No. 584.

Broadway Board of Trade, Hart's Hall, 1028 Gates Avenue, Borough of Brooklyn, New York City, Brooklyn, New York, March 5, 1912.

Board of Aldermen, Borough Hall:

Gentlemen—As Secretary, I am authorized to enclose herewith copies of resolutions unanimously adopted at a meeting of the Broadway Board of Trade, which has reference to the 26th Ward Disposal Plant.

This plant in the eyes of the far-sighted and deep-thinking citizens is a matter of absolute necessity, and will eventually be a proper way of disposing of the City's refuse, instead of pouring them into the waters adjacent to the City, which will be found detrimental to the health of those on this shore.

We respectfully ask you to give the matter your careful consideration, and to use your best endeavor to see that the proposition is carried out.

Yours most respectfully, BROADWAY BOARD OF TRADE.

Whereas, The matter of continuing the experiments which Colonel Black has started at the 26th Ward Disposal Works is most essential; and

Whereas, A request for an appropriation of the $50,000 for the purpose of continuing this work was presented to the Board of Estimate and Apportionment and by it referred to a Special Committee; and

Whereas, The Broadway Board of Trade has every reason to believe that the Committee of the Board of Estimate and Apportionment has favorably passed upon the request of the sum of $50,000, and that the same only awaits the affirmative action of the Board of Aldermen; be it

Resolved, That the Broadway Board of Trade, in regular meeting assembled, heartily endorse and approve the appropriation of $50,000 for the continuing of the Experimental Works at the 26th Ward Disposal Works; it respectfully asks the Board of Aldermen to act upon the matter as quickly as possible so that the work can be carried on uninterruptedly.

Resolved, That a copy of these resolutions be sent to his Honor the Mayor, to Borough President Steers, to the Board of Estimate and Apportionment, and to the Board of Aldermen.

Whereas, The Local Board of the New Lots District, having authorized the expenditure of $350,000 for rebuilding the 26th Ward Disposal Works, and the Board of Estimate and Apportionment having the matter now before it for its consideration and approval; be it

Resolved, That the Broadway Board of Trade, in regular meeting assembled, do heartily approve the rebuilding of the 26th Ward Disposal Works, believing that in its reconstruction, as planned, at a cost of $350,000, it will prove most efficient. That the Board of Estimate and Apportionment be respectfully requested to take such action as will cause an immediate reconstruction.

Resolved, That a copy of these resolutions be sent to his Honor the Mayor, to Borough President Steers, to the Board of Estimate and Apportionment, and to the Board of Aldermen.

Which was ordered on file.

No. 585.

United States Volunteer Life-Saving Corps, 63-65 Park Row, New York, March 6, 1912.

To the Honorable the Board of Aldermen of The City of New York:

Sirs—I hereby request your honorable body to adopt the necessary resolution to enable me to secure the sum of $100 for the purpose of defraying minor and incidental expenses to be accounted for by vouchers subsequently submitted for approval out of the appropriations for Contingencies in the Budget for the year 1912.

Respectfully, ERNEST H. LUEBBERS, Jr.

Which was referred to the Committee on Finance.

No. 586.

The People's Institute, March 4, 1912.

To the Honorable Board of Aldermen, City Hall, New York:

Gentlemen—There is before your honorable body a proposed ordinance, introduced by Mr. Folks, designed to amend the Building Code in such manner as to insure the inclusion under the Tenement Law of socalled apartment houses along with tenement houses of the old style. As court decisions have threatened to insert an incorrect reading on this point into the interpretation of the Tenement Law, it is of the greatest importance that the original intention of the Tenement Law be restated, whether by the State Legislature or by the New York Board of Aldermen, as is within the power of the latter.

We urge the adoption of the proposed Folk ordinance. Respectfully,

JOHN COLLIER, Secretary, Legislative Committee of the People's Institute.

Which was referred to the Committee on Buildings.

No. 587.

New York Typographical Union No. 6, March 8, 1912.

To the Board of Aldermen of The City of New York:

Fearing it would not be possible to put so enormous a job as a $200,000,000 Subway Steal through so large a body as the Board of Aldermen, it was at the in-

stigation of the Traction Trust your body was in 1905 stripped of its ancient privilege of the franchise power—a then city official, Comptroller Grout, receiving $10,000 for his service as an "accelerator."

But when everything was in readiness to bring off the great steal, your honorable Board was aroused, and passed a resolution in the face of which the conspirators dropped the goods and fled. Your resolution of April 23, 1907, was as follows:

Resolved, That the Board of Aldermen hereby recommends to the Rapid Transit Commission and the Board of Estimate and Apportionment that in the letting of contracts for the new subways, they reject all propositions save those made for construction alone, so the City may lease said subways after their completion, when their true value is known, or the City itself operate the subways, as it has the power to do under the provisions of the recently enacted Elsberg Law.

In this crisis we rely upon your again taking such action as the occasion may suggest, assuring you that our great union of 8,000 members will sustain you, as we believe will over 300,000 other members of organized labor in New York City.

And we hereby extend to you an invitation to attend our mass meeting in a body, where provision for your reception will be made in the event of your acceptance.

C. H. GOVAN, L. S. BEDFORD, WM. F. WETZEL, E. A. MILLER, J. R. CAMERON, Committee.

Which was ordered on file.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Chief Clerk, City Magistrates' Courts, Second Division:

The Vice-Chairman laid before the Board the following communication from the Surrogate of Queens County:

No. 589.

Office of the Surrogate, Queens County, N. Y., Jamaica, March 8, 1912.

Hon. Board of Aldermen, City Hall, New York City:

Gentlemen—I enclose herewith a certificate requesting an appropriation for the purpose of making the examination of guardians' accounts and inventories in accordance with section 2824 of the Code of Civil Procedure. It is practically impossible to have such an examination made by any of the officials and employees of this office for the reason that their regular daily duties are such as to require all of their time.

I trust the application will be favorably considered by you and shall be pleased to attend any hearing you may set. Yours very truly,

DANIEL NOBLE, Surrogate.

Jamaica, March 1, 1912.

To the Board of Aldermen of The City of New York:

This is to certify that the examination required by section No. 2844 of the Code of Civil Procedure of all inventories and accounts of guardians filed in the office of the Surrogate of Queens County cannot be made by me or by the Clerk of the Surrogate's Court or by any other Clerk employed in my office and paid by the County.

I therefore request that the sum of two thousand five hundred dollars be appropriated to pay a suitable person to make such examination.

Given under my hand and the seal of the Surrogate's Court of the County of Queens, at the Surrogate's office in Jamaica, in said County of Queens, the first day of March, 1912. DANIEL NOBLE, Surrogate.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Police Commissioner:

No. 590.

Police Department of The City of New York, Office of the Commissioner, March 8, 1912.

The Honorable Board of Aldermen, New York City:

Gentlemen—I have the honor to request the issuance of special revenue bonds to the amount of ninety-five thousand dollars ($95,000) to pay the salaries of one hundred and fifty (150) additional Patrolmen for the remainder of the current year. This increase in quota of the Force has been requested from the Board of Estimate and Apportionment.

There has been no increase in the number of Patrolmen in over three years, notwithstanding the fact that the population during that time has increased about 540,000. According to the police standards of London and Paris, three policemen are provided

for every one thousand inhabitants. In New York City we have about two Policemen to every one thousand inhabitants. In the past three years South Brooklyn, The Bronx and the upper portions of Manhattan Island have grown in many sections from open fields to densely populated residential neighborhoods. In one precinct in The Bronx there is only one Policeman to every 2,200 inhabitants. Very respectfully,

R. WALDO, Police Commissioner.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Public Charities:

No. 591.

Department of Public Charities of The City of New York, Foot of East 26th Street, March 6, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—In our estimate submitted September 17, 1911, to the Board of Estimate and Apportionment for the necessary funds to conduct this Department for the year 1912, was a detailed statement of the amount of help required for our New York City Farm Colony, Staten Island. The total amount requested for that institution was $37,845, while the amount allowed by the Board of Estimate and Apportionment for the year 1912 for that institution for Salaries and Wages of Employees was $32,787, or $5,058 less than the amount requested.

I would now respectfully request that special revenue bonds be issued to the amount of $3,825 to pay for the services of the following employees for the nine (9) months of this year beginning April 1:

3 Watchmen, at $500 each	$1,500 00
2 Trained Nurses, at $600 each	1,200 00
8 Hospital Helpers, at $300 each	2,400 00
Total	$5,100 00

The average daily census of the above-named institution for the year 1911 was 768, while the average monthly census for the current year is now over 1,000 and will likely increase to over 1,200 before the year is ended. This increased census cannot be properly taken care of unless we increase the force proportionately.

Owing to the fact that we did not have sufficient help, because the necessary funds had not been allowed, there was an unfortunate accident at the New York City Farm Colony, resulting in the death of an inmate in January. The Coroner's Jury, in rendering a verdict in this matter, criticized the City authorities for not appropriating sufficient money for the proper conduct of the Farm Colony.

I trust, therefore, that these funds will be authorized promptly, in order that we may be enabled to employ competent paid help to look after these inmates.

Respectfully yours, MICHAEL J. DRUMMOND, Commissioner.

The Vice-Chairman laid before the Board the following communication from the Public Administrator:

A true copy of resolution adopted by the Board of Estimate and Apportionment March 7, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 31, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated December 29, 1911, addressed to the Comptroller, the Commissioner of Parks for the Borough of Queens requested that certain authorizations of corporate stock made for work in Queens, under the jurisdiction of the Commissioner for Brooklyn and Queens, be deemed available for the use of the Commissioner in Queens. In some cases the authorizations referred to consist of small unencumbered cash balances. In addition to these cash balances there are four unallotted authorizations as follows:

Erection of comfort station, Kings Park	$10,000 00
Improvement, Rainey Park	18,000 00
Improvement, Kings Park	3,000 00
Improvement, Linden Park	12,800 00

These four authorizations were intended for parks in Queens, and should be made available for work in that Department. The authorizations were made before the enactment on July 11, 1911, of chapter 644 of the Laws of 1911, providing for a Commissioner of Parks for Queens Borough, and separating the park administration of that Borough from Brooklyn.

On the theory that any appropriation made for park work in the Borough of Queens would automatically fall under the jurisdiction of the Commissioner of Parks for that Borough, it would not be necessary to amend the resolution authorizing the corporate stock. However, it appears to us that it would be safer to amend the resolutions and thereby obviate all questions concerning the matter.

Attached hereto are resolutions amending the various authorizations so that they will read "Commissioner of Parks, Borough of Queens," instead of "Commissioner of Parks for the Boroughs of Brooklyn and Queens." We recommend their adoption.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

No. 599.

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on February 8, 1912, and approved by the Board of Aldermen on February 27, 1912, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seven hundred and fifty thousand dollars ($750,000), to provide means for repaving streets and avenues in the Borough of Brooklyn, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof, to the amount of the par value of the stock, to be applied to the purposes aforesaid.

"Provided, however, that no contract shall be made for repaving any street or avenue unless the Borough President having charge thereof submits to the Comptroller with such contract evidence showing that the original pavement on such street or avenue was laid at the expense of the abutting property owners or by local taxation or by bond issues paid by the locality before consolidation, unless the Board of Estimate and Apportionment shall otherwise determine upon presentation of the facts and circumstances affecting such street or avenue."

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 28, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 8, 1912, the Board of Estimate and Apportionment adopted resolutions authorizing issues of corporate stock to the amounts of $750,000 and $2,500,000 for repaving of streets and avenues in the Boroughs of Brooklyn and Manhattan, respectively.

No provision was made in the resolutions for the maturing of the stock. We recommend the adoption of the attached resolutions providing for the authorizations to mature "not more than ten years after date of issue." Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

No. 601.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding thirty thousand dollars ($30,000), in addition to corporate stock heretofore authorized, to provide means for the use of the Topographical Bureau, in the office of the President of the Borough of Brooklyn, in preparing and completing maps and monumenting all territory within said Borough, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purpose aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment, March 7, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 5, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 29, 1912, the Acting President of the Borough of Brooklyn requested an additional authorization of corporate stock, in the sum of $30,000, for the Topographical Bureau in his office, on work in connection with the making of the City map. In connection therewith we report as follows:

In the Corporate Stock Budget for 1911, the Board of Estimate and Apportionment approved an authorization of corporate stock amounting to $35,000 for the Topographical Bureau. The amount was the estimate for six months, from July 1, 1911, to January 1, 1912. The appropriations for the other Topographical Bureaus were for the full year. The President of the Borough of Brooklyn requested an appropriation of $65,000 for the year, but through a misunderstanding only six months' provision was made. Of the $30,000 requested, it is estimated that $29,000 will be needed for salaries, and $1,000 for supplies and incidental expenses. The appropriation is to be applied to the existing schedule for the Bureau.

We recommend approval of the request by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

No. 602.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, March 11, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of five resolutions adopted by the Board of Estimate and Apportionment, March 7, 1912, recommending the establishment of additional grades of positions, etc., in the various City Departments, as follows:

Cal. No.	Department and Title.	Rate Per Annum.	Number of Incumbents.
39	Education—Heating and Ventilating Inspector.....	$2,093 33	11
	Education—Inspector of Light and Ventilation.....	2,093 33	1
	Education—Electrical Inspector	2,093 33	5
	Education—Inspector of Electrical Conductors.....	2,093 33	1
40	Office, President Borough of Queens—Typewriting Copyist	720 00	1
47	Correction—Matron	900 00	7
48	Education—Janitors and Janitor-Engineers in various public schools, with compensation as set forth therein	.....	..
49	Education—Janitor-Engineers and Janitor of various public schools, with compensation as set forth therein	.....	..

I enclose herewith copies of reports of the Committee on Salaries and Grades, relative thereto. Very truly yours, JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Department of Education of the grades of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Heating and Ventilating Inspector.....	$2,093 33	11
Inspector of Light and Ventilation.....	2,093 33	1
Electrical Inspector.....	2,093 33	5
Inspector of Electrical Conductors.....	2,093 33	1

A true copy of resolution adopted by the Board of Estimate and Apportionment, March 7, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 24, 1912, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grades of positions:

Title.	Rate Per Annum.	Number of Incumbents.
Heating and Ventilating Inspector.....	$2,093 33	11
Inspector of Light and Ventilation.....	2,093 33	1
Electrical Inspector	2,093 33	5
Inspector of Electrical Conductors.....	2,093 33	1

In connection therewith we report as follows:

The establishment is for employees now on the payroll at $40 per week, equaling the annual rate proposed. The incumbents were increased to the $40 rate as of October 1, 1911, pursuant to an opinion of the Corporation Counsel that the increases were mandatory under a court decision. The Corporation Counsel's opinion was not given out in time to make provision for the increases in the schedule for the present year. The Board of Education, therefore, has requested special revenue bonds in the sum of $4,415.44 for this purpose. This request is now pending before the Board of Aldermen.

Heretofore all Inspectors and Draftsmen in the Department of Education have been scheduled at a weekly rate, but in making up the 1912 Budget they were put upon an annual rate to conform with all other City departments. It is therefore proposed to establish the annual rate of $2,093.33, equaling $40 per week for fifty-two and one-third weeks.

We recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Select Committee.

No. 603.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Queens of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Typewriting Copyist.....	$720 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment, March 7, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 6, 1912, the Acting President of the Borough of Queens requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grades of positions:

Position.	Rate Per Annum.	Number of Incumbents.
Inspector of Regulating, Grading and Paving.....	$1,788 00	1
Typewriting Copyist	720 00	1

On February 19, 1911, the Acting President amended the request to include only establishment for the Typewriting Copyist. In connection therewith we report as follows:

A vacancy exists in the grade of Typewriting Copyist at $750 per annum, and it is proposed to appoint an incumbent at $720, a decrease of $30 per annum. Establishment is necessary to permit of the appointment.

We recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Committee on Salaries and Grades.

No. 604.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Correction of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Matron	$900 00	7

A true copy of resolution adopted by the Board of Estimate and Apportionment March 7, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 27, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 9, 1912, the Deputy and Acting Commissioner of the Department of Correction requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Matron, at $900 per annum, for seven additional incumbents. In connection therewith we report as follows:

The grade is established for fourteen incumbents, and provision for that number made in the Budget of 1912. The request for the seven additional incumbents is made to comply with an opinion rendered May 14, 1909, by the Appellate Division, Supreme Court, First Department, deciding that, pursuant to the provisions of sections 715, 716 and 717 of the Greater New York Charter (chapter 511, Laws of 1903), all employees, by whatsoever name known, who had performed the duties of Matron were appointed Matrons and divided into three grades, according to their years of service, viz., five years and over, $900; three to five years, $750; less than three years, $600. Under this decision judgments obtained against the City have been paid to seven of the present employees of the Department, who are performing the duties of Matron. The following table gives the names of the seven employees who are to be classed as Matrons at

$900 per annum, the dates of their entrance into the Department, their present titles and rates of compensation:

Name and Date of Appointment.	Present Title.	Present Salary.
Ann Slevin, December 22, 1898	Orderly	$480 00
Lillian Flattery, September 27, 1896	Orderly	480 00
Kate McElgunn, April 10, 1889	Orderly	360 00
Catherine Sellers, May 9, 1878	Matron	750 00
Mary A. Gibson, October 11, 1877	Nurse	360 00
Margaret Kendrick, June 7, 1899	Nurse	360 00
Jennie Keegan, September 3, 1895	Nurse	360 00

In view of the foregoing, we recommend that the request be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Committee on Salaries and Grades.

No. 605.

Whereas, By opinions of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provisions of section 56 of the Charter is now in the hands of a Special Committee of the Board of Estimate and Apportionment; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said Committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

	Title and School.	Rate of Compensation.

To the Board of Estimate and Apportionment:

Gentlemen—On February 5, 1912, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of rates of compensation for Janitors of Public Schools 172, 104, 74, 26, 106, 51, 98B and C, 97A and B, 80, 58, 49, Washington Irving High School main building, and 13th street and Grand street annexes, Manhattan, and 135, 165, 48 and 20, Brooklyn. All of the proposed grades are to provide for the transfer of Janitors now employed, or for the assignment of temporary employees to existing vacancies. No increases in compensation are involved.

We recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Select Committee.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 27, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 14, 1912, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Charter, of rates of compensation for Janitors of Public Schools 51, 35, 49, 134 and 95, Manhattan, and 48, Brooklyn. The only increase involved is in the case of new Public School 95, Manhattan, for which the compensation is to be increased from the temporary rate of $3,744 to $5,352 per annum, on account of the entire building being occupied. The latter rate is computed on the basis of the measurement system which now obtains for all elementary schools.

We recommend that the request be approved by the adoption of the attached resolution. Respectfully,

The Vice-Chairman laid before the Board the following communication from the Corporation Counsel:

No. 607.

City of New York, Law Department, Office of the Corporation Counsel, New York, March 12, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—I beg to acknowledge the receipt of a copy of a resolution adopted by your Honorable Board on March 5, 1912, in regard to the bill of one William J. Arlitz, a physician, of Hoboken, New Jersey, who claims to have performed medical services in attendance upon Mayor Gaynor at the time the Mayor was shot. The amount of the claim is $15,000.

The advice of the Corporation Counsel is requested as to whether or not Arlitz is lawfully entitled to any sum whatever for his alleged services.

Arlitz served a summons in an action brought to recover the sum of $15,000 upon the Mayor in the State of New Jersey, so that the action is brought in the courts of that State. Only the summons was served. The declaration, or complaint, as it would be called in this State, has not yet been filed in the County Clerk's office, as is required under the New Jersey practice, so that the exact claim of Arlitz is not known.

As soon as the declaration is filed, a copy will be obtained by a representative of this Department, who will then examine into the matter and ask the Mayor for such instructions and information as he may care to give.

In this state of the matter, all that I can say is that it would seem that this physician could hardly have a cause of action against the Mayor, unless he had been directly employed by the Mayor, or by some one duly authorized to employ him. In any event, it would not seem, under the well known circumstances of this case, that the physician could have a valid claim for such a large amount as is specified. Very respectfully, G. L. STERLING, Acting Corporation Counsel.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Borough President of Manhattan:

No. 608.

City of New York, Office of the President of the Borough of Manhattan, City Hall, March 11, 1912.

Hon. ARDOLPH L. KLINE, Acting President, Board of Aldermen, 51 Chambers St., New York City:

Dear Sir—Under date of March 21, 1911, the Board of Aldermen adopted a resolution changing the name of Hawthorne st., extending from 10th ave. to Seaman ave., in the Borough of Manhattan, to W. 204th st. The portion of that street between the points designated has never been numbered, and various requests have been received by this Department for such numbering. The authorization of your Board is hereby requested so that the appropriate numbers may be assigned to the lots on W. 204th st., between 10th ave. and Seaman ave., and I respectfully urge that a resolution to that effect may be adopted as soon as possible. Yours truly,

GEORGE McANENY, President of the Borough of Manhattan.

Which was referred to the Committee on Streets, Highways and Sewers.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 609.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, March 6, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York:

Sir—I would herewith make application for the issuance of revenue bonds in order to provide money for additional lighting to public buildings and streets throughout the five (5) Boroughs.

Practically all allowances for increased lighting asked for by this Department in its estimates for the Budget of 1912 were cut out by the Board of Estimate and Apportionment when the Budget was passed. This leaves us in a condition, in certain Boroughs, that even our total funds for street lighting and public buildings added together will not meet the deficit that will arise from the normal increases in public buildings alone. This condition exists in Manhattan, The Bronx and Brooklyn.

The following amounts in the various Boroughs are requested and the reasons given for each estimate:

Code No. 528, Street and Park Lighting, Boroughs of Manhattan and The Bronx, $5,000.

This, with the amount we have on hand, $28,608, will give an amount much less than that required for new street lighting in past years. The fact that we have $28,000 on hand in this Borough is that as soon as it became known that the Board of Estimate intended cutting off all the appropriation, we immediately stopped all orders for new lamps that we could, on account of their effect on the expenses of the year following that in which they are put in.

Code No. 532, Public Building Lighting, Boroughs of Manhattan and The Bronx: I would ask for an additional sum of $50,000, which, with the amount we have on hand, $12,252.49, will cover the average increases of the years 1908, 1909 and 1910, and providing this sum will free the funds mentioned above for street lighting. Otherwise, we will have to hold all our funds for these Boroughs in order to make up, as far as possible, the deficit to be faced in public buildings. We have no control over the increase in public buildings, as we must furnish the light when the building is completed.

Code No. 540, High Pressure Fire Pumping Station, Manhattan: The appropriation for 1912 is less than the expenses for 1911 by $614.50. A considerably larger territory is covered by this service in the year 1912 over that of 1911. In consequence, there will probably be more pumping and an increase in the expense of furnishing current to the stations. I would ask for an increase in this account of $3,000.

Borough of Brooklyn.

Code No. 529, Street and Park Lighting, should be increased by $5,500, which, with the $13,522 we have on hand, will give us $19,000. This is less than the average increase in the street lighting in Brooklyn for the last three or four years. This balance of $13,522 was derived on account of stopping orders in 1911, but is subject to the same deficit from public buildings mentioned in Manhattan.

Code No. 489, Repairs to Street Lamp-posts: The appropriation allowed is $10,000, and I would request that this be increased by $1,000. The expense for this account in 1911 was $12,144. We hope for a decrease this year.

Code No. 533, Public Building Lighting, should be increased by $20,000. The appropriation given us for 1912 is $190,000 and the expenses for 1911 were $195,038.26. In order to make up this deficit for 1911, as well as to provide for the ordinary increase in public buildings and street lighting funds, we ask for the amount stated.

Code No. 541, High Pressure Fire Service Pumping Stations: We find that the appropriation made for 1912 of $42,400 is $660.54 less than the expenses for 1911, $43,060.54. I would ask that this amount be increased by $1,100.

Borough of Queens.

Code No. 530, Street and Park Lighting: The balance available for new lighting for 1912 is $5,804.09. This amount will not be sufficient to meet requests now made on us for new lighting on streets, and I would request that this be increased by $10,000, of which $2,000 can be obtained by transfer from Code No. 534, Public Building Lighting, in this Borough, making the net amount to be covered by revenue bonds $8,000, and giving us available funds of $15,804.

Code No. 489, Repairs and Replacement of Street Lamp-posts: We find that the expense for 1911 was $12,470.20. The appropriation for 1912 is $8,650. I would believe the expenditures here would be less than in 1911, but it is necessary, in our opinion, to raise the appropriation by $1,475, giving us a total of $10,125 for this account.

Code No. 538, Heat and Power to Public Buildings: The expenditures for 1911 were $2,450.69; the appropriation for 1912, $2,500. This account increases between $300 and $400 a year, and I would request that an addition of $300 be made to this appropriation, making a total amount of $2,800, instead of $2,500.

Borough of Richmond.

Code No. 531, Street and Park Lighting: The cost of lighting for 1912, with the present number of lights burning, will be $198,425.10. The appropriation for 1912 is $200,136.93. The increased lighting, on account of the probable opening of the St. George terminal about July 1, will require funds to the extent of $4,240, and, in addition to this, another $1,000 should be provided for general lighting. I would request, therefore, that this account be increased by $3,600, the balance being made up by the $1,711.93 we have now in the appropriation.

Code No. 535, Public Building Lighting: The appropriation for 1912 is $45,000 and the expenditures for 1911, $44,319. As there will be some extra increases here, on account of additional buildings in the Farm Colony, besides some lighting in Sea View Hospital beyond the normal increase in other public buildings, we would ask that additional funds of $5,000 be provided for this appropriation.

Code No. 539, Heat and Power to Public Buildings: The expenses for 1911 were $5,230.76; appropriation given for 1912, $5,200. As this account increases regularly at about $300 a year, I would request an increase in this account of $300.

This will make an additional amount, to provide for which it will be necessary to issue revenue bonds of $104,275, an increase of 2-38/100 per cent. The increase we asked for in the Budget for 1912 was $183,237.56.

If possible, it would be well if this schedule could be passed upon shortly, for

the reason that owing to the heavy deficiencies in public buildings we fear to use our street lighting funds, whereas if this schedule is allowed, unless some extraordinary demand arises in the public building account, we think we can keep within these limits and do the work that is being asked for by the taxpayers. I am,

Respectfully yours, HENRY S. THOMPSON, Commissioner.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 610.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, March 4, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment February 29, 1912, approving of the recommendations contained in the report dated February 19, 1912, of the Committee on Budgetary Publicity in reference to the establishment of a Municipal Reference Library, etc., etc., under the supervision of the New York Public Library, and requesting the Board of Aldermen to recommend to the Board of Estimate and Apportionment an issue of special revenue bonds in the sum of $20,450 to provide the necessary means therefor.

Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment hereby approves the recommendations contained in the report dated February 19, 1912, of the Committee on Budgetary Publicity, consisting of the President of the Borough of Manhattan, the Comptroller, and the President of the Board of Aldermen, in reference to the establishment of a Municipal Reference Library and Bureau of Information, under the control and supervision of the New York Public Library, and be it further

Resolved, That the Board of Aldermen be and is hereby requested to recommend to the Board of Estimate and Apportionment the authorization of an issue of special revenue bonds of The City of New York, pursuant to the provisions of subdivision 8, section 188 of the Greater New York Charter, in the sum of $20,450, to provide the necessary funds for the New York Public Library to establish and maintain the said Municipal Reference Library for the balance of the year 1912.

A true copy of resolution adopted by the Board of Estimate and Apportionment, February 29, 1912. JOSEPH HAAG, Secretary.

The Vice-Chairman laid before the Board the following communication from the Borough President of Queens:

No. 611.

The City of New York, Office of the President of the Borough of Queens, Long Island City, March 4, 1912.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—Pursuant to subdivision 8, section 188, of the Charter of The City of New York, application is hereby made for the issue of special revenue bonds to an amount not exceeding seventeen hundred dollars ($1,700), proceeds whereof to be expended by the President of the Boroughof Queens to pay the salary of Inspector of Buildings (Carpentry and Masonry) for nine (9) months of the year 1912, at the annual rate of two thousand dollars ($2,000) per annum.

I am desirous of increasing the force in the Bureau of Buildings by the addition of one Inspector, to be transferred from the Board of Education, and for that purpose this application is made. Resolution herewith enclosed. Yours respectfully,

MAURICE E. CONNOLLY, President of the Borough of Queens.

Resolved, That, pursuant to subdivision 8, section 188, of the Charter of The City of New York, the Board of Aldermen authorizes the Comptroller to issue special revenue bonds to an amount not exceeding seventeen hundred dollars ($1,700), proceeds whereof to be expended by the President of the Borough of Queens to pay the salary of Inspector of Buildings (Carpentry and Masonry) for nine (9) months of the year 1912, at the annual rate of two thousand dollars ($2,000) per annum.

Reports of Committee on Finance—

Nos. 315 and 478—(S. O. No. 45).

The Committee on Finance, to which was referred on February 6 and 27, 1912 (Minutes, pages 400 and 643), a request from the Department of Health for an issue of $5,000 special revenue bonds for expenses in connection with a City exhibit at International Congress of Hygiene and Demography to be held in Washington, D. C., in September, 1912, respectfully

REPORTS:

That the details of this matter are fully set forth in the letters of request and the detailed statement submitterd herewith. The Committee has gone into this matter very thoroughly, and believes that an entirely satisfactory showing can be made for one-half of the amount requested. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand five hundred dollars ($2,500), the proceeds whereof to be used by the Department of Health for the purpose of an exhibition by the said Department at the Fifteenth International Congress on Hygiene and Demography to be held in Washington, D. C., in September, 1912.

City of New York, Department of Health, Office of the Commissioner of Health, March 8, 1912.

Hon. P. J. SCULLY, City Clerk of New York, City Hall, New York:

Dear Sir—In further response to the request contained in the letter from the Hon. Henry H. Curran, Chairman of the Finance Committee, Board of Aldermen, the following statement is submitted to show the details for the proposed expenditure of $5,000 for the purpose of an exhibition by the Department of Health at the Fifteenth International Congress on Hygiene and Demography to be held in Washington, D. C., in September of this year. As will be seen from the detailed statement submitted for each division, the total amounts to $7,000. We feel, however, that by cutting the estimates here and there we can bring the total down to $5,000, requested in our application.

It may be added that it is practically impossible to give the exact cost of all the various parts of the proposed exhibition, owing to the fact that many of the details have still to be worked out. In general, however, the scope and character of the exhibition is well shown in the statement attached.

Very truly yours, ERNST LEDERLE, Commissioner.

No. 320—(S. O. No. 46).

The Committee on Finance, to which was referred on February 6, 1912 (Minutes, page 404), a request from the Sheriff of New York County for $5,000 special revenue bonds for salaries of five Keepers at the County Jail from January 1, 1912, respectfully

REPORTS:

That the letter of request states the reasons for this application. For the past fourteen years, under all administrations, the number of Keepers has been eleven, and because of the census of inmates, the size and arrangement of the jail, their presence has been a necessity, and that necessity continues at the present time. These men are now working and should be paid. The omission on the part of the Budget makers to include the full number for this year, while perhaps intended for an economy, was manifestly an error in judgment, and the Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of five thousand dollars ($5,000), the proceeds whereof to be used by the Sheriff of New York County for the purpose of paying the salaries of five Keepers at the New York County Jail for the current year, beginning January 1, 1912, at the rate of $1,000 each, per annum.

Sheriff's Office, New York County, Barclay Building, 299 Broadway, New York, February 6, 1912.

To the Honorable Board of Aldermen, New York City:

Gentlemen—Under and by virtue of paragraph 8 of section 188 of the Greater New York Charter, I ask that your honorable Board recommend to the Board of Estimate and Apportionment the issuance of special revenue bonds in the sum of five thousand dollars ($5,000) as and for the compensation of five Keepers of the New York County Jail for the current year, beginning January 1, 1912.

In the Budget of 1912 the Board of Estimate and Apportionment made provision for six Keepers, a number wholly inadequate for the proper conduct of the jail and for the proper guarding of the prisoners therein imprisoned, as provided for by law.

I desire in this connection to call your attention to the Act of 1897, chapter 364, having reference to the appointment of Keepers by the Sheriff, which provides that the Sheriff may appoint Keepers in Ludlow Street Jail not exceeding eleven. This act, in my opinion, warrants the appointment of eleven Keepers.

Trusting that you will give this communication your prompt attention, I am,

Yours very sincerely, JULIUS HARBURGER, Sheriff.

No. 393—(S. O. No. 47).

The Committee on Finance, to which was referred on February 13, 1912 (Minutes, page 500), the annexed resolution in favor of an issue of $3,150 special revenue bonds for salaries of two Keepers and a Cleaner at Raymond Street Jail during 1912, respectfully

REPORTS:

That having examined the subject, it believes the proposed issue to be necessary. These employees are now working, and the necessity for their services is equally as existent as it has been for years past. A careful investigation leads the Committee to believe that it was an error of judgment on the part of the makers of the Budget when these employees were cut out for the current year. It, therefore, recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand one hundred and fifty dollars ($3,150), the proceeds whereof to be used by the Sheriff of Kings County for the purpose of paying the salaries of two Keepers at Raymond Street Jail, at twelve hundred dollars ($1,200) each per annum, and one Cleaner at the rate of seven hundred and fifty dollars ($750) per annum.

The Committee on Finance, to which was referred on February 20, 1912 (Minutes, page 630), the annexed resolution in favor of an issue of $240 special revenue bonds for purchase of copies of Code of Ordinances for the members of the Board of Aldermen, respectfully

REPORTS:

That having examined the subject, it believes the proposed issue to be necessary. The Ordinances are in process of codification and will be ready in their revised form by the time this bond issue can be made available in the regular course. There is no question but that each member should be supplied with a copy. The Committee, therefore, recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two hundred and forty dollars ($240), or as much thereof as may be necessary, the proceeds whereof to be used by the City Clerk and Clerk of the Board of Aldermen for the purpose of purchasing copies of the Code of Ordinances of The City of New York for distribution among the members of the Board of Aldermen.

Nos. 476 and 480—(G. O. No. 109).

The Committee on Finance, to which was referred on February 27, 1912 (Minutes, pages 642 and 645), the annexed resolution in favor of an issue of $3,000 corporate stock for investigation and report on necessities of Department of Public Charities in fire protection of buildings, respectfully

REPORTS:

That, while the Board of Aldermen, in July, 1911, approved an issue of $200,133 special revenue bonds for the installation of equipment for fire protection on all the buildings under the jurisdiction of the Department of Public Charities, based on an exhaustive and prolonged study of the needs of the Department by employees considered well qualified to estimate on such work, the Board of Estimate and Apportionment has recommended a further investigation and report upon this subject before granting an appropriation. The Committee defers to the wishes of the Board of Estimate and Apportionment so that speedy action may be had, and recommends that the accompanying ordinance be adopted.

AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of three thousand dollars ($3,000), to provide means for fire protection in various buildings under the jurisdiction of the Department of Public Charities.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Section 1—The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment February 21, 1912, and authorizes the Comptroller to issue corprate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of an issue of corporate stock of The City of New York to an amount not exceeding three thousand dollars ($3,000), for the purpose of providing means for fire protection work in various buildings under the jurisdiction of the Department of Public Charities, and for the employment of Expert Engineers or Architects to study and report upon the best system of fire protection for these buildings, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

The Committee on Finance, to which was referred on February 27, 1912 (Minutes, page 644), the annexed request from the Commissioner of Water Supply, Gas and Electricity for $3,097.67 special revenue bonds for increases in salaries of Clerks receiving less than $900 per annum, respectfully

REPORTS:

That the letter of application explains itself. It appears that sixteen Clerks are to be advanced to a maximum of $900 per annum if this bond issue is approved. The Committee believes this appropriation is for a worthy object, and recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand and ninety-seven dollars and sixty-seven cents ($3,097.67), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of providing means for increases in salaries of Clerks receiving less than $900 per annum in the Bureaus of Lamps and Lighting and Electrical Inspection of said Department for the period March 1 to December 31, 1912.

Hon. JOHN PURROY MITCHEL, President, the Board of Aldermen, City of New York:

Dear Sir—In the Departmental Estimate for 1912 I requested that salaries of Clerks receiving less than $900 in the several Bureaus of Lamps and Lighting and Electrical Inspection of this Department be rated at $900 per annum for the year 1912. This involved increases, but, by the ruling of the Board of Estimate and Apportionment, none of these increases were allowed in the Budget for 1912.

It has been my policy in the past to increase the interest in the work by promotion for merit and to place salaries on a uniform basis with respect to the character of the work performed, and the Board of Estimate and Apportionment has already acceded to my requests for increases in the salaries of Clerks receiving less than $900

in Bureaus of Water Register and the Chief Engineer's Bureaus, whereby the salaries have all been raised to $900. At that time the Clerks in the Bureaus of Lamps and Lighting and Electrical Inspection were not included in the said request for increases.

The character of the work performed by these Clerks has been equally good, but the salaries have remained at $600 or less, and the efficiency of the said Bureaus has been very much impaired by transfers, etc., into other Bureaus of this Department and to other Departments, where they have been able to obtain $900 per annum, thereby compelling the said Bureaus to replace Clerks trained in the routine of the different offices by the addition of new and untrained Clerks.

It has been proved expedient and for the betterment of the service that Clerks should receive at least $900 when proven competent. This also precluded the disadvantages of having Clerks, trained in Departmental workings, transferred to other Departments, where the salaries are on a higher plane than paid in this Department.

This standardization of salaries for Clerks in these grades also appears to me to be very necessary, and I would respectfully request that sufficient additional funds be provided by the Board of Aldermen, so that I may put all the Clerks in these grades on a standard basis.

In order to provide the moneys for the increases involved in the said standardization, I would respectfully request that special revenue bonds be authorized and issued to the amount of $3,097.67, the same being the actual funds that would be necessary, in addition to the present salaries, for the period March 1 to December 31, 1912. I am, Respectfully,

HENRY S. THOMPSON, Commissioner.

No. 482—(S. O. No. 50).

The Committee on Finance to which was referred on February 27, 1912, (Minutes, page 646), the annexed request from the Public Administrator of Kings County for $2,861.45 special revenue bonds for salaries and furniture and fittings for said office, respectfully

REPORTS:

That the letter of request gives the full detail of this matter. The Committee has made a thorough investigation of the subject, and believes that the estimate for furniture may be slightly reduced, and that the sum of $2,500 will suffice for all needs. It, therefore, recommends that the accompanying resolution be adopted.

Resolved That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand five hundred dollars ($2,500), the proceeds whereof to be used by the Public Administrator of Kings County for the purpose of paying salaries, purchasing law books, furniture and fittings, and providing funds for telephone service and contingencies in said office.

Office of the Public Administrator, Kings County, 44 Court St., Temple Bar Building, Brooklyn, N. Y., February 26, 1912.

To the Board of Aldermen:

Gentlemen—On January 23, 1912, the President of the Borough of Brooklyn addressed a communication to your Board, requesting special revenue bonds to the extent of $1,600, to provide for the equipment of furniture, etc., for the office of the Public Administrator, created under a special act of the Legislature (chapter 774, Laws of 1911).

Included in his estimate were items, which in my opinion seem to apply directly to my administration of the office of the Public Administrator. There are elements of necessity which were not included in the President's estimate, but which are absolutely essential at this time.

I would therefore suggest that the request of the President be reduced to $1,195.45 and that your Board take action upon an individual request of this office for $1,666, making a total of $2,861.45.

The sum of $1,666 is made up as follows:

Salary Confidential File Clerk	$350 00
Salary Confidential Stenographer	500 00
Telephone	200 00
Law books	116 00
Contingencies, consisting of carfares, truck hire, etc., postage, etc.	500 00
	$1,666 00

The Board of Estimate and Apportionment having recommended the establishment of the salaries and grades of the incumbents of the office in accordance with the provisions of section 56 of the Charter, the matter is now before you for concurrent action.

I would be pleased to support my estimate either personally or by submitting data at any time your Board requires justification for the items.

We are annexing hereto a list of the items and their approximate prices, which we calculate will aid you in reaching a conclusion. Very truly yours,

FRANK V. KELLY, Public Administrator, Kings County.

Office of the Public Administrator, Kings County, 44 Court St., Temple Bar Building, Brooklyn, N. Y., February 26, 1912.

Board of Aldermen:

Gentlemen—The following is a list of the furniture and equipment required by us for the purchase of which we are seeking an appropriation.

At the outset we wish to say that each and every item of furniture is absolutely essential to the proper equipment of this office.

Public Administrator's Office.

One flat-top desk	$75 00
One rotary chair	21 75
Fire chairs, $12 each	60 00
One rug 12 by 15	50 00

Clerk's Office.

One low roll top desk, No. 99, 66-inch	63 70
One rotary chair, No. 986LL	15 75
Three chairs, No. 1409W, $9 each	27 00
One rug, 9 by 12	25 00
One hat rack and one cuspidor	6 00

Outer Office.

Two typewriter chairs, No. 1492, $4.87 each	9 74
Two typewriter desks, No. 373, 50-inch, $23.40 each	46 80
Two Smith-Premier No. 10A typewriters, $80 each	160 00

You will probably observe that we have but one Stenographer and the natural query is why two typewriters The answer is that the File Clerk is also a typist and typewrites many of her records and fills in on the machine many of the blank forms used by us, and we find by the experience of our predecessor that the second machine is indispensable.

Linoleum floor covering, 10, 6 by 8	25 00
Six chairs, No. 957W, $5.63 each	33 78
One clock	10 00

Library.

One rug, 9, 6 by 15	40 00
Library table, 3 by 7 or thereabouts	30 00
One hat rack	5 00
Six chairs, No. 957W, $5.63 each	33 78
Two four-drawer flat filing system cabinets to contain envelopes 10 by 15	40 00
One large cabinet containing drawers or compartments to contain stationery, blanks, etc	40 00
Drinking water service, towel supply	50 00
One large safe to contain private compartment, drawers and room for books	150 00
One revolving book rack	15 00
Relettering on doors and painting of floors	15 00
	$1,195 45

The items representing the individual request of the office of the sum of $1,687.68 are as follows:

Law Books.

Jessup's "Surrogate's Practice"	$9 00
Redfield's "Surrogate's Practice"	9 00
Fowler's "Personal Property Law"	5 00
Birdseye-Cumming and Gilbert "Consolidated Laws," six volumes and two supplements	54 00
Andrew's "Transfer Tax Law," annotated	6 50
"New York Annotated Code of Civil Procedure," five volumes	32 50

The item, "Law Books," is based upon an estimate from the Lawyers' Co-operative Publishing Company and represents rock-bottom figures.

Telephone service of at least 4,200 local messages per annum	200 00

This item is based upon an estimate from the contract department of the telephone company for the following service:

Switchboard	$36 00
Two trunk lines	48 00
Three extensions	18 00
4,800 calls	144 00
	$246 00

The local calls being subject to a City discount of 25 per cent. and others calls 40 per cent.

Incidentals, including postage	300 00

This item is made up approximately as follows:

Stamps (an average of 30 letters per day and not excessive)	$210 00
The remaining ($90) is made up of incidentals, such as law blanks, open market orders for articles not supplied by the City Record, subscription to the "Law Journal" and other minor expenditures	90 00
	$300 00
Carfares, trucking, etc	200 00

This item is calculated to reimburse us for carfares, trucking, etc., in cases which are called to our attention and of which we are temporary custodian, but never qualify as Administrator; or in which property is delivered at the office and subsequently removed, or matters in which, after an investigation and the expenditure of carfares, etc., local next of kin are found. It is difficult to estimate the amount required for this purpose and it depends entirely upon the character and location of the matters under attention. It is safe to say, however, that this item alone represented in the past from 75 cents to $1 per day.

The salary of the Stenographer to the Public Administrator, as fixed by the Board of Estimate and Apportionment, $600 per annum (approximately)	500 00
The salary of Confidential File Clerk, as fixed by the Board of Estimate and Apportionment, $420 per annum (approximately)	350 00
	$1,666 00

The prices of the items of furniture have been taken from Pearson's catalogue for your guidance only, although they bespeak our choice of furniture.

Very truly yours,

FRANK V. KELLY, Public Administrator, Kings County.

Which were severally laid over under the rule.

The Committee on Finance to which was referred on March 5, 1912 (Minutes, page 790), the annexed communication from the Army and Navy Union for permission to draw in advance the Budget appropriation granted said body for Memorial Day observances, 1912, respectfully

REPORTS:

That this is the customary authorization made to facalitate the expenditure of this money for the exact purposes for which it is annually allowed. The Committee recommends that the accompanying resolution be adopted.

Memorial and Executive Committee, Garrisons Greater New York Army and Navy Union of the United States of America, Brooklyn, N. Y., February 29, 1912.

To the Honorable Board of Aldermen, City of New York:

Whereas, The Board of Estimate and Apportionment, with the concurrence of the Board of Aldermen, has provided in the Budget of 1912 the sum of $1,000 for Memorial Day observances by the Army and Navy Union.

In accordance with the provisions of law; and

Whereas, it is deemed necessary that said sum of money be advanced to the Memorial and Executive Committee, Army and Navy Union, for the purpose of defraying expenses as they may arise; therefore be it

Resolved, That the Comptroller be and he is hereby authorized to pay to the Treasurer of the Memorial and Executive Committee upon his requisition countersigned by the Chairman and Secretary, the sum of one thousand dollars ($1,000).

The Committee on Finance to which was referred on March 5, 1912 (Minutes, page 800), the annexed resolution in favor of amending an issue of $1,214,000 corporate stock for new buildings, etc., Department of Public Charities, by increasing the amount to $1,215,000, respectfully

REPORTS:

That, having examined the subject, it believes the proposed amendment to be necessary. This increase is to cover an additional expenditure of $978.12 for the Nurses' Home at the Kings County Hospital, and is obtained by a corresponding reduction in another corporate stock issue for the same Department, covered by another resolution. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held February 29, 1912:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on December 14, 1911, and concurred in by the Board of Aldermen on December 26, 1911, as follows:

"Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the following resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and finally concurred in by the Board of Aldermen on July 25, 1911:

"'Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the following resolution adopted by the Board of Estimate and Apportionment on February 9, 1911, and finally concurred in by the Board of Aldermen on February 21, 1911:

"'Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment at a meeting held December 1, 1910, and adopted by the Board of Aldermen December 13, 1910, which reads as follows:

The Committee on Finance, to which was referred on March 5, 1912 (Minutes, page 805), the annexed resolution in favor o famending an issue of $30,000 corporate stock for Department of Public Charities by reducing amount to $29,000, respectfully

REPORTS:

That, having examined the subject, it believes the proposed amendment to be necessary. This reduction covers the increase noted in Introductory No. 543, to be applied to Nurses' Home at Kings County Hospital. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held February 29, 1912:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen,

the resolution adopted by the Board of Estimate and Apportionment on June 3, 1910, and concurred in by the Board of Aldermen on June 28, 1910, as follows.

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, to an amount not exceeding thirty thousand dollars ($30,000), for the purpose of providing furnishings and fixtures for new Nurses' Home, Kings County Hospital, under the jurisdiction of the Department of Public Charities, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding *thirty thousand dollars* ($30,000), the proceeds whereof to be applied to the purposes aforesaid."

—be amended to make the amount authorized read *twenty-nine thousand dollars* ($29,000).

The Committee on Finance, to which was referred on March 5, 1912 (Minutes, page 806), the annexed resolution in favor of amending an issue of $53,000 corporate stock for Department of Docks and Ferries, by reducing amount to $51,200, respectfully

REPORTS:

That, having examined the subject, it believes the proposed amendment to be necessary. This difference of $1,800 represents a saving in the erecting of the pier at Whale Creek, which it is proposed to expend for asphalting the deck of pier 42 East River, Manhattan, an improvement which is urgently needed. The Committee recommends that the accompanying resolution be adopted:

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held February 29, 1912:

Whereas, The Commissioners of the Sinking Fund on December 13, 1911, adopted a resolution as follows:

"Resolved, That, pursuant to the provisions of section 180 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby recommend to the Board of Estimate and Apportionment that the resolution adopted by the said Board on July 1, 1910, and approved by the Board of Aldermen on July 19, 1910, as follows:

"'Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, and section 180 of the said Charter and the recommendation of the Commissioners of the Sinking Fund by resolution adopted June 29, 1910, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding fifty-three thousand dollars ($53,000), for the purpose of providing means to pay the cost of the construction of a pier at Whale Creek, Borough of Brooklyn, under the jurisdiction of the Department of Docks and Ferries, and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty-three thousand dollars ($53,000), the proceeds whereof to be applied for the purpose aforesaid.'

—be amended to make the amount read fifty-one thousand two hundred dollars ($51,200)."

—therefore be it

Resolved, That, subject to the concurrence herewith by the Board of Aldermen the resolution adopted by the Board of Estimate and Apportionment on July 1, 1910, and concurred in by the Board of Aldermen on July 19, 1910, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, and section 180 of the said Charter, and the recommendation of the Commissioners of the Sinking Fund by resolution adopted June 29, 1910, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding *fifty-three thousand dollars* ($53,000), for the purpose of providing means to pay the cost of the construction of a pier at Whale Creek, Borough of Brooklyn, under the jurisdiction of the Department of Docks and Ferries, and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding *fifty-three thousand dollars* ($53,000), the proceeds whereof to be applied for the purposes aforesaid."

The Committee on Finance to which was referred on March 5, 1912 (Minutes, page 807) the annexed resolution in favor of an issue of $550,000 corporate stock for site and buildings for use of New York City Reformatory for Misdemeanants, respectfully

REPORTS:

That, having examined the subject, it believes the proposed amendment to be necessary. A very thorough explanation of this matter has been submitted by the Commissioner of Correction, who will have jurisdiction over the proposed Reformatory, and is hereto attached.

The Committee recommends that the accompanying ordinance be adopted.

AN ORDINANCE, providing for an issue of corporate stock of The City of New York in the sum of five hundred and fifty thousand dollars ($550,000), to provide means for the acquisition of a site and the erection thereon of cottages, administration, reception, industrial and power buildings, refectory, chapel and school and farm buildings, for the use of the New York City Reformatory for Misdemeanants, under the jurisdiction of the Department of Correction.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1—The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment February 29, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding five hundred and fifty thousand dollars ($550,000), to be apportioned as follows: A sum not exceeding fifty thousand dollars ($50,000), for the acquisition of a site to be approved by the Board of Estimate and Apportionment; and five hundred thousand dollars ($500,000), to provide means for the erection thereon of cottages, administration, reception, industrial and power buildings, refectory, chapel and school, and farm buildings for the use of the New York City Reformatory for Misdemeanants, under the direction of the Department of Correction, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 2, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 19 and November 3, 1911, the Commissioner of Correction requested the issue of $800,000 in corporate stock, "for the purpose of improving conditions relating to the New York City Reformatory for Misdemeanants, Harts Island." In connection therewith we report as follows:

The need for improved conditions in the case of those committed to the Reformatory was recognized by the Board of Estimate and Apportionment in the approval, on June 3, 1910, of corporate stock to the amount of $40,000 for the preparation of plans for the construction of reformatory buildings on Harts Island, to be operated under the "congregate" or dormitory system.

The Commissioner now is of the opinion that the construction of the proposed buildings on that island would be inadvisable for the reason that the reformation of the youths committed to the Reformatory, whose average age is about nineteen years, is jeopardized through association or contact with those of more advanced age committed to the Workhouse, also located on Harts Island. This is also the opinion of the State Board of Charities and the Board of Parole. To remedy this condition, and for the general moral improvement of the inmates through the substitution of the cottage plan for the present congregate system, it is proposed to purchase a farm site of about 250 acres, upon which will be erected cottage buildings, each to accommodate twenty-five inmates, and the necessary buildings for educational and industrial training.

The buildings used for reformatory purposes on Harts Island were erected to accommodate 240 inmates. The present census is 296, resulting in conditions not conducive to health or morality. Educational work, and industrial training in carpentry, plumbing, painting, bricklaying, tailoring and electrical work are conducted under limited facilities. The acquisition of a farm site would permit of instruction in farm work in addition to the industries now taught. The present Reformatory buildings, when abandoned, are to be used as an addition to the Workhouse, which is congested.

It seems that an appropriation of $550,000 would be sufficient at this time to provide for the acquisition of a site and the erection of cottages, industrial and power buildings, refectory, chapel, school and farm buildings.

We recommend, therefore, that the request be approved to the extent of $550,000 by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Department of Correction of The City of New York, Commissioner's Office, 148 E. 20th st., New York, March 9, 1912.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, New York City:

Dear Sir—Your letter of yesterday, relative to the resolution adopted by the Board of Estimate and Apportionment on February 29 last, and now before the Board of Aldermen, providing for an issue of $550,000 corporate stock for the establishment of a new Reformatory for Misdemeanants for New York City, has been received.

First, you ask for a history of the proposed establishment. To this, I would answer that, on coming into the Department as Commissioner, early in 1910, I soon decided that if the Reformatory was to do the work for which it was established and maintained, radical changes and improvements were essential. In order to erect buildings that would be well adapted for the purposes of a Reformatory, the sum of $800,000 was asked for, with the intention to use the northern end of Harts Island for that purpose. The Board of Estimate and Apportionment did not think it best to grant the request at that time, but did make an appropriation of $40,000 to prepare plans and estimates for the desired buildings, which were to be on the congregate style. The plans were prepared and the specifications were all ready to present to the Board of Estimate and Apportionment as soon as money would be appropriated.

About that time the more modern idea of reformative methods—the cottage system, the advantages of which are now generally acknowledged, with its more immediate supervision over and more intimate acquaintance with the boys, and especially the opportunity which it gives for a separation of the better inclined from hardened and sometimes the seemingly incorrigible offenders—and the great help to be derived from out-of-door employment on a farm, all began to receive attention. After a careful study of the subject, and finding the Mayor, the members of the Corporate Stock Committee of the Board of Estimate and Apportionment, the State Board of Charities, and, in fact, nearly all penologists and thoughtful students of reformative work to be believers in this modern system, I modified the request, and asked for the sum of $800,000 for the purchase of a farm site and for the erection of groups of buildings on the cottage plan.

Your question as to the reasons for the reduction of the amount from $800,000 to $550,000, I would answer by saying that this reduction was made by the Board of Estimate and Apportionment, because they evidently felt the institution could start with a smaller number of buildings than my plan contemplated.

My idea was to erect

14 cottages, for 25 inmates, at $20,000	$280,000 00
Administration building	100,000 00
Reception building, for about 100 inmates	75,000 00
Industrial and power building	100,000 00
Refectory and kitchen building	50,000 00
Chapel and school building	50,000 00
Farm buildings	40,000 00
Grading, sewage disposal, and matters of that kind	25,000 00
Total	$720,000 00

In addition to the above amount, Architect's fees would have to be looked after.

The plan, as above outlined, would take care of about 450 inmates, but as our census today is exactly 299. I agree with the report of the Corporate Stock Committee that $550,000 would be sufficient for present needs.

In regard to the necessity for the proposed improvement, I would say that since the idea of the farm and cottage system for the Reformatory was first suggested, I have spent a number of days seeking information in regard to sites and locations, with special reference to the healthfulness of the locations presented. The result of my investigations has been to find that the dormitory plan which is now in use at the Reformatory is not conducive to the proper reformation of the inmates, as was intended at the time of the creation of the institution. To properly carry out these intentions, it is necessary that the inmates should be confined in separate rooms. The cottages which the Department proposes to build on the farm would accommodate about twenty-five inmates, each inmate with a separate room, such as an institution like this ought to have. In addition, the erection of these buildings on a farm site, far removed from contact with the criminals of the penitentiary and the inmates of the workhouses will be a strong factor in reformation—and reformation is essentially "the intent and spirit of the function to be performed by the New York City Reformatory of Misdemeanants."

Trusting that this will answer fully the questions in your letter, and adding that I will be ready to give any further information desired by the Committee, I am,

Very sincerely yours, PATRICK A. WHITNEY, Commissioner.

No. 547.

The Committee on Finance, to which was referred on March 5, 1912 (Minutes, page 807), the annexed resolution in favor of amending an issue of $250,000 corporate stock for an interior bath, Borough of Manhattan, respectfully

REPORTS:

That this amendment is for the purpose of including the cost of the site in the original appropriation. This was not done at the start, as it was hoped that some available site for this purpose might be found on property already belonging to the City. It is proposed to expend $55,000 for the site, the remaining amount to be utilized for construction and equipment of building.

The Committe recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held February 29, 1912:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment July 17, 1911, which reads as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two hundred and fifty thousand dollars ($250,000), to provide means *for the construction of new public baths in the Borough of Manhattan, and contingent expenses thereon*, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof

to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be and the same is hereby amended by striking therefrom the words *for the construction of new public baths in the Borough of Manhattan, and contingent expenses thereon,* and inserting in place thereof the words *for the acquisition of a site and the construction of a new public bath in the Borough of Manhattan, and contingent expenses thereon.*

Alderman Dowling moved that this report receive immediate consideration.

Which was adopted.

The Vice-Chairman then put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bolles, Boschen, Bosse, Brush, Carberry, Cummuskey, Curran, Davis, Delaney, Devine, Diemer, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Esterbrook, Folks, Gelbke, Gilmore, Grimm, Hamilton, Kenney, Levine, Loos, McCann, McCourt, McGarry, McGrath, Marks, Martyn, Morrison, Muhlbauer, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stevenson, Velten, Walsh, Weil, Wendel, Weston, Willard, Wilmot; President Cromwell, by L. The Committee on Finance, to which was referred on March 5, 1912 (Minutes, page 808), the annexed request from the Commissioner of Correction for $400 special revenue bonds for services of an Instructor in Music at New York City Reformatory, Harts Island, respectfully

REPORTS:

That this instruction in instrumental music has proven exteremely beneficial in the general scheme of social reform for which this institution is established, and such an Instructor has been heretofore paid from contingencies. The Comptroller has forbidden such use of contingent funds, hence this request. The position is filled by appointment from a list furnished by the Civil Service Commission. The Committee believes this to be necessary, and recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of four hundred dollars ($400), the proceeds whereof to be used by the Department of Correction for the purpose of hiring an Instructor in Music at the New York City Reformatory, Harts Island, during the year 1912.

The Committee on Finance, to which was referred on March 5, 1912 (Minutes, page 809), a request from the Board of Assessors for an issue of $150 special revenue bonds to correct an error in the Budget for 1912, respectfully

REPORTS:

That it believes the proposed appropriation to be necessary, as a careful examination shows that an error was made in the preparation of the Budget, and should be remedied. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one hundred and fifty dollars ($150), the proceeds whereof to be used by the Board of Assessors for the purpose of paying the difference in the salary of a Stenographer legally entitled to $1,800 per annum, whose compensation was, by mistake, set down in the 1912 Budget at $1,650 per annum.

The Committee on Finance, to which was referred on March 5, 1912 (Minutes, page 842), the annexed resolution in favor of authorizing the Comptroller to advance appropriations in the Budget for 1912 to various societies for Memorial Day observances, respectfully

REPORTS:

That this is the customary authorization granted annually so that the funds allowed in the Budget for these purposes may be at the command of the officers of the societies. The Committee recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment with the concurrence of the Board of Aldermen has provided in the Budget of 1912 certain sums of money for Memorial Day observances in the various Boroughs, in accordance with the provisions of law; and

Whereas, It is deemed necessary that said sums of money be advanced to the Memorial and Executive Committees of the Grand Army of the Republic and kindred organizations in the various Boroughs for the purpose of defraying expenses as they may arise; therefore be it

Resolved, That the Comptroller be and he is hereby authorized to pay to each of the treasurers of the Memorial and Executive Committees of the Grand Army of the Republic and kindred organizations in the various Boroughs, upon his requisition countersigned by the chairman and secretary of each of the various committees, the sum of money provided in said Budget, as follows:

Memorial Day observances, Borough of Manhattan	$3,000 00
Memorial Day observances, Borough of Brooklyn	3,000 00
Memorial Day observances, Borough of The Bronx	800 00
Memorial Day observances, Borough of Queens	300 00
Memorial Day observances, Borough of Richmond	300 00

Reports of Committee on Salaries and Offices—

No. 323B—(G. O. No. 116).

The Committee on Salaries and Offices, to which was re-referred on March 5, 1912 (Minutes, page 827), the annexed resolution in favor of establishing grade of Draftsman in the Department of Parks, Borough of Queens, respectfully

REPORTS:

That, in reporting this matter to the Board on February 27, 1912, the Committee fixed the rate at $1,500 per annum, understanding from its conference with the Commissioner that he was willing to accept a reduction to this amount for this position. It appears that there was a misunderstanding on this point, the Department being already provided with a grade at $1.500, and desiring a higher grade for more exacting and technical work. The Committee coincides with the views of the Commissioner to the extent that his Department should be furnished with another grade of Draftsman, but believes that a salary of $1,650 per annum is sufficient at this time. It, therefore, recommends that the accompanying resolution be adopted, this being a reduction of $150 per annum.

Resolved, That so much of the resolution adopted by the Board of Estimate and Apportionment at a stated meeting held Februarv I, 1912, recommending the establishment in the Department of Parks, Borough of Queens, of certain grades of positions, in addition to those heretofore established, as relates to the following position:

Title.	Rate Per Annum.	Number of Incumbents.
Draftsman	$1,800 00	1

—is hereby amended so as to read:

Title.	Rate Per Annum.	Number of Incumbents.
Draftsman	$1,650 00	1

—and as so amended, is hereby approved of and concurred in by the Board of Aldermen.

The Committee on Salaries and Offices, to which was referred on February 13, 1912 (Minutes, page 463), the annexed resolution in favor of establishing grade of Consulting Engineer under President of The Bronx at $7,200 per annum, respectfully

REPORTS:

That President Miller appeared before the Committee and stated that he had promised Mr. Schaefer, the Consulting Engineer, upon his entrance into the Department, that he would take steps to insure him an increase if he showed by his work that it was warranted. This he has done, being a man of such efficiency that his work has attracted the attention of some of the corporations operating in this vicinity, and Mr. Schaefer has received offers of a larger salary from some of these outside sources, and it is in order to retain him in the service that it is proposed to give him this increase of $1,200 per annum. Consulting Engineers in the Boroughs of Manhattan and Brooklyn each receive $7,200 per annum, and the occupant of such position in Richmond receives $8,000. The Borough President gave earnest testimony to the qualifications and quality of the work performed by Mr. Schaefer.

The Committee believes that in this case the character of the services rendered warrants the increase, and recommends that the said resolution be adopted.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Consulting Engineer in the office of the President of the Borough of The Bronx, in addition to those already existing therein, with salary at the rate of seventy-two hundred dollars ($7,200) per annum, for one incumbent.

The Committee on Salaries and Offices, to which was referred on Feruary 27, 1912 (Minutes, page 639), the annexed resolution in favor of establishing position of Inspector of Plastering under President of The Bronx, respectfully

REPORTS:

That the Committee, after going into this matter very carefully, are of the opinion that the mandatory legislation in regard to inspectors of plastering passed by the last Legislature will increase the City's expenses approximately $75,000 per annum, and it believes that the law is uncalled for, but in view of the fact that a case is now pending in the Court of Appeals before Justice Wheeler brought by a party named Deering against the Building Department of the City of Buffalo to decide the constitutionality of the bill, the Committee feels obliged to report the matter out to some extent, but feels that the number of employees should be reduced. Both the Superintendent of Buildings and the Borough President appeared before the Committee and stated that if the law was not mandatory they would not appoint any one, as they considered it unnecessary legislation. As it is more or less of an experiment until its status is decided by the Court, the Committee believes that six Inspectors are not needed, and it therefore recommends that the accompanying resolution fixing the number of incumbents at two be adopted.

(SUBSTITUTE.)

Resolved, That the resolution adopted by the Board of Estimate and Apportionment at a stated meeting held February 21, 1912, which reads as follows:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the President of the Borough of The Bronx of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	No. of Incumbents.
Inspector of Plastering	$1,200 00	6

—be and the same is hereby amended so as to read for "two" incumbents instead of "six," and, as so amended, is hereby approved of and concurred in by the Board of Aldermen.

("ORIGINAL.")

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the President of the Borough of The Bronx of the grade of position, in addition to those heretofore established, as follows:

The Committee on Salaries and Offices, to which was referred on February 27, 1912 (Minutes, page 640), the annexed resolution in favor of establishing grade of Investigator at $1,500 per annum, in office of District Attorney, Borough of Queens, respectfully

REPORTS:

That this office has but three Process Servers and two Stenographers, whose work is so heavy in volume that they are constantly employed, but has to be neglected when the necessity for an investigation arises, which is in connection with almost every case. The Board of Estimate and Apportionment has recognized this fact by creating this grade, and the Committee believes it should be granted. It therefore recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held February 21, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of District Attorney of Queens County, of the grade of position, in additional to those heretofore established, as follows:

The Committee on Salaries and Offices, to which was referred on March 5, 1912 (Minutes, page 795), the annexed resolution in favor of establishing two additional grades in the office of the Borough President of Manhattan, respectfully

REPORTS:

That Deputy Commissioner Patterson explained that the services of the Stenographer were urgently needed by the Commissioner, who had to share his present Stenographer with three Engineers. It is proposed to appoint a male Stenographer who can assume certain executive responsibility in the absence of the Commissioner. The position of Stationary Engineer is to reward a man unusually capable by giving him an increase of one dollar a day. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 29, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Manhattan of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate.	Number of Incumbents.
Stenographer to the Commissioner of Public Works (per annum)	$1,500 00	1
Stationary Engineer (per diem)	6 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

PERCY L. DAVIS, WM. D. BRUSH, EDWARD EICHHORN, HUGH CUMMUSKEY, JAMES R. WESTON, F. H. STEVENSON, MICHAEL CARBERRY, Committee on Salaries and Offices.

No. 540—(G. O. No. 121).

The Committee on Salaries and Offices to which was referred on March 5, 1912 (Minutes, page 796), the annexed resolution in favor of establishing position of Storekeeper, at $1,200 per annum, under Borough President of Manhattan, respectfully

REPORTS:

That this grade is established for purposes of promotion. There is now a grade of $1,800 and the Commissioner states that he wishes to start a man at $1,200, and then if his services warrant it he may receive an increase. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 29, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Manhattan of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Storekeeper	$1,200 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

No. 541—(G. O. No. 122).

The Committee on Salaries and Offices to which was referred on March 5, 1912 (Minutes, page 796), the annexed resolution in favor of establishing certain grades in the office of the Borough President of Brooklyn, respectfully

REPORTS:

That the report of the Committee on Salaries and Grades of the Board of Estimate and Apportionment gives a full history of these five employees (see minutes of March 5). Commissioner Pounds informed the Committee that some of these men had been offered higher wages in other situations, and their ability was such that every effort should be made to retain them. The asphalt repair plant repaved 42 miles of streets last year. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 29, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Brooklyn of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Searcher	$2,100 00	1
Draftsman	2,100 00	1
Chemist	2,700 00	1
Superintendent of Asphalt Repair Plant	3,000 00	1
Messenger	1,350 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

PERCY L. DAVIS, WM. D. BRUSH, EDWARD EICHHORN, HUGH CUMMUSKEY, JAS. R. WESTON; F. H. STEVENSON, MICHAEL CARBERRY, Committee on Salaries and Offices.

Which were severally laid over under the rule.

Report of Committee on Parks—

No. 555.

The Committee on Parks to which was referred on March 5, 1912 (Minutes, page 837), the annexed resolution in favor of requesting the Commissioner of Parks for the Boroughs of Manhattan and Richmond to set aside the space in the southeast section of the City Hall Park as an eligible site for the proposed monument to the memory of Thomas Jefferson (Joseph Pulitzer Foundation), respectfully

REPORTS:

That Alderman Smith, the introducer of the resolution, and Commissioner Stover appeared before the Committee. The Commissioner urged that the resolution be slightly amended inasmuch as it is contemplated, in fact the City is under contract, to replace the existing fountain now on the site proposed by a new one. The Committee therefore recommends that the resolution be amended by changing it so as to read, or some other equally eligible site in said City Hall Park, and that, as so amended, the resolution be adopted.

Whereas, A movement is under way, founded by Joseph Pulitzer, for the erection of a monument to the memory of Thomas Jefferson, author of the Declaration of Independence, third President of the United States, eminent as patriot, jurist and statesman, and one of the makers of America; and

Whereas, It has been determined by those engaged in this noble work that the said monument shall be erected within the confines of The City of New York, a distinction and an honor of which the people of our great municipality may justly be proud, because of the unique position occupied by Thomas Jefferson in the history of the nation; therefore

Resolved, That the Commissioner of Parks for the Boroughs of Manhattan and Richmond, subject to such approval as may be necessary by the Art Commission of The City of New York, be and he hereby is requested to set aside the space in the southeast section of the City Hall Park, now occupied by a fountain, which is in disuse most of the time, or some other equally eligible space in said City Hall Park, as a site to erect the foregoing contemplated monument to the memory of Thomas Jefferson.

Resolved, further, That his Honor the Mayor, after the due selection of this site, and the approval thereof, and of the monument of Thomas Jefferson, be and he hereby is requested, on behalf and in the name of The City of New York, to accept the said monument.

JAMES F. MARTYN, J. W. HAGENMILLER, W. H. PENDRY, JOHN H. BOSCHEN, FREDERICK H. WILMOT, FRANK J. DOTZLER, Committee on Parks.

Alderman Smith moved that this report receive immediate consideration.

Which motion was adopted.

The report was then accepted and resolution adopted.

Report of Committee on Fire—

No. 225.

The Committee on Fire, to which was referred on January 30, 1912 (Minutes, page 235), the annexed petition from the Brooklyn League, with a report on the conditions of the fire alarm service in Brooklyn, respectfully

REPORTS:

That at a hearing before the Committee held on March 8, 1912, Hon. John C. Rennard, Electrical Engineer of the Fire Department, appeared before the Committee, as did also Mr. Guy Duval, President of the Brooklyn League, in support of the petition. Upon thorough discussion, the Committee recommends that the prayer of this petition for a new and secure site for fire alarm headquarters in the Borough of Brooklyn be granted, and that such a site be obtained as soon as possible in the interest of fire protection for that Borough. The Committee makes this recommendation not by way of commitment on the financial side of this question but wholly from the point of view of fire protection and as a fire measure, believing that the matter of finances should properly be considered by the Committee on Finance of this Board.

The Committee therefore recommends that the accompanying resolution be adopted.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take steps for the earliest possible acquisition of a site for and construction of a new and suitable building to serve as fire alarm headquarters for the Borough of Brooklyn.

The Brooklyn League, Temple Bar, 44 Court St., Brooklyn, N. Y., January 29, 1912.

To the Board of Estimate and Apportionment, and the Board of Aldermen of The City of New York:

The Brooklyn League desires to call the attention of your honorable body to the dangerous condition existing in the Borough of Brooklyn, due to inadequate protection against fire. The Headquarters of the Fire Department, which includes Fire Alarm Headquarters, are located in a building that is entirely unsuitable as to construction and location for the purposes for which it is used. At any moment fire in this non-fireproof building might be sufficient to put the entire fire alarm system out of commission and a serious fire starting among the surrounding frame buildings would in all probability destroy both the Fire Alarm Headquarters and seriously cripple the entire fire alarm system.

We urge upon your honorable body as prompt action as may be possible to secure for the fire alarm system of this Borough a suitable building of fireproof construction and centrally located and suited to the present and future needs of the large territory embraced.

In this connection we would respectfully call your attention to the report on the condition of the fire alarm service of the Borough of Brooklyn, issued by the National Board of Fire Underwriters under date of December, 1911, which gives in detail the needs of this important branch of the service.

We would also urge the appropriation of the necessary funds asked for the purchase of above apparatus and new hose and for the improvement of the fire alarm service throughout the Borough.

CHARLES H. FULLER, President.

John F. Geis, Secretary.

Authorized by the Executive Committee of the Brooklyn League at a meeting held January 25, 1912.

FRANK J. DOTZLER, HENRY H. CURRAN, FREDERICK H. WILMOT, EDWARD EICHHORN, JAMES R. WESTON, GEO. M. O'CONNOR, OTTO C. GELBKE, EDWARD V. GILMORE, Committee on Fire.

Report on the Condition of the Fire Alarm Service, Borough of Brooklyn, City of New York.

National Board of Fire Underwriters, Committee on Fire Prevention, New York, December 16, 1911.

CECIL F. SHALLCROSS, Esq., Chairman, Committee on Fire Alarm Service, New York Board of Fire Underwriters:

Dear Sir—The National Board of Fire Underwriters (Committee on Fire Prevention) have completed the investigation of the fire alarm system of the Borough of Brooklyn and herewith present the report for your perusal.

Yours very truly, GEO. W. HOYT, Chairman.

National Board of Fire Underwriters, Committee on Fire Prevention, 135 William St., New York, December 16, 1911.

Mr. GEO. W. HOYT, Chairman, Committee on Fire Prevention, New York City:

Dear Sir—In compliance with a request from Mr. C. F. Shallcross, Chairman of the Committee on Fire Alarm Service, New York Board of Fire Underwriters, Engineer Charles H. Lum made an investigation of the fire alarm facilities in the Borough of Brooklyn during October and November, 1911, to ascertain the present condition of the system and what improvements, if any, had been made since our previous inspection in 1906.

We find that the system is dangerously unreliable, is not giving, at best, good service and is very inadequate for the service required. It has been extended and maintained without any well defined plan, and maintenance has in the past been poor.

The present system was originally designed for the City of Brooklyn before consolidation and was a manual system. As surrounding towns and villages grew and were made a part of that city, their fire alarm circuit or circuits were extended to the present headquarters or, if no local system existed, one of the box circuits of the original system was extended to cover the newly added section. Alarm circuits were not installed in the annexed towns, but existing fire stations and all new ones erected were equipped with house instruments directly in the box circuits, a fundamentally wrong principle; the result has been that annexed sections of Brooklyn and all of Long Island City are protected by what are essentially single-circuit fire alarm systems, such as are proper only for small villages; owing to their length, and overloading with apparatus and boxes, and their general condition, these circuits would not be suitable in any locality.

Since our previous report, the fire alarm systems of all Boroughs of Greater New York have been put in charge of an unusually well qualified Electrical Engineer, whose duties, in addition to general supervision of the present systems, include the designing of a new fire alarm telegraph system for each Borough.

The system is maintained by an able Inspector, but the force under him has been greatly reduced since 1905, although the system and the amount of extension and repair work have greatly increased since that date. Proper transportation facilities for the Inspector and his outside men are not at present provided; it was stated that these are to be furnished in the near future.

The headquarters apparatus is in a building of construction very little, if any, better than wooden joisted. The fireproofing practically forms a hanging ceiling, above which is, in most of the building, a heavy-joisted floor, making numerous concealed spaces; there are many frame partitions, stair and elevator openings are unprotected, and a fire would spread very rapidly. Owing to the lack of window protection, exposures, which would ordinarily be classed as moderate, are severe. Internal hazards are severe, being those of a small garage and of a stable, in addition to the common fire hazards of an office occupancy and a poorly kept basement. The roof was in such condition at the time of inspection that it was necessary to ask the Salvage Corps to spread tarpaulins to protect the fire alarm apparatus during a storm. The building is entirely unsuitable as the location of a fire alarm headquarters; a very small fire in the basement could damage the incoming wires sufficiently to put the entire system out of commission, and a fire there or on other floors could readily destroy the headquarters equipment or make the operating room untenable for the operators.

Practically all of the apparatus at headquarters is old, although several of the more important instruments have been rebuilt and are now in good condition. Galvanometers are regularly used for the testing of circuits; these are not reliable, and their use has been discontinued in practically all cities in which they were originally installed.

Telephone and fire alarm telegraph circuits follow practically identical routes after entering the headquarters building, and a very small fire in the basement could cut off all means of notification of a fire and for communicating with fire stations. Owing to the storage of waste paper and kindling wood close to these cables, such a fire is liable to occur at any time. The cables are unprotected near the point of entrance and are subject to very severe mechanical injury, as the masonry wall to which they are secured without any protection is used as a wall of the coal bin. The installation of circuits of the telegraph system in the operating room has recently been somewhat improved, but much work of this kind remains to be done; even as now being installed, circuits will not be in accordance with modern methods or requirements.

The primary batteries used to energize most of the circuits have, in practically all cities where this type of battery has been used, been found to be unreliable and very expensive to maintain, and have been discarded for storage batteries, which, particularly when used as common batteries, require much less space, are more reliable and give better service.

The boxes on the system are mostly unsatisfactory, being of a type that, if two on the same circuit are pulled simultaneously, only one will be received, the other

sending no record to headquarters; those installed in the last five years have practically all been of proper type. The probability of delayed alarms caused by the use of boxes with keys detached is being remedied by the substitution of keyless doors as rapidly as they are available and the small force for maintenance will permit. The method of installing leads to boxes formerly in use is very faulty, as the wires are not only subject to mechanical injury, but a box may be short circuited out of service, without giving any indication until pulled.

Box distribution is fairly good in old Brooklyn, but in the annexed sections large groups of buildings are without this protection; about 148 boxes are on hand for installation, but several hundred more are necessary to proper box spacing. Most of the boxes in the city are inconspicuous and only a few are provided with red lights to indicate location. At the time of inspection boxes were being painted according to a regular system; the necessity for a continuance of this work and its annual repetition is very apparent, as many are very badly rusted.

The use of box circuits as alarm circuits in a city of this size shows lack of appreciation of the importance of reliability. All circuits are badly overloaded; one carries as many boxes and alarm instruments as would ordinarily be permitted on six circuits, and several carry the load of five circuits. Many of the circuits are very long, but could be shortened by locating new fire alarm headquarters more centrally. Wires are run as single conductors along the various elevated structures, supported mostly on glass insulators on wooden cross-arms, but in several instances on telephone hooks and porcelain knobs. This class of construction renders the circuits subject to crosses where loops are taken off for special building boxes or for street boxes; at several points the fire alarm wires are subject to severe mechanical injury, and as work is constantly being done on the elevated structure, a number of circuits may accidentally be opened at any time. Recent circuit construction is, for the most part, good, but much of the old work is in very poor condition. The fire alarm telegraph bureau has no jurisdiction over the special building boxes, which are owned and maintained by private owners or the various municipal departments; as an analysis of the records of trouble indicates that a very large percentage has occurred in the loops to special building boxes, this condition should be remedied at once. Owing to the large amount of overhead construction, the number of open circuits has been extremely large, and, because of the poor traveling facilities afforded the men making repairs, the time between the opening and the full closure has also been excessive. Wires must necessarily run through trees and are subject to mechanical injury during wind storms and to excessive leakage during rain. The wiring in fire stations is, for the most part, extremely bad and should be given immediate attention.

The new fire department telephone system is well laid out, but too many houses are dependent upon a single circuit, and the circuits in headquarters are subject to the same hazard as are those of the fire alarm telegraph system.

The operators are mostly detailed from the uniformed force and, for the most part, are experienced; an adequate number is always on duty. Because of the small force for maintenance and the very large territory to be covered, box tests have been very infrequent and the method of testing circuits is one which has been discarded in practically all other cities as being unreliable. Records as now kept are in proper form, but those kept prior to January 1, 1911, are not in readily accessible form.

Recent improvements have increased the number of boxes and, to a very small extent, the reliability of the system. However, in several instances during the time of this inspection, alarms received at headquarters could not be deciphered, owing to interrupted or broken signals, and companies could not be notified until later, when a telephone call gave notification of the fire. The overloaded condition of box circuits, use of box circuits as alarm circuits, poor condition of much overhead wiring, improper type of boxes, unsuitable batteries and general inability to properly maintain the system with the present inadequate force, make these and more serious failures not only probable, but very certain. No adequate improvement can be expected until the number of circuits has been very greatly increased, the headquarters moved to an unexposed location and modern apparatus installed in a building constructed especially for the purpose, wires installed underground in the closely built sections of the City, separate alarm circuits, distinct from box circuits, installed to connect instruments in each fire station, and additional boxes installed.

In conclusion, we wish to acknowledge the co-operation of Fire Commissioner Joseph Johnson and of the officials of the Fire Alarm Telegraph Bureau in affording us every facility for collecting information for the purpose of this investigation.

A detailed report on the present organization, equipment and operation of the fire alarm system, together with the recent, authorized and contemplated improvements, follows. Respectfully submitted, GEO. W. BOOTH, Chief Engineer.

Fire Alarm System, Borough of Brooklyn, City of New York.

Organization—The fire alarm systems of the five boroughs of The City of New York form a bureau of the Fire Department, under the supervision of the Fire Commissioner, and under the management of Mr. J. C. Rennard, who was appointed Electrical Engineer in Charge in March, 1910. The direct management of the various systems in the Boroughs of Brooklyn and Queens is in charge of Mr. Andrew P. Martin, Chief Inspector, who was assigned to his present duties in November, 1910, prior to which time he had been in charge of the systems in the Boroughs of Manhattan, The Bronx and Richmond, after having previously had charge in the Boroughs of Brooklyn and Queens.

The force employed in the maintenance of the systems in the Boroughs of Brooklyn and Queens in 1906 and 1911 is given in the table below.

	1906.	1911.
Telegraph Operators	..	3
Inspectors of Boxes	2	..
Wireman	1	..
Foreman of Linemen	1	..
Linemen	18	17
Batterymen	8	7
Cable Splicers	1	2
Groundmen	5	2
Laborers	3	2
Messenger	..	1
Detailed Firemen	21	14
Total	60	48

Five of the Linemen and two of the Batterymen are on duty in connection with the systems in the Borough of Queens. One Batteryman is assigned to duty as supply man, one is used as a Driver and one as a Box Inspector. One of the Laborers is used as a Box Inspector and one as Instrument Man, and one of the Groundmen works as a Driver. The detailed Firemen are assigned to duty as Telegraph or Telephone Operators, except that one acts as Clerk and two are assigned to other boroughs.

Employees are appointed by the Fire Commissioner from lists furnished by the Civil Service Commission.

Headquarters—Fire alarm headquarters is located on the fifth floor of a five- and six-story semi-fireproof building, erected in 1892, located at 365 Jay st. The building is occupied by a ladder company, a water tower and the Fire Department offices. Exposures offered by frame dwellings and printing establishment and a brick stable are serious. Window openings are unprotected. Inside hazards include waste, bags of paper, defective electric light wiring and kindling wood, all in the cellar and largely in the neighborhood of the fire alarm cables. Two automobiles are generally kept in the building; gasolene is kept in an underground tank and pumped to first floor.

Protection consists of the fire apparatus on the first floor and several six-gallon chemical extinguishers, distributed on the different floors. The building contains an unusually large amount of combustible material, such as office furniture and accessories, wooden partitions, etc. The elevator and stair well is open, and wire shaft forms direct connection for fire from basement to operating room. The fifth floor, which is devoted entirely to the fire alarm telegraph bureau, contains a large amount of unnecessary woodwork in the operating platform, instrument mountings, switchboards and frames and cases, desks, lockers, etc. During the inspection the roof of the building leaked at a point over the telephone switchboard to such an extent that tarpaulins were borrowed from the Salvage Corps to prevent damage in the fire alarm room.

Equipment—Apparatus at Headquarters: The Brooklyn system includes all of the Borough of Brooklyn and old Long Island City. A manual system is in use, with operators on duty at all times. The headquarters apparatus is mainly of Gamewell make; most of it is old and several instruments have recently been extensively repaired. It consists of a slate protector board in the basement, a similar board in the apparatus room, a slate and wooden testing board, a wooden relay board, and transmitting instruments and registers as given below. Circuits are installed loose under the platform of the operating room, sections of which are arranged to be removed. Wire of the original installation in the operating room had cotton insulation; some of this has been re-installed, using rubber insulated wire, but there still remains much work to be done in this direction.

Protective—Circuits enter the building underground in lead sheathed, rubber-covered cables, and extend, unprotected, through a coal-bin to a terminal and protector board located in a small boarded room about 25 feet from point of entrance; this board has capacity for 75 circuits, each circuit passing through a ground-plate, a 1-ampere fuse and a heat-coil spring fuse, which is arranged to ring a bell in the operating room when the fuse blows. At the time of inspection, coal for the winter had lately been stored and cables were buried beneath it. From this protector board, circuits are carried in a taped cable secured to the under side of a wooden strip on the ceiling of the cellar to the base of a brick wire-shaft, which extends unstopped from the basement to the operating room, where circuits are connected to another protector board. At this latter board, each circuit passes through a heat-coil fuse and a mechanical circuit breaker, which is also arranged to ring a bell after operation. The wires from the brick shaft to this board pass under a small section of the floor and up inside the partition between the operating room and the Inspector's office; the board has capacity for 63 circuits.

Receiving—Box signals are received by a visual drop and a relay on each circuit; the relay, through a normally open local circuit, operates a buzzer, a sounder and a pen on one of two 30-pen registers. Record can also be made on any one of the six single-circuit punch registers. A switch has been installed whereby the 30-pen registers may be cut out. The relay board is designed for 60 circuits. The relays require frequent adjustment of tension owing to the constantly changing circuit conditions. Each circuit is also provided on this board with a Morse key for signalling, and a 4-point plug switch for grounding or cutting out circuit. The time-stamp formerly in use has been removed.

Signals from the Consolidated Fire Alarm Company's system are received on a relay which operates a gong and records the box number on a tape register. Signals from the National District Telegraph Company are similarly received.

Transmitting—A Gamewell, 4-dial, 3-figure transmitter is regularly used for transmission of signals over the gong circuit. A Pearce and Jones, 2-dial, 4-figure transmitter, recently overhauled and placed in serviceable condition, is held in reserve. The transmitter regularly used has space for 10 circuits. Joker alarm circuits connect to houses in old Brooklyn, but many of the box circuits are used as alarm circuits; two multiple Morse keys are the only means for sending alarms simultaneously over the joker and the combination box and alarm circuits, otherwise the individual Morse key on each circuit would have to be used. A plug is provided so that the Long Island City circuit may be thrown out for alarms from the southern part of the City, otherwise all alarms sound in all houses. Connected to the gong circuits is a chime of bells in the operating room to indicate the proper transmission of alarms.

Testing—A slate and wooden testing board provides a galvanometer on each circuit, which is regularly used for testing for grounds. A portable voltmeter and a milli-ammeter are provided for testing for serious grounds, battery potential and current strength. The automatic ground detector formerly connected to the gong circuits has been discarded.

Batteries—Gravity cells, total number 2,678, are used to supply current for most of the circuits. A battery of 96 storage cells in duplicate is now used on five of the circuits, with 25 cells kept charged for use as extra battery on box circuits 1 and 2. Thirty-nine Gordon and 10 Samson cells are in use for local open circuits and 155 Samson cells for gong circuits. Twenty-eight of the Gordon and 100 of the gravity cells are used as extra battery for box circuits and can be switched into service at any time. Sufficient spare parts are kept on hand.

Gravity batteries are fairly well kept and are well mounted on insulated racks. The battery room is kept in as good order as is possible where battery renewals have to be made in the same room. Some of the storage batteries are mounted directly on wooden racks and some are supported on glass and porcelain supports on wooden racks. The battery racks do not provide proper space for the number of cells used and 200 or 300 of them are set on the floor or on poorly supported shelves against partitions. Wiring to cells is No. 12 and No. 14 copper, partly rubber-covered and partly with office insulation. Some wires are in wooden moulding, others hang loose, and still others are stapled to the battery racks with double-pointed tacks. Wiring in connection with the storage batteries is mainly under wooden cleats. Battery leads are carried from the racks to the operating room in a trough in the floor provided with a wooden cover.

A new slate charging board on an iron frame, providing proper resistance, switches and instruments for charging batteries, is being installed; in connection with this work, wiring is to be installed in conduit.

Storage batteries are charged every other day by current taken from the panel board of the house lighting system, through lamp resistance; no switchboard is provided, double-throw baby knife switches, secured to boards nailed to the wall, being used for throwing batteries from charging to discharging, or vice versa. At the time of inspection it was noted that some of the plates in the storage batteries were very badly buckled and some cells showed a large amount of sediment.

Apparatus at Fire Stations—Fire alarm instruments at houses are of Gamewell, Chester, or Pearce make, and nearly uniform in type. In old Brooklyn, originally intended to be covered by the system, each house has a relay, a Morse key and a sounder connected to a joker circuit, the first serving to sound alarms on a 6-inch gong; there is also a large gong connected to a gong circuit. Horse release trips and lighting switches are operated either automatically by the gong, or manually. Several of the houses are also provided with a testing set connected in some box circuit, consisting of a Morse key and a sounder; this is for use in connection with tests made by operators at fire alarm headquarters. In the remainder of the territory covered by the system, each house is equipped with a relay, a Morse key and a sounder on some box circuit, the first operating a small bell; at least two circuits run into each fire station to provide duplicate means of receiving alarms, but usually only one of these is connected to the master key at headquarters.

Boxes—*Description:* The fire alarm boxes are divided into Classes 1, 2, 3 and 4. The Class 1, 2 and 4 boxes include all street boxes, the class number designating the section of the City or the Borough in which it is located; Class 1 boxes are in the old City and are numbered 12 to 999; Class 2 are in the annexed section of the Borough of Brooklyn and number from 2-121 to 2-999, and the Class 4 are in the Borough of Queens and number from 4-121 to 4-999. The Class 3 boxes include all of those in school buildings, city institutions, theatres and other buildings, the box numeral being preceded by three blows. Total number of boxes, 1,682, divided as follows:

Street boxes, Class 1	854
Class 2	325
Class 4	67
Total	1,246
Building boxes, Class 3	436
Street Boxes—	
Interfering type, with brush-break contacts	97
Plain non-interfering type, with brush-break contacts	972
Non interfering and successive type, with platinum or silver contacts	177
Boxes with keyless doors	271
Boxes with key in lock under guard	22
Boxes with key detached	972
Street boxes with auxiliary attachment	105
Gamewell boxes	1,199
Pearce and Jones boxes	41
Star boxes	5
Crane box	1

Most of the street boxes have wound springs and trigger pull. About 12 per cent. are equipped with platinum point key break, the others have the less reliable brush break contact. Most all of the plain non-interfering boxes are of the type which fails to send in any signal should the circuit be in use for any purpose when pulled. The speed of boxes is extremely slow. About one-fifth of the boxes are fitted with keyless doors; a very few have key attached under guard, and the re-

mainder are detached-key boxes, for which keys must be procured from nearby houses or stores before an alarm can be turned in; in many cases, keys are kept at small mercantile establishments which are closed at night. Keys are also entrusted to any responsible citizen. Boxes are mounted on any available telephone or electric lighting pole or on Fire Department poles, elevated structures or iron trolley poles, frequently back from corners, and inconspicuous. Locations of 22 boxes are indicated by red lights. Boxes, and a band upon each supporting pole, are now being painted red. This work is being carried on by battalion districts; boxes and poles in five such districts have been painted, and work is to be continued until the entire system has been covered. Many of the boxes in the districts remaining to be done are very inconspicuous and badly rusted, not having been painted since their installation, as prior to the present painting no systematic work along these lines was attempted.

The special building boxes are of various makes and are the property of the several municipal departments or of private owners. Four hundred and thirty-six such boxes are installed in Brooklyn and Long Island City. Installation must be satisfactory to the Fire Department before connection to a fire alarm circuit, but circuits and boxes are maintained by owners.

Distribution—In the central portion of old Brooklyn and in Williamsburg, boxes are well distributed; the usual maximum distance from any building to a box is approximately 500 feet, although several instances were noted where this is exceeded. Distances of 700 and 800 feet are usual in the remaining portions of old Brooklyn, and in the annexed sections large districts are without any boxes; the needs of the Fire Department, for responding to alarms in these districts, have made necessary the insertion in the assignment book of over 400 dummy box numbers for locations not now provided with boxes. About 148 boxes are now available for installation and are being placed as rapidly as is possible with the small maintenance force available.

Circuits—There are in regular use 34 box circuits, all but 12 of which are at times used as combination alarm circuits, 5 joker circuits, 7 gong circuits and 3 special circuits, all-metallic and normally closed, and 4 open local circuits. The 7 gong circuits are normally closed under light current, but are opened when used for transmission of alarms. To each box circuit is connected 21 to 104 boxes. Box circuits used as combination circuits have 1 to 17 houses on each. One circuit has 104 boxes, and alarm instruments in 7 houses; one has 97 boxes, and instruments in 4 houses; 3 have 80 to 90 boxes in each, 5 have 60 to 80 in each and 11 have 40 to 60 in each. All except one of the circuits enter 1 to 17 houses, either for alarm instruments or to be used as testing points, some circuits having as many as 4 testing boxes in houses. The smallest load carried by any circuit is 21 boxes and the instruments in 3 houses.

The wires run in lead-sheathed cables, through telephone conduits, in Jay st., a few hundred feet north and south from headquarters to the elevated railroad structures in Myrtle ave. and in Fulton st.; No. 14 copper wire is used in the cable. There is also about 13,000 feet of underground work in Flatbush, and 5,840 feet in Sea Gate. Except for this and a few short laterals, the distributing wires are overhead and carried on the elevated structure, on buildings and on telegraph, telephone, electric light, or trolley poles, or are on poles belonging to the Fire Department. Outside circuits were originally protected on the elevated railway structures where underground construction changes to aerial by ½-ampere string fuses. At various times these have been replaced by copper wire, so that most of the protection at this point has been done away with. No. 12 and No. 10 copper wire, with either weatherproof braided covering or rubber insulation, are used in aerial work, the latter having been used of late years. The condition of some of the older circuits shows very poor construction and subsequent hard usage.; the newer work has been well installed.

The telephone company has installed many of its main cables underground during the past few years; funds were not provided the Fire Department for underground installation, which has necessitated the taking over, exclusively for fire alarm use, of a large number of poles in very poor condition, or removal of fire alarm circuits to high-tension or iron trolley poles. This latter is now being done very generally. The high-tension poles are in good condition and lines on them are well strung. Where high-tension and fire alarm wires are on the same pole, the fire alarm circuits are placed well beneath high-tension circuits and ample space is provided to enable linemen to pass between the wires of the fire alarm system. When circuits are supported on iron trolley poles, they are usually on the opposite side of the street from feeder cables and supported on a small 1- or 2-pin cross-arm with petticoat insulator on wooden pin. Leads down poles to boxes are in most cases twisted pairs supported every six or eight feet by a split knob, rendering them subject to mechanical injury, and liable to cut-outs which cannot be known until the box is used. Leads are now being installed in iron pipes, part way up the pole; these pipes should be carried to the cross-arm.

As scaled from the maps of circuits at fire alarm headquarters, there are 824 miles of wire in the box, joker and gong circuits. The longest circuit is 40¾ miles; four other circuits each exceeds 30 miles. Box circuits are so arranged that, in general, adjacent boxes are on different circuits.

Records of troubles at headquarters show that between January 1 and November 1, 1911, there have been 256 open circuits, 13 crosses and 171 grounds. The total time between the opening of circuits and their full closure has been 563¼ hours. The longest time between the opening of any single circuit and its return to working conditions has been 7¼ hours. Records show that Circuit 17, which contains 104 boxes and 7 houses, has been open nine times during this period. A very large proportion of the circuit troubles occur in the loops to the special building boxes, in which case the loop is cut out and the owner or city department notified of the fact.

Wiring of circuits in fire stations is, for the most part, in extremely bad condition. At a few of the fire stations conduits have been installed from the nearest pole to the cellar; these have mostly been installed for five years, but very few are in use.

Telephones—The present Fire Department telephone system for the Borough of Brooklyn was installed in January, 1911, and is owned and maintained by the New York Telephone Company. A modern three-position switchboard, with capacity for 210 branch circuits and connected to the main exchange by 10 trunks, one of which is unlisted, is located in the operating room and is operated by the telegraph operators. Seventy-five branch circuits are now in use. Fire Department offices have connection with this board, and fire stations are connected by battalions, all the stations in a battalion being on the same circuit. One circuit connects 10 stations, 3 connect 6 stations each, 6 connect 5 stations each, and seven connect 4 stations each. This arrangement has been adopted in order that the chief of each battalion may call upon all the companies in his district without calling through the switchboard. Deputy and Battalion Chiefs have house extensions from the instruments in the station where they are located. Circuits enter the building underground and are carried through the wire shaft with fire alarm circuits and under the floor of the operating room to the switchboard.

An independent telephone circuit connects Brooklyn headquarters with fire alarm headquarters in Manhattan. One is also provided, connecting with the office of the National District Telegraph Company.

Operation—Routine and Maintenance: Operators serve in three shifts of four men each. The chief inspector and several employees are usually present during the day. Two linemen are on duty at headquarters at all times when not out on emergency duty. Company officers report, over the telephone, signals incorrectly received and house instruments out of order. In addition to transmitting alarms, the operators attend to the telephone switchboard, test all circuits and direct the work of the linemen hunting for trouble. The operator in charge of each shift tests all circuits three to eight times, and oftener during storms, by means of a galvanometer. A voltmeter and an ammeter are provided with plugs, and can also be used. Gong circuits are now normally closed under weak current, but are opened during the time required for the transmission of an alarm; the automatic tester formerly in service is no longer used. A relay, connected in each gong circuit when closed under weak current, announces an open circuit by an annunciator drop in a buzzer.

Boxes are tested at irregular intervals, varying from 4 to 8 times a year, tests consisting of sending in taps to the office and pulling the box. Records are kept in card catalogue form. The chief inspector attends all second and third alarms in Brooklyn and Long Island City. Batteries are well maintained, considering the small number of men available for this work, but some of the cells appear to need more frequent renewals.

Alarm Transmission—Box signals are received at headquarters by a relay which, through an open local circuit, operates a circuit annunciator, a sounder, a buzzer and a pen on one of the 30-pen registers. A plug board and cords and plugs are also provided whereby any one of six punch registers may also be used to record a box alarm. Switches are provided whereby either of the two 30-pen registers may be cut out of service. At the start of a box alarm, the operator in charge observes the relay, sounder and tape register. Another operator repairs to the manual transmitter. The operator in charge notes the number of the box, checks it upon a box list conveniently located above the relay, and usually upon the completion of the second round of the box signal, the transmitter has been set, and two rounds of the box number are transmitted over the gong circuits, tuned at about 1¼ seconds per stroke. Then the operator in charge sends two rounds at quick time over the joker and the combination box and alarm circuits. There is a plug provided for cutting out the Long Island City circuit, when alarms from the southern section of the city are being transmitted. Each fire station outside of old Brooklyn is equipped with instruments on two of the box circuits; only five of the combination box circuits are connected in on the master Morse key, and for alarms from certain boxes, the box number is repeated over another box circuit to some of the houses. Alarms transmitted over the gong circuits are recorded on a 10-pen register and announced on a 10-bell chime; those transmitted over the joker and combination box circuits are recorded on the 30-pen registers. Alarms are transmited over the gong circuits to police headquarters, 3 water department repair shops, the high pressure pumping station, 3 fire patrol stations, 2 pumping stations, the residences of ten Fire Department officers, the power house of the Brooklyn Rapid Transit Company, the Edison Electric Company power station, the Brooklyn Rapid Transit wrecking crew, the Manhattan Fire Alarm Company, 2 gas companies, the Consolidated Fire Alarm Company, and 17 offices or other places not connected with the Fire Department.

Telephone Alarms—Telephone alarms are received at headquarters switchboard, and the company nearest the scene of the fire is notified by telephone. If the fire is reported under headway, the number of the nearest box is sent out, a large wall map being provided for use in this connection. This map shows about 400 dummy stations, which may be sent out for telephone alarms.

Other Alarms—Alarms over the automatic system or over the National District Telegraph system are received by a relay, which operates a gong and tape register, and the box number, preceded by 10 or 17 blows, is sent in the same manner as a box alarm; companies answer according to regular assignments.

Recent Improvements—Since the previous report in 1906, one additional box circuit has been installed, gong circuits have been normally closed under weak current, 303 boxes have been added to the system, 29 detached key boxes have been provided with keyless doors, locations of 22 boxes have been designated by red lights, about 13,000 feet of underground cable has been installed in Flatbush, the two 30-pen registers have been overhauled, and the defective time-stamp and master clock and the circuit tester have been discarded. Much of the wiring in headquarters has been overhauled; storage batteries have been provided for five of the circuits, a storage battery switchboard is being installed and a very large proportion of the outside circuits has been rerun. Boxes, many of which had not been painted since the time of their installation, are being painted, and supporting poles are being marked by red bands.

Improvements Authorized or Contemplated—A new fire alarm system is being designed, to include: A fireproof fire alarm headquarters building, to be used for no other purpose, located in the vicinity of Prospect Park; new apparatus at headquarters; the installation of all circuits underground where ducts are available, in closely built sections, providing a sufficient number so that no circuit will be overloaded and adequate provision will be made for future growth; installing duplicate alarm circuits separate from box circuits to each fire station, and standardizing alarm instruments. No site has as yet been decided upon for headquarters building but several are being discussed.

A contract has been let and work is now under way for the installation of circuits underground in a section of the original city; work to cost about $83,000. In addition, $90,000 is available for underground work to be begun this coming spring. In this work, provision is being made for circuits of the proposed system.

Boxes are to be renumbered serially instead of using a preceding district or Borough number.

Alderman Dotzler moved that this report receive immediate consideration.

Which motion was adopted.

The report was then accepted.

SPECIAL ORDERS.

No. 39—Int. No. 470.

The Committee on Finance, to which was referred on February 27, 1912 (Minutes, page 638), a request from the District Attorney of Kings County for $725.36 special revenue bonds to meet a deficiency, respectfully

REPORTS:

That the appropriations for 1910 and 1911 were insufficient to pay these bills, and this office is not in possession of any other funds from which to secure a transfer. Prior to 1910 the Sheriff paid the ice bills. The number of telephone calls could not be estimated in advance, and the necessity for expert services was a distinct emergency. The Committee believes these bills must be paid, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven hundred and twenty-five dollars and thirty-six cents ($725.36), the proceeds whereof to be used by the District Attorney of Kings County for the purpose of meeting deficiency in appropriations for the years 1910 and 1911.

District Attorney's Office, Kings County, Brooklyn, New York City, February 24, 1912.

Honorable Board of Aldermen, City of New York:

Gentlemen—I hereby request the authorization of the sum of seven hundred and twenty-five dollars and thirty-six cents ($725.36), to meet deficiency in appropriations in the office of the District Attorney of Kings County for years 1910 and 1911, as follows:

December 31, 1910, Patrick Dougherty, ice supply	$60 40
September 30, 1911, N. Y. Telephone Co., telephone service	12 20
October 31, 1911, N. Y. Telephone Co., telephone service	89 14
November 30, 1911, N. Y. Telephone Co., telephone service	87 11
December 31, 1911, N. Y. Telephone Co., telephone service	31 51
October 12, 1911, Joseph J. O'Connell, M.D., expert service	275 00
November 13, 1911, W. E. Dennis, expert service	170 00
	$725 36

Respectfully, JAMES C. CROPSEY, District Attorney.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cummuskey, Curran, Davis, Devine, Diemer, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hamilton, Herbst, Kenney, Levine, Loos, McCann, McCourt, McGarry, McGrath, Marks, Moore, Morrison, Muhlbauer, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Stevenson, Velten, Walsh, Weil, Wendel, Weston, Willard, Wilmot; President Cromwell, by L. The Committee on Finance, to which was referred on February 27, 1912 (Minutes, page 663), the annexed resolution in favor of an issue of $1,000 special revenue bonds for a Stenographer in investigation in relation to regulation of taxi-cabs, respectfully

REPORTS:

That the Board has appointed a Special Committee of seven to make such investigation, and the services of a Stenographer are imperative. This amount seems to the Committee to be a fair estimate, and it therefore recommends that the said resolution be adopted.

Resolved. That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand dollars ($1,000), the proceeds whereof to be used by the Special Committee appointed to investigate and report upon the regulation of taxi-cabs, for the purpose of hiring stenographic help necessary in connection with such investigation.

The Committee on Finance, to which was referred on February 27, 1912 (Minutes, page 682), the annexed resolution in favor of an issue of $1,250 special revenue bonds for salary of Secretary to Chairman of Committee on Finance, respectfully

REPORTS:

That this grade has been established, and the necessary funds must be provided for the salary. The Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of $1,250, the proceeds whereof to be used by the Board of Aldermen for the purpose of paying the salary for the balance of the current year of the Secretary to the Chairman of the Committee on Finance of the Board of Aldermen.

The Committee on Public Letting, to which was referred on January 9, 1912 (Minutes, page 16), a request of the Trustees of Bellevue and Allied Hospitals for permission to purchase two automobile ambulances without public letting at a cost not exceeding $3,000 each, respectfully

REPORTS:

That the hospital authorities appeared before the Committee several times to urge the granting of this permission, stating that past experience had proven to them which was the best type of ambulance for their purposes, and assuring the Committee that no benefit could result from advertising, and that cost could thus be saved. It is proposed to obtain electric ambulances similar to one now in daily use. The Committee believes that no good result can be obtained in this instance from the preparation of specifications, and the subsequent advertising for bids, and it therefore recommends that the accompanying resolution be adopted:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Trustees of Bellevue and Allied Hospitals be and they are hereby authorized and empowered to purchase, in the open market without public letting, two automobile ambulances for Gouverneur Hospital at a cost not to exceed three thousand dollars ($3,000) each.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Ave. and 26th st., New York, January 3, 1912.

President of the Board of Aldermen, City of New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to grant permission to purchase two automobile ambulances for Gouverneur Hospital in the open market without public letting at a cost not exceeding $3,000 each. It is impracticable to obtain satisfactory ambulances by public letting, and it is for the best interests of the City that these should be secured by careful selection in the open market. The necessary funds for the purchase of the proposed new ambulances have been provided in the Budget for 1912. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

The Committee on Public Letting, to which was referred on February 13, 1912 (Minutes, page 505), the annexed resolution in favor of authorizing the Board of Justices of the Municipal Court to procure supplies and materials, without public letting, at a cost not to exceed $10,000, respectfully

REPORTS:

That Judge Davies appeared before the Committee and urged a favorable report on this resolution. The Judge had previously written an explanatory letter to the Chairman of the Committee, which is hereto attached. The Committee believes that, owing to the many different articles to be obtained, and the number of locations for delivery, the more economical way is to do this work without public letting, and it therefore recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Justices of the Municipal Court of The City of New York be and hereby is authorized and empowered to procure necessary supplies and materials for the use of said Court during the year 1912, in the open market without public letting, at a cost not to exceed ten thousand dollars ($10,000).

Municipal Court of The City of New York, Seventh District, Manhattan, 70 Manhattan Street, New York, February 14, 1912.

Hon. JOHN DIEMER, Chairman of the Committee on Public Letting, Board of Aldermen, City Hall, New York City:

My Dear Alderman—In explanation of the request by the Board of Justices in the Municipal Court for permission to purchase supplies and materials under the Budget appropriation of $10,000, without public letting, I beg to state that prior to 1911 the Municipal Courts were supplied through the medium of the Bureau of Public Buildings and Offices connected with the Borough President's office of each borough. Early in 1911 the Corporation Counsel decided that under the law the Borough President had no authority to furnish equipment for the courts, and the Board of Estimate and the Board of Aldermen in 1911 allowed the sum of $10,000 to the account of the Board of Justices for supplies and materials.

By action of the Board of Justices, I have been appointed a committee to arrange for the proper equipment of the courts out of this fund. From this fund, provision must be made for the twenty-four courts which extend over the greater city, and which comprise, besides the Clerks' offices and Judges' chambers, forty-two trial parts of said court. In many of the courts there have not been added a law book for several years, and the same is the case with much of the furniture and equipment. Each court has its own requirements, and it would be extremely difficult and impracticable to have to advertise in the usual way for same.

The necessary supplies will consist mainly of law books, which, in most courts, are sadly needed; bookcases of the usual standard type; filing cases for the Clerks' offices and incidental chairs and tables, etc.

I am anxious to get at this matter at once, and I would appreciate it if you could have your Committee consider it during this present week and make a report at next Tuesday's meeting.

Should any further information be required, I would be pleased to furnish same or appear before the Committee or the Board and explain the nature of the requests. Yours very truly, JOHN R. DAVIES, Justice, M. C.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cummuskey, Curran, Davis, Devine, Diemer, Dixson, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Esterbrook, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hagenmiller, Hamilton, Herbst, Lieberman, Loos, McCourt, McGarry, McGrath, Marks, Martyn, Meagher, Moore, Muhlbauer, Mulligan, Nicoll, Nugent, O'Connor, Pendry, Post, Reardon, Shipley, Smith, Stevenson, Velten, Walsh, Weil, Willard, Wilmot, and the Vice-Chairman—55.

Negative—Aldermen Morrison and O'Rourke—2.

GENERAL ORDERS.

No. 99—Int. No. 327.

The Committee on Salaries and Offices, to which was referred on February 6, 1912 (Minutes, page 408), the annexed resolution in favor of establishing grades of positions in the Department of Education of Attendance Officers at from $900 to $1,500 per annum, respectfully

REPORTS:

That in this instance these grades have existed for years in the Department of Education and payrolls have been certified on the supposition that the grades had been properly established. It has been discovered, however, that action in accordance with section 56 had not been taken, hence this resolution. There are no new places, no increases or changes of title, simply the legal fixation of existing grades. It was thought proper by the Committee to allow an unlimited number in each grade, for the reason that there are over a hundred of these men and frequent rearrangements caused by resignations, dismissals, deaths and promotion are necessary. The Committee recommends that the accompanying resolution be adopted:

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held July 6, 1911:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Education of the grades of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Attendance Officer	$900 00	Unlimited
Attendance Officer	1,050 00	Unlimited
Attendance Officer	1,350 00	Unlimited
Attendance Officer	1,500 00	Unlimited

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cummuskey, Curran, Davis, Delaney, Devine, Dixson, Dotzler, Dowling, Drescher, Dujat, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Hagenmiller, Hamilton, Levine, Loos, McCann, McCourt, McGarry, McGrath, Marks, Martyn, Moore, Morrison, Muhlbauer, O'Neil, O'Rourke, Pendry, Post, Reardon, Smith, Stevenson, Weil, Weston, Willard; President Miller, by Thomas W. The Committee on Salaries and Offices, to which was referred on February 13, 1912 (Minutes, page 463), the annexed resolution in favor of establishing grade of position of Examiner in the office of the Board of Ambulance Service, at $2,100 per annum, respectfully

REPORTS:

That a grade for this position at $2,400 exists, but is unfilled. It is proposed to do away with this grade and obtain the one at $2,100 for the purpose of securing an employee, expert in handling hospital accounts, by transfer from the Finance Department. This office will keep records of and supervise all the ambulances attached to both public and private hospitals, of which 94 are now in operation, a number which is constantly receiving additions. This office now has a force of but a Director, a Clerk and a Stenographer, and this Examiner is greatly needed to complete the office routine. The City is now paying about $60,000 a year for ambulance service. The Committee recommends that the accompanying resolution be adopted:

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 8, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of Ambulance Service of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	No. of Incumbents.
Examiner	$2,100 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

REPORTS:

That these applicants, having filed the customary letters of reference as to character and ability, it therefore recommends that the accompanying resolution be adopted:

Resolved, That the following-named persons be and they are hereby appointed City Surveyors:

Louis Knezek, of 142 Vandeveer place, Woodhaven, in the Borough of Queens.

James J. Landy, of 107 E. 86th st., in the Borough of Manhattan.

The Committee on Salaries and Offices, to which was referred on February 20, 1912 (Minutes, page 513), the annexed resolution in favor of establishing positions of Stenographer at $600 and Confidential File Clerk at $420 in the office of the Public Administrator, Kings County, respectfully

REPORTS:

That this office is but newly established and has no clerical help whatever. It is expected that these employees will do all the office work. The Committee recommends that the said resolution be adopted:

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 15, 1912:

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment, in the office of the Public Administrator, Kings County, of the positions and grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Stenographer	$600 00	One.
Confidential File Clerk	420 00	One.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

The Committee on Salaries and Offices, to which was referred on February 20, 1912 (Minutes, page 515), the annexed resolution in favor of establishing the position of Chief Inspector of Complaints, at $1,500 per annum, in the office of the Bureau of Licenses, respectfully

REPORTS:

That this is merely changing the present title of Head Inspector to that of Chief Inspector to make it conform to that in all other departments. There is no change in salary. The Committee recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 15, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Bureau of Licenses, office of The Mayor, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate. Per Annum.	Number of Incumbents.
Chief Inspector of Complaints	$1,500 00	1

The Committee on Salaries and Offices, to which was referred on February 20, 1912 (Minutes, page 515), the annexed resolution in favor of fixing compensation of Janitors and Janitor-Engineers, Department of Education, respectfully

REPORTS:

That this resolution merely fixes the compensation temporarily until further changes are made for this particular set of Janitors, and only contemplates one increase in salary, that of the Janitor of Public School 95, which is $52 per month. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 15, 1912:

Whereas, By opinions of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provisions of section 56 of the Charter is now in the hands of a Special Committee of the Board of Estimate and Apportionment; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said Committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Title and School.	Rate of Compensation.
Janitor-Engineer, Washington Irving High School, 13th Street Annex, Manhattan	$1,716 per annum
Janitor-Engineer, Washington Irving High School, Grand Street Annex, Manhattan	1,380 per annum
Janitor-Engineer, Public School 37, Manhattan	2,880 per annum
Janitor-Engineer, Public School 14, Richmond	1,000 per annum
Janitor-Engineer, Public School 120, Brooklyn	1,056 per annum
Janitor, Public School 21, Brooklyn	87 per month
Janitor, Public School 125, Manhattan	85 per month
Janitor, Public School 87, Brooklyn	160 per month
Janitor, Washington Irving High School, Grand Street Annex, Manhattan	65 per month
Janitor, Washington Irving High School, Main Building, Manhattan	90 per month
Janitor, Public School 120, Brooklyn	60 per month
Janitor, Public School 14, Brooklyn	82 per month
Janitor, Public School 8, Richmond	75 per month
Janitor-Engineer, Public School 95, Manhattan	312 per month

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said positions as set forth therein.

The Committee on Salaries and Offices, to which was referred on February 20, 1912 (Minutes, page 516), the annexed resolution in favor of fixing grades of Executive Clerk, at $1,750, and Clerk, at $2,500 per annum, in the office of the Mayor, respectfully

REPORTS:

That the Committee is in receipt of the attached letter of explanation from the Secretary to the Mayor. As is shown therein the proposed changes reduce the expenditures of the office by $250. The Committee recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 15, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the Mayor of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.

City of New York, Office of the Mayor, February 24, 1912.

Hon. PERCY L. DAVIS, Chairman of Committee on Salaries and Offices, Board of Aldermen, New York City:

Dear Sir—Through an oversight, for which I offer my apology, no representative of this office appeared before your Committee at the hearing yesterday on the application for a change in the grade of Executive Clerk in this office. The reason for this requested change is that John J. Glennon, the former Executive Clerk, has been promoted through a civil service examination to the position of Chief Clerk, leaving a vacancy in the position of Executive Clerk. To fill the position of Executive Clerk Terence Casey has been promoted from the License Bureau, and it is proposed to increase his pay from $1,200 a year to $1,750 a year. As Mr. Glennon received, as Executive Clerk, $2,250 a year, this change involves a net saving of $500 a year. It is proposed to increase the pay of Mr. James T. Curtin, Clerk, from $2,250 to $2,500 a year.

These two changes are not only within the appropriation for the office, but involve a saving of $250 a year. Yours truly,

ROBERT ADAMSON, Secretary.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cummuskey, Curran, Davis, Delaney, Devine, Dixson, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Hagenmiller, Hamilton, Levine, Loos, McCann, McCourt, McGarry, McGrath, Marks, Martyn, Moore, Morrison, Muhlbauer, O'Neil, O'Rourke, Pendry, Post, Reardon, Smith, Stevenson, Weil, Weston, Willard; President Miller, by Thomas W. The Committee on Salaries and Offices, to which was referred on February 27, 1912 (Minutes, page ..), the annexed resolution in favor of establishing the position of Expert Accountant, at $3,250 per annum, in the office of the President of the Borough of Manhattan, respectfully

REPORTS:

That a new system of accounting was established under direction of the Finance Department, and for over a year the work in the office of the Borough President was performed by an Accountant loaned by the Comptroller. This employee has now been withdrawn, and the system is so extensive and intricate that the present Bookkeeper is unable to perform the work. The appointment to the proposed position will be made from a Civil Service list. The Deputy Commissioner of Public Works, who appeared before the Committee, stated that $600,000 heretofore uncollected had been obtained under the new system. This new method of accounting is not peculiar to this office, but has been installed throughout all City Departments. The Committee believes that the character of this work demands this employee, and therefore recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 21, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Manhattan of the position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	No. of Incumbents.
Expert Accountant	$3,250 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

PERCY L. DAVIS, WM. D. BRUSH, NILES R. BECKER, JAS. R. WESTON, JACOB WEIL, HUGH J. CUMMUSKEY, MICHAEL CARBERRY, JAMES F. MARTYN, Committee on Salaries and Offices.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

The Committee on Finance, to which was referred on February 13, 1912 (Minutes, page 465), the annexed ordinance in favor of an issue of $25,000 corporate stock to construct a tunnel connecting the Hall of Records and the new Municipal Building, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be unnecessary at the present time: It, therefore, recommends that the said ordinance be rejected.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, to an amount not exceeding twenty-five thousand dollars ($25,000), the proceeds thereof to be expended by the President of the Borough of Manhattan and the Commissioner of Bridges for the purpose of constructing a tunnel under and across Centre st., connecting the basement of the Hall of Records with the basement of the new Municipal Building, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment February 8, 1912. JOSEPH HAAG, Secretary.

HENRY H. CURRAN, HENRY F. GRIMM, FRANK L. DOWLING, THOS. J. MULLIGAN, JOHN DIEMER, ROBERT F. DOWNING, Committee on Finance.

Which, on motion of Alderman Curran, was ordered returned to the Board of Estimate and Apportionment, in compliance with request contained in letter from the Secretary of said Board, received on March 5, 1912, which contained a statement that the Board of Estimate and Apportionment had rescinded this appropriation.

The Committee on Finance, to which was referred on February 27, 1912 (Minutes, page 641), the annexed resolution in favor of amending an issue of $200,000 corporate stock for extension to American Museum of Natural History, respectfully

REPORTS:

That this issue is amended for the purpose of including the Architect's fees, which must be provided for by corporate stock. It does not add in any way to the amount heretofore granted. The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held February 21, 1912:

Resolved, That, subject to concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen on July 31, 1911, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two hundred thousand dollars ($200,000), to provide means *for the construction of a foundation for the southeast wing and court building of the American Museum of Natural History,* under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be amended to read as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two hundred thousand dollars ($200,000), to provide means *for the construction of a foundation for the southeast wing and court building, and for Architects' fees for designing, planning and supervising the work of constructing the entire southeast wing and court building of the American Museum of Natural History,* under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

HENRY H. CURRAN, HENRY F. GRIMM, FRANK L. DOWLING, THOS. J. MULLIGAN, JAMES HAMILTON, JOHN DIEMER, ROBERT F. DOWNING, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cummuskey, Curran, Davis, Delaney, Devine, Dixson, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Hagenmiller, Hamilton, Levine, Loos, McCann, McCourt, McGarry, McGrath, Marks, Martyn, Moore, Morrison, Muhlbauer, O'Neil, O'Rourke, Pendry, Post, Reardon, Smith, Stevenson, Weil, Weston, Willard; President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, by L. H. Pounds, Commissioner of Public Works; President McAneny, and the Vice-Chairman—50.

At this point Alderman Gaynor moved that the courtesies of the floor be extended to William J. Ellis, Mayor of St. Johns, Newfoundland.

Which motion was adopted.

Notice to Property Owners.

NOTICE OF ASSESSMENT FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following named avenue and place in the BOROUGH OF QUEENS:

SECOND WARD.

HIGH STREET—OPENING, from Bielby st. to Maspeth ave. Confirmed February 10, 1912, and entered March 6, 1912. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning on the southerly line of Maspeth ave. at the centre line of the block between High st. and Van Cott ave., as shown on section No. 12 of the Final Maps of the Borough of Queens, and running thence southerly and parallel to High st. to the southerly side of Bielby st.; thence westerly along the southerly side of Bielby st. to the intersection of Bielby st. with the easterly line of Rust st.; thence northwesterly along the easterly line of Rust st. 387 feet to a point, said point being 119 feet west of and at right angles to High st.; thence in a northerly direction and parallel with High st. to the southerly side of Maspeth ave.; thence easterly along the southerly line of Maspeth ave. to the centre line of the block between High st. and Van Cott ave., the point of beginning.

The above entitled assessment was entered on the date hereinbefore given, in the Record of Titles of Assessments kept in the Bureau for the Collection of Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of said assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Municipal Building, Court House Square, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 6, 1912, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

Corporation Sales.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE COMMISsioner of Parks for the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings standing upon property owned by The City of New York, acquired by it for park purposes in the

Borough of The Bronx.

Being all the buildings, parts of buildings, etc., standing on the block bounded by Pelham ave., Southern boulevard and Crotona ave., in the Borough of The Bronx, all of which are more particularly described on a certian map on file in the office of the Collector of City Revenue, Department of Finance, Room K, 280 Broadway, Borough of Manhattan.

Pursuant to a resolution adopted by the Commissioners of the Sinking Fund, at a meeting held January 10, 1912, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, MARCH 27, 1912,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Two-story and basement frame house at Southern boulevard and Crotona ave. No. 2541 Southern boulevard.

Sealed bids (blank forms of which may be

obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 27th day of March, 1912, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened March 27, 1912," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

Parcel No. 2. Two-story brick building (50 feet by about 88 feet) at No. 21 Water st., with 20-inch brick wall 49 feet long, and frame shed (12 feet by 64 feet) in rear of building. Also triangular portion of five-story brick warehouse adjoining. Cut warehouse 54 feet 6 inches on front by 54 feet on side by 78 feet on diagonal.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 19th day of March, 1912, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened March 18, 1912," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

CORPORATION SALE BY SEALED BIDS OF THE LEASE OF CERTAIN REAL ESTATE AND APPURTENANCES THERETO.

UPON THE AUTHORIZATION OF THE Commissioners of the Sinking Fund, and pursuant to a resolution adopted by them at a meeting held February 21, 1912, the Comptroller of The City of New York will sell by sealed bids on

FRIDAY, MARCH 15, 1912,

at 11 a. m., in Room K, No. 280 Broadway, Borough of Manhattan, the lease for a period of ten years, commencing April 1, 1912, of the premises belonging to the Corporation of The City of New York, situated on the westerly side of Eldridge st., distant 87.8 feet north of Grand st., plot 50 feet by 100 feet, with the improvements thereon, known as 105 and 107 Eldridge st., in the Borough of Manhattan.

The Comptroller will receive sealed bids for the lease of the said parcel of land and the improvements thereon for the said period, at the minimum or upset price of $6,000 per annum, payable quarterly in advance, and the said sale will be made upon the following

TERMS AND CONDITIONS.

Each bid must be accompanied by cash or a certified check for twenty-five per cent. of the amount of the yearly rental offered; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rental bid, with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety, or otherwise, upon any obligation to the corporation, as provided by law.

The lease will be in the usual form of leases of like property, and will contain, in addition to other terms, covenants and conditions as follows:

1. A clause providing that the lessee shall pay the usual rates for water, per meter measurement, and comply with the rules and regulations of the Department of Water Suply, Gas and Electricity.

2. A clause providing that the lessee shall not make any alterations or improvements to the property except with the consent and approval of the Comptroller.

3. A clause providing that during the term of the lease the lessee shall keep the buildings in proper repair, both inside and outside, and shall comply with all the laws and ordinances of The City of New York.

4. A clause providing that all repairs, alterations and improvements made on or to the property by the lessee, during the period of the lease, shall become the property of The City of New York at the expiration of said lease.

The Comptroller shall have the right to reject any or all bids if deemed to be to the interest of The City of New York.

Borough of Manhattan,

CONTRACT.

FOR COMPLETING AN ABANDONED CONTRACT FOR THE FINAL DISPOSITION OF ALL ASHES, STREET SWEEPINGS AND RUBBISH THAT MAY BE DELIVERED ON BOARD OF DECK SCOWS, OR OTHER VESSELS AT THE WATER-FRONT DUMPS OF THE DEPARTMENT OF STREET CLEANING, IN THE BOROUGH OF MANHATTAN, ON THE HUDSON RIVER, AND CLINTON STREET DUMP ON THE EAST RIVER.

The period of this contract will be for the remainder of the first abandoned contract, which was for five years, beginning January 2, 1909.

The amount of security required is One Hundred Thousand Dollars ($100,000).

The compensation to be paid to the contractor, which shall be in full for all work performed, must be at prices per scow load; the loads being classified in four classes.

"Class A"—Scows having a deck area of not more than 1,600 square feet, and averaging a capacity of 322 cart loads, each.

"Class B"—Scows having a deck area of more than 1,600 square feet and not more than 1,750 square feet, and averaging a capacity of 371.5 cart loads, each.

"Class C"—Scows having a deck area of more than 1,750 square feet and not more than 2,250 square feet, and averaging a capacity of 413.5 cart loads, each.

"Class D"—Scows having a deck area of more than 2,250 square feet, and averaging a capacity of 540 cart loads, each.

"Class E"—All vessels other than deck scows at a uniform price per full load (the capacity as stated by the bidder in his bid or estimate).

In all cases scows must be fully and evenly loaded.

Provided, however, that whenever in an emergency caused by ice in the harbor or other embarrassing or unforeseen conditions, the use of the steam dumpers of the Department of Street Cleaning at their full capacity is not sufficient, the Commissioner required the contractor to tow some or all of said materials to sea and there unload them, special prices, which must be indicated in the bid or estimate, shall be paid to the contractor for so towing the materials to sea and there unloading them; said special prices not to exceed thirty-five per centum (35%) in addition to the prices bid by the contractor for the same classes of scows under this contract when used within the harbor or waters adjacent thereto.

These prices must be written out in full by the bidder in his bid or estimate and must also be written in figures, and these prices shall be deemed to cover all and every cost and expense of final disposition of all the said materials from the time that the said materials are delivered to the contractor on board the scows or other vessels at the said water-front dumps.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13-21 Park row.

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceedings.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in these proceedings:

Beginning at a point on the westerly line of Vorhees place where it is intersected by the prolongation of a line midway between Banta street and Coe place as these streets are laid out east of Vorhees place, and running thence eastwardly along the said line midway between Banta street and Coe place and along the prolongations of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Roosevelt avenue and the northerly line of Lake street as these streets are laid out between 41st street and 42d street; thence eastwardly along the said bisecting line to the intersection with the westerly line of Louona avenue; thence eastwardly in a straight line to a point on the easterly line of Louona avenue where it is intersected by a line distant 70 feet northerly from and parallel with the northerly line of Lake street as this street is laid out between Louona avenue and Alburtis avenue, the said distance being measured at right angles to Lake street; thence eastwardly along the said line parallel with Lake street and along the prolongation of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Alburtis avenue, the said distance being measured at right angles to Alburtis avenue; thence southwardly along the said line parallel with Alburtis avenue to the intersection with the prolongation of a line midway between Lake street and Hunt street, as these streets are laid out between Lydig street and 42d street; thence westwardly along the said line midway between Lake street and Hunt street and along the prolongations of the said line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Junction avenue, the said distance being measured at right angles to Junction avenue; thence northwardly along the said line parallel with Junction avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Banta street and Hunt street, as these streets are laid out between Vorhees place and 37th street; thence westwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Banta street and Hunt street, as these streets are laid out between Van Nest street and Vorhees place; thence westwardly along the said bisecting line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Van Dine street, the said distance being measured at right angles to Van Dine street; thence northwardly along the said line parallel with Van Dine street to the intersection with a line parallel with Banta street, as this street is laid out where it adjoins Van Dine street, and passing through the point of beginning; thence eastwardly along the said line parallel with Banta street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 21st day of March, 1912, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 21st day of March, 1912.

Dated March 8, 1912.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on February 8, 1912, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by said Board January 12, 1911, for acquiring title to Alstyne (Washington) avenue, from Hanover avenue to Radcliffe (Moore) street, Borough of Queens, so as to relate to Alstyne avenue, from Card place to Radcliffe street, as shown upon a map or plan adopted by the Board of Estimate and Apportionment January 11, 1912, and approved by the Mayor January 17, 1912.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the prolongation of a line midway between Alstyne avenue and Lurting street, as these streets are laid out west of Junction avenue, distant 100 feet westerly from the westerly line of Card place, the said distance being measured at right angles to Card place, and running thence eastwardly along the said line midway between Alstyne avenue and Lurting street and along the prolongations of the said line to the intersection with the prolongation of a line midway between Alstyne avenue and Merritt place; thence eastwardly along the said line midway between Alstyne avenue and Merritt place and along the prolongations of the said line to the intersection with the westerly line of Corona avenue; thence eastwardly in a straight line to a point on the easterly line of Sothern avenue where it is intersected by a line midway between Alstyne avenue and Fanning place; thence eastwardly along the said line midway between Alstyne avenue and Fanning place to the intersection with the westerly line of Marlowe avenue; thence eastwardly in a straight line to a point on the easterly line of Marlowe avenue distant 100 feet northerly from the prolongation of the northerly line of Alstyne avenue, as this street is laid out east of Marlowe avenue, the said distance being measured at right angles to Alstyne avenue; thence eastwardly and parallel with Alstyne avenue and the prolongations thereof to the intersection with the northwesterly line of Radcliff street; thence southeastwardly at right angles to Radcliff street to the intersection with a line midway between Radcliff street and Strong street; thence southwestwardly along the said line midway between Radcliff street and Strong street to the intersection with a line at right angles to Radcliff street and passing through a point on its southeasterly side distant 100 feet southerly from the southerly line of Alstyne avenue, the said distance being measured at right angles to Alstyne avenue; thence northwestwardly along the said line at right angles to Radcliff street to the intersection with its southeasterly side; thence westwardly and parallel with Alstyne avenue to the intersection with the prolongation of a line midway betwen Alstyne avenue and Gerry avenue, as these streets are laid out between Sothern avenue and Marlowe avenue; thence westwardly along the said line midway between Alstyne avenue and Gerry avenue and along the prolongations of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Alstyne avenue and Gerry avenue, as these streets are laid out immediately east of and adjoining Junction avenue; thence westwardly along the said bisecting line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Alstyne avenue, as this street is laid out between Card place and Junction avenue, the said distance being measured at right angles to Alstyne avenue; thence westwardly along the said line parallel with Alstyne avenue and along the prolongation of the said line to the intersection with a line parallel with Card place and passing through the point of beginning; thence northwardly along the said line parallel with Card place to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 21st day of March, 1912, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 21st day of March, 1912.

Dated March 8, 1912.

PUBLIC SERVICE COMMISSION.

INVITATION TO CONTRACTORS.

PART OF LEXINGTON AVENUE ROUTE.

The City of New York, acting by the Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section No. 2-A of the Lexington Avenue Rapid Transit Railroad, including the underlying portion of the Canal Street Rapid Transit Railroad or Route No. 20.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2-A. Beginning at a point under Broadway about ninety (90) feet north of the centre line of Walker street and extending thence northerly under Broadway for about five hundred and thirty (530) feet to a point about fifty (50) feet north of the centre line of Howard street; including the underlying portion of the Canal Street Rapid Transit Railroad, or Route No. 20 extending under Canal street and Broadway and under and across the portion of the Lexington Avenue Route above described a distance of about one hundred and fifty-seven (157) feet.

The general plan of construction calls for a subsurface railroad having four tracks for such portion of the Lexington Avenue Route and two tracks for such underlying portion of the Canal Street Route; all of which are more particularly indicated on the contract drawings.

Bidders will not be required to do the station-finish work, nor to provide or lay tracks, ties or ballast.

The work of construction under the contract will include the construction of all necessary sewers and connections along the route of the railroad in Broadway and in Canal street; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning where necessary, of all buildings, surface railroads and other structures, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and the temporary paving and maintenance of roadways.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau st., Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders by payment of five dollars ($5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Commission.

Partial payments to the Contractor will be made monthly as the work proceeds as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of forty (40) months.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 22nd day of March, 1912, at twelve (12) o'clock noon, at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Separate proposals must be submitted for the portion of the Lexington Avenue Route above described and for the underlying portion of the Canal Street Route above described. The Commission may accept the proposal for such portion of the Lexington Avenue Route while at the same time rejecting the accompanying proposal for such portion of the Canal Street Route. Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

Statements based upon estimates of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required on such portion of the Lexington Avenue Route and on such portion of the Canal Street Route are to be found in the schedules forming a part of the form of Contractor's Proposal. The quantities given in such schedules are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

If the contract as awarded embraces both such portion of the Lexington Avenue Route and such portion of the Canal Street Route, the Commission further reserves the right to omit such portion of the Canal Street Route upon the terms and conditions stated in the form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "*Proposal for Constructing Part of Rapid Transit Railroad —Route No. 5, Section No. 2-A,*" and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in the City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of Fifteen Thousand Dollars ($15,000). Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly approved.

At the time of the delivery of the contract, the Contractor will be required to furnish security to the City by giving a bond for thirty-five thousand dollars ($35,000) if the contract as awarded embraces only such portion of the Lexington Avenue Route and fifty thousand dollars ($50,000) if the contract as awarded embraces both such portion of the Lexington Avenue Route and such portion of the Canal Street Route. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen per centum (15%) of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal the sum of One Hundred Thousand Dollars ($100,000) if the contract as awarded embraces only such portion of the Lexington Avenue Route and One Hundred and Fifty Thousand Dollars ($150,000) if the contract as awarded embraces both such portion of the Lexington Avenue Route and such portion of the Canal Street Route. Thereafter there shall be so deducted and retained for such purpose ten per centum (10%) of the amounts certified from time to time to be due to the Contractor. The Contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other Contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments required for the opening and extending of WEST TWO HUNDRED AND THIRTY-FIFTH STREET, from Supyten Duyvil parkway to Riverdale avenue; CAMBRIDGE AVENUE, from West Two Hundred and Thirty-fifth street to West Two Hundred and Thirty-sixth street; and WEST TWO HUNDRED AND THIRTY-SIXTH STREET, from Cambridge avenue to Riverdale avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, as amended by a resolution adopted by the Board of Estimate and Apportionment on the 1st day of June, 1911, and by an order of this Court bearing date the 22d day of November, 1911, and entered in the office of the Clerk of the County of New York on the 23d day of November, 1911, so as to relate to the lines of West Two Hundred and Thirty-fifth street, as shown on a map or plan adopted by said Board on the 6th day of April, 1911, and approved by the Mayor on the 13th day of April, 1911.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 2d day of April, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 4th day of April, 1912, at 3 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 2d day of April, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 8th day of April, 1912, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the amended area of assessment for benefit by the Board of Estimate and Apportionment on the 1st day of June, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly line of Riverdale avenue where it is intersected by the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of West 236th street as this street is laid out where it adjoins Riverdale avenue on the west, the said distance being measured at right angles to West 236th street; and running thence eastwardly at right angles to Fieldston road to a point distant 100 feet easterly from its easterly line; thence southwardly and always distant 100 feet easterly from and parallel with the easterly lines of Fieldston road and Riverdale avenue to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of West 236th street as this street is laid out between Riverdale avenue and Greystone avenue, the said distance being measured at right angles to West 236th street; thence westwardly along the said line parallel with West 236th street and along the prolongation of the said line to the intersection with the westerly line of Riverdale avenue; thence southwardly along the westerly line of Riverdale avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West 234th street and West 235th street as these streets are laid out between Cambridge avenue and Riverdale avenue; thence westwardly along the said bisecting line to the intersection with a line midway between Oxford avenue and Cambridge avenue; thence southwardly along the said line midway between Oxford avenue and Cambridge avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West 232d street and West 235th street as these streets are laid out between Arlington avenue and Netherland avenue; thence westwardly along the said bisecting line to the intersection with the northwesterly line of Spuyten Duyvil parkway; thence northwestwardly at right angles to Spuyten Duyvil parkway a distance of 100 feet; thence northeastwardly and always distant 100 feet northwesterly from and parallel with the northwesterly line of Spuyten Duyvil parkway to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West 235th street and West 236th street as these streets are laid out between Johnson avenue and Oxford avenue; thence eastwardly along the said bisecting line to the intersection with a line midway between Oxford avenue and Cambridge avenue; thence northwardly along the said line midway between Oxford avenue and Cambridge avenue and along the prolongation of the said line to the intersection with a line parallel with West 236th street as this street is laid out where it adjoins Riverdale avenue on the west, and passing through the point of beginning; thence northeastwardly along the said line parallel with West 236th street to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 2d day of April, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 31st day of May, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, March 6, 1912.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments required for the opening and extending of the EASTERN BOULEVARD, from the property of the New York, New Haven and Hartford Railroad to Hunts Point Road, in the Twenty-third Ward, Borough of The Bronx, City of New York, as amended by a resolution of the Board of Estimate and Apportionment adopted on the 20th day of April, 1911, and by an order of this Court bearing date the 29th day of December, 1911, and entered in the office of the Clerk of the County of New York on the 3d day of January, 1912, so as to omit from said proceeding that portion of the said Eastern Boulevard, between Truxton Street and the property of the New York, New Haven and Hartford Railroad.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 21st day of March, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 25th day of March, 1912, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 21st day of March, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 26th day of March, 1912, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the amended area of assessment for benefit by the Board of Estimate and Apportionment on the 20th day of April, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Randall avenue, and by the prolongation of the said line, the said distance being measured at right angles to Randall avenue; on the east by a line midway between Halleck street and Payne street; on the south by a line distant 100 feet southerly from and parallel with the southerly line of East Bay avenue and by the prolongation of the said line, the said distance being measured at right angles to East Bay avenue; and on the west by a line midway between Barry street and Dupont street, and by the prolongation of the said line.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of March, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 31st day of May, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 27, 1912.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired to an easement in the lands and premises required for the opening and extending of a TUNNEL STREET, extending from Broadway, near Fairview avenue, to the Subway station at West One Hundred and Ninety-first street and St. Nicholas avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of March, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 20th day of March, 1912, at 3 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of March, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 21st day of March, 1912, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 20th day of April, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and

described as follows, viz.:

Beginning at a point on the prolongation of a line midway between West One Hundred and Eighty-sixth street and West One Hundred and Eighty-seventh street as these streets are laid out between Overlook terrace and Bennett avenue, distant 100 feet westerly from the westerly line of Overlook terrace, the said distance being measured at right angles to Overlook terrace, and running thence northwardly along a line always distant 100 feet westerly from and parallel with the westerly line of Overlook terrace and the prolongation thereof to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Overlook terrace as laid out adjoining Fort Washington avenue, the said distance being measured at right angles to Overlook terrace; thence eastwardly along the said line parallel with Overlook terrace and the prolongation thereof to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Overlook terrace, the said distance being measured at right angles to Overlook terrace; thence southwardly along the said line parallel with the easterly line of Overlook terrace and the prolongation thereof to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of West One Hundred and Ninety-third street, as laid out adjoining Broadway, the said distance being measured at right angles to West One Hundred and Ninety-third street; thence eastwardly along the said line parallel with West One Hundred and Ninety-third street and the prolongation thereof to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Broadway terrace, the said distance being measured at right angles to Broadway terrace; thence southwardly along the said line parallel with Broadway terrace and along the prolongation thereof to the intersection with the southerly line of Fairview avenue; thence southwardly in a staight line to a point distant 100 feet westerly from Wadsworth terrace and 100 feet southerly from Fairview avenue, the said distance being measured, respectively, at right angles to Wadsworth terrace and Fairview avenue; thence westwardly along a line always distant 100 feet southerly from and parallel with the southerly line of Fairview avenue to the intersection with a line always distant 100 feet easterly from and parallel with the easterly line of Broadway, the said distance being measured at right angles to Broadway; thence southwardly along the said line parallel with Broadway to the intersection with the prolongation of a line midway between West One Hundred and Eighty-sixth street and West One Hundred and Eighty-seventh street and passing through the point of beginning; thence westwardly along the said line last described and the prolongation thereof to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of March, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 2d day of May, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 20, 1912.

SUPREME COURT—SECOND DEPARTMENT.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WYCKOFF AVENUE (although not yet named by proper authority), from Brooklyn Borough line to Moffat street, in the Second Ward, Borough of Queens, City of New York, as amended by an order of the Supreme Court, duly made and entered in the office of the Clerk of the County of Queens on the 15th day of March, 1911, so as to conform to the lines of Wyckoff avenue, from Brooklyn Borough line to Cooper street, as shown upon Sections 15 and 30 of the Final Maps of the Borough of Queens, adopted by the Board of Estimate and Apportionment on the 21st day of May, 1909, and so as to relate to the remaining portions of said street between Cooper street and Moffat street, which have been discontinued, but title to which became vested in The City of New York on January 15, 1907, at which time title to the full length of the street as first above stated, was vested in the City.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, in the Municipal Building, Court House Square, Long Island City, Borough of Queens, in The City of New York, on or before the 3d day of April, 1912, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 8th day of April, 1912, at 2 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in said City, there to remain until the 8th day of April, 1912.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point where the southwesterly line or side of Wyckoff avenue is intersected by the line dividing the Boroughs of Brooklyn and Queens; thence southeasterly along said line dividing the Boroughs of Brooklyn and Queens to a point therein which will be 320 feet distant southwesterly from the southwesterly line or side of Wyckoff avenue, measured along a line drawn at right angles therewith; thence southeasterly and at all times parallel with the southwesterly side or line of Wyckoff avenue and 320 feet distant therefrom to the northerly line or side of old Cooper avenue; thence easterly along the northerly side or line of old Cooper avenue to a point in the northerly line or side of old Cooper avenue 410 feet easterly from the intersection of the northeasterly line or side of Wyckoff avenue with the northerly line or side of old Cooper avenue or Alden avenue; thence northwesterly to a point on the northwesterly line or side of Cooper street, which last mentioned point is distant northeasterly 470 feet, measured along a line drawn at right angles with and from the northeasterly line or side of Wyckoff avenue; thence northwesterly and at all times parallel with the northeasterly line or side of Wyckoff avenue and 470 feet distant therefrom, to the southerly side or line of Myrtle avenue; thence westerly along the southerly side of Myrtle avenue to the intersection of the southerly side of Myrtle avenue with the southeasterly line or side of Woodbine street; thence southwesterly along the southeasterly line or side of Woodbine street to the line dividing the Boroughs of Brooklyn and Queens, and thence southeasterly along the line dividing the Boroughs of Brooklyn and Queens to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 28th day of May, 1912, at the opening of the court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, March 9, 1912.

FRANK F. ADEL, Chairman; WM. BREUL, MICHAEL J. CARTER, Commissioners.

WALTER C. SHEPPARD, Clerk. m14,30

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of THIRTEENTH AVENUE, from Thirty-sixth street to Seventy-third street, excluding the land occupied by the Prospect Park and South Brooklyn Railroad Company, the Sea Beach Railroad Company, the Manhattan Beach Division of the Long Island Railroad and the Brooklyn, Bath and West End Railroad Company, in the Twenty-ninth and Thirtieth Wards, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT THE final report of the Commissioners of Estimate and Commissioner of Assessment in the above-entitled matter will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof to be held in the County Court House in the Borough of Brooklyn, City of New York, on the 20th day of March, 1912, at 10 o'clock in the forenoon of that day, and that the said final report has been deposited in the office of the Clerk of the County of Kings, there to remain for and during the space of five days, as required by law.

Dated New York, March 14, 1912.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments required for the opening and extending of COTTON STREET, from Arrietta street to Griffin street, in the Second Ward, Borough of Richmond, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held in the County Court House, in the County of Kings, in the Borough of Brooklyn, in The City of New York, on the 15th day of March, 1912, at the opening of the Court on that day, or as soon thereafter as Counsel can be heard thereon, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Cotton street, from Arrietta street to Griffin street, in the Second Ward, Borough of Richmond, City of New York, being the following described lots, pieces or parcels of land, viz.:

Beginning at a point on the northeasterly line of Griffin street 56.52 feet southeasterly from the intersection of the easterly line of an unnamed street (the extension of Stuyvesant place) and said northeasterly line of Griffin street.

1. Thence northeastwardly at right angles to said northeasterly line of Griffin street 109.96 feet.

2. Thence northwardly deflecting 56 degrees 46 minutes 39 seconds to the left 289.97 feet to the southerly line of Arrietta street.

3. Thence eastwardly along said southerly line of Arrietta street 52.46 feet.

4. Thence southwardly parallel to and 50 feet easterly from the second course 332.86 feet.

5. Thence southwestwardly parallel to and 50 feet southeasterly from the first course 136.98 feet to the above mentioned northeasterly line of Griffin street.

6. Thence northwestwardly along said northeasterly line of Griffin street 50 feet to the point of beginning.

Cotton street is shown on a map entitled "Layout and Grades of Cotton street, from Arrietta street, near S. I. R. T. R. R., to Griffin street, in the Second Ward, Borough of Richmond, The City of New York," which map was adopted by the Board of Estimate and Apportionment July 29, 1910, and filed in the office of the President of the Borough of Richmond, September 15, 1910, and in the offices of the Clerk of the County of Richmond and the Counsel to the Corporation of The City of New York on or about the same date.

The Board of Estimate and Apportionment on the 15th day of June, 1911, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Cotton street, as this street is laid out immediately east of and adjoining Griffin street, the said distance being measured at right angles to Cotton street, where it is intersected by a line always distant 100 feet westerly from and parallel with the westerly line of Griffin street, the said distance being measured at right angles to Griffin street, and running thence eastwardly along the said line parallel with Cotton street and along the prolongation of the said line to the intersection with a line midway between Griffin street and Cotton street as these streets are laid out immediately south of and adjoining Arrietta street; thence northwardly along the said line midway between Griffin street and Cotton street and along the prolongation of the said line to the intersection with the centre line of Arrietta street; thence eastwardly along the centre line of Arrietta street to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Stuyvesant place as this street is laid out adjoining Arrietta street on the north, the said distance being measured at right angles to Stuyvesaht place; thence northwardly and always distant 100 feet easterly from and parallel with the easterly line of Stuyvesant place and the prolongation thereof to the intersection with the southerly property line of the U. S. Government Lighthouse Reservation; thence eastwardly along the said property line and along the prolongation thereof to the intersection with the U. S. bulkhead line of New York Bay; thence southwardly along the said bulkhead line to a point distant 500 feet southerly from the prolongation of the southerly line of Arrietta street, the said distance being measured at right angles to Arrietta street; thence westwardly and always distant 500 feet southerly from and parallel with the southerly line of Arrietta street and the prolongation thereof to the intersection with the easterly right of way line of the Staten Island Rapid Transit Railway; thence northwardly along the said right of way line to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Cotton street as this street is laid out immediately east of and adjoining Griffin street, the said distance being measured at right angles to Cotton street; thence westwardly along the said line parallel with Cotton street and along the prolongations of the said line to the intersection with a line parallel with Griffin street and passing through the point of beginning; thence northwardly along the said line parallel with Griffin street to the point or place of beginning.

(The lines of the streets herein referred to which are not laid out upon the City map are intended to be those in use and as commonly recognized.)

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments included within the public park (Seaside Park), at Rockaway Beach, Fifth Ward, in the Borough of Queens, City of New York, as shown on a map bearing the signature of the Secretary of the Board of Estimate and Apportionment, dated July 27, 1911, adopted by the Board of Estimate and Apportionment on September 21, 1911, by a resolution which was approved by the Mayor on September 26, 1911, together with all the right, title and interest of the owners thereof in and to the lands under the waters of the Atlantic Ocean and of Jamaica Bay in front thereof, except so much of the land shown on the aforesaid map as lies within the lines of an avenue known and shown thereon as Washington avenue, running across the entire length of the premises shown on said map, and which avenue is referred to in the sale of the above described premises in the action of partition entitled "H. H. Chittendon, plaintiff, against I. E. Gates and others, defendants," but including a perpetual right of way over the said strip of land lying within the limits of the said Washington avenue as appurtenant to the property abutting on either side thereof.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court of the State of New York, Second Department, bearing date the 2d day of March, 1912, and duly entered and filed in the office of the Clerk of the County of Queens on the 7th day of March, 1912, William S. Cogswell, Clarence Edwards and John J. Goodwin were appointed Commissioners of Estimate in the above entitled proceeding.

Notice is further given that, pursuant to the statutes in such cases made and provided, the said William S. Cogswell, Clarence Edwards and John J. Goodwin will attend at a Special Term for the hearing of ex parte motions of the Supreme Court of the State of New York, Second Department, to be held at the County Court House in the Borough of Brooklyn in The City of New York on the 21st day of March, 1912, at the opening of the court on that day or as soon thereafter as counsel can be heard thereon for the purpose of being examined under oath by the Corporation Counsel or by any other person having any interest in said proceeding as to their qualifications to act as such Commissioners in the above entitled proceeding.

Dated New York, March 9, 1912.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
