BOROUGH PRESIDENT - BROOKLYN

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that, pursuant to Section 201 of the New York City Charter, the Brooklyn Borough President will hold a ULURP hearing on the matter below in person, at 6:00 P.M., on Tuesday, February 28, 2023, in the Borough Hall Community Room. The meeting will be recorded for public transparency.

While visitors are not required to show proof of vaccination to enter the building, we do encourage individuals to wear masks in Borough Hall spaces.

For further information on accessibility or to make a request for accommodations, such as sign language interpretation services, please contact Corina Lozada, at corina.lozada@brooklynbp.nyc.gov, at least five (5) business days in advance, to ensure availability.

Testimony, at the hearing is limited to 2 minutes, unless extended by the Chair. The Borough President welcomes written testimony on all agenda items. For timely consideration, comments must be submitted to testimony@brooklynbp.nyc.gov, no later than Tuesday, March 7, 2023.

The following agenda item will be heard:

Lincoln-Wortman Rezoning (230024 ZMK, 230025 ZRK, 230026 PQQ, 230027 PPK)

Applications by JNB Realty LLC and the NYC Department of Housing Preservation and Development (HPD), pursuant to Sections 197-c and 201 of the New York City Charter affecting 10 privately owned lots fronting Autumn, Lincoln, and Wortman Avenues in East New York. The co-applicants are seeking:

- A zoning map amendment to change the development site from R4 to R6A and R6B districts
- A zoning map amendment to designate the development site a Mandatory Inclusionary Housing (MIH) Area
- Acquisition and disposition of four formerly City-Owned lots in the project area by HPD

The requested actions would facilitate two five- and seven-story residential buildings, with a total of 206 affordable apartments on a 50,000-square foot parcel in Brooklyn Community District 16 (CD 16). The units would be geared toward households earning, on average, 30% to 70% of Area Median Income (AMI). Approximately 63 units would be permanently affordable, pursuant to MIH Option 1. The development would provide 55 ground-floor and cellar-level accessory parking spaces. As part of the project, Wortman Avenue will be developed with a new street and sidewalk to allow vehicular and pedestrian traffic.

With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved

organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www1.nyc.gov/site/mocs/systems/about-go-to-passport.page>.

JCCGCI WORKFORCE DEVELOPMENT PROJECT - Negotiated Acquisition - Other - PIN# 06923N0009 - Due 2-24-23 at 3:00 P.M.

The Human Resources Administration (HRA), is requesting a one year Negotiated Acquisition (NA) under Sections 3-04 (b)(2)(i)(d) and 3-04(b)(2)(ii) of the New York City Procurement Policy Board Rules, with the Jewish Community Council of Greater Coney Island Workforce Development Project (JCCGCI WDP), developed to provide unique low-income, underserved clients of Williamsburg, Borough Park, Gravesend, and Far Rockaway communities, to voluntarily explore their interest in employment, participate in job readiness, literacy, and training opportunities, and potentially gain and retain sustainable employment.

The Human Resources Administration (HRA), is requesting the NA with the single vendor to continue the program into the next calendar

year as a bridge until agency can complete a competitive solicitation for these services. The current demonstration project ended December 31, 2022. This will leave the hard to employ and underserved adults residing in the five targeted communities with no services until a new RFx is awarded. Most adults in these communities leave school/yeshiva with little or no knowledge of how to prepare for work, find employment, or select a career that will enable them to find economic independence. In turn, the goal is to help clients to compete for and secure jobs with better career and wage growth potential than they would be able to find on their own. The program indirectly has an economic impact on the families of the individuals served and increases the overall economic health and tax base of the communities being served by this project. This NA will ensure continuity of services while assisting client to obtain and maintain employment for the betterment of the individuals, families and communities being served.

CRISIS MANAGEMENT HOSPITAL SERVICES - BRONX

- Negotiated Acquisition - Other - PIN# 00222N0031001 - AMT: \$1,050,000.00 - TO: ST. Barnabas Hospital, 4422 Third Avenue, Bronx, NY 10457.

The Cure Violence (CV) model is designed to help anti-violence community groups in high violence neighborhoods engage in innovative strategies to steer high-risk New Yorkers away from a culture of violence and guns. The CV Hospital Component adds a violence interruption and mediation service to existing injury prevention programming and youth development activities that are offered by the hospital. Hospitals identify victims of violence and reach out to CV programs to respond to violent incidents. The goal is to identify violently injured victims that are at risk for retaliatory violence, work with these victims and their families and friends to help prevent future violence and provide linkages to resources.

(a) the current health emergency and the current gun violence epidemic create an urgent need to streamline procurement of contracts to support work within three of the city's trauma centers that rank the highest for gunshot injuries; (b) as part of the administration's plan to address the significant and drastic increase in gun violence across multiple neighborhoods in New York City, the Mayor announced the expansion of the Hospital Responder Program (or CMS) for an immediate response and intervention to interrupt the cycle of violence that impacts communities which requires a more rapid implementation

than standard contractual timelines permit; and (c) there is a limited number of vendors in these higher gun violence impacted communities.

TRANSPORTATION**■ INTENT TO AWARD***Services (other than human services)***INSTALLATION OF WEIGH-IN-MOTION (WIM) SENSORS**

- Negotiated Acquisition - Other - PIN# 84123BKBR559 - Due 3-13-23 at 5:00 P.M.

The Department intends to enter into negotiations with New York University on behalf of its C2SMART Center (C2SMART) for a Negotiated Acquisition under Section 3-04(b)(2)(iii) of the Procurement Policy Board Rules to provide Installation of Weigh-In-Motion (WIM) sensors on BQE (I-278) from Sands Street to Atlantic Avenue in the Borough of Brooklyn.

This project is time sensitive and has been approved by State Law S 2740-B to perform a demonstration project in which to automate the process of ticketing violating overweight trucks. This law was signed into effect by the Governor on December 22, 2021. C2Smart has been collaborating with NYC DOT and researching this technology in conjunction with their work for then Mayor DeBlasio's Expert Panel. Since 2019, they have been providing their expertise as part of their research through a FHWA grant. Throughout this time, they have provided the Department with valuable input on structural assessment through data collections at the site as well as in preparation in the lead up to the legislative approval. The effort they are being asked at this stage is related to the implementation of the legislation and is beyond research effort. For the automated enforcement at WIM site, we are in need of their expertise to advise us for the preparation of installation details, calibration procedures and standards, integration of the camera and sensor system, as well as validation of completed system.

The contract duration is 730 consecutive calendar days from the date of Notice to Proceed. Prospective vendors may express interest in this procurement or may indicate their interest in future procurements of the New York City Department of Transportation by email.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Arena Text Amendment**Statement of No Significant Effect**

Pursuant to Executive Order 91 of 1977, as amended, and the Rules of Procedure for City Environmental Quality Review, found, at Title 62, Chapter 5 of the Rules of the City of New York and 6 NYCRR, Part 617, State Environmental Quality Review, the Department of City Planning acting on behalf of the City Planning Commission assumed the role of lead agency for the environmental review of the proposed actions. Based on a review of information about the project contained in this environmental assessment statement (EAS) and any attachments hereto, which are incorporated by reference herein, the lead agency has determined that the proposed actions would not have a significant adverse impact on the environment. The above determination is based on information contained in this EAS, which finds the proposed actions sought before the City Planning Commission would not have a significant adverse impact on the environment. Reasons supporting this determination are noted below.

Land Use, Zoning, and Public Policy

A detailed analysis of land use, zoning, and public policy is included in the EAS. The Applicant, the New York City Department of City Planning (DCP), is proposing a zoning text amendment (the Proposed Action) to Section 74-41 (Arenas, Auditoriums, Stadiums, or Trade Expositions) of the New York City Zoning Resolution (ZR) to incorporate additional required findings for a City Planning Commission (CPC) special permit to allow an arena with a capacity in excess of 2,500 seats (the Arena Special Permit). The Affected Area, which is the subject of the zoning text amendment, consists of Subarea B4 of the Special Hudson Yards District, which is, bounded by the centerline of West 33rd Street, to the north, the centerline of Eighth Avenue, to the west, the centerline of West 31st Street, to the south, and a point 250 feet west of and parallel to Seventh Avenue on the east in the Midtown South neighborhood of Manhattan, Community District 5. The Zoning Text Amendment would establish a variety of conditions related to landscaping and loading that an applicant for the special permit would have to comply. The intent of the proposed Zoning Text Amendment would be to enliven the existing public plazas. In order to satisfy the requirements of the proposed Zoning Text Amendment it is anticipated that the seeker of the special permit would propose plaza improvements, which would likely include new decorative pavers, public seating, landscaping, bike racks and enhanced lighting in order to comply with the new special permit requirements. Any new landscaping improvements would need to maintain zones for unobstructed pedestrian flow, while providing increased amenities and places to gather. The proposed Zoning Text Amendment would facilitate further enhancements, to the pedestrian-accessible open areas on the Arena Site. The proposed Zoning Text Amendment would require improvements, to the public plazas as well as loading improvements. Therefore, the proposed Zoning Text Amendment would not result in any significant adverse impacts to land use, zoning, or public policy.

Urban Design and Visual Resources

A detailed analysis related to urban design and visual resources is included in this EAS. The proposed Zoning Text Amendment would incorporate additional required findings applicable, to the Arena Special Permit pertaining, to the suitability of open areas on the Arena Site, public access, to the Arena Site, and the proposed loading operations for the Arena. As such, these additional findings have the potential to require changes to elements of the Arena's site plan, which could in turn affect urban design, at the Arena Site and surrounding

area. An assessment of urban design and visual resources, focusing on anticipated enhancements, to the pedestrian-accessible open spaces on the Arena Site as a representation of what the proposed text amendment would require, demonstrated that the proposed text amendment would not have the potential to result in significant adverse effects on urban design and visual resources.

No other significant effects upon the environment that would require the preparation of a Draft Environmental Impact Statement are foreseeable. This Negative Declaration has been prepared in accordance with Article 8 of the New York State Environmental Conservation Law (SEQRA). Should you have any questions pertaining to this Negative Declaration, you may contact Stephanie Shellooe, at +1 (212) 720-3328.

Statement of No Significant Effect

Pursuant to Executive Order 91 of 1977, as amended, and the Rules of Procedure for City Environmental Quality Review, found, at Title 62, Chapter 5 of the Rules of the City of New York and 6 NYCRR, Part 617, State Environmental Quality Review, the Department of City Planning acting on behalf of the City Planning Commission assumed the role of lead agency for the environmental review of the proposed actions. Based on a review of information about the project contained in this environmental assessment statement (EAS) and any attachments hereto, which are incorporated by reference herein, the lead agency has determined that the proposed actions would not have a significant adverse impact on the environment.

Reasons Supporting this Determination

The above determination is based on information contained in this EAS, which finds the proposed actions sought before the City Planning Commission would not have a significant adverse impact on the environment. Reasons supporting this determination are noted below.

Land Use, Zoning, and Public Policy

A detailed analysis related to Land Use, Zoning, and Public Policy is included in this EAS. The Applicant, 125th Street Lessee LLC, seeks a zoning certification for a proposed FRESH food store and a zoning authorization to permit an additional story on a proposed building with ground floor FRESH uses (the "Proposed Actions"), affecting Block 1773; Lots 20 and 27 (the "Affected Area") in the East Harlem neighborhood of Manhattan Community District 11. The Proposed Actions would facilitate a proposal by the applicant to develop one 15-story mixed-use building totaling 498,083 gross square feet (gsf) with an approximate height of 160 feet located, at 180 East 125th Street (Block 1773, Lot 27, the "Development Site"). The building would contain 543 dwelling units and approximately 24,508 gsf of ground floor commercial space to be partially occupied by the proposed FRESH food store. A significant adverse impact would occur if a proposed action would generate land uses incompatible with the surrounding area. As such, the Proposed Actions would not introduce a new land use, nor affect the existing mixed-use character of the area. Furthermore, the Proposed Actions would have no adverse effect on zoning or public policy. The analysis concludes that no significant adverse impacts related to Land Use, Zoning, and Public Policy would result from the Proposed Actions.

Historic and Cultural Resources

A detailed analysis related to Historic and Cultural Resources is included in this EAS. In both the No-Action and With-Action scenarios, the proposed project would result in the same degree of in-ground disturbance in an area that has been previously excavated. Therefore, archaeological analysis is not warranted. The proposed project is adjacent to Former Stable, a resource eligible for listing on the New York State and National Registers of Historic Places (S/NR) located, at 166 East 124th Street. The proposed project is within 400 feet of seven other sites that are eligible for listing on the New York State and National Registers of Historic Places and two sites that are designated New York City landmarks. A significant adverse impact would occur if a Proposed Action results in the physical change to a historic or cultural resource, would result in a physical change, to the context or visual prominence of a historic or cultural resource, or if an action would result in a physical change, to the significant characteristics of a historic or cultural resource. The Proposed Actions would facilitate

development of a building that is 15 feet taller with one additional story in the With-Action scenario relative, to the No-Action scenario. The Proposed Actions would not result in the physical change to a historic or cultural resource, would not significantly alter the context or setting of any nearby historic or cultural resources, and would not result in the physical change to a significant characteristic of a historic or cultural resource. The Historic and Cultural assessment, reviewed in consultation with the Landmarks Preservation Commission, concludes that no impacts would occur and that further analysis of Historic and Cultural Resources is not warranted.

Hazardous Materials, Air Quality, and Noise

An (E) designation (E-703) for hazardous materials, air quality, and noise has been incorporated into the Proposed Actions. Refer, to the Determination of Significance Appendix attached to this Determination of Significance, for the sites affected by the (E) designation and applicable (E) designation requirements. This (E) designation will supersede the (E) designation (E-201) for hazardous materials, air quality, and noise placed on the Development Site as part of the 125th Street Corridor Rezoning (CEQR No. 07DCP030M). The analysis concludes that with the (E) designation requirements in place, the Proposed Actions would not result in significant adverse impacts to hazardous materials, air quality, or noise.
