MESSAGES FROM THE MAYOR.

The President laid before the Board the following communication from his Honor the Mayor:

No. 109.

City of New York, Office of the Mayor, }
January 23, 1906.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—There is now pending before the State Legislature a bill designed to fix the maximum price of gas in the Boroughs of Manhattan and The Bronx, the Borough of Brooklyn (except that portion known as Coney Island), and in the First Ward of the Borough of Queens, at 80 cents per 1,000 feet, and to provide for reductions of similar proportions in the other parts of the City. A similar measure

suffered defeat in the last session of the Legislature, partly, I regret to say, through the votes of a number of Senators from this City who endeavored to excuse their action by stating that the sentiment in favor of the bill did not emanate from the people of the City, notwithstanding my request as Mayor that the Senators support the bill.

In view of the importance of the bill now pending, and to prevent, if possible, a recurrence of the action of last year, so unjust to New York, I respectfully recommend to your Honorable Board that you, as representatives of the several sections of this municipality, give public expression to the universal demand for the passage of this measure.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Which was referred to the Committee on Water Supply, Gas and Electricity.

PETITIONS AND COMMUNICATIONS.

No. 110.

Huntington, Pa., January 16, 1906.

Gentlemen—As a citizen and taxpayer of Seventeenth Ward, Brooklyn, N. Y., I think the present dumping station of garbage and ashes on Manhattan avenue should be abolished; also protest against proposed slaughter house to be maintained foot of Oak street.

Yours respectfully,

JOHN W. GERGER, No. 133 Kent street, Brooklyn, N. Y.

Which was referred to the Committee on Public Health.

No. 111.

William J. Fryer, No. 104 Havemeyer Building, }
New York, January 20, 1906.

To the Honorable the Board of Aldermen of The City of New York, Hon. PATRICK F. McGOWAN, President:

Gentlemen—You have before you for consideration Resolution No. 88 in re to the proposed revision of the building code.

As a member of the Building Code Commission of 1899, and having taken an active part in the several revisions of the building laws during the past twenty years, including the drafting of the building law for The City of New York in 1885, which was the first modern and complete building law enacted in the United States; and having a knowledge of the difficulties encountered in and the skill required in preparing building regulations and of the importance to the people of this City that such a work shall be properly and well done, I hereby respectfully protest against the formation of a building code commission in the way that is proposed by the resolution in question.

In the list of trades and professions recited in the resolution are named several which have no rightful place in a body that is to provide a general building ordinance which shall be the absolute guide for the construction of buildings in this City. For example: Plumbing regulations do not form part of the building code, but are established by the Bureau of Buildings under special authorization in the City Charter. Why, then, should a plumber be accorded a place on the Commission? Sanitary regulations are not contained in a building code, but are provided for in the sanitary code and in the regulations of the Health Department. Why, then, should a sanitary engineer be accorded a place on the Commission? A physician is to be named, but for like reasons just stated, it would seem that such a selection would be unnecessary. A lawyer is to be named, and while a lawyer is absolutely necessary in the proper making up of the commission, he should be named by the Corporation Counsel and be one of his assistants who has had experience in administering the building laws. It does not follow that a man who is simply an architect, an engineer or a builder is an expert in drafting a building law that is to cover the entire range of technical subjects that a code has to do with.

There is no difference of opinion that the building code needs a thorough revision. Since the time of its enactment six years ago many changes have been made in the Charter which affects the building code. A tenement house law has been enacted, a tenement house department created, the former department of buildings abolished and bureaus of buildings in the several boroughs established instead, superintendents of buildings have taken the place of commissioners, etc., and these changes, together with new methods of building that have been introduced, make it imperative that the building code should be revised with as little delay as practicable.

The building laws of New York have always been in advance of all other cities and have been more or less copied throughout this country, and also in some of the larger cities abroad. To the end that the revised building code shall continue to hold an acknowledged place of excellence, I would respectfully suggest that a better composition than the one proposed in the resolution for a commission to revise the building code would be as follows:

A Superintendent of Buildings from each of the five boroughs, ex-officio; the Chairman of the Board of Examiners; the Chief of the Fire Department, ex-officio; a member of the New York Board of Fire Underwriters; a representative of the Corporation Counsel, and six other persons who shall be architects, civil engineers, master builders or iron manufacturers, all of whom shall be experienced in the science and practice of buildings and have been engaged not less than ten years in business on their own account in The City of New York, and be residents and voters in the aforesaid City. The commission should be provided with a secretary, a stenographer and typewriter, expenses for printing, and suitable office facilities for carrying on its work and for the giving of hearings to trade associations and persons interested.

Very respectfully,

WM. J. FRYER.

Which was referred to the Committee on Buildings.

No. 112.

New York, January 22, 1906.

To P. J. SCULLY, Esq., Clerk of the Board of Aldermen, New York City:

Sir—Please take notice that I claim to have been, on November 7, 1905, duly elected to membership on the Board of Aldermen of The City of New York, by virtue of the fact that I received the most number of votes cast for member of the Board of Aldermen in the Fifty-ninth Aldermanic District of The City of New York; and that I enter this my protest against the right and title of Patrick S. Keely to membership on said Board, by virtue of a certain pretended certificate of election, delivered to him by the Board of Elections of The City of New York, wherein it was made to appear that said Patrick S. Keely was duly elected to membership in said Board of Aldermen of the Fifty-ninth Aldermanic District in The City of New York, and that I propose to and do hereby contest the right of said Patrick S. Keely to membership in said Board of Aldermen, and his right to represent the people of the Fifty-ninth Aldermanic District therein.

Respectfully,

ROBERT GRIFFITHS, Contestant.

Clarence J. Shearn, of Counsel.

Which was referred to the Committee on Privileges and Elections.

In connection with the above protest Alderman Morris reserved the right to object to the same, providing the time for filing such protest had expired.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the President of the Borough of Brooklyn:

No. 113.

The City of New York, }
Office of the President of the Borough of Brooklyn, }
Brooklyn, January 2, 1906.

To the Honorable the Board of Aldermen:

Gentlemen—The President of the Borough of Brooklyn instructs me to transmit to your Honorable Body the accompanying proposed resolution for adoption by the Board.

Very respectfully,

CHARLES FREDERICK ADAMS, Secretary.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the offices of the Presidents of the various Boroughs each of the said Presidents of the various Boroughs may, by requisition, draw upon the Comptroller for a sum not exceeding five hundred dollars (\$500), and may in like manner renew the draft as often as he may deem necessary, to the extent of the appropriation set apart for "Contingencies" in his office, during the year 1906; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the Presidents of the Boroughs, covering the expenditure of the money paid thereon.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the President of the Borough of Richmond:

No. 114.
The City of New York,
Office of the President of the Borough of Richmond,
New Brighton, N. Y., January 4, 1906.

P. J. SCULLY, City Clerk, City Hall, New York City:

Dear Sir—Inclosed find draft of resolution allowing Borough Presidents to draw from time to time upon the Comptroller for a sum not exceeding \$500 from the Contingency Fund. Will you have this resolution placed upon the calendar for action by the Board.

Yours very truly,
GEORGE CROMWELL, President of the Borough.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the offices of the Presidents of the various Boroughs, each of the said Presidents of the various Boroughs may, by requisition, draw upon the Comptroller for a sum not exceeding five hundred dollars (\$500), and may in like manner renew the draft as often as he may deem necessary to the extent of the appropriation set apart for "Contingencies" in his office during the year 1906; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the Presidents of the Boroughs, covering the expenditure of money paid thereon.

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Fire Department:

No. 115.
Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, January 15, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City Hall, New York:

Sir—On September 15, 1899, the Commissioners of the Sinking Fund, at the request of this Department, assigned to it the plot of ground at the northeast corner of Fifty-sixth street and Twelfth avenue, Borough of Manhattan, being 55 feet and 11 inches on Twelfth avenue and 500 feet on Fifty-sixth street, as a site upon which to erect a new Repair Shops building.

With the proceeds of bond issues the new building has been erected and equipped at an approximate outlay of \$275,000, and the Department is now in possession of a model structure of its kind of which it has long stood in great need, the facilities offered at the old Repair Shops, constructed more than three decades since, having been outgrown.

In order to utilize the advantages which the new building has placed at the disposal of the Department it has been found that it will be necessary to increase the working force of the Repair Shops, and the officer in charge of that branch of the service has submitted a report on the subject, a copy of which is herewith inclosed, showing the need of additions to the staff of employees at an estimated annual outlay of \$25,218.50 as follows:

One Clerk, duties, cost cards and property returns.....	\$1,050 00
One Coremaker	1,064 00
One Brass Moulder.....	1,216 00
Five Stablemen	3,800 00
One Carriage-bodymaker	1,216 00
One Rubber-tire Repairer.....	1,216 00
One Patternmaker	1,216 00
Two Machinists	2,432 00
Three Carriage Painters.....	3,648 00
One Mechanical Draughtsman.....	1,216 00
One Machine Woodworker.....	1,216 00
One Electrician	1,216 00
One Watchman for new addition in day time.....	912 50
One Blacksmith's Helper, tire room.....	760 00
One Laborer, storeroom and office.....	760 00
One Laborer, wood shop	760 00
One Laborer, machine shop.....	760 00
One Laborer, blacksmith shop.....	760 00
Total.....	\$25,218 50

For the pay-rolls of the Repair Shops of this Department for the current year the sum of \$107,320 was asked for use in the Boroughs of Manhattan and The Bronx, and \$39,354.75 in the Boroughs of Brooklyn and Queens, a total of \$146,674.75, as against \$128,803.23 allowed, a decrease of \$17,871.52.

Of the total appropriation, \$128,803.23, the sum of \$89,753.75 has been apportioned for use of the Repair Shops in the Boroughs of Manhattan and The Bronx, and \$39,049.48 in the Boroughs of Brooklyn and Queens.

The present pay-roll of the Repair Shops, boroughs of Manhattan and The Bronx, amounts to \$95,083.50 per annum, whereas the sum apportioned for this purpose is, as already stated, but \$89,753.75, being \$5,329.75 less than the sum required to meet said pay-roll.

With a view to overcoming this deficiency and to provide for the increased force of mechanics and others necessary for the proper manning and operating of the new Repair Shops, I deem it my duty to ask that the Board of Aldermen, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended by chapter 24 of the Laws of 1905, adopt a resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed thirty-one thousand dollars (\$31,000).

I inclose draft of resolution designed to accomplish the object in view, with the request that your Board take early and favorable action thereon.

Respectfully,
JOHN H. O'BRIEN, Commissioner.

Fire Department of The City of New York, Repair Shops,
Boroughs of Manhattan and The Bronx,
Corner Twelfth Avenue and Fifty-sixth Street,
New York, January 8, 1906.

Hon. JOHN H. O'BRIEN, Fire Commissioner:

Sir—The appropriation for salaries, Repair Shops pay-roll, Boroughs of Manhattan and The Bronx, for the year 1905, was \$79,753.75. I am informed that an increase of \$10,000 has been allowed for the year 1906 over that of 1905, for the purpose above stated, which would make the amount available for salaries for the current year \$89,753.75. There will, therefore, be a deficit of \$5,329.75 for the year 1906, without any provision being made for an increase in the number of employees. The lost time of employees is approximately balanced by the overtime made by employees on emergent work at quarters of various companies and by the wrecking gang.

The new brass foundry will soon be completed and a coremaker and moulder will be required to do the necessary work therein.

The new stable will require the services of five stablemen. There will be at the stable of the new Repair Shops two spare teams for the handling of apparatus, a horse and wagon for the use of the wrecking gang, all of which are liable to be called out at any hour, day and night; four horses and wagons for daily use, one horse and wagon

for the use of officer in charge of Repair Shops. This will necessitate one stableman on duty from 12 o'clock midnight to 8 a. m., one from 6 a. m. to 3 p. m., one from 8 a. m. to 4 p. m., and two from 4 p. m. to 12 midnight. It will be necessary to keep a couple of spare horses, as the work is constant and many of the drives long, and it frequently happens that after horses have been out all day they are kept out nearly all night on wrecks. The care of twelve horses and the necessary cleaning of wagons, harness, etc., cannot be properly done by three men. One of the stablemen will act as watchman from 5 o'clock p. m. to 8 o'clock a. m., a time clock for whom has been procured.

The installation of various new machines in the wood shop necessitates the employment of a machine woodworker, as it would be dangerous for an unskilled operator to work some of the most useful machines.

Mechanical draughtsman—The great variety of work done in the Repair Shops requires the services of a man skilled in mechanical drawing and the making of blue prints. There should be on file working drawings of the principal parts of the engines and trucks; there should be drawings for the making of patterns and much of the repairs to be made to the fire boats.

Carriage body maker—There are some sixty top buggies and fourteen wagons (not including fuel and hose wagons) in service in the Department. Body making is a trade separate from that of carpenter or wheelwright and the work of body making cannot be done properly by any other than one accustomed to that kind of work.

Patternmaker—There ought to be a complete set of patterns for all of our brass, composition and other castings.

Three painters and strippers—The force of painters is utterly inadequate for the needs of the service. There are 114 engines, 89 hose wagons, 13 combination engines, 4 water towers, about 75 vehicles, not including spare apparatus, 24 fuel wagons and 59 hook and ladder trucks, most of which have not been repainted since first placed in service. Ratio of vehicles to painters, 42 to 1. The present force of painters are kept busy on poles, eveners, whiffletrees, shafts, wheels and battalion wagons, repaired.

One watchman—The new addition to shop, including brass foundry, store yard and paint shop for engines and trucks, will necessitate a day watchman; the night stablemen as heretofore stated can guard same during the night.

One clerk—The present office force cannot keep up with the work, and in some lines of work such as cost cards and property returns, are several months behind.

One electrician or electric engineer—To do the necessary electrical work, there being in service ten electric motors.

Rubber tire repairer—There are in use in the Department 120 vehicles, including engines and trucks, equipped with rubber tires, and the number is constantly increasing. The repairs to rubber tires constitute about one-half of the expenditures on orders issued at the Repair Shops during the year. There are forty wheels now at the factory being equipped with tires and channels and there are now in shop forty-four wheels to have repairs made to tires and channels. The present method of repairs involves unnecessary labor; each wheel is handled in a wagon four times; from the apparatus to shop, from shop to factory, from factory to shop, from shop to apparatus. This generally results in the marring of the paint, resulting in extra work for the paint shop and consequent delay. There are few firms manufacturing a satisfactory tire in sizes suited to the needs of the Department. Competition is keen, prices are lower than they have been for years, and it sometimes happens that the rubber furnished does not give satisfactory service. I would, therefore, respectfully suggest that the work be done in the shop, that a sample of the compound required be furnished to bidders, that the amount required for the current year be advertised for and furnished in the various sizes, according to sample.

Two machinists—There has not been a time for years when there has not been on file in the office a number of orders for repairs to apparatus that could not be attended to when required by reason of insufficient help and room.

Blacksmith's helper—There is only one helper in the tire room; it is impossible to weld heavy engine tires without two helpers, and when doing such work it has been necessary to take a helper from another vise, thereby leaving a blacksmith without a helper.

Four laborers—There are three laborers at present on our rolls, one acting as watchman and two handling supplies, loading and unloading wagons, etc. A laborer is needed on each floor to keep windows and floor clean, and help the various mechanics in handling their work, as the mechanics now have to leave their work and help each other and clean up, with the result that it is and will be impossible to keep the shop in proper condition owing to the emergent jobs requiring the time of the mechanics.

Statement of Facts.

The present system of keeping the accounts requires four more clerks than were required in 1900.

In 1900 there were three fire boats in service; in 1906 there are five.

In 1900 there were 23 hook and ladder companies; in 1906 there are 33.

In 1900 there were 72 engine companies; in 1906 there are 87.

In 1900 there were 1,386 officers and men in Manhattan and The Bronx Boroughs; in 1906 there are 1,906 officers and men in the same boroughs. The work of the paid department of Richmond Borough has been added to that of Manhattan and The Bronx.

In 1900 there were 6 wheelwrights; there are now 5.

In 1900 there were 3 carpenters; there are now 4.

In 1900 there were 10 painters; there are now 8.

In 1900 there were 4 steamfitters; there are now 3.

In 1900 there were 11 machinists; there are now 13.

In 1900 there were 7 machinists' helpers; there are now 3.

In 1900 there were 5 blacksmiths; there are now 7.

In 1900 there were 3 machinist's helpers; there is now 1.

In 1900 there were 6 blacksmith's helpers; there are now 7.

In 1900 there were 5 drivers; there are now 4.

In 1900 there were 84 employees; there are now 87, four of whom have been transferred to other bureaus. Of the present list 19 employees represent unproductive labor, that is, do not work at mechanical pursuits.

The Department has increased one-third in men and vehicles during the period above mentioned, while there has been a diminution of five mechanics during the same period in the trades above named.

Very respectfully,
(Signed) W. H. MESICK,
Foreman in Charge of Repair Shops.

Resolved, That pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended by chapter 24 of the Laws of 1905, for the purpose of providing means for the compensation of additional mechanics and other necessary employees at the new Repair Shops of the Fire Department, and to meet the estimated deficiency in the present pay-roll of said Repair Shops for the current year, as set forth in the communication of the Commissioner of said Department, dated January 15, 1906, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding thirty-one thousand dollars (\$31,000).

No. 116.
Fire Department—City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, January 19, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Sir—Following is a transcript of the Departmental Estimate of the Fire Department for the year 1906, as regards the matters "Salaries—Bureau Chief of Department Pay-roll," and "Salaries—Engine and Hook and Ladder Companies Pay-rolls," in the various boroughs of the City, as submitted to the Board of Estimate and Apportionment by my predecessor in office on September 8, 1905:

BOROUGH OF MANHATTAN AND THE BRONX.

Salaries—Bureau of Chief of Department Pay-roll.

(Sections 727, 728, 740, 742 and 753 of the Greater New York Charter.)

Allowance for 1905.....	\$125,900 00
Estimate for 1906.....	150,400 00
Increase	\$24,500 00

The appropriation for 1905 was \$15,011.64 less than the amount required to pay the officers and members of the uniformed force on the pay-rolls of July, 1905, due to promotions and appointments for the organization of new companies and for the purpose of granting more time to those employees.

The increase asked for 1906 is for two fourth grade Firemen appointed August 1, 1905, and for advancements in grades.

The foregoing estimate, aggregating \$180,080, is to provide for the salaries of chief officers and officers and members of eight engine, five hook and ladder companies and one hose company in the Borough of Richmond, which will be organized and in service before January 1, 1906.

(Note—January 19, 1906: These companies were duly organized and are now in service.)

BOROUGH OF BROOKLYN AND QUEENS.

Salaries—Bureau Chief of Department.

Allowed for 1905.....	\$103,200 00
Estimate for 1906.....	119,500 00
Increase.....	\$16,300 00

Employees chargeable to the above appropriation:

1 Stenographer and Typewriter.....	900 00	900 00
Total.....	\$112,100 00	\$119,500 00	\$7,400 00

The increase is explained as follows: The amount allowed for 1905 was \$3,500 less than the amount required to pay the employees on the payroll of July, 1905—due to the appointment of one Chief of Battalion, one Stenographer and Typewriter and one Automobile Engineman.

The proposed increase in salary of Deputy Chief in charge is only commensurate with the duties performed and attached to the position.

The increase in the number of Chiefs of Battalion is made necessary by the installation of the paid system in Far Rockaway and Rockaway Beach.

Total.....	\$2,085,050 00	\$122,640 00

The increase of \$84,800 is made necessary by the installation of the paid system in Far Rockaway and Rockaway Beach.

This estimate was carefully prepared, after due consideration of the needs of the service for the current year, present and prospective, and it represents the minimum expense necessary to conduct, in an efficient and satisfactory manner, the Bureau of this Department charged with the work of preventing and extinguishing fires.

The Board of Estimate and Apportionment, however, in the Budget for the current year, allowed for these purposes an aggregate of \$104,651.64 less than was asked, evidently through some misapprehension as to the requirements of the uniformed force, with the result that the operations of the Department will be seriously circumscribed unless the amounts deducted are replaced; and in the present juncture, this can be done only by the issue of Special Revenue Bonds.

The deductions are shown in the following statement:

Title.	Asked.	Appropriated.	Decrease.
Salaries—Bureau Chief of Department Payroll:			
Manhattan and The Bronx.....	\$150,400 00		
Richmond.....	10,800 00		
Brooklyn and Queens.....	119,500 00		
	\$280,700 00	\$257,750 00	\$22,950 00
Salaries—Engine and Hook and Ladder Companies Payrolls:			
Manhattan and The Bronx.....	\$2,885,242 00		
Richmond.....	169,280 00		
Brooklyn and Queens.....	2,085,050 00		
	5,139,572 00	5,057,870 36	81,701 64
	\$5,420,272 00	\$5,315,620 36	\$104,651 64

The appropriations for this Department for the current year were, at its request, made for each Bureau and branch as a whole, and not as in former years where a certain amount was specifically appropriated for each Bureau and branch in the boroughs of Manhattan, The Bronx and Richmond and of Brooklyn and Queens.

The Chief of Department has reported to me, under date of the 3d inst., that the amounts deducted by the Board of Estimate and Apportionment from the funds asked for these two payrolls are absolutely necessary for use during the current year; that without them it will not be possible to meet the salaries of the chief officers of the uniformed force; to make appointments or promotions to fill existing vacancies therein; to organize the new companies absolutely essential for additional and much needed fire protection in various sections of the City in furtherance of the duty of keeping pace with the rapid growth of the metropolis in population and area of built-up territory; or to allow each month the one day off in five and three 12-hour leaves to members of the uniformed force as prescribed under the present rules and regulations of the Department. He further states that many of the apparatus companies of the Department are at present short of the full quota of men necessary to their effective operations—a state of affairs which will necessarily continue if additions cannot be made to the numerical strength of the uniformed force.

The case, it seems to me, is one of such urgency as to call for prompt and affirmative action, and I therefore deem it my duty to ask that the Board of Aldermen, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended by chapter 24 of the Laws of 1905, adopt a resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding \$105,000, to the end that sufficient funds may be placed at the disposal of this Department to maintain its uniformed force on a high plane of efficiency.

I inclose draft of resolution designed to accomplish the object in view, prompt and favorable action on which is earnestly requested.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended by chapter 24 of the Laws of 1905, and for the purpose of meeting the estimated deficiencies in the appropriations made to the Fire Department for the year 1906, entitled Salaries—Bureau Chief of Department Payroll, and Salaries—Engine and Hook and Ladder Companies Payrolls, as set forth in the communication of the Commissioner of said Department dated January 19, 1906, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding in the aggregate one hundred and five thousand dollars (\$105,000).

Which were severally referred to the Committee on Finance.

The President laid before the Board the following communication from the Commissioner of Correction:

No. 117.

Department of Correction,
Commissioner's Office, No. 148 East Twentieth Street,
New York, January 20, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen, New York City:

Dear Sir—I would respectfully ask the Honorable the Board of Aldermen to authorize the issue of Special Revenue Bonds to the amount of thirty-five thousand dollars (\$35,000), to enable me to properly carry out the provisions of chapter 305 of the Laws of 1905 in relation to the establishment and maintenance of a Reformatory for Male Misdemeanants on Hart's Island, such appropriation to be expended as follows:

For salaries—	
One Clerk, with knowledge of typewriting.....	\$1,000 00
One Instructor	1,200 00
Five Keepers, at \$800 each.....	4,000 00
Two Engineers, at \$4 per diem each.....	2,920 00
One Fireman	912 00
One Cook	412 00
	<hr/>
	\$35,000 00

(A portion of the month of January having elapsed, the whole amount indicated by this list will not be required, and therefore \$10,000, instead of \$10,452, is asked for.)

For salaries	\$10,000 00
For the purchase of supplies for manufacturing purposes.....	25,000 00
	<hr/>
	\$35,000 00

In this connection, I would ask the attention of the Board of Aldermen to inclosed copy of a report made by the Deputy Commissioner, in regard to the requirements for carrying on the work at the Reformatory.

Respectfully yours,

FRANCIS J. LANTRY, Commissioner.

Department of Correction,
Commissioner's Office, No. 148 East Twentieth Street,
New York, January 16, 1906.

Hon. FRANCIS J. LANTRY, Commissioner of Correction:

Dear Sir—I most respectfully submit to you the following requirements necessary to properly conduct the industries, etc., of the New York City Reformatory on Hart's Island, New York.

First—Provisions should be made for additional Keepers that can be appointed from time to time as requirements demand; also provisions for housing and boarding them.

Second—A Clerk and Stenographer should be employed to assist the Overseer in properly keeping the records and caring for the general office work.

Third—A master mechanic or general instructor should be employed, one who is familiar with the industries now employed in this institution, and who can instruct the boys how to operate the machinery.

Fourth—Two additional Engineers and Firemen should be employed so that the electric generating plant can be operated in the day time for the motive power required in the factory, and in the night to furnish electric lighting for the dormitories, etc.

Fifth—Additional prison uniforms should be purchased so that changes can be made from time to time.

Sixth—Printed record books, etc., should be furnished to keep the records and departments of the boys, etc.

Seventh—Table linen, napkins, knives, forks, dishes, etc., should be provided for the Keepers; also proper cooking utensils for the general kitchen.

Eighth—A Cook should be employed for this kitchen.

Ninth—Beds and bedding should be provided for Keeper's quarters.

Tenth—At least 400 additional suits of underwear should be purchased for inmates so changes can be made from time to time.

I therefore recommend that an appropriation of \$10,000 be asked for the purposes above mentioned.

Also would recommend that an appropriation of at least \$25,000 be asked for, for the purchase of raw material for manufacturing purposes, to keep the inmates employed.

Very respectfully,

(Signed) GEORGE W. MEYER, JR., Deputy Commissioner.

The President laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 118.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13 to 21 Park Row,
City of New York, January 22, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—As the rate of wages paid Enginemen by other City Departments is \$4 per day, or \$1,460 per annum, it is desired, in response to the many demands made, to increase the wages of Enginemen in the employ of this Department to the prevailing rate.

The amount appropriated for this Department for the year 1906 to pay the prevailing rate of wages for Enginemen is insufficient, there being a deficiency amounting to \$4,672.50.

This amount is necessary in order to comply with the requests of Enginemen in the boroughs of Manhattan and Queens, therefore, pursuant to chapter 466, section 188 of the Laws of 1901, I hereby respectfully make application to your Honorable Board for the issuance of Special Revenue Bonds to the amount of \$4,672.50.

Very truly yours,

WILLIAM B. ELLISON, Commissioner.

Resolved, That upon the annexed communication the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds in the amount of \$4,672.50, the proceeds to be applied to pay the prevailing rate of wages to Enginemen in the employ of the Department of Water Supply, Gas and Electricity, in the boroughs of Manhattan and Queens. Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Department of Health:

No. 119.

Department of Health,
Southwest Corner Fifty-fifth Street and Sixth Avenue,
New York, January 20, 1906.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen:

Sir—At a meeting of the Board of Health of the Department of Health of The City of New York held January 17, 1906, the following resolution was adopted:

Resolved, That owing to the excessive bids or estimates of dealers to furnish white ash anthracite coal as required to the Department of Health steamboats, to the Department Building, Sixth avenue and Fifty-fifth street; the contagious disease hospitals and other Department buildings in the various boroughs of the City, consequent to the uncertainty of the continuance of conditions at present existing among miners of coal, the Board of Aldermen be and it is hereby respectfully requested to authorize the Board of Health, pursuant to the provisions of section 419 of chapter 466 of the Laws of 1901, to contract for and purchase in the open market, without public letting, at the lowest price obtainable, 12,115 tons of white ash anthracite coal of various sizes, as required, for the use of the Department of Health in its steamboats, hospitals for contagious diseases and office and other buildings in the various boroughs of The City of New York.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

Department of Health,
Southwest Corner Fifty-fifth Street and Sixth Avenue,
New York, January 20, 1906.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen:

Sir—Inclosed herewith is a copy of a resolution adopted by the Board of Health at its meeting held Wednesday, January 17, 1906, requesting the Board of Aldermen to authorize the Board of Health to contract for and purchase in the open market, without public letting, at the lowest price obtainable, 12,115 tons of white ash anthracite coal of various sizes, as required for the use of the Department of Health in its steamboats, hospitals for contagious diseases and office and other buildings located in the various boroughs of the City.

At a recent opening of bids for this coal, the prices asked were greatly in excess of the price paid by the Department in the open market, and comparison of the bids with such prices revealed a difference of something over four thousand dollars over what the same amount of coal can be purchased in the open market. Options have been given the Department by certain dealers to supply all the coal required for immediate delivery at a difference in price ranging from thirty cents to sixty cents per ton for the various sizes. Dealers, generally, seem to dislike to execute a contract for future delivery, owing to the present uncertainties regarding the prospects of a strike among the coal miners.

It is believed that prompt and favorable action on the request of the Board of Health by the Board of Aldermen will result in a saving of from three to four thousand dollars in the purchase of 12,000 tons of coal, and remove the danger of a shortage of coal in the contagious disease hospitals should a strike among the miners occur.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

Which was referred to the Committee on Public Letting.

Hon. GEORGE B. MCCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

Dear Sir—I would respectfully ask the Board of Estimate and Apportionment to establish the position of Electrician in this Department at wages of four dollars (\$4) per diem, the prevailing rate of wages for such services in this locality.

This request was made to your Honorable Board on September 15, 1905, but I have received no notice of any action in the matter. It is very important for the safety and care of the plant at the City Prison that we should have such an employee.

Very respectfully,

(Signed) FRANCIS J. LANTRY, Commissioner.

Whereas, The Board of Estimate and Apportionment at a meeting held January 19, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Electrician under the jurisdiction of the Department of Correction, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of four dollars (\$4) per diem."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Electrician, under the jurisdiction of the Department of Correction, at the rate of four dollars (\$4) per diem.

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment January 19, 1906, approving of the establishment of an additional grade of the position of Appraiser of Real Estate in the Department of Finance, and recommending to the Board of Aldermen the fixing of the salary of said position at the rate of \$4,000 per annum, together with copy of a communication from the Comptroller relative thereto.

Very truly yours,

JOSEPH HAAG, Secretary.

City of New York, Department of Finance,
Comptroller's Office,
January 15, 1906.

To the Board of Estimate and Apportionment:

Gentlemen—The accompanying resolution, for which I ask your favorable consideration, provides for the establishment of a salary of \$4,000 for the position of Appraiser of Real Estate in this Department. The maximum salary now established is \$3,000 per annum, and the fixing of the additional grade at \$4,000 does not mean an increase in the number of Real Estate Appraisers already established by the Civil Service Commission, but does provide for a salary commensurate with the exacting duties and responsibilities devolving upon such an office.

Respectfully,
(Signed) H. A. METZ, Comptroller.

Whereas, The Board of Estimate and Apportionment at a meeting held January 19, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Appraiser of Real Estate, Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of four thousand dollars (\$4,000) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Appraiser of Real Estate, Department of Finance, at the rate of four thousand dollars (\$4,000) per annum.

Col. WILLIAM H. KIPP, Chief Clerk of the Police Department:

Dear Sir—I have your communication of the 5th inst., transmitting a request of the Police Commissioner for an amendment of the classification of positions in the exempt class in his Department by adding thereto the title "Executive Clerk to the Commissioner."

Before the Civil Service Commission can classify this position it will be necessary to have the same established by the Board of Estimate and the Board of Aldermen. Has such action been taken? Upon receipt of information to that effect I will be pleased to place the matter before the Board for its consideration.

Yours respectfully,
(Signed) F. A. SPENCER, Secretary.

JOSEPH HAAG, Secretary.

Whereas, The Board of Estimate and Apportionment at a meeting held January 19, 1906, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the schedule of the positions and salaries in the Law Department, including all bureaus and branch offices thereof (except the Bureau of Street Openings) be and the same is amended by adding thereto the following positions:

	Per Annum.
1 Assistant at.....	\$7,000 00
1 Assistant at.....	6,000 00
2 Assistants, each at.....	5,000 00

3 Assistants, each at.....	3,500 00
2 Junior Assistants, each at.....	1,950 00
1 Assistant Chief Clerk at.....	4,000 00
2 Law Clerks, each at.....	2,100 00
2 Telephone Switchboard Operators, each at.....	750 00
2 Examiners, each at.....	1,200 00
1 Messenger at.....	1,200 00
5 Process Servers, each at.....	1,200 00

Not more than thirty Special Process Servers to be paid at the rate of \$1.15 for each summons, or process actually served, the compensation not to exceed \$100 per month in any individual case.

Resolved, That the Board of Aldermen hereby concurs in the above resolution and fixes the salaries of said positions as set forth therein.

January 9, 1906.

To the Board of Estimate and Apportionment of The City of New York:

Dear Sirs—While the Budget for the year 1906 was under consideration, I appeared before your Board and called attention to the urgent need for increasing the office force of this Department, and when the Budget was finally fixed your Board was kind enough to appropriate the amount which I had asked for. Before I can carry into effect my plans for adding to the office staff, it is necessary to have the salaries of the new positions fixed by your Board and the Board of Aldermen. I have prepared a resolution which I attach hereto, adding to the schedule of positions now in force, the following:

	Per Annum.
1 Assistant at.....	\$7,000 00
1 Assistant at.....	6,000 00
2 Assistants, each at.....	5,000 00
3 Assistants, each at.....	3,500 00
2 Junior Assistants, each at.....	1,950 00
1 Assistant Chief Clerk at.....	4,000 00
2 Law Clerks, each at.....	2,100 00
2 Telephone Switchboard Operators, each at.....	750 00
2 Examiners, each at.....	1,200 00
1 Messenger at.....	1,200 00
5 Process Servers, each at.....	1,200 00

Not more than 30 Special Process Servers to be paid at the rate of \$1.15 for each summons, or process actually served, the compensation not to exceed \$100 per month in any individual case.

All of the positions in the above schedule, except the seven Assistants, are in the classified Civil Service schedules and will be filled by promotion or appointment from the eligible lists, pursuant to the requirements of the Civil Service Rules.

In my provisional estimate for this year, I explained at length that the present force of this Department was utterly unable to cope with the work which is being placed upon it. I dwelt at considerable length on the great increase in the ordinary business of the office, the important litigation with the gas and electric light companies, the thousands of sewer overflow damage cases and the great number of tax certiorari proceedings and I do not think at this time it is necessary to say anything further on the subject.

The only item in the above list which probably does need explanation is the last one—"thirty Special Process Servers," whose compensation is fixed at \$1.15 for each summons served. I will explain the purpose of this as briefly as possible:

In the Bureau for the Collection of Arrears of Personal Taxes and in the Tenement House Branch Office of this Department it is necessary each year to serve thousands of summonses and other similar processes. This work has been paid for in the past at the same rate as is now proposed, but from the "Contingency" appropriation to this Department. The system was introduced by my predecessor, Mr. Rives, who concluded that it would be more economical to pay for the work in this manner than to appoint a large force of process servers at a stated salary. In this conclusion he was entirely correct, and subsequent experience has justified the method which was employed. There are two important reasons why it is better to pay for this work according to the amount of work done instead of by regular salary. The first and more important reason is this: It is impossible to determine just how many summonses any process server should serve, and it is therefore impossible to tell whether he is shirking his work.

It is very often exceedingly difficult to serve these papers, and the defendant is finally served in some cases only after the most persistent efforts. Our experience in the past has been that most of these papers can be served during the evening better than during the usual office hours. If process servers were appointed at a regular salary they would be indifferent as to whether they succeeded in serving the papers and would not be apt to do much work at night. As most of these actions are for arrears of personal taxes, it is a loss to the City whenever the defendant cannot be found by a process server.

The second reason why it would seem advisable to adopt the plan which I have suggested is this: This work is not regular and continuous. There are seasons in the year when there are comparatively few summonses to be served and there are other times when there are thousands ready for service. It would be almost impossible to appoint a force of process servers at stated salaries and to keep them regularly employed.

The reason why it is necessary now to change from the present system of paying for these services out of the Contingent Fund is as follows:

On March 22, 1905, the Comptroller wrote to me calling attention to the fact that the services of the persons who were employed as Process Servers had become more or less continuous, and asking whether it was not a violation of the Civil Service Law which required that all persons permanently employed should be appointed from the Civil Service eligible lists. Under date of March 26, 1905, I replied at considerable length to the Comptroller's letter and stated that, in my opinion, there were very grave doubts as to the legality of the system then in force, but inasmuch as no appropriation had ever been made by the Board of Estimate and Apportionment, nothing could be done until an appropriation had been made.

When the Budget for the present year was considered by your Board, this matter was called to your attention, and you made an addition to the salary appropriation for the express purpose of paying for this work. The only question now to be considered, therefore, is whether the work should be done by persons employed at a stated salary per month, or in the manner which I have suggested, that is, at the rate of \$1.15 for each summons actually served. I am sure your Board will agree with me that this is much the more economical and satisfactory way of paying for these services.

As the money for these additional appointments has already been appropriated by your Board, and as the services of these persons are greatly needed at the present time, I would be very glad if your Board would approve the resolution and send it to the Board of Aldermen at your earliest convenience.

Respectfully yours,
JOHN J. DELANY, Corporation Counsel.

January 19, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—In regard to the application of the Corporation Counsel made to the Board of Estimate and Apportionment with a view to amending the schedule of positions and salaries in his Department, referred to this Division for examination, I beg to report as follows:

The application contemplates certain additions to the office force of the Law Department with certain increases in salaries.

The Corporation Counsel asks for seven additional Assistants, stating that while, owing to increase of work in the Department, he is in need of more than seven; he is limited to that number by Civil Service regulations.

The sixty-eight Assistants now on the payroll receive, two of them, \$10,000; two, \$7,500; ten, \$6,000; ten, \$5,000; three, \$4,500; three, \$4,000; and two, \$3,500 each per annum, the rest being paid salaries ranging from \$2,500 to \$1,500 each.

The Corporation Counsel asks that he be allowed to appoint three additional Assistants at \$3,500 each; two at \$5,000; one at \$6,000, and one at a new grade of \$7,000, his purpose being to advance to these positions men now in lower grades, and to install new men in lower grades.

The remaining additions and changes asked for relate to positions in the classified Civil Service schedules, as follows:

For two additional Junior Assistants, at a salary of \$1,950 each, the seventeen now on the pay-roll being paid salaries ranging from \$1,950 to \$1,200. This request, it will be seen, contemplates no new grade, but simply an addition of two by promotion or otherwise to the existing \$1,950 grade.

For an increase in the salary of Assistant Chief Clerk, from \$3,600 to \$4,000 involving no addition to the office force.

For two additional Law Clerks at a salary of \$2,100 each, the nine now on the pay-roll being paid salaries ranging from \$1,050 to \$1,800. This request contemplates a new grade to be filled by promotions from those below, and the placing of new men in lower grades.

For two additional Telephone Switchboard Operators at a salary of \$750 each. This contemplates a new grade, the present operators, five in number, being paid salaries of \$600 and \$900.

For two additional Examiners at a salary of \$1,200 each, there being at present two at salaries of \$900 and \$1,800, the proposed intermediate grade to be filled in part by promotion as in cases above.

For one additional Messenger at a salary of \$1,200, those now on the pay-roll receiving, two of them \$1,200, and three \$900.

For five additional Process Servers at a salary of \$1,200 each, the nine now on the pay-roll being paid salaries of \$1,200, \$1,050 and \$900.

Also for not more than thirty Special Process Servers to be paid at the rate of \$1.15 for each summons or process actually served, the compensation not to exceed \$100 per month in any individual case.

This request contemplates no addition to the office force, but rather a substitution of appointees from the Civil List in place of persons heretofore employed, as it would seem, in violation of Civil Service rules, the necessity having arisen from lack of regular appropriation for this class of services.

The proposed manner of paying for the services of this grade of Process Servers seems well calculated to secure prompt service, and to insure the City against payment for time not spent in its service.

The Corporation Counsel states that in the Law Department Budget appropriation for 1906, the Board of Estimate and Apportionment, at his request, made allowance for increasing the force in his office, but that the action for which he now asks is necessary to the carrying out of his purpose in that regard.

There would seem to be nothing unreasonable or irregular in the several requests made either as to increase of force or compensation, and consultation with the Corporation Counsel has confirmed the impression that they are made with a view to the best interests of the City.

Yours respectfully,
(Signed) C. S. HERVEY,
Auditor of Accounts, Investigations Division.

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the schedule of positions and salaries in the Law Department, including all bureaus and branch offices thereof (except the Bureau of Street Openings), be and that the same is amended by adding thereto the following positions:

	Per Annum.
1 Assistant at	\$7,000 00
1 Assistant at	6,000 00
2 Assistants, each at	5,000 00
3 Assistants, each at	3,500 00
2 Junior Assistants, each at	1,950 00
1 Assistant Chief Clerk at	4,000 00
2 Law Clerks, each at	2,100 00
2 Telephone Switchboard Operators, each at	750 00
2 Examiners, each at	1,200 00
1 Messenger at	1,200 00
5 Process Servers, each at	1,200 00

Not more than thirty Special Process Servers to be paid at the rate of \$1.15 for each summons, or process actually served, the compensation not to exceed \$100 per month in any individual case.

No. 124.
Board of Estimate and Apportionment,
(Financial Branch), No. 280 Broadway,
January 22, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment January 19, 1906, recommending to the Board of Aldermen the fixing of the salary of the position of Chief Bookkeeper in the Department of Finance at the rate of \$4,500 per annum, together with copy of a communication from the Comptroller relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,
JOSEPH HAAG, Secretary.
City of New York—Department of Finance,
Comptroller's Office,
January 17, 1906.

Board of Estimate and Apportionment:

Gentlemen—Request is hereby made that the Board of Estimate and Apportionment recommend to the Board of Aldermen, in accordance with section 56 of the Greater New York Charter, that a salary for the position of Chief Bookkeeper in the Department of Finance be established at \$4,500.

This request is made in order to fill the position made vacant by the resignation of Mr. Joseph Haag, formerly Chief Accountant and Bookkeeper, whose annual salary was \$5,500.

Respectfully,
(Signed) H. A. METZ, Comptroller.

Whereas, The Board of Estimate and Apportionment at a meeting held January 19, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Chief Bookkeeper in the Department of Finance be fixed at the rate of four thousand five hundred dollars (\$4,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Chief Bookkeeper in the Department of Finance at the rate of four thousand five hundred dollars (\$4,500) per annum.

Which were severally referred to the Committee on Salaries and Offices.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Kuntze moved that the Board return to the orders of business of Petitions and Communications.
Which was adopted.

PETITIONS AND COMMUNICATIONS, RESUMED.

No. 125.

To the Honorable Body the Board of Aldermen:

Whereas, It has been demonstrated that the various City Departments have shown themselves competent to conduct their work in an efficient and satisfactory manner,

We, the painters of New York City, in convention assembled, do request and petition you, that you do immediately proceed to enact a law whereby all work in any of the various City Departments shall be done by mechanics in that Department, as has been done heretofore by the Department of Bridges, Docks, Ferries, Parks and Public Buildings, these having been done and conducted to the satisfaction of the public and the various committees of the council.

Therefore, We, the painters of New York City do request that your Honorable Body do enact a law whereby all the work in the various Departments be done direct by the City, thereby guaranteeing efficient work under better and healthier conditions as prevails at present in the various Departments above mentioned.

Respectfully submitted by the Brotherhood of Painters, Decorators and Paper-hangers of America, New York District Council.

GEORGE B. GANNON,
JOSEPH ALLEN,
GEORGE FINGER,
Committee.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 34.

The Committee on Finance, to whom was referred on January 9, 1906 (Minutes, page 183), the annexed resolution to authorize the Police Department to expend for the building of the Thirty-sixth, Thirty-ninth and Forty-first Precinct Station Houses the sum of \$9,258.74, said sum to be taken from the appropriation for the Fortieth Precinct Station House, for which it is not required, respectfully

REPORT:

That it has given full consideration to this matter, and that after the personal explanation by Col. Kipp, Chief Clerk, and Sergeant Wright, in Charge of Supplies, Police Department, that the surplus of \$9,258.74 is necessary to complete the buildings of the Thirty-sixth, Thirty-ninth and Forty-first Precincts, and that it will not necessitate additional appropriation from this Board for that purpose; and it recommends that said resolution be adopted.

Resolved, That the Board of Aldermen hereby approves and concurs in the following resolution adopted by the Board of Estimate and Apportionment November 10, 1905:

"Resolved, That, subject to the approval of the Board of Aldermen, the Police Department be and hereby is authorized to expend for the building of the Thirty-sixth, Thirty-ninth and Forty-first Precinct Station Houses the sum of nine thousand two hundred and fifty-eight dollars and seventy-four cents (\$9,258.74) in addition to the amount heretofore appropriated for said purpose; said sum of nine thousand two hundred and fifty-eight dollars and seventy-four cents (\$9,258.74) to be taken from the appropriation for the building of the Fortieth Precinct Station House, for which it is no longer required, and being the unexpended balance of the proceeds of Corporate Stock issued therefor."

JOHN R. DAVIES, JOSEPH FALK, THOMAS J. MULLIGAN, JAMES E. BUNTING, JOHN DIEMER, JAMES W. REDMOND, BENJAMIN W. B. BROWN, Committee on Finance.

Under Rule 21 consideration of this report was deferred.

Subsequently Alderman Davies moved the adoption of the report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, C. Hahn, J. J. Hahn, Harnischfeger, Herold, Krulish, Kuck, Lawlor, Linde, Markert, McCall, Meyers, Moffitt, Mulligan, Murphy, Olvany, O'Neill, Peters, Potter, Redmond, Rendt, Richter, Rowcroft, Schloss, Stapleton, Sturges, Sullivan, Torpey and the President—50.

No. 37.

The Committee on Finance, to whom was referred on January 9, 1906 (Minutes, page 186), the annexed resolution and ordinance in favor of an issue of Corporate Stock, \$244,000, for the acquisition of land and erection of buildings for the Bellevue Hospital Training School for Women Nurses, respectfully

REPORT:

That it has given full consideration to this matter, and that after hearing Dr. John W. Brannan, President of the Board of Trustees of Bellevue and Allied Hospitals, who explained the appropriation of \$244,000 was asked for the purchase of twenty lots on the south side of East Twenty-sixth street, near the East river, across from the hospital, for the purpose of erecting there a building to be used for quarters for the Training School for Women Nurses; that by providing these quarters the City would save an annual sum, estimated at about \$50,000, the cost of maintaining its nursing staff, besides the increased efficiency of this staff. Your Committee therefore recommends the adoption of said ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred and forty-four thousand dollars (\$244,000), to provide means for the payment of expenses in connection with the acquisition of land and the erection of buildings thereon for the Bellevue Hospital Training School for Women Nurses.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 29, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two hundred and forty-four thousand dollars (\$244,000), to provide means for the payment of expenses in connection with the acquisition of land and the erection of buildings thereon for the Bellevue Hospital Training School for Women Nurses, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and forty-four thousand dollars (\$244,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIS, JOSEPH FALK, THOMAS J. MULLIGAN, JAMES E. BUNTING, JOHN DIEMER, JAMES W. REDMOND, BENJAMIN W. B. BROWN, Committee on Finance.

Under rule 21, consideration of the report was deferred.

Subsequently, Alderman Davies moved the adoption of the report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Bunting, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Dowling, Downing, Ellery, Everson, Farrell, Freeman, Fried, Grifenhagen, Gunther, C. Hahn, J. J. No. 41.

The Committee on Finance, to whom was referred on January 9, 1906 (Minutes, page 198), the annexed ordinance to provide for an issue of Corporate Stock, \$3,000,000, for permanently bettering school buildings, respectfully

REPORT:

That it has given full consideration to this matter, and after hearing Richard H. Adams, Chairman, Committee on Buildings, Board of Education, and Mr. Snyder, in charge of same, that this appropriation was needed for additions to present schools as set forth in the letter annexed, and for additional sites. That this sum is needed at once to keep from running further behind in its seatings in the proportion to the demand for same, but that the Department expects during the year to ask for further land issues of about \$10,000,000, which, if granted, will give every child a seat. Your Committee therefore recommends the adoption of this ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of three million dollars (\$3,000,000) for the purpose of providing means for the construction, permanently bettering and equipping of school buildings and additions thereto and the acquisition of sites therefor in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 8, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding three million dollars (\$3,000,000) for the purpose of providing means for the construction, permanently bettering and equipping of school buildings and additions thereto and the acquisition of sites therefor in The City of New York, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding three million dollars (\$3,000,000), the proceeds whereof to be applied to the purposes aforesaid."

The Committee on Finance, to whom was referred on January 9, 1906 (Minutes, page 204), the annexed ordinance in favor of an issue of Corporate Stock, \$175,000, for placing electrical conductors underground, Borough of Brooklyn, respectfully

REPORT:

That it has given full consideration to this matter, and after hearing Commissioner John H. O'Brien, of the Fire Department, who explained that the Department is compelled by section 1527 of Charter to place underground the wires and conduits of the fire alarm system in the Borough of Brooklyn; that with this requested present appropriation of \$175,000 the Department expects to so lay the wires in the fifteen streets stated in the letter annexed to the request, and it will not require further money for this purpose for the balance of this year. Your Committee therefore recommends the adoption of the said ordinance.

JOHN R. DAVIES, THOMAS J. MULLIGAN, JOSEPH FALK, JAMES E. BUNTING, JOHN DIEMER, JAMES W. REDMOND, BENJAMIN W. B. BROWN, Committee on Finance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred and seventy-five thousand dollars (\$175,000) to provide means for the placing of electrical conductors underground in various streets and avenues in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment November 24, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding one hundred and seventy-five thousand dollars (\$175,000), for the purpose of placing electrical conductors underground in the various streets and avenues in the Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred and seventy-five thousand dollars (\$175,000), the proceeds whereof to be applied to the purposes aforesaid."

Under Rule 21, consideration of this report was deferred.

Subsequently Alderman Davies moved the adoption of the report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, C. No. 60.

The Committee on Finance, to whom was referred on January 9, 1906 (Minutes, page 225), the annexed resolution to provide for minor incidental expenses contingent to the offices of the Presidents of the various boroughs, respectfully

REPORT:

That it has given full consideration to this matter, and finds that, according to custom, the several departments annually request the consent of the Board of Aldermen to be allowed to draw in advance a certain sum of money for the purpose of meeting small incidental expenses, and that for these a full itemized account with vouchers must be rendered to the Comptroller before any additional amount can be so drawn. Your committee believes this to be a necessary convenience, and therefore recommends the adoption of this resolution.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the offices of the Presidents of the various Boroughs each of the said Presidents of the various Boroughs may, by requisition, draw upon the Comptroller for a sum not exceeding five hundred dollars (\$500), and may in like manner renew the draft as often as may deem necessary, to the extent of the appropriation set apart for "Contingencies" in his office, during the year 1906; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the Presidents of the Boroughs, covering the expenditure of the money paid thereon.

JOHN R. DAVIES, JAMES E. BUNTING, JOHN DIEMER, THOMAS J. MULLIGAN, JAMES W. REDMOND, BENJAMIN W. B. BROWN, Committee on Finance.

Under Rule XXI, consideration of this report was deferred.

Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. The Committee on Finance, to whom was referred on January 16, 1906 (Minutes, page 247), the annexed resolution to provide for defraying minor or incidental expenses contingent to the Board of Estimate and Apportionment, respectfully

REPORT:

That for the reason set forth in No. 60, the resolution should be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment January 12, 1906:

"Resolved, That for the purpose of defraying any minor or incidental expenses contingent to the Board of Estimate and Apportionment, the Secretary may, by a requisition, draw upon the Comptroller for a sum not exceeding five hundred dollars (\$500).

"The Secretary may in like manner renew the draft as often as may by him be deemed necessary, to the extent of twenty-five hundred dollars (\$2,500) during each year, from the appropriation set apart for the expenses of the Board of Estimate and Apportionment; but no such renewal shall be made until the moneys paid upon the preceding draft shall be accounted for by the Secretary by the transmittal of a voucher or vouchers, certified to by the heads of the Bureaus of the said Board, covering the expenditure of money paid thereon."

The Committee on Finance, to whom was referred on January 16, 1906 (Minutes, page 358), the annexed resolution in favor of an issue of Special Revenue Bonds, \$2,500 for the use of the Committee on Privileges and Elections, respectfully

REPORT:

That it has given full consideration to the matter, and for the reason that there are seven contests pending before the Committee on Privileges and Elections, which contests will probably cause many sessions and the taking of much testimony, requiring the services of an expert stenographer and tabulators, your Committee recommends the adoption of the resolution.

Whereas, Protests have been entered against the right and title of several members to seats in this Board; and

Whereas, The said protests have been referred to the Committee on Privileges and Elections for investigation; and

Whereas, To properly and fully investigate the claims of the various persons interested will require the services of additional clerks and stenographers; therefore be it

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and they are hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty-five hundred dollars (\$2,500), the proceeds whereof shall be applied to the purposes aforesaid.

JOHN R. DAVIES, JOSEPH FALK, THOMAS J. MULLIGAN, JAMES E. BUNTING, JOHN DIEMER, BENJAMIN W. B. BROWN, Committee on Finance.

Under Rule XXI, consideration of this report was deferred.

Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, J. Reports of Committee on Salaries and Offices—

No. 32.

The Committee on Salaries and Offices, to whom was referred on January 9, 1906 (Minutes, page 182), the annexed communication from the District Attorney of Richmond County, respectfully

REPORT:

The District Attorney of Richmond County has, in the opinion of your Committee, made out a good case for the appointment of an assistant. The public interests would seem to be served by having more than one prosecuting officer in Richmond County. Under the provisions of section 202 of the County Law the position must be created by the Board of Aldermen as the successor of the Board of Supervisors. If the Board adopts the ordinance which the Committee reports the District Attorney will make application to the Board of Estimate and Apportionment for a resolution fixing the salary of the assistant, and that resolution will then come to this Board.

The Committee recommends the adoption of the following ordinance:

AN ORDINANCE providing for the appointment of an Assistant District Attorney in the Borough and County of Richmond, City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Resolved, That, pursuant to the power vested in this Board by virtue of the provisions of section 202 of the County Law of the State of New York, as amended by chapter 78 of the Laws of 1904, and the provisions of the Greater New York Charter, the District Attorney of the said County of Richmond be and he hereby is authorized and empowered to appoint a suitable person to be his assistant; that such appointment be made in the manner prescribed by said County Law, and that such assistant have the powers and duties as therein prescribed.

District Attorney's Office of Richmond County,
New Brighton, N. Y., January 2, 1906.

The Board of Aldermen of The City of New York, New York City, New York:

Gentlemen—I hereby request the adoption by your Board of the proper resolution or ordinance, authorizing the appointment by me of an Assistant District Attorney for the County of Richmond.

This request is made because there is not at present anyone authorized to act for me in case of sickness, or in case two Courts happen to be in session at the same time at which the District Attorney is required to be present. The latter frequently happens, and embarrasses the Court as well as this office, in the performance of duty.

Under section 202 of the County Law, and the Greater New York Charter, authority is vested in your Board to grant this request, and I respectfully ask that it be done at your earliest convenience.

Yours very truly,

JOHN J. KENNEY, District Attorney, Richmond County.

JAMES COWDEN MEYERS, MICHAEL J. CARTER, JOHN J. CRONIN, LEONARD L. JACOBSON, FRANK D. STURGES, ARTHUR H. MURPHY, LEWIS M. POTTER, JOHN J. CALLAHAN, CHARLES KUNTZE, Committee on Salaries and Offices.

Under Rule XXI, consideration of this report was deferred.

Subsequently Alderman Meyers moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Downing, Ellery, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. No. 36.

The Committee on Salaries and Offices, to whom was referred on January 9, 1906 (Minutes, page 185), the annexed resolution in favor of fixing the salary of position of Secretary to the Board of Estimate and Apportionment, respectfully

REPORT:

This resolution was adopted by the Board of Estimate and Apportionment in the first administration of Mayor McClellan, and when received by the Board of Aldermen was not acted upon before its final adjournment. The resolution has now been recertified to the Board of Aldermen and referred to this Committee. For the past four years the First Deputy Comptroller has been the Secretary of the Board of Estimate and Apportionment, serving as such without additional compensation. It seemed to be the judgment of the Board of Estimate and Apportionment that a Secretary should be found who would devote his entire time to the duties of that office, and that he should receive a salary in excess of that of the Deputy Comptroller, who had capably filled both positions. At present one of the Commissioners of Accounts, at a salary of \$5,000 a year, is acting as Secretary of the Board of Estimate and Apportionment without additional compensation. He is a man who has served The City of New York long and faithfully, and is undoubtedly qualified for either position. Presumably, if the resolution referred to your Committee were adopted by the Board, he would resign as Commissioner of Accounts and take the position of Secretary, with a larger salary. Before considering the question of whether the proposed salary is a proper one, the Committee thinks that an expression of opinion should be obtained from the present Board of Estimate and Apportionment, which contains four members who were not in the Board which passed the resolution under consideration. Your Committee therefore recommends the adoption of the following resolution:

Whereas, Resolution Introductory No. 36, fixing the salary of the position of Secretary to the Board of Estimate and Apportionment, was adopted by the Board of Estimate and Apportionment which went out of existence on January 1, 1906, and there has been no expression of opinion thereon by the present Board of Estimate and Apportionment; therefore be it

Resolved, That the said resolution be and it hereby is returned to the Board of Estimate and Apportionment, with the request that said Board readopt or modify the same as in its judgment may seem desirable.

Whereas, The Board of Estimate and Apportionment, at a meeting held November 24, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby establishes the position of Secretary to the Board of Estimate and Apportionment at a salary of seventy-five hundred dollars (\$7,500) per annum, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at said rate of seventy-five hundred dollars (\$7,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Secretary to the Board of Estimate and Apportionment at the rate of seventy-five hundred dollars (\$7,500) per annum.

JAMES COWDEN MEYERS, MICHAEL J. CARTER, JOHN J. CRONIN, LEONARD L. JACOBSON, FRANK D. STURGES, ARTHUR H. MURPHY, LEWIS N. POTTER, JOHN J. CALLAHAN, CHARLES KUNTZE, Committee on Salaries and Offices.

Under Rule 21 consideration of this report was deferred.

Subsequently Alderman Meyers moved the adoption of this report.

Which report was accepted.

No. 70.

The Committee on Salaries and Offices, to whom was referred on January 16, 1906 (Minutes, page 248), the annexed resolution in favor of fixing salary of position of Telephone Operator, Department of Finance, respectfully

REPORT:

The Comptroller and First Deputy Comptroller appeared before your Committee and explained the reasons for asking for this resolution. It is proposed to appoint to the highest grade an operator working at present under contract at the same salary, and later on to appoint another operator to the lowest grade, leaving the intermediate grade as a basis of subsequent promotion. The Committee thinks the resolution reasonable, and recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment at a meeting held January 12, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Telephone Operator in the Department of Finance and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said position be fixed at the rates of seven hundred and fifty dollars (\$750), nine hundred dollars (\$900) and ten hundred and fifty dollars (\$1,050) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the position of Telephone Operator in the Department of Finance at the rates of seven hundred and fifty dollars (\$750), nine hundred dollars (\$900) and ten hundred and fifty dollars (\$1,050) per annum.

The Committee on Salaries and Offices, to whom was referred on January 16, 1906 (Minutes, page 256), the annexed resolution in favor of fixing salary of additional grade of position of Attendant in the City Court of The City of New York, respectfully

REPORT:

Chief Justice O'Dwyer and Justice Seabury of the New York City Court appeared before the committee and urged the adoption of this resolution, stating that its purpose is to equalize the salaries of the Attendants in that court with those of the Attendants in the Supreme Court and Court of General Sessions. The work of the City Court Attendants is as great as that of the others, and there seems to be no reason for the discrimination. Most of the Attendants have been employed for fifteen years and upwards. All of the Justices of the Court unite in the recommendation. The committee recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment at a meeting held January 12, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Attendant in the City Court of The City of New York, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of fifteen hundred dollars (\$1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the additional grade of the position of Attendant in the City Court of The City of New York at the rate of fifteen hundred dollars (\$1,500) per annum.

The Committee on Salaries and Offices, to whom was referred on January 16, 1906 (Minutes, page 257), the annexed resolution in favor of fixing salary of position of Secretary to the Comptroller, respectfully

REPORT:

The Comptroller appeared before the Committee and urged the adoption of this resolution. The present incumbent of the office of Secretary to the Comptroller has been employed for four years at the salary of three thousand dollars per annum. His immediate predecessor received four thousand dollars per annum, but Comptroller Grout on taking office fixed the salary at three thousand dollars. In the closing days of Mr. Grout's term he secured the adoption of a resolution by the Board of Estimate and Apportionment fixing the salary at four thousand dollars, which resolution was received by the Board of Aldermen, but not acted upon. Your Committee finds that Mr. Stanton, the Secretary to the Comptroller, has filled the position capably and creditably, and the Committee is of the opinion that he should be rewarded by an increase in salary. The proposed increase of two thousand dollars (two thirds of the present salary) would argue that he had been very much underpaid in the past or that he was to be overpaid in the future. Your Committee is of the opinion that the salary should be fixed at four thousand dollars (\$4,000) and it recommends the adoption of the following resolution by the Board under the authority conferred upon it by section 56 of the Charter.

Resolved, That the Board of Aldermen hereby fixes the salary of the position of Secretary to the Comptroller, Department of Finance, at the rate of four thousand dollars (\$4,000) per annum.

Whereas, The Board of Estimate and Apportionment at a meeting held January 12, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Secretary to the Comptroller, Department of Finance, be fixed at the rate of five thousand dollars (\$5,000) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Secretary to the Comptroller, Department of Finance, at the rate of five thousand dollars (\$5,000) per annum.

The Committee on Salaries and Offices, to whom was referred on January 16, 1906 (Minutes, page 257), the annexed resolution in favor of fixing salaries of positions in the office of the Commissioner of Jurors, Queens County, respectfully

REPORT:

The Commissioner of Jurors of Queens County appeared before the Committee and explained the situation calling for an increase of these salaries, and presented copies of a letter from the Secretary of State and a resolution of the Board created by chapter 441 of the Laws of 1899, affecting the office of Commissioner of Jurors. The Committee finds in these papers sufficient warrant for the resolution, and recommends its adoption.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment January 12, 1906:

"Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Justice of the Supreme Court, Second Judicial District, the County Judge of Queens County and the County Clerk of Queens County, taken and dated November 21, 1905, in compliance with the provisions of chapter 441 of the Laws of 1899, in fixing the salaries of the following positions in the office of the Commissioner of Jurors, Queens County, as of date December 31, 1905, as follows:

	Per Annum.
Commissioner of Jurors.....	\$3,000 00
Assistant Commissioner of Jurors.....	2,000 00
Clerk	1,500 00

REPORTS OF COMMITTEE ON LAWS AND LEGISLATION.

No. 33.

The Committee on Laws and Legislation, to whom was referred on January 9, 1906 (Minutes, page 183), the annexed resolution in favor of exempting contractors from paying the usual fees for constructing vaults in front of any public building in the Borough of The Bronx, respectfully

REPORT:

That it is advised that the City obtains no benefit from the charge of the fee for constructing such vaults in connection with public buildings, for the reason that the amount of such charge is always included in the contract made with the City for such construction. At times the maximum charge may be included in a contract, while the charge to the contractor may be of a lesser amount, resulting in a loss to the City.

The Committee therefore recommends the adoption of the following substitute resolution:

SUBSTITUTE.

Resolved, That all contractors constructing for The City of New York vaults in front of or in connection with any municipal or public building in the Borough of The Bronx shall be exempt from the charge of the usual fee for such vaults by the President of said Borough or the Commissioner of Public Works thereof, except a nominal charge of ten dollars for each such municipal or public building owned by The City of New York; provided, however, that this resolution shall not affect any existing contract

ORIGINAL RESOLUTION.

Resolved, That all contractors constructing vaults in front of any municipal or public building in the Borough of The Bronx shall be exempt from paying the usual fee for said vaults by the President of said Borough, or the Commissioner of Public Works of same, except a nominal charge of — per square foot (superficial meas-

urement) for each such municipal or public building owned by The City of New York, providing, however, that this resolution shall not affect any existing contract.

Alderman Sturges asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said substitute resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, C. The Committee on Laws and Legislation, to whom was referred on January 16, 1906 (Minutes, page 330), the annexed resolution in favor of petitioning the Legislature of the State to pass a bill enabling and authorizing this City to construct, own, operate and maintain its lighting and rapid transit facilities, respectfully

REPORTS:

That the Committee is deeply sensible that The City of New York should in full measure be vested with authority and power to conduct its own affairs in all respects so as best to conserve the interests of the City and promote the welfare of its citizens. The principle of municipal ownership is recognized and favored; and it is essential that the City should be placed in a position to assume and exercise control of public utilities, whenever conditions admit and require such action for the general good.

The Committee therefore recommends the adoption of the following substitute resolution:

SUBSTITUTE.

Whereas, The recent municipal election awakened the people of this City to a thoughtful consideration of the principles of municipal ownership and operation of public utilities; and

Whereas, This condition is largely due to the imperfect and oppressive service rendered through private enterprise in the operation of such utilities; and

Whereas, The effective means of checking and correcting such abuses is the power of the municipal government to exercise complete control over such utilities; therefore

Resolved, That the Board of Aldermen of The City of New York do respectfully petition the Legislature of the State to enact such measures as will enable this City to assume and exercise complete control over all public utilities.

ORIGINAL.

Resolved, That the Board of Aldermen of The City of New York strongly mindful of the serious need of relief in the matter of lighting and additional rapid transit facilities, do most respectfully petition the Legislature of the State to pass a bill enabling and authorizing the City to construct, own, operate and maintain its lighting and rapid transit facilities.

The Committee on Laws and Legislation, to whom was referred on January 16, 1906 (Minutes, page 331), the annexed resolution declaring the approval by the Board of Aldermen of the legislation prepared by the Municipal Ownership League, and now pending before the State Legislature, respectfully

REPORT:

That the Committee has given careful consideration to the said resolution, and concludes that, in its opinion, the subject matter is not such as to require or warrant action by the Committee.

The Committee therefore submits the said resolution for the consideration of the Board, without recommendation.

Whereas, The recent election demonstrated the strength of the municipal ownership sentiment in this community; and

Whereas, That election was a rebuke to the municipal administration that approved the Remsen gas bill;

Resolved, That the Board of Aldermen unqualifiedly declares its approval of the legislation prepared by the Municipal Ownership League and now pending before the State Legislature and which carries out the sentiment of 350,000 voters of this city.

The Committee on Laws and Legislation, to whom was referred on January 16, 1906 (Minutes, page 360), the annexed resolution in favor of petitioning the Legislature of the State to investigate the recent municipal election and matters in connection therewith, respectfully

REPORTS:

That, having carefully considered the proposed resolution, the Committee is firmly of the opinion that an honest election and an honest count of the vote are vital to the existence of representative institutions and should be safeguarded by most stringent and practical laws.

The Committee therefore recommends the adoption of the following substitute resolution:

ORIGINAL.

Whereas, It has been charged in judicial proceedings and in the press, and it is widely believed that gross frauds and corruption were practiced at the recent municipal election in this city; and

Whereas, In the canvass, it appeared that there was a serious miscount of the vote, and that upon application to the Supreme Court for a recount it was shown that there had been a fraudulent count of the votes contained in certain of the ballot boxes; and

Whereas, Such practices strike at the root of representative institutions, bring the law into disrepute and jeopardize the public interests; therefore

Resolved, That the Board of Aldermen of The City of New York declare that, in their judgment, there should be a thorough and impartial investigation of the conduct of the recent municipal election in The City of New York, the allegations of fraud and corruption practiced thereat, the moneys contributed by corporations, candidates and others, and the uses made of such moneys at such election, and the contracts and business and other relations between corporations and leaders exercising or supposed to exercise power and authority in political parties or organizations, and the privileges and immunities, if any, enjoyed by such corporations and the consideration thereof; further

Resolved, That to this end this Board do petition the Legislature of the State of New York to take such appropriate action in the premises as will secure the investigation desired, and enact such measures as will not only insure a fair recount of the votes at the recent election, but will provide adequately for honest elections and an honest count of the votes cast in the future.

SUBSTITUTE.

Whereas, It has been charged in judicial proceedings and in the press, and it is widely believed that gross frauds and corruption were practiced at the recent municipal election in this City; and

Whereas, In the recent canvass of votes it appeared that in upwards of one thousand election districts in the City there was a miscount of the vote, and in three of four ballot boxes opened in the Supreme Court upon application to recount the votes it was demonstrated that there had been a fraudulent count of the votes in such boxes; and

Whereas, Such practices strike at the root of representative institutions, bring the law into disrepute and jeopardize the public interests;

Resolved, That the Board of Aldermen of The City of New York declare that, in their judgment, there should be a thorough and impartial investigation of the conduct of the recent municipal election in The City of New York, the allegations of fraud and corruption practiced thereat, the moneys contributed by corporations, candidates and others, and the uses made of such moneys at such election, and the contracts and business and other relations between corporations and leaders exercising or supposed to exercise power and authority in political parties or organizations, and the privileges and immunities, if any, enjoyed by such corporations and the consideration thereof; further

Resolved, That to this end this Board petitions the Legislature of the State of New York to give, by legislative enactment, such relief as the citizens of New York City require in this emergency, and adopt the resolution now pending in the Assembly, introduced by the Hon. Maurice F. Smith, and enact such other measures as will insure not only a fair recount of the votes at the recent election, but will provide adequately for honest elections and the counting of votes as cast in the future.

FRANK D. STURGES, JOHN R. DAVIES, CLARENCE R. FREEMAN, BENJAMIN W. B. BROWN, JOHN D. GUNTHER, WILLIAM CLIFFORD, Committee on Laws and Legislation.

Alderman Sturges asked for immediate consideration for this report.

Alderman Morris moved that the matter be laid over in order to give the minority members of the Committee an opportunity to present a minority report.

After some time spent in discussion of the motion of Alderman Morris, Alderman Meyers moved the previous question.

The President put the question, "Shall the main question be now put?"

Which was decided in the affirmative.

The President then put the question on the amendment of Alderman Morris.

Which was decided in the negative.

The report was then accepted and the resolution adopted.

Report of the Committee on Public Letting—

No. 78.

The Committee on Public Letting, to whom was referred on January 16, 1906 (Minutes, page 260), the annexed communication from the Police Department requesting authority to contract for certain work on the steamboat "Patrol," respectfully

REPORT:

That having examined the subject, they recommend that the annexed resolution be adopted.

Very respectfully,
(Signed) JOHN W. SULLIVAN.

Resolved, That pursuant to section 419 of the Greater New York Charter as amended, the Commissioner of Police be and he is hereby authorized to contract for certain work or repairs to the steamboat "Patrol" to an amount not exceeding \$2,783 without public letting.

ARDOLPH L. KLINE, JACOB BARTSCHERER, FRANCIS J. O'NEILL, DAVID S. RENDT, WILLIAM CLIFFORD, JOSEPH H. SCHLOSS, MAX S. LEVINE, Committee on Public Letting.

Alderman Kline asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Griffenhagen, Gunther, Haggerty, C. At this point Alderman Meyers moved that the Committee on Buildings be discharged from the further consideration of papers numbered 107 and 108, relative to the construction of a municipal building in the Borough of Manhattan, and an appropriation therefor.

Which was decided in the affirmative.

The papers were then respectfully referred to the Committee on Public Buildings and Markets.

SPECIAL ORDERS.

Alderman Meyers called up Special Order No. 2, being a resolution, as follows:
No. 88.

Resolved, That, in pursuance of section 407 of the Greater New York Charter, the Building Committee of this Board be and it hereby is directed to prepare and report to this Board a "Building Code," in amended and revised form, providing therein for all matters concerning, affecting or relating to the construction, alteration and removal of buildings or structures erected, or to be erected, in The City of New York; and it is further

Resolved, That for the purpose of properly preparing said Building Code the said committee be and it hereby is authorized to engage the services of the following experts, each of whom shall be a resident of The City of New York, and shall have been engaged not less than five years in his respective calling, to wit: A builder, an ironworker, a mason, a carpenter, a plumber, an architect, a civil engineer, a sanitary engineer, a physician and a lawyer, which said experts shall be paid a reasonable compensation for the services to be rendered by them, the compensation to be fixed by this Board after the service has been completed.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cronin, Davies, Diemer, Dotzler, Dowling, Ellery, Farrell, Freeman, Gunther, Haggerty, C. Hahn, J. J. Negative—Alderman Olvany—1.

Alderman Diemer called up Special Order No. 3, being a resolution as follows:
No. 94.

Resolved, That James A. Heaney be and he is hereby removed from the office of First Assistant Sergeant-at-Arms, and Charles Pease, of No. 580 Union street, in the Borough of Brooklyn, be and he is hereby elected in the place and stead of James A. Heaney.

Which, on motion of Alderman Diemer, was placed on file.

In connection herewith the President laid before the Board the following:

No. 126.

Brooklyn, N. Y., January 23, 1906.

To the Board of Aldermen, City of New York, New York City, N. Y.:

Gentlemen—I hereby tender my resignation as Assistant Sergeant-at-Arms to your Body, to take effect to-day.

Very respectfully yours,
JAMES A. HEANEY.

Which resignation was accepted.

In connection herewith Alderman Kuck offered the following:

No. 127.

Resolved, That Charles Pease, of No. 580 Union street, in the Borough of Brooklyn, be and he is hereby elected a First Assistant Sergeant-at-Arms of the Board of Aldermen for the years 1906 and 1907, at a salary of twelve hundred dollars (\$1,200) per annum, in the place and stead of James A. Heaney, resigned.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Farrell, Freeman, Griffenhagen, Gunther, Haggerty, J. GENERAL ORDERS.

Alderman Bartscherer called up General Order No. 2, being a report and resolution as follows:

No. 35.

The Committee on Salaries and Offices, to whom was referred on January 9, 1906 (Minutes, page 184), the annexed resolution in favor of fixing salaries of additional grades of positions in the office of the Board of Estimate and Apportionment,

REPORTS:

That the Secretary of the Board of Estimate and Apportionment appeared before the Committee and stated that by resolution of the Board of Estimate and Apportionment in December last the Bureau of Franchises was transferred bodily from the Comptroller's office to the office of said Board and that the transfer was complete except for the three places covered by the resolution, for which there were no grades established in the office of the Board of Estimate and Apportionment. The Secretary stated that these positions are to be filled by the incumbents of the similar positions in the Bureau when it was in the Comptroller's office. The positive statement was made that these are not new positions except as above indicated and that there is no increase of salary involved. Your committee, therefore, recommends the concurrence of the Board of Aldermen and the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 8, 1905, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the following positions in the office of said Board, and recommends to the Board of Aldermen, in accordance with section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed as follows:

	Per Annum.
Assistant Engineer	\$1,800 00
Clerk	900 00
Junior Clerk	540 00

Resolved, That the Board of Aldermen hereby concurs in the said resolution and fixes the salaries of the additional grades of the above positions as set forth therein.

JAMES COWDEN MEYERS, FRANK D. STURGES, LEWIS M. POTTER, CHARLES KUNTZE, MICHAEL J. CARTER, JOHN J. CALLAHAN, JOHN J. CRONIN, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Griffenhagen, Gunther, Haggerty, J. J. Hahn, Hann, Harnischfeger, Herold, Higgins, Jacobson, Kenneally, Kline, Krulish, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, McCall, Murphy, Noonan, Olvany, O'Neill, Peters, Potter, Redmond, Rendt, Rowcroft, Schloss, Sturges, Sullivan, Torpey, Wafer, Wentz, Wright, President Bermel and the President—61.

Alderman Davies called up General Order No. 1, being a report and resolution, as follows:

No. 26.

The Committee on Finance, to whom was referred on January 1, 1906 (Minutes, page 36), the annexed communication from the Board of Education, requesting authority to arrange with various railway companies for conveying pupils to various schools, without public letting, respectfully

REPORT:

That, having examined the subject, they find that under the proposed system of buying and distributing car tickets among children in outlying districts, who live approximately one mile from a school will be about one-fourth of the cost of transporting them by stage, as has been done in the past. The consent of the Board of Aldermen is necessary, under chapter 419 of the Charter, as this is a matter involving the expenditure of over \$1,000.

They therefore recommend that the annexed resolution be adopted.

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, December 29, 1905.

Hon. P. J. SCULLY, Clerk, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of reports and resolution adopted by the Board of Education at a meeting held on the 27th inst., relative to making arrangements with various railway companies for the transportation of pupils in public schools during the year 1906.

Respectfully,

A. EMERSON PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Supplies respectfully reports that it was unable to procure bids from the various railway companies for the transportation of children in the boroughs of The Bronx and Richmond, notwithstanding the fact that the advertisement appeared in the CITY RECORD for the usual time, and they were personally requested to send in proposals.

By having these pupils transported by railway and trolley a considerable saving can be effected to the Department of Education, and the Committee on Supplies has decided to ask the Board of Education to request the Board of Estimate and Apportionment and the Board of Aldermen to grant it authority to make arrangements with the various railway companies for the transportation of pupils during the year 1906.

This request is made by reason of the fact that the amount of money involved will exceed \$1,000.

The following resolution is submitted for adoption:

Resolved, That the Board of Estimate and Apportionment and the Board of Aldermen be and they are hereby requested to grant authority to the Board of Education to arrange with various railway companies for the purchase of the necessary tickets and books to carry on the work of conveying pupils to and from various schools in the boroughs of The Bronx and Richmond.

A true copy of report and resolution adopted by the Board of Education December 27, 1905.

A. EMERSON PALMER, Secretary, Board of Education.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Education be and hereby is authorized and empowered to arrange with various railway companies for the purchase of the necessary tickets and books to carry on the work of conveying pupils to and from various schools in the Boroughs of The Bronx and Richmond, to an amount in excess of one thousand dollars (\$1,000).

JOHN R. DAVIES, ARDOLPH L. KLINE, JAMES W. REDMOND, JOHN DIEMER, THOMAS J. MULLIGAN, JAMES E. BUNTING, JOSEPH FALK, PHILIP HARNISCHFEGGER, BENJAMIN W. B. BROWN, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Higgins, Jacobson, Kenneally, Kline, Krulish, Kuck, Kuntze, Lawlor, Leverett, Levine, Markert, McCall, Meyers, Moffitt, Morris, Mulligan, Murphy, Noonan, Olvany, O'Neill, Peters, Potter, Redmond, Rendt, Rowcroft, Schloss, Smith, Sturges, Sullivan, Torpey, Wafer, Wentz, Wright, President Cromwell, President Bermel and the President—67.

Resolved, That permission be and the same is hereby given to the Pressmen's Union to drive an advertising wagon through the streets and thoroughfares of The City of New York; this permission to be under the supervision of the Police Department and to continue only for a period of thirty days from the date of approval hereof by the Mayor.

Which was adopted.

No. 131.

By the same—

Whereas, On July 5, 1904, a communication was received by the Board of Aldermen from the Board of Rapid Transit Railroad Commissioners of The City of New York, transmitting for their approval a certificate and condition of a franchise to be granted to the New York Connecting Railroad Company; and

Whereas, The Board of Aldermen did, on April 18, 1905, return the said certificate and proposed conditions of the franchise for the New York Connecting Railroad Company to the Board of Rapid Transit Railroad Commissioners for certain modifications and changes in the conditions of the proposed grant which seemed just and proper, and for the best interests of the people of this city; and

Whereas, The passing of the bills by the State Legislature, known as the Elsbeg bills, attempted to amend the Charter of The City of New York by taking away from the Board of Aldermen the power to grant the constitutional consent necessary to grants or franchises of this character, and conferring it upon the Board of Estimate and Apportionment, the constitutionality of which is now pending in the Court of Appeals in this State;

Resolved, The Board of Aldermen do most respectfully and earnestly protest against the granting, or the attempting to grant, by the Board of Estimate and Apportionment of the proposed franchise to the New York Connecting Railroad Company, pending the final decision by the Court of Appeals on the constitutionality

of the above-mentioned bills, and further, until the conditions of the franchise are changed and modified to meet the following requirements:

1. That the New York Connecting Railroad Company will agree, as a condition of the franchise, to build and maintain a footpath free to all pedestrians on the bridge over the East river, from the Borough of Queens to and over Ward's and Randall's Islands to the Borough of The Bronx.

2. That electricity be the only motive power used by the railroad company within the corporate limits of this city.

3. That this City shall have the right at any time it determines that a public necessity exists, to open streets across the route of the railroad.

4. That this City shall have the right to place police and fire telegraph and telephone wires along the railroad structure.

5. That for local traffic, that is for one continuous ride within the corporate limits of this City, the rate of fare for such ride will not exceed five cents for each person; and be it further

Resolved, The Board of Aldermen most respectfully and earnestly petitions the Board of Estimate and Apportionment to withhold its consent to the grant of a franchise to the New York Connecting Railroad Company unless the conditions herein set forth are made a part of the conditions of the franchise.

Which was adopted.

No. 132.

By Alderman Stapleton—

Resolved, That the ordinance relating to the discharge of fireworks be and the same is hereby suspended, upon the approval thereof by the Fire Commissioner, so as to permit the Chinese of the city to set off Chinese firecrackers during their New Year's celebration, from January 23 to February 6, 1906, as has been the custom for years past.

Which was adopted.

No. 133.

By the same—

Resolved, That the President of the Borough of Manhattan be and he is hereby authorized and directed to number and renumber the buildings on the north side of Madison street, between Oliver and James streets.

No. 134.

By Alderman Rowcroft—

Whereas, In this thickly populated residential section of the Borough of Brooklyn, known as the Bushwick section, which is made up largely of a cosmopolitan class of people, many of them who can ill afford to send their children to the country for summer recreation, so that the street is by necessity their only playground, where they can enjoy the sunlight and God's pure air; and

Whereas, The growing demand and absolute necessity of providing a suitable playground for the children of our citizens, wherein they may romp around and play to their heart's content, free from the danger of fast moving trolley cars, automobiles and other vehicles; and

Whereas, As the present time offers a splendid opportunity to acquire a suitable plot of ground for such playground on the site of the old "Union Cemetery" (in the Twenty-eighth Ward of the Borough of Brooklyn), which we believe can be purchased at a reasonable price, as same is unimproved property; and

Whereas, This extremely large, and still growing section, with a population of some 200,000, is at present without a playground, and as this movement is strongly indorsed as an absolute necessity by the following organizations as the

Twenty-eighth Ward Taxpayers' Protective Association,

Turn Verein, Brooklyn, E. D.,

Allied Board of Trade and Taxpayers' Association,

Twenty-eighth Ward Board of Trade,

Broadway Board of Trade,

Ridgewood Board of Trade,

Unity Republican Club,

William Schnitzpan Association,

Twentieth Assembly District Democratic Association,

Twentieth Assembly District Republican Association,

Twentieth Assembly District Citizens' Union,

Twenty-eighth Ward Republican Club,

Mothers' Club of School No. 74,

—and other organizations.

Ten petitions were presented to the Board of Estimate and Apportionment, signed by prominent citizens of the Bushwick and Ridgewood sections, and further it has been unanimously indorsed by the Bushwick Local Boards of 1904-1905 as a most desirable location; therefore be it

Resolved, That we, the people of the Bushwick and Ridgewood sections, in meeting here assembled this 28th day of May, 1905, do most urgently and emphatically appeal to his Honor the Mayor, the members of the Board of Estimate and Apportionment and the members of the Board of Aldermen to use every means at their disposal to provide a public playground in the Bushwick and Ridgewood sections of the Borough of Brooklyn (if possible on the site of the old Union Cemetery), at the earliest opportunity; and be it further

Resolved, That a copy of these resolution be forwarded to his Honor the Mayor, City and Borough officials.

JARED J. CHAMBERS, Chairman.

George Trieber,

J. A. Estrup,

John Fierabend,

G. F. Paziot,

Secretaries.

This meeting was held on May 28, 1905, at the hall of the Turn Verein, Gates and Bushwick avenues, and was largely attended. The meeting was addressed by twenty prominent citizens of the Bushwick and Ridgewood sections.

JACOB KRAUSS,

Chairman of Public Improvement Committee of the Twenty-eighth

Ward Taxpayers' Protective Association.

No. 135.

(By Request.)

By Alderman Potter—

Whereas, A situation has long existed at the Manhattan termini of the Brooklyn Bridge which would not be tolerated in any other country of the world and which may be remedied by wise and determined action on the part of our City authorities; and

Whereas, In the opinion of this committee The City of New York has not granted, and could not legally grant, exclusive right to any traction company in and to the use of any of its streets, and there is, therefore, existing a reserved right which enables The City of New York to grant the right to extend tracks of competing lines or to the use of the existing tracks of existing lines under conditions just and equitable; therefore be it

Resolved, That the Commissioner of Bridges be asked to give notice to all Brooklyn transit lines that after July 1 next no cars of such transit company will be allowed to cross the Brooklyn Bridge unless they be sent to a point distant not less than one-half mile from the Manhattan termini of said Brooklyn Bridge, or unless they make a continuous circuit by passing around over both the Brooklyn and Williamsburg Bridges.

Resolved, That the Board of Aldermen of The City of New York joins with the State Legislature, in its action of yesterday by resolution of the Assembly shortly to be concurred in by the Senate, in the expression of sympathy tendered to the Jewish race on the shocking and appalling atrocities perpetrated on the peaceful and law-abiding people of their faith in Russia; be it further

Resolved, That a copy of this resolution be forwarded to Theodore Roosevelt, President of the United States, and the Hon. Elihu Root, Secretary of State, for such act thereon as they may deem meet in the premises.

Which was adopted.

No. 145.

By the same—

Whereas, The vending of merchandise on push-carts in the streets of The City of New York has become a fixed method by which many people have grown accustomed to make a livelihood; and

Whereas, The practice has assumed such proportions that many have begun to view it as a condition which should either be checked or better regulated before it becomes a nuisance beyond the control of the municipal authorities; and

Whereas, His Honor the Mayor, during the last term, appointed a commission to investigate the question, apparently with a view to eliciting information to the end that the vending of merchandise in this manner on the public highways might be better regulated; and

Whereas, To be deprived of the opportunity of seeking a livelihood in this manner, all these years privileged, would prove a hardship to the very many who have found it their only means, being unequipped by trade or calling for other pursuit; therefore

Resolved, That the Committee on Laws and Legislation be and hereby is instructed to hold a public hearing on the question set forth in the preamble hereof, the said hearing to be on a day as early as practicable and to be given as wide a publicity as possible, its object to be to get a consensus of public opinion and a fuller understanding of the question than has been had heretofore, so that this Board may adopt appropriate and equitable ordinances governing the same, which the said Committee on Laws and Legislation is requested to prepare and present, as based upon its findings.

Resolved, further, That in order that the Committee on Laws and Legislation may be aided in fullest measure in the preparation of appropriate ordinances on this question, his Honor the Mayor is hereby respectfully requested to transmit to this Board for their information a copy of the report of the Commission appointed by him in the matter.

Which was referred to the Joint Committee on Laws and Legislation and Streets, Highways and Sewers.

No. 146.

By Alderman Linde—

Resolved, That the Corporation Counsel be and he hereby is requested to inform this body whether or not the elevated railroads operating in the various boroughs of this City are required to provide toilets or comfort stations on the various stations of said roads, and what power, if any, this Board has to compel these corporations to construct and maintain such places of accommodation.

Which was adopted.

No. 147.

By Alderman J. J. Hahn—

Whereas, There is now pending in the Legislature of the State of New York a bill known as "Senate Bill, No. 78," introduced by the Hon. Martin Saxe, a State Senator; and

Whereas, The above described bill has for its purpose the removal of railroad tracks now being operated on Eleventh avenue in The City of New York, to the great peril and danger of the residents of that section of the City where these tracks exist; and

Whereas, If the above described bill becomes a law the railroad company operating its steam railroads on Eleventh avenue will be compelled either to remove the same or make their operations of the same more safe to the people; now therefore it is

Resolved, By the Board of Aldermen of The City of New York, that the Board approves of the above described bill, and respectfully urges the Hon. George B. McClellan, Mayor of The City of New York, to use all proper efforts to secure the passage of the above described bill by the Legislature, to the end that the inhabitants of The City of New York may be protected from the great danger to which they are now subjected by the operation of a steam railroad without proper safeguards on one of the main thoroughfares of the City.

Which was referred to the Committee on Railroads, with instructions to hold a public hearing.

No. 148.

By the same—

Whereas, The lives of citizens of New York are imperilled daily at the subway railway stations by reason of the absence of proper devices to prevent passengers from being crowded off the platforms upon the tracks; and

Whereas, Although protest has been made against this dangerous condition by organizations of citizens and by the public press, no remedy for it has as yet been provided by those in charge of the operation of the subway railway; be it

Resolved, That it is the sense of the Board of Aldermen of The City of New York that steps should be taken by the Rapid Transit Commission and the State Board of Railroad Commissioners to compel the erection of guard rails on the subway platforms to afford adequate protection to passengers, and that if relief cannot thus be obtained, a law to the same end should be passed by the State Legislature; and be it further

Resolved, That copies of these resolutions be sent respectively to the Rapid Transit Commission and the State Board of Railroad Commissioners.

Which was adopted.

No. 149.

By Alderman Grifenhagen—

Whereas, It is alleged that the Street Cleaning Department has made no provisions for merchants, tradespeople and storekeepers to dump their rubbish and waste, which, if true, works an unnecessary hardship upon certain of our citizens; therefore be it

Resolved, That the Committee on Street Cleaning is hereby directed to make a thorough examination into this and other matters relating to the Street Cleaning Department, to the end that they may be able to recommend such facilities as will enable the people of this City to do business without unnecessary hardship or expense, and that said committee is hereby further instructed to report to the Board, at the earliest possible moment, upon this and any other matter of importance which it may wish to consider and report upon, relating to the Street Cleaning Department or its management.

Alderman Dowling moved that the matter be laid over and made a Special Order for the next meeting at 2 o'clock p. m.

Which motion was lost.

No. 154.

By Alderman Dowling—

Whereas, It has been and is the practice for many conductors on the cars of the street surface railways of The City of New York, at intersecting transfer points, to precipitately start their cars, when a delay of a very short time would allow passengers leaving one car to at once board another; and

Whereas, This practice prevails particularly during the night when all cars are operated under a lengthened headway; and

Whereas, Such action on the part of conductors, whether it be under a company rule or of their own volition, often necessitates that passengers wait a considerable time on the public highway, to the detriment of their health, let alone that loss of time is involved; and

Whereas, This condition can be readily remedied if the operating companies will but issue an order requiring that conductors halt their cars a sufficient time to permit passengers to leave one car and board another and not too precipitately move; therefore be it

Resolved, That the several operating street surface-railroad companies in The City of New York be and hereby are requested to adopt a rule instructing conductors to wait a sufficient time during the night at intersecting transfer points so that passengers may be enabled to alight from one car and more readily and conveniently board another and thus not be subjected to a menace to health during inclement weather and be the better facilitated in their transportation.

AN ORDINANCE for the better protection of persons employed in the construction, altering or repairing of buildings in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. It shall be unlawful for any owner, contractor or sub-contractor to place or allow to be placed in any building in course of construction, alteration or repair within The City of New York, any ladder or stairs or any landing of said stairs intended to be used by men engaged in the construction, altering or repairing of said building, unless said ladder shall be securely fastened at the top and bottom, and unless said ladder shall be so constructed as to bear four times the maximum weight required to be placed thereon when in use, and unless said stairways have treads thereon and said landings covered immediately after the iron stair strings are put up, and unless every part thereof is securely and sufficiently fastened, and unless each and every part of said stairs and of every such landing is capable of sustaining at least three times the maximum weight required to be placed thereon when in use.

Sec. 2. All well-holes and floor openings in buildings in the course of alteration, construction or repair shall have placed around them proper and suitable guard rails, which shall be at all times of sufficient strength to sustain the weight of at least three hundred pounds.

Sec. 3. A violation of this section shall be punishable by a fine of not exceeding one hundred dollars and imprisonment of not exceeding six months.

Sec. 4. The Borough Presidents of each Borough of The City of New York shall be charged with the enforcement of the provisions of this ordinance through the Bureaus of Buildings in their respective boroughs.

Sec. 5. This ordinance shall take effect immediately.

Flushing, New York, January 12, 1906.

Hon. JAMES E. BUNTING, Aldermanic Chambers, City Hall, N. Y. C.:

Dear Sir—On the 14th day of November, 1905, Mr. Theodore P. Lawlor of Flushing, was duly elected as an active member of Mutual Engine Company 1 of Flushing. Shortly thereafter I wrote to Alderman James, requesting him to present Mr. Lawlor's

name to the Board of Aldermen for confirmation as such active member. Mr. James in reply advised me to wait until the new administration took charge of affairs and then to send the name to you for the purpose aforesaid. Including Mr. Lawlor, Mutual Engine Company has now forty-one active members, which is four less than the quota allowed to it by law. Kindly present Mr. Lawlor's name to the Board for confirmation at your earliest convenience and advise me accordingly, and by so doing you will greatly oblige Mutual Engine Company and

Yours very truly,

JAMES VON SHOLLY, Secretary.

A communication was presented from the Chief Examiner, dated December 15, with reference to the appeal of William Lendrum, candidate for promotion to Roundsman in the Police Department, stating that after an investigation of the rating the candidate received on seniority, it did not appear that any error had been made in same. The appeal was denied.

A communication was presented from the Chief Examiner, dated December 15, stating that the appeal of Joseph T. Burns, candidate for Stationary Engineman, should be denied as no error of marking was pointed out. The appeal was denied.

A communication was presented from the Chief Examiner, dated December 11, calling the attention of the Commission to an irregularity in the application of John F. Collins, of No. 456 West Forty-second street, candidate for Patrolman, and recommending that the candidate's name be stricken from the eligible list for that position. After a careful investigation into the facts in the case, there did not appear to be sufficient grounds for removing the candidate's name from the eligible list, and the papers were ordered filed.

A communication was presented from the Chief Examiner, dated December 12, with reference to the appeal of John J. Gavin for a rerating of the papers submitted by him in the examination for Stationary Engineman. It appearing from the Chief Examiner's report that there was no merit in the appeal the same was denied.

A communication was presented from the Chief Examiner, dated December 18, with reference to the appeal of Thomas F. Burke, candidate for Stationary Engineman, recommending that the same be denied, there having been no error made in the rating of the candidate's papers. The appeal was denied.

A communication was presented from the Chief Examiner dated December 18, submitting the experience sheets of several candidates for Prison Keeper, and asking instructions as to whether, in view of the fact that the said candidates appeared to him to have revealed their identity, the said papers should be rated. The matter was laid over, pending a full meeting of the Board.

A communication was presented from the Assistant Chief Examiner, dated December 14, calling the attention of the Commission to the case of candidate No. 5 in the examination for promotion to section Foreman, Borough of Queens, which came to him with a memorandum from the Chief Examiner to the effect that the candidate's papers were not to be rated for the reason that he had revealed his identity; and stating that he had gone through the candidate's papers without seeing anything that revealed his identity, and that, if the same was made known to the Chief Examiner, he had not communicated it to him (the Assistant Chief Examiner). After an investigation of the matter it appeared that the candidate had addressed a communication to the Chief Examiner with reference to his examination, but that the same had not been communicated to the Examiners who rated the papers. The Assistant Secretary was therefore instructed to communicate with the Chief Examiner and state that, in the opinion of the Commission, the candidate's papers should be rated.

A communication was presented from Mr. P. D. Byrne, Examiner, dated December 18, with reference to his investigation of the examination of William J. Stone, who was appointed a Fireman in the Fire Department on July 21, 1905, and is now serving in that capacity with Engine Company 23. Mr. Byrne stated in his report that the declaration sheet filled out by the candidate at the time of his appointment was written in a handwriting very dissimilar to that appearing in the candidate's mental examination papers, but was substantially like that appearing on several blanks filled out by the candidate at the time of his physical examination; that he had examined several specimens of the candidate's writing and had arrived at the conclusion that the mental examination was not taken by the candidate, who, however, passed the physical examination and is now serving in the Fire Department. The matter was laid over for further investigation.

The Assistant Secretary presented a report, dated December 18, with reference to the application of Mr. Charles M. Lawless to have his name transferred from the eligible list for Deputy Tax Commissioner in the Borough of Brooklyn to the list for the Borough of Queens. The matter was laid over.

A communication was presented from the Department of Docks and Ferries, dated December 11, requesting that an examination be held for promotion to fourth grade Stenographer in that Department, same to be open to all persons serving in the lower grades of Stenographer and Typewriter in the Department. The Assistant Secretary stated that the records of the office showed that there were three Stenographers serving in the Department, each of whom received a compensation of \$1,000 per annum. The request was granted, and the Chief Examiner was instructed to fix a date for the examination at his convenience.

A communication was presented from the Board of Education, dated December 18, again requesting the Commission to certify the name of Carmine R. Pughliese for appointment to the position of Attendance Officer on the ground that that candidate is the only person on the eligible list for Attendance Officer possessing a knowledge of the Italian language. It appeared that the Commission denied the said request on the 8th inst. and addressed a letter to Mr. Palmer stating that as there was no language qualification required in the examination for Attendance Officer the Commission could not certify the twelfth man on the said list on the ground that he possessed a knowledge of Italian. After a consideration of the matter the Assistant Secretary was instructed to request the Chief Examiner to hold a non-competitive examination of the persons whose names appeared on the eligible list for Attendance Officer to ascertain if any of the candidates possessed a knowledge of the Italian language, to the end that, if there were any such persons on the list, a sub-list might be established from which certification could be made in regular order to the Department of Education.

A communication was presented from the Assistant Secretary of the Park Board, dated December 19, requesting an amendment of the classification of positions in the labor class, as fixed by the Civil Service rules, by including therein the position of Clumber and Pruner, and requesting further that, pending the establishment of an eligible list for that position, Commissioner Parsons be authorized to employ a number of persons, not exceeding ten, temporarily, such services being urgently needed at the present time in his Department. The Assistant Secretary was instructed to arrange a public hearing on the proposed amendment, in accordance with Civil Service Rule III., to be held at the Commission's office on Wednesday, December 27, 1905, at 10 a. m., and to notify the Commissioner of Parks for the Boroughs of Manhattan and Richmond that if it was absolutely necessary to employ persons in the aforesaid capacity in order to protect the lives of the trees in the park, as stated by him, the Commission would suggest that he employ such persons under the emergency clause of Rule XIX. for five-day periods until such time as an eligible list could be established and permanent selections made from same.

A communication was presented from the Department of Docks and Ferries, dated December 18, requesting that the Commission hold a public hearing on the proposed amendment of the classification of positions in the exempt class in that Department, by adding thereto an additional Assistant Superintendent of Ferries. The matter was ordered continued on the calendar.

Communications were presented from the President of the Borough of Richmond, dated December 12, 14 and 15, requesting authority to appoint the following named persons provisionally to the position of Topographical Draughtsman pending the establishment of a new list:

Harold Nelson, Ward avenue, Tompkinsville, N. Y.

Albert W. Reddy, New Brighton, N. Y.

Francis Muller, No. 226 East Thirteenth street.

Edward Bryant, No. 39 Kane avenue, Rockaway.

J. H. Moore, care of W. H. Hasbrook, Richmond road, Rosebank, N. Y.

V. W. Evans, No. 26 Caroline street, West New Brighton.

E. V. Bragdon, No. 177 Richmond terrace, West New Brighton.

Charles Solomon, No. 1386 Prospect avenue, The Bronx.

John B. Cornell, Stapleton, N. Y.

James Thompson, Richmond terrace, New Brighton, N. Y.

The request was granted under the provisions of Rule XII., paragraph 3, and the Chief Examiner was instructed to arrange a non-competitive examination of the candidates in accordance with the aforesaid rule.

A communication was presented from the President of the Borough of Richmond, dated December 12, requesting authority to appoint John J. Burrows of No. 12 Caroline street, West New Brighton, provisionally to the position of Axeman, pending the establishment of the new eligible list. The request was granted, and the Chief Examiner was instructed to conduct a non-competitive examination of the candidate, in accordance with Civil Service Rule XII, paragraph 3.

A communication was presented from the Acting Commissioner of Public Works, Borough of Richmond, dated December 18, with reference to the request of Robert F. Tighe of No. 2054 Ryer avenue, Borough of The Bronx, that his name be restored to the list for Transitman at \$1,500 per annum. It appeared that Mr. Tighe was certified to the Borough of Richmond on November 21 and, in reporting on the names that were certified, the Department stated that he had

declined without giving any reason, and his name was consequently dropped from the eligible list. Upon Commissioner Hillyer's statement that Mr. Tighe declined on the score of "location," the Assistant Secretary was instructed to amend the records accordingly.

A communication was presented from the President of the Borough of Brooklyn, dated December 7, requesting approval of a leave of absence, without pay, for three months from December 7, granted J. F. Rigney, Laborer. It appearing that the said leave of absence was granted on account of illness, the same was approved.

A communication was presented from the President of the Borough of Brooklyn, dated December 14, requesting that the Commission take up the matter of amending the classification of positions in the exempt class, in his Department, by adding thereto the title "Confidential Inspector" (matter laid over from June 16, 1905). The matter was ordered continued on the calendar, pending a full meeting of the Board.

A communication was presented from the Board of Education, dated December 14, requesting approval of a leave of absence, without pay, granted Matthew Smith, Jr., Clerk in the Bureau of Supplies, for the month of December. It appearing that the said leave of absence was granted on account of illness, the same was approved.

A communication was presented from the Board of Education, dated December 16, transmitting a communication from the Superintendent of School Buildings relative to the three persons who were certified by the Commission for appointment to the position of Inspector of Light and Ventilation, and who were rejected by Superintendent Snyder with the statement that they did not answer the requirements of the Department. The report of Superintendent Snyder stated that the three persons had been interviewed and it was found that none of them possessed the required knowledge of his work, and again requested a further certification of names. The Assistant Secretary was instructed to communicate with Mr. Palmer and state that the Commission could see no reason for reconsidering its ruling in the matter.

A communication was presented from the Police Department, dated December 12, transmitting an amended record in the case of Roundsman Edgar J. Hearle, candidate in the recent examination for promotion to Sergeant, setting forth a commendation which was awarded the candidate on the day after the examination for promotion to Sergeant was held. The Assistant Secretary was instructed to communicate with the candidate and inform him that the commendation could not be rated as part of his examination for promotion to the grade of Sergeant for the reason that the Civil Service rules expressly declare that consideration in matters of seniority and record shall be confined to a candidate's service up to the date of the examination.

A communication was presented from the Police Department, dated December 14, transmitting an amended record in the case of Patrolman John Sweeney, who competed in the examination for promotion to Roundsman held December 22, 1903. It appeared that the candidate's record was confused with that of another Patrolman of the same name and that an error was made in transmitting same to the Civil Service Commission, which fact had just been discovered by the candidate and he thereupon made application to the Police Department for a correction of the error. It appearing that Civil Service Rule IX, governing appeals stipulates that any corrections of errors made in the rating of candidates' papers shall be made within one year from the date of the certification of the examination, and that the candidate allowed nearly two years to elapse before presenting such request to the Board, the application was denied.

A communication was presented from the Superintendent of Buildings, Borough of Manhattan, dated December 16, requesting that Miss Marion Smith, female Clerk of the first grade in that Department, be examined for promotion to the second grade. It appearing that the candidate was the only person eligible for such promotion, the Chief Examiner was instructed to fix a date for her examination.

The reports of the following named Boards of Examiners for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

- Board of Education, December 1 and 4.
- Department of Docks and Ferries, December 12 and 13.
- Department of Public Charities, December 13.
- Bellevue and Allied Hospitals, December 5.
- Department of Street Cleaning, December 11.

A communication was presented from the President of the Borough of Richmond, dated December 15, requesting approval of his action in rescinding the dismissal of William J. Holmes from the position of Engineman on July 27, 1905, and reinstating him in that position. The action of the President of the Borough of Richmond was approved.

A communication was presented from Henry W. Maloney, No. 354 Third street, Brooklyn, dated December 12, requesting that the papers submitted by him in the examination for promotion to Foreman in the Fire Department be rated. It appeared that the candidate addressed a communication to the Chief Examiner in which he gave his name and address and examination number, and he was informed by him that his papers could not be rated, as he had in a measure, revealed his identity. After a consideration of the matter, the Assistant Secretary was instructed to inform the Chief Examiner that the Commission was of the opinion that the candidate's papers should be rated for the reason that his identity was not made known to the Examiners who rated his papers, the contents of his communication being known to the Chief Examiner only.

A communication was presented from Patrick J. Flaherty, Blackwell's Island, requesting that he be restored to eligibility for appointment from the eligible list of Deputy Superintendent of Hospitals. It appeared that the candidate obtained a place upon the said list, but as he was subsequently dismissed from the position of Storekeeper in the Department of Public Charities (May 15, 1903), he was disqualified for appointment to the position of Deputy Superintendent of Hospitals. The matter was laid over.

A communication was presented from Mr. Thomas F. Crelly, No. 62 East Houston street, dated December 15, requesting that his name be restored to the list for Fuel Inspector. It appeared that Mr. Crelly was certified to the Board of Education on February 18, but as he was out of the city at the time he could not respond to the notice sent him. The Assistant Secretary was instructed to communicate with the candidate and request him to submit an affidavit as to the foregoing facts.

A communication was presented from George F. Shaw, River avenue and One Hundred and Sixty-seventh street, dated December 18, requesting that he be permitted to compete in the coming examination for promotion to first grade Clerk in the Department of Water Supply, Gas and Electricity. It appearing that the candidate was appointed to his present position on July 25, 1905, and that he, therefore, had not served six months in same, as required by the rules, the request was denied.

A communication was presented from Messrs. Worstell and McNamara, dated December 15, transmitting two affidavits to the effect that Mr. Edward Kerschner whose name appears on the list for Superintendent of Baths, is not a bona fide resident of the State of New York, and protesting against the certification of his name for appointment. The Assistant Secretary was instructed to communicate with Messrs. Worstell and McNamara, and state that the certification of Mr. Kerschner's name for appointment to the position of Superintendent of Baths had not yet been requested; that, when the same was asked for, the question of his residence could properly be taken up, and if it could be shown that he was not a resident of this State, the head of the department to which he was certified would not be obliged to appoint him.

A communication was presented from Emanuel E. Keyser, No. 39 West One Hundred and Fourteenth street, dated December 15, protesting against the action of the President of the Civil Service Commission and its Chief Examiner in refusing to give him employment as a Monitor, on the ground that he is a veteran volunteer fireman, and entitled to continuous employment, under the provisions of the Civil Service Law. The communication was ordered filed.

An affidavit was presented from Mr. Tobias Hochlerner No. 204 Henry street, dated December 13, to the effect that he never received a notice from the President of the Borough of The Bronx to appear in reference to an appointment to the position of Assistant Engineer. In view of the fact that Mr. Hochlerner's name was dropped from the list for Assistant Engineer for the reason that the Commission was informed that he had failed to report in answer to such notice, and Assistant Secretary was instructed to restore his name to the list.

A communication was presented from Mr. John F. Miller, Secretary of the International Union of Steam Engineers, dated December 16, protesting against the assignment of persons in the following-named City Departments to perform the duties of engineers, on the ground that such persons had not been taken from the eligible list for that position, nor had they qualified for same, their names appearing on the pay-rolls under the title "Stoker":

- Office of the President of the Borough of Manhattan.
- Department of Correction (Hart's Island).
- Brooklyn Disciplinary Training School.
- Department of Health (Riverside and Kingston Avenue Hospitals).
- Office of the President of the Borough of Richmond.
- Office of the President of the Borough of The Bronx.
- Office of the President of the Borough of Queens.
- Department of Public Charities.

The matter was referred to Mr. Byrne, Examiner, for investigation and report.

A communication was presented from Irving L. Bloch, No. 312 West One Hundred and Nineteenth street, dated December 16, transmitting a certificate from the Board of Health to the effect that a search had been made of the records of births in the Borough of Brooklyn from August 1, 1885, to August 31, 1885, and that no record could be found of the name of "Irving L. Bloch." The Assistant Secretary stated that Mr. Bloch had set forth in his application for Stenographer and Typewriter that he was born on August 1, 1884, and that in the declaration sheet, which he was asked to fill out in connection with his appointment, he stated that he was born on August 1, 1885; and that the Commission had requested him to furnish either a birth or baptismal certificate to settle the question without further dispute. The Assistant Secretary was instructed to communicate with the candidate and state that the certificate furnished by him was not satisfactory to the Commission, and to request him to produce either a birth or baptismal certificate setting forth the correct date of his birth; that, unless same was forthcoming promptly, his appointment in the Department of Docks and Ferries would not be permitted to stand.

On the recommendation of the Labor Clerk, the appeal of Bernard Menne, of No. 73 West One Hundred and Second street, that his name be restored to the preferred list of Carpenter, was granted, for the reason that the candidate never received a notice of appointment from the Department of Parks, although his name was certified for same.

The recommendation of the Labor Clerk, that the appeal of James O'Brien, of No. 342 East One Hundred and Twenty-first street, for a special examination for the position of Dock Laborer, be denied, was adopted.

The Commission then adjourned to meet Wednesday, December 27, 1905, at 10 a. m.

Attest:

PHILIP J. COFFEY, Assistant Secretary.

City of New York, }
 Office of the Mayor. }

Know all men by these presents that I, George B. McClellan, Mayor of The City of New York, under and by virtue of the authority of the statutes in such case made and provided, do hereby appoint Henry Rutgers Marshall one of the Examiners appointed by the associations mentioned in section 411 of the Greater New York Charter, to hold office until his successor is appointed and shall qualify.

In witness whereof I have hereunto set my hand and affixed my seal of office this 1st day of January, A. D., one thousand nine hundred and six.

(Signed) GEO. B. McCLELLAN, Mayor.

Appeal 55 of 1905—New Building 965 of 1905, premises Nos. 119 to 125 West Twenty-fifth street, Manhattan; G. Knoche, appellant.

"No. 10. The building should be made to conform to all provisions of section 105 of the Building Code relating to the fireproofing of structures over 150 feet in height."

Same is merely a pent house, covering about 20 per cent. of the roof area, and intended to be used for a photographer's studio. Also it is proposed to build said pent house entirely fireproof, no wood or other combustible material to be used. All walls surrounding the pent house will be carried up to their proper height. Floors will be made of cement and asphalt. Wire glass will be used wherever glass is necessary.

Proper skylights will be provided.

All window frames, sash, doors, trim and base of the pent house will be of structural iron, thoroughly fireproof.

There shall be no woodwork entering into the construction of the pent house. The entire pent house will be constructed entirely fireproof. And that a standpipe with hose connection and outlet in the hall of the pent house be provided.

Pent house will not cover more than 50 per cent. of the roof area.

The appellant requests that the objections of the Bureau of Buildings relative to the proposed construction exceeding the total height of 150 feet be waived in this case and the permit to be granted to construct the pent house according to application of plans filed.

That the main building is fireproof, 11 stories, 147 feet 4 inches high, and only the proposed fireproof pent house exceeds the limit of 150 feet by an average height of about 7 feet.

Mr. G. Knoche appeared before the Board.

On motion, laid over for one week.

Appeal 1 of 1906—New Building 1705 of 1905, premises north side of West One Hundred and Tenth street, about 100 feet from the northwest corner of Broadway and One Hundred and Tenth street, Manhattan; The One Hundred and Tenth Street Company, appellant.

"No. 2. Pent house construction unlawful.

"Building should be inclosed in walls conforming to the requirements of sections 27 and 31 of the Code."

An equally good and more desirable form of construction can be employed in this case.

Construction of pent house:

Floor will be constructed of reinforced concrete.

Proper skylights will be provided.

The entire pent house will be constructed fireproof; angle-iron frames; four in terra cotta blocks; stuccoed on the exterior. A standpipe, with hose connection and outlet in the hall of the pent house, will be provided.

The total height from curb to top of pent house roof beams will not exceed 108 feet.

On information furnished by the Superintendent of Buildings, appeal withdrawn. Adjourned.

THOMAS F. DONOHUE, Clerk.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.
MACOMB'S ROAD—SEWER and appurtenances, between Jerome avenue and Aqueduct avenue. Area of assessment: Both sides of Macomb's road, from its intersection with Cromwell avenue to Tremont avenue; both sides of Shakespeare avenue, extending southerly from Featherbed lane about 1,200 feet; both sides of Nelson avenue, from One Hundred and Seventy-second to One Hundred and Seventy-sixth street; east side of Aqueduct avenue, commencing at a point about 1,000 feet southerly of Featherbed lane and extending northerly to Tremont avenue; both sides of One Hundred and Seventy-fifth street, from Nelson avenue to Macomb's road; and both sides of Featherbed lane, from Aqueduct avenue to Macomb's road.

ONE HUNDRED AND EIGHTY-FIRST STREET—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSS-WALKS, from Jerome avenue to Aqueduct avenue. Area of assessment: Both sides of One Hundred and Eighty-first street, from Jerome avenue to Aqueduct avenue, and to the extent of half the block at the intersecting and terminating streets.

—that the same were confirmed by the Board of Assessors January 23, 1906, and entered on January 23, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 24, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

By direction of the Comptroller, the sale of the above-described buildings and machinery will be made under the supervision of the Collector of City Revenue on Tuesday, February 20, 1906, at 11 a. m., on the premises.

Arrangements will be made by the Collector of City Revenue as to the time of removal of the machinery contained in the building and the date upon which the purchaser shall begin to remove the buildings.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations, of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

Area of assessment: Both sides of the Grand Boulevard and Concourse, from One Hundred and Ninety-eighth to Two Hundredth street; both sides of One Hundred and Ninety-ninth street, from Valentine avenue to the Concourse; both sides of Valentine avenue, from One Hundred and Ninety-eighth to One Hundred and Ninety-ninth street; and southeast side of Valentine avenue, from One Hundred and Ninety-seventh to One Hundred and Ninety-eighth street.

—that the same were confirmed by the Board of Revision of Assessments January 18, 1906, and entered on January 18, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 19, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the

date when the above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, JANUARY 30, 1906,

at 11 a. m., on the premises, the building and appurtenances thereunto belonging erected upon real estate within the bounds of City Hall Park and formerly occupied by the Fire Department, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the building thereunto belonging, situated on the southwest corner of Chambers and Centre streets, in the

Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted January 11, 1906, the Comptroller has directed the sale of the above-described building to be made under the supervision of the Collector of City Revenue on Tuesday, January 30, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs,

cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick in mortar, all floor beams, joists, studs, flooring, ceiling, roofing, boards and wood-work of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

BOARD OF ESTIMATE AND APPORTIONMENT.

CITY OF NEW YORK.

BOARD OF ESTIMATE AND APPORTIONMENT.

AT A MEETING OF THE BOARD OF Estimate and Apportionment, held December 15, 1905, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, New York and Port Chester Railroad Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate its railroad across certain streets in the Borough of The Bronx; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, The Mayor has, in pursuance of such laws, designated "New York Times" and "New York Daily News" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the City Record; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to New York and Port Chester Railroad Company and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the City Record, and at least twice in "The New York Times" and "The New York Daily News," two daily newspapers published in The City of New York, and a public hearing has been had thereon by this Board;

Now, therefore, it is Resolved, That the following form of the resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

"Resolved, That the Board of Estimate and Apportionment hereby grants to New York and Port Chester Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 190 , by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and New York and Port Chester Railroad Company, a domestic railroad corporation of the State of New York, hereinafter called the Railroad Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Railroad Company, subject to the conditions and provisions hereinafter set forth, the right to cross certain streets and highways hereinafter described, and the right and privilege to construct, maintain and operate a railroad, with all connections, turnouts, switches and cross-overs necessary for the accommodation and operation of said railroad, by means of electricity, or by any other mechanical motive power which may be lawfully employed upon the same, except steam locomotive power, in, upon and across the following-named streets, avenues, parkways, highways and public places, and upon the following route, all situate in the Borough of The Bronx, City, County and State of New York, namely:

Main Line—Beginning at a point at or near the intersection of Southern Boulevard and Willis avenue, in the Borough of The Bronx, and running thence easterly between One Hundred and Thirty-fourth street and Southern Boulevard, crossing Brown place to Brook avenue; thence crossing Brook avenue and thence crossing the

Southern Boulevard, between St. Ann's avenue and Brown place; thence crossing St. Ann's avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence easterly and northeasterly, between Southern Boulevard and One Hundred and Thirty-second street to Cypress avenue; thence crossing Cypress avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence crossing Cypress avenue and Willow avenue to One Hundred and Thirty-fourth street; thence crossing One Hundred and Thirty-fourth street to One Hundred and Thirty-fifth street; thence between Willow avenue and Southern Boulevard, crossing One Hundred and Thirty-fifth street, One Hundred and Thirty-sixth street and One Hundred and Thirty-seventh street to Willow avenue; thence crossing Willow avenue and crossing One Hundred and Thirty-eighth street, at or near its intersection with Willow avenue, to One Hundred and Thirty-ninth street; thence crossing One Hundred and Thirty-ninth street and One Hundred and Fortieth street, between Southern Boulevard and the tracks of the New York, New Haven and Hartford Railroad to One Hundred and Forty-first street; thence crossing One Hundred and Forty-first street, and thence crossing and along Southern Boulevard and Whitlock avenue, at or near their junction between One Hundred and Forty-first street and One Hundred and Forty-second street; thence crossing St. Joseph's street, between Whitlock avenue and Austin place; thence crossing One Hundred and Forty-ninth street, between Austin place and Whitlock avenue to Austin place; thence crossing Austin place, between Whitlock avenue and Timpson place to Timpson place; thence between Whitlock avenue and Southern Boulevard, and crossing Timpson place, Leggett avenue, East One Hundred and Fifty-sixth street, Craven street, Longwood avenue, Lafayette avenue, Tiffany street, Barretto street, Hunt's Point road, Hoe street, Faile street, Bryant street, Longfellow street, Aldus street, Whittier street, to Guttenberg street; thence between Whitlock avenue and Longfellow street, crossing Guttenberg street and Westchester avenue to and crossing Home street; thence crossing Freeman street, Boone street, Edgewater road, West Farms road and Jennings street; thence crossing East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, between West Farms road and Boone street; thence along and across Boone street to One Hundred and Seventy-sixth street; thence between West Farms road and Longfellow street, crossing One Hundred and Seventy-sixth street and Rodman place to West Farms road; thence along and across West Farms road to and across East One Hundred and Seventy-seventh street to Tremont avenue; thence to and across Bronx street to the Bronx river; thence crossing East One Hundred and Seventy-ninth street and Lebanon street, between Bronx Park avenue and Bronx river; thence along and across East One Hundred and Eightieth street and Bronx Park avenue at or near their intersection; thence to and across the northerly branch of West Farms road or Adams street, between Morris Park avenue and the easterly line of Bronx Park; thence to and across Unionport road, an unnamed street, or another branch of Unionport road, Victor street, Washington street, or White Plains road, Louise street, Lincoln street, Jefferson street, Madison street and Bear Swamp road or Bronxdale avenue to Williamsbridge road; thence crossing Williamsbridge road approximately 2,400 feet southeast of Bronx and Pelham parkway to Bronx and Pelham parkway; thence crossing Bronx and Pelham parkway, approximately 2,100 feet east of its intersection with Williamsbridge road, and running thence northerly between Williamsbridge road and Eastchester road to Saw Mill lane; thence crossing Saw Mill lane near its intersection with Eastchester road; thence crossing Eastchester road or Corsa lane, between Boston Post road and Saw Mill lane to Boston Post road; thence crossing Boston Post road near its intersection with Schieffelin's lane to Schieffelin's lane; thence crossing Schieffelin's lane near its easterly intersection with Boston Post road; thence northerly to the City line, being the route shown on maps entitled "Survey Maps and Profiles of the line or route of the railroad of the New York and Port Chester Railroad Company, in the County of New York," State of New York, adopted by the Board of Directors of said Company on the 8th day of February, 1904, and signed by W. C. Gotshall, President; W. C. Gotshall, Chief Engineer, and Francis Blanchard, Secretary, under seal and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 6th day of May, 1904, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

Branch Line—Beginning at a point at or near the southeast corner of Bronx Park, in the Borough of The Bronx; thence across or along Bronx Park avenue, East One Hundred and Eightieth street, East One Hundred and Eighty-first street, Lebanon street, Morris Park avenue, at or near its intersection with West Farms road; thence across or along West Farms road, at or near its intersection with Morris Park avenue; thence across the Southern turnpike, or Westchester avenue, at or near its intersection with Clason's Point road; thence across Clason's Point road, near its intersection with the Southern turnpike, or Westchester avenue, being the route shown on a map entitled "Map and profile of branch line extending from main line (Bronx Park) to Clason's Point, New York City," forming part of the maps filed with the County Clerk of the City and County of New York, referred to in the preceding paragraph, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or their successors in authority. The "Survey Map and Profiles" are hereby referred to solely for the purpose of indicating the route of the railroad and not the profile thereof.

General—And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered, in such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railroad to cross, in order to make connections with any other railway within two thousand (2,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections; and provided, further, that such connections shall be limited to two (2) in number.

Section 2. The grant of this privilege is subject to the following conditions:

1. The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the Railroad Company to file with the Comptroller of the City of New York a map or maps showing the number of tracks and length of same, including crossovers, switches, turnouts, sidings and stands within the present limits of The City of New York, such lengths to be accurately determined by measurements to be taken after the commencement of the operation of any portion of the railroad within the present limits of The City of New York.

2. The said right to cross the streets and the privilege to construct and operate said railroad shall be held and enjoyed by said Railroad Company, its lessee or successors, for the term of twenty-five years from the date when this con-

tract is signed by the parties hereto, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. In the determination of the said revaluation may be considered and included the extension of the provisions of this agreement contained in the paragraphs numbered 7 and 8 herein, and the payment of the costs and expenses therein provided for by the Railroad Company, or otherwise.

If the Railroad Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Railroad Company and the Board of Estimate and Apportionment or such other authority in its place. If the Railroad Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the Railroad Company shall be bound upon request of the other to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Railroad Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Comptroller or his successor in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Railroad Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Railroad Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

3. Upon the termination of this grant, if it be not renewed, or, in case of a renewal thereof, upon the termination of such renewal, all rights and privileges hereby granted to cross the said streets shall cease and determine, unless the said Railroad Company, its successors or assigns, shall have previously procured a new grant for the same from The City of New York.

4. The Railroad Company, its successors or assigns, shall pay to The City of New York, for the rights and privileges hereby granted, the following sums of money:

During the first five years commencing from the day when this contract is signed, an annual sum of eight thousand dollars (\$8,000), and during the next succeeding five years an annual sum of thirteen thousand dollars (\$13,000), and during the next succeeding fifteen years an annual sum of thirty-five thousand dollars (\$35,000).

From the date of the commencement of the operation of any portion of the railroad until the end of the first five years of this grant, an additional sum of five and four-tenths cents per linear foot per annum of single track, including all crossovers, switches, turnouts, sidings and stands, within the present boundaries of The City of New York, and for the next succeeding five years an additional sum of seven and seven-tenths cents per linear foot per annum of single track, as aforesaid, in lieu of said sum of five and four-tenths cents, and for the next succeeding fifteen years an additional sum of twenty cents per linear foot per annum, as aforesaid, in lieu of said sum of seven and seven-tenths cents.

All such payments shall be made to the Comptroller of the City, in equal payments at the end of each quarter year, on the first day of January, April, July and October of each year. Any and all payments to be made by the terms of this contract to The City of New York by the Railroad Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

5. The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lien, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

6. The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Port Chester Railroad Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evi-

denced by an instrument under seal, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage nor to a sale under foreclosure, provided that no sale under foreclosure shall be made to any person or corporation owning, operating or controlling any other railroad in The City of New York.

7. The grade of the railroad has not yet been established. Profile maps definitely showing such grade within the present limits of The City of New York shall be filed with the Board of Estimate and Apportionment by the Railroad Company before beginning the construction of its railroad within the present limits of The City of New York. A duplicate thereof shall at the same time be filed with the Board of Rapid Transit Railroad Commissioners of The City of New York. The Board of Estimate and Apportionment, after a public hearing, of which ten days' notice shall be given by publication, shall then approve or disapprove the said profile map and grades, and upon the Board approving the same the Railroad Company may thereupon proceed with the construction of its railroad within the present limits of The City of New York.

If said Board disapproves the same it shall within 30 days after said hearing prescribe such changes in said map as it may deem necessary.

Within the present limits of The City of New York no street or railroad shall be crossed by the railroad at grade, and no existing park or parkway shall be crossed by the railroad at or above the grade of said park or parkway. All streets now open or in use and streets hereafter opened within the present limits of The City of New York, crossing the line of the railroad, shall be carried over or under the said railroad by the Railroad Company, at the sole cost and expense of the Railroad Company. The cost of all changes in grades of all approaches to such crossings within the present limits of The City of New York shall likewise be borne and paid by the Railroad Company, and The City of New York assumes no liability for any damages to property injured thereby, or by said railroad crossings, or any damages to property along the line of said railroad or contiguous thereto, caused by reason of the construction or operation of the said railroad, and the Railroad Company hereby agrees to indemnify and save harmless The City of New York of and from all such liability.

The City shall have the right at any time it so desires to open across the route of the Railroad Company within the present limits of The City of New York any new streets other than those now open or in use, and the Railroad Company hereby gives its consent to said opening.

8. Within the present limits of The City of New York all viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed and maintained at the expense of the Railroad Company. All viaducts over streets within the present limits of The City of New York shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the centre and ten feet in the clear on the building or side line of said street, and in the case of tunnel construction under a street there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

9. Within the present limits of The City of New York any superstructure of the railroad crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span. If more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved by the Board of Estimate and Apportionment. The width of such superstructure of the railroad shall not exceed sixty (60) feet when measured over all.

10. The plans for all structures over or under any street within the present limits of The City of New York must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of steel, concrete or masonry, or a combination of these materials. Such structures over streets shall be floored and shall be water-tight.

11. The railroad shall be constructed in the most modern and approved manner of railroad construction. Unless otherwise authorized by the Board of Estimate and Apportionment, the roadbed shall be ballasted throughout its entire length within the present limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast. The Board of Estimate and Apportionment may, however, at any time require a portion of the road not theretofore ballasted to be ballasted.

12. The roadbed within the limits of The City of New York as now fixed or hereafter extended shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. Should, however, watering the roadbed in any way injure electric line equipment which has been approved by the Board of Estimate and Apportionment, or its successors in authority, then other means of preventing dust shall be used, which shall be first approved by the Board of Estimate and Apportionment. For any failure to comply with the foregoing, the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day.

13. The entire right of way of the company within the present limits of The City of New York, except at stations, shall be fenced throughout.

14. Within the present limits of The City of New York, all abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as hereinbefore provided, shall be placed on the land of the company.

15. There shall be constructed along the line of the route of the main line of the railroad as proposed, for the accommodation of local passenger traffic, at least six stations between the Harlem river and the Bronx river, at least six stations between the Bronx river and the northerly line of The City of New York, as now fixed. On the branch line there shall be constructed at least three stations east of Morris Park avenue, unless otherwise authorized by the Board of Estimate and Apportionment.

16. Said railroad may be operated by electric power or by any other mechanical motive power, which may be lawfully employed upon the same, except locomotive steam power. If electrical power is used, the Railroad Company shall, before the commencement of any of the construction of the electrical line equipment, within the present limits of The City of New York, file with the Board of Estimate and Apportionment plans showing such proposed construction, within the present limits of The City of New York, including all methods of insulation, position of contact conductor and all feed wires, conductors or cables, with method of carrying the same, and said plans must be approved by the said Board before construction thereof shall begin. The Board of Estimate and Apportionment hereby retains the right to make such conditions relative to construction of such line equipment within the present limits of The City of New York as it may see fit at the time of the approval of such plan.

17. No wires for the transmission of power shall be permitted within the present limits of The City of New York unless they be placed in

conduits or carried in a manner which shall have been approved by the Board of Estimate and Apportionment. The City may use the structure of the Railroad Company for carrying wires or cables for the use of the City within the present limits of The City of New York not exceeding such a quantity as might be carried in two conduits each of not more than three inches in diameter, without charge to the City. If the Railroad Company shall place its wires for the transmission of power in conduits, then the Railroad Company shall construct and permit the City to use without charge two conduits each of not more than three inches in diameter for carrying wires or cables for the use of the City.

18. The Railroad Company shall not carry wires or conduct power on its structures or along its right of way within the present limits of The City of New York for any purpose except for the operation of its railroad and except, as provided above, for the use of the City.

19. The Railroad Company shall maintain throughout the term of this grant or any renewal thereof a train schedule on the main line within the limits of The City of New York of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time, either day or night, shall there be greater headway within the City limits between such trains than thirty (30) minutes; provided, however, that said Railroad Company shall not be required to operate its trains within the City limits between the hours of 1 o'clock and 5 o'clock a. m., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

The Board of Estimate and Apportionment may require, from time to time, as it may see fit, such number of trains to be run on the branch line—not exceeding 60 trains a day.

20. All cars on said railroad shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit, shall make the company liable for a penalty of fifty dollars (\$50) per day for each offense.

21. All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment. For any failure to comply herewith the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day for each violation.

22. The Railroad Company shall light the space beneath any superstructure which it shall erect across streets and the approaches to stations, within the limits of The City of New York, in a manner which shall be satisfactory to the Board of Estimate and Apportionment.

23. During the term of this grant the rate of fare upon said railroad within the limits of The City of New York, as now fixed, shall not exceed five cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railroad, or a line or branch operated in connection therewith, and controlled by it, to any point thereof or of any such connecting line, or branch thereof, within the present limits of The City of New York during such term. The New York and Port Chester Railroad Company shall operate cars over the route hereby authorized, and shall not operate cars over the route of any other railroad company within the present limits of The City of New York until it shall have received authority for such operation from the Board of Estimate and Apportionment, and it shall not, without like authority, permit any other company within the present limits of The City of New York to run cars over the railroad hereby authorized. The Board of Estimate and Apportionment reserves the right to fix the compensation to be paid for such privilege to The City of New York by such other company as shall be authorized to run cars over the route hereby authorized, and said Board further reserves the right to fix the compensation to be paid to The City of New York by the New York and Port Chester Railroad Company for the privilege of operating cars over the route of any other railroad company within the present limits of The City of New York.

Whenever the New York and Port Chester Railroad Company shall have entered into a contract with another railroad company within the limits of The City of New York permitting the cars of such other company to run over the route hereby authorized, in pursuance of authority from the Board of Estimate and Apportionment, or its successors in authority, the Board of Estimate and Apportionment may prescribe the maximum fare which may be charged by either company within the limits of The City of New York during the continuance of such contract to a passenger desiring to make a continuous trip in either direction between any point on the railroad of the New York and Port Chester Railroad Company and any point on the railroad of such other railroad company within the present limits of The City of New York. For their refusal to comply with the requirements of this section, the corporation so refusing shall forfeit fifty dollars (\$50) to the aggrieved party. Two or more penalties may be recovered in one action.

The rates for carrying of property upon the routes of the Railroad Company within the present limits of The City of New York shall, in all cases, be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the Railroad Company, and when so fixed such rate shall be binding upon the Railroad Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by said Board of Estimate and Apportionment.

24. The said Railroad Company shall carry free within the present limits of The City of New York during the existence of this grant members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

25. The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters, under the Charter of the City.

26. In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof, then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said Railroad Company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure, and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of

forfeiture shall accrue. The right of action as herein provided shall not affect or limit any other rights of the City.

27. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

28. The Railroad Company shall commence actual construction within one year from the date of the signing of this contract, and shall complete and have in operation a four-track railroad upon the main line, from the northerly line of the City to a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river, and a railroad of at least two tracks from a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river to the southerly terminus as aforesaid at or near the intersection of Southern Boulevard with Willis avenue, and a railroad on the branch line of at least two tracks, all within five years from the date of the signing of this contract, otherwise this grant shall cease and determine.

The Board of Estimate and Apportionment may require the construction of two additional tracks on that portion of the route between One Hundred and Seventy-seventh street and the southerly terminus, as aforesaid, at or near the intersection of Southern Boulevard and Willis avenue so as to make a railroad of four tracks on such portion of the route, whenever public convenience and necessity shall require the construction thereof; and in case the construction of such two additional tracks is so required by the Board of Estimate and Apportionment, the Railroad Company shall complete the construction thereof within five (5) years after such requirement, otherwise this grant may be forfeited; and the Railroad Company is hereby authorized to construct a railroad of four tracks on the entire route authorized by this contract, if, in its judgment, public convenience and necessity shall require the construction thereof.

The Railroad Company shall actually expend or cause to be so expended the sum of at least eight hundred thousand dollars (\$800,000) within two years after the date of the signing of this contract, upon the actual construction of said railroad between the northerly line of The City of New York and Westchester avenue, at or near One Hundred and Sixty-seventh street, and shall also actually expend or cause to be so expended an additional sum of two hundred thousand dollars (\$200,000) within three years after the date of the signing of this contract, upon the actual construction of the railroad between Westchester avenue as above and Willis avenue at or near the Southern Boulevard, which sums shall be exclusive of any moneys expended for land acquired for the right of way. The reason why the City of New York assents to the difference in the times and amounts for the portions of the railroad north and south of Westchester avenue is that the Railroad Company represents that it is or will be able to procure by private purchase most of its right of way north of such avenue, and will have to resort to condemnation proceedings for its right of way south thereof.

Verified statements of moneys so expended for construction shall be submitted, on demand, to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board an expenditure of the said sum within the time given is not proven, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within said five years from the date of the signing of this contract shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railroad shall cease and determine, and, in such case, all structures erected by the Railroad Company, its successors or assigns, upon any portion of the route so forfeited within the lines of any street within said City, shall become the property of The City of New York.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the provisions of this section, the Railroad Company shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed shall be allowed a hearing.

The Board of Estimate and Apportionment shall extend the time provided for in this section for the completion of the railroad and for the work to be performed and expenditures to be made, as above, for a period or periods not exceeding in the aggregate two years if the reasons given by the Railroad Company for non-compliance are for causes over which the Railroad Company had no control and was in nowise responsible.

29. The Railroad Company shall assume all liability by reason of the construction and operation of the railroad, and the City shall assume no liability whatsoever to either persons or property by reason of said construction, maintenance or operation, and the Railroad Company hereby agrees to indemnify and save harmless the said City from all liability whatsoever by reason of the construction, maintenance and operation of said railroad.

As a condition of this grant, the Railroad Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Railroad Company, its successor or assigns.

30. Any portion of the right of way of the said Railroad Company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

31. The Railroad Company shall not operate cars over any extension of any length whatsoever within the present limits of The City of New York not specifically hereby authorized, and shall not make any connection within the present limits of The City of New York with any other railroad, either by means of extensions or branches or by means of a platform building, unless it shall have received authority therefor from said Board of Estimate and Apportionment or its successors in authority, and upon such terms as shall be fixed by the Board. In the event that the provisions of this section cause a conflict because of the lawful right of any other railroad to compel a connection with the Railroad Company, the City agrees that it may be made a party to any legal proceedings between the said companies and its rights and duties therein determined.

32. In case any of the streets as now shown on the map of The City of New York and crossed by the said railroad above grade are altered or widened after the Railroad Company has completed its railroad, and such widening requires the alteration of the superstructure of the railroad, the Railroad Company and The City of New York shall each pay one-half of the cost of such alteration as may be necessary.

33. In case the route as laid out shall make it necessary, in the opinion of the Board of Esti-

mate and Apportionment, to change the map of The City of New York in order to avoid impracticable, unnecessary or undesirable crossings, purely on account of the location of the railroad, and by reason of such change additional or substitute streets crossing the railroad are determined upon, then the Railroad Company shall pay to the City the additional cost thus made necessary, or may, at its own expense, acquire the lands necessary and cede them to the City without cost, provided, however, that the lands so to be acquired or paid for shall not extend more than 400 feet upon each side of said railroad.

34. Any alterations which may be required to the sewerage or drainage system, or to any sub-surface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railroad, shall be made at the sole cost of the Railroad Company and in such manner as the proper City officials may prescribe.

35. In case the Board of Estimate and Apportionment shall, in order to avoid impracticable, unnecessary or undesirable crossings purely on account of the location of the railroad, within one year from the date of the signing of this contract, adopt a map or a change in the map laying out a street or streets bounding or adjoining the right of way of the Railroad Company, on either or both sides thereof, from the easterly line of the White Plains road to the northerly line of the City, or any part thereof, then the Railroad Company shall acquire the lands necessary for such streets and cede them to the City without cost, or will pay to the City the cost of acquiring such lands, provided that it shall not be required to acquire and cede or pay for an amount of land which in the aggregate will exceed a strip fifty feet in width and in length the distance between the easterly side of White Plains road and the northerly line of the City. The Railroad Company, at its own expense, shall regulate and grade said strips of land to such grade as shall be hereafter fixed by the City authorities, such regulating and grading to be done, from time to time, as directed by the Board of Estimate and Apportionment. On notice to the City by the Railroad Company that said Railroad Company cannot acquire such lands, the City covenants to use all possible diligence in acquiring the actual possession of the lands necessary for such streets to the end that the Railroad Company may regulate and grade the same while it is grading its railroad within the present limits of The City of New York.

36. All construction of railroad crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the Railroad Company to restore such streets within a reasonable length of time, The City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund hereinafter provided.

37. The company's property and structures within the present limits of The City of New York shall not be used for advertising purposes in any way, under a penalty of fifty dollars (\$50) per day for each offense. Such restriction shall not apply to stations or cars nor to the interior of fences or walls.

38. The City, the Board and all duly authorized representatives of the City shall have the right at all reasonable times, as well during construction as afterwards, to inspect the railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property owners or for any proper purpose. Nothing in this contract shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

39. The Railroad Company shall deposit with the Comptroller, within six months after the date of signing this contract, the sum of \$100,000, either in money or in securities to be approved by him, which fund shall be security for the construction of the road authorized hereby, and which the Railroad Company is under obligation to construct, and said fund shall be repaid to the Railroad Company only as hereby specified. If the City exercises its option to require the construction of the additional two tracks south of One Hundred and Seventy-seventh street, the Railroad Company shall, within three months after notification thereof, make a like deposit of \$25,000 as security for such construction. Whenever and as often as the Railroad Company shall have actually constructed one mile of single track, a certificate showing the construction of such track shall be prepared by the engineer of the Railroad Company, and such certificate shall be delivered to the Board of Estimate and Apportionment. The said Board shall, as soon as practicable thereafter, verify the correctness of such certificate and either accept such certificate as correct, or if it finds it to be incorrect, return said certificate to the Railroad Company, specifying in writing the respects in which it finds such certificate to be incorrect. Upon the verification of the correctness of any such certificate, or if any such certificate shall be found to be incorrect, upon its being corrected, and subsequently verified, the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for payment to said company of the sum of \$2,500, and the amount so certified by said Board shall be forthwith paid by said Comptroller from said fund to the Railroad Company, upon the construction of the said mile of single track. This procedure shall be followed by the Railroad Company and by said Comptroller as often as the Railroad Company shall construct an additional mile of single track.

Upon the completion of the construction of the entire track authorized hereby, which the Railroad Company shall remain under obligation to construct, a final certificate shall be prepared by the engineer of said company and approved by the president thereof, showing the fact of such completion and the fact that the road is ready for operation. Such final certificate shall be delivered to the said Board of Estimate and Apportionment of The City of New York, and shall be subject to a like verification as the certificate hereinbefore mentioned. Upon the verification of the correctness of such final certificate, or if such final certificate shall be found to be incorrect, upon being corrected the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for the payment by the Comptroller to the said company of the balance of said funds remaining in his hands.

If such final certificate, certifying to the completion of the entire construction of the road, which the Railroad Company shall be under obligation to construct, shall not be delivered to the Board of Estimate and Apportionment on or before the expiration of the time at which the Railroad Company shall be under obligation to complete the road, under and in pursuance of the terms and conditions of this contract, and if the construction of the entire road authorized hereby, which the Railroad Company shall be under obligation to construct, shall not have been completed by said time, the balance of said fund shall be forthwith delivered by the Comptroller of The City of New York and thereafter said company shall have no claim or cause of action therefor.

The word construction as used herein shall include the grading of the bed of the railroad, laying of tracks thereon, ballasting of the same

and the construction of all bridges or viaducts necessary for the support of the railroad.

The word completion, as used herein, shall include the laying of tracks, electrical conductors and all structures necessary to the operation of trains over the route authorized hereby, and which the Railroad Company shall be under obligation to construct, and shall include also such street bridges or other structures as the company is required hereby to make, and such final certificate shall include proof that all of the antecedent acts required by this contract have been performed by said company, in so far as their completion is required hereby.

40. This grant is upon the express condition that within thirty days after the date of the signing of this contract and before anything is done in exercise of the rights conferred thereby, the Railroad Company shall deposit with the Comptroller of The City of New York the sum of twenty-five thousand dollars (\$25,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Railroad Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the president of said company. In case of failure of the said company to comply with any of the terms of this contract, or its neglect or refusal to comply with any demand or direction of the Board of Estimate and Apportionment, or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, if no other money penalty is provided therefor, the said company shall pay to the Comptroller of The City of New York a penalty of \$50 for each violation; and in case of any violation of the provisions of this contract for which money penalties are provided, the said company shall pay to the Comptroller of said City the penalties so provided.

The procedure for the imposition and collection of penalties provided in this contract shall be as follows:

The Comptroller of The City of New York, on complaint made, shall, in writing, notify said company through its president to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If said company fail to make an appearance or, after a hearing, appear in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the penalty, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the said company shall, upon ten days' notice in writing, pay to the Comptroller of The City of New York a sum sufficient to restore said security fund to the original amount of \$25,000 and in default thereof the said company shall pay to the Comptroller of The City of New York the sum of one hundred dollars for each day of such default in addition to the amount necessary to restore said fund to the original amount of \$25,000. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

The right of the City to collect any penalties imposed for non-compliance with the terms of this contract, or with any law or ordinance now in force or hereafter adopted, shall not be limited to the said sum of \$25,000, and the enumeration or reservation of any rights by the City herein shall not operate to the exclusion of any other rights belonging to the City, either in law or at equity. Nor shall the imposition of any penalty by the terms of this contract interfere with or diminish the right of the City specifically to enforce any of the terms or conditions of this contract.

41. If the Railroad Company, its successors and assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings within the present limits of The City of New York in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said Company specifying any default on the part of said Company, and requiring the said Company to remedy the same within a reasonable time, and upon the failure of the said Company to remedy its said fault within a reasonable time said Company shall for each day thereafter during which said fault or defect remains pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

42. The Railroad Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
[SEAL] By..... Mayor.
NEW YORK AND PORT CHESTER
RAILROAD COMPANY,
By..... President.
Attest:
[SEAL] Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor are that the money value of such franchise or right proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of Proposed Contract for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company and the said form of Proposed Contract for the grant of such franchise or right and said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published at the expense of New York and Port Chester Railroad Company, for at least twenty days im-

mediately prior to January 26, 1906, in THE CITY RECORD, and at least twice, during the ten days immediately prior to January 26, 1906, in "The New York Times" and "The New York Daily News," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, and fully set forth and described in the foregoing form of Proposed Contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 26, 1906, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

COLLEGE OF THE CITY OF NEW YORK.

BOARD OF TRUSTEES OF THE COLLEGE OF THE CITY OF NEW YORK.

PROPOSALS FOR BIDS OR ESTIMATES FOR TEMPORARY HEATING OF THE MAIN BUILDING IN THE COURSE OF ERECTION ON THE PLOTS OF GROUND LOCATED ON ST. NICHOLAS TERRACE, ONE HUNDRED AND FORTIETH STREET, AMSTERDAM AVENUE AND ONE HUNDRED AND THIRTY-EIGHTH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Trustees of the College of The City of New York at the office of the Board, No. 17 Lexington avenue, in The City of New York, until 12 o'clock m., on THURSDAY, FEBRUARY 1, 1906.

The time during which temporary heating will be required shall be from such times to such times between February 1, 1906, to May 1, 1906, inclusive, as may be designated by the Board.

The amount of security required will be not less than One Thousand Dollars (\$1,000).

Inasmuch as the boilers and other portions of the steam plant have not yet been accepted by the City, the bidders must arrange with and reimburse the contractors who are supplying the boilers and other apparatus, mains, etc., and give satisfactory proof prior to award of contract that they have made arrangements with the present contractors satisfactory to them and the Board as to the use of their apparatus.

The bidders shall state a price per day of 24 hours for supplying temporary heating to Wings "D" and "E" of the main building, and a separate price per day for all of the main building not included in Wings "D" and "E," the Board to have the right to order the temporary heating from such times to such times as it may direct.

Bidders are requested to make their bids or estimates upon the blank form prepared for the purpose, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon written application therefor at the office of the Board of Trustees, No. 17 Lexington avenue, in The City of New York, Borough of Manhattan.

Should any person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give proper security, he or they will be considered as having abandoned it, and as in default of The City of New York, and the contract will be readvertised and relet, as provided by law.

SPECIAL NOTICE TO APPLICANTS.

The Civil Service Commission desires to warn you against all persons who offer to sell, in advance of the examinations, the questions that you will be expected to answer; and also against all individuals or so-called "schools" that would have you think they possess advantages by the use of which you will be enabled to pass a successful examination and secure appointment. If you pay any money for these purposes, other than the nominal charge for legitimate Civil Service School tuition, a fraud will be imposed upon you, and you will not only lose your money but be guilty of a misdemeanor. (Section 56, Penal Code.)

Your own merit and ability will determine your position as a result of the examination.

A reward of \$100 will be paid to any person who will furnish the Civil Service Commission with information and evidence that will secure the conviction of any person attempting to defraud applicants, and such information will be considered confidential.

Questions used in previous examinations may be seen upon application at the Examining Department, second floor, No. 61 Elm street, New York City.

SUPREME COURT.—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, by the Counsel to the Corporation, relative to acquiring title, wherever the same has not been heretofore acquired, to all the lands, tenements, hereditaments, property right, terms, easements and privileges not owned by the Mayor, Aldermen and Commonalty of The City of New York, or any rights, title and interest therein, not extinguishable by public authority, embraced within the lines of THE GRAND BOULEVARD AND CONCOURSE AND NINE TRANSVERSE ROADS, from a point on East One Hundred and Sixty-first street, in said City, at the intersection of said streets, and Mott avenue northerly to Moshulu parkway, as laid out and established by the Commissioner of Street Improvement of the Twenty-third and Twenty-fourth Wards of The City of New York, pursuant to the provisions of chapter 130 of the Laws of 1895.

NOTICE OF FILING THE SUPPLEMENTAL AND AMENDED REPORT AND NOTICE OF MOTION TO CONFIRM THE SUPPLEMENTAL AND AMENDED REPORT OF THE COMMISSIONERS OF ESTIMATE AND ASSESSMENT HEREIN WITH RESPECT TO DAMAGE PARCEL NO. 459, CONTAINED IN SECTION 4.

We, Hugh R. Garden, John H. Knoepfel and William Endemann, the undersigned Commissioners of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

Whereas, The undersigned were heretofore duly appointed Commissioners of Estimate and Assessment herein, pursuant to the provisions of chapter 130 of the Laws of 1895, and amended by chapter 89 of the Laws of 1896, and thereafter duly qualified as such Commissioners and thereafter made our several reports of awards for damage by reason of this proceeding; and

Whereas, We have heretofore made our report of section 4 in this proceeding, dated February 10, 1898, which said report was confirmed by order of this Court, dated September 16, 1898, and filed in the office of the Clerk of the County of New York on September 21, 1898, wherein there was an award for land for Damage Parcel No. 459 for the sum of \$18,388.68; and

Whereas, On an application made in this proceeding by Mary E. Ryan, an order was made herein, dated February 2, 1905, and duly filed in the office of the Clerk of the County of New York on the 2d day of February, 1905, which said order referred back to the said Commissioners, or their successors, the report of the said Commissioners herein, dated February 10, 1898, and filed September 21, 1898, to amend and correct the same, and the said order ordered and directed the Commissioners that in addition to proofs on which their estimates and award for lands and improvements taken were heretofore made, to take proof and ascertain and determine any and all loss or damages to the premises owned by Mary E. Ryan, and of which said Parcel No. 459, in this proceeding, formed a part by reason and in consequence of the laying out and establishing of the Grand Boulevard and Concourse, and that the said Commissioners make a just and equitable estimate and assessment and award the said loss and damages to the owner, Mary E. Ryan, and it is further ordered that the sums or estimates or awards of compensation or recompense for such loss or damage, when made by said Commissioners, be reported by them to this Court without unnecessary delay, and to be subject to confirmation by this Court.

Now, therefore, having taken proof thereunder, we report:

First—That we have completed our supplemental and amended estimate of damage relating to the Damage Parcel No. 459, in section 4, as aforesaid, and that all persons interested in this proceeding, or in any of the lands affected thereby, and having objections thereto, present their objections, in writing, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 17th day of February, 1906, and that we, the said Commissioners, will hear parties so objecting within the ten week days next after the said 17th day of February, 1906, and for that purpose will be in attendance at our said office on each of said ten days at 3 o'clock p. m.

Second—That the abstract of said supplemental and amended estimate, together with our damage maps, and also all the evidence, estimates and other documents used by us in making our said estimate, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, Borough of Manhattan, in the said City, there to remain until the 28th day of February, 1906.

Third—That, pursuant to the provisions of chapter 130 of the Laws of 1895, as amended by chapter 89 of the Laws of 1896, we propose to assess for benefit, which assessment will appear in our last Partial and Separate Abstract of Estimate and Assessment, all those lots, pieces or parcels of land situate, lying and being in The City of New York, which, taken together, are bounded and described as follows, viz.:

Northerly by the line separating The City of New York from the City of Yonkers; easterly by the Bronx river and the East river; southerly by the Harlem river, the Bronx Kills and the East river, and westerly by the Hudson river and the Harlem river, all of which land, taken together, is known as the Twenty-third Ward and part of the Twenty-fourth Ward, as such territory was annexed to The City of New York by an act of the Legislature designated as chapter 613 of the Laws of 1873, and acts amendatory thereof.

Fourth—That our said supplementary and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term, to be held in Part III. thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on the 27th day of March, 1906, at the opening of the court on that day.

Dated BOROUGH OF MANHATTAN, CITY OF NEW YORK, January 23, 1906.

FIRST DEPARTMENT.

In matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of an UNNAMED STREET, laid out on map approved by the Board of Estimate and Apportionment December 11, 1903, running parallel to Broadway, about 200 feet westerly therefrom, commencing at West One Hundred and Eighty-first street and ending on the westerly side of Broadway, nearly opposite Nagle avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 24th day of November, 1905, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 4th day of December, 1905, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block 2180, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 4th day of December, 1905; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of February, 1906, at 1 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, NEW YORK CITY, January 12, 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of RANDALL AVENUE (although not yet named by proper authority), from Truxton street and Leggett Avenue to the Bronx river, in the Twenty-third Ward, Borough of The Bronx, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of February, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of February, 1906, at 11 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the intersection of the westerly side of the Bronx river with a line parallel with and 100 feet southerly from the southerly side of Eastern Boulevard; thence westerly along said parallel line to its intersection with a line parallel with and 100 feet westerly from the westerly side of Truxton street; thence northerly along said parallel line to its intersection with a line parallel with and 100 feet southwesterly from the southwesterly side of Leggett Avenue; thence northwesterly along said parallel line and its prolongation to its intersection with a line parallel with and 100 feet northwesterly from the northwesterly side of Southern Boulevard; thence southeasterly along said parallel line to its intersection with the northwesterly prolongation of a line drawn parallel to and distant 100 feet northeasterly from the northeasterly side of that portion of Leggett Avenue lying between Southern Boulevard and Truxton street; thence southeasterly along said prolongation and parallel line to its intersection with a line parallel with and 100 feet northwesterly from the northwesterly side of Truxton street; thence northeasterly along said parallel line and its prolongation to its intersection with a line parallel with and 100 feet northerly from the northerly side of Spofford Avenue; thence easterly along said parallel line to its intersection with the southwesterly side of the Bronx river; thence southeasterly, southerly and westerly, following the windings of said Bronx river to the point or place of beginning, as such streets are shown upon the final maps and profiles of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps, deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 7th day of March, 1906, at the opening of the Court on that day.

In the matter of the application of The City of New York, relative to acquiring title to the PUBLIC PARK bounded by Avenue I, Avenue J, East Thirty-eighth street and East Thirty-ninth street, in the Thirty-second Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 13th day of June, 1905, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 14th day of June, 1905, and indexed in the Index of Conveyances in Section 23, Block 7764, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said public park, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 24th day of January, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, December 30, 1905.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of WEBSTER AVENUE (although not yet named by proper authority), from the East river to Jackson avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment, as directed by an order of the Supreme Court dated April 5, 1905, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the

Borough of Queens, in The City of New York, on or before the 5th day of February, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 8th day of February, 1906, at 12 o'clock m.

Second—That the abstract of our said supplemental and amended estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said city, there to remain until the 14th day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the middle line of the block, between Webster avenue and Washington avenue, and the southeasterly line of the East River; thence southeasterly along said middle line of the block and its prolongation to its intersection with a line parallel to and 100 feet southeasterly from the southerly line of Jackson avenue; thence southeasterly along said parallel line to its intersection with the southeasterly prolongation of the middle line of the block between Webster avenue and Freeman avenue; thence northwesterly along said prolongation and middle line to its intersection with the southeasterly line of the East river; thence northeasterly along said southeasterly line of the East river to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 30th day of March, 1906, at the opening of the Court on that day.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
