BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, HELD IN THE MAYOR'S OFFICE, CITY HALL, FRIDAY, NOVEMBER 24, 1905.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; James W. Stevenson, Deputy and Acting Comptroller; Charles V. Fornes, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; Martin W. Littleton, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Joseph Cassidy, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

Hon. George B. McClellan, Mayor, presided.

The minutes of meetings held October 6, 9, 12 and 13, 1905, were approved as printed.

The Secretary presented the following communication from the Deputy and Acting Commissioner, Department of Water Supply, Gas and Electricity, relative to the transfer of \$43,285 from various appropriations made for 1905 to other appropriations made for the same year:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
COMMISSIONER'S OFFICE, NOS. 13 TO 21 PARK ROW,
CITY OF NEW YORK, November 15, 1905.

JAMES W. STEVENSON, Esq., Deputy Comptroller and Secretary, Board of Estimate and Apportionment:

DEAR SIR—Some of the appropriations made to this Department for this year are nearly exhausted, and I respectfully request that your Board supplement these accounts by transfers from other appropriations from which the necessary amounts may be spared. The only accounts in which there is likely to be a sufficient surplus to relieve the situation are the appropriations for lamps and lighting in the different boroughs. The surplus in the appropriation for lamps and lighting in the boroughs of Manhattan and The Bronx is not sufficient to make up the deficiencies in the other appropriations of those boroughs, and it will be necessary to help out in those boroughs and in the Borough of Richmond by transfers from other boroughs. I request therefore that your Board make transfers as follows:

BOROUGH OF MANHATTAN AND THE BRONX	
To—	
Repairing and Renewal of Pipes, Stop-cocks, etc.	\$10,000 00
Supplies and Contingencies	4,800 00
Salaries—Central Office	2,000 00

From—	
Salaries—Office of Deputy Commissioner	\$250 00
Salaries—Lighting and Electricity	700 00
Lamps and Lighting, Borough of Queens	2,800 00
	<u>\$3,750 00</u>

Respectfully,

FRANK J. GOODWIN, Deputy and Acting Commissioner.

The following resolution was offered:

Resolved, That the sum of forty-three thousand two hundred and eighty-five dollars (\$43,285) be and the same is hereby transferred from the appropriations made to the Department of Water Supply, Gas and Electricity, for the year 1905, entitled and as follows:

Salaries—General Administration	\$1,000 00
BOROUGH OF MANHATTAN AND THE BRONX.	
Salaries—Bureau of Chief Engineer	350 00
Bureau of Water Register	1,800 00

Lamps and Lighting	4,300 00
BOROUGH OF RICHMOND.	
Salaries—Office of Deputy Commissioner	250 00
Salaries—Lighting and Electricity	700 00
	<u>\$43,285 00</u>

—the same being excess of the amounts required for the purposes thereof, to the appropriations made to said Department for the same year entitled and as follows:

BOROUGH OF MANHATTAN AND THE BRONX.	
Repairing and Renewal of Pipes, Stop-cocks, etc.	\$10,000 00

BOROUGH OF RICHMOND.	
Pumping Stations—Salaries and Supplies	3,750 00
	<u>\$43,285 00</u>

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens—13.

The Secretary presented the following resolution relative to the transfer of \$328.52 from Rents for 1903 to the account Interest on Revenue Bonds of 1903:

Resolved, That the sum of three hundred and twenty-eight dollars and fifty-two cents (\$328.52) be and the same is hereby transferred from the appropriation made for the year 1903, entitled Rents, the same being in excess of the amount required for the purposes thereof, to the appropriation made for the same year entitled Interest on Revenue Bonds of 1903, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens—13.

The Secretary presented the following communication from the Register of New York County relative to the transfer of \$3,100 to the account Salaries for the year 1905:

REGISTER'S OFFICE, HALL OF RECORDS,
COUNTY OF NEW YORK,
November 10, 1905.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

For the year 1905 an appropriation was made for the office of the Register of New York County, entitled Preservation of Public Records, Copying Old Maps, \$5,000. Of this appropriation there will be unexpended at least the sum of \$3,100, which last sum I now find to be in excess of the amount required or deemed necessary for the purposes or objects of said appropriation. I have been unable to use said unexpended balance because there was no room within the Register's office in which additional Map Clerks, if employed, could do such map work upon the usual drawing tables.

I therefore ask that said sum of \$3,100, excess of appropriation, be transferred and added to the appropriation for 1905 for this office, entitled Salaries of the Deputy, Assistant Deputy, Chief Clerk, Clerks, Employees and Folio Writers, for which the appropriation for this year is insufficient. The cause of this insufficiency is the enormous number of instruments which were filed in this office in June in anticipation of the new Mortgage Tax Law, and besides, the recording work for the remainder of the year 1905 bids fair to be very large, so that at the present rate the amount of the appropriation for the compensation of Clerks and Folio Writers will be exhausted a considerable time before the end of the present year.

In order that I may make proper arrangements it is exceedingly desirable that this transfer be speedily made by your Board.

Respectfully yours,
JOHN H. J. RONNER, Register.

The following resolution was offered:

Resolved, That the sum of thirty-one hundred dollars (\$3,100) be and the same is hereby transferred from the appropriation made for the County of New York for the year 1905, entitled Preservation of Public Records—The Register's Office—Copying Old Maps, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Register of said county for the same year, entitled Salaries, Register's Office—Salaries of the Deputy, Assistant Deputy, Chief Clerk, Clerks, Employees and Folio Writers, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens—13.

The Secretary presented the following communication from the Sheriff of Queens County requesting the transfer of \$2,500 to the account, Maintenance of Queens County Jail for the year 1905:

OFFICE OF THE SHERIFF OF QUEENS COUNTY,
COUNTY COURT-HOUSE,
LONG ISLAND CITY, November 13, 1905.

To the Honorable the Board of Estimate and Apportionment, Mr. J. W. STEVENSON, Secretary, No. 280 Broadway, New York City, N. Y.:

GENTLEMEN—I respectfully request the transfer of the sum of two thousand five hundred dollars (\$2,500) from the appropriation to this office for the year 1905, entitled Sheriff's Services in Criminal and Court Matters, the same being in excess of the amount required therefor, to the appropriation, Maintenance of Queens County Jail, to this office for the year 1905, the same being insufficient.

Very truly yours,
JOSEPH MEYERROSE,
Sheriff of Queens County, New York.

The following resolution was offered:

Resolved, That the sum of twenty-five hundred dollars (\$2,500) be and the same is hereby transferred from the appropriation made to the Sheriff of Queens County for the year 1905, entitled Sheriff's Services in Criminal and Court Matters, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Sheriff of Queens County for the same year, entitled Maintenance of Queens County Jail, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens—13.

The Secretary presented the following communication from the Clerk of the Surrogate's Court, Kings County, relative to the transfer of \$2,000 to the account Supplies and Contingencies for 1905:

SURROGATE'S OFFICE, HALL OF RECORDS, KINGS COUNTY,
BROOKLYN, N. Y., November 15, 1905.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—At the close of the current year there will be left an unexpended balance of approximately \$3,500 of the amount appropriated by your Honorable Board for the salaries of the Surrogate and his employees for the year 1905. This is due to the fact that by reason of the great delay in the completion of the Hall of Records, the Surrogate has not been able to utilize the new offices provided for him. The moving of the office into its new quarters, the providing of new furniture and the making the repairs incidental to the shifting of the voluminous records of the office has necessitated expenses somewhat in excess of the amount provided for in the contingent fund of this office for the year 1905. The Surrogate is absent from the office on account of illness and has requested me to communicate with your Honorable Body and ask you to have the sum of \$2,000 of the amount of unexpended balance for salaries transferred to the appropriation for supplies and contingencies of the office for the year 1905, in order that all bills and expenses may be paid before the close of the current year.

I inclose resolution making the necessary transfer and I trust the same will meet with the approval of your Honorable Board.

Very truly yours,
WILLIAM P. PICKETT, Clerk of the Surrogate's Court.

The following resolution was offered:

Resolved, That the sum of two thousand dollars (\$2,000) be and the same is hereby transferred from the appropriation made to the Surrogate's Court, Kings County, for the year 1905, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Court, for the same year, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens—13.

The Secretary presented the following communication from the Commissioner of Parks, Borough of The Bronx, requesting the transfer of \$362.45 to the account Administration for 1905:

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,
OFFICE OF COMMISSIONER FOR THE BOROUGH OF THE BRONX,
ZBROWSKI MANSION, CLAREMONT PARK,
NEW YORK, November 11, 1905.

Hon. JAMES W. STEVENSON, Deputy Comptroller and Secretary of the Board of Estimate and Apportionment, New York City:

SIR—Will you kindly present a resolution to the Board of Estimate and Apportionment, transferring the amount of three hundred and sixty-two dollars and forty-six cents (\$362.46) from the account of Supplies and Contingencies of this Department for the year 1905, said amount being in excess of the requirements of the Department, to the account of Administration, 1905, said amount being necessary for the balance of the year 1905.

This transfer is rendered necessary by the action of the Board in increasing certain salaries in the year 1904, without a corresponding increase in the appropriation for the year 1905.

Respectfully yours,
HENRY C. SCHRADER,
Commissioner of Parks, Borough of The Bronx.

The following resolution was offered:

Resolved, That the sum of three hundred and sixty-two dollars and forty-six cents (\$362.46) be and the same is hereby transferred from the appropriation made to the Department of Parks, Borough of The Bronx, for the year 1905, entitled Supplies and Contingencies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Department for the same year, entitled Administration, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens—13.

The Secretary presented the following communication from the Commissioner of Parks, Boroughs of Brooklyn and Queens, requesting the transfer of \$259 to the account Music for 1905:

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,
BOROUGH OF BROOKLYN AND QUEENS, LITCHFIELD MANSION, PROSPECT PARK,
October 25, 1905.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I hereby respectfully request that the amount of two hundred and fifty-nine dollars (\$259) be transferred from the Labor, Maintenance, Supplies and Care of Trees account to the Music account, there being a deficit in the latter of the above amount.

Very truly yours,
M. J. KENNEDY, Commissioner.

The following resolution was offered:

Resolved, That the sum of two hundred and fifty-nine dollars (\$259) be and the same is hereby transferred from the appropriation made to the Department of Parks, Boroughs of Brooklyn and Queens, for the year 1905, entitled Labor, Maintenance, Supplies and Care of Trees, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department of Parks for the same boroughs and year, entitled Music, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens—13.

The Secretary presented the following communication from the Secretary, Borough of Manhattan, relative to the transfer of \$19,500 from various appropriations for 1905 to other appropriations made for the same year:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, November 15, 1905.

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens—13.

The Secretary presented the following communication from the Commissioner of Bridges relative to the transfer of \$1,000 to the account Supplies and Contingencies for the year 1905:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
Nos. 13 to 21 PARK ROW,
MANHATTAN, N. Y., November 9, 1905.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I respectfully request the transfer of one thousand dollars (\$1,000) from the appropriation, Salaries, General Administration—Salaries of Commissioner, Deputy Commissioner and Employees in Main Office, 1905, to Supplies and Contingencies, 1905.

Respectfully,
GEO. E. BEST, Commissioner of Bridges.

The following resolution was offered:

Resolved, That the sum of one thousand dollars (\$1,000) be and the same is hereby transferred from the appropriation made to the Department of Bridges for the year 1905, entitled Salaries, General Administration—Salaries of Commissioner, Deputy Commissioner and Employees in Main Office, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Bridge Department for the same year, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens—13.

The Secretary presented the following communication from the Corporation Counsel, requesting the transfer of \$2,736.15 to the account, Supplies and Contingencies, including Deficiencies, for 1904:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, November 11, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—I have just certified for payment two bills amounting to \$2,736.15 against the appropriation to this Department for Supplies and Contingencies, including Deficiencies, 1904. When the vouchers already certified to the Comptroller against this appropriation have been paid there will be a balance of not more than \$3.

In the appropriation for Contingent Counsel Fees, including Deficiencies, 1904, there is an unexpended balance sufficient to pay these bills, and which is not required for the payment of bills against that appropriation. I therefore request that your Board pass a resolution transferring the sum of \$2,736.15 from the appropriation for Contingent Counsel Fees, including Deficiencies, 1904, to the appropriation for Supplies and Contingencies, including Deficiencies, 1904, in order that these bills may be paid.

Respectfully yours,
JOHN J. DELANY, Corporation Counsel.

The following resolution was offered:

Resolved, That the sum of two thousand seven hundred and thirty-six dollars and fifteen cents (\$2,736.15) be and the same is hereby transferred from the appropriation made to the Law Department for the year 1904, entitled Contingent Counsel Fees, including Deficiencies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Law Department for the same year, entitled Supplies and Contingencies, including Deficiencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens—13.

The Comptroller and the Presidents of the Boroughs of Brooklyn and Richmond appeared and took their places in the Board.

The Secretary presented the following communication from the Board of Water Supply of The City of New York, requesting an appropriation of \$2,062,000 for the purposes set forth therein:

November 22, 1905.

Hon. GEORGE B. MCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment, City of New York:

SIR—I have the honor to transmit herewith a resolution of the Board of Water Supply of The City of New York adopted at their meeting held November 22, 1905, requesting the Board of Estimate and Apportionment to issue Corporate Stock to the amount of \$2,062,000 to defray the expenses of the Administration and Engineering Departments for the ensuing twelve months.

The estimates, while only approximate, have nevertheless been carefully and conscientiously computed, and we believe them to be reasonable and necessary, and if the request be granted the money will be used wisely and confer a lasting benefit upon the City.

For the Administrative and Office Expenses our estimate is as follows:

Salaries of Commissioners.....	\$36,000 00
Salaries of subordinates.....	30,000 00
Rent	12,000 00
Supplies, stationery, furniture, etc.....	2,000 00
Traveling expenses, postage, telegrams, etc.....	5,000 00
Incidental minor expenses.....	5,000 00
For expenditures for work incident to the acquiring of real estate and the extinguishment of any right, title or interest thereon, and for damages appraised to persons interested therein, whether directly or indirectly	60,000 00
	<u>\$150,000 00</u>

The estimate of the Chief Engineer is as follows:

Headquarters Department—	
Salaries	\$135,000 00
Equipment, supplies and investigations.....	112,000 00
Rent of offices (part).....	15,000 00

Aqueduct Department—	
Salaries	281,000 00
Surveys and investigations.....	304,000 00
Offices and land.....	83,000 00
Reservoir Department—	
Salaries	157,000 00
Surveys and investigations.....	37,000 00
Office	6,000 00
	<u>\$1,130,000 00</u>
Add for unforeseen items and contingencies, 25 per cent.	282,000 00
Purchase of land.....	500,000 00
	<u>1,912,000 00</u>
	<u>\$2,062,000 00</u>

Respectfully submitted,
J. EDWARD SIMMONS, President.

A true copy.

H. G. MURRAY, Assistant Secretary.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 724 of the Laws of 1905, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of five hundred thousand dollars (\$500,000) in addition to the amount heretofore authorized, the proceeds whereof to be applied to the purposes set forth in said chapter 724 of the Laws of 1905.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Charles N. Chadwick appeared in favor of the request.

The request for the issue of balance of the appropriation was referred to the Chief Engineer of the Board of Estimate and Apportionment for report.

The Secretary presented a communication from the Flatbush Board of Trade requesting a hearing in the matter of affording to the citizens of Flatlands better fire and Police protection.

Referred to the Fire and Police departments for report.

The Secretary presented a communication from the State Commission of Prisons transmitting copy of a report of the inspection of the Kings County Jail, and a copy of preamble and resolution adopted by said Commission relative to said jail.

Referred to the President of the Borough of Brooklyn.

The Secretary presented a communication from the Commissioner of Bridges submitting general plans for the proposed Henry Hudson Memorial Bridge over the Harlem river at Spuyten Duyvil Heights, and requesting the issue of \$3,000,000 Corporate Stock for the cost of land and construction.

Referred to the Chief Engineer of the Board of Estimate and Apportionment.

The Secretary presented three reports of the Auditor of Accounts, Investigations Division, Department of Finance, relative to the following matters:

Establishment of an additional grade of the position of Clerk in the Bureau of Highways, Borough of Manhattan, with salary at the rate of \$2,350 per annum.

Establishment of additional grades of the position of Stenographer and Typewriter in the Department of Docks and Ferries, with salaries at the rate of \$1,350, \$1,500, \$1,650 and \$1,800 per annum.

Establishment of additional grade of the position of Chief Examiner of Accounts in the office of the Commissioners of Accounts, with salary at the rate of \$4,000 per annum.

Which matters were laid over for two weeks.

By unanimous consent the Board proceeded to the consideration of the Franchise Calendar.

The Secretary presented the following:

CITY OF NEW YORK—OFFICE OF THE MAYOR,
November 3, 1905.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

SIR—The Mayor directs me to acknowledge your letters of October 31, and to return herewith the four resolutions duly signed by him this 3d day of November, 1905.

Respectfully,
THOS. HASSETT, Assistant Secretary.

Which was ordered printed in the minutes and filed.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 18, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment, on October 27, 1905, adopted resolutions granting to the firm of John Wanamaker the right to construct and maintain a tunnel under the roadway of East Ninth street, between Broadway and Fourth avenue, in the Borough of Manhattan. This tunnel was to take the place of an existing tunnel constructed and maintained under resolutions adopted by the Board of Aldermen January 22, 1901, compensation for which is fixed at \$1,000 per annum.

On November 3, 1905, the Mayor approved the resolutions granting the right for the new tunnel, the same to take effect on that date, and I would therefore recommend that the Board of Estimate and Apportionment adopt resolutions canceling the privilege for the former tunnel, and submit herewith resolutions for adoption.

Respectfully,
HARRY P. NICHOLS, Principal Assistant Engineer.

The following was offered:

Whereas, This Board, on October 27, 1905, adopted resolutions which were approved by the Mayor on November 3, 1905, granting to the firm of John Wanamaker the right to construct and maintain a tunnel across the roadway of East Ninth street, Borough of Manhattan, which tunnel was to be an enlargement of an existing tunnel, the right for which was granted by the Board of Aldermen on January 22, 1901; and

Whereas, The compensation for the enlarged tunnel was to commence on November 3, 1905; therefore be it

Resolved, That the right heretofore granted to the firm of John Wanamaker by the Board of Aldermen on January 22, 1901, to construct and maintain a tunnel under the

roadway of East Ninth street, between Broadway and Fourth avenue, in the Borough of Manhattan, be and the same is hereby revoked and canceled from November 3, 1905.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

UNION RAILWAY COMPANY OF NEW YORK CITY.

In answer to the order to show cause served on the Union Railway Company of New York City, returnable this date, in accordance with resolutions adopted by the Board October 27, 1905, counsel for the company appeared and made a verbal explanation of the company's position. The Comptroller moved that the counsel be instructed to present his answer in writing and that the matter be laid over for two weeks. There being no objection, it was so ordered. Subsequently, Tuesday, December 5, was fixed for the consideration of the franchise calendar, and this matter was set for that day.

The public hearing on the applications of the Union Railway Company of New York City, the Southern Boulevard Railroad Company and the New York City Interborough Railway Company, each for extensions; and the New York City Interborough Railway Company for alterations, as fixed for this day, by resolution adopted by the Board at the meeting of November 10, 1905, was opened.

Chase Mellen, of counsel for the Union Railway Company, appeared in behalf of said company.

Hon. De Lancey Nicoll appeared as counsel in the interests of the New York City Interborough Railway Company.

The President of the Borough of The Bronx presented the following reports upon the foregoing petitions:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 23, 1905.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith for the consideration of the Board of Estimate and Apportionment report of the Chief Engineer of this Borough, Mr. Josiah A. Briggs, on the application of the Union Railway Company for a grant of the right, privilege and franchise to construct, maintain and operate extensions of its existing lines in the Borough of The Bronx.

Yours truly,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

APPLICATION OF THE UNION RAILWAY COMPANY FOR EXTENSIONS.

Willis Avenue Bridge.

Commencing at First avenue at East One Hundred and Twenty-fifth street, Manhattan; thence north across Willis Avenue Bridge, East One Hundred and Thirty-fourth street, The Bronx, connecting with the Willis avenue line.

This extension will provide accommodation to the public using the First avenue line and the One Hundred and Twenty-fifth street crosstown line. It will help to do away with the present congestion at the terminus of the Union lines at One Hundred and Twenty-eighth street and Third avenue in Manhattan.

I would recommend that this franchise be granted, with the suggestion that connection be made with the One Hundred and Twenty-fifth street line, which could be used as a loop between the Third avenue line and the Willis avenue line.

Gerard Avenue Branch of the Jerome Avenue Line.

Commencing at Jerome avenue at East One Hundred and Sixty-ninth street; thence through Gerard avenue to East One Hundred and Thirty-eighth street.

This extension would seem to be of considerable public benefit, but as Gerard avenue is only 60 feet wide there is objection to a double-track line thereon, and the suggestion which has been made that River avenue (75 feet wide) be utilized instead appears to be a good one, and I would therefore recommend that the application for this extension be amended so as to traverse River avenue, between Jerome avenue and Exterior street, connecting with the unconstructed franchise route on Exterior street, which runs to East One Hundred and Thirty-eighth street.

If this extension is granted as proposed to be modified, then I would recommend that the unconstructed franchise on Mott avenue be released, both for the reason that it seems to be unnecessary and also for the reason that it encroaches on the limits of the Grand Boulevard and Concourse.

Mosholu Parkway, South.

Commencing at Sedgwick avenue; thence on Mosholu Parkway, South, to Jerome avenue, connecting with the Jerome avenue line of the Union Company.

This extension traverses the street called Mosholu Parkway, South, which was laid out by the new Aqueduct Commission to take the place of the old Boston road running from Kingsbridge to Williamsbridge, which was taken into the Jerome Park Reservoir. It therefore seems to be a public street to all intents and purposes, the same as Reservoir avenue on the southwesterly side of the reservoir, and on which the Interborough Company has a franchise.

I see no objection to granting a franchise to the Union Company for this extension, which, when the Sedgwick avenue line is operated, will prove a benefit to the traveling public.

East Two Hundred and Thirty-third Street.

Commencing at the Webster avenue line at East Two Hundred and Thirty-third street; thence easterly through East Two Hundred and Thirty-third street across the bridge over the tracks of the New York and Harlem Railroad Company and the bridge over the Bronx river to the claimed franchise route on East Two Hundred and Thirty-third street, connecting with the existing White Plains avenue line at East Two Hundred and Thirty-third street.

This extension would provide a connection between the Webster avenue line and the White Plains road line and would be a great convenience to the public visiting Woodlawn Cemetery, and connecting with the New York and Harlem Railroad and the New York, New Haven and Hartford Railroad.

I would recommend that this extension be granted.

Extension No. 18.

Commencing at White Plains road on East Two Hundred and Thirty-sixth street to Pitman avenue, through Pitman avenue to the City line at Sixth street, Mount Vernon.

This route is proposed to connect the Sixth street line in the City of Mount Vernon with the White Plains road and by the East Two Hundred and Thirty-third street line with the Webster avenue line.

There seems to be a necessity for a connection at or near this locality, but as Pitman avenue is not yet legally opened and graded it is a question whether the extension should be granted at this time.

Boston Road Extension.

Commencing at the Boston road at the White Plains road; thence along Boston road to the northern line of the City.

This extension seems to be a desirable one. The territory through which it runs is now somewhat sparsely settled, but it will only be a short time until the section will feel the impetus of improvement and consequent subdivision of the present large tracts of unimproved land.

I would recommend that this franchise be granted.

Gun Hill Road Extension.

Commencing at Jerome avenue on the Gun Hill road, through said road to Webster avenue.

This extension will make a desirable connection between the Webster avenue and the Jerome avenue lines, and will convenience on the Webster avenue line the public who wish to reach Van Cortlandt Park, and on the Jerome avenue line those who wish to reach the New York and Harlem Railroad and Williamsbridge.

I recommend that this be granted.

Extension 5, Harlem River Terrace and Cedar Avenue.

Commencing at Cedar avenue and West One Hundred and Seventy-ninth street, along Cedar avenue to Harlem River terrace; thence along Harlem River terrace to Bailey avenue.

In view of the fact that there is an unconstructed franchise line on Sedgwick avenue practically paralleling this, I do not see the necessity therefor.

It is also objectionable on account of the widths of Cedar avenue and Harlem River terrace being 60 feet and 50 feet, respectively.

Route 3-15-14.

Commencing at West One Hundred and Eighty-first street at Broadway, through West One Hundred and Eighty-first street to Washington Bridge, to Aqueduct avenue, to be operated jointly by the Union and Interborough companies; thence the Union on Boscobel avenue to One Hundred and Seventieth street, to Clay avenue, to Wendover avenue, to Third avenue, to St. Paul's place, to Crotona Park South, to Prospect avenue, to Jennings street, to the Southern Boulevard.

This route is intended for a crosstown connection between Broadway in Manhattan and the Southern Boulevard in The Bronx. It is in a locality where there seems to be a necessity for such a line. The fact that most of the streets traversed are only 60 feet wide makes it objectionable, but these streets should be widened to at least 80 feet.

I would suggest that the line be modified so that at Third avenue it will run south on said avenue between Wendover avenue and St. Paul's place and East One Hundred and Seventieth street; thence by single track on St. Paul's place and East One Hundred and Seventieth street to Prospect avenue; thence to connect with the Boston road line of the Union Company; thence on that line to Wilkins place; thence on the Interborough track on said place to Jennings street; thence on Wilkins place to the Southern Boulevard and station of the rapid transit line.

Extension No. 4.

This extension is intended to make a connection between the Broadway surface line in Manhattan and the Fordham road line of the Union Company in The Bronx, over the Fordham Heights Bridge over the Harlem river.

In my report on the Interborough extension I recommended that this line should be operated jointly by the two companies on Emerson street, West Two Hundred and Seventh street, the Fordham Heights Bridge, West One Hundred and Eighty-fourth street and Fordham road, between Broadway, in the Borough of Manhattan, and Aqueduct avenue, in the Borough of The Bronx.

Extension No. 2-9 and 10.

These extensions are intended to give the Union Company a crosstown line at East One Hundred and Forty-ninth street, but on account of the franchise lines of the Interborough Company traversing a part of said street, the Union proposition is made circuitous, running through various streets, etc.

I would propose that the Union Railway Company and the Interborough Company be allowed to occupy East One Hundred and Forty-ninth street and operate thereon jointly, as I have suggested in my report on the Interborough extension.

Extension No. 6.

Bailey avenue, from West Two Hundred and Thirtieth street to Albany road; Albany road to Van Cortlandt avenue, Van Cortlandt avenue to Sedgwick avenue.

This extension lies immediately between the Broadway line and the Sedgwick avenue franchise line of the Union Company.

The territory does not seem to need the additional road, but it may be that this line would be of public benefit by making a connection between Kingsbridge, an important centre, and the Woodlawn section through Mosholu Parkway South, and the Jerome avenue line.

I would therefore recommend that it be approved, but would suggest that the portion of Extension No. 22, on East Two Hundred and Thirtieth street, between Bailey avenue and Broadway, be not abandoned. I see no necessity for connection No. 7 in West Two Hundred and Thirty-eighth street, between Albany road and Broadway.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 23, 1905.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I submit herewith for the consideration of the Board of Estimate and Apportionment, report of the Chief Engineer of this borough, Mr. Josiah A. Briggs, on the application of the Southern Boulevard Railroad Company for a grant of the right, privilege and franchise to construct, maintain and operate four extensions of its existing lines in the Borough of The Bronx.

Yours truly,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

APPLICATION OF THE SOUTHERN BOULEVARD RAILROAD COMPANY FOR FOUR EXTENSIONS TO EXISTING LINES.

This petition prays for a grant to the Southern Boulevard Company of the right, privilege and franchise to construct, maintain and operate four extensions to its existing lines to the extent of about two miles.

The existing line of this company extends from Third avenue to the Boston road, about three and one-half miles, and before the construction of the new Third Avenue Bridge across the Harlem river was operated throughout its whole length by the Union Railway Company. Since the completion of the bridge referred to, whose northerly approach extends to East One Hundred and Thirty-fifth street, the block between Third avenue and Lincoln avenue has not been operated that I am aware of.

The cars on this line run from One Hundred and Twenty-eighth street and Third avenue across the Third Avenue Bridge to East One Hundred and Thirty-sixth street, to Lincoln avenue, to the Southern Boulevard, to the Boston road, to East One Hundred and Seventy-eighth street, where it terminates. Transfers are given at Westchester avenue, at East One Hundred and Seventy-seventh street, east and west, and to Williamsbridge line, on White Plains road.

This line runs through a portion of the Borough of The Bronx, where the greatest development is progressing at an unparalleled pace.

Extension No. 1.

Connecting with the tracks of the Boston road line of the Union Railway Company and the Southern Boulevard line of the Southern Boulevard Railroad Company, at the intersection of the Boston road, Southern Boulevard and East One Hundred and Seventy-fourth street; thence northerly through the Southern Boulevard, East One Hundred and Eighty-second street and Crotona avenue to the existing claimed, not constructed, franchise route of the Union Railway Company, on Pelham avenue. Length, 1.545 miles.

The extension of the Boulevard line, as here proposed, would provide access to the Zoological and Botanical Gardens in Bronx Park to travelers on the Union Railway lines, and will also give accommodation to the residents of a section rapidly building up and increasing greatly in population.

It will have to operate on a portion of the line of the Interborough Company, viz., on the Southern Boulevard, between East One Hundred and Eightieth street and East One Hundred and Eighty-second street, but there is no objection to such joint use of this portion of the line.

The streets affected are all over 80 feet in width. This extension appears to be a desirable one, and there seems to be a public necessity therefor.

Extension No. 2.

Connecting with the tracks of the Southern Boulevard line of the Southern Boulevard Railroad Company, at the intersection of the Southern Boulevard and East One Hundred and Thirty-fourth street; thence southerly through Cypress avenue; thence westerly through East One Hundred and Thirty-second street; thence northerly through St. Ann's avenue to and connecting with the tracks of the Southern Boulevard Railroad Company, at the intersection of the Southern Boulevard and St. Ann's avenue. Length, 0.35 miles.

This extension seems to be somewhat premature, but I can see no objection to granting it, if it has been definitely determined that a terminal station is to be located at the point designated.

East One Hundred and Thirty-second street, traversed by this route, is only 60 feet in width, and if a large terminal station is to be built there the street should be widened to 100 feet on the southerly side.

Where such a station has been established, this extension will prove a benefit to the traveling public of our borough, and therefore becomes a necessity.

Extension No. 3.

From the existing line of the Southern Boulevard Railroad Company, on the Southern Boulevard, easterly on Leggett avenue to Garrison avenue, connecting with the Casanova station of the New York, New Haven and Hartford Railroad. Length, about 700 feet.

This extension will give valuable accommodation to the patrons of the Union Railway Company who wish to connect with the New Haven line, and therefore appears to be a desirable extension, more particularly on account of the benefit to the public. The Interborough Company having a franchise on this line, I see no reason why it could not be operated jointly, both companies having a franchise.

The avenues affected are not yet regulated and graded, however, and the franchises may be premature.

Extension No. 4.

From the existing line of the Southern Boulevard Company on the Southern Boulevard, easterly on Hunt's Point road to Garrison avenue, connecting with the Hunt's Point Station of the New York, New Haven and Hartford Railroad. Length, about 800 feet.

It will probably be, at some time in the future, of considerable benefit to the travelers on the Union Railway and Southern Boulevard Railroad to be able to make direct connection with the stations of the New York, New Haven and Hartford Railroad; but there is no special urgency at the present time, as the street affected is not yet regulated and graded to the legal width and grades.

All of these extensions will probably be operated by the Union Railway Company. I see no objection to the granting of these extensions.

(Signed) JOSIAH A. BRIGGS,
Chief Engineer, Borough of The Bronx.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 23, 1905.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I submit herewith for the consideration of the Board of Estimate and Apportionment, report of the Chief Engineer of this borough, Mr. Josiah A. Briggs, on the application of the New York City Interborough Railway Company for a grant of the right, privilege and franchise to construct, maintain and operate extensions of its lines in the Borough of The Bronx.

Yours truly,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

APPLICATION OF THE NEW YORK CITY INTERBOROUGH RAILWAY COMPANY FOR EXTENSION OF ITS LINES.

Extension No. 5.

Commencing at Eighth avenue, at West One Hundred and Fifty-fifth street, on West One Hundred and Fifty-fifth street to Broadway, on Broadway to West One Hundred and Fifty-seventh street.

This extension is entirely within the Borough of Manhattan, but is considered in this report, as it will act as an extension of this company's line No. 1, on Ogden avenue, etc., in The Bronx.

The joint operation by both the Union and the Interborough companies of a line across the Macomb's Dam Bridge and the One Hundred and Fifty-fifth street viaduct to Broadway in Manhattan, would seem to be desirable and a public necessity. It is recommended that this be carried out, provided there are no legal obstacles which cannot be overcome.

Extension 1-13.

(1) Commencing at Ogden avenue and Featherbed lane, on Featherbed lane to East One Hundred and Seventy-fourth street, on East One Hundred and Seventy-fourth street to Clay avenue, on Clay avenue to Wendover avenue, on Wendover avenue to Third avenue.

(13) Commencing at Wendover avenue and Third avenue, on Wendover avenue to Fulton avenue, on Fulton avenue to Crotona Park South, on Crotona Park South, to Crotona Park East, and connecting with existing tracks of the Interborough on Wilkins place.

This seems to be a desirable crosstown connection for the convenience of the traveling public. The streets affected are regulated and graded, except a small part of East One Hundred and Seventy-fourth street at and near the Grand Boulevard and Concourse. There is objection on account of the fact that East One Hundred and Seventy-fourth street is only 60 feet wide, but this can be overcome by widening the street in question.

I would recommend that if this route is considered favorably, it would appear best to modify the same so as to run over the Third avenue line of the Union Company, between Wendover avenue and St. Paul's place and East One Hundred and Seventieth street, and then by single track on each of these last-mentioned streets to the Boston road; thence from Boston road over the Union Company's line to Wilkins place.

This modification has been proposed for the Route 3-15-14 of the Union Company's application and an arrangement could be made for joint operation thereof.

Extension No. 2.

Commencing at Amsterdam avenue and West Two Hundred and Seventh street, in Manhattan, on West Two Hundred and Seventh street and across the Fordham Heights Bridge, which is to be built over the Harlem river, to West One Hundred and Eighty-fourth street, Borough of The Bronx; thence by West One Hundred and Eighty-fourth street to Fordham road, on Fordham road to West One Hundred and Eighty-eight street; on West One Hundred and Eighty-eighth street to and connecting with the existing tracks of the Interborough Company on Aqueduct avenue.

This appears to be a desirable connection between the Bronx surface lines and the lines in Manhattan, but it appears to me that it should run as follows:

Commencing at Aqueduct avenue in The Bronx, thence over the Fordham road line of the Union Company to Sedgwick avenue, by agreement; thence over West One Hundred and Eighty-fourth street and the bridge over the Harlem river to Amsterdam avenue and rapid transit line.

I recommend that this line be approved with the modifications suggested.

Route 3-12.

(3) Commencing at Lind avenue and West One Hundred and Sixty-eighth street, on West One Hundred and Sixty-eighth street to Shakespeare avenue, along Shakespeare avenue to McClellan street to River avenue; on River avenue to East One Hundred and Sixty-seventh street, to Clay avenue; on Clay avenue to East One Hundred and Sixty-eighth street.

(12) Commencing at the existing tracks of the Interborough Company on Intervale avenue at East One Hundred and Sixty-ninth street, on East One Hundred and Sixty-ninth street and McKinley square to Franklin avenue; on Franklin avenue to East One Hundred and Sixty-eighth street; on East One Hundred and Sixty-eighth street to Clay avenue.

This route appears to be for a connection between the franchise Routes Nos. 1-7 and 3, combined with Extension No. 6, and for this reason I will consider Nos. 3-12-6 (on Home street and West Farms road, from Westchester avenue to East One Hundred and Seventy-seventh street) together.

There are several streets on this proposed extension which are only 60 feet wide, which makes it somewhat objectionable, but these streets cover only short distances and therefore this objection cannot be serious.

The line passes through one of the most thickly populated sections and will be of considerable benefit to this locality.

I therefore recommend that this extension be approved, with the suggestion that the line be modified so as to run on East One Hundred and Sixty-seventh street, west to Jerome avenue, and thence over the Union Company's line on Jerome avenue to Shakespeare avenue.

Extensions 7 and 8.

(8) From Intervale avenue at Dongan street, on Intervale avenue to Dawson street, on Dawson street from Intervale avenue to Leggett avenue, connecting franchise Routes Nos. 6 and 7.

(7) On Prospect avenue, from East One Hundred and Fifty-sixth street to Westchester avenue.

On Longwood avenue to Dawson street; on Dawson street to Leggett avenue.

These extensions are intended to connect the Interborough franchise routes with the Rapid Transit Railroad stations at Westchester and Longwood avenues.

It appears that both are not necessary and I would suggest that an amendment be made which will run as follows:

Commencing at franchise Route No. 7, at Intervale avenue and Dongan street, through Dongan street to Westchester avenue over the tracks of the Union Company on Westchester avenue to Prospect avenue, through Prospect avenue to East One Hundred and Fifty-sixth street and franchise Route No. 6.

This would be a desirable extension and is approved.

Extension No. 9.

Commencing at Courtlandt avenue and East One Hundred and Forty-ninth street, through East One Hundred and Forty-ninth street to Austin place, on Austin place to Whitlock avenue, on Whitlock avenue to Leggett avenue.

This extension connects two points on franchise Route No. 6, passing the rapid transit station at One Hundred and Forty-ninth street and Third avenue, and terminating at the Casanova station of the New York, New Haven and Hartford Railroad.

This extension covers part of an extension applied for by the Union Railway Company, and I would recommend that the Union Company and the Interborough Company be allowed to use this crosstown street jointly by agreement between them.

Thus running from Lenox avenue, in Manhattan, across the bridge over the Harlem river and East One Hundred and Forty-ninth street to the Southern Boulevard; thence over the Southern Boulevard Company's line on the Southern Boulevard to Leggett avenue; thence on a joint extension on Leggett avenue to the Casanova station.

Extension 10-11.

(10) On Brook avenue and Washington avenue, between East One Hundred and Fifty-sixth street, franchise Route No. 6 and East One Hundred and Sixty-eighth street, proposed Extension No. 12.

There does not seem to be any necessity for such an extension at the present time.

(11) On East One Hundred and Sixty-third street from Washington avenue to Stebbins avenue, on Stebbins avenue to Westchester avenue, on Dongan street from Westchester avenue to Intervale avenue, and franchise Route No. 7.

If Extension No. 10 is not granted I see no reason for this No. 11.

Extension No. 4.

Commencing on Albany road at West Two Hundred and Thirty-eighth street, through Albany road to Van Cortlandt Park South.

This extension is to make a connection between Interborough franchise Route No. 1 on Van Cortlandt Park.

It will be a convenience to the public wishing to reach the park, and as Albany road will probably be widened, I see no reason why a double track could not go there.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 23, 1905.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I submit herewith for the consideration of the Board of Estimate and Apportionment copy report of the Chief Engineer of this Borough, Josiah A. Briggs, dated November 22, 1905, on the application of the New York City Interborough Railway Company for the grant to said company of the right to change certain of the routes heretofore granted to it by ordinance approved by the Mayor on March 31, 1903.

Yours truly,

LOUIS F. HAFFEN,
President, Borough of The Bronx.

November 22, 1905.

Hon. LOUIS F. HAFFEN, President:

DEAR SIR—Reporting on the application of the New York City Interborough Railway Company for the grant to said company of the right to change certain of the routes heretofore granted to it by ordinance approved by the Mayor on March 31, 1903, the changes asked for are five in number, and I will take them up in their order.

Alteration No. 1.

The route heretofore granted is described as follows: From the intersection of Sedgwick avenue and Perot street, west of Perot street to Boston avenue; thence northerly on Boston avenue to its intersection with Heath avenue—length 1,150 feet.

Proposed Change—From the intersection of Sedgwick avenue and Reservoir avenue, north on Sedgwick avenue to the intersection of Boston avenue and Sedgwick avenue—length about 800 feet. The original route above referred to is at some points on such grades and has such connections at intersecting streets that it is nearly impracticable for safe operation, and the proposed change will be, no doubt, a great advantage, and will provide equally good accommodation to the public. I would therefore recommend that the change be made.

Alteration No. 2.

From the junction of Kingsbridge road and Heath avenue, northerly on Heath avenue to its intersection with Two Hundred and Thirtieth street, and thence westerly on Two Hundred and Thirtieth street to Bailey avenue—length about 1,400 feet.

Proposed Change—Commencing at the intersection of Kingsbridge road and Heath avenue; thence westerly along the Kingsbridge road, crossing the tracks of the New York and Northern Railroad Company, the New York Central and Hudson River Railroad Company and the Spuyten Duyvil creek to Muscota street, in the Borough of Manhattan, and thence westerly on and along Muscota street to Broadway—length about 1,500 feet.

This proposed change will make a more proper and desirable connection between the western portion of The Bronx and the Rapid Transit system on Broadway, Manhattan; also with the new station of the New York Central at the new Ship canal and Broadway. It is a fact that the permanent improvement of the portion of the Kingsbridge road and Muscota street, between Bailey avenue, in The Bronx, and Broadway, in Manhattan, has not yet been carried out, but it is contemplated to provide for an overgrade crossing at the railroads above mentioned, and steps are under way to bring this about at as early a day as possible. In view of this fact I see no reason why this franchise should not be granted.

In connection with the application of the Union Railway Company for certain extensions of its lines, I believe the extension was asked for by said company on this same line, and I see no reason why the franchise should not be given to both companies for joint control and operation. It would seem to be desirable to afford to travelers by both of these surface railroads all of the accommodations and conveniences for crosstown connection possible, and, therefore, I would recommend that the franchise for this extension on Kingsbridge road and Muscota street, between Bailey avenue and Broadway, be granted to both companies for joint operation.

Alteration No. 3.

Route heretofore granted, from the intersection of Tremont avenue and Ryer avenue, north on Ryer avenue to One Hundred and Eightieth street; thence east on One Hundred and Eightieth street to Valentine avenue—length about 1,975 feet.

Proposed Change—From the intersection of Tremont avenue and Ryer avenue, easterly on Tremont avenue to Valentine avenue, and thence northerly on Burnside avenue and Valentine avenue to One Hundred and Eightieth street—length about 1,600 feet. This change is rendered necessary on account of a change of the map or plan of The City of New York by closing Ryer avenue, between Tremont avenue and East One Hundred and Seventy-ninth street, and extending the area of Echo Park, this route being divided into two parts by this action on the part of the City.

The proposed change seems to be a very great improvement over the original route, for the reason that Valentine avenue is 80 feet wide, while Ryer avenue is but 60 feet. The use of the Union Railway Company's tracks on Burnside avenue for about one block does not seem to be objectionable, and I would recommend that the alteration be approved.

Alteration No. 4.

The route heretofore granted, from the intersection of Kingsbridge road at Decatur avenue, east on Kingsbridge road to Third avenue, and thence south on Third avenue to East One Hundred and Eighty-ninth street—length about 900 feet.

Proposed Change—From the intersection of Kingsbridge road and Valentine avenue, south on Valentine avenue to One Hundred and Eighty-ninth street, east on One Hundred and Eighty-ninth street to Park avenue, East, and thence northerly along Park avenue, East, to One Hundred and Eighty-ninth street—length of route about 2,950 feet.

This proposed change will traverse streets 80 feet or over in width, and terminates within one block of the Fordham station. I see no objection to granting the proposed change, and would recommend that it be approved.

Alteration No. 5.

The route heretofore granted from the intersection of Boston road and One Hundred and Seventy-eighth street, west on One Hundred and Seventy-eighth street to Vyse street; thence north on Vyse street to One Hundred and Eighty-second street; thence westerly on One Hundred and Eighty-second street to Southern Boulevard—length about 3,600 feet.

Proposed Change—From the intersection of Boston road and One Hundred and Seventy-eighth street, north on Boston road to One Hundred and Eightieth street, and thence westerly on One Hundred and Eightieth street to the Southern Boulevard—length about 2,800 feet.

The fact that this proposed change uses streets having a width of 80 feet instead of 60 feet, seems to be desirable. The distance covered to reach practically the same points is about 800 feet less. I see no objection to the granting of this proposed change of line.

Respectfully,
(Signed) JOSIAH A. BRIGGS,
Chief Engineer of the Borough of The Bronx.

The Comptroller moved that the Board hold a special meeting in the Old Council Chamber, Room 16, City Hall, on Tuesday, December 5, at 10.30 o'clock in the forenoon, for the purpose of considering the franchise calendar.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller moved that the public hearing on the application of the Union Railway Company of New York City, the Southern Boulevard Railroad Company and the New York City Interborough Railway Company for alterations and extensions advertised to be held this day be continued on Tuesday, December 5.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

NEW YORK AND PORT CHESTER RAILROAD COMPANY.

The public hearing upon the application of the New York and Port Chester Railroad Company for the right to construct, maintain and operate a railroad across certain streets and highways intersected by its route in the Borough of The Bronx, as set for this day by resolution adopted November 10, 1905, was opened.

Hon. D. Cady Herrick appeared in favor of the proposed grant.

The President of the Borough of The Bronx presented the following report:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 23, 1905.

Hon. GEORGE B. MCCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I submit herewith for the consideration of the Board of Estimate and Apportionment report of the Chief Engineer of this Borough, Mr. Josiah A. Briggs, on the application of the New York and Port Chester Railroad Company, for a franchise to construct and operate a railway across the streets intersected by its routes in the Borough of The Bronx, together with map showing location of the lines and profile of the route with proposed amendments.

Respectfully,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

NEW YORK, November 23, 1905.

In the Matter
of

The application of the New York and Port Chester Railroad Company for a franchise in the Borough of The Bronx.

The application of the New York and Port Chester Railroad Company for a franchise to construct and operate a railroad across the streets intersected by its route in the Borough of The Bronx, having been referred to the President of the Borough of The Bronx, a map or plan was prepared showing the location of the lines; also a profile of the route, with proposed amendments, which plans, with accompanying report, are herewith submitted.

The map or plan shows, in addition to the Port Chester Railroad, the lines of the New York, Westchester and Boston Railway.

In relation to the grades I beg to make the following remarks:

The grades of the New York and Port Chester Railroad, as indicated on plans filed by the New York and Port Chester Railroad Company in the County Clerk's office February 8, 1904, and shown on accompanying profile in blue, interfere seriously with the grades adopted for the street system and those established for the New York, Westchester and Boston Railway, for which railroad a plan amending the street system east of the Bronx river is at present before the Board of Estimate and Apportionment.

New grades indicated in red on the profile map are therefore suggested.

In relation to the alignment I beg to make the following remarks:

There is no more technical difficulty to conform the street system to the line of right of way of said railroad than there was in the case of the New York, Westchester and Boston Railway, and following the same principle of laying out fifty-foot streets, with one sidewalk and roadway alongside of the railroad property lines, the street system is in a similar way diagonally intersected from the northern boundary of the City to Williamsbridge road. South of this road the railroad runs through

the middle of the block between Rhinelander and Morris Park avenues, and if the system of establishing marginal streets along the railroad right of way is to be continued there, a flattening of the rather sharp curve of the railroad is advisable in order to divide the plots to better advantage (see blue lines on map).

If the line, however, remains where it is now the locating of marginal streets may be omitted, but bridge crossings should be provided for every street between Williamsbridge road and White Plains road.

While the building of both lines is in the interest of the development of this section of The Bronx, a change of line of one or the other of the railroads, in order to avoid their intersection and the depreciation of a considerable area of otherwise valuable property is decidedly desirable, if not absolutely necessary.

Should by action of the Court one or the other of these lines be prohibited from building, there would be no objection to the construction of the authorized one substantially in its present location.

The maps herewith submitted have the following titles:

1. Map or plan amending and modifying the street system east of the Bronx river, as adopted by the Board of Estimate and Apportionment on May 29, 1903, in connection with the lines of the New York, Westchester and Boston Railway and of the New York and Port Chester Railroad, from Bronx Park to the City line, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901.

2. Profile showing the line of the New York and Port Chester Railroad, as filed in the office of the County Clerk of New York City February 8, 1904, and its alteration to conform with the grades and sewers of the street system and the railroad lines east of the Bronx river as suggested to the President of the Borough of The Bronx.

Respectfully,

F. GREIFFENBERG,
Principal Assistant Topographical Engineer.

Approved:

JOSIAH N. BRIGGS,
Chief Engineer of the Borough of The Bronx.

The Comptroller moved that the public hearing upon the application advertised to be held this day be continued on Tuesday, December 5, in the Old Council Chamber, Room 16, City Hall, at 10.30 o'clock in the forenoon.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of The Bronx offered the following:

Resolved, That all applications for franchises which affect the layout, lines and grades of the streets be referred to a committee consisting of the Chief Engineer of the Board of Estimate and Apportionment, the Engineer of the Department of Finance and the Chief Engineer of the borough affected thereby.

The Chair stated that without objection the resolution would be considered pending on Tuesday, December 5. There being none, and the President of the Borough of The Bronx consenting thereto, it was so ordered.

OCEAN ELECTRIC RAILWAY COMPANY.

In the matter of the Ocean Electric Railway Company for its failure to comply with the terms and conditions of its franchise of August 26, 1903, in not constructing a portion of its route, and upon whom notice to show cause why it should not forfeit to the City of New York the sum of \$2,000 was served, in accordance with resolution adopted by the Board on September 29, 1905.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 14, 1905.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—This Board, on September 29, 1905, adopted resolutions directing that the Ocean Electric Railway Company be served with a notice to show cause why it should not forfeit to The City of New York the sum of \$2,000 as damages for its failure to comply with the terms and conditions of its franchise of August 26, 1903; that sum having been deposited by that company as security for the performance by it of all the terms and conditions of its franchise.

Notice in accordance with the foregoing was served upon the company, and at a meeting of this Board, held November 10, when the notice to show cause was returnable, the Ocean Electric Railway Company presented communications dated November 6, signed by Ralph Peters, president, and November 8, signed by Joseph F. Keany, attorney. The communication of the President states that, owing to the deaths of Mr. W. H. Baldwin, at one time president of the company, on January 3, 1905, and of Mr. W. F. Potter, his successor, on April 2, 1905, the company has been prevented from completing the route as laid out in the franchise, and concludes by asking an extension of one year from May 15, 1905, in which to complete the construction and operation of its railroad on that portion of its route on Park avenue, between the Boulevard and the tracks of the New York and Rockaway Beach Railroad Company.

The communication of the attorney states that the railroad company has not constructed its route on Park avenue, because it has been unable to secure the necessary consents from property owners, and continues that "it is the desire of the company to lay a single track along Park avenue."

The original franchise to the company provided for a double track road on Park avenue, and consequently it is not at all certain that the company proposes to complete its entire route, even though its present application for an extension of time be granted by the Board.

To summarize, it appears that, from July 15, 1904, until May 15, 1905, no move whatsoever was taken by the applicant to secure an extension of time, and it was not until called to account that it presented its excuses and asked for a further extension.

Further the company does not answer the statement made in the report of Harry P. Nichols, Principal Assistant Engineer of the Bureau of Franchises, Department of Finance, dated September 25, 1905, that the franchise of the Rockaway Electric Railway Company was void and that consequently the agreement between the Ocean Electric Railway Company and the Rockaway Electric Railway Company, dated April 1, 1904, could not be legal authority to the former company to construct a railroad on Fairview avenue.

The Ocean Electric Railway Company, on July 15, 1904, secured from the Board of Estimate and Apportionment an extension of time until May 15, 1905, to construct its railroad on Park avenue. A resolution granting this extension provided that "if the same shall not be constructed and in actual operation on said date, the said route in Park avenue shall be conclusively taken to have been abandoned by the grantee, and so much of the rights and franchises hereby granted as pertain to such route from and after May 15, 1905, shall be thereupon forthwith immediately forfeited without judicial or other proceedings."

It seems, therefore, that since May 15 the company has had no rights whatsoever in and upon Park avenue, and the Board of Estimate and Apportionment cannot now grant an extension of time to construct a railroad on Park avenue, inasmuch as all rights of the company have been determined since May 15.

I am therefore of the opinion that, in accordance with the terms of the original franchise, the company should be penalized in such sum as seems fit and proper to the Board of Estimate and Apportionment, acting for and in behalf of the City, and that the Corporation Counsel be requested to institute such action as will prevent the unlawful and unauthorized operation of cars on Fairview avenue, between the Boulevard

and the existing right of way of the New York and Rockaway Beach Railroad Company.

Since it appears that the company has no valid rights on either Park or Fairview avenues, it can only secure such rights to construct a railroad by receiving from this Board a franchise therefor, and I believe that no action can properly be taken by this Board upon the company's request for an extension of time to construct its railroad.

I submit herewith resolutions for adoption in accordance with the foregoing.

Respectfully,
EDWARD M. GROUT, Comptroller.

Proposed Resolution.

Whereas, This Board, on September 29, 1905, adopted the following:

"Whereas, The Ocean Electric Railway Company received a franchise from The City of New York on August 26, 1903, for the construction and operation of a street surface railway in the Fifth Ward, Borough of Queens, subject to certain terms and conditions; and

"Whereas, This Board has extended the time for the completion of the railroad to be constructed by said company on Park avenue, between the Boulevard and the existing right of way and railroad track of the New York and Rockaway Beach Railroad Company, until May 15, 1905; and

"Whereas, This period allowed for the construction of the railroad has expired; and

"Whereas, No railroad has been constructed in Park avenue, between the Boulevard and the existing right of way and railroad track of the New York and Rockaway Beach Railroad Company; and

"Whereas, The Ocean Electric Railway Company has deposited with the Comptroller of The City of New York the sum of \$2,000 as security for the performance by such company of the terms and conditions of its franchise; now therefore be it

"Resolved, That the Secretary of this Board be directed forthwith to serve upon the said company notice to show cause on or before November 10, 1905, why it should not forfeit to The City of New York said sum of \$2,000 as damages for its failure to comply with the terms and conditions of its franchise of August 26, 1903"; and

Whereas, The Ocean Electric Railway Company has presented to this Board its reasons why no penalty should be imposed upon it, and has requested an extension of time in which to complete its road in Park avenue, between the Boulevard and the existing right of way of the New York and Rockaway Beach Railroad Company; now therefore, after due consideration, be it

Resolved, That the application of the Ocean Electric Railway Company be and the same is hereby denied; and be it further

Resolved, That the Ocean Electric Railway Company forfeit to The City of New York, the sum of \$, as damages for the failure to comply with the terms and conditions of its franchise of August 26, 1903; and be it further

Resolved, That the Comptroller of The City of New York be and he is hereby requested to deduct from the fund deposited with him by the Ocean Electric Railway Company said sum of \$ and transfer the same to the credit of The City of New York.

The Secretary stated that on November 14 he forwarded the following communication to the Ocean Electric Railway Company notifying them of the action of the Board on November 10:

BOARD OF ESTIMATE AND APPORTIONMENT,
THE CITY OF NEW YORK,
(FINANCIAL BRANCH), No. 280 BROADWAY,
November 14, 1905.

OCEAN ELECTRIC RAILWAY COMPANY, No. 128 Broadway, City:

GENTLEMEN—At the last meeting of the Board of Estimate and Apportionment held on November 10, 1905, your communication of November 6, together with that of your attorney, Joseph F. Keany, dated November 8, were received and referred to the Comptroller for report.

I inclose herewith copy of the tentative report prepared by the Comptroller for presentation to the Board at its next meeting on November 24. From this report you will note that the Comptroller believes that your company should be penalized, the amount of the penalty to be determined by the Board. I also inclose copy of resolutions to be presented by the Comptroller as stated in his report.

If you desire to present any reason why the inclosed resolutions should not be adopted, or any facts which will assist the Board in determining the amount of the penalty to be imposed, I will be glad to receive the same on or before November 20, so that I can forward the same to the Comptroller for consideration before the meeting.

If no reply is received from you before November 20 the inclosed resolutions will be presented to the Board.

Respectfully,
J. W. STEVENSON, Secretary.

The Secretary presented the following:

OCEAN ELECTRIC RAILWAY COMPANY,
LONG ISLAND CITY, N. Y., November 22, 1905.

Mr. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment, New York City:

DEAR SIR—Acknowledging receipt of your communication of the 17th inst., inclosing copy of the report prepared by the Comptroller for presentation to the Board at a meeting on November 24, in reference to the franchise of the Ocean Electric Railway Company, I desire to say that the application submitted by us on November 6, requesting an extension of the franchise on Park avenue, and the statement submitted by our attorney, under date of November 8, fully set forth all the facts in the case and have been made in good faith, it being our desire to comply with the conditions of our franchise to complete our road with a view of giving proper service to the public as originally contemplated. I say this because an error in the statement referred to, viz., describing the tracks on Park avenue as "single." I desire to correct the impression that we wish to alter the provisions of the franchise which specify that tracks shall be "double" on Park avenue.

As showing the good faith of the company, when it failed to secure the necessary property consents for the building of the line on Park avenue, it made temporary arrangements with the Rockaway Electric Railway Company for building under its franchise upon Fairview avenue, in order that proper service might be inaugurated. This was a temporary move in order to complete the line and start its operation. It was intended that this line should be taken up and the operation carried on over the full route as provided in the franchise through Park avenue, as soon as the consents could be secured, or, in the event of the inability to secure the consents, to seek another route along the Boulevard and some other cross street to the line of the Rockaway Beach Railroad, necessitating changes of plans which would require executive action.

As explained in the answer of the attorney of this company, the death of two presidents within three months prevented due consideration of these matters by the executive officers. Upon my appointment, an entire stranger to the property and the conditions surrounding it, time was required to familiarize myself with all the new work in progress without taking up the questions of further extensions of work. The Long Island Railroad and its affiliated lines had on hand the extensive improvements on Atlantic avenue, requiring very close study and attention; the inauguration of the Bay Ridge Improvement, including the changes of grade, etc., as provided under the Brooklyn Grade Crossing Law; the equipment of the Atlantic avenue and its connecting lines with electricity in order that the road might be operated upon Atlantic avenue in accordance with the terms of the Improvement Act; the developments in

Long Island City in connection with the construction of the tunnels under the East river, and all of the other extensive matters of development that were being carried on in the general scheme of providing for the rapidly growing territory served by the companies I represent, requiring so much time that it was impossible to follow up absolutely all of the details without perhaps delaying some of them. The Ocean Electric Railway may have suffered as a result of this, although after I took charge of the property, the line was completed and put in operation. As a result thereof, we served the people faithfully during the past summer and to their satisfaction.

The growth of Rockaway Beach and the adjacent territory is such that we will have to make more extensions of the Ocean Electric Railway and this matter will require careful consideration, which is being given it.

The improvement of the Rockaway Beach line for the purpose of avoiding some of the grade crossings will doubtless require a change in line which will result in a further change of the Ocean Electric Railway. It is therefore necessary that we should be given ample time to work out a proper solution of these questions.

We earnestly request that the consideration of the Comptroller's report be postponed for at least two weeks and that we then be given an opportunity to present arguments for an extension of the franchise on Park avenue for not less than six months more, until we can secure the consents or make arrangements to ask for a franchise over a different route that will enable us to properly serve the public.

We assure you that the company is acting in good faith and is ready to make liberal expenditures in providing proper transportation facilities for the Rockaway territory, where it desires to make its development upon broad and liberal lines that will meet the requirements of the future.

Asking that you will give these facts your most earnest consideration and that the Board will give us every opportunity to fully state our case. I am

Very respectfully,
RALPH PETERS, President,
Ocean Electric Railway Company.

General George W. Wingate of counsel for the company appeared and requested that the consideration of the report be adjourned for two weeks, as Mr. Ralph Peters, president of the company, who was unable to be present to-day, desired to be heard.

The Chair declared that, without objection, the matter would lay over until Tuesday, December 5. Upon roll call the following vote was recorded:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Comptroller, relative to the establishment of additional grades of the position of Examiner of Sewer Claims in the Department of Finance, with salaries at the rates of \$1,050, \$1,200, \$1,350 and \$1,500 per annum:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
November 16, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—Request is hereby made that the Board of Estimate and Apportionment hereby recommend to the Board of Aldermen, in accordance with section 56 of the Greater New York Charter, that salaries for the position of Examiner of Sewer Claims in the Department of Finance be established as follows: \$1,050, \$1,200, \$1,350 and \$1,500.

The establishment of these salaries will enable appointments, and promotions carrying with them reasonable increases in salary, to be made from time to time as conditions may require.

Respectfully,
EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Examiner of Sewer Claims in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said position be fixed at the rates of ten hundred and fifty dollars (\$1,050), twelve hundred dollars (\$1,200), thirteen hundred and fifty dollars (\$1,350) and fifteen hundred dollars (\$1,500) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Comptroller, relative to the establishment of an additional grade of the position of Bookbinder, in the Department of Finance, with salary at the rate of \$1,200 per annum:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
November 16, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—Request is hereby made that the Board of Estimate and Apportionment hereby recommend to the Board of Aldermen, in accordance with section 56 of the Greater New York Charter, that an additional salary for the position of Bookbinder in this Department be established at \$1,200 per annum.

The salaries as at present established for this position in the Department of Finance are \$1,080 and \$1,350.

Respectfully,
EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Bookbinder in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of twelve hundred dollars (\$1,200) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Comptroller relative to the establishment of an additional grade of the position of Accountant in the Department of Finance, with salary at the rate of \$1,650 per annum:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
November 16, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—Request is hereby made in accordance with section 56 of the Greater New York Charter that the Board of Estimate and Apportionment recommend to the Board of Aldermen that an additional salary of \$1,650 for the position of Accountant be established in the Department of Finance.

There is at present no salary for the position of Accountant in this department between \$1,500 and \$1,800.

Respectfully,
EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approve of the establishment of an additional grade of the position of Accountant in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of sixteen hundred and fifty dollars (\$1,650) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented nine reports of the Auditor of Accounts, Investigations Division, Department of Finance, relative to the following matters:

Establishing an additional grade of the position of Physician in the Department of Correction, with salary at the rate of \$1,200 per annum.

Establishing an additional grade of the position of Assistant Secretary of the Fire Department, with salary at the rate of \$3,500 per annum.

Establishing an additional grade of the position of Inspector of Buildings in the Fire Department, with salary at the rate of \$1,800 per annum.

Establishing an additional grade of the position of Stenographer and Typewriter in the Fire Department, with salary at the rate of \$1,800 per annum.

Establishing an additional grade of the position of Architectural Draughtsman in the Fire Department, with salary at the rate of \$1,000 per annum.

Establishing an additional grade of the position of Assistant Engineer in the Department of Docks and Ferries, with salary at the rate of \$3,600 per annum.

Establishing an additional grade of the position of Telephone Operator in the office of the Commissioner of Licenses, with salary at the rate of \$750 per annum.

Establishing an additional grade of the position of Leveler in the Department of Docks and Ferries, with salary at the rate of \$1,200 per annum.

Establishing the position of Chief Auditor of Accounts in the Department of Finance, with salary at the rate of \$5,000 per annum.

Which matters were laid over for two weeks.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition of a site for the use of a municipal court room, Borough of Brooklyn:

THE CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
September 29, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Legislature of the State of New York at its last session passed a bill amending subdivision 4 of section 1352 of chapter 466 of the Laws of 1901 (the Greater New York Charter) by readjusting the municipal court districts in the Borough of Brooklyn, and by creating an additional court for said borough.

The additional court for said borough will be the Sixth District Municipal Court, presiding Justice of which is to be elected at the coming election in November.

It will be necessary for The City of New York to furnish temporary quarters for the court room for this district court, and this office is now investigating propositions which have been submitted to it, looking to a proper temporary location for the same.

About the centre of the district, or in other words on Flatbush avenue and Sterling place, there is a triangular piece of ground which is 186 feet 3 inches on Sterling place, 146 feet 1 inch on Flatbush avenue, with a rear line which approximates about 140 feet. This property is owned by the Ford estate, and is so incumbered with taxes that the City's interest is paramount, and at a tax sale held in July, 1903, The City of New York purchased the same under and by virtue of the provisions of chapter 114 of the Laws of 1883.

As I have heretofore expressed my opinion, The City of New York should own its own municipal courts. I believe that while we should temporarily lease the premises for the use of this court room, pending the time of the construction of a building for the permanent use, the City should utilize this ground for the erection of a permanent building.

I would therefore respectfully recommend that the Board of Estimate and Apportionment approve and select this Sterling place and Flatbush avenue site for the purpose of erecting thereon a permanent court room, and that a resolution be adopted authorizing the institution of condemnation proceedings for the acquisition thereof.

The lands being vacant, title can be vested at any time, in accordance with section 1439 of the amended Greater New York Charter.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

Approved:
EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves and selects the following lands and premises located in the Borough of Brooklyn, for the use of a municipal court room, which lands and premises are bounded and described as follows:

Beginning at a point at the intersection of the northeasterly side of Flatbush avenue with the southerly side of Sterling place, and running thence easterly along the southerly side of Sterling place 186 feet 3 inches; running thence southerly at right angles with Sterling place 57 feet 3 inches; running thence northwesterly 27 feet 1 inch; running thence southwesterly on a line drawn at right angles to Flatbush avenue 82 feet 9 inches to the northeasterly side of Flatbush avenue, and running thence northwesterly along the northeasterly side of Flatbush avenue 146 feet 1 inch to the point or place of beginning; the said premises being known as old Lots Nos. 1, 2, 3, 4 and 5, in old Block 7, Ninth Ward, now known as Lots Nos. 12, 11, 10, 9 and 18, in Block 1169, section 4, on the tax maps of the Borough of Brooklyn, for the purposes of taxation, and which said lots were heretofore sold for the non-payment of taxes July 22, 1903, certificates of the sale of which were delivered to the Comptroller of The City of New York, are registered in the office of the Collector of Assessments and Arrears in the Borough of Brooklyn, in Liber 83, by the certificate Nos. 7502, 7503, 7504, 7505, 7506.

—and that the Corporation Counsel be and he hereby is authorized to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title for the acquisition of all the parcels of land within the area of the above described premises; assessed valuation of the above described premises, as shown on the tax books of the Borough of Brooklyn for the year 1905, \$20,600.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described premises at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition of property, by purchase, included within the area of the approach to the Manhattan Bridge, No. 3, in Brooklyn, known as No. 93 York street and Nos. 101 and 105 Pearl street.

Laid over.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition, by purchase, of property No. 406 West Twenty-eighth street, Manhattan, for park purposes, being within the area of property heretofore authorized to be acquired by condemnation:

THE CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 5, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment at a meeting held February 24, 1905, authorized the institution of condemnation proceedings, pursuant to the provisions of section 970 of the Greater New York Charter, of the block bounded by West Twenty-seventh and West Twenty-eighth streets, Ninth and Tenth avenues, Borough of Manhattan, for park purposes. The resolution contained the clause:

"Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described property at private sale, subject to the approval of this Board."

The estate of Ann Kiernan, the owner of the property No. 406 West Twenty-eighth street, Borough of Manhattan, which is within the area of the described property authorized to be condemned for park purposes, has offered to dispose of the same to The City of New York for the sum of \$14,500. This price, while full value, cannot be considered excessive, in view of the fact that the entire lot is within 100 feet of the Ninth avenue corner and must be considered as part of the corner lot.

I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the acquisition of the following described property at private sale at a price not exceeding \$14,500:

All that certain lot, piece or parcel of land, situate, lying and being in the Borough of Manhattan, bounded and described as follows:

Beginning at a point on the southerly side of Twenty-eighth street distant 100 feet westerly from the southwesterly corner of Twenty-eighth street and Ninth avenue; running thence southerly and parallel with Ninth avenue 98 feet 9 inches; thence easterly and parallel with Twenty-eighth street 18 feet; thence northerly and parallel with Ninth avenue and through the centre of a party wall 98 feet 9 inches to Twenty-eighth street; thence westerly along Twenty-eighth street 18 feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the streets and avenues in front thereof to the centre thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

Approved:

CHARLES N. HARRIS, Assistant Corporation Counsel.

Approved:

EDWARD M. GROUT, Comptroller.

The following was offered:

Whereas, The Board of Estimate and Apportionment at a meeting held February 24, 1905, adopted a resolution laying out a public park in the block bounded by West Twenty-seventh and West Twenty-eighth streets, Ninth and Tenth avenues, Borough of Manhattan, and authorized the acquisition of the property within the area thereof by condemnation proceedings, the expense to be borne and paid for by The City of New York; and

Whereas, The Comptroller of The City of New York has reported to this Board that he can acquire the premises known as and by the number 406 West Twenty-eighth street, included within the area of said park, at private sale; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby authorizes the Comptroller to enter into contracts for the acquisition of the premises known as and by the number 406 West Twenty-eighth street, in said Borough, at a price not exceeding fourteen thousand five hundred dollars (\$14,500), which said premises are bounded and described as follows:

Beginning at a point on the southerly side of Twenty-eighth street distant 100 feet westerly from the southwesterly corner of Twenty-eighth street and Ninth avenue; running thence southerly and parallel with Ninth avenue 98 feet 9 inches; thence easterly and parallel with Twenty-eighth street 18 feet; thence northerly and parallel with Ninth avenue and through the centre of a party wall 98 feet 9 inches to Twenty-eighth street; thence westerly along Twenty-eighth street 18 feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the streets and avenues in front thereof to the centre thereof,

—said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition, by purchase, of property located at Pike slip, South street and Water street, Manhattan, for use in connection with the Manhattan Bridge (Bridge No. 3):

THE CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 11, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment, at a meeting held January 20, 1905, authorized the institution of condemnation proceedings for the acquisition of certain property bounded by Pike slip, South street and Water street, in the Borough of Manhattan, more particularly described in the resolution, for the use of the Manhattan Bridge, No. 3.

The said resolution contained the following clause:

"Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described property at private sale, subject to the approval of this Board."

Commissioners of Estimate and Appraisal have been appointed in the proceeding and have filed their oaths of office with the Clerk of the County of New York.

Ambrose K. Ely, Esq., the owner of the property Nos. 238 and 239 South street, Borough of Manhattan, which, with the exception of a small gore, is included within the area of the described property in this resolution, had through his agents offered to dispose of the entire property for the sum of \$65,000.

The portion of the property that would remain outside of the line of the Manhattan Bridge, as laid down on the map, adopted by the Board of Estimate and Apportionment, was a small parcel of land, triangular in shape, with a frontage of about 9 feet on the northerly side of South street, with sides about 30 feet and 31½ feet respectively, which could not be acquired, while the owner would probably obtain considerable consequential damage for the leaving of the small remaining parcel.

After negotiation, the owner has offered to dispose for the sum of \$56,500 the property included within the area of that to be taken for Bridge purposes, and make a deed of gift to The City of New York of the remaining parcel outside the line.

There is erected upon the land, size 52 feet 4 inches frontage, with a depth of 80 feet, two four and one-half story storehouses, size 52 feet 4 inches by 70 feet, well rented.

South street property has a peculiar intrinsic value in view of the fact that it immediately faces the water front.

I have taken the matter up with the Assistant Corporation Counsel in charge of the proceeding, who has the City experts ready to testify in the matter, and we agree that while the price asked is a full appraisal value, it is by no means an excessive price.

I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the acquisition of the following described property at private sale at a price not exceeding \$56,500:

Beginning at a point on the northerly side of South street distant 26.08 feet westerly from the northwesterly corner of South street and Pike slip; running thence northerly and about parallel with Pike slip and along the westerly line of Lot No. 21 in Block 249, in the Borough of Manhattan, City of New York, 80.08 feet; thence westerly and about parallel with South street 52.16 feet; thence southerly and about parallel with Pike slip and along the easterly line of Lot No. 18, in Block 249, Borough of Manhattan, City of New York, 49.26 feet to a point which intersects the westerly line of the property laid out to be acquired for the use of the Manhattan Bridge (Bridge No. 3), in the Borough of Manhattan, by the Board of Estimate and Apportionment; thence southeasterly and along the last-mentioned line 31.40 feet to the northerly side of South street; thence easterly along the northerly side of South street 43.53 feet to the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Whereas, The Board of Estimate and Apportionment, at a meeting held January 20, 1905, in accordance with the provisions of section 1436a of the Greater New York Charter, approved of the selection by the Commissioner of the Department of Bridges of certain lands and premises bounded by Pike slip, South street and Water street, in the Borough of Manhattan, for the use of the Manhattan Bridge (Bridge No. 3), and authorized the institution of condemnation proceedings for the acquisition of all of the property within the area of said property selected by the Commissioner of the Department of Bridges and mentioned and described in said resolution; and

Whereas, The Comptroller of The City of New York has reported to this Board that The City of New York has been offered a piece of property which is included within the area as laid down by said Commissioner and described in said resolution; and

Whereas, It appearing that the City's interests will be served by the acquisition of said parcel of land at private sale; therefore be it

Resolved, That the Comptroller of The City of New York is hereby authorized to enter into a contract for the acquisition of all that certain lot, piece or parcel of land at a price not exceeding fifty-six thousand five hundred dollars (\$56,500), situate, lying and being in the Borough of Manhattan, City of New York, bounded and described as follows:

Beginning at a point on the northerly side of South street distant 26.08 feet westerly from the northwesterly corner of South street and Pike slip; running thence northerly and about parallel with Pike slip and along the westerly line of Lot No. 21 in Block 249, in the Borough of Manhattan, City of New York, 80.08 feet; thence westerly and about parallel with South street 52.16 feet; thence southerly and about parallel with Pike slip and along the easterly line of Lot No. 18, in Block 249, Borough of Manhattan, City of New York, 49.26 feet to a point which intersects the westerly line of the property laid out to be acquired for the use of the Manhattan Bridge (Bridge No. 3), in the Borough of Manhattan, by the Board of Estimate and Apportionment; thence southeasterly and along the last-mentioned line 31.40 feet to the northerly side of South street; thence easterly along the northerly side of South street 43.53 feet to the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof. —said contracts to be submitted to the Corporation Counsel for his approval as to form.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition by purchase of property located at Richmond road and Court street, Borough of Richmond, as a site for Fire Department purposes:

THE CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 11, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Deputy and Acting Commissioner Thomas W. Churchill of the Fire Department, in a letter to this Department under date of November 3, 1905, says:

"I have the honor, upon the recommendation of the Chief of Department, under date of the 26th ult., to request the purchase of property situated on Richmond road, Stapleton, Borough of Richmond, formerly occupied by Rescue Engine Company 9 of the Volunteer Department, now disbanded, the same being very desirable for use as quarters for an apparatus company of the paid system."

At the time the Commissioner of the Fire Department requested the acquisition of certain properties belonging to the old Volunteer Fire Department in the Borough of Richmond, in order that a paid force might be established in said borough, this company's property was not included in the list.

I have had an examination made of the above premises and have the honor to report that the property is known as Lot No. 453 (part), Plot 4, Ward 2, Volume 1, on the tax maps of the Borough of Richmond for the purposes of taxation, and is located on the south side of Richmond road 300 feet 4 inches west of Court street. The lot is only 25 by 40 feet in size and is on a steep side hill sloping down from the Richmond road.

The fire house is a two-story frame structure 24 by 35 feet in size, with a brick basement. The building was erected in 1896 and is in good repair. The engine floor is of 2-inch yellow pine and the upper floor of 1-inch Georgia pine. The engine room is ceiled with pine; the upper floor is plastered above a 4-foot wainscoting, and is divided in two rooms, a meeting room and a sleeping room. The floor of the basement is concreted; the sidewalk in front of the property is also of concrete with an iron gutter bridge. The building has steam heat (Silsby heater), gas and electricity, water and a toilet, but no bathroom.

In the basement, in addition to the heating apparatus, there is also a gas range, which, together with the gas and electric fixtures, is to go with the building.

The property is carried on the tax assessment books at \$2,500, but is exempt from taxation. The company paid \$3,200 for the property in 1896. Since then, I am told, the heating apparatus and plumbing, the sidewalk and iron bridge, concrete floor in the basement and some interior woodwork, closets, etc., have been added at a total cost of about \$900.

The company was disbanded on October 1, 1905, and the sale of the property, which is owned by Rescue Engine Company 9, Edgewater Fire Department (incorporated), is now in the hands of Joseph J. Barth, its former foreman, whose post office address is Stapleton, S. I.

The company's asking price for the land and building, including the heating apparatus, gas range and gas and electric light fixtures, is \$3,500. Making due allowance for depreciation, I am of the opinion that the present fair market value is not above \$3,250, and would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the acquisition of the property of Rescue Engine Company 9, located on Richmond road, Stapleton, Borough of Richmond, at a price not exceeding \$3,250.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Commissioner of the Fire Department of a site for the location of a fire company in the Borough of Richmond, bounded and described as follows:

All the real estate of the Rescue Engine Company No. 9, being all that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, bounded and described as follows:

Beginning at a point on the southerly side of Richmond road distant 301 feet 4 inches westerly from the southwest corner of Court street and Richmond road; thence southerly 40 feet; thence westerly and parallel, or nearly so, with Richmond road 25 feet; thence northerly 40 feet to the southerly side of Richmond road; thence easterly along the southerly side of Richmond road 25 feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof;

—and the Comptroller be and he hereby is authorized to enter into a contract for the acquisition of the above-described property at private sale at a price not exceeding three thousand two hundred and fifty dollars (\$3,250), said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition by purchase of property located at Thirteenth street and Avenue C, Unionport, Borough of The Bronx, for Fire Department purposes:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 9, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Honorable Nicholas J. Hayes, Commissioner of the Fire Department, in a communication under date of October 18, 1905, requests the purchase of a site on the southeast corner of Avenue C and Thirteenth street, Unionport, Borough of The Bronx, for the erection thereon of an apparatus house for Engine Company 64 of his Department.

I have had an examination made of the premises and find the same to be a corner plot on grade on the southeast corner of Avenue C and Thirteenth street, Unionport, with a frontage of 105 feet on Thirteenth street and 81 feet on Avenue C.

The price asked by the owner, \$5,000, while full value, is not excessive, in view of the late sales in that vicinity.

The vendor insists that all of the assessments that may become due and payable after the execution of the contract shall be assumed by The City of New York. If this be done, there is no reason why the City should not insist that the vendor sign a stipulation allowing the City to take possession of the property, as the Fire Department have their plans prepared and are ready to begin the construction of a building on the site.

I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the site selected by the Commissioner of the Fire Department, and adopt a resolution authorizing the acquisition of the same at private sale at a price not exceeding \$5,000.

I would further recommend that the resolution contain a clause that all the assessments against the described property that may become due and payable after the signing of the contract should be borne by The City of New York.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Commissioner of the Fire Department in the selection of a site for departmental purposes, located in the Borough of The Bronx, bounded and described as follows:

Beginning at the intersection of the southerly side of Thirteenth street and the easterly side of Avenue C, and running thence easterly along the southerly side of Thirteenth street 105 feet; thence southerly parallel with Avenue C 81 feet; thence westerly parallel with Thirteenth street 105 feet to the easterly side of Avenue C; thence northerly along the easterly side of Avenue C 81 feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof, subject nevertheless to all the assessments that may become due and payable after the signing of this contract.

—and the Comptroller be and he hereby is authorized to enter into a contract for the acquisition of the same at private sale at a price not exceeding five thousand dollars (\$5,000), said contract to be submitted to the Corporation Counsel for his approval as to form.

The Secretary presented the following communication from the County Clerk of New York County, requesting an appropriation of \$11,000 for the purpose of reindexing all statutory notices of liens and claims upon land, which have been filed or recorded in the County Clerk's office:

COUNTY CLERK'S OFFICE, COUNTY OF NEW YORK,
November 14, 1905.

The Board of Estimate and Apportionment:

GENTLEMEN—I beg to state that the sum of eleven thousand dollars (\$11,000) is the sum asked for by me to be appropriated for the use of this office for the year 1906, under chapter 536, Laws of 1893, for the purposes of reindexing all statutory notices of liens and claims upon land which have been filed or recorded in this office, and respectfully ask that you appropriate said sum and authorize the Comptroller of The City of New York to issue Revenue Bonds to provide for the payment of the amount so required.

Yours very respectfully,
THOS. L. HAMILTON, County Clerk.

The Secretary presented the following report of the Engineer, Department of Finance, relative to awarding the contract for the erection of triangulation towers in the Borough of Richmond, to other than the lowest bidder:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 16, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. George Cromwell, President of the Borough of Richmond, in communication under date of November 9, 1905, requests the Board of Estimate and Apportionment to authorize the award of a contract for the erection of triangulation towers in the Borough of Richmond to other than the lowest bidder. I would report that the following bids were received and opened by the President on October 6, 1905, for ten towers, to be erected in the Borough of Richmond:

J. W. Maine	\$7,348 00
W. H. Lynch	7,020 00
Longin P. Fries	1,860 00
W. S. Holbert	3,610 00
Thomas W. Cunningham	1,450 00
W. H. C. Russell	2,092 00
Leslie McHarg & Co.....	<u>3,230 00</u>

The President states:

"After several weeks delay Cunningham came to me and asked to be released from his contract on the score that he had made an error in his calculations which for him would entail a very severe loss. Being well assured by our own estimates of that fact, we communicated with the next lower bidder, Longin P. Fries, whose bid was \$1,860, and in a letter of November 4, 1905, he states as follows, 'My estimate stands good if I am awarded the contract.'"

In conversation with Mr. Tribus, Commissioner of Public Works, Borough of Richmond, I am assured by him that Mr. Cunningham's bid of \$1,450 is too low, and that he must have made a mistake in his calculations.

It would be to Mr. Cunningham's advantage to lose his deposit of \$80 rather than complete the contract at a loss of at least \$400. If he should decide to abandon his contract, it would not only cause a delay, but put the City to the expense of re-advertising.

Mr. Thomas W. Cunningham, admitting that he has made a mistake and requesting the withdrawal of his bid, I think it for the best interest of the City to grant the President's request, and pursuant to section 419 of the amended Greater New York Charter, to authorize the award of the contract to the next lowest bidder, that is to say, to Longin P. Fries, at \$1,860, for the erection of triangulation towers in the Borough of Richmond.

Respectfully,
EUG. E. McLEAN, Engineer.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND,
NEW BRIGHTON, N. Y., November 9, 1905.

Board of Estimate and Apportionment, City Hall, New York:

GENTLEMEN—On October 3, 1905, we received bids for the erection of triangulation towers in the Borough of Richmond, bids ranging from \$1,450 to \$7,576.

On October 6, 1905, I awarded the contract to the lowest bidder, Thomas F. Cunningham, and so reported to the Department of Finance. Upon notice of award, the Department of Finance released the security deposits of \$60 each of all except the lowest bidder to whom the award had been made.

After several weeks delay, Cunningham came to me and asked to be released from his contract on the score that he had made an error in his calculations which for him would entail a very severe loss. Being well assured by our own estimates of that fact, we communicated with the next lowest bidder, Longin P. Fries, whose bid was \$1,860, and in a letter of November 4, 1905, he states as follows: "My estimate stands good if I am awarded the contract."

As the contract with Cunningham has not been executed, it would be difficult, even if the City wished to be unjust, to force him to carry out the work.

In order to avoid delay of a reletting, I would ask authority to declare Thomas F. Cunningham in default and be empowered to reaward the contract to the next lower bidder, Longin P. Fries, at his bid amount of \$1,860.

Yours respectfully,
GEORGE CROMWELL, President of the Borough.

The following resolution was offered:

Resolved, That pursuant to the provisions of section 419 of the Greater New York Charter, the Board of Estimate and Apportionment deeming it for the best interests of the City that the bid of Longin P. Fries for the erection of triangulation towers in the Borough of Richmond should be accepted, hereby authorizes the President of the Borough of Richmond to accept the bid of said Longin P. Fries at eighteen hundred and sixty dollars (\$1,860).

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to an additional allowance for maintenance of the two Carnegie libraries at Richmond Hill and Flushing:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 20, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In the matter of the request of Walter G. Frey, President of Queens Borough Library, in a communication to the Comptroller under date of October 11, 1905, "for an additional allowance for maintenance of the two Carnegie libraries at Richmond Hill and Flushing, owing to the inadequacy of the appropriation for 1905," I beg to report as follows:

As stated in the said communication, the Richmond Hill branch went into its new building in July of this year; the Flushing Library will be in operation about two months of the present year. President Frey requests a total allowance for these two libraries of \$3,400.

From examinations recently made with regard to Queens Borough libraries, it would appear that an allowance of \$2,000 will be liberal for the purpose of complying with President Frey's request, and I would therefore respectfully recommend that said allowance be approved by the Board of Estimate and Apportionment.

In view of the fact that the equipment and maintenance of the so-called Carnegie libraries constitute a contractual obligation upon the City, I would respectfully recommend that the form of resolution employed in an instance similar to the present one (for the maintenance during a part of the year of libraries in Brooklyn, as recorded in the proceedings of the Board of Estimate and Apportionment under date of June 16, 1905), be adopted in the present instance. The resolution suggested is attached hereto.

Respectfully yours,
CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.
QUEENS BOROUGH LIBRARY,
No. 101 EAST AVENUE,
LONG ISLAND CITY, October 11, 1905.

Hon. EDWARD M. GROUT, Comptroller, City of New York:

DEAR SIR—In relation to the new Carnegie library building opened in the Borough of Queens during the year 1905, I would request that the following facts and application be laid before the Board of Estimate and Apportionment at its next meeting:

The application is for an additional allowance for maintenance of the two Carnegie libraries at Richmond Hill and Flushing, owing to the inadequacy of the appropriation for 1905.

Richmond Hill branch went into the new building in July of this year; additional employees were required and expenditures for heating and supplies have been increased, and as no provision has been made for stock of books for this library, it being a branch already established, it has been necessary to expend a greater sum than that allowed in 1905 Budget to bring books into the new library up to the standard; all of which has increased the cost of maintaining this library for 1905 \$1,850 over the amount authorized in the 1905 Budget.

The Flushing library building is almost ready for occupancy. Before moving in, it will be necessary to have additional employees and an additional amount for heating and supplies and an increased expenditure for books; all of which requires \$1,550 more than was provided for in the 1905 Budget. Schedule in detail, of the amounts asked for is inclosed.

Unless some provision is made for these amounts, there will be a deficit of \$3,400 in the accounts of the library at the end of the year, if the libraries are to be kept open in the proper condition.

Will you kindly bring these matters to the attention of the Board of Estimate and Apportionment in order that the work of the library may not be hampered in the coming months.

Thanking you, I am,

Yours very truly,
WALTER G. FREY, President.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby appropriates the sum of two thousand dollars (\$2,000) for additional expense of maintenance during 1905 of two branch libraries in the Borough of Queens known as the Richmond Hill branch and the Flushing branch libraries, and that for the purpose of providing means therefor the Comptroller be and hereby is authorized, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of two thousand dollars (\$2,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution appropriating \$1,500 for maintenance of a Carnegie library at Elmhurst, Borough of Queens:

Resolved, That the Board of Estimate and Apportionment hereby appropriates the sum of fifteen hundred dollars (\$1,500) for the cataloguing and general adminis-

tration of a Carnegie library, located at Elmhurst, in the Borough of Queens, for the months of October, November and December, 1905, and that for the purpose of providing means therefor, the Comptroller be and hereby is authorized, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of fifteen hundred dollars (\$1,500) redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Engineer, Department of Finance, relative to the application of the President of the Borough of Manhattan for an appropriation of \$264,000 for the improvement of Seventh avenue, between One Hundred and Tenth and One Hundred and Fifty-third streets:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 16, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In reference to the accompanying application of the Hon. John F. Ahearn, President of the Borough of Manhattan, for an appropriation of \$264,000, Corporate Stock of The City of New York, for the improvement of Seventh avenue, between One Hundred and Tenth and One Hundred and Fifty-third streets, I have the honor to report the following:

It is proposed to repave this avenue with asphalt blocks on a concrete foundation, arranging for tree planting spaces in the centre of the carriageway on each block 10 feet wide by approximately 200 feet long, leaving two sidewalks of 35 feet each and two carriageways of 35 feet each, the planting spaces to be planted with trees, sodded, curbed and inclosed with an iron railing. The cost of these tree planting spaces, or parkways, is approximately \$53,752, and the cost of repaving the avenue with asphalt blocks on a concrete foundation, resetting and renewing the curb when necessary is \$209,838. The avenue is at present paved with telford macadam pavement which is difficult to maintain in good condition owing to the character and amount of traffic on this avenue, which causes the pavement to be muddy in wet weather and very dusty in dry weather.

In my judgment the proposed improvement is a desirable one, and I would therefore recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$264,000 for the improvement of Seventh avenue, between One Hundred and Tenth and One Hundred and Fifty-third streets.

Respectfully,
EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of an issue of Corporate Stock of The City of New York, to an amount not exceeding two hundred and sixty-four thousand dollars (\$264,000), for the purpose of providing means for the improvement of Seventh avenue, between One Hundred and Tenth and One Hundred and Fifty-third streets, Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and sixty-four thousand dollars (\$264,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Engineer, Department of Finance, relative to the application of the Commissioner of Parks, Boroughs of Brooklyn and Queens, for an issue of \$1,874,904.30 Corporate Stock, to be expended in improving and completing the Bay Ridge parkway, from First avenue to Fort Hamilton, Borough of Brooklyn:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 16, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In communication to the Board of Estimate and Apportionment, of November 6, 1905, Hon. M. J. Kennedy, Commissioner of the Department of Parks, Boroughs of Brooklyn and Queens, presents an application for the authorization and issue of Corporate Stock of The City of New York, to the amount of \$1,874,904.30, to be expended for improving and completing the Bay Ridge parkway, from First avenue to Fort Hamilton, Borough of Brooklyn.

The estimate of cost of construction of the improvement is based on the plan, prepared by the "Public Driveway and Parkway Commission of Kings County, under Laws of New York, of 1894, chapter 758," filed with the County Clerk and Department of Parks, in accordance with the Laws of the State providing for the Shore road of Brooklyn, under chapter 456 of the Laws of 1892, chapter 758 of 1894, chapter 931 of 1895, and chapter 857 of the Laws of 1896, through which the several Commissions appointed by the Mayors of the former City of Brooklyn have operated.

The plan, as filed, provides a continuous parkway from the intersection with Fort Hamilton avenue, between Sixty-sixth and Sixty-seventh streets, to the foot of Fort Hamilton avenue, at the Government Reservation, having a length of about four miles in all, including 2.6 miles of shore frontage.

The City has acquired all of the land needed for this improvement, with the exception of one parcel, between Ninth avenue and Fort Hamilton avenue, appraised at less than \$20,000. A total of \$3,300,000 has been expended for such lands with the riparian rights, which are complete, from the E. W. Bliss property on the extreme northerly end of the shore front improvement, southerly to the Government Reservation.

Previous to consolidation, the Shore Road Commission carried out a portion of the construction work in accordance with the filed plan, expending about \$115,000, and within the last year a contract of about \$50,000 has been made by the Park Department to protect the roadway at contracted points along the outer edge. This work, with the exception of temporary protection at the foot of the slopes, has been in accordance with the requirements of the authorized plan.

Under present conditions, as stated by Commissioner Kennedy, the roadway is very narrow at several points along the bluff. The conditions which have existed since 1898, when the Shore Road Commission effected the small part of the improvement possible under the limited appropriation available, have been unsatisfactory to the general public interested in the driveways and parks of Brooklyn, and to the property-owners who transferred to the City the frontages on the bay, and riparian rights in deeds citing the completion of the Shore road improvement by the City as a part of the consideration for transfer.

This improvement will give a continuous and broad drive from Prospect Park, through Fort Hamilton avenue and the Shore road, following the bay, from Sixty-sixth street to about One Hundredth street, with unsurpassed facilities for the driving public, while the extensive parkway along the outer water front, below the driveway, with convenient entrances, will give exceptional recreation opportunities to the population east of the parkway, and to the north, where the mammoth improvements in the great railroad terminal yards and the extensive factory and shipping industries will draw a dense population within a few years.

Recommendation is made by Commissioner Kennedy to the effect that the City should immediately acquire what is now shown on the map as "Owl's Head Park," embraced by the turn of the Shore road, First avenue and Bay Ridge avenue. This matter is now before the Board of Estimate for action, the map of the land to be acquired having been filed in the Registrar's office July 18, 1905.

This elevated property is a superb natural park, on which permanent and extensive parklike improvements have been made. The relation of this plot of land cannot be disassociated from the Shore road improvement, especially as the Bliss property embraces considerable area on the northwest side of the Shore road and includes considerable frontage on the bay which would undoubtedly be acquired and used for commercial purposes unless the City takes control.

On your request for a comparison of cost with other parkways acquired and constructed by the City, and after considering the investment the former City of Brooklyn has made of \$3,300,000 for the land necessary to construct the Shore road, which sum has not been made use of to any considerable extent for the last seven years, the following comparisons of cost of land required and cost on construction accounts are presented:

Cost of Land Per Mile of Driveway.

Riverside drive improvement, One Hundred and Thirty-fifth street to One Hundred and Fifty-eighth street only.....	\$2,339,040 00
Grand Boulevard and Concourse, The Bronx.....	654,487 00
Harlem River Speedway.....	242,514 00
The Shore road, Brooklyn.....	825,870 00

To utilize this property, the City has expended on construction account and contracted for work at the following rate, per mile, of driveway:

Riverside drive improvement, One Hundred and Thirty-fifth street to One Hundred and Fifty-eighth street only.....	\$2,936,508 00
Grand Boulevard and Concourse, preliminary work only.....	249,070 00
Harlem River Speedway.....	1,500,643 00
Proposed for the Shore road.....	723,938 00

In considering the rates for land acquired, total areas taken are not available, but are extensive outside of the limits of the parkways on the Riverside drive and the Shore road only.

The Riverside drive has been improved under serious disadvantages on account of the steam railroad and commercial interests controlling the shore front necessitating expensive masonry, retaining walls and road crossings; while on the Harlem River Speedway the construction account has been high, owing to great depths of shore front protection and filling necessary in the loose silt of the river bed.

On the Bay Ridge shore, for the 2.6 miles to be improved, the physical conditions are such as to allow inexpensive construction, the plan embracing merely a low, rough stone filling to about 6 feet above high water, behind which the park is to be level for a considerable width, extending generally to the foot of the natural earth slopes from the outer edge of the roadway and sidewalks at the present grade. The main feature in the cost is the earth filling, which, on competitive bidding, may be secured from the Government dredging of the ship channel lying within a few hundred feet of the improvement, and possibly from the Fourth Avenue Subway excavation involving a comparatively short haul, which would reduce very materially not only the cost of the subway, but also that of the Shore road improvement.

A feature of the shore road plan along New York Bay is that the improvement will render available for park purposes about 53 acres of land covered at high water and on the rough steep slopes now useless for any purpose.

If this reclaimed land is worth one-third of the more elevated property fronting the Shore road, the cost of this improvement will be more than covered by the value of the park property so acquired and without any corresponding diminution in taxable values due to the withdrawal from private holders as is ordinarily the case.

The plan prepared by the Commissioners has embraced, in accordance with the laws mentioned, provision for four commercial wharves where it will be advisable to arrange convenient access without crossing the park drive at grade. One of these wharves is now constructed at the foot of Bay Ridge avenue and the Shore road has been partially improved from Fourth avenue to Fort Hamilton.

Section 7, chapter 758 of the Laws of 1894, provided that—

"Upon the acquisition of the lands, property, estate and riparian rights required for the development of the plans, said department of parks shall proceed to lay out and construct such public driveway and parkway with such public places, borders and appurtenances, wharves and piers, as may be fixed by the plans filed in said department of parks."

Under this provision and the succession of Department of Parks to the former Shore Road Commission, the appropriation is reasonably requested under the direct provisions of the Charter. The amount requested is sufficient to carry out the plan except in the landscape gardening work, and I believe that the request may be favorably acted upon without injustice to the rights of the City at large.

Section 7 of the act provided for the issuance of certificates of the county to an amount not exceeding \$250,000. From the records and such information as can be obtained from the Department of Parks, it would appear that the amount expended, or for which contract liability has been incurred, has reached this sum, and that any further appropriation must be made under the provisions of the Charter covering such improvements by the City.

I would therefore recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$1,875,000 for the purpose of completing the Shore road, between First avenue and Fort Hamilton, in accordance with the plan filed by the Public Driveway and Parkway Commission of Kings County, Laws of New York, 1894, chapter 758, provided that, if not legally prevented, the said plan be so modified as to eliminate grade crossings of traffic from the water front, and that plans for these modifications be subsequently submitted to the Board of Estimate and Apportionment for approval.

Respectfully,

EUG. E. McLEAN, Engineer.

DEPARTMENT OF PARKS—BOROUGH OF BROOKLYN AND QUEENS,
LITCHFIELD MANSION, PROSPECT PARK,
BROOKLYN, November 6, 1905.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—I hereby respectfully request that your Honorable Body, in its discretion, authorize the issuing of Corporate Stock of The City of New York, in the sum of one million eight hundred seventy-four thousand nine hundred and four dollars and thirty cents (\$1,874,904.30), the same to be expended for improving and completing the Bay Ridge parkway, from First avenue to Fort Hamilton avenue, at Fort Hamilton, Borough of Brooklyn, as herein specified.

Respectfully submitted,

M. J. KENNEDY,
Commissioner of Department of Parks,
Boroughs of Brooklyn and Queens, City of New York.

SPECIFICATIONS.

Bay Ridge Parkway.

The items necessary to carry to completion the construction of this improvement are as follows:

Retaining wall, 90,000 cubic yards, at \$3.....	\$270,000 00
Macadam driveways, 103,934 square yards, at \$1.50.....	155,901 00
Brick gutter, 17,612 square yards, at \$2.25.....	39,627 00
Manhole heads, 141 at \$17 each.....	2,397 00
Catch basins, 142 at \$45 each.....	6,390 00
Walks, 359,580 square feet, at \$0.21.....	75,511 80
Railing, 13,500 linear feet, at \$8.50.....	114,750 00
12-inch drain pipe, 61,770 linear feet, at \$0.75.....	46,327 50
Earth embankment, 1,600,000 cubic yards, at \$0.69.....	1,104,000 00
Puddling in rear of wall, 30,000 cubic yards, at \$2.....	60,000 00
	\$1,874,904 30

Appended hereto is a communication from the Citizens' Association of Bay Ridge and Fort Hamilton, dated October 5, 1905:

"That the president of this association be requested to communicate with the Honorable Park Commissioner of the Borough, requesting him to apply to the Board of Estimate and Apportionment for sufficient funds to complete the Shore road in its entirety and to acquire title to the park at Owl's Head in order that the entire improvement may be made systematically; and further

"That he be requested to send copies of this resolution to the Mayor, the Comptroller and the President of the Borough of Brooklyn, asking them as members of the Board of Estimate and Apportionment to see that the request of the Commissioner is granted."

This reasonable request from the representative association of Bay Ridge and Fort Hamilton Districts should be granted to its fullest extent.

That the improvement should be immediately undertaken and carried to successful conclusion is evidenced and demanded in a good many ways. That part of the borough known as Bay Ridge has a smaller proportion of park areas than any other portion of the borough, and, for that matter, The City of New York. Should the growth of this section, which has been remarkable in the past years, continue—and it certainly will with the advent of the proposed tunnel and transportation facilities, the demand in this section for more park areas will become almost irresistible. This improvement, if finished, will afford to that section a park area of two hundred and fifty acres situated in the finest and most picturesque portion of the City's borders. The improvement should be carried to a speedy and final conclusion now, if for no other reason than that with the increased use of automobiles and carriages, the present road has become by its narrowness a source of danger to the users of it, and a great worry to the Department controlling it. The ever increasing use of automobiles has made this roadway a very popular part of the parkway system of this borough, and unless the work of constructing and completing this drive be undertaken and finished soon, dangers will exist that this Department will be unable to prevent or cope with.

The City's neglect to build and complete this roadway since its initial undertaking some years ago has worked some detriment to the locality. Owing to the partly completed and seemingly neglected condition of the project for some years by, an inferior class of houses has been erected along the line of this drive. Had this neglected condition been obviated by the speedy completion of this project when started, we would have lining the borders of this drive residences that for cost and elegance would compare favorably with those along Riverside drive in Manhattan, and the beauty of the drive and its value would be enhanced just that much. There is also a strong reason why this work should now be undertaken and vigorously prosecuted. In the last ten years and up to the present day, the value of labor and materials around New York and the adjacent country has risen enormously. There is no reason to think that this increase will not continue in the future. Had this road been built and finished some years ago the cost would be much less than the cost will be a year from now or two years hence. The increasing market values of materials required for the completion of this road are becoming higher and higher every day owing to the growing scarcity of these materials in the vicinity, and this must tend to greatly enlarge the cost of the work should it be further delayed.

Other large cities in the United States have appropriated large sums of money for the construction and completion of drives of a somewhat similar character, and in none of these cities can there be found a location that has so many points in its favor as a parkway, and of which so little advantage has been taken. Commanding a view of the upper harbor, the picturesque Narrows and an almost unbroken view of the Atlantic for many miles, this drive, with its winding lines and grades and country aspect, presents to The City of New York a superb opportunity for the building and completing of the most beautiful and picturesque drive in the country.

Owl's Head Park.

To properly carry to completion the construction of the Bay Ridge parkway and to make it useful and its future safe as a park and parkway, it will be very necessary that the land known as Owl's Head, situated at Bay Ridge parkway, First avenue and Bay Ridge avenue, be immediately acquired for park purposes. The initial steps toward the acquisition of this property have been taken, and on February 17, 1905, it was placed on the map, and upon February 28, 1905, was approved by the Mayor. This land is in two parcels and lies on both sides of the present Bay Ridge parkway. Should this land remain unacquired by the City it will make possible the erection of factories, wharves, buildings, etc., for commercial purposes, that will disfigure and injure to an irreparable extent the drive in that vicinity.

This site is also possessed of great natural landscape features that are second only to those possessed by the Bay Ridge parkway. Its importance as a public park can hardly be estimated at this time, and its relation to the Bay Ridge parkway, in its construction and development, is very great and also indispensable.

There are at present on this land three or four houses of very costly construction and ornamental design. These houses are modern and up to date in every respect and appointment, and could be put to use without one cent of expenditure.

It is therefore urged that steps be taken immediately to acquire title to these grounds, so that the work of completing the Shore road and this proposed park can be carried on simultaneously and systematically.

I respectfully submit, for the favorable consideration of your Honorable Board, the foregoing, and hope that sufficient funds will be granted to enable this Department to at once begin the work of building this parkway, and would urge that steps be taken to immediately acquire title to lands for park purposes at Owl's Head, so that same may be turned over to the Department of Parks, and thereby enable this Department to complete the Shore road proposition in its entirety.

The following resolutions were offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one million eight hundred and seventy-five thousand dollars (\$1,875,000) for the purpose of providing means for the completion of the Shore road, between First avenue and Fort Hamilton, Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one million eight hundred and seventy-five thousand dollars (\$1,875,000), the proceeds whereof to be applied to the purposes aforesaid; and be it further

Resolved, That if there are no legal objections that cannot be overcome, the plans filed pursuant to chapter 758 of the Laws of 1894 by the Public Driveway and Parkway Commission of Kings County be so modified as to eliminate grade crossings of traffic from the water front, and that the Commissioner of Parks for the Boroughs of Brooklyn and Queens is hereby authorized and directed to prepare such modified plans and submit the same to the Board of Estimate and Apportionment for approval and adoption.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Engineer, Department of Finance, relative to the issue of \$175,000 Corporate Stock for the purpose of placing electrical conductors underground in various streets and avenues in the Borough of Brooklyn, as requested by the Fire Department:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 17, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Thomas W. Churchill, Deputy and Acting Fire Commissioner, in communication under date of November 3, 1905, requests the Board of Estimate and Apportionment, pursuant to section 47 of the Greater New York Charter, as amended by Chapter 409 of the Laws of 1904, to authorize the issue of Corporate Stock to an

amount not to exceed \$175,000 for the purpose of placing electrical conductors underground in various streets and avenues in the Borough of Brooklyn. I would report:

At meeting of the Board of Estimate and Apportionment held January 29, 1903, a bond issue of \$40,000 was authorized for the purpose of placing wires and conduits for the fire alarm system underground in the Borough of Brooklyn, and at meeting of January 13, 1905, \$100,000 was authorized by the Board for the same purpose, making a total of \$140,000; of this amount there remains an available balance of about \$50,000.

I have been informed by the Fire Department that it would cost about \$225,000 to complete all of the work of placing wires underground within a circle whose radius is from Jay street to Prospect Park.

The additional work proposed I consider necessary and can probably be done within the next year.

Therefore, if the financial condition of the City warrants the expenditure, I think the Board of Estimate and Apportionment may properly authorize the Comptroller to issue Corporate Stock, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to the amount of \$175,000, for the purpose of placing electrical conductors underground in the various streets and avenues in the Borough of Brooklyn.

Respectfully,

EUG. E. McLEAN, Engineer.

FIRE DEPARTMENT—CITY OF NEW YORK,
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, November 3, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment:

SIR—Pursuant to the provisions of section 47 of the Greater New York Charter as amended by chapter 409 of the Laws of 1904, and in compliance with the recommendation of the Deputy Fire Commissioner, boroughs of Brooklyn and Queens, contained in communication of the 30th ult., I have the honor to request that the Board of Estimate and Apportionment approve of the issue of Corporate Stock to an amount not exceeding one hundred and seventy-five thousand dollars (\$175,000), for the purpose of placing electrical conductors underground in various streets and avenues in the Borough of Brooklyn, in accordance with a notification of the Deputy Commissioner of the Department of Water Supply, Gas and Electricity, Borough of Brooklyn, dated August 21, 1905, and reading as follows:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
BROOKLYN, August 21, 1905.

Fire Department, No. 365 Jay Street, Brooklyn, N. Y.:

GENTLEMEN—You are hereby notified that, pursuant to section 527 of the Greater New York Charter, the following times have been fixed within which electrical conductors shall be placed underground, in accordance with the resolution of the Board of Estimate and Apportionment, adopted July 14, 1905.

August 1, 1906.

Albemarle road, between Brighton Beach Railroad and Ocean avenue.
Bedford avenue, between Atlantic avenue and Eastern parkway.
Bedford avenue, between Church and Flatbush avenues.
Boerum place and Court square, between Bergen and Fulton streets.
Clark street, between Fulton street and Columbia Heights.
Clymer street, between Lee and Kent avenues.
Court street, between Atlantic avenue and Fourth place.
DeKalb avenue, between Fulton street and Clinton avenue.
Greene avenue, between Fulton street and Grand avenue.
Hicks street, between Fulton street and Atlantic avenue.
Ocean parkway, between Fort Hamilton avenue and the Concourse.
Sands street, between Adams and Navy streets.
Tompkins avenue, between Fulton street and Myrtle avenue.

January 1, 1907.

Hoyt street, between Fulton street and President street.
Throop avenue, between Fulton street and Myrtle avenue.

Yours very truly,

(Signed)

T. R. FARRELL,

Deputy Commissioner, Borough of Brooklyn.

In connection with the subject I inclose herewith copy of communication from the Deputy Fire Commissioner, Boroughs of Brooklyn and Queens, dated October 30, 1905, hereinbefore referred to, and of report of the Electrical Engineer of this Department, bearing date October 27, 1905.

Respectfully,

THOMAS W. CHURCHILL, Deputy and Acting Commissioner.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding one hundred and seventy-five thousand dollars (\$175,000) for the purpose of placing electrical conductors underground in the various streets and avenues in the Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred and seventy-five thousand dollars (\$175,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Principal Assistant Engineer, Bureau of Franchises, Department of Finance, relative to the system of carrying the wires of all public service corporations, and those to be laid by the City for its own use, by means of subways, etc.:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 21, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I beg to call your attention to the necessity of action by the City in adopting a uniform system for the carrying of the wires of all public service corporations, and those to be laid by the City for its own use, by means of subways, which system may be extended in all the boroughs of the city as circumstances may require.

In the boroughs of Manhattan and The Bronx there are two systems now in use, each operated by private companies under contracts granted pursuant to the provisions of chapter 534 of the Laws of 1884, as amended. The Consolidated Telegraph and Electrical Subway Company provides ducts for high voltage wires, furnishing light, heat and power, while the Empire City Subway Company, Limited, rents space for low tension lighting wires and to telegraph, telephone and other companies of similar character. The contracts under which these companies are operating provide for equal rights for all electrical companies, but as the first company above referred to is controlled absolutely by the New York Edison Company, which is in turn controlled by the Consolidated Gas Company, and as the Empire City Subway Company, Limited, is controlled by the New York Telephone Company, no electrical companies not associated with one or the other of these two monopolies have been enabled to obtain space. In consequence, the City has been able to secure no competition whatsoever for its public lighting service, and the present exorbitant charges are the direct result; the electric lighting companies attempting to prove such charges justifiable by reason of the high rentals charged for duct space, while at the same time controlling the companies owning such ducts.

Although it is probable that the contracts to the two subway companies have been extremely profitable and were granted under the proviso that all profits over ten per

cent. upon the cost of actual construction should be paid to the City, not a single dollar has ever been turned into the City Treasury. Suits have now been commenced against both companies for the recovery of the excess profits and the surrender of the subway conduits to the City under the terms of the contract. Should the City be successful in these suits, it will then come into possession of a system in the boroughs of Manhattan and The Bronx which may be extended as required, and in which the City may grant rights to all companies operating or desiring to operate within the said boroughs, upon equal terms.

The situation in Brooklyn, however, is entirely different. In the year 1902 the Board of Estimate and Apportionment, pursuant to the provisions of section 525 of the Charter, upon the recommendation of the Commissioner of Water Supply, Gas and Electricity, laid out a certain restricted area, within which it was provided that all aerial electrical conductors within the streets should be placed underground. This resolution has been observed to a greater or less extent, and quite a large proportion of the wires within the district are now underground, but each company has constructed its own subways with the result that a large portion of the ground under the surface of the streets is now occupied by separate systems, which will in time cause such congestion as will seriously interfere with the introduction of any new system or the supplementing of the present systems. I believe that such a policy should be immediately stopped.

The Board of Estimate and Apportionment on December 30, 1904, appointed a commission, known as the Commission on Electric Lighting, to prepare plans and estimates for a municipal lighting plant, capable of furnishing sufficient power to supply light in the streets of all the boroughs, and a part of the work of this Commission has been to prepare plans for a subway system in Brooklyn and Queens for the proper distribution of the power, it being understood that under the contract the Consolidated Telegraph and Electrical Subway Company must furnish the necessary conductors in the boroughs of Manhattan and The Bronx, or should the City succeed in its suits against this company, then it would control absolutely the Manhattan and Bronx subways.

I am advised that in the Borough of Brooklyn alone the cost of such subways will exceed \$2,000,000, and it would seem therefore that if the City is at this time to expend such an amount of money for the lighting plant alone, it would be more advisable to expend a somewhat greater sum and prepare to carry all underground conductors for the separate private corporations, thereby receiving in rentals a sum probably sufficient to pay the interest on the bonded investment. This would at the same time obviate the necessity of opening streets time after time, with the consequent destruction of the newly laid pavements.

Other cities have seen the wisdom of such a course, and Baltimore's success in building and operating its subways for the carrying of underground wires is perfectly illustrated by the cost at which it has been enabled to light its streets, to say nothing of the income derived by the City. Many other cities have followed a like course, and the most recent convert is Camden, New Jersey, whose City Council at a recent meeting, upon receiving an application from the Bell Telephone Company to lay its conduits under certain of the streets, decided it would postpone action on the application, meanwhile constructing its own subways in which all companies should be compelled to place their wires.

This is exactly the situation in New York to-day. Applications are pending not only from three telephone companies, but also from a messenger service company, for rights to lay wires in the streets of all the boroughs, and should any of such rights be granted it would necessitate the opening of streets generally, only to be reopened when other companies should enter the field and obtain further rights. It would therefore seem that the work now being done by the Commission of Electric Lighting should be further extended and that Commission directed to prepare plans for a subway system in Brooklyn and Queens capable of holding all underground conductors, and such additional subways in Manhattan and The Bronx as may be necessary to extend the subways now controlled by the Consolidated and Empire City companies, in case the City succeeds in the pending suits against these companies. This work can be carried on in connection with the building of the necessary subways for the electric lighting plant, thereby saving large sums for the City in actual construction and at the same time counteracting the present monopoly.

I submit herewith resolutions for adoption by the Board of Estimate and Apportionment, carrying the above recommendations into effect, should the same meet with your approval.

Respectfully,

HARRY P. NICHOLS, Principal Assistant Engineer.

The following resolution was offered:

Resolved, That the Commission on Electric Lighting, heretofore appointed by this Board on December 30, 1904, and composed of the Engineer of the Board and Messrs. George F. Sever and Cary T. Hutchinson, be and it is hereby directed to prepare plans for submission to this Board of a comprehensive system of subways in the boroughs of Brooklyn and Queens capable of carrying all underground electrical conductors, including distributing wires of the Municipal Electric Lighting Plant, and also plans for necessary extensions of the existing subways in Manhattan and The Bronx, upon the same lines, together with an estimate of cost of the same.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to an appropriation of \$5,000 for carrying out the provisions of chapter 638 of the Laws of 1905, requiring the Bertillon measurement of persons committed to the Workhouse.

Laid over.

The Secretary presented the following report of the Engineer, Department of Finance, relative to the request of the Commissioner of Correction for an appropriation of \$25,000 to provide for putting in order all cell doors, locks, locking devices, etc., at the Penitentiary, Blackwell's Island:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 8, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Francis J. Lantry, Commissioner, Department of Correction, in communication under date of October 31, 1905, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock, to the amount of \$25,000, to provide for the putting in thorough order all cell doors, locks, locking devices, etc., at the Penitentiary, Blackwell's Island.

I would report that the Supervising Inspector in his report to the Commissioner, after stating the condition of the present cell doors and locking system, submits two suggestions for the Commissioner's consideration.

The first plan suggested by Mr. Jammer, Supervising Inspector, is to equip two wings, 496 cells, with new locks, and altering the present lever system to fit these locks by using the present doors would cost, at \$30 per cell, \$15,000.

Mr. Jammer's alternative suggestion calls for a complete installation of new doors, new locks and altering the present lever system to fit new locks for the entire 736 new cells in the three wings, comprising the old Penitentiary.

From an examination that I have had made of the premises I am of the opinion that this new installation is necessary and is justified, as the present doors and locks have been in use since 1840, when the Penitentiary was built.

The work being necessary, I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the amended Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$25,000 for the purpose of improving and permanently bettering the New York County Penitentiary, Blackwell's Island, by the installation of new

doors and new locking system for the entire cells in the three wings, comprising the old Penitentiary.

EUG. E. McLEAN, Engineer.

DEPARTMENT OF CORRECTION,
COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET,
NEW YORK, October 31, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I beg to inclose herewith copy of a report from Mr. Charles Jammer, Inspector of this Department, recommending the putting in thorough order all cell doors, locks, locking devices, etc., at the Penitentiary, in order to provide for the rapid unlocking of the cells in case of fire.

I have approved the suggestion of the Inspector, and would respectfully ask your Honorable Board to authorize the issue of Corporate Stock of The City of New York to the amount of twenty-five thousand dollars (\$25,000), to permit me to have this work done at the New York County Penitentiary, Blackwell's Island.

Very respectfully yours,

FRANCIS J. LANTRY, Commissioner.

NEW YORK, October 30, 1905.

Hon. FRANCIS J. LANTRY, Commissioner of Correction, No. 148 East Twentieth Street, City:

DEAR SIR—Replying to your letter of October 10, 1905, requesting me to make a tour of the cells at the Penitentiary, Blackwell's Island, and report to you the present condition of the locking device, locks, etc., would say that after a careful examination of the old locking device on the cells of the old prison, beg to submit the following as my report, viz.:

North wing, old prison, four tiers high, total of two hundred and fifty-six cells (256);

West wing, old prison, four tiers high, total of two hundred and forty cells (240);

South wing, old prison, female, four tiers high, total of two hundred and forty cells (240);

Making a grand total of seven hundred and thirty-six cells (736).

In my examination of the locks of the above cells I found in a great many instances that when the cells were locked the locks could be opened again without the aid of a key; this exists principally in the north wing, on the east side, on all four tiers, but the general condition of the locks all the way through are pretty well worn out from the constant use they have had since the inception of this institution; the tumblers of these locks are so worn away that it would be useless to expend any money trying to repair them, and further, it appears to me that in case of fire the present locking system would be a menace to the inmates as well as the Keepers in charge. Each individual cell would have to be unlocked separately, and in their present worn-out condition may not respond to the key as promptly as the conditions may demand; they are just as liable to refuse unlocking as they would locking, and continuous use will not improve their present imperfection.

I most respectfully submit several suggestions which, in my judgment, might be well to consider, viz.:

Remove all the locks from the cells of the north and west wings of the old prison building and replace same with new non-picking tumbler locks, altering the present lever system, fitting the new locks to same so that all the cells on each tier can be opened at once by means of the lever, also so arranged that any individual cell may be dead locked or opened by a master key; those in charge would be able to turn out, almost instantly, all the prisoners in the entire building in case of fire. The number of cells in these two wings are 496, and this change can be made at a cost not exceeding \$30 a cell, using the present cell doors.

You will note that I make no mention of the south wing, which is occupied by female prisoners; there are 240 cells in this wing and but half of them are in use, and the locks are in fairly good shape at the present time.

Another suggestion I offer is this: Renew the entire iron cell doors and locks in the three wings, only using that part of the present lever system which is practical; in this way the greater portion of the work of building the doors and the locking device could be done at the factory and shipped to the ground ready to put up, thereby avoiding the unsafe condition of the prisoners while the work of overhauling the locking device is in progress, and by the time the old locks are removed and the necessary patching to fit the new locks is made, it will cost almost as much as entire new doors, when you figure that at least \$12 a ton can be obtained for the old doors, etc.

With the practical and varied experience I gained while supervising the construction of the locking device of the new City Prison, just recently completed, I feel confident that the suggestions herein offered would, if carried out accordingly, put the Penitentiary cells in as good and practical operating condition for the safe keeping of prisoners, as far as the locking device is concerned, and the rapid unlocking of cells in case of fire as any institution of its kind in the United States.

I respectfully recommend that an appropriation be asked for to the amount of \$25,000 to install this work.

Respectfully submitted,

(Signed) CHAS. JAMMER, Supervising Inspector.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding twenty-five thousand dollars (\$25,000), for the purpose of providing means for constructing, improving, permanently bettering and equipping buildings under the jurisdiction of the Department of Correction, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars (\$25,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Engineer, Department of Finance, relative to the request of the President of the Borough of The Bronx for an appropriation of \$650 for the erection of a drinking fountain to be erected at the junction of Boston road and Prospect avenue, Borough of The Bronx:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 6, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Louis F. Haffen, President of the Borough of The Bronx, in communication under date of September 28, 1905, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$650, to provide for the erection of a drinking fountain to be erected at the junction of Boston road and Prospect avenue, Borough of The Bronx.

I would report that I consider this improvement very meritorious, and while I think the Municipal Art Commission should pass upon the design, in my opinion \$650 is a reasonable figure for a drinking fountain suitable for the location.

If the financial condition of the City warrants the expenditure, I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$650, to provide for the erection of a drinking fountain at the junction of Boston road and Prospect avenue, Borough of The Bronx.

The Secretary presented the following report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to the request for the issue of \$36,000 Special Revenue Bonds to defray the expenses of repairing, rebinding and relabeling the books of record in the offices of the Surrogate, Register, County Clerk and Commissioner of Records, Kings County:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 20, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In the matter of a resolution of the Board of Aldermen, adopted May 23, 1905, as follows:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty-six thousand dollars (\$36,000), proceeds thereof to be applied to defraying the expenses of repairing, rebinding and relabeling the books of record in the office of the Surrogate, Register, County Clerk and Commissioner of Records in the County of Kings."

—which resolution was referred to the Comptroller and concerning which you have directed an examination to be made by the Investigations Division, I beg to report as follows:

In a letter signed by Surrogate James C. Church, Register Matthew E. Dooley, County Clerk Edward Kaufmann and Commissioner of Records John K. Neal, addressed to the Board of Estimate and Apportionment under date of March 29, 1905, the estimated work, to provide for which the issue of Revenue Bonds previously referred to was requested, was in brief as follows:

Rebinding.

	Total Number of Books.	Repairing and Rebinding.
Register's office	8,627	2,457
County Clerk's office	4,741	1,585
Surrogate's office	1,260	930
Total to be rebound and repaired	4,972

In addition to the rebinding, attention was called to the necessity of relabeling all the libers in the three offices, to adapt the books for the new metal cases installed with the remodeling of the Hall of Records in Brooklyn. Under the old arrangement the books stood upright and were labeled accordingly. Under the new plan they lie flat, requiring that the labels be placed lengthwise on the back of the volume. I am informed that the average number of labels required on each volume is four, making approximately 60,000 labels for all the books in the three offices.

In compliance with a request made by me, the Commissioner of Records, in June last, caused to be prepared a detailed statement for the three offices of Surrogate, Register and County Clerk, showing those volumes which were actually in bad condition as to bindings and those which were in fair condition, and also those which were mutilated to a greater or less extent by torn or loose leaves. The recapitulation of the results of this examination was as follows:

OFFICES OF THE SURROGATE, REGISTER AND COUNTY CLERK OF THE COUNTY OF KINGS.
Grand Recapitulation.

	Number of Libers in Bad Condition.	Number of Libers in Fair Condition.
Surrogate's office	167	163
Register's office	2,688	624
County Clerk's office	446
Total	3,301	787
Total number of libers in bad condition	3,301	
Total number of libers in fair condition		787
Total		4,088

Final Recapitulation.

	Bad.	Fair.
Exterior condition	3,301	787
Interior condition	719
Total	4,020	787
Grand total, bad condition	4,020	
Grand total, fair condition		787
Grand total		4,807

It is to be noted that this examination showed only 446 libers in the County Clerk's office to be in bad condition, as against 1,585 estimated to require rebinding, as per the letter of the County officers under date of March 29, and that in the Surrogate's office 167 libers are noted as in bad condition as against 930 libers in the March 29 letter. The results of the detailed examination in June as to the Register's office, namely, 2,688 libers requiring new binding, were closer to the estimate of March 29, which was 2,457 libers.

While the examination of June was most painstaking and very much in detail, investigation made at that time led me to believe that the mater should be gone into

still further in detail, with a view to determining approximately the number of libers which would require rebinding or repairing in order to place the offices in good shape in the early months of 1906. In accordance with this idea, Commissioner Neal caused a still more detailed examination to be made in September, 1905, by two representatives of the Commissioner of Records' office, in co-operation with myself. The results of this final examination are approximated in the following statement, which shows a considerable increase over the number of libers requiring rebinding, as per the examination in June, but closely approximates the rough estimate made in the letter of the County officers on March 29. The results of the September examination are in brief as follows:

Register's Office—		
Libers to be rebound	3,654
Mutilations to be repaired, not requiring rebinding, estimated....	350
County Clerk's Office—		
Libers to be rebound	977
Mutilations to be repaired, not requiring rebinding, estimated....	117
Surrogate's Office—		
Libers to be rebound	330
Mutilations to be repaired, not requiring rebinding, estimated....	40
Total libers to be rebound	4,961
Mutilated libers	507

In addition to the number of libers stated as requiring rebinding in the County Clerk's office, there are about 2,000 volumes belonging to this office in the cellar of the Hall of Records, most of them containing records of great value, one-half of which should be rebound, but I have not included these in the tabulation because they are only infrequently used, and the need for the restoration of them is by no means as great as for the other libers included in this examination.

The number of libers to be relabeled is, of course, approximately the same as in the preliminary estimate of March 29. Speaking generally with regard to the condition of these libers, and as the result of examinations made, not only in connection with this report, but at other times, it may be said that hundreds of these volumes are now in such condition as actually to preclude their use by the public, and the number which are rapidly approaching that condition is large.

The appearance of the libers in their racks, especially in the County Clerk's and Register's offices, is one of general dilapidation which, aside from seriously detracting from the beauty of these offices with their magnificent new equipment, is a menace to maintaining the integrity of the records contained in said libers.

The county officers, in their communication to the Board of Estimate and Apportionment on March 29, estimated the cost of rebinding and repairing at \$30,000, which is approximately on the basis of \$6 per volume. This would seem to be a conservative estimate, but one which should, if the expenditure is carefully supervised, restore these offices to a condition of very excellent repair so far as the condition of the libers is concerned.

The estimated cost of the 60,000 labels and the lettering on the same, at the average rate of 10 cents each, would be \$6,000, as stated in the previously noted letter of the county officers of March 29. This cost, I understand, includes the lettering of each of the labels with from one to three lines of gilt letters and the pasting of the same on the backs of the libers.

In respect generally to the amount of money requested, it would seem to be reasonable, taking into consideration the amount of work to be done.

The resolution as passed by the Board of Aldermen and previously quoted in this report does not indicate the method of disbursement of the proceeds of the bonds when sold. Under the statutes governing his office, it would appear that the Commissioner of Records himself cannot control this money, as his disbursements in any one year are limited to \$100,000, and that amount is wholly taken up with his present payroll and incidental office expenses.

In connection with the subject of disbursements for the preservation of these records by the county officers, I beg to call your attention to these facts, and in so doing I will not go further back than the appropriations for the purposes of 1903.

The Surrogate of Kings County for 1903 and for the two years subsequent has been allowed in the Budget \$2,500 each year for Recopying Old and Mutilated Records. This amount in 1903 and 1904 was unexpended and returned to the General Fund. No disbursements have been charged against said fund for the year 1905.

The County Clerk of Kings County was allowed for Recopying and Rebinding Mutilated and Wornout Judgment Rolls, Records and Papers in Suit, etc., in the—	
Budget of 1903.....	\$10,000 00
Budget of 1904.....	10,000 00
Budget of 1905.....	13,000 00
Total.....	\$33,000 00

Of this amount \$10,496.85 was disbursed for the actual work of recopying and rebinding, and \$22,503.15 was disbursed on pay-rolls for Laborers, the assumption being that the expenditure for the employment of these Laborers was justified for the care and preservation of said mutilated records.

The Register of Kings County was allowed for Recopying and Indexing Libers of Conveyances and Mutilated Records, in the Budgets of 1903, 1904 and 1905, \$16,000 each year. Of this amount \$24,877.21 was paid for the actual work of recopying and rebinding and \$23,122.79 on Laborers' pay-rolls, as previously noted with regard to the procedure in the County Clerk's office.

It therefore appears that in the past three years there has been disbursed in the office of the Register and of the County Clerk, for the purpose of maintaining the records of the county in good repair, \$81,000, of which \$35,374.06 has been spent for the actual work of recopying and rebinding and \$45,625.94 for the employment of Laborers.

In this connection I beg to state I am informed that only a small percentage of the actual binding and repairing of bindings done for these offices is paid for out of these appropriations, the work for the most part being actually done by the Bookbinders on the pay-rolls of the Commissioner of Records. Materials for the bookbinding are furnished from appropriations controlled by the Board of City Record.

In the Budget for 1905 the Register of Kings County was allowed \$2,000 for Rebinding Old and Mutilated Records. The books of the Finance Department show that of this amount during the present year there has been expended \$323.50 for rebinding old records, and that the remainder of the appropriation has been transferred to other appropriations, namely: \$1,520.39 to the appropriation for Compensation of Copyists and Recording Clerks and \$155.11 to the appropriation for Recopying and Indexing Libers of Conveyances and Mutilated Records.

I have no information upon which to base any judgment as to the wisdom of such large disbursements for the employment of Laborers out of this appropriation. I can merely state the fact that if this amount of \$47,625.94 had been used for rebinding during the past three years the condition of the record books of the county would be far better than it is at present.

I understand further that the employment of Laborers under these appropriations has not been especially required because of the rebuilding of the Hall of Records, for the reason that removal of records of the various offices and their replacing in their new filing cases, etc., have been provided for otherwise, namely, on August 2, 1904, an issue of Special Revenue Bonds, to the amount of \$20,000, was authorized for the purpose of Caring for, Cleaning, Overhauling and Removing Records into New Hall of Records. This Revenue Bond issue was apportioned among the county offices as follows:

Surrogate	\$5,600 00
Register	5,600 00
County Clerk	5,600 00
Commissioner of Records.....	3,200 00
Total.....	\$20,000 00

This amount not proving sufficient for these purposes, the following Revenue Bond authorizations were made during the present year:

Mar. 10, 1905. Surrogate	\$7,500 00
June 11, 1905. Register	7,500 00
July 7, 1905. County Clerk	10,000 00
Total.....	25,000 00

Thus making the Revenue Bonds authorized for this purpose since August 2, 1904, aggregate..... \$45,000 00

In a report to you under date of November 16, 1905, in reference to the request of the Register of Kings County for an issue of Revenue Bonds to replenish the appropriation of his office for Recopying and Indexing Libers of Conveyances and Mutilated Records, a statement is made which may be of value in connection with the present matter. The quotation is as follows:

"The Register's explanation of so large a disbursement for Laborers is that the work of the office has enormously increased, while he has no power to increase his staff otherwise than by the employment of Laborers, because of the statute limitations fixing the number of employees of the office when said office was changed from the fee system to a salary system, under chapter 706 of the Laws of 1901.

"The practice of the employment of these Laborers and charging the same to this appropriation, however, antedates the present Register when no such emergency conditions existed as at present, and the explanation by one of the ex-Registers of said practice was that these Laborers were required to care for and preserve from mutilation the records of the office.

"I would respectfully suggest in this connection that the continuance of the practice of the Laborers' payroll in the Register's office, in Kings County, and also in the Clerk's office of Kings County, should be discouraged by the Board of Estimate and Apportionment, and that if there are any clerical needs they should be met in a manner more in accordance with the Civil Service regulations, for I understand that these Laborers are not appointed from any Civil Service list, but entirely at the direction of the county officers so employing them."

While preparing this report the following communication from Hon. John K. Neal, Commissioner of Records, was received by the Comptroller:

"Hon. EDWARD M. GROUT, Comptroller of The City of New York, Stewart Building, No. 280 Broadway, Borough of Manhattan, New York:

"DEAR SIR—On May 23, 1905, a resolution passed the Board of Aldermen, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty-six thousand dollars (\$36,000), the proceeds thereof to be applied to paying the expenses of rebinding, repairing and relabeling the books of record in the offices of the Surrogate, Register, County Clerk and Commissioner of Records of the County of Kings. Subsequently the matter was referred to Mr. Charles S. Hervey, Auditor of Accounts. Mr. Hervey called at this office and made a personal investigation as to the condition of the books; and this was followed by a detailed statement, prepared under the direction of this office, which is now in the possession of Mr. Hervey. The condition of the books in these offices to-day is the result of many years of neglect; and the continued delay is likely to cause just public criticism.

"There seems to be no way to properly meet this situation, except by a special appropriation. I do not know how or to whom this appropriation might be made.

"Originally many of the books were furnished by the Board of City Record, and it is possible that if the work were done by that Department, it would be the most effective means to secure satisfactory results.

"My sole concern is that this highly important work be commenced at the earliest practicable moment.

"Yours very truly,
(Signed) "JOHN K. NEAL,
"Commissioner of Records of the County of Kings."

In view of the fact that careful examination shows the necessity for the disbursement of the amount requested, I would respectfully recommend that the Board of Estimate and Apportionment comply with the request of the Board of Aldermen for the issue of \$36,000 of Revenue Bonds for the purposes specified, and that, in compliance with the suggestion of the Commissioner of Records of Kings County, the proceeds of the sale of these bonds be disbursed by the Board of City Record.

Yours respectfully,

CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

OFFICE OF THE COMMISSIONER OF RECORDS OF THE COUNTY OF KINGS,
HALL OF RECORDS, BOROUGH OF BROOKLYN,
CITY OF NEW YORK, March 29, 1905.

Board of Estimate and Apportionment of The City of New York, Hon. GEORGE B.

McCLELLAN, Chairman, No. 280 Broadway, Borough of Manhattan, New York:

GENTLEMEN—On March 13, 1905, the Surrogate, Register, County Clerk and Commissioner of Records of the County of Kings, conferred to consider the condition of the records in the three county offices.

The Commissioner of Records submitted an itemized statement, showing that there are 8,627 books of record in the Register's office, of which 1,351 require rebinding, and 1,106 repairing. In the County Clerk's office there are 4,741 books of record 1,585 of which are in such condition as to require rebinding and repairing. In the Surrogate's office there are 1,260 books of record, of which 930 require rebinding and repairing, making a total of 4,972 books in the three county offices requiring rebinding and repairing, the estimated cost of which is \$30,000.

In addition to this, there will be required, for immediate use, 60,000 labels to be placed on 15,000 libers in the three county offices, these being necessary to adapt the books for the new metal cases. Under the old arrangement, the books stood upright, and were labeled accordingly. Under the new plan they lie flat, and will be required to be placed in such a way that the books can be readily recognized by persons desiring to use them. The estimated cost for the labeling of these books is \$6,000.

It is of the highest importance that this work be done, and it is earnestly requested that provision be made for the same at the earliest practicable moment. It is believed that this work can best be done by contract awarded to the lowest responsible bidder.

Respectfully yours,

JAMES C. CHURCH, Surrogate of the County of Kings.
MATTHEW E. DOOLEY, Register of the County of Kings.
EDWARD KAUFMANN, County Clerk of the County of Kings.
JOHN K. NEAL, Commissioner of Records of the County of Kings.

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty-six thousand dollars (\$36,000), proceeds thereof to be applied to defraying the expenses of repairing, rebinding and relabeling the books of record in the office of the Surrogate, Register, County Clerk and Commissioner of Records in the County of Kings.

Adopted by the Board of Aldermen, May 23, 1905, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor, June 6, 1905, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted May 23, 1905, in relation to the expenditure of thirty-six thousand dollars (\$36,000) by the Board of City Record for the purpose of defraying the expenses of repairing, rebinding and relabeling the books of record in the office of the Surrogate, Register, County Clerk and Commissioner of Records of Kings County, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of thirty-six thousand dollars (\$36,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of Brooklyn presented the following resolution relative to the establishment of the position of Secretary to the Board of Estimate and Apportionment, with salary at the rate of \$7,500 per annum:

Resolved, That the Board of Estimate and Apportionment hereby establishes the position of Secretary to the Board of Estimate and Apportionment, at a salary of seventy-five hundred dollars (\$7,500) per annum, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at said rate of seventy-five hundred dollars (\$7,500) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of Brooklyn presented the following resolution authorizing the Mayor to communicate with the Municipal Civil Service Commission requesting said Commission to place in the exempt class the position of Secretary of the Board of Estimate and Apportionment:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the Mayor to communicate with the Municipal Civil Service Commission and request said Commission to place in the exempt class the position of Secretary of the Board of Estimate and Apportionment.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition by purchase of property located on Richmond terrace or Shore road, Port Richmond, Borough of Richmond, as a site for a Municipal lighting plant:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 23, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Special Committee appointed by the Mayor, relative to the acquisition of sites for Municipal electric lighting plants in The City of New York, through the Chief Engineer of the Board of Estimate and Apportionment, in a communication dated November 21, 1905, selects certain property in the Borough of Richmond at the foot of Elm street, Port Richmond, which is offered to the City by Charles Griffith of Port Richmond for the sum of \$55,000.

Mr. Griffith, as will be seen by the inclosed map, makes two alternate propositions—one is a plot (the westerly side outlined in black) of about 275 feet in length, a portion of which is 100 feet and the remainder 140 feet in width, containing some 35,000 square feet, together with a roadway 20 feet in width and 275 feet long, by which access may be had from Richmond terrace. Included in this is the grant of land under water of some 70,000 square feet. The water front is docked and there is forty feet of water sixty feet from the end of the dock and ample depth for vessels at the dock.

Mr. Griffith claims that this dock was built and filled in about twenty years ago at a cost of \$10,000. His price for this property is \$32,000, he reserving the right of way over the 20-foot strip to reach his stable at the rear of his front property.

Located on this property is a 2-story frame club house in good repair, which cost upwards of \$2,400, and would serve for offices or superintendent's residence.

Mr. Griffith also offers his entire plot (which will do away with his reservation of the right of way above mentioned), having a frontage of 150 feet on Richmond terrace and 195 feet at the bulkhead line (outlined in red and blue on the map), including his residence and all other improvements, for \$55,000.

The price asked for this property, either in part or as a whole, is lower in proportion to actual values than any other plot which has been under consideration as a proposed site for the electric light plant, and is in my opinion fair and reasonable.

There is very little purchasable water front property left on the north shore of the Borough of Richmond, and what little remains is held at high prices.

I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution approving the action of the Special Committee and authorize the acquisition of the entire plot at a price not exceeding \$55,000.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of a site for a Municipal lighting plant in the Borough of Richmond, bounded and described as follows:

All those two certain plots of land and land under water, with the docks, buildings and improvements thereon, situated, lying and being in the Third Ward of the Borough of Richmond (formerly in the Village of Port Richmond, Town of Northfield), County of Richmond and City and State of New York, bounded and described as follows:

Plot No. 1.

Beginning on the northerly side of Richmond terrace or Shore road at the south-westerly corner of land of Dr. William C. Walser, and running thence along Richmond terrace or Shore road north eighty-three (83) degrees and thirty-two (32) minutes west one hundred and fifty (150) feet; thence north six (6) degrees and seven (7) minutes east three hundred and thirteen (313) feet (parallel to the easterly line of Gibson's land) to a stone wall at highwater mark; thence north eighty-five (85) degrees and fifty-seven (57) minutes east one hundred and ninety-five (195) feet, along high water mark, to the northwesterly corner of upland of Dr. William C. Walser; thence along said Walser's land south twelve (12) degrees and thirty-four (34) minutes west three hundred and forty-seven (347) feet to the northerly side of said Richmond terrace and the point of beginning.

And also all that certain other parcel of land situated in the Borough of Richmond aforesaid and bounded and described as follows:

Plot No. 2.

Beginning at a point at the northwesterly corner of upland of William C. Walser and at the stone wall, said point being the northeasterly corner of the upland above described, and running thence along the northerly side of upland above described south eighty-five (85) degrees and fifty-seven (57) minutes west one hundred and ninety-five (195) feet along highwater mark to the northwesterly corner of land above described; thence north twelve (12) degrees and thirty-four (34) minutes east five hundred and fifty (550) feet, parallel to the westerly line of land under water in front of Dr. Walser; thence north eighty-five (85) degrees and fifty-seven (57) minutes east one hundred and ninety-five (195) feet to said land under water in front of Dr. Walser; and thence south twelve (12) degrees and thirty-four (34) minutes west five hundred and fifty (550) feet along said land under water in front of Dr. Walser to place of beginning.

The land above last described (namely Plot No. 2) being a part of the land under water granted to Jeny Faber by The People of the State of New York by Letters Patent dated December 4, 1869, recorded in Book No. 39 of Patents in Secretary's

Office at page 331, and also recorded in Richmond County Clerk's Office on the 22d day of May, 1905, in Liber 308 of Deeds, at page 11.

Being the same premises conveyed to the said Chas. E. Griffith and Emma H. Griffith by Anna Faber by deed bearing date the 31st day of May, 1905, and recorded in Richmond County Clerk's Office in Liber 307 of Deeds, page 264, May 31, 1905.

Together with all the right, title and interest of the parties of the first part of, in and to the streets in front thereof to the centre thereof of Plot No. 1 heretofore described, and also all the right, title and interest of the parties of the first part of all the riparian rights, the rights of wharfage and shippage on the Kill von Kull belonging or in any wise appertaining to said heretofore described parcels.

—and the Comptroller of The City of New York be and he hereby is authorized to enter into contracts for the acquisition of the same at a price not exceeding fifty-five thousand dollars (\$55,000), said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Chief Engineer, Board of Estimate and Apportionment, relative to the issue of Corporate Stock for the purpose of acquiring land and constructing a municipal electric lighting plant for The City of New York:

BOARD OF ESTIMATE AND APPORTIONMENT—THE CITY OF NEW YORK,
November 21, 1905.

Hon. GEORGE B. MCCLELLAN, Mayor of The City of New York:

SIR—The Commission which is preparing plans and estimates for electric lighting plants for the different boroughs has endeavored to secure a proper site for the Borough of Richmond, and of those which it has considered the most desirable appears to be one at the foot of Elm street, at Port Richmond. The owner of this property has submitted alternative propositions, one for the sale of the water front property, including land under water and an excellent dock at which vessels of deep draught could lie, together with a strip twenty feet in width by which access could be had from Richmond terrace, but reserving to himself the property fronting on the last named street, on which he now lives. The price for this is \$32,000. His alternative proposition is to sell the entire plot, including his home, for \$55,000.

It seems to the Commission that this is an exceedingly favorable offer, and that the City could undoubtedly make very profitable use of the area not needed for the lighting plant. It has been recommended to the Comptroller that options be secured covering both of these propositions. If the recommendation that the entire plot be acquired is approved, it will be necessary to provide about \$10,000 in addition to the money now available, there being a balance of the former bond issue of some \$48,000. If the recommendation that the entire plot be bought meets with your approval, I would suggest that a resolution be adopted at the next meeting of the Board of Estimate and Apportionment providing for an issue of Corporate Stock in the sum of \$10,000 to meet the expense of securing this site.

It may be proper for me to state that the Appraiser of Real Estate of the Department of Finance assures me that the City could undoubtedly dispose of the site already purchased for the plant for the boroughs of Brooklyn and Queens at an advance of some \$50,000.

I submit herewith a form of resolution providing for the issue of Corporate Stock should you approve of this action. The resolution is in the same form as that adopted on February 24, 1905, when an issue of \$600,000 was authorized.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding ten thousand dollars (\$10,000), in addition to the amount heretofore authorized, to provide means for the acquisition of land and the construction of a municipal electric lighting plant for The City of New York, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding ten thousand dollars (\$10,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Engineer of the Department of Finance, relative to the approval of the award of the contract for the New York Sanitary Utilization Company, for the final disposition of garbage in the Borough of Manhattan:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 20, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. John McGaw Woodbury, Commissioner, Department of Street Cleaning, in communication under date of November 16, 1905, requests the Board of Estimate and Apportionment, pursuant to section 544 of the amended Greater New York Charter, to approve of the award of a contract to the New York Sanitary Utilization Company, at \$148,000 for each of the five (5) years, for the final disposition of garbage, in the Borough of Manhattan, for a term of five (5) years, from August 1, 1906.

I would report that the Board of Estimate and Apportionment, on July 14, 1905, approved of the terms and conditions of the contract for this work. On August 25, 1905, the Commissioner of Street Cleaning transmitted the advertisement for this contract to the Supervisor of the City Record, and the advertisement first appeared in the City Record on August 26, 1905, and it stated that sealed bids or estimates would be received by the Commissioner of Street Cleaning until 12 o'clock m. Monday, November 6, 1905.

On November 6, 1905, the following bids were received and opened by the Commissioner:

American Reduction Company of Pittsburg, Pa., \$154,000 for each of the five years.
New York Sanitary Utilization Company, \$148,000 for each of the five years.
E. J. McKeever, \$300,000 for the first and second years; \$320,000 for the third, fourth and fifth years.

Darling & Co. of Union Stock Yards, Chicago, Ill., \$209,000 for each of the five years.

For your information I give a short memoranda of the methods of disposal of the garbage proposed by the respective bidders, also the location of the plants.

1. The American Reduction Company of Pittsburg, Pa.

The operation of this plan is to take the material by conveyor from the scows to the crushers. From this it passes to a direct heat dryer, 40 feet long by 6 feet in diameter, connected at one end with a furnace and at the other with a tall stack. In this operation about one-half of the moisture is evaporated. From this dryer the partly dried material is conveyed to the extractor, where it is treated with a solvent and the fats removed. The extractor consists of extractors, separators, condensers and necessary storage tanks for greases and solvents. The residue is then returned to a dryer, where the remaining moisture is removed, the stock ground, screened and bagged and ready for shipment as "garbage tankage."

The proposed location of the plant is in the City of Newark, N. J., or on a plot containing about 54 acres on Staten Island, lying between the Baltimore and Ohio Railroad property and a proposed basin, having a frontage of about 1,600 feet on Staten Island Sound.

2. New York Sanitary Utilization Company.

The method employed is the Arnold process of garbage utilization. The material, on reaching the plant at Barren Island, is immediately placed in steam-tight digestors, where it is cooked. From these digestors it is discharged into receiving tanks, from which it is made up into proper form for pressing in hydraulic or other presses, to separate the liquids from the solid material. The solid material is then conveyed to and passes through dryers to enable it to again separate from such foreign material as may be mixed with it, by means of screens. The liquid material runs by gravity into settling tanks, where all solid materials are again separated from it and returned to the digestors. The greases are allowed to rise to the surface and are pumped to proper storage tanks.

3. E. J. McKeever.

The plant is located on Barren Island, and the methods used in disposing of the garbage, while not identical in detail, are similar to the methods employed by the New York Sanitary Utilization Company.

4. Darling & Co., of Union Stock Yards, Chicago, Ill.

The proposed plant is to be located on Barren Island, and the method of disposing is known as the "solvent process." On arrival at plant, the garbage will be immediately dried in American Process Company dryers. From the dryers the material will be run through crushers. From the crushers the material will go into receptacles, where it will be treated with a solvent (either naphtha or carbon tetrachloride), which extracts the grease. The solvent and grease are drawn off. The solvent is then evaporated and the grease is run into barrels. The residue comes out of the receptacles perfectly dry and ready to be ground for fertilizer. Darling & Co. claim that this process is in successful operation on garbage at Pittsburg, Pa., Buffalo, N. Y., Cleveland, Ohio, St. Louis, Mo., and Dayton, Ohio.

In July, 1901, I made a personal examination of the plant and method of disposing of garbage employed by the New York Sanitary Utilization Company at Barren Island. The original plant built in 1896 had a capacity of about 8,500 tons per year. In 1901 and 1902 the plant was enlarged, increasing its capacity fully to 2,000 tons in twenty-four hours.

Without criticising the methods proposed by the other bidders, the method employed by the New York Sanitary Utilization Company I consider good and efficient, and, in my opinion, disposes of the garbage in a sanitary manner.

The bid of the New York Sanitary Utilization Company at \$148,000 per annum being the lowest, I think the Board of Estimate and Apportionment, pursuant to section 544 of the amended Greater New York Charter, may properly approve of the award of the contract to the New York Sanitary Utilization Company at \$148,000 for each of the five (5) years, for the final disposition of garbage, in the Borough of Manhattan, for a term of five (5) years, from August 1, 1906.

Respectfully,

EUG. E. McLEAN, Engineer.

DEPARTMENT OF STREET CLEANING,
NEW YORK, November 16, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

SIR—In accordance with the advertisement in the CITY RECORD bids were opened by me on Monday, November 6, 1905, for the contract for the final disposition of garbage in the Borough of Manhattan, for a term of five years from August 1, 1906, said contract having been approved, preliminary to the advertisement, as to terms and conditions, by resolution of your Board dated July 14, 1905. The bids received were at the following prices per annum:

1. American Reduction Company of Pittsburg, Pa., \$154,000 for each of the five years.
3. E. J. McKeever, \$300,000 for the first and second years; \$320,000 for the third, fourth and fifth years.
4. Darling & Co., of Union Stock Yards, Chicago, Ill., \$209,000 for each of the five years.

2. New York Sanitary Utilization Company, \$148,000 for each of the five years.

In accordance with the provisions of section 544 of the Charter, I have selected the bid of the New York Sanitary Utilization Company, the acceptance of which will, in my judgment, best secure the efficient performance of the work, and I request that your Board approve of the award of the contract upon said bid.

I transmit herewith the said bid together with a copy of the same for your files.

Respectfully,

JOHN McG. WOODBURY, Commissioner.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 544 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the award of the contract, by the Commissioner of the Department of Street Cleaning, to the New York Sanitary Utilization Company, for the final disposition of garbage in the Borough of Manhattan, for a term of five (5) years from August 1, 1906, at its bid of one hundred and forty-eight thousand dollars (\$148,000) for each of the five years.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

The Comptroller offered the following resolution:

Resolved, That the Commissioner of the Department of Street Cleaning be requested to report to this Board on the general question of the disposal of garbage, taking into account the experience of other cities.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

The Secretary presented the following communication from the Sheriff of Kings County relative to the transfer of \$1,400 from the account For Maintenance of Kings County Jail, Civil Prison, Women's Prison and Transportation Plant for 1905, to the account Salaries:

NEW YORK, November 16, 1905.

The Board of Estimate and Apportionment of The City of New York:

DEAR SIR—I respectfully request your Board to transfer from the unexpended balance for the maintenance account of the Kings County Jail for the year 1905 the sum of \$1,400 to the salary account for the office of the Sheriff of Kings County to make sufficient amount to pay the salaries of the employees of that office.

Yours respectfully,

HENRY HESTERBERG, Sheriff.

The following resolution was offered:

Resolved, That the sum of fourteen hundred dollars (\$1,400) be and the same is hereby transferred from the appropriation made to the Sheriff of Kings County for the year 1905, entitled for Maintenance of Kings County Jail, Civil Prison, Women's Prison and Transportation Plant, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Sheriff for the same year, entitled Salaries, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

The Secretary presented the following communication from the Surrogate of Queens County relative to the transfer of \$300 from the account Salaries to the account Supplies and Contingencies for 1905:

OFFICE OF THE SURROGATE, QUEENS COUNTY, NEW YORK,
JAMAICA, November 21, 1905.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Herewith I forward you resolution authorizing the transfer of the sum of three hundred dollars (\$300) from the appropriation made to the Surrogate's Court of Queens County for the year 1905, entitled Salaries, to the appropriation made to the Surrogate's Court for the same year entitled Supplies and Contingencies. Kindly have same placed on the calendar for the next meeting of the Board of Estimate and Apportionment and oblige.

Yours respectfully,

DANIEL NOBLE, Surrogate.

The following resolution was offered:

Resolved, That the sum of three hundred dollars (\$300) be and the same is hereby transferred from the appropriation made to the Surrogate of Queens County for the year 1905, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made for the same year and office, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Auditor of Accounts, Investigations Division, Department of Finance, relative to the issue of \$6,000 Special Revenue Bonds for making necessary repairs to the County Court House, New York County.

Laid over.

The Secretary presented the following communication from the Commissioner of Jurors, Queens County, relative to the establishment of the position of Stenographer and Typewriter, at the rate of \$600 per annum:

OFFICE OF THE COMMISSIONER OF JURORS,
QUEENS COUNTY COURT HOUSE,
LONG ISLAND CITY, November 21, 1905.

To the Honorable Board of Estimate and Apportionment, Hon. GEORGE B. McCLELLAN, Chairman:

GENTLEMEN—It is absolutely necessary that the position of Stenographer and Typewriter be permanently established in the office of the Commissioner of Jurors for Queens County, for the following reasons:

Since February, 1905, there were twenty thousand five hundred jury qualification notices sent out from this office to date. It will be necessary to send out about twenty-two thousand notices in all to complete the general call for this jury year, in regard to the notifying of persons to appear and qualify for jury duty in the County of Queens.

On the 1st of September this office furnished the three Municipal Courts of the borough a typewritten list of six hundred names of each juror, his address, and other necessary information as to his qualification, taken for their respective districts; and on or before the 1st of December the Commissioner of Jurors must furnish the County Clerk a typewritten list of jurors, consisting of some twenty-five hundred names, and the necessary information as to their qualifications. He must also file duplicate and additional lists in this office, also Grand Jury lists, by the end of December.

Owing to the recent criticism by the Supreme Court Judge, sitting during the April term of the Supreme Court in this County, of the management of this office in the

past, it seems that it would or should be necessary to perform our work in a more efficient or effective manner. At present the Stenographer in this office is employed at intermittent times, for which she is paid at the rate of three dollars per day, or at an average of thirty-five dollars per month, out of our contingent fund, amounting to only six hundred dollars, which fund has to meet postage, telephone, printing, disbursements and such similar contingencies as applies to this office during the year.

This being a county office, the State Civil Service Commission has refused to consider or recognize the position of Stenographer in this office an emergency position after May 1, 1905, and has held an examination, and placed the position in the classified list, and has furnished this office with a list of applicants who have passed such examination, with the request that the Commissioner name an appointee, and fix the necessary salary for the said position; and in a communication dated May 23, 1905, the State Civil Service Commission, through the Secretary, Mr. John C. Birdseye, informed this office that an appointment be made from the list sent us before another account is submitted for certification, which request has been complied with by making a temporary appointment.

It is impossible to do without a Stenographer and Typewriter in this office for the above reasons. The addressing of envelopes, making up of jury lists and answering all necessary communications devolves on just such a position.

I therefore would ask your Honorable Body to name and fix the sum of six hundred dollars as an appropriation towards such salary fund, to commence from the 1st of January, 1906.

Respectfully submitted,

JOHN P. BALBERT, Commissioner of Jurors.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Stenographer and Typewriter in the office of the Commissioner of Jurors of the County of Queens, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of six hundred dollars (\$600) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Vice-Chairman and Acting President of the Board of Aldermen, recommending the fixing of the salary of the position of Assistant Document Clerk of the Board of Aldermen at the rate of \$2,500 per annum.

Laid over.

The Secretary presented the following communication from the Private Secretary to the President, Borough of Brooklyn, relative to the transfer of \$23.39 from the account Bureau of Sewers—Sewers, Repairing and Cleaning, Payrolls and Supplies for 1904, to the account Topographical Bureau—Salaries and Supplies:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, November 21, 1905.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I am directed by the President of the Borough to respectfully request the transfer of \$23.39 from the appropriation made to the President of the Borough of Brooklyn for the year 1904, entitled as follows: Sewer Repairing and Cleaning, Payrolls and Supplies—Bureau of Sewers, the same being in excess of the amount required for the purposes thereof to Topographical Bureau—Salaries and Supplies, the amount of such appropriation being insufficient.

Yours very truly,

DENIS A. JUDGE, Private Secretary.

The following resolution was offered:

Resolved, That the sum of twenty-three dollars and thirty-nine cents (\$23.39) be and the same is hereby transferred from the appropriation made to the President of the Borough of Brooklyn for the year 1904, entitled Bureau of Sewers—Sewers, Repairing and Cleaning, Payrolls and Supplies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said President for the same year, entitled Topographical Bureau—Salaries and Supplies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Public Administrator of New York County, relative to the transfer of \$259.06 from the account Supplies for County Offices, New York County, for 1905, to appropriations made to the said Administrator for the same year:

BUREAU OF THE PUBLIC ADMINISTRATOR,
No. 119 NASSAU STREET, ROOM 1025.
NEW YORK, November 21, 1905.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—On June 16, 1905, your Honorable Board passed a resolution increasing the salary of Mr. Owen A. Keegan, the Messenger in this Bureau, from \$720 to \$1,000 per annum. The resolution was approved by the Board of Aldermen on June 20, 1905, and approved by the Mayor June 27, 1905.

To take care of the increase of salary to Mr. Keegan from June 27, 1905, to December 31, 1905, I shall need an additional sum of \$109.06.

I respectfully request, therefore, that you transfer to my salary account from some unexpended balance the sum of \$109.06.

I have been compelled for several years to ask also a transfer to my contingency account.

This has arisen by reason of the use of the telephone in the office, and from the fact that the City no longer supplies me with office furniture and office supplies.

This year I shall need \$150 additional for my contingencies, and request this additional sum.

Yours very respectfully,

WILLIAM M. HOES,

Public Administrator of the County of New York.

The following resolution was offered:

Resolved, That the sum of two hundred and fifty-nine dollars and six cents (\$259.06) be and the same is hereby transferred from the appropriation made for the County of New York for the year 1905, entitled Supplies for County Offices, the same being in excess of the amount required for the purposes thereof, to the appropriations made to the Public Administrator, New York County, for the same year, entitled and as follows:

Salaries	\$109 06
Supplies and Contingencies	150 00
	<hr/>
	\$259 06

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Broadway Board of Trade submitting resolutions adopted by said Board opposing the building of the terminal of the Brooklyn Bridge, etc.

The Board directed that said Board of Trade be notified that if it desired to submit a detailed statement of any proposition for the Brooklyn Bridge which suggests an alternative or substitute for the plans already adopted, the Board of Estimate and Apportionment would give the same its consideration.

The Secretary presented a report of the Principal Assistant Engineer, Department of Finance, relative to the petition of the New York Central and Hudson River Railroad Company, by its President, for the approval of a map showing lands to be conveyed in fee to the petitioner.

Laid over.

The Secretary presented the following communication from the Comptroller relative to the issue of \$33,234.87 Corporate Stock, the proceeds to be applied to the payment of the costs of the Commissioners of Estimate and Assessment in the matter of opening and extending Bedford avenue, Borough of Brooklyn:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 23, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am advised by the Corporation Counsel that the costs of the Commissioners of Estimate and Assessment in the matter of opening and extending Bedford avenue, from a point in the Eastern parkway where said Bedford avenue is already opened, and extending in a southerly direction to Flatbush avenue, in the Twenty-fourth and Twenty-ninth Wards, in the Borough of Brooklyn, City of New York, was taxed by an order of the Supreme Court, dated October 31, 1905, at the sum of thirty-three thousand two hundred and thirty-four dollars and eighty-seven cents (\$33,234.87), and that the same are payable from the proceeds of bonds or stock to be issued in accordance with the provisions of section 6, chapter 764 of the Laws of 1900, as amended by section 1, chapter 590 of the Laws of 1901.

A resolution is herewith submitted for the issue of Corporate Stock of The City of New York to the amount of thirty-three thousand two hundred and thirty-four dollars and eighty-seven cents (\$33,234.87), in accordance with the opinion of the Corporation Counsel, dated November 17, 1905.

Respectfully,

EDWARD M. GROUT, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 6, chapter 764 of the Laws of 1900, as amended by section 1, chapter 590 of the Laws of 1901, the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the revised Greater New York Charter, to the amount of thirty-three thousand two hundred and thirty-four dollars and eighty-seven cents (\$33,234.87), the proceeds whereof to be applied to the payment of the costs of the Commissioners of Estimate and Assessment in the matter of opening and extending Bedford avenue, from a point in the Eastern parkway, where said Bedford avenue is already opened, and extending in a southerly direction to Flatbush avenue, in the Twenty-fourth and Twenty-ninth Wards, in the Borough of Brooklyn, City of New York, as taxed and allowed by an order of the Supreme Court, dated October 31, 1905.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a request from the President of the Borough of Queens for an appropriation of \$20,000 for the use of the Topographical Bureau, Borough of Queens.

The Secretary presented the following communication from the Mayor, relative to the transfer of \$2,000 from the account, Bureau of Licenses, Mayor's Office—Supplies and Contingencies for 1905, to the account, Salaries and Contingencies, Mayor's Office:

CITY OF NEW YORK—OFFICE OF THE MAYOR,
November 23, 1905.

To the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—I desire to ask for the transfer of \$2,000 from the Salary and Contingencies Fund for the License Bureau of this office to the Salary and Contingencies Fund of the Mayor's office.

This transfer is made necessary by the increase of the general work of this office.

Respectfully,

GEO. B. McCLELLAN, Mayor.

The following resolution was offered:

Resolved, That the sum of two thousand dollars (\$2,000) be and the same is hereby transferred from the appropriation made to the Mayoralty for the year 1905, entitled Bureau of Licenses, Mayor's Office—Supplies and Contingencies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said office for the same year, entitled Salaries and Contingencies, Mayor's Office, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition by condemnation of property located at Fourth avenue and First street, Borough of Brooklyn, for playgrounds:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 23, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The City of New York, as successor to the City of Brooklyn, is the owner and holder of tax sale certificates acquired under and by virtue of the provisions of chapter 114 of the Laws of 1883, for the non-payment of taxes, assessments and water rates.

The property covered by the certificates was sold to the old City of Brooklyn in July, 1886, and is known on the old assessment maps, in existence at the time the sale was made by the Registrar of Arrears of said City to the City of Brooklyn, as Lots Nos. 6, 8, 9, 46, 49, 50, 51, 52, 54 and 61, in Block 13 of the Twenty-second Ward, and is located on Fourth avenue and on First street in said Borough of Brooklyn.

As to Lots Nos. 8 and 9, The City of New York acquired a deed thereon, but in an action at law the title to the City was declared invalid, by reason of the fact that Lots Nos. 8 and 9 were tied together in one parcel at the time of the sale. While this is true, the Legislature immediately by an act relieved the taxes on said property,

and it is a question in my mind if they are not now a lien on the property. However, it is a legal question, and is included with the other lots in these proceedings to be acquired by condemnation proceedings.

Lots Nos. 6, 46, 49, 50, 51, 52 and 54 front on First street. Lot No. 61 is the bed of old Gowanus road. The question as to whether the title to this old road is in the City or in adjacent property is also a legal one.

The amount of money due the City on all of these lots for taxes, assessments and water rates in each and every one is more than the value of the property.

This plot has been selected as a site for playground purposes in a badly congested district of Brooklyn. In order to have a large playground in this section it will be necessary to take in four parcels of land which are not owned by The City of New York. One heretofore mentioned and known as Lots Nos. 8 and 9, at the corner of Garfield place and Fourth avenue; one at the northeasterly corner of Fourth avenue and First street, and two parcels on First street.

I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution laying out these parcels for playground purposes, authorize the institution of condemnation proceedings for the acquisition thereof, and present resolution herewith for such action.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and selects the following lands and premises for playground purposes, located in the Borough of Brooklyn, City of New York, bounded and described as follows:

All those certain lots known and designated on the old assessment maps of the City of Brooklyn, in force July 21, 1886, as Lots Nos. 6, 8, 9, 46, 49, 50, 51, 52, 54 and 61, in Block 13 of the Twenty-second Ward, which was sold for the non-payment of taxes, and certificates of the sales were issued by the Registrar of Arrears of the City of Brooklyn to the City of Brooklyn, which are registered in the office of the now Collector of Assessments and Arrears, in Liber 83 of Sales, by the certificates Nos. 3946, 3947, 3950, 3953, 3954, 3955, 3956, 3958 and 3959.

And also those other parcels of land bounded and described as follows:

Beginning at the point of intersection of the easterly side of Fourth avenue with the northerly side of First street, and running thence northerly along the easterly side of Fourth avenue 100 feet; thence easterly parallel with First street 100 feet; thence southerly parallel with Fourth avenue 100 feet to the northerly side of First street, and thence westerly along the northerly side of First street 100 feet to the point or place of beginning; and also all that certain lot

Beginning at a point on the northerly side of First street distant 128 feet 9 inches easterly from the northeasterly corner of Fourth avenue and First street; running thence northerly parallel with Fourth avenue to the southerly line of old Freeke's Mill road; running thence southeasterly along the old Freeke's Mill road 20 feet, more or less; running thence southerly again parallel with Fourth avenue to the northerly side of First street; running thence westerly along the northerly side of First street 20 feet to the point or place of beginning; and also

All that other parcel of land situate on the north side of First street distant 228 feet 9 inches easterly from the northeasterly corner of First street and Fourth avenue; running thence northerly parallel with Fourth avenue to the southerly side of old Freeke's Mill road; running thence southeasterly along the old Freeke's Mill road 75 feet, more or less; running thence southerly and again parallel with Fourth avenue to the northerly side of First street, and running thence westerly along the northerly side of First street 75 feet to the point or place of beginning, which said above-described premises are assessed for the purposes of taxation for the year 1905 at \$20,530, —and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the above-described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described property at private sale, subject to the approval of this Board; and be it further

Resolved, That the Comptroller of The City of New York be requested to have three similar maps prepared of the property, and when so prepared delivered to the Corporation Counsel to be used in the condemnation proceedings.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution, transferring \$3,000 from the appropriation made to the President of the Borough of Queens for 1905, entitled Bureau of Highways—Labor, Maintenance and Supplies, to the account Bureau of Public Buildings and Offices—Supplies and Repairs, including Wages of Mechanics, Laborers, Cleaners, etc.:

Resolved, That the sum of three thousand dollars (\$3,000) be and the same is hereby transferred from the appropriation made to the President of the Borough of Queens, for the year 1905, entitled Bureau of Highways—Labor, Maintenance and Supplies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said President of the Borough of Queens, for the same year, entitled Bureau of Public Buildings and Offices—Supplies and Repairs, including Wages of Mechanics, Laborers, Cleaners, etc., the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a request from the President of the Borough of Queens, for the fixing of the salary of the position of Engineer in charge of the Topographical Bureau, with salary at the rate of \$4,000 per annum.

Referred to the Comptroller.

The Secretary presented the following communication from the Chief Engineer, Board of Estimate and Apportionment, relative to the assignment to the work of triangulation of The City of New York of Messrs. James A. Brennan and Robert D. Warner, Jr., at \$900 per annum:

BOARD OF ESTIMATE AND APPORTIONMENT OF THE CITY OF NEW YORK,
November 24, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Several weeks ago the Board of Estimate and Apportionment authorized and requested the Mayor to promote Messrs. James A. Brennan and Robert D. Warner, Jr., from Axemen on the staff of the Triangulation Bureau, at a salary of \$900 per annum, to Chainmen and Rodmen at \$1,050, they having successfully passed an

examination for the higher grade. The promotions were made, as it seemed to me perfectly clear that they could be under the rules of the Civil Service Commission, but the Commission has refused to approve the pay-roll on the ground that these names were not among the three highest on the list.

Inasmuch as these men have been certified to several other departments where they can at once receive a salary of \$960 each, and as it is important that they should be retained on this work, I would recommend that the grade of Axeman at a salary of \$960 per annum be created on the staff of the Board of Estimate and Apportionment, and that Messrs. Brennan and Warner be promoted to that grade.

Resolution to that effect is herewith submitted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 406 of the Laws of 1903, the Mayor be and he hereby is authorized and requested to appoint two (2) Rodmen, each at a salary of nine hundred and sixty dollars (\$960) per annum, to be assigned to the work of triangulation of The City of New York, and to promote Messrs. James A. Brennan and Robert D. Warner, Jr., now employed as Axemen at nine hundred dollars (\$900) per annum, to such positions.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Board adjourned to meet Friday, December 1, 1905, at 10.30 o'clock a. m.

J. W. STEVENSON, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of Nineteenth street, between Third avenue and the bulkhead line, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on December 29, 1905, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on December 1, 1905, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of Nineteenth street, between Third avenue and the bulkhead line, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at Third avenue and Nineteenth street, the grade to be 12.77 feet as heretofore; thence northwesterly along Nineteenth street to a point 319 feet northwesterly from the northwesterly curb line of Third avenue, the grade to be 8.94 feet; thence northwesterly to the intersection of Second avenue, as authorized by chapter 132 of the Laws of 1892, and Nineteenth street, the grade to be 7.00 feet, as heretofore; thence northwesterly along Nineteenth street to the bulkhead line, the grade to be 5.00 feet.

All elevations refer to mean high water datum as established by the Bureau of Highways of the Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 29th day of December, 1905, at 10.30 o'clock.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be

published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 29th day of December, 1905.

DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK, SOUTHWEST CORNER OF FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Health of the Department of Health until 10 o'clock a. m. on

SATURDAY, DECEMBER 30, 1905,

FOR FURNISHING AND DELIVERING 10,615 TONS OF WHITE ASH ANTHRACITE COAL, AS REQUIRED, TO THE DEPARTMENT BUILDING, SIXTH AVENUE AND FIFTY-FIFTH STREET; THE WILLARD PARKER AND RECEPTION HOSPITALS, AT THE FOOT OF EAST SIXTEENTH STREET; THE HOSPITAL FOR CONTAGIOUS EYE DISEASES, AT ONE HUNDRED AND EIGHTEENTH STREET AND PLEASANT AVENUE, BOROUGH OF MANHATTAN; THE DEPARTMENT BUILDING, AT THIRD AVENUE AND ST. PAUL'S PLACE; THE DISINFECTING STATION, AT THE FOOT OF EAST ONE HUNDRED AND THIRTY-SECOND STREET; AND THE RIVERSIDE HOSPITAL, AT NORTH BROTHOR ISLAND, BOROUGH OF THE BRONX; THE DEPARTMENT BUILDING, AT NOS. 38 AND 40 CLINTON STREET, AND THE KINGSTON AVENUE HOSPITAL, AT KINGSTON AVENUE AND FENIMORE STREET, BOROUGH OF BROOKLYN, CITY OF NEW YORK, DURING THE YEAR 1906.

A sample of the coal proposed to be delivered under this contract shall be submitted for examination and test with the bid. This sample, if possessing the necessary qualifications, as to ash and carbon as indicated in the specifications, will be submitted to a calorimeter test to determine its value as expressed in British thermal units. By dividing the number of thermal or heat units in a ton, as determined by the calorimeter test aforesaid, into the price per ton as submitted by the contractors, the cost per heat unit will be obtained. This cost will be made the basis of payment for all deliveries. It is intended that all deliveries should be equal in heat units produced to the sample thus tested, but deliveries producing heat units within a margin of 3 per cent. either way, as will be determined by tests of samples selected from each delivery, will be paid for at the contract price. Any delivery falling below this margin will be paid for on a basis of the total number of heat units produced, as indicated by the selected samples aforesaid, multiplied by the cost per heat unit as determined by the original test. Likewise any delivery producing a greater number of heat units than the margin allowed will be paid for in like manner. It is understood, however, that the right is reserved to reject any delivery where the number of heat units produced falls eight per cent. (8%) or more below the standard fixed by the tests made on the original sample, or where the coal does not conform to the sizes and standards specified.

DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK, SOUTHWEST CORNER OF FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Health of the Department of Health until 10 o'clock a. m. on

WEDNESDAY, DECEMBER 27, 1905,

FOR FURNISHING AND DELIVERING WHITE ASH ANTHRACITE COAL, AS REQUIRED, TO THE DEPARTMENT STEAMBOATS, IN THEIR BUNKERS, AS DIRECTED, THE PLACE FOR COALING TO BE LOCATED ALONG THEIR ROUTES BETWEEN THE FOOT OF EAST SIXTEENTH STREET, BOROUGH OF MANHATTAN, AND NORTH BROTHER ISLAND, BOROUGH OF THE BRONX, THE CITY OF NEW YORK, OR AT DOCKS WITHIN A RADIUS OF TWO MILES OF THE TERMINAL POINTS, DURING THE YEAR 1906.

The Department steamboats ply daily between North Brother Island, Borough of The Bronx, and the foot of East Sixteenth street, Borough of Manhattan. They will call at the dock of the Contractor daily, or as often as necessary, to receive such coal as is required to keep their bunkers well supplied. The dock of the Contractor must be located along the routes of the steamboats, or within a radius of two miles from either terminal. The dock of the Contractor must be a regularly equipped coal dock, fitted with machinery for handling coal and for loading the same into boats quickly and to the satisfaction of the Department. Such apparatus should be in the nature of a chute to be lowered into the steamboats' bunkers, through which the coal can be rapidly passed, or must be of some other modern type satisfactory to the Department. Provision must be made at the dock to coal the boats upon demand without any unnecessary or unreasonable delay. Notice will be given the Contractor by telephone, at least one hour before a boat arrives at the Contractor's dock, that it will require coal at some given hour; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The time for the completion of the work and the full performance of the contract is during the year 1906.

The amount of security required is fifty per cent. (50%) of the amount of the bid. Bids will be compared and the contract awarded to the lowest bidder for the contract complete, as indicated by the specifications.

Blank forms and further information may be obtained at the office of the Chief Clerk of the Department of Health, southwest corner of Fifty-fifth street and Sixth avenue, Borough of Manhattan.

DEPARTMENT OF FINANCE.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of the City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

THURSDAY, JANUARY 11, 1906,

at 11 a. m., on the premises, the buildings and appurtenances thereunto belonging, erected upon real estate acquired for school purposes belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging, erected upon the following-described parcel of land under the jurisdiction of the Board of Education of The City of New York, being on the westerly side of Webster avenue, adjoining the north line of lands of Public School 67, Glendale, Borough of Queens, more particularly described as follows:

Beginning at a point formed by the intersection of the northerly line of the lands of Public School 67 with the westerly line of Webster avenue, which point is distant 125 feet northerly from the northerly line of Central avenue and running thence northerly along the westerly line of Webster avenue 18 feet; thence westerly and parallel with Central avenue 100 feet; thence southerly and parallel with Webster avenue 18 feet to the northerly line of the lands of Public School 67; thence easterly along the northerly line of said lands of Public School 67 100 feet to the westerly line of Webster avenue, the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Thursday, January 11, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description, within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all claims and actions, claims and demands, of every name and description, brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam-holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.

RECEIVING BASINS and appurtenances at northeast, northwest and southwest corners of WEST ONE HUNDRED AND EIGHTY-EIGHTH STREET AND AQUEDUCT AVENUE; northeast and northwest corners of WEST ONE HUNDRED AND NINETIETH STREET AND AQUEDUCT AVENUE; east side at first change of grade south of WEST ONE HUNDRED AND EIGHTY-EIGHTH STREET. Area of assessment: Both sides of Aqueduct avenue, from Fordham road to a point distant about 298 feet north of One Hundred and Ninetieth street; both sides of One Hundred and Eighty-eighth street and One Hundred and Ninetieth street, from Croton Aqueduct to Aqueduct avenue, and east side of Lee Taw avenue, extending about 238 feet north of One Hundred and Ninetieth street.

that the same were confirmed by the Board of Assessors December 19, 1905, and entered on December 19, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon or before February 17, 1906, will be exempt from interest, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the power vested in them by law, will offer for sale at public auction on

THURSDAY, JANUARY 4, 1906,

at 11 a. m., on the premises, the buildings and appurtenances thereunto belonging erected upon real estate acquired for bridge purposes, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging, erected upon the following-described parcel of land under the jurisdiction of the Commissioner of the Department of Bridges of The City of New York, being the buildings situated on the westerly side of Sutton place, between East Fifty-ninth and East Sixtieth streets, in the Borough of Manhattan, more particularly described as follows:

Beginning at a point formed by the intersection of the north side of Fifty-ninth street with the west side of Avenue A (Sutton place), and running thence westerly along the north side of Fifty-ninth street 206.5 feet; thence northerly along the property belonging to the City parallel, or nearly so, with Avenue A (Sutton place) 200.83 feet to the south house line of Sixtieth street; thence easterly along the south house line of Sixtieth street 206.46 feet to Avenue A (Sutton place); thence southerly along the west house line of Avenue A (Sutton place) 200.83 feet to point of beginning.

Specifically reserving from the above sale the building on the southwest corner of Sixtieth street and Sutton place, in the Borough of Manhattan, together with the entire party wall on the southerly side of said premises.

By direction of the Comptroller the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Thursday, January 4, 1906, at 11 a. m. on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor. The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

CORPORATION SALE OF TAX CERTIFICATES.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, DECEMBER 26, 1905,

at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to certain tax sale certificates registered in the office of the Collector of Assessments and Arrears in the Borough of Brooklyn, known by the certificate numbers 5655 and 5656, being for the sale of the non-payment of taxes on lots fronting on Atlantic avenue, in the Borough of Brooklyn, between Troy and Schenectady avenues, and known as Lots Nos. 15 and 16, in Block 157, of the Twenty-fourth Ward, Borough of Brooklyn.

The minimum or upset price at which the said certificates are to be sold is hereby appraised and fixed at \$1,500 for the two certificates. The sale of the said certificates will be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid or purchase money at the time of the sale. The assignment of the certificates of sale for taxes duly executed by the proper officer, will be delivered to the purchaser at the time of the sale, and shall be taken by the said purchaser without recourse.

The Comptroller may, at his option, resell the certificates if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved.
By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board, held November 28, 1905.

EDWARD M. GROUT,
Comptroller.

BOARD OF CITY RECORD.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received at the office of the Supervisor of the City Record, Park Row Building, Nos. 13 to 21 Park row, in The City of New York, until 11 o'clock a. m. on

WEDNESDAY, DECEMBER 27, 1905,

FOR SUPPLYING PRINTED, LITHOGRAPHED OR BLANK BOOKS, DOCKETS, LIBERS, BINDING COVERS, BINDING, ETC., FOR THE USE OF THE COURTS AND THE DEPARTMENTS AND BUREAUS OF THE GOVERNMENT OF THE CITY OF NEW YORK DURING THE YEAR 1906.

The time for the delivery of the materials and supplies and the performance of the contract shall not be later than June 30, 1906. The Supervisor, however, may require a delivery at an earlier date of any item or items on this contract by notice to the contractor, whereupon the item or items called for must be delivered not later than thirty days after said notice.

The amount of security shall be twenty-five per cent. of the amount of the bid.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title given above, of the work for which the estimate is made, with his or their name or names and the date of presentation, to the Supervisor of the City Record, at the said office, on or before the date and hour above named, at which time and in the office of the Mayor the estimates received will be publicly opened by the Board of City Record, and read, and the award of the contract made according to law as soon thereafter as practicable.

The bidder must state the item price for each item and the total price of each schedule. The

bids will be tested and the award made by schedules.

The said Board reserves the right to reject all bids or estimates if it deems it to be for the interest of the City so to do.

Delivery will be required to be made at the office of the City Record from time to time and in such quantities as may be directed by the Supervisor of the City Record.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications to be had at the office of the Supervisor and on file in the office of the Comptroller.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Board of City Record, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the City Record, where further information can be obtained.

Samples are on exhibition at Rooms 813 and 814, Park Row Building.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
