For portions of an #automated parking facility#, each tray upon which a vehicle is stored at a height in excess of 40 feet in parking facilities certified pursuant to 13-432, or 23 feet in all other #automated parking facilities#, shall be considered #floor area# in an amount of 153 square feet, or the size of such lifted tray, whichever is greater.

13-24**Curb Cut Restrictions**

In addition to the provisions of this Section, inclusive, additional restrictions on curb cuts in the #Manhattan Core# are found in the following Special Purpose Districts:

(a) the #Special Midtown District#, as set forth in Section 81-44 (Curb Cut Restrictions);

(b) the #Special Lincoln Square District#, as set forth in paragraph (b) of Section 82-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS);

(c) the #Special Battery Park City District#, as set forth in Section 84-144 (Location of curb cuts);

(d) the #Special Lower Manhattan District#, as set forth in Section 91-52 (Curb Cut Regulations);

13-241**Location of curb cuts**

For #accessory# off-street parking facilities, automobile rental establishments and #public parking lots#, curb cuts are required for entry and exit to such parking facilities. Such curb cuts:

(a) shall not be permitted within 50 feet of the intersection of any two #street lines#, except where the Commissioner of Buildings certifies that such location is not hazardous to traffic safety, is not likely to create traffic congestion and will not unduly inhibit surface traffic or pedestrian flow. The Commissioner of Buildings may refer such matter to the Department of Transportation, or its successor, for a report;

- (b) shall not be located within two and one-half feet of any #side lot line# of the #zoning lot#, or prolongation thereof;
- (c) for #accessory# off-street parking facilities and automobile rental establishments, shall not be located on a #wide street#, except where authorized pursuant to Section 13-441 (Curb cuts); and

- (d) for #public parking lots#, shall not be permitted on the following #wide streets#, except where authorized pursuant to Section 13-441 (Curb cuts):

- (7) Worth Street, from Centre Street to Church Street; and
- (8) Canal Street, from the Bowery to West Broadway.

13-242**Maximum width of curb cuts**

- (a) #Accessory# off-street parking facilities

For curb cuts accessing off-street parking spaces #accessory# to #residences# in the #Manhattan Core#, the provisions of Sections 25-631 (Location of curb cuts in certain districts), and 36-532 (Location and width of curb cuts accessing residential parking spaces in certain districts) shall apply, as applicable.

In addition, the maximum width of a curb cut shall be 22 feet for curb cuts accessing off-street parking spaces #accessory# to #residences# in R9 or R10 Districts, C1 and C2 Districts mapped within R9 and R10 Districts, and in all other #Commercial Districts# where, as set forth in the tables in Section 34-112 or 35-23, as applicable, the equivalent #Residential District# is R9 or R10. This maximum curb cut width of 22 feet shall also apply to curb cuts accessing off-street parking spaces #accessory# to #commercial# or #community facility uses#, and to curb cuts accessing off-street parking facilities with parking spaces #accessory# to a mix of #uses#.

- (b) Automobile rental establishments

For curb cuts accessing automobile rental establishments, the maximum width of a curb cut shall be 22 feet.

- (c) #Public parking lots#

For curb cuts accessing #public parking lots#, the curb cut provisions of paragraph (c) of Section 36-58 (Parking Lot Maneuverability and Curb Cut Regulations) shall apply.

13-25**Reservoir Spaces**

For the purpose of determining required reservoir spaces, fractions equal to or greater than one-half resulting from the calculations in this Section shall be considered to be one reservoir space.

- (a) Attended parking facilities

For attended #accessory# off-street parking facilities or #public parking lots# with more than 25 off-street parking spaces, off-street reservoir space at the vehicular entrance shall be provided to accommodate:

- (1) five percent of the total number of parking spaces provided in parking facilities with more than 25 parking spaces and up to 50 parking spaces;
- (2) ten percent of the total number of parking spaces provided in parking facilities with more than 50 parking spaces and up to 100 parking spaces;
- (3) ten parking spaces in parking facilities with more than 100 off-street parking spaces and up to 200 parking spaces; and
- (4) five percent of the total number of parking spaces provided in parking facilities with more than 200 off-street parking spaces. However such number of reservoir spaces need not exceed 50.

- (b) #Automated parking facilities#

For #automated parking facilities#, off-street reservoir space at the vehicle entrance shall be provided at the rate set forth in paragraph (a) of this Section.

Each individual parking location where a driver is permitted to leave a vehicle for transfer to a

mechanized automobile storage and retrieval unit shall constitute one reservoir space. Additional reservoir spaces may be located where drivers queue to access such locations for vehicle transfer. In addition, the number of reservoir spaces required pursuant to this Section may be reduced where the Commissioner of Buildings determines that the operational characteristics of such #automated parking facility# warrant such a reduction.

- (c) Automobile rental establishments

For automobile rental establishments, off-street reservoir space at the vehicle entrance shall be provided at the rate set forth in paragraph (a) of this Section.

- (d) Self-parking facilities

For self-parking #accessory# off-street parking facilities and #public parking lots# where entering vehicles are required to stop before a mechanically-operated barrier before entering such parking facility, such barrier shall be placed a minimum of 20 feet beyond the #street line#.

13-26**Pedestrian Safety and Access**

For all #accessory# off-street parking facilities, the following safety features shall be provided at all vehicular exit points:

- (a) a 'stop' sign which shall be clearly visible to drivers. Such signage shall comply with the standards set forth in the Manual of Uniform Traffic Control Devices (MUTCD) issued by the Federal Highway Administration (FHWA) for a conventional single lane road; and
- (b) a speed bump, which shall be located within the exit lane of the parking facility. Such speed bump shall:
 - (1) span the width of the vehicular travel lane;
 - (2) have a minimum height of two inches, as measured from the adjoining grade of the exit lane, and shall have a maximum depth of twelve inches; and
 - (3) shall be located a minimum of four feet beyond the #street line#, as measured perpendicular to the #street line#.

13-27**Minimum and Maximum Size of Parking Facilities**

For all #accessory# off-street parking facilities and automobile rental establishments, the minimum and maximum size requirements for the #parking zone# for such parking facilities shall be set forth in this Section. The #access zone# of such parking facilities shall not have a minimum or maximum gross surface area.

For the purpose of calculating surface area in attended parking facilities with parking lift systems, the lifted tray upon which a vehicle is stored shall constitute surface area.

- (a) Attended parking facilities

The minimum gross surface area, in square feet, of the #parking zone# of an attended #accessory# off-street parking facility shall be 180 times the number of off-street parking spaces provided. However, for portions of an attended parking facility with parking lift systems, such minimum surface area requirement for any elevated spaces may be reduced to 153 times the number of elevated spaces able to be provided on lifted trays.

The maximum gross surface area, in square feet, of such parking facility shall not exceed 200 times the number of off-street parking spaces provided.

- (b) #Automated parking facilities#

No minimum or maximum surface area requirement shall be required in off-street parking facilities that the Commissioner of Buildings determines to be #automated parking facilities#.

- (c) Automobile rental establishments

The maximum gross surface area, in square feet, of the #parking zone# of an automobile rental establishment, shall be established at the rate set forth in paragraph (a) of this Section.

- (d) Self-park facilities

The gross surface area, in square feet, of the #parking zone# of a self-parking #accessory# off-street parking facility shall be a minimum of 300 times the number of off-street parking spaces provided, and a maximum of 350 times the number of off-street parking spaces provided. However, an area of less than 300 square feet, but in no event less than 200 square feet, may be considered as one space, where the layout and design of the parking area are adequate to permit convenient access and maneuvering in accordance with regulations promulgated by the Commissioner of Buildings. Such minimum and maximum #parking zone# requirements of this Section may be modified by the Chairperson of the City Planning Commission pursuant to the certification set forth in Section 13-431 (Reduction of minimum facility size).

13-30**OFF-STREET LOADING REGULATIONS IN THE MANHATTAN CORE**

All #accessory# off-street loading facilities #developed# or #enlarged# in the #Manhattan Core# after (date of adoption) shall comply with the applicable provisions of this Section, inclusive.

In addition to the provisions of this Section, additional restrictions on loading berths in the #Manhattan Core# are found in the following Special Purpose Districts:

- (a) the #Special Midtown District#, as set forth in Sections 81-312 (Prohibitions of off-street parking or off-street loading facilities, 81-44 (Curb Cut Restrictions) and 81-84 (Mandatory Regulations and Prohibitions);
- (b) the #Special Lincoln Square District#, as set forth in Section 82-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS);
- (c) the #Special Battery Park City District#, as set forth in Sections 84-143 and 84-342 (Off-street loading); and
- (d) the #Special Lower Manhattan District#, as set forth in Section 91-52 (Curb Cut Regulations) and 91-53 (Waiver of Requirements for Accessory Off-Street Loading Berths)

13-31**Modification of Minimum Size of Loading Berth**

For all permitted or required #accessory# loading berths, the minimum length requirements for hospitals and related facilities or prisons; hotels, offices or court houses; #commercial uses#; and wholesale, #manufacturing# or storage #uses#, set forth in Sections 36-681 (Size of required berths) and 44-581 (Size of required loading berths), shall be 37 feet.

13-32**Floor Area Exemption**

In addition to the #floor area# exemption for #accessory# off-street loading berths set forth in Section 12-10 (DEFINITIONS), for #buildings# with a total #floor area# in excess of 100,000 square feet, up to 300 square feet of floor space may be exempted from the definition of #floor area# where such #buildings# allocate a permanent space for dumpster storage, and such storage space has a minimum dimension of 12 feet by 25 feet. Such dumpster storage space shall be adjacent to a #building's# loading berth.

13-33**Modification of Provisions for a Zoning Lot with Uses Subject to Different Loading Requirements**

The provisions of Sections 36-63 and 44-53 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Loading Requirements) shall not apply.

13-34**Location of Access to the Street**

In addition to the provisions of Sections 25-75, 36-682 and 44-582 (Location of Access to the Street), no entrance or exit to an #accessory# off-street loading berth shall be located on a #street# with a roadbed width of less than 20 feet, as measured curb to curb.

13-35**Modification of Loading Berth Requirements**

The provisions of Sections 25-75 (Location of Access to the Street), 36-65 and 44-55 (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden) shall be modified to allow the Commissioner of Buildings to reduce or waive the applicable loading berth requirements, provided that:

- (a) the #zoning lot# only has frontage upon a #street#, or portion thereof, where curb cuts or entrances and exits to #accessory# off-street loading berths are not permitted;
- (b) the #zoning lot# has frontage along a #street# where curb cuts accessing a loading berth are otherwise permitted, but there is no access to such #zoning lot# from the #street# due to the presence of:
 - (1) a #building# existing on (date of adoption) containing #residences#;
 - (2) a #non-residential building# existing on (date of adoption) that is three or more #stories# in height; or
 - (3) a #building# designated as a landmark or considered a contributing #building# in an Historic District designated by the Landmarks Preservation Commission; or
- (c) there are subsurface conditions, ventilation requirements from below-grade infrastructure or other site planning constraints that would make accommodating such loading berths infeasible.

In the case of paragraph (c), as set forth in this Section, the Commissioner shall require a loading berth of not less than 33 feet in depth, if such a berth can be accommodated in consideration of the relevant site restraints. The Commissioner of Buildings may request reports from licensed engineers or registered architects in considering such reduction or waiver.

13-40**CERTIFICATIONS, AUTHORIZATIONS AND SPECIAL PERMITS IN THE MANHATTAN CORE****13-41****General Provisions**

The City Planning Commission may grant certifications, authorizations and special permits in accordance with Section 13-40 (CERTIFICATIONS, AUTHORIZATIONS AND SPECIAL PERMITS IN THE MANHATTAN CORE), inclusive. All such special permits and authorizations, in addition to meeting the requirements, conditions and safeguards prescribed by the Commission as specified in this Section, shall conform to and comply with all of the applicable regulations, except as otherwise specified herein.

13-42 Requirements for Applications

An application to the City Planning Commission for the grant of a certification, authorization or special permit under the provisions of Section 13-40 (CERTIFICATIONS, AUTHORIZATIONS AND SPECIAL PERMITS IN THE MANHATTAN CORE) shall include a site plan showing the location of all existing and proposed #buildings or other structures# on the #zoning lot#, the location of all vehicular entrances and exits and off-street parking spaces, and such other information as may be required by the Commission.

13-43 Certifications in the Manhattan Core

13-431 Reduction of minimum facility size

An off-street parking facility in the #Manhattan Core# may provide a gross unobstructed surface area less than the minimum size required by Section 13-27 (Minimum and maximum size of parking facilities) upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the proposed layout of such parking facility, including, but not limited to, the arrangement of parking spaces, travel aisles and reservoir spaces, where applicable, is sufficient to accommodate the requisite vehicular navigation and turning movements associated with such a facility. In order to make such a determination, the applicant shall provide the Chairperson with dimensioned plan drawings which depict the proposed vehicular movement through the facility, including any relevant maneuverability or turning radius information.

Where the Chairperson certifies that an #accessory# off-street parking facility may be reduced in size because vehicles will be limited in length, such restriction shall be noted on the certificate of occupancy.

13-432 Floor area exemption for automated parking facilities

Floor space used for off-street parking spaces in an #accessory automated parking facility#, up to a height of 40 feet above #curb level#, shall be exempt from the definition of #floor area# upon certification of the Chairperson of the City Planning Commission to the Commissioner of Buildings that:

- the entire #automated parking facility# will be contained within a #completely enclosed building#;
- the portion of the #street wall# of such #automated parking facility# below a height of 14 feet, as measured above #curb level#, complies with the screening provisions of Section 13-222 (Screening requirements for accessory off-street parking facilities), and the portion of the #street wall# above a height of 14 feet, will be similar in composition to the portion of the #building's street wall# immediately above such #automated parking facility#, including but not limited to, the choice of building materials and arrangement and amount thereof; and
- such #automated parking facility# is within a #building# with a #floor area ratio# of at least 2.0.

Any application for such certification shall include relevant plan, elevation and section drawings demonstrating compliance with the provisions of this Section.

13-44 Authorizations in the Manhattan Core

13-441 Curb cuts

The City Planning Commission may authorize, subject to the applicable zoning district regulations, curb cuts located on a #wide street#, provided the Commission finds that a curb cut at such a location:

- is not hazardous to traffic safety;
- will not create or contribute to serious traffic congestion, or unduly inhibit vehicular movement;
- will not adversely affect pedestrian movement;
- will not interfere with the efficient functioning of bus lanes, specially designated #streets# and public transit facilities; and
- will not be inconsistent with the character of the existing streetscape.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

13-442 Limited increase in parking spaces for existing buildings without parking

The City Planning Commission may, by authorization, allow an off-street parking facility in the #Manhattan Core# with a maximum capacity of 15 spaces in an existing #building

developed# without the provision of parking, provided that the conditions of paragraph (a) and the findings of paragraph (b) are met.

(a) Conditions

As a condition for approval, the parking facility shall comply with the applicable provisions of Section 13-20 (SPECIAL RULES FOR MANHATTAN CORE PARKING FACILITIES), except that such parking facility need not comply with the provisions of Section 13-222 (Screening requirements for accessory off-street parking facilities).

(b) Findings

The Commission shall find that:

- the location of the vehicular entrances and exits to the parking facility will not unduly interrupt the flow of pedestrian traffic associated with #uses# or public facilities in close proximity thereto or result in any undue conflict between pedestrian and vehicular movements, due to the entering and leaving movement of vehicles;
- the location of the vehicular entrances and exits to such parking facility will not interfere with the efficient functioning of #streets#, including any lanes designated for specific types of users or vehicles, due to the entering and leaving movement of vehicles; and
- such parking facility will not be inconsistent with the character of the existing streetscape.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

13-443 Reduction of the number of required existing parking spaces

For off-street parking facilities built prior to (date of adoption), the City Planning Commission may authorize a reduction of the number of required #accessory# off-street parking spaces where the Commission finds that such reduction will not have undue adverse effects on residents, businesses or community facilities in the surrounding area, as applicable.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

13-45 Special Permit for Limited Increase of Parking Spaces in Existing Buildings or Parking Facilities

The City Planning Commission may permit an increase in the number of parking spaces within an existing off-street parking facility, where such increase does not exceed the number of parking spaces that would be permitted on the #zoning lot# if such #zoning lot# were vacant and #developed# with a new #building# pursuant to Section 13-10 (PERMITTED OFF-STREET PARKING IN THE MANHATTAN CORE), provided that the conditions of paragraph (a) and the findings of paragraph (b) of this Section are met. Such increase in the number of parking spaces shall be determined in relation to a new #building# that is comparable to the #building# containing the parking facility in terms of its #floor area#, #use#, proportion of #uses# if different #uses# exist, and #dwelling units#, if any. Any #non-complying floor area# or #dwelling units# shall be excluded from such calculation

(a) Conditions

The proposed parking facility shall comply with the applicable provisions of Section 13-20 (SPECIAL RULES FOR MANHATTAN CORE PARKING FACILITIES), except that such parking facility need not comply with the provisions of Section 13-22 (Enclosure and Screening Requirements).

(b) Findings

The Commission shall find, with such increase in the number of parking spaces, that:

- the location of the vehicular entrances and exits to such parking facility will not unduly interrupt the flow of pedestrian traffic associated with #uses# or public facilities in close proximity thereto or result in any undue conflict between pedestrian and vehicular movements, due to the entering and leaving movement of vehicles;
- the location of the vehicular entrances and exits to such parking facility will not interfere with the efficient functioning of #streets#, including any lanes designated for specific types of users or vehicles, due to the entering and leaving movement of vehicles; and
- such parking facility will not be inconsistent with the character of the existing streetscape.

The Commission may prescribe appropriate conditions and

safeguards to minimize adverse effects on the character of the surrounding area.

13-46 Special Permits for Additional Parking Spaces

In accordance with the special permit provisions of Sections 13-461 through 13-464, the City Planning Commission may permit the off-street parking facilities listed in paragraph (a) of this Section, provided that such parking facilities comply with the conditions of paragraph (b) and the findings of paragraphs (c) and (d) of this Section.

(a) Eligible parking facilities

The City Planning Commission may permit, the following:

- on-site or off-site, open or enclosed #accessory# off-street parking facilities with any capacity not otherwise allowed under the applicable regulations of Section 13-10 (PERMITTED OFF-STREET PARKING IN THE MANHATTAN CORE);
- #public parking lots# with any capacity not otherwise allowed under the applicable regulations of Section 13-10, or #public parking lots# in locations not permitted by Section 13-14 (Permitted Parking for Public Parking Lots); or
- #public parking garages#, in the zoning districts permitted pursuant paragraph (d) of Section 13-041 (Applicability of parking regulations within the Manhattan Core). The Commission may also permit floor space in such #public parking garages# used for off-street parking spaces in any #story# located not more than 23 feet above #curb level# to be exempt from the definition of #floor area# as set forth in Section 12-10.

(b) Conditions

The proposed parking facility shall comply with the applicable provisions of Section 13-20 (SPECIAL RULES FOR MANHATTAN CORE PARKING FACILITIES). Proposed #public parking garages# shall utilize the applicable regulations for #accessory# off-street parking facilities.

(c) Findings

The Commission shall find that:

- the location of the vehicular entrances and exits to such parking facility will not unduly interrupt the flow of pedestrian traffic associated with #uses# or public facilities in close proximity thereto or result in any undue conflict between pedestrian and vehicular movements, due to the entering and leaving movement of vehicles;
- the location of the vehicular entrances and exits to such parking facility will not interfere with the efficient functioning of #streets#, including any lanes designated for specific types of users or vehicles, due to the entering and leaving movement of vehicles;
- for #public parking garages#, that where any floor space is exempted from the definition of #floor area#, such additional floor space is needed in order to prevent excessive on-street parking demand and relieve traffic congestion; and
- such parking facility will not be inconsistent with the character of the existing streetscape.

(d) Additional findings

The Commission shall also find that each proposed off-street parking facility complies with the additional findings set forth in one of the following Sections, as applicable:

- Section 13-461 (Additional parking spaces for residential growth) shall apply to any such parking facility serving the parking needs of a predominantly #residential development# or #enlargement# that has or will have an area of less than 1.5 acres;
- Section 13-462 (Additional parking spaces for health care, arts or public assembly uses) shall apply to any such parking facility serving the parking needs of a #use# listed in paragraph (a) of Section 13-462 that has or will have an area of less than 1.5 acres;
- Section 13-463 (Additional parking spaces for economic development uses) shall apply to any such parking facility serving the parking needs of a #non-residential use# not otherwise listed in paragraph (a) of Section 13-462 that has or will have an area of less than 1.5 acres, or
- Section 13-464 (Additional parking spaces for large-scale developments) shall apply

to any such parking facility serving the parking needs of a #development# or #enlargement# that has or will have an area of at least 1.5 acres.

**13-461
Additional parking spaces for residential growth**

The City Planning Commission may permit a parking facility listed in paragraph (a) of Section 13-46 (Special Permits for Additional Parking Spaces), where such parking facility serves the parking needs of a predominantly #residential development# or #enlargement#, provided that, in addition to the conditions and findings set forth in Section 13-46, the Commission shall find that either:

- (a) the number of off-street parking spaces in such proposed parking facility is reasonable and not excessive in relation to recent trends in close proximity to the proposed facility with regard to:
 - (1) the increase in the number of #dwelling units#; and
 - (2) the number of both public and #accessory# off-street parking spaces, taking into account both the construction, if any, of new off-street parking facilities and the reduction, if any, in the number of such spaces in existing parking facilities. In making this determination, the Commission may take into account off-street parking facilities for which building permits have been granted, or which have obtained City Planning Commission special permits pursuant to this Section; or
- (b) the proposed ratio of parking spaces to #dwelling units# in the proposed #development# does not exceed that for an as-of-right #building developed# under the provisions of Section 13-10 (PERMITTED OFF-STREET PARKING IN THE MANHATTAN CORE). In making this determination, the Commission may disregard the applicable limits on the total number of permitted parking spaces established for such as-of-right #buildings#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

**13-462
Additional parking spaces for health care, arts or public assembly uses**

The City Planning Commission may permit a parking facility listed in paragraph (a) of Section 13-46 (Special Permits for Additional Parking Spaces), where such parking facility would serve the parking needs of a health care, arts or public assembly #use#, provided that, in addition to the conditions and findings set forth in Section 13-46, the Commission shall find that:

- (a) the proposed parking facility is either in close proximity to or on the same #zoning lot# as one or more of the following #uses# being #developed#, #enlarged# or created within existing #buildings#:
 - (1) a hospital or related facility, as listed in Use Group 4;
 - (2) a museum, as listed in Use Group 3;
 - (3) a theater, as listed in Use Group 8, or other performing arts venue; or
 - (4) an arena, auditorium, trade exposition or stadium, as listed in Use Group 12 or, where permitted by special permit, pursuant to Section 74-41 or other government agency approvals.
- (b) an increased number of permitted off-street parking spaces in such proposed parking facility is essential to the operation of such health care, arts or public assembly #use#; and
- (c) reasonable measures to minimize parking demand have been identified. For existing or #enlarged# health care, arts or public assembly #uses#, such measures shall have been implemented, where feasible, prior to application, and a commitment by the applicant shall be made, in a form acceptable to the Commission, to continue, and where necessary, improve upon and supplement such measures. For new health care, arts or public assembly #uses#, such measures shall be committed to in a form acceptable to the Commission.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

**13-463
Additional parking spaces for economic development uses**

The City Planning Commission may permit a parking facility listed in paragraph (a) of Section 13-46 (Special Permits for Additional Parking Spaces), where such parking facility serves the parking needs of a non-#residential use# not otherwise listed in paragraph (a) of Section 13-462, provided that, in addition to the conditions and findings set forth in Section 13-46, the Commission shall find that:

- (a) the proposed parking facility is in close proximity to or on the same #zoning lot# as a #commercial use#, #community facility use# or #manufacturing use# which is being #developed#, #enlarged# or created within an existing #building or other structures#, and such #use# is of significant importance to the economic well-being of the City of New York;
- (b) an increased number of permitted off-street parking spaces in such proposed parking facility is essential

to the operation of such #use#; and

- (c) reasonable measures to minimize parking demand have been identified. For existing or #enlarged uses#, such measures shall have been implemented, where feasible, prior to application, and a commitment by the applicant shall be made, in a form acceptable to the Commission, to continue, and where necessary, improve upon and supplement such measures. For new #uses#, such measures shall be committed to in a form acceptable to the Commission.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

**13-464
Additional parking spaces for large-scale developments**

The City Planning Commission may permit a parking facility listed in paragraph (a) of Section 13-46 (Special Permits for Additional Parking Spaces), where such parking facility serves the parking needs of a #development# or #enlargement# on a tract of land exceeding one and one-half acres, provided that, in addition to the conditions and findings set forth in Section 13-46, the Commission shall find that:

- (a) where an increased number of permitted off-street parking spaces in such proposed parking facility would serve the parking needs of a predominantly #residential# large-scale #development# or #enlargement#, either finding (a) or finding (b) of Section 13-461 (Additional parking spaces for residential growth) is met;
- (b) where such proposed parking facility would serve the parking needs of a predominantly non-#residential# large-scale #development# or #enlargement#, an increased number of permitted off-street parking spaces in such proposed parking facility is essential to the operation of the non-#residential uses# in such #development# or #enlargement#;
- (c) where a parking deficit is created by the relocation of parking users from off-street parking spaces that will be eliminated through the proposed #development# or #enlargement#, the availability of off-street parking in the vicinity of such proposed #development# or #enlargement# will be of insufficient capacity to accommodate such potential parking users;
- (d) reasonable measures to minimize parking demand have been identified. For existing or #enlarged uses#, such measures shall have been implemented, where feasible, prior to application, and a commitment by the applicant shall be made, in a form acceptable to the Commission, to continue, and where necessary, improve upon and supplement such measures. For new #uses#, such measures shall be committed to in a form acceptable to the Commission; and
- (e) where phased construction will occur in the large-scale #development#, a phased parking plan has been provided which demonstrates that a reasonable and not excessive amount of additional parking spaces is provided in the proposed parking facility in relation to the amount of completed construction in such large-scale #development#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

GENERAL PURPOSES**

The provisions of this Chapter establish special comprehensive regulations for off street parking in Manhattan Community Districts 1, 2, 3, 4, 5, 6, 7 and 8 (with the exception of Roosevelt Island) and portions of Queens Community Districts 1 and 2. These regulations are a significant step forward towards bringing the Zoning Resolution into conformity with current environmental programs and safety standards concerning air pollution in the Borough of Manhattan, south of 110th Street. In Long Island City, Borough of Queens, these regulations will allow the city to plan for the parking needs of residents and businesses in a more rational manner and help facilitate a mass transit, pedestrian oriented Central Business District.

Residential Development**

Accessory off street parking spaces are only required for public or publicly assisted housing developments or enlargements in Manhattan Community Districts 1, 2, 3, 4, 5, 6, 7 and 8, only as set forth below:

(a) For public or publicly assisted housing, as such categories are defined in Section 25-25 (Modification of Requirements for Public or Publicly Assisted Housing or Non-Profit Housing for the Elderly), the minimum number of accessory off street parking spaces required for new dwelling units provided in the development or enlargement as a percentage of such new dwelling units are as follows:

(b) The requirements of this Section shall not apply to developments or enlargements on zoning lots having a lot area of 10,000 square feet or less.

(c) Required parking shall be waived for developments or enlargements if the required number of accessory off street parking spaces resulting from the application of the table in paragraph (a) results in 15 spaces or less.

(d) All required accessory off street parking spaces may be located either on the same zoning lot as the development or enlargement or on another zoning lot in accordance with the applicable zoning district regulations and shall be subject to the restrictions on location and use of accessory off street parking spaces in Sections 25-51 through 25-55, inclusive, and the additional regulations for permitted or required accessory off street parking spaces set forth in Sections 25-61 through 25-66, inclusive, or Sections 36-51 through 36-57, inclusive. (e) If a public or publicly assisted housing development or enlargement, as such categories are defined in Section 25-25 (Modification of Requirements for Public, Publicly Assisted and Government Assisted Housing or for Non-profit Residences for the Elderly), provides additional accessory off street parking spaces within the group parking facility that satisfies the minimum number of spaces required by this Section, then the permitted accessory spaces are not subject to the regulations set forth in paragraph (c) of Section 13-12 (Residential Development), 13-141 (Location of accessory off street parking spaces) and 13-143 (Maximum size of permitted accessory group parking facilities).

**13-52
Requirements for Applications**

An application to the City Planning Commission for the grant of a special permit or authorization under the provisions of this Section shall include a site plan showing the location of all buildings or other structures on the site, the location of all vehicular entrances and exits and off street parking spaces, and such other information as may be required by the Commission.

**13-53
Departmental Reports**

In Manhattan Community Districts 1, 2, 3, 4, 5, 6, 7 and 8, all applications for the grant of a special permit or authorization pursuant to this Section shall be referred to the Department of Transportation, or its successor, for its report with respect to the anticipated traffic impact resulting from such use at the proposed location and to the Department of Environmental Protection or its successor for its report on air quality at the proposed location. If such agencies shall report thereon within one month from the date of referral, the City Planning Commission shall, in its determination, give due consideration to such report and, further, shall have the power to substantiate the appropriate findings solely on the basis of the reports by such agencies with respect to the issues referred. If such agencies do not report within one month, the Commission may make a final determination without reference thereto. In no case shall a special permit or authorization be granted if the proposed use would cause a violation of ambient air quality standards or exacerbate an existing violation of such standards.

**13-54
Relationship to Public Improvement Projects**

In all cases, the City Planning Commission shall deny a special permit application or authorization whenever the use will interfere with a public improvement project (including housing, highways, public buildings or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit, or other public facilities) which is approved by or pending before the City Council or the Commission, as determined from the Calendar of each agency issued prior to the date of the public meeting on the application for a special permit or authorization.

**13-55
Authorizations**

**13-551
Accessory off street parking spaces**

The City Planning Commission may, by authorization, subject to the otherwise applicable zoning district regulations, allow on site enclosed accessory off street parking facilities with a maximum capacity of 15 spaces in existing buildings, provided that the Commission finds that:

- (a) the building does not have accessory off street parking spaces;
- (b) such parking spaces are needed for and will be used exclusively by the occupants of the use to which they are accessory, except that car sharing vehicles may occupy accessory off street parking spaces; however, the number of spaces so occupied shall not exceed five spaces or 20 percent of all such parking spaces, whichever is greater. For the purposes of this paragraph, (b), such need shall exist where there are special circumstances and there are no reasonably viable alternatives to on-site enclosed parking spaces;
- (c) the parking spaces will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic;
- (d) the parking spaces will not adversely affect pedestrian movement;
- (e) the parking spaces will not be incompatible with, or adversely affect, adjacent uses including uses within the building; and
- (f) the curb cut accessing such parking spaces will not be inconsistent with the character of the existing streetscape.

**13-552
Public parking lots**

The City Planning Commission may authorize public parking lots with a capacity of not more than 150 spaces in C2, C4, C6, C8 and M1 Districts or in Areas A, B or C in Queens Community Districts 1 and 2, as shown on the map in Section 13-01 (Availability), provided that the otherwise applicable regulations set forth in Sections 26-55 or 44-44 (Surfacing), and Sections 26-56 or 44-45 (Screening) are met.

As a condition for authorizing any such public parking lots, the Commission shall make the following findings:

- (a) such use will not be incompatible with, or adversely affect, the growth and development of uses comprising vital and essential functions in the general area within which such use is to be located;
- (b) such use will not create or contribute to serious traffic congestion and will not unduly inhibit vehicular and pedestrian movement;
- (c) such use is so located as to draw a minimum of vehicular traffic to and through local residential streets; and

(d) the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on #signs#, or requirements for shielding of floodlights and for locations of entrances and exits.

**13-553
Curb cuts**

The City Planning Commission may authorize, subject to the applicable zoning district regulations, curb cuts located on a #wide street# provided the Commission finds that a curb cut at such a location:

- (a) is not hazardous to traffic safety;
- (b) will not create or contribute to serious traffic congestion, or unduly inhibit vehicular movement;
- (c) will not adversely affect pedestrian movement;
- (d) will not interfere with the efficient functioning of bus lanes, specially designated #streets# and public transit facilities; and
- (e) will not be inconsistent with the character of the existing streetscape.

**13-56
Special Permits**

**13-561
Accessory off-street parking spaces**

The City Planning Commission may, by special permit, subject to the otherwise applicable zoning district regulations, allow on-site or off-site, open or enclosed, #accessory# off-street parking facilities with any capacity not otherwise allowed under Section 13-10 (PERMITTED ACCESSORY OFF-STREET PARKING SPACES), provided the Commission finds that:

- (a) such parking spaces are needed for, and will be used by, the occupants, visitors, customers or employees of the #use# to which they are #accessory#, except that #car sharing vehicles# may occupy #accessory# off-street parking spaces; however, the number of spaces so occupied shall not exceed five spaces or 20 percent of all such parking spaces, whichever is greater;
- (b) within the vicinity of the site, there are insufficient parking spaces available;
- (c) the facility will not create or contribute to serious traffic congestion nor will unduly inhibit vehicular and pedestrian movement;
- (d) the facility is so located as to draw a minimum of vehicular traffic to and through local #residential streets#; and
- (e) adequate reservoir space is provided at the vehicular entrance to accommodate vehicles equivalent in number to 20 percent of the total number of parking spaces, up to 50 parking spaces, and five percent of any spaces in excess of 200 parking spaces, but in no event shall such reservoir spaces be required for more than 50 vehicles. However, in the case of a facility with a capacity of 10 vehicles or less, the Commission may waive this finding.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including traffic improvements, if necessary, and limitations on #signs# or requirements for shielding or floodlights or for locations of entrances and exits.

**13-562
Public parking garages and public parking lots**

The City Planning Commission may, by special permit, allow #public parking garages# and #public parking lots# not otherwise permitted, pursuant to the applicable provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

- (a) shall not be permitted within 50 feet of the intersection of any two **#street lines#**, except where the Commissioner of Buildings certifies that such location is not hazardous to traffic safety, is not likely to create traffic congestion and will not unduly inhibit surface traffic or pedestrian flow. The Commissioner of Buildings may refer such matter to the Department of Transportation, or its successor, for a report; and
- (b) for **#accessory#** off-street parking facilities and **#parking garages#**, such curb cuts shall not be located on a **#wide streets#** designated on Map 2 (Locations where curb cuts are prohibited) in Appendix A of this Chapter, except where authorized pursuant to Section 16-343 (Curb cuts).

In such facilities, the gross unobstructed surface area, in square feet, shall not exceed 300 times the number of **#accessory#** off-street parking spaces provided.

16-30 AUTHORIZATIONS AND SPECIAL PERMITS

The City Planning Commission may grant authorizations and special permits, pursuant to Sections 16-34, inclusive, and 16-35, inclusive.

All such special permits and authorizations, in addition to meeting the requirements, conditions and safeguards prescribed by the Commission, shall conform to and comply with all of the applicable zoning district regulations of the Zoning Resolution, except as otherwise specified herein.

16-32 Requirements for Applications

An application to the City Planning Commission for the grant of a special permit or authorization under the provisions of this Section shall include a site plan showing the location of all **#buildings or other structures#** on the site, the location of all vehicular entrances and exits and off-street parking spaces, and such other information as may be required by the Commission.

16-33 Relationship to Public Improvement Projects

In all cases, the City Planning Commission shall deny a special permit application or authorization whenever the **#use#** will interfere with a public improvement project (including housing, highways, public **#buildings#** or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit, or other public facilities) which is approved by or pending before the City Council or the Commission, as determined from the Calendar of each agency issued prior to the date of the public meeting on the application for a special permit or authorization.

16-34 Authorizations

16-341 Limited increase in parking spaces for existing buildings without parking

The City Planning Commission may, by authorization, subject to the otherwise applicable zoning district regulations, allow onsite enclosed **#accessory#** off-street parking facilities with a maximum capacity of 15 spaces in existing **#buildings#**, provided that the Commission finds that:

- (a) the **#building#** does not have **#accessory#** off-street parking spaces;
- (b) such parking spaces are needed for and will be used exclusively by the occupants of the **#use#** to which they are **#accessory#**, except that **#car sharing vehicles#** may occupy **#accessory#** off-street parking spaces; however, the number of spaces so occupied shall not exceed five spaces or 20 percent of all such parking spaces, whichever is greater. For the purposes of this paragraph, (b), such need shall exist where there are special circumstances and there are no reasonably viable alternatives to on-site enclosed parking spaces;
- (c) the parking spaces will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic;
- (d) the parking spaces will not adversely affect pedestrian movement;
- (e) the parking spaces will not be incompatible with, or adversely affect, adjacent **#uses#** including **#uses#** within the **#building#**; and
- (f) the curb cut accessing such parking spaces will not be inconsistent with the character of the existing streetscape.

16-342 Public parking lots

The City Planning Commission may authorize **#public parking lots#** with a capacity of not more than 150 spaces in **#Long Island City#**, provided that the otherwise applicable regulations set forth in Sections 36-55 or 44-44 (Surfacing), and Sections 36-56 or 44-45 (Screening) are met.

As a condition for authorizing any such **#public parking lots#**, the Commission shall make the following findings:

- (a) such **#use#** will not be incompatible with, or adversely affect, the growth and development of **#uses#** comprising vital and essential functions in the general area within which such **#use#** is to be located;
- (b) such **#use#** will not create or contribute to serious traffic congestion and will not unduly inhibit vehicular and pedestrian movement;
- (c) such **#use#** is so located as to draw a minimum of vehicular traffic to and through local **#residential streets#**; and
- (d) the **#streets#** providing access to such **#use#** will be adequate to handle the traffic generated thereby.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on **#signs#**, or requirements for shielding of floodlights and for locations of entrances and exits.

16-343 Curb cuts

The City Planning Commission may authorize, subject to the applicable zoning district regulations, curb cuts located on a **#wide street#** provided the Commission finds that a curb cut

at such a location:

- (a) is not hazardous to traffic safety;
- (b) will not create or contribute to serious traffic congestion, or unduly inhibit vehicular movement;
- (c) will not adversely affect pedestrian movement;
- (d) will not interfere with the efficient functioning of bus lanes, specially designated streets and public transit facilities; and
- (e) will not be inconsistent with the character of the existing streetscape.

**16-35
Special Permits**

**16-351
Accessory off-street parking spaces**

The City Planning Commission may, by special permit, subject to the otherwise applicable zoning district regulations, allow onsite or off-site, open or enclosed, accessory off-street parking facilities with any capacity not otherwise allowed under Section 16-10 (PERMITTED OFF-STREET PARKING IN LONG ISLAND CITY), provided the Commission finds that:

- (a) such parking spaces are needed for, and will be used by, the occupants, visitors, customers or employees of the use to which they are accessory, except that car sharing vehicles may occupy accessory off-street parking spaces; however, the number of spaces so occupied shall not exceed five spaces or 20 percent of all such parking spaces, whichever is greater;
- (b) within the vicinity of the site, there are insufficient parking spaces available;
- (c) the facility will not create or contribute to serious traffic congestion nor will unduly inhibit vehicular and pedestrian movement;
- (d) the facility is so located as to draw a minimum of vehicular traffic to and through local residential streets; and
- (e) adequate reservoir space is provided at the vehicular entrance to accommodate vehicles equivalent in number to 20 percent of the total number of parking spaces, up to 50 parking spaces, and five percent of any spaces in excess of 200 parking spaces, but in no event shall such reservoir spaces be required for more than 50 vehicles. However, in the case of a facility with a capacity of 10 vehicles or less, the Commission may waive this finding.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including traffic improvements, if necessary, and limitations on signs or requirements for shielding or floodlights or for locations of entrances and exits.

**16-352
Public parking garages and public parking lots**

The City Planning Commission may, by special permit, allow public parking garages and public parking lots not otherwise permitted, pursuant to the applicable provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

Prior to issuing a building permit for any development or enlargement utilizing modifications granted by this authorization, the Department of Buildings shall be furnished with written notice of a commitment from the appropriate funding agency for the provision of such public funding.

Off-Street Parking Spaces) and that the following special findings are made:

- (a) that the number of spaces to be rented or the location of access, thereto, is such as to draw a minimum of vehicular traffic to and through #streets# having predominantly #residential# frontages;
(b) that the total number of spaces to be rented to nonresidents does not exceed 100; and
(c) that where the total number of spaces to be rented to nonresidents exceeds 20, reservoir space is provided at the vehicular entrance to accommodate 10 automobiles or 20 percent of the spaces so rented, whichever amount is less.

The Board may impose appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on #signs# or requirements for the shielding of floodlights.

The City Planning Commission may permit #group parking facilities accessory# to #uses# in #large-scale residential developments# or #large-scale community facility developments# or #large-scale general developments# with more than the prescribed maximum number of parking spaces set forth in Sections 25-12, 36-12 and 44-12 (Maximum Size of Accessory Group Parking Facilities) or may permit modifications of the applicable provisions of Sections 25-11, 36-11 and 44-11 (General Provisions) so as to permit off-street parking spaces #accessory# to such #uses# to be located on the roof of a #building#.

As a condition of permitting such exceptions or modifications, the Commission shall make the following findings:

- (a) that such #use# is so located as to draw a minimum of vehicular traffic to and through local #streets# in residential areas;
(b) that such #use# has adequate reservoir space at the vehicular entrance to accommodate either 10 automobiles or five percent of the total parking spaces provided by the #use#, whichever amount is greater, but in no event shall such reservoir space be required for more than 50 automobiles;
(c) that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby; and

(b) the City Planning Commission may authorize curb cuts where such curb cuts are needed for required loading berths. Such loading berths must be adjacent to a fully enclosed maneuvering area on the #zoning lot# at least equal in area to the area of the required loading berth and arranged so as to permit head-in and head-out truck movements to and from the #zoning lot#. The City Planning Commission will refer such applications to the Department of Transportation for their comment.

In addition, for #zoning lots# with frontage along such avenues and #streets# in Midtown where curb cuts are prohibited, the Commissioner of Buildings may waive required off-street loading berths pursuant to the provisions set forth in Section 13-35 (Modification of Loading Berth Requirements).

NOTICE

In accordance with Section 7.6 of the Hudson River Park Act and Article 8 of the New York State Environmental Conservation Law (the State Environmental Quality Review Act (SEQRA)) and the regulations promulgated pursuant thereto, public notice is hereby given that a public hearing will be held on Wednesday January 23, 2013, at 10:00 A.M., in Spector Hall at the City of New York Department of City Planning, 22 Reade Street, in Lower Manhattan, to hear comments on the Draft Environmental Impact Statement (DEIS) regarding the proposed redevelopment of Pier 57 in Hudson River Park (the "Project"). Such public hearing will be held jointly with the City Planning Commission's Uniform Land Use Review Procedure (ULURP) public hearing concerning the Project. The proposed Project is located on the west side of the Miller Highway (Route 9A) between West 14th Street and West 16th Street (Block 662, Lot 3 and p/o Marginal Street Wharf or Place). It involves the redevelopment, reuse and enlargement of the historic Pier 57 structure including the headhouse as a world-class commercial, cultural, educational and public space destination with approximately 428,000 gross square feet of retail, restaurant, other commercial, and educational and cultural uses; 110,000 gross square feet of public open space; a 141 slip marina; and an approximately 75-space accessory parking garage. The Project would also modify the existing access routes to the pier to improve pedestrian access and allow for proper vehicular access and servicing. The Project is expected to be completed in 2015.

The Notice of Completion and the DEIS for the Project were issued in accordance with Article 8 of the State Environmental Quality Review Act by the lead agency, Hudson River Park Trust ("HRPT"), on October 25, 2012 and both are available on <http://www.hudsonriverpark.org> or for public review at HRPT's offices at Pier 40, Suite 201, 353 West Street, New York, New York between the hours of 9:00 A.M. and 5:30 P.M., Monday through Friday, public holidays excepted. A CD of the entire DEIS and/or a paper copy of the executive summary of the DEIS are available at no charge upon request. A paper copy of the entire DEIS is available for purchase. Additionally, copies of the DEIS have been provided to federal, state, and local elected representatives, involved and interested agencies, Manhattan Community Boards #1, 2, and 4, and others. A full copy of the DEIS will be available for inspection at the public hearing. To inspect and/or obtain copies of the DEIS, please contact Noreen Doyle at the address above or by telephone at (212) 627-2020. Written comments may be submitted by e-mail to Pier57comments@hrpt.ny.gov or by mail to the attention of Noreen Doyle, Hudson River Park Trust, 353 West Street, Pier 40, 2nd floor, New York, NY 10014. Written comments, whether received at the Public Hearing or submitted directly to HRPT, will be afforded the same weight as oral testimony, and those wishing to submit lengthy or complex testimony are urged to do so in writing. Written comments on the DEIS following the hearing will be accepted until 5:00 P.M. on February 4, 2013.

As more particularly described in the DEIS and Land Use Review Application, the project would require discretionary approvals from HRPT, the City Planning Commission, the New York State Department of Environmental Conservation, and possibly other agencies, including the New York State Department of Transportation. With regard to City Planning Commission approvals, the following actions are required for the project: (1) Zoning Map Amendment to change the zoning of the project site from an M2-3 District to an M1-5 District; (2) Special Permit pursuant to (a) Section 62-834(b) – to modify the use regulations of Sections 62-241 (Uses on existing piers and platforms), the waterfront yard regulations of Section 62-332 (Rear yards and waterfront yards) and the height and setback requirements of Section 62-342 (Developments on piers); and (b) Section 62-834(c) – to

modify the waterfront public access requirements of Section 62-57 (Requirements for Supplemental Public Access Areas) and the visual corridor requirements of Section 62-513 (Permitted obstructions in visual corridors); (3) Special Permit pursuant to Section 74-922 – to modify the use regulations of Section 32-10 (Uses Permitted As-of-Right) to allow large retail establishments with no limitation on floor area per establishment; (4) Special Permit pursuant to Section 13-561 – to allow an enclosed accessory parking garage with a maximum capacity of 74 spaces in a portion of the cellar level; and (5) Certification by the Chairperson of the City Planning Commission to the Department of Buildings or Department of Business Services, as applicable, pursuant to Section 62-811 that a site plan has been submitted showing compliance, as modified by the special permits, with the provisions of Section 62-50 (General Requirements for Visual Corridors and Waterfront Public Access Areas) and 62-60 (Design Requirements for Waterfront Public Access Areas).

Hudson River Park Trust, as lead agency, has classified the project as a SEQRA Type I action. The DEIS, which has been prepared in accordance with both City and State environmental review regulations and guidelines for the actions described above, discloses the range of potential environmental impacts that could result from the proposed project.

Potential significant adverse impacts have been identified in the areas of transportation (traffic and pedestrians) and noise. The DEIS includes discussions of potential mitigation measures to address the project's significant adverse impacts and of project alternatives.

CD 8 C130078 PPM
IN THE MATTER OF an application submitted by the NYC Department of Citywide Administrative Services (DCAS), pursuant to Section 197-c of the New York City Charter, for the disposition to the New York City Land Development Corporation (NYCLDC) of city-owned property located on

Block 1373, Lot 20 and p/o Lot 1, pursuant to zoning.

NOTICE

On Wednesday, February 6, 2013, at 10:00 A.M., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the Office of the Deputy Mayor for Economic Development in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning disposition of City-owned property, approval of the lease and sale terms of the disposition parcels, amendment of the NYC Health and Hospitals Corporation operating agreement with the city in order to surrender a portion of the project site, zoning map changes and zoning text amendments, and a City map amendment to map a one-way loop road surrounding the project site and its connection to Main Street as a city street. Roosevelt Island Operating Corporation's actions as an involved agency may include amendment of the 1969 Master Lease originally between the City and the NYS Urban Development Corporation (RIOC's predecessor in interest) and related actions. It is also possible that an approval from the U.S. Environmental Protection Agency would be required with respect to a geothermal well system that may be part of the project. The proposed actions would facilitate an initiative by the Office of the Deputy Mayor for Economic Development to allow for the development of an applied science and engineering campus, Cornell NYC Tech, on Roosevelt Island by Cornell University of an approximately 1.8 million gross square feet (gsf) of building space, of which 620,000 gsf must be for academic use. The project site is located in Manhattan Community District 8 on the southern portion of Roosevelt Island, south of the Ed Koch Queensboro Bridge.

The zoning map amendment would rezone the project site and surrounding area from R7-2 to C4-5, and to map the Special Southern Roosevelt Island District over the same area. The zoning text amendments would create the Special Southern Roosevelt Island District and establish special use, bulk, and public access controls for the rezoning area. The Special District is intended to create a uniform, flexible framework for the ongoing development of the Cornell NYC Tech campus. The proposed C4-5/Special Southern Roosevelt Island District zoning designation would allow for the commercial uses anticipated with the project up to a maximum FAR of 3.4. Residential uses in the C4-5/Special Southern Roosevelt Island District would be permitted to a maximum FAR of 3.44, and community facility uses would be allowed to a maximum FAR of 6.5. Use Group 17B research labs would also be allowed under the C4-5/Special Southern Roosevelt Island District, to a maximum FAR of 3.4. Comments are requested on the DEIS and will be accepted until Tuesday, February 19, 2013.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 12DME004M.

TRANSPORTATION

NOTICE

PUBLIC NOTICE OF A CONCESSION OPPORTUNITY FOR THE OPERATION, MANAGEMENT AND MAINTENANCE OF AN EXPANSION TO THE PEDESTRIAN PLAZAS LOCATED ON BROADWAY AND 7TH AVENUE BETWEEN WEST 41ST AND WEST 53RD STREETS, BOROUGH OF MANHATTAN

The Department of Transportation ("DOT") intends to seek approval from the Franchise and Concession Review Committee to utilize a different procedure to negotiate an amendment to the Sole Source Concession Agreement dated September 9, 2009 as amended on January 7, 2011 with the not-for-profit organization, Times Square District Management Association, Inc. ("TSA") for the operation, management, and maintenance of pedestrian plazas located on Broadway and 7th Avenue between West 41st and West 53rd Streets, Borough of Manhattan ("Licensed Plaza"), including through DOT-approved events, sponsorships, and subconcessions including but not limited to providing for the sale of any of the following: prepared food, flowers, locally grown produce or locally manufactured products, merchandise (such as souvenirs or T-shirts) that helps brand or promote the neighborhood or the concessionaire, and other similar merchandise. The amendment would expand the Licensed Plaza to include additional concession areas along Broadway and 7th Avenue estimated to be approximately 150,000 square feet. This amendment will cause the existing concession to now be considered a major concession as

defined in Title 62, Chapter 7 of the Rules of the City of New York.

However, DOT will consider additional expressions of interest from other potential not-for-profit concessionaires for the operation, management, and maintenance of the portion of the Licensed Plaza that DOT intends to expand. In order to qualify, interested organizations should be active in the neighborhood of the Licensed Plaza and have demonstrated experience in the management, operation and maintenance of

publicly accessible facilities, including but not limited to programming/events management and concession or retail operation/management.

Not for profit organizations may express interest in the proposed concession by contacting Andrew Wiley-Schwartz, Assistant Commissioner for Public Spaces, by email at awileyschwartz@dot.nyc.gov or in writing at 55 Water Street, 9th Floor, New York, NY 10041 by February 1, 2013. Mr. Wiley-Schwartz may also be contacted with any

questions relating to the proposed concession by email or by telephone at (212) 839-6678.

Please note that the New York City Comptroller is charged with the audit of concession agreements in New York City. Any person or entity that believes that there has been unfairness, favoritism or impropriety in the concession process should inform the Comptroller, Office of Contract Administration, 1 Centre Street, New York, New York 10007, telephone number (212) 669-2323.
