DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
Room 19, City Hall,
NEW YORK, September 9, 1874.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In reply to your resolution of June 23, I have the honor to submit a statement showing approximate estimates of the amounts which will be required to complete the works on street improvements in progress on June 23, 1874, by contract and by day's work, whether under ordinances of the Common Council or by authority of laws of the State.

The works are divided into four classes, and the aggregate amounts approximately estimated to be necessary for their completion are as follows:

Class I.—Contracts publicly advertised and awarded to the lowest bidder, in pursuance of statutes, ordinances of the Common Council, and resolutions of the Board of Health..... \$1,875,820 01

Class II.—Contracts made in pursuance of ordinances of the Common Council, awarded to the lowest bidder after competition by responsible contractors invited to bid for the same..... 94,091 03

Class III.—Contracts made in pursuance of laws of the State, awarded to the lowest bidder after competition by responsible contractors invited to bid for the same..... 496,591 22

Class IV.—Improvements carried on by day's work under ordinances of the Common Council and laws of the State..... 1,690,000 00

Total..... \$4,156,502 26

Of the above amount the sum of \$1,830,478.35 is for work begun prior to January 1, 1872, under the direction of the late Street and Croton Aqueduct Departments, the Commissioners of the Central Park, the Department of Public Parks, and my predecessor in this Department, and the sum of \$2,326,023.91 for works begun during my administration of the Department of Public Works.

The time required for the completion of the several improvements above included varies from five working days to five hundred working days, and on work done by contract thirty per cent. of the cost is reserved until after the completion and acceptance of the work. The issue of assessment bonds to meet the payments for these works will

therefore be gradual, and will be apportioned over a period of at least two years, while, at the same time, assessment lists will be made out for works as they are completed from time to time, and collections of assessments made, the proceeds of which are applied to the redemption of assessment bonds.

All street improvements are carried on under authority of ordinances of the Common Council and laws of the State, which are mandatory upon the Commissioner of Public Works as to their execution, and upon your Honorable Board as to providing the means therefor.

All work on street improvements commenced during my administration is to be paid for entirely by assessment upon adjoining property, and no part of it by the city at large, except where the city is a property owner.

Very respectfully,
GEO. M. VAN NORT,
Commissioner of Public Works.

Which was laid over.
