##### Notice of Public Hearing.

##### FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following communication was received:

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.  
To the Board of Estimate and Apportionment of the City of New York:

As your Honorable Board is aware, the so-called Culver Line described in the contract known as Contract No. 4, dated March 19, 1913, between The City of New York, acting by this Commission, and New York Municipal Railway Corporation, extends over and along the right of way of the Prospect Park & South Brooklyn Railroad Company on private property immediately south of 37th Street from about Tenth Avenue to Gravesend Avenue, in the Borough of Brooklyn. This part of the Culver Line is known as the Gravesend Avenue Route which was adopted by the Commission on May 20, 1912, approved by your Honorable Board on May 31, 1912, approved by the Mayor on June 6, 1912, and thereafter consented to by the property owners. The Commission has had negotiations with Prospect Park & South Brooklyn Railroad Company with a view to acquiring from said company by private purchase the necessary easements for the construction and maintenance of the rapid transit railroad over and along the right of way of said railroad company south of 37th Street, but has been unable to reach a satisfactory adjustment with the railroad company. The Commission accordingly deems it advisable that a new route be laid out with the idea of constructing the rapid transit railroad in 37th Street, instead of constructing said rapid transit railroad on private property south of 37th Street as heretofore planned. The Commission accordingly on February 24, 1916, adopted a route and general plan of construction for a new rapid transit railroad in the Borough of Brooklyn, known as the Modification of Gravesend Avenue Route (Route No. 64), and transmits herewith a certified copy of the resolution adopted by the Commission determining and establishing said route and general plan of construction for the approval of your Honorable Board and the approval of the Mayor as required by law. The new route begins at a point in private property in the block or blocks bounded by Ninth Avenue, New Utrecht Avenue, 37th Street, Tenth Avenue and 37th Street, where a connection can conveniently be made with said Gravesend Avenue Route as heretofore adopted and approved, and extends thence through private property, across Tenth Avenue and through private property again to 37th Street; thence over and along 37th Street to West Street, and thence over private property and Cortelyou Road to a point in Gravesend Avenue near Cortelyou Road, where a connection can again be made with said Gravesend Avenue Route.

Dated February 24, 1916.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by OSCAR S. STRAUS, Chairman.

Attest: TRAVIS H. WHITNEY, Secretary.

—and the following resolutions were thereupon adopted:

Resolved, That the communication be received and, pursuant to law, this Board hereby fixes Friday, March 3, 1916, at ten o'clock in the forenoon, and Room 16, City Hall, Borough of Manhattan, as the time and place when and where such plans will be considered; and be it further

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on February 4th, 1916, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment, under resolutions adopted on July 6, 1911, and November 6, 1913, authorized a proceeding for acquiring title to Kimball Avenue from Liberty Avenue, near Digby Street, to Liberty Avenue, near Baker Avenue, Borough of Queens; and

Whereas, the Board is considering the advisability of further amending the said proceeding so as to conform to a map or plan adopted by the Board of Estimate and Apportionment December 23, 1915, and approved by the Mayor January 10, 1916, in which the width of Woodhaven Avenue was decreased from 100 feet to 60 feet, this resulting in a slight modification in the alignment of the northerly side of Kimball Avenue at this intersection of such a character as to be slightly inconsistent with the lines shown on the damage maps heretofore approved in the opening proceeding; the amendment now proposed providing for the acquisition of title to Kimball Avenue from Liberty Avenue, near Digby Street, to Liberty Avenue, near Baker Avenue, as said Kimball Avenue is now laid out upon the map or plan of the City of New York.

Resolved, that the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the prolongation of a line midway between Jerome Avenue and Kimball Avenue where it is intersected by a line midway between Halifax Street and Digby Street and running thence eastwardly along the said line midway between Jerome Avenue and Kimball Avenue and along the prolongation of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Dakota Avenue, the said distance being measured at right angles to Dakota Avenue; thence southwardly along the said line parallel with Dakota Avenue and along the prolongation of the said line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Liberty Avenue, where it adjoins Dakota Avenue, the said distance being measured at right angles to Liberty Avenue; thence westwardly along the said line parallel with Liberty Avenue and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Liberty Avenue where it adjoins Atfield Avenue, the said distance being measured at right angles to Liberty Avenue; thence westwardly along the said line parallel with Liberty Avenue and along the prolongation of the said line to the intersection with the prolongation of a line midway between Atfield Avenue and Nebraska Avenue, as these streets are laid out north of Kimball Avenue; thence northwardly along the said prolongation of a line midway between Atfield Avenue and Nebraska Avenue to a point distant 100 feet southerly from the southerly line of Kimball Avenue; thence westwardly and parallel with Kimball Avenue to the intersection with a line passing through points on the centre lines of Atfield Avenue and of Frost Avenue, respectively, midway between Kimball Avenue and Liberty Avenue; thence westwardly along a succession of straight lines passing through points on the centre lines of each of the streets between Atfield Avenue and Boyd Avenue, respectively, midway between Kimball Avenue and Liberty Avenue to a point distant 100 feet southerly from the southerly line of Kimball Avenue, the said distance being measured at right angles to Kimball Avenue; thence westwardly and parallel with Kimball Avenue to the intersection with the prolongation of a line midway between Ferry Street and Potomac Street; thence southwardly along the said line midway between Ferry Street and Potomac Street, and along the prolongation of the said line to a point distant 100 feet southerly from the southerly line of Liberty Avenue, the said distance being measured at right angles to Liberty Avenue; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of Liberty Avenue to the intersection with the prolongation of a line midway between Halifax Street and Digby Street; thence northwardly along the said line midway between Halifax Street and Digby Street and along the prolongation of the said line to the point or place of beginning.

Resolved, that this Board consider the proposed area of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on Friday, the 3rd day of March, 1916, at 10 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in the street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

**Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice, to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.**

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
