Application pursuant to Section 20-226 of the Administrative Code of the City of New York, concerning the petition of 643 Broadway Holdings, LLC, d/b/a Bleecker Kitchen & Co., for a revocable consent to establish, maintain and operate an unenclosed sidewalk café located at 643 Broadway.

The Subcommittee on Landmarks, Public Siting and Maritime Uses will hold a public hearing in the Council Committee Room, 250 Broadway, 16th Floor, New York City, NY 10007, commencing at 11:00 A.M. on Tuesday, December 1, 2015.

The Subcommittee on Planning, Dispositions and Concessions will hold a public hearing on the following matters in the Council Committee Room, 250 Broadway, 16th Floor, New York City, NY 10007, commencing at 1:00 P.M. on Tuesday, December 1, 2015:

DISPOSITION OF CITY-OWNED PROPERTY
BROOKLYN CB - 4 **C 150339 PPK**

Application submitted by the New York City Department of Citywide Administrative Services (DCAS), pursuant to Section 197-c of the New York City Charter, for the disposition of two (2) city-owned properties located on Block 3186, Lot 144 and Block 3438, Lot 63, in Community District 4, Borough of Brooklyn.

BRONX SHEPHERDS (AKA CPE EQUITIES)
BRONX CBs - 2, 3, 5 and 9 **20165204 HAX**

Application submitted by the New York City Department of Housing Preservation and Development (HPD) for the grant of a real property tax exemption pursuant to Section 577 of the Private Housing Finance Law for an Exemption Area identified as Block 2394, Lots 23, 26, 29 and 31; Block 2662, Lot 10; Block 2668, Lots 30 and 33; Block 2669, Lots 6 and 47; Block 2685, Lot 48; Block 2799, Lot 18; Block 2869, Lot 142; Block 2877, Lot 268; Block 2879, Lots 68 and 69; Block 2890, Lot 17; Block 2892, Lot 38; Block 2903, Lots 3, 41, 43 and 44; Block 2971, Lots 10, 12 and 14; and Block 3776, Lot 44; Borough of the Bronx. This matter is subject to Council review and action at the request of HPD and pursuant to Section 577 of the Private Housing Finance Law.

304-306 EAST 8th STREET
MANHATTAN CB - 3 **20165223 HAM**

Application submitted by the New York City Department of Housing Preservation and Development for an amendment to a previously approved real property tax exemption pursuant to Section 577 of the Private Housing Finance Law, for the Exemption Area located at 304-306 East 8th Street (Block 390, Lot 9) in Community District 3, Borough of Manhattan. This matter is subject to Council review and action at the request of HPD and pursuant to Section 577 of the Private Housing Finance Law.

n24-d1

CITY PLANNING COMMISSION

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that resolutions have been adopted by the City Planning Commission, scheduling public hearings on the following matters to be held at 22 Reade Street, New York, NY, on Wednesday, December 2, 2015 at 10:00 A.M.

BOROUGH OF THE BRONX
No. 1
EAST BRONX CHILD CARE CENTER

CD 9 **C 150058 PQX**
IN THE MATTER OF an application submitted by the Administration

for Children's Services and the Department of Citywide Administrative Services, pursuant to Section 197-c of the New York City Charter; for the acquisition of property located at 1113 Colgate Avenue (Block 3736, Lot 1) for continued use as a day care center.

BOROUGH OF MANHATTAN
Nos. 2 & 3
321-323 CANAL STREET
No. 2

CD 2 **C 150384 ZSM**
IN THE MATTER OF an application submitted by 321 New Canal LLC pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Section 74-711 of the Zoning Resolution to modify the use regulations of:

- 1. Section 42-14(D)(2)(b) to allow retail uses (Use Group 6 uses) on portions of the ground floor and cellar; and
- 2. Section 42-10 to allow residential uses (Use Group 2 uses) on the second through fourth floor and portions of the ground floor of an existing 4-story building, on property located at 321 Canal Street (Block 230, Lot 5), in an M1-5B District.

No. 3

CD 2 **C 150385 ZSM**
IN THE MATTER OF an application submitted by 323 Equities LLC pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Section 74-711 of the Zoning Resolution to modify the use regulations of:

- 1. Section 42-14(D)(2)(b) to allow retail uses (Use Group 6 uses) on portions of the ground floor and cellar; and
- 2. Section 42-10 to allow residential uses (Use Group 2 uses) on the second through fourth floor and portions of the ground floor of an existing 4-story building, on property located at 323 Canal Street (Block 230, Lot 6), in an M1-5B District, within the SoHo Cast-Iron Historic.

Nos. 4, 5 & 6
150 WOOSTER STREET
No. 4

CD 2 **N 150416 ZRM**
IN THE MATTER OF an application submitted by 150 Wooster LLC pursuant to Section 201 of the New York City Charter, for an amendment of the Zoning Resolution of the City of New York, modifying Section 74-712, concerning a special permit for developments in historic districts within M1-5A and M1-5B districts, Borough of Manhattan, Community District 2.

Matter in underline is new, to be added;
Matter in ~~strikeout~~ is old, to be deleted;
Matter within # # is defined in Section 12-10;
* * * indicates where unchanged text appears in the Zoning Resolution 74-712

Developments in Historic Districts

Within Historic Districts designated by the Landmarks Preservation Commission, the City Planning Commission may grant a special permit, in accordance with the following provisions:

- a. In M1-5A and M1-5B Districts, on a #zoning lot# that, as of December 15, 2003, is vacant, is #land with minor improvements#, has not more than 20 percent of the lot area occupied by existing #buildings#, or has #street# frontages on two or more #wide streets# and or has not more than 40 percent of the #lot area# occupied by existing #buildings#, the Commission may modify #use# regulations to permit #residential development# and, below the floor level of the second #story# of any #development#, # uses# permitted under Section 32-15 (Use Group 6), provided:
* * *
- b. In all districts, the Commission may modify #bulk# regulations, except #floor area ratio# regulations, for any #development# on a #zoning lot# that is vacant or is #land with minor improvements#, and in M1-5A and M1-5B Districts, the Commission may make such modifications for #zoning lots# where not more than 20 40 percent of the #lot area# is occupied by existing #buildings# as of December 15, 2003, provided the Commission finds that such #bulk# modifications; comply with the findings set forth below.

In addition, in M1-5A and M1-5B Districts, the Commission may also modify #bulk# regulations, except #floor area ratio regulations#, for development on a #zoning lot# that has street frontages on two or more #wide streets# and that, as of December 15, 2003, has more than 20 percent but not more than 40 percent of the #lot area# occupied by existing #buildings#, provided the #development# contains no #residences# and the Commission finds that such #bulk# modifications:
* * *

No. 5

CD 2 **C 150417 ZSM**
IN THE MATTER OF an application submitted by 150 Wooster LLC pursuant to Sections 197-c and 201 of the New York City Charter for

the grant of a special permit pursuant to Section 74-712(a)* of the Zoning Resolution to modify the use regulations of Sections 42-00 and 42-14(D)(2)(a) to allow Use Group 2 uses on portions of the cellar, ground floor, and on the 2nd – 8th floors and penthouse, and Use Group 6 uses (retail uses) on portions of the cellar and ground floor of a proposed 8-story and penthouse mixed-use building on a zoning lot that, as of December 15, 2003, has not more than 40% of its lot area occupied by existing buildings, located at 150 Wooster Street (Block 514, Lots 7 and 9), in an M1-5A District, within the SoHo Cast-Iron Historic District.

*Note: A zoning text amendment is proposed to modify Section 74-712 of the Zoning Resolution under a concurrent related application N 150416 ZRM.

Plans for this proposal are on file with the City Planning Commission and may be seen in Room 3N, 22 Reade Street, New York, N.Y. 10007.

No. 6

CD 2 C 150418 ZSM

IN THE MATTER OF an application submitted by 150 Wooster LLC pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Section 74-712(b)* of the Zoning Resolution to modify the height & setback requirements of Section 43-23, to facilitate the development of an 8-story and penthouse mixed-use building on a zoning lot where not more than 40% of the lot area is occupied by existing buildings as of December 15, 2003, located at 150 Wooster Street (Block 514, Lots 7 and 9), in an M1-5A District, within the SoHo Cast-Iron Historic District.

*Note: A zoning text amendment is proposed to modify Section 74-712 of the Zoning Resolution under a concurrent related application N 150416 ZRM.

Plans for this proposal are on file with the City Planning Commission and may be seen in Room 3N, 22 Reade Street, New York, N.Y. 10007.

HOUSING AND COMMUNITY RENEWAL

■ NOTICE

NOTICE OF MAXIMUM BASE RENT PUBLIC HEARING

PUBLIC NOTICE IS HEREBY GIVEN pursuant to §26-405a(9) of the New York City Rent and Rehabilitation Law that the New York State Division of Housing and Community Renewal (DHCR) will conduct a public hearing to be held at 25 Beaver Street, 5th Floor, Room 510 on Thursday, December 17, 2015 for the purpose of collecting information relating to all factors which the DHCR may consider in establishing a Maximum Base Rent (MBR) for rent controlled housing accommodations located in the City of New York for the 2016-2017 biennial MBR cycle. The morning session of the hearing will be held from 10:00 A.M. to 12:30 P.M.; the afternoon session will run from 2:00 P.M. to 4:30 P.M.

Pre-Registration of speakers is advised. Those who wish to pre-register may call the office of Michael Berrios, Executive Assistant, at (718) 262-4816 and state the time they wish to speak at the hearing and whom they represent. Pre-Registered speakers who have reserved a time to speak will be heard at approximately that time. Speakers who register the day of the hearing will be heard in the order of registration at those times not already reserved by pre-registered speakers. Speaking time will be limited to five minutes in order to give as many people as possible the opportunity to be heard. Speakers should be prepared to submit copies of their remarks to the DHCR official presiding over the hearing. The hearing will conclude when all registered speakers in attendance at the hearing have been heard. DHCR will also accept written testimony submitted prior to the end of the hearing. Submissions may also be sent in advance to Michael Berrios, Executive Assistant, 6th Floor, Division of Housing and Community Renewal, Gertz Plaza, 92-31 Union Hall Street, Jamaica, NY 11433. To obtain a report on the DHCR recommendation for the 2016-2017 MBR cycle, interested parties should call (718) 262-4816.

n27-d16

OFFICE OF LABOR RELATIONS

■ NOTICE

The New York City Deferred Compensation Plan Board will hold its next meeting on Wednesday, December 2, 2015 from 10:00 A.M. to 12:00 P.M. The meeting will be held at 40 Rector Street, 4th Floor, NYC.

n30-d2

LANDMARKS PRESERVATION COMMISSION

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that pursuant to the provisions of Title 25, Chapter 3 of the Administrative Code of the City of New York (Sections 25-303, 25-307, 25-308, 25-309, 25-313, 25-318, 25-320) on Tuesday, December 08, 2015, a public hearing will be held at 1 Centre Street, 9th Floor, Borough of Manhattan with respect to the following properties and then followed by a public meeting. The final order and estimated times for each application will be posted on the Landmarks Preservation Commission website the Friday before the hearing. Any person requiring reasonable accommodation in order to participate in the hearing or attend the meeting should contact the Landmarks Commission no later than five (5) business days before the hearing or meeting.

23 Middagh Street - Brooklyn Heights Historic District

TRANSPORTATION

PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN, pursuant to law, that the following proposed revocable consents, have been scheduled for a public hearing by the New York City Department of Transportation. The hearing will be held at 55 Water Street, 9th Floor, Room 945 commencing at 2:00 P.M. on Wednesday, December 2, 2015. Interested parties can obtain copies of proposed agreements or request sign-language interpreters (with at least seven days prior notice) at 55 Water Street, 9th Floor South West, New York, NY 10041, or by calling (212) 839-6550.

#1 IN THE MATTER OF a proposed revocable consent authorizing IUC 159 West 85th Street LLC to construct, maintain and use steps and planting areas, on the north sidewalk of West 85th Street, east of Amsterdam Avenue, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from the date of Approval by the Mayor and provides among other terms and conditions for compensation payable to the City according to the following schedule:

From the date of Approval by the Mayor to June 30, 2016 - \$1,295/annum
 For the period July 1, 2016 to June 30, 2017 - \$1,322
 For the period July 1, 2017 to June 30, 2018 - \$1,349
 For the period July 1, 2018 to June 30, 2019 - \$1,376
 For the period July 1, 2019 to June 30, 2020 - \$1,403
 For the period July 1, 2020 to June 30, 2021 - \$1,430
 For the period July 1, 2021 to June 30, 2022 - \$1,457
 For the period July 1, 2022 to June 30, 2023 - \$1,484
 For the period July 1, 2023 to June 30, 2024 - \$1,511
 For the period July 1, 2024 to June 30, 2025 - \$1,538
 For the period July 1, 2025 to June 30, 2026 - \$1,565

the maintenance of a security deposit in the sum of \$5,000 and the insurance shall be in the amount of Two Million Dollars (\$2,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#2 IN THE MATTER OF a proposed revocable consent authorizing The New York and Presbyterian Hospital to construct, maintain and use a conduit, under and across Beekman Street, west of Gold Street, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from the date of Approval by the Mayor and provides among other terms and conditions for compensation payable to the City according to the following schedule:

From the date of Approval by the Mayor to June 30, 2016 - \$1,650/annum
 For the period July 1, 2016 to June 30, 2017 - \$1,692
 For the period July 1, 2017 to June 30, 2018 - \$1,734
 For the period July 1, 2018 to June 30, 2019 - \$1,776
 For the period July 1, 2019 to June 30, 2020 - \$1,818
 For the period July 1, 2020 to June 30, 2021 - \$1,860
 For the period July 1, 2021 to June 30, 2022 - \$1,902
 For the period July 1, 2022 to June 30, 2023 - \$1,944
 For the period July 1, 2023 to June 30, 2024 - \$1,986
 For the period July 1, 2024 to June 30, 2025 - \$2,028
 For the period July 1, 2025 to June 30, 2026 - \$2,070

the maintenance of a security deposit in the sum of \$5,000 and the insurance shall be in the amount of Two Million Dollars (\$2,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#3 IN THE MATTER OF a proposed revocable consent authorizing The New York and Presbyterian Hospital to construct, maintain and use a chilled water manhole under York Avenue, south of East 69th Street, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from the date of Approval by the Mayor and provides among other terms and conditions for compensation payable to the City according to the following schedule:

From the date of Approval by the Mayor to June 30, 2016 - \$485/annum
 For the period July 1, 2016 to June 30, 2017 - \$497
 For the period July 1, 2017 to June 30, 2018 - \$509
 For the period July 1, 2018 to June 30, 2019 - \$521
 For the period July 1, 2019 to June 30, 2020 - \$533
 For the period July 1, 2020 to June 30, 2021 - \$545
 For the period July 1, 2021 to June 30, 2022 - \$557
 For the period July 1, 2022 to June 30, 2023 - \$569
 For the period July 1, 2023 to June 30, 2024 - \$581
 For the period July 1, 2024 to June 30, 2025 - \$593
 For the period July 1, 2025 to June 30, 2026 - \$605

the maintenance of a security deposit in the sum of \$3,000 and the insurance shall be in the amount of Two Million Dollars (\$2,000,000) per occurrence, and two Million Dollars (\$2,000,000) aggregate.

#4 IN THE MATTER OF a proposed revocable consent authorizing R & S Platinum Realty Co., Inc. to continue to maintain and use a clock on the west sidewalk of Williamsbridge Road, south of Lydig Avenue, in the Borough of the Bronx. The proposed revocable consent is for a term of ten years from July 1, 2014 to June 30, 2024 and provides among other terms and conditions for compensation payable to the City according to the following schedule:

For the period July 1, 2014 to June 30, 2024 - \$300/per annum

the maintenance of a security deposit in the sum of \$1,000 and the insurance shall be in the amount of Two Million Dollars (\$2,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#5 IN THE MATTER OF a proposed modification of revocable consent authorizing Rockaway One Company LLC to continue to maintain and use a cable under and across Seagirt Boulevard, between Beach 24th and Beach 25th Streets, in the Borough of Queens, so as to correct the location of the Structure in the Consent. The terms and conditions of the revocable consent agreement dated October 6, 2014, shall remain in full force and effect.

the maintenance of a security deposit in the sum of \$7,500 and the insurance shall be in the amount of Two Million Dollars (\$2,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#6 IN THE MATTER OF a proposed revocable consent authorizing The Trustees of Columbia University to construct, maintain and use conduits, pipes and cables in the existing facilities of ECSC (Empire City Subway Company) (Limited) under, across and along Broadway, between West 125th Street and West 130th Street, West 125th Street, at the intersection with West 129th Street, and West 129th Street, between West 125th Street and Broadway, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from the date of Approval by the Mayor and provides among other terms and conditions for compensation payable to the City according to the following schedule:

From the date of Approval to June 30, 2016 - \$37,151/annum
 For the period July 1, 2016 to June 30, 2017 - \$38,102
 For the period July 1, 2017 to June 30, 2018 - \$39,053
 For the period July 1, 2018 to June 30, 2019 - \$40,004
 For the period July 1, 2019 to June 30, 2020 - \$40,955
 For the period July 1, 2020 to June 30, 2021 - \$41,906
 For the period July 1, 2021 to June 30, 2022 - \$42,857
 For the period July 1, 2022 to June 30, 2023 - \$43,808
 For the period July 1, 2023 to June 30, 2024 - \$44,759
 For the period July 1, 2024 to June 30, 2025 - \$45,710

PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)
 Housing and Preservation Department (HPD)
 Human Resources Administration (HRA)
 Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

COMPTROLLER**GENERAL COUNSEL****SOLICITATION**

Services (other than human services)

GENERAL LITIGATION LEGAL POOL SERVICES - Request for Proposals - PIN#0152015001OGC - Due 1-22-16 at 2:00 P.M.

In connection with disputes involving the Comptroller's Office where a determination has been made that the New York City Law Department is unable to represent the Comptroller's Office due to a conflict of interest. The Comptroller's Office intends to select from among the proposers a pool of law firms that are qualified to serve as Litigation Counsel to the Comptroller's Office.

Proposals from minority-owned or women-owned firms or proposals that include partnering arrangements with minority-owned or women-owned firms are encouraged. Additionally, proposals from small and New York City-based law firms are also encouraged.

To be considered for inclusion in the pool, firms submitting proposals must demonstrate experience in representing City-elected officials, mayoral agencies, or other government entities in areas such as those listed above, or demonstrate a proven track record of commensurate complex civil litigation, and must agree to perform the necessary services at competitive prices.

An optional pre-proposal conference will be held on Thursday, December 17, 2015 at 10:00 A.M. (EST) at the Office of the Comptroller, 1 Centre Street, South Entrance, Boardroom, Room 530, New York, NY 10007. If you intend to attend, kindly RSVP at rfriedm@comptroller.nyc.gov using "Conference" in the subject line, not later than Tuesday, December 8, 2015.

Questions relating to the RFP should be submitted by e-mail to Richard Friedman, Deputy General Counsel and Agency Chief Contracting Officer, by Thursday, December 17, 2015 at 2:00 P.M. (EST).

To download a copy of the RFP, which fully describes the minimum requirements, scope of work and submission procedures, please visit the Comptroller's website at <http://comptroller.nyc.gov/forms-n-rfps/rfps-n-solicitations/>

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Comptroller, One Centre Street, Room 617, New York, NY 10007.

MENTAL HEALTH FIRST AID ADULT MANUALS - Sole Source - Available only from a single source - PIN# 2-1505-1029/2016 - Due 12-2-15 at 11:00 A.M.

The New York City Department of Correction intends to enter into negotiations with Mental Health Association of Maryland Inc., to provide 10,000 Mental Health First Aid (MHFA) adult manuals. In order to protect the fidelity of the MHFA program, Mental Health First Aid USA has authorized the Mental Health Association of Maryland Inc. to be the sole source of providing manuals to certified instructors and organizations. This manual is currently the only participant material that is authorized for use in instructing the Adult Mental Health First Aid classes by the National Council for Behavioral Health. The MHFA training is crucial to both correction officers and inmates safety. Any firm which believes it can provide the required goods is invited to express interest via email to: docacco@doc.nyc.gov by December 02, 2015 at 11:00 A.M. The New York City Department of Correction is utilizing the Sole Source method to provide the goods for correction officers and inmates safety.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

PARKS AND RECREATION**■ VENDOR LIST***Construction/Construction Services***PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION - NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS**

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construction its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for

every work order awarded.

*Firms that are in the process of becoming a New York City-certified M/WBE may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has began the Certification process.

Application documents may also be obtained on-line at: <http://a856-internet.nyc.gov/nycvendoronline/home.asap> or <http://www.nycgovparks.org/opportunities/business>

ACTIVATE SITES LOCATED IN FRESHKILLS PARK, STATEN ISLAND - Request for Information - PIN#R017-EX - Due 1-8-16 at 3:00 P.M.

The New York City Department of Parks and Recreation ("Parks") is issuing, as of the date of this notice, a Request for Expressions of Interest ("RFEI") for proposals to better activate sites located in Freshkills Park, Staten Island, NY.

All proposals submitted in response to this RFEI must be submitted no later than Friday, January 8, 2016 at 3:00 P.M. There will be site tours on Thursday, December 3, 2015 and Monday, December 7, 2015 at Freshkills Park, Staten Island. If you are considering responding to this RFEI and wish to attend a site tour, please contact the Project Manager, Jeremy Holmes, in advance, by calling (212) 360-3455 or via email at jeremy.holmes@parks.nyc.gov.

Hard copies of the RFEI can be obtained, at no cost, through Friday, January 8, 2016, between the hours of 9:00 A.M. and 5:00 P.M., excluding weekends and holidays, at the Revenue Division of the New York City Department of Parks and Recreation, which is located at 830 Fifth Avenue, Room 407, New York, NY 10065.

The RFEI is also available for download, through Friday, January 8, 2016, on Parks' website. To download the RFEI, visit www.nyc.gov/parks/businessopportunities, click on the link for "Concessions Opportunities at Parks" and, after logging in, click on the "download" link that appears adjacent to the RFEI's description.

For more information or to request to receive a copy of the RFEI by mail, prospective proposers may contact Jeremy Holmes, Senior Compliance Officer, at (212) 360-3455 or at jeremy.holmes@parks.nyc.gov.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above. AGENCY RULES

BUILDINGS

■ NOTICE

Notice of Public Hearing and Opportunity to Comment on Proposed Rules

What are we proposing? The Department of Buildings (DOB) is proposing to amend the rules regarding the classification of certain violations.

When and where is the hearing? DOB will hold a public hearing on the proposed rule. The public hearing will take place at 10:00 A.M. on 1/6/16. The hearing will be in the 3rd Floor Conference Room at 280 Broadway.

How do I comment on the proposed rules? Anyone can comment on the proposed rules by:

- **Website.** You can submit comments to the DOB through the New York City rules website at <http://rules.cityofnewyork.us>.
- **Email.** You can email comments to dobrules@buildings.nyc.gov.
- **Mail.** You can mail comments to the New York City Department of Buildings, Office of the General Counsel, 280 Broadway, 7th Floor, New York, NY 10007.
- **Fax.** You can fax comments to the New York City Department of Buildings, Office of the General Counsel, at 212-566-3843.
- **Speaking at the hearing.** Anyone who wants to comment on the proposed rule at the public hearing must sign up to speak. You can sign up before the hearing by calling 212-393-2085. You can also sign up in the hearing room before the hearing begins on 1/6/16. You can speak for up to three minutes.

Is there a deadline to submit comments? Yes, you must submit comments by 1/6/16.

Do you need assistance to participate in the hearing? You must tell the Office of the General Counsel if you need a reasonable accommodation of a disability at the hearing. You must tell us if you need a sign language interpreter. You can tell us by mail or email at the addresses given above. You may also tell us by telephone at 212-393-2085. You must tell us by 12/30/15.

Can I review the comments made on the proposed rules? You can review the comments made online on the proposed rules by going to the website at <http://rules.cityofnewyork.us/>. A few days after the hearing, copies of all comments submitted online, copies of all written comments and a summary of oral comments concerning the proposed rule will be available to the public at the Office of the General Counsel.

What authorizes DOB to make this rule? Sections 643 and 1043(a) of the City Charter and section 28-201.2 of the New York City Administrative Code authorize DOB to make this proposed rule. Some of the amendments proposed by this rule were not included in the Department's regulatory agenda for this Fiscal Year because they were authorized by a Local Law that was enacted after the regulatory agenda was published.

Where can I find DOB's rules? DOB's rules are in Title 1 of the Rules of the City of New York.

What rules govern the rulemaking process? DOB must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043(b) of the City Charter.

Statement of Basis and Purpose of Proposed Rule

The Department of Buildings is proposing changes regarding the classification of certain violations to reflect the requirements of Local Law 77 of 2015 and the 2014 updates to the New York City Construction Codes.

Local Law 77 of 2015, enacted on August 18, 2015, adds requirements for registration, discontinuance, removal, inspection, testing, cleaning, disinfecting and maintenance of cooling towers. Some of the proposed amendments to rule 102-01 add new infractions to address the new cooling tower requirements.

The 2014 updates to the New York City Construction Codes amended the Administrative Code of the City of New York, the New York City Plumbing Code, the New York City Building Code, the New York City Mechanical Code and the New York City Fuel Gas Code and brought these codes up to date with the 2009 editions of the International Building, Mechanical, Fuel Gas and Plumbing Codes.

The updates amended some requirements, added new requirements and renumbered existing sections of these codes. Rule 102-01 is being amended to reflect some of these changes by:

- updating sections of the Administrative Code,
- updating descriptions to the table of classifications,
- deleting some existing violations that no longer apply or could be combined with existing descriptions, and
- adding new violations and their classifications.

These infractions relate to:

- Failure to provide pedestrian protection for sidewalks and walkways.
- Failure to obey a vacate order.

In addition, the description and section of law of one charge is being amended to cover all buildings or open lots which are being occupied without a valid Certificate of Occupancy. The current charge and cited section apply only to new buildings built under the 2008 Construction Codes. This description relates to:

- Buildings occupied without a valid certificate of occupancy.

The Department of Buildings' authority for these rules is found in Sections 643 and 1043 of the New York City Charter and Section 28-201.2 of the New York City Administrative Code.

New material is underlined.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Subdivision (j) of section 102-01 of Title 1 of the Rules of the City of New York is amended by adding, in numerical order, new entries relating to Sections 28-317.3, 28-317.3.1 and 28-317.5 of the New York City Administrative Code, and by amending the entries relating to Sections 28-118.2 and 28-207.4 of the New York City Administrative Code and section BC 3307.3 of the New York City Building Code, to read as follows:

Section of Law	Classification	Violation Description
28-118.[2]1	Class 1	[New building]Building or open lot occupied without a valid certificate of occupancy.
[28-207.4]28-201.1	Class 1	Failure to obey a Vacate Order by the Commissioner per 28-207.4.
28-317.3	Class 2	Failure to register cooling tower prior to operation.
28-317.3.1	Class 2	Failure to notify of discontinued use or removal of cooling tower.
28-317.5	Class 2	Failure to file an annual certification of cooling tower inspection/ testing/ cleaning/disinfecting/ maintenance per Adm. Code §17-194.1.
BC 3307.3 (2008 Code) and BC 3307.1 (2014 Code)	Class 1	Failure to provide pedestrian protection for sidewalks and walkways

FIRE DEPARTMENT

■ NOTICE

Notice of Adoption of Final Rule

3 RCNY §511-01, entitled

"In-Building Auxiliary Radio Communication Systems"

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED in the Fire Commissioner of the City of New York pursuant to Section 102 of the New York City Fire Code, and in accordance with the requirements of Section 1043 of the New York City Charter, that the New York City Fire Department has adopted a new rule, 3 RCNY §511-01, entitled "In-Building Auxiliary Radio Communication Systems."

The public hearing was held on July 30, 2015. The amendments to the rules shall take effect on January 1, 2016.

The Notice of Adoption, final rule and the Statement of Basis and Purpose of Final Rule, will be available on the Fire Department's website (www.nyc.gov/fdny) and NYC RULES (www.nyc.gov/NYCRULES).

Statement of Basis and Purpose of Final Rule

As of December 31, 2014, the New York City Building Code requires, in Sections 403.4.4 and 907.2.13.2, that an in-building auxiliary radio communication (ARC) system be installed and maintained in all newly-constructed high-rise buildings. An ARC system is a wireless two-way building communication system for Fire Department use only that receives and transmits Fire Department portable radio frequencies within the building. An ARC system typically consists of a transceiver (base station) connected to a building-wide antenna system, with a radio console in the building lobby. Section 917.1.2 of the New York City Building Code and Section FC 511 of the New York City Fire Code together require that ARC systems be installed, acceptance tested, operated and maintained in accordance with the Fire Code and the rules of the Fire Department.

The Fire Department adopts this rule to establish requirements for the design, installation, operation and maintenance of ARC systems,

including the testing procedures necessary to confirm that the ARC system is providing adequate radio coverage in the building in all areas accessible for firefighting operations. The rule seeks to ensure that ARC systems achieve their intended purpose and, once installed, are continuously maintained in good working order.

The new rule, 3 RCNY §511-01, sets forth standards, requirements and procedures for installation, acceptance testing, daily inspection, annual certification and five-year recertification of ARC systems. It requires that the testing of ARC systems be supervised by a person holding a Fire Department license, known as a Certificate of Fitness, who knows the New York City Building Code, Fire Code and Fire Department rule standards that apply to ARC systems. The rule reflects the Fire Code requirement that this person hold a General Radiotelephone Operator License issued by the United States Federal Communications Commission (FCC).

The new rule also addresses the operation and maintenance of pre-existing in-building radio communication systems similar to ARC systems that were approved for installation by the Department of Buildings and/or the Fire Department prior to December 31, 2014. As set forth in Section 511-01(j) of the rule, a commissioning test must be conducted and the results submitted to the Fire Department; a Fire Department permit must be obtained; operation of the system for maintenance and testing purposes must be under the supervision of a certificate of fitness holder; and the system must be operated and maintained in compliance with the requirements for ARC systems set forth in the rule.

The Fire Department is additionally amending two existing Fire Department rules in connection with the ARC system requirements of the Fire Code and Section 511-01.

The Fire Department is amending Fire Department rule 3 RCNY §115-01 to establish a company certificate for businesses that test ARC systems. These company certificates seek to ensure that the businesses that test ARC systems, including operating the systems to perform the required testing, are subject to the same standards as the individual Fire Department Certificate of Fitness holders whom they employ to perform the testing. The Fire Department regulates blasting and fireworks contractors, private fire alarm central stations, fumigation companies, portable fire extinguisher sales and servicing companies, and smoke detector maintenance companies in a similar fashion by requiring both the individuals who perform the work and the companies that employ them to be certified.

Lastly, the Fire Department is amending Fire Department rule 3 RCNY §4601-01 to adopt fees for the ARC system testing company certificate and for ARC system acceptance testing by Fire Department personnel. The fee for the ARC system testing company certificate will cover the Fire Department's costs in issuing the certificate and programming and periodically inspecting the portable radios that each company will use to operate on Fire Department frequencies to test the ARC systems. The fee for the ARC system permit is amended to cover the cost of acceptance testing by the Fire Department.

In response to public comment, the Fire Department has revised Section 511-01 to clarify that the ARC system must be capable of operating on either the Fire Department simplex channels or duplex channels designated in the rule, and is not required to be capable of operating on both. The rule has also been revised to allow the cabling for ARC systems that carries or radiates the radio frequencies (RF) to be shared with other building communication systems, provided that the owner demonstrates that such sharing will not impair the operation of the ARC system. Additional revisions seek to clarify the terminology associated with preexisting in-building radio communication systems similar to ARC systems.

Finally, the rule has been revised to authorize owners of ARC systems, as well as impairment coordinators and persons who install or maintain ARC systems, to possess a citywide standard key. A citywide standard key is the key that enables Fire Department personnel and other authorized persons to operate elevator firefighter service and other devices and locked boxes. The ARC system console will be accessed using a citywide standard key.

Terms used in the rule that are defined in the Fire Code or elsewhere in the Fire Department's rules are indicated by *italics*.

Text to be deleted is indicated by [brackets]. Text to be added is underlined.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in Fire Department rules, unless otherwise specified or unless the context clearly indicates otherwise.

Guidance with respect to the interpretation of the Fire Code and Fire Department rules may be obtained using the Public Inquiry Form on the Fire Department's website, www.nyc.gov/html/fdny/html/firecode/index.shtml#p6.

Section 1. Chapter 5 of Title 3 of the Rules of the City of New York is amended by adding a new section 511-01, to read as follows:

§511-01 In-Building Auxiliary Radio Communication Systems

- (a) **Scope.** This section sets forth requirements for the design, installation, operation and maintenance of *in-building auxiliary radio communication systems*. In-building radio communication systems that were approved for installation by the *Department of Buildings* and/or the *Department* prior to December 31, 2014, and that were designed to enhance *Department* communications in a manner similar to an *in-building auxiliary radio communication system*, shall be subject to the requirements of this section to the extent set forth in R511-01(j).
- (b) **Definitions.** The following terms shall, for purposes of this section and as used elsewhere in the rules, have the meanings shown herein:
- Appendix Q.** Section 24.5.2 of Appendix Q to the Building Code, as codified in Department of Buildings rule 1 RCNY 3616-04. Appendix Q amends NFPA Standard 72, a Referenced Standard to the Building Code and Fire Code.
- ARC system.** An in-building auxiliary radio communication system.
- Base station.** A transceiver that receives radio signals from an antenna system and retransmits them through the antenna system in an amplified and/or otherwise enhanced manner.
- Critical areas.** Areas of a building within which radio communication is critical for emergency response operations.
- FCC.** United States Federal Communications Commission.
- General areas.** All areas of a building within which radio communication is to be made available for emergency response operations, excluding critical areas.
- In-building auxiliary radio communication system.** A wireless two-way building communication system dedicated for Department use and designed in accordance with Appendix Q to propagate Department wireless radio frequencies within a building. Such a system typically consists of a radio console, base station, cabling, amplifiers and antenna system.
- Technical criteria.** Technical specifications and standards for the design and operation of ARC systems established pursuant to Section 24.5.2.7 of Appendix Q. Technical criteria include but are not limited to operating frequencies; maximum time domain interference; unit ID and emergency alert signaling; dedicated radio console and other installation specifications; and testing equipment specifications.
- Testable area.** Locations within a building in which an ARC system commissioning test can be conducted, including all areas designed for human occupancy. Mechanical rooms and other utility areas are testable areas if, and to the extent that, they are accessible.
- (c) **Permit.** Pursuant to FC105.6, a permit shall be obtained from the Department to maintain or operate an ARC system. Application for a permit shall be made in accordance with R511-01(d)(3).
- (d) **General Provisions**
- (1) **General.** ARC systems, whether required by Sections 403 or 917 of the Building Code or installed voluntarily, shall be designed, installed, operated and maintained in compliance with FCC regulations, FC511, Section 917 of the Building Code. NFPA Standard 72 as amended by Appendix Q, this section and applicable technical criteria. Any potential conflicts among these requirements shall be promptly reported to the Technology Management Unit of the Bureau of Fire Prevention.
 - (2) **Required frequencies.** An ARC system shall be designed to operate on the simplex Department frequencies designated as Channels 1 through 10 and Channel 16, or the duplex Department frequencies designated as Channels 11 and 12, as set forth in the technical criteria. Pursuant to Section 24.5.2.4.2 of Appendix Q, ARC systems shall be designed to be upgraded to accommodate changes in Department frequencies. The design, installation, operation and maintenance requirements set forth in Appendix Q, the technical criteria and this section may not be applicable to other Department communications and the frequencies on which they are propagated. Any owner seeking to install and maintain an in-building radio communication system that operates on any Department frequency other than the channels specified in this section shall first obtain Department approval in such manner and subject to such terms and conditions as the Department may prescribe.
 - (3) **Application and approval process.** The following Department approvals shall be obtained to install and maintain an ARC system:
 - (A) **Application for system design approval.** An application shall be filed by or on behalf of the owner, and include design and installation documents prepared in accordance with FC105.4 and R511-01(e) and detailing the design and intended operation of the ARC system; a written agreement executed by the owner, for use of Department frequencies, as set forth in R511-01(d)(4); and such other documentation as the Department may require.
 - (B) **Plan approval.** The Department will review the application for system design approval in accordance with FC105.4 and, if it determines the application to be satisfactory, will approve the documents in accordance with FC105.4.4.
 - (C) **Commissioning test and application for system acceptance and permit issuance.** Upon installation of an ARC system in accordance with the Department-approved documents, a commissioning test shall be conducted in accordance with FC511.2.2.1 and R511-01(f)(2). The test shall be performed by a person holding a certificate of fitness for ARC system professional, who is employed by a business holding a Department company certificate, as set forth in R115-01. Upon successful completion of the commissioning test, the owner shall file an application with the Department requesting an acceptance test of the system and issuance of a permit. The application shall include a detailed report of the results of the commissioning test, as set forth in R511-01(e)(2) and R511-01(f)(2), and such other information and documentation as the Department may require.
 - (D) **Acceptance test.** The owner shall request that the Department schedule an acceptance test. The certificate of fitness holder who conducted the commissioning test shall be present at the acceptance test and demonstrate operation of the ARC system in the presence of Department representatives. The Department representatives will not conduct a second commissioning test but perform a limited test of the ARC system to confirm its operational readiness for Department use.
 - (E) **Permit issuance.** Upon successful completion of the acceptance test, the Department will issue a permit to maintain and operate the ARC system.
- (4) **City agreement to operate on FCC-licensed radio frequencies.** ARC systems operate on radio frequencies licensed by the FCC to the City of New York. The installation of an ARC system in accordance with Building Code and Fire Code requirements does not constitute legal authority to operate on such licensed radio frequencies. The owner, prior to operating an ARC system, must obtain the consent of the City of New York to operate on such licensed radio frequencies by executing a written agreement with the City of New York in a form approved by the Department and submitting it to the Department as set forth in R511-01(d)(3)(A). The City will grant temporary consent for purposes of system installation and commissioning testing at time of plan approval, and final consent upon permit issuance.
- (5) **Prevention of interference.** An ARC system shall be designed, installed, operated and maintained in a manner that does not interfere with any other FCC-licensed radio frequency, including police department, fire department and other public safety agency radio communications. Immediate measures shall be taken to remedy any such interference, including interference intermodulation and spurious emissions, in accordance with FCC regulations (as set forth in 47 CFR Part 90), this section and other applicable laws, rules and regulations. The owner, and its contractors and agents, shall cooperate with the Department in immediately addressing interference issues, and shall repair or replace any ARC system or system component causing interference.
- (6) **Supervision.** Operation of the ARC system, other than by Department personnel, including inspection and testing for the commissioning test, annual certification and five-year recertification required by R511-01(f) and (g), shall be under the personal supervision of a person holding a certificate of fitness as ARC system professional and a General Radiotelephone Operator License issued by the FCC, pursuant to 47 CFR Part 90, who is employed by a company holding an ARC testing company certificate. The duties of such certificate of fitness holder include ensuring that:
 - (A) use of the ARC system is immediately discontinued if, upon testing, it is found to cause interference in violation of FCC regulations and/or other applicable laws, rules and regulations, or upon being directed to do so by a Department representative;
 - (B) the portable radios programmed with Department frequencies are used solely for purposes of ARC system

testing, and for no other purpose; and

- (C) notifications to the Department required by this section are made in accordance with this section.
- (7) **Sharing of system components.** All ARC system components shall be dedicated for system use, except that system radio frequency (RF) cabling may be shared with other in-building radio communication systems if such sharing does not interfere with or otherwise impair the operation of the ARC system.
- (8) **Citywide standard key.** Owners, impairment coordinators, and persons authorized to install or maintain ARC systems, may possess a citywide standard key.
- (e) **Design and Installation Requirements.** An ARC system shall be designed and installed in accordance with Section 917 of the Building Code, the Electrical Code, FC 511, NFPA Standard 72 as amended by Appendix Q, this section and the technical criteria. ARC system design and installation documents shall set forth the information and documentation required by Section 917 of the Building Code and such other information and documentation as the Department may require, including the following documents:
- (1) **Application for system design approval.** A riser diagram and floor plan showing the location of base stations, amplifiers, antennas and other ARC system components, formatted and submitted for Department review and approval in the same manner as fire alarm system installations, as set forth in R105-01(c)(1). Any sharing of system radio frequency (RF) cabling with other in-building radio communication systems shall be clearly indicated and accompanied by documentation demonstrating that such sharing will not interfere with or otherwise impair the operation of the ARC system.
- (2) **Application for system acceptance and permit issuance.** A floor plan containing the information set forth in R511-01(f)(2), formatted to folio (11" x 17") size, with a copy of the plan in an approved electronic format on a compact disk.
- (f) **Commissioning and Acceptance Testing.** Commissioning and acceptance testing shall be conducted in accordance with the following requirements, standards and procedures.
- (1) **Radio coverage performance standards.** ARC systems shall be designed to achieve, and in operation shall achieve, the radio coverage performance standards set forth in Sections 24.5.2.2 and 24.5.2.3 of Appendix Q, as measured in the manner set forth in this section.
- (A) **Required minimum signal strength and delivered audio quality.** The minimum signal strength of inbound ARC system radio signals (as received by a Department portable radio at a location remote from the dedicated radio console) and outbound ARC system radio signals (as received by the dedicated radio console from a Department portable radio) and the average delivered audio quality shall be as set forth in Sections 24.5.2.1.3 and 24.5.2.2 of Appendix Q.
- (B) **Signal strength measurements.** The signal strength of radio signals received or retransmitted by the ARC system shall be measured in the following manner:
- (1) Measurements shall be taken using:
- (a) two (2) portable radios, lawfully programmed to transmit on Department frequencies pursuant to R115-01(d)(4), one to transmit a radio communication to the ARC system and one to receive the retransmission from the ARC system;
- (b) a calibrated spectrum analyzer or a calibrated automatic signal level measurement recording system;
- (c) a receiving antenna with a gain equal to the antenna on a Department portable radio; and
- (d) a resolution bandwidth nearest the bandwidth of the channel being tested.
- (2) Signal strength measurements shall be taken as close as possible to the center of each grid cell.
- (3) Signal strength measurements shall be taken with the antenna held in a vertical position with a center-line between three (3) and four (4) feet above the floor.
- (4) The delivered audio quality readings shall be assessed and documented on the floor plans.
- (5) The gain values of any and all amplifiers shall be measured and documented.
- (C) **Critical area radio coverage.** The radio coverage performance standard set forth in Appendix Q of 100 percent of floor area shall be met in the critical areas designated in Section 24.5.2.2.1 of Appendix Q, including sprinkler system control valves and standpipe system hose connections, and any other area of a building designated by the Department as a critical area based on the Department's review of the design and installation documents submitted for an ARC system in a particular building.
- (D) **General area radio coverage.** The radio coverage performance standard set forth in Appendix Q of 95 percent of floor area shall be met or exceeded in all general areas.
- (2) **Commissioning test.** Upon installation of an ARC system, a commissioning test of the ARC system, including a radio coverage survey and an inspection and testing of system components, shall be conducted, and the results reported to the Department, as follows:
- (A) **Radio coverage survey.** The commissioning test shall be conducted in accordance with Annex O of NFPA Standard 1, this section and the technical criteria, and shall be considered successful if it confirms that the ARC system meets or exceeds the following radio coverage performance standards:
- (1) On each floor, radio coverage meets or exceeds the standards set forth in R511-01(f)(1).
- (2) There shall not be a failure of radio coverage in the same grid area on consecutive floors, such as a consistent failure to achieve the required radio coverage in vertically corresponding grids on multiple consecutive floors of a building.
- (3) The dedicated radio console is functioning properly and monitoring all system components in accordance with Appendix Q.
- (B) **Inspection and testing of system components.** ARC system components, including those listed on Table 1 of this section, shall be inspected and tested to confirm that the system components are in good working order and are operating as designed.
- (C) **Retesting.** Any floor of a building that initially fails to meet or exceed the radio coverage standards shall be retested. The resolution of the floor grid size used for testing purposes shall be decreased by reducing the size of each grid area by at least 50 percent to facilitate precise identification of the building areas in which radio coverage is lacking. A commissioning test that fails to confirm radio coverage requirements meeting or exceeding the standards set forth in R511-01(f)(1) shall be treated as unsuccessful and shall result in a redesign of the ARC system on the floor or floors found to have failed the commissioning test.
- (D) **Submission of commissioning test results.** The results of the radio coverage survey and inspection and testing of system components shall be signed by the certificate of fitness holder who personally supervised the test and submitted by the ARC system testing company that employs the certificate holder to the Department for review and acceptance. The commissioning test results shall be submitted in the form prescribed by the Department and shall include the following information and documentation, and such other information and documentation as the Department may require:
- (1) An audio recording of delivered audio quality at each grid location, with an audio description of the floor designation, marker location and the time of recording.
- (2) A table setting forth the following information for each test location:
- (a) Marker location;
- (b) Received signal strength;
- (c) Radio frequency used for test;
- (d) The average delivered audio quality value; and
- (e) Date of last calibration of spectrum analyzer test equipment used to conduct test.
- (3) A floor plan for each floor, showing the building's floor area on a series of grids. Each grid shall be a maximum of five (5) percent of the total square footage of testable area on each floor, but not more than 1,600 square feet. If an irregular shaped floor

plate makes this grid criteria unsatisfactory for testing purposes, an alternative testing grid may be used, subject to *Department* approval. The floor plan shall set forth the following information for each test location:

- (a) Marker location, correlated with the tabular submission;
- (b) Grid size(s);
- (c) Critical areas ;
- (d) General areas ; and
- (e) Areas that are not testable areas, with an explanation as to why such areas are not testable areas.

- (4) A description of the inspection and testing conducted of each of the system components.
- (5) A summary and conclusions section. The report shall clearly summarize the test results, and shall include a statement as to whether the test results confirm that the *ARC system* meets or exceeds the standards required by this section, or if not, in what respects it is deficient.

(g) **Operational and Maintenance Requirements.** An *ARC system* shall be operated and maintained in accordance with FC511, this section and the *technical criteria*.

- (1) **General.** An *ARC system* shall be maintained in good working order.
- (2) **Daily inspection.** The *dedicated radio console* shall be inspected daily to confirm that the *ARC system* is operational and that there is no indication of a system malfunction. Daily inspection may, with *Department* approval, be conducted by means of remote monitoring.
- (3) **Annual certification.** An *ARC system* shall be inspected and tested not less than once every 12 months to confirm that the system is in good working order, except that every fifth year a five-year recertification pursuant to R511-01(g)(4) shall be conducted in lieu of the annual certification. The inspection and testing of the *ARC system* shall include the system components listed in Table 1, except that a radio coverage survey is not required. Certification of such inspection and testing and satisfactory system performance shall be submitted to the *Department* in connection with the application for *permit* renewal in such form and manner as the *Department* may prescribe.
- (4) **Five-year recertification.** An *ARC system* shall be recertified as properly functioning not less than once every five (5) years in the following manner:
 - (A) A radio coverage survey of the *ARC system* shall be conducted in the same manner as the commissioning test, and the radio coverage performance standards set forth in R511-01(f) shall apply.
 - (B) The *Department* shall be given reasonable advance notice of the date of each five-year certification test, which shall be conducted within a continuous 72-hour period. The *Department* reserves the right to require that such test be conducted in the presence of *Department* representatives, and to conduct its own operational readiness testing.
 - (C) The recertification test shall compare the results with those of the original commissioning test to determine whether there has been any degradation in system performance. If the *ARC system* fails to meet or exceed the applicable radio coverage performance standards, the system shall be repaired or upgraded to achieve such standards.
 - (D) *ARC system* components, including each of the components listed on Table 1, shall be inspected and tested to confirm that the system components are in good working order and are continuing to operate as designed. Any system component impairing *ARC system* operation or reliability shall be repaired or replaced prior to submission of recertification results.
 - (E) Successful recertification test results shall be submitted to the *Department* in connection with the application for *permit* renewal in such form and manner as the *Department* may prescribe.
- (5) **Department-ordered testing and demonstrations.** Upon reasonable notice to the *owner*, the *Department* may order a test of an *ARC system* to confirm that it is in good working order or to familiarize *Department* personnel with use of such system.

(h) **Out-of-service systems.** The following actions shall be taken to mitigate the consequences of any *ARC system* that is not fully functional, whether as a result of planned removal from service for maintenance, repair or construction, or an unplanned malfunction affecting system operation.

- (1) **Impairment coordinator.** The *owner* shall designate an *impairment coordinator* to take the actions required by this section when an *ARC system* is out of service. In the absence of a specific designee, the *owner* will be considered the impairment coordinator.
- (2) **Planned removal from service.** The *impairment coordinator* shall be made aware in advance of any planned removal from service of an *ARC system* for maintenance, repair or construction. The *impairment coordinator* shall authorize the removal of the *ARC system* from service. Before authorizing removal of the system from service, the *impairment coordinator* shall:
 - (A) determine the extent and expected duration of the out-of-service condition;
 - (B) maintain the system in service until the maintenance, repair or construction work is ready to begin;
 - (C) place an impairment tag indicating the nature of the out-of-service condition at the dedicated radio console, fire command center or other approved location indicating that the *ARC system* is out of service; and
 - (D) notify the *Department* as set forth in R511-01(h)(4).
- (3) **Unplanned out-of-service condition.** Any person who becomes aware that an *ARC system* is out of service for any reason other than a planned removal from service must, upon becoming aware of the out-of-service condition, notify the *owner*, the *impairment coordinator* or, if such persons are not known or not available, any person in charge of the premises of such condition. The *owner* or *impairment coordinator* shall promptly act to address the out-of-service condition in accordance with the procedures set forth in R511-01(h)(2)(A), (C) and (D).
- (4) **Notification of Department.** Pursuant to FC107.1, *ARC systems* shall be continuously maintained in good working order. Notification shall be made to the *Department* of any condition impairing the operational readiness of the *ARC system*, including complete or partial system failure or loss of radio coverage in one or more areas of the building, when the system is not restored to service within 48 hours. Such notification shall be made by calling the telephone number set forth in FC401.2.2 for the borough in which the *ARC system* is located, and shall include the information set forth in FC901.7.5.3 as it relates to the out-of-service condition affecting the *ARC system*. Notification shall not be made for conditions that do not presently affect the operational readiness of the system, such as warning signals of the need for future servicing.
- (5) **Restoring system to service.** When the *ARC system* has been repaired and restored to service, the impairment coordinator shall:
 - (A) verify that all inspections and tests required by law, rule, regulation or Referenced Standard, including Annex O of NFPA Standard 1, have been conducted to confirm that the system has been restored to good working order;
 - (B) if notification was required to be made to the *Department* pursuant to R511-01(h)(4), notify the *Department* that the system has been restored to good working order; and
 - (C) remove impairment tags.
- (i) **Recordkeeping.** A logbook or other *approved form* of recordkeeping for the maintenance of the *ARC system* shall be maintained for a period of six (6) years, together with a complete copy of test results and other documentation of *ARC system* maintenance. The logbook shall include entries for the following maintenance requirements:
 - (1) Commissioning test results, as required by R511-01(f)(2);
 - (2) Daily inspection of the system status, as required by R511-01(g)(2);
 - (3) Annual certification test results, as required by R511-01(g)(3);
 - (4) Five-year recertification test results, as required by R511-01(g)(4);
 - (5) Planned removals from service for maintenance, repair or alteration of the *ARC system*, including the extent and duration of any removal and related notifications to the

Department ; and

(6) Unplanned out-of-service conditions, including a description, extent and duration of any system malfunction, corrective actions taken, and related notifications to the Department.

(j) **Lawfully Existing In-Building Radio Communication Systems.** Notwithstanding the provisions of this section, the operation of an in-building radio communication system that was approved for installation by the *Department of Buildings* and/or the *Department* prior to December 31, 2014, and that was designed to enhance *Department* communications in a manner similar to an *ARC system*, may be continued under the following circumstances and subject to the following requirements:

(1) **Prior approval.** Such system must have been approved for installation by the *Department of Buildings* and/or the *Department* prior to January 1, 2015.

(2) **Applicable standards.** Such system shall be operated and maintained in compliance with the *design and installation documents* and standards under which such system was approved, and the following requirements:

- (A) **Permit.** A permit shall be obtained for such system.
- (B) **Use of City frequencies and compliance with FCC regulations.** A written agreement with the City of New York for use of *Department* frequencies shall be executed and such system shall be operated and maintained in compliance with R511-01(d)(1), (2), (4), (5) and (6).
- (C) **Supervision.** Operation of such system shall be supervised in accordance with R511-01(d)(6).
- (D) **Radio coverage.** A commissioning test shall be conducted in accordance with Section R511-01(f)(2) within one (1) year from [EFFECTIVE DATE OF THIS SECTION], and an *ARC system* company certificate holder shall submit such results to the *Department*. Any such system that fails to meet or exceed the radio coverage performance standards set forth in R511-01(f)(1) shall be upgraded to meet or exceed such standards, or an application made to the *Department* for approval of appropriate mitigation measures to address gaps or other deficiencies in radio coverage. Such measures may include signage in building lobbies and/or in areas of the building in which such gaps exist.
- (E) **Operational and maintenance requirements.** Such systems shall be operated and maintained in accordance with R511-01(g), (h) and (i).

3 RCNY 511-01

Table 1

Commissioning Test and Periodic Maintenance Requirements for In-Building Auxiliary Radio Communication Systems

ARC System Component/System Malfunction
<i>Dedicated Radio Console</i>
Control unit
Lamps and LEDs
Radio desk-set
Audio levels
Control levels
<i>Base Station</i>
Wireless signals
Transceivers
System performance
Radio ID pass-through
Emergency alert pass-through
<i>Base Station Failure Monitoring</i>
Low transmit power
Over temperature
High voltage standing wave ratio
Loss of alternating current (AC) or primary power source on the base station
Low battery capacity

Antenna failure
Signal amplification
Tamper switch
<i>Antenna Systems</i>
Amplifiers
Antennas
<i>Power Supply</i>
Primary (main) power supply
Engine-driven generator
Secondary (standby) power supply
Uninterrupted power supply (UPS)
<i>Battery Tests</i>
Primary battery performance test
Secondary battery/batteries performance test

§2. Subdivisions (a), (d), and (f) of Section 115-01 of Title 3 of the Rules of the City of New York are amended by amending subdivision (a) and adding a new paragraph eight to subdivision (d) and a new paragraph four to subdivision (f) to read as follows:

§ 115-01 Company Certificates

(a) Scope. This section sets forth standards, requirements and procedures for issuance of company certificates, including blasting contractor, central station, commercial cooking exhaust system servicing, fireworks contractor, fumigation and [thermal] insecticidal fogging operation, portable fire extinguisher sales, portable fire extinguisher servicing, pyrotechnic supplier [and], smoke detector maintenance company certificates *and ARC system testing*.

* * *

(d) Special Qualifications. In addition to general qualifications set forth in R115-01(c), applicants for the following company certificates shall possess and satisfactorily demonstrate to the *Department* that the company, its principals and officers, possess the following qualifications:

* * *

(8) *ARC system* testing company certificates.

(A) One (1) or more principals or officers of the company shall hold a General Radiotelephone Operator License issued by the FCC pursuant to 47 CFR Part 90.

* * *

(f) Special Application Requirements. In addition to the general application requirements set forth in R115-01(e), applications for the following company certificates shall include the following information and documentation:

* * *

(4) *ARC system* testing company certificates. Application for such a company certificate shall include:

(A) a list of the *ARC systems*, or other in-building radio communication systems, installed and/or tested by the company, its principals or officers, in the three-year period prior to the date of filing, including the addresses of the buildings in which such systems were installed and/or tested and the dates of such installation and/or testing;

(B) documentation of any enforcement action taken by FCC or other governmental authority with respect to an FCC General Radiotelephone Operator License or other radio communication-related license or permit held or formerly held by any principal or officer of the company in the five-year period prior to filing;

(C) a request, in a form approved by the *Department*, for *Department* approval to purchase two (2) or more portable radios of the type utilized by *Department* personnel, and for *Department* programming of such portable radios to operate on radio frequencies licensed

by the FCC to the City of New York, solely for purposes of the company certificate holder's testing of ARC systems; and

- (D) A written agreement, executed by a principal or officer of the company, in the form specified by the Department, that sets forth terms and conditions for use, by the company and its personnel, of portable radios that operate on Department frequencies, including compliance with FCC regulations and other applicable laws, rules and regulations, and the authority of the Department to direct the company and its personnel to immediately discontinue operating on the frequencies and to submit the company's portable radios to the Department for removal of Department programming.

§3. Subdivision (c) and item 24 of subdivision (e) of Section 4601-01 of Title 3 of the Rules of the City of New York are amended to read as follows:

- (c) Certificate Fees (FC A01). [Reserved] FCA01.1 is amended to read as follows:

* * *

16. ARC system testing company certificate

Table with 2 columns: Description and Amount. Rows include Original application (\$105.00), Renewal application (\$50.00), Original portable radio programming (per radio) (\$75.00), and Portable radio inspection (per radio) (\$75.00).

- (e) Permit, Inspection and Plan Examination Fees (FC A03). [Reserved] FC A03 is amended to read as follows:

* * *

24. [Fire department in-building] In-building auxiliary radio communication systems and other in-building radio communication systems

To maintain and operate an in-building auxiliary radio communication system or other in-building radio communication system

Table with 2 columns: Description and Amount. Row includes Original application (including acceptance testing) \$105.00, plus \$50.00 per building floor included in application.

Renewal application \$105.00

OFFICE OF THE MAYOR

NOTICE

MAYOR'S OFFICE OF CITYWIDE EVENT COORDINATION AND MANAGEMENT

STREET ACTIVITY PERMIT OFFICE

NOTICE OF ADOPTION

Subject: Notice of final rulemaking relating to amendment to impose one-year moratorium on new events, restrict activities in the area of Time Square and change submission deadlines for special event applications.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Office of Citywide Events Coordination and Management by Executive Order No. 105 of 2007, and in accordance with Section 1043 of the Charter, that the Office of Citywide Events Coordination and Management proposes to amend Chapter 1 of Title 50 of the Official Compilation of Rules of the City of New York relating to street activity permits. This rule proposal was not included in the regulatory agenda because it was not contemplated at the time of publication of the regulatory agenda.

Notice regarding a public hearing about the amendment was first published on October 20, 2015, with the agency accepting comments until November 23, 2015. The agency was prepared to make available for public inspection all written and oral comments it received on the matter, within a reasonable time after receipt, between the hours of 9:30 A.M. and 4:30 P.M. at the Office of Citywide Events Coordination and Management, 100 Gold Street, 2nd Floor, New York, NY 10038. A total of 10 comments were submitted – either at the public hearing or through other means (regular mail and the NYC Rules website).

This amendment will take effect 30 days from publication in the City Record.

Statement of Basis and Purpose of Rule

The Mayor's Office of Citywide Events Coordination and Management (OCECM), which oversees the Street Activity Permit Office (SAPO), administers New York City's permit system for street activities, block parties and fairs.

Each year SAPO issues permits to over 200 street fairs and over 5,000 other events, most of which include the use of multiple blocks over several days, the erection of structures, the vending of food, apparel and other goods and the use of amplified sound and the performance of music. Events like these require additional police officers which increases overtime costs to the City. These events also divert police officers from core crime-fighting, public-safety and counter-terrorism duties.

To more effectively deploy police resources and control overtime costs, the New York City Police Department has requested that SAPO exercise its discretion temporarily to deny permits for additional events scheduled for calendar year 2016. The proposed rules will authorize SAPO to deny permits to these events if the event was not held in the calendar year 2015. Events that received permits in calendar year 2015 will be eligible to receive permits again in calendar year 2016 so long as the required fees are paid and there were no violations of the 2015 permit.

The Police Department has also requested that SAPO permits be restricted for block closures on side streets in the Times Square area during ongoing construction, which has had a significant impact on traffic in an already congested area.

In light of the need to effectively deploy police resources and control overtime costs articulated above and the desire to allow opportunities for new street fairs, during calendar year 2016 OCECM will explore options for reallocating the distribution of street fairs during the 2017 calendar year.

In addition, in order to permit adequate time for review, the deadline for applications for special events is being changed from 10 business days to 30 days. Additional timing allows all parties for proper planning of resources in a more timely manner. In response to comments received at a public hearing held on November 23, 2015, the 10 business day deadline will continue to apply to extra small and small special events that occupy sidewalk and curb lanes only. Extra small and small events do not require street closures and demand less processing and coordination of City resources and that will be reflected in the maintenance of the 10 business day deadline for these events.

SAPO authority for these rules is found in section 1043 of the New York City Charter and Executive Order No. 105 of 2007.

New material is underlined.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Section 1-03(d)(4) of Chapter 1 of Title 50 of the Rules of the City of New York is amended to read as follows:

- (4) Charitable, commercial or promotion, or civic event application must be submitted [10 business] 30 days prior to the event date, except applications for extra small and small events that occupy sidewalk or curb lanes only which must be submitted 10 business days prior to the event date.

§ 2. Section 1-05(d) of Chapter 1 of Title 50 of the Rules of the City of New York is amended to read as follows:

- (d) For the calendar year [2015] 2016, the Director will deny applications for street activity permits for street fairs not held in the calendar year [2014] 2015.

§ 3. Section 1-05 of Chapter 1 of Title 50 of the Rules of the City of New York is amended to add a new subdivision e to read as follows:

- e) The Director will deny applications submitted for street activity permits for any street fair, block party or other street activity requiring closure of a street located between 42nd Street and 50th Street and between 6th Avenue and 8th Avenue in the borough of Manhattan. The Director must make reasonable efforts to find alternative locations for street fairs, block parties, and other street activities that took place in this area during calendar year 2015.

■ NOTICE

In accordance with Section 232 of the City Charter, the following table represents estimates of New York City's Debt-Incurring Power as of July 1, 2015 and each of the three ensuing fiscal years

(\$ in millions)

	July 1, 2015	July 1, 2016 ^a	July 1, 2017 ^a	July 1, 2018 ^a
Gross Statutory Debt-Incurring Power	\$85,184	\$89,694	\$94,085	\$98,598
Actual Bonds Outstanding as of July 1, 2015 (net) ^b	40,116	37,916	35,637	33,389
Plus New Capital Commitments ^c				
FY 2016		8,176	8,176	8,176
FY 2017			8,957	8,957
FY 2018				8,176
Less: Appropriations for General Obligation Principal	(2,218)	(2,303)	(2,278)	(2,224)
Incremental TFA Bonds Outstanding Above \$13.5 billion	11,988	11,310	10,562	9,699
Subtotal: Net Funded Debt Against the Limit	\$49,886	\$55,099	\$61,054	\$66,173
Plus: Contract and Other Liability	7,542	7,542	7,542	7,542
Subtotal: Total Indebtedness Against the Limit	\$57,428	\$62,641	\$68,596	\$73,715
Remaining Debt-Incurring Power within General Limit	\$27,756	\$27,053	\$25,489	\$24,883

a FYs 2017 through 2019 debt limits are based on the New York City Comptroller's Office's forecast of assessed value and related full market value of real property estimates.

- b Net adjusted for Original Issue Discount, Capital Appreciation Bonds, GO bonds issued for the water and sewer system, and Business Improvement District debt. The \$40.12 billion is derived from the \$40.46 billion GO total minus \$340 million of the aforementioned adjustments.
- c Reflects City-funds capital commitments as of the FY 2016 Adopted Capital Commitment Plan (released in September 2015) and includes cost of issuance and certain Inter-Fund Agreements. In July 2009, the State Legislature included future debt of the TFA Future Tax Secured bonds under the general debt limit; thus City-funds capital commitments will be funded by the TFA as well.

Note: The Debt Affordability Statement released by the City in June 2015 presents data for the last day of each fiscal year, June 30th, instead of the first day of each fiscal year, July 1, as reflected in this table. The City's Debt Affordability Statement forecasts that indebtedness would be below the general debt limit by \$19.5 billion at the end of FY 2016.

SANITATION

AGENCY CHIEF CONTRACTING OFFICER

SOLICITATION

Human Services/Client Services

NOTICE OF INTENT TO ENTER INTO NEGOTIATED ACQUISITION SCALE DATA SYSTEM AND MAINTENANCE (FY16-FY20) - Negotiated Acquisition - Available only from a single source - PIN#82716SW00019 - Due 12-31-15 at 11:00 A.M.

The AMCS Group Inc. will provide scale data readings at DSNY waste receiving facilities as well as third-party vendor locations that accept DSNY waste. This system streamlines invoicing and provides accurate verifiable information for this purpose. DSNY and its vendors have invested in this system to improve efficiency in the recyclables processing and Municipal Solid Waste export contractor programs. Please contact Reina Beza at rbeza@dsny.nyc.gov for your expression of interest

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Sanitation, 44 Beaver Street, Room 203, New York, NY 10004. Kirk Eng Phone: (212) 437-5048
