“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy

by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

MOCS PROCUREMENT TRAINING INSTITUTE - Negotiated Acquisition - Other - PIN#00208203082019 - Due 4-8-19 at 5:00 P.M.

The Mayor's Office of Contract Services (MOCS), seeks to procure workforce development services, from a qualified public procurement training provider with continuing education accreditation, to help advance its workforce development goals through the expansion of its Professional Training Institute (PTI) program. Specifically, the vendor must have the capacity to:

- Provide existing on-line public procurement curriculum content aligned to public sector competencies
- Offer access to a curriculum that leads to certification(s) recognized in the public procurement sector
- Capacity to convert in-person trainings into engaging Computer-Based Trainings (CBTs)
- Ability to develop and customize a flexible Learning Management System (LMS), for certification tracking and to serve as a repository for MOCS-specific content and materials

MOCS, intends to procure these services through a Negotiation Acquisition, pursuant to Sections 3-04(b)(2)(ii) of the PPB rules. MOCS has determined that it is not practicable or advantageous to the City to use Competitive Sealed Proposal, and that it is in the City's interest to enter into negotiations with one provider with extensive experience and singular competencies required to deliver an enhanced Procurement PTI.

Qualified vendors that are interested in providing these services must download a copy of the complete solicitation document and submit an Expression of Interest (EOI), that includes a complete proposal and budget. MOCS will review all EOIs submitted until close of business, Monday, April 8th, 2019. Please submit EOI to Jeremy Halbridge, at BIDS_MOCS@mocs.nyc.gov.

There is a limited number of vendors available and able to perform the work.

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS.

NYC DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of NYC DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, NYC DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. NYC DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL, will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

NYC DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

* Firms that are in the process of becoming a New York City-Certified M/WBE, may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.

Application documents may also be obtained online at: <http://a856-internet.nyc.gov/nycvendoronline/home.asap.>; or <http://www.nycgovparks.org/opportunities/business>.

AGENCY RULES

FIRE DEPARTMENT

■ NOTICE

CORRECTED NOTICE

Notice of Public Hearing and Opportunity to Comment on Proposed Rule

What are we proposing? The Fire Department is proposing to amend Section 4601-01 of Title 3 of the Rules of the City of New York (RCNY), entitled "New and Amended Fees," to amend the fee provisions of the Fire Code relating to review of design and installation documents for fire alarm systems, emergency alarm systems, auxiliary radio communication systems, fire extinguishing systems and fire protection plans. The proposed rule would also add late plan filing fees and supplemental fees for new technology applications.

When and where is the hearing? The Fire Department will hold a public hearing on the proposed rule. The public hearing will take place at 11:00 A.M. on Friday, April 26, 2019. The hearing will be held in the Fire Department Auditorium at 9 MetroTech Center, Brooklyn, NY 11201.

How do I comment on the proposed rule? Anyone can comment on the proposed rules by:

- **Website** - You can submit comments to the Fire Department through the NYC rules website at <http://rules.cityofnewyork.us>, or on the "FDNY Rules" page of the Fire Department's website, <http://www1.nyc.gov/site/fdny/codes/fire-department-rules/fire-dept-rules.page>.
- **Mail** - You can mail written comments to Code Development Unit, Bureau of Fire Prevention, New York City Fire Department, 9 MetroTech Center, Room 3N2, Brooklyn, NY 11201.
- **Speaking at the hearing** - Anyone who wants to comment on the proposed rule at the public hearing must sign up to speak at the hearing. The time that you can speak may be limited.

Is there a deadline to submit written comments? Yes, written comments must be submitted by April 26, 2019.

What if I need assistance to participate in the hearing? You must notify the Bureau of Fire Prevention if you need a sign language interpreter or other reasonable accommodation for a disability at the hearing. Write to us at the address above or telephone us at (718) 999-2042. Advance notice is requested to allow sufficient time to arrange the accommodation. Please notify us by April 5, 2019.

The Fire Department Auditorium is wheelchair accessible (use the MetroTech Commons entrance).

Can I review the comments made on the proposed rule? You can review the comments made online on the proposed rule by going to the website at <http://rules.cityofnewyork.us>. A few days after the hearing, a record of the hearing and copies of the written comments will be available to the public at the Bureau of Fire Prevention.

What authorizes the Fire Department to make this rule? Section 1043(a) of the New York City Charter, and Sections FC 102.6.2 and 102.6.3 of the New York City Fire Code (Title 29 of Administrative Code of the City of New York) authorize the Fire Department to propose this rule.

Where can I find the Fire Department rules? The Fire Department rules are codified in Title 3 of the Rules of the City of New York and can be viewed on the Fire Department's website at <http://www.nyc.gov/fdny> or at <http://rules.cityofnewyork.us>.

What laws govern the rulemaking process? The Fire Department must comply with the requirements of Section 1043 of the New York City Charter when creating or changing rules. This notice is made in accordance with the requirements of Section 1043(b) of the New York City Charter. The proposed rule was included in the Fire Department's FY2019 regulatory agenda because publication of the regulatory agenda pre-dated enactment of the local law that prompted this proposed rule.

Statement of Basis and Purpose of Proposed Rule

Fire Department Rule 3 RCNY §4601-01 sets forth amendments to the

fee provisions of the Fire Code, and reflects these new fees by bracketing and underlining, as applicable, the existing text of Sections A03 and A04 of Appendix A to the Fire Code.

The Fire Department proposes to amend the provisions relating to fees for plan examinations set forth in FC A03(51) and to amend FC A04 to include a document management fee for certain plan examination filings. These changes are being proposed at this time to implement Local Law No. 195 of 2018 (Local Law 195), which eliminated New York City Department of Buildings (DOB) review of plans and other design and installation documents for fire alarm, emergency alarm, auxiliary radio communication, and fire extinguishing systems, and fire protection plans. The Fire Department also proposes to amend FC A03 to include fees for late plan filings and for supplemental reviews of new technology applications and other applications requiring complex technical analyses.

Fire Alarm, Emergency Alarm, Auxiliary Radio Communication and Fire Extinguishing System/ Fire Protection Plan Fees

DOB currently reviews fire alarm, emergency alarm, auxiliary radio communication and fire extinguishing system plans for compliance with zoning, licensing and asbestos inspection requirements; issues work permits authorizing installation of these systems; and posts information about the applications, approvals and permits on its website. Fire protection plans – narrative statements describing buildings' fire protection systems – are also filed with DOB.

To consolidate and streamline the plan review and approval process, Local Law 195 transferred these tasks to the Fire Department, effective on or about May 30, 2019. Local Law 195 eliminated the requirements for DOB filings and work permits, thereby eliminating the applicable DOB application and permit fees.

The Fire Department proposes to adopt fees that will enable the agency to hire staff to perform the administrative tasks previously performed by DOB. Specifically, the Fire Department proposes to adopt a document management fee of \$165 per application (the same fee previously charged by DOB) to support the cost of processing applications, establishing a public portal on the Fire Department's website and maintaining electronic records of all applications. This fee would be added to the list of fees for administrative services set forth in FC A04.

The document management fee would apply to any application for a fire alarm system, emergency alarm system, auxiliary radio communication system, or fire extinguishing system, and to any other application not requiring a work permit from DOB (and thus requiring Fire Department administrative review of the application for items normally reviewed by DOB).

The Fire Department has determined that the costs involved in these administrative tasks exceed the \$165 that the Fire Department proposes to charge.

Additionally, the Fire Department proposes to charge a fee of \$420 for reviews of fire protection plans, which are reviewed by the Emergency Planning and Preparedness Unit of the Bureau of Fire Prevention to confirm that they are in compliance with applicable code requirements. This is the same amount the agency currently charges for review of fire protection plans, and reflects an average of two hours of review time.

Article 109 of Chapter 1 of the New York City Construction Code requires that fire protection plans be filed for covered buildings (including all new high-rise buildings, most hotel and institutional buildings, buildings with assembly spaces of 300 or more persons, and various other occupancies), as well as when the building undergoes a substantial alteration or change in use and occupancy.

Late Plan Filings

Local Law 195 amended the New York City Fire Code to clarify that when Fire Department approval of plans is required, such approval must be obtained prior to commencing work on the installation. FC105.4.3 was amended to read as follows:

Approved documents required. When department review of design and installation documents is required by this code or other laws, rules or regulations, it shall be unlawful to construct or alter any facility, or install, alter or remove any device, equipment or system, without first having obtained department approval of the design and installation documents.

In order to promote compliance with this provision, the Fire Department proposes to adopt late plan filing fees similar to the late fees for renewals of Fire Department certificates and permits authorized in FC 117.

The purpose of these late plan filing fees would be to discourage applicants from performing work without approved plans. (Such unauthorized work would also be subject to issuance of violations and other enforcement action.)

The Fire Department proposes to impose a fifty percent (50%) surcharge for plans filed after the date of commencement of work without approved plans, up to one year from such date, and a one

hundred percent (100%) surcharge for plans filed more than one year after such date.

New Technology Applications and Other Applications Requiring Complex Technical Analyses

The Fire Department regularly receives applications for approval of new technologies. More resources in time and labor are required for review of these applications in order to understand and evaluate the fire safety of the technology and the particular application or installation.

For example, the Fire Department regularly reviews applications for outdoor stationary storage battery systems that utilize lithium-ion and other new battery technologies. A plan review associated with such an applications, which is conducted by the engineering staff of the Bureau of Fire Prevention's Technology Management Unit, is highly complex. In addition to reviewing the design of standard fire protection systems and other fire safety features and components, the plan review requires an analysis of the technology and system design.

The Fire Department currently charges a fee of \$420 for review of plans, specifications and other design and installation documents. The fee is set forth in FC A03(51) and represents an average of two hours' review of each application. Rather than increase the base fee for design and installation document review (which applies to many other types of applications), the Fire Department proposes to adopt a supplemental fee to reflect the additional time required to review new technology applications and applications requiring complex technical analyses.

Battery storage systems and other new technology applications – including but not limited to fluid fire dynamic simulation studies and fire test results by nationally recognized testing laboratories – require detailed technical analysis beyond the average of two hours reflected in the standard plan review fee. Such submissions require comprehensive and highly complex technical analyses by Fire Department engineers in order to determine the merits of the application.

The Fire Department proposes to adopt a supplemental fee of \$525 for review of new technology applications and other applications involving complex technical analyses. This includes all applications filed pursuant to Fire Code Section FC102.8, which authorizes the Fire Department to establish fire safety requirements for any material operation or facility not addressed by the Fire Code, and FC104.9, which authorizes the Fire Department to approve alternative devices, equipment and systems not specifically prescribed or prohibited by the Fire Code. This supplemental fee reflects an average of 2.5 additional hours spent reviewing such applications.

Material newly added to 3 RCNY §4601-01 is underlined. Material to be deleted is in [brackets].

Certain text has been highlighted as a note to the publisher. Blue highlighting of text indicates that the underlining should be retained in the publication of the final rule, to reflect the changes to the Fire Code fee schedule.

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Paragraph 51 of Subdivision (e) of Section 4601-01 of Chapter 46 of Title 3 of the Rules of the City of New York is proposed to be amended to read as follows:

NOTICE OF PUBLIC REVIEW

The City of New York's success in dramatically reducing crime and lowering the number of people in jail, coupled with the grassroots support for closing Rikers Island Correctional Facility (Rikers Island), has allowed for the City, through the New York City Department of Correction (DOC), to propose implementing a borough-based jail system, as part of the City's continued commitment to create a modern, humane and safe justice system and close the jails on Rikers Island. This proposed project, would establish four new detention facilities, located in the Bronx (745 East 141st Street), Brooklyn (275 Atlantic Avenue), Manhattan (124-125 White Street), and Queens (126-02 82nd Avenue). Each of the proposed facilities would provide approximately 1,437 beds to house people in detention. In total, the proposed project would provide approximately 5,748 beds to accommodate an average daily population of 5,000 people in a system of four borough-based jails. The proposed project would ensure that each borough facility has ample support space for quality educational programming, recreation, therapeutic services, publicly accessible community space, and staff parking.

The Notice of Completion and the Draft Environmental Impact Statement (DEIS), were issued by the New York City Department of Corrections on March 22, 2019, which marked the beginning of the public comment period on this document. A public hearing on the DEIS, will be held in conjunction with the public hearing on the associated Uniform Land Use Review Procedure (ULURP) applications, at a date to be announced later. This notice is issued, pursuant to Part 617, Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law.

Written comments on the DEIS, will be accepted by DOC, during the public comment period, which runs from March 22, 2019, through ten days after the DEIS public hearing. Please send to Howard Fiedler, at 75-20 Astoria Boulevard, Suite 160, East Elmhurst, NY 11370, or emailed, or boroughplan@doc.nyc.gov.

READER'S GUIDE

The City Record (CR) is published each business day. The Procurement section of the City Record is comprised of notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Notice of solicitations and other notices for most procurement methods valued at or above \$100,000 for goods, services, and construction must be published once in the City Record, among other requirements. Other procurement methods authorized by law, such as sole source procurements, require notice in the City Record for five consecutive editions. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards, and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
