## AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their Office, No. 207 Stewart Building, on Tuesday, June 24, 1902, at 2 o'clock p. m.

Present—The Comptroller, Commissioners Ten Eyck (President), Ryan, Power and Windolph.

The minutes of stated meeting of June 17, 1902, were read and approved.

The Committee of Finance and Audit reported their examination and audit of bills contained in Vouchers Nos. 14,604 to 14,608, inclusive, amounting to \$165.78.

Which were approved and ordered certified to the Comptroller for payment by the following vote:

Affirmative—The Comptroller, Commissioners Ten Eyck, Ryan, Power and Windolph—5.

The Construction or Executive Committee referred to the Commissioners the following communication of the Chief Engineer:

## REPORT NO. 384.

NEW YORK, June 24, 1902.

## To the Committee on Construction:

GENTLEMEN—It is necessary to increase the Engineering force by employing a Transitman, to be engaged on the Croton River Division; also to employ two Axemen, to be engaged on the Croton Dam Division and on the work at Shaft 24 and the gauging of the New Croton Aqueduct.

Very respectfully,

W. R. HILL, Chief Engineer.

Commissioner Ryan moved that the resident by authorized and directed to request the transfer of John F. Torpey, now employed as Transitman, Bureau of Topography, Department of Highways, Borough of The Bronx, to the staff of this Commission; and that the Secretary be directed to procure an eligible list from the Municipal Civil Service Commission, from which two Axemen may be appointed.

Which was carried by the following vote:

Affirmative—The Comptroller, Commissioners Ten Eyck, Ryan, Power and Windolph—5.

The President verbally reported that he had communicated with the Corporation Counsel on June 12, 1902, and requested an opinion concerning the rental of Parcel No. 491 to Oscar Miersch, at Purdy's, N. Y., which matter was referred to him on June 3, 1902, and that he had received the following reply thereto:

NEW YORK, June 23, 1902.

## Matter of the Claim of Oscar Miersch.

## Hon. WILLIAM H. TEN EYCK, President, Aqueduct Commission:

Sir—I beg to acknowledge the receipt of your letter of the 12th instant, advising me of the receipt by your Board of the sum of \$150 from Oscar Miersch for the full amount of rent due from him to the City from December 1, 1901, to June 1, 1902, for the premises owned by the City of New York at Purdy's Station, N. Y.

You state that this rent has been received "upon the advice of Mr. Dykman, and subject to the approval of the Aqueduct Commissioners, and \* \* \* that Mr. Miersch has asked for permission to occupy the hotel on said property a short time longer, and that said Miersch agreed to pay the rent of \$25 a month in advance, but \* \* \* would respectfully ask the Commissioners to reduce the rent somewhat, if possible to \$15 or \$20 a month."

You also state that the Commissioners would be glad to be informed "whether the acceptance of the rental of \$150 from Miersch \* \* \* is equivalent to the discontinuance of the action to dispossess said Miersch, and in the event of such being the case, whether it would be prejudicial to the interests of the City for the Aqueduct Commissioners to allow the request of said Miersch, and extend the period a short time longer for the removal of the buildings, he to occupy the same during that time, and reduce the rental, it having become apparent at this time that the City will not require immediate possession thereof."

In reply, permit me to say that the acceptance of the rent in question is equivalent to the discontinuance of the action to dispossess for non-payment of rent; whether it would be prejudicial to the interests of the City for the Commissioners to either reduce the rent or extend the period of occupation is a question wholly within the knowledge of your Honorable Board, and one for their own determination in view of all the facts connected with this particular case.

Very respectfully yours,

G. L. RIVES, Corporation Counsel.

Commissioner Power moved that the property known as Parcel No. 491 be rented to Oscar Miersch, from month to month, at a rental of \$20 per month, payable in advance; and that the communication of the Corporation Counsel be filed.

Which was carried by the following vote:

Affirmative—The Comptroller, Commissioners Ten Eyck, Ryan, Power and Windolph—5.

The following communication was received from the Chief Engineer:

## REPORT NO. 385.

NEW YORK, June 23, 1902.

## To the Aqueduct Commissioners:

GENTLEMEN—Referring to the communication received from Messrs. McDonald & Onderdonk, addressed to the Aqueduct Commissioners, dated May 26, 1902, relating to the additional cost to complete the Jerome Park Reservoir which would result from the observance of eight hours to constitute a day's work for all labor employed, instead of the present system of ten hours for a day's labor, I beg to report thereon as follows:

The schedule accompanying the communication of the items of work, the present cost and the additional cost, is briefly as follows:

Items.	Description.	Contract Price.	Additional Cost.

uuu lineal feet.	Eight-inch drain pipes.	30	0.022
uuuu lineal feet.	Six-inch drain pipes.	20	0.013

The estimated cost to complete the Jerome Park reservoir at the present prices is \$2,605,968.66, and the additional cost, by reason of adopting the system of eight hours, as per above schedule, would increase the cost \$511,976.42, or 19.64-100 per cent. Reducing the hours of a day's labor from ten to eight hours, with the same rate of wages for a day's labor, increases the cost of such labor 25 per cent. In the above schedule I find that the cost of items of work has been increased 25 per cent, where men are employed ten hours.

No increase of price is asked for any material used, such as brick, granite, cement, powder, dynamite, iron, timber, etc. There are, however, men who are employed only eight hours, such as brick-masons, stonemasons, etc.; for such labor no additional price is asked.

In addition to the price for labor being increased as above it is asked that a further allowance of 2½ per cent. be made, because of the loss due to the plant and fixed charges being non-productive for a period of two hours each day. The fixed charges, such as interest on the cost of the plant, rentals of right of way, etc., amount to \$42,830 per year, while their payroll for the same period was \$340,809.98, the fixed charges thus amounting to 11.16-100 per cent. of the total. A loss of two hours per day of this expenditure would increase such cost 25 per cent., hence 25 per cent. of 11.16-100 per cent. is 2.79-100 per cent., for which 2½ per cent. is asked on all prices that represent labor, making the maximum increase 27½ per cent. and a general increase of 19.64-100 per cent., as above stated.

I believe that it will increase the cost to complete the Jerome Park Reservoir 19.64-100 per cent. by the adoption of eight hours to constitute a day's labor, in lieu of ten hours.

Very respectfully,

W. R. HILL, Chief Engineer.

The Comptroller thereupon moved that the Secretary be directed to transmit to the Board of Estimate and Apportionment copies of all the documents bearing upon the question of applying the eight-hour law to the contract for the Jerome Park Reservoir, Messrs. McDonald & Onderdonk, contractors, and to request that said Board fix a time for a joint public hearing with the Aqueduct Commissioners upon said matter.

Which was carried by the following vote:

Affirmative—The Comptroller, Commissioners Ten Eyck, Ryan, Power and Windolph—5.

A communication was received from the Superintendent of Buildings, Borough

of Manhattan, dated June 18, 1902, giving a description of certain property in their possession which it was proposed to sell at public auction, and asking if the same could be made use of by this Commission.

On motion of Commissioner Windolph, the Secretary was directed to reply thereto, and the communication was ordered filed.

The following communication was received from the Municipal Civil Service Commission:

NEW YORK, June 17, 1902.

*Hon. WILLIAM H. TEN EYCK, President, Aqueduct Commissioners:*

DEAR SIR—With this I send a statement showing the eligible lists in force on this date. It is sent to you so that you may have full information as to the lists from which certification can be made without delay. Will you please look it over at your convenience, and if you expect to have vacancies which you do not believe may be filled therefrom send us notice to that effect as soon as possible so that we may prepare a list in time to meet your requirements?

Yours very truly,  
WILLIS L. OGDEN, President.

Which was ordered filed.

A communication was received from the Paraguay Development Company, dated Philadelphia, June 20, 1902, requesting information concerning the Croton Watershed.

On motion of Commissioner Power the Secretary was requested to reply thereto.

The following communication was received from the Secretary:

NEW YORK, June 24, 1902.

*To the Aqueduct Commissioners:*

GENTLEMEN—This is to report that the sum of \$164.50 has been received at this office from Division Engineer Wegmann, being rents collected on buildings on the Croton River Division of the New Aqueduct, which amount has been transmitted to the City Chamberlain for the credit of the "Additional Water Fund," and his receipt therefor is on file.

Respectfully,  
HARRY W. WALKER, Secretary.

On motion of Commissioner Ryan the same was approved and ordered filed.

The Secretary presented copy of resolutions received from the Board of Aldermen, requesting that heads of departments close their respective offices on Saturday, July 5, 1902, unless required by law to be kept open for public business.

Which was ordered filed.

The Secretary presented a communication received from Frederick D. De Berard for the Merchants' Association of New York, dated June 18, 1902, requesting to be furnished with a copy of a contract made with John Twiname in 1895, in connection with the New Croton Dam, and stated that he had complied with such request.

On motion of Commissioner Windolph the action of the Secretary was approved and the communication ordered filed.

The Secretary also presented a communication received from William R. Corwine for the Merchants' Association of New York, dated June 18, 1902, acknowledging receipt of data in relation to the application of an eight-hour day instead of a ten-hour day for building the Jerome Park Reservoir, and stating that the officers of said Association would doubtless communicate with the Commission in due course.

Which was ordered filed.

The Commissioners then adjourned.

HARRY W. WALKER, Secretary.

#### NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

**IN PURSUANCE OF SECTION 1005 OF THE**  
"Greater New York Charter," the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following named street in the BOROUGH OF THE BRONX:

#### TWENTY-FOURTH WARD, SECTION 11.

**EAST ONE HUNDRED AND EIGHTY-SECOND STREET—OPENING**, from Webster avenue to Park avenue (Vanderbilt avenue, West), Confirmed June 19, 1902; entered July 1, 1902. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.: Beginning at a point formed by the intersection of the northwesterly prolongation of the northeasterly side of East One Hundred and Eighty-first street with a line drawn parallel to the northwesterly side of Webster avenue and distant 100 feet northwesterly therefrom; running thence northeasterly along said parallel line to its intersection with the northwesterly prolongation of that part of the middle line of the block between East One Hundred and Eighty-first street and East One Hundred and Eighty-second street, running westwardly from Webster avenue; thence northwesterly along said northwesterly prolongation of said middle line of the block to the northeasterly side of Webster avenue; thence

northeasterly along said northeasterly side of Webster avenue to its intersection with a line drawn parallel to the northwesterly side of East One Hundred and Eighty-first street and distant 100 feet northwesterly therefrom; thence northeasterly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet northwesterly from the southwesterly side of a certain unnamed street shown upon the Final Map of the Twenty-third and Twenty-fourth Wards as connecting the northwesterly side of Webster avenue with the southeasterly side of Tiebout avenue, between East One Hundred and Eighty-first street and East One Hundred and Eighty-third street; thence northeasterly along said parallel line to the middle line of the block between Webster avenue and Tiebout avenue; thence northeasterly along said middle line of the block to the southwesterly side of East One Hundred and Eighty-third street; thence southwesterly along said southwesterly side of East One Hundred and Eighty-third street to the northwesterly side of Bassford avenue; thence southwesterly along said northwesterly side of Bassford avenue and its prolongation southwardly to its intersection with a line drawn parallel to the southeasterly side of Washington avenue and distant 100 feet southeasterly therefrom; thence southwesterly along said parallel line to the middle line of the block between East One Hundred and Eighty-first street and East One Hundred and Eighty-second street; thence northwesterly along said middle line of the block and its prolongation northwardly to the middle line of the block, between Washington avenue and Park avenue (formerly Vanderbilt avenue, East); thence southwesterly along said middle line of the block to the northeasterly side of East One Hundred and Eighty-first street; thence northwesterly along said northeasterly side of East One Hundred and Eighty-first street and its prolongation northwardly to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon, on or before August 30, 1902, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

**IN PURSUANCE OF SECTION 1005 OF THE**  
Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following named street in the BOROUGH OF THE BRONX:

#### TWENTY-THIRD WARD, SECTIONS 9 AND 10.

**EAST ONE HUNDRED AND SIXTY-FIFTH STREET—OPENING**, from Sheridan avenue to Webster avenue. Confirmed May 23, 1902; entered July 3, 1902. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, together, are bounded and described as follows, viz.: Beginning at a point formed by the intersection of a line parallel to the easterly line of Third avenue and distant 100 feet easterly therefrom with a line parallel to the southerly line of East One Hundred and Sixty-fourth street and distant 100 feet southerly therefrom; running thence westerly along said parallel line and its westerly prolongation to its intersection with a line parallel to the easterly line of Sheridan avenue, distant 100 feet easterly therefrom; running thence southerly along said parallel line to its intersection with the easterly prolongation of a line parallel to the southerly line of that portion of East One Hundred and Sixty-fourth street west of Sheridan avenue and distant 100 feet southerly therefrom; running thence westerly along said parallel line to the easterly line of the Grand Boulevard and Concourse; running thence northerly along said easterly line of the Grand Boulevard and Concourse to its intersection with a line parallel to the northerly line of East One Hundred and Sixty-sixth street and distant 100 feet northerly therefrom; running thence easterly along said parallel line and its easterly prolongation to its intersection with a line parallel to the southeasterly line of Franklin avenue and distant 100 feet southeasterly therefrom; running thence southeasterly along said parallel line to its intersection with a line parallel to the easterly line of Third avenue and distant 100 feet easterly therefrom; running thence southerly along said parallel line to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1005 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before September 2, 1902, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

#### DEPARTMENT OF DOCKS AND FERRIES.

DEPARTMENT OF DOCKS AND FERRIES, FOOT OF BATTERY PLACE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock, noon, on Monday, July 28, 1902, for the right to DUMP AND FILLED in behind the bulkhead recently built along Park avenue and along One Hundred and Thirty-fourth street, on the westerly side of the Harlem river, between One Hundred and Thirty-fourth street and One Hundred and Thirty-fifth street, between said crib work and the upland banks within the lines of said streets, Borough of Manhattan.

TERMS AND CONDITIONS OF SALE.

The filling will be put in to a height of about 2 feet or less above mean high-water mark over the above-described area.

The privilege to fill in the said described area will be sold to the highest bidder, one-half the price for such right or privilege must be paid at the time of sale and the remaining half when one-half of the work of filling in has been completed.

The total estimated quantity to be filled in is about 17,000 cubic yards, more or less. This total estimated quantity of 17,000 cubic yards is approximate only and is estimated without allowance for sinkage or settlement below the mud line. The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the crib bulkhead, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the crib and carried from the crib toward the shore until the bank of same has been carried out at the finished grade for a distance of about 40 feet from the face of the crib, at which time, if so directed by the Engineer, the filling may be commenced from the shore toward the crib.

All the filling must be dumped and filled in only in such manner, at such points and in such order or procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Fries, or such officer or employee as may be designated by him.

No filling shall be placed directly on the top of the crib until all the remainder of the filling is done, unless specially so directed by the Engineer.

Rip-rap stone coming directly on or against the crib-work must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the crib the filling shall be brought up level with the under side of the backings log of the crib at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, and shall be completed within ninety days from the date of the receipt of said notification. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling the time for completing said filling shall be extended so much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper.

The purchaser shall, during the work of filling in and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper.

The purchaser will be required to furnish a bond in double the amount of the purchase price, as security for the satisfactory performance of the said work, in accordance with the terms and conditions hereof.

Dated THE CITY OF NEW YORK, July 1, 1902.  
JACKSON WALLACE,  
Deputy and Acting Commissioner of Docks.
