COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 2 o'clock p. m., on Friday, May 14, 1909.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; James J. Martin, Chamberlain, and Patrick F. McGowan, President, Board of Aldermen.

The President of the Board of Aldermen, Chairman of the Select Committee on the ferries, presented the following report and offered the following resolutions:

OFFICE OF THE PRESIDENT OF THE BOARD OF ALDERMEN,
CITY HALL, NEW YORK,
May 14, 1909.

To the Commissioners of the Sinking Fund, City Hall, New York:

GENTLEMEN—Your Select Committee approves of the recommendations of the Commissioner of Docks, hereto annexed:

First—To authorize the Commissioner of Docks to put into operation one of the City's extra boats between Stapleton and New York, to be operated under a schedule of one hour and a half intervals at either terminal; and to appoint an additional force sufficient to operate this new ferry service, the ferry to be opened not later than May 27, 1909.

Second—That a resolution be adopted that in case of accident or breakdown, the Commissioner of Docks be and he hereby is authorized to charter a ferryboat to keep in commission this service, at a cost not to exceed \$100 per day for the charter of the boat, subject to the approval of the Comptroller.

Respectfully submitted,

P. F. McGOWAN, President, Board of Aldermen.
H. A. METZ, Comptroller.
JAMES J. MARTIN, City Chamberlain.

May 14, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—On May 6, 1909, there was submitted to your Select Committee, consisting of the Hon. Patrick F. McGowan, Chairman; Hon. Herman A. Metz, Comptroller, and Hon. James J. Martin, City Chamberlain, three tentative propositions relative to the operation of a ferry service from Stapleton, Staten Island.

Plan No. 1 proposed a shuttle service from Stapleton to St. George (one old boat), involving an estimated cost for the first year of \$102,000.

Plan No. 2 proposed a direct service from Stapleton to Whitehall street (two old boats), involving an estimated cost for the first year of \$187,000.

Plan No. 3 proposed a direct service from Stapleton to Whitehall street (two new boats), involving an estimated cost for the first year of \$672,000.

After a conference with the Chairman, it was decided that both Plans Nos. 1 and 2 would necessitate considerable length of time to repair the second-hand boats, if purchased, therefore causing a delay in the commencement of operation. As to Plan No. 3, two new boats not only require a large expenditure, but would also take one year to construct.

It was then proposed by this Committee that one of the extra boats of either the St. George or Thirty-ninth street ferries be put into operation and given immediate service. After carefully going over the subject matter with the Superintendent of Ferries, we have estimated that a single trip would require 45 minutes, and a round trip one hour and a half, with a single ferryboat service between Stapleton and Whitehall street; the distance traversed being nearly seven miles each way. It is further proposed that the boat be kept in operation for two 8-hour shifts from 4 a. m. to 8 p. m., which would permit of making eleven round trips, under the following schedule of time:

Leave Stapleton 4 a. m., 5:30 a. m., 7 a. m., 8:30 a. m., 10 a. m., 11:30 a. m., 1 p. m., 2:30 p. m., 4 p. m., 5:30 p. m., 6:50 p. m. Leave New York 4:45 a. m., 6:15 a. m., 7:45 a. m., 9:15 a. m., 10:45 a. m., 12:15 p. m., 1:45 p. m., 3:15 p. m., 4:45 p. m., 6:15 p. m., 7:30 p. m.

By this proposed method, it will be necessary to put additional terminal men and also two extra crews on.

Under the conditions expressed herein, I beg leave to recommend a resolution be adopted authorizing the Commissioner of Docks to put into operation one of the City's extra boats between Stapleton and New York, to be operated under a schedule of one hour and a half intervals at either terminal; and to appoint an additional force sufficient to operate this new ferry service, the ferry to be opened not later than May 27, 1909.

And a further resolution be adopted that, in case of accident or breakdown, the Commissioner of Docks be authorized to charter a ferryboat to keep in commission this service, at a cost not to exceed \$100 per day for the charter of the boat, subject to the approval of the Comptroller.

Yours respectfully,

ALLEN N. SPOONER, Commissioner of Docks.

Resolved, That, pursuant to the provisions of section 818 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby approve of the establishment, by the Commissioner of Docks, of a ferry from and to the foot of Canal street, Stapleton, Borough of Richmond, to and from the foot of Whitehall street, Borough of Manhattan, City of New York.

Resolved, That the Commissioner of Docks be and is hereby authorized to put into operation one of the City's extra boats on the ferry between Stapleton, Borough of Richmond, and the foot of Whitehall street, Borough of Manhattan, to be operated under a schedule of one hour and one-half intervals at either terminal; and to appoint an additional force sufficient to operate this new ferry service, the ferry to be opened not later than May 27, 1909; and be it further

Resolved, That, in case of accident or breakdown, the Commissioner of Docks be and he hereby is authorized to charter a ferryboat to keep in commission this service, at a cost not to exceed one hundred dollars (\$100) per day for the charter of the boat, subject to the approval of the Comptroller.

The report was accepted and the resolutions severally unanimously adopted.

The Chamberlain submitted the following memorandum relative to the filling in of the lands under water in Riverside Park lying westerly of the right of way of the New York Central and Hudson River Railroad, between Seventy-second and One Hundred and Twenty-ninth streets:

The Sinking Fund minutes for 1906, page 297, contains a letter from Hon. John A. Benschel, then Commissioner of Docks, advocating the filling in of the land under water in Riverside Park, lying westerly of Riverside drive, from Seventy-second street to One Hundred and Twenty-ninth street; and recommending "that this area of land under water be turned over to the Department of Docks and Ferries for the purpose of reclamation only, and that the work be done in such manner as to make it possible to agree with the improvements to be afterwards undertaken by the Department of Parks in fitting the area in question for use as a City park; this recommendation is made owing to the fact that this Department is probably better adapted to carry on work of this character in the line of experience, and that the men employed by the Department could be utilized for inspection, etc."

On the recommendation of the Comptroller the matter was referred to the Commissioner of Docks and the Commissioner of Parks for the Boroughs of Manhattan and Richmond, with instructions to report back jointly upon the proposition.

I do not find any record showing that a joint report was made, and therefore move that the matter be again brought to the attention of the Commissioner of Docks and the Commissioner of Parks for the Boroughs of Manhattan and Richmond, and they be requested to make the joint report referred to.

On motion, the Secretary was requested to bring the matter to the attention of the Commissioner of Docks and the Commissioner of Parks and request them to make the joint report referred to.

Adjourned.

N. TAYLOR PHILLIPS, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

EXTRACT FROM

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, MAY 14, 1909.

Staten Island Rapid Transit Railway Company.

A communication was received from the Mayor's office, returning, duly approved by his Honor the Mayor, resolutions adopted by this Board April 30, 1909, fixing this day as the date for public hearing on the petitions of the Staten Island Rapid Transit Railway Company, for franchises and designating the "Richmond County Advance" and "The Staten Islander" as the newspapers in which notice of such hearing should be published.

Which was ordered filed.

The public hearing was opened on the petitions of the Staten Island Rapid Transit Railway Company for franchises to construct, maintain and operate:

(a) Two additional tracks under and across South street, St. George.

(b) Two additional tracks upon and across Central avenue, Union avenue, Harbor road and South avenue, and one additional track across Richmond terrace, near Hollands Hook, all in the Borough of Richmond.

The hearing was fixed for this day by resolutions adopted April 30, 1909.

Affidavits of publication were received from the "Richmond County Advance," "The Staten Islander," and the CITY RECORD.

No one appeared in opposition to the proposed grant.

C. A. de Gersdorff, of counsel for the Company, appeared in favor.

No one else desiring to be heard, the Chair declared the hearing closed.

The Secretary presented the following:

REPORT NO. F-156.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER.
May 11, 1909.

HON. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The President of the Borough of Richmond some time ago submitted to the Board a recommendation for certain exchanges of property between The City of New York and the Staten Island Rapid Transit Railway Company. These exchanges have already been the subject of a report to the Board and have been acted upon favorably both by the Board and the Commissioners of the Sinking Fund, the understanding being that inasmuch as the property to be transferred to the City was considerably more valuable than that to be transferred by the City to the railway company, certain rights were to be given the company when it made application in proper form for such rights.

This application has now been presented, and I beg to submit herewith the report of the Engineer in charge of the Division of Franchises relative thereto, together with a proposed form of contract. This contract has been submitted to the railway company, and I understand that it has indicated its willingness to accept it.

It is therefore recommended that the Board tentatively approve the terms and conditions of this contract and forward it to the Corporation Counsel for his approval as to form.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
May 11, 1909.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—The Staten Island Rapid Transit Railway Company has, by two petitions dated April 14, 1909, duly verified, applied to the Board of Estimate and Apportionment for the franchise and right to lay, construct and maintain two additional tracks under and across South street, St. George; two across Central avenue, Union avenue, Harbor road and South avenue, Third Ward, and one track across Richmond terrace, near Hollands Hook, Third Ward, all in the Borough of Richmond.

These petitions are presented in pursuance of a certain resolution adopted by the Board on June 12, 1908, recommending to the Commissioners of the Sinking Fund the authorization of the exchange of certain parcels of land between The City of New York and The Staten Island Rapid Transit Railway Company, and providing that when the exchange was authorized the Board would, upon proper petition, grant to the company the right to cross the streets for which the above applications are made, under certain conditions.

The proposition to make such exchange was originally made by the President of the Borough of Richmond, in a communication addressed to the Board jointly with the Commissioners of the Sinking Fund, dated October 17, 1907, and presented to the Board at its meeting held June 12, 1908. The object of the exchange, as explained in the report of this Division to you under date of June 9, 1908, was to secure to the City:

"First—The control of the property directly in front of the Borough Hall and now laid out on the map of the City as a public place, thus preventing the erection of any building thereon which would be detrimental to the City's property opposite. * * *

"Second—To obtain two small pieces of property at the corner of Jay and South streets and at the angle in South street, by means of which easy curves in the street lines could be made. * * *

"Third—To obtain a strip of land under water for a width of approximately 85 feet, between the high-water mark and the pierhead line of the Kill Von Kull. This strip of land under water would be immediately in front of the plot of upland acquired by the City for the purpose of a destructor plant, and would furnish water-front facilities to the same when it shall have been filled in. Across the strip to be acquired, however, would run the right of way of The Staten Island Rapid Transit Railway Company, width 60 feet, and an additional 40 feet which the Company wishes to reserve to itself. * * *

Various proceedings were had by the Commissioners of the Sinking Fund, in connection with this matter, as referred to in the report of this Division to you, dated April 20, 1909, submitted to the Board at its meeting held April 30, 1909, and at the meeting of said Commissioners held April 5, 1909, the proposed exchange was authorized, subject to the approval of the Board of Estimate and Apportionment, and this approval was given on April 16, 1909. From the proceedings before the Commissioners of the Sinking Fund it appears that before authorizing the exchange of the properties, three disinterested appraisers had been appointed to appraise the value of the same. Such value appears, by the appraisals, to be as follows:

				Average.
City's property.....	\$19,706 66	\$19,300 00	\$19,707 41	\$19,571 36
Company's property.....	27,553 05	30,450 00	27,481 30	28,494 78

From these figures it will readily be seen that if the City were to grant nothing else to the company in exchange for its land, it would have by far the better of the bargain. Granted the right to construct the additional tracks applied for, the company will obtain rights giving it such increased facilities as will be of great value to it, if not immediately, at least in the near future. Such grant will therefore tend to the equalization of the properties exchanged.

The resolution adopted by the Board on June 12, 1908, referred to the terms which were to be imposed on the company, and these will be set forth hereafter in this report.

HISTORY OF COMPANY.

The Staten Island Rapid Transit Railroad Company was incorporated by articles of association filed in the office of the Secretary of State April 14, 1880. The following is the route of the railroad proposed to be constructed by it as set forth in such articles:

"Commencing at a point on the shore of the Lower Bay of New York, at or near New Dorp lane and Peteler's South Beach Pavilion, in the Town of Southfield, in the County of Richmond and State of New York, and running thence by the most direct and feasible route along the shore of the Bay of New York and the Kill Von Kull, through the said Town of Southfield and the Village of Edgewater, in the towns of Southfield and Middletown, and the Village of New Brighton, in the Town of Castleton and Port Richmond, in the Town of Northfield, all in said County of Richmond, and terminating at or near the foot of Church road, in the Village of Port Richmond."

Later, by chapter 417 of the Statutes of 1886, Congress authorized The Staten Island Rapid Transit Company and the Baltimore and New York Railroad Company of New Jersey to construct a bridge across Staten Island Sound, or Arthur Kill, from New Jersey to Richmond County.

The greater portion of the route of the company as it at present exists was acquired by purchase and condemnation, but where the same crossed public streets the company appears to have asked for and obtained the consents of the local authorities to lay its tracks.

Central avenue, Union avenue, Harbor road and South avenue, for which the company has applied for permission to cross, are in the former Village of Port Richmond, and Richmond terrace is in the territory formerly the Town of Northfield. The consents granted by these two municipalities to the company, authorizing it to lay its tracks across streets, cover the following streets, avenues and roads:

Broadway, Richmond avenue, Richmond terrace, Maple avenue, Elm street, Sharpe avenue, Lafayette avenue, Morning Star road, Bay avenue, Simonson avenue, Van Name avenue, Division avenue, Union avenue, Van Pelt avenue, Harbor road, South avenue and the Boulevard. These consents do not cover all the avenues now existing in the territory embraced within the former Village of Port Richmond and Town of Northfield, but are all of which this Division up to the present time has found any record. It may be that some, if not all, of the other streets were laid out and opened since the granting of the above permits (in 1885, 1886 and 1896), in which event the company would probably be entitled to maintain its tracks without further consent.

As to South street, in the First Ward, there is no record in this office of the company ever acquiring any local consent to cross the same, but it is also possible in this case that the same was laid out and opened after the railroad was built. I have been informed by representatives of the railroad company that it operates its tracks across this street by virtue of certain easements granted to it by the United States Government and others.

On June 30, 1883, the company entered into an agreement with The Staten Island Railway Company, by which it leased from the latter company its railroad, ferry, franchises and other property for a term of ninety-nine years. Under this lease it agreed to pay the following sums of money:

Fifty-six thousand dollars per annum as rental, \$3,600 per annum for corporate expenses and \$21,000 per annum to meet the interest on its mortgage.

On August 31, 1893, this agreement was modified with respect to the mortgage and the payments of interest thereon.

By this lease, when the company had completed the construction of its railroad, it had control of and operated a continuous line of railroad extending from the Village of Tottenville, now in the Fifth Ward, to the Town of Northfield, now in the Third Ward, and running through the Village of Tottenville, the Town of Westfield, the Town of Southfield, the villages of Edgewater, New Brighton and Port Richmond and the Town of Northfield. The terminal at St. George is near the centre of this line and in a manner requires the operation of the north and east sections as independent lines for the accommodation of passengers from and to New York.

On April 20, 1899, the property, franchises, leases, etc., of The Staten Island Rapid Transit Railroad Company were sold under foreclosure of mortgage to Harry Bronner, Robert H. Mainzer and Frank G. Geary, who later with others formed The Staten Island Rapid Transit Railway Company, by a certificate of incorporation filed in the office of the Secretary of State July 29, 1899. This is the company that is now applying for the franchises above mentioned.

As was called to the attention of the Board in the report of this Division dated June 9, 1908, presented by you at the meeting of June 12, 1908, the privileges now asked for by the company will, in addition to the facilities which it will afford at its St. George terminal, give to the company a four-track road between Mariners Harbor Station and Arlington Station, in the Third Ward, a distance of about 3,600 feet, and just to the east of the entrance to its terminal yard at Arlington. This yard is near the approach to the bridge across the Arthur Kill connecting this railroad with New Jersey, and as a large portion of the freight carried by it is received from the Baltimore and Ohio Railroad Company, it will be seen that the additional tracks across Central avenue, Union avenue, Harbor road and South avenue will enable the company to facilitate the handling of this freight. The track across Richmond terrace will enable the company to connect its line of railroad with its property on the shore front.

PROPOSED CONDITIONS OF FRANCHISE.

The report of this Division presented by you to the Board on June 12, 1908, suggested the following conditions for any franchise to the company:

1. The City to expend a sum estimated at \$4,700 in the construction of a portal for the additional tunnel under South street, St. George, required for the construction of the tracks herein authorized.
2. The following compensation for each crossing:
 - (a) First ten years, \$100 per annum.
 - (b) Second fifteen years, \$200 per annum.
3. Where tracks are laid at grade, company to remove same when necessary, at its own expense.
4. Compensation to commence from date of signing grant.
5. Board to reserve right to compel company at any time to remove track across Richmond terrace from grade, at its own expense.

The resolution adopted by the Board at this meeting provided that it would grant the franchises desired by the company on terms "to be substantially as proposed in the report as presented this day by the Chief Engineer. * * *

At the meeting of the Board held June 26, 1908, a communication from the company dated June 18, 1908, was presented protesting against the above suggestions in so far as they did not propose the granting of a perpetual easement under South street, St. George, as requested. Objection was also raised to the proposal that the company pay \$200 per annum for each crossing during the last fifteen years of the contract, and also to the requirement that the company, when necessary, change the grade of its crossings, bearing the entire expense thereof. In regard to these objections, the company was advised that no perpetual easement could be granted to it, and that the other matters could be discussed when the form of contract to be suggested to the Board was being prepared. The petition for the South street crossing when presented asked for a franchise for twenty-five years, with the privilege of renewal for twenty-five years, from which it will be seen that the company has withdrawn its objection to anything less than a perpetual grant.

As to the other objections, it appearing that the company's stand was a reasonable one, the terms were drawn so as to comply with its wishes by fixing the compensation at \$150 a year for each crossing during the second fifteen years, and by requiring it to remove those tracks constructed under this franchise from the surface of the streets whenever required, at its own expense, the removal of its existing tracks to be paid for as required by the Railroad Law. I have therefore embodied the terms suggested in the report of this Division of June 9, 1908, as modified, in the proposed form of contract submitted herewith.

The applications of the company request that the annual compensation commence only from the time of the issuance to it of permits to commence the work, but in the proposed form of contract I have suggested a provision that the same commence from the date of the signing of the contract by the Mayor. This is in line with the usual custom heretofore followed, and, I believe, should be required.

The conditions which I suggest for the tracks to be constructed on the street surface closely follow those imposed by the consent granted to the Proctor & Gamble Company by the Board on June 8, 1906, authorizing the construction of a track across Western avenue, a street in the vicinity of those covered by these grants.

The security fund suggested is the sum of one thousand dollars (\$1,000), which will be sufficient in amount to cover any annual payments to be made by the company.

There has also been inserted a clause by which the City agrees to construct the portal required for the additional tunnel under South street, so as to allow of the construction of the tracks authorized by the contract. This is in accordance with the understanding between the City and the company, as noted above.

The other conditions are those usually inserted in franchise contracts by the Board, and cover renewal of the contract, penalties, assignment of franchises, the termination of the grant, etc.

The proposed grant has been submitted to the Company and its terms have been accepted by it. The resolution adopted by the Board on June 12, 1908, which provides for the granting of the franchises applied for by the Company, states that such franchises would be granted by the Board when the exchange then under consideration "shall have been so authorized and made." As the proper steps are now being taken to bring this exchange to a close, I would suggest that the Board proceed with the consideration of this franchise, but that the contract granting the same be not signed by the Mayor until the Board is advised by the Comptroller that the exchange has been consummated.

It is, therefore, suggested that the Board tentatively approve of the terms and conditions proposed and refer the form of contract to the Corporation Counsel for his approval as to form, and to incorporate therein such matter as he deems advisable to fully protect the interests of the City, upon obtaining which approval the Board can proceed to the granting of a franchise pursuant to law.

All of which is respectfully submitted.

HARRY P. NICHOLS, Engineer in Charge.

PROPOSED FORM OF CONTRACT.

This contract, made this _____ day of _____, 190____, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Staten Island Rapid Transit Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The President of the Borough of Richmond, on October 17, 1907, addressed a communication jointly to the Board of Estimate and Apportionment and the Commissioners of the Sinking Fund, requesting the authorization and approval of the exchange of certain parcels of land in the Borough of Richmond, between the City and the Company, and in connection therewith the granting of the right to the Company to lay additional tracks across and under certain streets and avenues; and

Whereas, This communication was presented to the Board at its meeting held June 12, 1908, and thereupon a resolution was adopted recommending to the Commissioners of the Sinking Fund that they authorize the exchange between the City and the Company of the beforementioned parcels of land situated in the Borough of Richmond, and providing that when such exchange was authorized and made, the Board would, upon proper petition, grant to the Company the right to lay additional tracks across certain streets, as set forth hereinafter in this contract; and

Whereas, The Commissioners of the Sinking Fund, at their meeting held April 5, 1909, did, in accordance with the provisions of section 205a of the Greater New York Charter, as enacted by chapter 302 of the Laws of 1907, adopt a resolution authorizing this exchange, subject however to the approval of the Board; and

Whereas, Such approval was given by the Board at its meeting held April 16, 1909; and

Whereas, The Company, on April 14, 1909, duly submitted two petitions for franchises, which were presented to the Board at its meeting held April 30, 1909; now therefore,

In consideration of the said exchange of properties and of the mutual covenants and agreements herein contained, and in accordance with the resolution of the Board, adopted June 12, 1908, referred to above, the parties hereto do hereby covenant and agree, as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate

(a) Two additional tracks across and under South street, near Jay street, First Ward, Borough of Richmond, within the lines of said South street as the same is now laid out or may hereafter be widened, said tracks to be constructed immediately to the west of the present two tracks of the Company crossing under South street at this point and constituting the existing right-of-way of the Company under said South street. All as shown on a map entitled:

"Map Showing Proposed Tracks Under & Across South St. In The First Ward, Borough of Richmond, City of New York, to Accompany Petition of The Staten Island Rapid Transit Railway Co. to The Board of Estimate & Apportionment. Dated April 14, 1909."

—signed by George H. Campbell, Vice-President, and William B. Redgrave, Division Engineer, attached to this contract and made a part hereof.

(b) Two additional tracks across and upon Central avenue, Union avenue, Harbor road, otherwise known as Summerfield avenue, and South avenue, and one track across and upon Richmond terrace, formerly known as Shore road, at a point 550 feet, more or less, east of the intersection of Western avenue with Richmond terrace, and in a line with the right of way 15 feet wide acquired by the Company from Edward Milliken and wife, all in the Third Ward of the Borough of Richmond. The said additional tracks across and upon Central avenue, Union avenue, Harbor road and South avenue to be constructed, one on either side of the present tracks of the Company, crossing said streets, all as shown on a map entitled:

"Maps Showing Proposed Tracks Across Central Ave., Union Ave., Harbor Road, South Ave., and Richmond Terrace, In The Third Ward, Borough of Richmond, City of New York, to Accompany Petition of the Staten Island Rapid Transit Railway Co. to the Board of Estimate and Apportionment. Dated April 14, 1909."

—signed by George H. Campbell, Vice-President, and William B. Redgrave, Division Engineer, attached to this contract and made a part hereof.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said railroad tracks shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate therefore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) During the first term of ten (10) years the annual sum of six hundred dollars (\$600), being the annual sum of one hundred dollars (\$100) for each crossing herein authorized.

(b) During the second term of fifteen (15) years the annual sum of nine hundred dollars (\$900), being the annual sum of one hundred and fifty dollars (\$150) for each crossing herein authorized.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments herein provided for shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any railroad or railway company providing for payment for railroad or railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, and the removal of the tracks herein authorized from the surface of the streets crossed by the same, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of the City, acting by the Board, or its successors in authority.

Fifth—Upon the termination of this contract, or if the same be renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to the Company or any other company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall commence the construction of the tracks herein authorized under South street, First Ward, within three years, and complete the same within five years from the date upon which this contract is signed by the Mayor, and shall commence and complete the construction of the other tracks herein authorized within two years from such date, otherwise the rights herein granted shall cease and determine as to such tracks not so constructed. In the event of the rights so ceasing, the Company shall not be required to make any further payments for the privilege of constructing and maintaining said tracks under this contract, but shall continue paying to the City the sum fixed by this contract for each crossing which it constructs within the time limit herein fixed.

Seventh—The grantee shall pay the entire cost of the construction and maintenance of the tracks herein authorized to be laid, and where the said tracks are authorized to be laid on the surface of the street, in addition shall pay the following:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction of such tracks.

(b) All changes in sewer or other subsurface structures made necessary by the construction of the railroad track, including the laying or relaying of pipes, conduits, sewers or other structures.

(c) The replacing or restoring the pavement in said street which may be disturbed during the construction of the tracks.

(d) The inspection of all work during the construction or removal of the tracks, as herein provided, which may be required by the President of the Borough of Richmond and the Commissioner of Water Supply, Gas and Electricity.

Eighth—Before the construction shall be begun the grantee shall obtain permits to do the work from the President of the Borough of Richmond and from the Commissioner of Water Supply, Gas and Electricity. Said grantee shall perform all the duties which may be imposed upon the grantee by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to these officials working plans, which shall include and show in detail the method of construction of said railroad tracks and the mode of protection or changes in all subsurface structures required by the construction of such tracks.

Ninth—The said railroad crossings shall, for their entire length between the lines of the streets where they are laid on the surface, be paved between the rails and for a width of two feet outside thereof with asphalt blocks or vitrified brick, laid upon a concrete foundation, or such other material as may be prescribed by the President of the Borough of Richmond, and in a manner acceptable to him. The said crossings shall be constructed, maintained and operated at the expense of the Company, subject to the supervision, control and inspection of the proper authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York.

Tenth—Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said railroad tracks, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

Eleventh—Free and uninterrupted access to and passage over said streets where the rails are laid on the surface shall be maintained at all times, both during construction and thereafter, and no cars shall be allowed to stand upon said railroad tracks within the limits of said streets.

Twelfth—This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

Thirteenth—The Company shall at all times keep the streets upon which the rails authorized by this contract are laid, between the said rails and for a distance of two (2) feet beyond the said rails, on either side thereof, free and clear from ice and snow.

Fourteenth—The Company shall, upon being ordered by the Board so to do, remove the track hereby authorized to be constructed on and across Richmond terrace, from the surface of said street, and construct the same over or under the said street, as directed by the Board, and in such manner as the Board may prescribe, under the supervision of the local authorities of the Borough, at its own expense. And it further agrees, that if at any time during the continuance of this contract or any renewal thereof, proceedings shall be taken under the Railroad Law or any law of the State, looking to the removal of the tracks laid by it on the surface of any street, under authority of this contract, then and in that event the Company shall remove the tracks herein authorized and construct the same across said streets, either over or under the same as directed, at its own cost and expense. Nothing contained herein shall be deemed to affect the rights or liabilities of the Company as to the tracks already laid by it.

Fifteenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights hereby conferred, shall deposit with the Comptroller of the City the sum of one thousand dollars (\$1,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privileges hereby granted, the repairs of street pavement, and the removal of those tracks laid on the surface of the streets at its own expense as herein provided, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days notice in writing to the Company; or in case of failure to keep the other terms and conditions of this contract, the Company shall pay a penalty of ten dollars (\$10) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provision. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars (\$1,000), and in default thereof this contract shall be annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under this or any other provision of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Sixteenth—In case of any violation, or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad tracks constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Seventeenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Eighteenth—The word "streets," wherever used herein, shall be deemed to mean such streets, avenues, highways, driveways, concourses, boulevards or public places across or under which the Company is hereby granted the right to lay its tracks.

Sec. 3. The City hereby agrees that it will construct a portal to the proposed new tunnel required for the construction of the tracks herein authorized under South street, in the First Ward of the Borough of Richmond. Said portal is estimated to cost not exceeding four thousand seven hundred dollars (\$4,700) in excess of the cost to the City of building a solid retaining wall at this point, as was heretofore proposed. All and every other expense in connection with the rights hereby granted shall be borne and paid for by the Company.

Sec. 4. The City and the Company promise, covenant and agree to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained, to be performed or observed by the respective parties hereto.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

(Here add acknowledgments.)

The following was offered:

Whereas, The Staten Island Rapid Transit Railway Company, in petitions dated April 14, 1909, which were presented to this Board April 30, 1909, applied for franchises to construct, maintain and operate additional tracks under and across South street, St. George, additional tracks upon and across Central avenue, Union avenue, Harbor road, South avenue and Richmond terrace, near Hollands Hook, Borough of Richmond; and

Whereas, By resolutions adopted April 30, 1909, the date for public hearing on the aforesaid petitions was fixed for May 14, 1909, and the public hearing was duly held on such day; and

Whereas, At the meeting of May 14, 1909, a report dated May 11, 1909, was received from the Engineer in charge of the Division of Franchises to the Chief Engineer, together with a proposed form of contract to govern the aforesaid grants; now therefore be it

Resolved, That this Board adopt such inquiry as the inquiry of the Board and tentatively approve the terms and conditions in the form of contract accompanying the report dated May 11, 1909, from the Engineer in charge of the Division of Franchises to the Chief Engineer; and be it further

Resolved, That the aforesaid form of contract be referred to the Corporation Counsel for his approval as to form, and to incorporate therein such matter as he may deem advisable to fully protect the interests of the City.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hudson and Manhattan Railroad Company.

Consideration of the communication dated May 4, 1909, from the Public Service Commission for the First District, transmitting a certificate for connection and the franchise and grant therein contained, to the Hudson and Manhattan Railroad Company, as the successor of the New York and Jersey Railroad Company, executed by the Public Service Commission for the First District, and accepted by the railroad company, and submitted to this Board for approval, pursuant to the provisions of law.

The communication and certificate for connection were presented to this Board at its meeting of May 7, 1909, and, by resolution duly adopted, this day was fixed for consideration and the matter was referred to a Select Committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan, to report at the meeting of this day, and also to the Chief Engineer.

The Mayor presented communications from the following in favor of the grant:

Joseph Fleischman, William Harris, George A. Hearn, Lord & Taylor, Hawk & Wetherbee, F. A. O. Schwarz, Browning, King & Co., H. Koehler & Co., Myers & Goldsmith, Saks & Co., Paul Meyr, and communications from the following in opposition: Ernest Bohm, Secretary, Central Federated Union, and Frank Hedley, manager for Trustee, New York and Long Island Railroad Company.

Burlock E. Rabell appeared and presented the following:

Honorable Commissioners of Public Service Commission, No. 154 Nassau Street, New York City:

GENTLEMEN—The undersigned, being the several owners of the hereinafter described buildings and premises, beg to protest against the granting of a franchise and license to the Hudson and Manhattan Railroad Company, for the construction and maintenance of a station, entrances, exits and stairways in front of the buildings and premises situate on the southeasterly corner of Thirty-eighth street and Sixth avenue, in the Borough of Manhattan of The City of New York, with a frontage of 59 feet 5 inches on Sixth avenue, and with a frontage of 75 feet on Thirty-eighth street.

The undersigned also beg to further notify you that we will not consent to the construction and maintenance of a station, entrances, exits and stairways in front of or on any part of said buildings and premises on the southeasterly corner of Thirty-eighth street and Sixth avenue, but that, on the contrary, we will oppose by all lawful means the construction and maintenance of such. We consider that the construction and maintenance of a station, entrances, exits and stairways in front of the said buildings and premises on southeast corner of Thirty-eighth street and Sixth avenue will shut off the view of the show windows in said property from the street, and will injure the rental value of the property and thereby cause us irreparable damages.

It is respectfully requested that in granting a franchise to the Hudson and Manhattan Railroad Company that no franchise or license be granted to the said Hudson and Manhattan Railroad Company for the construction and maintenance of a station, entrances, exits and stairways on the southeasterly corner of Thirty-eighth street and Sixth avenue, or in front of or on any part of said property.

Dated New York, April 29, 1909.

Respectfully yours,

JOHN G. WENDEL,

To the Honorable Board of Estimate and Apportionment and to Any and All Municipal, City and State Authorities:

GENTLEMEN—We, the undersigned, being the respective owners or occupants of the premises mentioned after our respective signatures, do hereby respectfully petition, request and urge you to authorize and compel the construction and maintenance of stations, entrances and exits at Thirty-ninth street and Sixth avenue, in connection with the underground railroad about to be constructed and maintained in Sixth avenue, between Thirty-third and Forty-second streets, and in East Forty-second street, between Sixth avenue and the Lexington avenue terminal.

Dated New York, May 7, 1909.

Respectfully yours,

Names of Owners or Occupants—Lee Shubert, Metropolitan Opera House, Union Dime Savings Bank, and the names and respective addresses of 250 other property owners.

Hon. Edward M. Grout, of counsel for the company, appeared in favor.

No one else desiring to be heard, the Chair declared this consideration concluded, and announced that further consideration will be had when the Select Committee reports.

The communications, protests and petition were then referred to the Select Committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan, the Committee to which was referred the communication from the Public Service Commission for the First District and the certificate for connection at the meeting of May 7, 1909.

New York City Interborough Railway Company.

In the matter of the petitions of the New York City Interborough Railway Company, as follows:

(a) For relief from the obligations to pay for the use of bridges crossing the Harlem River and from all other payments required by the terms of the franchise granted by ordinance of the Board of Aldermen, approved by the Mayor March 31, 1903, except such sums as shall be equal to 3 per cent. of its gross annual receipts during the first five years and 5 per cent. of its gross annual receipts thereafter.

(b) For an extension of time until December 27, 1909, within which to complete twenty-four miles of double track railway.

The first mentioned petition was presented to the Board at its meeting of June 26, 1908, and the other at the meeting of November 13, 1908, and both were referred to the Chief Engineer.

The Secretary presented the following:

REPORT No. F-136.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
May 11, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The New York City Interborough Railway Company has applied to the Board of Estimate and Apportionment for an extension of time during which to construct some of the lines covered by the franchise granted the company by the Board of Aldermen and approved by the Mayor on March 31, 1903, and also for a modification of the terms and conditions imposed by that franchise. The extension asked for was for one year, until December 27, 1909, and the Board has already granted an extension for one-half of this year.

I submit herewith a report by the Engineer in charge of the Division of Franchises giving in considerable detail the history of this company, the circumstances under which the original franchises were granted, the lines which have already been constructed and those which still remain to be built, together with certain modifications of routes already made. The report also contains recommendations for certain changes of terms and conditions, all of which have been discussed with the officers of the company, and I am informed that they have expressed their willingness to enter into a contract providing for such modifications.

It appears that the original franchise covered a series of streets which would have constituted quite a complete system of surface transportation, but that when the Interborough Rapid Transit Company secured control of the New York City Interborough Company the portions which had been constructed or were being constructed were merged with the existing system of the old Union Railway Company, and a number of the lines were never built. The terms and conditions covering payments to the City and the sums to be paid for the use of bridges across the Harlem River were

predicated upon the construction of the entire system, and it appears that the earnings from the portion which has been built are not such that the company can pay the compensations named in the original franchise; in fact, it appears from the statements made by the company that the gross receipts are at present less than the operating expenses. The new contract which has been prepared provides for a very substantial reduction in these payments, both those predicated upon gross receipts and those for use of the bridges across the Harlem River. The City must recognize the fact that the conditions have been so changed that it would be unfair to insist upon the payments called for by the original contract, and it is recommended that the contract providing for the modification of these terms be approved by the Board, on condition, however, that the company shall relinquish all its rights upon routes for which no certificate of convenience and necessity has been secured, and that all sums due under the original contract shall be paid.

As to the extension of time, it is suggested that this time be extended to a period ten years from the date of incorporation of the company, which would be March 24, 1912, on which date the franchises for lines not constructed will lapse.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
May 12, 1909.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—The New York City Interborough Railway Company has before the Board two petitions; one dated June 23, 1908, prays to be relieved from the obligations to pay for the use of bridges across the Harlem River and from all other payments required by the terms of a franchise granted by an ordinance of the Board of Aldermen, approved by the Mayor March 31, 1903, except such sums as shall be equal to three per cent. of its gross annual receipts during the first term of five years, and five per cent. of its gross annual receipts thereafter. The other petition bears date of November 12, 1908, and prays for an extension of time within which to complete twenty-four miles of double track railway until December 27, 1909.

The first mentioned petition was presented to the Board on June 26, 1908, and referred to the Chief Engineer, and on November 20, 1908, the Board adopted a resolution fixing December 11, 1908, as the date for the preliminary public hearing, it being necessary to follow the same procedure in the change of the terms and conditions of a franchise as is required under the law for the grant of a new franchise. A public hearing was held on December 11, 1908; no one appeared against, and Mr. Alfred A. Gardner, attorney for the company, appeared in favor.

In view of the importance of the first mentioned petition, I shall give quite fully the events which have occurred leading up to the presentation of this petition.

The New York City Interborough Railway Company was organized by filing its certificate in the office of the Secretary of State on March 24, 1902. It was incorporated for the purpose of building, maintaining and operating a street surface railway upon eight routes in the Borough of The Bronx, three of which extended across Harlem River bridges into the Borough of Manhattan. The system which would be made up of these routes consisted principally of three routes running longitudinally through the Borough, that is, in a north and south direction, and five crosstown, or partly crosstown, routes. It was designed as a competing system to the Union Railway Company of New York City, which operated at the time of the incorporation of the New York City Interborough Railway Company all street surface railways in the Borough of The Bronx, and to act as a feeder to the existing steam railroads, elevated railroads and the rapid transit railroad then under construction.

Under date of March 25, 1902, application was made to the Board of Aldermen, as the local authorities, for the right to construct and operate street surface railways upon all the routes described in the certificate of incorporation. Pursuant to law, the application was referred by the Board of Aldermen to the Board of Estimate and Apportionment to fix terms and conditions for the franchise. The application was examined by the Department of Finance, and it was found that the company had selected streets, some of which were not legally or physically opened, and in consequence, streets in which a street surface railway could not at that time be constructed. This selection was made in order to avoid streets in which there were existing railways of the Union Railway Company and franchises which were then outstanding, but had not been utilized.

The Corporation Counsel advised the Board of Estimate and Apportionment that it had no power to alter or amend the routes as applied for, but that such authority was wholly within the jurisdiction of the Board of Aldermen, and that the only function of the Board of Estimate and Apportionment under the Charter was to fix terms and conditions for a franchise. The Board of Estimate and Apportionment, therefore, fixed the terms and conditions for the franchise, and forwarded the same to the Board of Aldermen, which Board adopted an ordinance granting the franchise on March 16, 1903, which ordinance was approved by the Mayor on March 31, 1903. Up to this time the company had not applied to the State Board of Railroad Commissioners for a certificate of convenience and a necessity, which was necessary pursuant to section 59 of the Railroad Law before the company could exercise any rights under a franchise from the City. In consequence, the right to exercise the franchise from the City was wholly dependent upon the decision of the State Board of Railroad Commissioners. This petition to the State Board of Railroad Commissioners was made on May 7, 1903, and covered all the routes for which a franchise had been granted by the City with the exception of a part of the west side route beginning at West Two Hundred and Thirty-eighth street and Collier street; thence north and west to Riverdale. The certificate of necessity was refused by the State Board of Railroad Commissioners on December 21, 1903, upon the grounds that the service of the Union Railway Company and the franchise which had previously been granted to the People's Traction Company, which had up to that time constructed no railway whatever, were sufficient to accommodate the traveling public in The Bronx.

An appeal from this decision was taken by the company to the Appellate Division, which subsequently, on December 23, 1904, issued an order directing the State Board of Railroad Commissioners to issue a certificate of necessity with respect to all of the routes applied for, with the exception of two of the longitudinal routes for which the company had authority from the City. Thereafter, on January 12, 1905, the State Board of Railroad Commissioners issued the certificate of convenience and a necessity, as directed by the Appellate Division.

Construction of the railway was then commenced with the result that during the year 1906 about five miles of railway was put in operation, of which the Company constructed a little over four miles. The operation of these five miles continued without further addition until sometime during the year ending June 30, 1908.

The original grant contained a condition fixing the time within which the Company should construct a certain portion of the routes authorized. Two extensions of time had been granted by the Appellate Division, one on June 16, 1905, extending the time from July 1, 1905, to June 1, 1906, and the second granted on May 28, 1906, extending the time to June 1, 1907.

It had been found desirable by the Company to change the routes described in the original grant, in order to eliminate streets in which in some cases it was practically impossible to construct a double-track street surface railway, and to further improve some of the routes which were laid out originally so as to avoid franchises previously granted to the People's Traction Company.

Three petitions, bearing dates of June 26, 1905, June 21, 1906, and March 12, 1907, were presented to the Board for such changes of route, and on May 18, 1906, a petition was also presented praying for an extension of time within which to complete the railway, as required by the original grant. Accordingly a contract bearing date of June 25, 1907, was entered into between the City and the Company permitting the changes of route applied for, and extending the time within which to construct to eighteen months from the date of the contract, which time expired on December 25, 1908, and on December 11, 1908, an extension of time was granted by resolution of the Board of Estimate and Apportionment to June 27, 1909, such action being taken upon the petition second herein referred to bearing date of November 12, 1908. During the year ending June 30, 1908, there was put in operation some additional track, making the total operated at that time about eight and one-half miles, of which nearly one mile is operated under trackage rights.

The routes operated are as follows:

First—Beginning on the One Hundred and Fifty-fifth Street Viaduct in the Borough of Manhattan; thence upon the viaduct crossing One Hundred and Fifty-fifth

Street Bridge on Ogden avenue and Aqueduct avenue to the Washington Bridge; thence upon the Washington Bridge and West One Hundred and Eighty-first street, in the Borough of Manhattan, to St. Nicholas avenue.

Second—Beginning in the Borough of Manhattan at St. Nicholas avenue and One Hundred and Eighty-first street; thence on One Hundred and Eighty-first street crossing the Washington Bridge to Aqueduct avenue; thence upon Aqueduct avenue to Kingsbridge road; thence upon Kingsbridge road and One Hundred and Eighty-ninth street to Southern boulevard; thence on Southern boulevard to One Hundred and Eightieth street; thence on One Hundred and Eightieth street and Boston road to West Farms.

Third—Beginning in the Borough of Manhattan at St. Nicholas avenue and West One Hundred and Eighty-first street; thence upon West One Hundred and Eighty-first street to Washington Bridge to Aqueduct avenue; thence upon Aqueduct avenue to Tremont avenue; thence upon Tremont avenue to Webster avenue; thence upon Webster avenue to West One Hundred and Eightieth street; thence in West One Hundred and Eightieth street to Boston road to West Farms.

The Company has also constructed portions of other lines which have not been put in operation. These lines are as follows:

The route which may be referred to as the One Hundred and Forty-ninth Street Crosstown Line, which begins at Lenox avenue and One Hundred and Forty-fifth street, in the Borough of Manhattan; thence across the One Hundred and Forty-fifth Street Bridge and on One Hundred and Forty-ninth street, St. Anns avenue, One Hundred and Fifty-sixth street, Leggett avenue and Randall avenue to the Bronx River. This line is wholly constructed between Westchester and River avenues, with the exception of the portion upon the One Hundred and Forty-ninth Street Bridge crossing the tracks of the New York Central Railroad, the block on One Hundred and Fifty-sixth street between St. Anns avenue and Eagle avenue, and the crossings at four (4) intersecting streets and avenues. No portion of this route east of the Southern boulevard could have been constructed up to the present time because the streets have not been regulated and graded. Leggett avenue, however, is now being carried across the New York, New Haven and Hartford Railroad by a bridge being constructed by that Company, but I am informed that no contracts for regulating and grading either the remainder of Leggett avenue or Randall avenue have been made. The portion of Leggett avenue between the Southern boulevard and One Hundred and Fifty-sixth street has been for some time and is now obstructed by the construction of a sewer, so that no construction of railway tracks could be done. The Company has been enjoined from constructing its tracks in the block on One Hundred and Fifty-fifth street and between St. Anns avenue and Eagle avenue. This injunction was obtained by the Ebling Brewing Company, and is, I understand, still in force. If an attempt were made to operate this line it can be seen that only a short portion of it could be operated while conditions exist as they are at present. Furthermore, if it were possible to operate the entire line it would be disconnected from all other lines of the Company, for the reason that the Company was unable to obtain a certificate of convenience and a necessity for the longitudinal line on the east side of the Borough. Had the Company been allowed to construct that longitudinal line, this crosstown line could then have been made a part of the system, and transfers could be issued which would make the line valuable to the Company and of considerable benefit to the patrons of the railway. While the present conditions exist the Company claims there is no need for its operation since it parallels the existing rapid transit railroad in One Hundred and Forty-ninth street, from Lenox avenue to St. Anns avenue.

Some construction has been done upon the line beginning at Crotona Park; thence upon Wilkins place, Intervale avenue, Dongan street and Hunts Point road to Hunts Point.

Hunts Point road has not yet been regulated and graded to the new grades and lines, and no attempt has been made to construct a railway thereon. This line would also be disconnected from the remainder of the system, although Intervale avenue was part of the east longitudinal route for which authority to construct could not be obtained from the State Board of Railroad Commissioners.

If the One Hundred and Forty-ninth street line were constructed on Randall avenue, which, as above stated, it is impossible to construct at the present time, and tracks were built on Hunts Point road, these two lines would intersect near their eastern extremities, but that point of connection between the two lines would be of little value.

Construction has also been done on the line beginning at the intersection of Aqueduct avenue with Kingsbridge road; thence upon Kingsbridge road, Sedgwick avenue, Fort Independence avenue, Bailey avenue, Two Hundred and Thirty-eighth street to the rapid transit railroad station at Broadway. This line is completed and can be put in operation upon short notice. Delay in operation, however, has occurred because the rapid transit station at Two Hundred and Thirty-eighth street and Broadway has not been open to the public. As soon as this station is opened, cars will be operated over this line, so I am informed by representatives of the Company.

I have had a conference with Mr. Skitt, President of the Company, and he has stated to me that, in view of the fact that the Company has been refused the right to construct all the lines of the system as originally laid out, it is the desire of the Company to abandon certain other portions of the routes which the Company has authority to construct. These routes are as follows:

First—Beginning at the intersection of Dongan street and Intervale avenue; thence upon Intervale avenue, Wilkins place and Wendover avenue to Crotona Park East. As before stated, tracks are already laid in Intervale avenue and Wilkins place, and the Company proposed to remove those tracks and relay the same on other routes.

Second—Beginning at the intersection of Kingsbridge road and Decatur avenue; thence upon Decatur avenue to Moshulu Parkway South, and beginning at the intersection of the Grand Boulevard and Concourse with Two Hundredth street; thence on Two Hundredth street to the Southern boulevard. The two latter routes are routes which could not be advantageously operated with other lines of the Company and would practically be of no benefit to the traveling public.

Third—Two Hundred and Thirty-eighth street, from Broadway to Corlears street. This is only one block upon an unopened street, and would be of no advantage to operate, the objective point being the rapid transit railway station at Broadway and Two Hundred and Thirty-eighth street, to which point the Company has already constructed a line.

The amount of capital stock authorized at the time of the incorporation of the Company was \$400,000, which was increased to \$5,000,000 by the authority of the State Board of Railroad Commissioners on March 23, 1905. On the same date that Board authorized the issue of \$5,000,000 of bonds. All the stock authorized has been issued, and, according to the report of the Company to the Public Service Commission for the year ending June 30, 1908, there is outstanding \$1,500,000 of such authorized bond issue.

The length of all the routes for which the franchise was granted, as amended by the contract heretofore referred to amending some of the routes was about thirty-five miles. The length of the routes for which the State Board of Railroad Commissioners gave authority to construct was only about twenty-four miles. The length of track which the Company is willing to abandon, should it be granted a change of the terms of the contract is about two and one-half miles, leaving a total which the Company would have authority to construct under a contract amended, as requested by the Company, of twenty-one and one-half miles. Of this twenty-one and one-half miles, there is now in operation about eight and one-half miles, including the track constructed by the Company and that operated under trackage rights, and an additional length of one and one-quarter miles, which can be operated at any time, making a total of about nine and three-quarters miles, which is either operated at present or will shortly be put in operation. This leaves eleven and three-quarter miles yet to be completed, which, however, includes the pieces of track which have already been constructed, as before referred to, on the One Hundred and Forty-ninth street line.

APPLICATION FOR EXTENSION OF TIME.

The original franchise contains the following provision:

"Sec. 6. Said railway company shall commence construction within six months from the date when it has obtained complete legal authority to begin construction, including necessary permits from the City officials and Departments, and shall complete the construction of at least twenty-four miles of double track railway on or before July 1, 1905, otherwise this grant shall be forfeited. Provided, that such time may be extended under and for causes specified in section 99 of the Railroad Law, and the Board of Estimate and Apportionment may extend such time for a period or periods

not exceeding one year if, in their discretion, it seems best so to do, and that the City officials or Departments who or which shall at the time of such construction have authority over the said avenues, streets, roads, highways, bridges and viaducts may extend such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of the requirements as to the manner of construction imposed by the City officials."

It will be noted that this condition fixes the time within which to construct twenty-four miles of track, or nearly three-quarters of the entire length of the routes originally granted by the City, or the exact amount which was authorized by the State Board of Railroad Commissioners. In other words, each of the routes fully authorized was to be constructed before July 1, 1905. The extensions of time which have been granted, pursuant to this section, have already been enumerated. It has also been pointed out that it was impossible to comply with this provision down to the present time because of the condition of the streets in which some of the routes were laid out, that is, because the streets were not physically opened and because of works of public improvement upon the route and further because of an injunction pending against the construction of tracks in One Hundred and Fifty-sixth street.

The petition now before the Board is for an extension of time for one year ending December 27, 1909, of which period six months' extension has already been granted. It is evident also that unless the Company is willing to abandon all portions of the routes which cannot be constructed immediately that it would be unable to comply with this condition by constructing all of its routes prior to December 27, 1909, and therefore further extension of time would be asked for later. If the Company has any claim whatever for a change in the terms of the franchise and for an opportunity to complete the construction of its railway and put the same in operation, then such extension of time as shall give the Company an opportunity to construct the railway after the streets have been physically opened, should be granted.

Pursuant to section 5 of the Railroad Law, as interpreted by the courts, the corporate existence of a company ceases ten years from the date of incorporation unless it shall have completed its road and put it in operation within that period. This period of ten years expires on March 24, 1912, and, in view of the fact that it is apparent that the Company cannot complete the construction within a year and perhaps two years from the present time, I would suggest that in a contract changing the terms and conditions of the franchise, that an extension of time be granted to March 24, 1912.

I have therefore drawn a clause and inserted the same in the contract attached hereto, by which the Company forfeits all right to any routes not constructed on March 24, 1912.

APPLICATION FOR A MODIFICATION OF THE TERMS OF THE FRANCHISE.

The original franchise required the Company to pay as compensation to the City 3 per cent. of the gross receipts during the first five years of the franchise, with a minimum of \$15,000 per annum, and during the remaining term 5 per cent. of the gross receipts, with a minimum of \$30,000 per annum. In addition, the Company was to pay \$4,000 per annum for the use of each bridge across the Harlem River, this amount increasing \$500 for each bridge per annum for each period of five years thereafter. These minimum amounts were based, of course, upon the theory that the Company would receive the full authority to construct the thirty-five miles of railway authorized by the franchise from the City, and, no doubt, these minimum amounts are less than those which the Company would be required to pay as 3 per cent. or 5 per cent. of the gross receipts had thirty-five miles of railway been put in operation. As before stated, the routes for which authority was refused by the State Board of Railroad Commissioners were those necessary to make a complete balanced system of street surface railways in the Borough, and in consequence without the authority to construct those routes, the income of the Company would not only be reduced proportionately with the reduction of the mileage, but would be further reduced because of the decreased value of some of the remaining routes, because of their not being connected with the balance of the system as already described.

During the year ending June 30, 1908, the Company states that the operating expenses for eight and one-half miles were \$115,668, while the gross receipts for the same year were \$105,735, and that there was a total deficit up to June 30, 1908, of \$134,452. During that year there was put in operation about three and one-half miles of railway.

Besides operating with a deficit, the Company has also defaulted in its payment to the City of the amounts due pursuant to the franchise. The franchise provides that the minimum sum shall be paid into the Treasury of the City on November 1 of each year after the commencement of operation of any portion of the railroad, provided that the first payment shall only be for that portion of such sum as the time of the commencement of operation before September 30 next preceding shall bear to the whole of one year. The operation began on May 31, 1906, and I have computed the minimum payments which became due since the date of operation to September 30, 1907, to be \$20,000. Of this amount the Company has paid \$874.98, leaving due for that period \$19,125.02.

In addition to this, there has become due for the use of the two bridges occupied for the same period \$5,681.27, of which there has been paid \$1,327.94, leaving due for the use of the bridges for that period \$4,343.33, making a total due to September 30, 1907, of \$23,458.35.

Since this period a payment also became due on November 1, 1908, for the year ending September 30, 1908, which amount I have not computed and included in the above for the reason that I am hereinafter recommending the change in the franchise affecting that period.

It may be noted that the payments required for the use of the two bridges occupied together with the minimum sum of fifteen thousand dollars per annum would equal only a little less than 22 per cent. of the gross receipts of the Company for the year ending June 30, 1908. I am informed by the Company that the income for the year ending September 30, 1908, that being the fiscal year for which a percentage of the gross receipts is to be paid to the City under the terms of the franchise, exceeds the receipts for the year ending June 30 by about ten thousand dollars (\$10,000). This is due in a measure at least to the operation of the additional mileage put in operation during that year being operated for a greater period.

I have gone over the affairs of the Company very thoroughly with its representatives, and from information obtained from them, and from records on file in this office, it appears to me that the Company is entitled to a reduction in the amounts of payments as required by the original franchise, and in recommending this reduction I have taken into account the fact that the total length of the routes was reduced by the refusal of the State Board of Railroad Commissioners to grant a certificate of convenience and a necessity, and portions of the routes for which a certificate of convenience and a necessity was granted cannot be operated to advantage because of the denial of the State Board of Railroad Commissioners to grant a certificate for two of the longitudinal routes, and, therefore, the Company agrees to abandon such portions, and the further fact that some of the routes are disconnected from the remainder of the system, and must, therefore, be operated as independent lines.

The petition was dated June 23, 1908, and it is, therefore, recommended that the reduction in the payments as required by the franchise should include all payments falling due since that date. I would suggest in view of the foregoing that the minimum sums required during the period of the franchise from September 30, 1907, the end of the fiscal year prior to the date of the application, to the end of the original term of twenty-five years be fixed at eight thousand five hundred dollars (\$8,500) per annum.

The compensation fixed for the use of the bridges was, of course, based to some extent upon the cost to the City of the use of such bridges by the Company. Nevertheless, it is evident that the value of portion of the routes upon the bridges as far as income is concerned depends to some extent at least upon the number of miles in operation by the Company. If, therefore, the Company is operating a small system, the cost of the use of the bridges might equal such a large percentage of its gross receipts that the Company would be unable to make the payments. This I have taken into account, and would suggest that payments for the use of the bridges since September 30, 1907, be equal to one-half of that required by the original franchise.

I am submitting herewith a form of contract by which the original franchise, as granted by the Board of Aldermen, is amended. The clause fixing the compensation is amended as already suggested. The clause which fixes the time within which the Company shall complete the railway is also amended, as previously suggested. I have inserted in the contract two conditions:

First—That the Company shall relinquish and abandon all rights upon the routes for which a certificate of convenience and a necessity was refused, the portion of which no certificate of convenience and a necessity was applied for to the State Board of Railroad Commissioners, and the portions of the routes which the Company now proposes to relinquish, all of which have heretofore been described, and take the necessary steps to comply with the provisions of law in regard to such abandonment and relinquishment.

Second—The Company shall pay to the City all sums due pursuant to the original franchise as hereby amended.

The proposed contract is so drawn as not to take effect until these two conditions are complied with.

I have submitted a draft form of the contract to Mr. Alfred Skitt, President of the Company, who, under date of May 10, 1909, informs me, on behalf of the Company, that the contract will be satisfactory.

As the preliminary public hearing has already been held, it is suggested that the contract be submitted to the Corporation Counsel for his approval as to form, and to incorporate therein such matter as he may deem necessary to fully protect the interests of the City.

When the contract has been approved by the Corporation Counsel, a date may be fixed for a final public hearing, and the contract placed upon the minutes of the Board for thirty (30) days, after which final action may be taken.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

FORM OF CONTRACT.

This contract, made this _____ day of _____, 19____, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York City Interborough Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, On March 16, 1903, the Board of Aldermen of the City passed an ordinance entitled:

"An ordinance granting to the New York City Interborough Railway Company the right or franchise to construct and operate a street surface railroad in, upon and along certain streets, avenues, parkways, highways and bridges of The City of New York."

—and Whereas, Said ordinance was, on March 31, 1903, approved by the Mayor of the City; and

Whereas, Thereafter the Company, on April 3, 1903, filed with the Comptroller of the City a written acceptance, executed March 31, 1903, of said ordinance, and of the terms, conditions and provisions thereof, and an agreement to perform and observe the same; and

Whereas, In and by said ordinance the consent of the corporation of The City of New York was granted to the Company for the construction, maintenance and operation of the railroad of the Company upon certain enumerated streets, avenues, highways, etc., within said City, and across certain streets, avenues, highways, etc., as may be encountered in its route; and

Whereas, On May 6, 1903, the Company petitioned the Board of Railroad Commissioners of the State of New York for a certificate of public convenience and a necessity under section 59 of the Railroad Law, covering all the routes of said right or franchise with the exception of a portion of Route "First," and also for the certificate of said Board that the conditions prescribed in said section 59 had been complied with, which petition was denied on December 21, 1903; and

Whereas, The Company subsequently applied to the Appellate Division of the Supreme Court for an order directing the said Board of Railroad Commissioners to issue said certificate, and on December 23, 1904, the said Appellate Division rendered a decision directing said Board of Railroad Commissioners to grant such certificate with respect to certain of the routes described in said ordinance; and

Whereas, On January 12, 1905, said Board of Railroad Commissioners issued to the Company a certificate of public convenience and a necessity with respect to said certain of the routes described in said ordinance; and

Whereas, On June 16, 1905, the Appellate Division issued an order extending the time required to complete twenty-four miles of double track railway from July 1, 1905, as required by section 6 of said ordinance to June 1, 1906, and on May 28, 1906, a similar order was given extending such time to June 1, 1907; and

Whereas, Petitions dated June 26, 1905; June 21, 1906, and March 12, 1907, were presented by the Company to the Board praying for the consent of said Board, as the local authority, to the relinquishment of part of the routes described in said ordinance, and to the substitution thereof of other routes, and also a petition dated May 18, 1906, praying for an extension of time within which to complete the double track railway as prescribed in section 6 of said ordinance; and

Whereas, A contract bearing date of June 25, 1907, was entered into between the Company and the City, giving the consent of the City to said alteration of its routes and extending the time within which to complete twenty-four miles of double track railway eighteen months from the date of the execution of said contract by the Mayor; and

Whereas, On November 12, 1908, the Company petitioned the Board for a further extension of time within which to complete its railway; and

Whereas, On December 11, 1908, a resolution was adopted by the Board which further extended the time within which to complete twenty-four miles of railway to and including June 27, 1909; and

Whereas, Under date of June 23, 1908, the Company petitioned the Board to be relieved from the obligation of making the annual payments for the use of the bridges across the Harlem River, specified in section 2 fourth of said ordinance, and also from all other payments specified in section 2 fourth of said ordinance, excepting such sums as shall be equal to 3 per cent. of its gross annual receipts during the first five years and 5 per cent. thereafter;

Now, therefore, In consideration of the premises and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The City hereby consents, subject to the conditions and provisions hereinafter set forth, to the change or amendments to the said right or franchise, as expressed in said ordinance adopted by the Board of Aldermen on March 16, 1903, and approved by the Mayor on March 31, 1903, as amended by said contract bearing date of June 25, 1907, said changes or amendments to be as follows:

1. Section 1 as contained in said ordinance, and amended by said contract shall be amended to read as follows:

"Section 1. The City hereby grants to the New York City Interborough Railway Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track surface railway, with all connections, turnouts, switches, crossovers, and suitable stands necessary for the accommodation and operation of said railway, by the overhead system of electricity, or any other motive power which may be lawfully employed upon the same, in, upon and along the following-named streets, avenues, parkways, highways, public places, bridges and viaducts and crossing intersecting streets and highways, all situated in the Boroughs of Manhattan and The Bronx, City, County and State of New York, namely:

"First—Commencing at a point on the One Hundred and Fifty-fifth street viaduct, between Bradhurst and Eighth avenues and on a line parallel with the westerly line of the Manhattan Elevated Railway Company's station at Eighth avenue and One Hundred and Fifty-fifth street; running thence easterly and along said viaduct to the Central or Macomb's Dam Bridge; thence running northerly upon and along said bridge to the westerly approach thereof known as the Sedgwick avenue approach, formerly called Ogden avenue approach thereof in the Borough of The Bronx; thence northerly on and along said approach to its intersection with Jerome avenue; thence northeasterly on and along Jerome avenue to its intersection with Ogden avenue; thence on and along Ogden avenue northerly to its intersection with Aqueduct avenue; thence northeasterly on and along Aqueduct avenue to Kingsbridge road; thence westerly on and along Kingsbridge road to Sedgwick avenue; thence northeasterly on and along Sedgwick avenue to Boston avenue; thence northwesterly on and along Boston avenue to Heath avenue or Fort Independence street; thence westerly on and along Heath avenue or Fort Independence street to Fort Independence street; thence northerly on and along Fort Independence street to Bailey avenue; thence northerly

on and along Bailey avenue to East Two Hundred and Thirty-eighth street; thence northwesterly on and along East and West Two Hundred and Thirty-eighth street to Broadway.

2. The fourth subdivision of section 2 of said ordinance shall be amended to read as follows:

"The New York City Interborough Railway Company, its successors or assigns shall pay for this franchise to The City of New York the following sums of money:

During the first period of this franchise ending on September 30, 1907, an annual sum which shall in no case be less than fifteen thousand dollars (\$15,000) and shall be equal to three per cent. of its gross annual receipts, if such percentage shall exceed the sum of fifteen thousand dollars (\$15,000).

"During the remainder of the original term of twenty-five years of this franchise an annual sum which shall not be less than eight thousand five hundred dollars (\$8,500), and which shall be equal to five per cent. of its gross annual receipts if such percentage shall exceed the sum of eight thousand five hundred dollars (\$8,500).

In addition to the above, the Company shall pay for the use of the three bridges above described, during the first period of this franchise ending on September 30, 1907, the annual sum of four thousand dollars (\$4,000) for each bridge.

During the succeeding period beginning on September 30, 1907, and ending ten years from the date of this franchise, an annual sum of two thousand two hundred and fifty dollars (\$2,250) for each bridge.

During the succeeding five years of this franchise an annual sum of two thousand five hundred dollars (\$2,500) for each bridge.

"During the succeeding five years of this franchise an annual sum of two thousand seven hundred and fifty dollars (\$2,750) for each bridge, and

"During the remaining five years of this franchise an annual sum of three thousand dollars (\$3,000) for each bridge.

"Such sums shall be paid into the Treasury of The City of New York on November 1 in each year, after the commencement of the operation of any portion of the railroad, provided, however, that the first payment shall only be for that proportion of the above sums as the time of the commencement of operation of any portion of the road, before September 30, next preceding, shall bear to the whole of one year. The fiscal year shall end on September 30, next preceding said date of payment, and the provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successors or assigns of a percentage of gross receipts within the meaning of any general or special statute, referring particularly to chapter 340 of the Laws of 1892."

3. Section 6 of said ordinance shall be amended to read as follows:

"The company shall complete the construction and put in operation a railway upon the entire length of each of the routes hereinbefore described on or before March 24, 1912, otherwise the franchise right and privilege to construct such railway upon the routes or portions of routes not then constructed and in full operation shall cease and determine."

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The company covenants and agrees to abandon and relinquish, and does hereby abandon and relinquish to the City all its rights and franchises to construct, maintain and operate a street surface railway over the routes, or portions of routes, described in section 1 of said ordinance approved by the Mayor on March 31, 1903, and amended by contract bearing date of June 25, 1907, but not described in section 1 of said ordinance as amended by this contract, and the company shall, within one year from the date on which this contract is signed by the Mayor, comply with the provisions of law in regard to the abandonment of the routes, or portions of routes, so abandoned and relinquished and remove therefrom any and all existing tracks of the Company, otherwise this contract shall be void and of no effect.

Second—This contract shall not become effective unless within thirty (30) days from the date hereof the company shall pay to the City all sums due pursuant to the fourth subdivision of section 2 of said ordinance, approved by the Mayor on March 31, 1903, as hereby amended.

Third—All the terms, provisions and conditions contained in the said ordinance approved by the Mayor March 31, 1903, as modified or amended by contract bearing date of June 25, 1907, excepting those which are herein amended or modified, shall remain unchanged, and shall apply to the routes herein described in section 1 of this contract with the same force and effect as when they applied to the routes described in said ordinance approved March 31, 1903, as amended by said contract bearing date of June 25, 1907, and as though the routes herein described had been specifically described in said ordinance.

Sec. 3. The company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In Witness Whereof, The party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Proposed Resolution.

Whereas, The New York City Interborough Railway Company, in petitions dated June 23, 1908, and November 12, 1908, which were presented to this Board, June 26, 1908, and November 13, 1908, requested to be relieved from the obligation to pay certain percentages of gross receipts and certain compensation for the use of bridges over the Harlem River, and also an extension of time in which to complete twenty-four miles of double-track railway, as provided in the ordinance approved by the Mayor March 31, 1903, granting a franchise to said company; and

Whereas, By resolution adopted November 20, 1908, the date for final hearing on the aforesaid petitions was fixed for December 11, 1908, and the hearing was duly held on said day, when the company was granted an extension of time until June 27, 1909, in which to comply with the provisions of the aforesaid ordinance; and

Whereas, At the meeting of this Board held this day, a report, dated May 12, 1909, has been received from the Engineer in charge of the Division of Franchises to the Chief Engineer, together with a proposed form of contract, modifying the terms and conditions of the ordinance approved March 31, 1903, and granting a further extension of time in which to comply with the provisions thereof; now therefore be it

Resolved, That this Board adopt such inquiry as the inquiry of the Board and tentatively approve the terms and conditions in the form of contract accompanying the report, dated May 12, 1909, from the Engineer in charge of the Division of Franchises to the Chief Engineer; and be it further

Resolved, That the aforesaid contract be referred to the Corporation Counsel for his approval as to form and to incorporate therein such matter as he may deem advisable to fully protect the interests of the City.

The matter was then referred to a Select Committee, consisting of the President of the Board of Aldermen, the Comptroller and the Presidents of the Boroughs of Manhattan and The Bronx.

New York Central and Hudson River Railroad Company.

In the matter of the resolution adopted by this Board May 1, 1908, approved by the Mayor May 8, 1908, requiring the New York Central and Hudson River Railroad Company, as lessee of the New York and Harlem Railroad Company, to construct a footbridge over its tracks in Park avenue at One Hundredth street, Borough of Manhattan.

At the meeting of April 30, 1909, a communication was received from the vice-president of the railroad company submitting a draft of a proposed agreement and stating that, if the City would enter into this agreement, the company would at once begin the construction of such bridge, and further suggesting it might be advisable to extend the time for the completion of such construction, and the matter was referred to the Corporation Counsel.

The Secretary presented the following:

CITY OF NEW YORK—LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, May 7, 1909.

Board of Estimate and Apportionment, New York City:

SIRS—I have received from you the following communication, dated April 30, 1909, signed by Joseph Haag, Secretary:

"I transmit herewith a communication, dated April 20, 1909, from Ira A. Place, vice-president, New York Central and Hudson River Railroad Company, together with draft of a proposed agreement relative to the construction of a footbridge over the tracks of the company at Park avenue and One Hundredth street, Borough of Manhattan, which construction was required by resolution adopted by this Board May 1, 1908, together with copy of a report from the Engineer in charge of the Division of Franchises to the Chief Engineer relative thereto.

"You are requested to advise the Board if any agreement, of any character whatsoever, relative to the construction of said bridge should be entered into with the railroad company, and if any further steps are necessary by this Board to compel the construction of said bridge.

"For your information, I enclose herewith copy of the resolution adopted by this Board May 1, 1908, approved by the Mayor May 8, 1908, requiring the construction of said bridge."

In reply, I beg to advise you that the obligation of the company is so clear, under its franchise, to construct a bridge at the point in question, and the Board having adopted a resolution calling upon the company to make such construction, nothing further remains to be done by the City except to see that the company complies with its demand within the stipulated time. The execution of any such contract as the one proposed is therefore not only unnecessary but, in my opinion, inadvisable.

Should the Board of Estimate and Apportionment wish to extend the time in which the company shall construct or should wish to provide that the building and maintaining of this bridge should not be construed as establishing or in any way affecting any right or liability on the part of either the company or the City with reference to the erection of similar structures on other streets intersected by the tracks of the said railroad company, this can be done in a simple resolution amending the original resolution of May 1, 1908.

Respectfully yours,

GEORGE L. STERLING, Acting Corporation Counsel.

REPORT No. 6.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
May 11, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On April 20, 1909, the Vice-President of the New York Central and Hudson River Railroad Company addressed a communication to the Board with a draft of a proposed agreement covering the construction of a footbridge over the tracks of the company in Park avenue at One Hundredth street, and stating that if the City would enter into this agreement the company would at once commence the construction of this bridge in accordance with the provisions of the resolution adopted by the Board on May 1, 1908. The communication also suggested an extension of the time within which the bridge is to be built, this extension to be three months from the time of the execution of the proposed agreement.

At the meeting of the Board held on April 30 the communication from the Vice-President of the company, together with the proposed agreement, was referred to the Corporation Counsel, and under date of May 7 he has submitted an opinion to the

effect that the execution of the contract proposed is inadvisable and unnecessary. As to the extension of time, the Corporation Counsel states that the Board may amend its resolution of May 1, 1908, and grant such extension. Such an extension does not seem necessary, however, in view of the statement made by the company in its letter of April 20 that the steel could be delivered and the bridge erected in about two and a half months from that time, as the company has until July 24 to complete the work.

I beg to present herewith the report of the Engineer in charge of the Division of Franchises, reviewing in detail the action which has been taken by the Board of Estimate and Apportionment in this matter, together with resolutions directing the New York Central and Hudson River Railroad Company to comply with the provisions of the resolution adopted by the Board on May 1, 1908, and complete the bridge by July 24 next, and to advise the Board on or before May 24 as to whether it will comply with this resolution.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
May 10, 1909.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—On May 1, 1908, the Board of Estimate and Apportionment adopted a resolution requiring the New York Central and Hudson River Railroad Company, as lessee of the New York and Harlem Railroad Company, to construct a footbridge over the tracks of the company in Park avenue at One Hundredth street. This resolution required the submission of plans by the said company for approval by the Chief Engineer of the said Board within thirty days from the date of the approval of the resolution by the Mayor, and the construction and completion of the bridge within twelve months thereafter. On May 8, 1908, this resolution was approved by the Mayor, but the company neglected to file the plan provided for therein within the thirty days, and on June 26, 1908, a report of this Division was submitted to the Board, calling attention to the failure of the company to comply with the resolution. In this connection a resolution was adopted requiring the company to submit a plan and declare its intention and willingness to construct the bridge within ten days from the adoption of such resolution, and in case of failure to do so, the matter was to be referred to the Corporation Counsel, with directions to compel the company to comply with the resolution of May 1, 1908.

On July 6, 1908, the company submitted a blueprint plan of the proposed bridge, together with a communication stating that it was willing and intended to construct the said bridge, provided a satisfactory agreement could be entered into covering the said construction, and stated that it would in the near future submit a draft of such agreement to the Corporation Counsel for his approval.

When this matter had come up originally all the facts in connection with the rights of the New York and Harlem Railroad Company on Park avenue were submitted to the Corporation Counsel for his opinion as to whether the company should be compelled to erect this bridge. On April 22, 1908, he advised the Board that the City had the right to require the Company to perform this work, and approved a form of resolution for this purpose, the said form of resolution, so approved, being the resolution adopted by the Board on May 1, 1908. This resolution does not require in any manner the entering into of an agreement between the City and the company.

The plan submitted by the company on July 6 was approved by you on July 25, 1908, thus giving the company until July 24, 1909, for the construction of the bridge.

An examination made on March 26, 1909, showed that no construction was in progress, and no evidence of an intention to begin the work at an early date, and on April 2, 1909, I addressed a communication to Mr. Ira A. Place, vice-president of the New York Central and Hudson River Railroad Company, calling his attention to this matter, and requesting that he advise as to the intentions of the company in connection therewith. On April 20, 1909, Mr. Place addressed a communication to the Secretary of the Board, inclosing a draft of a proposed agreement covering the construction of this footbridge. In this communication he stated that if the City would enter into this agreement, or one substantially like it, the company would at once commence the construction of the bridge, and in all respects carry out the provisions of the resolution of the Board. He further stated that it was his understanding that the steel work could not be delivered in less than two months, and that it would take about two weeks from that time to erect the bridge, and suggested that, if it were deemed advisable, it might be well to have a resolution passed by the Board extending the time for the construction of the bridge three months from the time of the execution of the proposed agreement.

Upon the receipt of this communication I made a report to you under date of April 24, 1909, which was presented to the Board at its meeting held April 30. In this report I called attention to the fact that the agreement submitted by Mr. Place provides that the railroad company, as the contractor for the City, was to construct the bridge in accordance with the plan approved by the Chief Engineer, at its own expense, said bridge to be the property of the City and to be maintained at the expense of the railroad company, subject to the control of the City; that it also provides that nothing contained in the same shall be construed as establishing or in any manner affecting any right or liability on the part of the City, or of the company, with reference to the erection of similar structures on other streets, and that the company may place on the bridge, in such manner as not to interfere with traffic thereon, signal service and apparatus as might be necessary or desirable for the proper management, maintenance and operation of the railroad.

As was stated in this report, there did not appear to be any necessity for an agreement of this character, but in order that the Board might be fully advised as to the right of the company to require such an agreement, it was suggested that the report and the communication and the proposed agreement of the company be submitted to the Board for the purpose of having the same referred to the Corporation Counsel for his opinion, and the same was so referred by the Board at its meeting held April 30.

On May 7, 1909, the Corporation Counsel submitted his opinion in relation to this matter. From this opinion I quote the following:

"In reply I beg to advise you that the obligation of the company is so clear, under its franchise, to construct a bridge at the point in question, and the Board having adopted a resolution calling upon the company to make such construction, nothing further remains to be done by the City except to see that the company complies with its demand within the stipulated time. The execution of any such contract as the one proposed is, therefore, not only unnecessary, but, in my opinion, inadvisable."

It would, therefore, appear that no agreement is necessary to be entered into in order that this bridge may be constructed by the company, and, in fact, that it would be inadvisable to enter into such an agreement, in view of which I would suggest that the Board advise the company, in accordance with this opinion, that it will not enter into the agreement so proposed.

As regards the extension of time suggested by the company, and the effect that this matter might have on its liabilities as to other crossings, the Corporation Counsel advised as follows:

"Should the Board of Estimate and Apportionment wish to extend the time in which the company shall construct, or should wish to provide that the building and maintaining of this bridge should not be construed as establishing or in any manner affecting any right or liability on the part of either the company or the City with reference to the erection of similar structures on other streets intersected by the tracks of the said railroad company, this can be done in a simple resolution amending the original resolution of May 1, 1908."

As the company stated in its communication of April 20 that the steel work could be delivered and the bridge erected in about two months and a half from that time, which would be on or about July 5, 1909, there does not seem to be any necessity for an extension of time, as the company has until July 24 to complete its work.

In regard to the other point raised by the company's agreement and considered by the Corporation Counsel as to its liability in connection with this matter in its relation to other crossings, I do not think, in view of the Corporation Counsel's statement that its obligation to construct the bridge under consideration is so clear, that it is necessary or advisable for the City to adopt a resolution to the effect that the company's rights or liabilities shall be in any manner established or changed by the construction of this bridge. Its obligation in this particular case being clear, it should be allowed to stand by itself, and all future matters arising under the franchises of the company should be treated upon their own individual footing.

I would, therefore, offer the further suggestion that the Board refuse to extend the time of the company, and advise it that it shall be held liable for the construction of the bridge at One Hundredth street and Park avenue on or before July 24, 1909, as required by the resolution of May 1, 1908.

I am inclosing herewith form of resolution in accordance with the suggestions contained in this report.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, This Board, by resolutions duly adopted May 1, 1908, and June 26, 1908, required the New York and Harlem Railroad Company and its lessee, the New York Central and Hudson River Railroad Company, at its or their own expense, to construct and maintain for public use a footbridge for pedestrians over the tracks of said companies on Park avenue at One Hundredth street; and

Whereas, Pursuant to said resolutions, the New York Central and Hudson River Railroad Company did on July 6, 1908, submit a blueprint plan of the proposed bridge, which was approved by the Chief Engineer of the Board on July 25, 1908, thus giving the company until July 24, 1909, for the construction of the bridge; and

Whereas, The said company has requested the Board to enter into an agreement covering the construction of this bridge, which said agreement the Corporation Counsel has advised is not only unnecessary, but inadvisable; and

Whereas, It appears that the company can complete the construction of this bridge within the time limit hereinbefore set forth; now therefore be it

Resolved, That the New York Central and Hudson River Railroad Company be and it is hereby directed to comply with the resolution of this Board adopted May 1, 1908, and complete the construction of the said bridge over the tracks on Park avenue at One Hundredth street on or before July 24, 1909; and be it further

Resolved, That the company is hereby directed to advise the Board on or before May 24, 1909, whether it intends to comply with this resolution.

Which was adopted by the following vote:

No. 1 MADISON AVENUE, NEW YORK, }
May 4, 1909. }

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—We herewith transmit for your consideration an application for the right to construct and operate a street surface railroad through Flatbush avenue extension in Brooklyn, across the Manhattan Bridge and down Canal street to its intersection with Baxter and Walker streets in the Borough of Manhattan.

In making this application we are willing to have the franchise provide that other railroads desiring the use of our road may run their cars over our tracks, upon such reasonable terms as may be agreed upon.

We are also willing that the franchise should provide that we shall carry passengers for a five-cent fare, and that the company shall sell eight tickets for twenty-five cents. This latter provision, however, to be done away with as soon as the existing line shall be extended in the Borough of Brooklyn to a point at least three miles from the terminus of the bridge, or when the line in Manhattan shall extend to a point at least as far distant as the North River from the present terminus of the bridge.

We also transmit herewith for your information, a certified copy of the certificate of incorporation of our company.

Very truly yours,

TRI-BOROUGH RAILROAD COMPANY.

REPORT No. F-157.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
May 11, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Triborough Railroad Company has, under date of May 4, 1909, presented an application to the Board of Estimate and Apportionment for the right to construct and operate a surface railroad in Flatbush avenue, from Fulton street to the entrance of the Manhattan Bridge, in the Borough of Brooklyn, and upon Canal street, from the entrance to the intersection of Canal street with Walker and Baxter streets, in the Borough of Manhattan, and for the right to operate cars upon two tracks over the Manhattan Bridge.

The certificate of incorporation of the company was filed in the office of the Secretary of State on April 29, 1909.

The company does not apply for an exclusive franchise, but is willing to allow other companies to use its tracks. It also offers to carry passengers for a 5-cent fare and to sell eight tickets for 25 cents until such railway shall be either extended in the Borough of Manhattan as far as the North River or to a point three miles from the terminus of the bridge into the Borough of Brooklyn.

It is recommended that the Board fix June 11, 1909, as the date for a preliminary public hearing, and request the Mayor to designate two daily newspapers in which to publish the notice of the same, pursuant to law.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
May 11, 1909.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—Under date of May 4, 1909, the Tri-Borough Railroad Company petitioned the Board of Estimate and Apportionment for the right to construct, maintain and operate a railroad to be operated by the underground electric system in Flatbush avenue, from Fulton street to the entrance of the Manhattan Bridge in the Borough of Brooklyn, and upon Canal street, from the entrance to the Manhattan Bridge to the intersection of Canal street with Walker and Baxter streets, in the Borough of Manhattan, and the right to operate cars upon two tracks to be assigned for the use of street surface railways upon the Manhattan Bridge, making a complete route from the intersection of Flatbush avenue extension with Fulton street, in the Borough of Brooklyn, to the intersection of Canal, Walker and Baxter streets, in the Borough of Manhattan.

The Company filed its certificate of incorporation in the office of the Secretary of State on April 29, 1909.

A letter has been submitted with the petition, which states that the Company does not ask for an exclusive franchise, but is willing to allow other companies to use its tracks. It also offers to carry passengers for a five-cent fare, and to issue eight tickets for twenty-five cents until such railway shall be either extended in the Borough of Manhattan as far as the North River, or to a point three miles from the terminus of the bridge into the Borough of Brooklyn.

I would suggest that the Board fix June 11, 1909, as the date for the preliminary public hearing, and request the Mayor to designate two daily newspapers in which to publish the notice of the same, pursuant to law.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

Whereas, The foregoing petition from the Tri-Borough Railroad Company, dated May 4, 1909, was presented to the Board of Estimate and Apportionment at a meeting held Friday, May 14, 1909.

Resolved, That, in pursuance of law, this Board sets the 11th day of June, 1909, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing, the expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The matter was then referred to a Select Committee, consisting of the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan and Brooklyn.

City Island Railroad Company; Pelham Park Railroad Company.

A communication was received from the Mayor's office, returning, duly approved by his Honor the Mayor on May 4, 1909, resolutions adopted by this Board April 30, 1909, as follows:

(a) Rescinding the consent granted to the City Island Railroad Company by The City of New York, as an abutting property owner, to a change of motive power, from horse power to electricity, on the existing street surface railway of the company, from its junction with Pelham Park Railroad to Belden Point, City Island, Borough of The Bronx.

(b) Granting consent to the City Island Railroad Company to a change of motive power, from horse power to electricity, on the existing street surface railway of the company, from its junction with the Pelham Park Railroad to Belden Point, City Island, Borough of The Bronx, and the further consent of The City of New York to such change of motive power as the owner of the park property abutting on such route.

(c) Rescinding the consent granted to the Pelham Park Railroad Company by The City of New York, as an abutting property owner, to a change of motive power, from horse power to electricity, on the existing street surface railway of the company in Pelham Bay Park, from Bartow Station to its junction with the City Island Railroad, at or near Marshalls Corner, Borough of The Bronx.

(d) Granting consent to the Pelham Park Railroad Company to a change of motive power, from horse power to electricity, on the existing street surface railway of the company in Pelham Bay Park, from Bartow Station to its junction with the City Island Railroad at or near Marshalls Corner, Borough of The Bronx, and the further consent of The City of New York to such change of motive power as the owner of the park property abutting on such route.

Which was ordered filed.

United Electric Service Company.

A communication was received from the Mayor's office stating his Honor the Mayor has designated the "New York Tribune" and the "New York Sun" as the two newspapers in which the form of contract and notice of hearing for the grant of a franchise to the United Electric Service Company shall be published prior to the final hearing on June 11, 1909.

Which was ordered filed.

Union Railway Company of New York City.

A petition was received from the Union Railway Company of New York City for the temporary construction, maintenance and operation of a siding or turnout on Broadway, at or near Two Hundred and Forty-second street, to terminate upon the completion of the through line of the petitioner in Two Hundred and Thirtieth street, between Broadway and Bailey avenue, Borough of The Bronx.

Which was referred to the Chief Engineer.

The following matter, not on the calendar for this day, was considered by unanimous consent:

New York Centadrink Company.

The Secretary presented a communication from the President of the Borough of The Bronx, transmitting a communication from Abraham J. Frankel, Secretary, Interborough Newsdealers Company Defence Committee, requesting this Board to hold a

public hearing on the consent granted to the New York Centadrink Company, by resolution adopted by this Board April 16, 1909, and approved by the Mayor April 19, 1909, to the end that the consent may be rescinded after a full and complete hearing on the matter.

Which was referred to the Comptroller.

The full minutes of the meeting of this day will appear in the CITY RECORD at a later date.

JOSEPH HAAG, Secretary.

contained in the existing lease. Lessors, Martin McCauley and Adam Kletz, No. 328 Sumner avenue, Brooklyn, N. Y.

Requesting the Commissioners of the Sinking Fund, subject to financial ability, to approve of and consent to the execution by the Board of Education of a renewal of the lease to the City of the store floor, yard and front portion of the cellar of the premises No. 544 East One Hundred and Forty-seventh street, Borough of The Bronx, occupied as an annex to Public School 27, for a period of two years from July 1, 1909, at a rental of \$51 per month, payable quarterly, and on the same terms and conditions as contained in the existing lease. Owner, John Kicherer.

Requesting the Board of Estimate and Apportionment to authorize the issue of Corporate Stock, during the remainder of the year 1909, to the amount of \$7,415,010 for the erection of new buildings, improving premises, etc.; and further requesting the said Board to authorize the immediate issue of Corporate Stock to the amount of \$2,500,000 in accordance with the provisions of clause 9 of section 169 of the Charter.

Requesting the Board of Estimate and Apportionment to reapprove those portions of the authorizations of issues of Corporate Stock which were authorized by it on March 20, 1908, April 24, 1908, and June 5, 1908, against which contracts have not been let, amounting to \$3,130,000 for the erection of new buildings and additions, as set forth heretofore in detail; and further requesting the Board of Estimate and Apportionment to reapprove the authorization of the balance remaining of the issue of Corporate Stock, "for the acquisition, construction and improvement of sites for four (4) athletic fields," amounting to \$135,212.57, heretofore authorized by it on May 12, 1905, and October 27, 1905.

Promoting Charles Herr and Jacob C. Approving and ratifying the action of the Committee on Supplies in appointing Charles R. Davis, of No. 283 Pacific street, Brooklyn, as Clerk in the Bureau of Audit and Accounts for a temporary period not to exceed three months, the appointment taking effect April 26, 1909, and the salary to be at the rate of \$75 per month.

Approving the action of the Committee on Supplies in accepting the resignation of Jesse Frank as temporary Clerk in the Bureau of Audit and Accounts, taking effect April 20, 1909.

Amending the By-Laws of the Board of Education by inserting therein a new section, to be known and designated as section 57a, reading as follows:

Athletic Fields—School Field Days.

Sec. 57a. The City Superintendent of Schools may, upon the application of the principal of any high school or elementary school, permit such school to have a School Field Day once in each year (on a school day or on a Saturday or other holiday), upon which to hold its athletic games and to demonstrate its efficiency in athletics, on one of the athletic fields assigned for such purpose by the Director of Physical Training, under the direction of the Committee on Athletic Fields. Pupils taking part in or attending the exercises on such field day shall be those in grade 4A or higher grades. Teachers of classes participating in field day exercises shall attend the same as a part of their regular school duty; but this provision shall not apply to teachers of mixed classes unless such classes are excused in their entirety from regular school work in order to take part in or attend such exercises.

Granting permission to the Public Schools Athletic League to use the athletic fields of the Board of Education on Sundays between the hours of 1 and 6 o'clock p. m., for exercises by the children attending schools in The City of New York, it being understood and agreed that said League is to assume all the expenses in connection with the employment of the necessary help and the preservation of order on such occasions, all the arrangements in connection therewith to be under the direction and to the satisfaction of the Committee on Athletic Fields; such permission to be revocable at the pleasure of the Board of Education.

Disapproving of Assembly Bill No. 2127, entitled "An Act to amend the education law, in relation to creating a state text book commission," in so far as the same deprives the educational authorities of The City of New York of the power to select, approve and purchase text books for use in the public schools of the City, and earnestly requests that said bill be so amended as to retain the existing system for the selection, approval and purchase of text books for the City schools; and further authorizing and requesting the Committee on By-Laws and Legislation on behalf of the Board of Education to take such steps as it may deem necessary to carry into effect the intent of the Board of Education as set forth in the foregoing resolution.

Approving the action of the Board of Superintendents in transferring the following-named Teachers as indicated below, to take effect May 1, 1909:

Approving and ratifying the action of the Committee on Care of Buildings in assigning Peter Becker, Janitor of Public School 125, Borough of Manhattan, to the care of the annex to Public School 125 in the Memorial Baptist Church, Washington square, Borough of Manhattan, taking effect April 21, 1909, with compensation at the rate of \$10 per month, to be paid only from April 21 to June 30, 1909, and from September 1 to July 1 in each school year hereafter.

Authorizing the Superintendent of the New York Nautical School to admit to said school Morton G. Marks, who is under sixteen years of age, and suspending all provisions of the by-laws inconsistent herewith, for the purpose of this resolution.

Requesting the Municipal Civil Service Commission to amend the classification of non-competitive positions by including therein, under the heading "Positions in the New York Nautical School, Board of Education," the following: Water Tender.

Recording with sorrow the loss it has sustained in the passing away of Bernard J. Devlin, Principal of Public School 13, The Bronx, whose lofty character, brave heart and gentle manners were a source of inspiration to scores of Teachers and thousands of children, and whose successful achievements and wise counsel have been a valuable asset to the school system of New York City.

Including these resolutions in the minutes of this Board, and transmitting a copy to the family of the deceased.

The following preambles and resolutions were adopted:

Whereas, The Committee on Buildings is in receipt of an estimate from a contractor for additional work under his contract, as follows (said additional work involving no extension of time):

Estimate of Neptune B. Smyth, contractor for erecting iron gates, railings, etc., at the De Witt Clinton High School, Borough of Manhattan (for rearranging lettering on the tablet and enlarging the same), \$100; and

Whereas, The Superintendent of School Buildings reports that this estimate is reasonable and that the work is necessary; therefore be it

Resolved, That the sum of one hundred dollars (\$100) be and the same is hereby appropriated from Special School Fund, 1908, General Repairs, Borough of Manhattan, No. 800; said sum to be applied in full payment for extra cost to the contractor hereinafter mentioned for additional work in connection with his contract: Neptune B. Smyth, \$100.

Whereas, A petition has been received from the residents in the vicinity of Public School 109, Brooklyn, that sheet asphalt pavement be laid in front of said school building; and

Whereas, This improvement will conduce very materially to the proper carrying on of the school activities in said building; therefore be it

Resolved, That the President of the Borough of Brooklyn be and he is hereby respectfully requested to authorize the laying of sheet asphalt pavement on Powell street, between Dumont avenue and Sackman street, in front of Public School 109, Borough of Brooklyn.

Whereas, On April 14, 1909, the Board of Education adopted a resolution awarding, among others, a contract to the E. J. Johnson Company, in the sum of \$375.50, for furniture, Item 2, for the two additional stories of Public School 132, Borough of Manhattan; and

Whereas, Subsequent developments render advisable the rescission of said action, owing to the fact that said bidders withdrew their bid prior to acceptance; therefore be it

Resolved, That so much of the resolution adopted on April 14, 1909 (see Journal, pages 527-528), as referred to awarding a contract to the E. J. Johnson Company in the sum of \$375.50, for furniture, Item 2, for the two additional stories of Public School 132, Borough of Manhattan, be and the same is hereby rescinded; and be it further

Resolved, That the action of the Committee on Buildings in rejecting all bids received April 5, 1909, for the above mentioned work be and it is hereby approved and ratified.

Whereas, Mary Cullen, a Teacher in Public School 161, Borough of Manhattan, was absent from December 17 to 24, 1908, inclusive, on account of an accident sustained while in the discharge of her school duties; and

Whereas, Only a portion of this absence can be excused under the By-Laws; therefore be it

Resolved, That so much of the absence from December 17 to 24, 1908, inclusive, of Mary Cullen, a Teacher in Public School 161, Borough of Manhattan, as is non-excusable under section 44 of the By-Laws, be and it hereby is excused with pay, and that any provisions of the By-Laws inconsistent herewith be and they hereby are suspended for the purpose of this resolution.

Whereas, The Board of Superintendents has recommended that so much of the absences of certain Teachers in the Boroughs of Manhattan, The Bronx, Brooklyn and Queens, on account of quarantine by the Department of Health, as is non-excusable under the By-Laws, be excused with pay; therefore be it

Resolved, That the absences of the following-named Teachers for the time indicated, which is in excess of the ten days allowed under section 44 of the By-Laws, be and they hereby are excused with pay, and that any provisions of the By-Laws inconsistent herewith be and they hereby are suspended for the purpose of this resolution:

BOROUGH OF MANHATTAN.

Elizabeth E. Morse, School 132, February 11 to March 5, 1909, fifteen days.

BOROUGH OF THE BRONX.

Jeannie N. Ross, School 21, March 29 to 31, 1909, three days.
Jeanne O'Gorman, School 23, March 12, 1909, one day.
William A. Worth, School 43, March 4 and 5, 1909, two days.

BOROUGH OF BROOKLYN.

Helen P. McKay, School 31, March 8, 1909, one-half day; March 23 to 31, 1909, seven days.
Annie M. Ryan, School 49, February 26 to March 18, 1909, fifteen days.

BOROUGH OF QUEENS.

Catherine E. Cassazza, School 1, February 24, 1909, four-fifth day; March 11 to 16, 1909, three and three-fifth days.

Whereas, Rose Weissman, Librarian in the evening recreation centre conducted in Public School 31, Borough of Manhattan, received permission from the City Superintendent of Schools to absent herself from said recreation centre on the evening of February 1, 1909, in order to render assistance as Teacher of Assembly Music at the commencement exercises of Public School 188, G., Borough of Manhattan; therefore be it

Resolved, That said Rose Weissman receive pay for the evening of February 1, 1909, as if she had rendered service in the above-mentioned evening recreation centre on said evening, and that any provisions of the By-Laws inconsistent herewith be and they hereby are suspended for the purpose of this resolution.

Whereas, Dr. George S. Comstock was heretofore exempted from competitive examination by the Municipal Civil Service Commission, in accordance with the provisions of subdivision 6 of Rule XII, to render service as Physician to the Brooklyn Truant School; and

Whereas, Said subdivision provides that the compensation in such case in any one year shall not exceed \$750, and further provides that said Commission may, by resolution, approved by the Mayor and the State Civil Service Commission, suspend such limitation in other cases; and

Whereas, It is deemed advisable to employ said George S. Comstock also as Physician to the New York Parental School, at a salary of \$400 per annum, his employment in this capacity at the two schools mentioned resulting in a saving of at least \$200 per annum; therefore be it

Resolved, That the Municipal Civil Service Commission be and it hereby is requested to suspend the limitation of \$750 per annum in the case of Dr. George S. Comstock, and that the Mayor and the State Civil Service Commission be and they hereby are requested to concur in such suspension.

Whereas, The Board of Education on March 10, 1909 (see Journal, pages 399-400), adopted a resolution approving a recommendation of the Board of Superintendents that "Elementary School 52, Borough of Queens, be discontinued to take effect upon the opening of new Public School 56 and new Public School 90, Borough of Queens, and that the building now occupied in part by Public School 52 be set aside for the exclusive use of the Richmond Hill High School;" and

Whereas, Part of the new building of Public School 56 was occupied on April 13, 1909, and the remainder on April 19, 1909, and new Public School 90 was occupied for school purposes on April 19, 1909; therefore be it

Resolved, That the building heretofore known as Public School 52, Borough of Queens, which is now used exclusively for high school purposes, be hereafter officially known as the Richmond Hill High School, and that the number (52) heretofore attached to said building be released and made applicable to a new building to be erected for elementary school purposes.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 6.05 o'clock p. m.

A. EMERSON PALMER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held at the Commission's Offices, No. 299 Broadway, on Wednesday, March 31, 1909, at 10 o'clock a. m.

Present—President Frank L. Polk and Commissioners R. Ross Appleton and Arthur J. O'Keeffe.

The President, Mr. Frank L. Polk, presided.

A public hearing was had on the proposed amendment of clause 9 of Rule XIX., by changing paragraph 2 to read as follows:

"No person shall remain eligible for selection for employment from such list who, on the 1st day of January, April, July or October, in any year, has been carried thereon for one year or longer; but the Commission may, by request or in its discretion, allow a re-examination of all such persons, physically, at the termination of any period of their eligibility, and, if they shall again be qualified, as the result of such examination, their names shall be retained on such list for one year from such quarterly date,"—and by striking therefrom the fourth paragraph, as follows:

"Notice shall be sent, with a copy of this clause, to each person whose eligibility either for appointment from a registration list or for examination is about to terminate, not less than two weeks in advance of such termination."

Mr. Philip J. Coffey, Labor Clerk of the Commission, appeared in behalf of the proposed amendment. There was no opposition and the Chair declared the hearing closed.

After the Commission had gone into regular session the minutes of the meetings held March 24 and 25 were approved.

On motion, it was

Resolved, That Rule XIX. of the Municipal Civil Service Rules be and the same hereby is amended by changing paragraph 2 of clause 9 to read as follows:

"No person shall remain eligible for selection for employment from such list who, on the 1st day of January, April, July or October, in any year, has been carried thereon for one year or longer; but the Commission may, by request or in its discretion, allow a re-examination of all such persons, physically, at the termination of any period of their eligibility, and, if they shall again be qualified, as the result of such examination, their names shall be retained on such list for one year from such quarterly date,"—and by striking from clause 9 the fourth paragraph, which reads as follows:

"Notice shall be sent, with a copy of this clause, to each person whose eligibility either for appointment from a registration list or for examination is about to terminate, not less than two weeks in advance of such termination."

Joseph H. Mahoney, candidate for Patrolman, was granted an extension of one week, at the request of counsel, in which to furnish official proof as to the date of his birth.

George E. J. Okie, of No. 58 Watt street, Manhattan, candidate for Patrolman, appeared to answer the charge of having deceived the Commission as to his age, he having been less than twenty-one at the time of filing his application. At the conclusion of the hearing, on motion, it was

Resolved, That the Secretary be and he hereby is directed to remove the name of George E. J. Okie from the eligible list of Patrolman, and to place the same upon the black list for having deceived the Commission as to a material fact in connection with his examination.

On the recommendation of the Committee on Transfers the following transfers were approved:

Thomas G. Ryan, Clerk, second grade, from the Department of Water Supply, Gas and Electricity to the Department of Street Cleaning.

Charles A. Byrne, Foreman of Laborers, from the Department of Water Supply, Gas and Electricity to the Department of Bridges.

The report was adopted.

The appeals of the following named candidates for a rerating of their examination papers were denied on the report of the Examiners that no errors of marking or rating had been pointed out:

Inspector, Board of Water Supply.

Emanuel Scheyer, No. 104 East Eighty-first street.

Assistant Foreman, Fire Department (Promotion).

Dennis O'Shaughnessy, No. 523 West One Hundred and Twenty-third street.

Rodman (Promotion).

George W. Homan, Jr., No. 143 East Two Hundred and Thirty-fifth street.

Dockmaster.

John Regan, No. 355 East Fiftieth street.

Sergeant, Police Department (Promotion).

Richard J. Daly, No. 162 East One Hundred and Fifth street.

Thomas F. Robinson, No. 188 Penn street, Brooklyn.

Charles Kensler, No. 3304 Decatur street, The Bronx.

John J. Sullivan, No. 22 Newtown avenue, Astoria.

Henry J. Walton, No. 19 Post avenue, Port Richmond.

A report was presented from the Chief Examiner, dated March 29, with reference to the appeal of Harry V. Callahan, a candidate for Sergeant of Police, and stating that an error had been made in computing the candidate's average; that as the name appeared on the eligible list he was credited with a percentage of 83.83, whereas his correct percentage was 82.63; that the error had arisen from crediting him with 79 per cent. on Rules and Regulations instead of 71, which was the mark received; that it was probable that the error had arisen from placing the candidate's examination number, which began with 79, in close proximity to the actual rating. Reports of Examiners Oppenheim, Duff, Kavanagh and Clarke, with reference to the candidate's appeal for a rerating of his papers, were also submitted. After consideration of the matter, it was

Resolved, That Harry V. Callahan be directed to appear before the Commission on Wednesday, April 7, 1909, at 10 o'clock a. m., to show cause why his percentage in the examination for promotion to Sergeant should not be reduced from 83.83 to 82.63, the latter being the percentage to which his papers are entitled.

The candidate's appeal for a rerating on the subjects of Rules and Regulations and Administration was denied, it appearing from the reports of the Examiners that no error had been made in the marking of those papers.

A report was presented from the Chief Examiner suggesting the following subjects and weights for the coming examination for Inspector of Supplies and Repairs:

Special	4	Report	2
Experience	3	Arithmetic	1

The recommendation of the Chief Examiner was adopted, and in addition the Commission directed that a passing mark of 70 per cent. on the special paper be required.

A report was presented from the Chief Examiner, dated March 27, with reference to the case of Anna E. Spencer, a candidate for Nurse, stating that the statement made with reference to her diploma did not seem to be sufficient in its present form, and that some official verification should be required. On motion, the Secretary was directed to so inform the candidate.

A report was presented from the Chief Examiner, dated March 27, forwarding the resignation of Alfred F. Isham, of No. 117 West Fifty-eighth street, Monitor. On motion, the resignation was accepted.

A report was presented from the Chief Examiner, dated March 29, stating that, in his opinion, if the Commission was to be guided by the character of the examinations set for the two positions, the request for approval of the transfer of Susanna A. McCusker, from Probation Officer to Visitor, Department of Public Charities, should be denied. The recommendation was adopted.

A report was presented from the Chief Examiner, dated March 29, with reference to the request of the Comptroller, under date of March 20, that Messrs. William P. Malloy, Joseph Geraty and John J. Carr be given a special non-competitive examination for the position of Inspector of Supplies and Repairs, and stating that in his opinion it would be well to wait and see whether enough Inspectors could not be obtained from the candidates already examined before ordering a second non-competitive examination. The recommendation was adopted and the Secretary was directed to notify the Comptroller to that effect.

A report was presented from the Chief Examiner, dated March 27, submitting the following statement of languages offered by candidates for Interpreter, and the number of candidates offering each language:

German	113	Polish	37
Slavish	15	Russian	41
Hungarian	18	Spanish	19
Italian	36	Portuguese	3
French	55	Roumanian	11
Greek	10	Dutch	3
Arabic	4	Bulgarian	1
Danish	4	Flemish	1
Swedish	3	Persian	1
Yiddish	85	Latich	1
Hebrew	5	Turkish	31
Bohemian	13		

After careful consideration of the matter, the Commission directed that the following languages be omitted from the examination:

Arabic, Dutch, Persian, Portuguese, Flemish, Latich, Roumanian, Bulgarian, Turkish.

A report was presented from Mr. Rafferty, Examiner, dated March 18, recommending that the applications of the following named candidates be filed for future reference, they having either failed in or absented themselves from the examination:

Baker, Frank J., Inspector of Plumbing.	Hoffmann, J. L., Sergeant on Aqueduct.
Connelly, P. F., Inspector of Plumbing.	Day, David, Sergeant on Aqueduct.
Duff, James F., Inspector of Plumbing.	Fitzgerald, J. P., Sergeant on Aqueduct.
King, Philip F., Inspector of Plumbing.	Blush, J., Sergeant on Aqueduct.

Raymond, H. A., Sergeant on Aqueduct.	Morris, A. T., Dockmaster.
Pracht, A. J., Sergeant on Aqueduct.	McWilliams, J. P., Dockmaster.
McKirvey, J., Sergeant on Aqueduct.	Rupprecht, R. G., Dockmaster.
Donohue, L. A., Sergeant on Aqueduct.	Pentz, G. S., Dockmaster.

The recommendation was adopted.

A report was presented from Mr. Murray, Examiner in charge of the Promotion Bureau, dated March 30, in relation to the request of the Curator of the College of The City of New York for an examination for promotion from first to second grade Clerk. After consideration of the matter the request was denied without prejudice to a renewal of same in the month of October, the time set apart for the holding of promotion examinations in the Clerical and Civil Engineering Services.

A report was presented from Mr. Murray, Examiner in charge of the Promotion Bureau, dated March 30, with reference to the request of the Department of Docks and Ferries for an examination for promotion from the position of Stoker to that of Marine Engineer, Class II., and recommending as follows:

First, that the examination be ordered in accordance with paragraph 11 of Rule XV., for all Stokers (employed outside of the ferry service), who had served three years in their positions.

Second, that the examination be further limited to men holding a license from the United States Local Board of Steamboat Inspectors qualifying them to act as Marine Engineers on vessels of from 200 to 1,000 tons.

The recommendations were adopted.

A report was presented from Mr. Murray, Examiner in charge of the Promotion Bureau, dated March 30, in relation to the request of the Department of Water Supply, Gas and Electricity that the existing promotion eligible list for the position of Assistant Engineer be divided into Borough lists, and that a promotion on certificate be issued in the case of Max Blatt who was employed in the Borough of Manhattan, since the requested division of the list would leave less than three on the list for that Borough. After consideration of the report, the request was denied.

A report was presented from Mr. Murray, Examiner in charge of the Promotion Bureau, dated March 30, in relation to the request of the Corporation Counsel that a promotion examination be held for the position of Junior Assistant in his Department, to be open to the persons employed as Computers of Assessments, Draughtsmen, Clerks and Law Clerks. After consideration of the report, the Secretary was directed to communicate with the Corporation Counsel and request additional information regarding the duties of the employees specified in order to assist the Commission in deciding whether the said positions might be construed to be of "lower but corresponding character" to that of Junior Assistant Corporation Counsel, within the meaning of paragraph 2 of Rule XV.

The action of the Secretary was approved.

A letter was presented from the Commissioner of Docks and Ferries, dated March 25, requesting that the position of Marine Sounder be transferred from the labor class to the competitive class for that Department and placed in the same grade as the position of Axeman (Grade I, Part VII., Civil Engineering Service). The matter was referred to the Labor Clerk for a report.

The reassignment of John Grady, Foreman of Laborers in the Department of Water Supply, Gas and Electricity was approved, it appearing from the doctor's certificate furnished that his absence from December 16, 1908, had been due to illness.

A letter was presented from the Board of Water Supply, dated March 24, requesting that the name of Philip H. Muehlenthal, of Pleasantville, N. Y., be restored to the eligible list of Axeman, Board of Water Supply, and certified for appointment at a salary of \$840 per annum. It appearing from the records that the candidate had declined appointment on June 21, 1907, the request was denied for laches.

The following appointments in the Board of Water Supply were approved under paragraph 7 of Rule XII.:

Graydon R. Baker, Pleasantville, N. Y., Clerk, first grade, \$300 per annum.
 Patrick Gilmartin, Storm King, N. Y., Mining Hoist Runner, \$4.50 per diem.
 Alfred Taylor, Storm King, N. Y., Mining Blacksmith's Helper, \$3 per diem.
 Salvatore Tracia, Storm King, N. Y., Mining Blacksmith's Helper, \$3 per diem.
 Michael Crowley, Storm King, N. Y., Mining Blacksmith's Helper, \$3 per diem.
 Edward C. Harwood, Storm King, N. Y., Mining Fireman, \$3 per diem.
 John Callahan, Storm King, N. Y., Mining Fireman, \$3 per diem.
 John J. Ward, Storm King, N. Y., Mining Pipe Fitter, \$3.50 per diem.
 Thomas Finan, Kingston, N. Y., Mining Pipe Fitter, \$3.50 per diem.
 William Kelly, Croton-on-Hudson, N. Y., Mining Fireman, \$3 per diem.
 Joseph L. Tinley, Storm King, N. Y., Mining Compressor Man, \$4.50 per diem.
 Maurice Cotter, Storm King, N. Y., Mining Blacksmith, \$3.50 per diem.
 John Lynch, Storm King, N. Y., Mining Carpenter, \$4 per diem.

The request of Henry J. Brewer, M. D., Coroner in the Borough of Brooklyn, under date of March 25, that the position of Chief Clerk in his office be transferred from the exempt to the competitive class was referred to the President for consideration.

A letter was presented from the Secretary of the Borough of Manhattan, dated March 26, requesting authority to reassign Alma Padro to duty as Assistant Foreman in the Bureau of Public Buildings and Offices of that Department and stating that his name had appeared on the payroll since November 28, 1908, without time, for the reason that he had refused to perform such duties as were assigned to him. The matter was laid over.

The following emergency appointments were approved under paragraph 4 of Rule XII.:

Frank I. Latham, Teacher, Brooklyn Disciplinary Training School, 15 days.
 Martin Volkes, Coal Passer, College of The City of New York, January 15 to 22.
 Miss Tine Johnson, Nurse, Bellevue and Allied Hospitals, December 17 to 20, 1908.
 Frederick A. Ross, Fire Expert and Fire Drill Instructor, Bellevue and Allied Hospitals, February 15, to 28.
 Bell Z. Pickett, Stenographer and Typewriter, Bellevue and Allied Hospitals, office of General Medical Superintendent, 15 days.
 John McTiernan, Clerk, Department of Street Cleaning, February 24 to March 4.
 W. F. Maloney, Clerk, Department of Street Cleaning, February 24 to March 6.
 Wm. Wiegand, Clerk, Department of Street Cleaning, February 24.
 John A. Sanchirico, Clerk, Department of Street Cleaning, February 24 to March 6.
 Thomas F. O'Brien, Clerk, Department of Street Cleaning, February 25 to March 6.
 Alphonsus S. Poole, Clerk, Department of Street Cleaning, March 2 to 6.
 E. P. Lynch, Clerk, Department of Street Cleaning, February 15 to March 3.
 A. F. Marron, Stenographer, Brooklyn Disciplinary Training School, February 27 to March 2.

The Secretary presented the following vouchers in payment of salary to persons not regularly employed by The City of New York for special services rendered to the City during the periods indicated:

Gustav A. Nyden, Junior Draughtsman, Bellevue and Allied Hospitals, February 1 to 28.....	\$75 00
Thomas B. Stillman, Chemical Engineer, Department of Docks and Ferries, November 27, 1908, to February 24, 1909.....	184 00
Elizabeth Malone, Telephone Operator, Department of Correction, January and February, 1909, pending the establishment of the grade by the Board of Estimate and Apportionment and the Board of Aldermen....	150 00

On motion, the Secretary was directed to certify the vouchers under paragraph 6 of Rule XII.

The Secretary presented a voucher in favor of the Remington Typewriter Company for the services of a Stenographer supplied to Bellevue and Allied Hospitals from October 23 to December 31, 1908, amounting to \$187.50. On motion, the Secretary was directed to certify the voucher as being exempt from the provisions of Civil Service rules.

A letter was presented from the Secretary of the Armory Board, dated March 29, submitting a supplementary payroll in favor of Lawrence V. Meehan, an Inspector of Repairs and Supplies in that Department, and requesting the Commission to approve the same under the title of Wireman, on the ground that the Comptroller had stated that he had never been advised of the establishing of the title of Inspector of Repairs and Supplies for the Armory Board. The Secretary stated that Mr. Meehan had been appointed a Wireman on January 21, 1903, and that on July 1, 1907, he had been promoted to the position of Inspector of Repairs and Supplies. The matter was ordered continued on the calendar.

On motion, it was

Resolved, That John L. Halloran and Archer E. Parry, Veterinary Surgeons, be and they hereby are excepted from examination under paragraph 6 of Rule XII., to be employed in the Police Department, from time to time, during the year 1909, provided, however, that their compensation shall not exceed the sum of \$750 each.

The following reports of Departmental Boards of Examiners for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Department of Education, March 18.
 Bellevue and Allied Hospitals, March 25 and 31.
 Department of Parks, Boroughs of Brooklyn and Queens, March 20.

A communication was presented from the Comptroller, dated March 26, requesting authority to continue the services of the Investors' Agency, of No. 52 Wall street, New York City, pursuant to the provisions of Rule XII., paragraph 6, from January 1, 1909, at a compensation not to exceed \$3,000, also that, pending the approval of the Commission's resolution by the Mayor and the State Civil Service Commission, vouchers to the amount of \$750, in favor of the agency be certified, they having earned that amount since the first of the year. The matter was laid over.

A letter was presented from the Secretary of the Department of Health, dated March 29, forwarding a resolution of the Board of Health, adopted at a meeting held on March 24, designating Eugene W. Scheffer, Secretary; Russell Raynor, Sanitary Inspector, in charge of the Division of General Sanitary Inspections and John F. Whitmeyer, M. D., Medical Inspector, in charge of the Division of Contagious Diseases, as a Board of Promotions for that Department. The designation was approved.

On motion, it was

Resolved, That the Municipal Civil Service Commission of The City of New York, acting in pursuance of subdivision 6 of Rule XII. of the Municipal Civil Service rules, hereby exempts from competitive examination Robert William Veitch, of No. 153 Manhattan avenue, Borough of Manhattan, to be employed by the Corporation Counsel, from time to time, when necessary, in aiding and assisting in preparing the City's cases for the removal of obstructions on streets, avenues and highways in The City of New York; the compensation to be paid to the said Robert William Veitch to be at a rate not to exceed \$180 a month.

On the recommendation of the President, to whom the matter had been referred, the application of Mrs. Julia B. Sylvester, of No. 16 East Eighty-seventh street, New York City, for the position of Nurse, was accepted, it appearing from the proof submitted by the applicant that she was a graduate Nurse.

The request of Miss Frances Schwebel, of No. 143 West One Hundred and Seventeenth street, that her application for the examination of Typewriter Accountant be accepted was denied for the reason that she was under the minimum age of twenty-one.

The request of Paul Grossman, of No. 338 East Eighty-first street, Manhattan, that he be permitted to file an application for the examination for Temporary Accountant was denied for the reason that he was under the minimum age of twenty-one.

The request of Robert K. Greaves, of No. 43 Sterling place, Brooklyn, that he be permitted to file an application for Typewriter Accountant was denied for the reason that he was not a citizen of the United States.

The Commission then considered the request of "Barney" Silverstein, of No. 305 Broome street, Manhattan, that he be permitted to correct his name as appearing in the application for Fireman filed by him on September 15, 1906, to read Benjamin Silverstein. The proof submitted being satisfactory to the Commission, the request was granted.

A letter was presented from Michael Enright, of No. 214 East One Hundred and Twenty-sixth street, New York City, requesting that his name be transferred from the list of Patrolman to that of Police Doorman, on the ground that he had been recently informed by the Police Department that, according to official records received from Ireland, he had been born on February 9, 1878, and was consequently ineligible for appointment as Patrolman. The matter was referred to the President.

The request of Jacob Stutsky, of No. 993½ DeKalb avenue, Brooklyn, that his name be restored to the list of Financial Clerk was referred to the President for consideration.

The following requests for restoration to the eligible lists specified were granted:

Margaret T. Wall, Metropolitan Hospital, Blackwells Island, New York, Stenographer and Typewriter, Board of Water Supply, \$750 per annum. Declined appointment at Browns Station under a misapprehension of the rules. Had no intention of declining out-of-town assignment altogether. Request granted for the reason that there were no names remaining on the list for appointment at \$750.

Samuel V. Owen, No. 239 West Sixty-sixth street, New York City, Temporary Clerk (preferred). Was in Panama when certified to the Receiver of Taxes, and could not respond within the four days prescribed by the rules.

Edward F. Lacey, No. 214 East Fifty-first street, New York City, Searcher (for temporary work). Restoration of name requested by Finance Department.

Lindon K. Soper, No. 147 West Sixty-sixth street, New York City, Searcher (temporary work).

The request of Samuel Epstein, of No. 43 East One Hundred and Twelfth street, Manhattan, that his name be restored to the eligible list of Clerk, first grade, was denied for laches.

The application of Mrs. Margaret Rehme, of No. 470 West Twenty-second street, Manhattan, for the position of Police Matron was accepted, it appearing from the report of a Clerk in the office of the Commission that after personal investigation of the Registry of Elections of the Thirty-third Election District, Second Ward, County of Queens, for the year 1901, he had found recorded the name of "Charles F. Rehme, age 27, lived in state 27 years, and born in the United States," which clearly established the citizenship of Mrs. Margaret Rehme.

The request of Mary M. Kiernan, of No. 1685 Lexington avenue, Manhattan, that her application for Police Matron be accepted on the ground that she would receive a certificate of naturalization on April 13, 1909, was referred to the Chief Examiner for a report.

The request of George J. Byron, Jr., of No. 140 West One Hundred and Ninth street, New York City, that he be permitted to correct the date of birth in his application for Fireman to conform to that given in the certificate of baptism furnished was granted.

The Commission then adjourned, to meet Wednesday, April 7, 1909, at 10 o'clock, a. m.

F. A. SPENCER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 Broadway, City of New York.

PUBLIC NOTICE WILL BE GIVEN OF all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled. No application will be accepted at the office of the Commission, by mail or otherwise, after the closing hour for the receipt of same set forth in the advertisement.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission, Room 1119.

The Commission cannot guarantee that applications mailed in response to written requests will be received in time to permit of their being prepared and filed prior to closing hour.

All notices of examinations will be posted in the office of the Commission, and advertised in

the CITY RECORD for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news. The scope of the examination will be stated.

No information will be given by telephone, and the Commission will not be responsible for such if given by employees, either as to date of filing applications or upon other subjects.

Specimen questions of previous examinations may be obtained at Room 1108.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of the assessments for OPENING AND ACQUIRING TITLE to the following-named place in the BOROUGH OF RICHMOND:

THIRD WARD.

HATFIELD PLACE—OPENING, from Richmond avenue to Nicholas avenue. Confirmed March 11, 1909; entered May 13, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet westerly from the westerly line of John street with the westerly prolongation of the middle line of the blocks between Harrison avenue and Charles avenue; running thence easterly along said prolongation and middle line and its easterly prolongation to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Nicholas avenue; thence southerly along said parallel line to its intersection with the middle line of the blocks between Charles avenue and Hatfield place; thence easterly along said middle line to its intersection with the westerly line of Richmond avenue; thence on a line at right angles to Richmond avenue to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Richmond avenue; thence southerly along said parallel line to its intersection with the easterly prolongation of the middle line of the blocks between Hatfield place and Blackford avenue; thence westerly along said prolongation and middle line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Nicholas avenue; thence southerly along said parallel line to its intersection with the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of that portion of Innis street lying between John street and Grant street; thence westerly along said prolongation and parallel line and its westerly prolongation to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of John street; thence northerly along said parallel line to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Borough Hall, St. George, Borough of Richmond, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 12, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE COMMISSIONER of Docks and Ferries, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for ferry purposes, in the

Borough of Brooklyn.

Being all those buildings, parts of buildings, etc., formerly used as the Brooklyn Terminal of the Thirty-ninth Street Ferry, and consisting of the brick ferry house, two open sheds, boiler room, coal bin, fence, etc., all of which are more particularly described in a letter of request, on file in the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held May 5, 1909, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, MAY 21, 1909,

at 11 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale

give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of Fifty Dollars, the sum of Fifty Dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired by it for school purposes, in the

Borough of Queens.

Being the building situated on the plot of ground located on the southeast corner of First avenue and Twelfth street, having a frontage of 50 feet on First avenue and 100 feet on Twelfth street, College Point, Borough of Queens, and which is more particularly described in a letter of request on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held May 5, 1909, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, MAY 20, 1909,

at 11.30 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

J. H. MCCOY, Deputy and Acting Comptroller.

CORPORATION SALE OF TAX CERTIFICATE.

D. & M. Chauncey, Limited, Auctioneers.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

THURSDAY, MAY 20, 1909,

at the Real Estate Exchange, No. 189 Montague street, Borough of Brooklyn, at 12 o'clock m., all the right, title and interest of The City of New York in and to the land which was sold by the Registrar of Arrears of the City of Brooklyn on July 21, 1886, for the non-payment of taxes, in accordance with the provisions of chapter 114 of the Laws of 1883, which said sale is registered in the office of the then Registrar of Arrears, now Collector of Assessments and Arrears, in Liber 83 of Sales, by the Certificate No. 5589, the deed given thereon by the Registrar of Arrears being dated October 12, 1897, the said premises being then known and designated on the tax maps as Lot No. 46 in Block 148, Twenty-fourth Ward, of said City of Brooklyn, now Borough of Brooklyn, City of New York.

The minimum or upset price at which said property is to be sold is hereby appraised and fixed at twenty-three hundred dollars (\$2,300), subject to all incumbrances and liens of every nature or kind whatsoever now against said premises, and the Comptroller is hereby authorized and directed to take the necessary steps for making such sale upon the following

TERMS AND CONDITIONS.

The purchaser at said sale shall pay 25 per cent. of the purchase price on the day of said sale, together with the auctioneer's fee. The balance of said purchase money to be paid thirty days after said sale, at which time the deed shall be ready for delivery. Said payment of 75 per cent. shall be made at the office of the Comptroller of The City of New York, Room 141, No. 280 Broadway, Manhattan, where receipt shall be given and within three days thereafter the deed shall be delivered upon the surrender of the receipt.

The deed to be given shall be a quit-claim deed conveying whatsoever interest The City of New York may have in and to the premises above described, and shall further recite that the owner is to assume and pay all liens and incumbrances of every nature and kind against said premises. The Comptroller may at his option resell the property if the successful bidder fails to comply with the terms of the sale, and the person failing to comply therewith will be held liable for any deficiency as well as for the cost and expense of any such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund under resolution adopted at a meeting of the Board held April 5, 1909.

City of New York, Department of Finance,
Comptroller's Office, April 10, 1909.

H. A. METZ, Comptroller,

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The United Electric Service Company has under date of June 7, 1907, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate wires and other conductors, with the necessary poles, pipes, conduits and appliances, in, over and under the streets, avenues and highways within and belonging to The City of New York for the purpose of operating an electrical signal system for the calling of messengers, and an electrical burglar alarm system and fire alarm system; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 14, 1907, fixing the date for public hearing thereon as July 8, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Times" and the "New York Tribune," newspapers designated by the Mayor, and in the "City Record" for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the United Electric Service Company, and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the United Electric Service Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the United Electric Service Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 1909, by and between The City of New York, hereinafter called the City, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the United Electric Service Company, a domestic corporation of the State of New York (hereinafter called the Company), party of the second part; witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in conduits under the streets, avenues and highways within the territory comprised in the Borough of Manhattan, for the purpose of connecting by means of such wires, call boxes, or other signalling apparatus, to be placed upon the premises of the subscribers, with offices of the Company, and thereby maintaining and operating an electrical signal system for the calling of messengers, an electrical burglar alarm system and a fire alarm system, and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The rights, privileges and authority herein granted shall not be construed to in any way give the Company the right, privilege or authority to engage in a telephone business, or to render telephone service, and this contract is entered into on the mutual and express understanding and agreement by and between the parties hereto, that the Company will not in any way engage in a telephone business or render telephone service, or claim the right so to do under this contract and the rights, privileges and authority therein and thereby granted and conferred.

Second—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits for the purpose aforesaid shall be held and enjoyed by the Company, its successors or assigns, for the term of fifteen (15) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for a further

period of ten (10) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than that sum required to be paid during the year prior to the termination of the original term of this contract. If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement, fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year prior to the termination of original term of this contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—Upon the termination of this original contract or if the same be renewed then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the plant and property of the Company used for maintaining and operating an electrical signal system for the calling of messengers, an electrical burglary alarm system, and a fire alarm system within the streets and highways of the City shall become the property of the City without cost, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City, by the Board, shall so order by resolution, the Company shall on thirty (30) days' notice from the Board remove any and all of its wires, or other electrical conductors, or any portion thereof, from any or all of the streets and public places within the limits of the City.

Fourth—The Company shall pay to the City for the said privilege, the following sums of money:

The sum of five thousand dollars (\$5,000) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

During the first five years of this contract an annual sum, which shall in no case be less than twelve hundred dollars (\$1,200), and shall be equal to two (2) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of \$1,200.

During the succeeding five years of this contract an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500), and shall be equal to three (3) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of two thousand five hundred dollars (\$2,500).

During the remaining five years of this contract an annual sum which shall in no case be less than four thousand five hundred dollars (\$4,500), and which shall be equal to four (4) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of four thousand five hundred dollars (\$4,500).

The minimum annual sums herein provided for shall be paid to the Comptroller of the City in equal quarterly payments in advance on the first days of January, April, July and October of each year. Whenever the percentage required to be paid shall exceed the minimum amounts, such sum over and above such minimum shall be paid to the Comptroller on or before December 1 in each year for the year ending September 30 next preceding.

Fifth—The said annual charges or payments, as above specified, shall continue throughout the whole term of the original contract, notwithstanding any clause in any statute or in the charter of any other company providing for payments for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, or any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions as to payments, any statute or any condition herein contained to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract. Nothing herein contained shall apply to any mortgage or mere lien, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

It is agreed that any and all payments to be made by the terms of this contract by the Company to the City shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or

by operation of law, whether under the provisions of the statute relating to the consolidation or merger of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests or enter into any agreement for a division of business interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such persons or corporation without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The Board may by resolution direct the Company to install free of charge messenger call boxes or fire alarm signals, with the necessary appurtenances thereto, in any or all of the offices of the City situated in the portion of Manhattan in which the Company shall be operating such apparatus.

Upon written notification of the Board to the Company that such resolutions have been adopted the Company shall install such apparatus free of charge, and shall furnish service at rates not to exceed seventy-five (75) per cent. of the rates charged by the Company to any other individual or corporation for similar service.

Eighth—The Company shall construct, maintain and operate its messenger and alarm system, subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters under the Charter of the City, and in strict compliance with all laws or ordinances, now in force or which may be adopted, affecting companies operating electrical conductors in the City.

Ninth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be required for the operation of the signal and alarm systems hereby authorized.

Tenth—The Company shall, within two years from the date on which this contract is signed by the Mayor, have in operation at least two thousand (2,000) messenger call boxes, otherwise this grant shall cease and determine.

Eleventh—The Company shall file with the Board, on the first day of November in each year, a map, plan or diagram upon which shall be plainly marked and designated the streets and public places in which are then laid and also those proposed to be laid, during the succeeding year, the several conduits and ducts necessary for the cables and wires used and to be used by the Company, together with a statement showing the number of ducts in each street and wires in each duct occupied.

Twelfth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Thirteenth—During the term of this contract or its renewal, the Board shall have absolute power to regulate all charges or rates of the Company for this service, provided that such rates shall be reasonable and fair, but the Company shall not charge at any time during the term of this contract, or its renewal, rates for messenger service in excess of the following:

In any direction from a district office or central station:

10 city blocks.....	\$0 10
11 to 15 city blocks.....	15
16 to 20 city blocks.....	20
20 to 30 city blocks.....	30

—and for each additional 20 city blocks more than 30 city blocks, 5 cents.

Fourteenth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Fifteenth—The wires of the Company shall be employed for no other purposes than those explicitly set forth herein, except by consent of the Board, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Seventeenth—If the said Company, its successors or assigns, shall fail to maintain its structures in good condition throughout the full term of its occupancy of such streets the Board may give written notice to the said Company specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time the said Company shall for each day thereafter during which the default or defect remains pay to the City a sum of one hundred dollars (\$100) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

If, for a period of three consecutive months the messenger, fire alarm or burglary alarm systems of the Company shall not be operated, or if the same shall not be operated for a period of six months out of any consecutive twelve months, the Board may declare the right and franchise and this contract terminated without further proceedings in law or in equity.

Eighteenth—The Company shall at all times keep accurate books of accounts and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the systems hereby authorized from all subscribers served by the Company, together with such other information and in such form and detail as the Com-

troller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Nineteenth—The Company shall submit a report to the Board not later than November 1 of each year, for the year ending September 30 next preceding, which shall state:

1. The amount of stock issued, for cash, for property;
2. The amount paid in as by last report;
3. The total amount of capital stock paid in;
4. The funded debt by last report;
5. The total amount of funded debt;
6. The floating debt as by last report;
7. The amount of floating debt;
8. The total amount of funded and floating debt;

9. The average rate per annum of interest on funded debt;

10. The amount of dividends paid during the year and the rate of same;

11. The amount paid for damage to persons or property on account of construction and operation;

12. The total income during the year, giving the amount from each class of business;

13. The total expenses for operation, including salaries;

—and such other information in regard to the business of the Company as may be required by the Board.

For failure to comply with the foregoing the Company shall pay a penalty of one hundred dollars (\$100) per day until such statement is rendered, which may be collected by the Comptroller without notice.

Twentieth—This grant is upon the express condition that the Company, within thirty (30) days after the execution of this contract, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of five thousand dollars (\$5,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of the contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the Company. In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements and the commencement and increase of construction, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events the Company shall pay to the Comptroller of the City a penalty of \$1,000 for each violation, and in case of any violation of the provisions relating to the illegal use of wires, the Company shall pay to the Comptroller of said City for each violation a penalty of not less than \$100, and not more than \$500, to be fixed by the said Comptroller.

The procedure for the imposition and collection of the penalties provided in the grant shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day, not less than five days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Comptroller, to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of \$5,000, and in default thereof the contract may be revoked at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of the grant shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions of this contract, which shall have been continued for a period of three months after notice given by the Corporation Counsel, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company.

Twenty-second—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-third—The word "notice" wherever used in this contract, shall be deemed to mean a written notice. Every such notice to be served upon the Company shall be delivered at such office in the city as shall have been designated by the Company; or if no such office shall have been designated, or if such designation shall have been for any reason become inoperative, shall be mailed in the city, postage prepaid, addressed to the Company at the city. Delivery or mailing of such notice as and when above provided shall be equivalent to direct personal notice, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fourth—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers thereto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The New York and Queens County Railway Company, under date of December 4, 1908, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double track street surface railway as an extension to its existing system upon and along Debevoise, or Second avenue, from Pierce avenue to Jackson avenue, in the Borough of Queens; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on December 11, 1908, fixing the date for public hearing thereon as January 8, 1909, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The New York Herald" and "New York Tribune," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing; and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York and Queens County Railway Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York and Queens County Railway Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and Queens County Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract made this _____ day of 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and Queens County Railway Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying persons and property, in the Borough of Queens, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing tracks of the Company at or near the intersection of Debevoise or Second avenue and Pierce avenue; thence southerly in, upon and along said Debevoise or Second avenue to and connecting with the existing tracks of the Company in Jackson avenue.

The said route, with turnouts, switches and crossovers, hereby authorized, is shown upon a map entitled:

"Map showing proposed street surface railway of the New York & Queens County Railway Company in the Borough of Queens, City of New York, to accompany petition dated December 4, 1908, to the Board of Estimate and Apportionment," and signed by W. O. Wood, Vice-President and General Manager, and T. H. Moyer, Engineer of Way, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed. Provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract, may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within thirty (30) days from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time the Company shall within one month thereafter make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

The sum of five hundred dollars (\$500) in cash within thirty (30) days after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

During the first term of five (5) years an annual sum which shall in no case be less than four hundred dollars (\$400), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of four hundred dollars (\$400).

During the remaining term of twenty (20) years an annual sum which shall in no case be less than seven hundred and fifty dollars (\$750), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of seven hundred and fifty dollars (\$750).

The gross annual receipts mentioned above shall be that portion of the gross earnings of the Company from all sources within the limits of the City as shall bear the same proportion to such gross earnings as the length of the extension hereby granted shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Provided that the first annual payment shall be only that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law as amended.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of the route mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding.

withstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract, within the streets and avenues, shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of the tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The Company shall commence construction of the railway herein authorized within ninety (90) days from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within nine (9) months from the date of obtaining such consents or such decision, otherwise this grant shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided further that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Eighth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Ninth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Tenth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, upon giving to the Company one year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route, by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and avenues of the City.

And provided further that the Company shall not be required under the provisions of this contract to make such change upon the route hereby authorized until the existing line of the Company on Borden avenue and Jackson avenue, between the East River and Debevoise avenue, shall have been so changed.

Eleventh—Upon six months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires, for the operation of the railway upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two ducts not less than three inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Twelfth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any

point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized, during the term of this contract, all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Thirteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sums shall be charged for such services than provided for by it.

Fourteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Fifteenth—All cars which are operated on said railway shall be heated during the cold weather in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Sixteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Seventeenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require or as may be directed by the Board. Provided, however, that the Company, during the first five (5) years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Eighteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three times every twenty-four hours, when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of said streets and avenues shall exceed 60 feet between curb lines, in which case the Company shall cause to be watered only 60 feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Nineteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twentieth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-first—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-second—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly, or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-third—Should the grades or lines of the streets and avenues in which the right to construct the railway is hereby granted be changed at any time after the railway has been constructed, and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fourth—The Company shall, within thirty (30) days after the date on which this contract is signed by the Mayor, take the necessary proceedings under the provisions of the Railroad Law for the abandonment of that portion of its existing route, described as follows:

Beginning at the intersection of Pierce avenue and Debevoise avenue; thence westerly in, upon and along said Pierce avenue to Lockwood street; thence southerly in, upon and along said Lockwood street, Ridge road, Academy street and Jane street to the intersection of said route with the existing tracks of the Company on Jackson avenue, at or near the intersection of Jane street and Jackson avenue, and shall within sixty (60) days from the commencement of operation of the railway hereby authorized, remove at its own expense all of its tracks, wires and other equipment from the above-described streets and avenues, and restore the same to their original condition.

Twenty-fifth—The Company shall at all times keep accurate books of account of the gross earnings from all sources, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, total miles in operation within the limits of the city and the miles of railway constructed and operated under this contract and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-sixth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity.

Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-seventh—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall for each day thereafter during which the default or defect remains pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-eighth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-ninth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of fifteen hundred dollars (\$1,500), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway; and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain date not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, in writing, pay to the City a sum sufficient to restore said security fund to the original amount of fifteen hundred dollars (\$1,500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided, shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title" encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers, shall have the powers, rights and duties herein reserved to or prescribed for the Board or other authority, officer or officers.

Section 3. This grant is also upon the further and express condition that the provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Section 4. The Company promises, covenants and agrees on its part and behalf, to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and Queens County Railway Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, May 21, 1909, in the City Record, and at least twice during the ten (10) days immediately prior to Friday, May 21, 1909, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the New York and Queens County Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and Queens County Railway Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, May 21, 1909, at 10:30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard. WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 7th day of June, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 9th day of June, 1909, at 4 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New

York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 12th day of June, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the bulkhead line of the Harlem River with the easterly prolongation of the middle line of the blocks between West Two Hundred and Tenth street and West Two Hundred and Eleventh street; running thence westerly along said prolongation and middle line to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Vermilyea avenue; thence southwesterly along said parallel line to its intersection with a line parallel to and 100 feet southwesterly from the southwesterly line of Isham street; thence northwesterly along said last mentioned parallel line to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Broadway (Kingsbridge road); thence northeasterly along said last mentioned parallel line to its intersection with the westerly prolongation of the middle line of the blocks between West Two Hundred and Eleventh street and West Two Hundred and Twelfth street; thence easterly along said prolongation and middle line and its easterly prolongation to its intersection with the bulkhead line of the Harlem River; thence southerly along said bulkhead line to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 27th day of July, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York, relative to amending its application heretofore made in the matter of acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of CLASONS POINT ROAD (although not yet named by proper authority), from Westchester avenue to the East River (or Long Island Sound), in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH case made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term, Part III. thereof, to be held in the County Court House, in the Borough of Manhattan, City of New York, on the 20th day of May, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for an order amending and correcting the proceeding entitled "In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of Clasons Point road (although not yet named by proper authority), from Westchester avenue to the East River (or Long Island Sound), in the Twenty-fourth Ward, Borough of The Bronx, City of New York," the purpose being to exclude certain land not required, and to include additional land required in this proceeding, so as to conform to the final map of The City of New York, as shown on Section 54 thereof, adopted on February 28, 1908.

Land not required for Clasons Point road: Beginning at the most easterly point of Clasons Point road, as now being acquired;

1. Thence westerly along the northern line of Clasons Point road for 69.62 feet to the bulkhead line of the East River;

2. Thence southerly deflecting 89 degrees 47 minutes to the left for 239.33 feet along the bulkhead line of the East River;

3. Thence southerly on the arc of a circle of 230 feet radius and tangent to the preceding course for 105.97 feet still along said bulkhead line to the line of Clasons Point road, as now being acquired;

4. Thence northerly along last mentioned line on the arc of a circle of 275 feet radius for 275 feet;

5. Thence northerly still along last mentioned line for 99.72 feet to the point of beginning.

Additional land required for Clasons Point road: Beginning at a point in the western line of Clasons Point road where the same is intersected by the southern line of said road, as the same is now being acquired;

1. Thence southerly along the prolongation of said western line for 62.85 feet to the bulkhead line of the East River;

2. Thence easterly deflecting 77 degrees 53 minutes 20 seconds to the left along said bulkhead line for 138.13 feet;

3. Thence easterly along said bulkhead line on the arc of a circle of 370 feet radius and tangent to the preceding course for 125.93 feet, to a point of compound curve;

4. Thence easterly still along said bulkhead line on the arc of a circle of 230 feet radius for 193.09 feet to the southern line of Clasons Point road, as now being acquired;

5. Thence westerly along last mentioned line on the arc of a circle of 275 feet radius for 182.73 feet;

6. Thence westerly along last mentioned line for 246.56 feet to the point of beginning.

The land not required for Clasons Point road is in the East River and outside of the bulkhead line.

The additional land required for Clasons Point road is shown on Section 54 of the final map of the Borough of The Bronx. This map was filed in the office of the President of the Borough of The Bronx July 16, 1908; in the office of the Register of the County of New York July 16, 1908, as map No. 1286, and in the office of the Corporation Counsel of The City of New York on or about the same date, in pigeonhole 101.

The additional land required for Clasons Point road is located east of the Bronx River.

Dated New York, May 7, 1909.

In the matter of the application of The City of New York, relative to amending its application heretofore made in the matter of acquiring title wherever the same has not been heretofore acquired to the lands, tenements and hereditaments required for the opening and extending of BRONX BOULEVARD (although not yet named by proper authority), from Old Boston Post road to East Two Hundred and Forty-second street (Demilt avenue), in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term, Part III. thereof, to be held in the County Court House, in the Borough of Manhattan, City of New York, on the 20th day of May, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for an order amending and correcting the proceeding entitled "In the matter of the application of The City of New York relative to acquiring title wherever the same has not been heretofore acquired to the lands, tenements and hereditaments required for the opening and extending of Bronx boulevard (although not yet named by proper authority), from Old Boston Post road to East Two Hundred and Forty-second street (Demilt avenue), in the Twenty-fourth Ward, Borough of The Bronx, City of New York," the purpose being to include additional land required in this proceeding, and to exclude therefrom certain land not required.

Additional land to be included: Beginning at a point in the western line of the land now being acquired for Bronx boulevard where the same is intersected by the southern line of Bronx Park;

1. Thence westerly along the southern line of Bronx Park for 40.185 feet to the line of land now being acquired for an extension of Bronx Park;

2. Thence southerly along last mentioned line for 260.30 feet to the northern line of land now being acquired for Boston road;

3. Thence easterly along last mentioned line for 40 feet to the western line of land now being acquired for Bronx boulevard;

4. Thence northerly along last mentioned line for 264.151 feet to the point of beginning.

Land to be excluded: Beginning at the intersection of the eastern line of land now being acquired for Bronx boulevard with the northern line of land being acquired for Boston road;

1. Thence westerly along the northern line of land now being acquired for Boston road for 60 feet to the western line of land now being acquired for Bronx boulevard;

2. Thence southerly along last mentioned line for 332.998 feet to the southern line of land now being acquired for Bronx boulevard;

3. Thence northeasterly along last mentioned line for 242.839 feet to the eastern line of land now being acquired for Bronx boulevard.

4. Thence northeasterly along last mentioned line for 153.709 feet.

5. Thence northerly for 75.057 feet to the point of beginning.

These two parcels of land are shown as Bronx boulevard and Boston road on a map entitled "Map or plan showing an extension of Bronx Park east of Bronx River, lying southerly of the Bronx and Pelham parkway, in the Twenty-fourth Ward, Borough of The Bronx, City of New York." Prepared by the President of the Borough of The Bronx, under authority of chapter 466 of the Laws of 1901. Which map was filed in the office of the President of the Borough of The Bronx on November 25, 1905; in the office of the Register of the County of New York on November 22, 1905, as Map No. 1109, and in the office of the Corporation Counsel of The City of New York on or about the same date, in pigeonhole 29.

Land to be taken for Bronx boulevard is located east of the Bronx River.

Dated New York, May 7, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EDGEWATER ROAD (although not yet named by proper authority), from Garrison avenue (or Mohawk avenue) to Seneca avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 26th day of May, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 27th day of May, 1909, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 26th day of May, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 27th day of May, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 8th day of February, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

On the north by the prolongation westwardly of the southerly line of Ludlow avenue, as now laid out east of the Bronx River; on the east by the westerly side of the Bronx River; on the south by a line midway between the southerly side of Seneca avenue and the northerly side of Lafayette avenue; on the west by a line midway between the westerly side of Longfellow street and the easterly side of Bryant street; and on the northwest by the present northeasterly property line of the New York, New Haven and Hartford Railroad Company.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 29th day of May, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 22d day of July, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York, relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of WILSON AVENUE, from the Old Bowers Bay road to Tenth avenue, in the First Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT BY orders of the Supreme Court, bearing date the 15th day of March, 1909, and duly entered in the office of the Clerk of the County of Queens, in The City of New York, on the 16th day of March, 1909, and bearing date the 28th day of April, 1909, and duly entered in the office of the Clerk of the County of Queens, in The City of New York, on the 30th day of May, 1909, we, Frank L. Entwistle, Ward R. Jeffers and James H. Quinlan, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens on the 16th day of March, 1909; and the said Frank L. Entwistle was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens on the 16th day of March, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, with such affidavit and other proof as the said owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 26th day of May, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proof of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, May 12, 1909.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 252 Jackson avenue, Long Island City, Borough of Queens, in the City of New York, on or before the 27th day of May, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 1st day of June, 1909, at 11 o'clock a. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, Long Island City, in the Borough of Queens, in said City, there to remain until the 9th day of June, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly line of Jackson avenue where said northerly line is intersected by the prolongation of the line in the centre of the block between Fourteenth avenue and Thirteenth avenue, and running thence northerly along the centre line of the block between said Fourteenth and Thirteenth avenues to a point on the southerly side of Flushing avenue where said middle line of the block intersects; running thence easterly along the southerly line of Flushing avenue to a point where the prolongation of the centre line of the block between Fourteenth avenue and Fifteenth avenue intersects said southerly line of Flushing avenue; thence southerly along said centre line of the block between Fourteenth and Fifteenth avenues to a point on the northerly side of Jackson avenue where the said centre line of the block between Fourteenth and Fifteenth avenues if prolonged will intersect; thence westerly along the northerly side of Jackson avenue to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 10th day of September, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter as amended by chapter 658 of the Laws of 1906.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 25th day of May, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 27th day of May, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 25th day of May, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 2d day of June, 1909, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 19th day of April, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line midway between Avenue C and Beverley road and by the prolongation of the said line; on the east by a line midway between Coney Island avenue and East Eleventh street; on the south by a line midway between Avenues C and D and by the prolongation of the said line, and on the west by the easterly side of Gravesend avenue.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 5th day of June, 1909.

Fifth—That provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 26th day of July, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SUPREME COURT—THIRD JUDICIAL DISTRICT.

THIRD JUDICIAL DISTRICT.

ASHOKAN RESERVOIR.

SECTION No. 15, ULSTER COUNTY.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN THAT it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended.

Such application will be made to the Supreme Court, at a Special Term thereof to be held in and for the Third Judicial District, at the City Hall, in the City of Albany, Albany County, N. Y., on the 22d day of May, 1909, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate sought to be taken or affected is situated in the Town of Hurley, County of Ulster, and State of New York.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing the map: All those certain pieces or parcels of real estate situated in the Town of Hurley, County of Ulster and State of New York, shown on a map entitled "Reservoir Department, Section No. 15, Board of Water Supply of The City of New York, Map of real estate situated in the Town of Hurley, County of Ulster and State of New

THIRD JUDICIAL DISTRICT.

ASHOKAN RESERVOIR.

SECTION No. 18, ULSTER COUNTY.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN THAT it is the intention of the Corporation Counsel of the City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended.

Such application will be made to the Supreme Court, at a Special Term thereof to be held in and for the Third Judicial District, at the City Hall, in the City of Albany, Albany County, N. Y., on the 22d day of May, 1909, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said act and the acts amendatory thereof upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for the City of New York.

The real estate sought to be taken or affected is situated in the Town of Hurley, County of Ulster, and State of New York.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing the map:

All those certain pieces or parcels of real estate situated in the Town of Hurley, County of Ulster and State of New York, shown on a map entitled "Reservoir Department. Section No. 18. Board of Water Supply of the City of New York. Map of real estate situated in the Town of Hurley, County of Ulster and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir and appurtenances, in the vicinity of West Hurley," which map was filed in the office of the County Clerk of the County of Ulster, at Kingston, N. Y., on the 4th day of March, 1909, which parcels are bounded and described as follows:

Beginning at the southeast corner of Parcel No. 871, said point being also the southwest corner of real estate Section 17, Reservoir Department (the map of which section was filed in the office of the County Clerk of the County of Ulster at Kingston, N. PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for the City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.

The fee is to be acquired by The City of New York in all the real estate Parcels Nos. 812 to 869, both inclusive, contained in the above description.

Reference is hereby made to the said map, filed as aforesaid in the office of the County Clerk of the County of Ulster, for a more detailed description of the real estate to be taken in fee, as above described.

In case any real estate hereinbefore described is used for highway or other public purposes, such use shall continue until such time as The City of New York shall acquire the right to change the same.
