Commissioner of Public Works, Borough of Queens.

Approved:

Joseph Bermel, President of the Borough of Queens.

BOARD OF ESTIMATE AND APPORTIONMENT.

EXTRACT FROM

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, DECEMBER 6, 1907.

Seaboard Refrigeration Company.

A communication, dated November 19, 1907, was received from the Mayor's office, designating the "Brooklyn Daily Eagle" and the "Brooklyn Citizen" as the two daily newspapers in which the notice of public hearing and form of contract modifying the contract dated June 22, 1906, granting a franchise to the Seaboard Refrigeration Company, should be published, in place of the "New York Times" and the "New York Herald," heretofore designated.

Which was ordered filed.

Queens Lighting Company.

In the matter of the application of the Queens Lighting Company for a franchise to construct, maintain and operate the necessary pipes, mains and conductors under and along the streets, avenues and highways in a certain portion of the Borough of Queens, for the purpose of supplying gas to public and private consumers.

At the meeting of October 4, 1907, a resolution was adopted, granting a franchise in accordance with the terms and conditions proposed, and authorizing the Mayor to execute and deliver the contract in the name and on behalf of The City of New York,

and on October 11, 1907, the resolution was, by request of the Board, returned from the Mayor's office, the vote by which it was adopted was reconsidered, and the matter was referred to the Comptroller.

On October 22, 1907, the Board was served with an order to show cause why a peremptory writ of mandamus should not issue requiring the members to certify, by their Secretary, to the Mayor, the resolution adopted by the Board on October 4, and requiring the Mayor to sign and approve the contract or franchise, as Mayor, which was forwarded to the Corporation Counsel.

The Secretary presented the following:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
New York, November 26, 1907.

Board of Estimate and Apportionment:

GENTLEMEN—I beg to inform you Mr. Justice O'Gorman has handed down a decision denying the application made by the Queens Lighting Company for a mandamus to compel your Honorable Board to grant it a franchise, and to compel his Honor the Mayor to sign such franchise as Mayor. The decision is as follows:

"People ex rel. Queens Lighting Company vs. McClellan: The granting of the writ applied for would constitute an unwarranted interference with the discretionary powers conferred upon the Board of Estimate and Apportionment. Application denied."

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

The Comptroller presented the following:

CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 4, 1907.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I have made an investigation into the application of the Queens Lighting Company for a franchise to manufacture and supply gas in the Third and Fourth Wards of the Borough of Queens. The territory sought to be covered in the franchise comprises an area of about twenty square miles. The area is in the form of a strip averaging about three miles wide and seven miles long, extending across Long Island from the head of Jamaica Bay to Little Neck Bay. It embraces the section known as Little Neck, Douglaston, Blackstump, St. Albans, Insdale, Westmoreland, Jamaica Gardens, Bellaire, Holliswood, Creedmoor, Queens, Springfield, Rosedale and Idlewild Park. The population at the present time of the Third and Fourth Wards is about 80,000.

Perhaps in no section of Greater New York have there been more extensive land operations than in this, and the farms have nearly all been cut up into city lots, anticipating the coming of home builders. The area covers a territory which is likely to feel as much as any other the increase in population and the enhancement of land values due to the growth of the city and the extension of transit facilities.

The Queens Lighting Company has submitted a petition of 386 residents of the Borough of Queens and has called attention to the fact that the territory has at present no gas lighting facilities.

A certificate of incorporation was filed in Jamaica, Queens County, October 27, 1906, setting out that the capital of the company was \$10,000. The directors were named as follows: Frank E. Wiske, Joseph F. Searing, John W. Demarest, of Queens, Long Island; C. Mortimer Wiske, John R. Lee and Isaac A. Hall, of Paterson, N. J., and Charles A. Hickey, of No. 311 West One Hundred and Second street, New York. The president of the company is J. Maynard Kissam, of Queens, L. I.

Frank E. Wiske is treasurer of the Rogers Silver Plate Company, No. 470 Broadway, New York. Joseph F. Searing is employed by the F. H. Leggett Company, wholesale grocers, John W. Demarest is a lawyer having an office in Jamaica, L. I. He is President of the Queens Civic League, and as such wrote a letter to the Board of Estimate and Apportionment asking for the franchise. C. M. Wiske is the brother of F. E. Wiske. John R. Lee is manager of the Transit Finance Company, promoters of trolley enterprises. Isaac A. Hall is the owner of silk mills in New Jersey. Charles A. Hickey is a lawyer of No. 346 Broadway, and a partner in the firm of Bolger & Hickey, who represent the applicants for the franchise.

It is represented that as soon as a franchise is granted the company purposes applying to the Public Service Commission for the privilege of increasing its capital stock from \$10,000 to \$250,000. The cost of establishing the manufactory and laying the first pipe lines is given at \$82,500.

The form of contract which has been approved by the Corporation Counsel involves the payment of an initial sum of not less than \$1,000 and the percentages of gross receipts, as follows:

From the signing of the contract to October 27, 1911, 1 per cent. of the gross receipts with a minimum of \$250; during the next five years 1 per cent. with a minimum of \$500; during the next five years 2 per cent. with a minimum of \$1,000; during the next five years 3 per cent. with a minimum of \$1,500; during the last five years 5 per cent. with a minimum of \$2,500. The term of the grant is twenty-five years with a privilege of renewal for another twenty-five years, the City reserving the privilege of purchasing the plant at the end of fifty years. The company agrees to deposit with the Comptroller \$1,500 as security for the performance of the provisions of the contract.

The attorneys in the case say that there has been expended five to six thousand dollars already in the promotion of the enterprise. The application is at present in legal form for acceptance upon the part of the City, so it would appear that the sum of money mentioned is practically all that will have been expended, except the \$1,500 to be deposited with the Comptroller to secure the franchise.

The only actual cash required by the City as a consideration is the initial payment of \$1,000. This seems a ridiculously small sum for a franchise covering a territory within the corporate bounds of The City of New York of twenty square miles. The region sought for the franchise, after the several transit schemes have been developed, is likely to have a very large population before the first term of twenty-five years will have elapsed.

It is true that it will be several years before any return will be realized upon the initial investment, but it is also true that the City should consider the ultimate value of the franchise at the end of a period of renewal or at the end of fifty years, when it is not at all unlikely that the area will have a population of half a million people.

While every safeguard has been put around the contract on behalf of the City to prevent the use of the franchise in a speculative way, it would seem that there was nothing to prevent the stockholders of the enterprise disposing of their holdings to some other corporation for a very large price before a dollar had been spent on the improvement other than the preliminary expenses previously noted. In other words, should this franchise be granted by the City to these applicants on the present basis, they would at once have a very valuable franchise right as a practical gratuity.

It seems to me that no franchise of this sort should be granted to a body of men or to a corporation except it be on the basis of a cash payment to the City at the outset fairly representing the market value of the franchise privilege granted.

In a locality like the one in question, where there is no company as yet operating a plant, a fair value of such a franchise might be obtained by submitting the right to sale at public auction.

Yours respectfully,

H. A. METZ, Comptroller.

Whereas, The initial payment of one thousand dollars (\$1,000) to be made under the proposed terms and agreement presented to this Board for the granting of a franchise to the Queens Lighting Company for a franchise "to manufacture and supply gas in the Third and Fourth Wards of the Borough of Queens," appears to this Board as entirely inadequate for the privilege which it is proposed to grant; and

Whereas, It appears that should a grant of this sort be made for this territory to this or any other company, it would from the outset become a very valuable asset to the persons or corporations receiving the same; be it therefore

Resolved, That, independent of and in addition to any provision for payments of any character during the duration of the franchise period, the granting of a

franchise for said privilege to the Queens Lighting Company or to any other persons or corporations shall be at a substantial price representing the value of the privilege at the time of its award, and that said franchise shall be disposed of to the highest bidder at auction, said auction to be held after public announcement of the same by advertisement ten days consecutively in not less than four daily papers in The City of New York.

J. W. Demarest of counsel for the company appeared on behalf of the Queens Lighting Company.

The matter was thereupon referred back to the Comptroller.

Long Island Railroad Company, as Lessee of the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company.

In the matter of the application of the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company, for a franchise to construct a double track street surface railroad on certain portions of Atlantic avenue, Borough of Brooklyn.

At the meeting of December 7, 1906, a report was received from the Bureau of Franchises and the matter referred to a Select Committee.

The Secretary presented the following:

REPORT No. F-66.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 2, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On July 6, 1906, the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company applied to the Board of Estimate and Apportionment for a franchise to construct and operate a double-track electric railroad on the surface of portions of Atlantic avenue, in the Borough of Brooklyn, the portions of the street covered by these blocks being at the points where the present Long Island Railroad tracks pass from tunnel to elevated structure, and vice versa. The matter was referred to a Select Committee of the Board, and is still in the hands of that Committee, as the right of the company to build tracks on the surface of Atlantic avenue has been in litigation. The case appears to have been definitely settled by a recent decision of the Court of Appeals, which concluded that neither the Nassau Electric Railroad Company nor the Long Island Railroad Company has the right to construct a street surface railroad in any portion of Atlantic avenue, whether upon the former roadway in the centre of the street or upon the roadways outside of that former right of way. Legislation was secured which was designed to permit the construction of such surface roads even after the former surface roads had been removed to positions above or below the surface at the joint expense of the Railroad Company and the City, but the Court of Appeals appears to have effectually disposed of this question on the ground that franchises can only be secured in accordance with the provisions of the State Constitution and the City Charter. It would appear proper, therefore, to adopt a resolution denying the application of the Long Island Railroad Company and the Nassau Electric Railroad Company for a franchise to construct a surface railroad upon the portions of Atlantic avenue referred to, such actions, however, in no way preventing the company from making an application for a franchise for a continuous street surface railroad on Atlantic avenue. A report of the Engineer in charge of the Division of Franchises giving further details is herewith submitted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
November 29, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—At a meeting of the Board of Estimate and Apportionment held December 7, 1906, the Bureau of Franchises presented a report dated November 26, 1906, upon the application of the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company, for a franchise to construct a double-track electric railroad on portions of Atlantic avenue, Borough of Brooklyn.

"One track to be laid on each side of said avenue in the portions thereof adjoining the places where the right of way of the Long Island Railroad Company is obstructed by the elevated and depressed tracks."

The above mentioned report was referred to a Select Committee, consisting of the Comptroller, President of the Board of Aldermen and the President of the Borough of Brooklyn.

At a meeting of the Board held February 15, 1907, a communication dated February 9, 1907, was presented from the Bureau of Franchises, calling attention to the fact that the Appellate Division of the Supreme Court had handed down a decision in the matter of the application of the said railroad companies for the appointment of commissioners to determine whether or not the road should be built, denying the motion for the appointment of such commissioners, and dismissing the proceedings upon the ground that the railroad companies were not possessed of the legal right to construct and operate the roads contemplated. This communication was referred to the above mentioned Select Committee.

The railroad companies have since appealed from this decision, and on November 1, 1907, a decision was handed down by the Court of Appeals affirming the decision of the Appellate Division. In speaking of the Atlantic Avenue Improvement Act, the decision of the Court of Appeals says:

"In view of the situation when the act was passed and the language used by the Legislature, it seems clear that the intention was to remove all railroad tracks from the surface of Atlantic avenue. * * * The improvement was made and paid for as required by the act. The double tracks authorized by the charters of the railroad companies were removed bodily from the surface of the avenue and placed above or below throughout its entire length. The railroads accepted the change, and thus surrendered the possession of the surface of Atlantic avenue."

After referring to chapter 497 of the Laws of 1899, under the authority of which the railroad companies claimed the right to lay tracks upon the surface of Atlantic avenue, and pointing out that the consent

"Of the local authorities is an absolute prerequisite to the construction or operation of a street railroad,"

—the decision further says:

"If the railroad that was removed from the surface of Atlantic avenue and the new lines proposed to be constructed where the old line stood are two railroads, each physically independent of the other, although owned in common, it is obvious that the Legislature had no power to authorize the construction or operation of the latter, for it is restrained by the Constitution from granting a franchise to lay down railroad tracks. It is necessary, therefore, to see what was the purpose and effect of the two acts. * * * We think that the effect of the two statutes was to authorize two roads in Atlantic avenue where only one existed before, and the last to be constructed is a street railroad to which the Constitution so pointedly applies. The appellants have no right to construct or operate a trolley line on the surface of Atlantic avenue past the property of the respondents, and, therefore, the application to appoint commissioners to determine whether sidings or turnouts should be constructed in aid thereof, was properly denied."

It would appear from the above quoted decision, that neither the Nassau Electric Railroad Company nor the Long Island Railroad Company, as lessee thereof, has at the present time any right to construct a street surface railroad upon any portion of Atlantic avenue, whether it be upon their former right of way in the centre of said avenue or upon the roadways outside of and adjacent to such right of way.

As this is the decision of the court of last resort, it would appear that the application of these companies, dated July 3, 1906, should be denied, and I submit resolution in accordance therewith. Nothing in the resolution will prevent the Nassau Electric Railroad Company from applying to the Board of Estimate and Apportionment for a franchise for a continuous street surface railroad on Atlantic avenue, if it so desires.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Resolved, That the petition dated July 3, 1906, of the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company, which was presented to this Board on September 14, 1906, for a franchise to construct, maintain and operate a street surface railway upon and along certain portions of Atlantic avenue, Borough of Brooklyn, be and the same is hereby denied.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department, at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
