BOARD OF ESTIMATE AND APPORTIONMENT

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,
MAYOR'S OFFICE, CITY HALL,
MONDAY, June 19, 1893, 12 o'clock M.

The Board met in pursuance of the following call:

OFFICE OF THE MAYORALTY,
EXECUTIVE DEPARTMENT—CITY HALL,
NEW YORK, June 12, 1893.

In pursuance of the authority contained in the 189th section of the New York City Consolidation Act of 1882, and chapter 106, Laws of 1893, a meeting is hereby called of the Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and the Counsel to the Corporation, constituting a Board of Estimate and Apportionment, to be held at the office of the Mayor, on Monday, June 19, 1893, at 12 o'clock M., for the purpose of transacting such business as may be brought before the Board.

THOS. F. GILROY, Mayor.

INDORSED:

Admission of a copy of the within as served upon us this 12th day of June, 1893.

THOS. F. GILROY,
Mayor;
THEO. W. MYERS,
Comptroller;
GEO. B. MCCLELLAN,
President of the Board of Aldermen;
E. P. BARKER,
President of the Department of Taxes and Assessments;
WM. H. CLARK,
Counsel to the Corporation.

Present—Thomas F. Gilroy, the Mayor; Theodore W. Myers, the Comptroller; George B. McClellan, the President of the Board of Aldermen; Edward P. Barker, the President of the Department of Taxes and Assessments; William H. Clark, the Counsel to the Corporation.

The minutes of the meeting held June 1, 1893, were read and approved.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment:

On May 24, 1893, the Aqueduct Commissioners adopted a resolution requesting the approval of the Board of Estimate and Apportionment to their action in accepting the offer of \$450 for 1.673 acres of land at Brewster, Putnam County, N. Y., from the owner, John R. Yale, through his attorney, Abram J. Miller. The matter was presented to this Board on June 1, 1893, and referred to the Comptroller.

The subject has been examined by the Engineer of the Finance Department, at my direction; it appears that the acquirement of the property is necessary, the property having been taken for the tunnel connecting the Sodom and Bog Brook Reservoirs, and also that the price agreed upon is reasonable and just.

The following resolution is accordingly offered for adoption.

Respectfully,
THEO. W. MYERS, Comptroller.

Resolved, That the Comptroller be and hereby is authorized to pay the sum of four hundred and fifty dollars to John R. Yale for one and six hundred and seventy-three one-thousandths acres of land situated in Brewster, Putnam County, N. Y., known as Parcel No. 15a on the map herewith, upon the proper vouchers of the Aqueduct Commission.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment:

At the meeting of this Board on June 1, 1893, there was presented by the Aqueduct Commissioners and referred to the Comptroller a resolution adopted by the Aqueduct Commissioners at a stated meeting held May 24, 1893, certifying that it was necessary for the City to acquire title in fee simple to two parcels of land having together an area of thirty-five one-thousandths of an acre, situated in Brewster, Putnam County, N. Y., and belonging to Martha M. Crosby. The land has been used and occupied for the purposes of the Commission in the construction of the tunnel connecting the Sodom and Bog Brook Reservoirs, and the acquirement of the two small parcels is deemed necessary at the price of \$50, agreed upon with the owner. From an examination of the matter by the Engineer of the Finance Department the price is deemed large, and the fact is thus brought out that this price is at the rate of about \$1,430 an acre. The cost of proceedings to condemn the property would doubtless far exceed the sum agreed upon, and hence it is recommended that the offer be accepted.

The following resolution is accordingly offered for adoption.

Respectfully,
THEO. W. MYERS, Comptroller.

Resolved, That the Comptroller be and hereby is authorized to pay the sum of fifty dollars (\$50) to Martha M. Crosby, for two parcels of land in Brewster, Putnam County, N. Y., known by the Parcel Nos. 63 1/2 and 63 3/4 on the map herewith, containing together thirty-five one-thousandths of an acre, upon the proper vouchers of the Aqueduct Commissioners.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 8, 1893.

To the Board of Estimate and Apportionment:

At the meeting of this Board on the 16th of May, 1893, a communication of May 4 was presented from the Commissioner of Public Works to his Honor the Mayor, transmitting and recommending for approval the proposition of Messrs. Moses G. and G. A. Wright to lease to the City for three years or longer, at \$15,000 per annum, their property and docks on both sides of the Harlem

river, required for use in constructing the bridge over the Harlem river at Third avenue, and also for use by the temporary bridge.

The matter was referred to the Comptroller.

At my direction the location has been examined by the Engineer of the Finance Department. It appears that the property mentioned is especially needed for the work not only of constructing the new bridge, but also to be occupied by the temporary bridge to be used while the new one is being built, the area for the location of which is so restricted that it must be placed just as shown on the plan, upon the property belonging to the Wrights, who own on both sides of the river. The pier is the most valuable of the property on the north side, which rents, as I am informed, for \$3,500 per annum, and \$2,500 per annum would be a liberal allowance for the remainder of the property on this north side, being \$6,000 in all. On the south side, the property is used as a landing-place for steamers and other craft controlled by the Wrights; but as their business is only to be shifted to the eastward, \$6,000 per annum would be a full valuation of the use of their property on the south side, or \$13,000 in all, which is a liberal estimate, provided that the City be released from all claims for damages that may arise from the building of the bridge.

The Wrights base their estimate of \$15,000, as alleged by them, that the business would entirely change its location during the time of the construction of the bridge and would not return; and that the pier would be almost completely obliterated by its proximity to the bridge when finished. This is merely speculative; the present business may possibly change in character, but the change is as likely to be very beneficial as to be injurious; and doubtless the contractors will be obliged to occupy the pier and therefore will be compelled to pay for it under the provisions of the contract.

I recommend, therefore, that the property of the Messrs. Wright be leased at the sum of \$13,000 per annum, the restrictions in the agreement to remain the same, for such action as this Board may deem advisable.

Respectfully,
THEO. W. MYERS, Comptroller.

Debate was had thereon, whereupon the Comptroller offered the following:

Resolved, That this Board hereby approves of the agreement between the Commissioner of Public Works and Messrs. Moses G. and G. A. Wright to lease their property and docks on both sides of the Harlem river, on the lines laid down on the maps, for the temporary bridge in connection with the new bridge at Third avenue, over the Harlem river, for the term of three years, at thirteen thousand dollars per annum, with the privilege of two renewals of one year each at the same rent, the amount to be paid upon the condition that the lessors will release the City from all damages that may arise and be incurred by them, incident to and by the construction of the temporary bridge as well as the construction of the permanent bridge across the Harlem river at Third avenue.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.
Henry A. Gumbleton appeared and made a statement relative thereto.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment:

At the meeting of this Board on May 16, 1893, there was referred to the Comptroller a proposition of N. Haughton to the Commissioner of Public Works, transmitted to his Honor the Mayor under date of May 15, 1893, in relation to leasing to the city for one or more years the premises known by the avenue Nos. 2401, 2403 and 2405 Third avenue, adjoining the property of the Messrs. Wright, which are in the line of the improvement contemplated by the construction of the new bridge over the Harlem river at Third avenue. These premises will eventually be taken by condemnation proceedings; but it is considered advisable for the purpose of the temporary bridge approach to have an earlier possession by agreement, if possible, with the owner as to price. Mr. Haughton is willing to lease the above premises for \$10,000 per annum, and to give possession within a reasonable time.

These premises have been examined by the Engineer of the Finance Department at my direction, from whose report it appears that the value of this property consists in its location for saloon purposes, for which it has been especially arranged. The buildings are two-story frame, having a frontage on Third avenue of about sixty feet, consisting of a saloon, chop-house and seegar store, together with an open space arranged with tables. I recommend \$10,000 as a reasonable offer for the immediate possession of the premises. However, the matter is thus submitted to this Board for such action as it may deem advisable in the matter.

Respectfully,
THEO. W. MYERS, Comptroller.

And offered the following:

Resolved, That this Board hereby approves of the agreement between the Commissioner of Public Works and Nicholas Haughton, to lease premises Nos. 2401, 2403 and 2405 Third avenue, on the lines laid down on the maps, for the temporary bridge in connection with the new bridge at Third avenue, over the Harlem river, for the term of three years, at ten thousand dollars per annum, with the privilege of two renewals of one year each at the same rent, the amount to be paid upon the condition that the lessor will release the City from all damages that may arise and be incurred by him, incident to and by the construction of the temporary bridge as well as the construction of the permanent bridge across the Harlem river at Third avenue.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment:

I present herewith a requisition from the Commissioner of Public Works, of June 6, 1893, for a further issue of "Additional Croton Water Stock" to the amount of \$250,000. The amount heretofore issued has been nearly all expended in the manner provided by statute, and it becomes necessary to authorize an additional issue of \$250,000 to provide for a further supply of pure and wholesome water to the city.

Respectfully,
THEO. W. MYERS, Comptroller.

JUNE 6, 1893.

Hon. THOMAS F. GILROY, Chairman, Board of Estimate and Apportionment:

DEAR SIR—By the provisions of section 141 of the New York City Consolidation Act of 1882, authority is given for the further issue of additional Croton Water Stock for the further supply of pure and wholesome water for the City of New York.

The amount heretofore called for being nearly exhausted on account of expenditures for works of construction, purchase of materials, acquisition of land, etc., requisition is hereby made for the further issue of said stock to the amount of two hundred and fifty thousand dollars (\$250,000) for the use of this Department.

Very respectfully,
MICHAEL T. DALY, Commissioner of Public Works.

And offered the following:

Resolved, That the Comptroller be and he is hereby authorized to issue, at such rate of interest, not exceeding three per cent. per annum, and for such period as he may determine, "Additional Croton Water Stock of the City of New York," to the amount of two hundred and fifty thousand dollars (\$250,000), as authorized by section 141 of the Consolidation Act of 1882, and as provided by section 11 of Article VIII. of the Constitution of the State of New York, as amended in 1884, and in full of a requisition of the Department of Public Works, dated June 6, 1893.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment :

Herewith I present a communication from the Commissioner of Public Works to the Chairman of the Board, requesting an appropriation of \$2,400, to be expended in clearing the site of the bridge over the Ship Canal on the line of the Kingsbridge road of certain obstructions, and to pump out the water caused by the breaking of the dam in the United States Ship Canal between the Harlem and Hudson rivers. The obstructions consist of boilers, pumps, loose stone, and other material, which neither the government or the contractors will remove in a reasonable time, and in order to avoid any delay it is proposed to enter into a supplemental contract with the present contractors for building the bridge to remove these obstructions as soon as possible.

There are presented for approval, plan, contract, specifications and estimate for a temporary bridge east of the east line of the Kingsbridge road across the canal, to be used during the construction of the permanent bridge, which have been examined by the Engineer of the Finance Department and who considers them good for the purpose and that the estimate is as near as can be fixed in advance. The cost of this temporary bridge is given at \$7,025.

I offer for adoption the following resolutions to approve of the plan, contract, specifications and estimate for the temporary bridge above mentioned, and also to appropriate \$2,400 to clear the site of the bridge of certain obstructions to avoid delay.

Respectfully,

THEO. W. MYERS, Comptroller.

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, June 16, 1893.

Hon. THOMAS F. GILROY, Chairman, Board of Estimate and Apportionment :

DEAR SIR—By the breaking of the dam in the United States Ship Canal, between the Harlem and Hudson rivers, the portion of the canal on the line of Kingsbridge road is filled with water, and the Chief Engineer of the Croton Aqueduct reports to me that the United States Government authorities and contractors do not expect or intend to pump out the water. He also states that the contractor for the canal has boilers, pumps, loose stone and other material in the canal in the way of building the foundations for the new draw-bridge over the canal, under a contract with this Department, and that he is informed that these obstructions will not be removed by the contractor or the government in a reasonable time, and that to await their removal by them would for that length of time delay the construction of the bridge, which should be built as speedily as possible to re-establish communication across the canal or water-way. On the recommendation of the Chief Engineer of the Croton Aqueduct, I therefore respectfully ask that the Board of Estimate and Apportionment appropriate the sum of \$2,400 for the work of clearing the site of the bridge of these obstructions, to be paid from the fund for "Bridge over the Harlem Ship Canal at Kingsbridge." When such appropriation is made this Department will ask the Board of Aldermen to pass a resolution authorizing the work to be done without public letting, so that this Department may make a contract with the contractor for the bridge to perform this work in the most expeditious manner.

It is also requested that the Board appropriate from said fund the sum of \$7,025 for the construction of a temporary bridge east of the east line of Kingsbridge road across the Ship Canal, to be used during the construction of the permanent draw-bridge, and that the Board approve the plan, contract, specifications and estimate for such temporary bridge herewith transmitted.

Very respectfully,

MICHAEL T. DALY, Commissioner of Public Works.

Resolved, That this Board hereby approves of the plan, contract, specifications and estimate this day presented by the Commissioner of Public Works, for a temporary bridge over the United States Ship Canal, on the line of the Kingsbridge road, to be constructed east of the east line of said road ; and

Resolved, That the sum of nine thousand four hundred and twenty-five dollars (\$9,425) be and hereby is appropriated from the bonds heretofore issued under the provisions of chapter 232, Laws of 1892, for the construction of a bridge and approaches across the Harlem Ship Canal at Kingsbridge road, to be expended as follows :

For removal of obstructions.....	\$2,400 00
For temporary bridge.....	7,025 00
Total	\$9,425 00

Which were adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment :

At the meeting of this Board on June 1, 1893, there were presented by the Commissioner of Public Works, under date of May 18, 1893, and referred to the Comptroller, detailed plans for the bridge and approaches across the Harlem river at Third avenue, with forms of proposals, contract and specifications, and revised estimates of the cost of the same, as prepared by Mr. Thomas C. Clarke, Consulting Engineer, under the direction of the Chief Engineer of the Croton Aqueduct.

It is deemed advisable to recall succinctly the various stages of this work as presented to the Board of Estimate and Apportionment.

At the meeting of this Board on February 10, 1893, the Commissioner of Public Works presented a general plan of this work, and detailed plans showing approach on Third avenue, North, and approach from One Hundred and Thirty-fourth street and Lincoln avenue, and also maps showing lands required for the widening and approach on Third avenue, North, and also for the approaches on the south side of the Harlem river ; whereupon the matter was referred back to the Commissioner of Public Works to prepare and present to this Board a detailed estimate of the cost of the bridge and the lands to be acquired for approaches at both ends of the same. At the meeting of February 16, 1893, an approximate estimate of the cost of the construction work was presented, amounting to \$1,200,000, to which was added : The cost of the lands for approaches, estimated at \$246,000 ; the cost of the approach between Southern Boulevard and One Hundred and Thirty-fifth street, at \$97,000 ; 600 linear feet of sewer, to cost \$6,000 ; 5,000 square yards of paving, to cost \$15,000, and change of curbing, etc., to cost \$1,500, making a total of \$1,565,500. This Board then adopted the plans of the proposed southern and northern approaches.

At the meeting of February 24, 1893, the Commissioner of Public Works presented the following plans and documents :

General plan and profile of the bridge and approaches ;
Ground Plan No. 12 of roadway and temporary bridge ;
Plan No. 13. Cross-section of bridge and approaches ;
Plan No. 14. Side view and plans of temporary bridge ;
Plan No. 15. Side view and plans of permanent bridge ;
Report and estimate by Mr. Thomas C. Clarke, Consulting Engineer ;
—and requested the approval of Plans Nos. 12, 13, 14 and 15, which were thereupon approved by this Board.

The subject of the communication of May 18, 1893, as above-mentioned, has been carefully examined by the Engineer of the Finance Department. He reports that the plans show fully and satisfactorily the work to be done ; that the estimates are in great detail and are as accurate as can be made in advance of competitive bids, and that the proposals, contract and specifications are complete and fully descriptive of the work to be done. The total estimated cost, including the temporary bridge, amounts to \$1,248,566.

I offer for adoption the following resolutions, to approve of the detailed plans, contract, specifications and estimate of the work as proposed and presented to this Board on June 1, 1893, and to issue bonds to the above amount of \$1,248,566.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That, pursuant to the provisions of chapter 413, Laws of 1892, the Board of Estimate and Apportionment hereby approves of the detailed plans for the bridge and approaches across the Harlem river, at Third avenue, with forms of proposals, contract and specifications and revised estimates of the cost of the said bridge, prepared by Mr. Thomas C. Clarke, Consulting Engineer, under direction of the Chief Engineer of the Croton Aqueduct, as presented to this Board on June 1, 1893, by the Commissioner of Public Works, under date of May 18, 1893 ; and

Resolved, That, pursuant to the provisions of chapter 413 of the Laws of 1892, the Comptroller be and hereby is authorized to prepare and issue bonds in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be known as Consolidated Stock of the City of New York, as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of one million two hundred and forty-eight thousand five hundred and sixty-six dollars (\$1,248,566), bearing interest at not more than three per cent. per annum, and redeemable from time to time as the Comptroller shall determine, but not less than twenty years after the date thereof, for the

purpose of defraying the expense of constructing a drawbridge over the Harlem river, at Third avenue, and approaches thereto, with the necessary abutments and arches, etc., as provided for in said act.

Which were adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment :

Herewith I present a resolution adopted by the Board of Health of the Health Department on May 31, 1893, requesting an appropriation of \$1,000 for the purpose of paying ten Medical Inspectors now employed by the Department, for one month, from June 5, 1893, at \$100 per month each, on account of the continuance of typhus fever in this city and to prevent its spread by continuing the regular inspection of lodging-houses.

It is recommended that the sum be appropriated as requested, as the act, chapter 535 of the Laws of 1893, authorizes the Board of Estimate and Apportionment to appropriate such an amount as it may deem necessary to defray any necessary expense for the preservation of the health of the community. The amounts so certified to the Board of Estimate and Apportionment are to be paid by the Comptroller from the proceeds of revenue bonds issued in anticipation of the taxes of the coming year.

Respectfully,

THEO. W. MYERS, Comptroller.

HEALTH DEPARTMENT, No. 301 MOTT STREET,
NEW YORK, June 1, 1893.

To the Board of Estimate and Apportionment, New York City :

SIRS—At a meeting of the Board of Health of the Health Department, held May 31, the following resolution was adopted :

Resolved, That on account of the continuance of typhus fever in this city, and to prevent its spread by continuing the regular inspection of lodging-houses, the Board of Estimate and Apportionment be and is hereby respectfully requested to appropriate and place to the account entitled "Health Fund—Salaries, 1893," the sum of one thousand dollars, pursuant to the provisions of chapter 535, Laws of 1893, being the amount necessary to pay the salaries, one hundred dollars per month, of the ten Medical Inspectors now in the service of the Department, for one month from June 5, 1893.

A true copy.

EMMONS CLARK, Secretary.

And offered the following :

Resolved, That, pursuant to the provisions of chapter 535, Laws of 1893, the Board of Estimate and Apportionment hereby appropriates the sum of one thousand dollars (\$1,000) for defraying the necessary expenses to be incurred by the Board of Health for the salaries of ten Medical Inspectors, now in the service of the Department, for one month from June 5, 1893, and now engaged in the inspection of lodging-houses and other work necessary to prevent the spread of typhus fever in this city.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 8, 1893.

To the Board of Estimate and Apportionment :

At the meeting of this Board held on May 16, 1893, there was referred to the Comptroller a resolution adopted by the Board of Parks on May 10, 1893, approving of the statement of items and estimated cost of the various works necessary for the equipment and furnishing of the north wing and for repairing and altering other portions of the building of the Metropolitan Museum of Art, as approved for the Building Committee of the Board of Trustees of the Museum. The Board of Parks also requests the issue of bonds to the amount of \$135,000, for the payment of the expenses to be incurred in carrying out the proposed works, as provided by chapter 276 of the Laws of 1893, which limits the cost to the said amount.

The subject has been carefully examined by the Engineer of the Finance Department, at my direction, both in connection with the plans, now practically completed, and also with the requirements of the building ; it is considered that the items as given are all necessary, and that the prices therefor are as reasonable as can be determined in advance of the bids for the work.

I offer the following resolution to issue the bonds as requested, for such action as this Board may deem advisable.

Respectfully,

THEO. W. MYERS, Comptroller.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET,
June 16, 1893.

To the Honorable Board of Estimate and Apportionment :

GENTLEMEN—Referring to the application made by this Department for the authorization of bonds to the amount of \$135,000, for the equipping and furnishing of the north extension of the Metropolitan Museum of Art, I have the honor to inform you that I am advised that the said plans have been duly approved by the Board of Trustees of the said Museum, and the same have this day been concurred in by the Commissioners of this Department.

Yours, respectfully,

CHARLES DE F. BURNS, Secretary, D. P. P.

Resolved, That, pursuant to the provisions of chapter 276 of the Laws of 1893, the Board of Estimate and Apportionment hereby concurs in the statement of items and estimated cost of the various works necessary for the equipment and furnishing of the north wing and for repairing and altering other portions of the building of the Metropolitan Museum of Art, submitted to this Board by the Board of Parks on May 16, 1893 ; and the Comptroller be and hereby is authorized to issue bonds of the Mayor, Aldermen and Commonalty of the City of New York to an amount not to exceed the sum of one hundred and thirty-five thousand dollars (\$135,000), but not at less than par value, payable from taxation, and bearing interest at a rate not exceeding three per centum per annum, and redeemable within a time not exceeding thirty years from the date of issue, the proceeds of which bonds are to be applied to the payment of the expenses to be incurred by the Department of Public Parks, as specified in the above-mentioned statement, and the said bonds to be known as "Consolidated Stock of the City of New York," under the authority of section 132 of the New York City Consolidation Act of 1882.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment :

At the meeting of this Board on the 22d of March, 1893, the Comptroller presented a resolution adopted by the Department of Public Parks on March 15, 1893, approving of the estimate of the Engineer of Construction for improving the northwest corner of Central Park, and requesting the Board of Estimate and Apportionment to authorize and direct the issue of bonds to the amount of \$30,500, for the purpose of carrying out the plan of the proposed improvement, which was approved by the Board of Parks on July 5, 1892. The matter was referred to the Comptroller.

The Engineer of the Finance Department, at my direction, has examined the plans and estimate of the proposed improvement, and states that the said estimate is as near as can be determined in advance of the actual price as fixed by competitive bids. As to the utility of an entrance to Central Park at One Hundred and Tenth street and Eighth avenue there can be hardly any question. It is becoming more and more necessary as the development of the city progresses towards this point, for this corner of the Park seems to have been cut off entirely, both from One Hundred and Tenth street and Eighth avenue, except by going one long block to the east or four blocks to the south. The new entrance will also afford a direct park-road from and to Riverside Drive and Morningside Park, without driving off from the macadamized pavements.

A number of other needful additions will be made at the same time, as shown in red on the plan submitted.

I offer the following resolutions to approve of the said plan for improving the northwest corner of Central Park, and to authorize the issue of bonds to the amount of \$30,500, as provided by chapter 575 of the Laws of 1887.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That the Board of Estimate and Apportionment hereby approves of the plan for improving the northwest corner of Central Park, submitted on March 22, 1893, and approved by the Board of Parks on July 5, 1892; and

Resolved, That, pursuant to the provisions of chapter 575 of the Laws of 1887, the Comptroller be and is hereby authorized and directed to issue stock of the City of New York in the manner provided by law, payable from taxation, to an amount not exceeding thirty thousand five hundred dollars (\$30,500), bearing interest at a rate not exceeding three per cent. per annum, and redeemable in not less than ten nor more than twenty years from the date of issue, to be used for improving the northwest corner of Central Park, which stock shall be denominated "Consolidated Stock of the City of New York."

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment:

In regard to the application of the Board of Parks to this Board on April 7, 1893, for an issue of bonds to the amount of \$98,000 to extend and improve the Parade Ground in Van Cortlandt Park, referred to the Comptroller for examination and report, I would state that the work proposed to be done is shown on the tracing which accompanies the general plan of this improvement, approved by the Board of Parks on January 15, 1890. As stated in the Comptroller's communication to this Board at its meeting of October 17, 1892, it is doubtful if the work can be completed with the \$98,000 remaining of the amount authorized under chapter 530 of the Laws of 1892, as shown on the plan as approved. The work will be done by contract and the estimate is as near as can be determined in advance of competitive bids; but even at moderate rates for the different items called for in the schedule submitted by the Engineer of Construction of the Board of Parks and dated May 1, 1893, herewith made a part of this report, it is seen that the whole of the improvement cannot be done within the amount appropriated. It is proposed, however, to make a contract providing for an increase or a decrease of twenty-five per cent. in the quantities as estimated, so that as much work may be done as possible under the appropriation.

I offer for adoption the following resolution to authorize the issue of the bonds as requested.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That, pursuant to the provisions of chapter 530 of the Laws of 1892, the Comptroller be and is hereby authorized and directed to issue bonds of the City of New York, in the manner provided by law, payable from taxation, to an amount not exceeding ninety-eight thousand dollars (\$98,000), bearing interest at a rate not exceeding three per cent. per annum, and redeemable at a period not exceeding thirty years from the date of issue, the proceeds of the sale of such bonds to be applied to the payment of the expense to be incurred by the Department of Public Parks in extending and improving the Parade Ground in Van Cortlandt Park, which bonds shall be denominated "Consolidated Stock of the City of New York."

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

A. B. Tappan and Paul Dana, Commissioners of Public Parks, appeared and made statements relative thereto.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment:

At the meeting of this Board on April 25, 1893, there was referred to the Comptroller a communication from the President of the Department of Public Parks in reference to a special item of \$15,000 for asphalt walks in the appropriation made to the Department of Public Parks for the year 1893, entitled "Labor, Maintenance, Supplies, Construction and Repairs," etc. The President of the Department writes that it was the intention of the Department, and that he so stated before the Board of Estimate and Apportionment at the time of the consideration of the estimate for 1893, to apply a portion of this sum to the resurfacing of the roadway in Washington Square, which is under the control of the Park Department, between Fourth street and the Circle, connecting with the roadway between Fifth avenue and South Fifth avenue.

To render a portion of this sum applicable to the purpose mentioned, I offer for adoption the following resolution.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That such portion as may be necessary of the item of fifteen thousand dollars for asphalt walks in the appropriation for "Labor, Maintenance, Supplies, Construction and Repairs—For General Maintenance, etc.," made to the Department of Public Parks for the year 1893, be and is hereby made applicable to the work of resurfacing the roadway under the control of the said Department in Washington Square.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 5, 1893.

Requisition is hereby made for a mounted copy of the land map of the City of New York, prepared by the Board of Taxes and Assessments, pursuant to the provisions of chapter 349 of the Laws of 1889 and chapter 166 of the Laws of 1890, volumes 1 and 2, for use in compiling and indexing arrears of taxes, assessments, etc., as provided by chapter 536 of the Laws of 1893.

O. MACDANIEL, Collector of Assessments and Clerk of Arrears.

Approved.

THEO. W. MYERS, Comptroller.

Whereas, The Collector of Assessments and Clerk of Arrears in the Finance Department has, under date of June 5, 1893, applied for a mounted copy of the land map of the City of New York, Volumes 1 and 2, for use in compiling and indexing arrears of taxes, assessments, etc., as provided by chapter 536 of the Laws of 1893; therefore

Resolved, That the Comptroller be and is hereby authorized to deliver one mounted copy of the said map for the use specified.

Which were adopted by the following vote:

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment:

In pursuance of the provisions of chapter 43 of the Laws of 1892, the Commissioners of the Sinking Fund adopted a resolution on March 31, 1892, selecting a location for a public building to be erected for the accommodation of the Seventh District Police Court and Prison and of the District Court of the Eleventh Judicial District, as well as for offices and other accommodations that may be required for carrying on the business of any department in the portion of the city bounded by Fifty-ninth street, the centre line of the blocks between Sixth and Seventh avenues, Forty-second street, and the centre line of the blocks between Tenth and Eleventh avenues. As required by section 2 of the act, a map was made of the property selected, being fifty feet in width on Fifty-third street, fifty feet in width on Fifty-fourth street and two hundred feet ten inches deep, commencing two hundred and twenty-five feet west of the northwesterly corner of Eighth avenue and Fifty-third street.

The price asked for the property was \$70,000, which was deemed excessive, the assessed valuation on the tax books being \$20,000. Condemnation proceedings were begun to acquire the title to this property, and I presented to this Board on June 1, 1893, a certified copy of the report of the Commissioners of Appraisal in this matter, and certified copy of an order of the Supreme Court, dated May 13, 1893, confirming the report and taxing the costs in the proceeding. A communication from the Counsel to the Corporation, dated May 23, 1893, advises that as the order has been duly entered, its provisions should be complied with. The matter was referred to the Comptroller.

The amount of the award is \$50,000 and the interest from September 20, 1892, to July 1, 1893, is \$2,341.67; the costs, charges and expenses of the proceeding amount to \$1,907.50, and the fees of the two expert witnesses to \$300, amounting in all to \$54,549.17.

Section 13 of the act limits the expense of constructing the building to \$300,000, and the Comptroller is to prepare and issue bonds from time to time, when directed so to do by the Board

of Estimate and Apportionment, for the purpose of defraying the expense of constructing the said public building, and also for the expense of acquiring said lands, including the compensation of and expenses incurred by the Commissioners of Appraisal. The money derived from the sale of the bonds is to be paid out by the Comptroller upon the requisition of the Commissioner of Public Works, upon vouchers in a form to be prescribed by the Comptroller.

I offer the following resolution to authorize the issue of bonds to the amount of \$54,549.17 for the purpose specified.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That, pursuant to the provisions of section 13 of chapter 43 of the Laws of 1892, the Comptroller be and is hereby authorized and directed to issue bonds of the City of New York to the amount of fifty-four thousand five hundred and forty-nine dollars and seventeen cents (\$54,549.17), bearing interest at a rate not exceeding three per centum per annum, and redeemable from time to time, but not less than twenty years after the date thereof, the proceeds of the sale of such bonds to be applied to the payment of the award and interest, costs, charges and expenses in the matter of acquiring title to certain lands on the north side of Fifty-third street and the south side of Fifty-fourth street, between Eighth and Ninth avenues, the report of the Commissioners of Appraisal having been confirmed by the Supreme Court on May 13, 1893, the award to carry interest from September 20, 1892, as follows:

Award—Hannah Kramer, Leopold Kramer, Carrie Kramer, Seligman H. Kramer, Samuel Kramer, Louis Kramer and Isabella Kramer..... \$50,000 00

Total..... \$54,549 17

—and which stock shall be denominated "Consolidated Stock of the City of New York."

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 19, 1893.

To the Board of Estimate and Apportionment:

The large amount of contract work undertaken by the city, the vouchers for which are now being presented for payment from the "Fund for Local Improvements," renders necessary another issue of Assessment Bonds, as contracts now awaiting payment in the office of the Comptroller amount to over \$80,000, and the collections for this fund come in slowly and are not large.

I offer for adoption the following resolution, authorizing the issue of \$200,000 of Assessment Bonds.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That the Comptroller be and is hereby authorized to issue from time to time, as may be required, at such rate of interest, not exceeding three per cent. per annum, and for such period conformable to law as he may determine, Assessment Bonds of the Corporation of the City of New York to the amount of two hundred thousand dollars (\$200,000), as provided by section 144 of the New York City Consolidation Act of 1882.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

Resolved, That the amounts following be and hereby are appropriated from the "Excise Fund," under the provisions of section 210, chapter 410, Laws of 1882 (New York City Consolidation Act of 1882), for the support of children, in the month of May, 1893, committed by magistrates to the institutions named, pursuant to law:

I offer for adoption the following resolution to authorize the further issue of Assessment Bonds to the amount of \$2,074.16, for the payment of Vouchers Nos. 15 to 19, inclusive, as above-mentioned, and this day presented.

THEO. W. MYERS, Comptroller.

Whereas, The said expenses are deemed reasonable and just and proper charges under the act mentioned; therefore,

To the Board of Estimate and Apportionment:

There was referred to the Comptroller by this Board, on June 1, 1893, a resolution adopted by the Board of Education on May 17, 1893, making application for the issue of bonds to the amount of \$19,180, for the purpose of paying the contract to be entered into between the School Trustees of the Sixth Ward and various parties for furnishing new furniture, Items 1, 2, 3, 4 and 5 of said contract, for the new school building northeast corner Mulberry and Bayard streets.

The matter has been examined by the Engineer of the Finance Department at my direction, and, from his report, it appears that the proposals for this work were called for in the usual manner; that the plans and specifications upon which the bids were invited were carefully prepared, and that the awards were made in each case to the lowest bidder, the details of the letting being as follows: For Item 1, five bids were received; for Item 2, three bids; for Item 3, four bids; for Item 4, three bids, and for Item 5, three bids. It is recommended that the bonds be issued for the purpose mentioned and I offer for adoption the following resolutions.

Respectfully,
THEO. W. MYERS, Comptroller.

Resolved, That, pursuant to the provisions of chapter 264, Laws of 1891, the Comptroller be and hereby is authorized and directed to issue School-house Bonds in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be known as Consolidated Stock of the City of New York, as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of nineteen thousand one hundred and eighty dollars (\$19,180) to run for such period as the Comptroller shall determine, not longer than twenty years from the date of issue, and at a rate of interest not exceeding three per centum per annum, the proceeds of which bonds are to be applied in payment of the contract to be entered into between the School Trustees of the Sixth Ward, and Nathaniel Johnson, new furniture, Item 1.....	\$2,137 00

A. Lowenbein's Sons, new furniture, Item 5.....	3,797 00
Total.....	\$19,180 00

—for new furniture for the new school building on the northeast corner of Mulberry and Bayard streets, as specified in the resolution adopted by the Board of Education on May 17, 1893; and

Resolved, That the Commissioners of the Sinking Fund be requested to exempt the said stock from taxation by the City and County of New York, pursuant to an ordinance of the Common Council, approved by the Mayor October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

To the Board of Estimate and Apportionment:

The Board of Education adopted a resolution on May 17, 1893, requesting an issue of bonds to the amount of \$97,675, for erecting an addition to Grammar School No. 19, in the Seventeenth Ward. The resolution was presented to the Board of Estimate and Apportionment on June 1, 1893, and referred to the Comptroller.

The Engineer of the Finance Department has examined the matter at my direction, and reports that the bids for this work were called for in the usual manner provided by law, on plans and specifications which had been carefully prepared, and that ten bids were received for the work, the lowest being that of Christopher Nally, at the price mentioned in the resolution, and to whom the award was made. The highest bid for this work was \$108,600.

I offer the following resolutions to issue the bonds as requested, for such action as this Board may deem advisable.

Respectfully,
THEO. W. MYERS, Comptroller.

Resolved, That, pursuant to the provisions of chapter 264, Laws of 1891, the Comptroller be and hereby is authorized and directed to issue School-house Bonds in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be known as Consolidated Stock of the City of New York, as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of ninety-seven thousand six hundred and seventy-five dollars (\$97,675), to run for such period as the Comptroller shall determine, not longer than twenty years from the date of issue, and at a rate of interest not exceeding three per centum per annum, the proceeds of which bonds are to be applied in payment of the contract to be entered into between the School Trustees of the Seventeenth Ward with Christopher Nally for erecting on the north side of Thirteenth street, between First and Second avenues, an addition to Grammar School No. 19, as specified in the resolution of the Board of Education adopted May 17, 1893; and

Resolved, That the Commissioners of the Sinking Fund be requested to exempt the said stock from taxation by the City and County of New York, pursuant to an ordinance of the Common Council, approved by the Mayor October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

To the Board of Estimate and Apportionment:

The application of the Board of Education for an issue of bonds to the amount of \$16,800 for sanitary work on the new lot adjoining Primary School No. 1, in the Tenth Ward, was referred back on May 16, 1893, to the Comptroller for examination and report. The question arose as to whether the bonds should not be issued under the provisions of chapter 432 of the Laws of 1893, being "An Act to provide for improving the sanitary condition of the buildings of the common schools in the City of New York, by alterations and additions in and to the heating and ventilating apparatus thereof." The work proposed to be done by the Board of Education is for work and materials

required for inclosing, paving and sanitary and other work of the new lot adjoining Primary School No. 1, also of the present building and yards with additional drains and water supply for new arrangement of closets. As the new work does not affect in any way, either by alteration or addition, the heating or ventilating apparatus, the bonds should not be issued under the provisions of the Law of 1893, but under chapter 264 of the Laws of 1891.

I have carefully examined the specifications for the proposed work, and the Act of 1893, and I offer for adoption the following resolutions.

Respectfully,
THEO. W. MYERS, Comptroller.

Resolved, That, pursuant to the provisions of chapter 264 of the Laws of 1891, the Comptroller be and hereby is authorized and directed to issue School-house Bonds in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be known as Consolidated Stock of the City of New York, as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of sixteen thousand eight hundred dollars (\$16,800), to run for such period as the Comptroller shall determine, not longer than twenty years from the date of issue, and at a rate of interest not exceeding three per cent. per annum, the proceeds of which bonds are to be applied in payment of the contract to be entered into between the School Trustees of the Tenth Ward and Robert L. Warke for sanitary work on new lot adjoining Primary School No. 1, as specified in the resolution adopted by the Board of Education on April 26, 1893; and

Resolved, That the Commissioners of the Sinking Fund be requested to exempt the said stock from taxation by the City and County of New York, pursuant to an ordinance of the Common Council, approved by the Mayor October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller called up the following resolutions referred back to him for examination and report at a meeting held May 16, 1893:

Resolved, That, pursuant to the provisions of chapter 264 of the Laws of 1891, the Comptroller be and hereby is authorized and directed to issue School-house Bonds, in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be known as Consolidated Stock of the City of New York, as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of six thousand dollars (\$6,000), to run for such period as the Comptroller shall determine, not longer than twenty years from the date of issue, and at a rate of interest not exceeding three per cent. per annum, the proceeds of which bonds are to be applied to the contract to be entered into by the Trustees of the Twelfth Ward with the Andrews Manufacturing Company for supplying new furniture, Part II., for Grammar School Building No. 93, on the northwest corner of Ninety-third street and Amsterdam avenue, as specified in the resolution adopted by the Board of Education, April 5, 1893, as amended by resolution of said Board adopted April 26, 1893; and

Resolved, That the Commissioners of the Sinking Fund be requested to exempt the said stock from taxation by the City and County of New York, pursuant to an ordinance of the Common Council approved by the Mayor October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

And moved the adoption of the same.

From the Department of Public Parks—

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET,
June 13, 1893.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am directed to respectfully request your Honorable Board to authorize the issue of bonds to the amount of \$18,018, under the provisions of chapter 207, Laws of 1890, as amended by chapter 13 of the Laws of 1892, to meet the expense of certain work which has been found necessary to be done in connection with the New Macomb's Dam Bridge and not provided for in the contract for constructing said bridge.

The work referred to will consist of concreting around the pile heads for all piers founded on piles across the marsh between the railroad and East One Hundred and Sixty-first street.

The cost of concreting at these points will be greatly enhanced by the fact that the deeper excavations in the marsh required thereby will entail much heavier coffer damming and bracing, extra pumping and difficulties in excavating to the greater depth, which increase with every foot of descent.

It is proposed with the consent of the Common Council to enter into a supplementary agreement with the contractors for doing this extra concreting at a cost of \$17,325, for which sum they have agreed to do the work, and which with Engineer's fees will amount to the sum asked for. The Engineer's estimate of quantities is 1,800 yards of concrete and 900 yards of sand.

Yours, very respectfully,

CHARLES DE F. BURNS, Secretary, D. P. F.

NEW YORK, June 9, 1893.

Hon. THOMAS F. GILROY, Chairman, Board of Estimate and Apportionment:

DEAR SIR—On May 17, 1893, the Board of Education (Journal pp. 597-602) adopted a resolution submitted by its Executive Committee on Nautical School, instructing the Finance Committee of the Board to request of the Board of Estimate and Apportionment a transfer of the sum of \$12,921.73 from such fund or funds as are available for the purpose to the account "For Support of the Nautical School—Wages, Current Expenses, Repairs, etc., for 1893," the amount appropriated by said Board of Estimate and Apportionment for 1893 being insufficient for the proper maintenance of said school.

A copy of this resolution was duly transmitted to the Comptroller and to the Clerk of the said Board of Estimate and Apportionment.

The subject of the resolution had been submitted informally to the Board of Estimate at its meeting held on May 16, but no formal action is understood to have been taken.

The funds for the maintenance of the Nautical School will be exhausted soon after July 1, next, and the Finance Committee have laid before the Board the question of the discontinuance of said school after that date for the remainder of the year 1893. As the next meeting of the Board of

Education, to be held on the 21st instant, will be the only one to be held before the first of July, action in reference to this matter will have to be taken at that meeting, and it is therefore important that the Board should be formally advised before the 21st instant, of the resolution of the Board of Estimate and Apportionment in regard to the transfer in question.

Without entering upon the question of the merits of said Nautical School, it may be proper to say that the Board of Education is "authorized and directed to provide and maintain" said school by the statute (section 1068, Consolidation Act). The statute also "authorizes and directs the Board of Education" to provide for the "compensation of instructors," "to purchase the books, apparatus, stationery and other things necessary to enable said school to be properly and successfully conducted."

It will be seen, therefore, that the Board of Education has had no alternative but to present its request for the proper and successful maintenance of said school.

It is, therefore, respectfully urged that you will advise this Board of the resolution of the Board of Estimate and Apportionment in the matter on or before the 21st instant.

Very respectfully,

WM. LUMMIS, Chairman, Finance Committee.

Referred to the Comptroller.

From the Board of Excise—

CITY OF NEW YORK—OFFICE OF THE BOARD OF EXCISE,
No. 54 BOND STREET,
June 7, 1893.

Hon. THOMAS F. GILROY, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—In fixing the maximum amount to be expended for expenses of the Board of Excise during the current year, the Board of Estimate and Apportionment, at its meeting on June 1, allowed, among other items, under the head of "Administration Account," \$2,500 as the salary of an Assistant Cashier, being \$700 in excess of the amount allowed for that purpose in the appropriation of last year; and \$1,500 as the salary of a Chief Application Clerk, being \$300 in excess of the amount allowed for that purpose in last year's appropriation. That made the total amount appropriated under the head of "Administration Account" \$41,200.

In footing up the several items under that head, the \$300 increase allowed for the salary of the Chief Application Clerk was accidentally omitted, so that the footing shows an appropriation of \$40,900, instead of the amount above referred to.

The total amount appropriated was, therefore, \$150,980, instead of \$150,680, as appears upon the memorandum made at the time by the Deputy Comptroller.

I have to request that the error may be corrected. You will find the amount of \$1,500, as the salary of the Chief Application Clerk, marked by yourself upon the list which you had before you at the time.

Very respectfully,

WILLIAM S. ANDREWS, President, Board of Excise.

Referred to the Comptroller.

From Charles B. Stover—

No. 146 FORTYTH STREET, NEW YORK,
June 17, 1893.

To the Board of Estimate and Apportionment:

GENTLEMEN—I beg leave to call your attention to the necessity of the work proposed at Primary School No. 1 (corner Ludlow and Delancey streets, in Tenth Ward), for which our Board of Trustees accepted the \$16,800 bid of Contractor Warke, on March 3, 1893. The Board of Education concurred in this action, and on May 2 made the necessary requisition upon the City Comptroller through your Honorable Board.

Since March 3 complaints against the above-named school have been made by both the Board of Health and the Bureau of Street Opening and Improvement, and in both cases our reply was that work to be done this summer would remedy the defects. The plumbing is a constant menace to the health of the teachers and children, and a cause of frequent annoyance and expense. We hope you will take such action at the coming meeting of your Board, on Monday the 19th instant, as will immediately bring about the repairs and improvements required in Primary School No. 1.

Respectfully, yours,

CHAS. B. STOVER, Chairman, Tenth Ward Board School Trustees.

Referred to the Comptroller.

Hon. THOMAS F. GILROY, Mayor:

DEAR SIR—After making contracts by public letting for all the repavements authorized by your Board under the repavement appropriation for 1893, and chapter 35 of the Laws of 1892, it is found that a balance of \$311,900 remains available for additional repavements.

Inasmuch as the Department of Public Works will lay a large high service water-main on the east side of the Boulevard, from Ninety-sixth to One Hundred and Forty-fifth street, next year, only the pavement of the west side is recommended.

One Hundred and Twenty-third street, between Seventh and Eighth avenues—The present pavement was laid over twenty years ago, and is in poor condition; area, 2,750 square yards; estimated cost 11,000 00

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 27, 1893.

To the Board of Estimate and Apportionment:

At the meeting of this Board held on June 1, 1893, there was referred to the Comptroller a request from the Commissioner of Public Works to transfer the sum of \$10,500 from unexpended balances of appropriations, where available, to the appropriation for 1893 for "Supplies for and Cleaning Public Offices."

A subsequent communication from the Commissioner of Public Works, which I herewith present, states that the sum of \$7,500 can be spared from the appropriation for "Public Buildings—Construction and Repairs," made to the Department of Public Works for the year 1893, and transferred to the appropriation for "Supplies for and Cleaning Public Offices" for 1893. Accordingly I offer for adoption the following resolution.

Respectfully,

THEO. W. MYERS, Comptroller.

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, June 20, 1893.

Hon. THOMAS F. GILROY, Chairman, Board of Estimate and Apportionment:

DEAR SIR—In the exigencies of the service regarding the repairs of public buildings and the cleaning and furnishing of public offices, it is found that the sum of \$7,500 can be spared from the appropriation for "Public Buildings—Construction and Repairs," and is needed for the appropriation for "Supplies for and Cleaning Public Offices." I, therefore, respectfully ask that the said amount be transferred from the former to the latter appropriation for 1893.

Very respectfully,

MICHAEL T. DALY, Commissioner of Public Works.

Resolved, That the sum of seven thousand five hundred dollars (\$7,500) be and is hereby transferred from the appropriation made to the Department of Public Works for the year 1893, entitled "Public Buildings—Construction and Repairs," which is in excess of the needs thereof, to the appropriation for the said year to the said Department, entitled "Supplies for and Cleaning Public Offices," which is insufficient for the uses and purposes thereof.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

To the Board of Estimate and Apportionment:

I present herewith a communication from the Commissioner of Street Cleaning, requesting the transfer of \$2,500 to the account of "Removal of Snow and Ice" for 1893, from "Administration," 1893.

At the meeting of February 24, 1893, a request was received from the Commissioner of Street Cleaning to take the amount of \$10,000 from "Sweeping," 1893, and transfer it to "Removal of Snow and Ice," 1893, which was granted; and at the meeting of April 7, 1893, a similar amount was transferred to "Removal of Snow and Ice" from the same appropriation. The amount appropriated to the "Removal of Snow and Ice" for 1893, was \$40,000; with the transfers already made and that of to-day the total amount appropriated to "Removal of Snow and Ice" for 1893 will be \$62,500.

I offer the following resolution to authorize the transfer as requested.

Respectfully,

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,
STEWART BUILDING,
NEW YORK, June 26, 1893.

Hon. THOMAS F. GILROY, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—In order to meet the bills for work done in the removal of snow and ice during the late very severe winter, I beg that your Honorable Board will transfer the sum of \$2,500 from account of "Administration" appropriation for 1893, to the account of "Snow and Ice" appropriation for 1893. This transfer is necessary to finish the business of removing snow and ice thus far this year, and is in addition to two transfers of \$10,000 each, from same account, which, with the original sum granted of \$40,000 to this account, was sufficient to cover the cost of work performed under this heading by this Department during the months of January, February and March, 1893.

Very respectfully,

THOMAS S. BRENNAN, Commissioner of Street Cleaning.

Resolved, That the sum of two thousand five hundred dollars (\$2,500) be and hereby is transferred from the appropriation made to the Department of Street Cleaning for the year 1893, entitled "Administration," which is in excess of the amount required for the needs thereof, to the appropriation made to the said Department for the said year, entitled "Removal of Snow and Ice," which is insufficient for the purposes and objects thereof.

I present herewith two bills for music on the occasion of the Naval Parade of October 11, 1892, and of the land parades of October 10 and 12, 1892. W. H. Anstead furnished two bands for the Naval Parade of October 12, 1892—one on each of the steamers "Mattawan" and "Sam Sloan," for the sum of \$640. Resolved, That, pursuant to the provisions of chapter 331, Laws of 1892, and chapter 33, Laws of 1893, the sum of two thousand six hundred and eighty dollars (\$2,680) be and hereby is appropriated for the payment of the expenses incurred for the Celebration in the City of New York of the Four Hundredth Anniversary of the Discovery of America, and the Comptroller be and hereby is authorized and directed to issue Revenue Bonds of the Mayor, Aldermen and Commonalty of the City of New York to the amount of two thousand six hundred and eighty dollars (\$2,680), the proceeds of which bonds shall be applied to pay and liquidate the before-mentioned bills incurred by the Committee of One Hundred Citizens selected and appointed by the Mayor to conduct, manage and direct the celebration, remaining unpaid and duly audited and allowed for payment, as provided in said acts of the Legislature; the amount of such Revenue Bonds shall be included in the Final Estimate for the year 1894.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 27, 1893.

To the Board of Estimate and Apportionment:

There was referred to the Comptroller, on the 1st instant, a request from the Department of Public Parks for the issue of bonds to the amount of \$18,018 to meet the expenses of certain work which will be necessary in connection with the new bridge over the Harlem river at One Hundred and Fifty-fifth street, and which are not provided for in the contract for constructing this bridge. This work consists in concreting around the pile-heads for all piers founded on piles across the marsh between the railroad and East One Hundred and Sixty-first street. The bottom is found to be so treacherous that the plan of constructing piers on piles, capped and platformed as described in the specifications, cannot be relied upon, and it is considered necessary to place concrete around the heads of the piles in order to render them sufficiently staple, involving extraordinary excavations and difficulties, much heavier coffer-dams and bracing, and pumping almost continually. It is proposed to enter into a supplementary contract with the present contractors, with the consent of the Common Council, to do this extra work for the sum of \$17,325, and four per cent. for the Engineer's fees, make the amount \$18,018. It is estimated that 1,800 cubic yards of concrete and 900 cubic yards of sand will be required to do the work.

The Engineer of the Finance Department, after an examination of the proposed work, reports that it is absolutely necessary for the security of the foundations, and that the estimate of the cost is reasonable.

I offer the following resolution to authorize the issue of bonds as requested by the Board of Public Parks, for such action as this Board may deem advisable.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That, pursuant to the provisions of chapter 207 of the Laws of 1890, as amended by chapter 13 of the Laws of 1892, the Comptroller be and is hereby authorized and directed to issue, from time to time as required, Consolidated Stock of the City of New York, as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of eighteen thousand and eighteen dollars (\$18,018), payable from taxation at a period not less than twenty years from the date thereof, bearing interest at a rate not exceeding three per cent., for the purpose of defraying the extra expenses to be incurred for a supplemental contract for extra work to be entered into between the Board of Parks and the contractors for the construction of the bridge over the Harlem river at One Hundred and Fifty-fifth street, with the Jerome avenue approach thereto, etc., said extra work being the concreting around the pile-heads for all piers founded on piles across the marsh between the railroad and East One Hundred and Sixty-first street.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

On July 28, 1892, this Board authorized the issue of \$125,000 of bonds for this purpose, the Act, chapter 28, of the Laws of 1892, limiting the expenditure to \$150,000, and the additional \$25,000 is asked for the following purposes:

Plumbing, carpenter work, etc., for toilet rooms in Annex, estimated.....	2,500 00
Wages of constructing force, salaries of Engineers, Inspectors and others.....	8,827 50

Total..... \$25,000 00

I offer the following resolution to authorize the further issue of bonds for such action as this Board may deem advisable.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That, pursuant to the provisions of chapter 28 of the Laws of 1892, the Comptroller be and he is hereby authorized and directed to issue stock of the City of New York, in the manner provided by law, payable from taxation in not more than thirty years from date of issue, to an amount not exceeding twenty-five thousand dollars (\$25,000), bearing interest at a rate not exceeding three per cent. per annum, which stock shall be denominated "Consolidated Stock of the City of New York," to be used for the improvement of the building known as Castle Garden, in Battery Park, and the grounds adjoining, in accordance with the plan of said work approved by this Board on June 29, 1892, and in accordance with the specifications thereof approved by this Board July 28, 1892.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

In the examination and judgment of the designs the Board of Commissioners will be assisted by a committee to be selected by the said Board from a list nominated by the New York Chapter of the American Institute of Architects and the Architectural League of New York. This committee will consist of three competent architects who do not take part in the competition.

Five equal premiums, of two thousand dollars each, shall be awarded to the authors of the designs adjudged by the Board of Commissioners to be the second, third, fourth, fifth and sixth, best, of those submitted, and the author of the designs adjudged to be the first best by the said Board of Commissioners will be appointed Architect for the construction of the building, provided his professional standing is such as to guarantee a proper discharge of his duties. He will be paid a commission on the total cost of the work, namely, five per cent, on the first \$1,000,000 of the cost, four per cent, on the second \$1,000,000 and three per cent, on the remainder.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR BUILDING A Station-house, Lodging-house and Prison on the ground and premises in the City of New York known as Nos. 24 and 26 Macdougal street, will be received at the Central Office of the Department of Police, in the City of New York, until 12 o'clock M. of Wednesday, the 12th day of July, 1893.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Building a Station-house, Lodging-house and Prison," and with his or their name or names, and the date of presentation to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars of the nature and extent of the work to be done, reference must be made to the plans and specifications on file in the office of the Chief Clerk of the said Department.

Bidders will state in writing, and also in figures, a price for the work complete. The price is to cover the furnishing of all the materials and labor and the performance of all the work called for by the specifications, plans, drawings and form of agreement. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire work is to be completed within SEVEN MONTHS from the date of the contract.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of TWENTY THOUSAND DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No estimate for a sum in excess of SIXTY-FIVE THOUSAND (65,000) DOLLARS can be considered.

Bidders are informed that no deviation from the specifications will be allowed unless a written permission shall previously have been obtained from the Board of Police.

Plans may be examined and specifications and blank estimates may be obtained by application to the undersigned, at his office in the Central Department.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates, it deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of five thousand (\$5,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five hundred (\$500) dollars. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

All the old material to be removed under this contract, except such portions as are to be delivered to the Department of Docks, in accordance with the specifications, will be relinquished to the Contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days from the date of execution of the contract, and all the work contracted for is to be fully completed on or before the 15th day of October, 1893, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the whole of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the

Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

NEW YORK, June 30, 1893.

TO CONTRACTORS.

PROPOSALS FOR WOVEN WIRE MATTRESSES.

SEALED BIDS OR ESTIMATES FOR FURNISHING Woven Wire Mattresses in conformity with samples and specifications, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until 10 o'clock A. M. of Thursday, July 13, 1893.

Three thousand five hundred (3,500) Woven Wire Mattresses, one-half of each mark, say, 1,750 "Climax" and 1,750 "Elite, No. 3," in accordance with samples on exhibition at the office of the Commissioners of Public Charities and Correction, No. 66 Third Avenue, and where schedule of sizes required will be furnished.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed, "Bid or Estimate for Woven Wire Mattresses," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be

awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine. The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

CHARLES E. SIMMONS, M. D., Commissioner,

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must

have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1890), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are

held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

MICHAEL T. DALY,
Commissioner of Public Works
