BROOKLYN LOOP LINES—PROPERTY CENTRE AND WALKER STREETS.

The Secretary presented the following communication from George S. Coleman, Counsel to the Commission, which was ordered filed:

July 1, 1908.

Public Service Commission for the First District:

SIRS—On June 24, 1908, I submitted to the Corporation Counsel for his approval an offer made by Wilson M. Powell, Jr., dated June 23, 1908, to sell on behalf of his client three parcels of property, known as No. 106 Walker Street, No. 108 Walker Street and No. 151 Centre Street, and Nos. 153, 155 & 157 Centre Street and No. 240 Canal Street, for the sum of \$165,000.00.

I am this day in receipt of a letter from the Corporation Counsel in which he states that he has had these properties appraised by two appraisers, and that in his opinion based upon such appraisals the value of the properties does not exceed the sum of \$135,000.00, and that therefore in his opinion the offer should be rejected as excessive.

Respectfully yours,
(Signed) GEO. S. COLEMAN,
Counsel to the Commission.

(19)

HUDSON AND MANHATTAN RAILROAD COMPANY—PAYMENTS ON ACCOUNT OF FRANCHISE.

The Secretary presented the following communication from N. Taylor Phillips, Deputy Comptroller:

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
February 20, 1908.

The Public Service Commission, First Division, Tribune Building, New York City:

GENTLEMEN—In view of the fact that the Hudson and Manhattan Railroad Company is soon to begin the operation of its tunnel under the North River, and the Subway Railway in this borough, it is important that this department be advised as to the railroad's financial obligations to the city. In view of this fact I respectfully ask that you advise me as early as possible of your determination on the following propositions:

Under the terms of the several certificates all payments to the city are to be made on an annual basis and are due at the quarters beginning January, April, July and October, which, as I understand it, would mean that the first payment will be due on April 1st, this year.

The first item in this schedule is the \$100 for the under the river privilege.

The payment of fifty cents per annum per linear foot of single track and also station platform space is specified. Will you kindly advise me as to the number of linear feet, including the 19th Street station.

How is the original payment for vault space modified by the subsequent agreements for the payment of \$1,000 for each exit? In this connection I beg to call your attention to the fact that, whereas the several maps that have been issued by the Railroad Company show a station at 18th Street, no mention is made of said station in any of the certificates. It is a matter of fact that a station at 19th Street will be opened with the official operation of the road on February 25th. Upon what basis will payment be made for the use of this station?

Does the requirement of the payment of \$9,000 mentioned in the original certificate, and again in the certificate of extensions for street rights, mean the single payment covering the entire route, or payments for each of the original lines and the extensions from Sixth Avenue and 9th Street and across through 9th Street to Fourth Avenue?

Is the requirement for the payment of \$3,224 per annum for the use of the underground portions of Greenwich, Christopher and West 10th Streets eliminated by the contract for the Sixth Avenue and 9th Street extension?

What provision, if any, has been made for payment for privileges at the Christopher Street, the 9th Street, the 33rd Street and the Fourth Avenue terminals and stations?

I beg also to call your attention to the provisions in these franchises that call for the filing with your Commission of a sworn statement as to the cost of construction of the extensions of the original certificate. Also that the regulation of local traffic is a question that is to be determined by your board.

Yours very truly,
(Signed) N. TAYLOR PHILLIPS, Deputy Comptroller.

The Secretary stated that this communication had been referred to the Counsel to the Commission for an opinion thereon and that the Counsel on June 30, 1908, had transmitted the following communication in reply thereto:

June 30, 1908.

June 29, 1908.

Public Service Commission for the First District:
SIRS—I have the communication of the Secretary of the 19th inst., transmitting a copy of a letter from Mr. Gallagher, one of the Commissioners of Accounts of the City of New York, requesting your Commission to report as soon as practicable after the first day of each month the individual salary increases or decreases during the preceding month and the total amount of the payroll for that month. In reply I beg to advise as follows:
The duties and powers of the Commissioners of Accounts are prescribed by Section 119 of the Greater New York Charter. The provision in this section which is probably relied upon to support a claim of the right to call for reports from your Commission is the following:
“They shall also make such special examinations of the accounts and methods of the departments and offices of the city and of the counties of New York, Richmond, Queens and Kings, as the Mayor may from time to time direct, and such other examinations as the said commissioners may deem for the best interests of the city, and report to the mayor and the board of aldermen the results thereof.”
The power to make “such other examinations” as they may deem best for the interests of the city, is limited, I think, by the context and the apparent purpose of the provision to such other examinations of “the departments and offices of the city and of the counties of New York, Richmond, Queens and Kings.” Whether the Commissioners rely upon the direction of the Mayor, as the letter of Mr. Gallagher

indicates, or upon their own power to conduct such examinations as they deem best, their power would seem to extend only to city and county offices; the Public Service Commission is not a city or county office, but is a state commission.
While I think, therefore, that the Commissioners of Accounts are not as matter of law authorized to require the reports indicated, or to make examination of the accounts of your Commission, I see no objection to granting their present request as a matter of courtesy and in the public interest.
Respectfully yours,
(Signed) GEO. S. COLEMAN,
Counsel to the Commission.

The Secretary was instructed to send, as a matter of courtesy, such reports as the Commissioners of Accounts desired.

(b) The proposed issue of convertible debentures in accordance with the plans set forth in a circular letter addressed to the stockholders of the Company dated December 10, 1903, a copy of which is hereto annexed and marked "Schedule A."

Second—That a certificate of such meeting in the form required by law was duly filed in the office of the Secretary of State of the State of New York and in the office of the Clerk of the County of Kings, and a certified copy thereof was filed in the office of the Public Service Commission on the 16th day of October, 1907.

Resolved, That this Company hereby offers to the Stockholders of record on January 18th, 1904, or their assigns, at the par value thereof, Convertible Debentures aggregating \$3,000,000, in denominations of \$1,000 or \$500 each, bearing interest at the rate of six per cent. per annum, payable semi-annually on the first days of September and March in each year and convertible, at the option of the holder, into Capital Stock of the Company, on the basis of one share of stock for each \$100 par value of Debentures, on and after three years from the date of issue of the said Debentures, on any date when the coupon falls due, if surrendered with unmaturing coupons attached. Such Debentures as may not be surrendered for conversion into stock on or before March 1, 1909, shall mature on that date and be redeemed in cash at face value without interest thereafter. Each Stockholder shall be entitled to subscribe for Convertible Debentures to the amount of twenty per cent. of the par value of the shares standing in his name at the closing of the books. Subscription must be made and amount thereof paid not later than March 1st, 1904, but payment may be made at any time during the month of February, 1904, and interest at the rate of six per cent. per annum will be allowed to the first day of March, 1904. Debentures not subscribed for on March 1st, 1904, will be disposed of as the Board of Directors may determine.

Resolved, That Debentures be issued in denominations of \$1,000 and \$500 only, but Stockholders entitled to subscribe for a fractional part of a Debenture, may subscribe therefor and will receive from the Guaranty Trust Company of New York, on payment of the amount due on or before March 1st, 1904, scrip representing such fractional part, upon which no interest will be paid, but upon presentation of scrip certificates in amounts of five hundred dollars, or multiples thereof, on or prior to March 1st, 1909. Debentures, with coupons maturing September 1st, 1904, and thereafter, will be delivered for the same. Any scrip presented after March 1st, 1909, will be paid for in cash, at face value, without interest.

Resolved, That the transfer books of this Company shall close for this purpose on Monday, January 18th, 1904, at 3 o'clock P. M., and re-open on Monday, January 25, 1904, at 10 o'clock A. M."

It was provided that such debentures should be convertible at the option of the holder into capital stock of the Company on the basis of one share of stock for each \$100 par value of debentures on and after three years from the date of issue of such debentures on any date when any coupon should fall due. The coupons fall due in March and September and the debentures not converted will be due and payable March 1st, 1909.

Fifth—That your petitioner now desires the approval and consent of the Public Service Commission, First District, to issue such increased capital stock of the par value of \$3,000,000 for the purpose of converting the convertible debentures heretofore issued as above described into such stock on the basis of one share of stock for each \$100 par value of debentures.

Sixth—Your petitioner further shows that a sworn statement, in detail, of the financial condition of the company, giving the amount and kinds of the capital stock outstanding, the rate and amount of dividends declared thereon during the past five years, the outstanding indebtedness, whether and how secured, a description of the property and equipment of the company and a statement of the cost of its existing property, and containing a statement of the amount of its stock held by other corporations, with their names and the amount held by each, will be filed herewith and is referred to.

Seventh—The amount and kind of stock the Brooklyn Union Gas Company desires consent and approval to issue is \$3,000,000 par value common stock and such issue is to be devoted to the purpose of retiring the convertible debentures as heretofore described.

SCHEDULE A.

THE BROOKLYN UNION GAS COMPANY,
180 REMSEN STREET,
BROOKLYN, N. Y., December 10th, 1903.

To the Stockholders:

At a meeting of your Directors, held on the third day of December, 1903, the following preamble and resolutions were duly adopted:

"Whereas, The increased and increasing business of the Company has compelled it to re-construct and materially enlarge its manufacturing plants, purchase additional real estate, construct several large holders, lay miles of large pumping mains to convey gas to localities remote from the works, extend the general supply mains, and install thousands of new house services and meters; and

"Whereas, To provide for the above-mentioned construction, additional funds are required in excess of the surplus already expended for that purpose; and

"Whereas, In the judgment of the Board of Directors, the interests of the Stockholders will be best subserved by the increase of the Capital Stock of the Company from \$15,000,000, divided into 150,000 shares of \$100 each, to \$20,000,000, divided into 200,000 shares of \$100 each. Pending the issue of the stock, it is proposed to issue and sell convertible debentures in sufficient amount to provide \$3,000,000—the proceeds of the sale of the said debentures to be used to meet the requirements of the Company in its increasing business; of the increased Capital Stock to be issued, 30,000 shares to be held for the redemption of the debentures to be issued as above, and when it shall become necessary to provide additional funds for the business of the Company, the remaining 20,000 shares, or any part thereof, to be sold or disposed of, as the Board of Directors may from time to time decide; therefore it is

"Resolved, That if the Stockholders consent, the Capital Stock of the Company shall be increased from \$15,000,000, divided into 150,000 shares of \$100 each, to \$20,000,000, divided into 200,000 shares of \$100 each.

"Resolved, That if the Stockholders consent, this Company shall issue and sell to the Stockholders or their assigns, at the par value thereof, Coupon Debentures aggregating \$3,000,000, in denominations of \$1,000 and \$500 each, bearing interest at the rate of six per cent. per annum, payable semi-annually on the first days of September and March, and convertible, at the option of the holder, into the stock of the Company, on the basis of one share of stock for each one hundred dollars par value of debentures with unmaturing coupons, on and after three years from the date of issue of the said debentures on any day when a coupon falls due. Such debentures as may not be converted into stock, shall mature and be redeemed in cash at face value five years after date of issue.

"Resolved, That the debentures to be issued, viz.: \$3,000,000, shall be offered to the Stockholders of record at the time of closing the books of the Company for that purpose, and in proportion to the number of shares standing in their names on said books at the par value of such debentures, payable on the first day of March, 1904. Subscriptions may be paid during the month of February, 1904, and interest at the rate of six per cent. per annum will be allowed to the first of March, 1904. The debentures not subscribed for by the Stockholders, on or before a date to be determined by the Board of Directors, shall be disposed of as the Directors of the Company may decide. Of the increased Capital Stock duly authorized, 30,000 shares shall, when issued, be held for the redemption of the debentures above referred to; and when it shall become necessary, in the judgment of the Board of Directors, to provide additional funds for the business of the Company, the remaining stock, viz.: 20,000 shares, duly authorized, may be sold or disposed of, in whole or in part, in such manner, and on such terms, as the Board of Directors may from time to time decide.

"Resolved, That the proposition to increase the Capital Stock of the Company, and to issue debentures, convertible into stock, shall be submitted to the Stockholders at a special meeting to be called for that purpose, in the manner provided for by law for an increase of Capital Stock, and by the by-laws. The meeting shall be held on the thirtieth day of December, 1903."

If the Stockholders approve the action of the Directors and vote in favor of the necessary increase of Capital Stock, debentures of the value of \$3,000,000 will be offered at par to the Stockholders, who will be entitled to subscribe therefor in proportion to the number of shares of the Capital Stock of the Company held by them respectively: that is to say, each Stockholder may subscribe for debentures to the extent of one-fifth of the Capital Stock held by him. The holder of fifty shares of the Capital Stock will be entitled to subscribe for debentures of the par value of one thousand dollars; the holder of twenty-five shares of the Capital Stock will be entitled to subscribe for one debenture of the par value of five hundred dollars. Holders of less than twenty-five shares of the Capital Stock may sell their right to subscribe for the debentures, or may purchase from other such holders the right to subscribe.

Stockholders who are in favor of increasing the Capital Stock and who may be unable to attend the meeting, are requested to sign and return in the accompanying stamped envelope the enclosed proxy to the Company.

The transfer books will close Thursday, December 10th, at 3 P. M., and open Wednesday, December 23d, at 10 A. M., at the Guaranty Trust Company, Nassau Street, corner of Cedar Street, Manhattan.

If the Stockholders approve the action of the Directors and vote to increase the Capital Stock due notice will be given to the Stockholders of the issue of the debentures.

Very Respectfully Yours,

President, The Brooklyn Union Gas Co.

A communication was presented from the Chief Examiner, dated June 5, forwarding a report of Examiner Rafferty on the case of Jacob Thoma, candidate for the position of Topographical Draughtsman, for such action as the Commission might deem proper. It appeared that on November 27, 1907, while serving under the title of Topographical Draughtsman in the office of the President of the Borough of Queens, the candidate had filed another application for Topographical Draughtsman, contrary to the rule of the Commission. The matter was referred to the Clerk in charge of the receipt of applications for an explanation.

of May 6, so far as it related to the position of Assistant Secretary, Board of Water Supply, and, in view of the additional statements of said Board, had approved the resolution. The communication was ordered filed.

Campbell, Expert Asphalt Mixer, amounting to \$96, which was \$60 in excess of the total compensation (\$1,800) fixed in the resolution excepting Mr. Campbell from examination, pursuant to paragraph 6 of Rule XII. In view of the fact that Mr. Campbell had been permanently appointed from the eligible list of Foreman Asphalt Worker and would be continued in the service in that capacity, the voucher was approved.

A letter was presented from the President of the Borough of Richmond, dated June 4, requesting approval of an additional leave of absence, without pay, for a period of twenty-six (26) days, commencing June 5, in the case of Charles M. Van Houten, Topographical Draughtsman. It appeared from the records that the said employee had been granted successive leaves of absence from September 16, 1907, aggregating almost nine months. The additional leave was approved, but the Secretary was directed to state that the same was positively the last that the Commission would allow; that if Mr. Van Houten was unable to return to his duties at the expiration of that time it would be necessary for him to resign.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
