The "Hudson Yards parking regulations applicability area" is comprised of Subdistricts A, B, C, D and E of the #Special Hudson Yards District#, the 42nd Street Perimeter Area of the #Special Clinton District# and Area P2 of the #Special Garment Center District#.

Hudson Yards development parking supply

The "Hudson Yards development parking supply" shall be the aggregate number of off-street parking spaces in #accessory# individual or #group parking facilities#, #public parking lots# and #public parking garages# in the #Hudson Yards parking regulations applicability area#:

- (a) that have been constructed, pursuant to the as-of-right regulations in effect subsequent to January 19, 2005, and before (date of enactment), to the extent that such spaces satisfy the ratios of Section 93-821;
- (b) that have been constructed, pursuant to a City Planning Commission special permit approved subsequent to January 19, 2005, and before (date of enactment);
- (c) for which the Chairperson has issued a certification, pursuant to Section 93-821, paragraph (e); and
- (d) that have been approved by Board of Standards and Appeals variance, pursuant to Section 72-21, to the extent that such spaces satisfy the ratios of Section 93-821.

However, all off-street parking on Site 1, as shown on the map of the Special 42nd Street Perimeter Area in Appendix A of the #Special Clinton District# (Article IX, Chapter VI) shall be counted towards the #Hudson Yards development parking supply#.

For purposes of this definition, "constructed" shall include any off-#street# parking spaces in #accessory# or #group parking facilities#, #public parking garages# or #public parking lots#, where such #accessory# or #group parking facilities#, #public parking garages# or #public parking lots# were completed on (date of enactment); under construction on such date with the right to continue construction pursuant to Section 11-331; or granted a City Planning Commission special permit after January 19, 2005, where such permit had not lapsed as of (date of enactment).

Public parking

"Public parking" shall be off-street parking that is open to the public during the business day for hourly, daily or other time-defined rental of parking spaces, for which a fee is charged;

Reservoir deficit

The "reservoir deficit" shall be the amount by which the #reservoir surplus# is less than zero;

Reservoir parking supply

The "reservoir parking supply" shall be the sum of:

- (a) all off-street parking spaces lawfully operating as of May 27, 2009, in the #Hudson Yards parking regulations applicability area# as #public parking#; and
- (b) any off-street parking spaces for which a valid building permit had been issued, as of May 27, 2009, and which have been constructed before (date of enactment).

However, any off-street parking space that satisfies the definition of the #Hudson Yards development parking supply# in this Section shall not be counted as part of the #reservoir parking supply#.

For purposes of this definition, "constructed" shall include any off-street parking spaces in #accessory# individual or #group parking facilities#, #public parking garages# or #public parking lots#, where such #accessory# or #group parking facilities#, #public parking garages# or #public parking lots# were either completed on (date of enactment) or under construction on such date with the right to continue construction pursuant to Section 11-331.

Reservoir surplus

The initial #reservoir surplus# shall be 3,600 off-street parking spaces. The "reservoir surplus" shall be increased by:

- (a) the aggregate number of off-street parking spaces in the #reservoir parking supply# for which a building permit has been issued, pursuant to the as-of-right regulations in effect subsequent to January 19, 2005, and before the (date of enactment);
- (b) the number of off-street parking spaces in the #Hudson Yards parking regulations applicability area# above the ratios permitted in Section 93-821, either certified by the Chairperson pursuant to Sections 93-822, paragraph (c), or by City Planning Commission special permit, pursuant to Section 93-823; and
- (c) the number of off-street parking spaces lawfully added in the #Hudson Yards parking regulations applicability area#, other than those permitted pursuant to this Section 93-80 et. seq., except for any increase by Board of Standards and Appeals variance that is counted as part of the #Hudson Yards development parking supply#;

The #reservoir surplus# shall be decreased by:

- (a) the aggregate number of parking spaces counted at any time in the #reservoir parking supply#, that subsequently are:
 - (1) reduced through modification or discontinuance of the applicable Department of Consumer Affairs license or certificate of occupancy or otherwise cease operation permanently; or
 - (2) not constructed in accordance with the applicable building permit, as reflected in a modification of such building permit or the issuance of a certificate of occupancy for a reduced number of spaces; or
- (b) the issuance of a certificate of occupancy for a #development# or #enlargement# providing a smaller number of spaces than allowed, pursuant to Section 93-821, to the extent of the difference between the number of #accessory# off-street parking spaces allowed, and the number provided. However, this paragraph shall not apply to Sites 2, 3, 4 and 5, as shown on Map 6 of Appendix A, and shall apply to no more than 200 #accessory# off-street parking spaces on Site 6 as shown on Map 6.

Substantial construction

"Substantial construction" shall mean the substantial enclosing and glazing of a new #building# or of the #enlarged# portion of an existing #building#.

93-81

93-82

When the #reservoir surplus# is greater than or equal to zero, off-street parking spaces may be provided only in accordance with the provisions of this Section.

- (a) Except in the Eastern Rail Yards Subarea A1, for #residences#, #accessory# off-street parking spaces shall may be provided for at least not more than 23 30 percent of the total number of #dwelling units#, except that where such #dwelling units# are comprised of #low income floor area#, #moderate income floor area# or #middle income floor area#, as defined in Section 23-911 of this Resolution government assisted, pursuant to paragraph (c) of Section 25-25, #accessory# off-street parking spaces shall may be provided for at least 25 not more than eight percent of the total number of such #dwelling units#. In all areas, the total number of off-street parking spaces #accessory# to #residences# shall not exceed 40 percent of the total number of #dwelling units#. However, if the total number of #accessory# off-street parking spaces required for such #use# on the #zoning lot# is less than 15, no such spaces shall be required.
- (b) Except in the Eastern Rail Yards Subarea A1, for #commercial# and #community facility uses#, a minimum of 0.30 #accessory# off-street parking spaces shall be provided for each 1,000 square feet of #floor area#, and not more than 0.325 off-street parking spaces shall be provided for every 1,000 square feet of #floor area#. - (c) For Use Group 6B offices not more than 0.16 #accessory# off-street parking spaces may be provided for every 1,000 square feet of #floor area#.
- (d) In the Eastern Rail Yard Subarea A1, ~~no #accessory# off-street parking shall be required~~ paragraphs (a) through (c) of this Section shall not apply, and any #accessory# off-street parking shall comply with the provisions of this paragraph, (d).
 - (1) For #residences#, #accessory# off-street parking spaces may be provided for not more than 40 percent of the total number of #dwelling units#.
 - (2) For #commercial# and #community facility uses#, not more than 0.325 #accessory# off-street parking spaces may be provided for every 1,000 square feet of #floor area#, provided that in no event shall the number of off-street parking spaces #accessory# to #commercial# or #community facility uses# exceed 350 spaces.
 - (3) In no event shall the total number of #accessory# off-street parking spaces for all #uses# exceed 1,000.
- (e) ~~The provisions of Sections 36-52 (Size and Location of Spaces) and 36-53 (Location of Access to the Street) shall apply to all permitted or required #accessory# off-street parking spaces.~~

- (1) The sum of the following is less than or equal to 5,084 spaces:
 - (i) the #reservoir surplus# or zero;
 - (ii) the #Hudson Yards development parking supply#; and
 - (iii) the number of spaces proposed to be added by the #development# or #enlargement# for which certification is sought; and

 - (i) all off-street parking spaces in the #Hudson Yards parking applicability area# that have been categorized, in accordance with the definition in Section 93-81, as part of the #reservoir parking supply#, less any such off-street parking spaces that have been categorized as decreasing the #reservoir surplus# in accordance with paragraph (a) of the second part of the definition of #reservoir surplus# in Section 93-81;
 - (ii) all off-street parking spaces in the #Hudson Yards parking applicability area# that have been categorized as increasing the #reservoir surplus# in accordance with paragraphs (b) and (c) of the first part of the definition of #reservoir surplus# in Section 93-81;

 - (4) Any certification granted by the Chairperson pursuant to this Section shall lapse after two years if #substantial construction# of the new #building# or of the #enlarged# portion of an existing #building# which includes the subject #accessory# off-street parking spaces has not occurred. In making a certification pursuant to this Section, the Chairperson shall not consider any prior certification or any special permit that has lapsed in accordance with the provisions of this Resolution.
- 93-822**
Permitted parking when a reservoir deficit exists
- When a #reservoir deficit# exists, additional off-street parking spaces may be provided in accordance with the provisions of this Section. However, this Section shall not apply in the Eastern Rail Yard Subarea A1:
- (a) The number of permitted #accessory# off-street

- (b) The number of permitted #accessory# off-street parking spaces for Use Group 6B offices may be increased by up to 33 percent of the number permitted pursuant to Section 93-821, paragraph (b);
- (c) The Department of Buildings shall not issue a building permit for any additional #accessory# off-street parking spaces permitted pursuant to this Section unless the Chairperson has certified that
 - (1) a #reservoir deficit# exists;
 - (2) the number of #accessory# off-street parking spaces in excess of the number permitted by Section 93-821 proposed to be added by the #development# or #enlargement# for which certification is sought, does not exceed such #reservoir deficit#; and
 - (3) such additional #accessory# off-street parking spaces, when added to the sum of the parking spaces specified in subparagraphs (i), (ii) and (iii) of paragraph (e)(2) of Section 93-821 does not exceed 5,905 spaces, except insofar as the limit of 5,905 spaces set forth in paragraph (e) (2) has been adjusted pursuant to the provisions of paragraph (e) (3) of Section 93-821.
- (d) Any certification granted by the Chairperson pursuant to this Section shall lapse after two years if #substantial construction# of the new #building# or of the #enlarged# portion of an existing #building# which includes the subject #accessory# off-street parking spaces has not occurred. In making a certification pursuant to this Section, the Chairperson shall not consider any prior certification or any special permit that has lapsed in accordance with the provisions of this Resolution.

93-823

Parking permitted by special permit

When a #reservoir deficit# exists, the City Planning Commission may allow, by special permit, Use Group 6B offices to exceed the number of #accessory# off-street parking spaces permitted by Section 93-822, in accordance with the provisions of Section 13-561, except that finding (a) of Section 13-561 shall not apply. In addition, the Commission shall find that the number of #accessory# off-street parking spaces in excess of the number permitted by Section 93-821, proposed to be added by the #development# or #enlargement# that is the subject of the application under review, does not exceed the #reservoir deficit#; and that such additional #accessory# off-street parking spaces, when added to the sum of the parking spaces specified in subparagraphs (i), (ii) and (iii) of paragraph (e)(2) of Section 93-821 does not exceed 5,905 spaces, except insofar as the limit of 5,905 spaces set forth in paragraph (e) (2) has been adjusted pursuant to the provisions of paragraph (e) (3) of Section 93-821. In making such finding, the Commission shall not consider any prior certification or any special permit that has lapsed in accordance with the provisions of this Resolution.

93-824

Publication of data

The Department of City Planning shall make available, in a form easily accessed by the public, regularly updated calculations of the current #Hudson Yards development parking supply#, #reservoir parking supply#, and #reservoir surplus# or #reservoir deficit#, as applicable.

93-82

93-83

Use and Location of Parking Facilities

The provisions of this Section shall apply to all off-street parking spaces within the #Special Hudson Yards District#.

- (a) All off-street parking spaces #accessory# to #residences# shall be used exclusively by the occupants of such #residences#. Except in the Eastern Rail Yard Subarea A1, aAll #accessory# off-street parking spaces #accessory# to Use Group 5 #transient hotels# and Use Group 6B offices may be made available for public use. However, any such space shall be made available to the occupant of a #residence# to which it is #accessory# within 30 days after written request therefore is made to the landlord. Furthermore, if #accessory# and public parking spaces are provided on the same #zoning lot#, all such spaces shall be located within the same parking facility. However, such regulations are modified in the following areas:
 - (1) in C1-7A Districts and in C2-5 Districts mapped within R8A Districts, all #accessory# off-street parking spaces shall be used exclusively by the occupants of the #residential development#, #enlargement# or conversion. Where a parking facility is located partially within a C2-5 District mapped within an R8A District and partially within another district, all such #accessory# off-street parking spaces may be made available for public use provided more than half of the floor space of the parking facility is located outside the C2-5 District mapped within an R8A District; or
 - (2) in the Eastern Rail Yards Subarea A1, any #accessory# parking spaces shall be exclusively for #uses# located in the Subarea.
- (b) All #accessory# off-street parking spaces may be

provided within parking facilities on #zoning lots# other than the same #zoning lot# as the #uses# to which they are #necessary#, provided:

- (1) such parking facilities are located within a C2 S or C6 4 District within the #Special Hudson Yards District#, or within the 42nd Street Perimeter Area of the #Special Clinton District# or within Area P 2 of the #Special Garment Center District#;
 - (2) the off street parking space within such facility is counted only once in meeting the parking requirements for a specific #zoning lot#; and
 - (3) the number of parking spaces within such facility shall not exceed the combined maximum number of spaces permitted on each #zoning lot# using such facility, less the number of any spaces provided on such #zoning lots#. The provisions of Section 13-141 (Location of accessory off-street parking spaces), inclusive, shall apply.
- (c) All off-street parking spaces shall be located within facilities that, except for entrances and exits, are:
- (1) entirely below the level of any #street# or publicly accessible open area upon which such facility, or portion thereof, fronts; or
 - (2) located, at every level above-grade, behind commercial, community facility or #residential floor area# so that no portion of such parking facility is visible from adjoining #streets# or publicly accessible open areas.

93-8231

Authorization for above-grade parking

The City Planning Commission may authorize parking facilities that do not comply with the provisions of paragraph (c) of Section 93-823 (Use and Location of Parking Facilities) and may authorize floor space used for parking and located above a height of 23 feet to be exempt from the definition of #floor area#, provided that:

- (a) below-grade parking has been provided to the fullest extent feasible, and such above-grade facility is necessary due to subsurface conditions such as the presence of bedrock, railroad rights-of-way or other conditions that impose practical difficulties for the construction of below-grade parking facilities;
- (b) the scale of the parking facility is compatible with the scale of #buildings# in the surrounding area;
- (c) the materials and articulation of the #street wall# of the parking facility is compatible with #buildings# in the surrounding area;
- (d) the ground floor level of such parking facilities that front upon #streets# is occupied by #commercial#, #community facility# or #residential uses# that activate all such adjoining #streets#, except at the entrances and exits to the parking facility. Where site planning constraints make such #uses# infeasible, the parking facility shall be screened from adjoining #streets# or public access areas with a densely planted buffer strip at least 10 feet deep. Where such screening is not desirable, such ground floor wall of the parking facility shall be articulated in a manner that provides visual interest;
- (e) any floor space above the ground floor level utilized for parking is located, to the greatest extent feasible, behind #commercial#, #community facility# or #residential floor area# so as to minimize the visibility of the parking facility from adjoining #streets# or public access areas. Any exterior wall of the parking facility visible from an adjoining #street# or public access area shall be articulated in a manner that is compatible with #buildings# in the surrounding area;
- (f) for portions of parking facilities that are visible from #streets#, publicly accessible open areas or nearby properties, interior lighting and vehicular headlights are shielded to minimize glare on such #streets#, public access areas or properties; and
- (g) the location of vehicular entrances and exits will not unduly inhibit surface traffic and pedestrian flow.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

The entity will, among other objectives, seek to implement a property assessed clean energy (“PACE”) financing program. The proceeds of a proposed bond issuance by the entity are expected to be used to make loans to building owners to finance energy efficiency improvements to their premises. Counsel may be called upon to respond to questions regarding proposed bond transactions and other financing activities, including program design and implementation.

Contract award will be by the Negotiated Acquisition method of source selection, pursuant to City of New York Procurement Policy Board Rules (“PPB Rules”) §§ 3-04(b)(2)(iv)(A), 3-04(b)(2)(i)(D), 3-04(b)(2)(ii), 3-04(b)(4) and 3-04(b)(6), because it has been determined that it is not practical or not advantageous to award the proposed contract by competitive sealed bids or competitive sealed proposals, that there is a time-sensitive situation where a supplier must be retained quickly, that there are a limited number of suppliers available and able to perform the work, and that award of the proposed contract by the Negotiated Acquisition method of source selection is in the City’s best interest.

It is anticipated that the contract to be awarded through this Negotiated Acquisition will have an initial two-year term commencing on or about May 1, 2010 and ending on or about April 30, 2012, with two one-year renewals at the option of the Department.

This procurement must proceed as quickly as possible in order for the City to receive and make use of certain federal stimulus funds while such funding is available and because anticipated legislation intended to aid the entity in its mission may require input from the firm selected as bond counsel. As a result of a recent publicly advertised RFP for bond counsel, the Department has identified 12 firms that it believes may be qualified to act as bond counsel to this entity, and proposals will be solicited from only these firms for this procurement. The firms are: (1) Arent Fox LLP, (2) Edwards Angell Palmer and Dodge LLP, (3) Fulbright and Jaworski LLP, (4) Gonzalez Saggio and Harlan LLP, (5) Hawkins Delafield and Wood LLP, (6) Lewis and Munday, P.C., (7) Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C., (8) Nixon Peabody LLP, (9) Orrick, Herrington and Sutcliffe, LLP, (10) Sidley Austin LLP, (11) Sonnenschein Nath and Rosenthal LLP, and (12) Winston and Strawn LLP.

Any qualified firm that wishes to express interest in being considered for such procurements in the future, and in being placed on the Department’s bidders list for such services, is invited to so indicate by sending an e-mail to Samuel A.

Moriber, Agency Chief Contracting Officer of the New York City Law Department, at smoriber@law.nyc.gov, or by sending a letter addressed to Mr. Moriber at the New York City Law Department, 100 Church Street, Room 6-222, New York, NY 10007. Firms having questions may e-mail Mr. Moriber or call him at (212) 788-0374.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists-free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at <http://nyc.gov/selltonyc>

- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
