BOARD OF EDUCATION.

SPECIAL MEETING.

Friday, September 13, 1907.

A special meeting of the Board of Education was held at the Hall of the Board, Park avenue and Fifty-ninth street, Borough of Manhattan, at 3.45 o'clock p. m., on Friday, September 13, 1907, in response to the following call:

Department of Education,
Park Avenue and Fifty-ninth Street,
New York, September 12, 1907.

A special meeting of the Board of Education will be held at the Hall of the Board, Park avenue and Fifty-ninth street, Borough of Manhattan, at 3.45 o'clock p. m., on Friday, September 13, 1907, to take suitable action in reference to the death of Hon. Randolph Guggenheimer, which occurred very suddenly on the 11th inst.

By order of the President.

A. EMERSON PALMER, Secretary.

In announcing the death of Mr. Guggenheimer, the President said:

"It is my very sad duty to announce the death of our fellow Commissioner, Mr. Guggenheimer, which occurred very suddenly at his summer home, West End, N. J., on the evening of Wednesday last, the 11th inst. The funeral services will be held at Temple Emanu-El, Fifth avenue and Forty-third street, on Sunday, at 10.30 a. m.

"Mr. Guggenheimer's active interest in our public school system is too well known to require any extended mention from me, and I will give only the briefest outline of his services in connection with this Department.

"He was appointed a member of the Board of Education of the former City of New York by Mayor Grace in 1886 for a term of three years, and served also under two successive appointments made by Mayor Grant in 1889 and 1892. His connection with the Board covered the years 1887 to 1895, inclusive. During that time he served as Chairman of the Executive Committee of the Normal College, in the work of which he always took a most earnest interest, as Chairman of the Committee on Sites and New Buildings, as Chairman of the Committee on Nomination of Trustees, and as a member of these committees, and also of the Committee on Evening Schools, the Committee on Buildings, the Committee on By-Laws, the Committee on Teachers, the Executive Committee on the Nautical School, the Auditing Committee, and other committees. For several years he was a member of a special Committee on Legislation.

"After an interval of several years, during which his interest in the public schools did not wane, Mr. Guggenheimer was prevailed upon to re-enter the Board of Education. On the resignation of Mr. Warburg in March, 1906, he was reappointed for a full term of five years. Upon the resignation of ex-President Tift, a year ago, Mr. Guggenheimer was appointed Chairman of the Committee on High Schools and Training Schools, and he also served as a member of the Executive Committee of the Normal College and of the Committee on Special Schools.

"It is perhaps needless for me to say that he took the deepest interest in the various activities of this Department, especially in the high schools. His loyalty to the best interests of the Department was unquestioned, and his experience and high character rendered his counsels of the utmost value. Apparently he had many years of useful service before him, and his untimely death makes a sad break in our ranks."

Mr. Greene addressed the Board as follows:

"Mr. President: Perhaps it may not be inappropriate that the suggestion of some formal action by the Board in regard to the death of our late esteemed associate should come from a member of the Committee of which, in the present Board, he happened to be Chairman. Those who, like myself, have sat under his Chairmanship learned to value in a high degree his gifts of native ability, of acquired experience, of courtesy and impartiality. We have always felt safer that the questions discussed in Committee should be dealt with in his presence, with the aid of his counsel and suggestion.

"He showed himself to be one of the public-spirited citizens of the community when, wealthy himself, he chose to act as a careful trustee of the finances of the school system, as was shown repeatedly by his action in Committee and in the Board. A man most charitable in tendency, the poor, the wretched, the fatherless, without regard to race or creed, felt the impulse of his beneficence. He furnished to the City in his last years, unhappily too short, the spectacle of a man of great capacity, a man who had accumulated honor in his career in the City not only in his profession but as a public official, reaching the exalted position of President of the City's Council—he showed the spectacle of such a man placing at the service of the school system the unbought service, the unpurchasable service, that may be rendered by a man of approved capacity in the world, in the management of the affairs of this important and, as it was by him, beloved system.

"We who continue the work here will miss his advice, his suggestion, his careful scrutiny of measures; but it will be long before the memory will pass from us of that kindly wisdom which he always showed, and of the courtesy and dignity with which he managed his course as a member of the Board of Education.

"With the permission of the Board, Mr. President, I offer this resolution:

"Resolved, That a Committee of three be appointed by the President to prepare appropriate resolutions in reference to the death of Hon. Randolph Guggenheimer, and present the same at the next stated meeting of the Board of Education."

In seconding the resolution offered by Mr. Greene, Mr. Barrett said: "I am one of those who have had the privilege during the past year to sit in council on the Executive Committee of the Normal College with our late departed friend, Mr. Guggenheimer. I learned to love his many highly sterling qualities and to respect his unerring judgment on the many difficult problems that came before that Committee during the past year."

The resolution was adopted by a unanimous vote, and the President appointed Messrs. Greene, Barrett and Harrison as the Committee of three provided for therein. The Board thereupon adjourned.

A. EMERSON PALMER, Secretary.

Whereas, It has been found that, owing to lack of financial ability, the carrying out of said work is impracticable; therefore be it

Resolved, That the following minute be spread upon the records of the Board:

The Board of Education here stays for the moment the discharge of its ordinary duties to record with sincere sorrow its deep sense of loss in the passing from his earthly activities of Commissioner Randolph Guggenheimer. Our dead colleague had not yet completed the sixth decade of his life, and his matured experience and ripened powers seemed to hold the promise of many active years in the service of his fellow-citizens. But if the measure of his life did not meet the hopes and wishes of his friends, he lived long enough to demonstrate in a striking way not only his ability and disposition to render influential and enduring service, but, even more, the purposes, at once high and kindly, that informed his public acts.

Evincing always a high degree of interest in the public school system, he began his labors as a member of the Board of Education twenty years ago. In his first period of service he devoted nine years to the work of the schools, namely, from 1887 to 1895, and he was reappointed in the spring of 1906. His committee service was varied and important. He was at different times Chairman of the Executive Committee of the Normal College, in the work of which he always displayed a most active interest; of the Committee on Sites and New Buildings, and of the Committee on the Nomination of Trustees, of former boards, and at his death was Chairman of the Committee on High and Training Schools of the present Board. His service as a member of committees was naturally even wider in scope, and was at all times helpful and suggestive.

It may not be amiss to note, as indicative of the position he attained in the general estimation of the community, that in the interval after his first retirement from the Board of Education he was chosen President of the Council of The City of New York. Of that service this is not the place to speak, nor, attractive though the theme would be, of the beneficences which his charitable nature gratified itself in dispensing, nor yet again of his home life, which faithful tradition represents as unusually sweet and tender.

It is, however, fitting for the Board of Education to record, as it does here, its high appreciation of a public servant of sterling character and of approved and fruitful ability, who gave the best that was in him to the work of improving and uplifting the schools, and securing the widest distribution of their benefits. With his fellow workers who were privileged to know him most closely he has left the enduring memory of a man who to a rare resourcefulness and capability added a self-forgetting industry, and whose natural bearing of modest dignity was united with a courtesy, ever kindly and unflinching, which not alone earned for the dead Commissioner the esteem of his colleagues for an able and upright official, but tinged their feelings toward him, overpassing the boundaries of mere respect, with the unfading glow of personal affection.

JOHN GREENE,
RO. L. HARRISON,
NICHOLAS J. BARRETT,
Special Committee.

Mr. Greene moved that the foregoing resolution be adopted by a rising vote, and that a copy thereof, suitably engrossed, be sent to the family of Mr. Guggenheimer.

The resolution was adopted unanimously by a rising vote.

On motion, all absent members were excused for non-attendance at this meeting.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held October 23, 1907, the sale of the above-described building will be held by the direction of the Comptroller on

THURSDAY, NOVEMBER 21, 1907,

at 10 a. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete after the expiration of sixty days from the day of sale. A copy of the contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

In addition to demolishing the building the purchaser of this particular building is required to screen the coal upon the premises and remove same therefrom, and deliver such coal to the new station house at No. 98 John street, in the Borough of Manhattan.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
