

DEPARTMENT OF CITY PLANNING
CITY OF NEW YORK

OFFICE OF THE DIRECTOR

July 1, 2020

By Email

NYC Council Speaker Corey Johnson
City Hall Office
New York, NY 10007

Dear Council Speaker Johnson:

Local Law 116 of 2017, as amended by Local Law 250 of 2017, (hereinafter, "Local Law") requires that the Department of City Planning ("DCP") provide a report on privately owned public spaces ("POPS") on July 1, 2019, and annually thereafter, to the Mayor and to the Speaker of the Council of the City of New York.

Enclosed herein is DCP's annual report for 2020. Records related to all POPS identified and entered into DCP's POPS database as of February 1, 2020, are included in this report. The report contains records related to each POPS, organized by Borough and building address. As required by the Local Law 1, each record includes the following information: the type of privately owned public space on site; the zoning provisions or approvals applicable to each space; hours of required public access; any required or permitted amenities; and information related to any required compliance reports, including if reports were filed and the compliance status indicated by such reports. Since the 2019 report, DCP has identified an additional 32 POPS covered by the definition of the Local Law. The newly identified records are included in the current report but may have missing information, as DCP continues to research and update the records.

On May 24, 2020, Section 3 of Executive Order No.115 suspended section 37-78(b) of the Zoning Resolution concerning periodic compliance reporting and section 25-114(f) of the Administrative Code concerning inspections of POPS to the extent such provisions impose deadlines for inspections or submission of compliance reports, and such deadlines are tolled for the duration of the emergency. As a result, this report does not reflect periodic compliance reports that would have been submitted to DCP in 2020 absent the Executive Order. Please let us know if you have any questions. Thank you.

Best regards,

A handwritten signature in cursive script that reads "Marisa Lago".

Due Date	Submitted Date	Compliance Status as Indicated on Report
<u>06/30/2017</u>	<u>07/06/2017</u>	<p><u>"The plaza at 205 E. 92nd Street (The Easton) was inspected by Landscape Architect Thomas Salaki on May 23rd and again on August 25th. The planting, hardscape and furnishings were reviewed and noted in this report. In general the entire plaza space is being well maintained with no trash, graffiti, or broken elements present. The fountain at the north end of the plaza is in working order. Planting was completed at the end of 2016 with additional planting being added through the spring and summer of 2017 to supplement the plant masses where some dieback had occurred. I find this plaza in good condition and being well maintained."</u></p>
