COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
NEW YORK, Sept. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE  
heard here, from 10 to 3 daily, from all persons  
hitherto liable or recently serving who have become ex-  
empt, and all needed information will be given.

Those who have not answered as to their liability, or  
proved permanent exemption, will receive a "jury enroll-  
ment notice," requiring them to appear before me this  
year. Whether liable or not, such notices must be an-  
swered (in person, if possible, and at this office only) under  
severe penalties. If exempt, the party must bring proof  
of exemption; if liable, he must also answer in person,  
giving full and correct name, residence, etc., etc. No  
attention paid to letters.

Persons "enrolled" as liable must serve when called  
or pay their fines. No mere excuse will be allowed or  
interference permitted. The fines if unpaid will be entered  
as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and  
secure reliable and respectable jurors, and equalize their  
duty by serving promptly when summoned, allowing their  
clerk or subordinates to serve, reporting to me any attempt

DEPARTMENT OF DOCKS,  
117 AND 119 DUANE STREET,  
NEW YORK, October 31, 1882.

### TO CONTRACTORS.

(No. 173.)

PROPOSALS FOR ESTIMATES FOR DREDGING  
AT THE FOOT OF WEST FORTY-FOURTH  
STREET, NORTH RIVER.

ESTIMATES FOR DREDGING FOR THE SITE  
of a proposed new Pier at the foot of West Forty-  
fourth street, North river, and on both sides thereof, will  
be received by the Board of Commissioners at the head  
of the Department of Docks, at the office of said Depart-  
ment, Nos. 117 and 119 Duane street, in the City of New  
York, until 12 o'clock M. of

TUESDAY, NOVEMBER 14, 1882,

at which time and place the estimates will be publicly  
opened by the head of said Department. The award of  
the contract, if awarded, will be made as soon as prac-  
ticable after the opening of the bids.

Any person making an estimate for the work, shall fur-  
nish the same in a sealed envelope to said Board, at  
said office, on or before the day and hour above named,  
which envelope shall be indorsed with the name or names  
of the person or persons presenting the same, the date of  
its presentation, and a statement of the work to which it  
relates.

The bidder to whom the award is made shall give se-  
curity for the faithful performance of the contract, in the  
manner prescribed and required by ordinance, in the sum  
of Five Thousand Dollars.

The Engineer's estimate of the quantity of material  
necessary to be dredged, in order to secure at the pre-  
mises mentioned the depth below mean low water  
named in the specifications, is 69,000 cubic yards.

N. B.—As the above mentioned quantity, though  
stated with as much accuracy as is possible, in advance,  
is approximate only, bidders are required to submit  
their estimates upon the following express conditions,  
which shall apply to and become part of every estimate  
received:

1st. Bidders must satisfy themselves by personal exami-  
nation of the location of the proposed dredging, and by such  
other means as they may prefer, as to the accuracy of the  
foregoing Engineer's estimate, and shall not, at any time  
after the submission of an estimate, dispute or com-  
plain of the above statement of quantity, nor assert  
that there was any misunderstanding in regard to the  
nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work  
to the satisfaction of the Department of Docks, and in  
substantial accordance with the specifications of the con-  
tract. No extra compensation, beyond the amount pay-  
able for the work before mentioned, which shall be actually  
performed, at the price therefor per cubic yard to be  
specified by the lowest bidder, shall be due or payable  
for the entire work.

The work to be done under the contract is to be com-  
menced within five days after the date of the contract,  
and the entire work is to be fully completed on or before  
the 10th day of February, 1883, and the damages to be paid  
by the contractor for each day that the contract may be  
unfulfilled after the time fixed for fulfillment has expired,  
Sundays and holidays not to be excepted, are, by a  
clause in the contract, fixed and liquidated at fifty dol-  
lars per day.

All the material excavated is to be removed by the  
contractor, and deposited, in all respects, according to  
law, and any material dredged, not so deposited, shall  
not be paid for.

Bidders will state in their estimates a price per cubic  
yard for doing such dredging, in conformity with the  
approved form of contract and the specifications therein  
set forth, by which price the bids will be tested. This  
price is to cover all expenses of every kind involved in or  
incident to the fulfillment of the contract, including any  
claim that may arise through delay, from any cause, in  
the performing of the work thereunder.

Bidders will distinctly write out, both in words and in  
figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be  
awarded will be required to attend at this office with the  
sureties offered by him or them, and execute the contract  
within five days from the date of the service of a notice to  
that effect; and in case of failure or neglect so to do, he  
or they will be considered as having abandoned it, and as  
in default to the Corporation; and the contract will be re-  
advertised and relet, and so on until it be accepted and  
executed.

Bidders are required to state in their estimates their  
names and places of residence; the names of all persons  
interested with them therein; and if no other person be so  
interested, the estimate shall distinctly state the fact; also  
that the estimate is made without any connection with any  
other person making an estimate for the same work, and  
that it is in all respects fair, and without collusion or fraud;  
and also, that no member of the Common Council, Head  
of a Department, Chief of a Bureau, Deputy thereof, or  
Clerk therein, or other officer of the Corporation, is  
directly or indirectly interested therein, or in the supplies  
or work to which it relates, or in any portion of the profits  
thereof; which estimate must be verified by the oath, in  
writing, of the party making the estimate, that the several  
matters stated therein are in all respects true. Where  
more than one person is interested, it is requisite that  
the verification be made and subscribed by all the  
parties interested.

Each estimate shall be accompanied by the consent,  
in writing, of two householders or freeholders of the  
City of New York, with their respective places of busi-  
ness or residence, to the effect, that if the contract be  
awarded to the person or persons making the estimate,  
they will, upon its being so awarded, become bound as his  
or their sureties for its faithful performance; and that if  
said person or persons shall omit or refuse to execute the  
contract, they will pay to the Corporation of the City of  
New York, any difference between the sum to  
which said person would be entitled on its completion,  
and that which said Corporation may be obliged  
to pay to the person to whom the contract may be awarded  
at any subsequent letting; the amount in each case to be  
calculated upon the estimated amount of the work  
to be done, by which the bids are tested. The con-  
sent above mentioned shall be accompanied by the oath or  
affirmation, in writing, of each of the persons signing the  
same, that he is a householder or freeholder in the City  
of New York, and is worth the amount of the security required  
for the completion of the contract, over and above all his  
debts of every nature, and over and above his liabilities  
as bail, surety and otherwise; and that he has offered  
himself as surety in good faith, and with the intention to  
execute the bond required by law. The adequacy and  
sufficiency of the security offered will be subject to the  
approval of the Comptroller of the City of New York,  
after the award is made and prior to the signing of the  
contract.

No estimate will be received or considered unless  
accompanied by either a certified check upon one of the  
National Banks of the City of New York, drawn to the  
order of the Comptroller, or money to the amount of five  
per centum of the amount of security required for the  
faithful performance of the contract. Such check or  
money must not be inclosed in the sealed envelope con-  
taining the estimate, but must be handed to the officer or  
clerk of the Department who has charge of the estimate-  
box, and the estimate can be deposited in said box until such  
check or money has been examined by said officer or  
clerk, and found to be correct. All such deposits,  
except that of the successful bidder, will be returned  
to the persons making the same, within three days  
after the contract is awarded. If the successful bidder  
shall refuse or neglect, within five days after notice  
that the contract has been awarded to him, to execute the  
same, the amount of the deposit made by him shall be  
forfeited to and retained by the City of New York, as  
liquidated damages for such neglect or refusal; but if he  
shall execute the contract within the time aforesaid, the  
amount of his deposit will be returned to him.

Bidders are informed that no deviation from the speci-  
fications will be allowed, unless under the written in-  
structions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded  
to, any person who is in arrears to the Corporation, upon  
debt or contract, or who is a defaulter, as surety or other-  
wise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if  
deemed for the interest of the Corporation of the City of  
New York.

Bidders are requested, in making their bids or esti-  
mates, to use the blank prepared for that purpose by  
the Department, a copy of which, together with the form  
of the agreement, including specifications, and showing  
the manner of payment for the work, can be obtained  
upon application therefor at the office of the Department.

ESTIMATES FOR DREDGING on the north side and at the outer end of the pier at the foot of East Twenty-fourth street, East river, at the dumping boards on the south side of Pier 61, between the foot of Stanton street and Rivington street, East river, at the dumping board on the north side of Seventeenth street, extended, East river, on both sides of and at the outer end of the dumping board at the foot of Twenty-second street, East river, and at the dumping boards on the south side of the pier at Forty-seventh street, North river, will be received by the Board of Commissioners at the head of

the Department of Docks, at the office of the said Department, Nos. 117 and 119 Duane street, in the City of New York, until Twelve o'clock M. of

THURSDAY, NOVEMBER 2, 1882,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work or for either class thereof shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be endorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Engineer's estimate of the quantities of material necessary to be dredged in order to secure at each of the premises mentioned the depths of water set opposite thereto in the specifications, is as follows:

CLASS I.	Cubic Yards.
Pier at foot of Twenty-fourth street, East River.....	about 42,000
CLASS II.	
Dumping Boards at Pier 61, East River.....	about 2,500
Dumping Board foot of Seventeenth street, East River.....	3,500
Dumping Board foot of Twenty-second street, East River.....	5,250
Dumping Boards foot of Forty-seventh street, North River.....	6,500
Total under Class 2.....	17,750

N.B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1. Bidders must satisfy themselves, by personal examination of the location of the proposed dredging and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work contracted for to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor per cubic yard in each class, to be specified by the lowest bidder, shall be due or payable for the entire work.

Estimates may be made for either one, or both, of the above two classes.

The bidder to whom an award is made shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of three thousand five hundred dollars for Class 1, and in the sum of one thousand five hundred dollars for Class 2, and in case the contract for both of the above named classes be awarded to him, in the sum of the aggregate amount required for the two classes.

The work to be done under the contract is to be commenced within five days after the date of the contract and all the work contracted for under Class 1 is to be fully completed on or before the 15th day of January, 1883, and all the work contracted for under Class 2 is to be fully completed on or before the 1st day of January, 1883, and the damages to be paid by the Contractor for each day that the contract or any part thereof may be unfulfilled after the time or times fixed for fulfillment has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed at Fifty Dollars per day. But the Board of Docks may extend the time for the completion of the work, if, in its judgment, the work has been delayed by ice in the river or harbor, or by very severe weather.

All the material excavated is to be removed by the contractor, and deposited, in all respects, according to law; and any material dredged, not so deposited, shall not be paid for.

Bidders will state in their estimates a price for the whole of the work to be done in either or both of the above two classes respectively, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each of the two classes of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of a service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done, in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to the approval of the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons mak-

ing the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

For particulars as to the quality, kind, and size of coal required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of coal is to be delivered within thirty days from the date of the execution and delivery of the contract.

The person or persons to whom the contract may be awarded will be required to give security, for the performance of the contract, in the manner prescribed by law, in the sum of five thousand dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law.
