Orders Issued by the Board of Health.

Orders of the Board for the abatement of nuisances are issued under the supervision of the Assistant Chief Clerks in the various boroughs, upon the facts and evidence contained in the written reports of the Sanitary Inspectors, the result of personal inspection of premises complained of. These orders call the attention of owners, lessees and agents to violations of the Sanitary Code and Health Laws in each case, and require the necessary alteration, repairs, cleaning and improvement of the premises named within three days from the receipt of the order. If, upon reinspection, it is found that the requirements of the order have not been complied with, a suit for penalty is commenced against the delinquents under sections 1172 and 1222, chapter 466, Laws of 1901.

Summary of clerical work performed in the various boroughs in connection with the issuance of Board orders, negative reports filed, and fees paid and certificates issued, the result of searching for sanitary violations against premises; also written references forwarded to other City departments as follows:

Searches and Transcripts of Births, Marriages and Deaths.

Certified copies of the records of Vital Statistics as may be found to be on file in the Bureau of Records are furnished to applicants authorized to receive same, namely, interested parties, next of kin, legal representatives, etc., upon payment of the fee in such cases prescribed by the Board of Health. Written orders are signed by the Assistant Chief Clerk in the various boroughs and issued to the Assistant Registrar of Records, authorizing the search and issuance of a transcript of the record, which, in accordance with the regulations of the Board, is authenticated by affixing the seal of the Department of Health, and attested by the signature of the Assistant Chief Clerk of the borough. When search is made and the record is not found to be on file, an official certificate is issued to that effect.

Summary of applications for searches made to the Assistant Chief Clerks in the various boroughs, showing fees received and work performed in connection with searches and transcripts of the records of births, marriages and deaths on file in the Bureau of Records in the Department:

By order of the Board of Health,

THOMAS DARLINGTON, M. D., President.

Eugene W. Scheffer, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

EXTRACT FROM
MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, NOVEMBER 24, 1905.

The Secretary presented the following:

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
November 3, 1905.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

SIR—The Mayor directs me to acknowledge your letters of October 31, and to return herewith the four resolutions duly signed by him this 3d day of November, 1905.

Respectfully,

THOS. HASSETT, Assistant Secretary.

Which was ordered printed in the minutes and filed.

The Comptroller presented the following.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, }
COMPTROLLER'S OFFICE,
November 18, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment, on October 27, 1905, adopted resolutions granting to the firm of John Wanamaker the right to construct and maintain a tunnel under the roadway of East Ninth street, between Broadway and Fourth avenue, in the Borough of Manhattan. This tunnel was to take the place of an existing tunnel constructed and maintained under resolutions adopted by the Board of Aldermen January 22, 1901, compensation for which is fixed at \$1,000 per annum.

On November 3, 1905, the Mayor approved the resolutions granting the right for the new tunnel, the same to take effect on that date, and I would therefore recommend that the Board of Estimate and Apportionment adopt resolutions canceling the privilege for the former tunnel, and submit herewith resolutions for adoption.

Respectfully,

HARRY P. NICHOLS, Principal Assistant Engineer.

The following was offered:

Whereas, This Board, on October 27, 1905, adopted resolutions which were approved by the Mayor on November 3, 1905, granting to the firm of John Wanamaker the right to construct and maintain a tunnel across the roadway of East Ninth street, Borough of Manhattan, which tunnel was to be an enlargement of an existing tunnel, the right for which was granted by the Board of Aldermen on January 22, 1901; and

Whereas, The compensation for the enlarged tunnel was to commence on November 3, 1905; therefore be it

Resolved, That the right heretofore granted to the firm of John Wanamaker by the Board of Aldermen on January 22, 1901, to construct and maintain a tunnel under the roadway of East Ninth street, between Broadway and Fourth avenue, in the Borough of Manhattan, be and the same is hereby revoked and canceled from November 3, 1905.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

UNION RAILWAY COMPANY OF NEW YORK CITY.

In answer to the order to show cause served on the Union Railway Company of New York City, returnable this date, in accordance with resolutions adopted by the Board October 27, 1905, counsel for the company appeared and made a verbal explanation of the company's position. The Comptroller moved that the counsel be instructed to present his answer in writing and that the matter be laid over for two weeks. There being no objection, it was so ordered. Subsequently, Tuesday, December 5, was fixed for the consideration of the franchise calendar, and this matter was set for that day.

The public hearing on the applications of the Union Railway Company of New York City, the Southern Boulevard Railroad Company and the New York City Interborough Railway Company, each for extensions; and the New York City Interborough Railway Company for alterations, as fixed for this day, by resolution adopted by the Board at the meeting of November 10, 1905, was opened.

Chase Mellen, of counsel for the Union Railway Company, appeared in behalf of said company.

Hon. De Lancey Nicoll appeared as counsel in the interests of the New York City Interborough Railway Company.

The President of the Borough of The Bronx presented the following reports upon the foregoing petitions:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 23, 1905.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith for the consideration of the Board of Estimate and Apportionment report of the Chief Engineer of this Borough, Mr. Josiah A. Briggs, on the application of the Union Railway Company for a grant of the right, privilege and franchise to construct, maintain and operate extensions of its existing lines in the Borough of The Bronx.

Yours truly,

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

APPLICATION OF THE UNION RAILWAY COMPANY FOR EXTENSIONS.

Willis Avenue Bridge.

Commencing at First avenue at East One Hundred and Twenty-fifth street, Manhattan; thence north across Willis Avenue Bridge, East One Hundred and Thirty-fourth street, The Bronx, connecting with the Willis avenue line.

This extension will provide accommodation to the public using the First avenue line and the One Hundred and Twenty-fifth street crosstown line. It will help to do away with the present congestion at the terminus of the Union lines at One Hundred and Twenty-eighth street and Third avenue in Manhattan.

I would recommend that this franchise be granted, with the suggestion that connection be made with the One Hundred and Twenty-fifth street line, which could be used as a loop between the Third avenue line and the Willis avenue line.

Gerard Avenue Branch of the Jerome Avenue Line.

Commencing at Jerome avenue at East One Hundred and Sixty-ninth street; thence through Gerard avenue to East One Hundred and Thirty-eighth street.

This extension would seem to be of considerable public benefit, but as Gerard avenue is only 60 feet wide there is objection to a double-track line thereon; and the suggestion which has been made that River avenue (75 feet wide) be utilized instead appears to be a good one, and I would therefore recommend that the application for this extension be amended so as to traverse River avenue, between Jerome avenue and Exterior street, connecting with the unconstructed franchise route on Exterior street, which runs to East One Hundred and Thirty-eighth street.

If this extension is granted as proposed to be modified, then I would recommend that the unconstructed franchise on Mott avenue be released, both for the reason that

it seems to be unnecessary and also for the reason that it encroaches on the limits of the Grand Boulevard and Concourse.

Mosholu Parkway, South.

Commencing at Sedgwick avenue; thence on Mosholu Parkway, South, to Jerome avenue, connecting with the Jerome avenue line of the Union Company.

This extension traverses the street called Mosholu Parkway, South, which was laid out by the new Aqueduct Commission to take the place of the old Boston road running from Kingsbridge to Williamsbridge, which was taken into the Jerome Park Reservoir. It therefore seems to be a public street to all intents and purposes, the same as Reservoir avenue on the southwesterly side of the reservoir, and on which the Interborough Company has a franchise.

I see no objection to granting a franchise to the Union Company for this extension, which, when the Sedgwick avenue line is operated, will prove a benefit to the traveling public.

East Two Hundred and Thirty-third Street.

Commencing at the Webster avenue line at East Two Hundred and Thirty-third street; thence easterly through East Two Hundred and Thirty-third street across the bridge over the tracks of the New York and Harlem Railroad Company and the bridge over the Bronx river to the claimed franchise route on East Two Hundred and Thirty-third street, connecting with the existing White Plains avenue line at East Two Hundred and Thirty-third street.

This extension would provide a connection between the Webster avenue line and the White Plains road line and would be a great convenience to the public visiting Woodlawn Cemetery, and connecting with the New York and Harlem Railroad and the New York, New Haven and Hartford Railroad.

I would recommend that this extension be granted.

Extension No. 18.

Commencing at White Plains road on East Two Hundred and Thirty-sixth street to Pitman avenue, through Pitman avenue to the City line at Sixth street, Mount Vernon.

This route is proposed to connect the Sixth street line in the City of Mount Vernon with the White Plains road and by the East Two Hundred and Thirty-third street line with the Webster avenue line.

There seems to be a necessity for a connection at or near this locality, but as Pitman avenue is not yet legally opened and graded it is a question whether the extension should be granted at this time.

Boston Road Extension.

Commencing at the Boston road at the White Plains road; thence along Boston road to the northern line of the City.

This extension seems to be a desirable one. The territory through which it runs is now somewhat sparsely settled, but it will only be a short time until the section will feel the impetus of improvement and consequent subdivision of the present large tracts of unimproved land.

I would recommend that this franchise be granted.

Gun Hill Road Extension.

Commencing at Jerome avenue on the Gun Hill road, through said road to Webster avenue.

This extension will make a desirable connection between the Webster avenue and the Jerome avenue lines, and will convenience on the Webster avenue line the public who wish to reach Van Cortlandt Park, and on the Jerome avenue line those who wish to reach the New York and Harlem Railroad and Williamsbridge.

I recommend that this be granted.

Extension 5, Harlem River Terrace and Cedar Avenue.

Commencing at Cedar avenue and West One Hundred and Seventy-ninth street, along Cedar avenue to Harlem River terrace; thence along Harlem River terrace to Bailey avenue.

In view of the fact that there is an unconstructed franchise line on Sedgwick avenue practically paralleling this, I do not see the necessity therefor.

It is also objectionable on account of the widths of Cedar avenue and Harlem River terrace being 60 feet and 50 feet, respectively.

Route 3-15-14.

Commencing at West One Hundred and Eighty-first street at Broadway, through West One Hundred and Eighty-first street to Washington Bridge, to Aqueduct avenue, to be operated jointly by the Union and Interborough companies; thence the Union on Boscobel avenue to One Hundred and Seventieth street, to Clay avenue, to Wendover avenue, to Third avenue, to St. Paul's place, to Crotona Park South, to Prospect avenue, to Jennings street, to the Southern Boulevard.

This route is intended for a crosstown connection between Broadway in Manhattan and the Southern Boulevard in The Bronx. It is in a locality where there seems to be a necessity for such a line. The fact that most of the streets traversed are only 60 feet wide makes it objectionable, but these streets should be widened to at least 80 feet.

I would suggest that the line be modified so that at Third avenue it will run south on said avenue between Wendover avenue and St. Paul's place and East One Hundred and Seventieth street; thence by single track on St. Paul's place and East One Hundred and Seventieth street to Prospect avenue; thence to connect with the Boston road line of the Union Company; thence on that line to Wilkins place; thence on the Interborough track on said place to Jennings street; thence on Wilkins place to the Southern Boulevard and station of the rapid transit line.

Extension No. 4.

This extension is intended to make a connection between the Broadway surface line in Manhattan and the Fordham road line of the Union Company in The Bronx, over the Fordham Heights Bridge over the Harlem river.

In my report on the Interborough extension I recommended that this line should be operated jointly by the two companies on Emerson street, West Two Hundred and Seventh street, the Fordham Heights Bridge, West One Hundred and Eighty-fourth street and Fordham road, between Broadway, in the Borough of Manhattan, and Aqueduct avenue, in the Borough of The Bronx.

Extension No. 2-9 and 10.

These extensions are intended to give the Union Company a crosstown line at East One Hundred and Forty-ninth street, but on account of the franchise lines of the Interborough Company traversing a part of said street, the Union proposition is made circuitous, running through various streets, etc.

I would propose that the Union Railway Company and the Interborough Company be allowed to occupy East One Hundred and Forty-ninth street and operate thereon jointly, as I have suggested in my report on the Interborough extension.

Extension No. 6.

Bailey avenue, from West Two Hundred and Thirtieth street to Albany road; Albany road to Van Cortlandt avenue, Van Cortlandt avenue to Sedgwick avenue.

This extension lies immediately between the Broadway line and the Sedgwick avenue franchise line of the Union Company.

The territory does not seem to need the additional road, but it may be that this line would be of public benefit by making a connection between Kingsbridge, an important centre, and the Woodlawn section through Mosholu Parkway South, and the Jerome avenue line.

I would therefore recommend that it be approved, but would suggest that the portion of Extension No. 22, on East Two Hundred and Thirtieth street, between Bailey avenue and Broadway, be not abandoned. I see no necessity for connection No. 7 in West Two Hundred and Thirty-eighth street, between Albany road and Broadway.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 23, 1905.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I submit herewith for the consideration of the Board of Estimate and Apportionment, report of the Chief Engineer of this borough, Mr. Josiah A. Briggs, on the application of the Southern Boulevard Railroad Company for a grant of the

right, privilege and franchise to construct, maintain and operate four extensions of its existing lines in the Borough of The Bronx.

Yours truly,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

APPLICATION OF THE SOUTHERN BOULEVARD RAILROAD COMPANY FOR FOUR EXTENSIONS TO EXISTING LINES.

This petition prays for a grant to the Southern Boulevard Company of the right, privilege and franchise to construct, maintain and operate four extensions to its existing lines to the extent of about two miles.

The existing line of this company extends from Third avenue to the Boston road, about three and one-half miles, and before the construction of the new Third Avenue Bridge across the Harlem river was operated throughout its whole length by the Union Railway Company. Since the completion of the bridge referred to, whose northerly approach extends to East One Hundred and Thirty-fifth street, the block between Third avenue and Lincoln avenue has not been operated that I am aware of.

The cars on this line run from One Hundred and Twenty-eighth street and Third avenue across the Third Avenue Bridge to East One Hundred and Thirty-sixth street, to Lincoln avenue, to the Southern Boulevard, to the Boston road, to East One Hundred and Seventy-eighth street, where it terminates. Transfers are given at Westchester avenue, at East One Hundred and Seventy-seventh street, east and west, and to Williamsbridge line, on White Plains road.

This line runs through a portion of the Borough of The Bronx, where the greatest development is progressing at an unparalleled pace.

Extension No. 1.

Connecting with the tracks of the Boston road line of the Union Railway Company and the Southern Boulevard line of the Southern Boulevard Railroad Company, at the intersection of the Boston road, Southern Boulevard and East One Hundred and Seventy-fourth street; thence northerly through the Southern Boulevard, East One Hundred and Eighty-second street and Crotona avenue to the existing claimed, not constructed, franchise route of the Union Railway Company, on Pelham avenue. Length, 1.545 miles.

The extension of the Boulevard line, as here proposed, would provide access to the Zoological and Botanical Gardens in Bronx Park to travelers on the Union Railway lines, and will also give accommodation to the residents of a section rapidly building up and increasing greatly in population.

It will have to operate on a portion of the line of the Interborough Company, viz., on the Southern Boulevard, between East One Hundred and Eightieth street and East One Hundred and Eighty-second street, but there is no objection to such joint use of this portion of the line.

The streets affected are all over 80 feet in width.

This extension appears to be a desirable one, and there seems to be a public necessity therefor.

Extension No. 2.

Connecting with the tracks of the Southern Boulevard line of the Southern Boulevard Railroad Company, at the intersection of the Southern Boulevard and East One Hundred and Thirty-fourth street; thence southerly through Cypress avenue; thence westerly through East One Hundred and Thirty-second street; thence northerly through St. Ann's avenue to and connecting with the tracks of the Southern Boulevard Railroad Company, at the intersection of the Southern Boulevard and St. Ann's avenue. Length, 0.35 miles.

This extension seems to be somewhat premature, but I can see no objection to granting it, if it has been definitely determined that a terminal station is to be located at the point designated.

East One Hundred and Thirty-second street, traversed by this route, is only 60 feet in width, and if a large terminal station is to be built there the street should be widened to 100 feet on the southerly side.

Where such a station has been established, this extension will prove a benefit to the traveling public of our borough, and therefore becomes a necessity.

Extension No. 3.

From the existing line of the Southern Boulevard Railroad Company, on the Southern Boulevard, easterly on Leggett avenue to Garrison avenue, connecting with the Casanova station of the New York, New Haven and Hartford Railroad. Length, about 700 feet.

This extension will give valuable accommodation to the patrons of the Union Railway Company who wish to connect with the New Haven line, and therefore appears to be a desirable extension, more particularly on account of the benefit to the public. The Interborough Company having a franchise on this line, I see no reason why it could not be operated jointly, both companies having a franchise.

The avenues affected are not yet regulated and graded, however, and the franchises may be premature.

Extension No. 4.

From the existing line of the Southern Boulevard Company on the Southern Boulevard, easterly on Hunt's Point road to Garrison avenue, connecting with the Hunt's Point Station of the New York, New Haven and Hartford Railroad. Length, about 800 feet.

It will probably be, at some time in the future, of considerable benefit to the travelers on the Union Railway and Southern Boulevard Railroad to be able to make direct connection with the stations of the New York, New Haven and Hartford Railroad; but there is no special urgency at the present time, as the street affected is not yet regulated and graded to the legal width and grades.

All of these extensions will probably be operated by the Union Railway Company.

I see no objection to the granting of these extensions.

Chief Engineer, Borough of The Bronx.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 23, 1905.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I submit herewith for the consideration of the Board of Estimate and Apportionment, report of the Chief Engineer of this borough, Mr. Josiah A. Briggs, on the application of the New York City Interborough Railway Company for a grant of the right, privilege and franchise to construct, maintain and operate extensions of its lines in the Borough of The Bronx.

Yours truly,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

APPLICATION OF THE NEW YORK CITY INTERBOROUGH RAILWAY COMPANY FOR EXTENSION OF ITS LINES.

Extension No. 5.

Commencing at Eighth avenue, at West One Hundred and Fifty-fifth street, on West One Hundred and Fifty-fifth street to Broadway, on Broadway to West One Hundred and Fifty-seventh street.

This extension is entirely within the Borough of Manhattan, but is considered in this report, as it will act as an extension of this company's line No. 1, on Ogden avenue, etc., in The Bronx.

The joint operation by both the Union and the Interborough companies of a line across the Macomb's Dam Bridge and the One Hundred and Fifty-fifth street viaduct to Broadway in Manhattan, would seem to be desirable and a public necessity. It is recommended that this be carried out, provided there are no legal obstacles which cannot be overcome.

Extension 1-13.

(1) Commencing at Ogden avenue and Featherbed lane, on Featherbed lane to East One Hundred and Seventy-fourth street, on East One Hundred and Seventy-fourth street to Clay avenue, on Clay avenue to Wendover avenue, on Wendover avenue to Third avenue.

(13) Commencing at Wendover avenue and Third avenue, on Wendover avenue to Fulton avenue, on Fulton avenue to Crotona Park South, on Crotona Park South,

to Crotona Park East, and connecting with existing tracks of the Interborough on Wilkins place.

This seems to be a desirable crosstown connection for the convenience of the traveling public. The streets affected are regulated and graded, except a small part of East One Hundred and Seventy-fourth street at and near the Grand Boulevard and Concourse. There is objection on account of the fact that East One Hundred and Seventy-fourth street is only 60 feet wide, but this can be overcome by widening the street in question.

I would recommend that if this route is considered favorably, it would appear best to modify the same so as to run over the Third avenue line of the Union Company, between Wendover avenue and St. Paul's place and East One Hundred and Seventieth street, and then by single track on each of these last-mentioned streets to the Boston road; thence from Boston road over the Union Company's line to Wilkins place.

This modification has been proposed for the Route 3-15-14 of the Union Company's application and an arrangement could be made for joint operation thereof.

Extension No. 2.

Commencing at Amsterdam avenue and West Two Hundred and Seventh street, in Manhattan, on West Two Hundred and Seventh street and across the Fordham Heights Bridge, which is to be built over the Harlem river, to West One Hundred and Eighty-fourth street, Borough of The Bronx; thence by West One Hundred and Eighty-fourth street to Fordham road, on Fordham road to West One Hundred and Eighty-eight street; on West One Hundred and Eighty-eighth street to and connecting with the existing tracks of the Interborough Company on Aqueduct avenue.

This appears to be a desirable connection between the Bronx surface lines and the lines in Manhattan, but it appears to me that it should run as follows:

Commencing at Aqueduct avenue in The Bronx, thence over the Fordham road line of the Union Company to Sedgwick avenue, by agreement; thence over West One Hundred and Eighty-fourth street and the bridge over the Harlem river to Amsterdam avenue and rapid transit line.

I recommend that this line be approved with the modifications suggested.

Route 3-12.

(3) Commencing at Lind avenue and West One Hundred and Sixty-eighth street, on West One Hundred and Sixty-eighth street to Shakespeare avenue, along Shakespeare avenue to McClellan street to River avenue; on River avenue to East One Hundred and Sixty-seventh street, to Clay avenue; on Clay avenue to East One Hundred and Sixty-eighth street.

(12) Commencing at the existing tracks of the Interborough Company on Intervale avenue at East One Hundred and Sixty-ninth street, on East One Hundred and Sixty-ninth street and McKinley square to Franklin avenue; on Franklin avenue to East One Hundred and Sixty-eighth street; on East One Hundred and Sixty-eighth street to Clay avenue.

This route appears to be for a connection between the franchise Routes Nos. 1-7 and 3, combined with Extension No. 6, and for this reason I will consider Nos. 3-12-6 (on Home street and West Farms road, from Westchester avenue to East One Hundred and Seventy-seventh street) together.

There are several streets on this proposed extension which are only 60 feet wide, which makes it somewhat objectionable, but these streets cover only short distances and therefore this objection cannot be serious.

The line passes through one of the most thickly populated sections and will be of considerable benefit to this locality.

I therefore recommend that this extension be approved, with the suggestion that the line be modified so as to run on East One Hundred and Sixty-seventh street, west to Jerome avenue, and thence over the Union Company's line on Jerome avenue to Shakespeare avenue.

Extensions 7 and 8.

(8) From Intervale avenue at Dongan street, on Intervale avenue to Dawson street, on Dawson street from Intervale avenue to Leggett avenue, connecting franchise Routes Nos. 6 and 7.

(7) On Prospect avenue, from East One Hundred and Fifty-sixth street to Westchester avenue.

On Longwood avenue to Dawson street; on Dawson street to Leggett avenue.

These extensions are intended to connect the Interborough franchise routes with the Rapid Transit Railroad stations at Westchester and Longwood avenues.

It appears that both are not necessary and I would suggest that an amendment be made which will run as follows:

Commencing at franchise Route No. 7, at Intervale avenue and Dongan street, through Dongan street to Westchester avenue over the tracks of the Union Company on Westchester avenue to Prospect avenue, through Prospect avenue to East One Hundred and Fifty-sixth street and franchise Route No. 6.

This would be a desirable extension and is approved.

Extension No. 9.

Commencing at Courtlandt avenue and East One Hundred and Forty-ninth street, through East One Hundred and Forty-ninth street to Austin place, on Austin place to Whitlock avenue, on Whitlock avenue to Leggett avenue.

This extension connects two points on franchise Route No. 6, passing the rapid transit station at One Hundred and Forty-ninth street and Third avenue, and terminating at the Casanova station of the New York, New Haven and Hartford Railroad.

This extension covers part of an extension applied for by the Union Railway Company, and I would recommend that the Union Company and the Interborough Company be allowed to use this crosstown street jointly by agreement between them.

Thus running from Lenox avenue, in Manhattan, across the bridge over the Harlem river and East One Hundred and Forty-ninth street to the Southern Boulevard; thence over the Southern Boulevard Company's line on the Southern Boulevard to Leggett avenue; thence on a joint extension on Leggett avenue to the Casanova station.

Extension 10-11.

(10) On Brook avenue and Washington avenue, between East One Hundred and Fifty-sixth street, franchise Route No. 6 and East One Hundred and Sixty-eighth street, proposed Extension No. 12.

There does not seem to be any necessity for such an extension at the present time.

(11) On East One Hundred and Sixty-third street from Washington avenue to Stebbins avenue, on Stebbins avenue to Westchester avenue, on Dongan street from Westchester avenue to Intervale avenue, and franchise Route No. 7.

If Extension No. 10 is not granted I see no reason for this No. 11.

Extension No. 4.

Commencing on Albany road at West Two Hundred and Thirty-eighth street, through Albany road to Van Cortlandt Park South.

This extension is to make a connection between Interborough franchise Route No. 1 on Van Cortlandt Park.

It will be a convenience to the public wishing to reach the park, and as Albany road will probably be widened, I see no reason why a double track could not go there.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 23, 1905.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I submit herewith for the consideration of the Board of Estimate and Apportionment copy report of the Chief Engineer of this Borough, Josiah A. Briggs, dated November 22, 1905, on the application of the New York City Interborough Railway Company for the grant to said company of the right to change certain of the routes heretofore granted to it by ordinance approved by the Mayor on March 31, 1903.

Yours truly,

LOUIS F. HAFFEN,
President, Borough of The Bronx.

November 22, 1905.

Hon. LOUIS F. HAFFEN, President:

DEAR SIR—Reporting on the application of the New York City Interborough Railway Company for the grant to said company of the right to change certain of the routes heretofore granted to it by ordinance approved by the Mayor on March 31, 1903, the changes asked for are five in number, and I will take them up in their order.

Alteration No. 1.

The route heretofore granted is described as follows: From the intersection of Sedgwick avenue and Perot street, west of Perot street to Boston avenue; thence northerly on Boston avenue to its intersection with Heath avenue—length 1,150 feet.

Proposed Change—From the intersection of Sedgwick avenue and Reservoir avenue, north on Sedgwick avenue to the intersection of Boston avenue and Sedgwick avenue—length about 800 feet. The original route above referred to is at some points on such grades and has such connections at intersecting streets that it is nearly impracticable for safe operation, and the proposed change will be, no doubt, a great advantage, and will provide equally good accommodation to the public. I would therefore recommend that the change be made.

Alteration No. 2.

From the junction of Kingsbridge road and Heath avenue, northerly on Heath avenue to its intersection with Two Hundred and Thirtieth street, and thence westerly on Two Hundred and Thirtieth street to Bailey avenue—length about 1,400 feet.

Proposed Change—Commencing at the intersection of Kingsbridge road and Heath avenue; thence westerly along the Kingsbridge road, crossing the tracks of the New York and Northern Railroad Company, the New York Central and Hudson River Railroad Company, and the Spuyten Duyvil creek to Muscoota street, in the Borough of Manhattan, and thence westerly on and along Muscoota street to Broadway—length about 1,500 feet.

This proposed change will make a more proper and desirable connection between the western portion of The Bronx and the Rapid Transit system on Broadway, Manhattan; also with the new station of the New York Central at the new Ship canal and Broadway. It is a fact that the permanent improvement of the portion of the Kingsbridge road and Muscoota street, between Bailey avenue, in The Bronx, and Broadway, in Manhattan, has not yet been carried out, but it is contemplated to provide for an overgrade crossing at the railroads above mentioned, and steps are under way to bring this about at as early a day as possible. In view of this fact I see no reason why this franchise should not be granted.

In connection with the application of the Union Railway Company for certain extensions of its lines, I believe the extension was asked for by said company on this same line, and I see no reason why the franchise should not be given to both companies for joint control and operation. It would seem to be desirable to afford to travelers by both of these surface railroads all of the accommodations and conveniences for crosstown connection possible, and, therefore, I would recommend that the franchise for this extension on Kingsbridge road and Muscoota street, between Bailey avenue and Broadway, be granted to both companies for joint operation.

Alteration No. 3.

Route heretofore granted, from the intersection of Tremont avenue and Ryer avenue, north on Ryer avenue to One Hundred and Eightieth street; thence east on One Hundred and Eightieth street to Valentine avenue—length about 1,975 feet.

Proposed Change—From the intersection of Tremont avenue and Ryer avenue, easterly on Tremont avenue to Valentine avenue, and thence northerly on Burnside avenue and Valentine avenue to One Hundred and Eightieth street—length about 1,600 feet. This change is rendered necessary on account of a change of the map or plan of The City of New York by closing Ryer avenue, between Tremont avenue and East One Hundred and Seventy-ninth street, and extending the area of Echo Park, this route being divided into two parts by this action on the part of the City.

The proposed change seems to be a very great improvement over the original route, for the reason that Valentine avenue is 80 feet wide, while Ryer avenue is but 60 feet. The use of the Union Railway Company's tracks on Burnside avenue for about one block does not seem to be objectionable, and I would recommend that the alteration be approved.

Alteration No. 4.

The route heretofore granted, from the intersection of Kingsbridge road at Decatur avenue, east on Kingsbridge road to Third avenue, and thence south on Third avenue to East One Hundred and Eighty-ninth street—length about 900 feet.

Proposed Change—From the intersection of Kingsbridge road and Valentine avenue, south on Valentine avenue to One Hundred and Eighty-ninth street, east on One Hundred and Eighty-ninth street to Park avenue, East, and thence northerly along Park avenue, East, to One Hundred and Eighty-ninth street—length of route about 2,950 feet.

This proposed change will traverse streets 80 feet or over in width, and terminates within one block of the Fordham station. I see no objection to granting the proposed change, and would recommend that it be approved.

Alteration No. 5.

The route heretofore granted from the intersection of Boston road and One Hundred and Seventy-eighth street, west on One Hundred and Seventy-eighth street to Vyse street; thence north on Vyse street to One Hundred and Eighty-second street; thence westerly on One Hundred and Eighty-second street to Southern Boulevard—length about 3,600 feet.

Proposed Change—From the intersection of Boston road and One Hundred and Seventy-eighth street, north on Boston road to One Hundred and Eightieth street, and thence westerly on One Hundred and Eightieth street to the Southern Boulevard—length about 2,800 feet.

The fact that this proposed change uses streets having a width of 80 feet instead of 60 feet, seems to be desirable. The distance covered to reach practically the same points is about 800 feet less. I see no objection to the granting of this proposed change of line.

Respectfully,

(Signed) JOSIAH A. BRIGGS,
Chief Engineer of the Borough of The Bronx.

The Comptroller moved that the Board hold a special meeting in the Old Council Chamber, Room 16, City Hall, on Tuesday, December 5, at 10.30 o'clock in the forenoon, for the purpose of considering the franchise calendar.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller moved that the public hearing on the application of the Union Railway Company of New York City, the Southern Boulevard Railroad Company and the New York City Interborough Railway Company for alterations and extensions advertised to be held this day be continued on Tuesday, December 5.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

NEW YORK AND PORT CHESTER RAILROAD COMPANY.

The public hearing upon the application of the New York and Port Chester Railroad Company for the right to construct, maintain and operate a railroad across certain streets and highways intersected by its route in the Borough of The Bronx, as set for this day by resolution adopted November 10, 1905, was opened.

Hon. D. Cady Herrick appeared in favor of the proposed grant.

The President of the Borough of The Bronx presented the following report:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 23, 1905.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I submit herewith for the consideration of the Board of Estimate and Apportionment report of the Chief Engineer of this Borough, Mr. Josiah A. Briggs, on the application of the New York and Port Chester Railroad Company, for a franchise to construct and operate a railway across the streets intersected by its routes

in the Borough of The Bronx, together with map showing location of the lines and profile of the route with proposed amendments.

Respectfully,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

NEW YORK, November 23, 1905.

In the Matter
of

The application of the New York and Port Chester Railroad Company for a franchise in the Borough of The Bronx.

The application of the New York and Port Chester Railroad Company for a franchise to construct and operate a railroad across the streets intersected by its route in the Borough of The Bronx, having been referred to the President of the Borough of The Bronx, a map or plan was prepared showing the location of the lines; also a profile of the route, with proposed amendments, which plans, with accompanying report, are herewith submitted.

The map or plan shows, in addition to the Port Chester Railroad, the lines of the New York, Westchester and Boston Railway.

In relation to the grades I beg to make the following remarks:

The grades of the New York and Port Chester Railroad, as indicated on plans filed by the New York and Port Chester Railroad Company in the County Clerk's office February 8, 1904, and shown on accompanying profile in blue, interfere seriously with the grades adopted for the street system and those established for the New York, Westchester and Boston Railway, for which railroad a plan amending the street system east of the Bronx river is at present before the Board of Estimate and Apportionment.

New grades indicated in red on the profile map are therefore suggested.

In relation to the alignment I beg to make the following remarks:

There is no more technical difficulty to conform the street system to the line of right of way of said railroad than there was in the case of the New York, Westchester and Boston Railway, and following the same principle of laying out fifty-foot streets, with one sidewalk and roadway alongside of the railroad property lines, the street system is in a similar way diagonally intersected from the northern boundary of the City to Williamsbridge road. South of this road the railroad runs through the middle of the block between Rhinelander and Morris Park avenues, and if the system of establishing marginal streets along the railroad right of way is to be continued there, a flattening of the rather sharp curve of the railroad is advisable in order to divide the plots to better advantage (see blue lines on map).

If the line, however, remains where it is now the locating of marginal streets may be omitted, but bridge crossings should be provided for every street between Williamsbridge road and White Plains road.

While the building of both lines is in the interest of the development of this section of The Bronx, a change of line of one or the other of the railroads, in order to avoid their intersection and the depreciation of a considerable area of otherwise valuable property is decidedly desirable, if not absolutely necessary.

Should by action of the Court one or the other of these lines be prohibited from building, there would be no objection to the construction of the authorized one substantially in its present location.

The maps herewith submitted have the following titles:

1. Map or plan amending and modifying the street system east of the Bronx river, as adopted by the Board of Estimate and Apportionment on May 29, 1903, in connection with the lines of the New York, Westchester and Boston Railway and of the New York and Port Chester Railroad, from Bronx Park to the City line, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901.

2. Profile showing the line of the New York and Port Chester Railroad, as filed in the office of the County Clerk of New York City February 8, 1904, and its alteration to conform with the grades and sewers of the street system and the railroad lines east of the Bronx river as suggested to the President of the Borough of The Bronx.

Respectfully,

F. GREIFFENBERG,
Principal Assistant Topographical Engineer.

Approved:

JOSIAH N. BRIGGS,
Chief Engineer of the Borough of The Bronx.

The Comptroller moved that the public hearing upon the application advertised to be held this day be continued on Tuesday, December 5, in the Old Council Chamber, Room 16, City Hall, at 10.30 o'clock in the forenoon.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of The Bronx offered the following:

Resolved, That all applications for franchises which affect the layout, lines and grades of the streets be referred to a committee consisting of the Chief Engineer of the Board of Estimate and Apportionment, the Engineer of the Department of Finance and the Chief Engineer of the borough affected thereby.

The Chair stated that without objection the resolution would be considered pending on Tuesday, December 5. There being none, and the President of the Borough of The Bronx consenting thereto, it was so ordered.

OCEAN ELECTRIC RAILWAY COMPANY.

In the matter of the Ocean Electric Railway Company for its failure to comply with the terms and conditions of its franchise of August 26, 1903, in not constructing a portion of its route, and upon whom notice to show cause why it should not forfeit to the City of New York the sum of \$2,000 was served, in accordance with resolution adopted by the Board on September 29, 1905.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 14, 1905.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—This Board, on September 29, 1905, adopted resolutions directing that the Ocean Electric Railway Company be served with a notice to show cause why it should not forfeit to The City of New York the sum of \$2,000 as damages for its failure to comply with the terms and conditions of its franchise of August 26, 1903; that sum having been deposited by that company as security for the performance by it of all the terms and conditions of its franchise.

Notice in accordance with the foregoing was served upon the company, and at a meeting of this Board, held November 10, when the notice to show cause was returnable, the Ocean Electric Railway Company presented communications dated November 6, signed by Ralph Peters, president, and November 8, signed by Joseph F. Keany, attorney. The communication of the President states that, owing to the deaths of Mr. W. H. Baldwin, at one time president of the company, on January 3, 1905, and of Mr. W. F. Potter, his successor, on April 2, 1905, the company has been prevented from completing the route as laid out in the franchise, and concludes by asking an extension of one year from May 15, 1905, in which to complete the construction and operation of its railroad on that portion of its route on Park avenue, between the Boulevard and the tracks of the New York and Rockaway Beach Railroad Company.

The communication of the attorney states that the railroad company has not constructed its route on Park avenue, because it has been unable to secure the necessary

consents from property owners, and continues that "it is the desire of the company to lay a single track along Park avenue."

The original franchise to the company provided for a double track road on Park avenue, and consequently it is not at all certain that the company proposes to complete its entire route, even though its present application for an extension of time be granted by the Board.

To summarize, it appears that, from July 15, 1904, until May 15, 1905, no move whatsoever was taken by the applicant to secure an extension of time, and it was not until called to account that it presented its excuses and asked for a further extension.

Further the company does not answer the statement made in the report of Harry P. Nichols, Principal Assistant Engineer of the Bureau of Franchises, Department of Finance, dated September 25, 1905, that the franchise of the Rockaway Electric Railway Company was void and that consequently the agreement between the Ocean Electric Railway Company and the Rockaway Electric Railway Company, dated April 1, 1904, could not be legal authority to the former company to construct a railroad on Fairview avenue.

The Ocean Electric Railway Company, on July 15, 1904, secured from the Board of Estimate and Apportionment an extension of time until May 15, 1905, to construct its railroad on Park avenue. A resolution granting this extension provided that "if the same shall not be constructed and in actual operation on said date, the said route in Park avenue shall be conclusively taken to have been abandoned by the grantee, and so much of the rights and franchises hereby granted as pertain to such route from and after May 15, 1905, shall be thereupon forthwith immediately forfeited without judicial or other proceedings."

It seems, therefore, that since May 15 the company has had no rights whatsoever in and upon Park avenue, and the Board of Estimate and Apportionment cannot now grant an extension of time to construct a railroad on Park avenue, inasmuch as all rights of the company have been determined since May 15.

I am therefore of the opinion that, in accordance with the terms of the original franchise, the company should be penalized in such sum as seems fit and proper to the Board of Estimate and Apportionment, acting for and in behalf of the City, and that the Corporation Counsel be requested to institute such action as will prevent the unlawful and unauthorized operation of cars on Fairview avenue, between the Boulevard and the existing right of way of the New York and Rockaway Beach Railroad Company.

Since it appears that the company has no valid rights on either Park or Fairview avenues, it can only secure such rights to construct a railroad by receiving from this Board a franchise therefor, and I believe that no action can properly be taken by this Board upon the company's request for an extension of time to construct its railroad.

I submit herewith resolutions for adoption in accordance with the foregoing.

Respectfully,

EDWARD M. GROUT, Comptroller.

Proposed Resolution.

Whereas, This Board, on September 29, 1905, adopted the following:

"Whereas, The Ocean Electric Railway Company received a franchise from The City of New York on August 26, 1903, for the construction and operation of a street surface railway in the Fifth Ward, Borough of Queens, subject to certain terms and conditions; and

"Whereas, This Board has extended the time for the completion of the railroad to be constructed by said company on Park avenue, between the Boulevard and the existing right of way and railroad track of the New York and Rockaway Beach Railroad Company, until May 15, 1905; and

"Whereas, This period allowed for the construction of the railroad has expired; and

"Whereas, No railroad has been constructed in Park avenue, between the Boulevard and the existing right of way and railroad track of the New York and Rockaway Beach Railroad Company; and

"Whereas, The Ocean Electric Railway Company has deposited with the Comptroller of The City of New York the sum of \$2,000 as security for the performance by such company of the terms and conditions of its franchise; now therefore be it

"Resolved, That the Secretary of this Board be directed forthwith to serve upon the said company notice to show cause on or before November 10, 1905, why it should not forfeit to The City of New York said sum of \$2,000 as damages for its failure to comply with the terms and conditions of its franchise of August 26, 1903; and

Whereas, The Ocean Electric Railway Company has presented to this Board its reasons why no penalty should be imposed upon it, and has requested an extension of time in which to complete its road in Park avenue, between the Boulevard and the existing right of way of the New York and Rockaway Beach Railroad Company; now therefore, after due consideration, be it

Resolved, That the application of the Ocean Electric Railway Company be and the same is hereby denied; and be it further

Resolved, That the Ocean Electric Railway Company forfeit to The City of New York, the sum of \$, as damages for the failure to comply with the terms and conditions of its franchise of August 26, 1903; and be it further

Resolved, That the Comptroller of The City of New York be and he is hereby requested to deduct from the fund deposited with him by the Ocean Electric Railway Company said sum of \$ and transfer the same to the credit of The City of New York.

The Secretary stated that on November 14 he forwarded the following communication to the Ocean Electric Railway Company notifying them of the action of the Board on November 10:

BOARD OF ESTIMATE AND APPORTIONMENT,
THE CITY OF NEW YORK,
(FINANCIAL BRANCH), No. 280 BROADWAY,
November 14, 1905.

November 14, 1905.

OCEAN ELECTRIC RAILWAY COMPANY, No. 128 Broadway, City:

GENTLEMEN—At the last meeting of the Board of Estimate and Apportionment held on November 10, 1905, your communication of November 6, together with that of your attorney, Joseph F. Keany, dated November 8, were received and referred to the Comptroller for report.

I inclose herewith copy of the tentative report prepared by the Comptroller for presentation to the Board at its next meeting on November 24. From this report you will note that the Comptroller believes that your company should be penalized, the amount of the penalty to be determined by the Board. I also inclose copy of resolutions to be presented by the Comptroller as stated in his report.

If you desire to present any reason why the inclosed resolutions should not be adopted, or any facts which will assist the Board in determining the amount of the penalty to be imposed, I will be glad to receive the same on or before November 20, so that I can forward the same to the Comptroller for consideration before the meeting.

If no reply is received from you before November 20 the inclosed resolutions will be presented to the Board.

Respectfully,

J. W. STEVENSON, Secretary.

The Secretary presented the following:

OCEAN ELECTRIC RAILWAY COMPANY,
LONG ISLAND CITY, N. Y., November 22, 1905.

Mr. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment, New York City:

DEAR SIR—Acknowledging receipt of your communication of the 17th inst., inclosing copy of the report prepared by the Comptroller for presentation to the Board

at a meeting on November 24, in reference to the franchise of the Ocean Electric Railway Company, I desire to say that the application submitted by us on November 6, requesting an extension of the franchise on Park avenue, and the statement submitted by our attorney, under date of November 8, fully set forth all the facts in the case and have been made in good faith, it being our desire to comply with the conditions of our franchise to complete our road with a view of giving proper service to the public as originally contemplated. I say this because an error in the statement referred to, viz., describing the tracks on Park avenue as "single." I desire to correct the impression that we wish to alter the provisions of the franchise which specify that tracks shall be "double" on Park avenue.

As showing the good faith of the company, when it failed to secure the necessary property consents for the building of the line on Park avenue, it made temporary arrangements with the Rockaway Electric Railway Company for building under its franchise upon Fairview avenue, in order that proper service might be inaugurated. This was a temporary move in order to complete the line and start its operation. It was intended that this line should be taken up and the operation carried on over the full route as provided in the franchise through Park avenue, as soon as the consents could be secured, or, in the event of the inability to secure the consents, to seek another route along the Boulevard and some other cross street to the line of the Rockaway Beach Railroad, necessitating changes of plans which would require executive action.

As explained in the answer of the attorney of this company, the death of two presidents within three months prevented due consideration of these matters by the executive officers. Upon my appointment, an entire stranger to the property and the conditions surrounding it, time was required to familiarize myself with all the new work in progress without taking up the questions of further extensions of work. The Long Island Railroad and its affiliated lines had on hand the extensive improvements on Atlantic avenue, requiring very close study and attention; the inauguration of the Bay Ridge Improvement, including the changes of grade, etc., as provided under the Brooklyn Grade Crossing Law; the equipment of the Atlantic avenue and its connecting lines with electricity in order that the road might be operated upon Atlantic avenue in accordance with the terms of the Improvement Act; the developments in Long Island City in connection with the construction of the tunnels under the East river, and all of the other extensive matters of development that were being carried on in the general scheme of providing for the rapidly growing territory served by the companies I represent, requiring so much time that it was impossible to follow up absolutely all of the details without perhaps delaying some of them. The Ocean Electric Railway may have suffered as a result of this, although after I took charge of the property, the line was completed and put in operation. As a result thereof, we served the people faithfully during the past summer and to their satisfaction.

The growth of Rockaway Beach and the adjacent territory is such that we will have to make more extensions of the Ocean Electric Railway and this matter will require careful consideration, which is being given it.

The improvement of the Rockaway Beach line for the purpose of avoiding some of the grade crossings will doubtless require a change in line which will result in a further change of the Ocean Electric Railway. It is therefore necessary that we should be given ample time to work out a proper solution of these questions.

We earnestly request that the consideration of the Comptroller's report be postponed for at least two weeks and that we then be given an opportunity to present arguments for an extension of the franchise on Park avenue for not less than six months more, until we can secure the consents or make arrangements to ask for a franchise over a different route that will enable us to properly serve the public.

We assure you that the company is acting in good faith and is ready to make liberal expenditures in providing proper transportation facilities for the Rockaway territory, where it desires to make its development upon broad and liberal lines that will meet the requirements of the future.

Asking that you will give these facts your most earnest consideration and that the Board will give us every opportunity to fully state our case. I am

Very respectfully,

RALPH PETERS, President,
Ocean Electric Railway Company.

General George W. Wingate of counsel for the company appeared and requested that the consideration of the report be adjourned for two weeks, as Mr. Ralph Peters, president of the company, who was unable to be present to-day, desired to be heard.

The Chair declared that, without objection, the matter would lay over until Tuesday, December 5. Upon roll call the following vote was recorded:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The full minutes of the meeting of November 24, 1905, will appear in the CITY RECORD at a later date.

J. W. STEVENSON, Secretary.

BOARD OF REVISION OF ASSESSMENTS.

A meeting of the Board of Revision of Assessments was held in the Comptroller's office on Thursday, November 23, 1905, at 2.35 o'clock p. m.

Present—N. Taylor Phillips, Deputy and Acting Comptroller; George L. Sterling, Assistant and Acting Corporation Counsel; Frank A. O'Donnell, President of the Department of Taxes and Assessments.

On motion of the Assistant and Acting Corporation Counsel, the minutes of meetings of October 26 and November 16, 1905, were approved as printed in the CITY RECORD.

BOROUGH OF BROOKLYN.

The assessment list for sewers in Huron street, from East river to Provost street; in Provost street, between Huron street and Greenpoint avenue; in Greenpoint avenue, between Provost street and Jewel street; in Jewel street, between Greenpoint avenue and Norman avenue; in Norman avenue, between Jewel street and 100 feet east of Humboldt street, and in Meserole avenue, between Jewel and Diamond streets, with connections, in the Borough of Brooklyn, with objections, the hearing in which matter was closed at meeting of October 26, 1905, and the decision of the Board reserved, was taken up.

The President of the Department of Taxes and Assessments moved that the recommendation contained in the resolution of the Board of Assessors, adopted by the said Board October 4, 1904, and reading as follows:

"Resolved, That the assessment list be returned to the Board of Revision of Assessments with the recommendation that the territory along Newtown creek, from Pequod street to Thomas street, and extending to within one hundred feet of Paidge avenue, Sutton street, Bridgewater street and Stewart avenue, respectively, be relieved of the assessment now proposed to be levied against it, this recommendation being based upon the further testimony introduced before the Board to the effect that there is no adopted sewerage plan for such district, and that the present sewer system cannot be utilized for such territory without expensive pumping stations, which are not now provided for or contemplated."

—be approved of and concurred in, and that the assessment list be referred back to the Board of Assessors, with instruction to carry such recommendation into effect; and, further, to make a pro rata reduction of 25 per cent. in the gross amount of the assessment remaining, and that the assessment list as so reduced be confirmed, which motion was carried, all the members voting in the affirmative.

At 2.50 o'clock p. m., on motion of the Assistant and Acting Corporation Counsel, the Board adjourned.

HENRY J. STORRS,
Chief Clerk, Board of Revision of Assessments.

REPORT OF TRANSACTIONS, OCTOBER 30 TO NOVEMBER 5, 1905.

Communications Received.

From the Board of Aldermen—Transmitting copy of an ordinance, which reads as follows:

AN ORDINANCE providing for an issue of Corporate Stock in the sum of three thousand dollars (\$3,000) in addition to the amount heretofore authorized to provide means for the repairing of steamboats under the jurisdiction of the Department of Correction.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board, of Estimate and Apportionment September 29, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified.

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding three thousand dollars (\$3,000), in addition to the amount heretofore authorized, to provide means for the repairing of steamboats under the jurisdiction of the Department of Correction, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding three thousand dollars (\$3,000), the proceeds whereof to be applied to the purposes aforesaid."

Adopted by the Board of Aldermen October 24, 1905, a majority of all the members elected voting in favor thereof.

BOARD OF ELECTIONS.

Meeting of the Board of Elections, held Monday, October 16, 1905, at 3 o'clock p. m.

Present—Commissioners Voorhis, Page and Dady.

The minutes of the meeting of the Board held on the 12th ult. were read and approved and the reading of the minutes of the meeting held on the 12th inst. was dispensed with.

The following communications were received and disposed of as stated, viz.:

From Richard Young, verified the 12th inst., declining the nomination by the Republican Party for Comptroller of The City of New York. Filed.

From Henry Carey, verified the 16th inst., declining the nomination by the Republican Party for Member of Assembly for the Twentieth Assembly District, New York County. Filed.

From the Chairman of the Executive Committee, of the New York County Republican and Democratic Committees and the Kings County Republican Committee, requesting the removal of certain election officers therein named, and duly authenticating and filing the names of persons to fill the vacancies created by such removals.

On motion, the said communications were ordered on file, the Secretary directed to transmit the names, etc., of the persons proposed for appointment to the Chief Clerks of the proper borough offices for notification of examination, etc., and the following preamble and resolution adopted, viz.:

Whereas, Written requests for the removal of certain election officers heretofore appointed in the counties of New York and Kings, have been filed with the Board of Elections by the Chairmen of the Executive Committees of the New York County Republican and Democratic Committees and the Kings County Republican Committee, pursuant to section 12, chapter 909, Laws of 1896, as amended; therefore be it

Resolved, That the following persons heretofore appointed and qualified as Inspectors of Elections, Poll Clerks or Ballot Clerks, in the Election and Assembly Districts specified, be and are each and severally removed and dismissed as such election officers.

From John V. Samo, dated the 11th inst., requesting to be advised in relation to his right to vote at the ensuing general election. To be answered and filed.

From Patrick Harden, dated the 11th inst., complaining about the alleged misconduct of an Inspector of Elections in the Sixteenth Election District, Twelfth Assembly District, New York County, during the registration of electors. To be answered and filed.

From Charles F. Everitt, dated the 14th inst., complaining about the alleged erroneous entering of his place of residence as No. 318 West Fifty-seventh street, instead of No. 317 West Fifty-sixth street, Manhattan Borough, in the register of electors. Referred to Commissioner Page for investigation and report.

From the Chief Clerk of the Brooklyn Borough office, dated the 16th inst., transmitting a letter from Henry P. Watts and Albert J. Watts, complaining against the Board of Election Inspectors in the Fourteenth Election District, Twenty-first Assembly District, Kings County, for the alleged refusal of said Inspectors to permit said persons to register. Referred to the President for investigation.

From the Chief Clerks of the Board and the Manhattan Borough office, dated the 16th inst., and the Chief Clerks of The Bronx, Brooklyn, Queens and Richmond Borough offices, dated the 14th inst., reporting in relation to the attendance of the clerical force in their respective offices for the preceding week. Filed.

From the Chief Clerk of the Manhattan Borough office, dated the 16th inst., and the Chief Clerks of The Bronx and Queens Borough offices, dated the 14th inst., reporting the receipt of supplies on account of contract with the Martin B. Brown Company. Referred to the Chief Clerk of the Board for comparison and verification with the requirements of said contract.

The records of the proceedings of the following conventions were received and ordered on file, viz.:

Aldermanic—Republican, New York County, Fourth, Seventh, Eighth, Tenth, Sixteenth, Seventeenth, Twentieth, Twenty-third, Twenty-eighth, Thirtieth, Forty-third and Forty-fourth. Democratic, New York County, First to Twenty-eighth, inclusive; Thirty-first to Thirty-eighth, inclusive, and Forty-third and Forty-fourth. Republican, Kings County, Forty-ninth, Fifty-first and Sixty-fifth. Republican and Democratic, Richmond County, Seventy-first, Seventy-second and Seventy-third.

Assembly—Republican, New York County, First, Third, Fourth, Sixth, Seventh, Eighth, Tenth, Thirteenth, Seventeenth, Twenty-second, Twenty-sixth and Twenty-eighth. Democratic, New York County, Eighth, Ninth, Tenth, Fifteenth, Sixteenth, Seventeenth and Twentieth. Republican, Kings County, First to Twenty-first, inclusive. Republican and Democratic, Richmond County, First.

Municipal Court—Republican, New York County, First and Second. Democratic, Richmond County, First.

County—Republican and Democratic, New York.

Borough—Republican, Manhattan, The Bronx and Richmond. Democratic, Manhattan.

The following objections to certificates of nomination were received and hearings on the questions raised thereby were set for Thursday, October 19, 1905, viz.:

From George Ripperger, two papers, received respectively on the 13th and 16th of October, 1905, objecting respectively to the certificate of nomination by the Democratic Party of a candidate for the alleged office of Magistrate at Large of the Borough of Queens, and to the certificate of nomination by the Socialist Party of a candidate for the said office.

From Edward Rosenstein, two papers, received, respectively, on the 16th and 19th inst., objecting to the certificate of nomination by the Municipal Ownership League of Max Eckman for Member of Assembly for the Twelfth Assembly District, New York County; and from Pierre N. Poole, two papers, received, respectively, on the 16th and 19th inst., objecting to the certificate of nomination by the Municipal Ownership League of James J. Smith for Member of the Board of Aldermen for the Fourteenth Aldermanic District, New York City.

The President stated that copies of affidavit and orders to show cause in two proceedings brought by one James S. Shea for writs of mandamus to review the action of the Boards of Primary Election Inspectors in the Third, Ninth and Eleventh Election Districts of the Thirteenth Assembly District, New York County, in counting and canvassing the vote in said districts at the Republican primary election held therein on September 19, 1905, had been served upon him. Referred to the Corporation Counsel for such action as he may deem necessary or proper.

Supplemental lists of persons proposed for appointment as election officers to fill existing vacancies for the term ending August 31, 1906, were received from the Chief Clerks of the Manhattan, The Bronx, Brooklyn, Queens and Richmond Borough offices. The aforesaid lists were ordered on file and the necessary resolution of appointment adopted.

The following resolution was adopted, viz.:

Resolved, That the Department of Police be and is hereby authorized and requested to receive for and on behalf of the Board of Elections of The City of New York, the ballot boxes in the care and custody of the Department of Police, that were used for the reception of the enrollment ballots on the days of registration, to wit: October 9, 10, 14 and 16, 1905, and carefully preserve the same until otherwise requested by this Board.

The Board then adjourned.

CHARLES B. PAGE, Secretary.

BOARD OF ELECTIONS.

Meeting of the Board of Elections held Tuesday, October 17, 1905, at 12 o'clock m.

Present—Commissioners Voorhis, Page and Dady.

The reading of the minutes of the meeting of the Board held on the 16th inst. was dispensed with.

The following objections to certificates of nomination were received and hearings on the questions raised thereby were set for Thursday, October 19, 1905, at 1 o'clock p. m., viz.:

From John M. Kelly, two papers, received on the 16th inst., objecting respectively to the certificates of nomination by the Republican and the Greater New York party of William W. Bryan for the alleged office of Magistrate at Large of the Borough of Richmond, and to the certificate of nomination by the Democratic party of Nathaniel Marsh for the said alleged office.

Additional original lists of persons proposed for appointment as election officers for the term ending August 31, 1905, were received from the Chief Clerks of the Manhattan and Brooklyn borough offices.

On motion, the said lists were ordered on file and the necessary resolution adopted. Supplemental lists of persons proposed for appointment as election officers to fill existing vacancies for the term ending August 31, 1905, were received from the Chief Clerks of the Manhattan and Brooklyn borough offices.

On motion, the said lists were ordered on file and the necessary resolution of appointment adopted.

The Board then adjourned.

CHARLES B. PAGE, Secretary.

BOARD OF ELECTIONS.

Meeting of the Board of Elections held Thursday, October 19, 1905, at 1 o'clock p. m.

Present—Commissioners Voorhis, Page, Maguire and Dady.

The reading of the minutes of the meeting of the Board held on the 17th inst. was dispensed with.

The following communications were received and disposed of as stated, viz.:

From Frank D. Cole, Deputy Secretary of State, dated the 17th inst., giving notice that the Governor has, by his proclamation, dated September 29, 1905, directed that a special election for State Senator, in the place of Peter J. Dooling (resigned), be held in the Sixteenth Senate District, on Tuesday, November 7, 1905. Filed.

From the Chairmen of the Executive Committees of the New York County Republican and Democratic Committees, the Kings County Republican Committee and the Queens County Republican Committee, requesting the removal of certain election officers therein named, and duly authenticating and filing the names of persons to fill the vacancies created by such removals.

On motion, the said communications were ordered on file, the Secretary directed to transmit the names, etc., of the persons proposed for appointment to the Chief Clerks of the proper borough offices for notification of examination, etc., and the following preamble and resolution adopted, viz.:

Whereas, Written requests for the removal of certain election officers heretofore appointed in the Counties of New York and Kings, have been filed with the Board of Elections by the Chairmen of the Executive Committees of the New York County Republican and Democratic Committees, the Kings County Republican Committee and the Queens County Republican Committee, pursuant to section 12, chapter 909, Laws of 1896, as amended; therefore be it

Resolved, That the following persons heretofore appointed and qualified as Inspectors of Elections, Poll Clerks or Ballot Clerks, in the election and Assembly districts specified, be and are each and severally removed and dismissed as such election officers.

On motion of Commissioner Page, the following resolution was adopted, viz.:

Resolved, That, after a hearing duly had thereon, the charges preferred by the Chief Clerk of the Board of Elections for carelessness, inefficiency and incompetency in the performance of his duty, against Frederick Snyder, a Clerk in the employ of the Board and assigned to duty in the branch office of the Board for the Borough of Manhattan, be and are hereby sustained; and be it further

Resolved, That the said Frederick Snyder be and is hereby removed and dismissed from said position as a Clerk in the employ of the Board of Elections.

Commissioners Voorhis, Page and Maguire voted "aye," Commissioner Dady "nay."

The President announced that the Board was ready to proceed with the hearings set for to-day on the questions raised by objections filed with the Board to certain certificates of nomination.

The hearing then proceeded on the questions raised by the objections filed by George Ripperger to the certificates of nomination by the Democratic and Socialist parties of candidates for the alleged office of Magistrate at Large of the Borough of Queens, and the objections filed by John M. Kelly to the certificates of nomination by the Democratic and Republican parties of candidates for the alleged office of Magistrate at Large of the Borough of Richmond, the hearings on the said objections having been consolidated by consent of the parties, the same question being involved in both objections.

Eugene N. L. Young, Esq., for George Ripperger, and William A. Shortt, Esq., for John M. Kelly, in support of the objections.

Daniel Noble, for Republican nominee in Queens, and Hon. Montague Lessler and Horace A. Davis, Esq., for Republican nominee in Richmond, in opposition.

The Board reserved decision.

The President then announced that the Board was ready to proceed with the hearing on the objections filed by Edward Rosenstein and Pierre N. Poole to the papers purporting to be a certificate of nomination by the Municipal Ownership League of Max Eckman for member of Assembly for the Twelfth Assembly District, New York County, and James J. Smith for member of the Board of Aldermen for the Twelfth Aldermanic District, City of New York.

Henry Silverman, Esq., and Charles Tolleries, Esq., in support of the objections. Thomas Gilleran, Esq., and Leonard A. Snitken, Esq., in opposition.

An adjournment was granted until Saturday, October 21, 1905, at 10 o'clock a. m., on request of counsel for the objectors.

The Board then adjourned until Saturday, October 21, 1905, at 9 o'clock a. m.

CHARLES B. PAGE, Secretary.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of the City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, DECEMBER 18, 1905,

at 11 a. m., on the premises, the buildings and appurtenances thereunto belonging erected upon real estate acquired as an additional site for college purposes, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging, erected upon the following-described parcel of land under the jurisdiction of the Board of Trustees of the College of The City of New York, being the buildings situated on the property at Amsterdam avenue, between One Hundred and Thirty-ninth and One Hundred and Fortieth streets, in the Borough of Manhattan, more particularly described as follows:

Beginning at a point formed by the intersection of the southerly line of One Hundred and Fortieth street with the easterly line of Amsterdam avenue; running thence easterly along the southerly line of One Hundred and Fortieth street 100 feet to land now owned by The City of New York; thence southerly and parallel with Amsterdam avenue 199.83 feet to the northerly line of One Hundred and Thirty-ninth street; thence westerly along the northerly line of One Hundred and Thirty-ninth street 100 feet to the easterly line of Amsterdam avenue, and thence northerly along the easterly line of Amsterdam avenue 199.83 feet to the point or place of beginning.

By direction of the Comptroller the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Monday, December 18, 1905, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description, within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description, brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them are put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings by the said successful bidder, and the bidder's assent to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc.,

bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

EDWARD M. GROUT,
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, November 23, 1905.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 10.
EAST ONE HUNDRED AND SIXTY-THIRD STREET—SEWER and appurtenances, between Tinton avenue and Forest avenue. Area of assessment: Both sides of One Hundred and Sixty-third street, from Tinton avenue to Forest avenue.

TWENTY-FOURTH WARD, SECTION 11.
HARRISON AVENUE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, from Tremont avenue northerly to the next intersecting street (unnamed). Area of assessment: Both sides of Harrison avenue, extending about 815 feet north of Tremont avenue.

—that the same were confirmed by the Board of Assessors November 21, 1905, and entered on November 21, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon or before January 20, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

EDWARD M. GROUT,
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, NOVEMBER 21, 1905.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

JACOBUS PLACE—REGULATING, GRADING, CURBING AND FLAGGING, between Terrace View avenue and Van Corlear place. Area of assessment: Both sides of Jacobus place, from Terrace View avenue to Van Corlear place; also both sides of Van Corlear place and Fort Charles place, extending northerly about 300 feet from Jacobus place; also north side of Terrace View avenue, extending about 145 feet east and west of Jacobus place.

—that the same were confirmed by the Board of Assessors on November 21, 1905, and entered on November 21, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon or before January 20, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

WEDNESDAY, DECEMBER 13, 1905,

at 11 a. m., on the premises, building and appurtenances thereunto belonging erected upon real estate acquired for the extension of Riverside drive, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the building and appurtenances thereunto belonging, acquired for street opening purposes, as follows:

Borough of Manhattan.

being the building known by the number 648 West One Hundred and Forty-ninth street, in the Borough of Manhattan, on the line of the extension of Riverside drive, being the remaining building on the line of the proposed improvement.

By direction of the Comptroller, the sale of the above building will be made under the supervision of the Collector of City Revenue on Wednesday, December 13, 1905, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description, within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion, as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description, brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them are put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings by the said successful bidder, and the bidder's assent to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcels.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears of the assessments for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 9.

ORCHARD STREET OR EAST ONE HUNDRED AND SIXTY-NINTH STREET—OPENING, from Sedgwick avenue to Boscobel avenue. Confirmed July 7, 1905; entered November 20, 1905. Area of assessment includes all those pieces or parcels of land shown on our benefit map which are designated on the tax maps of The City of New York, as follows:

Block 2522, Lot No. 1; Block 2521, Lot No. 43; Block 2519, Lot No. 1.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it

shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act.

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third Avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 19, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

By direction of the Comptroller the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Friday, December 8, 1905, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description, within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description, brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent

and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam-holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcels.

The easterly line of the marginal street cuts the northerly side of the building at a point about 66.2 feet easterly from the westerly side of the building, and cuts the southerly side at a point about 77.6 feet easterly from the westerly side of the building. The portion of the building to be sold and removed lies to the west of the easterly line of the marginal street.

Part of a three-story brick building on the northeasterly corner of Tenth avenue and Little West Twelfth street, having a frontage of about 26.2 feet on Tenth avenue, and about 40.1 feet on Little West Twelfth street. The easterly line of the marginal street cuts the easterly side of the building at a point 3.1 feet northerly from the southerly side of the building and cuts the northerly side of the building at a point 31.3 feet easterly from the westerly side of the building. The portion of the building to be sold and removed is that lying to the west of the easterly line of the marginal street.

Part of a four-story brick building fronting on the easterly side of Tenth avenue, whose southerly side is parallel to and distant about 26.2 feet from the northerly line of Little West Twelfth street. The easterly line of the marginal street cuts the southerly side of the building at a point 31.3 feet easterly from the easterly side of Tenth avenue and cuts the northerly side of the building at a point 107.3 feet northerly from the northerly side of Little West Twelfth street. The portion of the building to be sold and removed is that lying to the west of the easterly line of the marginal street.

Such buildings to be sold are more clearly shown on certain maps on file in the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan.

By direction of the Comptroller, the sale of the above-described property will be made under the supervision of the Collector of City Revenue on Monday, December 11, 1905, at 11 a. m., at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description, brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason

of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures, or parts thereof, their fixtures and foundations of every class and description, within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible material, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances or portions as shall then be standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them, be put by reason of injury to the person or property of another, resulting from the negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective machinery or materials, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, DECEMBER 4, 1905,

at 11 a. m., on the premises, the buildings and appurtenances thereunto belonging, erected upon real estate acquired for park purposes, belonging to the corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging, erected upon the following described parcels of land, acquired for park purposes.

Property acquired for the purpose of laying out an addition to the Willink Entrance to Prospect Park, Borough of Brooklyn, more particularly described as follows:

Parcel A.

Beginning at the intersection of the easterly line of Flatbush avenue with the northerly line of Malbone street, as the same are laid down on the map of the city; running thence northerly along the easterly line of Flatbush avenue 477.28 feet more or less, to the line of the East Side Lands; thence easterly along the East Side Lands 763.55 feet more or less to the westerly line of Washington avenue; thence southerly along the westerly line of Washington avenue 569.36 feet, more or less, to the northerly line of the Brooklyn and Brighton Beach Railroad; thence southerly along the northerly line of the Brooklyn and Brighton Beach Railroad 545.36 feet more or less to the northerly line of Malbone street; and thence westerly along the northerly line of Malbone street 110 feet more or less to the point of beginning.

Parcel B.

Beginning at the intersection of the northerly line of Malbone street with the westerly line of Washington avenue, as the same are laid down on the map of the city; running thence westerly along the northerly line of Malbone street 163.83 feet, more or less, to the southeasterly line of the Brooklyn and Brighton Beach Railroad; thence northerly along the southeasterly line of the Brooklyn and Brighton Beach Railroad 381.76 feet, more or less, to the westerly line of Washington avenue; thence southerly along the westerly line of Washington avenue 310.59 feet, more or less, to the point of beginning.

By direction of the Comptroller, the sale of the above-described property will be made under the supervision of the Collector of City Revenue on Monday, December 4, 1905, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description, within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible material, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion, as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from the negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam-holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, No. 57 CHAMBERS STREET (STEWART BUILDING), NEW YORK, November 1, 1905.

IMPORTANT TO TAXPAYERS.

NOTICE IS HEREBY GIVEN TO ALL persons whose taxes for the year 1905 have not been paid before the 1st day of November of the said year, that unless the same shall be paid to the Receiver of Taxes at his office in the Borough in which the property is located, as follows:

- Borough of Manhattan, No. 57 Chambers street, Manhattan, N. Y.;
 - Borough of The Bronx, corner Third and Tremont avenues, The Bronx, N. Y.;
 - Borough of Brooklyn, Rooms 2, 4, 6 and 8, Municipal Building, Brooklyn, N. Y.;
 - Borough of Queens, corner Jackson avenue and Fifth street, Long Island City, N. Y.;
 - Borough of Richmond, corner Bay and Sand streets, Stapleton, Staten Island, N. Y.;
- before the 1st day of December of said year, he will charge, receive and collect upon such taxes so remaining unpaid on that day, in addition to an amount of such taxes, one per centum of the amount thereof, as provided by sections 916 and 918 of the Greater New York Charter (chapter 378, Laws of 1897).

DAVID E. AUSTEN,
Receiver of Taxes.
n1,30

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS IN THE BOROUGH OF QUEENS:

FIRST WARD.

CAMELIA STREET—REGULATING, GRADING, CURBING AND FLAGGING, from Boulevard to the Crescent. Area of Assessment: Both sides of Camelia street, from Boulevard to Crescent, and to the extent of half the block at the intersecting and terminating streets.

—that the same was confirmed by the Board of Revision of Assessments on November 16, 1905, and entered on November 16, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessments shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 12 m., and on Saturdays made thereon on or before January 15, 1906, will be exempt from interest, as above provided, and

after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

PROPOSALS FOR BIDS OR ESTIMATES for the temporary heating for the Sub-Freshman Building in the course of erection on the plots of ground located on St. Nicholas terrace, One Hundred and Fortieth street, Amsterdam avenue and One Hundred and Thirty-eighth street, Borough of Manhattan, The City of New York.

1. Sealed bids or estimates will be received by the Board of Trustees of the College of The City of New York at the office of the Board, corner of Lexington avenue and Twenty-third street, in The City of New York, until 12 o'clock m. on

THURSDAY, DECEMBER 7, 1905,

2. The time during which temporary heating will be required shall be from such time to such time between December 8, 1905, to May 1, 1906, inclusive, as may be designated by the Board.

3. The amount of security required will be not less than One Thousand Dollars (\$1,000).

4. Inasmuch as the boilers and other portions of the steam plant have not yet been accepted by the City, the bidders must arrange with and reimburse the contractors who are supplying the boilers and other apparatus, mains, etc., and give satisfactory proof prior to award of contract that they have made arrangements with the present contractors satisfactory to them and the Board as to the use of their apparatus.

5. The bidders shall state a price per day of 24 hours for supplying temporary heating to the Sub-Freshman Building, the Board to have the right to order the temporary heating from such time to such time as it may direct.

6. Bidders are requested to make their bids or estimates upon the blank form prepared for the purpose, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon written application therefor at the office of the Board of Trustees, corner of Lexington avenue and Twenty-third street, in The City of New York, Borough of Manhattan.

7. Should any person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give proper security, he or they will be considered as having abandoned it, and as in default to The City of New York, and the contract will be readvertised and relet, as provided by law.

SECOND DEPARTMENT.

In the matter of the application of The City of New York to acquire certain real estate at Wantagh, in the Town of Hempstead, in the County of Nassau, for purposes of water supply.

NOTICE IS HEREBY GIVEN THAT UPON all the papers and proceedings herein an application will be made to the Supreme Court of the State of New York, at a Special Term thereof for the hearing of motions, to be held in and for the County of Kings, at the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 15th day of December, 1905, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for an order which, besides granting such other and further relief as may be proper, shall include in this proceeding the property described as follows:

An easement, if the same does not already exist, for the purposes of installation, maintenance and repair of a portion of an infiltration gallery intended to be constructed for the purpose of introducing water into The City of New York, and of such other pipe lines or conduits as may from time to time be deemed necessary by said City for said purpose, along the property bounded and described as follows, the same being as is supposed, a public street, highway and road: Beginning at the point of intersection of the north lines of Seaford avenue and Maple avenue

at Wantagh; running thence along said north line of Seaford avenue north 76 degrees 28 minutes west 651.57 feet to the south line of property of the Long Island Railroad Company; running thence along said line south 86 degrees 9 minutes west 972.21 feet to the west line of a road; running thence along said line south 16 degrees 36 minutes west 27.34 feet to the south line of a road; running thence north along said line north 86 degrees 3 minutes east 466.37 feet to the west line of Wantagh avenue; running thence south 79 degrees 32 minutes west 60 feet to the east line of said road; running thence north along the south line of a road 86 degrees 9 minutes east 346.18 feet to the west line of Grove street; running thence south 89 degrees 3 minutes east 51.19 feet to the east line of said street; running thence south 76 degrees 28 minutes east 812.17 feet to the west line of Willow street; running thence north 53 degrees 59 minutes east 59.68 feet to the south line of Maple avenue; running thence north along said line 86 degrees 5 minutes east 92.97 feet; running thence north 3 degrees 54 minutes west 60 feet to the north line of Maple avenue; running thence along said line north 86 degrees 5 minutes east 100 feet; and running thence along said line north 86 degrees 10 minutes east 136.75 feet to the place of beginning; and also—

The right to draw down the streams and ponds shown on the map herein as amended, and any other streams or parts of streams or ponds or waters of any description not specifically shown, being to the southward of said infiltration gallery, in the manner and to the extent that may be caused by the operation of the said gallery, if the said operation of said gallery shall so result, as to the property bounded as follows: On the west by Newbridge road at Bellmore; on the south by the Great South Bay; on the east by Seaman's Neck road at Seaford; and on the north by property of The City of New York, acquired in this proceeding and heretofore, and property of the Long Island Railroad Company.

The said property is more particularly shown upon a "Map showing changes and modifications to map showing lands in the Town of Hempstead, Nassau County, New York, to be acquired for the purposes of maintaining, preserving and increasing the supply of pure and wholesome water for the use of The City of New York, Borough of Brooklyn," dated October 16, 1905, made and signed by John T. Oakley, as Commissioner of Water Supply, Gas and Electricity, which said map was filed on the 16th day of October, 1905, in the office of the said Commissioner of Water Supply, Gas and Electricity, and a copy of which was filed on the 19th day of October, 1905, in the office of the Clerk of the County of Nassau, numbered 49.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
