MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York Held Wednesday, March 31, 1915, at 10.30 o'Clock A. M.

Present—Commissioners Darwin R. James, Junior, and Alexander Keogh. Commissioner James presided.

A public hearing was had on the proposed amendment of the Municipal Civil Service Classification by striking from the Exempt Class, under the heading "Commissioner of Accounts," the title "Director, Standard Testing Laboratory," and by including in the Exempt Class, under the heading "Board of Estimate and Apportionment," the following: "Director of Laboratory." James McGinley, Chief of Staff, office of the Commissioners of Accounts, appeared in favor of the proposed amendment. There were no other appearances and the Chair declared the hearing closed.

A public hearing was had on the proposed adoption of a special resolution allowing a special examination for promotion to Lieutenant to Seneca Larke, an Engineer of Steamer in the Fire Department, who as the result of injuries sustained at the fire in the Equitable Building, New York City, on January 9, 1912, was unable to do himself justice in the regular examination and failed therein. Henry H. Curran, Alderman, appeared in favor of the adoption of the resolution. There were no other appearances, and the Chair declared the hearing closed.

The public hearing on the proposed amendment of the classification by striking from the Exempt Class, under the heading "Department of Public Charities," 10 Deputy Superintendents of Training School and 6 Superintendents of Training School was postponed for one week at the request of Deputy Commissioner Wright of the Department of Public Charities.

The Commission then went into regular session, and the minutes of the meeting held March 5 were approved.

On motion, it was

Resolved, That the Municipal Civil Service Classification be and the same hereby is amended by striking from the Exempt Class, under the heading "Commissioner of Accounts," the title "Director, Standard Testing Laboratory," and by including in the Exempt Class, under the heading "Board of Estimate and Apportionment," the following: "Director of Laboratory."

The following special resolution was adopted:

Whereas, Engineer of Steamer Seneca Larke of Engine Company 20, Fire Department of the City of New York, while on duty at the Equitable Building fire in the City of New York on January 9, 1912, saved the lives of two men who were imprisoned in the vaults of the Mercantile Safe Deposit Company in the northwest corner of the building on the ground floor, under highly dangerous and almost impossible conditions, constituting one of the most heroic acts ever performed in the history of the Fire Department; and

Whereas, as a result thereof, said Engineer of Steamer Seneca Larke suffered almost total mental and physical breakdown, from which he did not fully recover for fully eight months; and,

Whereas, on February 28, 1912, a few weeks after this experience, said Engineer of Steamer Seneca Larke took the examination for promotion to Lieutenant of the Fire Department, held by the Municipal Civil Service Commission of the City of New York, and in said examination attained a rating of 65.60 per cent., resulting in his failure in said examination; and

Whereas, it appears that his failure was without doubt due to his physical condition; and

Whereas, said Seneca Larke, in spite of these circumstances, could not be granted a special examination under the provisions of Rule VII, paragraph 11, which provides that "No candidate shall be granted a second or special examination or any second or special trial or test \* \* \* unless it be shown to the satisfaction of the Commission that his failure to appear for or to gain admission to or to complete such examination or test was due to a manifest error or mistake for which the Commission is responsible, the nature of which shall be set forth in its minutes, or that such failure was due to compulsory attendance before any Court or other public authority having the power to compel such attendance," and

Whereas, under the decision of Tormay vs. Polk, 134 App. Div. 939, had said Seneca Larke made application to a Medical Officer of the Fire Department for leave of absence due to illness, caused by his experience at the above mentioned fire, he would have been entitled to an examination when he recovered his health and returned to duty; and

Whereas, Seneca Larke failed to avail himself of the opportunity accorded him by this decision, therefore, be it

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, the provisions of Rule VII, paragraph 11, of the Municipal Civil Service Rules be waived in the case of Seneca Larke, and that he be given a special examination for promotion to the position of Lieutenant, Fire Department; provided, however, that this action shall in no wise constitute a precedent for waiving the said rule."

George L. Bergen, Deputy Chamberlain, appeared in connection with the request of the Commission on Pensions for authority to continue the employment of Robert von Reutlinger as Pension Expert; George B. Buck, as actuary, and Ralph Van Name as Stenographer, with special knowledge of tabulating, serving in that department under clause 6 of Rule XII. The matter was laid over.

Thomas J. McGraw, Executive Clerk, office of the President, Borough of Queens, appeared in connection with the request of the President, Borough of Queens, for authority to employ Dr. James McCarthy, of Corona, L. I., under the provisions of clause 6 of Rule XII. On motion, it was

Resolved, That, under authority of clause 6 of Civil Service Rule XII, Dr. James H. McCarthy, of Corona, Long Island, be and he hereby is excepted from examination to be employed in the office of the President of the Borough of Queens to conduct physical examinations of persons to be assigned to work in air locks in connection with the construction of a tunnel sewer; provided, however, that his total compensation shall not exceed the sum of seven hundred and fifty dollars.

The following resolutions were adopted after hearing of each of the persons named therein:

Resolved, That the name of Norman S. Leafe, of 1 Convent Avenue, New York City, be and the same hereby is removed from the eligible list of Bookkeeper, Third Grade, under the provisions of clause 14 of Rule VII.

Resolved, That the request of Frank J. Rafferty, of 45 Duffield Street, Brooklyn, N. Y., that his name be removed from the list of persons disqualified for employment in the City service be and the same hereby is denied.

Resolved, That the disqualification appearing against the name of William J. Goodwin, of 929 Albany Street, Schenectady, N. Y., on the eligible list of Inspector of Foods, Group 2, be and the same hereby is removed.

Resolved, That the name of William J. Rogers, of 57 West 11th Street, New York City, be and the same hereby is restored to the eligible list of Fireman.

The Commission then considered a report dated March 27 from Examiners Story and Garrett, relative to the experience of Daniel F. Beckingham, a candidate on the eligible list of Salary and Grade Examiner, whose case had been considered at a previous meeting of the Commission. On motion, it was

Resolved, That the disqualification appearing against the name of Daniel F. Beckingham on the eligible list of Salary and Grade Examiner be and the same hereby is removed.

The Commission took up the matter of the classification of the position of Superintendent of Women Prisoners, which had been considered at a previous meeting. On motion, it was

The communication read in part as follows:

"While I know of no statute decreeing that the acceptance of a position in the service of the State government necessarily works a forfeiture of a place that is not an office in the City service, and while the opinion of the Courts seems to be against such a conclusion (People ex rel. Barton v. Brannan, 141 App. Div. 295), it is quite evident in view of the provisions of Section 165 of the Charter above quoted, in respect to including in the period of service entitling an employee to a pension any period while he is on leave of absence, that the granting of indefinite leaves of absence from City positions, under such circumstances as are set forth in your letter, is not to be encouraged. \* \* \* \* The matter is one of legitimate concern to the Civil Service Commission, since, if the position is necessary, it should be filled from the appropriate list of eligible candidates. Needless to say, if the position is not necessary, it should be abolished."

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
