PUBLIC HEARINGS.

On Changes in the City Map.

Borough of Manhattan.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Closing and Discontinuing the Central Portion of the Roadway of Broadway, Between Manhattan Street and West 133d Street, Borough of Manhattan (Cal. No. 1).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted by the Board on December 31, 1914 (Cal. No. 2), on which date the matter was also referred to the Chief Engineer for report.

The Secretary presented a report (No. 14256) from the Chief Engineer stating he has been advised that the Borough President proposes to recall the plan to permit of a modification in the treatment.

The President of the Borough of Manhattan withdrew the plan submitted by him on December 31, 1914, and presented a new plan, dated January 13, 1915.

The President of the Borough of Manhattan then offered the following resolution:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by closing a centrally located portion of Broadway, 42 feet in width, extending from the north building line of West 129th Street to the south building line of West 130th Street; from the north building line of West 130th Street to the south building line of West 131st Street; from the north building line of West 131st Street to the south building line of West 132d Street; and from the north building line of West 132d Street to a parallel line distant 190.89 feet northerly therefrom in the Borough of Manhattan, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated January 13, 1915.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 29th day of January, 1915, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 29th day of January, 1915.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of th Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REPORTS.

From Standing Committees.

Committee on Transit.

Reconstruction of Sewers in the Times Square Section (West 46th Street, East 41st Street and Madison Avenue), Borough of Manhattan (Cal. No. 2).

(On December 18, 1914 (Cal. No. 137), the communication from the Public Service Commission in this matter was presented and referred to the Committee on Transit. On January 8, 1915 (Cal. No. 160) the President of the Board of Aldermen stated that the report of the Committee on Transit in relation to the reconstruction of sewers in the neighborhood of Times Square, Borough of Manhattan, would be presented at the meeting of the Board of Estimate and Apportionment on January 15, 1915.)

The Secretary presented the following communication from the Public Service Commission and report of the Committee on Transit:

Public Service Commission for the First District, 154 Nassau Street, New York, December 16, 1914.

To the Board of Estimate and Apportionment of The City of New York:

Sirs—In connection with the construction of Section 1 of Routes 43 and 26 and Section 3 of Routes 4 and 36, sewer construction work costing about $272,000 will be necessary. The Commission is advised that the existing sewers in and around the district affected by such construction are inadequate and that the borough authorities have made studies for the reconstruction of sewers to relieve the conditions which are created during heavy storms which flood the cellars of a great many buildings within these drainage areas. If the sewers which have been planned by the borough authorities are constructed, it would affect a saving to the Commission in the reconstruction of sewers to an amount of about $170,000. The carrying out of the plans prepared by this Commission for the reconstruction of sewers will in no way reduce the cost of the sewers which the City will ultimately reconstruct.

It has, therefore, been suggested that, instead of attempting to reconstruct the existing system of sewers in connection with subway construction, the Commission should turn over to the City for expenditure in connection with the construction of the comprehensive system the sum of $170,000 that would be devoted to reconstruction work. Upon many grounds such a course would seem advisable if the construction of the comprehensive system of relief sewers can promptly be carried out so as not to delay the subway work.

The Commission is advised by its Counsel, however, that he can find no warrant in the Rapid Transit Act for turning over rapid transit funds to some City Department for expenditure. He, however, suggests that the arrangement might be carried out in either of the two following ways.

It is assumed that in accordance with the precedent set in other cases the funds for the construction of these relief sewers will be raised by assessment upon property benefited. The City might raise the necessary funds by this method with the exception of $170,000, which could be provided out of the general City funds with the expectation that if at the end of the construction period on Contracts Nos. 3 and 4 there should be a balance remaining in the rapid transit account, such balance would be returned into the general City funds to replenish them for the expenditure of $170,000. In order to avoid any complications it seems that this is the preferable method.

If such method be not acceptable there is this possible alternative which is, however, dependent upon the Commission being absolutely safeguarded against any failure on the part of the borough authorities to proceed with and complete the relief sewers concurrently with the subway construction. Under this alternative the Commission might agree to do construction work on the relief sewers equivalent in value to the reconstruction work on the existing system that would otherwise be necessary. Under this method the Commission's Engineering Department could estimate how much of the new work could be done for $170,000, and then contracts, plans and specifications could be prepared for this part of the work and the work carried out the same as any other rapid transit work, while the Manhattan Bureau of Sewers at the same time would be constructing its share of the relief sewers. It is, however, unnecessary to detail the serious consequences that would ensue if the Commission embarked upon this plan and proceeded with the construction of its part of the relief system and the work of the Manhattan Bureau of Sewers in following out its part of the arrangement should for any reason be halted.

It appears that on many grounds this plan of co-operation above outlined is most advisable, insuring a better system of relief sewers on the one hand and a saving in aggregate cost on the other. The Commission is disposed to co-operate in carrying out this work, but before doing so believes that the matter of constructing the part of the relief sewers to be constructed under the City auspices should be so arranged that the work will promptly be undertaken and carried out so as not to hinder or delay subway construction.

The sum of $170,000 mentioned here is an approximate estimate which may or may not be modified upon a more detailed study of the situation. It is, however, a sufficiently exact approximation for present purposes.

As a prompt decision on these matters is necessary in order that the subway work may go forward, the Commission will be obliged for as early a consideration of this matter by the Board of Estimate and Apportionment as is practicable.

The Commission begs to suggest that in order to facilitate the consideration of the matter a conference be arranged between your Board and this Commission in regard thereto. Respectfully yours,

EDWARD E. McCALL, Chairman.

January 13, 1915.

To the Honorable Board of Estimate and Apportionment:

Sirs—Your Committee on Transit has considered the communication of the Public Service Commission for the First District, referred to it under date of December 18th, 1914, proposing that the necessary authority be given to the President of the Borough of Manhattan to proceed with the construction of certain tunnel relief sewers in West 46th Street, from Seventh Avenue to the Hudson River, and in 41st Street and Madison Avenue from 43rd Street to the East River. The Public Service Commission shows that the construction of these sewers will be absolutely necessary at some time within the next several years; and, further, that if such construction be undertaken at the present time, as the work of subway building under Contracts 3 and 4 proceeds, a saving of $170,000 will be effected. The estimated cost of the first named sewer, under the plan now proposed, would be $347,800, and that of the second $250,000—a total of $597,800. Both of these new sewers will be a part of the new general plan for the Borough of Manhattan. If they are not built at the present time, the Public Service Commission will be obliged to spend the aforesaid sum of $170,000 for temporary relief construction, which ultimately will be torn out and rebuilt when the final plan proceeds. It would, therefore, be necessary to add this additional sum to the estimated cost of construction—all to be borne by assessment—if the temporary expedient is adopted and the final work deferred. This amount would be saved not directly to the City Treasury, but to the property owners upon whom the cost of the work would be assessed.

The proposition to proceed with this work at the present time has been rejected by the Local Board of Improvements upon the protest of property owners. Your Committee is, however, of the opinion not only that the new sewers, as a partial replacement of the present system in this rapidly growing section, would be necessary within the next few years, but that the failure to provide for their construction at the present time, under the circumstances stated, would be a very clear instance of false economy.

It is urged, therefore, that, notwithstanding the failure of the Local Board to act in the matter, the President of the Borough of Manhattan be authorized and directed to proceed with the work in question, and that the usual provision be made for the assessment of the cost upon appropriate areas of benefit.

We submit herwith blueprints showing the general plan of sewers proposed, the probable area of assessment, and the estimated cost per lot, together with the necessary resolution for adoption. Very respectfully yours,

GEORGE McANENY, President, Board of Aldermen, Chairman; LEWIS H POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President Borough of The Bronx, Transit Committee.

The following was offered:

Whereas, The Board of Estimate and Apportionment is considering the advisability of initiating proceedings for the construction of a tunnel relief sewer and appurtenances in West 46th Street, from the Hudson River to Seventh Avenue, Borough of Manhattan, together with all work incidental thereto (estimated cost, $347,800; assessed valuation, $353,517,068), and a tunnel relief sewer and appurtenances in East 41st Street, from the East River to Madison Avenue, and in Madison Avenue, from 41st Street to 43d Street, together with all work incidental thereto, Borough of Manhattan (estimated cost, $250,500; assessed valuation, $338,484,750); and

Whereas, The entire cost and expense of the improvement is to be assessed upon the property deemed to be benefited thereby, be it

Resolved, That the Board of Estimate and Apportionment will hold a public hearing in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, January 22, 1915, at 10:30 o'clock A. M., at which all persons interested will be given an opportunity to be heard on the proposed action,

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record prior to the 22nd day of January, 1915.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Committee on Port and Terminal Facilities.

Department of Docks and Ferries—Location of State Barge Canal Terminals Within The City of New York (Cal. No. 3).

(On October 2, 1914 (Cal. No. 76) the communication from the Secretary of the Canal Board in this matter was referred to the Committee on Port and Terminal Facilities. On December 23, 1914 (Cal. No. 125), a report of the Commissioner of Docks on the matter was presented and laid over to December 24, 1914, on which date (Cal. No. 1), a supplemental report from the Commissioner of Docks was presented.)

The Secretary presented a communication dated September 30, 1914, from the Secretary to the Canal Board, transmitting report of the State Engineer and Surveyor and requesting that the Board of Estimate and Apportionment authorize one of its representatives to confer with the Canal Board for the purpose of arranging for an agreement as provided by law for the taking, on the part of the State, of that portion of the City's property which will become a part of the barge canal terminals; and the following reports from the Commissioner of Docks and Committee on Port and Terminal Facilities:

Department of Docks and Ferries, Pier "A," North River, City of New York, December 22, 1914.

HON. JOHN PURROY MITCHEL, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

Sir—In compliance with the request of His Honor, the Mayor for a report on sites for barge canal terminals in New York City, I beg to state as follows:

Section 6, Chapter 746, Laws of 1911, details the following locations:

1. Port of Call, beginning at a point 300 ft. north of Dyckman street and extending northerly for a distance of approximately 2200 feet to or near the entrance to the Harlem ship canal.
2. A pier, at or near the foot of West 135th street.
3. A pier, at or near the foot of West 78th street.
4. State may take over canal basin on North River waterfront from West 51st street to West 54th street, and a pier may be constructed at or near foot of West 53d street.
5. A pier at or near foot of Gansevoort street, North river.
6. A pier at the foot of Vestry street, North river, or as near thereto as possible as may be agreed to with the City of New York.
7. State may acquire piers Nos. 5 and 6, East river, together with half bulkheads north and south—a pier, No. 6, to be constructed. State may also acquire Piers Nos. 4 and 7, East river, together with half bulkheads north and south.
8. State may acquire lands under water at foot of Grand street and at foot of Broome street, East river, and all the land bounded by easterly boundary of East street, the pierhead line and the above last named two parcels.
9. A pier, Shermans Creek, to lie parallel with and about 147 feet distant from the crib bulkhead already there constructed by the city.
10. State may acquire so-called Astor property, or so much thereof as is necessary above 150th street, Harlem river.

11. If unable to acquire above site on satisfactory terms, may acquire necessary land for terminal on easterly side of Harlem river, Bronx, site to be agreed upon by canal board and board of estimate.

12. Pier, foot of East 136th street, Bronx.

13. State may acquire property at or near junction of Newtown Creek and East river, to construct at least 2 suitable piers. Location and lands to be taken determined by canal board.

14. Terminal, Gowanus Bay.

15. Terminal, Jamaica Bay.

Such additional terminals in the City of New York shall be constructed as may be agreed upon by the canal board and the Board of Estimate and Apportionment.

After very careful consideration of all the sites named, this Department makes the following report as to each specific location.

Port of Call—The location of the Port of Call north of Dyckman street, that is, between Dyckman street or Inwood and the Ship Canal at Spuyten Duyvil, has been agreed to by The City authorities, this location being the best for access to the Harlem river.

Pier, West 135th Street, North River—The pier at West 135th street is selected instead of the pier at West 136th street, which was requesed by the Canal Board.

The pier at West 135th street will be located south of the proposed railroad yard, and the terminal at this point will supply the Manhattanville and upper Harlem districts with food supplies coming over the Barge Canal.

Pier, West 78th Street, North River (Eliminated)—A terminal was requested at this pier by the Canal Board on account of it being impossible to locate a terminal at 78th street, the question of placing the pier already built at the foot of West 80th street at the disposal of the Canal Board as a terminal was first submitted by the Commissioner of Docks.

A further consideration of the subject has convinced the Department that the location of a terminal at this point is not necessary, because the district inshore from the terminal at this location is a purely residential one requiring little in the way of a barge canal terminal.

It has been therefore eliminated from consideration as a barge canal terminal.

Pier, West 53rd Street—Pursuant to Section 854-a of the Charter, the district between West 52nd and West 54th street, was set aside as a canal boat terminal. This locality creates a large basin leaving the area at the foot of West 53rd street without any pier. It is possible to build a pier at the foot of West 53d street 700 feet long and 60 feet wide, and this Department sees no reason why this site should not be continued as a barge canal terminal.

Pier, Gansevoort Street, North River (Eliminated)—The original request of the Canal Board for a Barge canal terminal at the foot of Gansevoort street has been rejected by this Department on account of the already congested condition of the neighborhood of Gansevoort Market. All the other piers in this vicinity except the three small piers at this place are leased to important transportation companies, so that the terminal cannot be placed in this immediate vicinity.

These piers are used for open wharfage and purely market purposes.

The location is therefore eliminated.

Pier 29, Vestry Street, North River (Eliminated)—A location for a barge canal terminal at this point has been eliminated by this Department because all the piers in this vicinity are under long lease to railroad and steamship companies, and additional facilities for the use of these companies is already badly needed. Therefore, it is considered ill advised to establish an additional barge canal terminal in this congested district, and it is therefore abandoned.

Piers 5 and 6 East River—Section 854 of the Charter, Chap. 342 of the Laws of 1906—A barge canal terminal has been established between Pier New 4 and Pier New 7. This gives an area for occupation as a barge canal terminal of practically piers 5 and 6, East river.

The site has been agreed to by this Department as a continuation for the use of these piers for barge canal terminal purposes.

Pier Foot of Grand Street, East River—The request for a terminal in the neighborhood of Grand street, has been agreed to by this department. The City owns only the property at the foot of Grand street, for which it has no immediate use without the acquisition of private property adjacent to same.

The building of a barge canal terminal by the State at the foot of Grand street will necessitate the acquirement of additional private property, and this Department has agreed to the use of the City's property at the foot of Grand street itself, because the site is an admirable one for the distribution of food supplies over the East Side tenement district.

Between 64th and 81st Streets, East River (Eliminated)—The request for a terminal between East 64th street and East 81st street was rejected by this Department because along this stretch the only available wharfage exists along an open river wall, with the possibility of building no piers whatever.

This wall front is badly needed now for ordinary City wharfage purposes and the site was rejected by the City with the suggestion that the State acquire a site on the Queens shore, opposite the easterly side of Blackwell's Island.

Pier foot East 136th Street, Port Morris—The request for a pier at the foot of 136th Street, Port Morris, by the Canal Board, has been acceded to by this Department because this will be one of the principal distributing points available with waterfront connection to the Borough of The Bronx.

Sherman's Creek (a very small part of this site is private property)—The request by the Canal Board for a site at Sherman's Creek has been agreed to by this Department, with the suggestion, however, that the crib bulkhead already built by the City be eliminated from this site on account of its being badly needed for wharfage purposes at the present time.

The suggestion of this Department has been that the State acquire some additional private property, which together with the large amount of City property existing on the southerly side of Sherman's Creek, adjoining the Harlem River Speedway, should be developed for a canal terminal, which would supply the upper district of Manhattan Island, and also a largely populated section of the Bronx across the Harlem River, with access over the bridge at 207th Street.

Property adjoining Queensboro Bridge, Borough of Queens (Private property)—The private property north of the City owned property under the Queensboro Bridge, seems to be a good place to develop a barge canal terminal because access may be had from this point on the river to a rapidly growing district inshore, and this district is also about half way between Newtown Creek, another proposed terminal, and Astoria.

Hallet's Cove, Borough of Queens (Private property)—This location is an advantageous one and is agreed to by this Department because in Hallet's Cove opportunities exist for developing wharfage room, and it will also serve the Astoria district. It involves the acquirement of property privately owned.

Mouth of Newtown Creek (Private property)—The location of a site near the mouth of Newtown Creek on the East River, between Dupont and Eagle Streets, is an admirable one from the City's point of view, because it is not only located at the mouth of the important Newtown Creek, with its business, but also will be accessible to any part of Greenpoint and the location selected will admit of improvement by building several piers. This involves the acquirement of private property only.

Terminal at Mott Haven, Harlem River, Bronx (Private property)—The site selected for consideration by the Canal Board involving the acquirement of property lying between the Third Avenue Bridge and Mott Haven Canal on the Bronx side of the Harlem River.

This location is an advantageous one for supplying this part of the City. It will require the acquirement of private property only.

Mouth of Flushing River (Private Property)—A point has been selected as a Barge Canal terminal near the mouth of Flushing River, at the head of Flushing Bay, Borough of Queens. The site is acceptable to this Department, it is admirably located and will supply the growing communities at the head of Flushing Bay, including Flushing itself.

Chapter 746, Laws 1911, provides that the lands belonging to the City to be taken shall be by agreement between the City of New York, through the Board of Estimate and Apportionment, and the State, acting through the Canal Board, and when once acquired by the State, "shall remain under its management and control forever."

I have delivered to the Comptroller (Chairman of the Committee on Port and Terminal Facilities) maps showing the City-owned properties, and in due course that Committee will report as to the value of the properties involved, and upon such other matters as it may be deemed desirable to place before your Board.

In making this report I have in mind only the suitability of the sites on City-owned property, and considered only from the point of view of the City's interest. These sites were the subject of consideration and personal inspection in the early part of this year and on various other occasions since.

As to privately owned properties, I am officially advised by the Secretary to the Canal Board that at the request of civic boards and borough authorities, the Canal Board approved the sites named above. The Chief Engineer of this Department reports that the sites are suitable for the localities named, and after due consideration I have reached the same conclusion.

Very respectfully,
R. A. C. SMITH, Commissioner of Docks.

Department of Docks and Ferries, City of New York, December 24, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

Dear Sir—Referring to my report of the 22nd instant covering sites for the State Barge Canal terminals, I wish to make a correction as to the location of the terminal in the Mott Haven district of the Harlem River in the Borough of The Bronx. The site selected by the State Canal Board contemplates the acquisition of private property lying between Madison Avenue Bridge and the Fourth Avenue Bridge occupied by the New York Central and Hudson River Railroad Company.

I have just completed a personal inspection of this site and also of the sites on private property at Halletts Cove and the private property lying directly to the north of the Queensboro Bridge in the Borough of Queens. This examination was made independently of the examination made by the Chief Engineer of the Department, whose report I herewith annex. I see no reason for changing the opinion expressed in my report of the 22nd covering the sites selected by the Canal Board calling for the acquisition of private property.

The following recapitulation of the sites selected by the Canal Board contains all those which are acceptable to this Department:

City Owned Sites.

Manhattan—North River, West 135th street; North River, Canal Basin, West 53rd street; East River, Canal Basin, Piers new 5 and new 7.

Bronx—East River, Port Morris (East 136th street).

Sites Partly City Owned and Partly Privately Owned.

Manhattan—Shermans Creek, mostly City owned; port of call, a very small parcel at the north end is privately owned and the Canal Board has vested title; East River, Grand street, City property adjoining private property.

Sites Privately Owned.

Queens—Property adjoining Queensboro Bridge; property at Halletts Cove; property at the mouth of Flushing River.

Brooklyn and Queens—Property at the mouth of Newtown Creek.

Bronx—Harlem River, between Madison Avenue and New York Central Bridges.

Respectfully yours, R. A. C. SMITH, Commissioner of Docks.

Department of Docks and Ferries, Pier A, North River, December 24, 1914.

R. A. C. SMITH, *Commissioner of Docks:*

Sir—In compliance with your instructions, I have made a personal inspection, together with Hon. Maurice E. Connolly, President of the Borough of Queens, of the three sites in the Borough of Queens which have been selected by the Canal Board for barge canal terminals. The sites visited were:

First—Adjacent to and northerly of Queensboro Bridge.

Second—Foot of Broadway, Halletts Cove, Astoria.

Third—Head of Flushing Bay.

The following conclusions are submitted with regard to these various sites:

North of Queensboro Bridge.

The property selected at this site includes a strip of water-front 150 feet in width inshore from the established bulkhead and pier head line, and extending 681 feet in length northerly from the north side of the City's property under the Queensboro Bridge.

This location for a barge canal terminal is well adapted to the present and future needs in the growth of Long Island City. It has direct and easy access to the marginal water-front street, namely, Vernon Avenue; is only about 2,000 feet from the entrance to the Queensboro Bridge itself, and topographically is admirably situated for any development along the water-front.

Between Newtown Creek and Astoria this whole stretch of water-front is only adaptable for front wharfage development, the pier and bulkhead lines being coincident, therefore, this site, as far as dock development is concerned, is as good as any other site along the shore front of Long Island City.

Foot of Broadway, Halletts Cove, Astoria.

Between Long Island City, in the neighborhood of the Queensboro Bridge and Flushing, it is my understanding that some intermediate point is necessary for the development of a barge canal terminal, and Astoria being between these two points and a growing and important section, has always been selected for a terminal at some part of its area. I have been informed of several sites having been under discussion in Halletts Cove for this purpose, and the area selected adjacent to Broadway is, in my opinion, a good one for a barge canal terminal.

This area extends from the northerly side of Broadway a distance of about 400 feet northerly to a point between Camelia Street and Jamaica Avenue, practically from the Boulevard outshore to the bulkhead and pierhead line. The pierhead and bulkhead line is coincident at this place, but this would not prevent the State from excavating a basin in this large area, if it so sees fit, whereby an extensive terminal could be laid out inside this area. The site is well adapted geographically for a terminal, having direct connection with Southern Boulevard and Vernon Avenue, together with Broadway, which is the main artery of travel and connection between Astoria, Flushing and Long Island City.

The site at present is unencumbered with any permanent improvements, the value practically lying in the land itself, and the location in my opinion is a good one for the purposes intended.

Head of Flushing Bay.

The site selected is located on a partly filled in and partly marsh area near the head of Flushing Bay, just north of Jackson Avenue. This point near Flushing as a growing centre will supply not only the Flushing district but the growing Newtown district as well, and also affords a direct communication with Jamaica and other inland points.

Notwithstanding the fact that navigation in Flushing Creek extends considerably further inland, the terminal located as proposed will not be subject to the inconvenience of drawbridge navigation, as it would be if located further up the river. The property is practically unimproved, may be easily adapted to wharfage purposes, and direct communication may be made without any trouble with Jackson Avenue nearby, which is the main thoroughfare in this section.

In my opinion this site can be developed at little expense, and to great advantage, so that the demands of Flushing and its immediate neighborhood may be supplied.

Very respectfully, CHAS. W. STANIFORD, Chief Engineer.

Committee on Port and Terminal Facilities, January 5, 1915.

Report recommending that the Comptroller be authoried to confer with the State Canal Board upon the location of Barge Canal Terminals, etc.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman of The Board of Estimate and Apportionment,* City Hall, New York, N. Y.:

Sir—At the meeting of the Board of Estimate and Apportionment held on October 2, 1914, there was referred to this Committee, Calendar No. 76, communication from the Secretary of The Canal Board, requesting that the Board authorize one of its representatives to confer with the Canal Board for the purpose of arranging for an agreement as provided by law, for the taking on the part of the State such portion of the City's property which will become a part of the Barge Canal Terminals.

At a meeting of this Committee held on January 5, 1915, it was unanimously decided to report back upon this communication, recommending that Hon. William A. Prendergast, Comptroller, be designated the member of the Board of Estimate and Apportionment authorized to confer with the Canal Board for the purpose above mentioned. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller; MARCUS M. MARKS, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; R. A. C. SMITH, Commissioner of Docks.

The following resolution was offered:

Resolved, That Hon. William A. Prendergast, Comptroller, be and hereby is designated to represent the Board of Estimate and Apportionment in conference with the Canal Board of The State of New York relative to the selection of sites, wholly or partly owned by the city, for Barge Canal Terminals in The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Committee on The City Plan.

Department of Parks, Borough of The Bronx—Additional Land In Bronx Park for the New York Botanical Garden (Cal. No. 4).

The Secretary presented a report of the Committee on City Plan on the request of the Board of Managers of the New York Botanical Garden for the appropriation of additional land in Bronx Park for extension and development of the work and objects of the New York Botanical Garden, in pursuance of chapter 473, Laws of 1914.

The Committee states that they believe that the request for additional space is reasonable and is consistent with the requirements of the Department of Parks for buildings and nursery ground and subject to certain conditions as to present and future requirements for recreational purposes, and therefore recommends that the land situated between the land of Bronx Park heretofore appropriated for the use of the Botanical Garden and the northern side of Pelham avenue, excepting parcels "A," "B" and "C," as shown on the map submitted by the Commissioner of Parks, Borough of The Bronx, to be reserved for the use of the Department of Parks, be set apart and appropriated for the extension and development of the works and objects of the New York Botanical Garden upon the conditions set forth in the report.

(On November 13, 1914 (Cal. No. 80), the above communication was presented to the Board and referred to the Committee on City Plan.)

Which was laid over one week (January 22, 1915)..

Committee on Assessments.

Montague Street, from Furman Street to the Bulkhead Line, Borough of Brooklyn—Relief from Assessment in the Matter of Acquiring Title (Cal. No. 5).

(On June 5, 1914 (Cal. No. 87), the communications from the Brooklyn Heights Association and the Title Guarantee and Trust Company and others protesting against any assessment being levied on property owners in this matter were presented and referred to the Committee on Assessments.)

The Secretary presented the following report of the Committee on Assessments which was ordered filed:

December 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—At a meeting of the Board of Estimate and Apportionment held on June 5, 1914, the Secretary presented a communication from the Brooklyn Heights Association, dated May 28, 1914; also a communication signed by the Title Guarantee and Trust Company and others, dated June 5, 1914, protesting against the assessing of private property on Brooklyn Heights for the cost of acquiring the land necessary for the opening of Montague street from Furman street to the bulkhead line, and urging the Board to lay the cost of the improvement on the city at large; both of which communications were referred to your Committee on Assessments.

Your Committee begs leave to report that since the date of reference to it of the above matter the questions involved therein have been passed upon by the Supreme Court, and therefore recommend that the letters above set forth be placed on file.

DOUGLAS MATHEWSON, President, Borough of The Bronx, Chairman; ALEX. BROUGH, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor.

Committee on Corporate Stock Budget.

President, Borough of Manhattan—Amendment of Issue of Corporate Stock (Cal. No. 6).

The Secretary presented a report of the Committee on Corporate Stock Budget in the matter of the request of the President of the Borough of Manhattan, for the amendment of corporate stock authorization for a public bath building in West 28th street, Manhattan, to provide for the purchase of gymnasium equipment, laundry equipment and furniture out of the balance available.

It is recommended, at this time, that the original authorization be amended in so far as it relates to the purchase of gymnasium equipment and for necessary furniture, but that no action be taken to provide funds for laundry equipment until a further study and determination by the committee in relation to this item.

(On December 4, 1914 (Cal. No. 124), the request of the President of the Borough of Manhattan in this matter was referred to said Committee.)

Which was laid over one week (January 22, 1915).

Department of Bridges—Issue of Corporate Stock (Cal. No. 7).

The Secretary presented a report of the Committee on Corporate Stock Budget in the matter of the request of the Commissioner of Bridges for an issue of $75,000 corporate stock to provide funds for the payment of salaries and wages of the Engineering Construction force of his department.

It is recommended that corporate stock to the amount of $54,537.50 be authorized to provide partial allowances for payroll requirements for six months for Schedules No. 2746 T. C.—$5,687.50 and No. 2747 C.—$14,775, and for allowances in full for Schedules No. 2752 C.—$27,900 and No. 2761 C.—$6,175.

(On January 8, 1915 (Cal. No. 152), the request in this matter was referred to said Committee.)

Which was laid over until January 22, 1915, under Rule 19.

President, Borough of The Bronx—Issue of Corporate Stock (Cal. No. 8).

The Secretary presented a report of the Committee on Corporate Stock Budget recommending an issue of Corporate Stock in the sum of seven thousand dollars ($7,000), for the purpose of making alterations to the Rapid Transit Station at East 174th street and Southern boulevard, Borough of The Bronx, under the jurisdiction of the President of the Borough of The Bronx.

(On November 25, 1914 (Cal. No. 79), the request of the President of the Borough of The Bronx for an appropriation of $10,000 for the purpose herein was referred to said Committee.)

Which was laid over until January 22, 1915, under Rule 19.

Mayor's Committee on Unemployment—Consideration of Public Improvements to Provide Work for Unemployed (Cal. No. 9).

(On January 8, 1914 (Cal. No. 78), a communication from the Chairman of the Citizens' Union of the City of New York in this matter was referred to the Committee on Corporate Stock Budget.)

The Secretary presented a communication, dated January 14, 1915, from Richard O. Chittick, Executive Secretary, Real Estate Board of New York, transmitting copy of resolution adopted by the Board of Governors of the Real Estate Board on January 12, 1915, deploring any attempt on the part of the City authorities in further increasing the tax rate and in discouraging legitimate real estate activities by furnishing municipal employment to the unemployed; a communication dated January 14, 1915, from the People's Institute, petitioning the Board to proceed with public improvements or other public work to relieve the unemployed; and a communication dated January 15, 1915, from the Brooklyn Society for Ethical Culture transmitting resolution adopted by said Society requesting the Board to relieve the situation of unemployment in the City.

The Secretary also presented the following report of the Committee on Corporate Stock Budget on the communication from the Mayor's Committee on Unemployment, relating to public works:

The City of New York, Department of Finance, Comptroller's Office, January 12, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—At the meeting of your Board on Friday, January 8, 1915, there was referred to this Committee a communication which had been received from Mr. E. H. Gary, Chairman of the Mayor's Committee on Unemployment, accompanied by statements which contained estimates of work which it was said could be immediately undertaken by the City, based upon existing authorizations of corporate stock and public improvements. It is stated in the communication that the City Chamberlain had advised the Unemployment Committeee that there are in contemplation by the departments improvements of various kinds which may be begun in the winter months, aggregating approximately $5,000,000. This statement has created the impression that this amount of work could now be undertaken by the City, but for reasons of economy or indisposition to incur expenditure at this time is being deferred. Your Committee desires to state that outside of a short period of about one month, immediately after the beginning of the European war, there has been no disposition to delay the prosecution of any new public work.

We have, therefore, addressed ourselves to a very minute investigation of this list of work which it is said could be done in the winter months and which represents a total of $5,489,000, in order to determine if all or any part should or could be done at once. It appears that this list was prepared by the Commissioner of Accounts' office at the request of the City Chamberlain. Had the Corporate Stock Budget Committee, as the regularly constituted representative of the Board of Estimate and Apportionment in such matters been requested to prepare a list of the work that could be done during the winter months, or requested to review any such list prepared by others, the list under consideration would not have been submitted to your Board through the Unemployment Committee and much popular misapprehension regarding the City's attitude toward work for the unemployed would have been avoided.

We will now report in their order upon the different statements submitted by the Unemployment Committee.

Statement "A" consists of work which it was represented could be done in the winter months, and as before stated, amounts to $5,489,000. Your Committee has reviewed each item of this statement, and where information was not already on file, has called upon the different departments for their latest advices regarding each particular piece of work. After doing so we desire to report that as far as this list is concerned it represents work which in part can be done in the winter months, but is of such a character or is controlled by conditions which do not permit of even a small part of it being immediately undertaken. The analysis prepared by your committee, showing the periods at which this work can be commenced, is as follows:

Work which has been started	$16,885 00
Started by February 1st	2,730 00
Started by February 15th	42,500 00
Started by March 1st	1,264,950 00
Started by April 1st	200,615 00
Started by May 1st	2,313,000 00
Started by June 1st	99,000 00
Started by July 1st	450,000 00
Started by September 1st	696,000 00
Indefinite but not before December 1st	354,870 00

In determining the dates when the foregoing work can be started your Committee has assumed that what would be regarded as extra expedition will be exercised by the departments in reducing these authorizations to the form of contracts, and that there will be no unforeseen delays in advancing the commencement of the work, but we also deem it best to advise your Board that our estimates as to the time when the work will be started may be too optimistic. It will be evident, however, that upon this showing the work particularly mentioned in the statement submitted by the Committee on Unemployment represents work amounting to only $60,000 which can be started before March 1st. Your Committee is of the opinion that it would be well for all departments of the City government to co-operate earnestly and heartily in the spirit of the communication sent by His Honor, the Mayor, on the 9th instant, to those departments under his jurisdiction, in which he urged that immediate action should be taken upon all work that could be safely started.

We will now consider statement "B," which is described in the Commissioner of Accounts' report as "work just not yet (sic) in the contract state but in the process of award."

We find that of the total of this list of $611,000 contracts covering items amounting to $308,000 have already been let, most of them during the latter part of December. One item of $23,000 is of doubtful character, by which we mean that in all probability the work proposed to be done should not be undertaken at all. Another item of $140,000 does not represent any existing authorization. Another item of $11,572 is an authorization which cannot be put into work form until March 1st, 1915. Two items representing $71,650 represent contracts which had already been advertised to be opened on January 14th. Another set of items aggregating $38,800 represents sewer work, the contracts for which can be awarded immediately.

We will now consider statement "C," which is described in the Commissioner of Accounts' report as "work for which contracts have been awarded. Commencement of work apparently only awaits some minor details and the word to go ahead." The facts regarding these lists are as follows: A number of small items of local improvements aggregating $40,000 represent work which the contractor could be ordered to do at once, but as in the case of other works hereinbefore mentioned, climatic conditions would probably require, in the interest of the City, the suspension of such work from time to time. One item of $2,487 is for work which cannot be undertaken before March 1, 1915. Items amounting to $12,000 are for work which cannot be undertaken before May 1, 1915. Items aggregating $301,000, including the Richmond County Court House, represent work the largest part of which has already been undertaken as far as weather conditions will permit, and the balance of which in the ordinary course of business will be in work from day to day,

Your Committee is having prepared and will submit as a part of this report a detailed statement showing the character of each item mentioned in the statement submitted by the Mayor's Committee on Unemployment.

We respectfully submit this report to your Board, with the suggestion that a copy be forwarded to the Mayor's Committee on Unemployment. Respectfully,

WM. A. PRENDERGAST, GEORGE McANENY, LEWIS H. POUNDS, DOUGLAS MATHEWSON, Corporate Stock Budget Committee.

Hon. Robert Adamson, Fire Commissioner; Hon. R. A. C. Smith, Commissioner of Docks; Hon. Cabot Ward, Commissioner of Parks, Manhattan and Richmond; Hon. William Williams, Commissioner of Water Supply, Gas and Electricity; Hon. Henry Bruere, City Chamberlain; Mr. Stewart Browne, Dr. J. H. Holmes and Darwin J. Meserole appeared and addressed the Board with reference to advancing public improvements.

The matter was referred back to the Committee on Corporate Stock Budget with the request that it prepare for presentation to the Board at its meeting on January 22, 1915, a complete and authentic list of public works that might be undertaken at the present time, and the status of each. It was also suggested that the Committee confer on this matter with the City Chamberlain, or any one designated to represent the City departments.

This matter was considered with Cal. No. 64.

Committee on Tax Budget.

Magistrates' Court, Second Division—Modification of Schedules (Cal. No. 10).

The Secretary presented the following report of the Committee on Tax Budget:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 12, 1915.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Under date of December 15, 1914, the Board of Magistrates, Second Division, filed with the Comptroller a request addressed to the Board of Estimate and Apportionment for a modification of the schedule supporting the 1915 appropriations provided for the court named and entitled: "Personal Service, Code No. 2905, Salaries, Regular Employees."

The matter under consideration is in effect a request to the Board of Estimate and Apportionment to rescind the action taken by it in the preparation of the Budget for the year 1915. The purpose of the proposed modification is to obviate the necessity of dropping from the payrolls eleven women probation officers, the Budget for 1915 providing for less than are actually on the payrolls at the present time. Since the Budget was adopted, four vacancies have occurred among these employees, one by marriage, one by death and two temporary appointees failed to qualify in the Civil Service examination.

The question, therefore, is whether 7 women probation officers should be dropped from the payroll and 5 men probation officers appointed.

Why does the city need 18 women probation officers to look after 663 women placed on probation during the year in Brooklyn if 6 women probation officers are sufficient in Manhattan to look after 525 women put on probation during the year in that borough?

If the First Division (Manhattan and The Bronx) needs 15 male probation officers to look after 1,187 men placed on probation in that Division during the year 1913, how can the work be adequately done in the Second Division with only 10 male probation officers to look after 3,018 men?

Upon investigation it develops that the practice in the two Divisions is radically and essentially different.

In the Second Division they are still following the practice which was abandoned about two years ago in the First Division after a thorough investigation of the system by the Commissioners of Accounts.

Under the old system in Manhattan—the one that is still followed in Brooklyn—the probation officers, both men and women, were stationed at the courts and sat around while the court was in session waiting for cases to turn up. The result under this method is that the time that is left for real probation work is very little. More than half, if not two-thirds, of all the time of the probation officers is thus consumed in court, and it is practically impossible for proper probation work to be done under these circumstances.

In Manhattan under the system adopted two years ago the probation officers do not stay in the courts, but report to a central office, where, under the direction of a Chief Probation Officer, they make the preliminary investigations necessary before a case is put on probation and also visit the homes, home environment, employers and associates of the probationer.

Either the Manhattan system is right or the Brooklyn system is right. The Brooklyn system has already been tried in Manhattan and abandoned. When the change was first proposed in the First Division practically all of the Magistrates opposed it, as many of the Magistrates are now doing in Brooklyn.

Inquiry among Magistrates of the First Division to-day develops a practically unanimous approval of the present Manhattan system as contrasted with the old or Brooklyn system. Out of 19 Magistrates in the First Division, 16 expressed themselves as heartily approving of the present centralized system.

It is generally admitted that no system of probation worthy of the name can be had without preliminary investigations of the offenders before they are placed on probation or without frequent home visitation and active personal work on the part of the probation officer with the offender placed in his charge.

Another explanation of the discrepancy between the number of male and female probation officers found in the Second Division as compared with the First Division it develops is to be found in the fact that at the present time it is the practice in the Second Division in a vast number of cases to put men offenders on probation to women probation officers.

This is a practice universally condemned by all probation experts throughout the country, and rightly so.

During the year 1914 in the Second Division 1,252 men, or 42 per cent. of all the new cases during the year, were placed on probation to women probation officers. Of these 971 were in the Domestic Relations Court.

The Acting Chief Magistrate of the Second Division, Edward J. Dooley, who has presided at the Domestic Relations Court since its inception, under date of January 6, 1915, expresses himself as follows with reference to the impropriety of this practice:

"As to the propriety and desirability of the practice of putting offenders in the care and custody of women probation officers, with special reference to the work of the Domestic Relations Court, I beg leave to say that I am not now and never have been in favor of this proposition. I believe absolutely in the principle of putting men probationers in the care of men probation officers.

"There are but ten male probation officers assigned to the magistrates of the Second Division. It is impossible for the said ten male probation officers to take upon themselves the men probation work of the thirteen magistrates' courts of the Second Division (some three thousand male probationers) and also encumber them with the 850 cases that were annually put on probation in the Domestic Relations Court. It therefore became a matter of necessity, if any probation work was to be done at all in respect to said cases in the Domestic Relations Court of this Borough, that it would have to be assigned to female probation officers.

"While the women probation officers have done all that they could in respect to their charges in this court, as I have heretofore said, I always have felt and do feel now that if male probation officers had charge of said male probationers more efficient work could have been had in respect thereto.

"In an analysis of the reasons which caused men to be arraigned in this, the Domestic Relations Court of the Borough of Brooklyn, for non-support during the year 1913, the Chief Probation Officer of the Magistrates' Courts of the Second Division of the City of New York states as follows:

Drink	390 or 45.8	per cent.
Other women	117 or 13.7	per cent.
Laziness	79 or 9.2	per cent.
Jealousy	76 or 8.9	per cent.
Incompatibility	75 or 8.8	per cent.
Gambling	33 or 3.8	per cent.
Out of work	30 or 3.5	per cent.
Lazy and untidy wives	20 or 2.3	per cent
Mother-in-law interference	12 or 1.4	per cent.
Other men (accusations of husbands)	10 or 1.2	per cent.
Cruel treatment	8 or .9	per cent.

"It will be perceived by the above that 64.5 per cent. of the cases brought before this court was caused by reason of the intemperance, immorality and gambling of the husband, and accusations of the husband against the wife with respect to other men.

"Certainly men probation officers worthy of the name should have more influence and be able to speak more frankly and command more attention in reference to these particular subjects with men delinquents than women probation officers could have had, and they could do more persuasive work towards the reformation of said men delinquents in respect thereto than said women probation officers."

Such probation experts as Bernard Flexner and Roger N. Baldwin, in their recently published book "Juvenile Courts and Probation," which is recognized all over the country as the standard text book on the subject, speak as follows on the impropriety of even putting young boys on probation to women probation officers (page 114):

"It is inconceivable that effective probation can be done * * * under a system where mature boys, with all the problems of young manhood, are under the supervision of women officers."

It was to do away with this practice of putting the male offenders on probation to women that the change in the Budget was made. The five new male probation officers were to be assigned to the Domestic Relations Court to do the work with male offenders which has heretofore been done by women officers. This change in the Budget was made to carry out recommendations made by Acting Chief Justice Dooley, the head of that court.

The other large question involved in this issue is the necessity of finding out the facts and placing the facts at the disposal of the magistrate before the magistrate decides whether the case is a proper one for probation or not.

Under the present system in the Second Division, where the probation officers are stationed in the court, this method is impossible, and the determination of the magistrate to place a case on probation rests entirely upon the statements made by the convicted offender and the personal sizing up of the offender by the probation officer in a few moments' conversation at the court. That this method is not satisfactory would hardly seem to require argument.

After the new system was put into operation in the First Division, by which investigation was had before the magistrate acted, instead of after, the number of cases put on probation decreased 50 per cent.

In other words, the preliminary investigation developed facts not before known to the magistrate which showed that the particular offender was not a person who could benefit by this privilege.

The results obtained from probation in the Second Division under the system which the First Division abandoned two years ago, as compared with results obtained in Manhattan under the new system, are equally illuminating.

In the District Courts in Manhattan only 17 per cent. of those put on probation proved to be failures, that is, were classed as absconders or revocation of probation was asked for.

In the Second Division in similar cases 31 per cent. proved failures.

The question involved in this application is far more vital to the welfare of the city than the mere question of whether seven women shall be separated from the pay roll or shall remain. It goes to the very heart of the adequacy or inadequacy of the present system of probation as practiced in the Magistrates' Courts, Second Division.

It is essential to good probation work that there should be intimate, frequent, personal relations between the probation officer and the person put on probation. On this subject Flexner says (pages 103, 104) of probation with children—and what he says is equally applicable to adults:

"It is, of course, the duty of the probation officer in every case to get into intimate contact with the child, its family, and every factor which goes to make up its life. No probation officer can be counted successful who loses track of cases or fails to visit or see children at reasonably frequent intervals. Superficial probation work, which comes with too great burdens, is only too common in our juvenile courts. * * * The probation officer has not only the duty of keeping in touch with each case, but of keeping in touch with it constructively—that is, of thinking out and planning for every child a course of treatment intended to bring it into thoroughly good habits and favorable conditions of life."

Again (page 125):

The work of supervising a child on probation consists of two rather distinct functions. First, the child's reports in person to the probation officer, usually at the court or probation office; and, second, the probation officer's visits to the child's home, his school, his employer and his neighborhood, to study the factors of his daily life. These visits are much the more important of the two functions, for through them the officer learns the significant facts from which spring the remedies he seeks to apply to the particular problem of delinquency."

What, in view of these well recognized principles accepted throughout the country, are we to think of a system of probation in which no visits to the home or home environment of the probationer were ever made by the probation officers?

The records of the Magistrates' Courts, Second Division, show that out of 90 cases placed on probation in 1914—these cases taken at random as typical of the work of the court and of the probation officers—in 75 per cent. of the cases no visits to the home or home environment were made by the probation officers.

In 89 per cent. of the cases not more than one visit was made, though the average period of probation is from six months to a year.

In over 95 per cent. of these cases there were no visits whatever made elsewhere than to the home; that is, to employers, to priest or clergyman, to charitable society, or to any of the factors and forces at work in the probationer's life.

Women Matrons Desired.

It has become evident to us from the discussion of this question that there is a rather widespread sentiment in the Borough of Brooklyn for the appointment of a woman to be stationed at each court, who will perform the services of a matron or court attendant and who will not only look after the women offenders who are arraigned, but all women who come to the court for any purpose whatever.

The Board should realize that the Budget as it now stands contemplates keeping a woman probation officer at the Domestic Relations Court in Brooklyn to meet the women who come to that court, and similarly to keep a woman probation officer regularly assigned at the Adams Street or Women's Court in Brooklyn.

No change in the former practice is recommended in this respect. The same system is followed in Manhattan, a woman probation officer being regularly stationed both at the Women's Night Court and the Domestic Relations Court.

Whether the city needs to have a woman attendant or matron attached to each one of the district courts in Brooklyn, in view of the Manhattan experience, is a doubtful question and one which requires further study and investigation.

To sum up, our conclusions are:

(1) That the Board should make no change in the Budget for the Magistrates' Courts, Second Division, in so far as it relates to the number or salaries of men and women probation officers; that the action taken by the Board should stand.

(2) That it is essential that a radical change be made in the present probation system in the Second Division and that it be placed upon the same efficient plane as in the First Division, namely, a centralized system as against having the probation officers stationed at the district courts (always excepting the Night Court for Women and the Domestic Relations Court).

(3) That the practice of putting men offenders on probation to women probation officers be absolutely abandoned.

(4) That women matrons or court attendants be stationed at the district courts of the Borough of Brooklyn in all cases where their presence shall be determined to be necessary and that the Committee on Social Welfare and the Tax Budget Committee be requested to make an immediate investigation and report upon this subject.

(5) That if it should be decided to appoint women matrons arrangements be made with the Civil Service Commission to give preference to the women probation officers whose positions have been abolished. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Committee on Tax Budget.

Ellen D. Kelly, Hon. Edward J. Dooley, Acting Chief Magistrate of the 2d District; Rev. William S. Chase, representing the Social Service Committee of the Diocese of Long Island, and Mrs. Frank H. Cothern, representing the Women's Alliance of Brooklyn, appeared in opposition to the recommendations in the report of the Committee on Tax Budget. Rosalie Loew and R. C. Talbot Perkins appeared in favor of the report. Hon. William McAdoo, Chief Magistrate, First Division, and Alice E. Smith, probation officer, Manhattan, appeared and explained probation work generally.

The Comptroller moved that the report be approved.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx—14.

Negative—The Presidents of the Boroughs of Queens and Richmond—2.

Committee on Salaries and Grades.

Board of Estimate and Apportionment; Bureau of Records and Minutes—Modification of Schedule (Cal. No. 11).

The Secretary presented a communication dated December 31, 1914, requesting the modification of schedule for his office for 1915, and the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, January 8, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On December 31, 1914, the Secretary of the Board requested modification of the 1915 salary schedule for his office. The Bureau of Standards reports thereon as follows:

"In Salaries, Regular Employees, No. 20, Bureau of Records and Minutes, it is requested that a vacant position of Clerk, at $300, be dropped and the line Stenographer and Typewriter, 2 at $1,050, be changed to 2 at $1,200. This change is requested in order to bring the schedule in conformity with actual payroll conditions. On November 13, 1914, the Board allowed increases of $150 each to the two Stenographers and Typewriters in question. The 1915 budget, which was then in tentative shape, and which was made up on existing conditions for the Bureaus of the Board, accordingly contains the line for the two Stenographers and Typewriters at the former figure of $1,050, instead of $1,200, as subsequently allowed."

In view of the foregoing statement, we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Board of Estimate and Apportionment for the year 1915, to be effective as of January 1, 1915, as follows:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of The Bronx—Transfer of Appropriation and Modification of Schedule (Cal. No. 12).

The Secretary presented a communication, dated January 2, 1915, from the President of the Borough of The Bronx, requesting modification of schedules involving a transfer within the appropriation for said office for 1915; and the following report of the Committee on Salaries and Grades recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, January 7, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On January 2, 1915, the President of the Borough of The Bronx requested modification of two 1915 salary schedules in his office. The Bureau of Standards reports thereon as follows:

"In Personal Service, Salaries, Regular Employees, Administration, No. 450, Executive, the line 'Stenographer and Typewriter at $1,350' is changed to 'Stenographer and Typewriter at $1,200.'

"In Personal Service, Salaries, Regular Employees, Care of Sewers and Highways, No. 453, Executive, the line 'Superintendent of Sewers and Highways, $4,000,' is changed to 'Superintendent of Highways, $4,000,' to conform to the present civil service classification. The line 'Stenographer and Typewriter at $1,200' is changed to $1,350.

"A position of Stenographer and Typewriter at $1,350 is transferred from Code No. 450 to 453, and a position of Stenographer and Typewriter at $1,200 is transferred from 453 to 450. This adjustment between the two stenographic positions is made to conform to the conditions as approved by the Budget Committee. Through an oversight they were not properly set up in the 1915 Budget schedules."

In view of the above report we recommend the adoption of the attached resolutions granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

President, Borough of Queens—Modification of Schedule (Cal. No. 13).

The Secretary presented a communication, dated November 21, 1914, from the President of the Borough of Queens, requesting a modification of schedule for 1914; and the following report of the Committee on Salaries and Grades, recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, January 2, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On November 21, 1914, the President of the Borough of Queens requested modification of a 1914 wage schedule in his office. The Bureau of Standards reports thereon as follows:

"In Personal Service, Wages, Temporary Employees, Care of Sewers and Sewage, No. 675, Cleaning and Repairing, lines are proposed as follows: 'Laborer at $3.50 per day, 560 days,' is increased by 8 days; 'Laborer at $2.50 per day, 19,241 days,' is reduced by 11 days, and Balance Unassigned is reduced from $2.10 to $1.60.

"The request is for the purpose of providing 8 days' additional time for a laborer who is experienced in the operation of a large gasoline operated hoist. The work to be done is of an emergency character due to the blocking with sand of a main sewer in Hoffman Boulevard, Borough of Queens."

In view of above report we recommend the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the office of the President of the Borough of Queens, for the year 1914, to be effective as of December 1, 1914, as follows:

Personal Service, Wages, Temporary Employees, Care of Sewers and Sewage.

675	Cleaning and Repairing—	
	Foreman, at $4 per day (4,170 days)	$16,680 00
	Assistant Foreman, at $3.50 per day (1,112 days)	3,892 00
	Laborer, at $3.50 per day (568 days)	1,988 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

City Chamberlain—Modification of Schedule (Cal. No. 14).

The Secretary presented a communication dated January 5, 1915, from the City Chamberlain requesting modification of schedule for 1915; and the following report of the Committee on Salaries and Grades recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, January 9, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On January 5, 1915, the City Chamberlain requested modification of the 1915 salary schedule for his office. The Bureau of Standard reports thereon as follows:

"In No. 110, Salaries Regular Employees it is requested that the line Clerk, 1 at $750, be reduced to $540, and the $210 released thereby be carried as a balance unassigned. The present incumbent of this position, Herbert L. Flynn, was granted an increase from $540 to $750 in the 1915 budget. It is necessary, however, for him to qualify in a civil service promotion examination before he becomes eligible to the higher rate, and for this reason the change to the former rate is requested."

In view of the foregoing statement we recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

Department of Bridges—Modification of Schedule (Cal. No. 15).

The Secretary presented the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, January 2, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On December 23, 1914, your Board approved of a revised schedule for Wages, Temporary Employees, Care of Bridges, 2764, Tax Levy Force, Department of Bridges, for the year 1914. The schedule was revised twice on November 20, 1914. In revising the schedule adopted on December 23, 1914, the first schedule adopted on November 20, 1914, was considered instead of the second.

The attached resolution providing for the necessary changes in the schedule to reflect the conditions as approved on December 23, 1914, is submitted for your approval.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Department of Bridges, for the year 1914, as follows:

Department of Licenses—Modification of Schedule (Cal. No. 16).

The Secretary presented a communication dated December 21, 1914, from the Commissioner of Licenses, requesting modification of schedule for 1915; and the following report of the Committee on Salaries and Grades recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, January 6, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On December 21, 1914, the Commissioner of Licenses requested modification of a 1915 salary schedule for his office. The Bureau of Standards reports thereon, under date of January 5, 1915, as follows:

"The request is to change a line Clerk, at $480, to Telephone Operator, at $480. In the deliberations on the 1915 budget this position was disallowed and subsequently restored, but inadvertently under the title of Clerk, instead of Telephone Operator, as requested. The request involves only the correction of a clerical error."

In view of this statement we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Department of Parks, Borough of The Bronx—Establishment of Grade of Position of Transitman and Axeman (Cal. No. 17).

The Secretary presented a report of the Committee on Salaries and Grades in the matter of the request for the establishment of a schedule for the Department of Parks, Borough of The Bronx, in order to provide a Transitman at $1,650 for seven months and an Axeman at $780 for seven months, to be used in connection with the contract for filling in Van Cortlandt Park.

Which was withdrawn.

Department of Education—Compensation of Janitors in Public Schools (Cal. No. 18).

(On January 8, 1915 (Cal. No. 109), the resolution of the Board of Education in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication dated December 31, 1914, from the Secretary, Board of Education, transmitting certified copies of three resolutions adopted by said Board on December 30, 1914, as follows:

A.—Requesting the fixing of the compensation of the Janitor of Public School No. 14 (new), Borough of Queens.

B.—Requesting the fixing of the compensation of Janitors for the temporary care of various public school buildings.

C.—Requesting that the compensation of the Janitor of the Bay Ridge High School be increased on account of the need of engaging the services of a Licensed Fireman and Coal Passer; also that the compensation of the Janitor of Public School No. 51 be increased for the same reason, and that of the Janitor of Public School No. 28, Brooklyn, on account of the occupancy of the entire building; and the following report of the Committee on Salaries and Grades recommending approval thereof:

The City of New York, Department of Finance, Comptroller's Office, January 11, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On December 30, 1914, the Board of Education requested the establishment of temporary rates of compensation for Janitors of Public Schools 26, 79, 122, 135 and of the 68th street depository, Manhattan, and of Public School 14, Queens, the establishment of permanent rates for Public Schools 28 Brooklyn and 14 Queens, and increase in the temporary rates for the Bay Ridge High School and Public School 51, The Bronx. In connection therewith we report as follows:

Temporary rates, which are the regular rates less rent allowance, are proposed as follows:

Janitor, Public School 26, 124 West 30th Street, Manhattan, $1,968 per annum less $325.

Janitor, Public School 79, 38 First Street, Manhattan, $2,376 per annum, less $273.

Janitor, Public School 122, 9th Street and First Avenue, Manhattan, $2,328 per annum, less $325.

Janitor, Public School 135, First Avenue and 51st Street, Manhattan, $2,652 per annum, less $312.

For the Janitor of Public School 183, 66th and 67th Streets, east of 1st Avenue, Manhattan, a temporary rate of $35 per month is proposed to compensate him for the care of the Supply Depository at 418 East 68th Street, until the vacancy in the position of Janitor for this building is filled. The rate regularly paid the Janitor of the Supply Depository is $1,050 per annum.

For new Public School 14, Fairview and Hillside Avenues, Corona Heights, Queens, a temporary rate of $150 per month is requested, and also the regular rate of $2,964 per annum, based on measurement of the building, is proposed, to take effect when the building is occupied.

Public School 28, Herkimer Street, near Ralph Avenue, is now completely occupied by pupils, and as a result the annual rate of $2,700, based on measurement of the building, is requested to take the place of the temporary rate of $150 per month.

In the new Bay Ridge High School, 4th Avenue, 67th and Senator Streets, Brooklyn, and in new Public School 51, 158th Street, Jackson and Trinity Avenues, The Bronx, the construction work has been completed and it is expected that the buildings will be occupied on or before February 1st. It is necessary that they be heated to keep the furniture and varnish in proper condition. The Janitor has been ordered to employ a Fireman and Coal Passer in the Bay Ridge High School, and in 51, The Bronx, a Fireman. The Board of Education requests that the temporary rates for these buildings fixed heretofore at $150 each per month be increased to $265 per month for the Bay Ridge High School to provide $75 for a Fireman and $40 for a Coal Passer, and to $225 per month for 51, The Bronx, to provide $75 additional for a Fireman.

We recommend the adoption of the attached resolution granting the requests.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

The following was offered:

Whereas, By opinions of the Corporation Counsel as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Janitor, Public School 26, Manhattan, per annum less $325	$1,968 00
Janitor, Public School 79, Manhattan, per annum less $273	2,376 00
Janitor, Public School 122, Manhattan, per annum less $325	2,328 00
Janitor, Public School 135, Manhattan, per annum less $312	2,652 00
Janitor, Public School 183, Manhattan, for care of 68th Street Supply Depository, per month	55 00
Janitor, Public School 14, Queens, per month	150 00
Janitor, Public School 14, Queens, per annum	2,964 00
Janitor, Public School 28, Brooklyn, per annum	2,700 00
Janitor, Bay Ridge High School, Brooklyn, per month	265 00
Janitor, Public School 51, The Bronx, per month	225 00

President, Borough of Brooklyn—Retirement of Granville Ball, Watchman (Cal. No. 19).

(On August 27, 1914 (Cal. No. 130), the communication from the President of the Borough of Brooklyn in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication dated July 30, 1914, from the President of the Borough of Brooklyn requesting the retirement of Granville Ball, Watchman in the Bureau of Public Buildings, Borough of Brooklyn; and the following report of the Committee on Salaries and Grades recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 4, 1915.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—At a meeting of your Board held on August 27, 1914, there was submitted a communication from the President of the Borough of Brooklyn, dated July 30, 1914, recommending the retirement of Granville Ball, a Watchman in the Bureau of Public Buildings and Offices, office of the President of the Borough of Brooklyn. The President's communication was in part as follows:

"Granville Ball, 255 Bergen Street, Brooklyn. Watchman in the Bureau of Public Buildings and Offices."

Mr. Ball states that he is 78 years of age.

On October 22, 1914, Dr. J. H. Byrne, Medical Examiner of the Department of Finance, examined Mr. Ball, and states that he is permanently unfit for duty.

The Medical Examiner's detailed report is attached hereto.

Mr. Ball is a veteran of the Civil War. His certificate of discharge states that he enlisted on April 23, 1861, as a private in Co. B, 13th Regt., N. Y. S. Militia Vols., and was discharged on August 6, 1861.

Mr. Ball's original appointment and subsequent changes in rate of compensation were as follows:

July 5, 1894, appointed as a Watchman in the Bureau of Public Buildings and Offices, Borough of Brooklyn, at $720 per annum.

June 14, 1901, compensation changed to $2.50 per day.

May 1, 1902, compensation changed to $900 per annum, with title of Bath Attendant.

November 1, 1906, title changed to Watchman.

An examination of the payrolls and time sheets has been made sufficient to establish over twenty years of service, as follows:

In an affidavit dated October 22, 1914, Mr. Ball stated that he had never filed a claim nor brought suit against the City of New York for the payment of salary or wages or for any other claim. A search of the records in the Law Department discloses no evidence of any action brought by deponent. An examination of the Register of Claims in the Division of Law and Adjustment of the Department of Finance for the past six years shows that he has filed no claim during that period. For the period from December 1, 1911, to November 30, 1914, Mr. Ball's compensation, as provided for in the budget, was $900 per annum.

His actual compensation during the same period was:

December 1 to December 31, 1911, leave of absence, no pay	.....
*January 1 to December 31, 1912, 11 months, at $75 per month	$825 00

*January 1 to November 30, 1914, 7 14-31 months, at $75 per month	558 87
	$2,283 87

*Leave of absence without pay.

—an average of $761.29 per annum.

We recommend the adoption of the accompanying resolution retiring Granville Ball from active service and awarding and granting him an annuity of $450, being a sum equal to 50 per centum of his average rate of annual compensation for the last three years.

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

The following was offered:

Whereas, Granville Ball, employed as a Watchman in the Bureau of Public Buildings and Offices, office of the President of the Borough of Brooklyn, is an honorably

discharged soldier, who served as such in the Union Army during the War of the Rebellion, has been in the employ of The City of New York, or of one of the municipalities, counties or parts thereof which have been incorporated into The City of New York, for a period of twenty years and upward, and is physically incapacitated for the further performance of the duties of his position; therefore be it

Resolved, That the interest of the public service requires his retirement, and that the Board of Estimate and Apportionment, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by Chapter 669 of the Laws of 1911 and Chapter 479 of the Laws of 1912, hereby does retire from active service Granville Ball, employed as a Watchman in the Bureau of Public Buildings and Offices, office of the President of the Borough of Brooklyn, and hereby awards and grants to said Granville Ball an annual sum or annuity of Four hundred and fifty dollars ($450), being fifty per centum of his average annual rate of compensation for the three years immediately preceding the taking affect of this resolution; this resolution to take effect upon the first day of the month following its adoption, subject to the execution by the annuitant of a general release; and be it further

Resolved, That the Comptroller of The City of New York be and he is hereby directed to pay said annuity to said Granville Ball during his lifetime in equal monthly installments, out of the receipts of excise moneys or liquor taxes belonging to The City of New York.

Department of Docks and Ferries—Retirement of Sidney Willett Hoag, Jr., Deputy Chief Engineer (Cal. No. 20).

(On November 6, 1914 (Cal. No. 116) the communication from the Commissioner of Docks in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication dated October 31, 1914, from the Commissioner of Docks, requesting the retirement of Sidney Willett Hoag, Jr., Deputy Chief Engineer in said Department, and the following report of the Committee on Salaries and Grades recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 4, 1915.

To the Board of Estimate and Apportionment, The City New York:

Gentlemen—At a meeting of your Board held on November 6, 1914, there was submitted by the Mayor a communication from the Commissioner of Docks, dated October 31, 1914, recommending the retirement of Sidney Willett Hoag, Jr., Deputy Chief Engineer in the Department of Dock and Ferries.

The Commissioner's communication was as follows:

"Sidney Willett Hoag, Jr., Deputy Chief Engineer in this Department, has made application to me for retirement. The application is accompanied by a certificate signed by Dr. W. J. Gaudineer of 115 West 120th street, dated October 24, 1914, reading as follows:

"'This will certify that Mr. S. Willett Hoag, Jr., was taken sick Sunday, Oct. 4, 1914. On that date he had a cerebral hemorrhage which was followed by partial paralysis—left side. Owing to the nature of Mr. Hoag's illness I do not consider it would be safe for him ever again to enter into active business. At present he is entirely helpless.'

"Mr. Hoag entered the employ of this Department on February 12, 1891, as an Assistant Engineer and he remained in that capacity until July 14, 1908, when he was promoted to the position of Deputy Chief Engineer; since July 14, 1908, he has been Deputy Chief Engineer with salary at the rate of $6,000 per annum. He states that on March 3, 1880, he entered the employ of the City in the Park Department as an Assistant in connection with the 23d and 24th Ward improvements and that he served as Assistant until 1883, when he became an Assistant Engineer in the same department, remaining in that capacity until January 1, 1891.

"I recommend the retirement of Mr. Hoag from the service of the City if he be found eligible therefor."

Mr. Hoag states that he is 57 years of age.

On November 19, 1914, Dr. J. H. Byrne, Medical Examiner of the Department of Finance, examined Mr. Hoag and states that he is permanently unfit for duty.

The Medical Examiner's detailed report is attached hereto.

Mr. Hoag's original appointment and subsequent changes in rate of compensation were as follows:

March 3, 1880, appointed as an Assistant Topographical Engineer in the Department of Parks at $3 per day.
October 15, 1882, compensation changed to $1,500 per annum.
January 1, 1883, title changed to Assistant Engineer.
January 7, 1885, compensation changed to $1,650 per annum.
May 20, 1885, compensation changed to $1,800 per annum.
April 1, 1888, compensation changed to $1,920 per annum.
October 1, 1890, compensation changed to $2,250 per annum.
February 12, 1891, appointed as an Assistant Engineer in the Department of Docks at $2,000 per annum.
September 1, 1891, compensation changed to $2,400 per annum.
January 1, 1894, compensation changed to $2,700 per annum.
June 1, 1897, compensation changed to $3,000 per annum.
May 1, 1905, compensation changed to $4,000 per annum.
July 13, 1908, title changed to Deputy Chief Engineer and compensation fixed at $6,000 per annum.

Department of Docks and Ferries—Retirement of David H. Lane, Clerk (Cal. No. 21).

(On October 16, 1914 (No. 82), the communication from the Commissioner of Docks in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication, dated October 13, 1914, from the Commissioner of Docks, requesting the retirement of David H. Lane, a Clerk in said Department; and the following report of the Committee on Salaries and Grades recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 17, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—At a meeting of your Board, held October 16, 1914, there was submitted a communication from the Commissioner of the Department of Docks and Ferries, dated October 13, 1914, recommending the retirement of David H. Lane, a Clerk in the Department of Docks and Ferries.

The Commissioner's communication was as follows:

"David H. Lane, a Clerk in this Department, has made application for retirement, stating that his application is submited on account of failing health.

"Mr. Lane was appointed as Laborer on May 22, 1878. On March 21, 1883 he was promoted to the title of Clerk, and he has remained in the said title of Clerk since that date. Age, 60 years.

"Since May 1, 1909, his pay has been at the rate of $2,100 per annum.

"I recommend the retirement of Mr. Lane from the City's service, if he be found eligible therefor."

On November 3, 1914, Dr. J. H. Byrne, Medical Examiner of the Department of Finance, examined Mr. Lane, and states that he is permanently unfit for duty.

The Medical Examiner's detailed report is attached hereto.

Mr. Lane's original appointment and subsequent changes in rate of compensation were as follows:

May 22, 1878, appointed as a Laborer in the Dock Department.
March 21, 1883, title changed to Clerk.
September 1, 1887, compensation changed from $900 to $1,000 per annum.
February 1, 1894, compensation changed to $1,200 per annum.
February 11, 1898, compensation changed to $900 per annum.

In an affidavit dated November 2, 1914, Mr. Lane stated that he had never filed a claim nor brought suit against The City of New York for the payment of salary of wages or for any other claim. A search of the records in the Law Department discloses no evidence of any action brought by deponent. An examination of the Register of Claims in the Division of Law and Adjustment of the Department of Finance for the past six years shows that he has filed no claim during that period.

For the period from November 1, 1911, to October 31, 1914, Mr. Lane's compensation, as provided for in the budget and the amount he actually received, was $2,100 per annum.

We recommend the adoption of the accompanying resolution retiring David H. Lane from active service and awarding and granting him an annuity of $1,050.00, being a sum equal to 50 per centum of his average rate of annual compensation for the last three years. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following was offered:

Whereas, David H. Lane, employed as a Clerk in the Department of Docks and Ferries, has been in the employ of the City of New York or of one of the municipalities, counties or parts thereof which have been incorporated into the City of New York, for a period of thirty years and upward, and is physically incapacitated for the further performance of the duties of his position; therefore be it

Resolved, That the interest of the public service requires his retirement, and that the Board of Estimate and Apportionment, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by Chapter 669 of the Laws of 1911 and Chapter 479 of the Laws of 1912, hereby does retire from active service David H. Lane, employed as a Clerk in the Department of Docks and Ferries, and hereby awards and grants to said David H. Lane an annual sum or annuity of one thousand and fifty dollars ($1,050.00), being fifty per centum of his average annual rate of compensation for the three years immediately preceding the taking effect of this resolution; this resolution to take effect upon the first day of the month following its adoption, subject to the execution by the annuitant of a general release; and be it further

Resolved, That the Comptroller of The City of New York be and he is hereby directed to pay said annuity to said David H. Lane during his lifetime in equal monthly installments out of the receipts of excise moneys or liquor taxes belonging to The City of New York.

Department of Docks and Ferries—Retirement of Alexander M. Goge, Draftsman (Cal. No. 22).

(On November 20, 1914 (Cal. No. 94), the communication from the Commissioner of Docks in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication dated November 13, 1914, from the Commissioner of Docks, requesting the retirement of Alexander M. Goge, Draftsman in said Department; and the following report of the Committee on Salaries and Grades, recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 4, 1915.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—At a meeting of your Board held on November 20, 1914, there was submitted by the Mayor a communication from the Commissioner of Docks dated November 13, 1914, recommending the retirement of Alexander M. Goge, a Draftsman in the Department of Docks and Ferries.

The Commissioner's communication was as follows:

"Alexander M. Goge, Draftsman, of 51 West 81st Street, Borough of Manhattan, has made application for retirement from the service of the City on half pay.

"Mr. Goge was appointed as Draftsman on April 16, 1884, and has been continuously employed in that capacity since that date. Since June 1, 1904, his salary has been at the rate of $1.800 per annum.

"The Chief Engineer reports to me that in his opinion Mr. Goge is no longer able to render satisfactory service.

"I recommend the retirement of the applicant from the service of the City if he be found eligible therefor."

On December 1, 1914, Dr. J. H. Byrne, Medical Examiner of the Department of Finance, examined Mr. Goge and states that he is permanently unfit for duty.

The Medical Examiner's detailed report is attached hereto.

The applicant states that he is 57 years of age.

Mr. Goge's original appointment and subsequent changes in rate of compensation were as follows:

April 16, 1884, appointed as a Draftsman in the Department of Docks, at $1,000 per annum.

March 1, 1893, compensation changed to $1.100 per annum.

January 1, 1900, compensation changed to $1.500 per annum.

May 1, 1902, compensation changed to $1.400 per annum.

June 1, 1904, compensation fixed at $1.800 per annum.

Department of Docks and Ferries—Retirement of John F. Trenly, Inspector of Pier Construction (Cal. No. 23).

(On November 25, 1914 (Cal. No. 38), the communication from the Commissioner of Docks in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication dated November 19, 1914, from the Commissioner of Docks requesting the retirement of John F. Trenly, Inspector of Pier Construction in said Department; and the following report of the Committee on Salaries and Grades, recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 4, 1915.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—At a meeting of your Board, held on November 25, 1914, there was submitted by the Mayor a communication from the Commissioner of Docks, dated November 19, 1914, recommending the retirement of John F. Trenly, an Inspector of Pier Construction in the Department of Docks and Ferries.

The Commissioner's communication was as follows:

"John F. Trenly, an Inspector of Pier Construction in this Department, residing at 606 West 178th Street, Borough of Manhattan, has made application for retirement. He states in his application that he is a veteran of the Civil War, that he is 74 years of age and that owing to his advanced age and injuries sustained by him in the war he is no longer able to perform his duties satisfactorily.

"Mr. Trenly was appointed in this department as a Dockbuilder on April 2nd, 1891; he was promoted to the title of Foreman of Dockbuilders on June 30th, 1900; he was promoted to the title of Inspector of Pier Construction on April 20th, 1903. Since April 7th, 1905, his pay has been at the rate of $5.00 per day.

"I recommend the retirement of Mr. Trenly from the service of the City if he be found eligible therefor."

On December 8, 1914, Dr. J. H. Byrne, Medical Examiner of the Department of Finance, examined Mr. Trenly and states that he is permanently unfit for duty.

The Medical Examiner's detailed report is attached hereto.

Mr. Trenly is a veteran of the Civil War. His certificates of discharge state that he enlisted on April 26, 1861, as a private in Company B, 2nd Regiment, N. J. V. M., and was discharged on July 31, 1861, and that he reenlisted August 23, 1861, in Company A, 7th Regiment, N. J. Vols., and was discharged September 25, 1862.

Mr. Trenly's original appointment and subsequent changes in rate of compensation were as follows:

April 2, 1891, appointed as a Dockbuilder in the Department of Docks.

December 15, 1893, Foreman of Dockbuilders at 35 cents per hour.

January 1, 1894, title changed to Dockbuilder at 30 cents per hour.

January 1, 1895, title changed to Foreman of Dockbuilders at 35 cents per hour.

January 1, 1897, title changed to Assistant Foreman of Dockbuilders.

January 1, 1898, title changed to Acting Foreman of Dockbuilders.

May 1, 1899, title changed to Dockbuilder at 30 cents per hour.

June 23, 1899, title changed to Foreman of Dockbuilders at 50 cents per hour.

June 1, 1900, compensation changed to 37½ cents per hour.

June 8, 1900, compensation changed to 33¼ cents per hour.

June 15, 1900, compensation changed to 50 cents per hour.

August 7, 1903, title changed to Inspector of Pier Construction at 60 cents per hour.

April 8, 1905, compensation fixed at $5 per day.

An examination of the payrolls and time sheets has been made sufficient to establish over twenty years of service, as follows:

December 1 to December 31, 1911, 25 days at $5 per day (basis of 303 days to year)	$125 00
January 1 to December 31, 1912, 304 days at $5 per day	1,520 00
January 1 to December 31, 1913, 303 days at $5 per day	1,515 00
January 1 to November 30, 1914, 277 days at $5 per day (basis of 303 days to year)	1,385 00
	$4,545 00

—an average of $1,515.00 per annum.

His actual compensation during the same period was:	
December 1 to December 31, 1911, 26 days at $5 per day	$130 00
January 1 to December 31, 1912, 308 days at $5 per day	1,540 00
January 1 to December 31, 1913, 305 days at $5 per day	1,525 00
January 1 to November 30, 1914, 281 days at $5 per day	1,405 00
	$4,600 00

—an average annual sum of $1,533.33.

We recommend the adoption of the accompanying resolution retiring John F. Trenly from active service and awarding and granting him an annuity of $757.50, being a sum equal to 50 per centum of his average rate of annual compensation for the last three years. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following was offered:

Whereas, John F. Trenly, employed as an Inspector of Pier Construction in the Department of Docks and Ferries, is an honorably discharged soldier, who served as such in the Union Army during the War of the Rebellion, has been in the employ of The City of New York or of one of the municipalities, counties or parts thereof which have been incorporated into The City of New York, for a period of twenty years and upward, and is physically incapacitated for the further performance of the duties of his position, therefore, be it

Resolved, That the interest of the public service requires his retirement, and that the Board of Estimate and Apportionment, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by Chapter 669 of the Laws of 1911 and Chapter 479 of the Laws of 1912, hereby does retire from active service John F. Trenly, employed as an Inspector of Pier Construction in the Department of Docks and Ferries, and hereby awards and grants to said John F. Trenly an annual sum or annuity of seven hundred fifty-seven dollars and fifty cents ($757.50), being fifty per centum of his average annual rate of compensation for the three years immediately preceding the taking effect of this resolution; this resolution to take effect upon the first day of the month following its adoption, subject to the execution by the annuitant of a general release; and be it further,

Resolved, That the Comptroller of The City of New York be and he is hereby directed to pay said annuity to said John F. Trenly during his lifetime in equal monthly installments out of the receipts of excise moneys or liquor taxes belonging to The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Manhattan; Department of Bridges—Transfer of Appropriation and Modification of Schedules (Cal. No. 25).

The Secretary presented a communication dated December 31, 1914, from the President of the Borough of Manhattan, requesting modification of schedules in his office and in the Department of Bridges for the year 1915, involving a transfer of funds, and the following report of the Comptroller recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 11, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On December 31, 1914, the President of the Borough of Manhattan requested a transfer of funds from his department to the Department of Bridges for the purpose of repairing and painting the 155th Street viaduct, and the modification of certain wage schedules supporting appropriations made to the two departments for the year 1915.

It is proposed that the sum of $12,760 be transferred from appropriations made to the President, Borough of Manhattan, for Personal Service, Wages, Temporary Employees, Care of Sewers, 379, Cleaning and Repairing, to the Department of Bridges, Personal Service, Wages, Temporary Employees, Care of Bridges, 2763, Tax Levy Force, for the year 1915, and that the supporting schedules of these two appropriations, as adopted with the Budget for the year 1915, be modified to read as follows:

PRESIDENT, BOROUGH OF MANHATTAN.

At a meeting of your Board on November 20, 1914, the amount of $9,040 was transferred from funds appropriated to the President of the Borough of Manhattan to the Department of Bridges for the year 1914. These funds were made available at that time in order that the very necessary work of repairing and painting this viaduct might be started without any delay. The funds made available at that time were not sufficient to complete the work, and it will therefore be necessary to provide additional funds to carry this work to completion. About 40 per cent of the painting and repair work has been completed. As stated in my report of November 20, 1914, this viaduct has not been painted for several years and is in need of immediate attention. The paint has peeled and flaked off and in numerous places the iron work has become rusty, which will necessitate the replacement of rivets and plates.

When the transfer of $9,040 was made the question arose as to the legal right of the Department of Bridges to perform the work. Since then the Corporation Counsel has advised that the work can be legally done by employees under the jurisdiction of the Department of Bridges.

In view of the foregoing, I recommend the adoption of the attached resolutions granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated for the year 1915, as follows:

FROM

PRESIDENT, BOROUGH OF MANHATTAN.

Personal Service, Wages, Temporary Employees, Care of Sewers, Engineering and Inspection.

379	Cleaning and Repairing	$12,760 00

President, Borough of Queens—Transfer of Appropriation and Modification of Schedules (Cal. No. 26).

The Secretary presented a communication dated December 22, 1914, from the Acting Commissioner of Public Works, Borough of Queens, requesting a transfer within the appropriation for said office for 1914; and the following report of the Comptroller recommending approval thereof, and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 9, 1915.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On December 22, 1914, the President of the Borough of Queens requested the transfer of $250 within the appropriations made to that department for 1914, from Account No. 710, Contract or Open Order Service, General Repairs, Care of Highways, to Account No. 681, Supplies, Fuel Supplies, Care of Public Buildings and Offices.

The purpose of the proposed transfer is to provide funds for the payment of bills amounting to $247.50 for coal supplied to the Queens County Court House, and to the County buildings at Jamaica, the appropriation for coal being insufficient to provide payment therefor.

In connection with the foregoing delivery of coal, the Assistant Commissioner of Public Works stated that at time of such delivery, the stock of coal on hand was almost exhausted, and it was absolutely necessary that coal be furnished at once to prevent shutting down the steam plants which supply heat to these buildings.

An examination of Account No. 681, Supplies, Fuel Supplies, Care of Public Buildings and Offices, shows that there is an available balance of $22.50 remaining in this account, making it necessary that additional funds to the amount of $225 be provided for the purpose of liquidating the bills referred to.

The adoption of the attached resolutions approving the proposed transfer to the extent of $225, and the schedules, as revised, is therefore recommended.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated to the office of the President of the Borough of Queens for the year 1914, as follows:

FROM

Contract or Open Order Service, General Repairs.

710	Care of Highways	$225 00

TO

Supplies, Fuel Supplies.

681	Care of Public Buildings and Offices	$225 00

Department of Parks, Borough of Queens—Modification of Schedules (Cal. No. 27).

The Secretary presented a communication, dated November 11, 1914, from the Commissioner of Parks, Borough of Queens, requesting a modification of schedule for 1915; and the following report of the Comptroller recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 8, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On November 11, 1914, the Commissioner of Parks, Borough of Queens, requested the establishment of wage and team and vehicle hire schedules for his office for the year 1915.

On July 10, 1914, the Board of Estimate and Apportionment appropriated $5,000 for the improvement of the golf links in Forest Park.

This work which consists principally of the cutting down of trees and trimming others, plowing, seeding and grading, can, with proper supervision, be more efficiently and economically performed by the employees of the Forestry Division of the Park Department.

The request was verbally modified by the Commissioner of Parks by eliminating the lines Gardener, at $2.50 per day (100 days) and Horse and Cart at $3 per day (50 days), and increasing the lines of Pruners and Climbers at $2.50 per day by 100 days, and Team and Vehicle at $5 per day by 30 days. This change is advisable owing to the requirement of additional time of pruners and climbers, due to the larger area to be cleared than was previously estimated, and to the need of extra days for teams and vehicles due to the considerable amount of hauling of heavy timber.

I recommend the adoption of the attached resolution granting the request, as modified. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of schedules, as revised, for the Department of Parks, Borough of Queens, for the year 1915, as follows:

Board of Estimate and Apportionment; Brooklyn Disciplinary Training School for Boys—Transfer of Appropriation and Modification of Schedules (Cal. No. 28).

(On December 11, 1914 (No. 112), the communication from the Chairman of the Mayor's Committee on Food Supply in this matter was referred to the Comptroller.)

The Secretary presented a communication dated December 9, 1914, from the Chairman of the Mayor's Committee on Food Supply requesting an appropriation of $3,000 to meet expenses of said Committee for 1914; and the following report of the Comptroller recommending transfer of said sum from within the appropriation made to the Brooklyn Disciplinary School for Boys to accounts within the appropriation made the Board of Estimate and Apportionment for the year 1914:

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, January 7, 1915.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On December 9, 1914, the Chairman of the Mayor's Committee on Food Supply requested your Board to provide funds to the amount of $3,000 to meet the necessary expenses of that committee. This request was referred to the Comptroller for investigation and report.

On December 18, 1914, the Comptroller referred the request to His Honor the Mayor, with the suggestion that the matter be discussed by the entire Board, and that the request for additional funds be presented by the Mayor for that purpose.

No action was taken in the matter, however, and it has now become necessary that funds amounting to $300 be provided at once to repay money advanced for postage and provide for the payment of wages due to a Clerk and an Investigator employed by the Committee.

The expenses of the Mayor's Committee on Food Supply have been paid from the Contingencies Account of the Board of Estimate and Apportionment, and while there is an unencumbered balance of funds in that account, it will be needed for the necessary expenditures of various committees and bureaus of the Board. Funds can be provided, however, by a transfer from the 1914 appropriation made to the Brooklyn Disciplinary Training School for Boys, in Account No. 2713, entitled "Supplies, Food Supplies," in which a sufficient balance remains available for transfer.

The effect of the proposed transfer of $300 is as follows:

FROM

BROOKLYN DISCIPLINARY TRAINING SCHOOL FOR BOYS.

2713 Supplies, Food Supplies	$300 00

TO

BOARD OF ESTIMATE AND APPORTIONMENT.

45TC Contingencies	$300 00

The adoption of the attached resolution approving the transfer and the schedules, as revised, is hereby recommended. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Department of Water Supply, Gas and Electricity—Transfer of Appropriation and Modification of Schedules (Cal. No. 29).

The Secretary presented a communication, dated December 31, 1914, from the Commissioner of Water Supply, Gas and Electricity, requesting a modification of schedules involving transfer within the appropriation for said department for 1914; and the following report of the Comptroller, recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 11, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On December 31, 1914, the Commissioner of Water Supply, Gas and Electricity requested modification of two schedules for horse and vehicle hire in his department for 1914, involving a transfer of $616. In connection therewith I report as follows:

In Account No. 2276, Contract or Open Order Service, Transportation, Hire of Horses and Vehicles, Without Drivers, Water Supply, Collection and Storage, Tax Levy Force, it is proposed to reduce the present schedule allowances, as follows:

Line Item.	Present Schedule. Days.	Present Schedule. Amount.	Proposed Schedule. Days.	Proposed Schedule. Amount.
Hire of Horses and Vehicle, at $1.50 per day	3,502	$5,253 00	3,354	$5,031 00
Hire of Horse and Vehicle	1 year	750 00	1 year	636 00
Hire of Team and Vehicle, at $3.50 per day	365	1,277 50	285	997 00
Totals	....	$7,280 50	.....	$6,664 00
Proposed Allowance		6,664·50		
Decrease		$616 00		

The $616 thus released is to be transferred to Account No. 2268, Contract or Open Order Service, Transportation, Hire of Horses and Vehicles, with Drivers, Water Supply, Collection and Storage, Tax Levy Force, and used to increase the present allowance for Hire of Driver with Team and Vehicle, at $4 per day, from 3,524 days to 3,678 days.

An examination of the December 31, 1914, payroll against Account No. 2276 shows an unencumbered balance in excess of the proposed debit transfer. An inspection of the payrolls and present outstanding liabilities against Account No. 2268 shows that the proposed modification is necessary to provide for hired teams used up to the end of the year.

It also appears that a further modification is required, as the schedule for "Driver, with Horse and Vehicle, at $3 per day," provides for only 227 days, whereas 228¾ days were actually used. The line "Driver, with Horse and Vehicle, at $4 per day," provides, however, for 200 days, but only 196 days were required. The allowance for these two lines should therefore be changed to 229 days and 196 days, respectively, thus releasing $10 and reducing the necessary credit transfer to $606. The Commissioner's representative has verbally requested that these additional changes be made.

On October 23, 1914, the Board of Estimate and Apportionment approved of a debit transfer of $228 from Account No. 2268. The proposed increased allowance for this account is, therefore, only $378 in excess of the original 1914 budget allowance.

In order that the outstanding bills for horse and vehicle hire may be provided for, I recommend the adoption of the attached resolution granting the Commissioner's request with the amendments noted. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Department of Street Cleaning; Department of Parks, Brooklyn—Transfer of Appropriation and Modification of Schedules (Cal. No. 30).

The Secretary presented the following report of the Comptroller:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 8, 1915.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—At a meeting of your Board held on September 21, 1914, a resolution was adopted approving a transfer of $1,290 from Account No. 1310, Department of Parks, Borough of Brooklyn, Contract or Open Order Service, Transportation, Hire of Horses with Drivers, Care of Parks and Boulevards, to Account No. 2395½, Department of Street Cleaning, Contract or Open Order Service, Transportation, Hire of Horses and Vehicles with Drivers, Carting and Stables, Brooklyn.

It has since developed that the opening of the new account was not strictly in accord with the rules governing the budget, and the amount moreover is not required by the Department of Street Cleaning. In order that this may be corrected, it is proposed to make the following transfer.

FROM

DEPARTMENT OF STREET CLEANING.

Contract or Open Order Service, Transportation, Hire of Horses, and Vehicles with Drivers, Carting and Stables.

Department of Public Charities—Transfer of Appropriation and Modification of Schedule (Cal. No. 31).

The Secretary presented the following report of the Comptroller:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 8, 1915.

To the Board of Estimate and Apportionment, the City of New York:

Gentlemen—At a meeting of your Board, held on July 2nd, 1914, a resolution was adopted approving the transfer of $12,000 from the Department of Correction to the Department of Public Charities coincident with the transfer of a certain steamboat the "Massasoit" from the Department of Correction to the Department of Public Charities. The sum referred to was for the sole purpose of furnishing new boilers to this steamboat, and for the purpose of particularly distinguishing it, a new account number 2017½ was opened therefor.

It has since developed that the opening of the new account was not strictly in accord with the rules governing the budget, and was moreover unnecessary, as the item could have been transferred into Account No. 2017. In order that this may now be corrected, it is proposed to make the following transfer:

FROM

Contract or Open Order Service, General Repairs, Transporting Persons and Materials.

2017½ Steamboats $12,000 00

TO

Contract or Open Order Service, General Repairs, Transporting Persons and Materials.

2017 Steamboats $12,000 00

Department of Correction—Transfer of Appropriation (Cal. No. 32).

The Secretary presented a communication dated December 30, 1914, from the Commissioner of Correction requesting transfer within the appropriation for said department for 1914; and the following report of the Comptroller, recommending denial thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 6, 1915.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On December 30, 1914, the Department of Correction requested a transfer of $200 from Account No. 2653—Medical and Surgical Supplies to Account No. 2650—Forage and Veterinary Supplies, appropriation to that department for the year 1914.

Upon investigation of Account No. 2653—Medical and Surgical Supplies, it was found that there was a balance of only $8.29 in that account, so that the transfer can not be effected. It is, therefore, recommended that the request be denied.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby *denies* the request of the Commissioner of Correction, as set forth in a communication dated December 30, 1914, for the transfer of two hundred dollars ($200) from account No. 2653 to account No. 2650, for the year 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to send a copy of the report of the Comptroller to the Commissioner of Correction.

Department of Health—Transfer of Appropriation and Modification of Schedules (Cal. No. 33).

The Secretary presented the following report of the Comptroller:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 8, 1915.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—A modification of the schedules of the Department of Health for Personal Service approved by your Board on September 21, 1914, involved a transfer of $144 from Account No. 1841, Personal Service, Salaries, Temporary Employees, Hospital Service, Willard Parker and Reception, to Account No. 1840½, Personal Service, Salaries, Temporary Employees, Laboratory Service, Drugs. It is now desired to reverse this transfer referred to in the manner herein proposed.

In Account No. 1840½, Personal Service, Salaries, Temporary Employees, Laboratory Service, Drugs, it is proposed to eliminate the line reading, "Domestic, at $216 (24 months), $432." In account No. 1841, Personal Service, Salaries, Temporary Employees, Hospital Service, Willard Parker and Reception, it is proposed to change the line reading "Domestic, at $216 (324 months), $432," to read "Domestic, at $216 (348 months)."

The line item changes in detail are then as follows:

Account	Existing Schedule Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.
1840½	Domestic, at $216 (24 months)	.....	$432 00	.....	$144 00
	Schedule Total	.....	$432 00	.....	$144 00
1841	Domestic, at $216 (324 months)	$432 00	.....	$144 00	.....
	Schedule Total	$432 00	.....	$144 00	.....
	Grand Total	$432 00	$432 00	$144 00	$144 00

The adoption of the attached resolutions approving the proposed transfer and schedules as revised is hereby recommended. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated to the Department of Health for the year 1914, as follows:

College of The City of New York—Transfer of Appropriation and Modification of Schedules (Cal. No. 34).

The Secretary presented a communication dated December 18, 1914, from the Board of Trustees, College of The City of New York, requesting a transfer within the appropriation for said College for 1914; and the following report of the Comptroller recommending approval thereof and modification of schedules:

City of New York, Department of Finance, Comptroller's Office, January 11, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On December 18, 1914, the Board of Trustees of the College of the City of New York requested transfer of $110 within appropriations made to the College for the year 1914. The increases and decreases in the accounts affected by the proposed transfer are as follows:

FROM

Supplies.

1036	General Plant Supplies.....	$60 00
	Purchase of Equipment.	
1040	General Plant Equipment.....	50 00
		$110 00

TO

1044	Contract or Open Order Service, Transportation.....	$10 00
1047	Contingencies	100 00
		$110 00

In account No. 1044. Transportation, the available balance is only 90 cents. The proposed transfer of $10 is requested in order to replenish the account sufficiently to provide for the payment of outstanding liabilities amounting to $10.90.

The transfer of $100 to account No. 1047 is requested for the purpose of paying the expenses of Professor Storey who was sent to Chicago to represent the College of the City of New York at the Intercollegiate Athletic Association meeting which was held December 28 and 29, 1914. The amount expended by Mr. Storey for this purpose was $85.45, and as there is an available balance in this account of $13.54 as of January 7, 1915, it will be necessary to transfer only the sum of $71.91 instead of $100 as requested.

The adoption of the attached resolutions approving the transfer to the extent of $81.91 and schedules, as revised, is therefore recommended Respectfully,
WM. A. PRENDERGAST, Comptroller and Chairman, Committee on Education.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the College of the City of New York for the year 1914, as follows:

Bellevue and Allied Hospitals—Modification of Schedules (Cal. No. 35).

(On December 23, 1914 (Cal. No. 75), the communication from the Board of Trustees of Bellevue and Allied Hospitals in this matter was referred to the Comptroller.)

The Secretary presented a communication dated December 16, 1914, from the Board of Trustees of Bellevue and Allied Hospitals requesting an issue of special revenue bonds in the sum of $14,800 to provide for care of nurses and physicians contracting contagious diseases in discharge of their duties and to provide salaries of nurses caring for drug cases; and the following report of the Comptroller recommending modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 9, 1915.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On December 16, 1914, the Board of Trustees of Bellevue and Allied Hospitals requested that special revenue bonds to the amount of $14,800 be authorized under the provisions of subdivision 7 of section 188 of the Greater New York Charter for the following purposes:

For the care of nurses and physicians employed in Bellevue and Allied Hospitals and sent to Minturn Hospital for treatment for contagious or infectious diseases contracted in the discharge of their duties during 1915	$5,000 00
For the salaries of nurses required during 1915 for the care of drug cases, under the provisions of Chapter 363, Laws of 1914, commonly known as the "Boylan Law".....	9,800 00
Total.....	$14,800 00

Section 1542a of the Greater New York Charter (Chapter 267, Laws of 1910) provides as follows:

"The board of health, the board of trustees of Bellevue and Allied Hospitals, the commissioner of public charities, and the commissioner of correction are, and each of them hereby is, authorized, when in its or his judgment it may seem proper, to cause to be removed for medical or surgical treatment in any public or private hospital within The City of New York any nurse or physician who may be employed in any of the hospitals within the charge and control of any of said boards or commissioners, respectively, and who may become ill or disabled on account of any contagious or infectious disease contracted while in the performance of service as such nurse or physician. The reasonable expense incurred for said medical or surgical treatment, together with maintenance, shall, upon certificate of any of said boards or commissioners respectively be a charge against The City of New York. The comptroller is hereby authorized to audit and pay charges which may be so certified by any of said boards or commissioners respectively to have been incurred since January first, nineteen hundred and nine, and which may hereafter be certified by any of said respective boards or commissioners respectively for the foregoing purposes; and to provide the means necessary to make such payments the comptroller is hereby authorized to issue special revenue bonds in the manner provided by section one hundred and eighty-eight, subdivision seven, of this act."

Under the provisions of the section above quoted, nurses and physicians in the employ of Bellevue and Allied Hospitals who contract contagious or infectious diseases in the discharge of their duties are sent to Minturn Hospital for treatment. The liability incurred for this service up to October 31, 1914, was $3,397.85, representing the cost of 992 days' treatment for 44 nurses and physicians affected with diphtheria and scarlet fever. It is estimated that the total cost for the year 1914 will approximate $3,500. The cost of this service in 1913 was $1,647.82. The budget for 1915 makes no provision for this expense. In view of the uncertainty as to the amount required during 1915, an allowance of $2,500 in special revenue bonds, which approximates the average cost for the years 1913 and 1914, will be sufficient at the present time.

Chapter 363, Section 249A, Laws of 1914, amending Chapter 49, Laws of 1909, provides, in part, as follows:

"The constant use by any person of any habit-forming drug, except under the direction and consent of a duly licensed physician, is hereby declared to be dangerous to the public health. Whenever a complaint shall be made to any magistrate that any person is addicted to the use of any habit-forming drug, without the consent or direction of a duly licensed physician, such magistrate, after due notice and hearing, is satisfied that the complaint is founded and that the person is addicted to the use of a habit-forming drug, shall commit such person to a state, county or city hospital or institution licensed under the state lunacy commission."

The law referred to became effective on July 1, 1914. The number of drug cases treated at Bellevue Hospital from July 1 to December 31, 1914, was 574. The Corporation Counsel having advised the Comptroller that under the law above quoted the city should provide the funds necessary to carry out its purposes, so far as they pertain to the care and maintenance of indigent persons, the sum of $3,266.66 was provided through an issuance of special revenue bonds on November 10, 1914, under the provisions of Sub-division 7, Section 188 of the Greater New York Charter, for the salaries of nurses from September 1 to December 31, 1914, as follows:

Nurse in charge, day service, at $900.....	$300 00
Nurse in charge, night service, at $900.....	300 00
Nurses for day and night service, distributed in four hospital wards, 10 at $800.....	2,666 66
Total for 4 months.....	$3,266 66

—representing an annual salary cost of $9,800.

The nurses employed do not receive maintenance. No provision was made in the 1915 budget for their services. In view of the necessity for providing proper treatment for those addicted to the use of habit-forming drugs, the request for $9,800 in special revenue bonds to continue the services in 1915 of the nurses employed during the last four months of 1914, appears to be reasonable.

The Comptroller will therefore make provision for the issuance of $12,300 in special revenue bonds, pursuant to the provisions of Subdivision 7, Section 188 of the Greater New York Charter, for the following purposes:

Care of nurses and physicians employed in Bellevue and Allied Hospitals and sent to Minturn Hospital for treatment during 1915.....	$2,500 00
Salaries of nurses required during 1915 for the care of drug cases.....	9,800 00
Total	$12,300 00

In view of the foregoing, the adoption of the attached resolution approving the schedules, as revised, to include the additional appropriations is hereby recommended.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

County Clerk, New York County—Transfer of Appropriation and Modification of Schedules (Cal. No. 36).

The Secretary presented a communication, dated December 31, 1914, from the County Clerk, New York County, requesting a transfer within the appropriation for said office for 1914; and the following report of the Comptroller, recommending approval thereof and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 9, 1915.

To the Board of Estimate and Apportionment, the City of New York:

Gentlemen—On December 31, 1914, the County Clerk of New York County requested the transfer of funds within the 1914 appropriation to that office, on which it is reported as follows:

The request is for the transfer of all the cash balance in Code No. 3068, Purchase of Equipment, and Code No. 3070, Contingencies, aggregating the sum of $221.65, to Code No. 3069, Contract or Open Order Service, General Plant Service, the balance in the latter account being insufficient to meet the requirements of the same. The transfer requested will enable the County Clerk to meet all the outstanding obligations of his office for the year 1914, and the adoption of the attached resolution approving the transfer and the schedules as revised is therefore recommended.

Very respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the County Clerk's Office of New York County for the year 1914, as follows:

	FROM	
3068	Purchase of Equipment	$189 65
3070	Contingencies	32 00
		$221 65
	TO	
3069	Contract or Open Order Service, General Plant Service	$221 65

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That, the Board of Estimate and Apportionment hereby approves the schedules, as revised, for the office of the County Clerk of New York County for the year 1914, as follows:

3068	Purchase of Equipment	$933 35
3069	Contract or Open Order Service—	
	General Repairs	$15 00
	Transportation	30 00
	Communication	400 00
	General Plant Service	521 65
	Total Contract or Open Order Service	$966 65
3070	Contingencies	8 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Docks and Ferries—Issue of Special Revenue Bonds (Cal. No. 37).

The Secretary presented a report of the Comptroller in the matter of the request of the Board of Aldermen for $13,180 special revenue bonds for the purpose of preparing the Recreation Pier at the foot of East 24th street for lodging house purposes.

Which was withdrawn by the Comptroller.

Board of Estimate and Apportionment—Issue of Special Revenue Bonds and Modification of Schedule (Cal. No. 38).

The Secretary presented a report of the Comptroller, recommending an issue of $15,000 special revenue bonds (subdivision 8, section 188 of the Charter), the proceeds to be used for the purpose of replenishing Account No. 45TC, Contingencies, Board of Estimate and Apportionment, for the year 1914; also recommending modification of schedule.

(On January 8, 1915 (Cal. No. 122), the resolution of the Board of Aldermen requesting said appropriation was referred to the Comptroller.)

Which was laid over until January 22, 1914, under Rule 19.

Brooklyn Public Library—Acquisition of Property as a Site for Library Purposes (Cal. No. 39).

The Secretary presented a report of the Comptroller referring to communications from J. P. Riedel, Nathaniel H. Levi, President of the Broadway Board of Trade of Brooklyn, and Rev. John Lewis Clark, Pastor of the Bushwick Avenue Congregational Church of Brooklyn, urging the acquisition of property on Palmetto Street and Irving Avenue for the construction thereon of a branch library building.

The Comptroller recommends that these communications be placed on file without prejudice to future consideration by the Board, in view of the fact that the provisions of the agreement dated December 11, 1901, between the City of New York and the representative of Andrew Carnegie for the erection of libraries in the Borough of Brooklyn, etc., have been carried out on the part of the City in so far as the same affects the Borough of Brooklyn.

(On December 4, 1914 (Cal. Nos. 109, 110 and 112), the above communications were presented to the Board and referred to the Comptroller.)

Which was ordered filed, and the Secretary directed to notify the petitioners of the action taken in the matter.

Jamaica Avenue, Boroughs of Brooklyn and Queens—Establishing Roadway Width (Cal. No. 40).

(On January 8, 1915 (Cal. No. 165), on motion of the President of the Borough of Brooklyn the Chief Engineer was instructed to report on this matter on January 15, 1915, and to request the Public Service Commission to defer approval of Rapid Transit Plans until after action by this Board on the proposed roadway width.)

The Secretary presented the following report of the Chief Engineer:

Report No. 14257. January 11, 1915.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on January 8, 1915, your Engineer was directed to present a report at the meeting to be held on January 15, 1915, concerning the request made by the President of the Borough of Brooklyn under date of December 29, 1914, for the adoption of a resolution fixing the roadway width of Jamaica Avenue between Broadway and the Borough Line at 44 feet.

As now in use Jamaica Avenue between the limits named, these comprising a length of about two miles, appears to have a width of 66 feet, of which 36 feet is devoted to a roadway.

Under the plans for the proposed extension of the rapid transit system of the New York Municipal Railway Corporation provision is made for the construction of an elevated railroad in that portion of Jamaica Avenue between Crescent Street, in the Borough of Brooklyn, and Cliffside Avenue, in the Borough of Queens, the route in the former borough comprising six blocks having an aggregate length of about 1,800 feet. The Borough President calls attention to the important position which Jamaica Avenue occupies as a connecting link between Brooklyn and the Jamaica section of the Borough of Queens, and to the fact that if the elevated railroad is now built to conform with a roadway 36 feet wide it will be impracticable at a later date to modify this condition, and in anticipation of the need of such widening he suggests that provision be made for it at this time.

Upon receipt of this request information was sought from the Chief Engineer of the Public Service Commission as to the practicability of adapting the railroad plans to fit this change in the roadway width, and with the President of the Borough of Queens relative to the practicability of extending the treatment through the entire length of the railroad. As a result of the former inquiry I find that the Railroad Company has submitted plans for that portion of the structure traversing Jamaica Avenue, in the Borough of Brooklyn, that these have been based on the retention of the roadway width as now in use, and that the Public Service Commission would not be justified in modifying its plans until definite action had been taken in the matter of determining upon a change. When this matter was presented to the Board at its meeting of January 8th I was instructed to ask the Commission to defer action in the matter of approving the plans now before it pending the decision of the Board of Estimate and Apportionment concerning this question, and with the expectation that such decision would be reached at the meeting to be held on January 15th.

No response has yet been received from the President of the Borough of Queens, but it might be noted that the railroad will extend through a length of about four miles in this borough. The street as laid out between the Borough Line and Myrtle Avenue has been given a width of 66 feet. From Myrtle Avenue to Roseville Avenue maps have been adopted fixing the width at 100 feet, but at the meeting of October 30, 1914, the Borough President presented a report which was approved by the Board, in which it was recommended that owing to the expense which would be incurred for the widening provision should be made for remapping the street in such a way as to make its lines conform with those here in use. East of Roseville Avenue the tentative maps indicate a street width of 100 feet, but it seems reasonable to assume that the widening proposed to secure this width will also be abandoned.

In other reports presented by your Engineer it has been pointed out that the position of Jamaica Avenue demands a much greater street width than is now practi-

cable and that the failure to secure the desired widening has been due to delays in making it effective, the abutting property having in recent years been built up to such an extent as to cause the action recently taken by the Board in determining to abandon the widening.

From an inspection of the ground in both of the boroughs it appears that there are very few encroachments beyond the street lines, and that the proposed widening of the roadway would occasion comparatively little damage other than the moving of trolley and telegraph poles and fire hydrants. No information is available as to the exact width of the street or the roadway of Jamaica Avenue east of Sutphin Road, and it is understood that the street width in the section between Sutphin Road and Myrtle Avenue is somewhat irregular. Between the borough line and Sutphin Road the roadway appears to be 39 feet wide, although in some sections its center line does not have a position identical with that of the street.

In my judgment the widening proposed by the President of the Borough of Brooklyn is highly desirable, and it is evident that in order to make it of substantial value it should also be extended into the Borough of Queens, although in this borough the necessary information is lacking for drafting a resolution involving the precision usually observed in the fixing of roadway and sidewalk widths, but I believe that the desired result might be accomplished along general lines.

I would therefore recommend the adoption of resolutions as follows:

1. Fixing the roadway width of Jamaica Avenue at 44 feet through that portion of its length between Broadway, in the Borough of Brooklyn, and the Borough Line; the roadway to be centrally located.

2. Fixing a roadway width 44 feet for Jamaica Avenue through that portion of its length between the Borough Line and Cliffside Avenue, Borough of Queens, where a lesser roadway width is now in use; the said roadway to be centrally located with reference to the street lines as now recognized by the property owners.

I would also recommend (1) that a copy of the above resolutions be sent to the Public Service Commission and to the New York Municipal Railway Corporation, and (2) that the President of the Borough of Queens be requested to submit at the earliest practicable date a map which will complete the final location of the entire length of Jamaica Avenue west of Cliffside Avenue in order that a more definite resolution may be adopted relative to the treatment of the roadway and to the end that any needed modification in the general resolution governing it may be made.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby fixes the roadway width of Jamaica Avenue at 44 feet through that portion of its length between Broadway, in the Borough of Brooklyn, and the Borough Line; said roadway to be centrally located.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was then directed to send copies of the resolutions to the Public Service Commission and to the New York Municipal Railway Corporation; and to request the President of the Borough of Queens to submit at the earliest practicable date a map which will complete the final location of the entire length of Jamaica Avenue west of Cliffside Avenue in order that a more definite resolution may be adopted relative to the treatment of the roadway and to the end that any needed modification in the general resolution governing it may be made.

Bureau of Contract Supervision.

Department of Parks, Boroughs of Manhattan and Richmond—Approval of Forms of Contract, Plans, Specifications, Etc. (Cal. No. 41).

The Secretary presented a report of the Bureau of Contract Supervision recommending approval, pursuant to resolution adopted July 11, 1912, of the forms of contracts, plans, specifications and estimates of cost for the erection of a comfort station and tool house at Isham Park, 214th street and Broadway, Borough of Manhattan, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, as follows:

Item.	Estimated Cost.
General construction	$4,200 00
Plumbing and gas fitting	800 00
	$5,000 00

The Bureau of Contract Supervision has amended the plans and specifications in a number of details.

There is no comfort station in Isham Park. The building will be completed about May 15, 1915, when parks are visited by the people to a great extent and a comfort station is urgently needed at this location.

Which was laid over one week (January 22, 1915).

President, Borough of Manhattan—Approval of Form of Contract, Plans, Specifications, Etc. (Cal. No. 42).

The Secretary presented report of the Bureau of Contract Supervision recommending approval of plans, specifications and estimate of cost for work of reconstructing the building at the corner of Grand and Lafayette streets, for use as a Municipal Court, under the jurisdiction of the President of the Borough of Manhattan.

The report recommends that material changes be made in the plans and specifications to eliminate unnecessary and costly features which would be out of place in such a building, and the estimate of cost be reduced from $37,500 to $30,000.

Which was laid over one week (January 22, 1915).

President, Borough of Manhattan—Approval of Forms of Contracts, Plans, Specifications, Etc. (Cal. No. 43).

The Secretary presented a communication dated December 28, 1914, from the Commissioner of Public Works, Borough of Manhattan, requesting approval of forms of contracts, plans, specifications, etc., for furnishing and delivering furniture for the New Children's Court Building, East 22d Street, Manhattan; and the following report of the Bureau of Contract Supervision recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 12, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On December 31, 1914, you referred to the Bureau of Contract Supervision a communication from the Commissioner of Public Works, Borough of Manhattan, dated December 28, 1914, requesting approval of the forms of contracts and specifications for two contracts for furnishing and delivering and setting up furniture for the new Children's Court Building, East 22d Street, Manhattan. One contract provides for steel furniture at an estimated cost of $2,500 and the other for wooden furniture at an estimated cost of $4,500. The cost of this work is to be charged to the corporate stock fund "C. P. M.—49A, Erection of a New Building for Children's Court, First Division, Borough of Manhattan." This fund was authorized by the Board of Estimate and Apportionment in three installments, $150,000, $85,000 and $27,000 on July 17, 1911, May 2, 1912, and November 21, 1912, respectively, and concurred in by the Board of Aldermen on July 31, 1911, May 28, 1912, and December 10, 1912, respectively. The three authorizations aggregate $262,000. On January 11, 1915, there was an unencumbered balance in the fund of $44,519.78.

The resolutions authorizing the issues of corporate stock for this fund provided only for the erection of the building. On November 9, 1914, the Board of Estimate and Apportionment amended the resolutions to allow the purchase of furniture out of the balance available.

The contracts submitted provide for practically all of the furniture which can be purchased from stock supplies:

Schedule of Steel Furniture.

10 steel lockers 15 in.x12 in.x72 in.	$60 00
18 steel lockers 15 in.x15 in.x72 in.	108 00
29 steel document files (24 files each)	1,305 00
2 steel card index cases	120 00
2 steel book cabinets	196 00
17 steel 4-drawer vertical file	510 00
2 steel document file cases	80 00
1 safe	110 00
	$2,489 00

Schedule of Wooden Furniture.

Quantity, Size and Kind.	Estimated Cost.
1 55-inch roll top desk	$40 00
1 60-inch roll top desk	45 00
2 72-inch roll top desk	100 00
9 72-inch double flat top desks	450 00
1 50-inch single flat top desk	25 00
2 55-inch single flat top desks	50 00
8 60-inch single flat top desks	240 00
2 55-inch flat top typewriter desks	60 00
1 55-inch roll top typewriter desk	45 00
11 8-foot settees	275 00
16 6-foot settees	320 00
1 28-in.x48-in. table	15 00
1 30-in.x48-in. table	18 00
3 32-in.x60-in. tables	20 00
1 36-in.x50-in. table	20 00
4 36-in.x72-in. tables	92 00
3 42-in.x96-in. tables	102 00
19 Saddle seat revolving chairs	152 00
2 Perforated leather seat revolving chairs	16 00
1 Leather seat and back, R. and T chair	40 00
9 Leather seat and back arm chairs	90 00
49 Saddle seat arm chairs	294 00
53 Saddle seat side chairs	265 00
11 Saddle seat children's chairs	44 00
4 Saddle seat revolving stools	30 00
3 Typewriter chairs	15 00
5 Wardrobes	150 00
10 Umbrella Stands	40 00
19 Cuspidors	38 00
1 Davenport	65 00
8 Clocks	100 00
12 Costumers	72 00
1 Couch	40 00
	$3,368 00

The forms of contract are satisfactory and the specifications are definite and competitive. The cost of the furniture has been carefully checked by this bureau and it is found that the estimated cost of the steel furniture, $2,500, is reasonable, but that the wooden furniture may be purchased for $3,400. instead of $4,500. The difference is due to the fact that the figures submitted by the Department include the cost of linoleum, curtains and some other items which are to be provided under a separate contract.

I recommend the adoption of the attached resolution approving the request, with estimates of cost as noted. Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the form of contract, specifications and estimate of cost in the amount of two thousand five hundred dollars ($2,500), for furnishing and delivering and setting up steel furniture for the New Children's Court Building, East 22nd Street, Manhattan, under the jurisdiction of the President of the Borough of Manhattan, the cost to be charged to the corporate stock fund "C. P. M., 49A, Erection of a New Building for Children's Court, First Division, Borough of Manhattan."

If no bids are received for such work within such estimated cost the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment or any official acting in its behalf, provided that any of said bids is within the amount authorized and available for such work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Bellevue and Allied Hospitals—Approval of Contract (Cal. No. 44).

The Secretary presented a communication, dated December 24, 1914, from the Board of Trustees of Bellevue and Allied Hospitals requesting approval of preliminary and final contracts for services of J. H. Freedlander, as architect, in preparing plans for equipment of new ward wing, enlarging mechanical plant and additional vault space in Harlem Hospital; and the following report of the Bureau of Contract Supervision recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 12, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—A communication dated December 24, 1914, from the Board of Trustees of Bellevue and Allied Hospitals, requesting approval of preliminary and final contracts for the services of J. H. Freedlander as Architect for equipment of a new ward wing and enlarging mechanical plant and additional vault space in Harlem Hospital, was referred by the Board of Estimate and Apportionment to the Bureau of Contract Supervision, where it was received on December 28, 1914.

On July 10, 1914, the Board of Estimate and Apportionment adopted a resolution authorizing the issue of $59,000 corporate stock to provide means for the completion of the Harlem Hospital as follows:

Equipment of new ward wing and necessary equipment in the present building, including architect's fees	$30,000 00
Enlarging mechanical plant and power house and additional vault space, including architect's fees	29,000 00
Total estimated expenditure	$59,000 00

The preliminary contract for architect's services, as submitted by the Board of Trustees of Bellevue and Allied Hospitals, to be entered into with J. H. Freedlander, 244 Fifth avenue, New York City, as submitted, provides for the preparation of pre-

liminary drawings and specifications of equipment for the new wing and enlarging mechanical plant and additional vault space, for which the architect is to receive the sum of $1,390 figured on the basis of 7½ per cent. for architect's services and 2½ per cent. additional for engineering specialists, on a total estimated cost, including architect's fees, of $59,000.

I recommend, first, that the preliminary contract be so modified as to provide that the architect shall receive a fee of 5 per cent. on the cost of equipment of the new ward wing and the present building for which he has been directed by the Board of Trustees to prepare plans, estimates and specifications; second, that the architect be paid a fee of 7½ per cent. on the cost of enlarging the mechanical plant, power house and additional vault space, for such parts as he furnishes plans and contracts by direction of the Board of Trustees; third, that the architect be allowed an additional fee of 2½ per cent. for engineering specialists employed in the preparation of plans, contracts and specifications for enlarging mechanical plant at the power house when so directed by the Board of Trustees.

The above modifications would provide for the following expenditures, as a maximum which may be considerably reduced:

Purchase of equipment, including architect's fees at 5 per cent	$30,000 00
Enlargement of the power plant, including architect's fees at 7½ per cent., and engineering specialists at 2½ per cent., total cost	21,000 00
Additional vault space, including architect's fee at 7½ per cent., total expenditure	8,000 00

The final contract for services of J. H. Freedlander, architect, for the preparation of complete plans, specifications, supervision of the contracts of the proposed equipment of new ward wing and enlarging mechanical plant and additional vault space, as submitted by the Board of Trustees of Bellevue and Allied Hospitals, is similar to the preliminary contract, in that it provides that the architect shall receive a fee of 7½ per cent. on all the work proposed under the contract, plus an additional 2½ per cent. for engineering specialists.

It is recommended that this contract be modified in the following particulars:

That, in accordance with the terms of the preliminary contract the architect shall, when directed by the Board of Trustees of Bellevue and Allied Hospitals, be paid the following, as a maximum, which may be reduced by decreased estimates or low bids:

1. For the preparation of plans, specifications and contracts and supervision for equipment, a fee of 5 per cent. on the cost of said equipment, which, including the architect's fee, is not to exceed $30,000.

2. For the preparation of plans, contracts, specifications and supervision, a fee of 7½ per cent. for the addition to power plant, and an additional 2½ per cent. for the services of engineering specialists in connection with the work of enlarging the mechanical plant and power house, the cost of such work, including all fees, not to exceed $21,000.

3. For the plans, specifications, contracts and supervision of additional vault space, the architect to be paid a fee of 7½ per cent., the total cost, including architect's fees for said work, not to exceed $8,000.

On this basis the contract will provide for a total expenditure of $59,000, of which $54,050 will be expended for equipment, additional vault space and enlarging the mechanical plant, and $4,950 as fees for the architect and engineer.

I recommend the adoption of the attached resolution which will permit of the Board of Trustees of Bellevue and Allied Hospitals proceeding with the work herein provided.

Respectfully,
TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the form of preliminary contract with J. H. Freedlander, architect, for his services as architect for the preliminary plans, specifications and estimate of cost in the completion of the Harlem Hospital, under the jurisdiction of the Board of Trustees, Bellevue and Allied Hospitals, as follows:

Equipment of new ward wing and necessary equipment in present building.

Enlarging mechanical plant at power house.

Additional vault space.

Provided the fee for architect's services shall be thirteen hundred twenty-seven dollars and fifty cents ($1,327.50), being 2¼ per cent. of the total estimated cost of the work, which, including the artchitect's fees, is $59,000.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the final contract between the Board of Trustees, Bellevue and Allied Hospitals and J. H. Freedlander, architect, for his services as architect in the preparation of final plans, contracts and specifications, and for supervision, in the completion of Harlem Hospital, as follows:

Equipment of new ward wing and necessary equipment in present building, including architect's fee of 5 per cent., not to exceed $30,000.

Enlarging mechanical plant at power house, including architect's fee of 7½ per cent. and engineering specialist at an additional fee of 2½ per cent., not to exceed $21,000.

Additional vault space, including architect's fee of 7½ per cent., not to exceed $8,000.

The architectural fees above specified to include the thirteen hundred twenty-seven dollars and fifty cents ($1,327.50), paid on preliminary contract with J. H. Freedlander for architectural services in connection with this work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Bellevue and Allied Hospitals—Approval of Plans, Specifications, Etc. (Cal. No. 45).

The Secretary presented a communication, dated November 13, 1914, from the Board of Trustees of Bellevue and Allied Hospitals requesting approval of plans, specifications, etc., for furnishing and installing complete automatic telephone equipment in new buildings at Bellevue Hospital; and the following report of the Bureau of Contract Supervision:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 11, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On November 21, 1914, you referred to the Bureau of Contract Supervision a communication from the President, Board of Trustees, Bellevue and Allied Hospitals, dated November 13, 1914, requesting the approval of form of contract, plans, specification and estimate of cost, $14,500, for furnishing and installing a complete automatic telephone equipment for the new buildings at Bellevue Hospital, Manhattan.

The cost is to be paid from a corporate stock fund of $400,000 (as amended), authorized by the Board of Estimate and Apportionment on July 2, 1909, amended on July 5, 1913, and concurred in by the Board of Aldermen on July 13, 1909, and as amended on June 12, 1913, entitled "C. B. H.—10, New Bellevue Hospital, Construction of." On January 7, 1915, there remained in the fund an unencumbered balance of $95,238.34. The general clauses in the specification and form of contract are standard as approved by the Corporation Counsel.

The proposed telephone equipment is for the five new buildings known as the Boiler Plant and Laundry, Pathological Building, Pavilions A and B, Pavilions I and K, and Pavilions L and M. Three of these buildings have been occupied for some time; the other two will be ready in about three months, at which time it is proposed to begin the transfer of patients and administrative offices from the remaining old buildings to the new buildings.

The proposed switchboard for the telephone service will be located in the basement of Pavilions I and K in about the centre of the whole new hospital plant, if completed as planned.

It is estimated that one hundred and eighty-six telephones will be necessary for satisfactory service, apportioned as follows:

Boiler plant, one; laundry, four; Pathological Building, fifteen; Pavilions A and B, sixteen; Pavilions I and K, one hundred and nineteen, and Pavilions L and M, thirty-one.

The Pathological Building has a telephone in each autopsy room. Pavilions A and B, which are eight years old, form a hollow square 150 feet by 150 feet, nine stories high, having fourteen wards, each of which is provided with a telephone. Pavilions L and M, of same type and size, are new and unoccupied. In addition to the ward telephones, one is provided for each group of nurses' and doctors' offices in each wing, on each floor; these offices are not constructed in A and B.

Pavilions I and K form a new "T" type building, 300 feet by 170 feet, having nine floors, seven medical wards, seventy-eight doctors' bedrooms, dining rooms, surgical wards, and four or five departments, each of which is to have a telephone, which is necessary, in order to obtain immediate emergency service of the various doctors for their cases during their reserve duty period. Ten telephones will be required for temporary administrative offices on the ground floor.

There are only two systems in successful commercial operation in New York at the present time that are suited to the needs of the hospital. One is an automatic system controlled by the Automatic Electric Company, which is a manufacturing concern, the other is a manually operated system, controlled by the New York Telephone Company, which is an operating company.

There are a great number of inter-communicating telephones on the market, but as a rule they work satisfactorily only when limited to less than twenty-four stations. Eventually the Bellevue system will consist of at least five hundred stations.

With New York Telephone Company service, the annual cost to the City would probably be as follows:

Salaries—Telephone Operators, 6 at $600		$3,600 00
Rental—		
Extension telephone, 186 at $6	$1,116 00	
Switchboard	36 00	
Trunk lines, 10 at $24	240 00	
	$1,392 00	
Less twenty-five per cent.	348 00	
		1,044 00
Total		$4,644 00

This system has the advantage that the operating company maintains the entire equipment for the prices above quoted and assumes all risks due to fire, obsolescence of equipment or change in policy at the institution. On the other hand, it places a telephone in the hands of a large staff of physicians, nurses, attendants and office employees, who not only use the telephone for institutional calls, but do not hesitate to hold conversations with persons throughout New York and the adjacent cities. This practice has been discouraged to a large extent by Dr. O'Hanlon, who states that the telephone operators have strict instructions to allow only City business calls, but that a great many other calls are made through carelessness of the operators, by the use of assumed names, or by a false statement of the business to be transacted.

With the manual system no charge is made for calls within the institution, but outgoing calls, known as local calls, are charged at the rate of two and one-quarer cents each.

If an automatic system is installed the probable annual cost would be as follows:

Interest and amortization at 10.875 per cent. on an exchange of 200 station capacity with 186 lines equipped completed costing $6,100.00 installed		$663 37
Maintenance of telephone equipment		400 00
Current		40 00
Interest and amortization at 10.875 per cent. on cables, feeders and conduit, costing $2,000 installed		217 50
Telephone operators, 2 at $600		1,200 00
Rental of ten telephone extensions for outgoing calls at $6	$60 00	
Rental of switchboard	36 00	
Rental of 4 trunk lines at $24	96 00	
	$192 00	
Less 25 per cent. discount	48 00	
		144 00
Total		$2,664 87

The interest and amortization is based on the use of funds derived from the sale of four and one-half per cent. fifteen year bonds. The estimate of cost for the telephone equipment is based on an informal bid given by the Automatic Electric Company and is exclusive of the necessary cables for connecting the various buildings. The wiring within the buildings is already installed and can be used by the Automatic Electric Company. The charge for maintenance includes time and materials. The records of the New York Central Railroad, Brooklyn Rapid Transit Railroad and the American Lithograph Company were used as a basis for this charge. The labor item consists of about one hour per day of the electrician's time. The company is prepared to contract for the maintenance for the amount used in the estimate. The cost of current is based upon the prevailing rate at the building. The cables connecting the various buildings, together with the necessary conduit, trenching, including a feeder for the storage battery set, and changes at the switchboard, could be installed at an estimated cost of $2,000. The remaining four items are charges made by the New York Telephone Company for service and are due to the necessity of making some calls outside of the institution. Dr. O'Hanlon states that six long distance telephones for the outside calls will be sufficient; ten are allowed in the estimate of cost, and they can be so located that only those who require this class of service will have access to them. The operators are required for this outside service, but as the work will be very light they will be available for other work. This full time has been included in the estimate.

This automatic apparatus is not a new, untried device, but one which has been in use for over fifteen years. There are at present over one hundred public exchanges in successful operation representing an investment of over $65,000,000. The larger installations in this country are at Los Angeles with 60,000 subscribers, Buffalo with 30,000 subscribers and Chicago with 30,000 subscribers. In addition to this there are numerous private exchanges installed in all parts of the world. The postal departments of the principal European and Australian countries have adopted this system.

The present wiring in the buildings in addition to the telephone service may also be used for other signaling systems, such as the watchmen's clock system and the numerous bell circuits, but cables would have to be run connecting the various buildings. If the New York Telephone Company system were installed they would probably require, in accordance with the usual practice, that either separate runways be provided for their wires or that all other signal systems be disconnected from the cables used by them. In either case the cost to the City for the necessary changes in the wiring for the manual system would more than offset the cost of the interest and amortization charge on the cables, feeder, conduit, etc., connecting the various buildings. This cable would not only be used for the Automatic Telephone System, but also for "tying in" various signal systems in all buildings.

It appears from a comparison of the costs that the automatic system effects an annual saving to the City over the manual system of about $2,000.00, or in other words, the cost of its installation in about four years.

It is possible, with the automatic system, to connect with outside lines automatically, but this is not allowed by the New York Telephone Company.

From the very careful study of the two systems made by this bureau, it appears that where the intercommunication calls exceeded eighty per cent., and not more than about thirty-five per cent. of "callers" require outside connections, that the financial advantage is unusually in favor of the automatic system.

The plans, specifications and form of contract should be modified to provide that the contractor furnish and install a complete exchange together with the necessary wall or desk telephones at a cost not to exceed $6,100 and that, as new units are added from time to time up to the capacity of the exchange, which shall be two hundred, the cost per line complete shall not exceed $22.50, and further, and that after the exchange has been extended to its full two hundred line capacity, other units of one hundred line capacity may be added, as required, at a price complete, for one hundred lines, fully equipped, not to exceed $2,850.

It is recommended that the Corporation Counsel be requested to determine what action upon this contract is necessary under Sectoin 1554 of the Charter, the proposed equipment being a patented article.

Until action is had upon the automatic telephone equipment contract, it is recommended that action be deferred on the purchase of cables and wiring.

I recommend that the contract, plans and specifications be approved at an estimated cost of $6,100 for a complete automatic telephone equipment, exclusive of

cables and wiring, but that the purchase of the equipment and the letting of the contract be not made until approval of the contract, plans and specifications by the Corporation Counsel, after a determination of the question involved.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment pursuant to its resolution of July 11, 1912, hereby approves the form of proposed contract as modified, specification and estimate of cost in the sum of six thousand one hundred dollars ($6,100) for furnishing and installing an automatic electric telephone equipment, exclusive of cables and wiring, in the new buildings of Bellevue Hospital, 26th street and 1st avenue, Manhattan, under the jurisdiction of the Board of Trustees of Bellevue and Allied Hospitals, the cost to be charged to the corporate stock fund entitled "C. B. H. 10, New Bellevue Hospital, Construction of."

If no bids are received for such work within the estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment, or any official designated by said Board, provided that any of said bids is within the amount authorized and available for such work, provided, however, the purchase of the equipment, or the letting of the contract be not made until after the approval of the contract, plans and specifications by the Corporation Counsel, after a determination of the question of necessity of action under section 1554 of the charter.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Bellevue and Allied Hospitals—Approval of Plans, Specifications, Etc. (Cal. No. 46).

The Secretary presented a communication dated June 8, 1914, from the Board of Trustees of Bellevue and Allied Hospitals requesting approval of plans and specifications for the construction of new floors and shelter on roof wards of pavilions A and B of the New Bellevue Hospital; and the following report of the Bureau of Contract Supervision recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 12, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On June 8, 1914, the Board of Trustees, Bellevue and Allied Hospitals, requested approval of the form of contract, plans, specifications and the estimate of cost in the sum of $7,500 for the construction of new floors and shelter on the roof wards of pavilions A and B of the New Bellevue Hospital. The cost is to be charged to the corporate stock fund entitled "C. B. H. 10, Bellevue and Allied Hospitals, New Bellevue Hospital—Construction of."

The appropriation of $500,000 for the fund was approved by the Board of Estimate and Apportionment on July 2, 1909, and by the Board of Aldermen on July 13, 1909, The appropriation was reduced to $400,000 by resolution of the Board of Estimate and Apportionment on June 5, 1913, and concurred in by the Board of Aldermen on June 10, 1913. On January 11, 1915, there remained an unencumbered balance of $91,306.97 in the fund.

The recently completed contract of Daniel J. Ryan for new roof wards on pavilions A and B, Bellevue Hospital, provided for wooden slat floors under the shelter roofs. These wooden floors were omitted and the proposed contract provides for the construction of a fireproof tile roof above the original roof of the building to take the place of the omitted wooden slat floors. Two additional shelter roofs are also provided to form a passageway from the roof wards to the shelters.

The estimated cost of this work is not excessive.

I recommend that the request be approved by the adoption of the attached resolution. Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, plans, specifications and the estimate of cost in the sum of seven thousand five hundred dollars ($7,500) for new floors and shelter on roof wards of Pavilions A and B, Bellevue Hospital, under the jurisdiction of the Board of Trustees of Bellevue and Allied Hospitals, the cost to be charged against the corporate stock fund entitled "C. B. H. 10, Bellevue and Allied Hospitals, New Bellevue Hospital, Construction of."

If no bids are received for such work within such estimated cost the amount of such estimated cost upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment, provided that any of said bids is within the amount authorized and available for such work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Public Charities—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 47).

The Secretary presented a communication dated November 25, 1914, from the Commissioner of Public Charities, requesting the approval of form of contract, plans, specifications, etc., for all labor and materials required for the installation of new steam lines for carrying exhaust steam from the power house of the Kings County Hospital, Brooklyn, to certain buildings of that institution, at an estimated cost of $4,500; and the following report of the Bureau of Contract Supervision recommending approval thereof at an estimated cost of $3,000:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 12, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On November 30, 1914, you referred to the Bureau of Contract Supervision a communication from the Department of Public Charities, dated November 25, 1914, requesting approval of the form of contract, plans, specifications and estimate of cost in the sum of $4,500 for all labor and materials required for the installation of new steam lines for carrying exhaust steam from the power house of the Kings County Hospital, Brooklyn, to certain buildings of that institution.

At the suggestion of this bureau the Commissioner of Public Charities agreed to modify the original plan and under date of January 5, 1915, the request was submitted in a modified form.

It is proposed to charge the cost of this work to the corporate stock fund entitled "C. C. H.—39-H, Extension to the Main Heating Tunnel, Kings County Hospital."

The appropriation of $17,000 for the fund was approved by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen on July 25, 1911.

On January 12, 1915, there remained an unencumbered balance of $5,975 in the fund.

The installation of the service mains and connections provided for in this contract will make possible the utilization, for heating purposes, of the exhaust steam from the electric generating engines, which is now wasted.

The Department of Public Charities estimates this waste as amounting to not less than $7,500 per year.

As originally submitted the contract provided for piping the exhaust steam to five buildings of the institution, the mains being laid, as far as possible, in the present tunnel, parallel to the present high pressure mains.

In the absence of definite information regarding the amount of exhaust steam which can be made available for heating purposes the Commissioner of Public Charities has modified the original request to the extent of confining the work to be done under this contract to the two buildings nearest the power house; namely, the new west wing and the children's pavilion.

This change will materially reduce the present cost of the work, while it will in no way interfere with extensions to the system in the future should it be found, upon trial, that there is still opportunity for further economy in operating methods.

The main items of the contract are as follows:

The installation in the present tunnel and power house of about two hundred feet of ten-inch and twenty-five feet of five-inch steam pipe; forty feet of five-inch and twenty-five feet of four-inch steam pipe in vitrified pipe conduit; connections with exhaust steam main in the power house and with the present heating systems in the buildings; oil separator and valves.

Inasmuch as the work involves an extension to the heating system in the present tunnel it is properly chargeable to the fund "C. C. H.—39-H."

The form of contract, plans and specifications are satisfactory and the estimate of cost reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted July 11, 1912, hereby approves the form of contract, plans and specifications for all labor and material required for the installation of new steam lines for carrying exhaust steam from the power house of the Kings County Hospital, Borough of Brooklyn, to certain buildings of this institution, under the jurisdiction of the Department of Public Charities, at an estimated cost of three thousand dollars ($3,000), the cost to be charged to the corporate stock fund entitled "C. C. H.—39-H, Extension to the Main Heating Tunnel, Kings County Hospital"; and be it further

Resolved, That if no bids are received for such work within such estimated cost the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment, or any official acting in its behalf, provided that any of such bids is within the amount authorized and available for such work.

Department of Education—Approval of Contract, Specifications, Etc. (Cal. No. 48).

The Secretary presented a communication dated October 5, 1914, from the Secretary, Board of Education, requesting approval of the contract, specifications etc., for installing electric ash hoists in various school buildings in the Borough of The Bronx, at an estimated cost of $3,764; and the following report of the Bureau of Contract Supervision recommending approval thereof at an estimated cost of $3,464:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 8, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On October 5, 1914, you referred to the Bureau of Contract Supervision a communication from the Board of Education requesting approval of the form of contract, specifications and estimates of cost for installing electric ash hoists in various school buildings in the Borough of The Bronx, as follows:

Public School	Cost Chargeable to.	Estimated Cost.
45, The Bronx.....	C. D. E.—110D, Sub-title 4.....	$1,000 00
50, The Bronx.....	C. D. E.—110G, Sub-title 7.....	1,000 00
52, The Bronx.....	C. D. E.—110E, Sub-title 5.....	764 00
53, The Bronx.....	C. D. E.—110H, Sub-title 8.....	1,000 00

The authorization and status of these corporate stock funds are as follows:

Code.	Total Authorization.	Approved by Board of Estimate.	Approved by Board of Aldermen.	Unencumbered Balance, Dec. 31, 1914.
C. D. E.—110D.....	$385,630 00	May 4, 1911	.....	$1,396 28
C. D. E—110E.....	366,030 00	July 17, 1911	July 25, 1911	2,039 67
C. D. E.—110G.....	385,630 00	July 17, 1911	July 25, 1911	4,418 91
C. D. E.—110H.....	366,030 00	July 17, 1911	July 25, 1911	16,547 25

These buildings are of recent construction. The electric ash hoist is part of the equipment necessary to complete the heating and ventilating apparatus at these buildings.

The approximate heights from cellar floor to sidewalk level are as follows:

Public School 45, fourteen feet.
Public School 50, eleven feet five inches.
Public School 52, thirteen feet five inches.
Public School 53, thirteen feet eight inches.

There are four boilers in each building using No. 1 buckwheat coal. The ashes to be removed fill from fifteen to thirty cans per day according to weather conditions.

The hoisting outfit consists of a five horsepower electric motor, electric starter, wiring, switches, platform and guides. The capacity will be 1,500 pounds, at a speed of 30 feet per minute.

The form of contract and specifications are standardized as far as possible, are similar to those used for the installation of electric ash hoists in other buildings and are satisfactory.

The estimates of cost, as indicated by the contract prices for similar ash hoists at other school buildings, are slightly high, $900 being more reasonable for those for which $1,000 are requested.

These hoists are necessary in order to promptly and efficiently dispose of the ashes resulting from the operation of the plants.

I recommend the adoption of the attached resolution granting the request with the estimates of cost reduced, as stated. Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, specifications, plans and estimates of cost for installing electric ash hoists in Public Schools 45, 50, 52 and 53, Borough of The Bronx, under the jurisdiction of the Department of Education, as follows:

Public School 45, estimated cost nine hundred dollars ($900), to be charged to the corporate stock fund entitled "C. D. E. 110—D, School Building Fund, Construction and Equipment, The Bronx, Sub-title 4";

Public School 50, estimated cost nine hundred dollars ($900), to be charged to the corporate stock fund entitled "C. D. E. 110—G, School Buildings, Construction and Equipment, The Bronx, Sub-title 7";

Public School 52, estimated cost seven hundred and sixty-four dollars ($764), to be charged to the corporate stock fund entitled "C. D. E. 110—E, School Buildings, Construction and Equipment, The Bronx, Sub-title 5";

Public School 53, estimated cost nine hundred dollars ($900), to be charged to the corporate stock fund entitled "C. D. E. 110—H, School Buildings, Construction and Equipment, Sub-title 8."

—and be it further

Resolved, That in the event that the aggregate sum of the lowest bids received for the four items is equal to or less than the aggregate sum of the four items herein approved (although the amount of the lowest bid for one or more items may exceed the amount approved for said item or items), then the awards for the four items, provided all are awarded, may be made without further approval by the Board of Estimate and Apportionment; and be it further

Resolved, That in the event that the aggregate sum of the lowest bids received for the four items exceeds the aggregate sum of the four items herein approved, no award for any item shall be made, and the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment, or by any official designated by the Board, provided that any of such bids is within the amount authorized and available for such work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Approval of Plans, Specifications, Etc. (Cal. No. 49).

The Secretary presented a communication, dated September 15, 1914, from the Secretary, Board of Education, requesting approval of plans and specifications for improvements in Public School No. 36, The Bronx, at an estimated cost of $3,985; and the following report of the Bureau of Contract Supervision recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 13, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On September 17, 1914, you referred to the Bureau of Contract Supervision a communication from the Board of Education dated September 15, 1914, requesting approval of the form of contract, specifications, plans and estimate of cost, $3,985, for Excavation, Building Retaining Walls and Steps, Laying Pavements, etc., at Public School No. 36, Borough of The Bronx.

It is proposed to charge the cost to the corporate stock fund entitled "C. D. E.—11, School House Fund, Boroughs of Manhattan and The Bronx." On January 13, 1915, an unencumbered cash balance of $14,249.95 remained in the fund.

The work to be performed consists of excavating and building retaining walls on the building lines of 177th street, Watson avenue, Castle Hill avenue and Blackrock avenue. These retaining walls are made necessary by the change of grade which has lowered the streets from their original level. Steps are to be constructed at the gateways and the unpaved part of the yards is to be paved with concrete with all required drainage. The sidewalks on all sides are also to be concreted.

Upon examination of the site of the proposed work it is found that the new sidewalks will replace sidewalks now laid on the four streets mentioned. The estimated cost of the replaced work is $440. This should be charged to 1915 budget funds, "Code No. 936, General Repairs, Borough of The Bronx." The balance of the cost represents the cost of new work and is a proper corporate stock charge.

The form of contract, specifications and plans are satisfactory. The estimate of cost has been checked in detail by the Bureau of Contract Supervision and is reasonable.

I recommend the adoption of the attached resolution granting the request, and dividing the charges as stated.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, specifications, plans and estimates of cost for work under the jurisdiction of the Department of Education.

Excavation, Building Retaining Walls and Steps, Laying Pavements, etc., at Public School 36, Borough of The Bronx, estimated cost, three thousand nine hundred and eighty-five dollars ($3,985),

—the cost, or the same proportionate amounts of the lowest bid received, to be charged as follows:

$3,545 to corporate stock fund "C. D. E.—11, School House Fund, Boroughs of Manhattan and The Bronx,"

$440 to 1915 budget fund, "Code No. 936, General Repairs, Borough of The Bronx,"

—and be it further

Resolved, That if no bids are received for such work within such estimated cost the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment or by any official designated by the Board, provided that any of such bids is within the amount authorized and available for such work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Public Recreation Commission—Approval of Contracts (Cal. No. 50).

The Secretary presented a communication, dated November 10, 1914, from the Acting Secretary, Public Recreation Commission, requesting approval of the preliminary and final contracts with Henry B. Herts, Architect, for services in preparing plans, etc., for a proposed field house to be located in the Betsy Head Memorial Playground in Brownsville, Brooklyn, at an estimated cost of $475; and the following report of the Bureau of Contract Supervision recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 12, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On November 11, 1914, you referred to the Bureau of Contract Supervision a communication from the Public Recreation Commission, dated November 10, 1914, requesting approval of the proposed preliminary and final contracts for the services of Henry B. Herts, as architect, in connection with the construction of a field house located in the Betsy Head Memorial Playground, in Brownsville, Brooklyn. A report on this matter was not made at an earlier date as the Board of Estimate and Apportionment did not authorize the transfer of funds for this work until January 8, 1915.

The proposed preliminary contract with Mr. Herts calls for the preparation of preliminary drawings and specifications and detailed estimates of the total cost of the field house. This contract provides for the payment of $237.50 for architect's services, being 1¼ per cent. of the estimated cost of the work.

The final contract provides for the preparation of complete plans and specifications and for the supervision of the construction of the proposed field house.

The total estimated cost of the completed building, including plumbing, heating, lighting and architect's fees, but not including furniture or other movable fittings, is $19,000.

The cost of the services required of the architect by the final contract, as submitted by the Public Recreation Committee, is six per cent. of the total cost of the work of constructing the field house complete, said six per cent. to include the payment made on account of the preliminary contract.

In the original contract, made with Mr. Herts, a fee of six per cent. on the total cost of construction was allowed for architect's services, this fee having been recommended, as the work involved, not only the planning and supervision of constructing buildings and swimming pool, but also the landscape features of a reasonably large project. On January 9, 1914, the Board of Estimate and Apportionment approved a contract for architect's services for the Richmond County Court House at six per cent., but in this case the fee was recommended as a flat rate, no extras being allowed for specialists. On June 5, 1914, the Board of Estimate approved an architect's contract for six per cent. for the improvement of the athletic grounds in connection with the construction of a stadium for the College of the City of New York. This fee was recommended because of the landscape features being a prominent part of the work involved. It is believed that in this case, namely, the erection of a field house as an additional building in the development of the Betsy Head Memorial Playground, that in view of the fact that there are no landscape features involved, a fee of five per cent. on the total cost of constructing is recommended as reasonable.

The cost of constructing the field house is to be paid from the interest on a bequest of $187,746.84 to the City of New York "for purposes of health and recreation, within or near said City," entitled "Legacy of Betsy Head, of Islip, Long Island, Code T14."

On January 8, 1915, the Board of Estimate and Apportionment transferred to this account for this purpose the sum of $19,000, which represents the accrued interest.

The form of contract is satisfactory.

I recommend that the request be approved by the adoption of the attached resolutions. Respectfully, TILDEN ADAMSON, Director.

Mr. Stewart Brown appeared in this matter.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of March 28, 1912, hereby approves the form of preliminary contract with Henry B. Herts for his services as architect for the preliminary drawings and specifications and estimate of cost of a proposed field house to be located in the Betsy Head Memorial Ployground, in Brownsville, Brooklyn, under the jurisdiction of the Public Recreation Commission, provided that the fee for architect's services shall be two hundred and thirty-seven dollars and fifty cents ($237.50), being one and one-quarter per cent. (1¼%) of the total estimated cost of the work, the cost to be charged to the fund entitled "Legacy of Betsy Head of Islip, Long Island, Code T14."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Negative—The President of the Borough of The Bronx—1.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of March 28, 1912, hereby approves the form of final contract for the preparation of complete plans and specifications and for the supervision of the construction of a proposed field house, to be located in the Betsy Head Memorial Playground, in Brownsville, Brooklyn, under the jurisdiction of the Public Recreation Commission, provided that the professional fee shall be five per cent. (5%) of the total cost of the work for which the architect is directed to prepare said plans and specifications, said five per cent. (5%) fee to include the two hundred and thirty-seven dollars and fifty cents ($237.50) paid on preliminary contract and all fees for consulting engineers and experts of all kinds, the cost to be charged to the fund entitled "Legacy of Betsy Head, of Islip, Long Island, Code T14."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Negative—The President of the Borough of The Bronx—1.

Bureau of Records and Minutes.

Approved Papers—Changes in the City Map (Cal. No. 51).

The following reports from the Secretary of the Board were ordered printed in the minutes and filed:

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, January 15, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—I beg to inform you that on January 6, 1915, his Honor, the Mayor, approved a resolution adopted by the Board of Estimate and Apportionment on April 17, 1914, changing the street system within the territory bounded by Laurel Hill Avenue, Jackson Avenue, Woodside Avenue and Dreyer Avenue, Borough of Queens.

This resolution was adopted with the understanding that the Mayor would withhold his signature therefrom until such time as the Stuyvesant Real Estate Company presented a stipulation, in form satisfactory to the Corporation Counsel, and of such a character as to insure the construction of bridges required at Laurel Hill Avenue, Amityville Street and Gosman Avenue, without expense to the City. This stipulation has now been executed by all the parties thereto. Respectfully,

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, January 15, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—I beg to inform you that upon the dates hereinafter mentioned his Honor, the Mayor, approved the resolutions adopted by the Board of Estimate and Apportionment on December 23, 1914, changing the map or plan of the City of New York as follows:

144. By establishing the lines and grades of Forster Place, between Broadway and Huxley Avenue, Borough of The Bronx, approved by the Mayor on January 6, 1915.

145. By changing the grades of West 183d Street, between Grand Avenue and Jerome Avenue, and of Davidson Avenue, between Buchanan Place and Evelyn Place, Borough of The Bronx; approved by the Mayor on January 8, 1915.

146. By changing the grades of East 177th Street, between Rosedale Avenue and Noble Avenue, Borough of The Bronx; approved by the Mayor on January 8, 1915.

147. By establishing the lines and grades of the street system within the area designated as Section 125 of the Final Maps, bounded approximately by Iroquois Street, Fairfield Avenue, Merrimac Avenue, Wortman Avenue, Boyd Avenue, South Conduit Avenue, Galveston Avenue, Cozine Avenue, Channel Street, Vandalia Avenue, Cohancy Avenue, Dunham Avenue, Killarney Avenue, Flynn Avenue, Woodhaven Avenue, Grimm Avenue, Potomac Street, Egan Avenue, Merrimac Avenue and Dunham Avenue, Borough of Queens; approved by the Mayor on January 8, 1915.

148. By changing the lines of Bayreuth Street, between Murray Street and Dutchess Street, Borough of Queens; approved by the Mayor on January 8, 1915.

149. By establishing the lines and grades of the street system within the area covering a Portion of Final Map of Section 127, bounded approximately by Passaic Street, Roanoke Avenue, Miriam Avenue, Liberty Avenue, Baker Avenue, Blanco Place, Van Wyck Avenue, Warburton Avenue, Atfield Avenue, Vistula Avenue, Warren Street, Ulster Avenue, Shoshone Street, Tuckahoe Avenue, Quebec Street and Suwanee Avenue, Borough of Queens; approved by the Mayor on January 8, 1915.

Respectfully, JOSEPH HAAG, Secretary.

Laurel Hill Avenue, Gosman Avenue and Amityville Street Over the Right of Way and Tracks of the Long Island Railroad Company, Borough of Queens—Changing Street System and Construction of Highway Bridges; Executed Agreement Between Stuyvesant Real Estate Company, the Long Island Railroad Company and The City of New York (Cal. No. 52).

(On April 17, 1914, the Board adopted a resolution changing the map of the City by changing the lines and grades of the street system within the territory bounded by Laurel Hill Avenue, Jackson Avenue, Woodside Avenue and Dreyer Avenue Borough of Queens, and the Mayor was requested to withhold his approval of the resolution until the Stuyvesant Real Estate Company and the Long Island Railroad Company had executed an agreement with the City providing for carrying bridges over Laurel Hill Avenue, Amityville Street and Gosman Avenue, without expense to the City. The agreement was approved by the Board on July 30, 1914, and has been executed by all the parties hereto.)

The Secretary presented the following communication and agreement, which were ordered printed in the minutes and filed:

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, January 15, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—I submit herewith for publication in the records of the proceedings of the Board an executed agreement between the Stuyvesant Real Estate Company, the Long Island Railroad Company and The City of New York in the matter of a change in the street system requiring the construction of highway bridges to carry Laurel Hill Avenue, Gosman Avenue and Amityville Street over the right of way and tracks of the Long Island Railroad Company, in the Borough of Queens.

Respectfully, JOSEPH HAAG, Secretary.

This agreement, made this 31st day of August, 1914, between the Stuyvesant Real Estate Company, party of the first part, The City of New York, party of the second part, and the Long Island Railroad Company, party of the third part, witnesseth:

Whereas, The Stuyvesant Real Estate Company and the Long Island Railroad Company are the owners of a large part of the property bounded by Laurel Hill Avenue, Jackson Avenue, Woodside Avenue and Dreyer Avenue, in the Borough of Queens, City of New York, and will be benefited by the change in the street system adopted by the Board of Estimate and Apportionment in the resolution hereinafter set forth:

Whereas, Said change in the street system would require the construction of the following bridges:

(1) A highway bridge to carry Laurel Hill Avenue over the right of way and tracks of the Long Island Railroad Company, at a point about 580 feet south of Jackson Avenue.

(2) A highway bridge to carry Gosman Avenue over the right of way and branch tracks of the Long Island Railroad Company at a point about 410 feet south of Jackson Avenue, and

(3) A highway bridge to carry Amityville Street over the right of way and branch tracks of the Long Island Railroad Company at a point about 170 feet east of Laurel Hill Avenue, First Ward, Borough of Queens, City of New York.

Whereas, The Board of Estimate and Apportionment of The City of New York, at its meeting on the 17th day of April, 1914, passed and adopted the following resolution:

"Whereas, At a meeting of this Board held on the 13th day of March, 1914, a resolution was adopted proposing to change the map or plan of The City of New York so as to change the street system within the territory bounded by Laurel Hill Avenue, Jackson Avenue, Woodside Avenue and Dreyer Avenue, in the Borough of Queens, City of New York, and appointing a hearing at a meeting of this Board, to be held on the 17th day of April, 1914, at 10.30 o'clock A. M., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place

at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 17th day of April, 1914; and

"Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolution and notice have been published in the CITY RECORD for ten days prior to the 17th day of April, 1914; and

"Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now, therefore, be it

"Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the street system within the territory bounded by Laurel Hill Avenue, Jackson Avenue, Woodside Avenue and Dreyer Avenue, in the Borough of Queens, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the President of the Borough, and dated October 10, 1913."

—and,

Whereas, The action of approval by the Board of Estimate and Apportionment recommended that approval by the Mayor of The City of New York be withheld until such time as the Stuyvesant Real Estate Company executed a stipulation in form satisfactory to the Corporation Counsel, insuring the construction of said bridges on Laurel Hill Avenue, Gosman Avenue and Amityville Street without cost to the City and their transfer to the City.

Now, Therefore, in consideration of the premises and the mutual covenants each to the other made, and the sum of one dollar each to the others paid at the delivery hereof and in consideration of the approval by the Mayor of The City of New York of the action of the Board of Estimate and Apportionment, changing the street system within the territory bounded by Laurel Hill Avenue, Jackson Avenue, Woodside Avenue and Dreyer Avenue, in the Borough of Queens, City of New York, it is hereby stipulated and agreed:

1. The Stuyvesant Real Estate Company, its successors and assigns, upon the approval by the Mayor of The City of New York, of the said action of the Board of Estimate and Apportionment, and within six months after notice of a resolution of the Board of Estimate and Apportionment directing it to construct over Laurel Hill Avenue, Gosman Avenue and Amityville Street, or any of them, a highway bridge or bridges over the full width of the street, or at such lesser width as may be approved by the Board of Estimate and Apportionment, will complete the construction on said Avenue, Avenues or Street, at its own expense, a highway bridge or bridges of the full width of the street, or at such lesser width as may be approved by the Board of Estimate and Apportionment, including the pavement of the roadways and sidewalks thereof and will immediately upon the completion of said bridges or any of them convey the same to The City of New York. The character and location of said bridges are more particularly described as follows:

A—A highway bridge to carry Laurel Hill Avenue over the right of way and tracks of the Long Island Railroad Company at a point about five hundred and eighty feet south of Jackson Avenue.

B—A highway bridge to carry Gosman Avenue over the right of way and branch tracks of Long Island Railroad Company at a point about four hundred and ten feet south of Jackson Avenue.

C—A highway bridge to carry Amityville Street over the right of way and branch tracks of the Long Island Railroad Company at a point about one hundred and seventy feet east of Laurel Hill Avenue, First Ward, Borough of Queens, City of New York.

2. It is further stipulated and agreed that the said bridge or bridges shall be built according to the plans prepared by or at the expense of the Stuyvesant Real Estate Company, satisfactory to and approved by the Board of Estimate and Apportionment; and shall be so designed as to conform with standard practice.

3. It is stipulated and agreed that the framework of the said bridge or bridges and its or their abutments shall be maintained and kept in repair by the Long Island Railroad Company and that the roadway thereover and the approaches thereto shall be maintained and kept in repair by The City of New York.

4. The Long Island Railroad Company, for itself, its successors and assigns, does hereby covenant and agree to and with The City of New York that it will, when requested by the Board of Estimate and Apportionment, grant to The City of New York any and all necessary easements for the construction of the said highway bridges over its property and land at the locations aforementioned.

5. The Stuyvesant Real Estate Company hereby covenants and agrees for itself, its successors and assigns, that it will assume and hereby does assume all liability for any and all change of grade damage occasioned by reason of the elevation established for each of said bridges, and the expenses incurred in grading the approaches thereto in so far as the same are increased by reason of the construction of these various cross-overs.

6. It is hereby stipulated and agreed that the said Stuyvesant Real Estate Company shall indemnify and save harmless The City of New York against and from all damages and costs to which it may be put by reason of injury to the person or property of another or others resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper materials used in its construction, or by or on account of any act or omission of the said Stuyvesant Real Estate Company or the agents thereof, and the said Stuyvesant Real Estate Company shall take all necessary precautions while constructing the above bridges and place proper guards for the prevention of accidents, and put up and keep at night suitable and sufficient lights.

In witness whereof, the Stuyvesant Real Estate Company, the Long Island Railroad Company and The City of New York, acting through its Mayor, have caused their respective corporate seals to be hereunto affixed and duly attested, and these presents to be executed on their behalf by their respective Presidents or Vice-Presidents or Mayor the day and year first above written.

Hudson Freight Terminal Company (Cal. No. 53).

Application for a franchise to construct, maintain and operate a four track subway from Chambers Street, through Hudson Street to 14th Street, through 11th Avenue to 72d Street and to connect with the New York Central and Hudson River Railroad at that point, with spurs to the Hudson River; also for the right to lease from the City the river front from 38th to 42d Streets and to open that part of 12th Avenue to build river piers to accommodate commercial vessels engaged in foreign and domestic trade with the port of New York.

At the meeting of December 23, 1914 (Cal. No. 71), this application was referred to the Committee on Port and Terminal Facilities.

The Secretary presented the following:

Committee on Port and Terminal Facilities, January 11, 1915.

Secretary's Report—Hudson Freight Terminal Company, application for franchise (December 23, 1914, Calendar No. 71).

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

Sir—After consideration by this Committee, at a meeting held on January 5th, 1915, of the application of the Hudson Freight Terminal Company for a franchise to build and operate a four track subway on the west side of Manhattan, dated October 7, 1914; and by the Board of Estimate and Apportionment, referred to this Committee on December 23, 1914, Calendar No. 71, it was decided, and the Chairman, Hon. William A. Prendergast, instructed that the Secretary report back to the Board of Estimate and Apportionment, that in the opinion of the Committee this application should be referred to the Bureau of Franchises.

The Secretary so reports, and requests on behalf of the Committee that the Board of Estimate and Apportionment refer the application of the Hudson Freight Terminal Company, dated October 7, 1914 (Cal. No. 71, December 23, 1914), be re-referred to the Bureau of Franchises.

Respectfully submitted, KERNER EASTON, Secretary.

The application was referred to the Bureau of Franchises.

Department of Street Cleaning—Protest Against Garbage Collecting Station and Stable on Montgomery Street and Nostrand Avenue, Brooklyn (Cal. No. 54).

The Secretary presented a report of the Commissioner of Street Cleaning in the matter of a communication from D. W. Hyland, of the Committee on Streets of the 24th Ward Board of Trade, Brooklyn, protesting against the maintenance by the Department of Street Cleaning of a garbage collecting station and stable on Montgomery Street and Nostrand Avenue, Borough of Brooklyn.

The Commissioner states that similar protests have been made against the location of this station and the matter is receiving due consideration.

(On January 8, 1915 (Cal. No. 87), the above communication was referred to the Commissioner of Street Cleaning for report.)

Which was ordered filed, and the Secretary directed to advise Mr. D. W. Hyland of the action of the Board.

Rapid Transit Railway (Cal. No. 55).

Modification of Seventh and Eighth Avenue Route.

The Secretary presented the following:

Public Service Commission for the First District, January 8, 1915.

To the Board of Estimate and Apportionment of The City of New York:

The Public Service Commission for the First District transmits herewith to your Honorable Board for your approval and the approval of the Mayor of the City, as required by law, a certified copy of resolutions adopted by it on January 8, 1915, amending the route or routes and general plan of construction for the Seventh and Eighth Avenue Route (Route No. 4), so as to provide for a passageway and station approaches in and under West Fortieth Street, between Broadway and Seventh Avenue to connect the station on Broadway with the station on Seventh Avenue and to afford access to and egress from said stations or either of them. The present general plan of construction provides that stations or station approaches may be built under cross streets, but that no part of any cross street shall be used for a station approach at a distance greater than seventy-five (75) feet from the exterior line or side of the longitudinal street of the route. Under this provision seventy-five (75) feet of the proposed passageway from the station on Broadway to the station on Seventh Avenue could be constructed at each end of the passageway next to Broadway and Seventh Avenue, but in order that no question may be raised as to the right of the Commission to build the intermediate portion of the passageway the Commission has deemed it advisable to adopt the amendment to the route or routes and general plan of construction herewith transmitted for approval.

Dated January 8, 1915.

Public Service Commission for the First District—Consent to Award of Contract to the Upper Hudson Stone Company for the Supply of Three-quarter Commercial Limestone Ballast for Use in Construction of Rapid Transit Railroads; and Issue of Corporate Stock Therefor (Cal. No. 62).

The President of the Board of Aldermen stated that he had received a communication from the Public Service Commission for the First District requesting immediate action in this matter.

The Secretary presented the following requisition and agreement from the Public Service Commission for the First District; and report of the Comptroller recommending approval thereof:

Public Service Commission for the First District, 154 Nassau Street, New York, January 12, 1915.

To the Board of Estimate and Apportionment of The City of New York:

The Public Service Commission for the First District herewith transmits to you for your consent as required by law a proposed contract between The City of New York and Upper Hudson Stone Company for the supply of three-quarter commercial limestone ballast for use in the construction of rapid transit railroads.

The Public Service Commission for the First District requests your Honorable Board to consent to said contract herewith transmitted and to prescribe a limit to the amount of bonds available to meet the requirements of the City's obligation under said Contract, to wit, the sum of Nine thousand nine hundred and seventy-five Dollars ($9,975), and also to direct the Comptroller of The City of New York to issue the bonds of said City at such a rate of interest as the Commissioners of the Sinking Fund of said City may prescribe for the purpose of providing the necessary means to meet the City's obligation under said Contract, to wit, the sum of Nine thousand nine hundred and seventy-five Dollars ($9,975).

The Public Service Commission for the First District does hereby, pursuant to Section 45 of the Greater New York Charter, make requisition for the authorization of such corporate stock for the full amount sufficient to pay the entire estimated expense to the City of executing such Contract, to wit, the sum of Nine thousand nine hundred and seventy-five Dollars ($9,975).

This requisition is a sub-requisition on account of and not in addition to the requisition made by the Public Service Commission for the First Distrct under date of March 18, 1913, upon your Honorable Board for Sixty Million Dollars ($60,000,000) for the purpose of carrying out the Contract dated March 19, 1913, known as Contract No. 4, between The City of New York, acting by the Public Service Commission for the First District, and New York Municipal Railway Corporation, for additional rapid transit railroads and the appropriation made thereunder by your Honorable Board on March 18, 1913.

In Witness Whereof the Public Service Commission for the First District has caused its official seal to be hereto affixed and attested by its Secretary, and these presents to be signed by its Chairman the 12th day of January, 1915.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by EDWARD E. McCALL, Chairman.

Attest: TRAVIS H. WHITNEY, Secretary.

Agreement made this — day of January, 1915, between The City of New York (hereinafter referred to as the "City"), acting by the Public Service Commission for the First District (hereinafter referred to as the "Commission"), party of the first part, and Upper Hudson Stone Company, a corporation of the State of New York (hereinafter referred to as the "Contractor"), party of the second part:

Whereas, it is necessary for the City to obtain without delay ballast for use in the installation of tracks in a portion of the Broadway-Fourth Avenue Line referred to in the contract known as Contract No. 4, dated March 19, 1913, between the City and New York Municipal Railway Corporation for additional rapid transit railroads; and

Whereas, the Contractor has in storage at its local storeyard at 52d Street and Hudson River, in the Borough of Manhattan, in the City of New York, about fifteen thousand (15,000) cubic yards, more or less, of the ballast of the kind known as three-quarter commercial limestone ballast; and

Whereas, the Contractor is willing to give to the City the right or option to select such part and such quantities of this ballast as the City may desire and to deliver the same at the City's Store Yard for the sum of ninety-five cents ($0.95) per cubic yard, and the City is willing to accept such option and to pay for all ballast so selected and delivered at said price, provided that the City shall take at least one thousand (1,000) cubic yards of such ballast and that the total amount of such ballast to be delivered hereunder shall not exceed ten thousand five hundred (10,500) cubic yards; and

Whereas, the Rapid Transit Act, being Chapter 4 of the Laws of 1891, as amended by Chapter 540 of the Laws of 1913, authorizes the Commission to enter into a contract directly with a contractor without advertising for proposals where the estimated expense of such a contract does not exceed ten thousand ($10,000) dollars; and

Whereas, the estimated expense of this contract is less than ten thousand ($10,000) dollars; and

Whereas, the Contractor is willing to do the work hereinafter provided for and to provide the necessary labor and materials for the performance thereof, for the compensation hereinafter expressed; and

Whereas, this agreement has been approved by the Board of Estimate and Apportionment of the City;

Now therefore, in consideration of the premises and of the mutual stipulations hereinafter expressed, it is hereby agreed:

First—That the Contractor shall do all the work necessary and provide all the labor and material required for supplying the ballast hereinafter mentioned. The Contractor shall promptly ship to the City's Store Yard from time to time as and in the manner and in the quantities directed by the Engineer three-quarter commercial limestone ballast from the amount of such ballast in said local storeyard of the Contractor, and as such ballast is so shipped to and arrives at the City's Store Yard the City, acting by the Engineer, shall have the right and option to select and indicate the particular portion, if any, of each shipment which it desires and the Contractor shall thereupon deliver the portion so selected and indicated to the City free on board conveyance at the City's Store Yard. Ballast supplied hereunder shall be sound, hard, broken limestone, of the size known as three-quarter commercial limestone ballast, and shall withstand a crushing stress of not less than twelve thousand (12,000) pounds per cubic inch. The City shall accept and pay for at least one thousand (1,000) cubic yards of such ballast, provided the same be delivered as aforesaid and be of the quality specified. The total amount of ballast to be delivered hereunder shall not exceed ten thousand five hundred (10,500) cubic yards. The words "City's Store Yard" as used herein mean the City's Store Yard at the foot of 38th and 39th Streets, Brooklyn, New York. The word "Engineer" as used herein means the Chief Engineer or Acting Chief Engineer of the Commission for the time being or his representative.

Second—The ballast shall be delivered as and when directed by the Engineer as aforesaid and all deliveries shall be completed on or before April 1, 1915; provided, however, that such time may be extended by the Commission for good cause shown. The City will pay and the Contractor shall receive in full compensation for furnishing delivering the ballast free on board conveyance at the City's Store Yard as aforesaid (including all incidental work, labor, material and transportation) the sum of ninety-five cents ($0.95) per cubic yard of ballast delivered and accepted. On or before the end of each month payment shall be made to the Contractor for ballast delivered and accepted during the preceding month; and within thirty (30) days after completion of deliveries and certification thereof by the Engineer the final payment shall be made. Measurements shall be made for purposes of payments by the Engineer, whose estimates, measurements and decisions shall be final and conclusive and a condition precedent to the right of the Contractor to receive payments hereunder.

Third—The Contractor upon the delivery of this contract shall deposit with the Comptroller as security for the performance of his obligation a bond in the form hereto annexed entitled "Bond" executed by the Contractor and by two or more sureties to be corporations or persons approved by the Commission in the sum of five hundred dollars ($500). The Contractor may at his option, in lieu of depositing said bond, deposit as such security a certified check for five hundred dollars ($500) drawn upon a bank or trust company in New York City and payable to the order of the Comptroller of the City.

Fourth—The Contractor shall be solely responsible for all physical injuries to persons or property occurring on account of the work provided for hereunder and shall indemnify and save harmless the City from liability upon any and all claims for damages on account of injuries to person or property. The Contractor shall also be liable for all damage to the work during the course of construction.

Fifth—The Contractor shall not assign, transfer, convey, sublet or otherwise dispose of this contract or his right, title or interest in or to the same or any part thereof without the previous consent in writing of the Commission, and he shall not assign by Power of Attorney or otherwise any of the moneys to become due and payable under this contract unless by and with the like consent. If the Contractor shall without such previous written consent, assign, transfer, convey, sublet or otherwise dispose of this contract or of his right, title or interest therein or any of the moneys to become due under this contract, to any other person, company or corporation, this contract may at the option of the Commission be revoked and annulled and the City shall thereupon be relieved and discharged from any and all liability and obligations growing out of the same to the Contractor and to his assignee or transferee; and no right under this contract or to any money to become due hereunder shall be asserted against the City in law or in equity by reason of any so-called assignment of this contract or any part thereof or of any moneys to grow due hereunder unless authorized as aforesaid by the written consent of the Commission; provided that nothing herein contained shall be construed to hinder, prevent or affect an assignment by the Contractor for the benefit of his creditors made pursuant to the statutes of the State of New York.

Seventh—If at any time before or within thirty (30) days after the whole work agreed herein to be performed has been completed and accepted by the City, any person or persons claiming to have performed any labor or furnished any material toward the performance or completion of this contract shall file with the Commission and with the Comptroller any such notice as is described in the Lien Law, the City may retain from any moneys which would otherwise be payable to the Contractor hereunder by the City an amount or amounts sufficient to satisfy and discharge the amount in such notice claimed to be due, together with the costs of any action or actions brought to enforce such lien created by the filing of such notice, until such lien shall be discharged as provided by law. If such lien shall be foreclosed according to law, then the City may pay the amount necessary to satisfy such lien, with interest and costs, to the person entitled thereto, and such payment shall be deemed to be a payment hereunder to the Contractor by the City. If the amount or amounts so retained shall not be sufficient to satisfy such lien so foreclosed with interest and costs, the deficiency may be retained by the City out of any moneys thereafter becoming due to the Contractor hereunder.

Eighth—The City shall not, nor shall any department or officer thereof, be precluded or estopped by any return or certificate made or given by the Commission, any Engineer or other officer, agent or appointee thereof under any provision of this contract, from at any time either before or after the final completion and acceptance of the work and payment therefor pursuant to any such return or certificate, showing the true and correct amount, quality and character of the work done and materials furnished by the Contractor or any other person under this agreement or from showing at any time that any such return or certificate is untrue and incorrect or improperly made in any particular, or that the work and materials, or any part thereof, do not in fact conform to the specifications; and the City shall not be precluded or estopped, notwithstanding any such return or certificate and payment in accordance therewith, from demanding and recovering from the Contractor such damages as it may sustain by reason of his failure to comply with this contract or the specifications.

Ninth—If the work to be done under this contract shall be abandoned by the Contractor, or if this contract shall be assigned, or the work sublet by him, otherwise than as herein specified, or if at any time the Engineer shall be of the opinion, and shall so certify in writing to the Commission, that the performance of this contract is unnecessarily or unreasonably delayed, or that the Contractor is wilfully violating any of the provisions or covenants of this contract, or of the specifications, or is executing the same in bad faith or not in accordance with the terms thereof, or if the work be not fully completed within the time named in this contract for its completion, or within the time to which the completion of the contract may be extended by the Commission, the Commission may

(1) Notify the Contractor, by a written notice, to discontinue all work, or any part thereof, under this contract, and thereupon the Contractor shall discontinue the work, or such part thereof, and the Commission shall thereupon have the right to contract for the completion of the work in the manner prescribed by law, or to place such and so many persons as it may deem advisable, by contract or otherwise, to work, and complete the work herein described, or such part thereof, to take possession of and use any or all of the materials, plant, tools, equipment, supplies and property of every kind provided by the Contractor for the purpose of his work, and to procure other materials for the completion of the same, and to charge the expense of said labor and materials to the Contractor. The expense so charged shall be deducted and paid by the City out of such moneys as may be due or may at any time thereafter grow due to the Contractor under and by virtue of this contract, or any part thereof; and in case such expense shall exceed the amount which would have been payable under the contract if the same had been completed by the Contractor, he shall pay the amount of such excess to the City; and in case such expense shall be less than the amount which would have been payable under this contract if the same had been completed by the Contractor, he shall forfeit all claim to the difference; and when any particular part of the work is being carried on by the Commission, by contract or otherwise, under the provisions of this article of the contract, the Contractor shall continue the remainder of the work in conformity with the terms of this contract, and in such manner as in no wise to hinder or interfere with the persons or workmen employed, as above provided, by the Commission, by contract or otherwise, to do any part of the work, or to complete the same under the provisions of this article of the contract. And

(2) The City may also proceed as to the Commission shall seem proper upon the Bond or other security in its possession. And

(3) The City may also bring any suit or proceeding for specific performance or for injunction or to recover damages or to obtain any relief or for any purpose proper under this contract.

In witness whereof, The Public Service Commission for the First District, acting for and in behalf of The City of New York, has caused its official seal to be hereto affixed and attested by its Secretary and these presents to be signed by its Chairman, and Upper Hudson Stone Company has caused its corporate seal to be hereto affixed

and attested by its Secretary and these presents to be signed by its President, the day and year first above written.

McCall and Travis H. Whitney that they know the seal of the said Commission and that the same was affixed to the foregoing instrument by the authority of the said Commission and of a resolution duly adopted by the same.

State of New York, County of New York, ss.:

On this day of January, 1915, before me personally appeared , to me known, who, being by me first duly sworn, did depose and say: That he resides in , in the State of ; that he is President of Upper Hudson Stone Company, the corporation described in and which executed the foregoing instrument; that he knows the corporate seal of said company; that one of the seals affixed to said contract is such corporate seal, and that it was affixed thereto by order of the Board of Directors of said company, and that he signed his name thereto by like authority.

Approval by Corporation Counsel.

The foregoing agreement is hereby approved as to form.

Dated, New York, January 11th, 1915.

JOHN L. O'BRIEN, Acting Corporation Counsel.

Bond—Contract for Ballast, Broadway-Fourth Avenue Line.

Know all men by these presents, That Upper Hudson Stone Company, a corporation of the State of New York, hereinafter called the Contractor, and , hereinafter called the Sureties, are held and firmly bound unto The City of New York, hereinafter called the City, in the sum of five hundred ($500) dollars lawful money of the United States of America, to be paid to the City, for which payment well and truly to be made the Contractor and the Sureties do hereby bind themselves and their, and each of their, executors, administrators, successors and assigns firmly by these presents, as follows: The Contractor to be so held and bound for the full amount of the said sum of five hundred ($500) dollars and each of the said Sureties to be so held and bound only for a portion of said sum as follows:

The said	for the sum of	dollars ($	);
the said	for the sum of	dollars ($	);
the said	for the sum of	dollars ($	);
the said	for the sum of	dollars ($	).

In witness whereof, the Contractor and the Sureties have hereunto set their hands and seals and such of them as are corporations have caused their respective seals to be hereto affixed and these presents to be attested by the proper officers, this day of January, 1915.

Whereas, The City by the Public Service Commission for the First District (hereinafter called the Commission) is about to enter into a contract with the Contractor bearing even date herewith for the supply of ballast for use in the construction of a rapid transit railroad, more particularly described in the said contract; and

Whereas, The City is about to enter into such contract with the Contractor upon the condition, and not otherwise, that this Bond shall be given to the City, and upon the faith thereof.

Now, therefore, the condition of the foregoing obligation is such that if the Contractor shall fully perform the said contract, then this obligation shall be null and void, but else it shall remain in full force and virtue.

It is expressly agreed between the City and the Sureties (and it is upon such agreement that the City accepts this Bond) that the Sureties will and do waive any and every notice of default on the part of the Contractor; that they will and do permit the City to extend the time of the Contractor to do any act; that no omission on the part of the City to give any notice of extension of time granted by or on behalf of the City shall be availed of by the Sureties or any of them as a defense upon this Bond; that the Sureties shall not set up or have any defense upon this Bond by reason of any alteration of the said contract unless such alteration shall be represented by a formal written instrument duly executed between the City and the Contractor which shall have been duly authorized by a vote of the Commission; and that in case of such alteration, however made, the same shall be a defense to the Sureties only to the extent of the actual injury or damage caused to the Sureties by said alteration.

City of New York, Board of Estimate and Apportionment, Bureau of Contract Supervision, January 15, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On January 12, 1915, the Public Service Commission for the First District transmitted for the consent of this Board a proposed contract to be entered into between The City of New York and the Upper Hudson Stone Company for the supply of commercial limestone ballast for use in the Fourth Avenue subway, Brooklyn, at an estimated cost of $9,975.

In its communication the Commission requested the Board of Estimate and Apportionment to prescribe the limit of $9,975 to the amount of bonds to be made available to meet the requirements of this proposed contract, said amount to be charged against the appropriation of $60,000,000 made by the Board on March 18, 1913.

This contract is presented for approval of award without competitive bidding under the authority conferred on the Commission where the estimated expense of the work does not exceed $10,000.

The Upper Hudson Stone Company secured the general ballast contract for 52,000 cubic yards last May at a price of $1.49 for specially screened stone. The City was unable to accept deliveries at the times specified. Ballast is now urgently needed in order to place in operation the local tracks of the Fourth Avenue subway, via the Manhattan Bridge, to 36th street, Brooklyn, by the end of February. Navigation on the Hudson River has been officially declared closed and the quarries have been shut down.

This emergency order for ballast provides for the acceptance of commercial three-quarter inch stone now on hand in the company's store yard at 52nd street and the Hudson River, and requires its delivery f. o. b. scow at the City's store yard at 39th street, Brooklyn, for a price of 95 cents per yard for from 1,000 to not to exceed 10,500 cubic yards. The stone is suitable for the purpose intended and the price very reasonable.

I recommend the adoption of the attached resolution consenting to the contract award, limiting the amount of bonds available and authorizing and directing the Comptroller to issue the necessary corporate stock. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 37 of the Rapid Transit Act, being chapter 4 of the Laws of 1891, as amended, and the provisions of section 45 of the Greater New York Charter, and the requisition of the Public Service Commission duly made by the Chairman and Secretary of said Commission on January 12, 1915, the Board of Estimate and Apportionment hereby consents to the proposed contract to be entered into between The City of New York, acting by the Public Service Commission for the First Dstrict, and the Upper Hudson Stone Company, for the supply of three-quarter commercial limestone ballast for use in the construction of rapid transit railroads, at an estimated cost of nine thousand nine hundred and seventy-five dollars ($9,975); and be it further

Resolved, That the Board of Estimate and Apportionment prescribes that the limit to the amount of proceeds of corporate stock available for such purposes shall be nine thousand nine hundred and seventy-five dollars ($9,975); and be it further

Resolved, That the Comptroller be and hereby is directed to issue corporate stock of The City of New York to the amount of nine thousand nine hundred and seventy-five dollars ($9,975) at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds, to the amount of the par value thereof, to be applied to the purposes mentioned in the communication of the Public Service Commission for the First District to this Board, dated January 12, 1915, said issue of corporate stock to be charged against the appropriation made by this Board on March 18, 1913, of sixty million dollars ($60,000,000) for the purpose of carrying out the contract dated March 19, 1913, known as Contract No. 4.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Water Supply, Gas and Electricity—Contracts for Lighting with Gas, Streets, Public Buildings and Parks During Year 1915 (Cal. No. 76).

The Secretary presented a communication dated January 4, 1915, from the Commissioner of Water Supply, Gas and Electricity, requesting the Board to designate the subdivisions of the City in which separate contracts may be let for the gas lighting of streets, public buildings and parks during the year 1915; and the following report of the Comptroller recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 14, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On January 12, 1915, the Commissioner of Water Supply, Gas and Electricity forwarded a communication requesting your Board to designate the subdivisions of the City in which separate contracts may be let for the gas lighting of streets, public buildings and parks during 1915.

Under section 530 of the Greater New York Charter, as amended, it is prescribed that—

"separate contracts shall be made for such lighting in each of the Boroughs of The City of New York, *or in such subdivision* of The City of New York that may appear to the Board of Estimate and Apportionment to be for the best interest of the City."

The Commissioner proposes seventeen subdivisions of the greater city, for fourteen of which the specified boundaries are practically the same geographically as those in which the various lighting companies operate.

In subdividing Manhattan this is not possible since the three companies who supply gas to the City, namely, the Consolidated Gas Company, the Standard Gas Light Company and the New York Mutual Light Company, all supply gas in the same districts. The mains of the three companies in some instances enter and supply gas to the same building. Because of this condition it is provided for each of these subdivisions that a company shall supply all public buildings within the Borough of Manhattan now supplied with gas by that company and such other buildings in the Borough reached by the mains of the company as the Commissioner may deem necessary.

I recommend that the request be granted inasmuch as similar practice in the past has proved beneficial to the City, and in all probability will be to the City's advantage in this case.

I therefore recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provision of Section 530 of the Greater New York Charter, as amended, the Commissioner of Water Supply, Gas and Electricity be and is hereby authorized and empowered to contract for gas lighting for the year 1915 in subdivision of the City as follows:

First Subdivision—All streets within the Borough of Manhattan where gas lamps are now installed; also all public buildings within said borough now supplied with gas by the Consolidated Gas Company; also such other public buildings in said borough reached by the mains of said company as the Commissioner may deem necessary.

Second Division—All public buildings within the Borough of Manhattan now supplied with gas by the Standard Gas Light Company, and such other public buildings in said Borough reached by the mains of said company as the Commissioner may deem necessary.

Third Subdivision—All public buildings within the Borough of Manhattan now supplied with gas by the New York Mutual Light Company, and such other public buildings in said borough reached by the mains of said company as the Commissioner may deem necessary.

Fourth Subdivision—All public buildings within the Borough of Manhattan now supplied with gas by the New Amsterdam Gas Company, and such other public buildings in said Borough reached by the mains of said company as the Commissioner may deem necessary.

Fifth Subdivision—That portion of the Borough of The Bronx composed of the old town of Kingsbridge.

Sixth Subdivision—That portion of the Borough of The Bronx composed of the old villages of Wakefield and Williamsbridge, also that portion of the Twenty-fourth Ward south of the dividing line between the old villages of Kingsbridge and West Farms.

Seventh Subdivision—That portion of the Borough of The Bronx composed of the Twenty-third Ward.

Eighth Subdivision—That portion of the Borough of Brooklyn composed of the First to the Twenty-eighth Wards, both inclusive, Windsor Terrace section of the Twenty-ninth Ward and the Thirty-second Ward.

Ninth Subdivision—That portion of the Borough of Brooklyn composed of the Twenty-ninth Ward except the section known as Windsor Terrace.

Tenth Subdivision—That portion of the Borough of Brooklyn composed of the Thirty-first Ward.

Eleventh Subdivision—All public buildings within the First Ward of the Borough of Queens.

Twelfth Subdivision—That portion of the Borough of Queens composed of the Second Ward.

Thirteenth Subdivision—That portion of the Borough of Queens composed of the old villages of Flushing, College Point, Whitestone and Bayside within the Third Ward.

Fourteenth Subdivision—That portion of the Borough of Queens composed of the old village of Jamaica in the Fourth Ward.

Fifteenth Subdivision—That portion of the Borough of Queens composed of the old village of Woodhaven in the Fourth Ward.

Sixteenth Subdivision—That portion of the Borough of Queens composed of the old village of Richmond Hill in the Fourth Ward.

Seventeenth Subdivision—The entire Borough of Richmond.

Provided, however, that nothing herein contained is intended to nor shall the same be construed nor deemed to recognize in or give to the companies effected by this resolution any right, claim or privilege other than those now enjoyed by said companies for the purpose of fulfilling the obligations in the contracts for lighting for the year 1915; the status of the City and of the said companies to remain entirely unaffected by this resolution.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Water Supply, Gas and Electricity—Issue of Corporate Stock (Cal. No. 77.)

The Secretary presented a communication, dated January 11, 1915, from the Commissioner of Water Supply, Gas and Electricity, in response to resolution adopted by the Board on October 30, 1914, requesting heads of Departments, etc., to review pending applications for the issue of corporate stock.

The Commissioner withdraws applications for the issue of corporate stock presented at various meetings of the Board during the years 1913 and 1914, as enumerated in said communication, and states that an estimate of corporate stock requirements will shortly be submitted to the Board for its consideration.

Which was ordered filed.

Department of Docks and Ferries—Proposed Bill Amending Chapter 776, Laws of 1911, as Amended by Chapter 521, Laws of 1913 (Cal. No. 78).

The Secretary presented the following:

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, January 11, 1915.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Sir—At the request of his Honor, the Mayor, I transmit herewith for the approval of the Board of Estimate and Apportionment a draft of an act to amend "New York City Freight Terminals Act," being Chapter 776 of the Laws of 1911, as amended by Chapter 521 of the Laws of 1913, in relation to acquisition and holding of stocks, bonds or other evidences of indebtedness of a corporation having a contract for the operation of terminal facilities in the Boroughs of Brooklyn and Queens, or either of them.

It is desirable that favorable action be taken on this at the next meeting of the Board. Very respectfully yours, R. A. C. SMITH, Commissioner of Docks.

AN ACT, to amend the "New York City Freight Terminals Act," in relation to acquisition and holding of stocks, bonds or other evidences of indebtedness of a corporation having a contract for the operation of terminal facilities in the Boroughs of Brooklyn and Queens, or either of them.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 8-b of chapter seven hundred and seventy-six of the laws of nineteen hundred and eleven, entitled "An Act to improve the water-front facilities of the city of New York, in relation to the receipt, delivery and shipment of freight," as added thereto by chapter five hundred and twenty-one of the laws of nineteen nundred and thirteen, is hereby amended to read as follows:

Sec. 8-b. If the board of estimate shall determine that municipal operation of any terminal facilities created under this act is inexpedient, it shall advertise for proposals for the privilege of constructing, equipping and operating the same, or for equipping and operating after construction by the city, or for operating after construction and equipment by the city, by a notice to be printed once a week for two successive weeks in not less than two daily newspapers, to be designated by the Mayor, and may require security from bidders for the execution of their bids, if accepted. Such notice shall describe the said terminal facilities in such terms as the board of estimate shall deem proper, and shall state the time and place at which proposals will be received and opened. All proposals shall undertake to equip said facilities, unless equipment shall have been provided by the city, and to maintain and operate said terminal facilities for a period not exceeding twenty-five years, with the privilege, however, of renewing said contract for a further period not exceeding twenty-five years upon terms to be readjusted as provided in said contract. Such proposals may offer to pay to the city for the use of such terminal facilities either (1) a fixed annual sum; or (2) a share of gross receipts; or (3) a share of net receipts. The board of estimate, or a duly appointed committee thereof, shall attend at the time and place specified in said public notice, and shall publicly open all proposals which shall have been received, but the board of estimate shall not be bound to accept any proposal so received, but may reject all such proposals and readvertise for proposals in the manner hereinbefore provided, or may accept any of such proposals as will, in the judgment of the said board of estimate, best promote the public interest, and award a contract accordingly. Any contract for private operation of terminal facilities shall contain a provision whereby the city, at any time after ten years, may terminate the same so far as it relates to the maintenance and operation of terminal ways, and terminal stations, and the equipment thereof, upon terms to be fixed in said contract, upon giving one year's written notice of its intention so to do. Upon termination by the city, pursuant to the privilege so reserved, the city shall purchase the equipment actually used in the operation of said terminal facilities at an amount agreed upon between the owner thereof and the city; or, in the event of failure to agree, at an amount to be fixed by appraisal, each party to name one impartial appraiser, and the two so named to select the third. In the event of failure to agree upon a third appraiser, he shall be named by the presiding justice of the appellate division of the supreme court, first department; provided, however, that the contract for the operation of said terminal facilities may provide for the amortization of all or a part of the operator's investment out of earnings, in which event the portion so amortized shall become the property of the city at the termination of the contract without further payment to the operator.

Any contract for private operation may provide for the construction of warehouses, factories or other buildings on land owned by the city, which warehouses, factories or buildings shall, during construction and at all times thereafter, be the property of the city. The contract may provide for the amortization of the cost of said warehouses, factories or buildings out of receipts from their operation, or out of receipts from the operation of all the terminal facilities included in said contract during the term thereof, and may provide for the payment by the city of any unamortized portion of the actual cost plus a reasonable contractor's profit, not to exceed fifteen per centum at the termination of the contract, or on the exercise of an option to recapture reserved in the contract. The contract may provide for the payment to the city for the privilege of operating such warehouses, factories or other buildings so constructed, either (1) a fixed annual sum; or (2) a share of the gross receipts; or (3) a share in the net profits.

The said contract may contain any other provision not inconsistent with this act which the board of estimate and apportionment may deem necessary or desirable for the protection of the interests of the city of New York.

Notwithstanding the provisions of any general or special law, a railroad corporation may, with the consent of the board of estimate and apportionment, purchase, acquire or hold any stocks or any bonds or other evidences of indebtedness of a corporation which, pursuant to this section, enters into a contract with the city for the operation of terminal facilities in the Boroughs of Brooklyn and Queens, or either of them, and which contract provides for the handling over such terminal road of freight moved by water, or partly by rail and partly by water, and freight moved wholly by rail, without discrimination as between such freight moved by water, or partly by rail and partly by water, and freight moved wholly by rail. The consent of the board of estimate and apportionment shall be granted only upon such notice and after such hearing as may be prescribed under rules and regulations which such board is hereby authorized to adopt.

Section 2. This act shall take effect immediately.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the draft, submitted by the Commissioner of Docks on January 11, 1915, of an Act to amend "New York City Freight Terminals Act," being Chapter 776 of the Laws of 1911, as amended by Chapter 521 of the Laws of 1913, in relation to acquisition and holding of stocks, bonds or other evidences of indebtedness of a corporation having a contract for the operation of terminal facilities in the Boroughs of Brooklyn and Queens, or either of them, and be it further

Resolved, That the Mayor be and hereby is authorized to prepare a further bill, along the same lines, covering the entire City, so the Legislature will have both bills before it for consideration.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Street Cleaning—Proposed Bill Amending Section 544-A of the Greater New York Charter (Cal. No. 79).

The Secretary presented the following:

Department of Street Cleaning of The City of New York, Office of the Commissioner, Municipal Building, New York City, January 9th, 1915.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman, Board of Estimate and Apportionment, City of New York:*

Sir—I beg to submit for approval by the Board, draft of a proposed bill to amend the Charter by adding thereto a section known as 544a, empowering the city to enter into special contracts for the final disposition of refuse. This bill is the same as that approved by the Board of Estimate and Apportionment on February 20th, 1913, with but one exception, viz., contract shall be approved by a three-quarter vote (instead of a majority vote) of the Board of Estimate and Apportionment.

The proposed legislation is of a permissive character, and subject to subsequent action by the Board of Estimate and Apportionment.

Attached to the bill is a complete explanation of the object and scope of the legislation requested, together with a copy of the report by the Committee on Final Disposition of Refuse, dated December 9th, 1912. Respectfully yours,

J. T. FETHERSTON, Commissioner.

JOSEPH HAAG, Esq., Secretary.

AN ACT to amend the Greater New York Charter, in relation to the final disposition of refuse.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Greater New York charter, as re-enacted by chapter four hundred and sixty-six of the laws of nineteen hundred and one, is hereby amended by adding thereto a new section, to be known as section five hundred and forty-four-a, and to read as follows:

Special Contracts for Final Disposition of Refuse.

Sec. 544-a. The commissioner of street cleaning, subject to the approval of the board of estimate and apportionment of said city, shall have full power and authority to contract, for a period not exceeding fifteen years, with any person, firm or corporation for the equipment, maintenance and operation of a plant or plants upon lands owned or to be owned by the city with the building or buildings, wharves, structures and appurtenances thereunto belonging, other than fixtures, erected or to be erected by the city thereon, for the final disposition of any or all classes of refuse collected in the boroughs of Manhattan, Bronx and Brooklyn, or to contract for a like period for the final disposition of any or all classes of refuse with any person, firm or corporation owning or controlling its own plant or plants or which in the contract agrees to provide its own plant or plants suitable therefor.

The contract may provide either (1) for the payment of a stipulated sum or a fixed unit price to the city for the privilege of the final disposition of refuse; or (2) for the allowance to the contractor out of the gross receipts of the plant or plants of a stipulated sum for operating expenses as defined in the contract or a sum to be arrived at as in said contract provided and for a division of the remainder of such receipts between the city and the contractor in such proportion as may be agreed upon; or (3) for the allowance to the contractor out of the gross receipts of the plant or plants of a stipulated sum for operating expenses as defined in the contract or a sum to be arrived at as in said contract provided, and then for the payment to the city either of a stipulated sum or of a sum to be arrived at as in said contract provided and for a division of the remainder of such receipts between the city and the contractor in such proportion as may be agreed upon.

The contract shall be let as provided in section four hundred and nineteen of this act, except that the commissioner of street cleaning, with the approval of the board of estimate and apportionment, may let the contract to a bidder other than the lowest bidder, when, in the judgment of the commissioner and by a three-quarter vote of the whole board of estimate and apportionment, it will be in the interests of the city to so let the contract. The contract shall contain provisions for the giving of security by the contractor and such other terms and conditions to safeguard the city's interests as the commissioner of street cleaning, with the approval of the board of estimate and apportionment may prescribe.

The contract may provide that at the expiration of any contract now in force for the final disposition of refuse, the contractor may be required during the period intervening between the expiration of the existing contract or contracts and the expiration of the contract made pursuant hereto to make final disposition of the refuse provided for in the contract so expiring upon terms and conditions to be prescribed in the contract.

In case the contract shall be for the equipment, maintenance and operation of a plant or plants upon lands owned or to be owned by the city with the building or buildings erected or to be erected by the city thereon, such contract may provide that any equipment furnished by the contractor pursuant to such contract shall at the termination thereof be and become the property of the city without any further payment to the contractor by the city and the contract may provide for the housing of the employees of such plant or plants upon the lands of the city upon terms prescribed in the contract.

In case the contract shall be made with a person, firm or corporation owning or controlling its own plant or plants or which therein agrees to provide its own plant or plants suitable therefor, the contract may provide that at the termination thereof the plant or plants shall upon terms prescribed in the contract be and become the property of the city.

The president of the Borough of Queens and the president of the Borough of Richmond shall have the same powers with respect to the disposition of refuse collected in the said boroughs respectively as is hereby conferred upon the commissioner of street cleaning.

The board of estimate and apportionment shall prescribe the purposes to which any moneys payable to the city under the contract shall be applied.

Section 2. This act shall take effect immediately.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the draft, submitted by the Commissioner of Street Cleaning under date of January 9, 1915, of a proposed bill to amend the Greater New York Charter by adding thereto Section 544A—empowering the City to enter into special contracts for the final disposition of refuse—with the exception of the last paragraph of Section 1, reading as follows:

"The Board of Estimate and Apportionment shall prescribe the purposes to which any moneys payable to the City under the contract shall be applied."

—which is to be replaced by a clause providing that any moneys payable to the City under the contract shall go into the General Fund.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Commissioner of Accounts—Proposed Bill Relating to the Office of the Commissioners of Accounts (Cal. No. 80).

The Secretary presented a communication, dated January 12, 1915, from the Commissioner of Accounts, transmitting by direction of the Mayor for the approval of the Board a proposed bill relating to the office of the Commissioners of Accounts.

The proposed bill changes the present law so as to provide for a single head of said department and two Deputy Commissioners; the statute as it otherwise affects the office remaining unchanged.

Which was laid over for one week (January 22, 1915).

Various Boroughs—Location of Newsstands (Cal. No. 81).

(On October 30, 1913 (Cal. No. 6), the Board adopted a resolution authorizing the Mayor's Bureau of Licenses, on payment thereto of the appropriate fee, to issue newsstand permits for locations to be selected by the President of the Borough in which the stand is located.

1st—On streets and avenues adjacent to buildings or fences where the stoop line has been abolished by the Board of Estimate and Apportionment, provided the stand be not greater than one foot wide and four feet long, and written consent therefor has first been obtained from the adjacent owner.

2d—At the rear of subway kiosks, provided such stand be not in front of another kiosk, nor greater than one foot wide and four feet long.)

The Secretary presented the following:

City of New York, President of the Borough of Manhattan, Municipal Building, January 6, 1915.

To the Board of Estimate and Apportionment, Municipal Building, New York:

Dear Sirs—I am transmitting with this for consideration by your Board, and for such action as you may deem proper, a petition addressed to me by various persons interested in securing a modification of the existing rules as to the locating of newsstands in the vicinity of subway kiosks. Very truly yours,

MARCUS M. MARKS, President, Borough of Manhattan.

To the Honorable MARCUS M. MARKS, *President of Manhattan Borough:*

We, the undersigned newsdealers, harassed by the Police on one hand and by the Chief of the Division of Sidewalks on the other, by being ordered to remove our newsstands to the rear of the kiosks, where it is absolutely impossible for us to make a living; or being driven away entirely from the curbs on restricted streets where the stoop lines have been abolished, which means to us utter ruin, do respectfully petition you to introduce a resolution in the Board of Estimate and Apportionment, permitting newsdealers to conduct their newsstands, as in the past, in front of the kiosks and on the curb line of streets where the stoop line has been abolished.

We further petition you to permit newsstands to be 5 feet in length and 2 feet in width. This petition with its suggestions will benefit the public and will also save the means of livelihood of a great many of the petitioners' families. We therefore solicit you to grant this petition.

MAX ROTTER, 116 W. 104th Street, and a number of others.

The matter was referred to the Committee on City Plan, and to the Park Board.

Board of Estimate and Apportionment; Committee on Markets—Appointment of Secretary to Committee (Cal. No. 82).

The Secretary presented a communication, dated January 12, 1915, from the President, Borough of Manhattan, requesting the Board to approve of the appointment of Mr. Arthur Essing to the position of Secretary to the Committee on Markets of the Board of Estimate and Apportionment, at a salary of $4,000 per annum, to take effect from January 9, 1915.

Which was laid over for one week (January 22, 1915).

Department of Correction—Estimate of Corporate Stock Requirements for Years 1915 to 1918 Inclusive (Cal. No. 83).

The Secretary presented a communication, dated January 12, 1915, from the Commissioner of Correction, withdrawing communication presented to the Board on January 8, 1915 (No. 173), and referred to the Committee on Corporate Stock Budget, submitting estimate of corporate stock requirements for the years 1915 to 1918 inclusive, amounting to $1,803,284.85.

The Secretary was directed to return the communication of January 8, 1915, to the Commissioner of Correction.

MATTERS LAID OVER FROM PREVIOUS MEETINGS.

Department of Bridges—Operation of Rapid Transit Subway and Elevated Trains on the Queensboro Bridge, and Issue of Corporate Stock Therefor (Cal. No. 84).

(On July 30, 1914 (Cal. No. 229), a communication from the Commissioner of Bridges, submitting a plan to provide for the operation of railway trains over the Queensboro Bridge at an estimated cost of $3,024,000, and requesting an issue of corporate stock in said amount to carry this plan into effect, was referred to the Committee on Transit and to the Comptroller for report on September 21, 1914.)

(On September 21, 1914 (Cal. No. 149), on motion of the President of the Borough of Queens an alternative plan prepared by the President of the Borough of Queens and all other plans in the matter were referred to the Committee on Transit and to the Comptroller.)

(On December 23, 1914 (Cal. No. 14), the President of the Board of Aldermen, on behalf of the Committee on Transit and the Committee on Corporate Stock Budget, submitted a verbal report in this matter, and requested that the Committee on Transit be authorized to go into conference with the Public Service Commission for the First District in relation thereto.)

(On January 8, 1915 (Cal. No. 147), the matter was laid over until this meeting pending a report from the Committee on Transit.)

The matter was laid over for one week (January 22, 1915).

Department of Water Supply, Gas and Electricity—Issue of Corporate Stock (Cal. No. 85).

(On December 23, 1914 (Cal. No. 135), the request in this matter was referred to the Committee on Corporate Stock Budget.)

(On January 8, 1915 (Cal. No. 21), the report of the Committee on Corporate Stock Budget was presented to the Board and laid over for one week, under Rule 19.)

The Secretary presented a communication, dated December 21, 1914, from the Commissioner of Water Supply, Gas and Electricity, requesting an issue of Corporate Stock for the purpose of paying salaries and wages of employees in accordance with the 1915 budget schedules, in the sum of $132,192.50; and the following report of the Committee on Corporate Stock Budget recommending an issue of Corporate Stock in the sum of $34,116.87:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 4, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On December 23, 1914, you referred to the Corporate Stock Budget Committee a request, under date of December 21, 1914, from the Commissioner of Water Supply, Gas and Electricity, for $132,192.50 in corporate stock to provide for the payment of salaries and wages of employees in his department, in accordance with the 1915 budget schedules.

The 1915 budgetary corporate stock allowance for the Department of Water Supply, Gas and Electricity includes the entire compensation of all employees of the Division of Construction and part compensation for employees of the Division of Design. The allowances, in detail, are shown in the following table:

Schedule No.	Schedule Title.	Corporate Stock Allowance, 1915.
	Personal Service—	
	Salaries, Regular Employees, Water Supply—	
	Design—	
2159TCW	Tax Levy, Corporate Stock and Water Revenue Force	$28,377 50
	Construction—	
2160C	Corporate Stock Force	77,730 00
	Salaries, Temporary Employees, Water Supply—	
	Design—	
2175TCW	Tax Levy, Corporate Stock and Water Revenue Force	4,800 00
	Wages, Regular Employees, Water Supply—	
	Construction—	
2182C	Corporate Stock Force	8,787 00
	Wages, Temporary Employees, Water Supply—	
2195C	Corporate Stock Force	12,498 00
	Total Corporate Stock Allowance	$132,192 50

The total schedule allowances for the Design and Construction Divisions amount to $145,965, apportioned as follows:

Tax Levy Allowance	$9,497 50
Corporate Stock Allowance	132,192 50
Water Revenue Allowance	4,275 00
Total Allowance	$145,965 00

These allowances were based on a tentative estimate of the necessary design, supervision and inspection on all new construction work to be done by the department during the year 1915, and estimated services, required from the Designing Division not properly chargeable to corporate stock funds. The allowances for schedules 2159TCW, 2160C, 2182C and 2195C cover employees whose services were provided for during the entire year. The allowance for schedule 2175TCW provides for five employees for a period of six months each, and one employee for a period of eight months.

The total Tax Levy and Water Revenue Allowances have already been appropriated. Pending action by your board upon the Commissioner's estimate of the probable corporate stock requirements of his department up to October 31, 1915, and a determination after analysis, of the engineering force that will be required for such new construction work as may be approved by you, it is necessary to authorize sufficient corporate stock at this time to provide for the scheduled force for three months, as follows:

Schedule Number.	Corporate Stock Allowance for 1915.	Requirements for Three Months.
2159TCW	$28,377 50	$7,094 37
2160C	77,730 00	19,432 50
2175TCW*	4,800 00	2,268 75
2182C	8,787 00	2,196 75
2195C	12,498 00	3,124 50
	$132,192 50	$34,116 87

(* Total allowance on six and eight months' basis.)

We recommend therefore, the adoption of the attached resolutions approving of the

Commissioner's request, to the extent of $34,116.87, this amount to be apportioned as set forth in the several resolutions. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

Change of Grade Damage Commission—Issue of Corporate Stock (Cal. No. 86).

(On October 30, 1914 (No. 80B), a resolution of the Board of Aldermen requesting an issue of Special Revenue Bonds was referred to the Comptroller.)

(On January 8, 1915 (Cal. No. 22), the report of the Comptroller thereon was presented and laid over for one week under Rule 19.)

The Secretary presented a resolution of the Board of Aldermen adopted on October 13, 1914, requesting an issue of Special Revenue Bonds in the sum of $1,191.67, the proceeds whereof to be used by the Comptroller for the payment of rent of premises on the fifth floor of No. 280 Broadway, Borough of Manhattan, occupied by the former Change of Grade Damage Commission from July 1, 1913, to May 31, 1914; and the following report of the Committee on Corporate Stock Budget recommending an issue of corporate stock in the sum of $1,191.67 to provide for the payment of the rent of said premises:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 15, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On October 13, 1914, the Board of Aldermen adopted the following resolution:

> Resolved, That, in pursuance of Subdivision 8, Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of $1,191.67, the proceeds whereof to be used by the Comptroller for the payment of rent of Rooms 223-224 on the fifth floor of No. 280 Broadway Borough of Manhattan. These rooms were occupied by the Change of Grade Damage Commission for a period from July 1, 1913, to May 31, 1914, and are therefore a charge against The City of New York."

In reference to the provisions contemplated in the foregoing resolution for the payment of rent of Rooms 223 and 224, 280 Broadway, occupied by the Change of Grade and Damage Commission for the period from July 1, 1913, to May 1, 1914, the Commissioners of the Sinking Fund on June 25, 1914, adopted the following resolution:

"Resolved, That the Comptroller be and is hereby authorized to pay to Edward D. Harris, Receiver, the sum of eleven hundred and ninety-one dollars and sixty-seven cents ($1,191.67) rent due for the occupation by the Change of Grade Damage Commission of Rooms 223 and 224 on the fifth floor of the Stewart Building, No. 280 Broadway, Borough of Manhattan, for a period from July 1, 1913, to May 31, 1914, without the necessity of entering into a lease therefor."

The rent of these premises was formerly paid by the Change of Grade and Damage Commission out of the corporate stock fund provided to pay the expenses of that commission pursuant to the provisions of Section 6 of Chapter 567 of the Laws of 1894, which reads as follows:

> "The said commissioners shall award such relief as, in their judgment, is just and equitable, in view of the circumstances of each case brought before them by the claim filed, as aforesaid, and shall determine what relief, if any, is to be awarded in respect of each such lot or parcel of land, with the buildings and improvements thereon, if any, and what award, if any, is to be allowed as damages, upon such lot or parcel, and thereupon they shall file in each case in the Department of Finance in said city, a certificate signed by the whole or a majority of said commissioners specifying the amount of such award and the person or persons to whom the same is made; and the amount thereof, respectively, together with any counsel fees or disbursements as may be allowed by the said commissioners, in their discretion, to the attorney for any claimant or claimants to whom an award is made; and the amount of any award made as aforesaid, together with such allowance, if any be made, shall thereupon become a charge against the Mayor, Aldermen and Commonalty of The City of New York, in favor of the respective persons to whom the same shall be made, and shall be provided for by the issue of bonds, by the Comptroller of said City of New York, which shall bear interest at the rate of not exceeding four per centum per annum redeemable in fifteen years; said bonds shall not be disposed of at less than the par value thereof. *The expenses of said commission and the fees of said commissioners shall also be provided for by the issue of like bonds.*"

The Change of Grade Damage Commission completed its work on May 31, 1914, and since that date it has ceased to exist. It appears from an examination made in this department that there is a balance of $210.83 in Account C. C. M. D. 1913, and in Account C. C. M. 5 E. 1914, a balance of $648.71. These amounts, according to Mr. Lamont McLoughlin, formerly clerk to the Change of Grade Damage Commission (since abolished) are partly encumbered but to an unknown extent.

It would appear from the foregoing that the rent of rooms Nos. 223 and 224, located at 280 Broadway, Borough of Manhattan, and occupied by the Change of Grade Damage Commission from July 1, 1913, to May 31, 1914, should be paid in compliance with the law out of corporate stock funds and not by the issuance of special revenue bonds, as provided for in the resolution adopted by the Board of Aldermen, dated October 13, 1914. It is the opinion of the Corporation Counsel that payment of the rent mentioned must be made out of the proceeds of corporate stock.

Under the circumstances stated it is recommended that the resolution adopted by the Board of Aldermen on October 13, 1914, be not approved, and that pursuant to provisions of Section 6 of chapter 567 of the Laws of 1894, hereinbefore referred to, as amended, corporate stock be issued in the sum of eleven hundred and ninety-one dollars and sixty-seven cents ($1,191.67) for the purposes referred to in this report, said bonds to bear interest at the rate of not exceeding four per centum per annum, redeemable in fifteen years.

The adoption of the attached resolution is accordingly recommended.

Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 537, Laws of 1893, as amended by chapter 567 Laws of 1894; chapter 205, Laws of 1898; chapters 707, 708 and 709, Laws of 1899; chapter 729, Laws of 1900; chapter 747, Laws of 1905, and section 170 of the Greater New York Charter, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding eleven hundred and ninety-one dollars and sixty-seven cents ($1,191.67), to provide funds to pay the rent of rooms Nos. 223 and 224, located at 280 Broadway, Borough of Manhattan, and formerly occupied by the Change of Grade Damage Commision from July 1, 1913, to May 31, 1914, and the Comptroller be and hereby is authorized to issue said corporate stock of The City of New York, to bear interest at a rate not exceeding 4 per centum per annum, and to be issued in the manner provided by section 169 of the Greater New York Charter, and to mature not more than fifteen (15) years after the date of issue, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

College of The City of New York—Retirement of James Reed, Chief Engineer (Cal. No. 87).

The Secretary presented a report of the Committee on Salaries and Grades, recommending the retirement, pursuant to chapter 669 of the Laws of 1911, as amended, of James Reed, Chief Engineer in the College of the City of New York, on an annuity of $1,050, being a sum less than 50 per centum of his annual compensation of $2,250 for the last three years of service.

(On December 23, 1914, and January 8, 1915, the matter was laid over; on the latter date (Cal. No. 149), until this meeting.)

Which was laid over for one week (January 22, 1915).

Department of Parks, Borough of The Bronx—Issue of Special Revenue Bonds (Cal. No. 88).

(On December 23, 1914 (No. 151A), the resolution of the Board of Aldermen in this matter was referred to the Comptroller.)

(On January 8, 1915 (Cal. No. 47), the report of the Comptroller thereon was presented to the Board and laid over for one week under Rule 19.)

The Secretary presented a resolution of the Board of Aldermen adopted on December 8, 1914, requesting an issue of Special Revenue Bonds, in the sum of $2,402.74, the proceeds whereof to be used by the Commissioner of Parks, Borough of The Bronx, for the purpose of meeting outstanding obligations incurred in connection with the operation of a bus line between Bartow Station and City Island; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 28, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On December 8, 1914, the Board of Aldermen adopted the following resolution

> "Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand four hundred and two dollars and seventy-four cents ($2,402.74), the proceeds whereof to be used by the Commissioner of Parks, Borough of The Bronx, for the purpose of meeting outstanding obligations incurred in connection with the operation of a bus line between Bartow Station and City Island.
>
> "All obligations contracted for hereunder to be incurred on or before December 31, 1914."

In reference to the foregoing, it is reported as follows:

The purpose of the proposed issuance of special revenue bonds is to pay outstanding obligations contracted during the operation of a bus line between Bartow Station and City Island, by direction of the Board of Estimate and Apportionment.

The Pelham Park and City Island Railway Company, Inc., operated under a franchise, the monorail system between Bartow Station and City Island, in the Borough of The Bronx, and for some time furnished transportation service between these points. This monorail service was unsatisfactory, it being impossible at times for the people residing on City Island, as well as those who desired to visit City Island to do so without losing a great deal of time, due to the frequent breaking down of the monorail system. Inasmuch as the City desired to protect the people of City Island in the matter of transit facilities, the Board of Estimate and Apportionment on March 20, 1914, adopted the following resolution:

"Resolved, That the Commissioner of Parks for the Borough of The Bronx, be and he is hereby authorized and directed to hire vehicles and operate same through the park for a five cent fare until such time as this board shall make permanent arrangements for the construction, maintenance and operation of a railway therein."

Acting under the resolution referred to, the Commissioner of Parks entered into an agreement with the Roland Gas-Electric Vehicle Corporation to operate a bus line between Bartow Station and City Island for a five cent fare. This bus line was in operation from March 21, 1914, to August 14, 1914. Since that time the people of City Island have been provided with transit facilities pursuant to a permit granted to the Union Railway Company by the Commissioner of Parks, Borough of The Bronx, for the operation of a storage battery railway system between Bartow Station and City Island. This permit has been granted pending the filing of an application by the Union Railway Company with the Board of Estimate and Apportionment for a franchise.

It will be seen from the resolution authorizing and directing the Commissioner of Parks, Borough of The Bronx to operate the bus line that no appropriation for the operation of this line was mentioned or included, and for this reason part of the expenditures referred to, amounting to $6,645.31 were charged to Account No. 1235, Contract or Open Order Service, Transportation, Hire of Horses and Vehicles with Drivers, Department of Parks, Borough of The Bronx.

The verbal agreement entered into between the Commissioner of Parks, Borough of The Bronx and the Roland Gas Electric Vehicle Corporation, provided for the operation of the bus line with the exception that the City was to furnish the conductor, and the Park Commissioner having no employees other than laborers to assign to the buses was compelled to place a laborer in charge of each bus as a conductor.

The amount of $6,645.31 deducted from Account No. 1235, Contract or Open Order Service, Transportation, Hire of Horses and Vehicles with Drivers, Department of Parks, Borough of The Bronx, to meet the cost of the operation of this bus line, being insufficient, it became necessary to utilize the revenues collected from said operation to meet current obligations.

The revenues collected by the conductors were turned over to the Park Commissioner daily who then forwarded same to the office of the Auditor of Receipts, Department of Finance.

The total amount of fares collected during the operation of this bus line amounted to $5,134.75.

The following statement shows the cost of the operation of the bus line from March 21, 1914, to August 14, 1914:

Receipts from Passengers		$5,134 75
Operation and Maintenance—		
Paid from Acct. S-554 (Revenues)	$3,323 16	
Paid from Acct. No. 1235 (Parks)	6,645 31

Total unpaid obligations to be met by the issuance of special revenue bonds		$2,402.74

The adoption of the attached resolution approving and concurring in the resolution adopted by the Board of Aldermen on December 8, 1914, is therefore recommended. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on December 8, 1914, requesting an issue of special revenue bonds in the sum of two thousand four hundred and two dollars and seventy-four cents ($2,402.74), the proceeds whereof to be used by the Commissioner of Parks, Borough of The Bronx, for the purpose of meeting outstanding obligations incurred in connection with the operation of a bus line between Bartow Station and City Island, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, to issue special revenue bonds of the City of New York, in an amount not exceeding two thousand four hundred and two dollars and seventy-four cents ($2,402.74) redeemable from the Tax Levy of the year succeeding the year of their issue. All obligations contracted for hereunder to be incurred on or before December 31, 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Water Supply, Gas and Electricity—Issue of Special Revenue Bonds and Modification of Schedules (Cal. No. 89).

(On December 11, 1914 (No. 116-A), the resolution of the Board of Aldermen in this matter was referred to the Comptroller.)

(On December 23, 1914 (Cal. No. 53), the report of the Comptroller thereon was presented to the Board and laid over under Rule 19.)

(On January 8, 1915 (Cal. No. 154), the matter was laid over until this meeting.)

The Secretary presented a resolution of the Board of Aldermen adopted on November 24, 1914, requesting an issue of Special Revenue Bonds in the sum of $2,400, the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity, for the purpose of purchasing chemicals to be used in the purification of the Croton and Bronx Water Supply; and the following report of the Comptroller recommending approval thereof and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 18, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On November 24, 1914, the Board of Aldermen adopted the following resolution:

"Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of Two thousand four hundred dollars ($2,400), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of purchasing chemicals to be used in the purification of the Croton and Bronx water supply.

"All obligations contracted for hereunder to be incurred on or before December 31, 1914."

The foregoing resolution was received from the Mayor on December 8, 1914, without his approval or disapproval thereof, and as provided in section 40 of the Greater New York charter, the same took effect as if he had approved it.

The issuance of the special revenue bonds for $2,400 referred to is requested to provide funds for the purchase of chloride of lime to be delivered at the chlorinating plant at Dunwoodie, New York, and to be used for the purification of the Croton and Bronx water supply in the Croton water system.

The following statement indicates that 138,750 pounds of chloride of lime in addition to the present available stock will be necessary in order to continue the operation of the Dunwoodie plant based on the present daily consumption.

	No. of pounds Chloride of Lime.
Stock on hand, November 5, 1914	26,250
To be delivered on present contract	150,000
Available stock	176,250
70 days' supply, based on consumption of 4,500 lbs. per day (to carry over until execution of 1915 contract)	315,000
Quantity required	138,750

The estimated cost per pound of chloride of lime is $.0167, based upon the result of the last public letting. The cost of 138,750 pounds will therefore amount to approximately $2,400.

In view of the danger of contagion by typhoid germs to the public living in the Boroughs of Manhattan and The Bronx the matter of making the necessary provision is very important as the possibility of this danger is considerably minimized by the purification of the water supply at its source.

The adoption of the attached resolutions, approving and concurring in the resolution adopted by the Board of Aldermen on November 24, 1914, and the schedules, as revised, to include the additional appropriation, is therefore recommended. Respectfully, WM. A. PRENDERGAST, Comptroller.

Department of Water Supply, Gas and Electricity—Issue of Special Revenue Bonds and Modification of Schedules (Cal. No. 90).

(On December 11, 1914 (No. 116-B), the resolution of the Board of Aldermen in this matter was referred to the Comptroller.)

(On December 23, 1914 (Cal. No. 51), the report of the Comptroller thereon was presented to the Board and laid over under Rule 19.)

(On January 8, 1915 (Cal. No. 155), the matter was laid over until this meeting.)

The Secretary presented a resolution of the Board of Aldermen adopted on November 24, 1914, requesting an issue of Special Revenue Bonds in the sum of $893.10, the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of paying increased wages of three Wiremen; and the following report of the Comptroller recommending approval thereof and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 18, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On November 24, 1914, the Board of Aldermen adopted the following resolution:

"Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eight hundred and ninety-three dollars and ten cents (893.10), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of paying increased wages of three Wiremen. All obligations contracted for hereunder to be incurred on or before December 31, 1914."

The foregoing resolution was received from the Mayor Dec. 8, 1914, without his approval or disapproval, and as provided by section 40 of the Greater New York Charter, the same took effect as if he had approved it.

The purpose of the request for $893.10 special revenue bonds referred to is to meet the increase in the per diem rate of wages for three Wiremen, in accordance with the Prevailing Rate of Wages Law (Chapter 292, Laws 1909), and to comply with a resolution of your Board, dated June 2, 1914, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby requests the heads of city departments in which Electricians, Wireman (Electrician) or Lineman (Electrician), are employed to provide for compensation of such workman beginning April 1, 1914, at the rate of four dollars and eighty cents ($4.80) per diem by the transfer of funds or by the application for an authorization of special revenue bonds in the necessary amounts or by the reorganization of the work reducing the number of days of employment."

The payment of the rate of wages of the employees referred to having been established by law and provided for by your Board, the adoption of the attached resolution, approving and concurring in the resolution adopted by the Board of Aldermen, dated November 24, 1914, and the schedules as revised, is therefore recommended.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Board of Inebriety—Issue of Special Revenue Bonds and Modification of Schedules (Cal. No. 91).

(On December 4, 1914 (Cal. No. 126-A), the resolution of the Board of Aldermen in this matter was referred to the Comptroller.)

(On December 23, 1914 (Cal. No. 52), the report of the Comptroller thereon was presented to the Board and laid over under Rule 19.)

(On January 8, 1915 (Cal. No. 156), the matter was laid over until this meeting.)

The Secretary presented a resolution of the Board of Aldermen adopted on November 17, 1914, requesting an issue of Special Revenue Bonds in the sum of $3,500, the proceeds whereof to be used by the Board of Inebriety for the purpose of caring for persons addicted to the use of drugs; and the following report of the Comptroller recommending approval thereof, to the extent of $875, and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 15, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—At the meeting of the Board of Aldermen held on November 17, 1914, the following resolution was adopted:

"Resolved, That in pursuance of the provision of Subdivision 8 of Section 188 of the Greater New York charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of Three thousand five hundred dollars ($3,500) the proceeds whereof to be used by the Board of Inebriety for the purpose of caring for persons addicted to use of drugs. All obligations contracted for hereunder to be incurred on or before December 31, 1914."

The foregoing resolution was received from the Mayor by the City Clerk on November 30, 1914, without his approval or disapproval thereof; therefore as provided in section 40 of the Greater New York charter, the same took effect as if he had approved it.

Under date of November 2, 1914, the Comptroller submitted to Mr. Henry H. Curran, Chairman of the Finance Committee of the Board of Aldermen, a report by the Bureau of Municipal Investigation and Statistics setting forth the results of an examination into the subject matter of the request of the Board of Inebriety, which subsequently resulted in the adoption by the Board of Aldermen of the resolution quoted above. Inasmuch as this report fully covers the subject, it is incorporated herein as follows:

"At the meeting of August 27, 1914, the Board of Estimate and Apportionment passed a resolution transferring $10,000 from the Brooklyn Disciplinary Training School for Boys to the Contingency Account of the Board of Inebriety. It subsequently developed that only $4,400 available for transfer remained in the accounts of that institution, and accordingly at the meeting of October 2, 1914, the previous resolution was rescinded and another substituted for it approving the transfer of $4,400. Mr. John A. Kingsbury, President of the Board of Inebriety, now requests that in addition to the transfer of $4,400 allowed that $4,500 in special revenue bonds be issued, making a total additional allowance of $8,900, as compared with the $10,000 originally requested.

"In support of this request the Board of Inebriety submits a tentative itemized list of expenditures proposed from the entire $8,900. In considering these various items, however, it would seem that many of them are unnecessary or can be postponed until 1915.

"For instance, the repairs for the brick house, estimated to cost $1,882, are inadvisable at this time. It was originally intended to raze this building because of its age and general unfitness for the purposes of the institution. The present intention is to make it available for employees' quarters. The character and value of the building does not warrant the proposed expenditure of $1,882 upon it.

"Expenditures for the following items for furnishings for the manor house, etc., can, without injury to the welfare of the institution, be deferred until 1915:

Linoleum for Dining Room, Office and Nurses' Bedrooms	$192 00
Fire Escapes	170 00
Painting	50 00
Laundry Building	465 00
Office Equipment (transfer from N. Y. Office)	90 00
Slippers	70 00
Three Seated Surrey	100 00
Grinding Mill and Corn Sheller	52 00
Total Cost	$1,189 00

"It is believed that an authorization of $1,500 special revenue bonds for the purpose of paying the salary of the medical director for November and December ($833.33), furnishings for his house ($400.00) and the balance ($266.67) for minor repairs to the brick house will be sufficient to provide for this year's requirements."

At the time of writing the above report (November 2, 1914), it was believed that the Medical Director would be appointed at once and hence the allowance for two months' salary was considered at $5,000 per annum. Since then, however, conditions have so changed that it will be impossible to appoint the Medical Director earlier than December 15, 1914, if at all this year, so that it is necessary to provide only for the salary for the latter half of December, amounting to $208.33. This will reduce the $1,500 recommended in the report quoted above to $875.00, and this latter figure is the amount for which special revenue bonds should be issued at this time.

From an examination of the accounts of the Board of Inebriety, it appears that the transfer of the original sum of $10,000 from the Brooklyn Disciplinary Training School for Boys was made to the "Contingencies Account No. 2691" of the Board of Inebriety, which account was segregated as follows:

2691	Contingencies—		
	General (in original budget)		$255 00
	Farm Colony for Inebrieties:		
	For repairs, stock, food supplies, medical and surgical supplies and equipment	$8,038 67	
	For Salaries:		
	1 Superintendent at $5,000 per annum (5 mos.)	$2,083 33	
	1 Domestic at $300 per annum (5 mos.)	125 00	
	1 Attendant at $600 per annum	250 00	
		2,458 33	
			10,497 00
	Special Fund for the care of drug habitues, subject to segregation, approved by comptroller		10,000 00
	Total		$20,752 00

On October 2, 1914, the resolution of August 27, 1914, relating to this transfer of $10,000 was rescinded and in substituting the transfer of $4,400 there was omitted from the revised schedule the line items as shown above. Inasmuch as certain salaries are paid from this account, it now becomes necessary to segregate the account as follows:

2691	Contingencies—		
	General (in original budget)		$255 00
	Farm colony for Inebriates:		
	For repairs, food supplies, stock, medical and surgical equipment.		9,528 67
	For salaries:		
	1 Medical Director at $5,000 per annum (½ month)	$208 33	
	1 Resident Physician at $1,200 per annum (3 months)	300 00	
	2 Trained Nurses at $600 per annum (3 months)	300 00	
	1 Hospital Helper (cook) at $480.00 per annum (4 months)	160 00	
			968 33
	Special Fund for the care of any habitues, subject to segregation approved by the Comptroller		4,400 00
	Total		$15,152 00

It also appears that the bill for taxes on the property at Warwick, N. Y., amounts to $500.00 instead of the $300.00 allowed for that purpose in account 2692 "Taxes," and in order that this bill may be paid before the penalty attaches, the schedule has been revised.

The adoption of the attached resolutions authorizing the Comptroller to issue special revenue bonds in the sum of $875.00 and approving the schedules, as revised, is accordingly recommended. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on November 17, 1914, requesting an issue of special revenue bonds in the sum of three thousand five hundred dollars ($3,500), the proceeds whereof to be used by the Board of Inebriety for the purpose of caring for persons addicted to the use of drugs, provided all obligations contracted for hereunder shall have been incurred on or before December 31, 1914, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment to the extent of eight hundred and seventy-five dollars ($875), and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to sub-division 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of the City of New York to an amount not exceeding eight hundred and seventy-five dollars ($875) redeemable from the tax levy of the year succeeding the year of their issue.

The matter was laid over for one week, January 22, 1915.

Classon Avenue Relief Sewerage System, Borough of Brooklyn—Final Authorization for the Construction of Sewers in Sections 2, 3, 4 and 5 (No. 97).

The Secretary presented the following report of the Chief Engineer of the Board:

Report No. 14271. January 14th, 1915.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on January 9th, 1913, and after a public hearing, preliminary authorization was given for what was described as the Classon Avenue relief sewerage system in the Borough of Brooklyn, the cost of which was then estimated to be $2,497,500.

The final authorization for Section Number One of this improvement was granted by the Board at its meeting of March 6th, 1913, the work then provided for comprising the trunk sewers in Classon Avenue, Park Street, Skillman Street, Myrtle Avenue, Nostrand Avenue, Vernon Avenue and Tompkins Avenue to Greene Avenue, the cost of which was then estimated at $1,125,500.

In the accompanying communications from the President of the Borough of Brooklyn, bearing dates respectively of June 24th, March 11th, June 25th and March 11th, 1914, the Board is informed that the preliminary work has been completed for a substantial part of the balance of the improvement, which it is evidently proposed to subdivide into separate sections, these being more particularly described as follows:

Section Number Two, comprising the following sewers: De Kalb Avenue, from Bedford Avenue to Skillman Street; Skillman Street, from DeKalb Avenue to Myrtle Avenue.

The expenses incurred under the preliminary authorization amount to $378.01, and the total estimated cost of the entire improvement is $25,400. It is proposed to allow eighty days for the completion of the contract.

Section Number Three, comprising the following sewers: Tompkins Avenue, from Greene Avenue to Fulton Street; Fulton Street, from Tompkins Avenue to Brooklyn Avenue; Brooklyn Avenue, from Fulton Street to a point about 65 feet south of Fulton Street.

The expenses incurred under the preliminary authorization amount to $1,748.79, and the total estimated cost of the entire improvement is $350,000. It is proposed to allow three hundred days for the completion of the contract.

Section Number Four, comprising the following sewers: Prospect Place, from Grand Avenue to Nostrand Avenue; Nostrand Avenue, from Prospect Place to Dean Street; Dean Street, from Nostrand Avenue to Brooklyn Avenue; Brooklyn Avenue, from Dean Street to a point about 65 feet south of Fulton Street.

The expenses incurred under the preliminary authorization amount to $1,401.54, and the total estimated cost of the entire improvement is $204,000. It is proposed to allow two hundred and forty days for the completion of the contract.

Section Number Five, comprising the following sewers: Macon Street, from Tompkins Avenue to Lewis Avenue; Lewis Avenue, from Macon Street to Chauncey Street; Chauncey Street, from Lewis Avenue to Fulton Street; Fulton Street, from Chauncey Street to Troy Avenue; Troy Avenue, from Fulton Street to a point about 55 feet south of Fulton Street.

The expenses incurred under the preliminary authorization amount to $1,047.95, and the total estimated cost of the entire improvement is $325,000. It is proposed to allow three hundred days for the completion of the contract.

The total expenditure involved in carrying out these four sections amount to $904,400. The assessed valuation of the property to be benefited amounts to $472,324,584.

The remaining work required to complete the entire improvement comprises the construction of the Classon Avenue, Park Street, Troy Avenue and Chauncey Street branches of this system, the estimated cost of which work, from data now at hand, would appear to be about $493,500.

When authorization was given for Section Number One the resolution of the Board was so drawn as to disconnect it entirely from the remaining work to be performed for which preliminary authorization had been given, in the belief that this treatment would enable the Borough President to prepare an assessment list without awaiting the completion of the remaining sections, and thereby promptly reimburse the Street Improvement Fund for the outlay. I am informally advised that some question has been raised concerning the propriety of submitting such a list to the Board of Assessors in advance of the completion of all or at least the greater portion of the entire work. It is evident that if the same question should arise concerning the preparation of the list when the work now under consideration is completed a still more serious delay might result in replenishing the treasury.

There does not appear to be any reason to prevent the authorization of the four sections of the improvement for which all of the preliminary work has been done, and the matter is submitted for the consideration of the Board. I would suggest, however, that in case authorization is given it be conditioned clearly upon the return of the assessment list as soon as the work is completed. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The President of the Borough of Brooklyn offered the following:

Whereas, The Board of Estimate and Apportionment, after a public hearing on January 9, 1913, authorized the President of the Borough of Brooklyn to prepare the necessary plans and specifications and an estimate of the cost, based on actual survey, of sewers required in a number of streets to complete the Classon Avenue Relief Sewerage System, in the Borough of Brooklyn, and

Public Service Commission for the First District—Issue of Special Revenue Bonds (No. 98).

(On December 18, 1914 (Cal. No. 97), the requisitions of the Public Service Commission for the First District in this matter were presented. The Board then adopted a resolution authorizing an issue of Special Revenue Bonds in an amount not exceeding $150,000; and referred the request of the Commission for an issue of special Revenue Bonds in the sum of $850,000 to the Comptroller for report.)

The Secretary presented the following communication and requisition of the Public Service Commission for the First District, and report of the Comptroller:

State of New York, Public Service Commission for the First District, 154 Nassau Street, New York City, New York, December 11, 1914.

Board of Estimate and Apportionment of the City of New York:

The Public Service Commission for the First District, in pursuance of a resolution of the Commission adopted December 11, 1914, transmits to you herewith, and as part hereof, a requisition for the sum of One hundred and fifty thousand dollars ($150,000) which is now requisite and necessary to enable the said Public Service Commission for the First District to do and perform, or cause to be done and performed, the duties in the said laws prescribed, and to provide for the expenses and compensation of the employees of the Commission for the remainder of the year ending December 31, 1914, and for the sum of Eight hundred and fifty thousand dollars ($850,000) which is now requisite and necessary to enable the said Public Service Commission to do and perform, or cause to be done and performed, the duties in the said laws prescribed, and to provide on account for the expenses and compensation of the employees of the Commission for the year ending December 31, 1915.

Of the expenses of the Commission over eighty per cent. is requested for the performance of the duties of the Commission under the Rapid Transit Act, chapter 4 of the Laws of 1891, as amended. The contracts for the Dual Rapid Transit System provide that the engineering expenses of the Commission are to be included as a part of the cost of construction of the rapid transit lines. The remaining portion of the amount now asked for is to pay the expenses of the Commission under its regulatory powers under the Public Service Commissions Law and the Railroad Law.

For the carrying on of the rapid transit and the regulatory work there are required during the year clerical, legal and engineering forces for such important matters as the following:

1. Supervision of additions to the existing subway and the determination of claims for extras on the Brooklyn-Manhattan Rapid Transit Railroad constructed under Contract No. 2.

2. Supervision of construction under Dual contract lines. The outstanding contracts under which construction is proceeding, subject to the supervision of the Commission, aggregate over $165,000,000.

3. The preparation of contract plans and detailed plans preliminary to the letting of contracts for construction of the remaining portions of the lines embraced in the Dual Rapid Transit System, upon which the total expenditures by the City, including the sections now under construction, will amount to about $200,000,000.

4. The legalization of additional rapid transit routes.

5. Supervision of plans and contracts of the two operating companies under the Dual System.

6. The expenses necessary in the acquisition of real estate and other rights necessary to rapid transit construction.

7. The necessary printing and advertising required by law.

The regulatory duties of the Commission under the Public Service Commissions Law and Laws other than the Rapid Transit Act involve the maintenance of bureaus for supervision of the character of service and the condition of equipment within New York City, as well as questions arising as to grade crossings; the Bureau of Statistics to examine and pass upon accounts and reports of companies under the jurisdiction of the Commission, the Bureau of Franchises to examine and report upon questions as to franchises—the Legal Department to handle proceedings before the Commission and initiated by the Commission and to give legal advice and to prepare the necessary papers in matters in which the Commission is involved—and an Executive Department to handle the large amount of general executive and administrative work. In the expenses necessary for its regulatory work the increase over last year is only nominal.

The Public Service Commission for the First District therefore makes requisition, in accordance with the statute above mentioned and under such resolution, for the sum of One million dollars ($1,000,000) for the requisite and necessary expenses for the purposes aforesaid for the remainder of the year ending December 31, 1914, and on account for the year ending December 31, 1915.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, EDWARD E. MCCALL, Chairman; TRAVIS H. WHITNEY, Secretary.

State of New York, Public Service Commission for the First District, 154 Nassau Street, New York City, New York, December 11, 1914.

Board of Estimate and Apportionment of The City of New York:

Requisition is hereby made upon you, pursuant to the provisions of chapter 48 of the Consolidated Laws and chapter 4 of the Laws of 1891, as amended, by the Public Service Commission for the First District for the sum of One hundred and fifty thousand dollars ($150,000) which is now requisite and necessary to enable the said Public Service Commission for the First District to do and perform, or cause to be done and performed, the duties in the said laws prescribed, and to provide for the expenses and compensation of the employees of the Commission for the remainder of the year ending December 31, 1914, and for the sum of Eight hundred and fifty thousand dollars ($850,000) which is now requisite and necessary to enable the said Public Service Commission to do and perform, or cause to be done and performed, the duties in the said laws prescribed, and to provide on account for the expenses and compensation of the employees of the Commission for the year ending December 31, 1915.

Appended hereto is a copy of the resolution of the Public Service Commission for the First District authorizing the execution of this requisition, and a communication showing the purposes to which it is intended to apply the appropriation for which this requisition is made.

In witness whereof, the Public Service Commission for the First District has caused this requisition to be signed by its Chairman and Secretary and its official seal to be hereto affixed this 11th day of December, 1914.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, EDWARD E. MCCALL, Chairman; TRAVIS H. WHITNEY, Secretary.

(Seal)

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 13, 1915.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—Under date of December 11, 1914, the Public Service Commission for the First District made requisition upon your board for the sum of $850,000 "to provide on account for the expenses and compensation of the employees of the said Commission for the year ending December 31, 1915."

Inasmuch as the authorzation of your board is mandatory on the request of the Public Service Commission, I would recommend the adoption of the accompanying resolution authorizing the issuance of special revenue bonds to the amount of $850,000 to provide on account for the expenses and compensation of the employees of the Commission for the year ending December 31, 1915. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered

Resolved, That, pursuant to the provisions of section 10, chapter 4, of the Laws of 1891, and section 14, chapter 429, of the Laws of 1907, as amended, and on account of a requisition of the Public Service Commission for the First District, duly made by the Chairman and Secretary thereof on December 11, 1914, for eight hundred and fifty thousand dollars ($850,000), on account for the expenses of the Commission for the year ending December 31, 1915, the Board of Estimate and Apportionment hereby approves an issue of special revenue bonds to an amount not exceeding eight hundred and fifty thousand dollars ($850,000), and be it further

Resolved, That the Comptroller be and he is hereby authorized, pursuant to the provisions of section 10, chapter 4, of the Laws of 1891, and section 14, chapter 429, of the Laws of 1907, as amended, to issue Special Revenue Bonds of The City of New York to an amount not exceeding eight hundred and fifty thousand dollars ($850,000), redeemable from the tax levy of the year succeeding the year of their issue, the proceeds to be applied to the purpose aforesaid.

Which was adopted by the following vote

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

26th Ward Disposal Works at Hendrix Street, near Vandalia Avenue, Borough of Brooklyn—Final Authorization for the Construction of a Biological Plant (No. 99).

The Secretary presented the following report of the Chief Engineer of the Board

Report No. 14272. January 15th, 1915.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment, held on May 2, 1912, the President of the Borough of Brooklyn was authorized to carry out the preliminary work involved in the construction of a biological plant at the 26th Ward Disposal Works, proceedings for which had been initiated by the Local Boards of the Newtown and Jamaica Districts.

The cost of the improvement was estimated at $296,900, and the assessed valuation of the property benefited was reported to be $42,770,942.

In the accompanying communication from the Borough President, bearing date of December 30, 1914, request is made for the final authorization of Section One of the improvement, this being described to comprise "a plant for the purpose of removing suspended solids from the ordinary dry weather flow of sewage * * * in accordance with one of the three methods and designs for removing suspended solids, shown on the plans of the work." The Board is informed that it is proposed to allow one hundred days for the completion of the work; that $2,400.37 has been expended under the preliminary authorization; and that the estimated cost of the entire improvement is $25,000.

Authorization has been given by the Board for the carrying out of experimental work at this station in order that a determination may be reached as to the most suitable method to be used for the treatment of the sewage prior to its discharge into Jamaica Bay. This work has not advanced at the present time far enough to warrant the undertaking of the improvement as a whole, but I am informally advised that the work proposed in Section One, this comprising the installation of screens, is of such a character that it will be permanently retained and form a part of the plant when completed.

Aside, however, from any question as to sewage treatment, there seems to exist a broader one concerning the Hendrix Street Station, which it may be found necessary to utilize for the treatment of the sewage from a considerable area within the limits of the Borough of Queens, while on the other hand, further studies may show that some substantial advantage could be gained by the abandonment of the plant for use as other than a pumping station to lift the sewage into force mains discharging at a point where a lesser degree of treatment will be required.

Under these conditions it would appear that the partial authorization now requested might never be followed up by the remaining work required to conform with the Local Board resolution and to clear the way for levying the assessment, or that a long delay might occur before the Street Improvement Fund could be reimbursed for the expense which it is proposed to incur.

In my judgment the request should be referred back to the Borough President in order that the work contemplated may be made the subject of an independent Local Board resolution, the carrying out of which could be followed by the preparation of an assessment list and the immediate collection of the assessment. The matter, however, is submitted to the Board for such action as may be deemed proper.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The President of the Borough of Brooklyn offered the following:

A copy of a resolution of the Local Board of the New Lots District, duly adopted by said Board on the 15th day of December, 1911, and approved by the President of the Borough of Brooklyn on the 21st day of December, 1911, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the New Lots District, Borough of Brooklyn, after duly advertised hearing had this 15th day of December, 1911, hereby amends resolution of May 4, 1911, initiating proceedings to install a biological plant of sufficient capacity to care for the sewage discharged at the 26th Ward Disposal Works, and to make such changes as are necessary for the proper purification of the sewage; the cost of the same to be assessed on the entire property affected, providing, however, that a proportionate share for said improvement be deducted from the property which was taxed for the original construction of the 26th Ward Disposal Works, by striking out the following: 'The cost of same to be assessed on the entire property affected, providing, however, that a proportionate share for said improvement be deducted from the property which was taxed for the original construction of the 26th Ward Disposal Works,' so as to make the resolution read as follows:

"'To install a biological plant of sufficient capacity to care for the sewage discharged at the 26th Ward Disposal Works, and to make such changes as are necessary for the proper purification of the sewage,' which was further amended to read as follows:

"'To install a biological plant of sufficient capacity to care for the sewage discharged at the 26th Ward Disposal Works, and to make such changes as are necessary for the proper purification of the sewage; that this Board recommend to the Board of Estimate and Apportionment that a proportionate share for the cost of said improvement be deducted from the property which was taxed for the original construction of the 26th Ward Disposal Works.'"

—and thereupon, on the 2d day of May, 1912, resolution having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Brooklyn to prepare the necessary plans, specification and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Brooklyn had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Brooklyn, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of $25,000; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of $46,700,942.00, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of Section No. 1 of the local improvement therein provided is hereby authorized: Said construction of Section No. 1 comprising the furnishing of all labor and materials and all appliances necessary for the proper and complete performance of the work and installing complete and ready for operation a plant for the purpose of removing suspended solids from the ordinary dry weather flow of sewage at the 26th Ward Disposal Works at Hendrix Street, near Vandalia Avenue, Borough of Brooklyn, in accordance with one of the three methods and designs for removing suspended solids, shown on the plans of the work,

Resolved, This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by the City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Health Department—Renewal of Lease for, of Premises at No. 129 Osborn Street, Borough of Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 15th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Department of Health, in a communication to your Board under date of November 24, 1914, states that at a meeting of the Board of Health held November 24, 1914, a resolution was adopted requesting a renewal of the lease of premises now occupied by the Department of Health as an Infants' Milk Station at 129 Osborn Street, Borough of Brooklyn, for a period of one year from March 15, 1915, at the same rental as now paid, and otherwise upon the same terms and conditions.

The Comptroller, in a communication to your Board under date of January 15, 1914, recommended a renewal of this lease for a period of one year from March 15, 1914, at an annual rental of $300, and said report was approved and renewal of lease authorized at a meeting of your Board held January 21, 1914.

Deeming the rent reasonable and just, and it being the same as previously paid, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the premises at 129 Osborn Street, Borough of Brooklyn, consisting of a store 13 feet 5 inches by 23 feet 4 inches, with three rear rooms, 11 feet 8 inches by 17 feet 4 inches, 13 feet 2 inches by 9 feet 3 inches and 10 feet by 7 feet 7 inches, and front portion of cellar, for use of the Department of Health, for a period of one year from March 15, 1915, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of $300, payable quarterly, the lessor to pay taxes and water rates, make outside repairs, including repairs to the roof, the lessee to furnish heat, light and janitor service and make such inside alterations as it may deem necessary, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Henry Leib, 1656 Pitkin Avenue, Borough of Brooklyn. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of premises at No. 129 Osborn Street, Borough of Brooklyn, consisting of store with three rear rooms and front portion of cellar, for use of the Department of Health, for a period of one year from March 15, 1915, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of Three hundred dollars ($300), payable quarterly; the lessor to pay taxes and water rates, make outside repairs, including repairs to the roof; the lessee to furnish heat, light and janitor services and make such inside alterations as it may deem necessary, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Henry Leib; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

Health Department—Renewal of Lease for, of Premises at Nos. 231-233 East 57th Street, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 15th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Department of Health, in a communication to your Board under date of November 24, 1914, states that at a meeting of the Board of Health held November 24, 1914, a resolution was adopted requesting a renewal of the lease of premises now occupied by the Department of Health as a Tuberculosis Clinic, at 231-233 East 57th Street, Borough of Manhattan, for a period of one year from March 1, 1915, at the same rental as now paid, and otherwise upon the same terms and conditions.

The Comptroller, in a communication to your Board under date of May 18, 1914, recommended this lease for a period of one year from March 1, 1914, at an annual rental of $1,200, with the privilege of renewal for an additional year at a rental of $900, and said report was approved and lease authorized at a meeting of your Board held June 10, 1914.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the front basement rooms in Nos. 231-233 East 57th Street, and the large front room on the first floor in No. 233 East 57th Street, Borough of Manhattan, for use of the Department of Health, for a period of one year from March 1, 1915, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of $900, payable quarterly, the lessor to furnish heat, light and water, the lessee to furnish janitor service. Lessor, New York Throat, Nose and Lung Hospital, 229 East 57th Street, Manhattan. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the front basement rooms in Nos. 231-233 East 57th Street, and the large front room on the first floor in No. 233 East 57th Street, Borough of Manhattan, for use of the Department of Health, for a period of one year from March 1, 1915, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of Nine hundred dollars ($900), payable quarterly; the lessor to furnish heat, light and water; the lessee to furnish janitor service; lessor, The New York Throat, Nose and Lung Hospital; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

Health Department—Renewal of Lease for, of Premises at No. 604 Park Avenue, Borough of Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 16th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Department of Health, in a communication to your Board, states that at a meeting of the Board of Health held October 27, 1914, a resolution was adopted requesting the Commissioners of the Sinking Fund to authorize a renewal of the lease of premises occupied by the Department of Health as an Infants' Milk Station at 604 Park Avenue, Borough of Brooklyn, for a period of one year from January 16, 1915, at a rental of $258 a year, the same as now paid.

The Comptroller, in a communication to your Board, under date of December 8, 1913, recommended a renewal of this lease for a period of one year from January 15, 1914, at a rental of $258 a year, and said report was approved and renewal of lease authorized at a meeting of your Board held December 17, 1913.

Deeming the rent reasonable and just and it being the same as previously paid, and the City being a holdover tenant, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the store 9 feet 8 inches by 32 feet 6 inches, with rear room 7 feet 8 inches by 9 feet 5 inches, on ground floor, and storage bin 7 feet by 5 feet in rear part of cellar, said store being the first store on the westerly side of house entrance of the 6-story brick tenement building at 604 Park Avenue, Borough of Brooklyn, for use of the Department of Health, for a period of one year from January 15, 1915, with the privilege of renewal for an additional year upon the same terms and conditions at an annual rental of $258, payable quarterly; the lessor to pay taxes and water rates and make outside re-

pairs, the lessee to furnish heat, light and janitor service and make such inside alterations and repairs during occupancy as it may deem necessary. Lessor, M. Angelo Elias, 55 William Street, Manhattan. Respectfully,.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the first store on the westerly side of house entrance with rear room on ground floor and storage bin in rear part of cellar in the 6-story brick tenement building at No. 604 Park Avenue, Borough of Brooklyn, for use of the Department of Health, for a period of one year from January 15, 1915, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of Two hundred and fifty-eight dollars ($258), payable quarterly; the lessor to pay taxes and water rates and make outside repairs; the lessee to furnish heat, light and janitor service and make such inside alterations and repairs during occupancy as it may deem necessary; lessor, M. Angelo Elias; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

President, Borough of Brooklyn—Lease for, of Premises at No. 215 Montague Street, Borough of Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 15th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from the President of the Borough of Brooklyn, stating that on March 19, 1913, a resolution was adopted authorizing a lease for use of the Bureau of Sewers, of Rooms 413, 911, 912, 916, 917, 918, 919, 1005, 1006 and 1011 to 1019 inclusive, in the Mechanics' Bank Building, No. 215 Montague Street, Borough of Brooklyn, for a term of two years from May 1, 1913.

It is now proposed to substitute Room 913 for Room 413 in this building, so as to bring the work of the men now in Room 413 in closer communication with their own Department.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund authorize a lease from Mechanics' Bank of Room 913 in the Mechanics' Bank Building, No. 215 Montague Street, Borough of Brooklyn, for a period from January 1, 1915, to May 1, 1915, for use of the President of the Borough of Brooklyn, at an annual rental of $740.00, payable quarterly; the lessor to pay taxes and water rates, to supply heat, light, elevator and janitor service and make all repairs; the lease to contain a clause providing for the cancellation of that part of the lease above mentioned which refers to Room 413, and the deduction from the total rental therein of the rent for Room 413, which is at the rate of $740 per annum, for the period from January 1st to May 1st, 1915. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Mechanics Bank, of Room 913 in the Mechanic's Bank Building, No. 215 Montague Street, Borough of Brooklyn, for a period from January 1, 1915, to May 1, 1915, for use of the President of the Borough of Brooklyn, at an annual rental of Seven hundred and forty dollars ($740), payable quarterly; the lessor to pay taxes and water rates and to supply heat, light, elevator and janitor service and make all repairs, the lease to contain a clause providing for the cancellation of that part of the lease authorized by the Commissioners of the Sinking Fund, March 19, 1913, of Rooms 413, 911, 912, 916, 917, 918, 919, 1005, 1006, 1011 to 1019, inclusive, in the same building, for a term of two years from May 1, 1913, which refers to Room 413 and to deduct from the total rental therein the rent for Room 413, which is at the rate of Seven hundred and forty dollars ($740) per annum, for the period from January 1 to May 1, 1915, it being understood that this resolution is to effect an exchange of room 913 for room 413, and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by Sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

Supervisor of the City Record—Renewal of Lease for, of Premises at Nos. 96-98 Reade Street, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 16th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Supervisor of the City Record, in a communication to this Department, under date of November 12, 1914, requests a renewal of the lease of premises at 96-98 Reade Street, Manhattan, occupied by his department for the reception and distribution of supplies of printing, stationery and blank books, for a period of one year from February 1, 1915.

The Comptroller in a communication to your Board under date of December 9, 1913, recommended a renewal of this lease for a period of one year from February 1, 1914, at an annual rental of $5,500, and said report was approved and renewal of lease authorized at a meeting of your Board held December 17, 1913.

After negotiation by the Division of Real Estate, the owner has consented to a reduction in rental from $5,500 *to* $4,500.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the double store, basement and sub-basement in the five-story loft building, Nos. 96-98 Reade Street, Borough of Manhattan, for use of the Supervisor of the City Record, for a period of one year from February 1, 1915, with the privilege of renewal for an additional year, at a rental of $4,500 a year, payable quarterly; the lessor to pay taxes and make outside repairs, the lessee to pay water charges in its portion of the building occupied by the City, supply heat, light and janitor service and pay for the operation and maintenance of the electric elevator used by the City, also to notify the lessor in writing ninety days before the expiration of the lease whether or not it intends to renew, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Estate of David L. Einstein, deceased; Kalman Haas, Executor and Trustee, 7 East 69th Street, Borough of Manhattan. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the double store, basement and sub-basement in the five-story loft building Nos. 96-98 Reade Street, Borough of Manhattan, for use of the Supervisor of the City Record, for a period of one year from February 1, 1915, with the privilege of renewal for an additional year, at a rental of forty-five hundred dollars ($4,500) a year, payable quarterly; the lessor to pay taxes and make outside repairs; the lessee to pay water charges in its portion of the building occupied by the City, supply heat, light and janitor service and pay for the operation and maintenance of the electric elevator used by the City; also to notify the lessor in writing ninety days before the expiration of the lease whether or not it intends to renew, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, estate of David L. Einstein, deceased, Kalman Haas, executor and trustee; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

President, Borough of Queens—Renewal of Lease for, of Premises at the Northeast Corner of Cypress Avenue and Weirfield Street, Borough of Queens.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 16th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of Public Works of the Borough of Queens, in a communication to your Board under date of December 1, 1914, requests a renewal of the lease of premises at the northeast corner of Cypress Avenue and Weirfield Street, Second Ward, Borough of Queens, for a period of one year from January 1, 1915, at an annual rental of $150, the same as now paid.

The Comptroller, in a communication to your Board under date of December 9, 1913, recommended that this lease be authorized for a period of one year from January 1, 1914, at an annual rental of $150, and said report was approved and lease authorized at a meeting of your Board held December 17, 1913.

Deeming the rent reasonable and just, and it being the same as heretofore paid, and the City being a holdover tenant, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of a room 15 feet 6 inches by 24 feet in the 1-story frame extension of the old Ridgewood Brewery Office Building, located at the northeasterly corner of Cypress Avenue and Weirfield Street, Borough of Queens, for a period of one year from January 1, 1915, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of $150, payable quarterly, the lessor to pay taxes and keep the premises in good and tenantable condition and furnish artesian well water, steam heat, light and janitor service. Lessor, Marie Hudtwalker as sole executrix under the last Will and Testament of J. George Grauer. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of a room 15 feet 6 inches by 24 feet, in the one-story frame extension of the old Ridgewood Brewery office building, located at the northeasterly corner of Cypress Avenue and Weirfield Street, Borough of Queens, for use of the President of the Borough of Queens for a period of one year from January 1, 1915, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of one hundred and fifty dollars ($150), payable quarterly; the lessor to pay taxes and keep the premises in good and tenantable condition and furnish artesian well water, steam heat, light and janitor service. Lessor, Marie Hudtwalker, as sole executrix under the last will and testament of J. George Grauer; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

Fire Department—Renewal of Lease for, of Premises at Nos. 1797-1799 First Avenue, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 16th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Fire Department, in a communication to your Board under date of January 11, 1915, requests a renewal of the lease of the fire premises, Nos. 1797-1799 First Avenue, Borough of Manhattan, used as temporary quarters for Engine Company No. 89 and Hook and Ladder Company No. 39, for another year from February 1, 1915.

The Comptroller, in a communication to your Board under date of December 9, 1913, recommended a renewal of this lease for a period of one year from February 1, 1914, at a rental of $4,000 a year, and said report was approved and renewal of lease authorized at a meeting of your Board held December 17, 1913.

Deeming the rent reasonable and just, and it being the same as heretofore paid, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the ground floor and first loft, together with coal and storage room 22 feet by 44 feet in cellar in the 5-story and cellar brick factory building, 50 feet 8½ inches by 95 feet, on plot 50 feet 8½ inches by 100 feet, known as 1797-1799 First Avenue, northwest corner of First Avenue and 93d Street, Borough of Manhattan, for use of the Fire Department, for a period of one year from February 1, 1915, with the privilege of renewal for an additional year on the same terms and conditions, at a rental of $4,000 a year, payable quarterly; the lessor to pay taxes and water rates, make outside repairs, keep inside of the building in repair, except that part occupied by the Fire Department, and to make repairs to that portion in case any damage is done through the negligence of co-tenants or the landlord, and to furnish steam heat and hot water at all hours, the lessee to furnish light and janitor service, pay for the water used on the rented premises, make such inside repairs as it may deem necessary and provide a man to care for the boilers between the hours of 6 P. M. and 6 A. M. every day and on Saturdays from 4 P. M., and all day Sundays and holidays, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Adam Happel, 408 East 93d Street, Manhattan. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the ground floor and first loft, together with coal and storage room in the cellar of premises known as Nos. 1797-1799 First Avenue, Borough of Manhattan, northwest corner of First Avenue and 93rd Street, for use of the Fire Department, for a period of one year from February 1, 1915, with the privilege of renewal for an additional year on the same terms and conditions, at a rental of four thousand dollars ($4,000) a year, payable quarterly; the lessor to pay taxes and water rates, make outside repairs, keep inside of the building in repair, except that part occupied by the Fire Department, and to make repairs to that portion in case any damage is done through the negligence of co-tenants or the landlord, and to furnish steam heat and hot water at all hours; the lessee to furnish light and janitor service, pay for the water used on the rented premises, make such inside repairs as it may deem necessary and provide a man to care for the boilers between the hours of 6 p. m. and 6 a. m. every day and on Saturdays from 4 p. m. and all day Sundays and holidays, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Adam Happel; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

Mayor's Bureau of Weights and Measures—Renewal of Lease for, of Premises at No. 48 Jackson Avenue, Long Island City, Borough of Queens.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 15th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Mayor's Bureau of Weights and Measures, in a communication to your Board under date of December 4, 1914, requests a renewal for a period of one year from March 1, 1915, of the lease of the premises consisting of store and basement at 48 Jackson Avenue, Long Island City, Borough of Queens, used as a branch station of the Mechanical Division of said Bureau.

The Comptroller, in a communication to your Board under date of April 14, 1914, recommended a renewal of this lease for one year from March 1, 1914, at an annual rental of $420, and said report was approved and renewal of lease authorized at a meeting of your Board held April 22, 1914.

Deeming the rent reasonable and just, and it being the same as previously paid, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of store and basement of the premises known as 48 Jackson Avenue, Long Island City, Borough of Queens, for use of the Mayor's Bureau of Weights and Measures, for a period of one year from March 1, 1915, at an annual rental of $420, payable quarterly, the lessor to pay taxes and make outside repairs, and to pay water rates until the lessor shall have installed a water meter at her own expense, the lessee to furnish heat, light and janitor service and pay for water used on the leased premises after the installation of said meter and make such inside repairs as it may deem necessary, and otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Mary L. Dennler, 42 Jackson Avenue, Long Island City, Borough of Queens. Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the store and basement of the premises known as No 48 Jackson Avenue, Long Island City, Borough of Queens, for use of the Mayor's Bureau of Weights and Measures, for a period of one year from March 1, 1915, at an annual rental of four hundred and twenty dollars ($420), payable quarterly; the lessor to pay taxes and make outside repairs and to pay water rates until the lessor shall have installed a water meter at her own expense; the lessee to furnish heat, light and janitor service and pay for water used on the leased premises after the installation of said meter, and maks such inside repairs as it may deem necessary, and otherwise upon the same terms and condition as contained in the existing lease; lessor Mary L. Dennler; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

Park Department, Manhattan—Communication from, Turning Over as No Longer Required, a Portion of Riverside Drive Included Within the Lines of West 138th Street, Borough of Manhattan.

December 22, 1914.

To the Sinking Fund Commission, the City of New York, Municipal Building:

Gentlemen—I hereby turn over to your honorable body, a narrow strip of the sidewalk of Riverside Drive at the southeasterly intersection of Riverside Drive and 138th Street, described as follows:

Beginning at a point in the intersection of the easterly line of Riverside Drive with the southerly line of West 138th Street; thence southerly along the easterly line of Riverside Drive, distance 16.50 feet; thence deflecting to the right 90 degrees, distance 5.50 feet; thence northerly and parallel to the last course but one, distance 22.55 feet; thence deflecting to the right 90 degrees, distance 5.50 feet to the easterly line of Riverside Drive; thence southerly along the easterly line of Riverside Drive, distance 6.05 feet, to the point or place of beginning.

I would recommend that this land be turned over to the President of the Borough of Manhattan, pursuant to plan D. 13.3, File No. D. 13.22, dated May 8, 1914, of the Bureau of Design and Survey of the office of the Borough President. This plan was adopted by the Board of Estimate and Apportionment and approved by the Mayor.

It is desired to build a stairway at this point to provide a means of access to Riverside Drive from West 138th Street. The Borough President's office is in agreement with this request. Yours very truly,

CABOT WARD, Commissioner of Parks, Manhattan and Richmond.

Filed. (See disposition of following.)

President, Borough of Manhattan—Assignment to, of a Portion of Riverside Drive Included within the Line of West 138th Street, Borough of Manhattan, Turned Over by the Park Department.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 15th, 1915.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—On July 30, 1914, the Board of Estimate and Apportionment adopted a resolution requesting the Commissioners of the Sinking Fund to transfer jurisdiction over that portion of Riverside Drive included within the street lines of West 138th Street, Borough of Manhattan, as shown upon a map or plan adopted by said Board on July 30, 1914, from the Department of Parks to the President of the Borough of Manhattan.

The President of the Borough of Manhattan has requested that this transfer be made, and the Commissioner of Parks has turned over to the Commissioners of the Sinking Fund the premises in question.

I therefore respectfully recommend that the Commissioners of the Sinking Fund assign to the President of the Borough of Manhattan, the following described property situate, lying and being in the Borough of Manhattan, City of New York:

Beginning at a point in the intersection of the easterly line of Riverside Drive with the southerly line of West 138th Street; thence southerly along the easterly line of Riverside Drive 16.50 feet; thence deflecting to the right 90 degrees, 5.50 feet; thence northerly and parallel to the last course 22.55 feet; thence deflecting to the right 90 degrees, 5.50 feet, to the easterly line of Riverside Drive; thence southerly along the easterly line of Riverside Drive 6.05 feet to the point or place of beginning.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Commissioner of Parks, Boroughs of Manhattan and Richmond, in a communication dated December 22, 1914, having turned over as no longer required, the property hereinafter described, it is

Resolved, That pursuant to the provisions of Section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the President of the Borough of Manhattan, the following described property situate, lying and being in the Borough of Manhattan, City of New York:

Beginning at a point in the intersection of the easterly line of Riverside Drive, with the southerly line of West 138th Street, thence southerly along the easterly line of Riverside Drive 16.50 feet, thence deflecting to the right 90 degrees, 5.50 feet, thence northerly and parallel to the last course 22.55 feet; thence deflecting to the right 90 degrees, 5.50 feet to the easterly line of Riverside Drive; thence southerly along the easterly line of Riverside Drive 6.05 feet to the point or place of beginning.

The report was accepted and the resolution unanimously adopted.

Park Department, Manhattan—Assignment to, of a Strip of Land on West 23rd Street, between 11th Avenue and the Marginal Street, in the Borough of Manhattan, Turned Over by the Dock Department.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 15th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On December 24, 1913, the Commissioner of Docks turned over to the Commissioners of the Sinking Fund a strip of land lying between 22nd and 23rd Streets, westerly of 11th Avenue, and used for park purposes. In his communication he stated that he did not think it was the function of his Department to maintain public parks.

Under date of December 23, 1914, the Commissioner of Parks requested that this property be turned over to the jurisdiction of his department.

I therefore respectfully recommend that the Commissioners of the Sinking Fund assign to the Department of Parks the strip of land bounded on the north by West 23rd Street, on the east by 11th Avenue and on the west and south by Marginal Street, in the Borough of Manhattan. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Commissioner of Docks, in a communication dated December 24, 1913, having turned over as no longer required, the property hereinafter described, it is

Resolved, That, pursuant to the provisions of Section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Department of Parks for the Boroughs of Manhattan and Richmond, the strip of land, bounded on the north by West 23d Street, on the East by 11th Avenue, and on the west and south by the marginal street in the Borough of Manhattan.

The report was accepted and the resolution unanimously adopted.

Fire Department—Communication from, Turning Over as No Longer Required, Premises No. 1192 Fulton Avenue, Borough of The Bronx.

December 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman, Sinking Fund Commission:*

Sir—I have the honor to advise you that the following building, which has been used by this Department, is no longer required for Fire Department purposes, and is therefore surrendered to the Sinking Fund Commission, to take effect January 10, 1915:

Quarters of Engine Company No. 42, located *at* 1192 *Fulton Avenue, Borough of the Bronx.*

Very respectfully, ROBERT ADAMSON, Fire Commissioner.

Filed—(See disposition of following).

Department of Water Supply, Gas and Electricity—Assignment to, of Premises No. 1192 Fulton Avenue, Borough of The Bronx, Turned Over by the Fire Department.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 16th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Fire Department in a communication to your Board under date of December 30, 1914, states that his Department will no longer require the premises owned by the City and used as quarters for Engine Company No. 42, located at No. 1192 Fulton Avenue, Borough of the Bronx, and therein surrenders the same for the purposes of the City, to take effect January 10, 1915.

The Commissioner of the Department of Water Supply, Gas and Electricity, in a communication to your Board under date of January 7, 1915, requests that the above mentioned premises be assigned to the Department of Water Supply, Gas and Electricity, to be used in place of leased premises at 3482 Park Avenue, for which the City is now paying $600 a year rental.

I therefore respectfully recommend that the Commissioners of the Sinking Fund assign to the Department of Water Supply, Gas and Electricity the premises No. 1192 Fulton Avenue, Borough of the Bronx.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Fire Commissioner in a communication dated December 30, 1914, having turned over as no longer required, the property hereinafter described, it is

Resolved, That, pursuant to the provisions of Section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Department of Water Supply, Gas and Electricity the premises formerly used as quarters for Engine Company No. 42, located at No. 1192 Fulton Avenue, Borough of The Bronx.

The report was accepted and the resolution unanimously adopted.

Staten Island Association of Arts and Sciences—Request of, That a Plot of Ground on Wall Street, Stuyvesant Place and Jay Street, in the Borough of Richmond, Be Set Aside and Reserved for the Erection Thereon of a Free Public Museum Building.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 16, 1915.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—There has been referred to the Comptroller for consideration a communication addressed to your Board under date of December 9, 1914, by the President of the Staten Island Association of Arts and Sciences, requesting that a certain plot of ground having a frontage on Wall Street of 216 feet 9 inches, on Stuyvesant place of 337 feet 6 inches, and on Jay Street of 333 feet, be set aside and reserved for the erection of a free public museum building, in pursuance of a tentative plan for a civic center at Saint George, Borough of Richmond, prepared in the early part of 1912 by the former President of the Borough of Richmond.

There is now being rented for the use of this Association certain premises in the Borough of Richmond, the lease of which does not expire until January 1, 1916, at an annual rental of $1,500. The plot of ground which they seek to have assigned to them was purchased by the City of New York in 1900 at a cost of $65,418.12, and contains about 35 lots of the size 20 by 100, for the use of the Department of Education, who have since turned the premises over to the Commissioners of the Sinking Fund as being no longer required. No funds have been appropriated for the erection of a building for this Association, and in any event I do not believe that such a large tract of ground should be used for this purpose.

I therefore recommend that the application above referred to be denied.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the request of the Staten Island Association of Arts and Sciences, that a certain plot of ground having a frontage on Wall Street of 216 feet 9 inches, on Stuyvesant Place, 337 feet 6 inches and on Jay Street, 333 feet, be set aside and reserved for the erection thereon of a free public museum building, in pursuance of a tentative plan for a civic center at St. George, Borough of Richmond, prepared in the early part of 1912 by the former President of the Borough of Richmond, be and the same is hereby denied.

The report was accepted and the resolution unanimously adopted.

Department of Docks and Ferries—Assignment to, of Certain Equipment Turned Over by the Department of Street Cleaning.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 14, 1915.

To the Commissioners of the Sinking Fund, The City of New York:

Gentlemen—On December 30, 1914, the Department of Street Cleaning surrendered to the Commissioners of the Sinking Fund the following property as no longer required:

6 hawsers, 188 feet, 7-inch circumference; 47 coils rope, 6-inch circumference, 1,020 feet long; 19 coils rope, 3½-inch circumference, 1,040 feet long; 200 feet of wheel rope, 3-inch circumference.

The Department of Docks and Ferries, in a communication dated September 29, 1914, requested the assignment of the above described property. The adoption of the attached resolution authorizing this transfer is therefore recommended.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of Section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Department of Docks and Ferries the following property turned over by the Department of Street Cleaning as no longer required:

Six hawsers, 188 feet long, 7-inch circumference; 47 coils rope, 6-inch circumference, 1,020 feet long; 19 coils rope, 3½-inch circumference, 1,040 feet long; 200 feet wheel rope, 3-inch circumference.

The report was accepted and the resolution unanimously adopted.

Department of Correction—Assignment to, of One Blower Fan Turned Over by the Board of Education.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 14, 1915.

To the Commissioners of the Sinking Fund, The City of New York:

Gentlemen—On July 9, 1914, the Department of Education surrendered to the Commissioners of the Sinking Fund the following property as no longer required:

One Blower Fan.

The Department of Correction, in a communication dated December 30, 1914, requested the assignment of the above described property. The adoption of the attached resolution approving the assignment is hereby recommended.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assigns to the Department of Correction the following property, turned over by the Department of Education, as no longer required, now stored in the basement of Public School No. 75, Bleecker Street and Covert Avenue, Ridgewood, Borough of Queens

One Blower Fan.

The report was accepted and the resolution unanimously adopted.

Premises 20 *Eldridge Street, Borough of Manhattan,* now occupied as a fuel depot and store house.

Very respectfully, ROBERT ADAMSON, Fire Commissioner.

December 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman, Sinking Fund Commission:*

Sir—I have the honor to advise you that the following building which has been

used by this Department is no longer required for Fire Department purposes, and is therefore surrendered to the Sinking Fund Commission, to take effect January 15, 1915:

Premises 58 *Lawrence Street, Borough of Manhattan,* now occupied as a fuel depot.

Very respectfully, ROBERT ADAMSON, Fire Commissioner.

December 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman, Sinking Fund Commission:*

Sir—I have the honor to advise you that the following building which has been used by this Department is no longer required for Fire Department purposes, and is therefore surrendered to the Sinking Fund Commission, to take effect *April* 15, 1915:

Premises No. 160 *East* 33*d Street, Manhattan,* occupied as a fuel depot. It will be necessary to temporarily retain these quarters until motor driven fuel wagons are installed, which will be early in April.

Very respectfully, ROBERT ADAMSON, Fire Commissioner.

December 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman, Sinking Fund Commission:*

Sir—I have the honor to advise you that the following building which has been used by this Department is no longer required for Fire Department purposes, and is therefore surrendered to the Sinking Fund Commission, to take effect February 1, 1915:

December 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman, Sinking Fund Commission:*

Sir—I have the honor to advise you that the following building which has been used by this Department is no longer required for Fire Department purposes, and is therefore surrendered to the Sinking Fund Commission, to take effect March 1, 1915:

Quarters of Engine Company No. 229, *at No.* 246 *Frost Street, Borough of Brooklyn.* This building is being vacated because it is thought better to remove the engine company to the new fire quarters in Richardson Street than to spend money to repair the old quarters.

Very respectfully, ROBERT ADAMSON, Fire Commissioner.

December 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman, Sinking Fund Commission:*

Sir—I have the honor to advise you that the following building which has been used by this Department is no longer required for Fire Department purposes, and is therefore surrendered to the Sinking Fund Commission, to take effect March 1, 1915:

Premises 127 *North First Street, Borough of Brooklyn,* now occupied as quarters of the 35th Battalion and as a fuel depot.

The motorization of Engine Company No. 221 will be followed by the abolishing of the chemical engine in the quarters of Hook & Ladder Company No. 104, which will provide sufficient space in the quarters of Hook & Ladder Company No. 104 to accommodate the Chief of the 35th Battalion.

Very respectfully, ROBERT ADAMSON, Fire Commissioner.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 20, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On December 30, 1914, the Fire Commissioner in several communications to the Commissioners of the Sinking Fund, turned over certain properties occupied by the Fire Department in the Boroughs of Manhattan and Brooklyn, such turning over not to take effect until the dates mentioned in the different communications.

I therefore respectfully recommend that the Comptroller be authorized to derive such revenue as may be had from the following described premises:

Borough of Manhattan—185 Lafayette Street; 20 Eldridge Street; 58 Lawrence Street; 160 East 33rd Street (to take effect April 15, 1915); 25 Bridge Street (to take effect February 1, 1915).

Borough of Brooklyn—189 Pearl Street; 246 Frost Street (to take effect March 1, 1915); 127 North First Street (to take effect March 1, 1915).

—and that the question of the final disposition thereof be referred to the Committee on Vacant Property. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Fire Commissioner, in a communication dated December 30, 1914, having turned over as no longer required the following described premises:

Borough of Manhattan—185 Lafayette Street; 20 Eldridge Street; 58 Lawrence Street; 160 East 33rd Street (to take effect April 15, 1915); 25 Bridge Street (to take effect February 1, 1915).

Borough of Brooklyn—189 Pearl Street; 246 Frost Street (to take effect March 1, 1915; 127 North First Street (to take effect March 1, 1915).

—it is

Resolved, That the question of the final disposition thereof be and is hereby referred to the Committee on Vacant Property, and that pending such determination the Comptroller be and is hereby authorized and directed to derive such revenue therefrom as may be had.

The report was accepted and the resolution unanimously adopted.

Note—At this time the President of the Board of Aldermen arrived, and Mr. Esterbrook, the Acting President, withdrew from the meeting.

Court of General Sessions—Assignment to, of Space in the New Criminal Courts Building.

In the matter of the request of the judges of the Court of General Sessions, for the assignment of space in the New Criminal Courts Building for the New Part of the Court of General Sessions, created by Chapter 134 of the Laws of 1914.

Note—This matter was again put on the calendar by direction of the Chair, at the request of the Judges of the Court of General Sessions.

Mr. Lawrence Veiller of the Criminal Court Committee of the Charity Organization Society, Mr. Frank W. Smith, Chief Clerk of the Court of Special Sessions, Mr. Delahanty of the District Attorney's office, Judge McAdoo, of the Magistrates' Court, and Judge Crain of the Court of General Sessions, were heard at length in the matter.

The Deputy and Acting Comptroller said that the Comptroller was of the opinion that action on this matter should be deferred until it could be ascertained what action would be taken by the Legislature on the bill about to be introduced consolidating the Court of Special Sessions and the Magistrates' Court.

While the Comptroller appreciated the necessity of additional quarters for the Court of General Sessions, he did not think that the expense of the alterations and reconstruction of the Court rooms ought to be incurred until it was definitely decided just what space would be needed for the inferior Courts in case of the passage of the bill consolidating them.

Furthermore, the work of alteration and reconstruction could not be completed for two or three months and he believed it for the best interests of the City to hold the matter in abeyance until something definite was learned as to the action of the Legislature on the Bill Consolidating the Courts. The passage of such a bill, he was informed, might and probably would render alterations of the building unnecessary.

The President of the Board of Aldermen stated that his views coincided with those of the Comptroller.

Mr. Veiller stated that the bill would be introduced in the Legislature in about one week.

Discussion followed.

The Chamberlain moved that the room in the Criminal Courts Building now occupied by the First District Magistrates' Court be assigned to the Court of General Sessions; such assignment not to take effect, however, until quarters could be found, satisfactory to the Chief City Magistrate, and approved by the Commissioners of the Sinking Fund, and were fitted up and ready for occupancy by the First District Magistrates' Court; also that a Committee be appointed to find such quarters.

Ayes—The Mayor, Chamberlain and Chairman of Finance Committee, Board of Aldermen.

Nays—The Deputy and Acting Comptroller and President of the Board of Aldermen.

Motion carried.

The Chairman of the Finance Committee, Board of Aldermen, then moved that the Committee be appointed. Motion carried.

The Chair thereupon appointed the Chairman of the Finance Committee, Board of Aldermen, and the Deputy and Acting Comptroller as a Committee to find quarters for the First District Magistrates' Court.

Adjourned. JOHN KORB, JR., Secretary.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE THURSDAY, JANUARY 28, 1915.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

ART COMMISSION.

Minutes of Special Meeting of Art Commission Held in the Governor's Room, City Hall, on Monday, November 30th, 1914, at 3.00 o'Clock P. M.

Present—President de Forest, Presiding; Commissioners Breck, Babbott, Mitchell, Bitter, Lawrence and Boring.

On communications from the Mayor, Commissioners Healy and Rives, explaining their absences, they were excused.

Minutes of meeting of November 9th were presented and approved.

The President's report was presented, stating that the following Committees had been appointed since the last meeting, November 9th:

Submission 1949—Lehigh Valley Railroad Shed, Pier 8, N. R.; Cimmissioners Boring, Chairman; Babbott and Breck. Appointed November 21, 1914.

Submission 1950—West 8th Street Shelter, Dreamland Park: Commissioners Boring, Chairman; Babbott and Breck. Appointed November 27, 1914.

Submission 1951—Sea Beach Line Stations: Commissioners Boring, Chairman; Babbott and Breck. Appointed November 28, 1914.

Submission 1952—Industrial Building, City Home for Aged and Infirm: Commissioners Boring, Chairman; Babbott and Breck. Appointed November 28, 1914.

Submission 1953—Police Signal Lamps: Commissioners Breck, Chairman; Mitchell and Boring. Appointed November 30, 1914.

The following resolutions were adopted in accordance with the recommendations of the respective Committees:

Submission 1950. *West 8th Street Shelter, Coney Island. Certificate* 1859.

Resolved, That the Art Commission hereby approves the designs for a temporary shelter for the Dock Department near the foot of West 8th Street, Dreamland Park, Coney Island, represented by Exhibits "830-A" and "830-B," of record in this matter.

Submission 1935. *Crane Fountain. Certificate* 1860.

Resolved, That the Art Commission hereby disapproves the designs for the Crane Fountain to be placed in City Hall Park, Manhattan, represented by Exhibits "822-A," "822-B," "822-C," "822-D," "822-E," "822-F," "822-G," "822-H" and "822-I" of record in this matter.

Submission 1953. *Police Signal Lamps. Certificate* 1861.

Resolved, That the Art Commission hereby approves the design for the police signal lamps to be attached to the electric light poles in the Borough of Manhattan, represented by Exhibits "820-E," "820-F," "820-G" and "820-H," of record in this matter.

Submission 1951. *Sea Beach Line Stations.*

The Committee recommended that the design marked "Scheme 'A'," be approved with the understanding that the cornice and the parapet be restudied; and that the design marked "Scheme 'B'" be disapproved.

On motion the report was adopted and the following resolutions passed:

Certificate 1862.

Resolved, That the Art Commission hereby approves, but as preliminary drawings only, the designs for typical superstructures for the Sea Beach Line, New York Municipal Railway Corporation, represented by Exhibits "831-A" and "831-B," of record in this matter.

Certificate 1863.

Resolved, That the Art Commission hereby disapproves the designs for typical superstructures for the Sea Beach Line, New York Municipal Railway Corporation, represented by Exhibits "831-A" and "831-C," of record in this matter.

Submission 1952. *Industrial Building, Blackwell's Island.*

Honorable Henry C. Wright, First Deputy Commissioner of Public Charities, appeared before the Commission and gave his reasons for the change in location of this building.

The Committee reported that the location chosen for this building was inconsistent with the layout previously approved by the Art Commission, but it was not so inconsistent as to prevent the scheme being carried out, and recommended the approval of these designs for this location; but further recommended that before other new buildings were planned a new layout for this part of the Island should be adopted.

To this proposition Commissioner Wright assented.

On motion the report of the Committee was adopted and the following resolution passed:

Certificate 1864.

Resolved, That the Art Commission hereby approves the designs and location of a day room and industrial building for women for the City Home for the Aged and Infirm on Blackwell's Island, represented by Exhibits "241-AF," "241-AG," "241-AH," "241-AI" and "241-AJ," of record in this matter.

The request of the Mayor for advice from the Commission respecting the expediency of loaning certain paintings to the Panama-Pacific International Exposition postponed at the last meeting, was then taken up. It was stated that the number of paintings asked for had been reduced to four, viz.: Achmet Ben Amar, by Edward Mooney; John W. Brown, by Jared B. Flagg; Alexander Hamilton, by John Trumbell, and William Paulding, by Samuel Finley Breese Morse.

In the discussion which followed it appears that all members of the Commission were in favor of recommending the loan of the two pictures first named, but that there was division of opinion as to loaning the last two, one of which, the Alexander Hamilton, forms part of the decorations of the Governor's Room, and the other of which is of great importance. It also appeared that there was no expert opinion before the Commission as to any special risk which might be involved in loaning the last two pictures named by reason of their condition, and that full information was not at hand with regard to the precautions to be taken with regard to shipment or as to insurance or value for purposes of insurance.

Upon the assumption that there were no unusual risks in transportation by reason of the condition of the pictures and that all matters of packing, insurance and other precautions would be covered to the satisfaction of the Commission, a resolution was adopted by a vote of four to three, recommending that the Mayor loan the four pictures named and that the Commission consent thereto, so far as pertains to it so to do.

Messrs. de Forest, Babbott and Lawrence requested to be recorded as voting in the negative on this resolution.

It was further resolved that Mr. Breck be appointed a sub-committee to ascertain whether or not the two paintings last named were in such condition as to safely bear transportation; to ascertain precisely what precautions in packing and transportation would be taken; to ascertain also whether paintings would be fully insured and to recommend the amount for such insurance, with the request that he report on these matters at the next meeting of the Commission, final recommendation to the Mayor to await action on such report.

In the cases in which preliminary approval was given the Assistant Secretary was directed to notify the proper authorities that when working drawings have been completed, they should be submitted to the Commission for final approval; also to transmit copies of the reports of the Committees to the proper authorities.

The following Committees reported progress:

Submission 1949.

Mr. Joseph Holwell, Deputy Bridge Commissioner, presented the designs for a retaining wall for the Manhattan terminal of the Manhattan Bridge along Bayard Street.

The President referred this matter to a Committee consisting of Commissioners Healy, Chairman; Babbott and Rives.

On motion the matter was immediately considered and the following resolution passed:

Certificate 1873.

Resolved, That the Art Commission hereby approves the designs and location of a retaining wall for the Manhattan Terminal of the Manhattan Bridge along Bayard Street, represented by Exhibits "63-DM," "63-DN" and "63-DO," of record in this matter.

The following Committees reported progress:

Submission 1955.

Subway Sign Posts.
Mail Box Supports.
Assay Office Facade.
Quarters and Staff.

Commissioner Breck as a sub-committee appointed at the last meeting of the Commission reported that he had received positive assurance from Mr. Charles Francis Browne that the pictures loaned to the Panama-Pacific International Exposition would be handled in a thoroughly careful way by W. Budworth & Son; that they were prepared to insure the paintings for the following amounts: namely, Alexander Hamilton for $50,000, Mayor Paulding for $15,000, Achmet Ben Amar for $10,000, and John W. Brown for $10,000. Further, that the pictures were to be placed in steel cars in New York and delivered in San Francisco directly at the building which is a fireproof structure.

It was moved and seconded that the Commission reconsider its action taken at the last meeting, at which it consented to send the portrait of Alexander Hamilton by Trumbull.

Motion was carried.

It was moved and seconded that the portrait of Alexander Hamilton be not loaned to the Panama-Pacific International Exposition.

On motion the meeting adjourned.

J. Q. ADAMS, Assistant Secretary.

Confirmation of Assessments.

NOTICE OF ASSESSMENT FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following named avenue in the BOROUGH OF QUEENS:

SECOND WARD

HEBBERD AVENUE — OPENING, from Flushing avenue to Fresh Pond Road. Confirmed December 14, 1914; entered January 26, 1915. Area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Linden avenue and Hebberd avenue, distant 100 feet easterly from the easterly line of Fresh Pond road, the said distance being measured at right angles to the line of Fresh Pond road, and running thence southwardly and parallel with Fresh Pond road to the intersection with the prolongation of a line midway between Hebberd avenue and Mount Olivet avenue; thence westwardly along a line always midway between Hebberd avenue and Mount Olivet avenue, and along the prolongation of the said line to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of Flushing avenue, the said distance being measured at right angles to the line of Flushing avenue; thence northeastwardly along the said line parallel with Flushing avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northerly line of Hebberd avenue as laid out at Flushing avenue and the southerly line of James street; thence eastwardly along the said bisecting line to the intersection with a line midway between Linden avenue and Hebberd avenue, thence eastwardly along the said line midway between Linden avenue and Hebberd avenue and the prolongation thereof to the point or place of beginning.

The above entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. And unless the amount assessed for benefit on any person or proptrty shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided by section 1006 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Municipal Building, Court House Square, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 27, 1915, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessment became a lien to the date of payment.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on January 8, 1915, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment is considering the advisability of amending the proceeding authorized by said Board under resolutions adopted on March 7, 1912, and June 26, 1913, for acquiring title to Cruger Avenue from Baker Avenue to Rhinelander Avenue, and from White Plains Road to Bronx and Pelham Parkway, subject to the easements of the New York, Westchester and Boston Railroad that are necessary to permit of operating the said railroad; Holland Avenue from Baker Avenue to Hunt Avenue; Rhinelander Avenue from White Plains Road to Cruger Avenue; and Hunt Avenue from Rhinelander Avenue to Bear Swamp Road, subject to the easements of the New York, Westchester and Boston Railroad that are necessary to permit of operating the said railroad, Borough of The Bronx, so as to conform to a map or plan adopted by the Board of Estimate and Apportionment October 23, 1914, and approved by the Mayor November 2, 1914, in which the width of Holland Avenue is decreased from 60 feet to 50 feet by taking 5 feet from each side; and also to conform to a map or plan adopted by the Board of Estimate and Apportionment December 18, 1914, and approved by the Mayor December 28, 1914, in which a change is made in the alignment of Rhinelander Avenue from White Plains Road to Matthews Avenue; the amendment now proposed providing for the acquisition of title to the foregoing streets between the limits named in the resolution of June 26, 1913, as the said streets are now laid out upon the map or plan of the City of New York.

Resolved, that the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed district of assessment for benefit in this proposed amended proceeding:

Beginning at a point on a line distant 100 feet northerly from and parallel with the northerly line of Bronx and Pelham Parkway South, the said distance being measured at right angles to Bronx and Pelham Parkway South, where it is intersected by the prolongation of a line midway between White Plains Road and Cruger Avenue, as these streets are laid out at Lydig Avenue, and running thence eastwardly along the said line parallel with Bronx and Pelham Parkway South to the intersection with the prolongation of a line midway between Cruger Avenue and Holland Avenue, as these streets are laid out at Lydig Avenue; thence southwardly along the said line midway between Cruger Avenue and Holland Avenue and along the prolongation of the said line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Bear Swamp Road as this street is laid out between Holland Avenue and Cruger Avenue, the said distance being measured at right angles to Bear Swamp Road; thence eastwardly along the said line parallel with Bear Swamp Road and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Hunt Avenue as this street adjoins Holland Avenue, the said distance being measured at right angles to Hunt Avenue; thence southwardly along the said line parallel with Hunt Avenue and along the prolongation of the said line to the intersection with a line midway between Holland Avenue and Wallace Avenue, as these streets are laid out at Rhinelander Avenue; thence southwardly along the said line midway between Holland Avenue and Wallace Avenue and along the prolongation of the said line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Baker Avenue, the said distance being measured at right angles to Baker Avenue; thence westwardly along the said line parallel with Baker Avenue to the intersection with the prolongation of a line midway between White Plains Road and Cruger Avenue as these streets are laid out at Morris Park Avenue; thence northwardly along the said line midway between White Plains Road and Cruger Avenue and along the prolongation of the said line to the intersection with a line at right angles to White Plains Road and passing through a point on its easterly side midway between Rhinelander Avenue and Morris Park Avenue; thence westwardly along the said line at right angles to White Plains Road to the intersection with a line distant 200 feet westerly from and parallel with the easterly line of White Plains Road as this street is laid out at Rhinelander Avenue, the said distance being measured at right angles to White Plains Road; thence northwardly along the said line parallel with White Plains Road to the intersection with the northwesterly right-of-way line of the New York, Westchester and Boston Railroad; thence northeastwardly along the said right-of-way line to the intersection with the prolongation of a line midway between Cruger Avenue and White Plains Road as these streets are laid out at Lydig Avenue; thence northwardly along the said line midway between Cruger Avenue and White Plains Road and along the prolongations of the said line to the point or place of beginning.

Resolved, that this Board consider the proposed district of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 5th day of February, 1915, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, that the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 5th day of February, 1915.

Dated January 23, 1915.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on January 8, 1915, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment is considering the advisability of amending the proceeding authorized by said Board under resolutions adopted on July 10, 1913, and September 25, 1913, for acquiring title to Liberty Avenue from the Brooklyn Borough Line to Van Wyck Avenue, Borough of Queens, so as to conform to a map or plan adopted by the Board of Estimate and Apportionment December 23, 1914, in which the lines of Liberty Avenue in the section east of Atfield Avenue are shifted slightly to the south; the proposed amended proceeding providing for the acquisition of title to Liberty Avenue from the Brooklyn Borough Line to Van Wyck Avenue as said Liberty Avenue is now laid out upon the map or plan of the City of New York.

Resolved, that the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed district of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the prolongation of a line midway between Beaufort avenue and Jerome avenue as these streets are laid out immediately west of Van Wyck avenue, where it is intersected by a line midway between Lowell Avenue and Longfellow avenue, and running thence southwardly along the said line midway between Lowell avenue and Longfellow avenue and along the prolongation of the said line to the intersection with a line midway between Dean street and Baltic street; thence southeastwardly along the said line midway between Dean street and Baltic street to the intersection with a line midway between Humboldt boulevard and South street; thence southwestwardly along the said line midway between Humboldt boulevard and South street and along the prolongation of the said line to the intersection with a line midway between West street and Wells avenue; thence southeastwardly along the said line midway between West street and Wells avenue to the intersection with the prolongation of a line midway between 1st street and 2d street; thence southwestwardly along the said line midway between 1st street and 2d street and along the prolongations of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Van Wyck avenue, the said distance being measured at right angles to Van Wyck avenue; thence southwardly along the said line parallel with Van Wyck avenue to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Metropolis avenue as this street immediately adjoins Lefferts avenue on the west, the said distance being measured at right angles to Metropolis avenue; thence westwardly along the said prolongation of a line parallel with Metropolis avenue to the intersection with a line midway between Maure avenue and Morris avenue as these streets immediately adjoin Mill street on the south; thence southwardly along the said line midway between Maure avenue and Morris avenue to the intersection with the prolongation of a line midway between Metropolis avenue and Sutter avenue as these streets immediately adjoin Hamilton avenue on the west; thence westwardly along the said line midway between Metropolis avenue and Sutter avenue and along the prolongations of the said line to the intersection with a line midway between Dalrymple avenue and Sutter avenue; thence westwardly along the said line midway between Dalrymple avenue and Sutter avenue and along the prolongation of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Genesee street, the said distance being measured at right angles to Genesee street; thence northwardly along the said line parallel with Genesee street to the intersection with a line midway between Glenmore avenue and Pitkin avenue as these streets are laid out east of the borough line; thence westwardly along the said line midway between Glenmore avenue and Pitkin avenue and along the prolongation of the said line to a point distant 100 feet westerly from the westerly line of Elderts lane, the said

distance being measured at right angles to Elderts lane; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Elderts lane to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Magenta street, the said distance being measured at right angles to Magenta street; thence eastwardly along the said line parallel with Magenta street to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Drew avenue, the said distance being measured at right angles to Drew avenue; thence northwardly along the said line parallel with Drew avenue to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Beaufort avenue, the said distance being measured at right angles to Beaufort avenue; thence eastwardly along the said line parallel with Beaufort avenue and along the prolongation of the said line to the intersection with a line midway between Weymouth street and Halifax street; thence southwardly along the said line midway between Weymouth street and Halifax street to the intersection with a line midway between Beaufort avenue and Jerome avenue; thence eastwardly along the said line midway between Beaufort avenue and Jerome avenue to the intersection with a line midway between Canal avenue and Boyd avenue; thence southwardly along the said line midway between Canal avenue and Boyd avenue to a point distant 100 feet northerly from the northerly line of Jerome avenue; thence eastwardly and parallel with Jerome avenue to the intersection with a line midway between Walker avenue and Woodhaven avenue; thence southwardly along the said line midway between Walker avenue and Woodhaven avenue to the intersection with a line midway between Jerome avenue and Kimball avenue; thence eastwardly along the said line midway between Jerome avenue and Kimball avenue to the intersection with a line midway between South Vine Street and South Curtis avenue; thence northwardly along the said line midway between South Vine street and South Curtis avenue to a point distant 100 feet northerly from the northerly line of Jerome avenue; thence eastwardly and parallel with Jerome avenue to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Maure avenue, the said distance being measured at right angles to Maure avenue; thence northwardly along the said line parallel with Maure avenue to the intersection with a line midway between Jerome avenue and Beaufort avenue as these streets are laid out west of Van Wyck avenue; thence eastwardly along the said line midway between Jerome avenue and Beaufort avenue and along the prolongation of the said line to the point or place of beginning.

The lines of the streets used as the basis for the nine courses first described are intended to be those as at the present time in use or as commonly recognized.

Resolved, that this Board consider the proposed district of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 5th day of February, 1915, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, that the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 5th day of February, 1915.

Dated January 23, 1915.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on January 8, 1915, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment is considering the advisability of amending the proceeding authorized by said Board on July 10, 1913, for acquiring title to Bayreuth Street from Parsons Avenue to Dutchess Street, Borough of Queens, so as to conform to a map or plan adopted by said Board on December 23, 1914, in which the street width of Bayreuth Street is reduced from 60 feet to 50 feet in the block adjoining Dutchess Street, and a further slight change is made at the intersection with Custer Street; the proposed amended proceeding providing for the acquisition of title to Bayreuth Street from Parsons Avenue to Dutchess Street as said Bayreuth Street is now laid out upon the map or plan of the City of New York.

Resolved, that the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed district of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the northeasterly line of Parsons avenue where it is intersected by a line midway between Ash street and Bayreuth street as these streets are laid out immediately east of Parsons avenue, and running thence eastwardly along the said line midway between Ash street and Bayreuth street to a point distant 100 feet westerly from the westerly line of Murray street; thence northwardly and parallel with Murray street to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Sanford avenue and the northerly line of Bayreuth street as these streets adjoin Murray street on the east; thence eastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Sanford avenue and the northerly line of Bayreuth street as these streets are laid out between Custer street and Dutchess street; thence eastwardly along the said bisecting line to the intersection with a line midway between Dutchess street and Elton street; thence southwardly along the said line midway between Dutchess street and Elton street to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Bayreuth street as this street adjoins Dutchess street, the said distance being measured at right angles to Bayreuth street; thence westwardly along the said line parallel with Bayreuth street and along the prolongation of the said line to the intersection with a line midway between Bayreuth street and California avenue as these streets are laid out immediately west of Murray street; thence westwardly along the said line midway between Bayreuth street and California avenue and along the prolongation of the said line to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Parsons avenue, the said distance being measured at right angles to Parsons avenue; thence northwestwardly along the said line parallel with Parsons avenue to the intersection with a line at right angles to Parsons avenue and passing through the point of beginning; thence northeastwardly along the said line at right angles to Parsons avenue to the point or place of beginning.

Resolved, that this Board consider the proposed district of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 5th day of February, 1915, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, that the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 5th day of February, 1915.

Dated January 23, 1915.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on January 8, 1915, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment of the City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Rhinelander Avenue from Cruger Avenue to Stillwell Avenue, in the Borough of The Bronx, City of New York; and

Whereas, the Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceedings.

Resolved, that the Board of Estimate and Apportionment, in pursuance of the provisions of Section 980 of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in these proceedings, which would bear the entire cost of acquiring title as aforesaid:

Beginning at a point on the center line of Bronx and Pelham Parkway, where it is intersected by the northwesterly line of Stillwell Avenue, and running thence southwardly at right angles to Bronx and Pelham Parkway to the intersection with the southeasterly right-of-way line of the New York, New Haven and Hartford Railroad; thence southwestwardly along the said right-of-way line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the center lines of Seminole Street and Abbott Place, as these streets are laid out between Seymour Avenue and Eastchester Road; thence westwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongation of the northerly line of Wilkinson Avenue, as this street is laid out where it meets Seminole Avenue, with the southerly line of Rhinelander Avenue; thence southwestwardly along the said bisecting line to the intersection with a line parallel with Rhinelander Avenue as laid out between Seminole Avenue and Newport Avenue and passing through a point on the northeasterly line of Narragansett Avenue where it is intersected by the prolongation of a line midway between Rhinelander Avenue and Morris Park Avenue, as these streets are laid out at Williamsbridge Road; thence southwestwardly along the said line parallel with Rhinelander Avenue to the intersection with the northeasterly line of Narragansett Avenue; thence southwestwardly along the said line midway between Rhinelander Avenue and Morris Park Avenue, and along the prolongation of the said line to the intersection with the prolongation of a line midway between Rhinelander Avenue and Morris Park Avenue as these streets are laid out between Barnes Avenue and Wallace Avenue; thence southwestwardly along the said line midway between Rhinelander Avenue and Morris Park Avenue and the prolongation of the said line to a point distant 100 feet westerly from the westerly line of White Plains Road; thence northwardly and parallel with White Plains Road to the intersection with the southeasterly right-of-way line of the New York, Westchester and Boston Railroad; thence northeastwardly along the said right-of-way line to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Sagamore Street as this street is laid out where it meets Hunt Avenue, the said distance being measured at right angles to Sagamore Street; thence eastwardly along the said line parallel with Sagamore Street and along the prolongation of the said line to the intersection with the westerly line of Hunt Avenue; thence eastwardly and parallel with Rhinelander Avenue, as this street is laid out between Wallace Avenue and Barnes Avenue, to the intersection with a line midway between Rhinelander Avenue and Neill Avenue, as these streets are laid out between Bogart Avenue and Radcliff Avenue; thence northeastwardly along the said line midway between Rhinelander Avenue and Neill Avenue to the intersection with the prolongation of a line midway between Rhinelander Avenue and Neill Avenue, as these streets are laid out between Seminole Avenue and Newport Avenue; thence northeastwardly along the said line midway between Rhinelander Avenue and Neill Avenue and along the prolongations of the said line to the intersection with the center line of Bronx and Pelham Parkway; thence eastwardly along the center line of Bronx and Pelham Parkway to the point or place of beginning.

Resolved, that the Board of Estimate and Apportionment, in pursuance of the provisions of Section 980 of the Greater New York Charter, as amended, hereby gives further notice that the following are *proposed alternative* areas of assessment for benefit in these proceedings:

District No. 1 which would be assessed for one-third of the entire cost of acquiring that portion of the street extending from Cruger Avenue to Muliner Avenue.

Beginning at a point on the center line of Colden Avenue distant 100 feet southerly from the southerly line of Arnow Avenue, and running thence southwardly along the center line of Colden Avenue to a point distant 100 feet southeasterly from the southeasterly line of Boston Road, the said distance being measured at right angles to Boston Road; thence southwestwardly and parallel with Boston Road to the intersection with a line midway between Colden Avenue and Radcliff Avenue; thence southwardly along the said line midway between Colden Avenue and Radcliff Avenue to the intersection with a line distant 340 feet southerly from and parallel with the southerly line of Arnow Avenue, the said distance being measured at right angles to Arnow Avenue; thence eastwardly along the said line parallel with Arnow Avenue to the intersection with a line midway between Colden Avenue and Paulding Avenue; thence southwardly along the said line midway between Colden Avenue and Paulding Avenue to a point distant 100 feet northerly from the northerly line of Allerton Avenue; thence eastwardly and parallel with Allerton Avenue to the intersection with a line midway between Paulding Avenue and Hone Avenue; thence northwardly along the said line midway between Paulding Avenue and Hone Avenue a distance of 80 feet; thence eastwardly and parallel with Allerton Avenue to the intersection with a line midway between Hone Avenue and Lurting Avenue; thence southwardly along the said line midway between Hone Avenue and Lurting Avenue and along the prolongation of the said line to a point distant 100 feet southerly from the southerly line of Mace Avenue; thence eastwardly and parallel with Mace Avenue to the intersection with a line midway between Hering Avenue and Tenbroeck Avenue; thence southwardly along the said line midway between Hering Avenue and Tenbroeck Avenue to the intersection with the northwesterly right-of-way line of the New York, Westchester and Boston Railroad; thence southwestwardly along the said right-of-way line to the intersection with the center line of Bronx and Pelham Parkway; thence westwardly along the center line of Bronx and Pelham Parkway to the intersection with the prolongation of the center line of Munroe Avenue as this street is laid out between Lydig Avenue and Bronx and Pelham Parkway; thence southeastwardly along the center line of Munroe Avenue and along the prolongation thereof to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of the Unnamed Street located over the New York, Westchester and Boston Railroad tunnel, the said distance being measured at right angles to the Un-named Street; FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT the consideration of the communication from the Public Service Commission for the First District transmitting certified copy of resolution adopted by said Commission January 8, 1915, amending route and general plan of construction for the Seventh and Eighth Avenue Route so as to provide for a passageway and station approaches in and under West 40th Street between Broadway and Seventh Avenue, to connect the station on Broadway with the Station on Seventh Avenue, and to afford access to and egress from said stations or either of them, and requesting the approval and consent of this Board thereto, which was, by resolution duly adopted January 15, 1915, fixed for January 22, 1915, was on that date continued until FEBRUARY 5, 1915, at 10:30 o'clock A. M. in Room 16, City Hall, Borough of Manhattan, when and where all citizens interested will have an opportunity to appear and be heard.

JAMES D. McGANN, Assistant Secretary, Room 1307 Municipal Building, Telephone 4560 Worth.

Dated, New York, January 15, 1915. j25,f5

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Long Island Railroad Company has, by a petition dated June 10, 1914, applied to this Board for the right, privilege and franchise to construct and maintain certain retaining walls within the lines of Sixth Street, East Avenue and Jackson Avenue and to construct, maintain and operate four additional tracks under and across Vernon Avenue and two additional tracks under and across East and Jackson Avenues between Fifth and Sixth Streets in Long Island City, Borough of Queens; and

Whereas, Sections *72, 73 and 74 of the* Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on August 27, 1914, fixing the date for public hearing thereon as September 21, 1914, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Globe" and the "New York Times," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Long Island Railroad Company and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Long Island Railroad Company, containing the form of proposed contract, for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Long Island Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

THIS CONTRACT, made and executed in duplicate this day of , 19 , by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the LONG ISLAND RAILROAD COMPANY (hereinafter called the Company), party of the second part, WITNESSETH:

WHEREAS, Pursuant to an agreement entered into or about to be entered into between the Company and the Public Service Commission for the First District, the Company agreed or will agree to convey to The City for rapid transit railway purposes, a certain easement in and

through the so-called North Shore Freight Yard of the Company located in the First Ward, Borough of Queens, in consideration of the payment by the City to the Company of the sum of two hundred and thirty thousand dollars ($230,000) to reimburse the Company for the cost of altering, relocating and rearranging the tracks and structures of the Company, made necessary by the occupation of said yard by the rapid transit railway (which is a portion of the route known as the "Steinway Tunnel and Queensboro Plaza Route" or "Steiwnay Tunnel Line"), and to be in full payment and satisfaction to the Company for the easement so to be granted and

WHEREAS, The Company, in order to carry out the alteration, relocation and rearrangement of its tracks and structures pursuant to such agreement, has, under date of June 10, 1914, applied to the Board for a franchise to construct and maintain certain retaining walls within the lines of Sixth Street, East Avenue and Jackson Avenue, and to construct, maintain and operate certain additional tracks under and across Vernon, East and Jackson Avenues, all in the First Ward of the Borough of Queens, City of New York; and

WHEREAS, The Company agrees that the granting of the franchise so applied for will permit it to make all the alterations and relocations that may be necessary to carry out the rearrangement of its tracks contemplated by such agreement;

Now, THEREFORE, in order to permit the entering into and the performance of said agreement on the part of the Company, and in consideration of the Company's agreeing to enter into said agreement and of the conveyance to be made pursuant thereto, and of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

SECTION 1. The City hereby grants to the Company the right to construct and maintain certain retaining walls and to construct, maintain and operate certain additional tracks in the vicinity of and in connection with the so-called North Shore Freight Yard of the Company, located in the First Ward of the Borough of Queens, City of New York, as follows:

(a) A retaining wall within the boundaries of Sixth Street and extending along the southerly line of said street from a point about two hundred and fifteen (215) feet east of the easterly line of West Avenue to a point about one hundred and eighty-five (185) feet west of the westerly line of East Avenue; also a retaining wall from a point in East Avenue about thirty-four (34) feet south of the southerly line of Sixth Street; thence across East Avenue; across the open square or space known as Sanford Angle, under the jurisdiction of the Department of Parks, and across Jackson Avenue to a point on the southerly line of Jackson Avenue about forty-five (45) feet three (3) inches southwesterly from the southerly line of Sixth Street.

(b) Four (4) tracks under and across Vernon Avenue immediately south of the retaining wall specified above.

(c) Two (2) tracks under and across East Avenue and Jackson Avenue at the junction thereof, and immediately south of the retaining wall specified above.

—all as shown on a map entitled:

"Map and profile to accompany application dated June 10, 1914, of The Long Island R. R. Co. to the Board of Estimate and Apportionment, City of New York, for the right to install and maintain tracks under and across and change the grades of Vernon, East and Jackson Avenues and retaining wall underneath the surface of Sixth St., East Ave. and Jackson Ave., Long Island City, in the Borough of Queens"

—signed, The Long Island R. R. Co., by Ralph Peters, President, approved, J. R. Savage, Chief Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that the proposed street grades shown on said map shall not be followed if grades other than those shown are established or if it shall be unnecessary to change the existing established grades. If grades other than those shown on said map are established, then such other established grades shall be followed.

SEC. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said structures shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until October 1, 1939, with the privilege of renewal of said contract for the further period of twenty-five (25) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board. If the parties shall not agree upon the compensation to be paid, if any, during the renewal term, on or before the day nine (9) months before the expiration of the original term, then the matter shall be submitted to three disinterested freeholders to be selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties. If such appraisers shall determine that any compensation shall be paid to the City during the renewal term, the parties shall enter into a written agreement providing for the payment of the compensation so fixed and the time and manner of making such payment. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsover, either by the act of the company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, unless the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by all of the terms and conditions of this contract, and agreeing to waive any more favorable conditions created by its charter or any statute relating to the consolidation or merger of corporations, or otherwise. The filing of such agreement shall constitute a condition precedent to the passing or vesting of the rights hereby granted, or of any nortion thereof, or of any right, interest or property therein. In case of the failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which the consolidation, merger, etc., is to take effect, the rights hereby granted shall cease and determine.

Third—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues hereinbefore described.

Fourth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the retaining walls, guard rails, tracks and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—Said retaining walls, guard rails, tracks, bridges and other structures authorized or required by this contract shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said retaining walls, tracks, bridges or other structures shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the tracks hereby authorized, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Sixth—The Company shall commence and complete construction of the structures herein authorized or required within ten (10) years from the date of the adoption by the Board of a resolution changing and re-establishing the grades of the streets to permit the construction of the structures as contemplated should it be necessary to change or re-establish the grades of any of the streets in which structures are herein authorized or required, or in case it shall be unnecessary to change such grades, or in case said grades shall be changed or re-established before the date on which this contract is signed by the Mayor, then the Company shall commence and complete the construction within ten (10) years from the date on which the contract shall be so signed, otherwise this right shall cease and determine, and the sum of five thousand dollars ($5,000), which sum is a portion of the amount heretofore deposited with the Comptroller of the City as security for the faithful performance of the terms and conditions of a contract hereinafter referred to and dated May 4, 1914, and which is hereinafter made likewise a fund which shall be security for the faithful performance of the terms and conditions of this contract, shall thereupon be forfeited to the City. In case of the forfeiture of the rights hereby granted as above and the forfeiture to the City of the sum of five thousand dollars ($5,000), as provided herein, the Company shall immediately deposit with the Comptroller of the City an additional sum of five thousand dollars ($5,000), to replace such sum forfeited for the purpose of completing and making up the sum of ten thousand dollars ($10,000) required to be deposited with and held by the Comptroller as security for the faithful performance of the terms and conditions of the aforementioned franchise contract of May 4, 1914; provided that the period for commencement and completion may be extended by the Board, but the total extension of time shall not exceed in the aggregate six (6) months; and provided further that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement and completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Seventh—It is agreed that the right hereby granted to construct, maintain and operate the structures authorized or required herein shall not be in preference or in hindrance to public work of the City, and should the said structures in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, support and protect the retaining walls, tracks, bridges and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eighth.—The retaining walls herein authorized, where they occupy the bed of streets, shall be so constructed as to permit the laying of pavement over the same at the established sidewalk and roadway grades, and wherever necessary for the protection of the public said walls shall be surmounted by good and sufficient guard rails or fences. Said retaining walls shall be constructed of concrete under the direction of the President of the Borough of Queens and shall be of sufficient strength and thickness to support the surface of the streets within which they are constructed and the subsurface structures in such streets.

Ninth—Vernon Avenue, East Avenue and Jackson Avenue shall be carried at their established widths and grades over the tracks of the Company hereby authorized, by means of bridges. Plans for such bridges shall be submitted to the Board for its approval, and must receive such approval before the work of construction thereon shall be commenced.

Such bridges shall be so constructed and maintained as to accommodate thereon the existing twelve (12) inch water mains of the City crossing the tracks of the Company at East Avenue, Jackson Avenue and Vernon Avenue, and also the proposed thirty (30) inch water main to be constructed across the Company's tracks at East Avenue. Should the City at any time during the term of this contract desire to construct across the tracks of the Company herein authorized any additional water mains or pipes other than those specified above, the Company shall permit the same to be carried on the bridges herein required, provided said bridges shall be of sufficient strength to accommodate such pipes or mains or be properly strengthened in order to accommodate them.

Tenth—The Company shall do all the work and pay the entire cost:

(a) Of constructing and maintaining the retaining walls, guard rails or fences and tracks hereby authorized or required.

(b) Of constructing the necessary bridges to carry the streets over the tracks hereby authorized at the established grades thereof, and maintaining such bridges or portions thereof as and in the manner provided by the Railroad Law.

(c) Of changing the street grades, water supply and drainage systems as may be necessary in the construction of the structures hereby authorized or required, and of all work of any kind incidental thereto, including reflagging, repaving and recurbing of the streets and the roadway of the bridges constructed as herein required.

(d) Of protecting all the surface and subsurface structures which shall in any way be disturbed by the construction of the structures hereby authorized or required.

The Company shall pay the entire cost:

Of all damages to the lands, tenements and hereditaments caused by and in consequence of the changes in grades which may be made in the said streets or other streets affected thereby in connection with the structures herein authorized, and the grantee shall also indemnify The City of New York from and against any and all liability for such damage.

Eleventh—The City shall have the right, without cost, during the term of this contract, whether original or renewal, to construct and maintain under and across the existing tracks of the Company and the tracks and structures hereby authorized to be constructed across Vernon Avenue, East Avenue and Jackson Avenue, all such sewer pipes which in the opinion of the President of the Borough of Queens shall be necessary or proper and which shall not conflict with the maintenance and operation of the railroad of the Company.

Twelfth—The privilege hereby granted so far as it shall affect the use or occupation of any lands or property of the City under the jurisdiction of the Department of Parks, is and shall be subject to the further consent of such department.

Thirteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the structures constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fourteenth—If the Company shall fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a period to be fixed by the Board when giving such notice, and upon failure of the Company to remedy such default within the period fixed the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Fifteenth—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction, maintenance or operation of the structures authorized or required by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Sixteenth—This grant is upon the express condition that the sum of ten thousand dollars ($10,000) heretofore deposited with the Comptroller of the City by the Company under and pursuant to the franchise granted to the Company by the City by contract dated May 4, 1914, authorizing the construction of certain tracks across Hamilton Street, South Street and Farmers Avenue in the Borough of Queens, for the faithful performance by the Company of the terms and conditions of said contract, shall likewise form a fund which shall be security for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the construction and maintenance of the structures herein authorized, change of street grades, alterations to water supply and drainage systems, protection of the surface and subsurface structures interfered with during the course of construction and of the payment for the damages to lands, tenements and hereditaments occasioned by the change of street grades in connection with the structures herein authorized or required, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in payment of the annual charges, should any be hereafter required, shall collect the same with interest from the said fund after ten (10) days' notice to the Company, or in case of default to observe the said terms and conditions of this contract and orders of the Board acting hereunder, the Company shall pay a penalty of ten dollars ($10) a day for each day of failure; all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund heretofore deposited with him, as specified herein. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice pay to the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars ($10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of penalties are in addition to the right to forfeit the franchise conferred by Section 2, Fourteenth, of this contract.

Seventeenth.—The words "notice" or "direction," wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Eighteenth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

SEC. 3. Nothing contained in this contract, nor any act, order or direction of the City or any of the boards, departments or officials thereof, performed or given pursuant thereto, shall be construed as a recognition of the legality or validity of the tracks of the Company now laid and existing across Vernon, East and Jackson Avenues in the First Ward, Borough of Queens, said to have been constructed under the charter rights of the Company's predecessor in title, the Flushing and North Side Railroad Company, nor as a waiver or surrender by the City of any right or cause of action, legal or otherwise, that it may now or shall hereafter possess, by reason of the failure of the Company or of any of its predecessors in title to comply with any provision of law governing or controlling the laying of such existing tracks.

SEC. 4. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

SEC. 5. This grant is also upon the further and express condition that the provisions of the Railroad Law, pertinent hereto, shall be strictly complied with by the Company.

SEC. 6. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

IN WITNESS WHEREOF, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

SUPREME COURT—FIRST DEPARTMENT.

Filing Preliminary Abstracts.

FIRST DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WILSON AVENUE, from Neil Avenue to Needham Avenue; HICKS STREET, from East 215th Street to Wilson Avenue; and EAST 215TH STREET, from Hicks Street to Wilson Avenue in the 24th Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified, with them at their office, Room 1557-15th Floor Municipal Building, Chambers & Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 16th day of February, 1915, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 18th day of February, 1915, at 2 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Room 1557-15th Floor Municipal Building, Chambers & Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 16th day of February, 1915, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of February, 1915, at 2.30 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 16th day of May, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the southeasterly line of Boston road where it is intersected by a line midway between Wilson avenue and Fish avenue, and running thence southeastwardly along the said line midway between Wilson avenue and Fish avenue to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of Givan avenue, the said distance being measured at right angles to Givan avenue; thence northeastwardly along the said line parallel with Givan avenue to the intersection with a line midway between Seymour avenue and Fenton avenue; thence southeastwardly along the said line midway between Seymour avenue and Fenton avenue to the intersection with the prolongation of a line midway between Seymour avenue and Morgan avenue; thence southwardly along the said line midway between Seymour avenue and Morgan avenue and along the prolongations of the said line to the intersection with the centre line of Bronx and Pelham parkway; thence westwardly along the centre line of Bronx and Pelham parkway to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Seymour avenue as this street is laid out south of Bronx and Pelham parkway, the said distance being measured at right angles to Seymour avenue; thence generally southwardly and always distant 100 feet westerly from and parallel with the westerly line of Seymour avenue and the prolongation thereof to the intersection with a line distant 350 feet southeasterly from and parallel with the southeasterly line of Neil avenue as this street is laid out between Newport avenue and Elberon avenue, the said distance being measured at right angles to Neil avenue; thence southwestwardly and always distant 350 feet southeasterly from and parallel with the southeasterly line of Neil avenue and the prolongations thereof to the intersection with a line midway between Tenbroeck avenue and Narraganset avenue; thence generally northwestwardly and always midway between Tenbroeck avenue and Narraganset avenue and the prolongations thereof to the intersection with the centre line of Bronx and Pelham parkway; thence westwardly along the centre line of Bronx and Pelham parkway to the intersection with the prolongation of a line midway between Tenbroeck avenue and Pearsall avenue; thence northwardly along the said line midway between Tenbroeck avenue and Pearsall avenue and along the prolongations of the said line to the intersection with the prolongations of a line distant 100 feet northwesterly from and parallel with the northwesterly line of Givan avenue, the said distance being measured at right angles to Givan avenue; thence northeastwardly along the said line parallel with Givan avenue and along the prolongation of the said line to the intersection with a line midway between Bouck avenue and Wilson avenue; thence northwestwardly along the said line midway between Bouck avenue and Wilson avenue to the intersection with the southeasterly line of Boston road; thence northwestwardly in a straight line to a point on the northwesterly line of Boston road where it is intersected by a line distant 100 feet southwesterly from and parallel with the southwesterly line of Wilson avenue as this street is laid out where it adjoins Boston road on the north, the said distance being measured at right angles to Wilson avenue; thence northwestwardly along the said line parallel with Wilson avenue to the intersection with the southerly line of East Two Hundred and Fourteenth street; thence northwestwardly in a straight line to a point on the northerly line of East Two Hundred and Fourteenth street where it is intersected by a line distant 100 feet southwesterly from and parallel with the southwesterly line of Wilson avenue as this street is laid out between East Two Hundred and Fourteenth street and East Two Hundred and Fifteenth street, the said distance being measured at right angles to Wilson avenue; thence northwestwardly along the said line parallel with Wilson avenue to the intersection with a line midway between East Two Hundred and Fourteenth street and East Two Hundred and Fifteenth street; thence westwardly along the said line midway between East Two Hundred and Fourteenth street and East Two Hundred and Fifteenth street to the intersection with a line at right angles to East Two Hundred and Fifteenth street and passing through a point on its southerly side where it is intersected by the prolongation of a line distant 100 feet northwesterly from and parallel with the northwesterly line of Hicks street, the said distance being measured at right angles to Hicks street; thence northwardly along the said line at right angles to East Two Hundred and Fifteenth street to the intersection with the southerly line of East Two Hundred and Fifteenth street; thence northeastwardly along the prolongation of the said line parallel with Hicks street to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Wilson avenue as this street is laid out between Hicks street and Needham avenue, the said distance being measured at right angles to Wilson avenue; thence northwestwardly along the said line parallel with Wilson avenue and along the prolongation of the said line to the intersection with the prolongation of a line midway between Oakley street and Needham avenue; thence northeastwardly along the said line midway be-

tween Oakley street and Needham avenue and along the prolongation of the said line to the intersection with the prolongation of a line midway between Wilson avenue and Fish avenue, as these streets are laid out between Needham avenue and Hicks street; thence southeastwardly along the said line midway between Wilson avenue and Fish avenue and along the prolongations of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northeasterly line of Wilson avenue and the southwesterly line of Fish avenue as these streets are laid out between Boston road and Hicks street; thence southeastwardly along the said bisecting line to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of Wilson avenue as this street is laid out between Boston road and Hicks street, the said distance being measured at right angles to Wilson avenue; thence southeastwardly along the said line parallel with Wilson avenue to the intersection with the northwesterly line of Boston road; thence southeastwardly in a straight line to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Room 1529-15th Floor Municipal Building, Chambers & Centre Streets, in the Borough of Manhattan, in said City, there to remain until the 18th day of February, 1915.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 29th day of April, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, January 20th, 1915.

SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title, in fee wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of CENTRAL AVENUE (although not yet named by proper authority) between Myrtle Avenue and Proctor Street, in the 2nd Ward, Borough of Queens, City of New York as amended by an order of the Supreme Court dated the 29th day of August, 1911, and entered in the office of the Clerk of the County of Queens on the 30th day of August, 1911, so as to relate to Sections 29 and 30 of the Final Maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on the 21st day of May, 1909, and Section 34 of the Final Maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on the 2nd day of July, 1909, and also by making it include the entire length of the street between Myrtle Avenue and Edsall Avenue, and by further amending it so as to make said proceeding relate to Central Avenue, as now shown on the Map or Plan of the City of New York. The land to be acquired in this proceeding is more particularly described in the petition attached to the aforesaid order.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to-wit:

First.—That the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified, with them at their office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 17th day of February, 1915, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 23rd day of February, 1915, at 2 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 17th day of February, 1915, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 24th day of February, 1915, at 2 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the amended area of assessment fixed and prescribed as the amended area of assessment for benefit by the Board of Estimate and Apportionment on the 28th day of May, 1914, and that the said area of assessment as amended includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Cook street and Graeme avenue as these streets are laid out between Proctor street and Hinman street, distant 100 feet westerly from the westerly line of Proctor street, the said distance being measured at right angles to Proctor street and running thence eastwardly along the said line midway between Cook street and Graeme avenue and along the prolongations of the said line to the intersection with the easterly line of Griffith avenue; thence eastwardly at right angles to Griffith avenue a distance of 100 feet; thence southwardly and parallel with Griffith avenue to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Speer street, the said distance being measured at right angles to Speer street; thence southwardly along the said line parallel with Speer street and along the prolongation of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Sprague street, the said distance being measured at right angles to Sprague street; thence southwardly along the said line parallel with Sprague street to a point distant 100 feet southerly from the southerly line of Copeland avenue, the said distance being measured at right angles to Copeland avenue; thence generally westwardly and always distant 100 feet southerly from and parallel with the southerly line of Copeland avenue and its prolongation to a point distant 100 feet southerly from the southerly line of Myrtle avenue, the said distance being measured at right angles to Myrtle avenue; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of Myrtle avenue to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Central avenue as this street is laid out where it meets Myrtle avenue, the said distance being measured at right angles to Central avenue; thence northeastwardly along the said line parallel with Central avenue and along the prolongation of the said line to the intersection with the southerly line of Kossuth place; thence northeastwardly in a straight line to a point on the northerly line of Kossuth place distant 100 feet westerly from the westerly line of Otto street, the said distance being measured at right angles to Otto street; thence generally eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Otto street and the prolongation thereof to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Lafayette street, the said distance being measured at right angles to Lafayette street; thence southwardly along the said line parallel with Lafayette street and along the prolongation of the said line to a point distant 100 feet northerly from the northerly line of Edsall avenue, the said distance being measured at right angles to Edsall avenue; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Edsall avenue to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Edison place, the said distance being measured at right angles to Edison place; thence northwardly along the said prolongation of a line parallel with Edison place to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Edsall avenue as this street is laid out immediately east of Edison place, the said distance being measured at right angles to Edsall avenue; thence eastwardly along the said line parallel with Edsall avenue and along the prolongation of the said line to the intersection with a line parallel with Proctor street and passing through the point of beginning; thence northwardly along the said line parallel with Proctor street to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 23rd day of February, 1915.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 9th day of April, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and as-

sessment or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, January 19th, 1915.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupany of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
