It may be possible that the department will be able to obtain a sufficient amount for this purpose from the salary accruals. Respectfully,

JNO. G. O'KEEFFE, Secretary, Board of Trustees.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Department of Street Cleaning:

No. 401.

Commissioner of Street Cleaning—Request for Issue of Special Revenue Bonds, \$250,000, to Cover Expenses of Removal of Ashes and Rubbish Deposited in Marginal Streets Adjacent to Dumping Boards.

Department of Street Cleaning of The City of New York, Office of the Commissioner, Municipal Building, New York City, April 2, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—For upward of four years prior to March 2, 1918, the firm of Dailey & Ivins had a contract with the City for the final disposition of ashes, street sweepings and rubbish from the Boroughs of Manhattan and The Bronx. Under this contract it was their duty to furnish vessels at the various water-front dumps in these Boroughs to remove such refuse and to dispose of the same.

During the last week of December, 1917, and the first week of January, 1918, unprecedented weather conditions prevailed in New York City and vicinity, the temperature during most of the time being below zero. As a result enormous quantities of ice formed in the rivers and harbor and as far out as Sandy Hook, and in consequence river transportation was practically suspended during the months of January and February, 1918. It was impossible for Dailey & Ivins to remove loaded scows from the dumps or to return empty ones. It was likewise impossible to reach the unloading points, so that the unloading machinery was useless. Little, if any, sea dumping was carried on, due to the inability of tugboats to break the ice. As the result of all this by March 1, 1918, about one hundred and ninety (190) loaded scows were lying around the City dumps, awaiting removal. Dailey & Ivins also had considerable trouble in obtaining tugboats, due to the demands of the War and Navy Departments, who commandeered most of the available tow-boats in New York Harbor.

There being no other outlet for the daily collection of ashes and rubbish our carts were obliged to deposit this refuse in the marginal streets adjacent to the dumping boards. About 251,000 cubic yards of such materials was deposited at fifteen (15) different points along the North and East Rivers, in the Borough of Manhattan, with the expectation that Dailey & Ivins would remove them when weather conditions would improve. Instead, on March 2, 1918, this firm abandoned its contract with the City, having first transferred its fleet of sea-going scows to New Jersey, where a petition in bankruptcy was filed against the said firm by its creditors. Our inability to obtain the use of these scows seriously handicapped us in our efforts to keep up the disposal of the daily output of refuse from the City, to say nothing of getting rid of the accumulations in the streets. With the advent of warm weather these accumulations may seriously affect the health of the community.

At present the Department is attempting to carry on the work abandoned by Dailey & Ivins by using the plant and unloading machinery belonging to said firm, but said plant is not sufficient to unload the scows which carry away the daily output from the Boroughs of Manhattan and The Bronx. Many loaded barges are still lying at the water-front dumps awaiting unloading.

The only alternative method for disposing of these accumulations of refuse in the streets is by placing them upon motor trucks and removing them to distant points in the Borough of Queens, where they may be used to fill in marsh land. For this purpose a contract was prepared, and on March 18, 1918, sealed bids for furnishing vehicles to carry away these accumulations of refuse were received and opened. The lowest bid received was that of Jacob Fradus Contracting Co., Inc., of No. 447 East 53rd street, New York City, whose bid was ninety cents (90c.) per cubic yard. A contract was entered into with the said Company, whereby the City rented its plant by

the day for sixty (60) days, beginning March 25, 1918, payment to be made according to the actual number of cubic yards of material removed, at the price bid per cubic yard. The Contractor is now engaged in removing this material.

This Department is without funds to meet this emergency, no provision having been made in our annual budget, as such conditions were entirely unforeseen. It is estimated that the Department will require the sum of \$250,000 to cover the expense of removing these accumulations of refuse.

I respectfully request that the Board of Aldermen pass a resolution authorizing the issuance of revenue bonds amounting to \$250,000, pursuant to subdivision 8 of section 188 of the Greater New York Charter, to cover this expense. Yours truly,

A. B. MACSTAY, Commissioner.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Trustees of the Brooklyn Public Library:

No. 402.

**Trustees, Brooklyn Public Library—Request for Special Revenue Bonds, \$16,176, to Cover Loss by Fire at the Pacific Branch Library.**

Brooklyn Public Library, 26 Brevoort Place, March 26, 1918.

To the Honorable, The Board of Aldermen, City of New York:

Gentlemen—The Board of Trustees of the Brooklyn Public Library respectfully requests that revenue bonds to the total amount of \$16,176 be issued to cover loss by fire at the Pacific Branch Library, March 29, 1917. This amount includes \$6,718 to replace furniture and \$9,458 for books destroyed.

On May 8, 1917, the Board of Aldermen, at the request of the Trustees of the Brooklyn Public Library, voted to issue revenue bonds to the extent of \$28,804 for the purpose of reconstructing the Pacific Branch of the Brooklyn Public Library, damaged by fire, for the replacement of 8,000 books and for the refurnishing of the building.

When the original request for the issue of revenue bonds was made it was based upon the estimated cost of repairs, but when the actual bids were received, owing to the increased cost of labor and materials, it was found impossible to pay for the cost of the replacement of books and furniture out of the amount appropriated.

The condition of the building was such that reconstruction was necessary at once; and in November the Trustees of the Brooklyn Public Library entered into a contract with John Thatcher & Son to undertake the work of repair on a cost basis. The contract calls for the estimated expenditure of \$25,428 in addition to the architect's fee of 10 per cent, and will be completed early in April.

Respectfully submitted,

DAVID A. BOODY, President.

JOHN HILL MORGAN, Secretary.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 403 (Ord. No. 38).

**Commissioner of Water Supply, Gas and Electricity—An Ordinance to Amend Section 15, Article 2, Chapter 24 of the Code of Ordinances, Relating to "Traffic Regulations."**

The City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York, March 26, 1918.

An Ordinance to amend subdivision 2, section 15 of chapter 24 of the Code of Ordinances.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Dear Sir—The auto trucks and horse-drawn wagons of this department which are used in transporting the labor force attached to the division having charge of the care and maintenance of water mains, and also for the carrying of supplies and materials used by such force, are required to respond as quickly as may be to all calls where breaks in water mains occur or to other parts of the City's water supply system. The matter of a few minutes delay in arriving at the scene of the accident may cause considerable damage to property.

Bearing this in mind several years ago the department started to substitute automobiles for horse-drawn vehicles. Under the ordinance vehicles of public service corporations are accorded a right of way. Many times when the vehicles of the public utilities companies appear to be in haste they are responding to calls to protect gas pipes and other subsurface structures which have become damaged as a result of a break in a water main. It seems rather strange that the auto trucks and horse-drawn vehicles of this department which are responding to the same emergency call should be held to traffic regulations. The inconsistency of this is so obvious that it would appear unnecessary to advance any further reasons for granting a right of way to the auto trucks and horse-drawn vehicles of this department.

I submit herewith a draft of an amendment to subdivision 2, section 15 of chapter 24 of the Code of Ordinances, under which this department can secure the desired permission, and request that it be adopted. Respectfully,

NICHOLAS J. HAYES, Commissioner.

AN ORDINANCE to amend Section 15 of Article 2, of Chapter 24 of the Code of Ordinances, relating to "traffic regulations," and particularly to "right of way."

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1, Subdivision 2 of Section 15 of Article 2 of Chapter 24 of the Code of Ordinances, relating to "traffic regulations," is hereby amended to read as follows: §15. Right of way.

2. Vehicles having precedence. The officers and men of the fire department and of the fire patrol, with their apparatus of all kinds, when going to, or on duty at, or returning from a fire; all ambulances, whether of public or private character, and all other vehicles when employed in carrying sick or injured persons to hospitals or other places for relief or treatment; vehicles of the police department; vehicles of the several bureaus of buildings; emergency (wagons) vehicles of the department of water supply, gas and electricity and of public service corporations, and vehicles of all physicians who have a police permit shall have the right of way in any street and through any procession, except over vehicles carrying the United States mail. The police department is hereby empowered to issue a permit for such right of way to any duly registered physician, making application therefor, which permit shall not be transferable.

Sec. 2. This ordinance shall take effect immediately.

Note—New matter in italics; old matter, in brackets [], to be omitted.

The Vice-Chairman laid before the Board the following communications from the President, Borough of Manhattan:

No. 404.

**President, Borough of Manhattan—Request for Authority to Purchase Refined Asphalt Without Public Letting.**

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, March 26, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Dear Sir—Under date of January 25, 1918, a public letting was held in this office for 930,000 gallons of refined asphalt required by this department for the purpose of producing asphalt wearing surface mixture for repairs to the asphalt pavements of this Borough.

One bid was received for this material and it was rejected for two reason: First, that the price appeared to be prohibitive and, second, that there was no evidence of competition.

Inquiry from the various companies supplying this material in the past brought out the information that, on account of the unsettled condition of the market, and the probable demands which the Government may make upon them for the materials in their possession, the bidders are reluctant to bind themselves under a yearly contract.

The Barber Asphalt Company, the Warner-Quinlan Company and the Standard Oil Company have signified their willingness to sell to this department such asphalt as they may have on hand at the time it is required, but such orders and deliveries must be confined in quantity to an amount sufficient to meet the immediate requirements of the department.

The Borough of Brooklyn had a public letting a few days ago—experienced the same difficulty in securing bids for asphalt—and not a single bidder appeared.

In consequence of the experience of the Boroughs of Manhattan and Brooklyn in their efforts to secure this material by public letting, I respectfully request that permission be granted to purchase the following on open market order, without public letting:

250,000 gallons of refined asphalt at an estimated cost not to exceed \$35,000.

Very truly yours, FRANK L. DOWLING, President, Borough of Manhattan.

In connection with the foregoing communication Alderman Gilmore offered the following resolution, which, on his motion, was made a Special Order for the day:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized and empowered to purchase 250,000 gallons of refined asphalt in the open market, without public letting, at an estimated cost not to exceed thirty-five thousand dollars (\$35,000).

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burden, Burke, Calman, Cassidy, Colne, Cox, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—63.

No. 405.

**President, Borough of Manhattan—Request for Authority to Purchase Asphalt Wearing Surface Sand Without Public Letting.**

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, March 26, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Dear Sir—Under date of January 25, 1918, a public letting was held in this office for the purpose of receiving bids for 30,000 cubic yards of asphalt wearing surface sand required for this department in connection with manufacture of asphalt wearing surface mixture for repairing the asphalt pavements in this Borough.

No bid was received for this material and inquiry discloses the fact that the concerns supplying this class of material are reluctant to bind themselves under a yearly contract, on account of the unsettled condition of the market and the probable demands the Government may make upon them for the materials in their possession. We have their assurance, however, that they expect, between the various concerns involved, to have a sufficient supply beyond the Government requirements to meet our requirements from time to time.

At the first letting for this year, in the Borough of Brooklyn, for similar materials, the price quoted was \$1.48 per cubic yard on a yearly contract. At a recent letting the price quoted was \$2.25 per cubic yard.

This office has the assurance of two supply firms that they will be able to furnish sand in boatload lots from time to time, as may be required, at a price much below those received at the Brooklyn public letting, which price can be furnished at your request.

In view of the foregoing, I respectfully request that permission be granted to purchase about 5,000 cubic yards of asphalt wearing surface sand at an estimated cost not to exceed \$6,000, by open market order, without public letting.

Very truly yours, FRANK L. DOWLING, President, Borough of Manhattan.

In connection with the foregoing communication Alderman Gilmore offered the following resolution, which, on his motion, was made a Special Order for the day:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized and empowered to purchase 5,000 cubic yards of asphalt wearing surface sand in the open market, without public letting, at an estimated cost not to exceed six thousand dollars (\$6,000).

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burden, Burke, Calman, Cassidy, Colne, Cox, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—63.

No. 406.

**President, Borough of Manhattan—Request for Authority to Purchase Gasoline Without Public Letting.**

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, March 26, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Dear Sir—Under date of January 25, 1918, proposals were invited for 45,000 gallons of gasoline required by this department, but no bids were received.

Inquiry discloses the fact that the various concerns supplying this material are reluctant to bind themselves under a yearly contract, on account of the unsettled condition of the market and the probable demands the Government may make upon them for the materials in their possession.

Upon proposals recently received by another City department the price quoted under contract was 24 cents per gallon. This department is now paying 23 cents per gallon for quantities delivered as required.

In view of the foregoing, I would respectfully request that permission be granted for the purpose of purchasing the following by open market order, without public letting:

About 25,000 gallons gasoline at an estimated cost not to exceed \$7,500.

Very truly yours, FRANK L. DOWLING, President, Borough of Manhattan.

In connection with the foregoing communication Alderman Gilmore offered the following resolution, which, on his motion, was made a Special Order for the day:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized and empowered to purchase 25,000 gallons of gasoline in the open market, without public letting, at an estimated cost not to exceed seven thousand five hundred dollars (\$7,500).

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

**Report of the Committee on Finance in Favor of Filing Request of the County Clerk of Richmond County for Special Revenue Bonds to Meet Requested Increase in the Salary of the Assistant Commissioner of Jurors.**

The Committee on Finance, to which was referred on February 26, 1918 (Minutes, page 474), the annexed request of the County Clerk of Richmond County, acting for the Board of Appointment of a Commissioner of Jurors, for special revenue bonds to meet requested increase in the salary of the Assistant Commissioner, respectfully

## REPORTS:

That your Committee gave this matter careful consideration, and, in view of the conflicting opinions of those interested, the matter was referred to the Corporation Counsel. The attached opinion of the Corporation Counsel in part states that the funds should be provided by the Comptroller, pursuant to the provisions of subdivision 7 of section 188 of the Charter, and that neither the Board of Aldermen or the Board of Estimate and Apportionment has at this time any function to perform in the premises.

It therefore recommends that the request be placed on file, and that the Clerk be directed to forward a copy of this report to the County Clerk of Richmond County.

*Honorable Board of Aldermen, City of New York:*

Gentlemen—At a meeting of the Board of Appointment of a Commissioner of Jurors, of Richmond County, New York, held at the Borough Hall, St. George, S. I., February 20, 1918, the following resolution was unanimously adopted:

Resolved, That the Salary of Assistant Commissioner of Jurors and the Clerk to the Commissioner be increased from \$1,200 to \$1,800 per year, to take effect March 1, 1918; and further

Resolved, That we request the Board of Estimate and Apportionment and Board of Aldermen of The City of New York to issue revenue bonds for the purpose of paying the aforesaid increases.

Would request that you take this matter up as soon as possible. Yours truly,  
C. L. BOSTWICK, County Clerk and Secretary.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, March 9, 1918.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen, City Hall, New York:

Dear Sir—Replying to your letter of March 1, wherein you request information in relation to the request of the County Clerk of Richmond County for special revenue bonds to increase the salaries of the Assistant Commissioner of Jurors and Clerk to the Commissioner, I submit the following:

Chapter 222 of the Laws of 1906, entitled "An act to amend chapter 441 of the Laws of 1899," reads in part as follows:

"A Commissioner of Jurors in a County of more than 65,000 population, according to the last preceding State or Federal census, may appoint one Assistant Commissioner of Jurors, whose compensation shall be fixed by the Board appointing the Commissioner, and one Clerk, whose compensation shall be fixed in the same manner; the Board of Appointment as constituted in the County of Richmond consists of the County Clerk, County Judge and Justice of the Supreme Court residing in the County."

This Committee has certified that at a meeting on February 20, 1918, they adopted the following resolution:

"Resolved, That the salary of the Assistant Commissioner of Jurors and Clerk to the Commissioner be increased from \$1,200 to \$1,800 per year, to take effect March 1, 1918."

I would suggest that the question of whether or not this action is mandatory be referred to the Corporation Counsel for an opinion.

In relation to the merit of the amount of increase involved for each of the incumbents, permit me to state that the salary of the Commissioner of Jurors, who is the head of that office, is fixed by law at the sum of \$1,500 per annum.

Very truly yours,

JOSEPH HAAG, Secretary.

*Memorandum in Relation to the Resolution of the Board of Appointment, Passed February 20, 1918, Increasing Salaries of Employees in the Office of the Commissioner of Jurors, in and for Richmond County, New York.*

The office of Commissioner of Jurors in and for Richmond County, New York, was established July 1, 1899, under the provisions of chapter 441 of the Laws of 1899, which in part provides:

"Sec. 1. The office of the Commissioner of Jurors is hereby established in and for each of the counties of Richmond and Queens. \* \* \*

"Sec. 2. In any county in which the office of commissioner of jurors is established as provided in the preceding section such commissioner and his successors shall be appointed in the following manner:

"1. If only one justice of the supreme court resides in such county, he and the county judge and the county clerk shall make the appointment.

"Sec. 6. A commissioner of jurors may appoint one assistant commissioner of jurors whose compensation shall be fixed by the board appointing the commissioner, and one clerk whose compensation shall be fixed in the same manner; such compensation shall be paid by the county in equal monthly installments."

There has been no increase in the salaries of the employees in the office of the Commissioner of Jurors for Richmond County since the office was established.

In 1899 and for three years thereafter there was prepared by the Commissioner of Jurors lists of qualified jurors only for five terms of Supreme and County Court, in each year. There are now nine such terms. Then panels of jurors were drawn for the full term of court; now panels of forty are drawn for each week of each term. Panels are also drawn each month, for nine months in each year, for the Municipal Courts, making it necessary for the Commissioner of Jurors to provide more than three times the number of qualified jurors required when the office was established.

When the office was established the statutes required that the Commissioner of Jurors should prepare the list of qualified jurors from a list of owners of real estate furnished to him by the Tax Commissioners.

A change in the statute applying to Richmond County, making any one "possessed" of real or personal property to the value of \$250 liable has made it the duty of the Commissioner of Jurors to summon and examine as to their qualifications the 17,000 enrolled voters in Richmond County as well as all those "assessed" for real or personal property and to make and keep records of all qualified and all exempt from jury duty and the reason for their exemption, increasing the work in the office more than three fold.

City of New York, Law Department, Office of the Corporation Counsel, New York, April 1, 1918.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—I am in receipt of a communication from Mr. John J. Flaherty, Clerk, dated March 27, 1918, reading as follows:

"I am directed by the Chairman of the Committee on Finance to refer the enclosed matter to you, and request that you forward your opinion with respect thereto in time for consideration by the Committee at its next meeting, which will be held Monday, April 1, 1918, at 1:30 o'clock p. m."

The enclosure, a printed slip, reads as follows:

"No. 285.

"County Clerk, Richmond County—Request of the Board of Appointment of a Commissioner of Jurors for Increase of Salary of the Assistant Commissioner and Special Revenue Bonds to Meet the Same.

"County Clerk's Office, Richmond County, Richmond, N. Y., February 21, 1918.

*"Honorable Board of Aldermen, City of New York:*

Gentlemen—at a meeting of the Board of Appointment of a Commissioner of Jurors of Richmond County, New York, held at the Borough Hall, St. George, S. I., February 20, 1918, the following resolution was unanimously adopted:

"Resolved, That the Salary of Assistant Commissioner of Jurors and the Clerk to the Commissioner be increased from \$1,200 to \$1,800 per year, to take effect March 1, 1918; and further

"Resolved, That we request the Board of Estimate and Apportionment and Board of Aldermen of The City of New York to issue revenue bonds for the purpose of paying the aforesaid increases.

"Would request that you take this matter up as soon as possible. Yours truly,  
C. L. BOSTWICK, County Clerk and Secretary.

"Which was referred to the Committee on Finance."

In view of your request for a prompt reply the time available will not permit of a discussion of the question of the power of the Board of Appointment of a Commissioner of Jurors, of Richmond County, to increase the salaries of the Assistant Commissioner of Jurors, and the Clerk to the Commissioner, respectively.

Assuming that the Board possesses such power if there is no appropriation available for such increases, the requisite funds should be raised by the Comptroller by the sale of special revenue bonds pursuant to the provisions of subdivision 7 of section 188 of the Charter, which reads as follows:

"§ 188. The Comptroller is authorized to issue certificates of indebtedness or other evidence of indebtedness to be redeemed out of the tax levy for the year next succeeding the year of their issue to provide the means necessary to make payments for the following purposes: \* \* \*

"7. To provide for the payment of claims, charges, expenses and appropriations which have been or may be lawfully payable by the city of New York, as hereby constituted, and the several counties wholly included within its limits, and for which no other provision for payment has been made. Separate accounts shall be kept of the bonds issued and payments made on account of county charges and expenses, and the comptroller shall similarly certify the amounts thereof to be raised by tax in the respective counties and to be included in the general fund for the reduction of taxation as provided by subdivision three of this section in the case of judgments. \* \* \*

Neither the Board of Aldermen nor the Board of Estimate and Apportionment has, in my judgment, at this time, any function to perform in the premises.

Respectfully yours, WILLIAM P. BURR, Corporation Counsel.

Queens County Clerk's Office, Jamaica, N. Y., Alex Dujat, Clerk, March 11, 1918.  
*Board of Aldermen, City of New York, City Hall, New York City:*

Gentlemen—Request is hereby made for an issue of special revenue bonds in the amount of \$720 for the purpose of rearranging and indexing Supreme Court, County Court, Common Pleas and miscellaneous papers in the vault of the Queens County Clerk's office.

There are about 73,000 of these papers, and great inconvenience has been experienced by title companies, lawyers, railroad companies and other corporations in securing papers desired. These papers were formerly put away in bundles containing about 1,000 papers each, and apparently no effort was made to so mark the bundles as to indicate their contents or the years in which they were filed. Under present conditions it is almost impossible to honor a requisition for any of these papers.

The papers referred to run from the year 1804 to 1878, and it is imperative that an alphabetical list be made of them. It is thought that four men at \$3 per diem each, working for 60 days each, under proper supervision and direction, would be able to accomplish this work, and that a complete system could be installed whereby any paper desired could easily be secured.

On April 20, 1917, the Board of Estimate and Apportionment adopted a resolution, 823-T, allowing \$720 for the employment of a laboring force to remove from the vault, and clean, number and index and replace on new shelving, about 300,000 books and papers in the office of the Clerk of the County of Queens. Under this authority the County Clerk of the County of Queens employed four laborers and directed the work of sorting, cleaning and indexing and placing on new shelves in numerical order chattel mortgages from Nos. 1 to 65,149; mechanics' liens from the year 1860 to 1910, inclusive; building loan agreements from 1900 to 1910, inclusive; satisfactions of mortgages from 1794 to 1898, inclusive; cancelled mortgages from 1903 to 1915, inclusive; satisfactions of judgments from 1837 to 1899, inclusive; transcripts of judgments from 1837 to 1899, inclusive; Coroner's returns from Nos. 1 to 8,744, inclusive; records of convictions from 1820 to 1905, inclusive; records of bonds from 1857 to 1898, inclusive. In addition to this work, 1,600 libers and 350 law books were cleaned, rearranged and placed in numerical rotation, and naturalization papers from 1794 to 1905, inclusive, were cleaned and rearranged.

If your Board will grant this request for an issue of special revenue bonds amounting to \$720 all of the old records in the vault will be so arranged as to meet the demands of the public without unnecessary delay. Yours very truly,

ALEX DUJAT, County Clerk.

City of New York, Board of Estimate and Apportionment, Office of the Secretary Municipal Building, March 18, 1918.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Dear Sir—In reply to your request of March 14, 1918, for a report on the request of the County Clerk of Queens County for special revenue bonds in the sum of \$720 for the purpose of rearranging and indexing court records and miscellaneous papers now pending before your Committee, I beg to advise you that on November 22, 1917, the Committee on Salaries and Grades recommended to the Board of Estimate and Apportionment that a request of the County Clerk of Queens County for special revenue bonds in the sum of \$720 for the same purpose, be provided for by a transfer of funds from Code No. 3639, Queens County Funds for Salary and Wage Accruals for 1917.

At the meeting of the Board of Estimate and Apportionment on December 14, 1917, this recommendation failed of adoption by reason of the negative vote of the Comptroller, the terms and conditions governing the administration of the Budget for 1917 requiring the unanimous vote of the Board for the adoption of a resolution of this character. As it has been the policy to provide for necessary additional appropriations from the Accrual Account instead of issuing special revenue bonds, it would seem that the request of the County Clerk of Queens County for \$720 in special revenue bonds for the purpose of rearranging and indexing court records and miscellaneous papers in his office should be provided by a transfer of funds from Code 3639, Queens County Funds for Salary and Wage Accruals for 1918.

Respectfully,

JOSEPH HAAG, Secretary.

**Report of the Committee on Finance in Favor of Transmitting to the Committee on Rules Communication from Council of Women's Organizations of New York City, Directing Attention to the Patriotic Program of the Federal Children's Bureau, Etc.**

The Committee on Finance, to which was referred on March 19, 1918 (Minutes, page 636), the annexed communication from the Council of Women's Organizations of New York City, directing attention to the patriotic programme of the Federal Children's Bureau and suggesting that the Board of Aldermen initiate some action looking to the carrying out of the same, respectfully

REPORTS:

That after consideration of the matter your Committee believes it properly belongs before the Committee on Rules, because from such Committee emanates the processes under which the Board operates, hence the recommendation that the matter be transferred to said Committee.

Council of Women's Organizations of New York City, 4 East 39th Street, March 16, 1918.

*President of the Board of Aldermen, City of New York:*

Dear Sir—At a meeting of the Conference Board of the Council of Women's Organizations on February 28th, I, as secretary, was instructed by that Board to write you calling the attention of the Board of Aldermen to the patriotic program of the Federal Children's Bureau.

This program, as you may know, calls for a campaign for the reduction of infant mortality as a war measure. Thousands of babies die needlessly each year and the Federal Children's Bureau calls attention to the fact that in war time the country cannot afford this waste of life. The Federal Children's Bureau states that 100,000 infants' lives should be saved in the United States this year and it has apportioned a quota which should be saved in each State and the larger cities of the country. As you may know, New York's quota is 4,000. This means that we must reduce the infants' death rate in New York City to a considerable degree.

We believe that the City of New York through its established government should accept this challenge and determine to save these infants' lives. The program for doing this includes: (1) An increase in the amount of medical care provided for mothers before children are born; (2) an increase in the nursing and educational work directed toward the improved care of new-born infants; (3) an increase in the effort for providing proper food for infants, and (4) the radical reduction in the price of milk, which is the only food for babies.

We suggest to you that the Board of Aldermen initiate some action looking to the carrying out of the program of the Federal Children's Bureau. Yours very truly,

FRANCES PERKINS, Executive Secretary.

Report of the Committee on General Welfare—  
No. 348.

Report of the Committee on General Welfare in Favor of Adopting an Ordinance to Amend the Code of Ordinances, Relating to the Municipal Civil Service.

The Committee on General Welfare, to which was referred on March 12, 1918 (Minutes, page 599), the annexed ordinance to amend section 1 of article 1 of chapter 16 of the Code of Ordinances, relating to the Municipal Civil Service, respectfully

REPORTS:

The Commissioner of Health has asked for an amendment to the ordinance permitting the employment of noncitizens in institutions which care for the sick and infirm, so as to extend the exception to clinics and dispensaries which furnish medical or surgical advice or treatment and in laboratories offering facilities for the diagnosis of disease or the analysis of food and drugs.

Cwing to the extraordinary demand for hospital help caused by conditions arising out of the world war, your Committee believes that this request is a reasonable one and recommends the adoption of the ordinance.

AN ORDINANCE to amend section 1 of article 1 of chapter 16 of the Code of Ordinances, relating to municipal civil service.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. Section 1 of article 1 of chapter 16 of the Code of Ordinances, relating to the municipal civil service, is hereby amended to read as follows:

§1. Officers and employees to be residents.

No person not a citizen and an actual resident and dweller, in good faith, in the state of New York shall be eligible to appointment or employment in any of the departments, boards, bureaus or branches of the government of the city, except in institutions which care for the sick and infirm[,] and in clinics or dispensaries which furnish medical or surgical advice or treatment, and in laboratories offering facilities for the diagnosis of disease or the analysis of food and drugs. Any person who now is or who shall become, after such appointment or employment, a citizen, resident or dweller outside the state of New York, shall thereby forfeit his said appointment or employment and shall be removed therefrom. The provisions of this section shall not apply to appointments or employments for services or work to be performed for the city outside the state of New York; nor to a temporary appointment or employment for a specific service or work, where peculiar or exceptional qualifications of a scientific, professional or educational character are necessary. Prior to such temporary appointment or employment, evidence in writing shall be furnished that the services or work to be performed cannot be well done by any citizen and actual resident of the state of New York who is available, and that the non-resident person proposed to be appointed is generally recognized as one possessing such exceptional qualifications in a high degree. No appointment or employment under this section shall be valid unless the consent of the mayor shall be first obtained. He may require the municipal civil service commission to pass upon the matter and certify whether such appointment or employment be necessary, and, also, whether the non-resident person proposed therefor be competent and necessary, for lack of a citizen and actual resident of the state of New York who is available for appointment.

Sec. 2. This ordinance shall take effect immediately.

Department of Public Charities of the City of New York, Municipal Building, Tenth Floor, March 15, 1918.

Re: Request for Permission to Purchase in the Open Market Without Public Letting. To the Honorable The Board of Aldermen, City Hall, New York:

Gentlemen—I respectfully request permission to purchase cotton duck and canvas duck in the open market without public letting to an amount not exceeding \$2,546. The United States Government is fixing the price on these goods and bidders have recently bid more than the prices fixed by the Government. There is undoubtedly an extreme shortage of this kind of material in the market at this time and the Department requests permission to purchase it in the open market at a price that will conform with the United States Government's schedule of prices.

Your early attention to this matter will be appreciated. Very truly yours,

BIRD S. COLER, Commissioner.

In view of the premises, therefore, I respectfully ask that you grant my request as quickly as possible. Yours very truly,

JAMES F. DONNELLY, Sheriff, Bronx County.

SPECIAL ORDERS.

S. O. 40 (Int. No. 344).

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$50,000, for the Purchase and Storage of Foodstuffs, to Be Sold Later to Consumers by the Commissioner of Public Markets.

The Committee on Finance, to which was referred on March 12, 1918 (Minutes, page 557), the annexed request of the Commissioner of Public Markets for Special Revenue Bonds, \$50,000, for the purchase and storage of foodstuffs to be sold to consumers later, respectfully

REPORTS:

That on this proposition the Committee heard Commissioner Day and Mr. Thomas Smith of the Bureau of Contract Supervision. Your Committee also has a report on the subject from the latter bureau, which is made a part hereof. While it may appear that the Comptroller has power to issue the bonds asked for under the provisions of the act creating the State Food Commission, the Committee is one of opinion with the report herein referred to, and to eliminate any doubt that may arise presents the accompanying resolution for adoption.

Resolved, That, pursuant to the provisions of subdivision 8, section 188, of the Greater New York Charter, and section 14 of chapter 813 of the Laws of 1917, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifty thousand dollars (\$50,000), the proceeds whereof to be used by the Commissioner of Public Markets to purchase food and fuel and for the handling and sale thereof and for any incidental expenses incurred therein.

Office of the Commissioner of Public Markets, Municipal Building, New York, March 12, 1918.

To the Honorable Board of Aldermen:

Gentlemen—Whereas, the State Food Commission has granted power to The City of New York to buy and sell food and fuel to the inhabitants of The City of New York; and

Whereas, the Board of Aldermen and the Mayor have named the Department of Public Markets as the agency for such purchase and sale; and

Whereas, the time has arrived when considerable quantities of foodstuffs would have to be purchased in order to get as nearly production prices as possible; and

Whereas, legally, the Department of Public Markets is without power to make purchases without money available to pay the amount obligated; and

Whereas, cash payments greatly facilitate purchases and cheapen prices,

I therefore respectfully request your Honorable Body to issue special revenue bonds in the amount of \$50,000 for use in purchasing for immediate consumption or for storage to be sold to consumers later, any foodstuffs which this department may find feasible or advisable to purchase; that the money so created be put into a special account for the use of the Department of Public Markets, either in the Department of Finance or as a special account in the Department of Public Markets, subject to direct oversight and audit by the Department of Finance; that I, as Commissioner of Public Markets, be put under bond in such amount as your Honorable Board may deem sufficient for the protection of the City to guarantee on my part faithful handling of such funds; that I be allowed to make such purchases direct and pay such commissions for purchase and sale as in my judgment may be just and proper.

I would respectfully urge speedy action on the part of your Honorable Body in view of the tremendous importance attached to this very vital matter of city administration. Very truly yours,

JONATHAN C. DAY, Commissioner.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, Room 1300, March 18, 1918.

No. 344—Request of the Commissioner of Public Markets for Special Revenue Bonds, \$50,000, for Use in Purchasing any Foodstuffs Which the Department May Find Feasible and Advisable to Purchase.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—As requested in your communication of March 14, 1918, I have caused an investigation into this matter and below I give the facts in relation thereto.

The Board of Estimate and Apportionment on October 19, 1917, adopted the following resolution, in which the Board of Aldermen concurred on October 23, 1917:

"Be it resolved and certified, pursuant to the provisions of section 14 of chapter 813 of the Laws of 1917, that on account of the deprivation of necessities of life in the City of New York, by reason of a shortage in the supply of, and excessive charges for, milk, meats, other foods and fuel, an emergency exists which requires that the City of New York purchase milk, meats, other foods and fuel and provide storage for and sell the same to its inhabitants."

Section 14, referred to in the above mentioned resolution, reads as follows:

"14. Purchase and sale of food and fuel by municipalities. Any municipality in this state may, in case of an actual or anticipated emergency on account of a deprivation of necessities, by reason of excessive charges or otherwise, purchase food and fuel with municipal funds or on municipal credit, and provide storage for and sell the same to its inhabitants in such manner and through such agencies as it may determine, but before the exercise of any such power or authority by any municipality it shall have the consent in writing from the state food commission to exercise such power. The mayor, if any, and the governing body or bodies of any such municipalities shall file with the state food commission a resolution and certificate stating that such a necessity has arisen in said municipality and otherwise satisfy the state food commission that such a necessity exists. The state food commission shall act upon the application as in its judgment the public interest requires and may prescribe such regulations and restrictions as it deems wise.

"Special revenue bonds may be issued by the city comptroller for the purpose of this section in any city which issues such bonds, and the same shall be issued in the manner provided by the city charter or other act applicable thereto."

Pursuant to the application mentioned above the State Food Commission on November 1, 1917, granted the application with the following restrictions:

"(1) Such consent is granted until further order of the Commission.

"(2) The City of New York shall make monthly, or oftener if required by the State Food Commission, a report of its operations pursuant to the foregoing consent to the State Food Commission. Such report shall be in such form as shall be prescribed by the Commission."

The Board of Aldermen, at a meeting held on January 7, 1918, designated the Commissioner of Public Markets of the City of New York as the agency for the purchase, storage and sale to the inhabitants of the City of food and fuel under authority of the above mentioned law.

The Commissioner of Public Markets, in order to alleviate the conditions as set forth in the resolutions of the Board of Estimate and Apportionment and the Board of Aldermen, requests that the sum of \$50,000 be provided by the issue of special revenue bonds as a fund to permit him to purchase food and fuel for immediate sale to the public or for storage, to be sold later to the public. The Commissioner has stated that the plan of the Department of Markets for bringing food to New York and selling it to the public at the lowest possible prices will develop in its practical details, as the various conditions to be met might arise.

The Commissioner has been able to sell food sent to him on consignment and some acquired on credit, which was paid for out of the proceeds of the sales. In order that he might take advantage of the low prices afforded in cash sales and also to permit the purchase of food for storage at a time when low prices are afforded, to be sold later when public interest would be served, it would be desirable that such a fund be created.

It is suggested that the usual restriction in the resolutions recommending special revenue bond appropriations "that all obligations contracted for hereunder to be incurred on or before December 31, 1918," be eliminated. The purpose of this is to permit the account to be a continuing one so that all credits might be applied back to the fund and without new authorization next year.

The procedure for the audit of bills for purchases and for the sale of food and fuel acquired is now being worked out by the Department of Finance.

It is questionable whether, under the provisions of section 14, above quoted, action by the Board of Aldermen is necessary, as the Comptroller appears to have power to issue special revenue bonds, but such action by your Board will remove any question in the matter. Respectfully,

FRANCIS P. BENT, Director.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Braunstein, Buckley, Burden, Calman, Cassidy, Collins, Colne, Cox, Curley, Donnelly, Dunn, Falconer, Farley, Ferguson, Fowler, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Kenneally, Kenney, Lee, McGarry, McManus, McNulty, Martin, Molen, Mullen, O'Brien, O'Rourke, Palitz, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; President Van Name; President Connolly, by W. Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$1,781.50, for the Purpose of Making Alterations to the County Jail, Bronx County.

The Committee on Finance, to which was referred on March 19, 1918 (Minutes, page 644), the annexed request of the Sheriff of Bronx County for special revenue bonds, \$2,000, for the purpose of making alterations to the County Jail, respectfully

REPORTS:

That, having examined the subject, your Committee is of the opinion that there is a pressing need for such improvements and in accordance with the findings in the annexed report of the investigating bureau of the Board of Estimate and Apportionment, it recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it

is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand seven hundred and eighty-one dollars and fifty cents (\$1,781.50), the proceeds whereof to be used by the Sheriff, Bronx County, for the purpose of making improvements to the County Jail. All obligations contracted for hereunder to be incurred on or before December 31, 1918.

Sheriff's Office, Bronx County, Bergen Building, Tremont and Arthur Avenues, March 16, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Dear Sir—I desire to place before your body a request for the issuance of special revenue bonds in the sum of two thousand dollars, under the provisions of subdivision 8 of section 188 of the Greater New York Charter.

I have recently assumed the office of Sheriff of Bronx County and upon an inspection of the jail, which is under my care, found two conditions which called for immediate correction, in view of the responsibility which I have of keeping prisoners in safe custody.

The jail, as your body knows, is located in the Bergen Building, a privately owned building leased by The City of New York. Under my construction of the lease the obligation to make repairs is upon The City of New York, and the obligation to make new improvements is likewise upon The City of New York, and this judgment has been concurred in by the Corporation Counsel of The City of New York.

In December, 1917, there was a convict here who was sentenced to five years in prison. He made an effort to escape from the prison, and when sentenced confessed before the County Judge of this County that he received from the outside the saw with which he attempted to escape. The opportunity for outside aid comes from the fact that the cell windows are in the outer walls of the building, and, while the jail is surrounded by a high wall and fence, the fence is so close to the jail that any outsider could with the aid of a pole pass a pistol or blackjack or other weapon into any prison cell.

In view of the fact that this opportunity does exist, and that it was recently taken advantage of by the prisoner referred to, to whom a saw was passed by means of a rope, I feel that it is my duty to correct this condition.

I have accordingly determined to place around each one of the 131 windows in the prison a wire mesh, set in an iron frame, the size of which is 4 feet by 6 feet. I have bids from several reputable contractors, and base the estimate set out below upon their figures.

A short time ago there was left in a cell of one of the prisoners two metal spoons, the handles of each of these spoons were so remodelled by some one that it was possible to turn the cell lock with the aid of the spoon. If the man had escaped from the cell and tier, and if he was successful in evading or overpowering the guards, and then shot the keeper upon the main gate by means of a gun obtained from the outside, as above shown, there might be, if the other prisoners assisted in the escape, a jail delivery.

To correct this situation I have determined to place an iron door at the foot of the stairway and an iron door around the elevator, with a gate in each of these doors, the turn-key of each of these two new gates should always be with the man upon the main gate, and any escape as above described would be impossible.

To further prevent the bringing of contraband goods into the jail I have determined to erect a wire screen behind which all visitors must talk to prisoners. The present facilities in the jail are entirely inadequate in this respect.

In the face of such conditions we cannot long hesitate to correct these dangers and I would therefore request your Honorable Board to issue special revenue bonds to cover the cost of making the improvements above outlined, and thus aid me in the discharge of my duty; said cost will be two thousand dollars.

Very truly yours,

JAMES F. DONNELLY, Sheriff.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, March 23, 1918.

No. 372—*Sheriff, Bronx County. Request for Special Revenue Bonds, \$2,000, for the Purpose of Making Improvements to the County Jail.*

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee:

Sir—In accordance with your request of March 21, 1918, I have investigated the above request and report as follows:

The Bronx County Jail is located in leased quarters in the Bergen Building on the southeast corner of Tremont and Arthur avenues, Borough of The Bronx, where the Sheriff has three floors in the south building. The lease expires October 1, 1925, with the privilege of a ten-year renewal.

There are 106 separate cells arranged in five tiers in the rear end of the Sheriff's quarters. Each cell has a window which overlooks an areaway formed by the prison wall and a retaining wall which supports open lots in the rear, which are on the level of the third tier of cells.

It is possible to approach the fence which protects this areaway on three sides of the building. The windows have bars but no screens and the furthest distance from the surrounding grounds to the windows on the furthest tier is about forty feet. It would therefore be possible to throw things into any one of the windows from the adjoining property.

It is proposed to install wire mesh screens on the outside of the cell and corridor windows. No screens will be installed on other than jail windows. No screens will be installed on other than jail windows.

At the main entrance to the jail on the first floor it is proposed to install iron grilles around the elevator entrance and the stairway leading upstairs to provide necessary additional safeguards for the prison.

In the laundry, part of which is to be used as a meeting place for prisoners and visitors, it is proposed to install a fine wire mesh screen partition to separate visitors and prisoners and prevent the passing of drugs and other articles to prisoners.

The lowest of two invitation bids received for this work, which is reasonable, is as follows:

|                                    |            |
|------------------------------------|------------|
| 131 window screens .....           | \$1,506 50 |
| Elevator and stair enclosure ..... | 160 00     |
| Screen partition .....             | 115 00     |

Total.....\$1,781 50

There was no request or allowance in the 1918 Budget for this work. On March 6, 1918, the Corporation Counsel rendered an opinion to the Sheriff that this work was not a part of this lessor's duty under the lease. Respectfully,

FRANCIS P. BENT, Director.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burden, Burke, Calman, Cassidy, Collins, Colne, Cox, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; President Van Name; President Connolly, by W. # Report of the Committee on General Welfare in Favor of Adopting an Ordinance to Amend the Code of Ordinances, Relating to "Liquefied Chlorine."

The Committee on General Welfare, to which was referred on February 26, 1918 (Minutes, page 482), the annexed request of the Fire Commissioner for amendment of the Code of Ordinances by the change of a section number, respectfully

## REPORTS:

Mr. George O. Eaton, Consulting Engineer of the Fire Department, appeared before the Committee and explained the necessity for the adoption of an ordinance effecting the renumbering of a section in an ordinance designated as "Liquefied Chlorine," which became effective September 18, 1917. In order to prevent any further confusion in regard to this matter, your Committee recommends the adoption of the following ordinance, for the purpose of effecting the correction referred to.

AN ORDINANCE to amend article 17 of chapter 10 of the Code of Ordinances, by the change of a section number.

Be It Ordained by the Board of Aldermen of the City of New York as follows:

Section 1. The ordinance adopted July 17, 1917, and effective September 18, 1917, relating to "Liquefied Chlorine," is hereby amended by having the section number thereof read "214a" instead of "214."

Sec. 2. This ordinance shall take effect immediately.

Fire Department of The City of New York, Feb. 25, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, N. Y. City:

Dear Sir—Last year there were two amendments to the Code of Ordinances adopted by the Board of Aldermen, both of which were designated as new sections, to be known as section 214.

One of these is: "Regulations governing the manufacture and handling of soda water and carbonated beverages," and has three subdivisions, Nos. 1-2-3. This was passed by the Board of Aldermen on June 19th, 1917, and became effective July 3rd, 1917.

The other ordinance, which created another new section, No. 214, is designated as "Liquefied Chlorine." This was adopted by the Board of Aldermen on July 17th, 1917, and became effective Sept. 18th, 1917.

The above similar numbers for different ordinances have naturally caused confusion, and on Feb. 11, 1918, the Board of Hazardous Trades made a recommendation, which was approved by the Fire Commissioner, that the ordinance designated as "Liquefied Chlorine" be designated as No. 214-a.

I would therefore request that you have a new ordinance introduced for "Liquefied Chlorine," merely changing the number of the same from 214 to 214-a.

Respectfully, CHAS. W. CULKIN, Deputy Fire Commissioner and Chairman, Board of Hazardous Trades.

# Report of the Committee on General Welfare in Favor of Adopting an Ordinance in Relation to the Wilful Destruction of Foods.

The Committee on General Welfare, to which was referred on March 19, 1918 (Minutes, page 645), the annexed ordinance in relation to the wilful destruction of foods, respectfully

## REPORTS:

Your Committee is of the opinion that any measure which tends to the conservation of food and the prevention of food wastage should be adopted. In these times, when the most destructive war in the history of the world is being conducted, and when the Federal Government at Washington is resorting to the most drastic measures to prevent the wastage of food products, your Committee believes that the proposed ordinance would go far to correct an evil which in some instances is probably more the result of carelessness than criminality, and recommends the adoption of this ordinance, to be known as section 9-A, chapter 27, of the Code of Ordinances.

It is the purpose of your Committee to further consider this proposition, and it may at a later date recommend certain amendments for the purpose of further strengthening the ordinance.

AN ORDINANCE to amend chapter 27 of the Code of Ordinances by inserting therein a new section in relation to the wilful destruction of foods.

Be It Ordained by the Board of Aldermen of the City of New York as follows:

Section 1, chapter 27, of the Code of Ordinances is hereby amended by inserting therein a new section to be known and styled as follows:

§ 9a. Wilful destruction of food prohibited; term "food" defined; exception. No person, firm or corporation shall wilfully waste or destroy, or cause, suffer or allow to be wilfully wasted or destroyed, any wholesome food fit for human consumption. The term "food," as herein used, shall be taken to mean and include meats, pork, fowl, vegetables, bread and bread rolls. Provided, however, the provisions of this section shall not apply where the wilful destruction and waste of such food is regulated or controlled by the provisions of the United States Food Control Laws, or the New York State Food Control Laws. Any person, firm or corporation who shall violate the provisions of this section shall, upon conviction thereof, be punished by a fine of fifty dollars (\$50), or imprisonment for ten (10) days, or both.

This section shall take effect immediately and shall continue in force during the time the United States is at war and thereafter until the mayor of the City of New York shall declare that the emergency causing the enactment thereof no longer exists.

Sec. 2. The table of section headings of chapter 27 of the Code of Ordinances is hereby amended to read as follows:

In connection with the foregoing proposition the Clerk read the following communication from the President of the Board:

City of New York, Office of the President of the Board of Aldermen, City Hall, April 2, 1918.

To the Honorable the Board of Aldermen:

Gentlemen—I respectfully urge upon the Board the passage of an ordinance penalizing the wilful destruction of any wholesome food fit for human consumption.

A short time ago a Committee from the Broadway Association, consisting of Jefferson de Mont Thompson, Leon Weinstock and August Janssen, called at my office and brought to my attention a condition of waste of food stuffs that Mr. Janssen claimed came under his personal observation in the course of a tour of inspection through certain sections of the city.

Wilful waste at any time is sinful—at a time like this it is criminal.

President Wilson, calling upon the country to organize for war, among other things, said that "America now had an opportunity to remedy her unpardonable fault of waste in food stuffs of all kinds."

For one year in this country, private as well as public agencies have sought to the best of their ability to impress upon the people the necessity for a strict conservation of our food supply. Placarded throughout the city has been the slogan "Food will win the war. Save it." Notwithstanding these appeals there is undoubtedly a waste of food stuffs going on at the present moment for which there can be no excuse. How much of it should be charged to the head of the house and how much to the help no one can tell. But in a time like this a duty is imposed on the head of every household to see to it personally that no food is wasted. This duty of personal supervision is, I fear, too often neglected. The country cannot afford this waste, which, moreover, contributes to higher prices, to combat which every energy of the Government is being exerted.

The purpose of the ordinance is to fix, if it be possible, the responsibility for the waste spoken of in the letter signed by August Janssen, Chairman of the Food Conservation Committee of the Broadway Association, which is attached hereto and speaks for itself. Yours very truly,

ALFRED E. SMITH, President.

Broadway Association (Incorporated), Executive Offices, 1482 Broadway, New York, March 26, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, N. Y. C.:

My Dear Mr. President—When the food situation some time ago became serious, I took it upon myself to taking a certain district of our town one morning, zigzagging on the upper part of the town, between 70th and 90th Streets, and investigated the waste of food in the garbage cans. I found the following conditions:

In front of one residence I saw three roast beef bones completely covered with meat, and had this been turned over to me I would have prepared a most luscious meal for one-half dozen people. I found one ham bone with entire knuckle of ham and a good part running along the entire bone of at least one and one-half pounds of meat. This undoubtedly was enough for four people.

In another can I found two half broiled chickens where only the breast had been touched a little, and the rest of it looked as fine as it possibly could.

In still another can there was an entire breast of mutton to which were adhering some vegetables and barley, showing that the cook had prepared a Scotch broth and thrown away the meat. I found enough ice cream in almost every second or third pail, in the whole forms, the way they left the table, completely frozen; enough fancy cakes and other cake to fill up a good sized pastry shop, abundance of lettuce, fruit salads and cheese, enough crackers to fill up two dozen large tins, potato peels to which were adhering half the potatoes and cooked in many varied forms.

In front of another residence, where evidently a dance had been held the previous evening, there was a stock of diamond-cut sandwiches, frozen in a solid form, filled with ham, tongue and various other fillings.

Now I am coming to the last, but not to the least, and the most important, and that is the question of bread. When I know that the waste of bread in New York City alone amounts to more than one million loaves weekly, or about 690,000 bushels of wheat every year, and a serious shortage we are now facing, it is the proper time to hold up the danger flag and cry "STOP!" I found enough bread and toast to stock up a large bake-shop—whole loaves of bread hardly touched and rolls by the bushel.

I will not go into the question of the leavings of breakfasts, which I found when I came further down. I will only mention a few items. These were evidently from early breakfasts served: Oatmeal, hominy, fruits, chops, bacon, eggs in various forms hardly touched, and abundance of wheat cakes.

The seriousness of my findings made me think deeply. I was dumfounded at this terrific waste and I immediately called upon Mr. Jefferson de Mont Thompson, President of the Broadway Association, of which association I am a director, before whom I laid all these facts. He immediately appointed a committee, myself as chairman.

After several meetings, to which I invited various heads of women's civic societies, we came to the conclusion that only a drastic measure would bring about results, and that in shape of an ordinance. With the assistance of the Commissioner of the Board of Health, we drafted the ordinance which is now before your honorable body.

My dear Mr. President, too much publicity cannot be given to this measure, that the public be made aware of the great scarcity of food at this time and how important it is to begin a real conservation of food from the proper angle which this ordinance would bring about. Yours very truly,

AUGUST JANSSEN, Chairman of the Food Conservation Committee, Broadway Association.

The entire matter was then, on motion of Alderman Held, recommitted to the Committee on General Welfare.

#### COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS, RESUMED.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Public Markets:

No. 419 (S. O. No. 42).

#### Commissioner of Public Markets—Request for Permission to Purchase and Sell, Without Public Letting, Foodstuffs in Such Amounts as the Public Interests Require.

April 2, 1918.

Honorable Board of Aldermen, City Hall, New York:

Gentlemen—Pursuant to the provisions of section 419, of the Greater New York Charter, I respectfully request permission to purchase in the open market without public letting food and fuel in such amounts as may be required from time to time during the year 1918.

At a meeting of your Board held October 23, 1917, application was made to the State Food Commission, pursuant to Section 14 of Chapter 813 of the Laws of 1917, to permit the City of New York to purchase milk, meats, other foods and fuel, and provide storage for and sell the same to its inhabitants. This permission was granted, and on January 7, 1918, your honorable Board designated the Commissioner of Public Markets as the City's agent for this purpose.

Your Board, in order to provide for the establishment of a fund to permit the purchase of foodstuffs and fuel to be sold to the public, as already stated, adopted a resolution at a meeting held April 2, 1918, recommending to the Board of Estimate and Apportionment the issue of special revenue bonds to the amount of \$50,000. It is proposed to operate this fund as a continuing one so that all amounts received from the sale of the commodities purchased will be credited to this fund. These amounts will be available for subsequent purchases and will obviate the necessity of additional appropriations.

As it is more than probable that the purchases during 1918 will exceed \$50,000, the amount of the fund, depending upon the demands of the public, it is requested that no limitation as to amount be placed upon the expenditures without public letting, from this fund.

At times it will be to the public's advantage to purchase these commodities when the best prices are offered, for spot cash and at places remote from the City. To advertise for bids for these commodities would not assist in obtaining the best prices, but would on the other hand react against the purposes for which this fund was created.

The fund will be administered in such a way that it shall be at all times subject to the audit of the Comptroller. Respectfully,

JONATHAN C. DAY, Commissioner.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Public Markets be and he is hereby authorized and empowered to purchase foodstuffs in such amounts as the public interests require in the open market without public letting.

Which, on motion of Alderman Kenney, was made a Special Order for next Tuesday.

Alderman Gilmore moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, April 9, 1918, at 1:30 o'clock p. m.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant, free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on the date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as follows together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.
