the commencement of the term will be allowed by this
Department.

All repairs, maintaining or rebuilding required or
necessary to be done to or upon the premises, or any
part thereof, during the continuance of the term of the
lease, shall be done by and at the cost and expense of
the lessee or purchaser.

No claim or demand will be considered or allowed by
the Department for any loss or deprivation of wharfage
or otherwise, resulting from or occasioned by any delay
on account or by reason of the premises or any part
thereof being occupied for or on account of any repairs,
rebuilding or dredging.

The upset price of the parcels or premises exposed or
offered for sale will be announced by the auctioneer at
the time of sale.

The Department will do all dredging whenever it shall
deem it necessary or advisable so to do.

The term for which leases are sold will commence at
the date mentioned in the advertisement, and the rents
accruing therefor will be payable from that date in
each case.

Each purchaser of a lease will be required, at the
time of the sale, to pay, in addition to the auctioneer's
fee, to the Department of Docks, twenty-five per cent.
(25%) of the amount of annual rent bid, as security for the

Department, on Pier "A," foot of Battery place, North
river, in the City of New York, until 11 o'clock A. M. of

at which time and place the estimates will be publicly
opened by the head of said Department. The award
of the contract, if awarded, will be made as soon as
practicable after the opening of the bids.

Any person making an estimate for the work shall
furnish the same in a sealed envelope to said Board, at
said office, on or before the day and hour above named,
which envelope shall be indorsed with the name or
names of the person or persons presenting the same, the
date of its presentation, and a statement of the work to
which it relates.

The bidder to whom the award is made shall give
security for the faithful performance of the contract, in
the manner prescribed and required by ordinance, in
the sum of Seventeen Hundred Dollars.

The Engineer's estimate of the nature, quantities and
extent of the work is as follows:

about 8,806 square feet of 3" and about 20,732
square feet of 4" sheathing from the deck of the
pier.
2. It is not expected that the yellow pine deck of the
pier will require any repairs, but if upon the re-
moval of the old sheathing repairs are shown to
be necessary, they will be made by the contractor
without extra charge, and the yellow pine timber
for the same will be furnished by the Department
of Docks to the contractor free of charge, in the
water or on a pier or bulkhead at one or more
points on the North river water-front south of
West Seventy-fifth street, as hereafter specified,
and the contractor is to raft it, care for it and
transport it to the site of the pier at his own
expense and risk.

Spring-piles.
6. Labor of Framing and Carpentry, including all

the materials for Painting, Oiling or Tarring,
and labor of every description.
7. Labor of removing so much old material from Pier,
new 15, North river, near the foot of Vesey
street, as is to be removed under this contract,
and of removing all the old material from the
premises.

N. B.—As the above-mentioned quantities, though
stated with as much accuracy as is possible, in ad-
vance, are approximate only, bidders are required to
submit their estimates upon the following express
conditions, which shall apply to and become a part of
every estimate received:

1st. Bidders must satisfy themselves, by personal
examination of the location of the proposed work, and
by such other means as they may prefer, as to the
accuracy of the foregoing Engineer's estimate, and shall
not at any time after the submission of an estimate dis-
pute or complain of the above statement of quantities,
nor assert that there was any misunderstanding in
regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire
work to the satisfaction of the Department of Docks
and in substantial accordance with the specifications
of the contract. No extra compensation, beyond the
amount payable for the work before mentioned, which
shall be actually performed at the price therefor, to be
specified by the lowest bidder, shall be due or payable
for the entire work.

The work to be done under the contract is to be com-
menced within five days after the date of the execution
of the contract, and all the work to be done under this
contract is to be fully completed on or before the 30th
day of April, 1895, and the damages to be paid by
the contractor for each day that the contract may be
unfulfilled after the time fixed for the fulfillment thereof
has expired, are, by a clause in the contract, fixed and
liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the
whole of the work to be done, in conformity with
the approved form of contract and the specifications
therein set forth, by which price the bids will be
tested. This price is to cover all expenses of every
kind involved in or incidental to the fulfillment of the
contract, including any claim that may arise through
delay from any cause in the performing of the work
thereunder.

Where the City of New York owns the wharf, pier or
bulkhead at which materials under this contract are to
be delivered, no charge will be made to the contractor
for wharfage upon vessels conveying said materials.

Bidders will distinctly write out, both in words and in
figures, the amount of their estimates for doing this
work.

The person or persons to whom the contract may be
awarded will be required to attend at this office with the
sureties offered by him or them, and execute the con-
tract within five days from the date of the service of a
notice to that effect; and in case of failure or neglect so to
do, he or they will be considered as having abandoned it,
and as in default to the Corporation, and the contract
will be readvertised and relet, and so on until it be
accepted and executed.

Bidders are required to state in their estimates their
names and places of residence; the names of all per-
sons interested with them therein; and if no other
person be so interested, the estimate shall distinctly
state the fact; also, that the estimate is made without
any connection with any other person making an
estimate for the same work, and that it is in all respects
fair and without collusion or fraud; and also, that no

member of the Common Council, head of a depart-
ment, chief of a bureau, deputy thereof, or clerk
therein, or other officer of the Corporation, is directly
or indirectly interested therein, or in the supplies or
work to which it relates, or in any portion of the profits
thereof; which estimate must be verified by the oath,
in writing, of the party making the estimate, that the
several matters stated therein are in all respects true.
Where more than one person is interested, it is requisite
that the verification be made and subscribed to by
all the parties interested.

Each estimate shall be accompanied by the consent,
in writing, of two householders or freeholders in
the City of New York, with their respective places of
business or residence, to the effect that if the con-
tract be awarded to the person or persons
making the estimate, they will, upon its being so
awarded, become bound as his or their sureties for its
faithful performance; and that if said person or persons
shall omit or refuse to execute the contract, they will
pay to the Corporation of the City of New York any
difference between the sum to which said person
or persons would be entitled upon its completion and that
which said Corporation may be obliged to pay to the
person to whom the contract may be awarded at
any subsequent letting; the amount in each case to be
calculated upon the estimated amount
of the work to be done, by which the bids are
tested. The consent above mentioned shall be accom-
panied by the oath or affirmation, in writing, of each
of the persons signing the same, that he is a householder
or freeholder in the City of New York, and is worth the
amount of the security required for the completion of
the contract, over and above all his debts of every
nature, and over and above his liabilities as bail, surety
and otherwise; and that he has offered him-
self as a surety in good faith and with the intention
to execute the bond required by law. The adequacy
and sufficiency of the security offered will be subject
to approval by the Comptroller of the City of New York
after the award is made and prior to the signing of the
contract.

No estimate will be received or considered unless ac-
companied by either a certified check upon one of the
State or National banks of the City of New York, drawn
to the order of the Comptroller, or money to the amount
of five per centum of the amount of the security re-
quired for the faithful performance of the contract.
Such check or money must not be inclosed in the sealed
envelope containing the estimate, but must be handed to
the officer or clerk of the Department who has charge of
the estimate-box, and no estimate can be deposited in
said box until such check or money has been examined
by said officer or clerk and found to be correct. All such
deposits, except that of the successful bidder, will be
returned to the persons making the same, within three
days after the contract is awarded. If the successful
bidder shall refuse or neglect, within five days after
notice that the contract has been awarded to him, to
execute the same, the amount of the deposit made by
him shall be forfeited to and retained by the City of
New York as liquidated damages for such neglect or
refusal; but if he shall execute the contract within the
time aforesaid, the amount of his deposit will be returned
to him.

Bidders are informed that no deviation from the
specifications will be allowed, unless under the written
instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract
awarded to, any person who is in arrears to the Cor-
poration, upon debt or contract, or who is a defaulter,
as surety or otherwise, upon any obligation to the Cor-
poration.

THE RIGHT TO DECLINE ALL THE ESTI-
MATES IS RESERVED, IF DEEMED FOR THE
INTEREST OF THE CORPORATION OF THE
CITY OF NEW YORK.

Bidders are requested, in making their bids or esti-
mates, to use the blank prepared for that purpose by
the Department, a copy of which, together with the
form of the agreement, including specifications, and
showing the manner of payment for the work, can be
obtained upon application therefor at the office of the
Department.

No bids will be received which shall be less than the respective values as above described. The highest bidder will be required to pay the auctioneer's fee and to deposit with the Comptroller, at the time of sale, twenty-five (25) per cent. of the amount of the annual rental, to be credited on the first quarter's rent or to be forfeited to the City if the leases are not executed by the purchasers when notified that they are ready for execution.

The lessees will be required to give bonds in double the amount of the yearly rent, with two sufficient sureties, to be approved by the Comptroller, conditioned for the faithful performance of the covenants and conditions of the leases and the payment of the rent quarterly in advance.

The leases will contain the usual covenants and conditions, in conformity with the provisions of law and the ordinances of the Common Council relative to ferries, that the lessees will maintain and operate the ferries during the whole term, and will provide ample accommodations in the way of safe and capacious boats and frequency of trips, as to the sufficiency of which accommodations the decision of the Mayor and Comptroller shall be final; also conditions that the lessees of the ferries will dredge the ferry slips, as required by the Department of Docks, and that during the term of the leases they will erect and build, at their own expense, and will at all times well and sufficiently repair, maintain and keep in good order all and singular the floats, racks, fenders, bridges and other fixtures at the landing places, and in the event of any damage to the bulkheads or piers from collision by their ferries or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous condition, free of cost and expense to the City of New York; and also, that if at any time during the term of the leases, the Department of Docks shall require any of the wharf property used for ferry purposes, in order to proceed with the water-front improvement in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises without any claim upon the City for any damages whatever, upon written notice being given to the lessees, three months in advance, of the intention of the said Department; and also that the rates of ferriage and charges for vehicles and freight shall not exceed the rates now charged. The leases shall also contain a covenant, providing for the purchase, at a fair valuation, of the boats, buildings and other property of the lessees used in and actually necessary for the operation of the said ferries, upon the termination of the leases and the surrender and yielding up of the premises by the lessees if the lessees shall not become the purchasers for another term; but the Mayor, Aldermen and Commonalty of the City of New York shall not be deemed thereby to covenant to purchase said property in any event.

The right to reject any bid is reserved if it is deemed for the interest of the City.

The form of lease which the purchasers will be required to execute can be seen at the office of the Comptroller, and is made part of these terms of sale.
