PHILIP HARNISCHFEGER, FRANK L. DOWLING, ARTHUR H. MURPHY, PATRICK CHAMBERS, OWEN J. MURPHY, Committee on Salaries and Offices.

In connection herewith Alderman Grifenhagen offered the following minority report, and moved its adoption:

To the Honorable Board of Aldermen:
The undersigned respectfully submit the following report in reference to the proposed ordinance in relation to the sealing and inspection of weights and measures in The City of New York:

We are entirely in sympathy with the purpose of the Mayor to provide that some person shall be the head of a bureau having charge of the sealing and inspection of weights and measures.

We believe, however, that the present Inspectors should not be changed to Deputy Inspectors, but should retain the title and duties to and for which they were originally appointed.

The existing ordinance, now and for a considerable time in force and effect, fully covers the subject matter, and when enforced protects the public against short measure and false weights.

The proposed ordinance places no limit upon the number of Inspection Districts and Deputy Inspectors to be appointed, and may involve an unnecessary increase of expenditure. Besides, under the proposed ordinance, the powers granted would be very broad.

An illustration of this broad power is to be found in section 12 of the proposed ordinance, whereby the Inspector and Deputies have extraordinary power in regard to the delivery of coal. The undersigned are of the opinion that the greatest care should be taken to protect the public against short delivery of coal, and believe that protection is fully afforded under the existing ordinance, and that the proposed ordinance might open the door to serious temptations and impositions.

Section 13 provides that there shall be a sealing once in each year. This will result in a loss to merchants by the disfiguring of their scales, which in many instances are of expensive and delicate construction.

We think that in this regard a less drastic provision should be enacted. The whole subject is so important, and one in which the business men of the City and the public generally are so deeply interested, that we respectfully recommend that this whole matter be recommitted to the Committee on Salaries and Offices, so that a public hearing may be had, and as a result thereof a proper ordinance may be framed after full discussion and a full opportunity be afforded to all persons interested.

MAX S. GRIFENHAGEN, FRANKLIN B. WARE, Minority of the Committee on Salaries and Offices.

The Vice-Chairman put the question whether the Board would agree with said minority report.

Which was decided in the negative by the following vote:

BOARD OF EXAMINERS.

MARCH 8, 1904.

Present—Messrs. William J. Fryer, Warren A. Conover, Charles Buck, William C. Smith, Charles G. Smith, Edward F. Croker and Walter Cook (Chairman).

Meeting called to order at 3 p. m.

On motion, reading of minutes waived.

Appeal 21—F. S. C. 12 of 1904, Nos. 51 and 53 Maiden lane, Manhattan, Boehm & Coon, appellants.

The Chairman presented and read a communication from the Superintendent of Buildings, in reply to request for information addressed to him by this Board, whereupon, on motion, Appeal 21 (together with appellant's letter of the 27th ult. and Superintendent of Building's letter of 7th inst.) was referred to Chief Croker for investigation and report, with recommendation.

Appeal 27—F. S. C. 17, Nos. 311 to 317 West One Hundred and Fortieth street, Manhattan, J. M. Robinson, appellant.

On presentation of report, and on motion, appeal was approved.

Appeal 28—New Building 39 of 1904, Nos. 4, 6 and 8 East Twenty-eighth street, Manhattan, L. George Forgotston, appellant.

Amendment filed on 5th inst., as follows:

At a hearing granted on Tuesday, March 1, 1904, to me as the representative of the appellant of record, Mr. George L. Forgotston, it was suggested by your Honorable Board that if the pergola was omitted from the front of the proposed building and a drawing made and filed showing the omission of said structure your Board would grant to this appellant another hearing for the purpose of obtaining your consent to erect the pent-house and bulkhead for the elevator, as shown on the original plans.

Agreeable to the foregoing, Mr. Augustus N. Allen, architect of the building, will file with the committee a drawing, observing the suggestion made, for your consideration. I will be present on Tuesday, March 8, 1904, at 3 o'clock P. M., subject to call if you desire further information on this subject.

Messrs. L. G. Forgotston and H. E. Hartwell appeared before the Board.

On motion, approved as amended by plans filed March 8, 1904 (of which duplicate copy has already been filed in the Bureau of Buildings), showing the omission of pergola on roof.

Appeal 29—F. S. C. 18 of 1904, No. 30 Rose street, Manhattan, Chester W. Chapin, appellant.

On presentation of report, and on motion, appeal was denied.

Appeal 30—Alterations 593 of 1904, northeast corner Adams and Plymouth streets, Brooklyn, R. L. Daus, appellant (laid over at last meeting).

Messrs. R. L. Daus and A. T. Porter appeared before the Board.

On motion, laid over for amendment.

Appeal 31—New Building 72 of 1904, north side One Hundred and Sixty-first street, 72 feet west of Elton avenue, The Bronx, William Foster, appellant.

No. 1. Unlawful.

That the partitions are brick filled and therefore unlawful.

To allow the erection of the buildings as per amended plans filed in the Building Department.

That the proposed buildings are temporary, and located in a block in which 90 per cent. of the buildings now there are frame, and come within the meaning of the law, as cited in the Building Code of 1901, and section 142; also that the proposed buildings are only one story high, and the roof and side walls (exterior) are of iron.

Mr. F. K. Plumbly appeared before the Board.

On motion, denied.

Appeal 32—New Building 84 of 1904, northeast corner Forest avenue and One Hundred and Fifty-sixth street, The Bronx, Adolph Martin, appellant.

1. Brick partition walls should be built where span exceeds 26 feet between bearing walls.

That an equally good and more desirable form of construction can be employed.

I respectfully request that an iron girder supporting wooden floor beams be permitted in place of the usual brick partition wall between bearing walls in front of building. The space between top of iron girder and top of wooden floor beams will be filled in with brick laid in cement mortar.

The wall cannot be carried below second story. The additional room gained is greatly needed in the apartments. The additional cost of the wall being considerable, the construction as intended is believed to be equally good.

No appearance.

On motion, laid over pending appearance of appellant.

On motion, the Board then went into executive session.

On motion, meeting reopened.

Appeal 33—New Building 83 of 1904, south side One Hundred and Sixty-sixth street, 120 feet west of Prospect place, The Bronx, A. F. A. Schmitz, appellant.

The construction of building, as shown by plans, to be unlawful.

That the law allows the said building to be constructed non-fireproof if built no more than 35 feet in height. Said building to be three stories in height.

To make the stories higher, it is requested for modification of law so as to allow the same above-mentioned three-story building to be built to a height of 48 feet.

To allow the 3-story non-fireproof building to be erected to a height of 48 feet instead of 35 feet.

The increase in height of building would result in high, light and well-ventilated stories. If building were to be erected 35 feet in height the stories would be only about 9 feet in height. Then the building could be built entirely of frame on the ground where it is intended to be erected, as there are more than 90 per cent. of frame buildings on the block. But the appellant would rather build a brick building, as per plans filed, and therefore kindly requests that this appeal be granted.

Rev. O. F. Strack and Mr. A. F. A. Schmitz appeared before the Board.

On motion, denied.

Mr. R. L. Daus reappeared before the Board and submitted amendment to Appeal 30, as follows:

March 8, 1904—It is intended to build the ceiling of the 6th and the roof of the 7th story of slow burning mill-construction, and to fill in between the floor beams of the 6th story with two-inch plaster boards, resting on cleats. (This change indicated on plans.)

On motion to approve, lost on vote. Denied.

Chief Croker was then excused.

Mr. Martin J. Hackett appeared before the Board, by request, in relation to Appeal 62 of 1903.

Adjourned.

THOMAS F. DONOHUE, Clerk.

The time elapsed during such suspension shall not be counted against the purchaser, but a like number of days will be given him which may have elapsed during such suspension.

The purchaser of Lot No. 1 agrees to proceed with the removal of same in such a manner, so as to permit the purchaser of Lot No. 3 to remove the various materials enumerated in said Lot.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.
