TENEMENT HOUSE DEPARTMENT.

Report for the Year Ending December 31, 1909.

Tenement House Department, City of New York,
No. 44 East Twenty-third Street,
New York, December 31, 1909.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

Sir—During the year 1909 many important changes in the organization and procedure of the Tenement House Department were made possible by amendments to the Tenement House Law, increased appropriation, and a thorough and complete census showing tenement house conditions throughout the entire city.

The amendments to the law were the result of a series of conferences between the Tenement House Commissioner, representatives of property owners' associations, and the Tenement House Committee, a body composed almost entirely of the members of the Tenement House Commission of 1900. By these amendments many of the harsh features of the law as it had existed were eradicated without in any way impairing its effectiveness. Thousands of pending violations in reference to old buildings were affected by these amendments. In fact, almost every old building violation on file in the department contained at least one minor item affected. A vast amount of work was therefore entailed by the department in order that the violations should be modified to meet the changes made in the law. The task was extremely difficult and complicated, owing to the tremendous amount of detail involved. The entire violation in each case, and all correspondence in connection with same, had to be reviewed in order to ascertain its exact status. Inspections had to be made in thousands of cases involved, and many conferences with the Corporation Counsel's office were necessary, and new notices had to be forwarded to the owners. Time was necessary to accomplish all this, but the work is now well in hand, and it is hoped to complete the work of modification by February 1, 1910.

The completion of this work will be a distinct step forward in the progress of the department, and should have far reaching consequences. Hitherto the department has been seriously hampered by a vast amount of petty detail incident upon the enforcement of minor items in the violations. It was impossible to omit these items from the violations because the law did not permit it, even though the items did not materially affect the character of the work performed. It was, moreover, frequently difficult to effect a compliance in these matters as owners strongly objected to making technical changes when they believed the work as done to be a substantial compliance. The friction thus caused between tenement house owners and the department was a serious source of delay to the department, resulting as it did in numerous reinspections in thousands of cases.

The increased appropriation provided for by the budget of 1909 was intended to provide for a more aggressive prosecution of the violations in regard to old law tenements and to make possible a more adequate inspection of tenement houses where the average rental is less than \$25 per month. By means of the increased appropriation it was hoped to provide a sufficient force to render it possible for the department to inspect all such houses at least twice a year, and thus keep the department in closer touch with serious conditions which had had to be neglected. The volume of work to be accomplished in this respect, however, has been seriously lessened through the long delay occasioned in training the force of new inspectors and in procuring typewriting machines, and by the lack of Civil Service lists of clerks available for the use of the department. As a consequence of these obstacles not all of the employees provided for could be profitably employed, and it was deemed advisable to withhold appointments until services of employees could be fully utilized. The result will be that about \$30,000 of the salary appropriation of the department will be turned into the sinking fund.

Unquestionably the most important achievement of the department, because of its important bearing upon future work, was the complete tenement house census conducted during the present year. Reference has been made to the increased appropriation granted for the prosecution of structural and sanitary violations in old law houses. It was felt, however, that in order to obtain the greatest amount of good from this appropriation, the work must be prosecuted in a systematic manner. The necessary information available to the department was extremely lacking and inaccurate. No complete tenement house census had ever been made before in this city, and consequently it was not even known how many tenements there were; much less how many dark rooms and halls there were and where they existed. The policy of the department was, therefore, first, to locate the bad conditions; second, to grade these so as to immediately reveal the worst conditions, and third, to attack the worst conditions first. An incomplete canvass of the city in 1902 showed 361,661 rooms with light and ventilation below the standard required by the law. Since the organization of the department to January 1, 1909, 39,051 of these rooms have been provided with windows—the greater part of them, to be exact, 34,460, during the administration of the present Commissioner, in the years 1906, 1907 and 1908.

Early in the year 1909, during the months of February and March, a complete canvass of the tenements of the greater city (including all boroughs) was made, which showed 364,367 rooms below the standard required by law.

Critics of the department's work had been accustomed to say that the definition of the "dark rooms" adopted by the department, as all rooms falling below the standard required by law even in trifling respects, misrepresented actual conditions, and that the majority of the so-called "dark rooms" merely had windows of a few inches below the legal size, or opening upon courts slightly smaller than the law permitted, or showing some other minor defect.

To meet this criticism a distinction was made, in taking the census of tenements, between rooms having windows of illegal size opening upon an adjoining room, those having windows opening upon a court or shaft of inadequate size, those opening upon a covered shaft, and those with absolutely no windows at all, and no light or ventilation except through the doorway to the adjoining room, which latter class must, in the strictest sense, be termed "dark rooms."

As a result of the canvass made according to this classification, it was found that of the total of 364,367 rooms below the legal standard, 101,207 were entirely without windows, showing that notwithstanding the large number of changes already effected there remained before the department a serious and important task.

Of the 101,207 totally dark rooms then existing, 16,656 were at that date covered by orders of the department requiring the removal of the unlawful condition. From the date of the enumeration to December 31 orders were issued to cover 29,255 more. Meanwhile 804 of these dark rooms, on which orders had not been issued, were taken from the jurisdiction of the department by removal from the tenement class, or were disposed of entirely by the demolition of the house, leaving 54,492 on December 31, 1909, to be attended to by the department, only a little over one-half of the total number found in February.

To remedy the evils of the past by securing better protection from fire has been one of the greatest problems the department has had to contend with. One of the most prolific sources of tenement fires is the cellar bakery in which invariably fat boiling is carried on. As a result of a thorough inspection covering the entire city 1,954 tenement bakeries were found. Of these 1,164 are in the Borough of Manhattan, 564 in Brooklyn, 170 in The Bronx, 53 in Queens and 3 in Richmond. Many of these are now fireproofed as the result of the vigorous prosecution of such cases during the present year. The necessary violations have all been issued, and in many bakeries the work of fireproofing is progressing. The actual figures to date show 552 fireproofed and 612 not fireproofed in Manhattan; 283 fireproofed and 281 not fireproofed in Brooklyn; 93 fireproofed and 77 not fireproofed in The Bronx; 28 fireproofed and 25 not fireproofed in Queens; 1 fireproofed and 2 not fireproofed in Richmond.

Another danger which the department has attempted to combat during the present year is the encumbrance of fire escapes. It may be said here that no city department has ever been able to wage a successful war against this evil. Much of it is due to thoughtlessness upon the part of tenants who do not realize their danger, they never having experienced a tenement fire. The magistrates are loath to inflict a penalty for this offense, so that about all the department can hope for is to so educate the tenants to a sense of their danger that they will hesitate to jeopardize not only themselves but their neighbors by placing obstacles upon the fire escapes.

Immediately after the completion of the census, the directly practical work of issuing orders for the structural improvement of the tenements was begun. The tenements were first classified according to the seriousness of the defects they showed,

as indicated by the census, and were then taken up for attention in the order of their condition, beginning with the lowest grade and taking up the higher grades, one after the other, in order. It is to be understood then that the number of houses against which orders were issued as a result of the block census, is of those which show the most serious structural defects, singly or in combination, such as interior rooms entirely without windows, or school sinks, or both together. Since the first of the year to December 31, 9,811 of such tenements have been inspected and the appropriate orders issued.

The sanitary work also has been carried on in accordance with the budget provisions, as two complete sanitary inspections of the 81,160 tenements in the city with apartment rentals of \$25 or less have been made.

At the last session of the Legislature amendments not introduced by the Tenement House Department were passed affecting sections 121 and 122 of the Tenement House Law. The purpose of these amendments was to permanently protect certain tenement houses from the operation of these two sections, provided the department failed to take action against such houses on or before a certain date. The department felt, however, that it would not be doing its duty by assuming a passive attitude in regard to this matter. The application of the law was therefore secured by the department commencing action in regard to those houses before the expiration of the time limit specified in the amendments.

With regard to the current work of the department for the year 1909, the statistical tables show that 1,398 plans were filed covering the erection of 2,587 tenement houses at the estimated cost of \$112,645,700, and containing 38,670 apartments, or accommodation for 174,015 persons. The statistical table below also shows such data for the entire eight years that the department has been in existence. Another table shows the extent of the alteration work for the current and previous years. During the year 3,829 alteration plans were filed affecting 4,739 tenement houses, the estimated cost of the alterations being \$3,144,620.

The total number of violations filed during 1909 is also shown by a table. From this it will be seen that 11,267 new building violations were filed and 7,436 dismissed and canceled during the year. Also 9,893 alteration violations were filed, 4,952 dismissed and canceled; 77,845 old building violations were also filed, and 48,875 were dismissed and canceled.

A brief review of the more important work of the department for the past four years is of interest for purposes of comparison of the volume of work in the various years, and also as showing the substantial progress made in improving tenement conditions during the years 1906 to 1909 inclusive, or, in other words, during the present administration.

Reference has also been made to the statistical tables below showing the number of new buildings for which plans were filed, and also the number of houses to be altered. During the years 1906 to 1909, also, 34,717 new building violations were filed and 25,187 dismissed and canceled. 27,681 alteration violations were filed, and 18,890 dismissed and canceled. 242,553 old building violations were filed, and 239,555 dismissed and canceled. Particular attention is also called to the large number of apartment-provided by the new buildings for which plans were filed during the period in question, thus affording practically a million people with the benefits of light and air and superior fire protection arranged for by the new law.

A feature of the present year's work relative to the buildings built under the new law has been an inspection to ascertain whether they have been illegally altered or occupied since completion. The department found many serious violations as a result of this inspection, such, for instance, as the subdividing of apartments in such a manner as to cut off access to the fire escapes. In some instances also fire passages were found to be closed off and rented for store purposes, while in other cases inside stairs leading to the cellar had been installed thereby increasing the danger from fire. The department immediately instituted a vigorous prosecution of all such cases.

During the year 1909 there have been many important litigations which have practically been test cases involving various provisions of the Tenement House Law.

A large number of novel questions have been raised from time to time in the minor matters which have been tried before Police Magistrates and Justices of the Municipal Courts. In all of these, as well as in the Supreme Court litigations, the department has been, with one or two small exceptions, uniformly successful. Of the more important cases, mention may be made of the following:

People ex rel. Realty Dealers vs. Edmond J. Butler, etc., Supreme Court, Second Department.

This was an application for a mandamus to compel the department to permit fire escapes to be removed from the front of a new law tenement and placed in yard courts, the courts being 5½ feet wide and 64 feet 5 inches long. The fire escapes to be at the innermost part of the court, more than 60 feet back from the yard.

The motion for mandamus in this case was denied by the Court.

The serious danger arising from moving picture shows in tenement houses has been brought forcibly to the attention of the department by serious fires not only in this city but in other cities as well, and orders had been issued by the Department compelling the removal of all moving picture plants from tenement houses. As a result of such an order against one Frank K. Bacci, an action was brought by him to compel the department to permit moving picture exhibitions in a tenement house of which he was the owner.

In the Court of Special Sessions the defendant, Bacci, was found guilty of violating section 40 of the Tenement House Act, in that he stored, kept and handled in a tenement house celluloid films which were combustible and dangerous to life. This was the celebrated moving picture case referred to in our last annual report. Hon. Matthew P. Breen, Police Magistrate, had held Bacci on the above charge for trial at Special Sessions. The Court of Special Sessions upheld the contention of the department in relation to the celluloid films which form an essential part of the moving picture machine.

This prosecution was the means of driving all of the moving picture shows out of the tenement houses in The City of New York.

The definition of a tenement house has frequently been a source of contention between the department and tenement house owners. Such a contention arose in the case of Otto Grimmer vs. Edmond J. Butler, etc., the point in question in this case being whether a certain building was an apartment house or a tenement house. The following, in reference to the decision, will therefore be of interest:

Otto Grimmer vs. Edmond J. Butler, etc.

This may be said to be the most important case that has come up since the Tenement House Law went into effect in 1901. It involves the question of the jurisdiction of the Tenement House Department over all buildings that have three or more families in them, as well as a full scope of the definition of a tenement house as contained in the Tenement House Act.

This was an action to enjoin the Tenement House Commissioner from vacating premises Nos. 120 and 122 East Thirty-first street. The vacating order had been issued by the department for the reason that the building in question was occupied without a certificate to the effect that the building conformed in all respects with the Tenement House Law. In the first instance the case was tried out before ex-Judge Edward W. Hatch as referee. He decided against the contentions of the department and held the building was an apartment hotel and that it was not a tenement house and was not within the jurisdiction of the Tenement House Department. An appeal was taken to the Appellate Division, which recently handed down a learned decision sustaining every contention made by the department and clearly defining the extent of the jurisdiction of the department over buildings occupied by three or more families.

The question has frequently arisen as to whether the department had the right to maintain violations on record against the premises where the ownership of the premises had changed or where different conditions had arisen in connection with same owing to changed financial conditions, such, for instance, as bankruptcy proceedings. The decision referred to below is therefore important.

People ex rel. David Gordon vs. Edmond J. Butler, etc.

This was an application for a writ of mandamus compelling the department to remove from the departmental records a certificate of a new building violation covering illegal occupation.

This motion was made in behalf of a former owner of the new law tenement in question, who had purchased said tenement house in foreclosure proceedings brought against the man who had erected said tenement house and who had committed the alleged violation of illegal occupancy. The contention is made by the relator that he, the relator, was not a party to the illegal occupation, that the certificate had been subsequently issued permitting the occupation of the house, and that the record of such violation in the Department prevented him, the relator, from carrying out the contractual obligations with the party who purchased from him said tenement house

to deliver the same free and clear of all violations. It was further contended that the violation ought to be removed for the reason that a judgment had been taken against the former owner who had committed said violation.

This proceeding came up in the Supreme Court, First Department, and the motion was granted. An appeal was taken from the order granting the motion, and a unanimous decision has just been received from the Appellate Division, First Department, reversing the order and denying the motion.

The Appellate Division sustained all of the department's contentions in reference to the right of the department to keep on record the occupancy violation. While the practical issue involved in this particular case was not of so grave importance, the principle involved is of vital interest to the department. It is the first time that the question has arisen in the courts and I am pleased to state that the contentions raised in behalf of the department have been sustained. It means much for the conservation of the official records of the Tenement House Department. Furthermore, it may have an important bearing in connection with many similar new building violations which are on file in Brooklyn.

Experience in handling the affairs of the department has shown the necessity for an immediate change in the procedure relative to cases for prosecution by the Corporation Counsel. Much confusion has arisen in the past due to having each office deal directly with the Corporation Counsel's office without the guidance of some central authority. It is therefore proposed to establish a new division of the department which will in effect be a clearing house for the handling of all cases forwarded to and returned from the Corporation Counsel. The effect of this will be to eliminate a number of petty cases which are too trivial in character to prosecute, which will permit more time in the Corporation Counsel's office for the prosecution of serious cases and thereby facilitate the work of the Corporation Counsel's office.

I am pleased to state also that the department is now in a better position than ever to carry on its work in such a manner as will insure progress in all divisions, by reason of the increased force provided for structural and sanitary work during the present year and by the removal of many hampering clauses in the Tenement House Law which had previously been a serious obstacle to the work of the department.

Respectfully submitted,
EDMOND J. BUTLER, Commissioner.

Corporation Sales.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale, by sealed bids, all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Brooklyn.

Being all the buildings, parts of buildings, etc., situate on the land lying within the lines of Sterling street, between Washington avenue and the easterly side of Nostrand avenue, in the Borough of Brooklyn, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held March 16, 1910, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, APRIL 13, 1910,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Part of one-story brick building Nos. 1065 and 1067 Washington avenue; cut about 35 feet on north side by 18.3 feet on east side; also part of two-story frame building in rear of brick building; cut 12 feet on east side by 16 feet from northwest corner on west side.

Parcel No. 2. Two-story frame house No. 1069 Washington avenue, with fence, shed and out-house in rear of same; also part of one-story frame stable; cut 10 feet on east side from southeast corner by 10.9 feet on west side from northwest corner.

Parcel No. 3. Two-story frame house about 50 feet east of Parcel No. 2.

Parcel No. 4. North side of one-story frame shed about 100 feet east of Parcel No. 3; cut 2.22 feet on west side by 51.25 feet on north side by 2.02 feet on east side; also picket fence extending to Bedford avenue.

Parcel No. 5. One-story frame stable and extension, about 200 feet east of Nostrand avenue; also part of stable adjoining; cut 13.2 feet on west side by 15.8 feet on east side.

Parcel No. 6. Porch and steps of two-story frame house, with adjoining picket fence.

Parcel No. 7. Steps of two-story frame house, with board and picket fence.

Parcel No. 8. Part of one-story frame building at northwest corner of New York avenue and Sterling street; cut 2.48 feet on west side by 2.57 feet on east side by 28.55 feet on south side; also picket fence.

Parcel No. 9. Porch of two-story frame house, near Brooklyn avenue; also picket fence at northeast corner of Sterling street and New York avenue.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 13th day of April, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or

informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened April 13, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date, to the "Collector of City Revenue," Room 141, No. 280 Broadway, New York City, from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cess-pools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all material of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized

to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Parcel No. 4.—Rear part of one-story frame building and shed in rear of same at No. 389 Marion street. Cut building ½ inch on west side by 10 feet 6½ inches on north side by 7 feet ¾ inch on east side.

Parcel No. 5.—All fences and pulley poles standing within the lines of the property above described.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 12th day of April, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened April 12, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date, to the "Collector of City Revenue," Room 141, No. 280 Broadway, New York City, from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with

their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of assessment for OPENING AND ACQUIRING TITLE to the following named street in the BOROUGH OF BROOKLYN:

FIRST WARD, SECTION 1.

REMSEN STREET—OPENING, from the westerly terminus of the street as now in use and improved to Furman street. Confirmed December 31, 1909, and February 17, 1910; entered March 23, 1910. Area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Remsen street, the said distance being measured at right angles to the line of Remsen street; on the east by a line midway between Henry street and Clinton street; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Remsen street, the said distance being measured at right angles to the

line of Remsen street, and on the west by the easterly line of Furman street.

The above entitled assessment was entered on the day hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics' Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 23, 1910, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessment became a lien to the date of payment.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of the UNNAMED STREET located south of Boscobel place and extending from Undercliff avenue to Aqueduct avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 16th day of March, 1910, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in the City of New York, on the 17th day of March, 1910, a copy of which order was duly filed in the office of the Register of the County of New York, we, John J. Hynes, Thomas Kiernan and George V. Mullan, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, on the 17th day of March, 1910, and the said John J. Hynes was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, on the 17th day of March, 1910, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter

as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, are hereby required to demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 14th day of April, 1910, at 11:30 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, April 1, 1910.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of METCALF AVENUE, from Bronx River avenue, near Bronx River, to East One Hundred and Seventy-seventh street, and BRONX RIVER AVENUE, from Lacombe avenue to Metcalf avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 10th day of March, 1910, and duly entered in the office of the Clerk of the County of New York, at his office, in the Borough of Manhattan, in the City of New York, on the 10th day of March, 1910, a copy of which order was duly filed in the office of the Register of the County of New York, we, Edward D. Dowling, Edward J. Connell and William Kearney, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons re-

spectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 10th day of March, 1910, and the said Edward D. Dowling was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 10th day of March, 1910, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of April, 1910, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of that portion of NORTHERN AVENUE (although not yet named by proper authority) not heretofore acquired, and located between a line about 760 feet north of West One Hundred and Eighty-first street and Fort Washington avenue, in the Twelfth Ward, Borough of Manhattan, City of New York, shown on a plan approved by the Board of Estimate and Apportionment on December 11, 1903.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 8th day of April, 1910, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 11th day of April, 1910, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 11th day of April, 1910.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz: Beginning at a point of intersection on a line parallel to and distant 100 feet south of the southerly line of West One Hundred and Seventy-seventh street with a line parallel to and distant 100 feet easterly from the easterly side of Fort Washington avenue; running thence northerly along said parallel line to its intersection with a line drawn at right angles to the westerly line of Fort Washington avenue, and through a point which is 1,000 feet northerly from the intersection of the westerly side of Northern avenue with the westerly side of Fort Washington avenue; said distance being measured along said westerly side of Fort Washington avenue; thence westerly along said line at right angles to Fort Washington avenue to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of Fort Washington avenue; thence southerly along said last mentioned parallel line for a distance of 500 feet to its intersection with a line drawn at right angles to the easterly side of Riverside drive; thence southerly along the easterly side of Riverside drive to its intersection with the line parallel to and distant 100 feet southerly from the southerly side of West One Hundred and Eighty-first street; thence easterly along said parallel line to its intersection with a line parallel to and distant 100 feet westerly from the westerly side of Buena Vista avenue; thence southerly along said last mentioned parallel line to its intersection with the westerly prolongation of a line parallel to and distant 100 feet southerly from the southerly side of West One Hundred and Seventy-seventh street; thence easterly along said parallel line to the place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 26th day of May, 1910, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BAY SEVENTH STREET, between Benson avenue and Crosey avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 18th day of April, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 19th day of April, 1910, at 2:30 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 24th day of April, 1908, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Bounded on the northeast by a line distant 100 feet northeasterly from and parallel with the northeasterly line of Benson avenue, the said distance being measured at right angles to the line of Benson avenue; on the southeast by a line midway between Bay Seventh street and Bay Eighth street and the prolongations of the said line; on the southwest by a line distant 100 feet southwesterly from and parallel with the southwesterly line of Crosey avenue, the said distance being measured at right angles to the line of Crosey avenue, and on the northwest by a line midway between Fourteenth avenue and Bay Seventh street and the prolongations of the said line.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 29th day of April, 1910.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House in the Borough of Brooklyn in The City of New York, on the 31st day of May, 1910, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984

of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, March 29, 1910.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of PANAMA STREET, from Rockaway road to the mean high water line of Jamaica Bay, of STANLEY AVENUE, from Shenandoah street to Panama street, and of SHENANDOAH STREET, from Stanley avenue to the land owned by The City of New York and used for a sewage disposal plant, in the Fourth Ward, Borough of Queens, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of James, in the Borough of Brooklyn, in The City of New York, on Friday, the 30th day of April, 1910, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Panama street, from Rockaway road to the mean high water line of Jamaica Bay; of Stanley avenue, from Shenandoah street to Panama street, and of Shenandoah street, from Stanley avenue to the land owned by The City of New York, and used for a sewage disposal plant, in the Fourth Ward, Borough of Queens, City of New York, being the following described lots, pieces or parcels of land:

Panama Street.

Beginning at a point on the westerly side of Panama street, 725.5 feet north of the northerly line of Sutter avenue as the same is laid down upon the map or plan establishing said lines adopted by the Board of Estimate and Apportionment July 2, 1909, and filed at the County Clerk's office October 1, 1909.

Running thence southerly for 9,720.50 feet along the westerly line of Panama street to the northerly shore line of Jamaica Bay.

Thence easterly deflecting to the left 90 degrees for 60 feet along the northerly shore line of Jamaica Bay to the easterly line of Panama street.

Thence northerly deflecting to the left 90 degrees for 9,727.60 feet along the easterly line of Panama street to a point in Rockaway road.

Thence westerly for 60.42 feet to the point or place of beginning.

Stanley Avenue.

Beginning at a point formed by the intersection of the westerly line of Panama street and the southerly line of Stanley avenue, as laid down upon the map or plan establishing the lines of said street, adopted by the Board of Estimate and Apportionment July 2, 1909, and filed at the County Clerk's office at Jamaica October 1, 1909.

Running thence northerly for 80 feet along the westerly line of Panama street to the northerly line of Stanley avenue. Thence easterly deflecting to the right 90 degrees for 2,700 feet along the northerly line of Stanley avenue to the easterly line of Shenandoah street. Thence southerly deflecting to the right 90 degrees for 80 feet along the easterly line of Shenandoah street to the southerly line of Stanley avenue.

Thence westerly for 2,700 feet along the southerly line of Stanley avenue to the westerly line of Panama street, the point or place of beginning.

Shenandoah Street.

Beginning at a point formed by the intersection of the southerly line of Stanley avenue and the easterly line of Shenandoah street, as laid down upon a map or plan establishing the lines of said street, adopted by the Board of Estimate and Apportionment July 2, 1909, and filed at the County Clerk's office at Jamaica, October 1, 1909;

Running thence westerly for 60 feet along the southerly line of Stanley avenue to the westerly line of Shenandoah street;

Thence northerly deflecting to the right 90 degrees for 266.16 feet along the westerly line of Shenandoah street to the westerly line of the aforesaid property of The City of New York;

Thence deflecting to the right 171 degrees 27 minutes 52 seconds for 117.70 feet along the westerly line of the aforesaid property of The City of New York to the southerly line of same;

Thence easterly deflecting to the left 82 degrees for 42.53 feet along the southerly line of aforesaid property of The City of New York to the easterly line of Shenandoah street;

Thence southerly for 150.16 feet along the easterly line of Shenandoah street to the southerly line of Stanley avenue, the point or place of beginning.

As shown on a certain map entitled "Map Establishing the Lines and Grades of Panama Street, from Rockaway Road to Jamaica Bay; Stanley Avenue, from Panama Street to Shenandoah Street, and Shenandoah Street, from Stanley Avenue to Vienna Avenue in the Fourth Ward, Borough of Queens, City of New York," filed in the office of the Clerk of the County of Queens, at Jamaica, Long Island, on the 1st day of October, 1909, and in the office of the President of the Borough of Queens and the Corporation Counsel of The City of New York on or about the 6th day of October, 1909.

The Board of Estimate and Apportionment on the 22d day of October, 1909, duly fixed and determined the area of assessment for benefit as follows:

Beginning at a point on the prolongation of a line 100 feet westerly from and parallel with the westerly line of Panama street, the said distance being measured at right angles to Panama street, distant 100 feet northerly from the northerly line of Rockaway road as this street is now in use and commonly recognized, the said distance being measured at right angles to Rockaway road, and running thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Rockaway road to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Panama street, the said distance being measured at right angles to Panama street; thence southerly along the said line parallel with Panama street, and along the prolongation of the said line, to a point distant 300 feet northerly from the northerly line of Stanley avenue, the said distance being measured at right angles to Stanley avenue; thence eastwardly and parallel with Stanley avenue to the intersection with the prolongation of the westerly property line of the land owned by The City of New York and used for a sewage disposal plant; thence southerly and easterly along the said property line, and the prolongation thereof, to a point distant 100 feet easterly from the easterly line of Shenandoah street, the said distance being measured at right angles to Panama street; thence southerly and parallel with Panama street; thence southerly and parallel with Panama street to the mean high water line of Jamaica Bay; thence westwardly along the mean high water line of Jamaica Bay to the intersection with a line parallel with Panama street and passing through the point of beginning; thence northwardly along the said line parallel with Panama street to the point or place of beginning.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of NINETEENTH AVENUE, between Seventy-sixth street and Eighty-sixth street, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objections thereto, do file their said objections, in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 9th day of April, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 11th day of April, 1910, at 11 o'clock a. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objections thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 9th day of April, 1910, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 12th day of April, 1910, at 11 o'clock a. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 8th day of May, 1908, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the line midway between Eighteenth avenue and Nineteenth avenue, where it is intersected by a line midway between Seventy-fifth street and Seventy-sixth street, and running thence southeasterly along the said line midway between Seventy-fifth street and Seventy-sixth street, to the intersection with a line midway between Nineteenth avenue and Twentieth avenue; thence southerly and parallel with Twentieth avenue to a point distant 100 feet southwesterly from the southwesterly line of Eighty-sixth street; thence northwesterly and parallel with Eighty-sixth street to the intersection with a line bisecting the angle formed by the prolongations of the center lines of Eighteenth and Nineteenth avenues as laid out southwesterly from Eighty-second street; thence northwesterly along the said line bisecting the angle to the intersection with a line midway between Eighteenth avenue and Nineteenth avenue as laid out northeasterly from Eighty-second street; thence northeasterly along the said line midway between Eighteenth avenue and Nineteenth avenue to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 20th day of April, 1910.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 25th day of May, 1910, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, March 21, 1910.

JOS. H. BREAZNELL,

KARL H. DEITZ,

J. ALEXANDER STITT,

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.**NOTICE TO CONTRACTORS.****GENERAL INSTRUCTIONS TO BIDDERS.**

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
