P. J. SCULLY, Esq., City Clerk, Board of Aldermen, City Hall, New York:

Dear Sir—This Commission is in receipt of a resolution from the Board of Aldermen, adopted on February 1, 1910, recommending to the Commission that a subway station be provided at a point midway between the East River and Borough Hall. This matter has been given consideration heretofore and such station has been considered impossible, due to the fact that the subway at that point is rising at a considerable grade, which would make the placing of the station impossible.

Very truly yours,

TRAVIS H. WHITNEY, Secretary.

P. J. SCULLY, Esq., City Clerk, City Hall, Manhattan:

Dear Sir—Receipt is herewith acknowledged of the resolution adopted by the Board of Aldermen on February 1, 1910, requesting the Public Service Commission to take measures to require the New York Central and Hudson River Railroad Company to bridge over the streets from Forty-sixth to Fiftieth street, between Lexington and Madison avenues. I am directed to call your attention to the fact that the improvements under way by the New York Central and Hudson River Railroad Company are being done under an agreement entered into between the New York Central and Hudson River Railroad Company and The City of New York represented by the Board of Estimate and Apportionment.

Very truly yours,

My Dear Mr. MITCHEL:

Dear Sir—Has it ever occurred to your observation that formerly the transportation was done by small owners of vehicles who worked it for a living and hence no fees were charged except a license in order to avoid irresponsibility. But now the transportation is done by large corporations, express, lumber, coal, building material and in fact everything. Would it not be proper to tax each vehicle in accordance to its capacity and every pleasure craft so as to enable the City the compensation to keep up the highways? Your Board will no doubt object as it may bring a result different from the intention, but nevertheless the public eventually would see.

I consider you the proper source, although some prefer the papers for their suggestions, but as we are now having a business administration and hope to continue to have it I make this a private communication, being a resident of the City since 1850. I am

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen of The City of New York, Aldermanic Chamber, City Hall:

Dear Sir—It appears to me that the Board of Aldermen should extend to Commander Robert E. Peary, United States Navy, the same official recognition that was given to Frederick A. Cook, M. D., LL. D., for the discovery of the North Pole, which was unanimously adopted by the Board of Aldermen, September 22, 1909, and approved by the Mayor, October 4, 1909.

Commander Peary has been recognized by the world's scientists as the true and only discoverer of the North Pole, whereas Dr. Cook has, according to the same scientists, been branded "as the most colossal impostor in all the annals of exploration."

Trusting that this matter will be given your earliest consideration, I remain

Whereas, The Bushwick-Ridgewood section of the Borough of Brooklyn, City of New York, having at present a population of upwards of three hundred thousand people, is without a high school, thereby placing thousands of scholars from the public schools who desire a high school education, at great disadvantages; and

Whereas, The City authorities, on September 20, 1907, acquired a high school site, 200 by 300, at Irving and Putnam avenues; and

Resolved, That the Wyckoff Heights Taxpayers' Association respectfully request the Board of Estimate and Apportionment, the Board of Aldermen and the Board of Education, to provide a high school building on the Irving and Putnam avenue site, such school to be a cosmopolitan school, combining manual training, the commercial and academic high schools, with other advantages the school authorities may devise.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—In January, 1910, Mr. E. E. Fisher, a citizen of New York, submitted specimens of sputum to the Department of Health, was declared a victim of tuberculosis and admitted to the municipal sanatorium at Otisville, in Orange County, as a patient.

While no complaint can be made of the medical superintendence of Dr. MacSweeney, the other conditions proved so menacing to health that Mr. Fisher felt impelled to request his discharge from the institution and is at present in Saranac Lake as a patient.

The sanitation, instead of being modern, is crude and unhealthful; baths were difficult to obtain, and only after repeated requests and protests; toilet facilities were barbarous, in view of the condition of the inmates. The food supply was insufficient and improperly cooked, providing no nourishment; tainted meat was utilized occasionally; vegetables not in quantity sufficient for all; milk not served daily, and eggs when distributed were of an uncertain quality. In fact, The City of New York is evidently not getting its money's worth at Otisville, and the matter will bear investigation of a thorough and impartial character.

It will not be difficult to secure testimony once the inmates are assured of its sincerity by the investigators, and I assume that the Board of Aldermen, of which you have the honor to be presiding officer, has authority in the premises and jurisdiction over the sanatorium at Otisville.

Accordingly, I request a formal investigation, and the testimony of Mr. E. E. Fisher can be furnished in the form of an affidavit and with supporting evidence from competent sources.

Yours very truly,

ISI FISCHER.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—The Board of Estimate and Apportionment on December 10, 1909, passed a resolution to provide means for the appropriation of Drainage and Sewerage District Plans of the Borough of The Bronx for the year 1910, in the amount of fifteen thousand dollars (\$15,000), but as it was so late in the year the Board of Estimate and Apportionment resolution was not concurred in by the Board of Aldermen, the matter having been referred to its Finance Committee.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—I respectfully request the Board of Estimate and Apportionment to authorize the issue of corporate stock in the amount of \$15,000 for drainage and sewerage district plans, Borough of The Bronx, for the year 1910, and transmit in connection therewith a statement prepared by the Engineer in Charge of Sewers, specifying in detail the use to which this issue of corporate stock will be put.

Yours truly,

JOHN F. MURRAY, President, Borough of The Bronx.

September 10, 1909.

Mr. JOSIAH A. BRIGGS, Chief Engineer of the Borough of The Bronx:

Sir—As the available balance of Corporate Stock Fund for Drainage and Sewerage District Plans, Borough of The Bronx, will be barely sufficient to cover the cost of this class of work for the balance of this year, it is respectfully recommended that the Board of Estimate and Apportionment be requested to provide for the issuance of corporate stock in the amount of \$15,000 for Drainage and Sewerage District Plans, Borough of The Bronx, for the year 1910.

The amount requested is to provide for the following working force:

One Assistant Engineer.....	\$3,000 00
One Assistant Engineer.....	1,950 00
One Assistant Engineer.....	1,800 00
One Transitman	1,500 00
One Leveler	1,500 00
One Computer	1,500 00
Two Rodmen, at \$1,350 each.....	2,700 00

Total estimated for salaries of employees.....	\$13,950 00
For instruments and supplies, estimated.....	925 00
Petty disbursements, estimated.....	125 00

Total \$15,000 00

Respectfully,

CHARLES H. GRAHAM, Engineer in Charge of Sewers.

City of New York, Department of Finance,
Comptroller's Office,
December 1, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. John F. Murray, President of the Borough of The Bronx, in communication dated November 13, 1909, requests the Board of Estimate and Apportionment to authorize an issue of corporate stock in the amount of \$15,000 for Drainage and Sewerage District Plans for the Borough of The Bronx for the year 1910.

President Murray transmits a statement prepared by the Engineer in Charge of Sewers, specifying in detail the use to which this issue of corporate stock will be put, in which it is stated that the amount requested is to provide for the following working force:

One Assistant Engineer.....	\$3,000 00
One Assistant Engineer.....	1,950 00
One Assistant Engineer.....	1,800 00
One Transitman	1,500 00
One Leveler	1,500 00
One Computer	1,500 00
Two Rodmen, at \$1,350 each.....	2,700 00

Total estimated for salaries of employees.....	\$13,950 00
For instruments and supplies, estimated.....	925 00
Petty disbursements, estimated.....	125 00

Total \$15,000 00

The work to be performed under this particular branch of the engineering force, Borough of The Bronx, consists in the making of studies, investigations, surveys, etc., and in making new sewerage and district plans and maps, particularly for the outlying districts preparatory to the construction of new sewers.

Heretofore authorizations to provide means for the prosecution of this class of work have been as follows:

1904.....	\$10,000 00
1905.....	12,000 00
1906.....	13,110 00
1907.....	16,000 00
1909.....	10,600 00

Total for six years..... \$61,710 00

It will be seen from the foregoing that there has been an average expenditure of a little over \$10,000 per year for this class of work.

Of the amount authorized for the year 1909, viz., \$10,600, I have been informed by Mr. Charles H. Graham, Engineer in Charge of Sewers of the said Borough of The Bronx, there remains barely sufficient to defray the necessary expenses for the balance of the year.

It will be observed that the amount asked for is considerably in excess of the average yearly amount provided during the past few years. This increase is due to the rapid growth of the large section east of the Bronx River, where extensive sewer construction is necessary. Topographical work in this section is now so far advanced that the work of sewer construction can be proceeded with much more rapidly than it has been in the past; and, in order to complete the necessary surveys and studies required in the filing of sewerage systems, a larger force is now needed than has hitherto been employed. The numerous changes of street grades and layouts of new streets constantly being made also in the section west of The Bronx tend largely to increase the work necessary in preparing plans for new sewerage and drainage systems.

In the statement furnished by Engineer Graham, there is an item of instruments and supplies. I have been informed at the office of the Bureau of Sewers, Borough of The Bronx, that this item includes the purchase of a new transit, rain and tide gauges, flow gauges and office supplies, etc.

The amount of money now being expended in sewer construction in the Borough of The Bronx aggregates, approximately, \$1,000,000 yearly, and it is to provide a fund to cover the cost of preparing plans, maps, etc., for the drainage system for this large amount of work that the sum of \$15,000 is now asked.

In view of the extensive building operations now being carried on, which necessitate the immediate construction of sewers, I am of the opinion that the amount asked for is reasonable and should be provided for carrying on the work during the year 1910.

I therefore recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the amended Greater New York Charter, to issue corporate stock in the sum of \$15,000 for Draining and Sewerage District Plans for the Borough of The Bronx for the year 1910.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved: H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of corporate stock of The City of New York, in the sum of fifteen thousand dollars (\$15,000), to provide means for the preparation of drainage and sewerage district plans for the Borough of The Bronx for the year 1910.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 10, 1909, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, to an amount not exceeding the sum of fifteen thousand dollars (\$15,000), to provide means for the preparation of drainage and sewerage district plans for the Borough of The Bronx for the year 1910, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifteen thousand dollars (\$15,000), the proceeds whereof to be applied to the purposes aforesaid.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment February 11, 1910, as follows:

1. Recommending the abolishment of following positions in office of the Mayor: Executive Secretary, \$6,000 per annum; Executive Clerk, \$1,050 per annum.

—and establishment of following positions and additional grade of position:

Executive Secretary (new grade), \$4,000 per annum; Assistant Secretary (new position), \$3,000 per annum.

—to take effect February 1, 1910.

2. Recommending the establishment of additional grades of position of Deputy Assistant District Attorney in the office of the District Attorney, New York County, with salaries at the rates of \$4,500, \$4,000, \$3,000, \$2,500, \$2,000, \$1,500.

I also transmit copies of report of the Comptroller and resolutions relative to the position of Deputy Assistant District Attorney, New York County, together with forms of resolutions for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 11, 1910:

Resolved, That, acting in pursuance of section 56 of the City Charter, the Board of Estimate and Apportionment recommends to the Board of Aldermen, the following changes in salaries in the office of the Mayor, striking from the positions heretofore fixed the following:

	Per Annum.
Executive Secretary	\$6,000 00
Executive Clerk	1,050 00

—and fixing the following positions in the office of the Mayor, in place thereof:

	Per Annum.
Executive Secretary	\$4,000 00
Assistant Secretary	3,000 00

—this action to take effect as of the 1st of February, 1910.

No. 300.

February 8, 1910.

The Honorable Board of Estimate and Apportionment:

Gentlemen—In the matter of the request of the District Attorney of New York County to the Board of Estimate and Apportionment for an appropriation of \$24,000, for the payment of the salaries of eight additional Deputy Assistant District Attorneys at a salary of \$3,000 per annum each, referred to the Comptroller at the meeting of the Board on February 4, 1910, I report as follows:

Since making this request the District Attorney has informed me that he desires to modify his plan to the extent of changing the rates of compensation to be paid. He now proposes to appoint three additional Deputy Assistant District Attorneys at \$4,000, three at \$3,000, and two at \$1,500. The total amount involved, namely \$24,000, remains unchanged.

There does not appear to be sufficient funds to provide for the new force in the Budget allowances for the District Attorney's office for the present year, and I am informed that application has been made to the Board of Aldermen for an issue of special revenue bonds under the provisions of subdivision 8, of section 188 of the Charter to meet the salary cost for the remainder of the year.

I am further informed by the Examiners of the Finance Department who have investigated the matter that positions of Deputy Assistant District Attorneys at rates of compensation of \$4,000 and \$3,000 already exist in the office of the District Attorney of New York County under the provision of law which continued all positions legally in existence on January 1, 1902, unless abolished or new positions created under section 56 of the Charter, as amended by chapter 455, of the Laws of 1902.

It appears, however, that no position of Deputy Assistant District Attorney at the rate of \$1,500 now exists in the office, and in order to provide for the establishment of said grade I recommend the adoption of the resolution attached hereto.

Yours respectfully,

WM. A. PRENDERGAST, Comptroller.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held February 11, 1910:

Resolved, That, in accordance with the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment of the following grades of position in the office of the District Attorney, New York County, in addition to those already existing therein, viz.:

	Incumbents.	Per Annum.
Deputy Assistant District Attorney.....	..	\$4,500 00
Deputy Assistant District Attorney.....	..	4,000 00
Deputy Assistant District Attorney.....	..	3,000 00

The Chairman pro tem. laid before the Board the following communication from the Acting President, Borough of Brooklyn:

No. 301.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, February 9, 1910.

Honorable Board of Aldermen, City Hall, Manhattan, N. Y.:

Gentlemen—Under date of January 27, 1910, I made application to your Honorable Board for the issuance of revenue bonds for the amount of \$1,340 for the purpose of paying the rental of Rooms 7 and 8 in the Park Building, Nos. 381 to 387 Fulton street, Brooklyn, for use of the Bureau of Substructures in this Department. I find upon investigation that Room 7 will be too small for the purposes desired, and so have secured an option on Rooms 8 and 9 in said building, instead of Rooms 7 and 8, and that the rental for same will amount to \$1,725 per annum.

I therefore beg to substitute this communication for the one directed to your Honorable Board on January 27, and in connection therewith I request that you authorize the issuance of revenue bonds to the amount of \$1,725, instead of \$1,340, as at first requested, for the purpose above stated.

Yours very truly,

L. H. POUNDS, Commissioner of Public Works.

The Chairman pro tem. laid before the Board the following communication from the District Attorney of Queens County:

No. 302.

District Attorney's Office, Queens County,
Long Island City, February 9, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

Sir—Inclosed herewith find resolution to be presented to the Board of Aldermen for adoption in order to create a fund for the purpose of meeting deficiencies in the Contingencies Fund in this office for the year 1909.

The amount provided by the Board of Estimate and Apportionment of 1908 for the Contingent Fund for this office for the year 1909 was, in view of the ordinary expenses of this office, ridiculously inadequate. The sum of seven thousand dollars was so provided, and yet it was open knowledge of that Board of Estimate and Apportionment that for each year prior to the year 1909 the District Attorney of this county had to appear, not once, but many times, before their Board and urge the creation of a special fund in order to eke out the inadequate Contingent Fund of his office.

The expenses for the year 1909, payable from the contingencies fund for this office will approximate \$10,000. We have paid as far as we can go.

I respectfully request that the inclosed resolution, providing for an additional fund of \$3,000 be transmitted to the Honorable the Board of Aldermen for their action.

Yours respectfully,

FRED. G. DE WITT, District Attorney.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue special revenue bonds in the amount of three thousand dollars (\$3,000), the proceeds to be used for the purpose of paying deficiencies in the account for contingencies for the office of the District Attorney of Queens County for the year 1909.

The Chairman pro tem. laid before the Board the following communications from the Department of Water Supply, Gas and Electricity:

No. 303.

Department of Water Supply, Gas and Electricity,
Nos. 13 to 21 Park Row,
New York, February 14, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall:

Dear Sir—About September of last year the Aqueduct Commission formally transferred to this Department, for care and maintenance, certain properties which they had improved in the following towns of Westchester County:

Cortlandt, North Salem, Yorktown, Bedford, New Castle, Poundridge, Lewisboro, Somers.

About the same time they transmitted certain bills for county and town taxes. As there were no funds appropriated to this Department for the payment of the bills, they were returned, although the Department, anticipating the transfer of these properties, had included in its 1909 estimate for departmental expenses the money necessary for the payment of the taxes, but the Board of Estimate and Apportionment did not allow it. Provision was also made in the estimate for 1910 for the necessary funds for the payment of the taxes and \$10,000 for maintenance. The application was again denied by the Board.

I am advised that the tax bills for 1910 will be rendered by the several towns above mentioned on the 17th inst. If payment is not made within thirty (30) days a penalty of 4 per cent. is added.

As it now becomes the duty of this Department to pay the land and school taxes on these properties, I respectfully request that the funds be provided for by an issue of special revenue bonds in the sum of \$70,000. The county and town taxes on the lands transferred by the Aqueduct Commission last year were \$43,078.21. In addition to this amount there is a school tax which is not yet determined, and the total taxes, as estimated for 1910, will be \$60,000. For the proper care and maintenance of the lands \$10,000 will be required.

Yours truly,

HENRY S. THOMPSON, Commissioner.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

Dear Sir—During the month of September, 1909, it was found by the Mayor and the Commissioner of the Department of Bridges that it would be necessary to operate a shuttle car service over the Queensboro Bridge. This was an emergency matter and the Commissioner of Bridges applied to the Commissioner of this Department for power to operate the electric cars necessary for the service. It was found that the only company from whom we could obtain this service at once was the New York Edison Company, and a very reasonable arrangement as to price was made with them.

The Bridge Department transferred funds to cover the expenditure to the end of the year to this Department by consent of the Board of Estimate and Apportionment. We would therefore request that we be permitted to order the New York Edison Company to furnish this service so long as it is necessary, up to and including December 31, 1909. The total expenditure necessary was estimated at about five thousand dollars (\$5,000), but it appears now that it may reach seven thousand five hundred dollars (\$7,500).

As no other company could furnish the power, and the arrangement is one that was of benefit to the traveling public over the Queensboro Bridge, I would therefore request that your Board allow us to contract for this service to the amount of \$7,500 without public letting. I am,

Very respectfully,

HENRY S. THOMPSON, Commissioner.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—The necessities of the Bureau of Highways of this office are such that very frequently funds are advanced by the Superintendent of said Bureau for the purpose of postage stamps, postal cards and other incidental requirements contingent to said Bureau.

Enclosed please find form of resolution, similar in nature to that already adopted, whereby funds are provided for the general administration of this office.

Please cause said resolution to be presented at the meeting of the Board of Aldermen called for the 15th inst., and oblige,

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Sir—Owing to the obstruction of the streets by snow and ice, making the work of our carts engaged in the collection of ashes difficult and slow, it has become necessary, in order to collect the ashes, to employ horses and carts in the work in addition to those of the Department, and thus to incur an expense beyond that provided for by the appropriation, and in order to make up the deficiency in the appropriation as a result thereof, I request, pursuant to subdivision 8 of section 188 of the Greater New York Charter, that your Board request the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of twenty-five thousand dollars (\$25,000) for this purpose for the Borough of Manhattan and ten thousand dollars (\$10,000) for the Borough of Brooklyn.

The above estimate is based on a price of \$1.25 per square yard, and where the amount of revenue bonds required is not the same as would be obtained by multiplying the amount of \$1.25 by the number of square yards, it is due to the fact that these contracts have a retained percentage out of which a portion of the repairs can be paid.

In order to form some idea of the estimates upon which this request for an appropriation is based, the Chairman of this Committee selected a few of the streets listed and made a personal examination of same with a view to getting first hand information as to the urgency and necessity of the proposed work, with the following result:

Park street, from Centre to Mott, \$10,000. It is impossible to do this street at present, from Centre to Pearl, on account of new city building in course of erection. The one block from Pearl to Baxter needs new pavement, the block from Baxter to Mulberry needs repairs, but the block from Mulberry to Mott is in perfect repair. About 25 per cent. of the amount asked for would be ample.

Suffolk street, from Division to Houston, \$3,750; Lewis street, from Houston to Third, \$1,250; Avenue D, from Houston to Eleventh, \$3,750. All need repairs.

Fourth street, from Lewis street to Second avenue, \$10,000. This street is at present in fair condition for a street which is used so little for vehicular traffic and compares favorably as to condition of pavement with many other City streets which receive much more use. This money could well be spent on other highways.

Fourth avenue, from Eighth to Twenty-fourth street, \$6,250; Fifth avenue, from Sixtieth to Eightieth street, \$3,000. These are thoroughfares in constant use by business and pleasure vehicles and, while the holes are small, should be kept in a high state of repair.

Fifty-eighth street, from Third to Lexington avenue, \$2,150. Is suffering from a few holes which would probably entail an expenditure of about 25 per cent. of the amount requested.

First avenue, from Sixtieth to Sixty-first street, etc., \$3,750; First avenue, from Fifty-ninth to Sixtieth street, etc., \$25,000. It is difficult to understand such a loose statement as this. The two blocks on First avenue might at the highest estimate cost \$1,750 to put in perfect repair. This leaves \$27,000 for "etc."

These streets are selected as representing widely different sections and uses, and figure in the estimate over one-half of the amount asked. It would seem that at least 50 per cent. of this half is not warranted, and inasmuch as Borough President McAneny has stated that he does not know that the Corporation Counsel has been successful in collecting any portion of the \$50,000 allowed for this fund in January, 1909, when this system of repairs to be done by the City and afterward collected from the companies which did not live up to their contracts was inaugurated, it is recommended that the Committee proceed slowly in regard to this allowance. The investigation above recited being taken as a fair criterion, it would be unnecessary at this time to make the full allowance asked for, and the Chairman would suggest that the amount of \$50,000 be now recommended, feeling that this amount, properly applied, would go far toward remedying the defects reported.

To the Honorable Board of Aldermen:

Gentlemen—The following proceedings were this day directed by me:

Whereas, The Board of Aldermen, at a meeting held November 30, 1909, adopted a resolution, approved by the Mayor December 8, 1909, approving of and concurring in the resolution of the Board of Estimate and Apportionment of November 19, 1909, recommending to the Board of Aldermen, under the provisions of section 56 of the Greater New York Charter, the establishment of the grade of position of Lieutenant in the Police Department, with salary at the rate of \$2,250 per annum, and fixing the salary of the said position at the said rate; and

Whereas, The Corporation Counsel, in opinion dated December 16, 1909, advised the Police Commissioner that under the said resolution of the Board of Aldermen the Detectives of the first grade are entitled to be paid at the rate of \$2,250 per annum.

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the issue of special revenue bonds in the sum of \$194,500, to pay the increase in salary of six hundred and twenty-eight Lieutenants in the Police Department from \$2,000 to \$2,250 per annum for the year 1910, amounting to \$157,000, and to pay the increase in salary of one hundred and fifty first grade Detectives in the Police Department from \$2,000 to \$2,250 for the year 1910, amounting to \$37,500.

Respectfully,

WM. F. BAKER, Police Commissioner.

City of New York, Law Department,
Office of the Corporation Counsel,
New York, February 14, 1910.

Hon. FRANK L. DOWLING, Chairman of the Committee on Finance of the Board of Aldermen:

Sir—I am in receipt of your communication dated February 8, 1910, reading as follows:

"Inclosed please find extract from the minutes of the Board of Aldermen, meeting of February 1, 1910, showing request from the Police Commissioner for \$194,500 special revenue bonds to pay increases in salaries of Lieutenants and first grade Detectives, in accordance with resolution fixing grade at \$2,250 passed by the Board of Aldermen November 30, 1909, approved by the Mayor December 8, 1909. These men have been paid at the new rate for part of the month of December, 1909, and all of the month of January, 1910, out of the regular appropriations of the Police Department, but the Comptroller, since the January payment has notified the Commissioner that he cannot use his current funds for this purpose on account of the resolutions of the Board of Estimate fixing the Budget lines, even if, as the fact is, these salaries come within one code number.

"Will you kindly advise this committee at your earliest convenience if, in your opinion, these men should receive pay at this increased rate, and further, if the issuance of special revenue bonds is the proper step to be taken in this connection."

The extract from the minutes of the Board of Aldermen of the meeting of February 1, 1910, reads as follows:

"February 1, 1910.

"The President laid before the Board the following communication from the Police Commissioner:

"No. 178.

"Police Department, City of New York,
"January 24, 1910."

"To the Honorable Board of Aldermen:

"Gentlemen—The following proceedings were this day directed by me:

"Whereas, The Board of Aldermen, at a meeting held November 30, 1909, adopted a resolution, approved by the Mayor December 8, 1909, approving of and concurring in the resolution of the Board of Estimate and Apportionment of November 19, 1909, recommending to the Board of Aldermen, under the provisions of section 56 of the Greater New York Charter, the establishment of the grade of position of Lieutenant in the Police Department, with salary at the rate of \$2,250 per annum, and fixing the salary of said position at the said rate; and

"Whereas, The Corporation Counsel, in opinion dated December 16, 1909, advised the Police Commissioner that under the said resolution of the Board of Aldermen the Detectives of the first grade are entitled to be paid at the rate of \$2,250 per annum,

"Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the issue of special revenue bonds in the sum of \$194,500, to pay the increase in salary of six hundred and twenty-eight Lieutenants in the Police Department, from \$2,000 to \$2,250 per annum for the year 1910, amounting to \$157,000, and to pay the increase in salary of one hundred and fifty first grade Detectives in the Police Department from \$2,000 to \$2,250 for the year 1910, amounting to \$37,500.

"Respectfully,

"WM. F. BAKER, Police Commissioner.

"Which was referred to the Committee on Finance."

As stated by the Police Commissioner on December 16, 1909, this Department advised the latter that the fixation by the Board of Aldermen upon the recommendation of the Board of Estimate and Apportionment of the salary of Lieutenant in the Police Department at the rate of \$2,250 per annum, also fixed the pay of Detectives of the first grade at said amount. For your convenience, I inclose a copy of said opinion.

In reply to your inquiries, I advise you that Detectives of the first grade are entitled to receive pay at the increased rate and that the issuance of special revenue bonds is the proper step to be taken to provide means for paying the salary of these men if there is no appropriation to the uses and purposes of the Police Department for the year 1910 to cover such increases.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

December 16, 1909.

Hon. WILLIAM F. BAKER, Police Commissioner:

Sir—I am in receipt of your communication of December 13, 1909, calling attention to a resolution adopted by the Board of Aldermen on November 30, 1909, and approved by his Honor the Mayor, on December 8, 1909, reading as follows:

"Whereas, The Board of Estimate and Apportionment at a meeting held November 19, 1909, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Lieutenant in the Police Department, in addition to those already existing therein, with salary at the rate of twenty-two hundred and fifty dollars (\$2,250) per annum.

"Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein."

Reference is also made to sections 3 and 4 of chapter 160 of the Laws of 1907, amending sections 290 and 299, respectively, of the Greater New York Charter, to read in part, as follows:

Sec. 290. * * * The police commissioner shall organize and maintain a bureau for detective purposes, to be known as the detective bureau. The police commissioner shall, from time to time, detail to service in said bureau as many members of the force as he may deem necessary to make the bureau efficient, and may at any time revoke any such detail. Of the members of the police force so detailed the police commissioner may designate, not exceeding one hundred and fifty in number, as detectives of the first grade, who, while performing duty in said bureau, and while so designated as detectives of the first grade, shall be paid the same salary as lieutenant of police under this chapter, but the police commissioner may at his pleasure revoke any such designation. * * *

Sec. 299. The annual salaries and compensations of the officers and members of the police force shall be as follows, to wit: * * * of each lieutenant of police, two thousand dollars; * * *

You ask to be advised as to whether the resolution of the Board of Aldermen above mentioned increases the salary of the Detectives of the first grade from \$2,000 to \$2,250 per annum, the grade fixed by the Aldermen for the position of Lieutenant in the Police Department, and you state that as it is your intention to make the payrolls of the Lieutenants at the rate of \$2,250 per annum from December 8, you desire this advice in regard to the first grade Detectives, at the earliest possible moment.

Replying to your inquiries, I think it was the intention of the Legislature that members of the Force detailed to the Detective Bureau as Detectives of the first grade, while performing duty in said Bureau and being designated as Detectives of the first grade, should be paid the salary paid to Lieutenants of Police. The resolution above mentioned establishes an additional grade of salary for the position of Lieutenant in your Department at the rate of \$2,250 a year, and as you state it is your intention to make up the payrolls of the Lieutenants at said rate of \$2,250 a year from December 8, the date when his Honor the Mayor approved said resolution. I think the Detectives of the first grade would be entitled to be paid at said increased rate of \$2,250 a year, and I so advise you.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

Under Rule 21, consideration of this report was deferred. Subsequently this report was laid over until the next meeting.

REPORTS:

That Alderman Mulhearn appeared before the Committee and urged the adoption of this resolution, stating that this work would add largely to the utility and value of the park, would enable the Commissioner to employ some of the men now laid off, and this is the best time of the year to work on swamp land, when the ground is comparatively firm. The Commissioner endorsed this request, and stated that this work had been estimated on two years ago when it was figured that it would cost \$11,000. The Committee recommends that the said resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be used by the Commissioner of Parks for the Borough of The Bronx for the purpose of cutting down dead trees, leveling the hill to the east of Eastchester road, and filling in swamp lands in Pelham Bay Park.

Hon. FRANK L. DOWLING, Aldermanic Board, City Hall, Manhattan:

My Dear Alderman—I am very happy to state that in my efforts to have the liabilities incurred under the Contingent Fund of this Court for the year 1909, settled, the Finance Department will, as I am now informed, agree to a transfer from an unexpended salary balance of this Court to meet these liabilities.

I am more than obliged to you for your courtesy in these matters, and you can rest assured that had I not been positively certain of the correctness and justice of my request, I should never have called for assistance upon the Board of Aldermen.

Under the circumstances, therefore, I beg to withdraw my request for the issuance of special revenue bonds.

Again thanking you, and hoping it may be in my power to reciprocate your courtesy, I am,

Very sincerely yours,

REPORTS:

That this request is a renewal of one previously introduced in the Board, referred to this Committee, reported favorably, and lost in the Board owing to an insufficient vote. The attention of the Board is called to the letter from the Health Department and to the former report of this Committee printed in the minutes of January 25, page 203. The Committee again recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirty-eight thousand five hundred and fifty dollars (\$38,550), the proceeds whereof to be used by the Department of Health for the purpose of meeting increased expenses of the Kingston Avenue Hospital, Brooklyn.

Department of Health,
Southwest Corner Fifty-fifth Street and Sixth Avenue,
New York, February 8, 1910.

Hon. PATRICK J. SCULLY, City Clerk, City of New York:

Sir—Enclosed herewith you will find copy of preambles and resolution adopted by the Board of Health at a special meeting called for the purpose this day, requesting the Board of Aldermen, pursuant to subdivision 8 of section 188 of the Greater New York Charter as amended, to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to an amount not exceeding

thirty-eight thousand five hundred and fifty dollars (\$38,550), for providing means for the purchase of general supplies required for the maintenance of the Kingston Avenue Hospital in the Borough of Brooklyn. This is a similar request to the one forwarded on January 17, 1910, which, although reported upon favorably by the Finance Committee, failed of passage in the Board of Aldermen at a meeting held February 1, 1910, for lack of the requisite number of votes.

The unencumbered balance of the funds for the purchase of general supplies for the Kingston Avenue Hospital for the year 1910 does not exceed one thousand one hundred and sixty-two dollars and ninety-one cents (\$1,162.91), and when that amount is exhausted this Department will be confronted with the alternative of violating section 419 of the Greater New York Charter or of closing the institution, unless the amount requested is immediately made available. You are therefore respectfully requested to submit the matter to the Board of Aldermen at its meeting to be held this day for immediate consideration.

Respectfully yours,

EUGENE W. SCHEFFER, Secretary.

Department of Health,
Southwest Corner Fifty-fifth Street and Sixth Avenue,
New York, February 8, 1910.

Hon. PATRICK J. SCULLY, City Clerk, City of New York:

Sir—At a special meeting of the Board of Health called for the purpose February 8, 1910, the following preambles and resolution were adopted:

Whereas, The Departmental Estimate of the Department of Health for the year 1910, included the sum of \$68,550 estimated to be required for the purchase of General Supplies at the Kingston Avenue Hospital, which estimated sum was based upon the following known or estimated expenditures:

During 1907	\$61,406 60
During 1908	55,325 67
During 1909 (to December 14)	61,655 98
—and	

Whereas, Only the sum of \$30,000 was appropriated and included in the Budget for 1910 for the purpose aforesaid, and

Whereas, Heretofore the Department of Health has been in receipt of cash payments from the United States Government for the care and treatment of persons affected with contagious diseases, which receipts have been applied to augment the appropriation aforesaid, and

Whereas, Said United States Government has, since December 1, 1909, discontinued the practice of placing such immigrants under the care and treatment of the Department of Health, and there will, therefore, be no income received from this source to augment said appropriation during 1910; therefore be it

Resolved, That the Board of Aldermen, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter as amended, be and is hereby respectfully petitioned to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to an amount not exceeding \$38,550, the same representing the difference between the amount requested for General Supplies, Kingston Avenue Hospital, in the Departmental Estimate for 1910, and the amount allowed for said purpose in said Budget for said year, to defray the necessary expenses to be incurred by the said Board of Health for the preservation of the public health in the purchase of general supplies required for the maintenance of the Kingston Avenue Hospital for Contagious Diseases in the Borough of Brooklyn.

A true copy.

EUGENE W. SCHEFFER, Secretary.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Report of Committee on Salaries and Offices—

No. 181.

The Committee on Salaries and Offices, to which was referred on February 1, 1910 (Minutes, page 248), the annexed resolution in favor of equalizing salaries of per diem employees in all Departments, respectfully

REPORTS:

That, having examined the subject, it believes the proposed equalization to be necessary in order that the records in the Departments and Comptroller's office may agree. It appears that these positions, while at the prevailing rate and in existence for years, have never been fixed in accordance with the terms of section 56 of the Charter, and this resolution is to comply with such provisions. The Committee recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held January 28, 1910:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen that the compensation of all employees attached to the several City and County departments, bureaus and offices, as hereinafter specified, whose compensation is provided for in the Budget for the year 1910 at a per diem rate, be fixed as shown in the schedule appended hereto, to wit:

REPORTS:

That Commissioner Kirby, Chief Clerk Kipp and Aldermen Dujat and Fagan appeared before the Committee, and spoke in favor of the adoption of this resolution. The horses of the Police Department are scattered throughout the city, and if the shoeing is contracted for by public letting, in order to avoid the great expense of separate advertisements and specifications, it is let to the highest bidder. When a Department horse casts a shoe, he has to be taken out of service until the employee of the contractor gets to his locality with his tools, and this takes sometimes the whole of the day. The shoeing is not performed as well by a general contractor as it is by local horseshoers, who frequently know the horses and take a pride in keeping them in the best condition. Much valuable service is lost by the method of public letting, and there is absolutely no saving, as the rate of pay is exactly the same whether by public letting or open orders. The rate as furnished by the Police Department is as follows:

Prices for Horseshoeing.	
One new shoe.....	\$0 62
Two new shoes.....	1 25
Three new shoes.....	1 87
Four new shoes.....	2 50
One new pad, rubber, each.....	75
One new pad, leather, each.....	25
One bar shoe, each.....	1 00
One spring, each.....	1 00
One shoe reset.....	31
Two shoes reset.....	62
Three shoes reset.....	94
Four shoes reset.....	1 25
One pad reset, each.....	25

The Committee believes that this application is just and reasonable, and recommends the adoption of the accompanying resolution, with the further recommendation that the work be given to the nearest horseshoer wherever practicable.

Resolved, That the Police Commissioner be and he is hereby authorized, in accordance with the provisions of section 419 of the Greater New York Charter, to have the horses of the Department shod without public letting, in the neighborhood of their stables, and preferably by the nearest competent horseshoer, during the year 1910.

No. 256.

The Committee on Public Letting, to which were referred on February 8, 1910 (Minutes, page 480), the annexed communication and resolution, giving permission to the President, Borough of Queens, to purchase coal in the open market to an extent not to exceed \$900, respectfully

REPORTS:

That the details of this application are fully set forth in the application. That Alderman Brady, on behalf of the Borough President, stated that the need for this coal was imperative in order that the public buildings in daily use might be properly heated. The Committee recommends that the accompanying substitute be adopted.

(SUBSTITUTE.)

Resolved, That the President of the Borough of Queens be and he is hereby authorized, in accordance with the provisions of section 419 of the Greater New York Charter, to purchase in open market without public letting, coal to the amount of not to exceed the sum of nine hundred dollars (\$900), in addition to the amount already expended by him on open orders.

(ORIGINAL.)

Resolved, That the President of the Borough of Queens be and is hereby empowered, in accordance with section 419 of the Greater New York Charter, to purchase in open market, without public letting, one hundred and fifty tons of coal, at an aggregate expenditure of about nine hundred dollars; being in excess over the amount which any head of Department or Borough President is allowed to expend under said section.

FRANCIS P. BENT, JAMES J. SMITH, MAX S. LEVINE, THOMAS F. BARTON, EDWARD BRADY, ALEXANDER S. DRESCHER, Committee on Public Letting.

Office of the President, Borough of Queens,
Long Island City,
February 7, 1910.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—I beg to enclose herewith resolution for adoption by your Honorable Board, authorizing the President of the Borough of Queens to purchase in open market approximately one hundred and fifty tons of coal, at a price of about nine hundred dollars.

In explanation thereof, I beg to say that our advertisements for the opening of bids for the purchase of coal for the year 1910 are now in the CITY RECORD, and the same are to be opened on the 17th inst. In the meantime we are absolutely out of coal for the public buildings, and have expended so far this year approximately one thousand dollars, as allowed by section 419 of the Greater New York Charter.

The delay was occasioned by the Corporation Counsel not approving the standard specifications for coal adopted December 22, 1909, by the Committee on Uniform Specifications to govern the purchase of coal, appointed by the Conference Committee of the Board of Estimate and Apportionment on the standardizing of supplies.

For the present the Corporation Counsel is furnishing us with temporary specifications under which our present advertisement is being governed.

We would kindly request that this be made a matter of special business and be passed immediately.

Respectfully,

JOS. SULLIVAN, Acting President, Borough of Queens.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report, and put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Becker, Boschen, Brady, Brush, Callaghan, Campbell, Carberry, Cole, Cornell, Cunningham, Delaney, Desmond, Diemer, Dotzler, Dowling, A. S. Drescher, W. No. 246.

The Committee on Public Letting, to which was referred on February 8, 1910 (Minutes, page 455), a communication from the President of the Borough of Richmond asking for authority to purchase coal to the extent of \$3,000 without public letting, respectfully

REPORTS:

That President Cromwell appeared before the Committee and urged the Committee to report favorably on this application, the details of which are fully set forth in the application. He states that it is the practice to ask for quotations from several small dealers in the neighborhood in which the coal is to be used. Heretofore requests of this character have been from \$5,000 to \$7,500, and this estimate is cut to the lowest figure.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That the President of the Borough of Richmond be and he is hereby authorized, in accordance with the provisions of section 419 of the Greater New York Charter, to purchase coal in open market without public letting to the extent of three thousand dollars (\$3,000).

FRANCIS P. BENT, JAMES J. SMITH, EDWARD BRADY, MAX S. LEVINE, THOMAS F. BARTON, ALEXANDER S. DRESCHER, Committee on Public Letting.

Office of the President of the Borough of Richmond,
Borough Hall, New Brighton, New York City,
February 4, 1910.

Board of Aldermen, City Hall, New York City:

Gentlemen—I would ask that you authorize us to purchase coal, without public letting, for the use of our different Bureaus to the extent of \$3,000. This application refers to coal to be purchased in small quantities for the use of steam rollers by the Bureau of Highways, for branch offices of the Topographic Survey, and for occasional use at the refuse destructor.

We have no facilities for the general storage of a quantity of coal, and as most of this coal is used at various points, it has been found more economical to purchase when required from yards near the work being done at the time, with consequent short hauls rather than the making of a general contract on account of which deliveries would be called for wherever and whenever required. The latter plan was followed last year, with the result that contract prices amounted to at least \$1 more than the retail prices.

For the use of the Borough Hall and other public buildings our coal will be purchased by contract after public bidding; but the combined small quantities needed for other purposes will amount during the year to more than the \$1,000 which would be our limit without the requested authorization.

Yours respectfully,

GEORGE CROMWELL, President of the Borough.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report and put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Becker, Bolles, Boschen, Brady, Brush, Callaghan, Carberry, Cole, Cornell, Cunningham, Delaney, Desmond, Diemer, Dotzler, Dowling, A. S. Drescher, W. No. 263.

The Committee on Public Letting, to which was referred on February 8, 1910 (Minutes, page 490), the annexed resolution in favor of authorizing the Borough President of Manhattan to enter into contracts without public letting for restoration of the old Council Chamber and adjacent rooms in the City Hall, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. President McAneny explained that it was proposed to do this work so as to make these rooms conform to the original design, as had been done in the restoration of the Governor's Room, and it was impossible to prepare specifications for work of this character.

It therefore recommends that the said resolution be adopted.

Resolved, That, pursuant to section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized to enter into a contract or contracts, without public letting, for the proposed appropriate restoration of the old Council Chamber of the City Hall and of the rooms immediately adjoining, now occupied by the Borough offices, the total cost of this work not to exceed the sum of eight thousand dollars (\$8,000).

FRANCIS P. BENT, JAMES J. SMITH, EDWARD BRADY, MAX S. LEVINE, THOMAS F. BARTON, ALEXANDER S. DRESCHER, Committee on Public Letting.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report and put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof:

Affirmative—Aldermen Baldwin, Barton, Becker, Bolles, Boschen, Brady, Brush, Callaghan, Campbell, Carberry, Cunningham, Davis, Delaney, Desmond, Diemer, Dotzler, Dowling, Downing, A. S. MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Johnson asked and obtained unanimous consent to introduce the following resolutions:

No. 309.

Whereas, A distinguished and illustrious citizen of the State of New York, illustrious from services rendered his City, State and Nation, is now sojourning abroad, receiving the most distinguished consideration at the hands of the people of the different nations that he has visited; and

Whereas, These distinguished marks of courtesy have been showered upon him through admiration aroused by services he has rendered his country; be it

Resolved, That we, the members of the Board of Aldermen of The City of New York, in expectation of the early return of that distinguished citizen and son of New York, do suggest that a day be designated by this body as a day of rejoicing and welcome owing to his safe return; and be it further

Resolved, That a committee be appointed by the President of this Board to meet Colonel Theodore Roosevelt in the lower bay of the New York harbor on the day of his arrival; and be it further

Resolved, That we request the Governor of this State to issue a proclamation calling upon the people to observe said day as a day of respect to one who has grown beyond partisan lines and is recognized as a great national character; and be it further

Resolved, That we request the Mayor of The City of New York to co-operate with this Board in showing its respects and feelings in the motives that actuated these resolutions.

Which was referred to the Committee on Rules.

No. 310.

Whereas, The Charter provides in section 188, subdivision 8, that issues of special revenue bonds for supplementing the annual Budget shall be limited to \$2,000,000 per annum; and

Whereas, The departmental requests for issues under this provision of the Charter each year greatly exceed this sum; and

Whereas, Such requests ordinarily fail to present sufficient information upon which to base an intelligent judgment as to the necessity for the granting thereof; and

Whereas, The avowed intent of the Charter for such issues is to meet only unforeseen expenses and emergent purposes; therefore be it

Resolved, That the heads of the various departments, offices, bureaus and divisions of the City and County governments be requested to present to this Board a full and comprehensive statement indicating the necessity, reasons and all essential data for each request for special revenue bonds, to be prepared in a manner similar to that required by the Board of Estimate in submitting the annual Departmental Estimates.

side by 33.2 feet on the northwest side by 33.2 feet on north side by 3.9 feet on northeast side.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 18th day of February, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be enclosed in properly sealed envelopes, marked "Proposals to be opened February 18, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the Collector of City Revenue, Room 141, No. 280 Broadway, New York City, from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in full the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed, in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary therefor, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers,

and its agents, from all claims, damages, losses and expenses of every kind which may be incurred by the City of New York, its officers, and its agents, in connection with the removal of the buildings, appurtenances or any part thereof, and the work of removal, and the costs and expense thereof charged against the security above mentioned.
