Whereas, The public parks of New York were established for the rest and recreation of the people, and are maintained at the expense of the tax-payers of the city; and Whereas, The Park Commissioners, influenced, as it is understood, by the representations of his Honor the Mayor, that the placing of benches in the City Hall Park tended to promote disorder, and led to various other abuses, which, however, are not fully justified by past experience, have caused to be removed from said park the seats that had been placed there for years past, thereby

depriving many mothers with nursing infants, and small children visiting this park, as well as strangers, and citizens generally, of a chance to rest themselves during the heat of the day; and Whereas, This deprivation is an outrage not to be quietly submitted to in a free country, and is contrary to the liberal spirit that has heretofore characterized the actions of the Park Board;

Resolved, That we, the representatives of the people, respectfully request the Commissioners of Parks to restore the benches to the City Hall Park, without unnecessary delay.

REPORT:

That having examined the proposed location of this court it is found to be a very desirable one. It is in the centre of the populous portion of the new district, and is accessible from its most remote portions by several lines of railway. The "Hall" in the second story comprises the entire floor of the building; it is 125 feet deep by 50 feet wide, containing 6,250 square feet of surface. The room is well ventilated, well lighted, and with some alterations peculiarly well fitted for court-room purposes. Your Committee are informed that the whole or any portion of the "Hall" can now be leased, and the Commissioners of the Sinking Fund, who make all leases on behalf of the City, can determine which is best for the interests of the public. It is simply the duty of the Common Council odesignate the place for holding the Court in this new district, and your Committee believe it to be advisable to designate the premises named, leaving it to the said Commissioners to determine if it is advisable to lease the entire second floor or story of the building or only a portion, and what portion thereof.

The following resolution is therefore respectfully offered for your adoption:
Resolved, That the second floor of the building known as "Manhattan Hall," located on the west side of Eighth avenue, near the corner of Fifty-fourth street, known as Nos. 915, 917 and 919 Eighth avenue and No. 305 West Fifty-fourth street, known as Nos. 915, 917 and 919 Eighth avenue and No. 305 West Fifty-fourth street, known as Nos. 915, 917 and 919 Eighth avenue and No. 305 West Fifty-fourth street, known as Nos. 915, 917 and 919 Eighth avenue and No. 305 West Fifty-fourth street, known as Nos. 915, 917 and 919 Eighth avenue and No. 305 West Fifty-fourth street, known as Nos. 915, 917 and 919 Eighth avenue and No. 305 West Fifty-fourth street, known as Nos. 915, 917 and 919 Eighth avenue and No. 305 West Fifty-fourth street, known as Nos. 915, 917 and 919 Eighth avenue and No. 305 West Fifty-fourth street, known as Nos. 915, 917 and 91

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, July 21, 1884.

To the Honorable the Board of Aldermen :

By virtue of resolutions of your Honorable Body, passed August 17, 1883, and October 22, 1883, I have had the charge of applications for the payment of the funeral expenses and head-stones of honorably discharged soldiers, sailors and marines, "who served in the army or navy of the United States, during the late rebellion," and died in the City of New York on and after April 19, 1883.

Up to the present time I have approved 134 burial vouchers, made on printed forms adopted

Up to the present time I have approved 134 burial vouchers, made on printed forms adopted by me.

The proofs necessary to establish the validity of these vouchers have all been taken in this office. I have caused to be prepared printed headstone vouchers, and forty-seven of such vouchers and the necessary proofs thereof, also taken in this office, have been approved by me.

I have also caused to be prepared and kept suitable record books of the above-mentioned vouchers, with the necessary details of the same.

I doubt whether this department is the most suitable one in which this necessary yet laborious work should be performed and believe your Honorable Body will on reflection arrive at the conclusion that the same should be transferred to some other place where a better provision of clerical force has been made.

I also transmit herewith a communication received from the Monumental Bronze Company, which has the contract for making and setting up the above-mentioned headstones, in which is shown the difficulties incurred under the present ordinances of the Common Council.

I therefore respectfully recommend that the charge of applications for payment of expenses of soldiers' burials and monuments, in accordance with chapter 247 of the Laws of 1883, with the records and papers relating thereto now in this office, be transferred to the Health Department, and that the head of that department be designated as the proper authority under the law to attend to such matters, and that such changes be made in the contract with the Monumental Bronze Company as will enable it to perform the labor required thereby.

FRANKLIN EDSON, Mayor.

FRANKLIN EDSON, Mayor,

BRIDGEPORT, CONN., July 18, 1884. New York Office, 37 University Place.

To his Honor MAYOR EDSON, City Hall, New York:

To his Honor Mayor Eddon, City Hall, New York:

DEAR SIR—On October 17, 1883, the Board of Aldermen of your city passed a resolution adopting a certain soldier marker made by us, design, price and manner of setting therein attached, which was approved by your Honor on the 22d of October, 1883. Names of such deceased soldiers were given us from the books in your office to the number of 139 up to this date. Soon thereafter, we commenced the manufacture of the same and commenced setting in May last, and soon found that the manner provided by us of setting could not be carried out in the following places, and reasons hereto attached:

181. The Lutheran Cemetery required the top of base even with the top of the rounded graves, while you will see our instructions were to set the base level with the ground.

2d. In Cypress Hills the same regulations were required with this difference—that when the graves came to settle the Superintendent was to reset them level with the ground.

3d. In Evergreen Cemetery they do not allow a cement base, but require a marble block of the size of base, which we have paid the Superintendent of Evergreen Cemetery for furnishing at an increased cost.

increased cost.

4th. At Greenwood they object to any foundation of this kind, for the reason that when they open that or adjoining graves they wish to set the marker one side to be replaced when through with their work. In other words, a portable marker only allowed.

5th. In the Refiners' Cemetery the regulations require that nothing but wood or tin markers be used.

used.
6th. In Calvary and Holy Cross no markers allowed, only on a solid foundation going down nine feet, at a cost, for this size, of not less than \$15.

A few have been successfully set in other cemeteries not herein mentioned.
We exceedingly regret our inability to set these markers according to our usual custom, as we have and are now setting them in the various States.
Owing to the singular rules of the Refiners' Cemetery, we will not be able to set the two markers we have made for that cemetery. What shall we do with them?
The markers for Calvary and Holy Cross cemeteries, owing to the foundation rules, we will not be able to erect. Fortunately we have built but a few for these cemeteries. What shall we do with them?

be able to erect. Fortunately we have built but a few for these cemeteries. What shall we do with them?

In the above mentioned cemeteries (other than Refiners', Calvary and Holy Cross) we can arrange to set according to their rules.

As we have spent a great deal of time and money, our prayer is that permission be given us to erect according to the requirements and satisfactory to the different cemetery associations, other than Refiners', Calvary and Holy Cross—and in those we are trying to get their rules modified so that soldiers buried therein can have markers erected over their graves, which now they have none.

Your earliest possible attention is requested to help us out of this dilemma.

Respectfully yours,

THE MONUMENTAL BRONZE COMPANY,

WM. O. CORNING, Treasurer.
