By Alderman Wells—
Remonstrance of residents of the Twenty-third and Twenty-fourth Wards against removing the railroad tracks from Harlem Bridge:

To the Honorable the Board of Aldermen:

We, the undersigned citizens of the Twenty-third and Twenty-fourth Wards, beg leave respectfully to represent that we do not sympathize with the attempt made by certain agitators in our midst to work a wrong to the Harlem Bridge, Morrisania and Fordham Railway, and we do especially oppose that feature of their antagonism which goes so far as to request you to revoke the privilege granted to said company to run its cars across Harlem Bridge, unless the company shall reduce its fare to five cents.

The revocation of the privilege to cross the Harlem Bridge in the horse cars would have the effect of depopulating these wards, and would recoil with lasting disgrace upon all who advocate such an insane proceeding. Since the cars have crossed the bridge, beginning with May, 1879, there has been an unexampled demand in these wards for tenements, which were previously unoccupied, and real estate, which was previously unsalable at any price, is now active and much sought after. To deprive the people of these wards of the great accommodation now realized in making that close connection with the Elevated Railroads which our horse railroad now affords, would have the effect to drive from our midst all those families who have recently been attracted to live in this locality and depreciate the value of real estate fully twenty-five per cent.

We would all be glad to ride at five cent fare, and do not doubt but that ere long we shall be able so to do; but we do not desire to reach that point in the highway robbery style which seems to actuate those engaged in the present foray against the horse railroad company. That company has patiently borne with untold hardships, has bravely faced years of unprofitable work, has endured frightful expenditures in the frequent changing of the grades of the avenue upon which it is laid, and until last year the road has never paid a cent of dividend to its stockholders, while its rails by constant wear now need to be almost entirely renewed. We have some sense of gratitude for the great accommodation the horse railway has been to us during all these seventeen years when it was run at a loss to its stockholders; and we feel confident that the company, by its years of experience, knows best how to manage its own business, while we are assured that as soon as it finds itself in a financial position to warrant a reduction of its fare it will do so; the best evidence of its disposition so to do, is the voluntary reduction during the past two or three years of its fare from ten cents to six cents on the Fordham avenue line, and from ten cents to eight cents on the West Farms branch.

The present antagonism to the horse railway is not only unwarranted, but is exceedingly unjust as well as injudicious, and we earnestly hope that your Honorable Body will not permit your minds to be influenced to work so great a wrong to the community, as would a compliance with the very inconsiderate petition which has been worked up in an underhanded way, and presented to you in so surreptitious a manner.

All of which is respectfully submitted.

By Alderman Wells—

Whereas, On the 12th day of December, 1882, the Common Council adopted a resolution directing the Manhattan Elevated Railway Company, without delay, to cause the stairways and platforms leading to it station at Third avenue and One Hundred and Twenty-ninth street, "to be covered, in order to afford proper and much needed protection, particularly in inclement weather, to those of our citizens who travel on said road"—which said resolution was approved by the Mayor December 16, 1882; and

Whereas, The said Manhattan Elevated Railway Company, in total disregard of the direction so given, has failed to cover said stairways and platforms, and as a consequence one of our citizens was fatally injured at this station on the first instant, and one or more have since been severely injured since that date; be it therefore

Resolved, That the attention of the District Attorney be and is hereby called to the subject, and that he be and is hereby requested to ascertain the facts in the cases of fatal and other injuries to individuals at the station named, and that he causes the evidence to be presented to the Grand Jury with a view to the indictment of the derelict officers of said Manhattan Railway Company; and be it further

Resolved, That the resolution above referred to, approved December 16, 1882, be amended by adding thereto the following: "And in the event of neglect or refusal on the part of said company to comply with the provisions of this resolution for a period of sixty days, the officers of the said company shall respectively be deemed guilty of a misdemeanor, and on conviction thereof before any magistrate, shall incur a penalty of one hundred dollars for each day such neglect or refusal shall continue, and in default of payment thereof shall be punished by imprisonment for a period of not more than ten days for each day such violation of the provisions of this resolution shall continue."

By Alderman Sheehy—

Whereas, In order to meet the constantly-increasing wants of the commercial interests of the city, it will become necessary, in the opinion of this Board, in the immediate future, to have more extended terminal facilities along the East river water-front, not only to protect the growing trade of that part of the city, but also to afford relief to the crowded condition of the North river water-front, by transfer to berths on the East river, of the extensive shipping, both steam and sail, which passes through the Sound; and

Whereas, Plans for the permanent improvement of said East river water-front north of the foot of Grand street have not as yet been adopted by the Department of Docks and the Commissioners of the Sinking Fund, in conformity with the provisions of law; therefore,

Resolved, That the said Department of Docks and the said Commissioners of the Sinking Fund are hereby respectfully requested to prepare, agree upon and approve, as soon as practicable, such a plan for the permanent improvement of the East river water-front of the city from Grand street northerly to Eighty-sixth street, as may provide for a wide river or exterior street, similar to that now being constructed upon the North river water-front, and for improved and suitable wharf and pier accommodations for trade and shipping.

Resolved, That this Board is of the further opinion that all citizens engaged in commerce and trade, as well as all those fostering moneyed interests, realize the necessity for immediate action in the improvement of the said section of the East river water-front; and will not only sanction the work and necessary expenditure therefor, but are disposed to urge the city authorities to proceed with it as soon and as rapidly as possible.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

By the same—

Resolved, That the time be extended to the Committee on Streets, of this Board, to continue their investigation on steam-heating.

The President put the question whether the Board would agree with said resolution.

PETITIONS RESUMED.

By Alderman M. Duffy—

Petition of George W. Rogers for permission to construct a bay-window on house about to be erected on the northeast corner of Fourth avenue and One Hundred and Twenty-third street.

Which was referred to the Committee on Fire and Building Departments.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, February 3, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted January 23, 1883, permitting Sarah Sullivan to erect a stand in Burling Slip, from which it was proposed to sell coffee, cakes, etc. It is understood that this stand was to be a small one-story building in the centre of the square.

Upon investigation it is learned that the signers of the petition asking this permission are not residents of the vicinity in question, and that the occupants of the buildings on the square known as Burling Slip know nothing of the proposed resolution. It is ascertained further, that a few years ago

on the urgent appeal of some residents of Burling Slip, the Department of Public Works compelled the removal of stands or booths from that locality.

I therefore believe that it would be unwise and inconsistent to grant the desired permission.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to Mrs. Sarah Sullivan to erect a stand in Burling Slip, for the sale of coffee, cakes, etc.; such permission to remain only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, February 3, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted January 23, 1883, permitting Michael D. Fitzpatrick to erect a stand for the sale of oysters in front of No. 507 Third avenue.

I find upon investigation that this stand is to be located under the stairs of the elevated railroad station in precisely the same place from which it was, on complaint, removed by the Department of Public Works the 18th of January.

It therefore seems to me that permission to re-establish the stand should not be granted, at least until a better understanding is reached as to whether or not the said stand is likely to prove a source of public annoyance.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and is hereby given to Michael D. Fitzpatrick to erect a stand for the sale of oysters in front of premises No. 507 Third avenue, he, the said Michael D. Fitzpatrick, having obtained the consent of the owner of the property known as No. 507 Third avenue, as also the lessee William Stacom, said privilege to exist during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes, and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, February 5, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted 30th January, 1883, asking that the lamp-post and lamp at the northeast corner of Madison avenue and Sixtieth street be removed twenty-five feet northerly from its present location, and also asking that two lamp-posts and lamps be placed in front of the Central Methodist Episcopal Church.

I am informed that the lamp-post and lamp, the removal of which is contemplated in the resolution, is now in its proper and regular place; being on the corner it serves to light both the street and the avenue, and so affords the means to passers-by to ascertain the location. Should it be removed, as proposed, another lamp to light Sixtieth street would be required, thereby entailing an additional continuous expense upon the city.

By the provisions of the general ordinance, the Commissioner of Public Works has power to place two lamp-post in front of churches without special authority.

FRANKLIN EDSON, Mayor.

Resolved, That the lamp-post and lamp at the northeast corner of Madison avenue and Sixtieth street be removed twenty-five feet northerly from its present location, and be placed in front of the Sunday School of the Central Methodist Episcopal Church, and that two lamp-posts and lamps be placed in front of said church, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

(Alderman Cochrane was here called to the chair.)

REPORTS.

The Committee on Public Works, to whom were referred the annexed resolution and ordinance to regulate, grade, curb, gutter and flag Ninety-first street, from the Ninth avenue to the Boulevard, respectfully

REPORT:

That an investigation of the subject has convinced your Committee that some object, other than the accommodation of the public, prompted the introduction of the resolution in question. This is apparent at a glance, as the proposed regulating, grading, etc., is not asked for by any owner of property on the line of the street, or in fact by any person interested in the work; the street is not regulated east of the Ninth avenue or west of the Boulevard, and as there is not a single residence on the line of the street, and as Ninety-second street is a public thoroughfare, from the Eighth avenue to the Boulevard, it is clear that the proposed work is, at least, premature, and no public good can be served by imposing, at this time, the heavy cost of the improvement upon the unproductive property to be assessed for the work.

Your Committee have learned that other attempts have been heretofore made to force this measure in the Common Council, and the persistence with which it is annually introduced, in the absence of any public necessity for the work, leads irresistibly to the conclusion that some ulterior object is sought to be obtained by its passage. When it appears that any owner of property desires the opening or regulating and grading, it will then be ample time to authorize the work to be done, or when it becomes apparent that any public necessity exists for opening the street to public travel, it will then be the duty of the Common Council to give the necessary order for the performance of the work.

No such contingency has as yet arisen, and your Committee therefore are averse to reporting for your favorable consideration a resolution and ordinance providing for the performance of any work of this character, not called for by any public necessity and not asked for by those interested directly in the measure, and upon whom the cost of the work will fall, without any corresponding benefit.

Your Committee therefore respectfully recommend that the said resolution and ordinance be not adopted, that they be discharged from the further consideration thereof, and that the papers be placed on file.

The Committee on Markets, to whom was referred the annexed resolution, authorizing the Commissioner of Public Works to erect a new building for market purposes, on the ground now occupied by the Washington market, respectfully

So much has been said and written on the subject of rebuilding Washington market, that anything your Committee could say, in favor of the measure, would be simply supererogatory. Resolved, That the Commissioner of Public Works be and he is hereby directed to erect a new building for market purposes on the ground now occupied by Washington market, making provision for temporary stands or accommodations for the use of the present stand-holders during the erection of the new building; the expense thereof to be paid out of and not to exceed such sum or sums as have been appropriated or may hereafter be appropriated by the Board of Estimate and Apportionment for that purpose; and be it further

Resolved, That all persons now occupying stands in said market, whose business will be interfered with, during the erection of the new market building, shall be provided with temporary stands or stalls, to be located in Vesey and adjacent streets, until the completion of the new market building, when the stands, or the space now so occupied by them, shall be restored to them respectively.

ALGERNON S. SULLIVAN,

Which was ordered on file.

The President pro tem. laid before the Board the following communication from the Counsel to the Corporation :

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION, }
NEW YORK, January 31, 1883.

FRANCIS J. TWOMEY, Esq., Clerk of the Common Council :

SIR—I duly received a copy of the following resolution, adopted by the Common Council on the 16th instant, and approved by his Honor the Mayor on the 17th instant.

"Whereas, His Honor the Mayor, on the 30th of December, 1882, after the final adjournment of the Board of Aldermen, filed with the Clerk of the Common Council several communications purporting to return without his approval certain resolutions adopted by the Board of Aldermen at previous meetings; and

"Whereas, By reason of said final adjournment said objections of his Honor the Mayor were not presented at a meeting of the Board of Aldermen within the time specified by section 10 of chapter 335, Laws of 1873, nor have the same been 'entered at large in the Journal' as required by section 12 of said act; be it, therefore,

"Resolved, That the Counsel to the Corporation be and he hereby is requested to inform this Board at its next meeting whether the aforesaid communications are valid vetoes of the accompanying resolution, and whether said resolutions do not now 'take effect as if he (the Mayor) had approved' them, as provided in section 11, chapter 335, Laws of 1873."

Section 10, chapter 335 of the Laws of 1873 is as follows: "The Mayor shall return such ordinance or resolution to the Board within ten days after receiving it, or at the next meeting of the Board after the expiration of said ten days." I am of opinion that no ordinance or resolution of the Board of Aldermen can become law merely because of the failure of the Mayor to make known his disapproval until after the "final adjournment" of that body.

Pursuant to this section, the Mayor has ten days of the lifetime of the Board in which to act; therefore, if any of the resolutions referred to by you in your communication had not, as a matter of fact, been submitted to him for that length of time, when the last sitting of said Board terminated on the 30th of December, 1882, they are of no force and effect, and have failed.

But such of said ordinances or resolutions, if any, as were before the Mayor, duly certified, for the full period of ten days, when the said "final adjournment" took place, without written objections by said officer, are to be treated as if they had received his "approval," and have taken effect accordingly.

In my judgment it is not necessary, in order that the Mayor's failure to approve should, in the case you present, operate as a "veto," that his objections should be first "entered at large in the journal" of the Board. His failure to approve a resolution, if the same be returned at any time

within the last ten days of the Board's existence, must have the effect of veto. The old Board could not reconsider the matter, unless they had ten days thereafter in which to act; for it is necessary that a veto should lie on the table ten days before action can be had thereon by the Board. The new Board cannot act, because all unfinished business of the old Board is dead with it.

I am, sir, yours, respectfully,

GEORGE P. ANDREWS, Counsel to the Corporation.

Which was ordered on file.

The President pro tem. laid before the Board the following communication from the Department of Health:
