The following Agenda items will be heard:

Roundtable Senior Center (220212 PQK)

An application submitted by the Department for the Aging (DFTA) and the Department of Citywide Administrative Services (DCAS) to secure continued use of a senior center occupying approximately 17,600 square feet (sf) in a privately-owned building located at 1175 Gates Avenue in Brooklyn Community District 4 (CD 4).

Broadway Triangle - Bartlett Crossing (220209 HAK)
An application submitted by the Department of Housing Preservation

An application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Article 16 of the General Municipal Law of New York State and Section 197-c of the New York City Charter affecting a vacant, City-owned lot at 29-31 Bartlett Street

in Brooklyn Community District 1 (CD 1). HPD is requesting Urban Development Action Area (UDAA) designation, Urban Development Action Area Project (UDAAP) approval, and property disposition to the selected developer. These actions would enable a nine-story residential building with 29 affordable rental units with a portion reserved for the formerly homeless and 20 percent affordable through the Voluntary Inclusionary Housing (VIH) program.

2300 Cropsey Avenue Rezoning (200358 ZMK)

An application submitted by Cropsey Partners LLC, pursuant to sections 197-c and 201 of the New York City Charter affecting three properties in the middle of a block bounded by 24th Avenue and Bay Parkway, the Belt Parkway and Cropsey Avenue. The requested zoning map amendment would establish a C2-4 overlay within an existing R6 district and permit commercial uses at a 23-story, as-of-right residential and community facility building at 2300 Cropsey Avenue in Brooklyn Community District 11 (CD 11). This action would enable approximately 35,227 sf of commercial zoning floor area, to be occupied by a supermarket and local retail uses.

98 Third Avenue Rezoning (200335 ZMK, N 200336 ZRK) Applications submitted by 98 Third Avenue Realty LLC, pursuant to Sections 197-c and 201 of the New York City Charter affecting ten properties on a block of Third Avenue bounded by Bergen, Nevins, and Wyckoff streets. The requested zoning map amendment would change the project area from M1-2 to R6B and R7D/C2-4 districts. The zoning text amendment would establish a Mandatory Inclusionary Housing (MIH) area coterminous with the rezoning area. These actions would facilitate an 8-story, 27,910 sf mixed-use development at 98 Third Avenue in Brooklyn Community District 2 (CD 2). The building would contain 24 apartments and 3,523 sf of ground-floor commercial space. Approximately 8 units would be affordable to households earning on average, 80 percent AMI pursuant to MIH Option 2.

840 Lorimer Street Rezoning (210299 ZMK, N 210300 ZRK) Applications submitted by Zucker Enterprises LLC, pursuant to Sections 197-c and 201 of the New York City Charter affecting the entire north blockfront of Driggs Avenue between Lorimer Street and Manhattan Avenues. The requested zoning map amendment would change the project area from M1-2/R6 (MX-8) and R6/C2-4 to a C4-5D district. The zoning text amendment would establish an (MIH) area coterminous with the rezoning area. These actions would facilitate a 10-story 83,748 square feet (sf) mixed development at 840 Lorimer Street in CD 1. The building would contain 74 apartments and 25,049 sf of commercial space spread over three floors. Approximately 19 units would be affordable to households earning on average, 60 percent of Area Median Income (AMI) pursuant to MIH Option 1. The development would also provide 28 off-street accessory parking spaces in the cellar.

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic HHS Accelerator Pregualification Application using the City's PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed at https://passport.cityofnewyork.us/page.aspx/en/rfp/ request_browse_public. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. RECRUITMENT SERVICES - Negotiated Acquisition - Other - PIN#85622N0003001 - AMT: \$40,000.00 - TO: Energists Holdings LLC, 8901 Gaylord Drive, Suite 200-210, Houston, TX 77024.

DEM, is seeking to procure recruitment services via a Negotiated Acquisition from the executive recruitment firm The Energists.

The Agency Chief Contracting Officer has determined that a negotiated acquisition method may be justified when it is not practicable and/or advantageous to award a contract by competitive sealed proposals due, to the limited number of qualified vendors available and able to perform the work. DEM has done considerable market research, including examining firms in three categories: (1) large executive search firms that work across multiple sectors; (2) firms that have a special focus on energy; and (3) firms that have a special focus on government, especially local government. DCAS DEM was able to narrow the list down to eight (8) possible qualified vendors. Through phone interviews and reference checks, DEM was then able to determine that the Energists is the only firm that meets all Selection Criteria. As confirmed in their list of searches from the last three years, The Energists maintain a focus on energy efficiency, clean energy, and renewables, and have demonstrated experience in candidate recruitment for relevant roles in both energy/ utilities and government domain. Further, they can work on a contingency-based fee structure, have competitive pricing, are willing, to provide a one-year guarantee after the candidate's start date, and are able to complete the candidate search in under 4 months. Based on the Selection Criteria, The Energists is the only qualified vendor who can perform the recruitment services.

Statement of Basis and Purpose

The proposed rule would add a new Chapter 61 to Title 15 of the Rules of the City of New York governing public hearings held by DEP pursuant to section 24-110 of the Administrative Code.

Section 24-110 is the variance section of the Air Pollution Control Code, often referred to as the Air Code, which is codified in Title 24, Chapter 1 of the Administrative Code. Section 24-110 provides for a public hearing to be held (a) if any person transmits to DEP a written objection to a variance petition pursuant to such section no later than 21 days after the publication of a notice of such petition on a website by or on behalf of the city pursuant to such section, or (b) if the DEP Commissioner determines that such a hearing would be advisable.

DEP is proposing to promulgate a rule establishing the procedure governing such public hearings. The proposed rule provides for notice to be posted on the DEP website regarding each public hearing to be held, requires such notice to explain how comments can be submitted, and establishes that the commissioner of DEP, or his or her designee, will consider the comments before rendering a decision regarding whether the variance will be granted.

Section 1403 of the New York City Charter and sections 24-105 and 24-110 of the Administrative Code of the City of New York authorize DEP to issue this proposed rule.

New material is underlined.

§ 1. Title 15 of the Rules of the City of New York is amended by adding a new Chapter 61 to read as follows:

Chapter 61. Public Hearings Pursuant to Section 24-110

§ 61-01 Definitions

For the purposes of this chapter, the following terms have the following meanings:

Commissioner. The term "commissioner" means the oner of the department, or his or her designee.

Department. The term "department" means the department of environmental protection.

§ 61-02 Public Hearing Procedures

- a. If a person files a written objection to a variance petition within twenty-one days from the department's publication of a notice pursuant to subdivision (c) of section 24-110 of the administrative code or if the commissioner determines that a public hearing regarding such variance petition would be advisable, the department shall hold a public hearing regarding such variance petition.
- b. The department shall post a notice regarding each variance petition public hearing on its website. The following information shall be included in each notice:
- 1. The date and time of the hearing; 2. The subject matter of the hearing, including a brief summary of the variance petition;
 - 3. Information regarding how to appear at the hearing, either in
- person or by remote means; and

These rules were not included in HPD's regulatory agenda for this Fiscal Year because they were not anticipated.

Where can I find HPD's rules? The agency's rules are in title 28 of the Rules of the City of New York.

What laws govern the rulemaking process? HPD must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043 of the City Charter.

Statement of Basis and Purpose of Proposed Rules

The proposed rules would amend section 44-02 of Chapter 44 of HPD's rules relating to orders by the Department for repair of underlying conditions. Underlying conditions are physical defects or failure of a building system that is causing or has caused a violation of the Administrative Code, Multiple Dwelling Law, or any other state or local law that imposes requirements on dwellings, including, but not limited to, a structural defect or failure of a heating, plumbing, or other system.

The rules add to prioritization of selection of buildings for the program, the consideration of certain health indicators, as determined by the Department of Health and Mental Hygiene, that are also related to housing conditions. Such additional prioritization is necessary because it will assist in targeting agency resources towards those buildings that pose a risk to the health and safety of occupants.

New material is underlined.

Section one. Paragraph 2 of subdivision a of section 44-02 of Chapter 44 of Title 28 of the rules of the city of New York is amended to read as

- (a) The Department may identify buildings for issuance of orders to correct Underlying Conditions based upon the following criteria:
- (1) A building with a Class B or Class C violation on record related to the existence of mold or water leaks that was issued by the Department within the prior year preceding issuance of the order that has not been properly certified as corrected by the owner, or that was corrected by the Department, and such building:
- i) Contains three to five dwelling units and at least 50% of such units have one such violation;
- (ii) Contains six to nine dwelling units and at least 25% of such units have one such violation; or
- (iii) Contains ten dwelling units or more and at least 15% of such units have one such violation.
- (2) The Department will prioritize selection of buildings meeting the criteria in paragraph (1) of this subdivision first by those buildings [with the highest total number of Class C violations relating to the existence of mold or water leaks,] with conditions that may contribute to asthma outcomes and other relevant health indicators as determined by the Department of Health and Mental Hygiene, followed by those buildings with the highest total number of [both] Class C and Class B violations relating to the existence of mold or water leaks.
