AT A MEETING OF THE BOARD OF HEALTH of the Health Department of the City of New York, held at its office, on the 16th day of January, 1877, the following resolutions were adopted:

Resolved, That section 166 of the Sanitary Code be and the same is hereby amended by adding thereto the following, viz.:

DEPARTMENT OF DOCKS.

DEPARTMENT OF DOCKS,
117 AND 119 DUANE STREET,
NEW YORK, January 29, 1877.

TO CONTRACTORS.

PROPOSALS FOR FURNISHING GRANITE STONES FOR BULKHEAD OR RIVER WALL.

SEALED PROPOSALS FOR FURNISHING THIS material, indorsed as above, and addressed to "Salem H. Wales, President of the Department of Docks," will be received at this office, until 11 o'clock A. M., of Friday, 9th February, 1877, at which time and place the bids will be publicly opened by the head of said Department and read. The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of four thousand dollars.

The Engineer's estimate of the work to be done is as follows:

To be furnished cut in accordance with specifications: 695 pieces of granite, consisting of 347 Headers and 348 Stretchers, containing about 15,200 cubic feet.

For further particulars see drawings in the office of the Engineer-in-Chief.

The time allowed for the completion of the contract is to the first day of August, 1877, and a penalty of fifty dollars per day, as liquidated damages, will be exacted for each day that the contract may be unfulfilled, after the said time has expired, Sundays and holidays not to be excepted.

Bidders will state in their proposals the price per cubic foot of the stone to be furnished in conformity with the annexed specifications, by which the bids will be tested. This price is to cover the expenses of freight, loading and unloading, and all other expenses necessary for the complete performance and fulfillment of the contract.

Bidders will write out the amount of their estimate for doing this work, in addition to inserting the same in figures.

Should the lowest bidder or bidders neglect or refuse to accept this contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their proposals their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the proposal shall distinctly state that fact; also that the bid is made without any connection for the same material, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said

person or persons would be entitled on its completion, and that which the Corporation may be obliged to pay to any higher bidder to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by section 27, of chapter VIII, of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person for whom he consents to become surety. The adequacy and sufficiency of the sureties offered are to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment for the material, can be obtained upon application at the office of the Department, Room No. 6.

IRON BRIDGE OVER HARLEM RIVER.

PROPOSALS, IN SEALED ENVELOPES, WILL be received at the office of the Department of Public Parks, 36 Union Square, New York City, until Wednesday, the 28th day of February, 1877, at the hour of half past nine o'clock A. M., when they will be publicly opened by the head of the said Department and read—

For building an iron bridge, and its piers and appurtenances, in the City of New York, across Harlem river, from One Hundred and Thirty-eighth street, in the Twenty-third Ward, to a point near the intersection of One Hundred and Thirty-ninth street and Madison avenue.

The Engineer's estimate of the work to be done, and on which the bids will be tested, is as follows, viz.:

ESTIMATE OF QUANTITIES OF WORK TO BE DONE, AND MATERIALS TO BE FURNISHED.

- 576,300 feet, board measure, of hard pine lumber for piles.
- 63,000 feet, board measure, of hard pine lumber for floors laid.
- 20,000 feet, board measure, of spruce lumber for floors laid.
- 240 piles to be driven.
- 1,012,000 lbs. cast-iron, in cylinders and caps, and wrought-iron bolts and nuts for connecting the cylinders.
- 65,400 lbs. cast-iron in drum and supports of draw and bridges, including all cast-iron connected with the trusses.
- 53,500 lbs. wrought-iron in the drum of the draw, and the supports of the bridges and draw, and the bolts, nuts, and washers of the piles, and the frame of the crab, and of steel in the rails of the circular tracks of the draw, including all wrought-iron, excepting what is included in items e and f of this estimate.
- 14,100 lbs. of cast-iron in the wheels and gearing of the draw.
- 400 cubic yards of concrete.
- 410,000 lbs. of wrought-iron in the trusses, flooring, and bracing of the draw, and of the side-fixed spans, exclusive of spikes and nails in the flooring.
- 1,000 lbs. of steel on the supporting pins of the draw and washers of the pivot.

These quantities are considered as approximate, and any variation from them will not entitle the contractor to any claim for extra time in the completion of the work, or to any other claim for damages, if the quantities of work should prove to be greater or less than here estimated, and the Department of Public Parks expressly reserves the right of increasing or diminishing the said quantities, as the Engineer may deem necessary.

Each proposal must state, both in figures and in writing, a price for each of the above-named items, which prices are to cover the whole cost of the work.

The time allowed for completion of the whole work is six months from the date of the contract to be executed herefor.

No proposal will be received which contains prices for other items than those above mentioned.

No proposal will be considered unless accompanied by the consent, in writing, of two responsible householders or freeholders of the City of New York, their respective places of business or residence being named, to the effect that they will become bound as sureties in the sum of fifty thousand dollars, for the faithful performance of the contract, should it be awarded upon that proposal, and that if the said person or persons making the proposal shall omit or refuse to execute said contract, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting.

Each proposal must state the name and place of residence of the person making the same; the names of all persons interested with him therein; that it is made without collusion with any other person making an estimate for the same work; and that no member of the Common Council, head of a Department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The Department reserves the right to reject any or all proposals. Proposed sureties must verify their consent by affidavit.

Forms of proposals may be obtained, and the terms of the contract (including the specifications), settled as required by law, seen at the office of the Secretary, as above.

Proposals must be addressed to the President of the Department of Public Parks, and indorsed "Proposals for the Iron Bridge, Harlem river," and shall also be indorsed with the name or names of the person or persons presenting the same and the date of presentation.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year.
