By Alderman Hartman—

Whereas, It appears, from the departmental estimate of the Commissioner of Public Works, that if the proposed substitution of 2,062 electric lights, at an estimated cost of \$526,840, for 5,135 gas lights, estimated to cost \$89,852.50, is carried into effect, as requested by certain resolutions of the Common Council, heretofore passed, the City will certainly lose the sum of \$436,977.50 each year; and

Whereas, When it is considered that, in addition to the greatly enhanced cost of electric lights, the streets and public highways are incumbered by unsightly wooden poles from which is suspended wires that obstruct the streets, impede the work of the firemen in extinguishing conflagrations, and menace the lives of persons brought into contact with them when charged with the electric current—several deaths having already occurred from this cause—it is evident that lighting the streets of this city by gas is far more economical and less dangerous than if lighted by electricity; be it therefore

Resolved, That the Commissioners for Lighting the City, viz.: the Commissioner of Public Works, in conjunction with the Mayor and Comptroller, be and they are hereby authorized and directed to discontinue the use of electricity in lighting the public streets of this city when the existing contracts therefor shall have terminated, and immediately where no such contract exists, and that thereafter no public street, avenue, highway or public place, except the front of the city and the public parks, shall be lighted by electric lights at the expense of the Corporation of the City of New York.

By Alderman Kerwin—

Whereas, Certain rumors have come to our ears that justice does not always prevail in valuation of property in this City where large estates are concerned;

Resolved, That the Department of Taxes and Assessments report within ten days to this Board the various parcels of land belonging to the several estates known as the Astor, the Goellet and the Stewart or Hilton and other large estates, whether improved or unimproved, and that in such report they set forth the several parcels by their different street numbers, where such numbers exist, together with any other detailed designation, description or information which may tend to identify any such

separate parcel, and aid this Board in estimating the actual market value of the same; and also the valuations imposed for the past three years upon the several parcels so to be reported, and that the lands held in trust by or of which the legal title is vested in the said Astors be included in said report; and be it further

Resolved, That the same be published in the CITY RECORD when received, and the attention of the real estate owners directed thereto in order to ascertain if any undervaluation exists therein; and be it further

Resolved, That a day be set apart upon the coming in of said report upon which citizens may meet this Board here and present it with any facts showing that injustice exists where large or small estates fail to pay a due proportion of taxes when excessive valuations are imposed in other cases or discrimination in any manner exists, so that even-handed justice be meted to all where taxation is concerned.

The President laid before the Board the following communication from the Fire Department:

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK,  
NOS. 155 AND 157 MERCER STREET,  
NEW YORK, November 12, 1885.

Honorable Board of Aldermen:

GENTLEMEN—I have the honor to inform you that the Chief of Department calls attention to the fact that a large number of the fire-hydrants are continually out of order, caused by their unauthorized use by street sweepers and sprinklers, thus delaying the operations of this Department at fires. To remedy the difficulty he suggests that action be taken by your Honorable Board by passing city ordinance of the following tenor:

"That no persons, other than the employees of the Department of Public Works, or of the Fire Department, be permitted to use the large, or double fire-hydrants placed throughout the city for the use of the Fire Department, and that any street sprinkler, sweeper, or cleaner, or other person or persons not connected with either the Department of Public Works or the Fire Department, found tampering with, or using said hydrants, be adjudged guilty of a misdemeanor, and punished by a fine or imprisonment."

The Board of Fire Commissioners approve of the suggestion, and request that the action indicated be taken as soon as practicable, in order that the fire-hydrants may be in good condition during the coming winter months.

Very respectfully,

RICHARD CROKER, President pro tem.

Which was referred to the Committee on Law Department.

Hon. ADOLPH L. SANGER, President Board of Aldermen:

DEAR SIR—The Comptroller has requested that application be made by this Department to the Common Council for the passage of a resolution ratifying the action of the Park Commissioners in the matter of work done in connection with the erection of tomb for the remains of General Grant at Riverside Park, in order that all obstacles in the way of the speedy payment of the bills may be removed. I inclose form of resolution, prepared by the Counsel to the Corporation, as a proper one to be passed, authorizing the payment of the claims in question, and respectfully ask that you present the same to the Board of Aldermen and secure the adoption thereof as soon as practicable.

Respectfully,

HENRY R. BEEKMAN, President.

Whereas, The Department of Public Parks has incurred certain debts in and about the erection of a temporary receiving tomb for the remains of General Grant, without sealed bids, public notice, or advertising, but by private contracts; and

## COMMUNICATIONS.

The President laid before the Board the following communication from Col. Geo. D. Scott, asking for an appropriation for an armory for the Eighth Regiment, N. G. S. N. Y.:

HEADQUARTERS EIGHTH REGIMENT, WASHINGTON GREYS, N. G. S. N. Y.,  
NEW YORK, November 7, 1885.

To the Honorable the Board of Aldermen of the City of New York:

GENTLEMEN—The petition of George D. Scott, Colonel, and Commanding Officer of the Eighth Regiment, N. G. S. N. Y., respectfully shows:

That in accordance with law, a plot of land, between Fourth and Madison avenues, and Ninety-fourth and Ninety-fifth streets, in the City of New York, has been purchased for the purpose of providing an armory for his command and of the Second Battery of Artillery; that the plans and specifications for the building of said armory have been approved by the Armory Board and Sinking Fund Commissioners at a cost not to exceed \$300,000, and the Sinking Fund Commissioners have been requested to specify the said sum of \$300,000, to be appropriated for the erection of the said building.

That at a meeting of the Commissioners of the Sinking Fund, held December 3, 1884, it was Resolved, That, pursuant to the provisions of section 3, chapter 91 of the Laws of 1884, the Commissioners of the Sinking Fund do hereby concur with the resolution adopted by the Armory Board at a meeting held December 1, 1884, recommending the construction of a building for an armory for the Eighth Regiment and Second Battery of Artillery according to the plans and specifications approved by said Board, and that the sum of \$300,000 be and is hereby approved as the amount to be appropriated for the construction of building the said building, provided that no expenditure therefor shall be incurred until the money is raised from the sale of bonds for the purpose.

That at a meeting of the Commissioners of the Sinking Fund, held December 17, 1884, preambles and resolutions were offered authorizing the Comptroller to issue bonds to be applied to the erection of said armory building, but that, by reason of the adoption of the amendment to the Constitution of the State of New York prohibiting the City from incurring indebtedness exceeding ten per centum of the assessed valuation of the real estate within it subject to taxation, no bonds have been issued and no contract has been made for the erection of said armory.

Your petitioner further shows that the Eighth Regiment is the oldest regimental organization in the National Guard of the State of New York, dating back in its origin to the year 1786, and has been known as the Eighth Regiment since July 27, 1847. It performed duty in the "Flour Riot" in 1826, "Stone-cutter's Riot" in 1835, the "Astor Place Riots" in 1840, in the "Dead Rabbit Riot" in 1857, "Quarantine Riots" in 1858, went to the front on three different occasions during the War of the Rebellion, performed forty-two days duty during the "Draft Riots" of 1863, and one week during the so-called "Railroad Riots" in 1877. The Regiment has thus for a period of nearly one hundred years aided in the preservation of order and protection of property.

That in the year 1878, the armory then occupied by the Regiment was destroyed by fire, and for nearly two years the Regiment was without an armory, except a temporary headquarters hired by it at its own expense. The necessity for larger accommodations forced it to go into the building it now occupies, although such building has been at no time safe, or fit for military purposes. A circumstance showing its unfitness is that by order of the Adjutant-General, upon the report of the Inspector-General, the regiment is to be inspected this year in another armory, for the reason that it is unsafe for a large number of men to perform the necessary movements in the building now occupied by the regiment. Ever since the destruction of its armory, earnest efforts have been made to secure a suitable armory for the regiment; and, although largely owing to the efforts of its officers, favorable legislation has twice been secured, the regiment is still without suitable quarters.

Although the City of New York has doubled its population during the last twenty years, is the largest manufacturing city in the United States; is in constant danger of a riotous outbreak, owing to the presence within its limits of a "criminal class," numbering about 25,000 persons, the number of militia regiments located in this City has been within that period reduced from over twenty to eight. In obtaining recruits, a regimental organization in this City has now to compete with innumerable clubs and societies, in which their members derive equal, if not greater benefits, with less onerous duties, with greater freedom as to regularity of attendance. It is necessary, therefore, that the National Guard shall be provided with suitable armories, in order that their rank may be kept full.

Your petitioner further shows that it is for the interests of the City of New York and its taxpayers that an armory be erected upon said plot of ground, purchased for that purpose, without delay. In addition to the rent now being paid for the unsuitable building now occupied by the regiment, the city is at an annual loss of several thousand dollars in the non-receipt of taxes on said plot of ground and in the interest on the \$350,000 paid for the same.

Your petitioner therefore requests that your Honorable Board will recommend to and urge upon the Board of Estimate and Apportionment to insert in the tax levy for this year an appropriation of at least \$150,000, to begin the erection of an armory for the Eighth Regiment upon said plot of ground.

Your petitioner further shows that the appropriation of this sum will be sufficient to commence the work, and by so doing will enable the organization to hold together under its present adverse circumstances another year, when another additional appropriation can be made and the building completed.

GEORGE D. SCOTT, Colonel Commanding Eighth Regiment.

Which was laid over in connection with G. O. 519.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at the amount specified in each contract.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making estimates for the work shall present the same in sealed envelopes, to said Board, at said office, on or before the day and hour above named, which envelopes shall be indorsed with the name or names of the person or persons presenting the same, the date of presentation, and a statement of the work to which they relate.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of three thousand five hundred (3,500) dollars for the steam heating, etc., complete, and one thousand two hundred (1,200) dollars, for the boilers, etc., only; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of one hundred and seventy-five (175) dollars for the steam-heating, etc., complete, and sixty (60) dollars for the boilers, etc., only. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will write out the amount of their estimates, in addition to inserting the same in figures.

The forms of the agreements, with specifications and drawings, showing the manner of payment for the work, may be seen and forms of proposals may be obtained at the office of the Department.

COURTS.**

OFFICE OF THE COMMISSIONER OF JURORS,  
ROOM 127, STEWART BUILDING,  
CHAMBERS STREET AND BROADWAY,  
NEW YORK, June 1, 1885.

**APPLICATIONS FOR EXEMPTIONS WILL BE** heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption, if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the

National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
ROOM 6, NO. 31 CHAMBERS STREET,  
NEW YORK, November 17, 1885.

## TO COAL DEALERS AND CONTRACTORS

**BIDS OR ESTIMATES, INCLOSED IN A SEALED** envelope, with the title of the work and the name of the bidder endorsed thereon, will be received in this office, until Tuesday, December 1, 1885, at 12 o'clock M., at which place and hour they will be publicly opened by the head of the Department and read.

**FOR FURNISHING THE DEPARTMENT OF PUBLIC WORKS, WITH SIX HUNDRED (600) GROSS TONS 2240 POUNDS TO A TON) OF LEHIGH AND WILKESBARRE COMPANY'S BEST LEHIGH AND WILKESBARRE COAL.**

Bidders for the above contracts must be regularly engaged in the business and well prepared for furnishing the materials they propose for; and no contract will be made with any bidder who is not prepared to furnish satisfactory evidence to that effect.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

**THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.**

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired can be obtained at the office of the Chief Engineer, Room 10, No. 31 Chambers street.
