## LOCAL BOARD.

## FIFTH DISTRICT, BOROUGH OF BROOKLYN.

Meeting in Room 11, Borough Hall, at 10.30 A. M., Friday, September 14, 1900.

The roll was called, and the following members answered to their names:

Edward M. Grout, President, in the chair; Councilman Doyle and Alderman Kenney.

The President of the borough stated that the purpose of the meeting was to consider the proposition of acquiring land as a highway along the ocean front of Coney Island from the Concourse lands to Beach Thirty-seventh street, and also other propositions for the improvement of conditions at Coney Island.

(No. 208.)

The President submitted the following report:

BROOKLYN, N. Y., September 4, 1900.

Hon. EDWARD M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—In accordance with instructions from you to prepare a tentative plan, with estimate of cost, of a board walk along the ocean front at Coney Island, I report as follows:

The City can, by condemning land one hundred feet inland from high-water mark and parallel with the shore from West Fifth street, adjoining the Concourse lands, to Beach Thirty-seventh street, procure sufficient land on which to construct a substantial board walk 50 feet wide and about 8,000 feet long, leaving a beach of 50 feet at high tide, and at low tide a beach varying from 100 to 200 feet.

The apportioned estimated value of the land required, based on the assumption that the assessed valuation is only 60 per cent. of the real or market value, would be about \$190,000.

I have had considerable experience in the Apportionment Department in the Bureau for the Collection of Taxes in New York and Queens Counties, and have apportioned values in more than a thousand cases. The above estimate is therefore not guesswork, but based on rules and figures now in force.

The value of buildings and other obstructions now erected on the strip of land referred to would not, in my judgment exceed \$110,000. They are for the most part frame structures, unpretentious and cheap, used principally for bathing-houses and open pavilions.

The cost of removing the obstructions would be very trifling; in fact, they could be sold for old lumber or other purposes and removed by the purchasers at once.

The land between high and low water has been, in some cases, sold by the State to the owners of the adjoining uplands.

In the event of this proposition being put into effect it might be advisable to acquire these riparian rights. They could be bought, probably, for very little more than the amount paid to the State.

In any event, even if the City did not acquire these rights, it would in no way affect the carrying out of this plan as the deed from the State specifically requires that the right of way be open to the public the same as if the grant had not been made, and in no case shall the owners fence off their land under water.

The walk itself would require four hundred thousand square feet of yellow pine flooring two and one-half inches thick, making one million feet board measure of lumber at \$35 per one thousand feet—\$35,000.

Thirty-five thousand running feet of six by eight inch yellow pine stringers, making one hundred and forty thousand feet of lumber at \$35 per one thousand feet—\$4,900.

The labor and nails would be sixty per cent. of cost of material, making \$23,940. To be substantially built and in keeping with the heavy flooring, piles should be driven fifteen feet apart each way, running and crossways. This would require two thousand one hundred and thirty-two piles at \$3.50 each, furnished and driven, costing \$7,462; fifteen thousand feet of railing at twenty cents a foot in position, \$3,000, making a total of \$74,302 for a board walk fifty feet wide and eight thousand feet long, which should prove with proper care invulnerable against the elements.

This board walk when complete would more than any plan yet proposed, in my opinion, meet the requirements of Coney Island. It would do to a great extent for Coney Island what the somewhat similar board walk has done for Atlantic City.

As this board walk would directly benefit the abutting property-owners, they should be assessed a portion of the cost of the improvement.

This board walk would also increase greatly the value of land, thereby assuring the City an increase in taxes, which in a few years would repay the outlay.

The total estimated cost of improvement would be as follows:

For Walk—	
Piles for walk, 2,132.....	\$7,462 00
6 by 8 inch stringers.....	4,900 00
Flooring.....	35,000 00
Railing.....	3,000 00
Labor.....	23,940 00
Total.....	\$74,302 00
Cost of land.....	190,000 00
Cost of buildings.....	110,000 00
Total.....	\$374,302 00
Add 2 per cent. for deficiencies.....	7,486 04
Grand total.....	\$381,788 04

The accompanying sketch shows, as near as possible without surveys, the location of obstructions in the line of proposed board walk, and the land to be acquired.

Respectfully submitted,

(Signed) JOHN R. KEEFE, Investigator of Complaints.

The following resolution was offered:

Resolved, That the Local Board of the Fifth District, Borough of Brooklyn, after hearing had this 14th day of September, 1900, and on various other dates, hereby recommends to the Board of Public Improvements of The City of New York that the map of The City of New York be altered by laying out as a highway a strip of land extending along the Atlantic Ocean from high-water mark to a point inland, and from the Concourse lands to Beach Thirty-seventh street, in the Thirty-first Ward of the Borough of Brooklyn.

And be it further Resolved, That the Local Board requests that the matter of the details of such highway and of building a board walk thereon and improving and protecting the beach at Coney Island be referred to the Topographical Bureau for an early report; and it is hereby suggested to the Board of Public Improvements that the Local Board, after hearing those having property interests at Coney Island, and others who are interested in improving conditions there, believes that there should be a board walk ten feet high constructed on such highway, similar to that at Atlantic City and under similar regulations, especially that on such highway no business should be transacted and no structures erected, no railroad ever constructed thereon, and that, in case of the beach making out beyond the present high-water line to the extent of one hundred and fifty feet, the highway should be moved out so that the present property-owners should not lose their present right to the accretion; and that the entire cost of acquiring the highway be assessed upon the property deemed to be benefited thereby, and the entire cost of improving the highway be paid by the City.

Which was decided in the affirmative by the following vote:

Affirmative—The President, Councilman Doyle and Alderman Kenney.

(No. 34.)

The following resolution was offered:

Which was decided in the affirmative by the following vote:

Affirmative—The President, Councilman Doyle and Alderman Kenney.

## POLICE DEPARTMENT.

POLICE DEPARTMENT OF THE CITY OF NEW YORK, No. 300 MULBERRY STREET.

## TO CONTRACTORS.

## PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received by the Police Department of The City of New York, at its office, No. 300 Mulberry street, Borough of Manhattan, until 2 o'clock P. M. of

THURSDAY, THE 11th DAY OF OCTOBER, 1900.

FOR FURNISHING ALL THE LABOR AND FURNISHING AND ERECTING ALL THE MATERIALS NECESSARY TO BUILD AND COMPLETE THE NEW STATION - HOUSE, PRISON AND STABLE ON THE GROUND AND PREMISES IN THE CITY OF NEW YORK, LOCATED ON SEDGWICK AVENUE, NORTH OF EAST ONE HUNDRED AND SIXTY - SEVENTH STREET, IN THE BOROUGH OF THE BRONX.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Building a Station-house, Prison and Stable on Sedgwick Avenue," with his or her name and address, and the date of presentation to the head of said Department, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

The Architects' schedule of the quantity and quality of supplies and materials to be furnished and the nature and extent of work to be done, upon which the bids are to be based, is set forth and stated in the specifications.

Bidders must satisfy themselves, by personal examination of the site, its present condition and nature, as to the sufficiency of the Architects' schedule and plans, and shall not at any time after the submission of their bids dispute or complain of such schedule and plans, or the specifications and directions explaining or interpreting them, nor assert that there is any misunderstanding in regard to the location, extent, nature or amount of work to be done.

Bidders must particularly examine into the depth at which solid bottom is found.

Bidders will be required to complete the entire work within one hundred and eighty calendar days from the date of the contract, to the satisfaction of the Board of Police and the Architects appointed by them, and in accordance with the drawings and directions given or which may be given by the Architects, and in conformity with the specifications hereto annexed.

No extra compensation beyond the amount payable for the several classes of work contemplated, and which shall be actually performed at the price therefor to be specified by the accepted bidder, shall be due or payable; and no allowance will be made nor anything paid for blasting or excavating, nor for carrying masonry to solid bottom, nor for any filling or ramming of trenches, nor for any bailing or pumping rendered necessary in prosecuting the work, nor for any sheet-piling, shoring or other timbering, nor for any underpinning or other precautions necessary to protect adjoining buildings or grounds or the work in progress, nor for any scaffolding or centres required in prosecuting the work.

Bidders will be required to prepare for all pumping and bailing which may be found necessary in the prosecution of the work.

Bidders will state in writing, and also in figures, upon blanks which will be furnished on application, a price for the work complete. The price is to cover the furnishing of all materials and labor and the performance of all the work called for by the specifications, plans, drawings and form of agreement. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Board of Police to reject all bids should it be deemed for the public interest to do so.

All persons estimating are requested to enter their names and addresses in a book provided for this purpose in the Estimating Room in the Architects' office.

Before submitting estimates contractors must consult "Contractor's Bulletin Board," and compare the office copy of specifications with the set to be submitted with their proposal, and such proposal shall be read as in conformity with said office copies of specifications. In case of any discrepancy they are to report to the Chief Clerk of the Police Department, and their specification will be corrected to conform with the office copy.

No estimates will be accepted from or a contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of Forty-five Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person, other than subcontractors, be so interested, it shall distinctly state that fact.

The estimate shall state that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two (2) surety companies, householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, he will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subse-

quent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons or surety companies signing the same, that he is a household or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders must satisfy themselves, by personal examination of the site, its present condition and nature, as to the sufficiency of the foregoing Architects' schedule and plans, and shall not at any time after the submission of their bids dispute or complain of such schedule and plans, or the specifications and directions explaining or interpreting them, nor assert that there is any misunderstanding in regard to the location, extent, nature or amount of work to be done.

Bidders must particularly examine into the depth at which solid bottom is found.

Bidders will be required to complete the entire work within one hundred and eighty calendar days from the date of the contract, to the satisfaction of the Board of Police and the Architects appointed by them, and in accordance with the drawings and directions given or which may be given by the Architects, and in conformity with the specifications hereto annexed.

No extra compensation beyond the amount payable for the several classes of work contemplated, and which shall be actually performed at the price therefor to be specified by the accepted bidder, shall be due or payable; and no allowance will be made nor anything paid for blasting or excavating, nor for carrying masonry to solid bottom, nor for any filling or ramming of trenches, nor for any bailing or pumping rendered necessary in prosecuting the work, nor for any sheet-piling, shoring or other timbering, nor for any underpinning or other precautions necessary to protect adjoining buildings or grounds or the work in progress, nor for any scaffolding or centres required in prosecuting the work.

Bidders will be required to prepare for all pumping and bailing which may be found necessary in the prosecution of the work.

Bidders will state in writing, and also in figures, upon blanks which will be furnished on application, a price for the work complete. The price is to cover the furnishing of all materials and labor and the performance of all the work called for by the specifications, plans, drawings and form of agreement. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Board of Police to reject all bids should it be deemed for the public interest to do so.

All persons estimating are requested to enter their names and addresses in a book provided for this purpose in the Estimating Room in the Architects' office.

Before submitting estimates Contractors must consult "Contractor's Bulletin Board," and compare the office copy of specifications with the set to be submitted with their proposal, and such proposal shall be read as in conformity with said office copies of specifications. In case of any discrepancy they are to report to the Chief Clerk of the Police Department, and their specification will be corrected to conform with the office copy.

No estimates will be accepted from or a contract awarded to any person who is in arrears to the Corpo-

ration upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of Forty-five Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person, other than subcontractors, be so interested, it shall distinctly state that fact.

The estimate shall state that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a Department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two (2) surety companies, householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons or surety companies signing the same, that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are requested in making their bid or estimates to use the blank prepared for the purpose by the Police Board, a copy of which and also the proper envelope in which to inclose the same, together with the form of agreement, including the specifications, approved as to form by the Corporation Counsel, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Chief Clerk of the Police Board, where the plans, which are made a part of specifications, may be seen.

No. 2, 30 working days.

Further particulars as to the nature, quantity and quality of the work and materials required will be found in the printed specifications and contracts for the said works.

**BIDDERS MUST NAME A PRICE FOR EACH AND EVERY ITEM INCLUDED IN THE SPECIFICATIONS, UPON WHICH THE BIDS ARE BASED, AND ALSO STATE THE TOTAL AMOUNT OF THEIR BIDS FOR EACH CLASS OF SUPPLIES NAMED.**

Bidders, or their representatives, must satisfy themselves, by personal examination, as to the nature and quantity of the work and materials required, and shall not at any time after the submission of an estimate dispute or complain of such statement, nor assert that there was any misunderstanding relative to the nature or quantity of the work to be done or materials to be furnished.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested in the estimate that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, or of a guaranty or surety company duly authorized by law to act as surety with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any sum or sums which the sum of the contract may be entitled to its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above all his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money shall not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

**N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.**

The Park Board reserves the right to reject all the bids received in response to this advertisement if it should deem it for the interest of the City so to do.

For further particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and the plans. Such work and materials must conform in every respect to printed specifications and plans. **PROPOSALS FOR BIDS OR ESTIMATES FOR REPAIRING THE ASPHALT PAVEMENT OF WASHINGTON BRIDGE, OF MACOMB'S DAM BRIDGE, AND OF THIRD AVENUE BRIDGE, OVER THE HARLEM RIVER.**

**SEALED ESTIMATES FOR THE ABOVE WORK,** indorsed with the above title, also with the name of the person or persons making the same, and the date of presentation, will be received at the office of the Department of Bridges, Nos. 13 to 21 Park Row, New York City, until 12 o'clock M., on

**MONDAY, THE 1st DAY OF OCTOBER, 1900,** at which place and hour the bids will be publicly opened by the head of said Department and read, and the award of the contract will be made as soon thereafter as practicable.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Department, with the sureties offered by him or them, and execute the contract within five days after written notice that the same has been awarded to his or their bid or estimate, and that the sureties offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the work will be readvertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioner of Bridges may designate.

The prices must be written in the bid and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in these specifications, or which contain bids for items not called for therein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner of Bridges to reject all bids should he deem it to the public interest so to do. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The price is to include the furnishing of all the necessary materials and labor, and the performance of the whole of the work mentioned in the specifications annexed.

The following is a statement of the Engineer's estimate of the nature and extent of the work to be done and the quality and quantity of the materials to be furnished, and the several bids will be tested by the quantities mentioned in such statement:

1. 13,500 square yards patching asphalt pavement on Washington Bridge.

2. 500 square yards patching asphalt pavement on Macomb's Dam Bridge.

3. 1,842 square yards new asphalt wearing surface on Washington Bridge.

4. 400 square yards patching asphalt pavement on Third Avenue Bridge.

For further particulars as to the quantity and quality of the supplies or of the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications. Such work and materials must conform in every respect to printed specifications and plans.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are required to state in their estimates, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that such estimate is made without any connection with any other person making a bid or estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of The City of New York, with their respective places of business or residence, or of a guaranty or surety company duly authorized by law to act as surety, to the effect that if the contract be awarded to the person making the estimate, they will, or it will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will, or it will, pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the persons to whom the

contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his liabilities as bail, surety or otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

The time allowed for the completion of the whole work will be sixty working days. And the damages to be paid by the contractor for each day that the contract or any part thereof may be unfulfilled after the time fixed for the completion of the whole work has expired are, by a clause in the contract, fixed and liquidated at twenty dollars per day.

The amount of security required is Fifteen Thousand Dollars.

Blank forms of proposals, the form of agreement, including the specifications, the proper envelopes in which to inclose the same, approved as to form by the Corporation Counsel, and showing the manner of payment and further information, will be furnished at the office of the Department of Bridges. The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioner.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in

The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with an intention to execute the bond required by the Revised Ordinances, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Department. Such references are cause for rejecting bids whereon they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders must state the price of each article per pound, dozen, gallon, yard, etc., by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total footings and awards made to the lowest bidder on each item.

All estimates not conforming to these requirements may be considered as informal.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreement approved as to form by the Corporation Counsel, and any further information desired can be obtained at the office of the General Bookkeeper and Auditor.

FRANCIS J. LANTRY,  
Commissioner.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.
