Reports of Committees—The Building Committee reported that a meeting had been held, at which the consulting engineers and the General Medical Superintendent were present, and that they had agreed to recommend that a fire alarm system be provided for the new Bellevue Hospital on a plan as follows:

"Divide hospital into eight blocks or sections. Each floor of each section to be equipped with requisite number of stations and bells. Each block to have one large striking gong on outside of building. When alarm is sent in from any station a bell rings at central switchboard and a drop on the annunciator registers location. Operator then throws switch, ringing all bells in the section from which alarm is received. The bells strike a definite number of times, designating the location. This is only in the section where the fire is located. Another switch rings the large outside gongs which strike, designating the location of fire. One of these gongs is in the engine room, and when it strikes the engineer will blow the fire whistle. The central switchboard also provides that operator may ring bells in all sections or blocks one after the other or at the same time.

"On the ground floor in each section or block there shall be a city fire alarm box, providing for prompt notification to fire headquarters. Keys shall be in the hands of responsible officials only."

It was resolved to approve of the installation of a fire alarm system in accordance with the plan recommended by the Building Committee, and that the specifications for Pavilions L and M should be amended in order to provide for a fire alarm system in accordance with the plan adopted above.

The President reported that following readvertisement the only bid received on November 1 for horses was that of the Fiss, Doerr and Carroll Horse Company amounting to \$1,700. It was resolved to accept this bid.

The President reported that he had also opened bids on November 1 for the alterations to ward 31 of Bellevue Hospital, and that the lowest bid received was that of Hahn and O'Reilly, amounting to \$6,497, which was in excess of the appropriation available. It was reported that the lowest bid received for this work on June 7 amounted to \$5,915, and that since then the specifications had been modified and it had been expected that the cost would be \$2,000 less. It was resolved to reject all bids received and to obtain a further modification of the specifications and to readvertise the work.

A communication dated October 19 was received from the Department of Finance relative to the delay in the completion of the contract of the Vacuum Cleaner Company for the construction of a vacuum dust sweeping and cleaner plant in the pathological department and men's dormitory building. The President reported that on receipt of this communication he had forwarded a copy of it to the architects for recommendation, and submitted a reply from McKim, Mead and White dated October 25, stating that the delay resulted from the receivership of the general contract for this building. The President further reported that he had informed the Department of Finance of this information. This action was approved.

Three copies of an assignment by Clark and Appleman to Samuel Posner for the sum of \$1,615 were received, and, on motion, duly seconded and carried, the President was authorized to approve the assignment, provided the approval of the Department of Finance and the Law Department is received.

A communication dated October 24 was received from the Board of Estimate and Apportionment, transmitting a resolution adopted on October 21 directing all departments, before submitting plans and specifications involving electric light or power equipment, to first obtain approval thereof by the Department of Water Supply, Gas and Electricity. It was resolved, to comply with this request, and the communication was referred to the Building Committee and the General Medical Superintendent for their information.

A communication dated October 31 was received from the Commission on standardization, enclosing a proposed standard form of instructions to bidders to be used with the standard form of contract for the purchase of supplies, and requesting the suggestions of the Board thereon. The communication was referred to the General Medical Superintendent for recommendation.

The minutes of a meeting of the Gouverneur Hospital Medical Board held on November 1 were presented, and on motion the nominations of Dr. George L. Brodhead and Dr. Simon Marx as Attending Obstetricians to Gouverneur Hospital were referred to the Conference Committee, together with the resolution recommending the division of that service to cover two periods of six months each, and the Conference Committee was instructed to note that this recommendation is at variance with the resolution adopted by the Medical Board at the previous regular meeting that a continuous service be established; the nominations of Doctors Goldstein, Rosenberg, Mansky and Friedman as Clinical Assistants were also referred to the Conference Committee. The resignation of Dr. B. J. Beck as Assistant Surgeon to Out Patients was accepted.

New Business.

The President made a statement in regard to the height of the rails on the balconies and loggias of Pavilions A and B, and stated that a number of the physicians and surgeons had requested that these be made higher on all new sections of the hospital, in order to provide better protection and frustrate possible attempts at suicide. The President further stated that the protecting rail which had been constructed on the loggias of Pavilions A and B did not serve the purpose for which it was intended. It was resolved, to direct that the railings on all future sections of the new Bellevue Hospital be made five feet high, instead of four feet as on Pavilions A and B, and to instruct the architects and Dr. Goldwater accordingly.

It was resolved, to request the Board of Estimate and Apportionment to amend the wording of the resolution providing \$100,000 for the equipment and furnishing of the pathological department and men's dormitory of the new Bellevue Hospital in order to include the words "and painting."

On motion, duly seconded and carried, the nomination of Dr. Stanley Brady as Physician to Out Patients and Assistant Attending Physician to Fordham Hospital was referred to the Conference Committee.

A communication dated October 28 was received from the Department of Finance, transmitting an executed copy of the lease of the premises 58 W. 11th st., for the use of the General Medical Superintendent for a term of twenty-five months, from September 1, 1910, to October 1, 1912. It was resolved that this communication, having been acknowledged, be placed on file, and that the copy of the lease be transmitted to the Contract Clerk for safe keeping.

A communication dated November 1 was received from the Department of Finance, stating that the soap furnished by John Falco Donovan did not comply with the specifications. The General Medical Superintendent submitted a report thereon, showing that the specifications made it almost impossible to obtain a soap of the required quality, and that the soap had been used before a chemical analysis had been obtained. The Chairman of the Committee on Supplies reported that it had been resolved to slightly modify the specification for soap for 1911, which will overcome the difficulty in the future. On motion, duly seconded and carried, it was resolved to transmit a copy of the report of the General Medical Superintendent to the Department of Finance.

A communication dated November 3 was received from Dr. Herbert L. Wheeler, stating that he had secured a staff of dentists for Fordham Hospital. It was resolved, in accordance with his recommendation, to establish a dental service at Fordham Hospital, and to instruct the General Medical Superintendent to arrange for its equipment, etc., and to make the following appointments, as recommended by Dr. Wheeler: Dr. Waldo H. Mork, Chief Dentist, Fordham Hospital, and Dr. Robert W. Taggart, Dr. Andrew H. Oeder and Dr. Thomas J. Bartley, Assistant Visiting Dentists to Fordham Hospital.

The President reported that he had received a communication from the Comptroller, requesting a statement of what disbursements are likely to be made by this Department between January 1, 1911, and October 1, 1911, on account of corporate stock authorizations, and that, in view of the necessity for a prompt answer, he had prepared a statement, with the assistance of the architects, and had forwarded it to the Comptroller. On motion, duly seconded and carried, the action of the President was approved.

A communication dated November 15 was received from R. F. Almirall, transmitting a set of the specifications and drawings for the enlargement and enclosure of the balconies at Fordham Hospital. These were referred to the Building Committee for recommendation.

Unfinished Business—The President made a report on the incomplete medical histories found at Fordham Hospital on his visit on November 11, and submitted a copy of a communication which he had sent to Dr. Dunn, Chairman of the Executive Committee, in regard thereto. The action of the President was approved, and it was resolved to request that a committee of the Medical Board be appointed to wait upon the Trustees at their next regular meeting to confer upon this subject. It was resolved to reject the bids for white lead received on November 1.

New Business—The President reported that judging from the reports of operations there is an apparent excessive use of ether at Fordham Hospital. On motion, duly seconded and carried, this question was referred to the President and General Medical Superintendent for further investigation and such action as may be necessary.

The President recommended that the approach to the stairways leading to the fire escapes from the loggias of Pavilions A and B be closed by means of grille gates or doors, to prevent patients from using these stairs and also to frustrate possible attempts at suicide. It was resolved to request the Bureau of Buildings for permission to close the stairways as recommended by the President. It was resolved to hold a special meeting on November 22, 1910. Adjourned.

J. K. PAULDING, Secretary.

First—The said right to construct, maintain and operate said conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon the request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

(a) The sum of six hundred and fifty dollars (\$650) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years an annual sum which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to two (2) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

During the second term of five years, an annual sum which shall in no case be less than three hundred and fifty dollars (\$350), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three hundred and fifty dollars (\$350).

During the third term of five years, an annual sum which shall in no case be less than five hundred dollars (\$500), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five hundred dollars (\$500).

The gross receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(c) An annual payment of twenty-five cents (\$0.25) for each linear foot of conduit constructed within the limits of any street, avenue or highway, excepting, however, such conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31, next preceding. Provided that the first

annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and December 31 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before February 1 in each year for the year ending December 31 next preceding.

(d) Before any rights hereby conferred are exercised by the Company and within one (1) month from the date on which this contract is signed by the Mayor, the Company shall pay to the City the sum of seven hundred and fifty dollars (\$750); said amount being due the City by reason of the unauthorized occupation of the streets by the Company or its predecessors.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the streets and avenues mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payment of any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York, notwithstanding and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a right or privilege upon the same or other terms and conditions, in the same streets and avenues, or within the district hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conduits and appurtenances of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its conduits and appurtenances constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets and avenues in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—If it is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall cause a test to be made of the pipes to be contained within the conduits hereby authorized whenever required by and under the supervision of the Commissioner of Water Supply, Gas and Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and indorsed

by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fourteenth—The Company shall not charge consumers more than the following rates:

(a) Consumers making monthly contracts: Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet.

Two (2) cents per month per cubic foot for boxes of over 500 cubic feet, but less than 1,500 cubic feet.

One (1) cent per month per cubic foot for boxes of 1,500 cubic feet and over.

(b) Consumers making yearly contracts: Fifteen (15) cents per year per cubic foot of box.

These rates to apply to boxes located not above the first floor of any building.

During the term of this contract the Board shall have absolute power to regulate the maximum rates, provided that such rates shall be reasonable and fair.

Fifteenth—The Company, upon the application for refrigeration of any person, firm or corporation whose premises are located within the district hereinbefore described shall extend its conduits to such premises and furnish to said applicant refrigeration at the rates herein prescribed or at such rates as may be hereafter fixed by the Board as herein provided. The Company shall not be required, however, to furnish refrigeration to applicants whose premises are located above the first floor of any building.

Sixteenth—A correct map shall be furnished to the Board by the Company on the first day of February, 1911, showing the exact location of all conduit lines and manholes constructed, with reference to the street lines, the curb lines and the street surface, together with a statement of the total length of such conduit. On the same date of each succeeding year, during the term of this contract, a supplementary map shall be furnished the Board showing all conduits laid during the preceding year.

Seventeenth—The conduits lines hereby authorized shall be used only by Conron Bros. Company, and for no other purpose than supplying refrigeration.

Eighteenth—The Company shall submit a report to the Board not later than February 1, in each year, for the year ending December 31, next preceding, and at any other time, upon the request of the Board, which shall state:

The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twentieth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the conduits constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its conduits and appurtenances as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or the Board, in case such conduits or appurtenances which may affect the surface of the street shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-second—The Company shall assume all liability to persons or property by reason of the construction or operation of the conduits authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-third—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of one thousand dollars (\$1,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, and compliance with all orders of the Board, acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract, or its neglect or refusal to comply with any notice or direction of the Board, or other municipal officials, given or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, the Company shall pay to the City a penalty of one hundred dollars (\$100) for each violation, which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized, in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars (\$1,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-fourth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fifth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," included in the district hereinabove described, and under the surface of, or in which authority is hereby given to the Company to construct or maintain its conduits.

Twenty-sixth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walls, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
