BOARD OF ESTIMATE AND APPORTIONMENT

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,
MAYOR'S OFFICE, CITY HALL,
SATURDAY, October 29, 1887—11 o'clock A. M.

The Board met in pursuance of an adjournment.

Present—All the members, viz.:

Abram S. Hewitt, the Mayor; Edward V. Loew, the Comptroller; Henry R. Beekman, the President of the Board of Aldermen; Michael Coleman, the President of the Department of Taxes and Assessments.

The minutes of the meeting held October 27, 1887, were read and approved.

On motion, the Board proceeded to the consideration of the Departmental Estimates for the year 1888.

The Comptroller presented the following Departmental Estimates for the year 1888:

ESTIMATES OF THE DEPARTMENTS, BOARD OF EDUCATION, JUDICIARY AND OFFICERS OF THE CITY OF NEW YORK, INCLUDING VARIOUS CHARITABLE INSTITUTIONS, FOR THE YEAR 1888.

CITY DEPARTMENTS.

At a meeting of the Board of Estimate and Apportionment, created by chapter 335 of the Laws of 1873, held June 16, 1887, the following preamble and resolution were adopted, to wit:

Whereas, Section 189 of the New York City Consolidation Act of 1882 provides as follows:

"The Mayor, Comptroller, President of the Board of Aldermen and the President of the Department of Taxes and Assessments shall constitute the Board of Estimate and Apportionment.

"The said Board shall, annually, between the first day of August and the first day of November, meet, and by the affirmative vote of all the members, make a Provisional Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, and each Department and branch thereof, and of the Board of Education, for the then next ensuing year.

"For the purpose of making said Provisional Estimate, the heads of Departments and the Board of Education shall, at least thirty days before the said Provisional Estimate is required to be made, as herein provided, send to the Board of Estimate and Apportionment an estimate in writing, herein called a Departmental Estimate, of the amount of expenditure, specifying in detail the objects thereof, required in their respective departments, including a statement of each of the salaries of their officers, clerks, employees and subordinates.

"The same statement as to salaries and expenditure shall be made by all other officers, persons and boards having power to fix or authorize them.

"A duplicate of these Departmental Estimates and statements shall be made at the same time to the Board of Aldermen."

"Resolved, That the Comptroller request the heads of all the Departments, and the Officers of the City and County of New York, to send their Departmental Estimates for the year 1888, in conformity to the foregoing provisions of law, to the Board of Estimate and Apportionment on or before September 15, 1887."

You are particularly requested to send your Departmental Estimate to the Board of Estimate and Apportionment before the 15th day of September, 1887.

The Departmental Estimate should state specifically the objects and purposes of all the appropriations required to pay the expenses of conducting the public business of your Department in and for the year 1888. The amount required should be specified for each item of expense, including the salaries paid all officers, clerks and subordinates employed in the Department, giving the names and official titles of the several persons receiving such salaries, respectively, in accordance with the above-cited provisions of law. Full explanations should accompany the estimates, stating the reasons for any increase or decrease in the amounts, as compared with the appropriations made for 1887.

You are particularly requested to refer in your estimates to the provision of law under which the amounts of salaries and appropriations of specific sums for special objects and purposes, are authorized.

A separate comparative statement, in tabular form, showing, in one column, the amounts of all appropriations made to your Department for the year 1887, for different objects and purposes, with additions and deductions therefrom for any transfers which may have been made from one appropriation to another; and showing, in another column, the amounts of appropriations asked for in your Departmental Estimate, for the year 1888, is also required to be appended to said Departmental Estimate.

You are also requested to state the amount which may probably remain unexpended of any appropriations for 1887 at the end of the year.

Every item of expense not absolutely necessary for conducting the public business should be excluded, and every item included in the estimates should be reduced to the lowest amount of expenditure consistent with efficient service, in order to secure the utmost economy in the administration of City affairs, and make the burthen of taxation as light as possible; and your co-operation with the Board of Estimate and Apportionment in accomplishing these important objects is earnestly requested.

Respectfully,

Comptroller.

THE JUDICIARY, ETC.

At a meeting of the Board of Estimate and Apportionment, created by chapter 335 of the Laws of 1873, held June 16, 1887, the following preamble and resolution were adopted, to wit:

Whereas, Section 189 of the New York City Consolidation Act of 1882 provides as follows:

"The Mayor, Comptroller, President of the Board of Aldermen and the President of the Department of Taxes and Assessments shall constitute the Board of Estimate and Apportionment.

"The said Board shall, annually, between the first day of August and the first day of November, meet, and by the affirmative vote of all the members, make a Provisional Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, and each Department and branch thereof, and of the Board of Education, for the then next ensuing year.

"For the purpose of making said Provisional Estimate, the heads of Departments and the Board of Education shall, at least thirty days before the said Provisional Estimate is required to be made, as herein provided, send to the Board of Estimate and Apportionment an estimate in writing, herein called a Departmental Estimate, of the amount of expenditure, specifying in detail the objects thereof, required in their respective departments, including a statement of each of the salaries of their officers, clerks, employees and subordinates.

"The same statement as to salaries and expenditure shall be made by all other officers, persons and boards, having power to fix or authorize them.

"A duplicate of these Departmental Estimates and statements shall be made at the same time to the Board of Aldermen."

"Resolved, That the Comptroller request the Heads of all the Departments, and the Officers of the City and County of New York, to send their Departmental Estimates for the year 1888, in con-

formity to the foregoing provisions of law, to the Board of Estimate and Apportionment, on or before September 15, 1887."

In accordance with the foregoing resolution, I respectfully request you to prepare and send to the Board of Estimate and Apportionment, as soon as practicable, and before the 15th day of September, 1887, without fail, an estimate in detail of the amounts required to pay the expenses of conducting the business of your office, in and for the year 1888. The purpose and object of every appropriation should be stated, and the amounts of the salaries of all officers, clerks, employees and subordinates, should be specified; also the names and official titles of the several persons receiving such salaries, respectively, in accordance with the above-cited provisions of law.

If the estimates for 1888 differ in amount from the appropriations for the year 1887, you are requested to explain the reason of any increase or decrease.

You are particularly requested to refer in your estimates to the provision of law under which the amounts of salaries, and of appropriations of specific sums for special objects and purposes, if any, are authorized.

Every item of expense not absolutely necessary for conducting the public business should be excluded, and every item included in the estimates should be reduced to the lowest amount of expenditure consistent with efficient service, in order to secure the utmost economy in the administration of city affairs, and make the burthen of taxation as light as possible; and your co-operation with the Board of Estimate and Apportionment in accomplishing these important objects is earnestly requested.

Respectfully,

Comptroller.

CHARITABLE INSTITUTIONS.

At a meeting of the Board of Estimate and Apportionment, created by chapter 335 of the Laws of 1873, held June 16, 1887, the following preamble and resolution were adopted, to wit:

Whereas, Section 189 of the New York City Consolidation Act of 1882 provides as follows:

"The Mayor, Comptroller, President of the Board of Aldermen and the President of the Department of Taxes and Assessments shall constitute the Board of Estimate and Apportionment.

"The said Board shall, annually, between the first day of August and the first day of November, meet, and by the affirmative vote of all the members, make a Provisional Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, and each Department and branch thereof, and of the Board of Education, for the then next ensuing year.

"For the purpose of making said Provisional Estimate, the Heads of Departments and the Board of Education shall, at least thirty days before the said Provisional Estimate is required to be made, as herein provided, send to the Board of Estimate and Apportionment an estimate in writing, herein called a Departmental Estimate, of the amount of expenditure, specifying in detail the objects thereof, required in their respective departments, including a statement of each of the salaries of their officers, clerks, employees and subordinates.

"The same statement as to salaries and expenditure shall be made by all other officers, persons and boards having power to fix or authorize them.

"A duplicate of these Departmental Estimates and statements shall be made at the same time to the Board of Aldermen."

"Resolved, That the officers of all institutions which may be entitled by law to allowances of money from the City and County of New York, be requested by the Comptroller to send their estimates for the year 1888, to this Board, on or before September 15, 1887."

In accordance with the foregoing resolution I respectfully request that you will prepare and send to the Board of Estimate and Apportionment, certainly before the 15th day of September, 1887, an estimate of the amount required for the care and support of the inmates of your institution, as provided by law, in and for the year 1888.

Reference should be made to the provision of law authorizing the amount to be appropriated and paid from the Treasury of the City of New York for the benefit of your institution, annually, or as a per capita allowance of money.

Respectfully,

Comptroller.

The Departmental Estimates for the year 1888 are as follows:

THE LEGISLATIVE DEPARTMENT.

OFFICE OF THE CLERK OF THE COMMON COUNCIL,
NO. 8 CITY HALL,
NEW YORK, August 15, 1887.

Hon. EDWARD V. LOEW, Comptroller:

DEAR SIR—In reply to your circular letter of the 20th ultimo, requesting me to prepare and transmit to the Board of Estimate and Apportionment, on or before the 15th day of September next, estimates, in writing, of the amounts required to pay the expense of conducting the public business in this office, in and for the fiscal year of 1888, together with certain other information, I have the honor to state, that the salaries fixed by law are as follows:

President of the Board of Aldermen..... \$3,000 00
Twenty-five members of the Board, other than the President, at \$2,000 each per annum..... 50,000 00

(Section 52, New York City Consolidation Act of 1882; chapter 74, Laws of 1884; chapter 292, Laws of 1887.)

Section 79 of the New York City Consolidation Act of 1882 limits the amount of salaries for the clerks and other officers of the Board of Aldermen, including the Clerk, to \$25,000 per annum. Notwithstanding the fact that the clerical labor of this office is largely increased by the abolition of the offices of Assistant Aldermen and Supervisors, and that the work of duplicating the old manuscript records of the Common Council, commenced during the past year and now in progress, will require the services of at least four clerks during the ensuing year, it is believed that these services can be performed for the sum of..... 20,000 00

City Contingencies..... 1,500 00
Contingencies—Clerk of the Common Council..... 200 00

Total for the year 1888..... \$74,700 00

It is not possible to specify the names, titles or salaries of the clerks and other employees of the Board of Aldermen for the year 1888, until after the organization of the Board, and the designation of its clerks and other officers.

The following comparative statement of amounts asked for and appropriated in 1887 and required in 1888, with a statement of the probable unexpended balances of appropriations for 1887, is also herewith submitted, as requested:

Comparative Statement.

TITLE OF APPROPRIATION.	APPROPRIATED, 1887.	ASKED, 1887.	ASKED, 1888.
Salary—President Board of Aldermen, per annum.....	\$3,000 00	\$3,000 00	\$3,000 00
" 25 Members, at \$2,000 each, ".....	48,000 00	48,000 00	50,000 00
" Clerks and other officers, ".....	20,000 00	20,000 00	20,000 00
City Contingencies, including \$275 for engrossing resolutions on death of Horatio Seymour.....	1,500 00	1,500 00	1,500 00
Contingencies—Clerk of Common Council.....	200 00	200 00	200 00
For Engrossing Resolutions of Board of Aldermen on occasion of death of ex-President Chester A. Arthur.....	200 00
For Expenses of Re-engrossing Resolutions of Common Council on occasion of the defence of Fort Sumter by Gen. Robert Anderson, which were destroyed by fire.....	200 00
For Engrossing Resolutions of the Board of Aldermen on Presentation of Freedom of the City to M. Bartholdi.....	200 00
Totals.....	\$73,300 00	\$72,700 00	\$74,700 00

* Chapter 292 of the Laws of 1887 provides for an additional member of the Board of Aldermen, thereby increasing the number to 26, and adding \$2,000 to the amount required for salaries for 1888 and subsequent years.
† 24 members in 1887, 25 in 1888.

Unexpended Balances.

It is not possible, at this date, to estimate with any degree of certainty what balances, if any, will remain from the different appropriations at the end of the year; the indications are, however, that the entire appropriation will be expended.

Very respectfully,

FRANCIS J. TWOMEY, Clerk of Common Council.

THE MAYORALTY.

MAYOR'S OFFICE, NEW YORK, September 19, 1887.

To the Board of Estimate and Apportionment:

For salary of Secretary to the Board of Street Opening and Improvement, (\$1,200) twelve hundred dollars for year 1888.

WM. V. I. MERCER, Secretary.

THE FINANCE DEPARTMENT.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
September 20, 1887.

To the Board of Estimate and Apportionment:

As provided by section 189 of the New York City Consolidation Act of 1882, I submit herewith the Departmental Estimate of the Finance Department of the amount of expenditures required by said Department in and for the year 1888, specifying in detail their objects and purposes, and the amount of the salaries of all officers, clerks, employees and subordinates employed in the service of said Department, and including the compensation of temporary clerks annually employed in the Bureau for the Collection of Taxes during a portion of the year.

Statements are also presented with the Departmental Estimate of all the stocks and bonds of the City and County of New York, and of the territory annexed from Westchester County, which become due in the year 1888, and are payable from taxation and from "The Sinking Fund for the Redemption of the City Debt," as provided by law; and also of the interest on all outstanding bonds and stocks of the City and County of New York and of the annexed territory, due and payable from taxation in the year 1888.

Statements are also presented with the Departmental Estimate of the amount of rents payable in 1888 on leases to the City of premises for the use of departments and public officers, civil and police courts, armories and drill-rooms, together with estimates of miscellaneous expenses payable in 1888 on account of judgments against the Corporation, expenses of city real estate, wages of armorers, janitors and engineers for armories, etc., as provided by law.

It will not be necessary to raise by tax the amount required to pay the principal of stocks and bonds, payable by law from taxation, which will become due in the year 1888, as the accumulations and revenues of the Sinking Fund will be sufficient for that purpose and may be so applied pursuant to the provisions of law.

The statement of the equalized valuation of real and personal estate in the City and County of New York fixed by the State Board of Equalization of Assessments, and the amount of State taxes, have not yet been received from the Comptroller of the State, and will be hereafter added to the estimates, together with the amount of compensation and expenses of the Shore Inspector, to be raised by tax.

Respectfully submitted,

EDWARD V. LOEW, Comptroller.

Total.....	\$256,954 00

In examining the foregoing provisional estimate it will be found that I have not personally increased any of the items, but have endeavored to conform to the condition of affairs as I found them on assuming office. The above estimate, showing an apparently very large increase over the appropriations of last year, requires that I shall fully explain the reasons therefor to your Honorable Board.

On assuming office, July 1, 1887, I found the financial condition of the office in anything but a satisfactory shape. The item for "Contingent Counsel Fees," for which there had been appropriated \$25,000, and an additional \$15,000 received from the Clearing House in the Bank Tax cases, as hereinafter explained, showed a balance of only \$1,908.42, against which bills were presented aggregating over \$20,000. Of the appropriation for new parks there remained a balance of \$56.72, against which bills amounting to about \$7,000 were presented to me for settlement. The amount appropriated during the year for salaries of assistants, clerks, employees and subordinates, amounting to \$80,000, I found to be insufficient to pay the yearly services of those whom I found upon the regular pay-roll; so that there will be a deficiency to be provided for in this item unless the same can be arranged by transfer from some other Department of \$2,968.74. The increase of salaries in the office of the Counsel to the Corporation is due to two causes; one, the placing on the pay-roll of two Junior Law Clerks, three Stenographers, a Type-writer and two office boys, whose services were needed and who were, before that time, paid out of the appropriation for general contingencies. My predecessor having found that their work should be continued, he placed their names on the regular pay-roll and they have been paid out of that fund since June. The other cause for the increase is found in the fact that the salaries of the Chief Clerk and two Assistant Clerks and two Junior Assistants being found inadequate, my predecessor divided the sum of \$1,400 per annum among them, so that the salary of the Chief Clerk was increased by \$800 per annum, two Junior Assistants by \$200 each per annum, and that of the Assistant Clerks \$100 each per annum. The system inaugurated by my predecessor to reduce the large arrears of work having resulted in disposing of much that had accumulated in the Department, and it being necessary to follow up, and if possible complete what has been so auspiciously begun, I deem it proper to request that the Department should have the same amount for salaries as will be found to have been expended during the year 1887. As will be seen from our reports the work of this Department is very large and each year steadily grows, thus entailing additional working force, expenses for fees, traveling expenses of witnesses, court fees for notes of issue, entry of orders and judgments and obtaining certified copies thereof, extra stenographic and copying work, which I find has grown with the yearly increase of business transacted. As stated by my predecessor, "to cope with current business and at the same time to make any appreciable advance in disposing of old matters requires a strong force, thoroughly equipped for work." During the first six months of 1887 the total number of actions and special proceedings finally disposed of was 1,130. It is my purpose to make an equally credible showing for the six months ending January 1, 1888, and to that end I have not only continued the system adopted by my predecessor, but have made arrangements by which I expect to realize some money for the City by endeavoring to collect judgments which have been recovered in its favor through supplementary proceedings and otherwise. The present working force, therefore, cannot be reduced without impairing the efficiency of the Department, for my short experience has shown me that persistent and energetic work of a strong force is essentially necessary to dispose of the old and cope with the new work entailed on this Department. The increase for the item of contingent counsel fees from \$25,000 this year to \$40,000 next year is an apparent but not an actual increase. As hereinbefore stated, there was, in addition to the \$25,000 appropriated, the further sum of \$15,133.55 expended, the latter amount having been received from the Clearing House, for costs and counsel fees awarded to the City in litigations involving the constitutionality of the taxation of national banks, and which was used by my predecessor to meet the claims presented for payment against the item contingent counsel fees. During the first six months of this year the bills for counsel fees will aggregate about \$60,000, all of which indebtedness was incurred under my predecessor. Besides expending the \$40,000 appropriated as above explained, certified bills for counsel fees, amounting to over \$20,000 additional, have been presented, to pay which an appropriation should be made as applied for, unless the same can be satisfied by a transfer of an unexpended balance from some other Department. Many of the cases involving this large expenditure for counsel fees are still pending, and the lawyers employed will have to be paid for work during the next six months, and while the amount required will not be so great as during the first six months of the year, there should be appropriated to meet the deficiency \$10,000 additional, which will then leave \$11,908.42 to cover expenditures for the period from July 1, 1887, to January 1, 1888. This will be barely sufficient, for in addition to pending suits, we have commenced proceedings on two new sections of the Bronx River Aqueduct, and some expense will necessarily be incurred in the contentions sure to arise out of the effort of the Board of Electrical Control to place telegraph wires underground. In justice to my predecessor it is proper to state that the expenditures for the contingent counsel fees during the first half of the year 1887 have been unusually large and exceeded the expectations of the head of the Law Department at the time the provisional estimate for the year was made. By a fortuitous combination of circumstances a number of very important cases invol-

large sums of money have been finally disposed of, and the special counsel retained in them have been entitled to their fees during the first six months of the year. The cases which have especially contributed to these large expenditures have been the cases in the Supreme Court of the United States, known as the Bank Tax cases, in which a judgment favorable to the City was obtained, involving some three million dollars of back taxes and a large sum annually in the future. The two cases of the Mayor against Starin in the Court of Appeals, finally establishing the exclusive right of the City to maintain ferries between New York and Staten Island which were brought to a successful termination within this half year. The cases of Langdon against the Mayor and Kingsland against the Mayor were decided within the same period, in which the General Term, overruling the judgment of the referee, and fixing the rule of damages in the water-front cases on a basis favorable to the contention of the City, will save it an amount of money which cannot at present be calculated.

In addition to the foregoing cases, the City has been forced to take part in the proceedings arising out of the litigation of 1886, affecting the Broadway Surface Railroad Company, and has been compelled, at considerable expense, to attend at Albany, both before the Special and General Term, and submit on the part of the City its view as to the law and facts involved in that action. Besides these important cases, in which large fees were paid, the fact that there has been a change in the head of the Department has caused special counsel, who were retained in less important cases, to render their bill for services during the early part of the year, whereas, under other circumstances, many of them would not have been presented until later. There still remains to be disposed of a group of cases arising out of the transactions of the late ring, known in the Department as the Bank Interest Claim cases. The trial of the three actions brought by the City against the Broadway National Bank, the Tradesmen's National Bank, and the Tenth National Bank took place in the first six months of the current year. These actions involved very large sums of money, the National Broadway Bank involving over \$200,000, and the Tradesmen's National Bank and the Tenth National Bank aggregating an amount equally as large. These actions, although tried, have not been decided, and it is to be assumed that whatever judgments may be rendered, the future conduct of the cases will require some additional outlay for counsel fees to the special counsel, who were, long prior to the present administration, retained in these cases, and who have had substantially the entire conduct and management during their pendency. The same remark is applicable to another case involving upwards of a million dollars, the claim against the City arising out of what is known as the Hackley Street Cleaning Contract, which has been on trial before successive referees for years, and in which considerable work still remains to be done before it is disposed of. This and the bank cases referred to belong to the category of ring litigation which has heretofore been covered by the special appropriation for procuring evidence of fraud prior to 1872. The item for procuring and presenting evidence touching the value of lands in the new parks taken under the special act of 1884 of \$15,000 is the same as last year. In addition, we ask for the item of \$10,000 for appraising the lands to be taken for the small parks under the act of 1887. The labor which has been entailed upon the City officers in resisting the claims for damages in connection with the new parks has been, and still continues to be, a very onerous one. The claims, as presented by the owners of land to be taken for the new parks alone, run up into the millions of dollars, and the demands of the separate owners to have their exorbitant claims paid by the City have been accompanied and are being urged with the persistency that requires the continuous and unremitting exertions of the City's officers, and especially of this Department, to resist. We will, no doubt, have the same difficulties to contend with when the lands are to be taken for the small parks under the act of 1887, and, in my opinion, the sum asked for is very moderate when we compare the character and volume of work necessary to be done.

It is not only proper, but wise, that a sufficient sum of money should be appropriated to properly protect the interests of the City in these park cases, for the amounts involved are very great. And it must be remembered that a change in the valuation of a few dollars per acre on property taken for the parks under the act of 1884 would amount to hundreds of thousands of dollars, and the failure to look after the City's interests when proceedings are commenced to lay out the small parks, would entail very great additional outlay by the City. Besides the special cases enumerated, and which must be anticipated, we know from experience that unexpected cases arise which, so far as the City may be affected, must be protected, and the expense, therefore, anticipated. The regular working force of the office, while engaged in the effort to reduce the accumulated arrears of work, which now reaches in a number of actions and special proceedings pending on the 1st of July, 1887, to 4,779, which number is constantly being added to by new actions and proceedings which must be attended to, cannot be expected to give the special cases more than the ordinary degree of attention, while the character of such cases requires the highest degree of attention and ability to successfully cope with the efforts which will be put forth by those opposed to the City. The item "Bureau of Corporation Attorney" has been increased \$1,450. This is to provide for an increase in the salaries of process servers, amounting to \$900 per annum, and the addition of \$400 for contingencies, the balance being an increase of salary for clerks. The estimate for the Bureau of Public Administration is increased by \$400 for contingencies, it being necessary that he should be provided with a safe deposit vault in which to place the securities coming into his hands, a post-office box, stamps, and extra help at certain seasons of the year for which provision should be made to the extent of \$400, as asked for. It is unnecessary for me to state, in view of the foregoing, that there will not be left at the end of this year any unexpended balance of the appropriation for 1886. I herewith annex and transmit a detailed statement showing the salaries of the assistants, clerks, employees and subordinates of this Department and each Bureau thereof.

Very respectfully yours,

MORGAN J. O'BRIEN, Counsel to the Corporation.

Very respectfully,

WILLIAM A. BOYD, Corporation Attorney.

LAW DEPARTMENT—CITY OF NEW YORK,
OFFICE OF THE ATTORNEY TO THE CORPORATION,
No. 49 BEEKMAN STREET,
September 15, 1887.

Hon. MORGAN J. O'BRIEN, Counsel to the Corporation:

SIR—Your communication of the 14th instant, containing an inquiry as to the reasons why the estimate of expenditures for the year 1888, viz., \$17,010, exceeds the amount appropriated for the year 1887, viz., \$15,560, is at hand.

In reply I would say, the increase referred to attaches to the positions of Process Servers and Process Clerk (which has been substituted for Messenger), and for contingencies.

The increase asked for each of the Process Servers is the sum of \$300 per annum. In my judgment the compensation for the Process Servers should be \$1,500 instead of \$1,200 per annum, appropriated by the Board of Estimate, etc., for the year 1887. These men serve processes from the Battery to the Twenty-fourth Ward, and are compelled to expend considerable sums in car-fares, etc., and they well earn the sum of \$1,500 per annum.

The increase asked for the Process Clerk is the sum of \$160 over that appropriated for the year 1887 for the Messenger. In my judgment the services rendered are fully worth the increased sum.

The increase for contingencies of \$400 is needed for the purchase of necessary books for the library attached to this Bureau.

I am, yours, very truly,

WILLIAM A. BOYD, Corporation Attorney.

THE DEPARTMENT OF PUBLIC WORKS.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET,
NEW YORK, September 24, 1887.

Hon. ABRAM S. HEWITT, Mayor:

SIR—In compliance with section 189 of the New York City Consolidation Act of 1882, and with the circular letter of the Comptroller, dated July 20, 1887, I have the honor to present herewith the following estimate of the amounts required to conduct the public business under the charge of this Department for the year 1888:

AQUEDUCT—REPAIRS, MAINTENANCE AND STRENGTHENING.	
Final Estimate for 1887.....	\$226,500 00
Final Estimate—Salaries.....	23,500 00
Total.....	\$250,000 00
Departmental Estimate for 1888.....	\$222,833 33
Departmental Estimate—Salaries.....	27,166 67
Total.....	\$250,000 00

From this appropriation are to be paid the work, services and material required in the care and maintenance of the storage reservoirs, lakes, ponds and streams in the Croton water-shed and the dams, sluices and other structures connected therewith; the Croton Aqueduct, from the Croton dam to the City; the cost of operating the high-service pumping-works at High Bridge and at Ninety-eighth street, and the work of strengthening and improving the Aqueduct, embankments and retaining-walls, from Yonkers to the Harlem river. This latter work is rendered of the utmost importance by the necessity of keeping the Aqueduct running at its fullest capacity, and under the fullest possible strain in order to receive an adequate water supply.

Salaries—While, as will be seen from the above, it is not proposed in this estimate to increase the total amount of the appropriation, the increase of \$3,666.67 for salary account will be needed. The Departmental Estimate for salary account for 1887 was \$25,000, or \$1,500 more than was given in the Final Estimate. The amount appropriated for 1887 has, by actual experience, been found inadequate. The estimate includes the services of an additional engineer for the high-service pumping-works, at \$1,100 per annum. The two pumping-engines, which are operated day and night, are now run with six engineers, so that in case of absence, from sickness or other cause, there is no reserve to supply the deficiency. The employment of the additional engineer is very strongly urged by the Chief Engineer. The other additions to the salary account are for one-third of the time and services of the Assistant Engineer, \$1,666.67, and an increase of \$900 in the aggregate of the salaries of the six Engineers now employed.

According to this estimate, the salaries to be provided for in the appropriation are to be as follows:

First Assistant Engineer, one-third time	\$1,666 67
1 Assistant Engineer	3,000 00
1 Transman	1,500 00
1 Rodman	1,000 00
2 Keepers, \$1,200 each	2,400 00
6 Keepers, \$1,000 each	6,000 00
2 Enginemen, \$1,500 each	3,000 00
2 Enginemen, \$1,200 each	2,400 00
3 Enginemen, \$1,100 each	3,300 00
1 Clerk	2,000 00
1 Messenger	900 00

BRONX RIVER WORKS—MAINTENANCE AND REPAIRS.

Final Estimate for 1887	\$21,100 00
Final Estimate—Salaries	3,900 00

Total

Departmental Estimate for 1888	\$24,350 00
Departmental Estimate—Salaries	3,900 00

Total

This appropriation is for the supervision, care and maintenance of the reservoirs, dams, conduit line and structures connected with the Bronx river water supply. The increase of \$3,250 asked for in this estimate, for maintenance and repairs, is required in consequence of the increased wear and tear as the works grow older, and for the purpose of expediting the completion of the additional excavation of shallow parts in the storage reservoir to prevent the growth of vegetable matter which has been complained of and objected to by the Board of Health.

The estimate for salaries remains unchanged. The salaries to be provided for in the appropriation are:

1 Assistant Engineer, one-half time	\$1,500 00
2 Keepers, \$1,200 each	2,400 00

BOULEVARDS, ROADS AND AVENUES, MAINTENANCE OF.

Final Estimate for 1887	\$100,000 00
-------------------------------	--------------

Departmental Estimate for 1888	\$194,000 00
Departmental Estimate—Salaries	3,000 00

Total

The estimate of \$194,000, which is for materials, labor, tools, etc., also includes an estimate of \$15,000 for sprinkling the boulevards and macadamized streets. The orders to the Superintendent of Streets at the beginning of this year were to furnish, for the comfort and convenience of persons living near macadam roads, such a constant supply of sprinkling as would be effective, and also to ascertain what the estimate would be in succeeding years for efficient sprinkling.

After the experience of this season, if it be thought desirable to protect the citizens from the annoyance of dust, the estimate for sprinkling should be put at \$15,000.

In making his estimate of \$164,000 for boulevards, roads, etc., the Superintendent of Streets has furnished a statement showing the application, in detail, in labor and materials. There is no dispute that the macadam roads require a large sum of money to place them in good order. One reason of their present bad condition, to which attention has not heretofore been called, is the fact that they were allowed for some time previous to 1886 to run into a bad state for want of material; thus we find for the years 1883, 1884 and 1885 that little or no material, at least of a solid nature, was purchased to fill up the voids in the pavements and replace the wear and tear; consequently, in 1886, the macadamized streets were in a very bad condition. I think, with an estimate of \$194,000 for 1888, these streets can be placed in such good order as to require thereafter for their yearly maintenance a sum of money not to exceed \$50,000.

In the estimate submitted are included two important works—the resurfacing of Avenue A from Sixty-third to Eighty-fourth street, which is now an absolute necessity at an estimated cost of \$22,300, and repairs to the Western Boulevard, between Seventy-ninth and One Hundred and Fourth streets, at an estimated cost of \$31,850. The cost of paving the gutters with block stone in many places, is also included in the estimate.

The estimate may be considered large, but it is vastly cheaper to put the macadam roads in good order at once and so reduce the yearly estimate, than to devote each year a sum of money sufficient to keep them in barely passable condition, a policy which increases very largely the yearly amount of the appropriation as well as the ultimate cost.

From the best information to be derived from the expenditures of past years, it is estimated that the yearly maintenance of the boulevards and macadamized streets amounts to six cents per square yard, or from \$45,000 to \$50,000 for the whole area. This sum, it must be noted, represents the yearly wear and tear after the streets have once been placed in good order, and it is exclusive of the sum necessary to bring the streets up from their present condition to a proper standard. It is notorious that the condition of these streets has greatly deteriorated, and that a large sum is now necessary to compensate for former neglect, from whatever source that may have come. It is not likely that the streets could be thoroughly repaired for less than \$150,000, even were it possible to perform the work instantly, but as the time consumed would be at least one year, the annual wear and tear must be added thereto, swelling the estimate to \$190,000 or \$200,000.

Some of the streets now macadamized which are exposed to heavy traffic, should be paved with stone blocks.

Salaries—The Clerk doing duty in the Bureau of Streets and Roads was taken from the office of the Chief Clerk, but there appears to be no reason why his services should not be charged to the above appropriation. The services of a rodman to measure and lay out work are also considered necessary.

The salaries to be paid from the appropriation, are:

1 Clerk	\$1,800 00
1 Rodman	1,200 00

Total

BORING EXAMINATIONS FOR SEWER AND GRADING CONTRACTS.

Final Estimate for 1887	\$4,000 00
Departmental Estimate for 1888	4,000 00

The above amount will be required for labor, tools and appliances for boring test-holes in streets which are to be graded and where sewers are to be built, to enable the Department to make correct estimates of the relative quantities of rock and earth excavation required for each work, so as to form a proper basis for the contractors' bids received at public lettings.

CONTINGENCIES—DEPARTMENT OF PUBLIC WORKS.

Final Estimate for 1887, including a transfer of \$1,250	\$5,250 00
Departmental Estimate for 1888	4,000 00

The items to be provided for in this appropriation are extra traveling expenses of officers and employees in the discharge of public business, postage, telegraphing and other incidental and petty expenses. Although, as above stated, a transfer of \$1,250 to this appropriation was required and made for the current year, the sum of \$4,000 will probably be sufficient for the ensuing year.

FLAGGING SIDEWALKS AND FENCING VACANT LOTS IN FRONT OF CITY PROPERTY.

Final Estimate for 1887	\$3,000 00
Departmental Estimate for 1888	5,000 00

The demands upon this appropriation for the current year, to keep in proper order the sidewalks and fences in front of property owned or occupied by the City, have been such that in the early part of August the entire appropriation, with the exception of a balance of 28 cents, had been expended, and the demands for repairs, accruing during the remainder of the year, cannot be met until next year, when the new appropriation becomes available. The Superintendent of Street Improvements estimates that \$5,000 will be required for this work for the year 1888.

Urgent requests have been made on the Department to repair and renew the flagging and curb of the sidewalks fronting on the building bounded by Elm, White, Centre and Franklin streets, which is owned by the City and leased to the New York and Harlem Railroad Company. The sidewalks are in very bad condition. The cost of the necessary repairs is estimated at \$5,000. It is believed that under the terms of the lease these repairs should be made by the railroad company, but if, on further investigation, it should be decided that they must be made by the City, the \$5,000 required must be added to the above appropriation.

FOR REPAIRING WATER-MAIN LEADING TO NORTH BROTHER ISLAND.

Final Estimate for 1887	\$3,000 00
Departmental Estimate for 1888	

In the Final Estimate for 1883 an appropriation of \$35,000 was made at the request of the Health Department, and not upon any request made by this Department in the Departmental Estimate, to lay a water-main to North Brother Island, to furnish a water supply to the institutions of the Health Department located there, the work to be done under the supervision and direction of this Department. The main was laid under a contract made with this Department, dated July 3, 1883. In 1886 there was a break in the water-main, and the Health Department called upon this Department to repair it. This raised the question whether, under the provisions of section 350 of the New York City Consolidation Act of 1882, regulating the appropriation and expenditure for laying pipes to extend and improve the distribution of water, the water-main and supply to North Brother Island should be regarded as part of the water supply system under the charge of this Department, or whether it was not a matter pertaining exclusively to the Health Department. No request was made in my Departmental Estimate for 1887 for any appropriation for this purpose, but in the Final Estimate the sum of \$3,000 was appropriated for the repairs of the main. This amount has been expended, but the Chief Engineer of the Croton Aqueduct reports that, owing to the depth of water, which in some places is ninety feet, it is impossible to repair the main thoroughly so as to make it perfectly secure, and that, to insure a continuous supply, an additional main should be laid, the cost of which he estimates at \$24,000. It is left to the judgment of the Board of Estimate and Apportionment whether this amount should be appropriated in the Final Estimate and whether the appropriation should be made to this Department or to the Health Department.

FREE FLOATING BATHS.

Final Estimate for 1887	\$30,000 00
Final Estimate—Salaries	20,000 00

Total

Departmental Estimate for 1888	\$50,308 00
Departmental Estimate—Salaries	25,151 00

Total

The following are the items provided for in this estimate:

For maintenance, ordinary repairs and supplies of the eleven baths now in use	\$16,000 00
For maintenance and ordinary supplies of two additional baths, if built as provided for in the Laws of 1887, chapters 209 and 227	2,008 00
For construction of two new baths, authorized by the Laws of 1887, as above	25,000 00
For extraordinary repairs of the pontoons of the existing baths	6,400 00
Salaries for eleven baths now in use	22,000 00
Additional salaries of attendants for two new baths, if constructed	3,151 00

Total

The Final Estimate for 1887, for maintenance and supplies of eleven baths, was \$30,000, not including salaries. This appears to have covered two items, one for ordinary repairs and supplies, about \$16,000, and the other for extraordinary repairs and reconstruction of the pontoons that float the baths, \$14,000.

During the current year the Department has expended money for ordinary repairs only, and at the end of the year there will, therefore, be a probable unexpended balance of \$14,000. It is recommended that this balance, or so much of it as may be necessary, be transferred by the Board of Estimate and Apportionment to the construction of one of the new baths authorized by law. Should this be done, the above departmental estimate may be diminished by the sum of \$12,500, which is the estimated cost of one new bath.

The Departmental Estimate for 1888 also includes \$6,400 for extraordinary repairs of the pontoons which float the baths. The estimate for this work, which has been made by the Superintendent of Repairs and Supplies, after careful examination, is small and absolutely necessary. The appropriation for salaries for the eleven baths now in use for the current year is \$20,000. The Departmental Estimate for 1888 increases the amount to \$22,000. The increase is due to the employment of a foreman and an assistant foreman of the baths—the foreman during the bathing season only and the assistant foreman during the whole year.

Experience has proved the necessity and utility of employing competent foremen to take care of the baths and to see to their proper and efficient use during the bathing season.

The following are the salaries to be provided for in this appropriation:

1 Foreman, 137 days, at \$5 per day	\$685 00
1 Assistant Foreman, 365 days, at \$3.50 per day	1,277 50
3 Watchmen, 365 days, \$3 per day each	3,285 00
33 Attendants, 137 days, \$2.50 per day each	11,302 50
22 Female Attendants, 137 days, \$2 per day each	6,028 00

For two new baths, if built—

6 Attendants, at \$2.50 per day each	\$2,055 00
4 Female Attendants, 137 days, \$2 per day each	1,096 00

Total salaries

LAMPS AND GAS AND ELECTRIC LIGHTING.

Final Estimate for 1887	\$732,000 00
Final Estimate—Salaries	5,800 00

Total

Departmental Estimate for 1888	\$708,607 00
Departmental Estimate—Salaries	6,500 00

Total

The estimate is composed as follows:

Cost of lighting and maintaining the gas-lamps, electric-lights and naphtha-lamps which will be in use on January 1, 1888, at the prices fixed in the latest awards of contracts made by the Gas Commission, with an estimated addition of 1,000 gas-lamps to be erected in 1888 in extending gas-light to new streets	\$640,607 00
Gas for public buildings and offices	43,000 00
Allowance for additional cost of 1,000 additional electric lights, which may be ordered by the Gas Commission on the expiration of the present contracts, April 30, 1888, in place of gas lamps	25,000 00

Total

Salaries—The appropriation of \$5,800 for this year is for one Clerk, \$1,800, and four Inspectors, \$1,000 each. By a transfer of clerks made this year, the salary now paid to the Clerk of the Bureau is reduced to \$1,500. An additional Inspector of Lamps is absolutely required, and is now employed and paid part of this year from the saving made in the Clerk's salary.

The salaries to be paid from the appropriation for 1888 will, therefore, be:

1 Clerk	\$1,500 00
5 Inspectors, \$1,000 each	5,000 00

Grand total

LAYING WATER PIPES.

Final Estimate for 1887.....	\$186,000 00
Final Estimate—Salaries.....	14,000 00
Total.....	\$200,000 00
Departmental Estimate for 1888.....	\$231,508 33
Departmental Estimate—Salaries.....	18,491 67
Total.....	\$250,000 00

The total amount of this appropriation is limited by law (section 356 of the New York City Consolidation Act of 1882) to \$250,000 for each year. From this amount it will be necessary next year to pay the cost of laying an additional pipe to Blackwell's Island, estimated at \$30,000. The reason for the proposed additional pipe is that the present pipe has been down for fifteen years, which is considered to be about the full age within which it can safely be relied upon. It is therefore necessary to lay another pipe as soon as possible to obviate the serious consequences of any break or failure of the present line of pipe.

The estimate also includes the sum of \$26,000 to complete the storage-house for coal at the high-service pumping-station. This is demanded in order to relieve the boiler-house, where the coal is now stored, as a preparation for increasing the boiler and engine capacity at the pumping-station, which is now necessary in order to provide a sufficient water supply for the large increase of buildings west of Central Park.

Deducting the above two items from the estimate of \$231,508.33, there will be only \$175,508.33 left for laying pipes to extend and improve the water supply throughout the city. The Chief Engineer, in his estimate, reports that with the present rate of progress in the erection of new buildings in the city, nearly \$200,000 would be required for additional water-pipes to extend the water service, but, as above stated, the total appropriation, including salaries, is by law limited to \$250,000.

Salaries—The amount appropriated for the current year, \$14,000, has, by actual experience, been found insufficient. The increase of \$4,491 67, asked for in this estimate, is required for additional services of Engineers and Inspectors in the supervision of the work. A comparison of the Final Estimate for 1887 with this Departmental Estimate for 1888 will show that the ratio of the salary account to the total amount of the appropriation is nearly the same.

The salaries to be provided for under this appropriation are:

1 First Assistant Engineer, one-third time, at \$5,000.....	\$1,666 67
1 Engineer.....	3,000 00
1 Rodman.....	1,200 00
1 Draughtsman.....	1,200 00
1 Superintendent Pipe Yard, 365 days, at \$5 per day.....	1,825 00
1 Inspector on Manufacture of Pipe, 320 days, at \$5 per day.....	1,600 00
1 Inspector on Manufacture of Stop-cocks, etc., 320 days, at \$4 per day.....	1,280 00
6 Inspectors on Laying Pipes, 320 days, at \$3.50 per day, each.....	6,720 00
Total.....	\$18,491 67

PUBLIC BUILDINGS—CONSTRUCTION AND REPAIRS.

Final Estimate for 1887.....	\$100,000 00
Departmental Estimate for 1888.....	100,000 00
The Departmental Estimate for 1887 called for \$112,312, divided as follows:	
For general repairs of buildings.....	\$64,512 00
For new passenger elevator and improvement of steam apparatus in New Court-house.....	9,500 00
For improvements on City Hall Building.....	18,800 00
For special repairs in Third District Court-house, part of Tombs' Building and Hall of Records.....	9,500 00
For brick building in pipe-yard.....	10,000 00

The Board of Estimate and Apportionment, after reducing the Departmental Estimate of \$112,312 for 1887 to the sum of \$100,000 in the Final Estimate, also set apart specially out of this sum \$10,000 for repairs of markets and \$2,000 for repairs of Sixty-ninth Regiment Armory. With this appropriation the Department has been able so far, and will be able for the remainder of the year, to attend to the general repairs of the public buildings, to build two new elevators in the New Court-house in place of the present one, which is too heavy and slow, to make a portion of the special repairs in the Third District Court-house, the Tombs building and the Hall of Records, and to erect the brick building in the Pipe Yard.

Of the special improvements and repairs called for in the Departmental Estimate of 1887, there remain, therefore, to be provided for in the estimate for 1888:

Repairs to steam apparatus in New Court-house.....	\$3,000 00
To complete the contemplated repairs and improvements in City Hall building, including painting of the interior, new window-sash, fitting up ladies' retiring room, new stoop, steps and repairs of plaza at the main entrance.....	17,000 00
To complete repairs required in Third District Court-house, in the portion of the Tombs building which is under the charge of this Department, and in the Hall of Records.....	6,500 00
To this is to be added for general repairs to public buildings, including markets and armories.....	79,500 00
Making a total Departmental Estimate, as above.....	\$106,000 00

PUBLIC DRINKING-HYDRANTS.

Final Estimate for 1887.....	\$2,500 00
Final Estimate—Salaries.....	1,000 00
Total.....	\$3,500 00
Departmental Estimate for 1888.....	\$7,170 00
Departmental Estimate—Salaries.....	1,200 00
Total.....	\$8,370 00

The appropriation of \$2,500 for the current year has been barely adequate to make repairs of urgent necessity on the 277 public drinking-hydrants now in use, leaving no provision for placing additional hydrants authorized by resolutions of the Common Council. There are now on file in the Department resolutions of the Common Council for 22 additional drinking-hydrants for man and beast. The cost of furnishing and placing them is estimated at \$200 each, or an aggregate of \$4,400, and the cost of repairing hydrants for the ensuing year is estimated at \$2,770, making the above sum of \$7,170.

Salaries—The sum of \$1,200 is estimated for the salary of one inspector heretofore paid at the rate of \$1,000. The inspector has proved himself to be a very efficient man and has reduced expenses of repairs considerably, and for that reason it is proposed to increase his salary from \$1,000 to \$1,200.

REMOVING OBSTRUCTIONS IN STREETS AND AVENUES.

Final Estimate for 1887.....	\$6,884 00
Final Estimate—Salaries.....	3,116 00
Total.....	\$10,000 00
Departmental Estimate for 1888.....	\$25,000 00
Departmental Estimate—Salaries.....	7,500 00
Total.....	\$32,500 00

The appropriation for this year for removing obstructions is entirely inadequate if the Bureau of Incumbrances is expected to attend to its business, and if it is not expected to attend to its business, it should not be held responsible nor be criticized by the public for inability or inefficiency caused by want of funds.

The whole expense of removing obstructions falls upon the appropriation, while the money which is received for the redemption of articles sent to the Corporation Yard goes into the Sinking Fund, and is not available for the use of the Bureau.

Under an opinion of the Counsel to the Corporation, the Twenty-third and Twenty-fourth Wards have been added to the area of the supervision of the Bureau. The incumbrances include

structures of all kinds encroaching upon the sidewalks and pavements, dead and dangerous trees, dirt, stone and other refuse material left in the streets from various causes; carriages, wagons, lumber, merchandise and articles of every description. In view of the extended area and diversified nature of the duties of the Bureau, it does not appear that the above estimate of \$25,000 for the removal of obstructions is too great.

Salaries—The Departmental Estimate for salaries for 1887 was \$4,500, calculated for five inspectors at \$900 each. When this was reduced by the Board of Estimate and Apportionment to \$3,116 in the Final Estimate, it became necessary to pay the additional inspectors from the general salary appropriation. In view of this deficiency and the necessity of greater activity in the removal of obstructions, the following salaries should be provided for in the appropriation for 1888:

1 General Inspector.....	\$1,200 00
6 Inspectors, \$900 each.....	5,400 00
1 Keeper of the Corporation Yard.....	900 00
Total.....	\$7,500 00

As the Corporation Yard, heretofore occupied, on the Fort Gansevoort property, had to be vacated to make room for the erection of the Gansevoort Market buildings, it will be necessary to provide in the estimates for next year for the rental of another Corporation Yard at an estimated cost of \$5,000, and provision should also be made for the rental of a Corporation Yard for the Twenty-third and Twenty-fourth Wards, estimated at \$2,500. I believe it is proper that these rentals be included in the appropriation for rents made to the Finance Department, but, if not so included, they should be placed in the Final Estimate made to this Department.

REPAIRING AND RENEWAL OF PIPES, STOP-COCKS, ETC.

Final Estimate for 1887.....	\$200,000 00
Final Estimate—Salaries.....	50,000 00
Total.....	\$250,000 00

Departmental Estimate for 1888.....	\$223,000 00
Departmental Estimate—Salaries.....	50,200 00
Total.....	\$279,200 00

This appropriation is for all the services, labor and material required in the maintenance of the entire system for distributing water throughout the city, including the supervision of the water-meter system, and the accounts connected with the same.

On June 30, 1887, the distributing system comprised 610.71 miles of pipes, with 6,327 stop-cocks, 7,885 fire-hydrants and 15,539 water-meters. The estimate of \$223,000 for labor and materials required in the maintenance of the distributing system may be divided into the following principal items:

First—\$155,500 for ordinary repairs.
For this service the city is now divided into four districts, with a gang of experienced and competent mechanics and laborers under the charge of a reliable and competent foreman, to attend to all necessary repairs in each district. Under ordinary circumstances this work is naturally increased, from year to year, by the extension of the water supply into new streets and districts, for which from fifteen to twenty miles of water-mains are laid each year, and by the increased wear and tear on the older water-mains and fixtures.

The demands upon this service are further increased at this time in consequence of the extraordinary amount of work in progress in regulating and grading new streets, building sewers and erecting new buildings. These works cause frequent interference with the water-mains and fixtures. The above estimate contemplates the employment of an additional repair gang and the division of the city territory into five districts, instead of four, as at present. This is considered necessary to enable the Department to give prompt and efficient attendance in all cases where repairs are required.

Second—\$50,000 for replacing water-mains, hydrants, taps, service-pipes, etc., contiguous to the water-front, where the mains and fixtures have been nearly destroyed by corrosion from contact with salt water. The streets in which this work is necessary to be done are: West, Front, Water, Greenwich, Washington, Vesey, Barclay, Murray, Warren, Reade and Duane streets and Park place. As the renewal of this class of water-mains and fixtures will ultimately amount to between \$300,000 and \$400,000, this estimate of \$50,000 is moderate. The necessity for the renewal of these pipes and fixtures is further enhanced by the fact that in a few years, when the additional water supply is received through the New Aqueduct, they will be under greater pressure and under greater danger of breaks and leakage.

Third—\$17,500 for repairing 1,000 Navarro water-meters, and placing them, at the expense of the city, in buildings known as "flats," and other houses which, under the existing law, are not subject to the compulsory use of meters at the expense of the owners, but in which there are large opportunities for excessive consumption and waste of water, and where unnecessary waste of water is known or believed to exist. This is necessary as one of the most efficient measures to suppress excessive use and waste of water, and it is the best use which the City can make of the 10,000 Navarro water-meters for which it has been compelled to pay by judgment of the courts.

Salaries—The above estimate for this appropriation is required for the portion of the services and time of the First Assistant Engineer devoted to the supervision and management of the distributing system and the water-meter system; the services of clerks employed in keeping the accounts of expenditures and charges for furnishing and setting meters, and the charges for water supplied through meters, and the services of inspectors on placing meters and taking readings of the meter indices, and the inspectors employed in making house examinations to detect and prevent leaks in service-pipes and in plumbing, and waste of water from other causes.

That portion of the force which is engaged in the supervision of the work of placing water-meters is under the charge of the Chief Engineer of the Croton Aqueduct. The clerks and inspectors engaged in keeping accounts, taking readings of water-meters, and inspecting houses to detect and prevent waste, are under the charge of the Water Register.

The Water Register's estimate calls for an increase of the present force in his Bureau of two clerks and ten inspectors, at an aggregate estimated cost of \$11,390. The reasons assigned by him for this increase are very strong, and are as follows:

On the 31st day of December, 1886, there were 14,582 water-meters in use. There will probably be 17,000 meters in use by the end of the present year, and the number will increase during the next and subsequent years.

It is necessary that all meters should be read and recorded at shorter intervals than heretofore, in order to avoid disputes with consumers and give prompt attention to complaints. With the present force in that Bureau it is found impossible to render bills for water to the consumers as promptly as desired. Grave complaints are made by citizens of delays in this matter, and it constitutes at once an injustice to consumers and an annoyance to the Bureau.

As an indication of the work necessary to be done by the inspectors and clerks, it is here stated that with the present number of meters there will be 85,000 examinations during the year, 33,000 bills for consumption of water to be made out and sent to consumers, 7,000 notices to be sent to delinquents, and a large number of bills to be made out for placing meters.

Past experience shows that the employment in this Bureau of additional inspectors and clerks has resulted in an increase of the revenue from the water service, and that with an insufficient number of inspectors the actual quantity of water consumed has in a number of instances not been charged.

The salaries to be paid from the appropriation for 1888 are as follows:

In view of the actual condition of the street pavements, the largest sum that can be devoted to this object should be appropriated, as there are many streets and portions of streets where the relaying and regrading of the present pavements from curb to curb would prove a great relief to wagon traffic, and enable the Department to tide over a number of years without incurring the cost of removing the present pavements and replacing them by new ones. With the above estimate it is contemplated to devote a large portion of the appropriation to the relaying and regrading of pavements by contract work, as it has been found by the experience of the present year that pavements repaired in this way, instead of by patching, give great satisfaction, and, in fact, resemble new pavements. The prices at which the Department has been enabled to have this work done by contract are considered very reasonable and advantageous to the City.

Salaries—All the efforts of this Department to repair and improve the pavements, and all the means appropriated for the purpose, would be of little avail if provision should not be made in the salary account to enable the Department to exercise proper supervision and inspection over the enormous amount of work done by private corporations and individuals in the streets of the city, as well as the repairs and repavement work done directly by the Department from the appropriations. Under the appropriation of \$12,000 for salaries, made in the Final Estimate for 1887, a competent and experienced force of inspectors has been organized and employed to supervise particularly the work of private corporations and individuals, exclusive of the inspectors whose services are paid by the corporations and not by the City. During this year, up to the present time, 10,234 excavations have been made in the streets for gas, water and sewer connections; about forty miles of gas-mains have been laid, and six miles of trench opened for electrical conduits. The prospect is that this work will be further increased next year, and the retention of the present force employed in the supervision and inspection of the work is therefore absolutely necessary.

I have also found it necessary and advantageous to the City's interests to employ a permanent force of inspectors, at yearly salaries, to have general supervision and inspection of repairs of pavements and the repavement of streets, and for this purpose I have selected, for their special qualifications and experience, two inspectors at \$1,800 per annum each, four inspectors at \$1,500 per annum each, and two inspectors at \$1,200 each, amounting in the aggregate to \$12,000, whose services will be about equally divided, under this estimate, between the repairs of pavements and the repavement of streets.

With this arrangement the salaries to be paid from the appropriation for "Repairs and Renewal of Pavements and Regrading," for 1888, will be as follows:

1 Assistant Engineer and General Inspector in charge of street openings	\$2,400 00
1 Clerk	1,500 00
2 Clerks, \$1,000 each	2,000 00
7 Inspectors on Street Openings, \$3 per day each	6,100 00
1 Permanent Inspector	1,800 00
2 Permanent Inspectors, \$1,500 each	3,000 00
1 Permanent Inspector	1,200 00
Total	\$18,000 00

REPAVING STREETS AND AVENUES.

Final Estimate for 1887 (including transfers)	\$327,379 06
Final Estimate—Salaries	13,000 00
Total	\$340,379 06
Departmental Estimate for 1888	\$482,000 00
Departmental Estimate—Salaries	18,000 00
Total	\$500,000 00

The condition of the streets is too well known for a doubt to be entertained that for the present the sum asked for is very moderate, although, under the provisions of section 321 of the New York City Consolidation Act of 1882, it is the extreme limit to which the Board of Estimate and Apportionment is confined.

Irrespective of the present condition of the streets, it should be noted that pavements of inferior kinds, such as the cobble stone and the small Belgian variety, require removal and renewal.

Another reason why judicious dispatch in the repavement of the streets is necessary consists in the fact that the few well-paved thoroughfares of the city, Fifth avenue for instance, are at the risk of rapid deterioration from the tendency of truckmen to avoid bad pavements. It is not economical to crowd an excess of heavy wagon traffic upon any street, either in regard to the duration of the pavement or the business of the city.

The Department will present later a report giving, in as much detail as possible, the condition of the pavements of the city, and the annual average required for repavement, and the present estimate of \$500,000 will be proved to be moderate.

Salaries—As stated in the preceding paragraph, under the estimate for "Repairs and Renewal of Pavements and Regrading," about one-half of the services of the permanent inspectors to be employed at a yearly salary for the general supervision and inspection of pavement work, will be applied to repavements. At the same time the services of an inspector on each separate work or contract, who will be constantly present at such work, are necessary. The contracts for pavements are made under wide and severe competition, at relatively low prices, and the contractors are liable to take advantage of any short and temporary absence of an inspector to do inferior work and use inferior material, while such defects may not appear on the surface of the pavements, and may escape general inspection.

The salaries to be provided in the appropriation are:

1 Permanent Inspector	\$1,800 00
2 Permanent Inspectors, \$1,500 each	3,000 00
1 Permanent Inspector	1,200 00
20 Local Inspectors, average time, 200 days, at \$3 per day each	12,000 00
Total	\$18,000 00

ROADS, STREETS AND AVENUES, UNPAVED—MAINTENANCE AND SPRINKLING.

Final Estimate for 1887	\$25,000 00
Departmental Estimate for 1888	\$2,000 00

This estimate includes, besides the ordinary work on the unpaved streets, the sum of \$2,000 for broken stone, limestone screenings, etc., for maintaining Inwood street, from Kingsbridge road to the Hudson River Railroad; Fort Washington Depot lane, from Kingsbridge road to the Hudson River Railroad, and other streets; also an estimate of \$2,800 for paving the gutters of Fort Washington Depot road with cobble stone or other suitable material; the necessity of this is quite apparent in order to preserve the road itself and prevent accidents that might cost the City considerable sums of money. Also \$1,000 are included for materials and labor to build a substantial fence along the river bank on the east side of Farmers' road, from Kingsbridge to Farmers' Bridge.

SALARIES—DEPARTMENT OF PUBLIC WORKS.

Final Estimate for 1887, including a transfer of \$8,000	\$108,000 00
Departmental Estimate for 1888	110,000 00

This estimate is for the salaries of the Commissioner, Deputy Commissioner, and the permanent officers, clerks and salaried employees, whose services are not properly chargeable to specific works for which other appropriations are made. In presenting this estimate it is proper to state that in addition to the natural increase of the business of the Department in proportion to the growth of the city, there has been during the present year, and will be during the next year, an unusual increase from various causes. For several years prior to 1887, street improvement works, which are paid for by assessment on adjacent and benefited property, were almost completely suspended in consequence of the operation of the Constitutional amendment limiting the City debt, as the amendment was then interpreted by the Courts. In the latter part of 1886, a decision was rendered by the Court of Appeals which greatly extended the limit of the City debt and gave ample scope for proceeding with street improvements. In the interval there was a great accumulation of demands for improvements, and the extent of this work for this and next year will be several times greater than in the preceding two years.

The enormous extent of the operations of private corporations and individuals, which disturb the public streets, involves a large amount of extra labor for supervision, inspection, and in attending to and answering the innumerable complaints arising from it.

A detailed statement of the multifarious duties performed by the permanent staff of officers, clerks and employees of the Department would occupy many pages and require days of labor.

The estimate calls for an increase of \$2,000 over the amount appropriated for 1887, and is required for the services of two additional clerks at \$1,000 each.

When I entered on the duties of this office, I found that in the Bureau of Water Register a number of persons were performing duty as clerks under appointments and pay as laborers or skilled laborers. Believing this to be an evasion of the law, I selected the most competent men for promotion to clerkships in accordance with the Civil Service rules, and four of these, who have passed examination, have been appointed and are now employed as clerks at \$1,000 each per annum.

Under the above estimate the salaries to be paid from the appropriation are as follows:

Commissioner of Public Works	\$8,000 00
Deputy Commissioner of Public Works	6,000 00
Chief Clerk	4,500 00
General Bookkeeper	4,000 00
Contract Clerk	3,500 00
Corresponding Clerk	3,000 00
Chief Engineer of Croton Aqueduct	7,000 00
Consulting Engineer on Sewerage	6,000 00
Water Register	4,000 00
Water Purveyor	3,000 00
Superintendent of Incumbrances	2,750 00
Superintendent of Lamps and Gas	2,750 00
Superintendent of Repairs and Supplies	2,750 00
Superintendent of Street Improvements	2,750 00
Superintendent of Streets	2,750 00
4 Clerks, at \$2,000 each	8,000 00
Cashier of Water Rents	2,000 00
Assistant Cashier of Water Rents	1,500 00
1 Clerk	1,800 00
1 Stenographer	1,800 00
1 Inspector of Vaults	1,800 00
3 Clerks, at \$1,500 each	4,500 00
1 Clerk and Typewriter	1,500 00
1 Clerk	1,300 00
8 Clerks, at \$1,200 each	9,600 00
9 Clerks, at \$1,000 each	9,000 00
3 Messengers, at \$1,200 each	3,600 00
1 Messenger	900 00
Total	\$110,050 00

SEWERS—REPAIRING AND CLEANING.

Final Estimate for 1887	\$141,500 00
Final Estimate—Salaries	8,500 00
Total	\$150,000 00
Departmental Estimate for 1888	\$190,000 00
Departmental Estimate—Salaries	10,000 00
Total	\$200,000 00

Work on sewer repairs has been very extensive during the current year and should be still further increased during next year, especially in the way of entirely rebuilding old and dilapidated sewers, for which there have been no means in previous appropriations, after meeting the expense of cleaning and ordinary repairs. The estimate provides for the following work in addition to ordinary repairs and cleaning:

- To rebuild 3,250 lineal feet of brick sewer.
- To repair 3,675 lineal feet of brick sewer.
- To repair with tiles 3,660 lineal feet of brick sewer.
- To repair 3,260 lineal feet of pipe sewer.
- To rebuild 950 lineal feet of wooden trunk sewer.

Salaries—The increase of \$1,500 in this estimate over the appropriation for 1887 is required for the employment of an additional Inspector on sewer connections, whose services are needed in consequence of the unusual extent of building operations, and for an increase in the salary of the General Inspector, from \$1,800 to \$2,000, which is recommended by the Engineer in Charge of Sewers.

The salaries to be paid from the appropriation are:

1 Clerk	\$1,800 00
1 General Inspector	2,000 00
5 Inspectors of Sewer Connections, \$4 per day each	6,200 00
Total	\$10,000 00

SEWERAGE SYSTEM—SALARIES.

Final Estimate for 1887	\$12,500 00
Departmental Estimate for 1888	17,400 00

This appropriation is for the salaries of the Engineer in Charge of Sewers and his assistants, clerks and draughtsmen. The increase of \$4,900 over the appropriation for 1887 is required for the following purposes:

An increase in the salary of Mr. Horace Loomis, Engineer in Charge of Sewers, from \$4,000 to \$5,000. The former Engineer in Charge of Sewers received \$4,800 for his services. Mr. Loomis, in addition to his duties in this Department, performs the duties of Examiner in the Municipal Civil Service, for which he receives no compensation.

In consequence of the large increase in the business of the Engineer's Office it has been found necessary to employ an additional draughtsman at \$1,200.

Mr. Rudolph Hering, who has a national reputation as a Civil Engineer, has been employed as Consulting Engineer on Sewerage, with the object of having the whole sewerage system of the city examined, its defects pointed out and modifications recommended in order to make it as efficient as possible with due regard to economy. It is absolutely necessary in order to collect the information needed for his examinations to employ one additional leveler and one draughtsman at an estimated cost of \$2,700 per annum.

Under this estimate the following salaries are to be paid from this appropriation:

Engineer in Charge of Sewers	\$5,000 00
1 Assistant Engineer	2,500 00
2 Clerks, \$1,500 each	3,000 00
1 Leveler	1,500 00
2 Draughtsmen, \$1,200 each	2,400 00
1 Rodman	1,200 00
1 Axeman	900 00
1 Messenger	900 00
Total	\$17,500 00

STREET IMPROVEMENTS—FOR SURVEYING, MONUMENTING, ETC.

Final Estimate for 1887	\$3,000 00
Departmental Estimate for 1888	3,000 00

This appropriation is required to pay the services of persons employed in resetting and replacing monument stones which have been broken or displaced, and in the allotment of house numbers on new streets and in old streets where changes are necessary to be made.

SUPPLIES FOR AND CLEANING PUBLIC OFFICES.

Final Estimate for 1887	\$110,000 00
Final Estimate—Salaries	20,000 00
Total	\$130,000 00
Departmental Estimate for 1888	\$120,000 00
Departmental Estimate—Salaries	20,000 00
Total	\$140,000 00

The estimate is based upon the present rate of expenditures for compensation of cleaners, firemen, etc., in the various buildings and offices; office supplies, new furniture and repairs of furniture, fuel and steam-heating, \$110,000; and for upholstering, repairs to furniture, picture frames, curtains and lambrequins in the Governor's Room, City Hall, \$10,000.

This latter item is necessary to enable the Department to place the furniture, picture frames, curtains and lambrequins in a condition which will correspond with the improvements already made in the room.

Salaries—The salaries to be paid from the appropriation are:	
1 Clerk	\$2,000 00
1 Clerk	1,200 00
1 Janitor, New Court-house	1,200 00
1 Janitor, City Hall	1,100 00
1 Janitor, Brown-stone Court-house	1,000 00
3 Janitors, \$900 each	2,700 00
1 Janitor	800 00
3 Janitors, \$750 each	2,250 00
2 Steam Engineers, \$1,000 each	2,000 00
3 Steam Engineers, \$900 each	2,700 00
2 Watchmen, \$800 each	1,600 00
1 Elevator Attendant	600 00
Matron, New Court-house	600 00
Attendant in Governor's Room	420 00
Total	\$20,170 00

SUPPLYING WATER TO SHIPPING AND FOR BUILDING PURPOSES—SALARIES.

Final Estimate for 1887	\$9,000 00
Departmental Estimate for 1888	9,960 00

This estimate provides for the salary of an additional inspector, \$960, whose employment is very strongly urged by the Water Register to secure greater efficiency and increased revenue. Great vigilance is required along the water-fronts to prevent the surreptitious use of water for vessels and for other purposes, and to secure to the city all the revenue which it should receive from this service.

The salaries to be provided for in the appropriation are:

1 Clerk	\$2,000 00
1 Clerk	1,200 00
6 Inspectors, \$3 per day each	\$7,760 00
1 Messenger	1,000 00
Total	\$9,960 00

During the busiest part of the year, when many steam vessels are used for Sunday and holiday excursions, the inspectors are employed on Sundays and holidays as well as working days.

SURVEYS, MAPS, ETC., FOR STREET OPENINGS—SALARIES.

Final Estimate for 1887	\$9,000 00
Departmental Estimate for 1888	6,300 00

The above amount is required for the services of an assistant engineer and for draughtsmen employed in making surveys and maps for the use of the Counsel to the Corporation, and for the use of the Commissioners of Estimate and Assessment in the various proceedings for street openings.

It must be noted that the estimate makes no provision for probable surveys which may be ordered by the Board of Street Openings.

The following salaries are to be paid from the appropriation:

1 Assistant Engineer and Chief Draughtsman	\$2,700 00
3 Draughtsmen, \$1,200 each	3,600 00
Total	\$6,300 00

WATER SUPPLY FOR THE TWENTY-FOURTH WARD.

Final Estimate for 1887	\$11,670 00
Final Estimate—Salaries	1,000 00
Total	\$12,670 00

Departmental Estimate for 1888	\$7,800 00
Departmental Estimate—Salaries	1,200 00
Total	\$9,000 00

This appropriation is for the expense of furnishing and distributing the water supplied by the City of Yonkers, under a contract with this city, for the high grounds at the upper end of the city, which are above the level of the regular water supply. In previous estimates for this appropriation, some provision was made for laying water-pipes to extend the water service. After this year no additional pipes will have to be laid in this district for some time, and the above amount of \$7,800 is required exclusively to pay the City of Yonkers for 6,000,000 cubic feet of water, at the contract price of 13 cents per 100 cubic feet.

The amount of \$1,200 for salary is required for the services of one competent and reliable inspector to look after the water-meters and the plumbing arrangements in the district.

WELLS AND PUMPS—REPAIRING AND CLEANING.

Final Estimate for 1887	\$250 00
Departmental Estimate for 1888	250 00

This small amount is required to keep in order the old wells and pumps which are still used for water supply in some parts of the city.

A tabular statement, showing the Final Estimate for 1887 and the Departmental Estimate for 1888 for each appropriation, is hereto appended.

Very respectfully,

JOHN NEWTON, Commissioner of Public Works.

THE DEPARTMENT OF PUBLIC PARKS.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
Nos. 49 and 51 CHAMBERS STREET,
September 27, 1887.

To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board of Parks, held on 26th instant, the enclosed estimate of the amount of money required for the use of the Department of Public Parks for the year 1888 was adopted as the "Departmental Estimate," and I was directed to transmit the same to you, together with the accompanying list of employees and comparative statement showing the amounts of all appropriations made to this Department for the year 1887 and the amounts of appropriations asked for in the estimate for 1888.

In explanation of several of the items contained in the estimate, I am directed to state as follows:

The special work for which an appropriation of \$92,500 is asked for, under the head of "Maintenance and Government of Parks and Places—Labor, Maintenance, Supplies, etc.," consists of—

Resurfacing and making tar concrete walks in Central Park.
Relaying asphalt walks in Tompkins Square and Battery Park.
Repairing Battery sea-wall.
Repairing and maintaining those portions of Fifth avenue, Seventy-second, One Hundred and Tenth and One Hundred and Twenty-second streets and Morningside avenue recently placed under the jurisdiction of this Department.

Repairing stone and brick arches throughout Central Park.

For arranging the following-named small parks, in order to open them to public use, and for maintaining the same:

Canal Street Park.
Duane Street Park.
Christopher Street Park.
Abington Square.
Jackson Square.
Jeanette Park.

Deepening the soil on portions of the lawns of Central Park where rock is too near the surface.

Sodding portions of the lawns of Central and City Parks, and erecting wire fences to protect the same.

Cutting out large numbers of dead and deformed trees, which have been overlooked in former years, and which work cannot be undertaken under the head of ordinary maintenance.

In relation to the sum asked for "Maintenance of Museums," attention is called to chapter 579 of the Laws of 1887, which authorizes the increase of the appropriation to that amount, in the discretion of your Board.

The amount asked for "Special Repairs" to Harlem River Bridges is required for the Third Avenue, Madison Avenue and Central Bridges.

This is a matter of great importance and necessity. On the Central Bridge a new iron draw-span with new coping for pivot pier will have to be constructed, and the wood superstructure above the floor beams of the approaches will have to be renewed in order to maintain it in a safe condition. For this purpose alone the sum of \$64,000 will be necessary. The draw-span of this bridge was constructed of wood in 1875, and the whole structure has become so decayed that a new span is an absolute necessity.

On the Third Avenue Bridge the flooring of the entire bridge requires renewing, and an iron railing to prevent the obstruction of the sidewalks is needed.

On the Madison Avenue Bridge the joints of the masonry of the piers and abutments below high-water mark require pointing and filling, and the granite flagging on the approaches needs to be reset. As the settlement of the filling in the approaches to this bridge is believed to have ceased this work should be done.

In explanation of the amount asked for "Macadamizing Jerome Avenue," under the item "Maintenance—Twenty-third and Twenty-fourth Wards," which is intended to cover that portion of the avenue between One Hundred and Sixty-fifth street and Kingsbridge road, it may be said that this work will undoubtedly meet with some opposition from those who use the avenue solely for pleasure driving during fine weather, but it is so essential to the comfort and convenience of the general public and of residents of the upper part of the district, that it should be commenced early next season.

Yours, very respectfully,

CHARLES DE F. BURNS, Secretary, D. P. P.

THE DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
COMMISSIONERS' OFFICE, No. 66 THIRD AVENUE,
NEW YORK, October 4, 1887.

Hon. ABRAM S. HEWITT, Chairman Board of Estimate and Apportionment:

DEAR SIR—In compliance with section 189, chapter 410, Laws of 1882, the Commissioners of Public Charities and Correction herewith submit the Provisional Estimate of the expenses of the Department for the year 1888.

Very respectfully,
CHAS. E. SIMMONS, President.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
COMMISSIONERS' OFFICE, No. 66 THIRD AVENUE,
NEW YORK, October 4, 1887.

Hon. ABRAM S. HEWITT, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—In presenting the estimates for the construction of new buildings, etc., we would respectfully call your attention to the following explanations:

During the last five years causes of a general character have compelled this Department to struggle along with the existing accommodations. In the meantime the census has steadily increased, the buildings have become overcrowded and entirely inadequate. These conditions have reached a point where relief has become imperative, and after a careful and thorough digestion of all the circumstances bearing upon each case, with estimates of cost by the Architect and Supervising Engineer, with a thorough knowledge of what is required, and the best methods and plans to meet these requirements, with the utmost economy of expenditure, these facts are presented here for your consideration.

CITY PRISON.

The present plumbing system of the old City Prison (Tombs) should be entirely renewed, at an estimated cost of \$7,000.

BELLEVUE HOSPITAL.

The advances in hospital treatment have been attributed largely by the Medical Board to improved sanitary conditions. One of the most important changes has been the removal of the water-closets and bathing facilities from the wards of the hospital to towers especially erected for this purpose. The two water-closet towers, herein asked for, will complete the removal of all the water-closets of the entire hospital. Their estimated cost will be \$28,000.

The Morgue building, torn down, after having been condemned by the Building Department of the City of New York, must be replaced at once, as there is now no proper accommodation for the Coroners, and the cases that come within their jurisdiction, nor for the location and care of unknown bodies which have to be exhibited to parties in search of missing friends. The estimated cost of a suitable building for these purposes is \$10,000.

It is evident that it will be necessary properly to furnish the building for the Training School for Male Nurses, the gift to the City of D. O. Mills, Esq. A careful estimate has fixed upon the sum required as \$6,000.

CHARITY HOSPITAL.

Many years ago it became necessary to remove the public maternity service from the city proper, where it had been located in a wing of Bellevue Hospital, to the neighborhood of Charity Hospital, on Blackwell's Island. The necessity for the removal was urgent, and the service was located in two old pavilions that then barely answered the purpose. Since that time they have become inadequate. These are wooden pavilions, over twenty years old, and should be replaced by a new brick pavilion especially constructed and adapted to this maternity service. The estimated cost of this pavilion is \$25,000.

An additional story upon the wash-house is required to accommodate the Workhouse help necessary for this branch of the service and to prevent doubling-up in the main hospital, at an estimated cost of \$5,000.

The Medical Board have repeatedly called the attention of the Commissioners to the necessity of greater facilities for the transportation of patients in the hospital. For the sake of light, distance from the wards, and many other good reasons, the operating amphitheatre is located in the upper part of the hospital. The Medical Board recommend a suitable passenger elevator, at an estimated cost of \$3,000.

ALMSHOUSE.

In the Male Alms-house, between two and three hundred inmates sleep upon beds made on the floor. One pavilion is being erected, but another of the same size is urgently needed, at an estimated cost of \$25,000.

A worse condition of affairs exists on the female side of the Alms-house. Every conceivable spot is now utilized, and nearly three hundred women are obliged to sleep upon beds made on the floor. To relieve this overcrowding two new buildings are deemed absolutely necessary, at an estimated cost of \$75,000.

WORKHOUSE.

The present kitchen, wash-house and dining-rooms of the Workhouse are utterly inadequate to the demands of this institution. A large part of the washing for the department is done here, and much of it is purposely done by hand to furnish employment to the prisoners. The proposed improvement is important, and is regarded as imperative and urgent. To bring about these changes a new building is necessary, the estimated cost of which is \$40,000.

The necessary plan for this improvement has been thoroughly considered by the Supervising Engineer, and the cost will be \$11,000.

LUNATIC ASYLUM.

One of the principal causes of complaint by the attendants in the Lunatic asylums, and one making it difficult to obtain proper persons to fill these positions, has been the great lack of accommodations for their health and comfort when relieved from duty. Being compelled to sleep in the same wards with the patients, they are unable to secure the seclusion and quiet which are necessary for proper rest and recreation. To remedy this, it is imperative, both for the welfare of the patients and of the attendants, that a suitable building should be erected to furnish the attendants with proper accommodations, at an estimated cost of \$25,000.

Additional bathing facilities are imperative. The building necessary for this purpose can be erected at an estimated cost of \$10,000.

Necessary changes in the kitchen demand the building of double ovens at an estimated cost of \$1,500.

The old Lodge, for many years containing the most violent maniacs, is a building unfit for habitation. Additional facilities are needed for workshops and an amusement hall, and instead of erecting new buildings for these purposes, the Lodge can be remodeled, at an estimated cost of \$9,500.

NEW YORK CITY ASYLUM FOR THE INSANE, WARREN ISLAND.

It is deemed necessary, in order to increase the facilities for cooking at this asylum, that a new double oven and additional steam kettles should be supplied, at an estimated cost of \$4,000.

In the wash-house the present machinery is taxed beyond its capacity. Additional plant is required, at an estimated cost of \$2,000.

All that has been said in regard to the accommodation of the attendants at the Lunatic Asylum, Blackwell's Island, can be repeated as to this institution. It is the opinion of the physicians that the effect of living in almost constant contact with the insane is demoralizing and depressing. It causes frequent changes. Attendants just reaching the point when they begin to be especially useful

become low spirited and refuse to remain longer in the institution. The general improvement of the attendants means better care of the inmates, and more satisfactory results in the management of the asylum. To attain this end, a new building should be erected to be used as quarters for the attendants and workshops for the patients, at an estimated cost of \$50,000.

HOMEOPATHIC HOSPITAL.

The present heating apparatus is inadequate to keep the temperature of the wards of this institution at the proper standard, and, therefore, in accordance with the report of the Supervising Engineer, an additional amount of \$4,000 is necessary to overcome this difficulty.

STEAM LAUNCH.

The transportation by row-boats to Ward's and Randall's Islands has been found to be difficult and unsatisfactory at all times. In the winter, when the ice is running in the river, there are times when it is positively dangerous.

The census of the institutions on these islands is so large that the number of relatives and friends of the inmates visiting them is greater than the capacity of the row-boats. The visiting physicians and surgeons, who serve the respective institutions gratuitously, complain bitterly of the exposure and delays to which they are subjected in crossing the river. To obviate this great evil a steam launch is required at an estimated cost of \$4,000.

RANDALL'S ISLAND.

With the exception of two or three buildings, all the structures now on Randall's Island are old and unsuitable for the purposes for which they are used. The Idiot Asylum is so overcrowded that it is difficult to keep the inmates in a proper sanitary condition. A new wing to this institution is imperatively needed to relieve the patients' overcrowding. This can be built at an estimated cost of \$75,000.

A school-room for the female idiot children is also required. This can be built at an estimated cost of \$4,000.

A new building for a laundry and kitchen is absolutely necessary. This can be erected at an estimated cost of \$22,000.

HART'S ISLAND.

When Hart's Island was purchased by the City of New York, the wooden barracks, erected for the soldiers quartered there during the late war, were utilized as far as possible. At the present time many of these buildings have been condemned as utterly unfit for further occupancy. Nevertheless, two hundred and fifty female insane are now sheltered in these condemned barracks, and, in addition to the danger of inhabiting such weather-beaten, utterly worn-out buildings, they are exposed to the risk of fire, either set by some accidental cause, or purposely, through some insane freak. These old buildings are heated by stoves, and lighted by kerosene oil in lamps. A new building for the accommodation of these lunatics should be built as quickly as possible. This can be done at a cost of \$62,000. The boiler-house addition will cost \$500, and new boilers and connections to heat the four pavilions, \$8,000. The new gas-works or electric-light, in accordance with the plans and specifications, will cost \$2,000.

MUNICIPAL LODGING-HOUSES.

The application for Municipal Lodging-houses, made last year, is renewed.

LONG ISLAND FARM.

In regard to the amount asked for, to enable this Board to carry out their plan to relieve the overcrowded insane asylums, and provide out-door employment for those able to be benefited by such work, this Board does not deem it necessary, at this time, to dwell at length, but when we appear before your Honorable Board, we hope to present such arguments in favor of the project that it may be included in the departmental appropriations.

Very respectfully,

CHAS. S. SIMMONS, President.

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
No. 300 MULBERRY STREET, BUREAU OF ELECTIONS,
NEW YORK, August 10, 1887.

To the Board of Estimate and Apportionment:

GENTLEMEN—The amount asked for election expenses for the year 1888 is \$231,100, an increase of \$47,200 over the amount asked for in 1887.

The reasons for the increased amount asked for in 1888 are as follows:

1st. At the last session of the Legislature, a law was passed (chapter 490 of the Laws of 1887) providing for the appointment of an additional Inspector of Election, thereby increasing the amount required for the payment of the Inspectors of Election, \$37.50 per district, and in 812 election districts, amounting to the sum of \$30,450, and \$1,000 for additional printing, making a total of \$31,450.

2d. Section 1847 of chapter 410 of the Laws of 1882 provides that "the Board of Police may divide such election districts and such only as by the registration of voters of the two preceding years, shall be found to have had an average registration of more than four hundred voters."

There will be about sixty election districts that can be divided under the provision of law above quoted; this will cause an extra expense for the payment of inspectors, poll clerks, landlords, stationery, printing, and additional ballot boxes of \$15,750.

Respectfully,

JOHN J. O'BRIEN, Chief of the Bureau of Elections.

THE DEPARTMENT OF STREET CLEANING.

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,
Nos. 31 and 32 PARK ROW,
NEW YORK, September 15, 1887.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Pursuant to the provisions of section 189 of the New York City Consolidation Act of 1882, and in compliance with the request of the Comptroller transmitted to me under date of July 20, 1887, I herewith forward for your consideration an estimate of the amount of expenditure required to conduct the public business under the charge of the Department of Street Cleaning for the year 1888, including a comparative statement, in tabular form, showing the amounts of all appropriations made to the Department of Street Cleaning for the year 1887, and the transfers affecting the same.

For three years past a special appropriation has been allowed for "extra street cleaning in the tenement-house districts and other densely populated portions of the city." Such an appropriation was deemed necessary to enable the Department to take proper precautions against the advent of cholera, which raged with great virulence in several parts of Europe. The amount of regular street cleaning performed and the general efficiency of our working force, however, render it unnecessary, in my opinion, to employ a special corps of workers for "extra cleaning," and, therefore, I have not included any sum in the present estimate to cover such a contingency.

The amount allowed for the current year was \$150,000 less than was asked for, and \$50,000 less than was allowed for 1886. I have practiced the closest economy, curtailing expenses in every possible way, yet I shall not be able to perform, on the sum allowed, the amount of work that should be done and which it was my intention to do with the sum asked for. While the number of loads of ashes and garbage removed will be greater than in former years, there will not be as many miles of streets swept as in 1885 or 1886.

The details of the Departmental Estimate, with explanatory remarks, are as follows:

DEPARTMENTAL ESTIMATE OF THE DEPARTMENT OF STREET CLEANING FOR THE YEAR 1888.

ADMINISTRATION—SALARIES.

(Sections 52 and 705, New York City Consolidation Act, 1882).

Amount required.....	\$86,840 00
As follows:	
James S. Coleman, Commissioner.....	\$6,000 00

16 Dump Inspectors, at \$900.....	11,520 00
16 Dump Watchmen, at \$720.....	
Total.....	\$86,840 00

Comparative Statement.

1882, actual.....	\$84,071 65
1883, ".....	79,477 91
1884, ".....	78,230 00
1885, ".....	75,896 07
1886, ".....	74,891 57
1887, estimated.....	73,944 96

Salaries—In a few of the up-town precincts and at some of the dumping-boards a portion of the work of supervision has been done, in previous years, by day's work, by selected laborers detailed from time to time for that purpose, and the wages of such laborers have been charged directly to the account of sweeping, and not included in salaries. But the rapid increase in the amount of work required to be done in the territory north of Forty-second street makes it necessary that many of the detailed men should be constantly on duty. For this reason I desire that such men shall be employed by the month and included in the salary-roll.

Every precinct should now be in charge of a regular foreman, aided by one and, in some of the larger precincts, by two assistants; and every dumping-board should be in charge of two men, regularly and respectively assigned for day and night duty, as the extension of the work of collecting and removing ashes and garbage and sweepings at night has caused the dumping-boards to be used as much by night as by day.

The increase in the amount required on account of salaries, over the amount expended therefor in preceding years (as shown in the comparative statement), has been deducted from the labor account, to which it has heretofore been charged. Hence the total amount of the Departmental Estimate is not affected by the seeming increase in the amount asked for.

As compared with last year's estimate there is a reduction of \$18,200, principally caused by the transfer of the wages of steam-tug employees to the account of Final Disposition, to which it more properly belongs.

SWEEPING ABOVE FOURTEENTH STREET.

(Section 705, New York City Consolidation Act, 1882.)

Amount required.....	\$225,000 00
As follows:	
Labor (sweeping streets).....	\$180,000 00
Drivers of machines and water-carts.....	25,000 00
Repairs and supplies.....	20,000 00

Comparative Statement.

YEAR.	APPROPRIATION.	MILES OF STREETS SWEEPED.	COST OF SWEEPING.
1882.....	\$1,000,000 00	13,000	\$145,323 48
1883.....	1,000,000 00	14,000	132,890 02
1884.....	1,050,000 00	16,000	136,783 50
1885.....	1,200,000 00	21,000	188,266 33
1886.....	1,100,000 00	13,404	125,729 76
1887.....	1,050,000 00	*10,500	*105,206 28

Sweeping—This portion of the work is vitally affected by any change in the sum allowed from year to year for "cleaning streets." The sums required for administration, carting, contract work and final disposition of material, in fact for all the work of street cleaning other than sweeping, are in a manner fixed charges against the general appropriation. No material reduction is possible in any of them. Hence a reduction in the general appropriation proportionately diminishes the amount available for sweeping the streets, and as a necessary result a less number of miles of streets is swept.

The foregoing comparative statement will serve to show, with a single exception, how directly the work of sweeping has been influenced, from year to year, by the amount of the appropriation allowed.

The growth of the upper portion of the city within the past few years, in population and manufacturing and other industries, has been so constant and rapid that a much greater amount of sweeping is necessary there. I desire, during the ensuing year, to sweep all the principal avenues north of Fourteenth street daily, and the remaining ones and the streets from Fourteenth street to Fifty-ninth street on alternate days, and from Fifty-ninth street north, twice a week, or whenever their condition is such as to require sweeping. This will necessitate the sweeping of about 25,000 miles of streets by the Department forces, at an entire cost of \$225,000 (as above specified).

As compared with previous years, the amount asked for is directly proportionate to the increased amount of work to be performed.

Labor—As compared with last year's estimate, there is an increase in this item of \$30,000 on account of the increased amount of sweeping to be done by hand. We pay laborers at the rate of twenty-five cents per hour.

Drivers of Machines and Water-carts—There is an increase of only \$1,000 in the amount asked for, as compared with last year's estimate. We pay drivers at the rate of \$2 per day.

Repairs and Supplies—This item includes about one-third of stable expenses, etc. (see Carting).

CARTING ABOVE FOURTEENTH STREET.

(Section 705, New York City Consolidation Act, 1882.)

Amount required.....	\$325,000 00
As follows:	
Hired cartmen with carts.....	\$250,000 00
Drivers of Department carts.....	40,000 00
Repairs and supplies.....	35,000 00

Comparative Statement.

YEAR.	LOADS CARTED.	COST.
1882.....	560,748	\$218,799 81
1883.....	524,680	218,275 04
1884.....	585,838	237,762 89
1885.....	665,822	305,062 84
1886.....	676,981	286,590 67
1887.....	*726,421	*299,528 88

Carting—There is a constant increase, from year to year, in the number of loads of ashes, garbage and street sweepings collected throughout the city, corresponding to the city's growth, and the cost of carting such material to the dumping-boards is thus necessarily enhanced. Besides the long hauling distances in the up-town districts, occasioned by our inability to obtain adequate dumping facilities, the change of the time for collecting ashes and garbage from day to night, in the Nineteenth Precinct, and the amendment by the Board of Health to section 95 of the Sanitary Code, obliging householders to keep their receptacles within the area or stoop-line, and not on the curb, as heretofore, thus compelling our cartmen to move the receptacles a considerable distance to their carts, have tended to greatly increase the expense of carting.

The amount asked for, \$325,000, is the least possible sum for which the work could be done. Hired Cartmen—As compared with last year's estimate there is an increase of \$20,000 in the amount required, occasioned by the night work and the amendment to section 95 of the Sanitary Code, before alluded to. We pay hired cartmen at the rate of \$3.50 per day.

Drivers of Department Carts—The same as in last year's estimate. The pay of drivers is \$2 per day.

Repairs and Supplies—This item includes about two-thirds of stable expenses, etc., as follows:

Wages of mechanics.....	\$10,500 00
Stable expenses.....	15,000 00
Feeding horses.....	18,300 00
Shoeing horses.....	1,000 00
Repairs and supplies to carts and machines.....	9,000 00
Repairs and supplies to harness.....	1,200 00

These items are identical with those in last year's estimate, except that for "feeding horses," which is increased \$3,300, on account of the feed given to extra horses that are hired for the use of Department carts from time to time.

* Estimated for four months.

The mechanics in the employ of the Department comprise 1 horseshoer, 2 blacksmiths, 1 wheelwright, and 1 harness-maker, at \$3 per day; 1 carpenter, 1 tinsmith, and 1 painter, at \$2.50 per day; and 1 rigger and 3 helpers, at \$2 per day.

In stable expenses are included the cost of maintaining the building in repairs, the wages of 10 hostlers, 1 feedman, 2 watchmen and 4 laborers, at \$2 per day.

CONTRACTS.

Sweeping and Carting below Fourteenth Street.

(Section 708, New York City Consolidation Act, 1882.)

Amount required	\$327,619 00
As follows:	
First Street-Cleaning District	\$117,490 00
Second Street-Cleaning District	204,900 00
Lower Broadway	5,229 00
Year.	Cost.
1882	\$327,870 74
1883	357,000 00
1884	303,505 38
1885	307,490 00
1886	339,878 69
1887	326,848 56

Comparative Statement.

Contracts—The amount asked for and required (it being a fixed charge) is the same as was appropriated for the current year. It includes the cost of cleaning lower Broadway (from Fourteenth street to the Battery), which is separate from the contract work in the First and Second Districts. Nominally it is cleaned in part by the City and partly by the Broadway Street Railroad Company, whose charter obliges it to clean that portion of the roadway which lies between the car tracks and within two feet of them on either side. The Department of Street Cleaning has charge of the remainder of the roadway. As a matter of fact, however, the whole work is done under a special agreement at \$100 per week, whereby the possibly conflicting and complicated double work by the railroad company and the Department is avoided.

REMOVAL OF SNOW AND ICE EXCEPT BY CONTRACT WORK.

(Section 705, New York City Consolidation Act, 1882.)

(Section 705, New York City Consolidation Act, 1882.)

Amount required.....	\$40,000 00
As follows:	
Laborers.....	\$25,000 00
Hired Cartmen.....	15,000 00

Comparative Statement.

YEAR.	FALL OF SNOW IN INCHES.	LOADS REMOVED.	COST.
1882.....	28	25,903	\$24,148 88
1883.....	36	34,520	19,422 13

1886.....	42	41,133	28,082 65
1887.....	..	122,075	17,073 18

Comparative Statement.

Snow and Ice—The amount asked for is \$10,000 less than in former years. The cost is an uncertain factor, and therefore difficult to anticipate, as it depends wholly upon the kind of weather experienced. But, judging from the sums expended during the past five years, and even allowing for an increased mileage of streets from which snow and ice will have to be removed, the sum of \$40,000 is deemed sufficient.

Comparative Statement.

Final Disposition—As with carting, so with the final disposition of material on boats. The number of loads to be disposed of increases from year to year with the growth of the city. This natural increase is augmented as the number of places available for the reception of material for filling-in purposes in the upper portion of the city diminishes. A glance at the comparative statement will show the average annual increase for the past four years to be more than 60,000 loads. The cost of removing this, together with the extra amounts for towing and hire of scows, rendered necessary by the recent regulations of the Shore Inspector forbidding the dumping at sea on Sundays of ashes, and garbage and street sweepings during the summer season, make the extra amount asked for (\$22,000) obligatory.

Wages of Tug Employees—The wages of two full crews for each of the Department tugs, required because the boats are constantly at work night and day, are included in this item, as follows:

2 Captains, at	\$1,440 00 per year.
2 Pilots, at	1,080 00 "
2 Engineers, at	1,380 00 "
2 Assistant Engineers, at	720 00 "
4 Firemen, at	720 00 "
4 Deck-hands, at	720 00 "
2 Stewards, at	720 00 "

Scowmen—This item is made up of the wages of 23 Scow Captains, at \$12 per week. The Department owns 24 deck scows, one of which being small and of little use, is not in charge of a captain.

Unloading Scows—\$6,000 more than in last year's estimate is asked for under this head, because of the increased amount of work to be done, as alluded to already. The whole amount is about the same as was expended in this work last year.

Hired Scows—The extra amount of material to be removed and the extra number of hired scows to be employed because of the regulation prohibiting Sunday dumping, call for the increase of \$5,000 in this item, which includes also the hire of four deck scows anchored in the harbor, three for the reception of ashes and garbage from steam tugs and other vessels, and one as a stake boat for the use of this Department in Gravesend bay.

Extra Towing—An increase of \$5,000 is asked for to cover the increased amount of work to be done.

Repairs and Supplies to Steam Tugs—The amount asked for is the same as in former years.

Repairs and Supplies to Scows—The twenty-four scows owned by the Department have been in constant use for seven years and begin to show the effects of their hard service in a marked

* Estimated for four months. † For eleven months only. ‡ Estimated.

degree. \$15,000, or \$3,000 more than was asked for last year, is considered a very moderate sum for their maintenance and repair.

Repairs to Dumps—The sum asked for is the same as last year.

Dump Expenses—This item includes dump supplies and the wages of a few laborers employed as required at the dumping boards, where the greatest amount of work is done.

NEW STOCK.

(Section 705, New York City Consolidation Act, 1882.)

Amount required	\$29,000 00
As follows:	
Horses	\$15,000 00
Carts	5,000 00
Machines and water-carts	5,000 00
Two new dumping-boards	4,000 00
Year.	Cost.
1882	\$4,647 00
1883	6,475 00
1884	10,530 00
1885	6,372 50
1886	11,000 13
1887	*783 75

Comparative Statement.

New Stock—Owing to the reduced appropriation for the current year the purchase of new stock has been inconsiderable, and no further expense in that direction can be incurred. The plant, of course, has deteriorated and must be replenished. To cover the expense of providing effective stock and apparatus, the amount asked for (\$20,000, or \$9,000 more than last year) is an absolute necessity.

The sum of \$4,000 will be needed for the establishment of two new dumping-boards, one at Seventieth street and East river, and one on the North river, between Forty-seventh and One Hundred and Twenty-ninth streets.

RENTALS AND CONTINGENCIES.

(Section 705, New York City Consolidation Act, 1882.)

Amount required	\$15,000 00
As follows:	
Rent of offices	\$3,500 00
Rent of stables	3,000 00
Rent of pier at West One Hundred and Twenty-ninth street	400 00
Rent of pier at East Seventieth street	2,000 00
Telephone service	2,000 00
Contingencies	4,100 00
Year.	Amount.
1882	\$15,760 56
1883	15,660 12
1884	11,533 15
1885	9,037 46
1886	10,218 50
1887	*12,398 10

Comparative Statement.

Rentals and Contingencies—The amount asked for is \$900 more than in last year's estimate. The increase is occasioned by the higher rent for offices and the renting of the pier at East Seventieth street, less the decrease in the amount for contingencies.

In relation to the item of \$3,000 for rent of stables, I have made application to the Board of Sinking Fund Commissioners to be released from the payment of any rental for the stables building, as the property belongs to the City and should be assigned to our use exclusively, free of rent.

		2,000 00
		\$55,610 00

The increase over the appropriation for this year is made up as follows:

Assistant Secretary	from \$2,000 00 to \$2,500 00
Bookkeeper	" 2,500 00 to 3,000 00
Clerk to Chief of Department	" 1,800 00 to 2,000 00
Supply Clerk	" 1,500 00 to 2,000 00
Clerk	" 1,200 00 to 1,500 00
Clerk	" 1,300 00 to 1,400 00
Clerk	" 1,200 00 to 1,400 00
Clerk	" 1,200 00 to 1,300 00
2 Engineers (additional), at \$1,200	
1 Stoker (additional)	
	730 00

Total increase.....\$5,610 00

All of the clerical employees above enumerated are worthy of this recognition of their capability, industry and trustworthiness in the service of the department for periods ranging from twenty-two years to three years.

The additional engineers and stoker are absolutely needed to properly care for the heating and lighting apparatus and other machinery in the Headquarters building.

Chief of Department and Assistants Pay-roll—

Chief of Department	(chap. 552, 1885)	\$5,000 00
Assistant Chief of Department	"	3,800 00
Second Assistant Chief of Department	"	3,300 00
12 Chiefs of Battalion, at \$2,750	(chap. 218, 1887)	33,000 00

Engine and Hook and Ladder Companies Pay-roll—

78 Foremen, at \$1,800	(chap. 552, 1885)	\$140,400 00
88 Assistant Foremen, at \$1,500	"	132,000 00
128 Engineers of Steamer, at \$1,400	"	179,200 00

74 Firemen, Second Grade, at \$1,100	"	81,400 00
34 Firemen, Third Grade, at \$1,000	"	34,000 00
90 Ununiformed Firemen, at \$1,000, on probation for thirty days each	(chap. 354, 1883)	7,397 00
5 Marine Engineers, at \$1,400	(sec. 48, chap. 410, Laws of 1882)	7,000 00
5 Pilots, at \$1,200	"	6,000 00
3 Stokers, at \$730	"	5,840 00

The organization of two new companies for a part of the year (a hook and ladder company in Mercer street, and a new floating engine) is provided for in the above estimate, as well as the necessary strengthening of a number of existing companies. Attention is invited to the fact that only eight (8) men more are asked for than the estimate for the current year required, the remainder of the increase in cost being caused by the advancements in grade made in accordance with law.

Bureau of Combustibles Pay-roll—

Inspector of Combustibles (secs. 48, 427 and 428, chap. 410, Laws 1882)		\$3,000 00
Clerk	(secs. 48 and 428, chap. 410, Laws 1882)	1,400 00
2 Clerks, at \$1,000	(sec. 428, chap. 410, Laws 1882)	2,000 00
1 Oil Surveyor	"	1,200 00
3 Oil Collectors, at \$900	"	2,700 00
2 Oil Surveyors, at \$1,200	"	2,400 00

The increase in the amount asked for this bureau is an addition of \$500 to the salary of its head, the Inspector of Combustibles, which the Commissioners consider well deserved, in view of the long experience, fidelity and competency of the present incumbent and the responsibilities attached to the position.

Bureau of Fire Marshal—

Fire Marshal	(secs. 48, 427 and 428, chap. 410, Laws 1882)	\$2,500 00
Assistant Fire Marshal	(secs. 48 and 428, chap. 410, Laws 1882)	1,500 00
Clerk	"	1,400 00
2 Clerks, at \$1,000	"	2,000 00

Bureau of Inspection of Buildings Pay-roll—

Superintendent	(secs. 427, 428 and 514, chap. 410, 1882)	\$4,000 00
2 Deputy Superintendents, at \$3,000 (secs. 427, 428 and 514, chap. 410, 1882)		6,000 00
2 Iron Inspectors, at \$1,500 (secs. 48, 428 and 514, chap. 410, 1882)		3,000 00
8 Inspectors, at \$1,300	"	10,400 00
15 Inspectors, at \$1,200	"	18,000 00
20 Inspectors, at \$1,100	"	22,000 00
Chief Clerk	"	2,000 00
Plan Clerk	"	2,000 00
Fire Escape and Violation Clerk (secs. 48, 428 and 514, chap. 410, 1882)		1,800 00
Unsafe Building Clerk	(secs. 48, 428 and 514, chap. 410, 1882)	1,500 00
Complaint Clerk	"	1,500 00
First Assistant Plan Clerk	"	1,000 00
Second Assistant Plan Clerk	"	3,000 00
2 General Clerks, at \$1,500	"	4,800 00
4 Clerks, at \$1,200	"	8,000 00
8 Clerks, at \$1,000	"	5,400 00
6 Messengers, at \$900	"	5,400 00
3 Machinists to Supervise Elevators, at \$1,000 (secs. 48, 428 and 514, chap. 410, 1882)		3,000 00

The business of this bureau, which, within the past seven years of its connection with this department, has more than doubled in volume, has increased in even greater ratio during the past eight months of the present year, and the appropriation now asked for is necessary to an efficient administration of the duties devolving upon it, which have been considerably added to by recent amendments to the building laws.

Two deputy superintendents are called for by the new law and eleven (11) additional inspectors are needed. These, with the addition of one clerk, two messengers and one supervisor of elevators, make up the increase in amount asked for.

Attorney to the Department (sec. 52, chap. 410, 1882)		4,000 00

Telegraph Force Pay-roll (secs. 48 and 428, chap. 410, 1882)—

Superintendent		\$3,600 00
Chief Operator		1,680 00
Operator		1,500 00
3 Operators, at \$1,380 each		4,140 00

Batterymen		1,200 00
Foreman of Linemen		800 00
5 Linemen, at \$900 each		4,500 00

\$26,220 00

The increase on this pay-roll is made up by additions to the following salaries:

Superintendent	from \$3,000 00 to \$3,600 00
Chief Operator	" 1,500 00 to 1,680 00
Operator	" 1,380 00 to 1,500 00
Clerk	" 925 00 to 1,000 00
2 Linemen	" 800 00 to 900 00

—and the addition of three linemen to the force.

For similar services other cities pay the salary asked for the Superintendent of Telegraph, and in commercial institutions like positions command even better salaries. The salaries asked for the operators and others are only fair remunerations for services rendered, and in most cases are merely restorations to former rates.

Repair Shops Pay-roll (secs. 48 and 428, chap. 410, Laws 1882)—

Superintendent of Repairs to Buildings		\$2,000 00
Foreman		1,500 00
Stockkeeper		1,500 00
Clerk		1,400 00
Clerk		1,200 00
Messenger		800 00
Shop Engineer, \$3 per day		925 00
14 Machinists, \$3 per day each		12,950 00
4 Machinists' Helpers, \$1.90 per day each		2,320 00
1 Coppersmith, \$3 per day		925 00
2 Boiler-makers, \$3 per day each		1,850 00
6 Blacksmiths, \$3 per day each		5,550 00
6 Blacksmiths' Helpers, \$1.90 per day each		3,550 00
1 Wheelwright, \$4 per day		1,240 00
5 Wheelwrights, \$3 per day each		4,625 00
4 Painters, \$3 per day each		3,700 00
4 Painters, \$2.50 per day each		3,100 00
2 Harness-makers, \$3.00 per day each		1,850 00
2 Hose Repairers, \$3.00 per day each		1,850 00
2 Night Watchmen, \$2.50 per day each		1,825 00
2 Day Watchmen, \$2.50 per day each		1,825 00
2 Laborers, \$1.90 per day each		1,205 00
3 Drivers, \$2.50 per day each		2,310 00

\$60,000 00

The amount asked for this purpose is \$5,000 more than was allowed, and \$2,000 more than was asked for the present year. It has frequently been necessary to lay off the force to keep within the appropriation, thus delaying important repairs to apparatus.

Hospital Stables Pay-roll—

Foreman	(secs. 48 and 428, chap. 410, 1882)	\$1,500 00
5 Stablemen, at \$2 per day each	"	3,660 00

The increase of salary for the Foreman from \$1,200 to \$1,500, is asked on the grounds of experience, faithfulness and capability.

Repairs to fire steamers	(secs. 424 and 426, chap. 410, 1882)	5,000 00

310,000 00

The increase under this head is required for repairs to the buildings of the department, contingencies—Bureau of Buildings, fuel, general supplies, horse feed and shoeing, new hose and telegraph supplies and repairs. A considerable number of the buildings are much in need of general repairs, and some require alteration to better fit them for the uses to which they are put. An extensive overhauling of the fire-alarm boxes and replacing of submarine cables, etc., necessitate increased expenditure under the head of "telegraph supplies and repairs." The increase of the remaining items is rendered necessary by the growth of the department.

For Placing Fire-alarm Electrical Conductors Underground, as required by chapter 499, Laws of 1885.....

		100,000 00
--	--	------------

The same amount was required in the last estimate, but nothing was allowed for the purpose. To furnish and lay the wire in the underground conduits and to make the necessary connections therefrom to the houses and alarm-boxes, will, it is estimated, ultimately cost \$300,000, and the Commissioners deem it proper to make provision for doing as much of this work as may be practicable during the coming year.

New Houses for Engine and Hook and Ladder Companies—

For quarters for Engine Company No. 24, No. 78 Morton street; Engine Company No. 35, No. 233 East One Hundred and Nineteenth street; Hook and Ladder Company No. 14, No. 120 East One Hundred and Twenty-fifth street; Hook and Ladder Company No. 20, No. 432 West Thirty-sixth street, and for a new company to be located in the vicinity of Eighty-fourth street and Tenth avenue		100,000 00
---	--	------------

Appropriation for new buildings for two of the companies included above was asked for in last year's estimate, but nothing was allowed for the purpose, and the appropriation is now even more necessary than it was then. The first four named buildings must be replaced by new ones for the use of the companies specified. Application has been made for a lot near Eighty-fourth street and Tenth avenue, upon which it is proposed to erect an apparatus house. This section of the city has been so much built up as to render an additional company therein a necessity. There is at this time no apparatus between Sixty-eighth and Ninety-seventh streets, west of Central Park.

For New Floating Engine (sec. 425, chap. 410, 1882).....

		75,000 00
--	--	-----------

The department now has two floating engines, but experience has shown the necessity for another, in order that at least one may be in readiness for service at all times on each side of the city. This is at present impossible, because the boats require frequent repairs, and it thus often happens that one is out of service.

The increase in business and values exposed to fire risks along the river fronts demand this additional protection.

Total.....\$2,180,927 00

The foregoing estimate, amounting to two million one hundred and eighty thousand nine hundred and twenty-seven dollars (\$2,180,927), is adopted as the sum of money which will be required for the expenses necessary to the administration and conduct of the Fire Department of the City of New York for the year 1887.

DEPARTMENT OF TAXES AND ASSESSMENTS,
COMMISSIONERS' OFFICE, STAATS ZEITUNG BUILDING, TRYON ROW, }
NEW YORK, September 30, 1887.

The Honorable the Board of Estimate and Apportionment, City of New York:

\$166,220 46

In preparing this estimate I have adopted as a basis the amounts actually expended in the several departments, courts and bureaus, during last year, deviating therefrom only where something very exceptional calls for a recasting of the figures, or some new obligation requires a new appropriation.

The offices of County Clerk and Register are in the former class. Recent legislation has made necessary larger supplies of stationery in both. I estimate this increase at \$4,000.

The other two items of increase are new obligations. The condition of the books in the Register's Office was such that the Board of City Record in June of this year, at the request of the Register, directed the employment of three additional bookbinders, whose wages for the seven months of this year, and the twelve of the next, will aggregate \$4,500.

My attention has been called by the Recorder, to chapter 493 of the Laws of 1887, amending certain sections of the Code of Criminal Procedure. This act provides that when the judgment is death, the expense of preparing and printing the case on appeal shall be borne by the county. Inasmuch as this work has never been done heretofore by any one authority, or in any one printing office, and inasmuch, further, as it is impossible to predicate how many appeals may be taken up in any one year, it is utterly impossible to make any close estimate as to the cost. After consultation with some of the officials of the District Attorney's office, I have put the figure at \$4,500.

Very respectfully,

THOS. COSTIGAN, Supervisor City Record.

SECRETARY'S OFFICE, ROOM 11, CITY HALL,

Hon. ABRAM S. HEWITT, Mayor and Chairman, Board of Estimate and Apportionment:

SIR—Referring to the Comptroller's letter of July 20, 1887, requesting an estimate of the amount of money required to carry on the public business of the Municipal Civil Service Boards for the year 1888, a comparative statement showing the amount of the appropriation made for the year 1887 and the estimated amount required for the year 1888, a full explanation for any increase in the

amounts as compared with the year 1887, and a statement of the amount of money appropriated for 1887 that will probably remain unexpended at the end of the year, I have the honor to submit the following:

ESTIMATED AMOUNTS REQUIRED FOR CARRYING ON THE BUSINESS OF THE MUNICIPAL CIVIL SERVICE SUPERVISORY AND EXAMINING BOARDS FOR THE YEAR 1888.

The increase asked for in the appropriation for 1888 is based upon the following grounds:

First—Increased business caused by the popularity which the system has attained.
Second—Its progressive nature, causing additional positions to fall within the scope of examination, and
Third—The urgent necessity for additional clerical aid.

The small quarters at present occupied by this Board for the transaction of its business have made it impossible to employ additional clerical aid; but I am informed that steps are now on foot to remedy this evil, when the additional aid for which provision has been made above can be accommodated.

From present appearances there will be no unexpended balance of the lump sum of \$20,000 appropriated to carry on the business for this year.

Very respectfully,

LEE PHILLIPS, Secretary and Executive Officer.

CITY OF NEW YORK,
CIVIL SERVICE SUPERVISORY AND EXAMINING BOARDS,
SECRETARY'S OFFICE, ROOM 11, CITY HALL,
NEW YORK, October 6, 1887.

Hon. A. S. HEWITT, Mayor and Chairman, Board of Estimate and Apportionment:

Sir—The Supervisory Board, at a meeting held September 21, 1887, passed a resolution requesting the Board of Estimate and Apportionment to appropriate \$3,000 for extra room, in addition to the estimate of \$28,470, to carry on the business of the office for the year 1888, transmitted to your Honorable Board September 15, 1887, and I am directed by the Supervisory Board to ask for such additional appropriation for room, on the following grounds:

First—No provision is at present made for a place in which to hold the regular monthly and numerous special meetings of the Supervisory Board, such meetings being now held at the rooms of the Bar Association, through its courtesy.

Second—The work of the office has been and is constantly retarded by the lack of any adequate accommodations for the filing and safe keeping of the voluminous papers and records and by the lack of space for the employment of additional clerical aid. The records of the office are now piled upon the floor, tables, steam radiators and such other places as can be used for that purpose, and, as a consequence, valuable papers and records are frequently mislaid, to the great embarrassment of our work.

Third—Large examinations have been, and still must be held at the College of the City of New York, and the preparations for the same in the way of consulting the convenience of the college authorities and the transportation to and from of paper, pens, ink and other necessities, causes much inconvenience and loss of valuable time on the part of the Examiners, Secretary and his assistants.

The Supervisory Board believes that with the additional \$3,000 asked for, suitable rooms can be procured and the rapidly increasing work of the Bureau facilitated to an extent that would enable us to fill the requisitions of the various departments of the City Government without the delays which, under present conditions, are unavoidable.

I also beg leave to call attention to the fact that, as a Bureau of the Executive Department, it is very desirable that the office should remain in the City Hall, and with that view, efforts have been made for some time past to have the Board of Assessors transferred to other quarters, and the rooms now occupied by them appropriated to our use in addition to the room which we now have, and which adjoins the rooms of the Assessors. It would also seem quite desirable that our rooms should be upon the first floor, for the reason that a great number of applicants and others call upon us daily, probably from one hundred to one hundred and fifty, between the hours of 2 and 4 o'clock, alone.

If your Honorable Board desires further reasons why the additional appropriation asked for should be granted, I am instructed to say, that the members of the Supervisory Board would be pleased to appear before you for that purpose at such time as you may designate.

I have the honor to remain, very respectfully, yours,

LEE PHILLIPS, Secretary and Executive Officer.

THE COMMISSIONERS OF ACCOUNTS.

OFFICE OF THE COMMISSIONERS OF ACCOUNTS,
ROOMS 114 AND 115, STEWART BUILDING,
NEW YORK, September 15, 1887.

To the Board of Estimate and Apportionment:

GENTLEMEN—The minimum amount necessarily required to enable this office to perform the duties imposed upon it by chapter 516 of the Laws of 1884 is \$35,000 per annum. We therefore

request that that sum be duly appropriated for its use for and during the year 1888, and that the same be apportioned as follows:

For salaries of two Commissioners, at \$5,000 each per annum, as fixed by said act....	\$10,000 00
For salaries of assistants and contingencies.....	<u>25,000 00</u>

The amount appropriated for the last-mentioned purpose for the current year is \$15,000, a sum insufficient to enable us to cover all the departments and offices the examination of which is incumbent upon us by law.

Very respectfully,

W. P. SHEARMAN, }
J. B. ADAMSON, } Commissioners of Accounts.

HUGH J. GRANT, Sheriff.

REGISTER'S OFFICE.

REGISTER'S OFFICE, HALL OF RECORDS, }
NEW YORK, September 29, 1887.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In compliance with the provisions of section 7 of chapter 531 of the Laws of 1884, I herewith transmit to you an estimate, in writing, of the amount of expenditure required in the office of the Register for the year 1888, the total amount being \$143,900.

In this estimate I have provided for 20 Searchers, being the number now employed under the appropriation made in the Final Estimate for the present year, including the additional appropriation made in May, 1887. Of this number I propose that the salary of five should be restricted to \$2,000 per annum, the salaries of the other fifteen being \$2,500 each.

There are at present employed in the Register's office one Examiner and one Reader. All deeds and instruments recorded are read by the Reader in the hearing of the Examiner, who compares the record with the instrument so as to secure accuracy in the recording. Owing to the number of instruments recorded, it takes at present fully two months to return recorded instruments. This delay is attributable to the physical impossibility of one Reader and one Examiner overtaking the work. The delay is a matter of constant complaint on the part of the public. To remove this complaint one additional Reader and one Examiner are, in my judgment, indispensable. In no other way can the reasonable demands of the public, that all recorded instruments be returned within one month, be provided for.

There are also delays in the matter of the indexes of the public records in the office. At present there are four Index Clerks. There ought to be at least six to keep up with the recording work. My estimate provides for this additional assistance.

By section 1742 of the City Consolidation Act, it is provided that "It shall be the duty of the Register to assign one or more suitable persons in his office, to have the custody of the records in said office during office hours, by whom or in whose presence, under the direction of the Register, all examinations of said records shall be made."

The proper supervision of these records is a public necessity. I find that records are frequently injured by the manner in which they are handled, and I know that there have been instances in the past where records have been tampered with. To protect the public interests in this matter, and secure a compliance with the law above cited, there should be two Custodians for the Conveyance Libers, whose duties it would be to provide those libers when required for public examination, supervise the same while such examination is proceeding, and return the libers, when the examination is completed, to their proper place on the shelves of the office. Two Custodians are also required for the performance of the same duties as to the Mortgage Libers, and one Custodian is required to take care of the original instruments while in the office for record. To meet these necessary requirements, I have provided in the estimate of the office for 1888, for five Custodians of the public records. With less assistance I cannot secure efficiency in the performance of this work.

An additional estimate will be submitted by me for the amount necessary under the provisions of section 57 of the Laws of 1883, entitled "An act for the preservation of public records, maps and papers." I am not, at this date, in a position to submit this estimate, as the proceedings are still pending before the Supreme Court, to determine as to the necessity of the work and the expense of the same.

I am, respectfully,
JAMES J. SLEVIN, Register.

REGISTER'S OFFICE—HALL OF RECORDS, }
NEW YORK, October 12, 1887.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—By the statute, chapter 57 of the Laws of 1883, the Register is required on the certificate of a Justice of the Supreme Court of the First Judicial District, made after examination, to have copied and certified for the public use such records, maps, or papers in his office as may have become mutilated or are rendered unfit for public service.

I transmit to you herewith the certificate of Mr. Justice Donohue, certifying to the necessity of copying certain records, maps and papers in the office, based upon my petition to him, and a report by Messrs. Deyo and Arnold, who conducted the examination under an order made by him. The original papers are on file in the office of the County Clerk, and copies are enclosed.

This work will require to be proceeded with during the ensuing year. As you are aware, the space available in the building in which the Register's office is located, is limited, and because of this restriction, it will be impossible for me to have all the work included in the judge's certificate performed during the ensuing year. But as far as possible this work should be proceeded with. An appropriation of \$35,000 will, in my judgment, be necessary to meet the expenditure which will be incurred in the performance of the work in the year 1888, and I, therefore, ask that this amount be allowed to cover the same.

Respectfully,
JAMES J. SLEVIN, Register.

NEW YORK SUPREME COURT,
FIRST JUDICIAL DEPARTMENT.

IN THE MATTER
of

The petition of JAMES J. SLEVIN as to recopying of certain public records, maps or papers in the custody of the Register of the City and County of New York.

It being provided by the statute, chapter 57 of the Laws of 1883, that "whenever by reason of age, exposure or any casualty any public records or papers in the custody of the Register of the City and County of New York shall become mutilated or rendered unfit for public service, it shall be the duty of the officer having the official custody or control of any such records, maps or papers, to cause copies thereof to be made and certified for the public use," but no such work shall "be done until a Justice of the Supreme Court of the First Judicial District shall, after an examination, certify that such work is necessary for the security and safety of the public records."

And it appearing from the report to me, dated the 6th day of October, 1887, of Robert E. Deyo and John H. V. Arnold, appointed pursuant to the petition of James J. Slevin, Register of the City and County of New York, verified September 24, 1887, to make an examination as to the matters in said petition stated, that the public records, maps and papers in the custody of said Register, and specified and set forth in said report, have become so mutilated, obliterated or otherwise rendered unfit for public service, that copies thereof should be forthwith made for the public use.

Now, on said petition and report, and the examination made, I, Charles Donohue, one of the Justices of the Supreme Court of the First Judicial District, do hereby certify, pursuant to the provisions of said statute, that the performance of the work of having copies made of the public records, maps and papers in said report specified, is necessary for the security and safety of the public records.

And I direct that the said petition, report and this certificate be filed in the office of the County Clerk.

Dated, NEW YORK, October 8, 1887.

(Signed)

C. DONOHUE, J.

IN THE MATTER
of

The petition of JAMES J. SLEVIN as to recopying of certain public records, maps or papers in the custody of the Register of the City and County of New York.

To a Justice of the Supreme Court of the State of New York, First Judicial Department:

The petition of the said James J. Slevin sheweth:

That your petitioner is Register of the City and County of New York.

That, in the opinion of your petitioner, certain public records, maps and papers in his custody, a list of which is hereto annexed, have become mutilated, obliterated or rendered unfit for public service, and it is necessary that copies thereof should be made for the public use, as authorized and required by the statute, chapter 57 of the Laws of 1883.

That by said statute it is provided that no work shall be done in relation to the copying of the said public records, maps or papers, until a Justice of the Supreme Court of the First Judicial Department, after an examination, certify that such work is necessary for the security and safety of the public records.

Your petitioner in the circumstances stated, desires that, after such examination as you may think proper, the certificate by said statute authorized may be granted.

JAMES J. SLEVIN, Register of the City and County of New York.

City and County of New York, ss.:

James J. Slevin, being duly sworn, says that the statements in the foregoing petition are true.

JAMES J. SLEVIN.

Sworn to before me this 24th day of September, 1887.

IN THE MATTER

of
The petition of JAMES J. SLEVIN as to recopying of certain public records, maps or papers in the custody of the Register of the City and County of New York.

To the Honorable CHARLES DONOHUE, Justice of the Supreme Court:

Pursuant to the order made by you September 26, 1887, directing us to examine as to the matters set forth in the petition of James J. Slevin, Esq., verified September 24, 1887, hereto annexed, and to report to you our opinion as to the necessity of copying for the public use the records, maps and papers in the said petition specified.

We do respectfully report that we have attended at the said Register's office, and made a careful examination of such public records, maps and papers in his custody as are specified in the said petition, and are of the opinion that the following, among those so specified, have become so mutilated, obliterated, or otherwise rendered unfit for public service, that copies thereof should be forthwith made for the public use.

BOARD OF COMMISSIONERS OF PILOTS.

OFFICE OF THE BOARD OF COMMISSIONERS OF PILOTS,
No. 40 BURLING SLIP,
NEW YORK, JULY 26, 1887.

Hon. EDWARD V. LOEW, Comptroller, City of New York:

DEAR SIR—In response to your circular of 20th inst., I am instructed by the Board to state that the only moneys required from the City and County of New York for the purposes of this Board, are for the payment of expenses of removing wrecks under the provisions of section 735 of the Consolidation Act.

Judging from past experience the amount will not exceed twenty-five hundred dollars (\$2,500), and it is suggested that that amount be provided.

By order of the Board.

Very respectfully,
D. A. NASH, Secretary.

SURROGATE'S COURT.

OFFICE OF THE SURROGATE,
NEW YORK COUNTY COURT-HOUSE,
NEW YORK, October 7, 1887.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I submit herewith an estimate of the amount of expenditure required in the Surrogate's Court and office for the ensuing calendar year.

This estimate is, with a single exception, the same in all respects as that submitted last year and approved and allowed by your Honorable Board for the year 1887. The labor which has lately been imposed upon this office by the law taxing legacies and collateral inheritances will require for its performance during the year to come the employment of a Clerk in addition to the number of Clerks now on the roll of this office. \$1,000 is asked for his salary.

I also make requisition for the appropriation by your Honorable Board of the sum of eight thousand four hundred dollars for salaries, for the next year, of Clerks engaged in making the transcripts and copies provided for by chapter 57 of the Laws of 1883. In addition to the number of libers of wills shown upon the list referred to in my communication of June 10, 1883, the copying of libers of wills has since been found necessary, and the necessity of these transcripts has been certified to by a Justice of the Supreme Court. Of these twelve, eight are now complete. The remaining four will, it is expected, be finished by the end of the present year. Of the total number of libers certified to need copying, twenty-seven will then remain to be transcribed.

For contingencies an allowance of \$1,000 is asked.

The respective sums asked for transcribing mutilated records and for contingencies are the same as were last year appropriated for those purposes.

Very respectfully yours,

DANIEL G. ROLLINS.

DISTRICT ATTORNEY'S OFFICE.

DISTRICT ATTORNEY'S OFFICE,
CITY AND COUNTY OF NEW YORK,
September 14, 1887.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In compliance with the requirements of section 189 of the New York City Consolidation Act of 1882, I beg leave herewith to transmit the estimate of the amount required to conduct the business of this office for the year 1888. In this estimate is included the salary of an additional Assistant District Attorney, as provided for by chapter 564 of the Laws of 1887, amending section 1503 of the Consolidation Act, and the salaries of additional clerks and subpoena servers, whose appointment was rendered necessary by the establishment of Part Three of the Court of General Sessions, and for the payment of whom, from the date of their appointment to the end of the present year, your Honorable Board made provision by a resolution adopted May 12, 1887.

With these exceptions, the estimate for the year 1888, herewith submitted, shows no increase over that of the present year.

I remain with great respect,

Your obedient servant,

COMMISSIONER OF JURORS.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—In compliance with your request I have prepared the following estimate, based on chapter 426, amended Laws of 1883, of the amounts required to pay the expenses of this office in and for the year 1888:

Charles Reilly, Commissioner	\$5,000 00
James E. Connor, Deputy Commissioner	2,000 00
J. Rice Finn, Assistant Deputy Commissioner	1,600 00
Andrew Doyle, Canvasser	1,400 00
A. W. Moynihan, Enrollment Clerk	1,200 00
H. W. Bowen, Enrollment Clerk	1,200 00
Frederick O'Byrne, Register	1,200 00
Ambrose W. Clayton, Exempt Clerk	1,200 00
William F. Mahoney, Messenger	900 00
John H. Leary, Delinquent Messenger	900 00
Michael Roche, Enrollment Messenger	700 00
William L. Merwede, Enrollment Messenger	700 00
Two Enrollment Messengers, each having yearly salary of \$700	1,400 00
Stationery and printing	2,000 00
	\$21,400 00

This estimate is greater by \$1,400 than that for the year 1887, and the increase is due to two additional Enrollment Messengers. They are needed in order that our notices may be served properly and expeditiously.

Yours, very respectfully,

CHARLES REILLY, Commissioner of Jurors.

NEW YORK, September 1, 1887.

NEW YORK ASYLUM FOR IDIOTS.

NEW YORK ASYLUM FOR IDIOTS,
SYRACUSE, N. Y., September 15, 1887.

To the Board of Supervisors of the County of New York:

By the existing provisions of law, the Supervisors of any county from which State pupils are admitted into the New York Asylum for Idiots, are required to raise the sum of (\$30) thirty dollars a year for each pupil so admitted. (See chapter 739 of the Laws of the State of New York for 1867.)

As the trustees of the asylum have no disposition to charge the counties for clothing State pupils anything more than the actual cost of the clothing furnished, they have decided to reduce the charge to twenty-two dollars each for male pupils, and sixteen dollars for females. They are enabled to do this only by purchasing the supplies at wholesale and by making a portion of the garments with the labor of the inmates.

The following pupils have been received into the asylum from your county upon the proper legal certificates as required by the law relating to the admission of pupils:

William McCabe	\$22 00	Margaret Pelligrew	\$16 00
Charles Hivert	22 00	Lizzie Killian	16 00
Louis Kamp	22 00	Matilda Miller	16 00
Robert Smith	22 00	Maggie Clooney	16 00
John De Mott	22 00	Sarah Lentner	16 00
Marcus Ellinger	22 00	Minnie Shippard	16 00
Joseph Hunter	22 00	Barbara Francis	16 00
William Wiegell	22 00	Sarah Percival	16 00
Adolph Leshinsky	22 00	Mary Percival	16 00
John Murphy	22 00	Julia Walker	16 00
Mason Sharpe	22 00	Elnore Risch	16 00
John Schroeder	22 00	Alice E. Douay	16 00
Isaac O. Birney	22 00	Agnes Green	16 00
Henry Nahlor	22 00	Sophie Goodman	16 00
Oscar Westenburg	22 00	Armenia Robinson	16 00
William D. Carey	22 00	Lucy Lebourneau	16 00
Albert Just	22 00	Louise Bronnstein	16 00
Joseph Brundage	22 00	Henrietta Mannheimer	16 00
John O. Walker	22 00	Hannah S. C. Hendrickson	16 00
George A. Dunne	22 00		
Robert Bradley	22 00		
Minnie Sperry	16 00		
			\$782 00

It will therefore be your duty, under the act aforesaid, at your next annual meeting, to raise the sum of \$782 for clothing said pupils for the fiscal year ending December 31, 1888.

The treasurer of the institution will draw on your County Treasurer for the amount so raised on or soon after the 1st day of April next, if it has not been previously remitted.

I will thank your clerk for a copy of the resolution of your Board on the subject.

Yours, very respectfully,

J. C. CARSON, Superintendent of the New York Asylum for Idiots.

NEW YORK INSTITUTION FOR THE BLIND.

NEW YORK INSTITUTION FOR THE BLIND,
NEW YORK, July 22, 1887.

Hon. EDWARD V. LOEW, Comptroller:

DEAR SIR—In reply to your letter of inquiry, I would state the number of pupils in the New York Institution for the Blind, from the County of New York, in the year ending September 30, 1888, pursuant to chapter 166, section III., Laws of 1870, is estimated to be 175. Estimated appropriation requisite, at (\$50) fifty dollars, is eight thousand seven hundred and fifty dollars (\$8,750).

Very respectfully, your obedient servant,

WILLIAM B. WAIT, Superintendent.

NEW YORK CATHOLIC PROTECTORY.

THE NEW YORK CATHOLIC PROTECTORY,
OFFICE, NO. 415 BROOME STREET,
NEW YORK, August 29, 1887.

Hon. EDW. V. LOEW, *Comptroller of the City and County of New York*:

SIR—In compliance with the requirements contained in the resolutions of the Board of Estimate and Apportionment, embraced in your communication under date of July 20, 1887, duly received, the Managers of the New York Catholic Protectory hereby respectfully submit the following statement and requisition:

By section I, chapter 428 of the Laws of 1867, the sum of one hundred and ten dollars (\$110) per capita on the average number of persons annually maintained in said institution was authorized and directed to be raised in the same manner and applied in the same way as is required by section I, chapter 647 of the Laws of 1886.

Considering the provisions of said acts and the number of children now in the institution, there will be required for the year 1888, two hundred and sixty-four thousand dollars (\$264,000).

This requisition is based on an estimate of two thousand four hundred (2,400) children, as the average number to be maintained during the year 1888.

The Managers beg leave to assure you that they have carefully considered their estimate for 1888, and that any reduction of the sum therein asked for will be attended with serious inconvenience to the institution, and render impossible the reception of all the children committed to its care by the magistrates of this city.

The requirements of chapter 633 of the Laws of 1886 have also increased our responsibilities, and will continue to add to the numbers committed to us by the magistrates, as the House of Reception and quarantine opened more than a year ago leads them to commit to us many children whom they would have formerly sent to other institutions, some of which have ceased to exist.

We beg leave to mention here that the number of children estimated for, for the year 1888, is greatly below the number of beds allowed in the various buildings of our institution, under the provisions of said chapter 633 of the Laws of 1886.

The following is a statement of the salaries paid:

	Per annum.
Actuary	\$2,500 00
Bookkeeper	1,000 00
Chief of Bureau of Admissions and Discharges	1,350 00
Clerk	1,000 00
Visitor	850 00
Superintendent of the House of Reception, board and	850 00
The above are at the office and House of Reception, No. 415 Broome street.	
Physician of House of Reception	300 00
At the Institution, Westchester—	
2 Chaplains, \$600 each	1,200 00
Attending Physician, male department	600 00
Attending Physician, female department	400 00
For cooks, dairymen, tailors, bakers, butchers, gasman, watchmen, engineers, firemen, and other employees.	23,304 00

There are employed in the male department, fifty (50) Brothers of the Christian Schools, who receive one hundred and fifty (\$150) dollars each per annum and their board.

In the female department and the little boys' department, there are engaged thirty-six (36) Sisters of Charity, who receive one hundred (\$100) dollars each per annum and their board.

Yours, very respectfully,

For the Board of Managers of the N. Y. C. Protectory,
HENRY L. HOGUET, President.

NEW YORK INFANT ASYLUM.

NEW YORK, August 12, 1887.

To the Honorable Board of Estimate and Apportionment, New York City:

GENTLEMEN—You will please find below an estimate required for the New York Infant Asylum for year 1888:

For maintenance of children—365 children, at 38 cents per day, \$138.70; for year.	\$50,625 50
For maintenance of women—142 women, each per month, \$18; gross per month, \$2,556; for year.	30,672 00
Obstetrical cases—30 cases, at \$25 per case; \$750 per month; for year.	9,000 00
Total	\$90,297 50

In pursuance of section 22, chapter 106 of the Laws of 1865, as amended by chapter 90 of the Laws 1872, section 1:

Children	\$50,625 50
Women	30,672 00
Obstetrical	9,000 00
Total	\$90,297 50

In presenting the foregoing estimate I have made it out upon a very economical and careful basis. The women and children are increasing monthly. I ask no more than what I believe the Asylum will absolutely need, and hope your Honorable Board will set aside the amount called for in the estimate.

L. M. BATES, Treasurer New York Infant Asylum.

NEW YORK INFIRMARY FOR WOMEN AND CHILDREN.

NEW YORK, 9 month 16, 1887.

Hon. EDWARD V. LOEW, *Comptroller*:

ESTEEMED FRIEND—In reply to thine 7th month 20th, the New York Infirmary for Women and Children respectfully asks for an appropriation of forty-five hundred (\$4,500) dollars for the maintenance of women and obstetrical cases for the next year ensuing, in accordance with section 1, chapter 101, Laws of 1877, passed April 6, 1877.

Respectfully,

JNO. T. WILLETS, Treasurer.

NEW YORK JUVENILE ASYLUM.

NEW YORK, August 11, 1887.

Hon. E. V. LOEW, *Comptroller*:

DEAR SIR—The New York Juvenile Asylum has increased its capacity for receiving children during the last year to a possible thousand children, but the estimate for last year may be taken for the year 1888, to wit: 975 children, at \$110, \$107,250 (see chapter 245, Laws of 1866).

Very respectfully yours,

E. M. KINGSLEY, President.

NEW YORK SOCIETY FOR THE RELIEF OF RUPTURED AND CRIPPLED.

To the Board of Estimate and Apportionment of the City of New York:

GENTLEMEN—The following estimate of the amount of expenditures of the New York Society for the Relief of the Ruptured and Crippled, for the year 1888, is respectfully presented:

Salaries—	\$3,000 00
Surgeon-in-Chief	1,200 00
House Surgeon	1,200 00
Three Junior Assistants	200 00
Surgeon Dentist	1,200 00
Clerk	800 00
Assistant Clerk	1,200 00
Warden	600 00
Matron	300 00
Instructor in Gymnastics	1,188 00
Four Teachers and two Assistants	1,188 00
Two Instrument-makers	1,275 00
Two Engineers	1,080 00
Man for general labor	180 00
Cook	180 00
Two Assistants	204 00
Three Laundresses	492 00
Six Seamstresses	648 00
Ten Nurses	1,536 00
Five Housemaids	636 00
Three Cleaners	384 00
Provisions	\$17,563 00
Manufacturing material	14,450 00
Medicines	4,850 00
Stationery and printing	600 00
School requisites	200 00
Renewing furniture, bedding, etc.	700 00
Repairs to hospital building	2,750 00
Fuel	1,550 00
Gas	750 00
Premium on insurance	375 00
Croton-water rates	425 00
Total	\$44,813 00

The number of dependent children for whose support the City pays at the rate of \$150 per annum for each child (Laws of 1872, chapter 835) will not be less than 175, amounting to \$26,250.

In addition to the number of children treated in the hospital, more than 8,000 patients will receive professional treatment in the out-door department of the institution, including, in most cases, surgical apparatus—all the appliances being kept in repair during the time of treatment, which, in many instances, continues for years.

For the support of this out-door or dispensary department, we rely chiefly on the contributions of the benevolent and the amount received from paying patients.

As may be seen by the foregoing figures, a balance of \$18,563 must be collected to meet the expenditures.

JAS. KNIGHT, M. D., Surgeon-in-Chief of Hospital.

NEW YORK, August 24, 1887.

Respectfully yours,

CARLOS F. MACDONALD, Medical Superintendent.

THE SHEPHERD'S FOLD.

NEW YORK, August 26, 1887.

To the Honorable the Board of Estimate and Apportionment of the City of New York:

By request of the Comptroller under date of July 12, 1887, the following is enclosed to your Honorable Body:

In pursuance of the Laws of the State of New York, chapter 269, section 3, passed April 4, 1871, the Shepherd's Fold of the Protestant Episcopal Church in the State of New York respectfully make application for the appropriation of the sum of five thousand dollars, for the year 1888, to be applied to the purposes and objects of said corporation.

The headquarters of this institution is now at Mount Hope, Tremont, City of New York.

Very respectfully,

E. J. PATTISON, Secretary, No. 111 Broadway.

STATE HOMOEOPATHIC ASYLUM FOR THE INSANE.

OFFICE OF STATE HOMOEOPATHIC ASYLUM FOR THE INSANE,
MIDDLETOWN, ORANGE CO., N. Y.,
September 3, 1887.

Hon. EDWARD V. LOEW, Comptroller, New York City:

DEAR SIR—According to your request we herein send you an estimate of the expenses of supporting the patients chargeable to the City of New York in this institution.

We now have twelve (12) New York patients, and the probable cost for the coming year will be about two hundred and fifty dollars (\$250) each, making a total of three thousand dollars (\$3,000) for the year.

Yours, very truly,

J. COCHRAN, Steward.

FIVE POINTS HOUSE OF INDUSTRY.

FIVE POINTS HOUSE OF INDUSTRY,
No. 155 WORTH STREET, NEW YORK, August 26, 1887.

E. V. LOEW, Esq., Comptroller, City of New York:

DEAR SIR—In response to your circular of inquiry would say that the sum fixed by law for the support of children in this institution is \$52 per year per child, not exceeding 200 per year—the total being, therefore, the sum of \$10,400.

See chapter 597, passed June 26, 1880.

Respectfully,

WM. F. BARNARD, Superintendent.

ASSOCIATION FOR BEFRIENDING CHILDREN AND YOUNG GIRLS.

ASSOCIATION FOR BEFRIENDING CHILDREN AND YOUNG GIRLS,
NEW YORK, July 28, 1887.

Hon. EDWARD V. LOEW, Comptroller, etc.:

DEAR SIR—In reply to your communication of July 20, I have the honor to reply that in accordance with an act of Legislature (Laws of New York, chapter 598, passed June 26, 1880) the amount required for this institution for the year 1888 will be ten thousand dollars (\$10,000).

Very respectfully yours,

MARI IMOGENE EIDLITZ STARR, Secretary.

NEW YORK MAGDALEN BENEVOLENT SOCIETY.

NEW YORK MAGDALEN BENEVOLENT SOCIETY
OF THE CITY OF NEW YORK,
September 15, 1887.

Hon. EDWARD V. LOEW, Comptroller:

DEAR SIR—In reply to your circular of July 20, 1887, I desire to say that we shall probably require \$440, for the support of 4 inmates, at \$110 each per annum, during the year 1888.

Yours, respectfully,

EDWARD SCHELL, Treasurer, No. 644 Broadway.

The Comptroller moved that the said Departmental Estimates for the year 1888 be printed in the minutes.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
October 27, 1887.

To the Board of Estimate and Apportionment:

GENTLEMEN—By chapter 52, Laws of 1885, amended by chapter 238, Laws of 1887, the Comptroller was authorized to examine into the claim of Lawrence Collins, for salary as messenger of the Court of Special Sessions in and for the City and County of New York, from May 5, 1870, to June 5, 1872, and to audit and certify it at such sum as in his judgment ought equitably to be paid by the City.

The claim as presented was for \$6,416.50, principal and interest, to June 1, 1887. The proofs required by the act are accompanied by the certificate of the Hon. E. Henry Lacombe, Counsel to the Corporation, dated April 23, 1885, to the effect that such proofs sufficiently comply with the requirements of the act.

The salary attached to this office, as established by law, was at the rate of \$1,000 per annum prior to May 27, 1870, and \$1,500 per annum thereafter to the end of the period mentioned in the claim.

On the facts as shown by the records, and from the proofs presented to me, I am satisfied that Mr. Collins has an equitable claim for compensation for his said services.

The principal sum, at the rates fixed by law, amounts to \$3,100.12, to which I have made an allowance of interest, \$899.88, making a total of \$4,000, at which amount I have audited and certified this claim.

The audit of this claim at the sum of \$4,000, is made by me with the understanding that a certain judgment for costs in favor of the City, amounting to \$212.59, in the suit of said Collins vs. The Mayor, is to be vacated on the delivery of the release provided for by the act of the Legislature.

Accordingly I certify to you the amount so audited as four thousand dollars, which the claimant agrees to accept in full settlement and give a release to the City.

The certificate and accompanying papers are herewith submitted.

Respectfully,

EDWARD V. LOEW, Comptroller.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
October 27, 1887.

Pursuant to the provisions of chapter 52, Laws of 1885, and chapter 238, Laws of 1887, I have examined into the claim of Lawrence Collins, for salary as Messenger of the Court of Special Sessions in and for the City and County of New York, from May 5, 1870, to June 5, 1872.

Satisfactory proof has been furnished to me that said Collins was the lawfully appointed messenger of said court for the said period, that he has not been paid any moneys as salary as such messenger for said period, and that he was wrongfully and illegally deprived of said office during said period; and which proofs are accompanied by the certificate of the Counsel to the Corporation, April 23, 1885, to the effect that such proofs sufficiently comply with the requirements of said chapter 52, Laws of 1885.

In my judgment the said claim is proper and just and ought equitably to be paid by said city; and I do audit and certify the amount thereof at four thousand dollars in full settlement.

EDWARD V. LOEW, Comptroller.

And moved that the sum of four thousand dollars be inserted in the Provisional Estimate for the year 1888 for the said purpose.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Chairman presented the following:

HEALTH DEPARTMENT, No. 301 MOTT STREET,
NEW YORK, October 27, 1887.

Hon. ABRAM S. HEWITT, Mayor, Chairman Board of Estimate and Apportionment:

SIR—I have the honor to ask your favorable consideration of the following resolution, an extra copy of which is herewith enclosed:

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to change the title of the appropriation "Hospital Fund—For Erection of Stable on Hospital Grounds at Sixteenth Street and East River," 1887, amounting to \$7,500, so as to read as follows: "Hospital Fund—For Enlarging Disinfecting Building, Providing proper Steam Apparatus for Disinfecting Clothing, Erecting Fire-escapes for Hospital Building, etc., on Ground at Sixteenth Street and East River."

Upon assuming responsibility for the management of this Department, I found that the appropriation of \$7,500 had not been used for the purpose for which it was given, and the propriety of so using it seemed to me open to grave doubts. A stable in a small enclosure and immediately under the windows of a contagious diseases hospital does not seem to me proper. However well cared for, it would undoubtedly be a source of annoyance and perhaps of danger to patients whose convalescence demands pure air and freedom from nuisance or annoyance. The necessity for extending what is known as the disinfection building is exigent, but for other purposes than the stabling of horses.

There is nowhere in New York City a building or structure in which the adequate disinfection of considerable quantities of clothing and other articles liable to absorb contagion, can be done. We have a poor little shed for this purpose in the rear of the Willard Parker Hospital, but it is wholly inadequate and entirely lacks steam connections. Nor could these be provided for the reason that the building, being loosely constructed of wood, would not hold steam nor allow us to maintain in it a temperature which would destroy disease germs. Every great city needs adequate disinfecting facilities, and perhaps the only preparation for cholera which I have been unable thus far to make, is such a disinfecting house as I describe.

You will also notice that a fire-escape is mentioned in the new title. The Willard Parker Hospital is a five-story brick building, in some respects the worst designed structure I have ever seen for hospital purposes. It has but one stairway, extending from the ground floor to the attic. The stairway is of oiled Georgia pine. In the event of fire, to which the building, from steam-pipes and other causes, is at all times liable, this stairway would burn very rapidly, and all retreat from the upper floors would be effectually cut off. It seems to me almost a crime to confine in the upper wards of such a building from fifty to one hundred sick children with their nurses and attendants, with absolutely no means of escape in case of fire. Should one occur in that building by day or night the loss of life would be dreadful, and I do not feel that I can safely rest under this responsibility without at least an effort to discharge my obvious duty in the premises. An outside iron stairway is imperatively needed, not only as a fire-escape, but as a means of access to the upper floors in carrying out our present plan of isolating specific diseases, and preventing any intercommunication of those carrying contagion. To do this at all we shall have to provide a second stairway, and it would, I think, be much better to combine this stairway with a fire-escape.

If it is your pleasure to favorably consider this request, I will use the appropriation wisely, and provide, before cold weather, the additional facilities needed.

With much respect,

JAMES C. BAYLES, President.

And moved that the appropriation for "Hospital Fund—For Erection of Stable on Hospital Grounds at Sixteenth Street, East River," 1887, be amended as requested.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller offered the following preamble and resolution:

Whereas, Chapter 297 of the Laws of 1884 provides that the Board of Estimate and Apportionment, in making up their annual Provisional and Final Estimates, shall consider the yearly estimate presented by the Sheriff, "and shall provide for the various objects of expenditure in said yearly estimate specified, such sums, or fix such rates of payment therefor, as in the judgment of said Board of Estimate and Apportionment may seem necessary and sufficient"; and

Whereas, The Counsel to the Corporation, in a communication presented to this Board at its meeting held on October 27, 1887, states as his opinion, that the statute cited applies to the present Sheriff, and that it is within the power of the Board, in making their Provisional and Final Estimates for the ensuing year, yearly, to determine the rates of payment to be paid for Sheriff's services, as in the judgment of the Board may seem necessary and sufficient;

Resolved, That, pursuant to the authority conferred upon the Board of Estimate and Apportionment by chapter 297 of the Laws of 1884, the fees of the Sheriff of the City and County of New York, not otherwise provided for by law, are hereby fixed at the following rates of payment:

Which was ordered to be printed in the minutes.

The Comptroller moved that the sum of \$3,000,000 be deducted from the Provisional Estimate for the year 1888, as the amount of estimated revenues of the General Fund not otherwise specifically appropriated by law.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller offered the following resolution and Provisional Estimate for the year 1888:

Resolved, That the Board of Estimate and Apportionment, as provided by section 189 of the New York City Consolidation Act of 1882, do, by the affirmative votes of all the members, hereby make the following

The Chairman presented the following:

CITY OF NEW YORK—DEPARTMENT OF DOCKS,
PIER "A," NORTH RIVER, BATTERY PLACE,
NEW YORK, October 28, 1887.

Hon. A. S. HEWITT, Mayor and Chairman Board of Estimate and Apportionment:

SIR—On the 28th of July last, you addressed, through your Secretary, Mr. Berry, a communication to this Board in relation to the proposed increase in the salaries of the Commissioners of this Department, as provided by a recent act of the Legislature, and in which you stated that it was your intention to cause the matter to be brought up for the consideration of the Board of Estimate and Apportionment at its next meeting.

We have no desire to press the subject unduly, and do not now allude to it, except for the purpose of recalling it to your recollection, which it may have escaped. We shall be pleased, however, if, in accordance with your expressed intentions, you will give it your consideration and take such action as may seem just and proper in the judgment of the Board of which you are Chairman.

We are, sir, yours very respectfully,

L. J. N. STARK,
JAMES MATTHEWS,
CHARLES H. MARSHALL, } Commissioners.

Which was received and placed on file.

The Chairman presented the following:

NEW YORK BOARD OF TRADE AND TRANSPORTATION,
BRYANT BUILDING, No. 55 LIBERTY STREET,
NEW YORK, October 28, 1887.

To his Honor Mayor HEWITT, City Hall, New York:

DEAR SIR—I have the honor to transmit herewith copy of a preamble and series of resolutions, touching our street pavements, which were adopted by this Board at their last regular meeting. Will you kindly submit them to the Board of Estimate and Apportionment, requesting their consideration of the subject referred to.

Respectfully, etc.,

FRANK S. GARDNER, Acting Secretary.

NEW YORK, October 28, 1887.

At a regular monthly meeting of the New York Board of Trade and Transportation, held Wednesday, October 12, 1887, the following preamble and resolutions were unanimously adopted:

Whereas, The pavements of some streets in the business part of the city are in such bad condition that it seriously interferes with the business of this port and entails a very great loss upon the owners of horses and vehicles engaged in moving merchandise; and

Whereas, The prosperity of our city and the value of its real estate largely depends upon the facilities it offers for the transaction of business;

Resolved, That the pavements in the business part of the city should be put in proper condition before expending large sums upon new pavements in the residence part of the city; and be it further

Resolved, That we call upon the Board of Estimate and Apportionment to make such appropriations as will enable the Department of Public Works to act efficiently in improving the pavements in the section of the city before mentioned.

Resolved, That the manner in which our streets are constantly being torn up by various heating and gas companies, in defiance of the duly constituted authorities, is an outrage, and we call upon the Legislature to so modify existing laws that the rights of citizens may be reasonably protected.

A true copy.

[SEAL.]

FRANK S. GARDNER,
Acting Secretary New York Board of Trade and Transportation.

Which was received, and the Secretary was directed to notify the Board of Trade and Transportation that this Board has appropriated in the Provisional Estimate for the year 1888 the sum of \$500,000 for "Repaving Streets and Avenues," being the full amount allowed by law for that purpose.

On motion, the Board adjourned.

M. COLEMAN, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,
MAYOR'S OFFICE, CITY HALL,
SATURDAY, November 5, 1887—11 o'clock A.M.

The Board met in pursuance of the following call :

OFFICE OF THE MAYORALTY,
EXECUTIVE DEPARTMENT—CITY HALL,
NEW YORK, November 4, 1887.

In pursuance of the authority contained in the 18th section of the New York City Consolidation Act of 1882, a meeting is hereby called of the Mayor, Comptroller, President of the Board of Aldermen, and the President of the Department of Taxes and Assessments, constituting a Board of Estimate and Apportionment, to be held at the office of the Mayor, on Saturday, November 5, 1887, at 11 o'clock A.M., for the purpose of transacting such business as may be brought before the Board.

ABRAM S. HEWITT, Mayor.

INDORSED :

We hereby consent that the Rule adopted February 2, 1885, relating to calls of meetings, be suspended for this meeting.
Admission of a copy of the within as served upon us this 4th day of November, 1887.

ABRAM S. HEWITT,

Mayor;

THE STATE TAXES.

The sum of \$4,064,179.24, the amount to be raised by tax in the City and County of New York in the year 1888, was appropriated to pay the State taxes, including \$12,692.01 for salary and expenses of the Shore Inspector, as provided by law.

INTEREST ON THE CITY DEBT.

The sum of \$6,999,512.81 required to pay the interest due and payable on the City Debt, in the year 1888, as reported by the Comptroller, was appropriated for that purpose, as provided by law, including interest on the indebtedness of the annexed territory of the Twenty-third and Twenty-fourth Wards, and upon Revenue Bonds to be issued in 1888.

REDEMPTION OF THE CITY DEBT.

The sum of \$1,380,489.82 required for the redemption of the City Debt, due and payable in the year 1888, not otherwise provided for, and to be raised annually to pay the principal of the City Debt at maturity, as provided by section 192 of the New York City Consolidation Act of 1882, and section 11, article VIII. of the State Constitution, as reported by the Comptroller, was appropriated for those purposes, including the principal of the bonded debt of the territory annexed from Westchester County, due and payable in 1888, as provided by law.

ARMORIES AND DRILL-ROOMS—RENTS.

The sum of \$80,750 required to pay rents of armories of the State National Guard was appropriated, as provided by law.

RENTS.

The sum of \$130,672 required to pay rents of public offices, civil courts, etc., was appropriated, as provided by law.

JUDGMENTS.

The sum of \$250,000, deemed to be necessary to meet judgments against the City payable in the year 1888, was appropriated for that purpose, pursuant to law.

THE LAW DEPARTMENT.

The sum of \$256,954 was asked for in the Departmental Estimate, and the sum of \$255,344 was appropriated as required by the Law Department, including the salaries of the Counsel to the Corporation, the Public Administrator, the Corporation Attorney and the Attorney for the Collection of Personal Taxes, as fixed by law.

THE DEPARTMENT OF PUBLIC WORKS.

The sum of \$3,424,796 was asked for in the Departmental Estimate, and the sum of \$3,185,809 was appropriated as required by the Department of Public Works, and deemed sufficient for the objects and purposes thereof in the year 1888, including the salary of the Commissioner of Public Works, as fixed by law.

THE DEPARTMENT OF PUBLIC PARKS.

The sum of \$1,216,710 was asked for in the Departmental Estimate, and the sum of \$1,017,000 was appropriated, that amount being deemed sufficient for the objects and purposes of the Department of Public Parks in the year 1888, including the salary of the President, as fixed by law.

THE DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

The sum of \$2,721,152 was asked for in the Departmental Estimate, and the sum of \$2,645,039 was appropriated, that amount being deemed sufficient for the objects and purposes of the Department of Public Charities and Correction in the year 1888, including the salaries of the Commissioners, and the amount required for the use of the Poor Adult Blind of the City of New York, as provided by law.

THE HEALTH DEPARTMENT.

The sum of \$399,887 was asked for in the Departmental Estimate, and the sum of \$382,952 was appropriated as sufficient for the objects and purposes of the Health Department in the year 1888, including the salaries of the President and other officers of the Department, as provided by law.

THE POLICE DEPARTMENT.

The sum of \$4,640,861.46 was asked for in the Departmental Estimate, and the sum of \$4,375,255.66 was appropriated as sufficient for the objects and purposes of the Police Department in the year 1888, including the salaries of the Board of Police and officers of the Department and the uniformed Police force, as provided by law.

THE DEPARTMENT OF STREET CLEANING.

The sum of \$1,291,459 was asked for in the Departmental Estimate, and the sum of \$1,256,459 was appropriated as sufficient for the objects and purposes of the Street Cleaning Department in the year 1888, including the salary of the Street Commissioner, as fixed by law.

THE FIRE DEPARTMENT.

The sum of \$2,180,927 was asked for in the Departmental Estimate, and the sum of \$1,974,492 was appropriated as sufficient for the objects and purposes of the Fire Department in the year 1888, including the salaries of the Commissioners and officers and firemen, as fixed by law.

THE DEPARTMENT OF TAXES AND ASSESSMENTS.

The sum of \$109,700 was asked for in the Departmental Estimate, and that sum was appropriated as required by the Department of Taxes and Assessments, including the salaries of the Commissioners, as fixed by law.

THE BOARD OF EDUCATION.

The sum of \$5,360,865 was asked for in the Departmental Estimate, and the sum of \$4,303,167 was appropriated, that sum being deemed to be required and sufficient for the objects and purposes of the Board of Education in the year 1888, reductions being made in various items of the Departmental Estimate as excessive, and in the amount asked for for new school buildings and sites, excepting for a new building in the Twenty-second Ward, corner of Seventy-seventh street and Tenth avenue, amounting to \$130,000, it being considered more advisable to provide for such expenditures from the proceeds of bonds to be issued under the authority of the Legislature than to raise the amount by taxation.

THE COLLEGE OF THE CITY OF NEW YORK.

The sum of \$150,000 was asked for in the Departmental Estimate, and that sum was appropriated, as provided by law.

ADVERTISING, PRINTING, STATIONERY AND BLANK BOOKS.

The sum of \$247,720.46 was asked for in the Departmental Estimate for advertising, etc., including the publication of the CITY RECORD, the preparation and printing of the Registry of Voters, and arrearages, and the sum of \$241,500 was appropriated as sufficient for the objects and purposes required in the year 1888, as provided by law.

THE JUDICIARY.

The Police Courts.

The sum of \$153,300 was asked for by the Departmental Estimates of the Police Courts, and the sum of \$149,000 was appropriated for the salaries of the Police Justices, Clerks and Employees of the Courts, pursuant to the provisions of law.

The District Courts.

The sum of \$204,940 was asked for by the Departmental Estimates of the District Courts, and the sum of \$201,500 was appropriated for the salaries of the Justices, Clerks and Employees of the Courts, pursuant to the provisions of law.

The Supreme Court.

The sum of \$176,850 was asked for in the Departmental Estimate, and the sum of \$173,850 was appropriated for salaries of the Justices, Clerks, etc., as provided by law, the amount of compensation of Justices from other districts being reduced from \$7,000 to \$4,000, to be applied only to the compensation of Justices sitting in General Term.

The County Clerk's Office.

The sum of \$87,250 was asked for in the Departmental Estimate, and the sum of \$90,850 was appropriated, the sum of \$3,600 additional being for compensation of custodians in Searchers' Department, including the salary of County Clerk, as fixed by law.

The further sum of \$18,100 was asked for for the preservation of the public records, and appropriated as provided by law, which is included under the head of "Miscellaneous" appropriations.

The Superior Court.

The sum of \$159,000 was asked for in the Departmental Estimate, and that amount was appropriated for the salaries of Judges, Clerks, etc., as provided by law.

The Court of Common Pleas.

The sum of \$155,000 was asked for in the Departmental Estimate, and the sum of \$151,750 was appropriated for salaries of Judges, Clerks, etc., as provided by law, the sum of \$3,250 being disallowed for law books and Crier.

The City Court.

The District Attorney's Office.

The sum of \$113,790 was asked for in the Departmental Estimate, and that sum was appropriated for the salaries of himself and assistants and the stenographer to the Grand Jury, as fixed by law, and for salaries of Deputy Assistants, Clerks, and expenses necessary to conduct the business of the office of the District Attorney. The further sum of \$25,000 was asked for and appropriated for contingencies, including expenses in bribery cases, which is included under the head of "Miscellaneous" appropriations.

The Commissioner of Jurors.

The sum of \$21,400 was asked for in the Departmental Estimates, and the sum of \$20,700 was appropriated as required for salaries and expenses of the office, including the salary of the Commissioner of Jurors, as fixed by law, the sum of \$700 being disallowed.

THE CORONERS' OFFICE.

The sum of \$50,000 was asked for in the Departmental Estimate, and that amount, deemed necessary, was appropriated for salaries and expenses of the Coroners' Office.

THE SHERIFF'S OFFICE.

The sum of \$87,800 was asked for in the Departmental Estimate, and the sum of \$65,700 was appropriated, the sum of \$5,000 being deducted from the estimate for support of prisoners and other

expenses in the county jails, and a reduction of \$17,100 being made in the amount asked for Sheriff's fees, in accordance with the rates fixed by the Board of Estimate and Apportionment for the year 1888, on October 29, 1887, under the provisions of chapter 207 of the Laws of 1884, which, in the opinion of the Counsel to the Corporation, dated October 27, 1887, empowers that Board "in making their Provisional and Final Estimates for the ensuing year, yearly, to determine the rates of payment to be paid for Sheriff's services, as in the judgment of the Board seem necessary and sufficient."

ELECTION EXPENSES.

The sum of \$231,100 was asked for in the Departmental Estimate of the Chief of the Bureau of Elections, including compensation of five Inspectors and two Poll Clerks for each poll district, and for the probable requirement of sixty additional Election Districts, as provided by law, and the sum of \$263,100 was appropriated, including the sum of \$30,000 for advertising and \$2,000 for compensation of Clerks of the Board of County Canvassers, which amounts were added to cover the necessary expenses to be incurred pursuant to the provisions of law.

PRESERVATION OF PUBLIC RECORDS.

The sum of \$18,100 was asked for by the County Clerk for compensation of copying clerks and bookbinders and materials necessary for the preservation of the public records in his office, and that sum was appropriated as required for the purpose; the sum of \$8,400 was asked for by the Surrogate for the same purpose, and that sum was appropriated as required therefor; and the sum of \$35,000 was asked for by the Register for the same purpose, and the sum of \$25,000 was appropriated as sufficient for the year 1888, making a total of \$61,500 asked for in the several Departmental Estimates, and of \$51,500 appropriated, under the provisions of law applicable thereto, for the preservation of the public records in the offices of the County Clerk, the Surrogate and the Register of the City and County of New York.

THE REGISTER'S OFFICE.

The sum of \$143,900 was asked for in the Departmental Estimate of the Register, and the sum of \$135,400 was appropriated as sufficient, in the judgment of the Board of Estimate and Apportionment, for the compensation of Clerks, Searchers and other employees, and the expenses of the office, including the salary of the Register, as provided by law. The sum of \$35,000 was also asked for by the Register, and the sum of \$25,000 was appropriated for the preservation of the public records in the Register's Office, as stated under the head of Preservation of Public Records.

MUNICIPAL SERVICE AND EXAMINING BOARDS.

The sum of \$28,470 was asked for in the Departmental Estimate, and the sum of \$25,000 was appropriated as sufficient for the salaries of officers and employees and expenses of the Civil Service Boards in 1888, the sum of \$3,470 being deducted as unnecessary.

FUND FOR STREET AND PARK OPENINGS.

The sum of \$137,733.27 was asked for and that amount was appropriated to meet liabilities for awards and taxed costs on account of various street and park opening proceedings, pursuant to chapter 173 of the Laws of 1885, confirmed since the 1st day of January, 1887, exhibited in a statement presented by the Comptroller to the Board of Estimate and Apportionment, at a meeting held October 26, 1887, and as certified by the Counsel to the Corporation.

ASYLUMS, REFORMATORIES AND CHARITABLE INSTITUTIONS.

The sum of \$1,141,952.44 was asked for in the estimates of various charitable institutions, and that amount was appropriated for various purposes and objects as provided for by law, and required for arrangements.

NOTE.—The Board of Estimate and Apportionment in making the Provisional Estimate for the year 1888, has made the appropriations in detail as far as possible, for each object and purpose, for which they are to be used and applied.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller offered the following preamble and resolution:

Whereas, Section 203 of the New York City Consolidation Act of 1882 provides that the Board of Estimate and Apportionment shall file with the said Final Estimate during the month of December in each year, a schedule of the names of all persons not within a Department, employed under the City Government, the designation of their offices and employments respectively, and the salaries and compensation fixed for each, which said schedule shall be published in the CITY RECORD; therefore be it

Resolved, That the Secretary be requested to prepare and present to this Board, before the adoption of the Final Estimate for 1888, a schedule in conformity with the provisions of law above recited; and for this purpose is authorized to obtain from all officers and boards of the City Government, not within a department, a statement of the facts required by said law to be filed and published.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Chairman presented the following:

CHAMBER OF COMMERCE OF THE STATE OF NEW YORK.

Resolutions.

At the monthly meeting of the Chamber of Commerce, held November 3, 1887, the following preamble and resolutions were unanimously adopted:

Whereas, The pavements of our streets in the business part of the city are so bad that they impede the movement of merchandise and entail a great loss in wear and tear upon owners of horses and vehicles; and

Whereas, It is important that our commercial facilities should be preserved in an efficient state, in order that commerce may not be diverted to other ports and places;

Resolved, That this Chamber respectfully urges upon the Board of Estimate and Apportionment the necessity of providing sufficient funds to enable the Department of Public Works to decently maintain our pavements in the business part of the city.

Resolved, That the Department of Public Works be requested to do all its repairs hereafter by contract as far as practicable.

Resolved, That a copy of these resolutions be sent to the Board of Estimate and Apportionment and to the Commissioner of Public Works.

A true copy.

CIVIL SERVICE SUPERVISORY AND EXAMINING BOARDS.

CITY OF NEW YORK—CIVIL SERVICE SUPERVISORY AND EXAMINING BOARDS, SECRETARY'S OFFICE, ROOM 11, CITY HALL, NEW YORK, June 3, 1887.

THOMAS COSTIGAN, Esq.,
Supervisor City Record:

DEAR SIR—The following amendment to Regulation 16 of the New York City Civil Service Regulations has been made:

If the appointing officer shall notify the Secretary of more than one vacancy at any one time, the Secretary shall certify to the appointing officer for appointment, the names of as many persons as there are vacancies to be filled, with the addition of two names for the first vacancy and one name for every two vacancies in addition to the first.

Yours respectfully,
LEE PHILLIPS,
Secretary and Executive Officer.

CITY OF NEW YORK—CIVIL SERVICE SUPERVISORY AND EXAMINING BOARDS, SECRETARY'S OFFICE, ROOM 11, CITY HALL, NEW YORK, May 31, 1887.

THOMAS COSTIGAN, Esq.,
Supervisor:

DEAR SIR—The following resolution was passed by the Supervisory Board at their meeting, held May 27, 1887:

"Resolved, That in view of the inadequate space in the Secretary's office and in order to enable him more readily to discharge the business of the same, the Secretary is authorized to arrange the business of the office so that the same shall be open for personal interviews with applicants and the public during a part of the day only."

Pursuant to the above action, I hereby designate the two hours between 2 and 4 o'clock in afternoon as the time for which the offices shall be open for personal interviews with applicants and the public.

Very respectfully,
LEE PHILLIPS,
Secretary and Executive Officer.

DEPARTMENT OF PUBLIC PARKS.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS, Nos. 49 and 51 CHAMBERS STREET, November 10, 1887.

NOTICE IS HEREBY GIVEN THAT THE Commissioners of the Department of Public Parks, in the City of New York, will at their office, Nos. 49 and 51 Chambers street, in the Emigrants' Savings Bank Building, in said city, on Wednesday, December 7, 1887, at 11 o'clock A. M., attend and hear and consider all statements, objections and evidence which may be then and there offered in reference to the contemplated change, alteration, amendment and revision, under the authority of chapter 721 of the Laws of 1887, of the maps or plans heretofore adopted by said department by authority of law, showing streets, avenues, roads, boulevards, parks, public squares or places heretofore laid out in that part of the Twenty-third and Twenty-fourth Wards of said city bounded on the north by Belmont and Elliot streets, on the east by Sheridan and Mott avenues, on the south by the Spuyten Duyck and Port Morris Railroad, and on the west by Jerome, Claremont and Cromwell avenues.

The map or plan showing such contemplated change is on exhibition in said office.

The general character and extent of the contemplated change is as follows:

To discontinue and close portions of Sedgwick, Sheridan, Mott, Claremont, Highwood and Overlook avenues, Juliet street, Marchwood place, Mars Crescent and Cannon Crescent.

To prolong Juliet, One Hundred and Sixty-second and One Hundred and Sixty-third streets, Endrow, Woolford and Clark places, Cromwell avenue, Mott and Sheridan avenues, and to change the class of "Inwood avenue."

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS, Nos. 49 and 51 CHAMBERS STREET, New York, November 10, 1887.

NOTICE IS HEREBY GIVEN THAT THE Commissioners of the Department of Public Parks, in the City of New York, will at their office, Nos. 49 and 51 Chambers street, in the Emigrants' Savings Bank Building, in said city, on Wednesday, December 7, 1887, at 11 o'clock A. M., hear and consider all statements, objections and evidence that may then and there be offered in reference to the contemplated change of width of Teasdale place, from Third avenue to Trinity avenue, in the Twenty-third Ward of said city, in pursuance of the provisions of chapter 721 of the Laws of 1887.

The general character and extent of the contemplated change is to reduce the width of said Teasdale place from 80 feet, as widened by the Department of Public Parks, to 50 feet, as originally laid out.

The map or plan showing such contemplated change is now on exhibition in said office.

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION, No. 66 THIRD AVENUE.

TO CONTRACTORS.

PROPOSALS FOR BOILER-HOUSE, ENGINE-MAN'S RESIDENCE, WATER-TOWER, ETC., FOR THE FARM AT CENTRAL ISLAND, LONG ISLAND, N. Y.

SEALED BIDS OR ESTIMATES FOR THE aforesaid job, in accordance with the specifications and plans will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until 9 o'clock A. M. of Tuesday, November 29, 1887. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Boiler-house, Engine-man's Residence, Water-tower, etc., for the Farm at Central Island, Long Island, N. Y., and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of THREE THOUSAND (\$3,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk thereof, or any other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No bid or estimate will be considered unless accompanied by either certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except those of successful bidders, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

BIDDERS ARE INFORMED THAT NO DEVIATION FROM THE SPECIFICATIONS WILL BE ALLOWED, UNLESS UNDER THE WRITTEN INSTRUCTIONS OF THE COMMISSIONERS OF PUBLIC CHARITIES AND CORRECTION.

avenue in the City of New York, until 9 o'clock A. M. of Tuesday, November 29, 1887. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Three Pavilions, Dining Room, Kitchen, Administration Building, Store-house and Stable and Wagon at Central Island, Long Island, N. Y., and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWENTY THOUSAND (\$20,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk thereof, or any other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No bid or estimate will be considered unless accompanied by either certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except those of successful bidders, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

BIDDERS ARE INFORMED THAT NO DEVIATION FROM THE SPECIFICATIONS WILL BE ALLOWED, UNLESS UNDER THE WRITTEN INSTRUCTIONS OF THE COMMISSIONERS OF PUBLIC CHARITIES AND CORRECTION.

THE FORM OF THE AGREEMENT, INCLUDING SPECIFICATIONS, AND SHOWING THE MANNER OF PAYMENT, CAN BE OBTAINED AT THE OFFICE OF THE DEPARTMENT, WHERE THE PLANS WILL BE ON EXHIBITION FOR THE INFORMATION OF BIDDERS.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person is interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and that he is not interested in the security required for the completion of this contract, over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered, to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or

from time to time, as the Commissioners may determine. Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
