107-00
GENERAL PURPOSES

The “Special South Richmond Development District” established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following purposes:

- (a) to guide future development in accordance with the Land Use Plan for South Richmond and the Capital Improvement Plan for the Special District area;
- (b) to promote balanced land use and development of future land uses and housing in the Special District area, including private and public improvements such as schools, transportation, water, sewers, drainage, utilities, open space and recreational facilities, on a schedule consistent with the City’s Capital Improvement Plan and thereby provide public services and facilities in the most efficient and economic manner, and to ensure the availability of essential public services and facilities for new development within the area;
- (c) to avoid destruction of irreplaceable natural and recreational resources such as lakes, ponds, watercourses, beaches and natural vegetation and to maintain the natural ecological balance of the area with minimum disruption of natural topography, trees, lakes and other natural features; and
- (d) to promote the most desirable use of land in the South Richmond area and thus to conserve the value of land and buildings and thereby protect the City’s tax revenues.

107-01
Definitions

Definitions specially specifically applicable in this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Area of no disturbance

An “area of no disturbance” is an area designated on a site plan or #area plan# to be protected from #site alteration#, except for new native planting. An #area of no disturbance# shall contain natural features including, but not limited to, trees, natural topography, #designated open space#, and aquatic features.

#Plan review sites# may include safeguards such as an #area of no disturbance# to define areas where #site alterations# shall not be proposed.

Area plan

An “area plan” is a proposed layout for a #zoning lot# subdivision with traffic circulation, including curb cuts on #arterials#; access easements; #areas of no disturbance#; #wetland-adjacent areas#; areas of #designated open space#; #building# envelopes; required #building# setbacks within proposed #zoning lots# in #Residence Districts#; and any other information prescribed by the City Planning Commission.

Arterial

An “arterial” is a #street# designated as an #arterial# listed in Section 107-25 107-24 (Special Regulations Along Certain Streets for Arterials or Railroads Rights of Way) whose function is primarily the accommodation of through vehicular traffic and to which special provisions of this Chapter apply. All such #arterials# are shown on the District Plan, Map 2 in Appendix A, which is hereby incorporated as an integral part of the provisions of this Chapter.

Caliper (of a tree)

“Caliper” of a tree is the diameter of a tree trunk measured 4 feet, 6 inches from the ground. If a tree splits into multiple trunks below this height, the trunk is measured at its narrowest point beneath the split. For trees with a diameter of less than three inches measured 4 feet, 6 inches from the ground, the #caliper# shall be measured 12 inches from the ground.

Development

For the purposes of this Chapter, a “development” includes a #development# as defined in Section 12-10 (DEFINITIONS), the #enlargement# of a non-#residential building#, or the #enlargement# of a #residential use# that involves the addition of one or more #dwelling units#.

To “develop” is to create a #development#.

Designated open space

“Designated open space” is a portion of the #open space network# located on a #zoning lot# as shown on the District Plan (Map 3 in Appendix A), and is to be preserved in its natural state in accordance with the provisions of the #Special South Richmond Development District#.

Detached

For the purposes of this Chapter a “detached” #building# is a #building# surrounded by #yards# or other open area on the same #zoning lot# or is a #building# #abutting# a #street line# which is surrounded by #yards# or open area on the same #zoning lot# except where the #building# #abuts# the #street line#.

Drainage scheme

A “drainage scheme” is a plan for a system of storm sewers and/or sanitary sewers intended to serve a #development# which is submitted to the Department of Environmental Protection for review and approval.

Open space network

The “open space network” is a planned system of #open spaces# as shown on the District Plan (Map 3 in Appendix A), which includes #public parks#, #park streets#, #designated open space#, and the #waterfront esplanade#.

Park street

A “park street” is a #street# designated as such in Section 107-25 (Special Regulations Along Certain Streets or Railroads) and whose primary function is to provide connecting links for pedestrians and cyclists between portions of the #open space network# and to which special provisions of this Chapter apply. #Park streets# shall be designated to provide limited vehicular access.

Plan review site

A “plan review site” is any #zoning lot# that contains one or more acres, where there is a proposed #development, #enlargement#, #site alteration#, or subdivision of such #zoning lot# into two or more #zoning lots#.

Sewer acceptance

A “sewer acceptance” is the acceptance by the Department of Environmental Protection of a system of storm and/or sanitary sewers which were built in accordance with an approved #drainage scheme# intended to serve a #development#.

Site alteration

A “site alteration” is an alteration on any vacant tract of land, #land with minor improvements# or any tract of land containing #buildings or other structures#, which includes land contour work, permanent topographic modifications, removal of topsoil, removal of trees of six-inch caliper or more, excavating, filling, dumping, changes in existing drainage systems, improvements in public rights-of-way; whether or not a permit is required from the Department of Buildings, the Department of Transportation or other public agencies. A #site alteration# shall include any land operation within #designated open space#.

Tree credit

A “tree credit” is a credit for preserving an existing tree or for planting a new tree which is counted towards tree requirements.

Waterfront esplanade

The “waterfront esplanade” is a pedestrian way to be provided for public #use# within the #open space network# along the Raritan Bay waterfront, as shown on the District Plan (Map 3 in Appendix A).

Wetland-adjacent area

A “wetland-adjacent area” is an area that #abuts# an aquatic feature and which is under the jurisdiction of the New York State Department of Environmental Conservation (NYSDEC).

107-02

General Provisions

In harmony with the general purpose and intent of this Resolution and the general purpose of the #Special South Richmond Development District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. Except as modified by the express provisions of this Chapter, the regulations of the underlying districts remain in effect. In #flood zones#, or for #transit-adjacent sites#, as defined in Section 66-11 (Definitions), in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or Article VI, Chapter 6 (Special Regulations Applying Around Mass Transit Stations), the provisions of Article VI shall control.

Property within the jurisdiction and control of the Department of Environmental Protection shall be exempt from the provisions of this Chapter where such property is an existing or planned portion of the Staten Island Bluebelt intended to support best management practices of stormwater.

In addition to applicability as provided in Section 11-10 (ESTABLISHMENT AND SCOPE OF CONTROLS, ESTABLISHMENT OF DISTRICTS, AND INCORPORATION OF MAPS), the provisions of this Chapter shall apply to #site alterations# or subdivision of #zoning lots#, except:

- (a) — public improvement projects for which preliminary design contracts were approved by the Board of Estimate prior to January 2, 1975, or for which title was vested by the City prior to September 11, 1975; and
- (b) — any #large-scale development# for which an authorization or special permit was granted prior to September 11, 1975. For the purposes of this Chapter, the City Planning Commission may extend such authorization or special permit for a renewable term of one year provided that the Commission finds that the facts upon which the authorization or special permit was granted have not substantially changed and that the adoption of this amendment shall not constitute a substantial change of fact.

For all #developments# located within areas D, F or K as shown on the District Plan (Map 4 in Appendix A), the applicant shall obtain from the Commission a certification indicating that the #development# complies with the approved South Richmond Development Plan. As a condition for such certification, the Commission shall find that:

- (1) — the minimum #lot area# for any #commercial# #development# is at least two acres;
- (2) — vehicular access and egress for the #development# is arranged so that it affords the best means of controlling the flow of traffic generated by such #development#; and

(3) — due consideration has been given to relate the proposed #development# to the character of the surrounding area by providing suitable buffering, landscaping and #building# setbacks.

For such certification, the applicant shall submit to the Commission a site plan and drawings depicting the proposed #buildings# and location of off-street parking facilities, curb cuts and pedestrian walkways. For #residential uses# within Area K, the #bulk# and parking regulations of R3-2 Districts, as modified by this Chapter, shall apply.

107-03 Requirements for Certification, Authorization or Special Permit Application

An application to the City Planning Commission for a certification, authorization or special permit respecting a #development#, #enlargement#, or #site alteration# shall include a survey map, prepared by a licensed land surveyor and dated no more than two years prior to the date of filing an application, showing:

- (a) existing topography at two foot contour intervals;;
- (b) the location of all existing #buildings or other structures#; and the location of all proposed #buildings or other structures#;;
- (c) the location of individual existing trees of six inch caliper or more;;
- (d) the location of any elements of the #open space network# on or adjacent to the #zoning lot#;; and
- (e) the location of any #wetland-adjacent areas#, streams, and natural watercourses;

and such other information as may be required by the Commission for its determination as to whether or not the certification, authorization or special permit is warranted.

107-05 Relationship to Public Improvement Projects

In all cases, the City Planning Commission shall deny a special permit, authorization or certification application whenever a #development# will interfere with a public improvement project (including, without limitation, housing, highways, public #buildings# or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) which is approved by or pending before the Board of Estimate, City Planning Commission or Site Selection Board.

107-06 District Plan (Appendix A)

The District Plan for the #Special South Richmond Development District# shows the #open space network#, #designated open space#, #park streets#, #waterfront esplanade#, and #building# setback lines. The elements of the District Plan are set forth in Appendix A, which is hereby incorporated as an integral part of the provisions of this Chapter.

107-07 Tree Selection (Appendix B)

Where planting of trees is required by the provisions of this Chapter, the selection of trees for their planting shall be in accordance with the Tree Selection Table set forth in Appendix B, which is hereby incorporated as an integral part of the provisions of this Chapter.

107-08 Future Subdivision of Certain Plan Review Sites

Within the Special District, any #zoning lot# existing on September 11, 1975, may be subdivided into two or more #zoning lots# provided that the existing topography, all individual trees of six inch caliper or more and all land located within a #designated open space#, to the greatest extent possible, are preserved under future #development# options.

Any subdivision of a #plan review site# that is proposed to take place within the Special District after September 11, 1975, shall be filed with the Department of City Planning Commission, and the Chairperson of the City Planning Commission shall certify that such subdivision of such #plan review site# complies with the approved South Richmond Plan and the above objective.

- (a) does not contain, or have frontage along, any District Plan Element listed in Section 107-20 (DISTRICT PLAN ELEMENTS), inclusive;
- (b) does not contain a #wetland-adjacent area#;
- (c) does not exceed the rate of two #tree credits# per 1,000 square feet of lot area; and
- (d) does not have a violation for tree removal without prior permission or approval and no trees been removed since [date of adoption] unless permitted pursuant to Section 107-312 (Regulations within plan review sites).

In the case of a subdivision which does not comply with the above conditions, subdivision of such #plan review site# shall not be permitted unless authorized by the Commission pursuant to Section 107-64 (Future Subdivision of Certain Plan Review Sites), of a tract of land containing #designated open space#, a site plan indicating the distribution of #bulk# for the individual #zoning lots# shall be submitted to the Commission. Such approved subdivision shall then be recorded in the land records and indexed against all #zoning lots#.

The subdivision plan for the #plan review site# shall include a survey map indicating existing topography at two foot contour intervals, all individual trees of six inch #caliper# or more, and the location of #designated open space# or any #wetland-adjacent area# within the area. When a #zoning lot# existing on September 11, 1975, is more than five acres and is intended to be subdivided, an area plan of the entire subdivision shall be filed with the Commission. The area plan shall include the proposed vehicular circulation system within the area, #block# and lot layouts and any other information required by the Commission.

For the purpose of applying the provisions of this Section, a subdivision includes reconfiguration of a #zoning lot# in a manner that would change its area or any dimension of such #zoning lot#.

107-10 GENERAL SPECIAL REQUIREMENTS

107-11 Special Requirements for Application

Prior to the approval of any application to the Department of Buildings for For a #site alteration#, or a #development#, or #enlargement#, no certificate of occupancy or sign-off of a permit, as applicable, shall be issued by the Department of Buildings until the planting requirements of the following provisions, as applicable, have been satisfied, and reflected on an as-built survey, tree schedule, or any such information as may be required:

Section 107-32 (Tree Requirements)

Section 107-48 (Special Landscaping and Buffering Provisions)

the applicant shall file applications with the appropriate City agency requesting the certifications required in Section 107-12 (Public Facilities):

Any application to the Department of Buildings for a #site alteration# or #development# shall include a survey map or maps prepared by a licensed land surveyor showing, for the site, existing topography at two foot contour intervals and the locations, names and calipers of all existing trees of six inch caliper or more and; for any #development#, the application shall also include certifications from the appropriate City agencies as required by Section 107-12:

However, the requirements of a survey map at two foot contour intervals shall not apply to #zoning lots# 4,000 square feet or less owned separately and individually from all other adjoining #zoning lots# on September 11, 1975, and on the date of filing such application.

However, when a #zoning lot# which was owned separately and individually from all other adjoining #zoning lots# existing prior to January 2, 1975, is proposed to be #developed# with one #single# or #two-family# #detached# #residence#, the certification reports of Section 107-12 shall not be required, but the provisions of local laws shall apply. When a permit for land contour work, storm water drainage systems or other #site alteration# work is required from the Department of Transportation or Department of Environmental Protection or when a public agency requires a #site alteration# on either privately or City-owned land, the public agency involved shall, prior to initiating or issuing a permit for such site work, notify the Department of Buildings.

The Department of Buildings and the public agency involved shall jointly determine that the proposed #site alteration# work is consistent with the provisions of Sections 107-31 (Topographic Regulations), 107-32 (Free Regulations) and 107-25 (Special Regulations along Certain Streets and Railroads). In case of non-agreement, the provisions of Section 107-91 (Inter-agency Coordination) shall apply.

107-12 Public Facilities

107-121 Public schools

For any #development# containing #residential uses#, the Department of Buildings shall be in receipt of a certification from the Chairperson of the City Planning Commission which certifies that sufficient #school# capacity exists to accommodate the anticipated primary and intermediate public school children of the #development#. All applications for certification pursuant to this Section shall be referred by the Chairperson of the Commission to the Board of Education.

The Board of Education shall issue a report concerning the availability of #school# capacity within 60 days after receipt of the application. The Chairperson of the Commission shall respond within 90 days after receipt of an application. The report shall specify the following:

- (a) whether or not #school# space is available;
- (b) if #school# space is not available, the report shall include:
 - (1) the number of seats required;
 - (2) the grade organization;
 - (3) the location of the #school#;
 - (4) the size of #school# (sq. ft. per pupil); and
 - (5) the proposed financing mechanism.

For the purposes of this Section, sufficient #school# capacity shall be deemed to exist if:

- (1) such capacity is available in existing #schools#; or
- (2) construction funds have been authorized in the Capital Budget to accommodate anticipated primary and intermediate public school children from the #development# upon its completion or within three years from the date of the Chairperson's certification; or
- (3) sufficient #school# space is to be provided by the applicant under a plan jointly approved by the Chairperson of the Commission and Board of Education.

After approval of the Chairperson of the Commission and Board of Education of the applicant's plan to provide the #school# #building#, the certification may be granted either upon approval of a financial agreement by the Board of Estimate or such guarantee of construction with provision for future #school# occupancy as may be accepted by the Board of Education and the Chairperson of the Commission.

However, the Chairperson of the Commission may grant such certification if capacity is not currently available and the Board of Education after consulting with the Community School Board determines that the impact from the #development# will have a minimal effect on the concerned #schools# and includes such statement in their report.

A certification by the Chairperson of the Commission that sufficient capacity will be available in the public #schools#, as set forth in the above circumstances, shall automatically lapse if substantial construction of the foundations of the #development# in accordance with approved plans has not been completed within one year from the date of such certification.

No certification concerning the availability of #school# capacity shall be required for any #development# within a predominantly built up area or within an area for which #drainage schemes# were approved prior to January 1, 1975. For the purposes of this Chapter, a "predominantly built up area" is a #block# having a maximum of four acres which is #developed# with #buildings# on #zoning lots# comprising 75 percent or more of the area of the #block#. All such #buildings# shall have a certificate of occupancy or other evidence acceptable to the Commissioner of Buildings issued not less than three years prior to the date of application for a building permit.

**107-20
DISTRICT PLAN ELEMENTS**

All land in the #open space network# as shown on the District Plan (Map 3 in Appendix A), except #public parks#, and any #zoning lot# along an #arterial# as shown on the District Plan (Map 2 in Appendix A), are is subject to the provisions of this Section, inclusive.

**107-21
Modification of Designated Open Space**

* * *

**107-22
Designated Open Space**

* * *

Within any #designated open space#, removal of trees, alteration of topography, #development# or #enlargement# of active recreational facilities, or the establishment of utility easements may be undertaken only in accordance with the provisions of this Section and Section 107-30 (TOPOGRAPHIC AND TREE-NATURAL FEATURE REGULATIONS).

* * *

**107-221
Active recreational facilities**

#Designated open space# may be used for active recreational facilities provided that the City Planning Commission certifies that such #uses# are compatible with the purposes of the network #open space network#

and have minimal impact on tree removal, topographic alterations or drainage conditions.

Active recreational facilities may include swimming pools, tennis courts or facilities and equipment normally found in playgrounds, and shall comply with the #use# regulations of the underlying district.

In the development of active recreational facilities, no individual trees of six-inch #caliper# or more shall be removed except by special authorization of the Commission in accordance with the provisions of Section 107-64 (Removal of Trees) or 107-65 (Modification of Existing Topography) 107-65 (Modification of Natural Feature Regulations). Active recreational facilities shall not be allowed within 60 feet of any watercourse in #designated open space# unless the Commission certifies that a location closer to such watercourse will not adversely affect the natural character of the watercourse or its drainage function. The Commission, where appropriate, shall be guided by the reports from other City agencies involved in land contour work, storm water drainage systems or similar operations.

If the City of New York acquires an easement for public access to any #designated open space# on which a #building# has been, is being or could be in the future, constructed in accordance with the provisions of this Chapter, the City's acquisition of an easement shall not affect the qualifications of the #designated open space# for satisfying #lot area# requirements, #yard# requirements, #floor area# or #lot coverage# restrictions or #open space# requirements as provided in Section 107-224 (Qualification of designated open space as lot area for bulk computations) and shall not be deemed to create a #non-compliance#.

**107-222
Public pedestrian ways**

For any #site alteration#, #development#, or #enlargement# on a #zoning lot# which contains #designated open space#, the City Planning Commission shall certify whether or not the applicant shall be required to provide a public pedestrian way through a portion of the #designated open space#.

When a public pedestrian way is required, it shall be built and maintained by the owner of the #zoning lot# and shall be accessible to the public at all times. The public pedestrian way shall be improved at the time the #site alteration#, #enlargement#, or #development# takes place, except that for #site alterations# or #developments# on a tract of land less than 1.5 acres, the Commission may allow the applicant to delay the construction of the public pedestrian way if the applicant complies with Section 107-24 (Performance Bond).

The location and dimension of such pedestrian way shall be determined by the Commission. The owner of the #zoning lot# may request the City to take an easement on the property. If the City of New York acquires an easement for public access to any #designated open space# on which a #building# has been, is being or could be in the future, constructed in accordance with the provisions of this Chapter, the City's acquisition of an easement shall not affect the qualifications of the #designated open space# requirements as provided in Section 107-224 (Qualification of designated open space as lot area for bulk computations) and shall not be deemed to create a #non-compliance#.

**107-223
Permitted obstruction in designated open space**

* * *

**107-224
Qualification of designated open space as lot area for bulk computations**

* * *

**107-225
Special bulk regulations for developments containing designated open space**

* * *

**107-226
Zoning lots entirely or substantially within designated open space**

When a #zoning lot# owned separately or individually from all adjoining #zoning lots# prior to January 2, 1975, is located entirely or substantially within #designated open space# and no reasonable development is possible on the #zoning lot#, the owner may request the City to provide, in exchange, a City-owned #zoning lot#.

The #zoning lots# may be exchanged only after an appraisal made by a body consisting of the following:

- (a) one independent fee appraiser appointed by the City;
- (b) one independent fee appraiser appointed by the private property owner, which appraiser may be the same as in paragraph (a) of this Section; and
- (c) if needed to resolve a disagreement between the two appraisers appointed in paragraphs (a) and (b), one

independent fee appraiser chosen by mutual agreement between the two individually appointed appraisers.

Such requests for exchange shall be filed by the owner of the #zoning lot# with the City Planning Commission.

If such exchange of #zoning lots# is not feasible under this Section or Section 384-7.0 of the New York City Administrative Code, the City may either acquire such #zoning lot# or permit development to proceed thereon with the minimal modification of the #designated open space# necessary to permit #development# containing #residences#.

107-23 Waterfront Esplanade

* * *

107-24 Performance Bond

When the provision of the required improvement is to be delayed for a period not to exceed five years from the date of the City Planning Commission certification, the owner of the #zoning lot# shall, prior to obtaining any certificate of occupancy, provide to the Comptroller of the City of New York a performance bond or City securities to ensure the future provision of either the #waterfront esplanade# or the public pedestrian way.

When the required improvement has been constructed, the Comptroller of the City of New York may release the bond or City securities posted to ensure such construction, provided an amount of the bond or City securities to ensure maintenance of the improvement, as set forth in the paragraph above, remains with the Comptroller.

The value of the bond or City securities tendered to ensure the future provision of the improvement shall be at the rate of \$400 per 100 square feet of #waterfront esplanade# and at \$200 per 100 square feet of public pedestrian way, if such bond or securities are tendered prior to January 1, 1980.

At five year intervals after January 1, 1980, the Commission, with the approval of the Board of Estimate, shall establish the new rates for the future provision (and maintenance) of the improvement.

107-25 107-24 Special Regulations for Arterials Along Certain Streets or Railroads Rights of Way

Along the following #streets# designated as either #arterials# or #park streets# and identified as such on the District Plan, or along a designated railroad, special regulations relating to restriction of access, and setback of #buildings#, and landscaping apply as set forth in this Section and shown on the District Plan (Map 2 in Appendix A).

Arterials

- Hylan Boulevard
- Woodrow Road
- Amboy Road
- Frontage roads for Richmond Parkway
- Huguenot Avenue
- Page Avenue
- Arthur Kill Road
- Service roads for West Shore Expressway
- Richmond Avenue

Park Streets

- Marcy Avenue from Richmond Parkway to Woodrow Road
- Albee Avenue from Richmond Parkway to Amboy Road
- Grantwood Avenue from Richmond Parkway to Woodrow Road
- Miles Avenue from Arthur Kill Road to Barlow Avenue
- Barlow Avenue from Miles Avenue to Colon Avenue

Railroads

- The Staten Island Rapid Transit right-of-way.

In accordance with the primary function of an #arterial# to accommodate vehicular through traffic, access is restricted to #arterials# pursuant to paragraph (a) of Section 107-241 (Special provisions for arterials).

In addition, along portions of #arterials# as indicated on Maps 2.1 through 2.4 (Arterial Setback Plan) in Appendix A of this Chapter, the #building# setback provisions of paragraph (b) of Section 107-241 apply.

107-251 107-241 Special provisions for arterials

Along those #streets# designated as #arterials#, the following regulations shall apply:

- (a) Access restrictions
Curb cuts are not permitted along an #arterial# #street# on #zoning lots# with access to a frontage on an improved non-#arterial# #street#. For #zoning lots# with access frontage

only to on an #arterial# #street#, one curb cut is permitted along such #arterial# #street#. For purposes of this Section, adjoining #zoning lots# in the same ownership or control on [date of adoption] shall be treated as one a single #zoning lot#. For any #zoning lot# which includes an #area plan# approved by the City Planning Commission, no curb cut shall be allowed except where a curb cut is designated on such #area plan#. Such access restrictions with regard to curb cuts shall not apply to #schools#, hospitals and related facilities, police stations, or fire stations.

For a #zoning lot# with no less than 100 feet of frontage on an #arterial# #street#, the Commissioner of Buildings may approve curb cuts that exceed the access restrictions listed above where the Commissioner of Transportation submits a letter certifying that such additional curb cuts are necessary to avoid adverse effects on the traffic operations and safety of the #arterial#, or that such curb cuts will not adversely affect traffic operations and safety on the #arterial# including, but not limited to, all curb cut locations on an #arterial# #street# by either implementing a traffic pattern serving right-turn only movements or the implementation of traffic signalization, or other reasons acceptable to the Commissioner of Transportation.

For #zoning lots# with access only to a #arterial street#, the City Planning Commission may, by certification, approve additional curb cuts for access to such #arterial street# when necessary to avoid adverse effects on the traffic flow of the #arterial#.

For #zoning lots# with access to both #arterial# and non-#arterial streets#, the Commission may authorize one or more curb cuts on the #arterial street#, pursuant to the provisions of Section 107-68 (Modification of Group Parking Facility and Access Regulations).

- (b) #Building# setback
Along portions of the #arterials#, as indicated on the District Plan (Maps 2.1 through 2.4 in Appendix A of this Chapter), a 20 foot #building# setback shall be provided for the full length of the #front lot line# #abutting# such #arterial#. The front #building# setback area shall be unobstructed from its lowest level to the sky except as permitted by this Section. Where a front #building# setback area at least 35 feet in depth is provided, such setback area may be used for required #accessory# off-street parking or loading facilities. No portion of such required setback area may be used for open storage.

In the case of the service roads of the West Shore Expressway, a 30 foot #building# setback shall be provided and required off-street parking and loading facilities are permitted within such setback. Within the required front #building# setback, there shall be provided one tree of three-inch #caliper# or more, pre-existing or newly planted, for each 400 square feet of such front open area, unless waived pursuant to the provisions of paragraph (c) of Section 107-483 (Planting and screening for parking areas). The trees shall be selected in accordance with the provisions of Section 107-32 (Tree Requirements) the table set forth in Appendix B.

107-252 Special provisions for park streets

For those #streets# designated as #park streets#, the following regulations shall apply:

- (a) Access restrictions
No curb cuts are permitted on such #streets# except that one curb cut is permitted for any #residential#, #community facility# or #commercial# #use# whose #zoning lot# has frontage only on a #park street#. For purposes of this Section, adjoining #zoning lots# in the same ownership shall be treated as one #zoning lot#.
For #zoning lots# with access to both #park streets# and non-#park streets#, the City Planning Commission may authorize one or more curb cuts on the #park street#, pursuant to the provisions of Section 107-68 (Modification of Group Parking Facility and Access Regulations).
- (b) Landscaping
One tree of at least three inch caliper, pre-existing or newly planted, shall be provided for each 400 square feet of area of the #street# sidewalk area. Trees shall be selected in accordance with the table set forth in Appendix B and shall be planted in the #street# sidewalk area.
- (c) Development and maintenance responsibility
The owner of each #development# abutting a #park street# shall have responsibility for landscaping and maintenance of

that portion of the #park street# located between the #front lot line# and the curb.

Alternatively, maintenance responsibility may be vested in a properly constituted Home Association or other organization established for this purpose. Those segments of a #park street# which are abutted by land #developed# prior to the effective date of the Special District designation shall be #developed#, landscaped and maintained by the City of New York.

107-253-107-242

Building setbacks along railroad rights-of-way

For all #developments# on #zoning lots# immediately adjacent or directly opposite to the Staten Island Rapid Transit right-of-way, a #building# setback of at least 20 feet in depth, unobstructed from its lowest level to the sky, except as permitted herein, shall be provided along the #lot line# immediately adjacent to or directly opposite the right-of-way of such railroad. Such #building# setback shall be measured perpendicular to such #lot line#, as indicated on the District Map.

Within such #building# setback area, unless the area is within a #street# or is waived according to the planting waiver provisions of paragraph (c) of Section 107-483 (Planting and screening for parking areas), there shall be provided one tree of three-inch #caliper# or more, pre-existing or newly planted, for each 400 square feet of such open area. The trees-Tree species shall be selected in accordance with the table set forth in Appendix B Section 107-32 (Tree Requirements).

107-30

TOPOGRAPHIC AND TREE NATURAL FEATURE REGULATIONS

Any #development#, #enlargement# resulting in changes to #lot coverage#, or #site alteration# shall comply with the provisions of this Section, inclusive.

All #zoning lots# shall comply with the provisions of Sections 107-31 (General Regulations for Natural Features), inclusive, and 107-32 (Tree Requirements).

In addition, regulations within areas of #designated open space# are set forth in Section 107-311 (Areas within designated open space).

Any #plan review site# shall also comply with the provisions of Section 107-312 (Regulations within plan review sites).

Any application to the Department of Buildings for a #site alteration#, #development#, or #enlargement# shall include a survey map prepared by a licensed land surveyor showing, for the site: existing topography at two-foot contour intervals; the locations, names and #calipers# of all existing trees of six-inch #caliper# or more; the location of any elements of the #open space network#; and the location of any #wetland-adjacent areas#, streams, and natural watercourses.

A site plan for such application shall also include the location of any #area of no disturbance#, proposed paving, and shall identify those trees proposed to be removed and proposed to be preserved.

107-31

General Topographic Regulations for Natural Features

Except for any existing topographic natural feature which is unsafe and the removal of which is required by the Department of Buildings to eliminate hazardous conditions, no topographic modifications #site alteration# may take place except as provided in this Section or as authorized by Section 107-65, inclusive.

No modification of topography shall take place within eight feet of a tree that is counted toward minimum #tree credits# pursuant to the provisions of Section 107-32 (Tree Requirements).

Within any #zoning lot# which is not a #plan review site#, tree removal shall be permitted in areas that do not contain #designated open space#, provided that such #zoning lot# complies with the provisions of Section 107-32.

107-311

Areas within designated open space

Within #designated open space# on a #zoning lot#, any #site alteration# shall be permitted only by authorization of the City Planning Commission pursuant to Section 107-65 (Modification of Existing Topography Natural Feature Regulations).

107-312

Areas not within designated open space Regulations within plan review sites

On any portion of a #zoning lot# #plan review site# not within #designated open space#, #development#, #enlargement#, or #site alteration# of topography shall be permitted only in accordance with the provisions of this Section or by authorization of the City Planning Commission pursuant to the provisions of Section 107-65 (Modification of Natural Feature Regulations) or by certification of the Chairperson

of the City Planning Commission pursuant to the provisions of Section 107-51 (Certification of Certain Plan Review Sites).

The ground elevation of land existing on September 11, 1975 [date of adoption], may be modified by up to two feet of cut or fill, provided that such modification shall not result in the destruction of trees of six-inch #caliper# or more, unless authorized pursuant to other provisions of this Chapter. Modification of topography to a greater extent and removal of trees of six-inch #caliper# or more shall only be permitted:

- (a) in an area designated for within 20 feet of an existing #building's# foundations, driveways, or in an area designated for utilities for a proposed #building or other structure#, whose location is approved by the Department of Buildings in accordance with the provisions of this Chapter; and
- (b) in order to meet the legal mapped grades of a #street#, the existing topography of that portion of the #zoning lot# abutting such #street# may be modified to create a slope on the #zoning lot# of not less than one foot vertical to each two feet horizontal, provided the slope is landscaped to prevent erosion;:
- (c) within an existing #group parking facility#, or within existing landscaping required pursuant to Section 107-483 (Planting and screening for parking areas), which does not result in the removal of parking spaces or travel lanes;
- (d) where such modification of topography takes place more than 20 feet from the boundary of an area of #designated open space#, a #wetland-adjacent area#, a #side lot line#, or a #rear lot line#; or
- (e) where such tree interferes with another tree of six-inch #caliper# or more, and such tree to be preserved belongs to a species pursuant to the provisions of Section 107-32 (Tree Requirements).

Topographic modifications not permitted by the provisions of this Section may be permitted only by authorization of the City Planning Commission pursuant to the provisions of Section 107-65.

If an existing tree of six-inch #caliper# or more is removed without prior approval from the Department of Buildings or the City Planning Commission and does not meet the provisions of this Section, any permit issued by the Department of Buildings for a #site alteration#, #enlargement#, #development#, or any #use# on the #zoning lot# shall not be granted a letter of completion, certificate of occupancy, or similar sign-off until such tree is replanted, or proposed to be replaced, as applicable, in accordance with Section 107-32. A violation for tree removal without prior permission or approval shall be recorded against such site.

107-32

Tree Regulations

The following regulations in Sections 107-321 through 107-323, inclusive, shall not apply to existing trees which are unsafe and the removal of which is required by the Department of Buildings:

107-321

Tree preservation

No trees of six-inch caliper or more shall be removed, or land operations affecting their survival undertaken, in connection with any #site alteration#, or #development#, except in compliance with the provisions of this Section.

Prior to any such removal or land operations, plans shall be filed with the Department of Buildings showing the locations of all trees of six-inch caliper or more on the #zoning lot# and in the public sidewalk area of the #street# or #streets# adjacent thereto, and identifying those which are proposed to be removed. Removal of live trees of six-inch caliper or more will be permitted only under the following circumstances:

- (a) where such trees are located areas to be occupied by #buildings#, driveways, areas for required #accessory# parking, or within a distance of eight feet of the exterior walls of such #building#, provided that it is not possible to avoid such removal by adjustments in the arrangement of such #buildings#, driveways or required parking areas;
- (b) where the would create special hazards or dangers to persons or property, which it would not be possible or practical to eliminate by pruning;
- (c) where continued presence of the trees would interfere with another tree of six-inch caliper or more designated for preservation and belonging to a species listed in Appendix B (Tree Selection Tables); or
- (d) where authorizations granted by the City Planning Commission under the provisions of this Chapter require or clearly contemplate the removal of such trees.

If an existing tree of six-inch caliper or more identified for preservation is removed without prior approval by the Department of Buildings or the City Planning Commission, any permit issued by the Department of Buildings for a #site alteration#, #development# or any #use# on the #zoning lot# shall be revoked.

In order to remove such violations, the owner of the #zoning lot# shall request the Commission to specify the tree restoration requirements and to certify such requirements to the Department of Buildings.

No building permit, reinstatement of such permit or issuance of a certificate of occupancy shall occur until the owner of the #zoning lot# either posts with the Comptroller of the City of New York a landscaping performance bond in an amount determined by the Commission or completes the replanting in accordance with the requirements set forth by the Commission in order to correct the planting violations.

Replacement trees to be planted shall be of a caliper no less than three inches and be of a species listed in Appendix B and the sum of whose calipers shall be at least equivalent to that of the trees removed.

In addition, the Commission may require a restrictive declaration specifying the terms of implementing the restoration plan.

Where on-site planting of such replacement trees would result in over crowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more replacement trees on adjoining public sidewalks or in a nearby public area or substituting other planting material pursuant to Section 107-323.

107-322-107-32 Tree requirements Requirements

For all #zoning lots#, New newly planted trees shall be provided in accordance with the table set forth in Appendix B planted no closer than eight feet from any other tree and be of a species selected from the New York City Native Species Planting Guide (as issued and revised by the Department of Parks and Recreation), or its successor.

For any existing tree of at least six-inch caliper which is preserved, credit for one tree shall be given for the first six inches of caliper and, for each additional four inches of caliper, credit for an additional tree shall be given.

- (a) On site Planting in #Residence Districts# or in a #zoning lot# with fewer than 10 parking spaces.

In connection with any #development#, #site alteration#, or #enlargement# involving the addition of at least 1,000 square feet of #floor area# in a #Residence District#, or in any #group parking facility# with fewer than 10 parking spaces, that are not fully enclosed, newly planted trees of at least one three-inch #caliper# and less than six-inch #caliper#, or pre-existing or newly planted, trees of at least six-inch #caliper#, shall be provided on the #zoning lot# at the rate of one #tree credit# for each 1,000 square feet of #lot area# or portion thereof.

A newly planted tree of between one and two-inch #caliper# shall have 0.5 #tree credits#, and a newly planted tree greater than two-inch #caliper# but less than six-inch #caliper# shall have one #tree credit#. Newly planted trees appearing on a site plan in an approved application may be counted toward #tree credits# on site plans for future applications if they have not yet grown to a six-inch or greater #caliper#, provided that they remain in good health and continue to comply with the standards set forth in this Section.

Any existing tree of at least six-inch #caliper# which is preserved and has no new paving, #development#, #enlargement#, or modification of topography within eight feet of such tree, shall have one #tree credit# for the first six inches of #caliper# and an additional #tree credit# for each additional three inches of #caliper#.

- (b) Planting for open parking areas

Any #development# or #enlargement# on a #zoning lot# that contains with open off-street parking areas with a #group parking facility# with 10 or more parking spaces that are not fully enclosed in or more shall be subject to the tree planting and screening requirements of Section 107-483.

107-323-107-33 Substitution of other plant materials Other Plant Materials

For any #development#, #site alteration# or #enlargement# which is required to provide trees in accordance with the provisions of paragraph (a) of Section 107-322, the City Planning Commission may allow the substitution of other plant material for such required trees, provided a detailed landscaping plan is filed with the Commission for approval and certification. A copy of such approved landscaping plan shall be filed with the Department of Buildings by the Commission.

107-42 Minimum Lot Area and Lot Width for Residences

For all #zoning lots# containing #residences#, the minimum #lot area# and #lot width# requirements set forth in the table in this Section shall apply, which shall vary by #building# height. Where two or more #buildings# that are #single-# or #two-family# #detached# or #semi-detached# #residences# are located on a #zoning lot#, the applicable minimum #lot area# requirement shall be multiplied by the number of such #buildings# on the #zoning lot#.

The #lot width# requirements set forth in this Section shall be applied as set forth in the definition of #lot width# in Section 12-10 (DEFINITIONS), provided that the applicable #lot width#, in feet, set forth in the table shall be met along at least one #street line# of the #zoning lot# or, for #corner lots#, along each intersecting #street line#. No #residence#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any point where such #residence# is located than the applicable minimum lot width, in feet, set forth in the table.

However, one #single-family# #detached# #residence# or, where permitted, one #single-# or #two-family residence#, may be built upon a #zoning lot# consisting entirely of a tract of land, that:

- (a) has less than the minimum #lot area# or #lot width# required pursuant to this Section; and
- (b) was owned separately and individually from all other adjoining tracts of land, both on December 8, 2005, and on the date of application for a building permit.

In all cases, the density regulations of the applicable district shall remain in effect, except that the factor for determining the maximum number of #dwelling units# shall be 1,000 in R3A and R4A Districts, 1,140 in R3X Districts, and 685 for #semi-detached# #residences# in R3-1 and R3-2 Districts.

Planting and screening for open parking areas

#Zoning lots# that contain a #group parking facility# with 10 or more parking spaces that are not fully enclosed, shall be subject to paragraphs (a) and (b) of this Section and may be subject to paragraph (c) of this Section.

(a) Tree planting requirements for open parking

The provisions of Section 37-921 (Perimeter landscaping) shall apply to all facilities. In addition, one One tree; of three-inch #caliper# or more, pre-existing or newly planted, shall be provided for each four open parking spaces and. Such trees may be located in the perimeter landscaped area of the parking area or in planting islands within the parking area.

However, where 30 or more open parking spaces are provided, at least 50 percent of the required trees shall be located within planting islands within the parking area. Such planting islands shall have a minimum area of 150 square feet of pervious surface and comply with the requirements of paragraphs (a), (b) and (c) of Section 37-922 (Interior landscaping).

For open parking areas with at least 36 parking spaces, the total number of trees required pursuant to Section 37-922- (Interior landscaping) shall be superseded by the number of trees required pursuant to this Section.

(b) Screening requirements

The For open parking areas or parking garages located on the ground floor and not fully enclosed, such non-enclosed portion shall be screened from all adjoining #zoning lots# by a landscaped area at least four feet in width, densely planted with shrubs maintained at a maximum height of three feet. Such Open parking areas shall also be screened from all adjoining #streets# by a perimeter landscaped area at least seven feet in width in accordance with Section 37-921 (Perimeter landscaping). Such perimeter landscaped area may be interrupted only by vehicular entrances and exits. Sidewalks that provide a direct connection between the public sidewalk and a pedestrian circulation route within the parking area may also interrupt a perimeter landscaped area.

In addition, such screening shall be maintained in good condition at all times and may be interrupted by normal entrances and exits.

(c) Planting Wwaiver

Tree planting and screening requirements may be waived if the Commissioner of Buildings certifies that planting is unfeasible due to:

- (1) unique geological conditions, such as excessive subsurface rock conditions or high water table;
- (2) underground municipal infrastructure; or
- (3) a City, State or Federal mandated brownfield remediation that requires the site to be capped.

Such waiver shall be based on a report prepared by a licensed engineer that such conditions exist.

For #developments# in #Residential Residence Districts#, trees provided in accordance with the provisions of this Section may be counted for the purposes of meeting the requirements of paragraph (a) of Section 107-322, paragraph (a). Furthermore, for #developments# in #Commercial# or #Manufacturing Districts#, which provide trees in accordance with the provisions of this Section, the requirements of Section paragraph (a) of 107-322, paragraph (a), shall not apply.

CERTIFICATIONS

Administrative certifications from the City Planning Commission are required, as set forth in various sections of this Chapter, in any one of the following circumstances:

- (a) when a tract of land is certain #plan review sites# are subdivided, as set forth in Section 107-08 (Future Subdivision of Certain Plan Review Sites);
- (b) when a #development# contains #residential uses#, as set forth in Section 107-121 (Public schools);
when certain #plan review sites# meet the requirements set forth in Section 107-51 (Certification of Certain Plan Review Sites) and do not require an authorization pursuant to Section 107-60, inclusive;
- (c) when a #zoning lot# contains #designated open space#, as set forth in Section 107-22 (Designated Open Space);
- (d) where required #yards# or equivalents are to be modified as set forth in Section 107-465 (Modifications of special yard regulations for certain zoning lots);
- (e) where a #zoning lot# along an #arterial# requests more than one curb cut, as set forth in Section 107-251 (Special provisions for arterials);
- (f) where plant material is substituted for required trees as set forth in Section 107-32 107-33 (Substitution of other plant materials Other Plant Materials); or
- (g) when #development# takes place within areas D, F, or K, as set forth in Section 107-02 (General Provisions); or
- (h) when a #zoning lot# contains a portion of the proposed #waterfront esplanade#, as set forth in Section 107-23 (Waterfront Esplanade).

107-51
Certification of Certain Plan Review Sites

For any #enlargement# or #site alteration# on a #plan review site# which does not comply with the provisions of Section 107-31 (General Regulations for Natural Features), the Chairperson of the City Planning Commission shall certify that:

- (a) such #plan review site# does not:
 - (1) contain any of the district plan elements as set forth in Section 107-20 (DISTRICT PLAN ELEMENTS), inclusive;
 - (2) contain a #wetland-adjacent area#; and

- (3) exceed the rate of two #tree credits# per 1,000 square feet of lot area as of [date of adoption];

(b) new or existing tree planting shall satisfy tree requirements pursuant to Section 107-32 (Tree Requirements); and

(c) the resulting #enlargement# or #site alteration# does not require more than 10 additional accessory off-street parking spaces for a #commercial#, #community facility#, or #manufacturing use#.

Any #enlargement# or #site alteration# on a #plan review site# which does not comply with these conditions, or any #development# on a #plan review site#, shall require an authorization pursuant to Section 107-60 (AUTHORIZATIONS).

107-62
Yard, Court and Parking Regulations

For any #plan review site# or any #zoning lots# containing #designated open space# or a #wetland-adjacent area#, the City Planning Commission may authorize variations in the #yard# or #court# regulations as set forth in Section 107-46, inclusive, or in the location of parking, driveway or curb cut regulations as set forth in Sections 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), 25-621 (Location of parking spaces in certain districts), 25-622 (Location of parking spaces in lower density growth management areas) and 25-631 (Location and width of curb cuts in certain districts) 25-632 (Driveway and curb cut regulations in lower density growth management areas) for the purpose of allowing proper arrangements of #buildings#, driveways or required parking areas so as to avoid the destruction of natural features, existing topography and individual trees of six-inch caliper or more. #Rear yard#, #side yard# or #side yard# equivalent variations shall not be authorized on the periphery of a #development# unless acceptable agreements are jointly submitted for #development# of two or more adjacent #zoning lots# by the owners thereof, incorporating the proposed #yard# or #side yard# equivalent variations along their common #lot lines#.

As a condition for granting such authorizations, the Commission shall find that the proposed placement of #buildings# and arrangement of #open spaces# will not have adverse effects upon light, air and privacy on adjacent #zoning lots# and will preserve natural features in #areas of no disturbance#.

Removal of Trees-Future Subdivision of Certain Plan Review Sites

For any #development#, the City Planning Commission may authorize the removal of trees of six-inch caliper or more whose removal would otherwise be prohibited under the provisions of Section 107-32 provided that the Commission makes one or more of the following findings:

- (a) that the tree's retention would cause serious disadvantage in the arrangement of open areas on the lot, impairing the usefulness of such areas;
- (b) that such tree is located in an area where more than two feet of cut or fill is required and measures for saving the tree would be extremely difficult and impractical; or
- (c) that provision of a segment of the #waterfront esplanade# is not feasible without such tree's removal.

For any #plan review site# that does not comply with Section 107-08 (Future Subdivision of Certain Plan Review Sites), the City Planning Commission may authorize a future subdivision into two or more #zoning lots#, provided that the Commission finds that:

- (a) to the greatest extent possible, all individual trees of six-inch #caliper# or more, the existing topography, and all land located within a #designated open space#, are preserved under future #development# options;
- (b) such subdivision complies with the goals described in paragraph (c) of Section 107-00 (GENERAL PURPOSES); and
- (c) where vehicular access and egress are located on an #arterial#, the location of such vehicular access and egress permits better site planning.

Any subdivision that is proposed to take place within the Special District after [date of adoption], shall be filed with the City Planning Commission. A site plan and #area plan# shall indicate the distribution of #bulk# for the individual #zoning lots# submitted to the Commission. Such approved subdivision shall then be recorded in the land records and indexed against all #zoning lots#.

107-65
Modifications of Existing Topography Natural Feature Regulations

For any #development#, #enlargement#, or #site alteration# on #plan review sites# or within #designated open space#, the City Planning Commission may authorize modifications of the natural topography existing on ~~September 11, 1975 [date of adoption]~~ beyond the amount specified in Section 107-31 (~~Topographic Regulations General Regulations for Natural Features~~), inclusive, or modification of tree regulations pursuant to Sections 107-312 (~~Regulations within plan review sites~~) and 107-32 (~~Tree Requirements~~), ~~provided that the Commission finds that:~~

The Commission may authorize modifications to natural features, provided that the Commission finds that:

- (a) ~~#development# on the #zoning lot# is not feasible without such modifications the modifications are the minimum necessary to facilitate the project;~~
- (b) such modification of topography is necessary to accommodate public amenities, such as public pedestrian ways, the #waterfront esplanade# or active recreational facilities within a #designated open space# as required under the provisions of this Chapter;
- (c) such modification will not cause unnecessary disturbance of the drainage pattern in the area; and
- (d) such ~~modified topography modification~~ will have minimal impact on the existing natural ~~topography features~~ of the surrounding area and will blend harmoniously with it; and
- (e) areas within the #zoning lot# that contain natural features are preserved within a proposed #area of no disturbance#, especially those areas which are contiguous to #designated open space#, #wetland-adjacent areas#, or other area containing mostly natural features.

~~Where a permit for land contour work or topographic modification is required from the Department of Transportation or the Department of Buildings, the City Planning Commission and other such agencies shall jointly determine the conditions under which such topographic modification may be permitted so as best to serve the purposes of the Special District, in accordance with the provisions of Section 107-91 (Inter-agency Coordination).~~

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Uses and Bulk Permitted in Certain Areas

107-671
In Areas F and K

~~In Areas F and K, as shown in the District Plan (Map 4 in Appendix A), the City Planning Commission may authorize one or more #uses# in the Use Groups specified in this Section not permitted by the underlying district regulations:~~

~~As a condition for such authorization, the Commission shall find that:~~

- (a) ~~such #uses# are so located as not to impair the essential character of the surrounding area for its future development;~~
- (b) ~~the minimum #lot area# of a #zoning lot# on which such #uses# are located is at least 20 acres;~~
- (c) ~~vehicular access and egress for such proposed #uses# are located and arranged so as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas; and~~
- (d) ~~where vehicular access and egress are located on an #arterial#, such location affords the best means for controlling the flow of traffic generated by such proposed #uses# to and from such #arterial#.~~

~~In each case the Commission may prescribe additional conditions and safeguards, including requirements for adequate screening, planting or landscaping:~~

Modification of Group Parking Facility and Access Regulations

For a permitted #commercial#, #community facility# or #manufacturing# #use#, the City Planning Commission may authorize ~~more than 30~~ #accessory# off-street parking spaces in a #plan review site# or portion of a #plan review site# existing on [date of adoption] and for any #use#, may modify access restrictions with regard to curbs as set forth in paragraph (a) of Section 107-251 (Special provisions for arterials) or paragraph (a) of Section 107-252 (Special provisions for park streets). In order to grant such authorization, the Commission, upon a review of the site plan, shall find that:

- (a) vehicular access and egress are located and arranged so as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas;
- (b) where vehicular access and egress are located on an #arterial# or #park street#, such location affords the best means for controlling the flow of traffic generated by such #use# to and from such #arterial# or #park street#, and does not unduly interfere with pedestrian traffic; and
- (c) the location of such vehicular access and egress the design of the parking facility permits better site planning avoids undue conflict between pedestrian and vehicular movements in a manner that results in a better site plan.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area and may, in appropriate cases, condition its authorization upon compliance with an approved site and landscaping plan. The Commission may also permit modifications to parking lot landscaping and maneuverability requirements only if such modifications preserve vegetation and natural topography natural features.

Modification of Underlying R1-1 District Regulations**

For any #development#, the City Planning Commission may grant special permits for the modifications of underlying R1-1 District regulations on #yards# or #courts# where such modifications are appropriate in order to:

- (a) permit siting of a #building# or driveway so as to avoid destruction of a valuable tree of six-inch caliper or more; or

- (b) allow a #building# to be arranged on a #zoning lot# that includes #designated open space# without encroaching on such #designated open space#.

As a condition for granting such modifications, the Commission shall find that:

- (1) the siting of the #building# will not adversely affect adjacent properties by impairing privacy or access of light and air;
- (2) the benefits to the surrounding area from the proposed arrangement of #buildings# and #open spaces# outweigh any disadvantages which may be incurred thereby in the area; and
- (3) such modification is the least modification required to achieve the purpose for which it is granted.

The Commission may impose appropriate conditions or safeguards, such as special landscaping requirements, to minimize any adverse effects on the character of the surrounding area.

~~LARGE-SCALE RESIDENTIAL DEVELOPMENT~~
REGULATIONS**

**107-81
Applicability of Large-scale Residential Development Regulations**

All regulations of Article VII, Chapter 8 (Special Regulations Applying to Large-scale Residential Development), are applicable in the Special District.

**107-82
Applicability of Large-scale Residential Development Regulations to Parcels Containing Designated Open Space**

Any #development# used predominantly for #residential use# on a #zoning lot# which includes #designated open space# may be treated as a #large-scale residential development#, and special authorizations or special permits for such #development# may be granted in accordance with the provisions of Article VII, Chapter 8, as modified herein, regardless of whether such #development# will have the area, number of #buildings#, or number of #dwelling units# specified in the definition of #large-scale residential development# as set forth in Section 12-10 (DEFINITIONS), except as provided in Sections 107-821 to 107-823, inclusive.

107-821

Bonus provisions

Bonuses which may be granted for large-scale residential developments under the provisions of Sections 78-32 (Bonus for Good Site Plan), 78-33 (Bonus for Common Open Space) or 78-35 (Special Bonus Provisions), may not be granted for developments which have less than the minimum area, number of buildings or number of dwelling units required by the definition of a large-scale residential development.

107-822

Lot area restriction

Authorizations or special permits granted within the Special South Richmond Development District pursuant to this Resolution shall be consistent in all cases with the provisions of Section 107-224 (Qualification of designated open space as lot area for bulk computations).

107-823

Common open space

Approval by the City Planning Commission of a development plan incorporating designated open space as common open space shall be conditioned upon the findings required in Section 78-52 (Common Open Space), except that the Commission may waive or modify any requirements of paragraph (g) of Section 78-52.

Notwithstanding any provision in Article VII, Chapter 8, or elsewhere in this Zoning Resolution, if the City of New York acquires title or a less than fee interest in any designated open space which serves as required open space for a development and the acquisition occurs while the development is under construction or after it is completed, it shall not affect the area's qualifications for satisfying open space requirements for zoning lots in the development.

107-83

Modification of Minimum Required Lot Area for Residences

Modification of minimum required lot area for residences as set forth in Section 107-42 may be granted by the City Planning Commission, pursuant to Section 78-311, paragraph (c).

107-84

Joint Applications

Notwithstanding the provisions of Section 78-06 (Ownership), a tract of land which includes designated open space and which is the subject of an application under the provisions of Section 107-81 (Applicability of Large-scale Residential Development Regulations), may include adjacent properties in more than one ownership, provided that the application is filed jointly by the owners of all the properties included. Any subdivision of the tract reflecting ownerships at the time of application or creating new ownerships before, during or after development shall be subject to the provisions of Section 78-51 (General Provisions).

107-90

SPECIAL ADMINISTRATIVE PROVISIONS FOR RECORDATION

107-91

Inter-agency Coordination

Where an authorization or permit for a site alteration or development is required from the City Planning Commission pursuant to this Chapter and where a permit is required from the Department of Transportation or Department of Buildings for land contour work, or from the Department of Environmental Protection

for a storm water drainage system for buildings or adjacent areas, or where construction of a public improvement project is undertaken by a City agency, the Department of City Planning and the agencies involved shall jointly determine the conditions under which such proposed development or site alteration will best meet the purposes of the Special South Richmond Development District. Applications for any required permit or authorization shall be filed simultaneously with each agency from which the permit or authorization is required.

107-92

Recordation

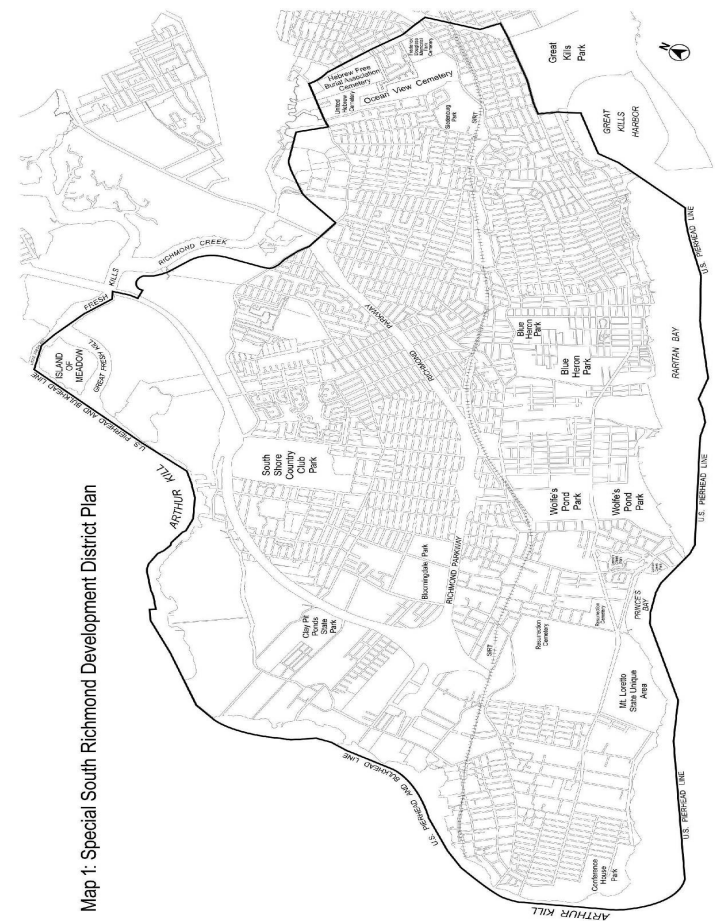

When any yard requirement of the applicable district regulations is modified by the City Planning Commission pursuant to Section 107-46 (Yard and Court Regulations), prior to the filing of an application for any permit with the Department of Buildings, there shall be recorded in the Office of the County Clerk, County of Richmond, and indexed against such zoning lots to be developed as a unit, an instrument describing all conditions and restrictions required by the Commission for the development and use of such zoning lots. Recordation of instruments may be required in connection with any other zoning application hereunder. A certified copy of such instrument shall be submitted to the City Planning Commission upon recordation thereof.

NOTICE

On Wednesday, June 28, 2023, a public hearing is being held by the City Planning Commission (CPC), accessible in-person and remotely, in conjunction with the above hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by the New York City Department of City Planning (DCP). The Proposed Action is a zoning text amendment to update the Special South Richmond Development District (SSRDD) to provide a clear and consistent framework that balances developments with natural features regulations within the special district. In 2020 and 2021, the project was proposed as the Staten Island Special Districts Update. Since the public scoping meeting, the project has been renamed and limited to only amend the SSRDD due to public feedback received during the public outreach process. The modifications to Special Natural Area District and Special Hillside Preservation District are no longer included in the Proposed Action.

The Proposed Action is a zoning text amendment that would affect the SSRDD (Article X, Chapter 7) and all of Staten Island's SSRDD which is located in Community District 3. The Proposed Action would amend the existing SSRDD regulations to allow most small sites, less than 1 acre, an as-of-right framework by codifying CPC best practices and updating the regulations that govern the natural features on large sites to

provide a clearer framework for CPC discretionary review. The analysis year is 2030.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through 5:00 PM on Monday, July 10, 2023.

For instructions on how to submit comments and participate, both in-person and remotely, please refer to the instructions at the beginning of this agenda.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 20DCP130R.

PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- **Win More Contracts, at nyc.gov/competetowin**

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www1.nyc.gov/site/mocs/systems/about-go-to-passport.page>.

PQL ID: PQL000134 ARMED/UNARMED SECURITY GUARDS AND RELATED SERVICES, CITYWIDE M/WBE PQL - Request for Qualifications - PIN# 000134 - Due 8-8-23 at 2:00 P.M.

DCAS’ Office of Citywide Procurement is issuing a Request for Qualifications (“RFQ”) to evaluate and pre-qualify a list of City Certified Minority and Women-Owned Business Enterprise Vendors (M/WBE’s) for Armed/Unarmed Security Guards and Related Services.

Pursuant to this Request for Qualifications (“RFQ”), the City of New York, through DCAS, is seeking to identify qualified Armed/Unarmed Security Guards and Related Services vendors to furnish all labor, materials equipment necessary and required to perform Security and Related service projects (“Projects”) throughout the City.

DCAS anticipates establishing a total of three (3) PQLs grouped into distinct categories (“Options”) of Armed/Unarmed Security Guards and Related Services as follows:

- a. PQL Option #1 – Armed Security Guard Services
- b. PQL Option #2 – Unarmed Security Guards Services

c. PQL Option #3 – Related Services

By establishing contractors’ qualifications and experience in advance, this RFQ will result in Pre-Qualified Lists of competent M/WBE’s which various City Agencies will utilize to solicit Armed/Unarmed Security Guards and Related Services bids for work in City buildings and facilities with an estimated cost of \$1,000,000 or less. DCAS will administer the PQL.

Projects are defined as those which are identified as Armed/Unarmed Security Guards and Related Services that will fall within the specific categories listed above and are required by the Agency to provide Security Guards and Related Services in City buildings and facilities.

DCAS will hold an OPTIONAL PQL INFORMATION CONFERENCE on: DATE: July 10, 2023 TIME: 11:00 A.M.(EST)

LOCATION: <https://dcas-nyc-gov.zoom.us/j/8175tV0NLAu>

Please note: Attendance is NOT MANDATORY but strongly recommended.

It is anticipated that the PQLs for Options 1, 2, & 3 will be established by: November 30, 2023. This date is subject to change. All applications are completed electronically using the City’s digital Procurement and Sourcing Solutions Portal (“PASSPort”).

To access this RFQ, please visit the following link: https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public

Click on the “Prequalified Lists” tab and search the PQL ID “PQL000134” in the Keyword field. Then click on the icon. All questions and requests for additional information concerning the applications for this RFQ must be sent via email to: BMathieu@dcas.nyc.gov.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Services (other than human services)

CITY PARKS FOUNDATION CONCESSION AGREEMENT FOR SUMMERSTAGE FESTIVAL - Sole Source - Available only from a single source - PIN# M10-1-71-O - AMT: \$1.00 - TO: City Parks Foundation Inc., 830 Fifth Avenue, 2nd Floor, New York, NY 10065.

The City of New York Department of Parks and Recreation ("Parks") has awarded a concession to the City Parks Foundation Inc. ("CPF"), of 830 Fifth Avenue, 2nd Floor, New York, NY 10065, for the operation and management of a food, beverage and merchandise concession related to the presentation of live events at SummerStage in Central Park, Manhattan, and for the sale of naming rights of the SummerStage festival, primarily based at Central Park, Manhattan.

In lieu of a license fee, all gross receipts received by CPF at the food, beverage and merchandise concession will be used exclusively to provide for the management, maintenance, operation and programming at the Licensed Premises, including the operations under this License Agreement. CPF shall use any revenue it receives from the Naming Rights Sponsorship Agreement to offset the high costs of the maintenance and operations of the Rumsey Playfield in Central Park, and programming free events at the Rumsey Playfield and other locations as part of SummerStage, including but not limited to attracting a more diverse and higher profile slate of performers.

The term of the Agreement shall become effective on June 28, 2023 and, unless terminated sooner in accordance with this License, shall terminate on April 11, 2033, which is ten (10) years from the date of execution of a new Maintenance and Operations Agreement ("M&O Agreement"), or the last day of any subsequent renewal periods that are exercised pursuant to this Agreement. Parks, in its sole discretion, shall have the option to renew this Agreement for up to two (2) additional five (5)-year periods, provided that Parks has renewed the M&O Agreement for the same periods. Notwithstanding the foregoing, in no event will the total length of the term of this Agreement, including any renewal periods, exceed the shorter of (i) twenty (20) years; or (ii) the term of the M&O Agreement, including any renewal periods.

AGENCY RULES

TRANSPORTATION

■ NOTICE

Notice of Adoption

NOTICE OF ADOPTION relating to the update of the New York City Department of Transportation's (DOT) "Highway Rules" contained in Chapter 2 of Title 34 of the Rules of the City of New York.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the New York City Department of Transportation (DOT) by Sections 1043 and 2903(b) of the New York City Charter and in accordance with the requirements of Section 1043 of the New York City Charter that DOT hereby amends Sections 2-02 of Title 34 of the Rules of the City of New York.

This rule was first published in the *City Record* on January 4, 2023 and a public hearing was held on February 9, 2023. DOT received verbal and written comments from the public.

Statement of Basis and Purpose of Adopted Rule

The Commissioner of the New York City Department of Transportation (DOT) is authorized to promulgate rules regarding highway operations in the City pursuant to Section 2903(b) of the City Charter. The rule that DOT is amending is contained within Chapter 2 of Title 34 of the Rules of the City of New York, relating to its "Highway Rules".

The purpose of the adopted rule is to update section 2-02 of the Highway Rules to resolve a potential ambiguity and make clear that for DOT permits, including street opening permits, the insurance policy or self-insurance provided by the permittee must provide coverage for damage arising from the permitted operations, whether at, below or above the street surface. Thus, for street opening permits, the insurance or self-insurance must provide coverage for the opening of the street itself, as well as for any street-level, above-ground or underground work performed pursuant to the permit.

In response to comments received on the proposed rule, this adopted rule requires permit applicants to submit fully-executed forms regarding the applicant's insurance information, which will assist the Department in ensuring that applicants have met all applicable insurance requirements.

Specifically, the adopted amendments are as follows:

- Sections 2-02(a)(1) and 2-02(a)(2) are amended to provide that insurance information must be included in the initial application to register an authorized DOT permittee and must be maintained to apply for individual permits.
- Section 2-02(a)(3) is amended to make clear that the Commercial General Liability insurance policy obtained in advance of applying for a street opening permit, or coverage by self-insured or uninsured entities, must provide coverage for all damage arising from all work done pursuant to that permit, above and below ground, not only damage to the street surface arising from the opening of the street.
- Section 2-02(a)(3) is amended to make clear that City officials and employees are named as Additional Insureds with respect to the insurance coverage obtained.
- The amended rule also provides for a broader range of accepted ratings agencies consistent with current City practice.
- Section 2-02(a)(3) is amended to add a requirement that permit applicants submit specified forms reflecting their insurance information.
- Section 2-02(a)(3) is amended to remove references to "combined single limit" in reference to the required Commercial General Liability insurance.

New material is underlined.

[Deleted material is in brackets.]

Asterisks (***) indicate unamended text.

Section 1. Subparagraph (ix) of paragraph 1 of subdivision (a) of section 2-02 of Title 34 of the Rules of the City of New York is amended and a new subparagraph (x) of such paragraph is added, all to read as follows:

(ix) e-mail address, if any ; and

(x) insurance information, as set forth in subparagraphs (i) through (viii) of paragraph 3 of subdivision (a).

§ 2. Subparagraph (vi) of paragraph 2 of subdivision (a) of section 2-02 of Title 34 of the Rules of the City of New York is amended and a new subparagraph (vii) of such paragraph is added, all to read as follows:

(vi) names of two agents/employees designated to receive summonses or notices of violation or other notices required by these rules or other provisions of law ; and

(vii) insurance information, as set forth in subparagraphs (i) through (viii) of paragraph 3 of subdivision (a).

§ 3. Subparagraphs (i), (vi), and (vii) of paragraph 3 of subdivision (a) of section 2-02 of Title 34 of the Rules of the City of New York are amended to read as follows:

(i) Each applicant shall, before applying for a permit, obtain a Commercial General Liability (CGL) insurance policy or policies satisfying the requirements of this subparagraph and any self-insured or uninsured entity must provide coverage that satisfies the requirements of this subparagraph. All [CGL insurance policies, whether primary, excess or umbrella, shall] coverage, whether a CGL policy or as provided by a self-insured or uninsured entity must:

(A) be issued by a company or companies that may lawfully issue the required policy and has an A.M. Best rating of at least

[A-VII] A-7, [or] a Standard and Poor's rating of at least A[.], a Moody's Investor's Service rating of at least A3, a Fitch Ratings rating of at least A-, or a similar rating by any other nationally recognized statistical rating organization acceptable to the New York City Law Department unless prior written approval is obtained from the New York City Law Department;

(B) provide coverage to protect the City of New York ("City"), and its officials and employees, and the applicant from claims for property damage and/or bodily injury, including death, which may, pursuant to a permit to be issued by the Department, including but not limited to a street opening permit, arise from any operations performed by or on behalf of the applicant [for which the Department has issued it a permit], whether at, above, or below the surface of the street(s);

(C) provide coverage at least as broad as that provided by the most recent edition of ISO Form CG 00 01;

(D) provide coverage for completed operations;

(E) provide coverage of at least \$1,000,000 [combined single limit] per occurrence and in the aggregate, with a products-completed operations aggregate of at least \$1,000,000, except that with respect to applications for permits to place a crane on a street, such minimum amount shall be no less than \$3,000,000 [combined single limit] per occurrence and in the aggregate, with a products-completed operations aggregate of at least \$3,000,000;

(F) provide that the City and its officials and employees are Additional Insureds with coverage at least as broad as set forth in the most recent editions of ISO Form CG 20 26 and CG 20 37;

(G) provide that the limit of coverage applicable to the Named Insured is equally applicable to the City and its officials and employees as Additional [Insured] Insureds.

(H) This policy shall not be cancelled or terminated, or modified or changed in a way that affects the City or its officials or employees by the issuing insurance company unless thirty (30) days prior written notice is sent to the Named Insured and the Commissioner of the New York City Department of Transportation, except that notice of termination for non-payment may be made on only ten (10) days written notice.

(I) If the permit applicant has applied for more than one thousand permits in the previous calendar year, the insurance policy shall contain each of the following endorsements[.];

(1) If and insofar as knowledge of an «occurrence», «claim», or «suit» is relevant to the City as Additional Insured under this policy, such knowledge by an agent, servant, official or employee of the City of New York will not be considered knowledge on the part of the City of the «occurrence», «claim», or «suit» unless notice thereof is received by the: Insurance Claims Specialist, Affirmative Litigation Division, New York City Law Department; and

(2) Any notice, demand or other writing by or on behalf of the Named Insured to the insurance company shall also be deemed to be a notice, demand or other writing on behalf of the City and its officials and employees as Additional [Insured] Insureds. Any response by the Insurance Company to such notice, demand or other writing shall be addressed to the Named Insured and to the City and its officials and employees at the following address: Insurance Claims Specialist, Affirmative Litigation Division, New York City Law Department, 100 Church Street, New York, New York 10007.

(vi) In its sole discretion, the Department may allow applicants that frequently seek permits to self-insure, provided that the applicant:

(A) presents proof of excess or umbrella CGL coverage applicable to its operations under such permits;

(B) certifies that it has a self-insurance program in place that satisfies the requirements contained in subparagraph (i) of this paragraph (3) and will continue it for the life of the permit and the Guarantee Period, as defined in subparagraph (ii) of paragraph (16) of subdivision (e) of 34 RCNY § 2-11;

(C) agrees to provide the same defense of any suit against the City and its officials and employees that alleges facts that bring the suit within the scope of the coverage required in subparagraph (i) as an insurer would be obligated to provide under the laws of New York;

(D) submits a statement, signed by a person authorized to bind the applicant and acknowledged by a notary public, in which the applicant agrees to assume full liability for satisfying all obligations set forth in this subparagraph (vi), and

(E) provides the Department with the name and address of the office or official of its self-insurance program who is responsible for satisfying the self insurance obligations.

(vii) The permittee shall maintain insurance throughout the Guarantee Period, as defined in subparagraph (ii) of paragraph (16) of subdivision (e) of 34 RCNY § 2-11, satisfying the requirements

in subparagraph (i) of this paragraph (3) and providing coverage to protect the City and its officials and employees, the Department and the applicant from all claims for property damage and/or bodily injury, including death, which may arise from any defects discovered during such Guarantee Period.

§ 4. Paragraph (3) of subdivision (a) of section 2-02 of Title 34 of the Rules of the City of New York is amended by adding a new subparagraph (xi), to read as follows:

(xi) The applicant shall submit to the department proof of its insurance on fully-executed ACORD 25 and ACORD 855 forms, or equivalent forms containing the same information, regarding applicant's insurance.

Pursuant to City Environmental Quality Review (CEQR), Mayoral Executive Order No. 91 of 1977, CEQR Rules of Procedure of 1991 and the regulations of Article 8 of the State Environmental Conservation Law, State Environmental Quality Review Act (SEQRA) as found in 6 NYCRR Part 617, a Final Environmental Impact Statement (FEIS) has been prepared for the action described below. Copies of the FEIS are available for public inspection at the office of the undersigned as well as online via the 1160 Flushing project page on ZAP: <https://zap.planning.nyc.gov/projects/2020K0289>. To view the 1160 Flushing FEIS and Appendix, navigate to the project page in ZAP and select Public Documents, then "FEIS_21DCP199K". The proposal involves actions by the City Planning Commission (CPC) and the New York City Council pursuant to Uniform Land Use Review Procedure (ULURP). A public hearing on the DEIS was held on May 24, 2023, in conjunction with the City Planning Commission's citywide public hearing pursuant to ULURP. Written comments on the DEIS were requested and considered by the Lead Agency through 5:00 PM, June 5, 2023. The FEIS incorporates responses to the public comments received on the DEIS an additional analysis conducted subsequent to the completion of the DEIS.

INTRODUCTION

The Applicant (1160 Flushing Avenue LLC) is seeking a zoning map amendment (the "Proposed Action"), that would facilitate the construction of a new, mixed-use development comprising approximately 238,104 gross square feet (gsf) in total (the "Proposed Project"). The Proposed Project would be constructed at 1160 Flushing Avenue (Block 3167, Lots 18 and 24), a 37,928-sf, rectangular-shaped site with frontages on Flushing Avenue and Jefferson Street in the Bushwick neighborhood of Brooklyn Community District (CD) 4 ("Projected Development Site 1").

The Applicant seeks City Planning Commission ("CPC") approval for a zoning map amendment that would rezone Block 3167, Lots 12 (p/o), 18, 24, 26, 29, and 40 (the "Proposed Rezoning Area" or "Project Area") from a M1-1 district to a M1-5 district (the "Proposed Action"). The Proposed Action will undergo coordinated review under City

Environmental Quality Review ("CEQR"), with the New York City Department of City Planning (DCP) serving on behalf of the CPC as lead agency.

The Proposed Action would facilitate the demolition of the existing single-story building on Projected Development Site 1 and the construction of the Proposed Project. As stated above, Lots 18 and 24 are owned and controlled by the Applicant and comprise Projected Development Site 1; Lots 12, 26, 29, and 40 are not owned or controlled by the Applicant. The Proposed Project would consist of a single-story building and a nine-story building separated by a pedestrian alleyway. The single-story structure and first two floors and cellar floor of the nine-story building would contain a combined total of approximately 75,586 gsf (36,730 zoning square feet (zsf)) of retail uses (0.97 FAR); the second and third floors of the proposed nine-story building would contain approximately 40,732 gsf (37,846 zsf) of light industrial uses (1.0 FAR); and the remaining floors (three through nine) of the proposed nine-story building would contain approximately 121,786 gsf (114,983 zsf) of commercial office uses (3.03 FAR). Three loading bays would be provided with a single curb cut along Flushing Avenue to satisfy the M1-5 zoning requirements associated with the proposed office, retail, and light industrial uses; no accessory parking spaces would be required under the proposed M1-5 zoning district. In total, the Proposed Project would contain approximately 238,104 gsf (189,559 zsf) of new development.

In the future with the Proposed Action, it is assumed that the proposed zoning map amendment would be approved, allowing the Applicant to construct the Proposed Project at Projected Development Site 1 (Lots 18 and 24). However, as the proposed M1-5 zoning district permits a maximum floor area ratio (FAR) of 6.5 for community facility uses, the reasonable worst-case development scenario (RWCDs) for Projected Development Site 1 assumes an additional 1.5 FAR of community facility (medical office) uses. As such, for conservative analysis purposes, it is assumed that Projected Development Site 1 could accommodate up to approximately 75,586 gsf (36,730 zsf) of retail uses, approximately 40,732 gsf (37,846 zsf) of light industrial uses, approximately 121,786 (114,983 zsf) of commercial office uses, and approximately 59,973 gsf (56,975 zsf) of community facility (medical office) uses (the "RWCDs"). In total, the RWCDs for Projected Development Site 1 would comprise approximately 298,077 gsf (246,534 zsf) of new development (6.5 FAR).

In addition, it is assumed that Lots 29 and 40 (both of which are non-Applicant-owned) would each be redeveloped in the future with approval of the Proposed Action as well. It is anticipated that Lot 29 would be redeveloped with a six-story, 5.0 FAR predominantly commercial office building with ground-floor retail uses comprising approximately 79,821 gsf of office space and 16,730 gsf of retail space ("Projected Development Site 2"), and Lot 40 would be redeveloped with a five-story, 5.0 FAR predominantly commercial office building with ground-floor retail uses comprising approximately 32,547 gsf of office space and 6,250 gsf of retail space ("Projected Development Site 3"). As a result, the total With-Action development scenario for the Project Area would include approximately 234,154 gsf of commercial office uses, 98,566 gsf of retail uses, 40,732 gsf of light industrial uses, and 59,973 gsf of community facility (medical office) uses, thus representing the RWCDs for the Project Area under the Proposed Action.

It is expected that all three projected development sites would be constructed and fully operational by the end of 2027. Without discretionary approval, it is anticipated that the on-site conditions would remain unchanged from existing conditions, with exception to Projected Development Site 1 which is expected to be converted and reoccupied with commercial retail uses.

The Proposed Action include:

Zoning Map Amendment

The proposed zoning map amendment, which would rezone the Project Area from M1-1 to M1-5, would increase the maximum permitted FAR from 2.4 to 6.5, allowing for additional development of commercial, light industrial, and/or community facility uses than could be provided under existing conditions, in addition to reducing the loading dock and accessory parking requirements. While the Project Area under an M1-5 district would still be governed by the sky-exposure plane as under the existing M1-1 zoning, the additional permitted density under the M1-5 district would result in larger building envelopes to accommodate the increase in permitted commercial, light industrial, and community facility uses. The Proposed Rezoning Area would be mapped 250 feet north of Irving Avenue between Flushing Avenue and Jefferson Street, and its boundaries would extend approximately 493 feet along Flushing Avenue, 146 feet along Wyckoff Avenue, and 485 feet along Jefferson Street.

In conjunction with the Proposed Action, an E-designation (E-674) will be recorded on Projected Development Sites 1, 2 and 3 (Block 3167, Lots 18, 24, 29 and 40) to preclude significant adverse impacts related to air quality, noise and hazardous materials. In addition, a Restrictive Declaration will be recorded, in conjunction with the project approvals, to codify transportation (traffic and pedestrian) Project Components

Related to the Environment (PCREs) and Mitigation commitments made in the EIS related to the environmental review.

ANALYSIS FRAMEWORK FOR ENVIRONMENTAL REVIEW

Reasonable Worst-Case Development Scenario (RWCDs)

In order to assess the possible effects of the Proposed Action, a RWCDs for the Project Area was established for both Future No-Action and Future With-Action conditions by the build year of 2027. The incremental difference between the Future No-Action and Future With-Action conditions will serve as the basis of the impact category analyses. For reasonable worst-case analysis purposes, it is assumed that Projected Development Site 1 would accommodate approximately 75,586 gsf (36,730 zsf) of retail uses, approximately 40,732 gsf (37,846 zsf) of light industrial uses, approximately 121,786 gsf (114,983 zsf) of commercial office uses, and approximately 59,973 gsf (56,975 zsf) of community facility (medical office) uses (the "RWCDs"). Similar to the Proposed Project, the RWCDs would require three loading bays, which would be accommodated by a single curb cut along Flushing Avenue, and would not contain any accessory parking spaces. In total, the RWCDs for Projected Development Site 1 would contain approximately 298,077 gsf (246,534 zsf) of new development (6.5 FAR).

In addition, it is assumed that Projected Development Site 2 (Lot 29) and Projected Development Site 3 (Lot 40) would each be redeveloped in the 2027 With-Action scenario. It is anticipated that Projected Development Site 2 would be redeveloped with a six-story, 5.0 FAR predominantly commercial office building with ground-floor retail uses comprising approximately 79,821 gsf of office space and 16,730 gsf of retail space, and Projected Development Site 3 would be redeveloped with a five-story, 5.0 FAR predominantly commercial office building with ground-floor retail uses comprising approximately 32,547 gsf of office space and 6,250 gsf of retail space.

In total, the With-Action development scenario for the Project Area (including the approximately 234,154 gsf of commercial office uses, 98,566 gsf of retail uses, 40,732 gsf of light industrial uses, and 59,973 gsf of community facility (medical office) uses, thus representing the RWCDs for the Project Area under the Proposed Action.

The FEIS assesses whether development resulting from the Proposed Action could result in significant adverse environmental impacts. The FEIS identifies potential significant adverse impacts to transportation (traffic and pedestrians). Potential mitigation measures for these technical areas are identified below.

Transportation Traffic

The Proposed Action would result in significant adverse impacts at seven study area intersections during one or more analyzed peak hours during the weekday AM, weekday midday, weekday PM, and Saturday midday peak hours. Implementation of traffic engineering improvements, such as signal timing changes would provide mitigation for several of the anticipated traffic impacts. If, prior to implementation, DOT determines that an identified mitigation measure is infeasible, an alternative mitigation measure will be identified, if possible. In the absence of the application of mitigation measures, the impacts would remain unmitigated.

The types of mitigation measures proposed herein are standard measures that are routinely identified by the City and considered feasible for implementation. Implementation of the recommended traffic engineering improvements is subject to review and approval by DOT, and is described further in the Restrictive Declaration. In the absence of the application of mitigation measures, the impacts would remain unmitigated.

Assuming all the proposed mitigation measures were implemented, significant adverse impacts would be fully mitigated at two lane groups in the weekday AM peak hour, one lane group in the midday peak hour, two lane groups in the weekday PM peak hour, and one lane group in the Saturday peak hour. Impacts would be fully mitigated at one intersection during the weekday AM, PM, and Saturday peak hours. During the weekday midday peak hour, none of the impacted intersections would be fully mitigated. In total, impacts to one or more lane groups would remain unmitigated in one or more peak hours at seven intersections.

Proposed Schedule for Traffic Mitigation Measures

In order to determine whether the implementation of some or all of the traffic mitigation measures would be warranted in 2025 and/or 2027, the Applicant will commit, in consultation with DOT and DCP, to undertake a transportation monitoring program (TMP). The focus of this TMP was explored further by the Applicant in consultation with DOT and DCP between DEIS and FEIS, and is described in further detail in the Restrictive Declaration. A report summarizing the findings of the TMP would be submitted to DOT and DCP along with relevant backup data, and will be used by DOT as the basis for directing implementation of the proposed mitigation measures. The TMP scope of work would be submitted for DOT and DCP review and approval prior to implementation. The Applicant would be responsible

for all costs associated with the TMP and any proposed traffic improvement/mitigation measures, and would submit all required drawings for such measures to DOT for review and approval.

Pedestrians

Incremental demand from the Proposed Action would result in significant adverse impacts to one crosswalk in one or more peak hours. There would be no significant adverse impacts to analyzed sidewalks and corner areas in any period. Widening the impacted crosswalk by 4.5 feet would fully mitigate the significant crosswalk impacts. Implementation of the proposed mitigation measures would be subject to review and approval by DOT, as is described further in the Restrictive Declaration. If, prior to implementation, DOT determines that an identified mitigation measure is infeasible, an alternative mitigation measure will be identified, if possible. In the absence of the application of mitigation measures, the impacts would remain unmitigated.

Additionally, proposed traffic mitigation measures (discussed previously) would potentially affect pedestrian conditions at a total of two corners and two crosswalks in one or more peak hours. The recommended traffic mitigation measure at Flushing Avenue and Wyckoff Avenue would consist of signal timing adjustments to transfer green time from the northbound phase to the eastbound/westbound phase in each analyzed peak hour.

With the implementation of the proposed signal timing adjustment at the Flushing Avenue and Wyckoff Avenue intersection, the south and west crosswalk would continue to operate at LOS C or better during each analyzed peak hour. In addition, the southeast and southwest corners at the Flushing Avenue and Wyckoff Avenue intersection would continue to operate at LOS B or better during each analyzed peak hour with the implementation of the proposed traffic mitigation.

The FEIS considers two alternatives – a No-Action Alternative and a No Unmitigated Significant Adverse Impact Alternative. The No-Action Alternative examines future conditions within the Project Area, but assumes the absence of the Proposed Actions (i.e., none of the discretionary approvals proposed as part of the Proposed Actions would be adopted). The No Unmitigated Significant Adverse Impacts Alternative examines a scenario in which the Proposed Actions are changed specifically to avoid the unmitigated significant adverse impacts associated with the Proposed Actions.

Copies of the FEIS may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271, Stephanie Shellooe, AICP, Director (212) 720-3328; and on the New York City Department of City Planning's website located at <http://zap.planning.nyc.gov/projects/2020K0289>.

OFFICE OF COURT ADMINISTRATION

■ NOTICE

CIVIL COURT OF THE CITY OF NEW YORK
ADVISORY COUNCIL TO THE HOUSING PART
SEEKS APPLICANTS FOR HOUSING COURT JUDGESHIPS

June 26, 2023

Hon. Marcia Sikowitz (Ret.), Chairperson of the Advisory Council for the Housing Part of the Civil Court of the City of New York, today announced that the Advisory Council has begun the process of soliciting applications for Housing Court Judge positions.

In order to encourage interest in applying and to provide sufficient time for a full review of candidates, applications will be accepted through September 5, 2023, at 5:00 P.M.

Housing Court Judges are appointed to five-year terms. They are required to have been admitted to the New York State Bar for at least five years, two of which must have been in an active and relevant practice. In addition, they must be qualified by training, interest, experience and judicial temperament and knowledge of federal, state, and local housing laws and programs. The present salary for Housing Court Judge is \$189,900 per year.

Persons interested in applying to become Housing Court Judges may obtain a questionnaire by emailing the administrator of the Council, Linda Dunlap-Miller at ldunlapm@nycourts.gov beginning June 26, 2023 or by writing, or appearing in person at the Office of the Deputy Chief Administrative Judge, Deborah A. Kaplan, 111 Centre Street, Room 1240, New York, NY 10013. In as much as September 5, 2023, has been established as the deadline date for submission of such applications, Judge Sikowitz encourages all applicants to obtain, complete and submit the original questionnaire, along with one (1) additional copy, as soon as possible.

■ NOTICE

THE CITY OF NEW YORK - PUBLIC NOTICE

DETERMINATION AND FINDINGS BY THE CITY OF NEW YORK PURSUANT TO SECTION 204 OF THE NEW YORK STATE EMINENT DOMAIN PROCEDURE LAW

Whereas, the New York City Department of Design and Construction (“DDC”), on behalf of the New York City Department of Transportation (“DOT”) and the City of New York (“City”), has proposed the acquisition of certain street bed properties on Pratt Avenue from Needham Avenue to Pratt Avenue’s dead end, as shown on the Damage and Acquisition Map No. 12527, dated 5/18/2021, and last revised 9/15/2022 (Capital Project No. HWXPRATT) in the Borough of Bronx; and

Whereas, the New York State Eminent Domain Procedure Law (“EDPL”) sets forth uniform procedures for condemnations by municipalities throughout the State of New York, which also governs this acquisition; and

Whereas, pursuant to the EDPL, the City is required to hold a public hearing to determine whether the public would be better served by the proposed acquisition of the above-mentioned properties and the impact of such an acquisition on the neighborhood where the project is to be constructed; and

Whereas, the City held a public hearing pursuant to EDPL Section 204 (with an option to attend virtually) in relation to this acquisition on March 30th 2023, in the Borough of Bronx. Having given due consideration to the complete hearing record, which includes, amongst other things, all documents submitted and all public comments, the City makes the following determination and findings concerning the above and below described acquisition and project:

1. The public use and benefit of this project is for the installation of a new retaining wall and the reconstruction of Pratt Avenue in the Borough of Bronx (the “Project”).
2. The properties proposed to be acquired are within the acquisition limits shown on Damage and Acquisition Map No. 12527, dated 5/18/2021, and last revised 9/15/2022, as follows:
 - Pratt Avenue from Needham Avenue to a point located approximately 287 feet northerly therefrom;
 - Needham Avenue from the southerly prolongation of the westerly line of Pratt Avenue to a point located approximately 112 feet easterly therefrom; and
 - Block 4922, part of Lot 101.

The portion of lot proposed to be acquired include the following location, as shown on the Tax Map of the City of New York for the Borough of Bronx:

BLOCK #	PART OF LOT #
4922	101

The properties proposed to be acquired include the following unlotted streetbed locations, as shown on the Tax Map of the City of New York for the Borough of Bronx:

ADJACENT BLOCK NO.	ADJACENT LOT NO.
4922	17, 29, 101, 129, 130, 131, 132, 133, 134, 135, 136

The City selected these locations based on a need for the reconstruction of the roadway in Pratt Avenue.

The general effect on the neighborhood will be to improve current living conditions.

An environmental assessment of the proposed property acquisition location was conducted in accordance with the requirements of the State Environmental Quality Review Act (SEQRA) and the New York City Environmental Quality Review process. New York City Department of Transportation, as lead agency, determined that the proposed project would have no potential significant adverse impact on the environment, and issued a Negative Declaration (CEQR No. 22DO1013X) on May 13, 2022.

Comments and concerns presented at the public hearing both in person and virtually have been reviewed by the City and given due consideration. The comments included observations about the structural issues of the retaining wall and the floor, and concerns that

construction might make pre-existing conditions worse. There were also questions as to whether homeowners would receive compensation for already-incurred damages due to the retaining wall.

The record of the hearing remained open for written comments until 5:00 P.M., April 6, 2023. No written comments were received subsequent to the hearing.

The City has also reviewed all potential alternate locations and has determined that no other sites are feasible for the Project.

DETERMINATION:

Based upon due consideration of the record and the foregoing findings, it is determined that the City of New York should exercise its power of eminent domain to acquire the above-described properties in order to promote and permit the purposes of the Project to be achieved.

NOTICE:

PURSUANT TO EDPL SECTION 207, PROPERTY OWNERS HAVE THIRTY (30) DAYS FROM COMPLETION OF THE PUBLICATION OF THIS "DETERMINATION AND FINDINGS" TO SEEK JUDICIAL REVIEW OF THIS DETERMINATION. THIS PUBLICATION WILL BE ADVERTISED IN THE CITY RECORD AND NEW YORK POST NEWSPAPERS.

THE EXCLUSIVE VENUE FOR THE JUDICIAL REVIEW OF THIS DETERMINATION PURSUANT TO EDPL SECTIONS 207 AND 208 IS THE APPELLATE DIVISION OF THE SUPREME COURT IN THE JUDICIAL DEPARTMENT WHERE ANY PART OF THE PROPERTY TO BE ACQUIRED IS LOCATED.

A copy of this Determination and Findings by the City is available without cost upon written request to:
