Thomas Buchanan Winthrop, deceased, as owners of the premises abutting on the easterly side of DEPEW PLACE, between Forty-second street and Forty-third street, in The City of New York, for the discontinuance and closing of the portion of Depew place, 12 feet in width and 35 feet in length, on its westerly side, 121.83 feet north of Forty-second street, in the Borough of Manhattan, of said City.

NOTICE IS HEREBY GIVEN, PURSUANT to chapter 1006 of the Laws of 1895, that it is the intention of the Corporation Counsel of The City of New York, in behalf of The City of New York, to make application to the Supreme Court, at Special Term, Part I. thereof, to be held in and for the County of New York, at the County Court House, in the Borough of Manhattan, City of New York, on the 3d day of July, 1908, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment to ascertain and determine the compensation which should justly be made to Henry R. Winthrop, individually, and to Henry R. Winthrop, J. Frederick Kernochan and William Jay, as trustees, etc., under the will of Thomas Buchanan Winthrop, deceased, as owners of the rights, easements or interests in

or appurtenant to the premises abutting on the easterly side of Depew place, between Forty-second street and Forty-third street, in the Borough of Manhattan, City of New York, taken, affected, damaged or destroyed by the discontinuance and closing of the portion of Depew place twelve (12) feet in width and thirty-five (35) feet in length on its westerly side, one hundred and twenty-one and eighty-three one-hundredths (121.83) feet north of Forty-second street, in the Borough of Manhattan, City of New York, and to perform in relation thereto the duties required of them by law.

The aforesaid discontinued and closed portion of Depew place is more particularly bounded and described as follows:

"Beginning at a point in the westerly side of Depew place, as formerly laid out under chapter 261 of the Laws of 1884, distant one hundred and twenty-one and eighty-three one-hundredths (121.83) feet northerly from the northerly side of Forty-second street; running thence easterly at right angles to said westerly side of Depew place twelve (12) feet; thence northerly parallel to said westerly side of Depew place thirty-five (35) feet; thence westerly at right angles to said westerly side of Depew place twelve (12) feet, and thence southerly along said westerly side of Depew place thirty-five (35) feet, to the point or place of beginning."

The said portion of Depew place is shown as discontinued and closed on Sheet I-A of certain maps entitled, "Plans and profiles showing modifications of the plan and profiles approved by the Board of Estimate and Apportionment on the 10th day of June, 1903, and as modified by the plans and profiles approved on the 4th day of December, 1903, of the viaducts or bridges required to carry Forty-fifth, Forty-sixth, Forty-seventh, Forty-eighth and Forty-ninth streets and Park avenue extension over the tracks of the New York and Harlem Railroad Company, and showing certain alterations or changes in Forty-third and Forty-fourth streets, Vanderbilt avenue and Depew place, and showing the lands, rights, interests and easements in lands owned, occupied or controlled by The City of New York, required for the purpose of making certain alterations, changes and additions other than the alterations, changes and additions authorized by sections 1, 2 and 3 of chapter 425 of the Laws of 1903."

—and submitted in duplicate to the Board of Estimate and Apportionment of The City of New York for its approval on the 23d day of December, 1904, pursuant to the said chapter 425 of the Laws of 1903, as amended by chapter 639 of the Laws of 1904, and approved by the Board of Estimate and Apportionment of The City of New York on the 28th day of April, 1905, and filed in the offices of the Register of the County of New York, the President of the Borough of Manhattan, and in the office of the Corporation Counsel of The City of New York on or about the 3d day of August, 1905.

### FIRST DEPARTMENT.

In the matter of the application of the Board of Street Opening and Improvement of The City of New York, for and on behalf of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title for the use of the public to all or any of the land and property not owned by the Corporation of The City of New York, including any rights, terms, easements or privileges or interests pertaining thereto, which are not subject to extinguishment or termination by public authority, required for an EXTERIOR STREET extending along the westerly shore of the East River in The City of New York, from the centre line of East Sixty-fourth street, as such line is and would be if extended easterly into the East River, to the northerly line of East Eighty-first street, as such line is and would be if extended easterly into the East River, in the Nineteenth Ward of The City of New York, pursuant to the plans heretofore determined upon by the Board of the Department of Docks, and adopted by the Commissioners of the Sinking Fund, and the profiles thereof fixed and determined by the Department of Docks, with the concurrence of the Commissioner of Public Works.

PURSUANT TO CHAPTER 697 OF THE Laws of 1887, as amended by chapter 272 of the Laws of 1889, and by chapter 257 of the Laws of 1889, and the statutes in the case of taking private property in New York City for public streets and places, and all other statutes in such cases made and provided, so far as they are not inconsistent with the provisions of the aforesaid acts, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part I. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Friday, July 3, 1908, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter, to fill the vacancies caused by the deaths of Daniel Lord, Joseph J. O'Donohue and Joseph Blumenthal.

The object of this application for the appointment by the Supreme Court, First Department, of three discreet and disinterested persons as Commissioners of Estimate and Assessment herein to fill the vacancies caused by the deaths of Daniel Lord, Joseph J. O'Donohue and Joseph Blumenthal, Commissioners of Estimate and Assessment, heretofore appointed by an order of the Supreme Court, dated the 17th day of June, 1891, and entered in the office of the Clerk of the County of New York on the 23d day of June, 1891, is for the purpose of complying with the provisions of chapter 697 of the Laws of 1887, as amended by chapter 272 of the Laws of 1888, and by chapter 257 of the Laws of 1889, not heretofore complied with.

Dated New York, June 22, 1908.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of FORTY-FOURTH STREET, from New Utrecht avenue to West street, in the Twentieth and Thirtieth Wards, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our amended and supplemental estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 11th day of July, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of July, 1908, at 2 o'clock p. m.

Second—That the abstracts of our said amended and supplemental estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 22d day of July, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly line of West street and the center line of the blocks between Forty-fifth street and Forty-fourth street and running thence northerly along said center line to its intersection with the easterly line of New Utrecht avenue, thence northerly along said easterly line of New Utrecht avenue to its intersection with the southerly line of Fort Hamilton parkway, thence northeasterly along said southerly line of Fort Hamilton parkway to its intersection with the southerly line of Forty-fourth street, thence northerly along said southerly line of Forty-fourth street to its intersection with the easterly line of New Utrecht avenue, thence northerly along said easterly line of New Utrecht avenue to its intersection with the center line of the blocks between Forty-fourth street and Forty-third street, thence southeasterly along said last mentioned center line to its intersection with the westerly line of West street, thence southerly along said westerly line of West street to the point or place of beginning, as such area is shown upon our benefit maps deposited aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in the City of New York, on the 31st day of August, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, June 10, 1908.

FREDERICK A. WELLS,  
Chairman;  
SAMUEL T. MADDOX, Jr.,  
Commissioners.

JAMES F. QUIGLEY,  
Clerk.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
