#### PETITIONS.

By the President—

Petition of property-owners for a noiseless pavement in Wall street, instead of granite blocks.

To the Honorable J. H. V. ARNOLD, President, Board of Aldermen, New York City, N. Y.

SIR—

Whereas, We, undersigned freeholders, leaseholders and occupants of property on Wall street, from Nassau to Pearl street, feel that a noiseless and clean pavement must be had on our street ; and  
Whereas, We feel that it would add not only to the general comfort but also to the business interests of the street and city ;

Therefore, We remonstrate against the repaving Wall street, from Nassau street to Pearl street, with granite-block pavement, as adopted April 16 and approved May 6, 1889 ; and

We respectfully petition that asphalt pavement be laid upon the portion of Wall street above named, and that the accompanying ordinance therefor be passed.

The heavy amount of general taxes paid into the City Treasury by Wall street men entitle them to favorable consideration in this important street improvement.

It will be noticed that the accompanying ordinance calls for competitive contract work, guaranteed for a term of years.

Original signatures of the following parties attached to first communication sent to the President of the Board of Aldermen.

The Special Committee appointed April 16, 1889, for the purpose of giving effect to the provisions of chapter 147 of the Laws of 1889, which authorized the appropriation and expenditure of the sum of \$15,000 by the Board of Aldermen, for decorating the public buildings and a display of fireworks in the several parks on the occasion of the celebration of the Centennial Anniversary of the Inauguration of George Washington as First President of the United States, etc., respectfully

REPORT:

That, upon entering upon the discharge of the duties assigned to your Committee, it was ascertained that the law, chapter 147, was inoperative, for the reason that it was impossible to obtain the money necessary from the source therein specified, and consequently, an amendment of the law was an imperative necessity, if the duties assigned to your Committee were to be performed. Accordingly, upon application to the Legislature, an amendment to the act was effected, which is contained in chapter 185 of the laws of the late session, entitled "An act to amend chapter 147 of the Laws of 1889, entitled, 'An act to authorize the Common Council of the City of New York to provide for the celebration of the Centennial Anniversary of the Inauguration of George Washington as First President of the United States,'" approved by the Governor, April 24, 1889, which is as follows:

CHAPTER 185.

AN ACT to amend chapter one hundred and forty-seven of the laws of eighteen hundred and eighty-nine, entitled "An act to authorize the common council of the city of New York to provide for the celebration of the centennial anniversary of the inauguration of George Washington as first President of the United States."

Approved by the Governor April 24, 1889. Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows: Section 1. Section one of chapter one hundred and forty-seven of the laws of eighteen hundred and eighty-nine, entitled "An act to authorize the common council of the city of New York to provide for the celebration of the centennial anniversary of the inauguration of George Washington as first president of the United States," is hereby amended so as to read as follows:

§ 1. The board of estimate and apportionment of the city of New York is hereby authorized and empowered to appropriate a sum not exceeding fifteen thousand dollars to be expended by and under the direction of the board of aldermen of said city for the celebration of the centennial anniversary of the inauguration of George Washington as first president of the United States, which sum is to be employed in decorating the city hall and other public buildings of the city, for a display of fireworks in the several public parks and places of the city, the erection of stands for reviewing the parade and for participating therein; and upon such appropriation being made the comptroller of the city is hereby directed to issue and sell revenue bonds of said city for the purpose of providing funds on account of such appropriation, and an amount necessary for the purpose of paying the principal and interest of such revenue bonds shall be included in the final estimates of the amounts necessary for carrying on the public business in such city for the year eighteen hundred and ninety, to be raised by taxation.

§ 2. This act shall take effect immediately.

The Board of Estimate and Apportionment, however, authorized an appropriation of \$5,000 only, which was inadequate for the purpose, and upon application to the Citizens' Centennial Committee, \$2,000 additional was set apart for the use of your Committee, to be expended in appropriately decorating the City Hall. This money, your Committee has been informed and believes, has been deposited with the Comptroller, and is now available, which, together with the amount allowed by the Board of Estimate and Apportionment is more than sufficient to meet the outlay incurred by your Committee, as the bills amount only to the sum of \$6,015, and are hereto annexed.

The following resolution is, therefore, respectfully offered for your adoption:

Resolved, That the Comptroller be and he is hereby authorized and directed to draw a warrant in favor of C. H. Koster, decorator, for the sum of three thousand five hundred dollars (\$3,500); Adam Burns, carpenter and builder, for the sum of two thousand four hundred (\$2,400); the Mutual District Messenger Company, for the sum of one hundred dollars (\$100), for the services of ten uniformed men, at platform; and in favor of Martin B. Brown, for printing, for the sum of fifteen (\$15), to be in full for their respective bills hereto annexed, for services rendered and materials furnished by order of the Special Committee on Celebration of the Centennial Anniversary of the Inauguration of George Washington as First President of the United States, and charge the amount to the donation of two thousand dollars (\$2,000) made by the Committee of Citizens for Decorating the City Hall, and the sum of five thousand dollars appropriated by the Board of Estimate and Apportionment, under chapter 185 of the Laws of 1889.

#### COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Comptroller :

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
May 28, 1889.

To the Honorable the Board of Aldermen of the City of New York:

Section 212 of the New York City Consolidation Act of 1882 provides as follows: "It shall be the duty of the comptroller of said city to prepare and submit to the board of aldermen at least four weeks before their annual meeting, in each and every year, for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in that year, on account of the corporation of the city of New York, or for city purposes within said city, and also an estimate of the probable amount of receipts into the city treasury during the then current year, from all the sources of revenue of said general fund, including surplus revenues from the sinking fund available in accordance with law, other than the surplus revenues of the sinking fund for the payment of the city debt; and the said board of aldermen are hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and cause to be raised by tax in said year for the purposes aforesaid, and to cause to be raised by tax only the balance of said aggregate amount, after making such deduction."

In pursuance of the foregoing provision of law, I have the honor to submit to your Honorable Body a statement setting forth in detail the amount by law authorized and required to be raised by tax in and for the year 1889, on account of the Corporation of the City of New York, or for city purposes within said city, as follows, to wit:

The Final Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, in each department and branch thereof, and of the Board of Education, for the fiscal year 1889, as adopted by the Board of Estimate and Apportionment on Thursday, December 27, 1888, for which appropriations were made, aggregating the sum of thirty-seven million six hundred and thirty-seven thousand and sixty-nine dollars and ninety-one cents (\$37,637,069.91), which estimate includes the sums necessary to be raised by tax to pay the principal and interest of all stocks and bonds becoming due and payable by said city during said fiscal year, not otherwise provided for; also the amounts required to be raised by tax and paid into the Sinking Fund annually, to provide for the payment of the stocks and bonds of the City and County of New York, payable by law from taxation, and issued after June 3, 1878, pursuant to section 192 of the New York City Consolidation Act of 1882; also the amounts to be raised by tax annually, which, with the accumulations of interest thereon, will be sufficient to redeem the stocks and bonds issued as provided by section 11 of article VIII. of the Constitution of the State of New York, as amended in 1884; also the amounts required by law to be appropriated to various charitable institutions; and also the amount fixed and required by law to be paid as the quota of the State tax for the City and County of New York in said year 1889.

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,  
NO. 31 CHAMBERS STREET,  
NEW YORK, May 28, 1889.

To the Honorable the Board of Aldermen:

GENTLEMEN—Under dates of 24th and 27th instant, I certified and reported to your Honorable Board that the safety, health and convenience of the public require that crosswalks be laid at a number of street intersections on the Western Boulevard, on Lenox avenue and on Seventh avenue, with drafts of resolutions and ordinances providing for such crosswalks. These certificates, resolutions and ordinances embody a number of separate certificates and resolutions introduced in your Board for each separate street intersection. The object of consolidating them in one certificate, resolution and ordinance for each of the two avenues, and the Boulevard, is to avoid unnecessary expense for

surveys and inspections, which would be incurred if a separate appointment of a surveyor and inspector, and a separate survey and assessment list were made, or had to be made, for each crosswalk or each street intersection.

For these reasons, I respectfully recommend the favorable action of your Board on the certificates, resolutions, and ordinances referred to.

Very respectfully,

THOMAS F. GILROY, Commissioner of Public Works.

Which was ordered on file.

M. of Friday, the 31st day of May, 1889.

Bidders will state in their estimates a price: 1st. For furnishing the materials for and doing the work with the seamless insulated wires and cables of "The Safety Insulated Wire and Cable Company," as specified, or

2d. For furnishing the materials and doing the work with cables claimed to be as good or better than the seamless insulated wires and cables of "The Safety Insulated Wire and Cable Company," the bidder to specify the kind and quality proposed to be furnished, and submit samples thereof, as specified.

For information as to the amount and kind of work to be done, bidders are referred to the specifications and map which form part of these proposals, which said map now on file in the Police Department was approved by the Board of Police on the 26th day of April, 1889, and dated and signed by the Chief Clerk of said Board.

Bidders must satisfy themselves by personal examination of the nature and extent of the proposed work, and by such other means as they may prefer, as to what work will be required to be done and materials furnished, and shall not at any time after the submission of an estimate, dispute, complain or assert that there was any misunderstanding in regard to such work or materials.

The map may be seen and forms of estimates with specifications, showing the amount and kind of work to be done, may be obtained at the office of the Chief Clerk of this Department.

The work is to be completed and delivered on or before the nineteenth (9th) day after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at twenty (20) dollars.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Electrical Conductors," and with his or their name or names, and the date of presentation to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the proposals received will be publicly opened by the head of said Department and read.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of twenty thousand dollars.

The Police Department reserves the right to decline any and all bids or estimates if deemed for the public interest.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair, and without collusion or fraud; and that no member

of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract, be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

By order of the Board,  
WILLIAM H. KIPP, Chief Clerk.

**SEALED BIDS OR ESTIMATES FOR THE** aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third avenue, in the City of New York, until 9.30 o'clock A. M., Tuesday, June 11, 1889. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed, "Bid or Estimate for Residence for Medical Superintendent, Hart's Island," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

The Board of Public Charities and Correction reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of **TWO THOUSAND (\$2,000) DOLLARS.**

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by

the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimates can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

**NOTICE**  
**IN RELATION TO JURORS FOR STATE**  
**COURTS.**

OFFICE OF THE COMMISSIONER OF JURORS,  
ROOM 127, STEWART BUILDING,  
CHAMBERS STREET AND BROADWAY,  
NEW YORK, JUNE 1, 1888.

**APPLICATIONS FOR EXEMPTIONS WILL BE** heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving, who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,  
Commissioner of Jurors.

The rate charged for steam-vessels taking water daily or belonging to daily lines, is one-half cent per ton (Custom House measurement) for each time they take water. Steamers taking water other than daily, one cent per ton (Custom House measurement).

Water supplied to sailing vessels and put on board, twenty-five cents per hundred gallons. All matters not hereinbefore embraced are reserved for special contract by and with the Commissioner of Public Works.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates. By order,

JOHN NEWTON,  
Commissioner of Public Works.

## PUBLIC NOTICE AS TO WATER RATES.

PUBLIC NOTICE IS HEREBY GIVEN THAT in compliance with the provisions of chapter 559, Laws of 1887, amending sections 350 and 351 of the New York City Consolidation Act of 1882, passed June 9, 1887, the following changes are made in charging and collecting water rents:

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in arrears in the same manner as regular rents have heretofore been treated.

2d. In every building where a water meter or meters are now, or shall hereafter be in use, the charge for water by meter measurement shall be the only charge against such building, or such part thereof as is supplied through meter.

3d. The returns of arrears of water rents, including the year 1887, shall be made as heretofore on the confirmation of the tax levy by the Board of Aldermen, and shall include all charges and penalties of every nature.

4th. A penalty of five dollars (\$5) is hereby established, and will be imposed in each and every case where the rules and regulations of the Department prohibiting the use of water through hose, or in any other wasteful manner, are violated, and such penalties will be entered on the books of the Bureau against the respective buildings or property, and, if not collected, be returned in arrears in like manner as other charges for water.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1881, will be canceled of record on the books of the Department.

D. LOWBER SMITH,  
Deputy and Acting Commissioner of Public Works.

COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, November 10, 1886.

## NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

JOHN NEWTON,  
Commissioner of Public Works.

## GRANTS OF LANDS UNDER WATER.

THE OWNERS OF LANDS IN THE CITY OF New York, which were formerly under water, and which were granted by the City of New York, are notified that nearly all of the grants of such lands contain covenants, on the part of the grantees, and their successors and assigns, to maintain and keep in repair the adjacent streets. The condition of many of these streets is such as to make it necessary that they should be repaired and repaved, and that the obligation resting upon the present owners of adjacent lots to do this work should now be enforced. Many of such owners have requested that such covenants be commuted, and wholly released, upon the payment by them of a certain sum per lot.

The matter will shortly be presented to the Commissioners of the Sinking Fund for their consideration, and the adjustment of the basis of commutation, and application for releases should therefore be made at once.

They may be sent to the undersigned.

Dated New York City, August 7, 1888.

JOHN NEWTON,  
Commissioner of Public Works.
