That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The forms of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work to be done under the contract is to be fully completed on or before the first day of December, 1893, and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the old material specified to be removed under this contract will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

All the surplus material excavated is to be removed by the contractor.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

OPINIONS.	
The reports of previous years show that the preparation of opinions at the request of the heads of the various departments and boards is a very important and rapidly increasing branch of the office work. These opinions cover an immense field and wide range of subjects, frequently involving prolonged study.	
During 1892 written opinions were given as follows:	
Comptroller.....	206
Public Works Department	31
Dock Department.....	11
Park Department.....	11

The Mayor.....	17
Police Department.....	6
Fire Department	5
Street Cleaning Department	18
Aqueduct Commission	4
Board of Street Opening.....	4
Department of Charities and Correction ..	6
Common Council.....	2
Board of Assessors.....	4
Taxes and Assessments.....	1
Board of Estimate	4
Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards.....	8
Miscellaneous.....	28
Total	366

There were received from the Police Department 147 reports of accidents, which were examined into and filed.
There were received from the Finance Department 404 requests for the examination of claimants, in 181 of which oral examinations, under oath, were conducted. The circumstance that only 181 claimants were examined, when 404 requests for examination were received, is principally explained by the fact that a large number of the claims filed were in assessment matters, where, all the facts being already within the knowledge of the City officers, examinations were not necessary.

CONTRACTS.	
Contracts were examined or drafted and approved as to form, as follows:	
Department of Public Works.....	511
Department of Public Parks	54
Department of Charities and Correction	35
Department of Docks	50
Fire Department	49
Aqueduct Commission.....	10
Police Department.....	10
Health Department.....	16
Street Cleaning Department	10
Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards	153

THE OFFICE STAFF.	
The office force, which varied from time to time during the year, comprised at its close:	
The Counsel to the Corporation.....	One Librarian.
One First Assistant.....	Two Clerks.
Ten Assistants.....	One Copyist.
Five Junior Assistants.....	Four Typewriters.
One Senior Law Clerk.....	Six Stenographers.
Seven Junior Law Clerks.....	One Examiner.
One Chief Clerk.....	Two Messengers.
One Deputy Chief Clerk.....	Five Messenger Boys.
One Register Clerk.....	In all, fifty individuals.

GENERAL REMARKS.
A strenuous effort was made during the year to bring the business of the Department as nearly up to date as possible.
The result has been that the number of actions and proceedings that were pending at the end of 1891 has been decreased by over one thousand.
Special attention is called to the work of the Department in the branches referred to below.

ACTIONS FOR DAMAGES FOR PERSONAL INJURIES.
This class of cases forms, as it always has, a large portion of the litigated business of the office. Among so numerous a population and over so vast an extent of streets and roadways, with the care of which the City is chargeable, subjected to climatic changes so extraordinary, it is not unnatural to expect many accidents from various causes which furnish a basis for actions for damages for personal injuries, and such cases, it seems to me, will always be more or less abundant. Still it is a matter of gratification that the result of the trials of these cases during the past year has been as favorable to the City as during the previous years of my incumbency as Counsel to the Corporation.
In this connection it might not be amiss for me to invite your Honor's attention to the pressing necessity of active vigilance on the part of the department charged with the duty of compelling owners of property to promptly make all needed repairs to the sidewalks in front of their premises. The extremely severe frost of the winter will undoubtedly cause displacement and unevenness of the flagging throughout the city, and this fact will be more apparent as soon as there is a decided change in the weather. The safe condition of the streets is the only protection to the City against the possibility of an increased number of suits of this kind.

ASSESSMENT LITIGATION IN THE YEAR 1892.
The most striking facts in regard to this branch of the City's litigation are the almost total cessation of the reduction of assessments for local improvements in special proceedings and the decrease of the proceedings themselves to less than one-third of the number pending at the beginning of the year.

Only one order of reduction was certified to the Comptroller during the year. That order involved a reduction of \$287.72, and established the assessment at the fair value of the improvement under decisions of previous years.
The number of special proceedings to reduce assessments pending at the end of the year 1891 was 1,635, while at the end of 1892 it was only 522.
The favorable decision of the Court of Appeals in matter of Duffy, 133 N. Y., 512, enabled me to make this large reduction in the number of pending cases.
It followed from that decision that nearly all of the proceedings claimed by petitioners to be pending and to have been begun previous to 1892, in which substantial reductions were involved, had been abandoned by the petitioners and were no longer in existence.
The cases begun previous to 1892, which are still pending, are generally cases where orders of vacation were entered in 1880 and appeals were taken by the City.
These cases involve only a few improvements and not a very large sum of money. When they have been disposed of, affirmative special proceedings to vacate assessments confirmed previous to 1892 will be concluded.
In suits involving repayments of assessments the City expended the comparatively small sum of \$7,895.93. The judgments in these suits did not establish any new principle, but resulted from decisions and settlements made previous to my accession to office.
The limitations of the principle that the money paid for an assessment cannot be recovered when paid voluntarily have not yet been finally settled.
In my last report I referred to the decisions of the Court of Appeals in the Tripler and Redmond cases as going far to sustain the position that payments of assessments in many cases are voluntary and that the money cannot be recovered.

A second trial of the Tripler case resulted in a verdict against the City. On appeal, however, the judgment was reversed and a third trial took place in June, 1892. A verdict was rendered in favor of the City and the judgment was affirmed by the General Term.

The case will shortly be reached on the Court of Appeals calendar, and will, I expect, go far towards settling the law on this subject.

The Court of Appeals rendered another decision of importance favorable to the City in the People ex rel. Isaac P. Martin vs. Myers, 135 N. Y., 465.

It was there established that a writ of certiorari will not lie to test the legality of an assessment, and that a property-owner can take no other affirmative action, even if the assessment is void, than is prescribed in the special statutes affecting assessments in New York city.

It was also held, in the Sixth Avenue Railroad Company vs. The Mayor, 63 Hun, 271, that an injunction will not lie to restrain the sale of property for the non-payment of an assessment, even if it is illegal.

In fact I do not think that the City has ever held such a strong position as it holds at present if an attempt is made to vacate or reduce an assessment.

DOCK LITIGATION.

In matters relating to the Dock Department a large amount of business was transacted during the year.

In June last the Court of Appeals decided what are known as the Langdon cases adversely to the City and affirmed the finding of the Referee fixing the value of wharfage rights at \$600 per running foot and interest at the legal rate.

In the early part of the year and prior to the announcement of the above decision negotiations looking to a settlement of a number of similar cases were entered into by the Comptroller upon advice from this office. These negotiations resulted in settlements much more favorable to the City than the result in the Langdon cases.

In connection with these cases and private purchases by the Dock Department this department examined the titles to water-front property amounting to over one million of dollars in value.

By these settlements and private purchases the City acquired the title to the wharfage rights appurtenant to about 925 feet of bulkhead and in addition all rights appurtenant to one-half of the pier foot of Stanton street, East river.

REAL ESTATE MATTERS.

A—School Sites.

The proceeding referred to in the last annual report of the Counsel to the Corporation has been concluded, the report of the Commissioners of Estimate having been confirmed and the title to the property involved having been acquired by the City.

During the year proceedings have been instituted and Commissioners of Estimate appointed in each of the following cases:

Mount Hope, in the Twenty-fourth Ward, about eleven city lots.

Southwest corner of St. Nicholas avenue and One Hundred and Seventeenth street, about eight lots.

Northerly side of Thirty-fifth street, between Eighth and Ninth avenues, one lot with building. Kingsbridge, in the Twenty-fourth Ward, twelve lots.

Edgcombe avenue, West One Hundred and Fortieth and West One Hundred and Forty-first streets, eight lots.

Northerly side of Rivington street, between Lewis and Cannon streets, two lots with buildings.

Northerly side of Hester street, between Norfolk and Hester streets, one lot with building.

Northerly side of Seventy-seventh street, between Columbus and Amsterdam avenues, two lots.

One Hundred and Second street, between Second and Third avenues, five lots with buildings.

Southeasterly corner of Ridge and Rivington streets, four lots with buildings.

Northerly side of Fifty-first street, between First and Second avenues, one lot with building.

The Commissioners have made their reports in the Mount Hope site and the Hester street site. These reports have been confirmed by the court and title has been acquired by the City. Testimony is now being taken before the Commissioners in all the other proceedings, which I expect will be concluded during the early part of the ensuing year.

B—Armory Sites.

Commissioners of Estimate have been appointed in the matter of acquiring certain easements attaching to a portion of the Ninth Regiment armory site on the northerly side of Fourteenth street, between Sixth and Seventh avenues. Testimony is being taken before the Commissioners, and the matter will undoubtedly be terminated early in 1893.

C—Police Court Site.

Commissioners of Appraisal have been appointed in a proceeding instituted for the purpose of acquiring the title to two lots on Fifty-fourth street and two lots in the rear on Fifty-third street, between Eighth and Ninth avenues, as a site for the Seventh District Police Court and Prison and of the District Court for the Eleventh Judicial District. Testimony is now being taken before the Commissioners, and this matter also will undoubtedly be concluded early in the ensuing year.

D—Bridges.

A proceeding has been instituted for the purpose of acquiring title to the gore of land north of One Hundred and Fifty-third street, lying between Seventh avenue and Macomb's Dam road, for an approach to the new Macomb's Dam or Central Bridge, now being erected over the Harlem river. Commissioners of Estimate have been appointed in said proceeding and testimony is now being taken before them. That matter will also undoubtedly be terminated early in the year 1893.

EXAMINATION OF TITLES.

During the year I have examined and passed the title to eleven lots of land in different parts of the City purchased for school purposes.

I have also examined and passed the title to three lots of land in different parts of the City purchased for the use of the Fire Department.

EXAMINATION OF TITLES BEGUN BUT NOT CONCLUDED IN 1892.

I have begun the examination of the title to forty-eight parcels of land on Ward's Island, comprising about one-half of the island, and to two tracts of land on Staten Island, one containing fifty acres and the other four acres. All of this land is to be conveyed to the City by the Commissioners of Emigration, pursuant to chapter 531 of the Laws of 1892.

I have also begun the examination of the title of three school sites located—one on West Forty-fifth street, one on West Fifty-second street and one on First avenue. These parcels of land are adjacent to property now owned by the City and used for school purposes.

I have also commenced the examination of the title to the wharf property at the foot of Jay and Harrison streets, including the bulkhead between those streets.

These examinations have not been concluded.

TAX LITIGATION.

During the year 1892 several questions referred to in the Annual Report of this Department for 1891 have been finally determined.

In People ex rel. Winchester vs. Tax Commissioners, 133 N. Y., 279, the Court of Appeals decided that a joint stock company of this State, even though clothed with many of the attributes of corporations, is not taxable upon its capital under the provision of the Revised Statutes subjecting "all monied or stock corporations deriving an income or profit from their capital or otherwise."

In People ex rel. The Savings Bank of New London vs. Tax Commissioners, 135 N. Y., 231, it was held that a savings bank of another State having a portion of its surplus invested in shares of banks located in the City of New York was liable to assessment and taxation there upon the value of the bank shares, under section 312, chapter 409, Laws of 1882.

The decision of the Court of Appeals in McLean vs. Myers, 134 N. Y., 480, reversing 26 J. & S., 337, establishes the authority of the Receiver of Taxes, under section 863 of the Consolidation Act, to proceed by action in personam for the collection of personal taxes against a shareholder of a bank located in New York City, although at the time of the assessment, as well as when the action was commenced, the defendant resided in the County of Westchester. It was further held that it was not a condition precedent to the right of the Receiver to commence such an action that a warrant for distress and sale should be issued, as provided by section 853 of the Consolidation Act, and returned unsatisfied. Under the decision the Tax Receiver may proceed against non-resident shareholders in any part of the State without recourse to the uncertain remedy afforded by statute of enforcing the claim by a proceeding in rem against the bank stock.

An important principle was established by the General Term of the Supreme Court, in this Department, in the case of the People ex rel. Equitable Gas-light Co. vs. Tax Commissioners, 66 Hun, 21, to the effect that where the Commissioners have jurisdiction of a corporation for the purpose of assessing its capital stock, the adoption by them of an illegal method of valuing the property for taxation does not oust them of jurisdiction or render the assessment void, and that the assessment may be corrected by the Court without injury to the corporation. The decision is further important in sustaining the right of the Commissioners to include in a valuation of corporate assets the actual value of real estate while deducting only its assessed value.

As intimated in the last annual report, the opinion of the Court of Appeals in the Union Trust Company case, 126 N. Y., 433, has given rise to various questions now involved in proceedings begun since that opinion was published. Several of these questions will undoubtedly be passed upon during the coming year.

MISCELLANEOUS CASES.

There have been during the present year several such cases of unusual interest and importance.

Among these was the case of McClave against The Mayor and others, which was an action to set aside the appraisal of the properties of the Union Ferry Company, which appraisal was claimed by the plaintiff and the City to be exorbitant and unfair.

The City interposed in this action a defense which succeeded in reducing the appraisal of the property of the ferry company by the sum of \$573,599, and no appeal was taken from the judgment of reduction.

Another case of importance was that of Nelson against The Mayor, an action brought upon one of the old so-called Tweed contracts. The suit has been pending in the courts from 1876 down to the present year, when it was finally disposed of in the Court of Appeals in favor of the City, the Court rejecting the claim of the plaintiff, which, with interest, amounted to over \$100,000.

Another case was that of The Mayor against The Manhattan Railway Company, brought to compel an accounting by the company and a payment of five per cent. of its net earnings to the City. The plaintiff has recovered judgment by which an accounting is ordered, thus establishing the validity of the City's claim. If this judgment is sustained on appeal, as I believe it will be, the amount recovered will be very large.

I desire, again, to express my cordial appreciation of the faithful service of the office staff, without whose intelligent assistance the results obtained would have been impossible.

Respectfully,

WM. H. CLARK, Counsel to the Corporation.

Schedule 9.

REPORT OF STREET OPENING PROCEEDINGS FOR YEAR 1892.

OFFICE OF THE CLERK OF STREET OPENINGS, No. 200 BROADWAY,
NEW YORK, December 31, 1892.

WILLIAM H. CLARK, Esq., Counsel to the Corporation:

SIR—I have the honor to transmit herewith report of street opening proceedings under my
charge for the year terminating December 31, 1892.This report is prepared upon the same plan as that adopted by me in the annual report for
1891, and is substantially similar in its arrangement to my annual reports since 1886, omitting,
however, from the statistics of work performed the schedule of proceedings discontinued, as no
proceedings were discontinued during the year.The statistics of work performed during the year are therefore embraced in six schedules as
follows:

SCHEDULE 1.

This schedule is divided into two heads, "A" and "B."

"A" is a complete list of proceedings considered during the year terminating December 31,
1892, showing the length of the street or avenue, or portion thereof, to which title is sought to be
acquired, and where reports have been confirmed during the year or abstracts of estimate and
assessment completed, the amount of awards, total assessment, number of parcels assessed and
number of city lots assessed."B" is a statement showing the condition of each proceeding considered under "A" on
December 31, 1892.This schedule shows that there have been under consideration during the year twenty-seven
proceedings.

SCHEDULE 2.

This is a list of proceedings confirmed during the year, with the date of the entry of each
respective order of confirmation.It appears from this schedule that there have been nine proceedings confirmed during the
year.

SCHEDULE 3.

This is a list of proceedings finally disposed of during the year.

The number of proceedings finally disposed of is shown by this schedule to be eleven.

SCHEDULE 4.

This is a list of proceedings in which appeals have been taken to the General Term or Court
of Appeals, either on the part of the city or on the part of property-owners.There were five proceedings of this character in which nine appeals have been taken, as shown
by this schedule.

SCHEDULE 5.

This is a list of proceedings in which abstracts of estimate and assessment have been completed
during the year.

This schedule shows that such abstracts have been completed in eight proceedings.

SCHEDULE 6.

This is a list of proceedings pending on the 31st day of December, 1892.

Sixteen proceedings are pending, as shown by this schedule.

These schedules are followed by a summary of the work performed during the year.

The aggregate of the awards in proceedings in which reports have been confirmed during the
year is \$360,171.61. The assessments for benefit in similar proceedings, which were levied upon
2,058 parcels, comprising 4,573 city lots, aggregate \$362,446.81.A very important proceeding, from a sanitary standpoint, consummated during the year is
that of acquiring title to Webster avenue, from East One Hundred and Eighty-fourth street to
Middlebrook Parkway, a distance of 5,907 feet. The awards made by the Commissioners in this
proceeding aggregated \$205,364.65, to cover which and the costs of the proceeding an assessment
of \$211,014.65 was levied upon 952 parcels, comprising over 2,500 city lots. The acquisition of
title to this avenue will afford great relief to the large section of the Twenty-fourth Ward, which
is dependent upon it for its sewerage, and to which relief could not be granted until the title to the
avenue was vested in the City. In two other proceedings of especial interest to the city abstracts
of estimate and assessment or preliminary reports have been completed during the year, namely:
Corlears Hook and Mulberry Bend Parks.Awards to the amount of \$3,450,861.80 have been computed in eight proceedings in which
draft abstracts of estimate and assessment have been completed and assessments aggregating
\$1,142,230 made up. These assessments are imposed upon 3,762 parcels, comprising 10,550 city
lots. The amount of awards and assessments in these proceedings greatly exceeds similar work
accomplished in any preceding year.Title has been acquired to 19,808 lineal feet of streets. There have been 253 meetings of
commissioners, 21 attendances as counsel before outside commissions, 9 appeals taken, 30 motions
and 12 appeals argued, 19 appeals determined, 243 orders entered and 682 communications to
commissioners, property-owners and various municipal departments and boards written during the
year. Of the twelve appeals argued eleven were determined in favor of the City and one against.

Respectfully yours,

CARROLL BERRY, Special Counsel.

SCHEDULE 1—"B."

Statement showing the Condition of each Proceeding considered under "A" on the 31st day of
December, 1892.

1. Alexander avenue—

The appeal by the Harlem River and Portchester Railroad Company from order of con-
firmation was argued before the General Term (Van Brunt, P. J.; O'Brien and
Lawrence, J. J.), on January 15, H. H. Anderson appearing for appellant. Papers and
briefs submitted. Decision reserved. On February 18 the General Term affirmed the
Special Term order with costs and disbursements. Opinion by Van Brunt, P. J.; con-
curred in by O'Brien and Lawrence, J. J. On March 5 an appeal was taken to the

Court of Appeals which was argued on May 23, and at the same time a motion on behalf of the City to dismiss the appeal. On June 7 the appeal was dismissed with costs.

2. Bergen Avenue—

The report was completed and presented to the Court (Andrews, J.) for confirmation on March 9. Report, maps, abstracts, etc., submitted. Decision reserved. On March 10 the motion to confirm was granted, the report, etc., filed and order of confirmation duly entered. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice; Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards notified of the confirmation of report.

3. Boscobel Avenue—

The Commissioners, as the result of the testimony introduced before them on the hearing of objections, increased their area of assessment and made up a new abstract of estimate and assessment which was duly filed and objections thereto received. In this abstract an assessment of something over \$60,000 was imposed upon property beyond the centre line of the block adjacent to the improvement, and upon the decision of the General Term in the matter of Forest avenue, it was found necessary to very materially reduce the assessment upon such property, leaving a very large deficiency. An application was then made on behalf of property-owners to the Board of Street Opening and Improvement, asking that the City assume a proportion of the cost and expense of the proceedings. Pending this application the Commissioners suspended their hearings. In the latter part of December the Board of Street Opening and Improvement granted the prayer of the petitioners, and the Commissioners resumed their hearings and are now holding sessions two or three times a week. It is likely that the hearings will be closed in the latter part of January and the report completed some time in February.

4. Brown Place—

The matter of Alexander avenue having been determined by the General Term and the appeal from such determination dismissed by the Court of Appeals, the Commissioners resumed their hearings and determined upon their abstract of estimate and assessment, which will be completed and filed early in the coming year.

5. Corlears Hook Park—

Upon the appointment and qualification of David McClure, Esq., in the place of the Hon. Henry A. Gildersleeve, resigned, the hearings were resumed and closed and an abstract of estimate completed and filed by the Commissioners on December 30. The notice of such filing which is now being published by the Commissioners requires that objections be presented on or before the 15th day of February, 1893, and states that the report will be presented to the Court for confirmation on the 8th day of March, 1893. The awards made by the Commissioners amount to \$1,363,235.

6. East One Hundred and Sixty-second Street—

The hearings of the Commissioners were closed, their report completed and presented to the Court (Andrews, J.) for confirmation on March 11. Report, maps, etc., submitted. Decision reserved. On March 12 the motion to confirm was granted, the report, etc., filed and order confirming report duly entered. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice; Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards notified of the confirmation of report.

7. East One Hundred and Sixty-fourth Street—

The Commissioners completed and filed their abstract of estimate and assessment on October 31, and their report was completed and presented to the Court (Lawrence, J.) for confirmation on December 30. Report, maps, abstracts, etc., submitted. Decision reserved. On December 31 the motion to confirm was granted, report, etc., filed, and order confirming report duly entered. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice; Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards notified of the confirmation of report.

8. East One Hundred and Sixty-eighth Street—

The hearings on the objections filed to the Commissioners' abstract of estimate and assessment have been completed and the Commissioners have now under consideration their report. It is likely that a conclusion will be arrived at in January.

9. Edgecombe Road—

The testimony in support of objections has been closed and the Commissioners are now sitting to hear the summing up of counsel. This summing up will be concluded in January and the Commissioners will thereafter determine upon their report.

10. Fifty-second Street—

This proceeding has not yet been discontinued by the Board of Street Opening and Improvement.

11. Fifty-fourth Street—

The application pending before the Board of Street Opening and Improvement for a discontinuance of this proceeding has not yet been finally passed upon.

12. Grove Street—

The Commissioners, having determined the question as to their jurisdiction to award damages for change of grade in the negative, completed their abstract of estimate and assessment and filed the same on March 8, and published in the CITY RECORD on March 9 notice of such filing and of a motion to confirm their report on April 30. The motion for confirmation was thereafter adjourned from time to time until May 23, when the report was presented to the Court (Lawrence, J.) and confirmation moved. Motion granted, report, etc., filed, and order confirming report duly entered. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders confirming report and taxing costs transmitted to Finance Department, with letter of advice; Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards notified of the confirmation of report.

13. Lexington Avenue—

On January 8 the appeals of the New York Elevated Railroad Company from the order confirming the report of the Commissioners of Estimate and Assessment, and from the order denying its motion to vacate and set aside the order of June 30, 1885, appointing Commissioners of Estimate and Assessment, and of John Schreyer and of the executors of Stephen H. Thayer from the orders of the Special Term, denying their motion to vacate and set aside the order appointing commissioners, and to vacate and set aside the order of confirmation and the proceedings taken by the commissioners, were argued before the General Term (Van Brunt, P. J.; O'Brien and Lawrence, J. J.), James A. Deering appearing upon all the appeals for the appellants. Papers and briefs submitted. Decision reserved. On February 18, the General Term affirmed the orders denying both applications on behalf of the railroad company and the application on behalf of the executors of Thayer, separate opinions being written in each case by Van Brunt, P. J., and concurred in by O'Brien and Lawrence, J. J. On April 15, the order appealed from by Schreyer was affirmed by the General Term; opinion by Van Brunt, P. J., concurred in by O'Brien and Lawrence, J. J. Orders were duly entered affirming the orders appealed from and copies served upon the Attorney for the appellants. Thereafter appeals were taken by the New York Elevated Railroad Company to the Court of Appeals from the order of the General Term affirming the order, denying its application to vacate and set aside the order of June 30, 1885, and by the executors of Thayer and by Schreyer to the Court of Appeals from the orders of the General Term affirming orders denying their application to vacate and set aside the proceedings. The appeals of the Elevated Railroad Company and of Schreyer were argued in the Court of Appeals on May 23, the appeal of Thayer not being reached on the calendar. Thereafter and subsequent to the argument of the appeals, and pending their determination by the Court of Appeals, a stipulation was entered into by Mr. Deering on behalf of the appellants, and by the Corporation Counsel on behalf of the City, withdrawing the appeals without costs, and permitting the matter to be referred to new commissioners, the appeal of Thayer being also withdrawn. The matter was thereafter referred to new commissioners, and the proceeding is now being conducted in the office of the Counsel to the Corporation. The appeals heretofore taken by Frank R. Houghton, Herbert R. Houghton, George H. Brown and George T. Davidson were abandoned.

14. Mulberry Bend Park—

The Commissioners completed their abstract of estimate and assessment by which they awarded \$1,465,032 for land to which title is to be acquired and assessed for benefit upon the area designated thereby by the Board of Street Opening and Improvement, \$467,886.22, and filed the same in the office of the Commissioners of the Department of Public Parks on October 5, and gave public notice of the filing of the same, that objections to such abstract would be received on or before the 6th day of November, and that the report would be presented to the Court for confirmation on the 14th day of November. Very numerous objections were filed to this abstract, principally on behalf of parties assessed, and hearings were thereafter given to such objectors by the

Commissioners, who are now sitting for that purpose. The motion for confirmation has been adjourned from time to time, the last adjournment being taken to January 5, 1893. The Commissioners will proceed with the hearings as speedily as possible, and close the same either in the latter part of January or early in February.

15. One Hundred and Twenty-seventh Street—

Owing to the value of the property affected by this improvement and the restricted area of assessment upon which the costs and expense can be legally imposed, the Commissioners have not completed their abstract of estimate and assessment.

16. One Hundred and Thirty-second Street—

The motion for the appointment of Commissioners in the place of Hon. Joseph E. Newburger and Sidney J. Cowen, Esqs., resigned, and Lyttleton G. Garrettson, deceased, was granted on May 25, and an order appointing John E. Ward, J. C. Solomon and Henry Winthrop Gray, Esqs., Commissioners, was duly entered on that day. These Commissioners thereafter qualified, viewed the premises to which title is sought to be acquired, and on October 5 published notice of their appointment in the CITY RECORD and of a meeting to be held on November 15 to hear parties in interest. Since November 15 the Commissioners have determined upon their preliminary report and requested from the Commissioner of Public Works the necessary maps to attach thereto. These maps were received on December 5, and the Commissioners' preliminary report will be made up and filed for inspection of owners early in the coming year.

17. One Hundred and Sixtieth Street—

On January 2 Judge Lawrence decided the motion for confirmation which had been argued on November 13, 1891. By this decision the report was confirmed, except as to the assessments upon several parcels beyond the termini of the improvement, as to which it was referred back to the Commissioners with directions that they strike out same, the buildings for which awards had been previously made having been destroyed by fire, and these parcels, therefore, being beyond the limits legally assessable. All other objections to the confirmation were overruled. On January 21 the report, amended as required by the order of Mr. Justice Lawrence, was presented to the Court (Patterson, J.), and confirmation moved. Mr. Deering and Mr. Shaw appeared upon the motion, but the report being in accordance with the directions of Mr. Justice Lawrence no opposition was made. Report, papers, etc., submitted. Decision reserved. On January 22 the motion was granted, and an order finally confirming the report in all respects duly entered. Report, maps, etc., filed. On February 15 appeals were taken by Charles Banks and others, through James A. Deering, from so much of the order of the Special Term of January 11 as partially confirmed the report of the Commissioners and from the order of January 21 finally confirming the said report. These appeals were argued before the General Term (Van Brunt, P. J.; O'Brien and Barrett, J. J.) on May 13, James A. Deering appearing for the appellants, John C. Shaw for the respondent, Buckley and Carroll Berry for the respondent, the City. Briefs and papers submitted. Decision reserved. On June 30 the order was affirmed with costs and disbursements. Opinion per curiam. A General Term order of affirmance was thereafter entered, and copies served upon John C. Shaw and James A. Deering. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect. Certified copies of orders taxing costs and confirming report of Commissioners transmitted to Finance Department, with letter of advice; Commissioner of Public Works notified of confirmation of report.

18. One Hundred and Sixty-third Street—

The appeal taken to the Court of Appeals by the City from the order of the General Term affirming the order of the Special Term requiring the Commissioners to receive certain objections was argued on January 20 and affirmed, and the order on the remittitur entered on February 5. The Commissioners thereafter met in pursuance of the order as affirmed, and proceeded with the taking of testimony introduced on behalf of appellant in support of his objections. These hearings were closed in December and the summing up commenced. The case will probably be finally submitted to the Commissioners in January or February.

19. One Hundred and Seventy-third Street—

The hearing before the Commissioners was proceeded with and closed on February 26, testimony being introduced by both the owners and the City. Briefs were thereafter submitted on behalf of the conflicting interests and the matter finally submitted to the Commissioners for decision on March 21. The Commissioners thereafter completed and filed their preliminary report, and on October 17 the first hearing on objections was had. Objections were filed by property-owners through Mr. Deering and by the City, and argument thereafter heard by them. The matter was finally closed December 7, and the Commissioners' report thereafter completed, which will likely be presented for confirmation in January or February.

20. One Hundred and Eighty-first Street—

No reply has been received from the Commissioner of Public Works to the letter of the Commissioners addressed to him in December, 1890, nor to subsequent communications of the same character, and the Commissioners have therefore been unable to progress the proceeding beyond its condition on December 31, 1891.

21. Riverside Park—

On January 22 an appeal was taken to the General Term by Daniel F. Tiemann, Julia W. Tiemann and Peter C. Tiemann from the order of the Special Term entered on December 31, 1891, confirming the report of the Commissioners of Estimate and Assessment. The appeal not being prosecuted with due diligence, a notice of motion to dismiss the said appeal was served by the City on Truman H. Baldwin, the attorney for the appellants, on March 4. The motion was granted and the appeal dismissed with costs on March 31. The Department of Public Parks and the Comptroller notified to that effect.

22. Tremont Avenue—

The new abstract of estimate and assessment was completed and filed by the Commissioners on February 1 and notice of the filing thereafter duly given. As the result of the testimony introduced in opposition to such abstract, a further abstract awarding for the property to which title was to be acquired \$253,447.53, and assessing for benefit 1,195 parcels, embracing 3,803 city lots, assessed \$287,067.64, was completed and filed on August 5 and notice of the filing of same duly given. A number of objections were filed to this abstract and hearings had before the Commissioners upon such objections. These hearings have now been closed and the Commissioners have under advisement their final report. Owing to the value of the property affected and the large area of assessment for benefit, together with a number of corrections and alterations made necessary in their maps in view of recent conveyances, it will probably occupy the Commissioners six or eight weeks to complete their report.

23. Twelfth Avenue—

The question of including the area embraced in this proceeding in another and larger improvement, contemplated by the municipal authorities, is now under advisement.

24. Webster Avenue—

In view of the testimony introduced before the Commissioners and the change in value of the property since the making up of the Commissioners' preliminary report, a new abstract of estimate and assessment was completed and filed and new hearings granted the property-owners. These hearings were closed and the report of the Commissioners finally completed and presented to the Court (Lawrence, J.) for confirmation on December 30. Confirmation was opposed by Thomas S. Bassford on behalf of David B. Cocks. Report, maps, etc., submitted. Decision reserved. The objections interposed to the confirmation were overruled and an order confirming the report duly entered on December 31. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders taxing costs and confirming report of Commissioners transmitted to Finance Department, with letter of advice.

25. Wendover Avenue—

The final report of the Commissioners was presented to the Court (Lawrence, J.), and confirmation moved on April 14. The motion was opposed by Truman H. Baldwin on behalf of the New York and Harlem Railroad Company. Report, maps, etc., submitted. Decision reserved. Briefs upon the motion were thereafter submitted, and on May 10 the objections interposed were overruled in a memorandum published in the "Law Journal" of that date. On May 12 the order was presented for settlement and opposition to the order as proposed interposed by Mr. Baldwin. Order and memorandum submitted. On May 16 the order as proposed on behalf of the City was signed and duly entered on May 17. A motion to resettle the order was subsequently made and denied on May 26. On May 28 appeals were taken on behalf of the New York and Harlem Railroad Company from the order of confirmation and also from the order denying the motion to resettle. The appeals were thereafter placed upon the June calendar and a copy of the papers on appeal served by appellant. In the papers thus served an affidavit which Judge Lawrence on the settlement of the order of confirmation had refused to recite in the order was printed as constituting a part of the case on appeal, and a notice of motion to be made at General Term was served by the City for an order referring the matter to Mr. Justice Lawrence to determine whether the affidavit properly constituted a part of the papers on appeal. This motion was not argued, as a stipulation was entered into by which the affidavit was printed for the purpose of disclosing its contents.

for the information of the Court and not as a part of the printed papers on appeal. The appeals were argued before the General Term (Van Brunt, P. J.; O'Brien and Patterson, J. J.) on June 17, Truman H. Baldwin appearing for the appellant. Papers submitted. Decision reserved. The order was affirmed in October (opinion by Patterson, J.), and on October 20 an order of affirmance was duly entered and copies of same thereafter served upon Truman H. Baldwin. On November 2 papers on a motion for an order for a re-argument of the appeals were served by Truman H. Baldwin and memorandum and papers submitted on motion on November 18. The motion for re-argument was denied on December 6. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies of orders taxing costs and confirming report of Commissioners transmitted to Finance Department, with letter of advice; Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, notified of confirmation of report.

26. Wolf Street—

The report of the Commissioners was presented to the Court (O'Brien, J.) and confirmation moved on February 24. Motion granted. Report, maps, abstracts, etc., filed and order confirming report duly entered. Duplicate report, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller notified to that effect; certified copies or orders taxing costs and confirming report of Commissioners transmitted to Finance Department, with letter of advice; Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, notified of confirmation of report.

27. Lafayette Place—

No steps have been taken on behalf of parties in interest for the appointment of a referee in the place of Homer A. Nelson, deceased, and this matter has not therefore been progressed since December 31, 1891.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, December 31, 1892.

Hon. WILLIAM H. CLARK, Counsel to the Corporation:

SIR—I have the honor to submit herewith report of Street Opening proceedings committed to my charge for the year ending December 31, 1892.

The statistics of work performed are embraced in two schedules, as follows:

SCHEDULE "A."

This schedule comprises the work performed up to the time of the appointment of the Commissioners of Estimate and Assessment in each proceeding.

SCHEDULE "B."

This is divided into nine subdivisions and embraces the steps taken in each proceeding to bring the labors of the Commissioners to a conclusion.

Two proceedings confirmed during the year merit special mention, not only from their character as important public improvements, but also from the expedition with which they were brought to a successful conclusion.

These were the proceeding to open Cathedral Parkway by widening and enlarging One Hundred and Tenth street, between Seventh avenue and Riverside Park, and the proceeding to open a new avenue to be known as St. Nicholas Terrace, from Academy place to Convent avenue. The value of the property acquired by the City for the purpose of the former improvement closely approximated a million dollars, and for the purpose of the latter somewhat exceeded a quarter of a million. It is only necessary to state that the Commissioners for the opening of Cathedral Parkway and St. Nicholas Terrace were appointed in July, 1891, and in March, 1892, respectively, to show that the record made in those proceedings in respect to the time occupied in prosecuting them to a conclusion is without precedent in the history of street opening proceedings of similar character and magnitude.

In the accomplishment of the work performed, I have had the co-operation of Mr. Matthew P. Ryan.

Very respectfully,

JOHN P. DUNN,

Assistant to the Counsel to the Corporation.

Audubon Avenue, from One Hundred and Sixty-fifth Street to One Hundred and Seventy-third Street—

The Commissioners in this proceeding have deferred further action until the matter of One Hundred and Seventy-third street, in which the same questions are involved, is disposed of.

Beach Avenue, from Southern Boulevard to Kelly Street—

Motion to confirm report of Commissioners was denied by Ingraham, J., and report sent back to Commissioners for revision. An order to that effect was entered June 22, 1892.

An appeal was taken therefrom, on behalf of the City, which is still pending.

Bethune Street, between Greenwich and Hudson Streets—

Commissioners completed and filed their preliminary abstract of estimate and assessment. Objections were filed thereto by all the property-owners whose lands were taken. A large number of meetings were had and much testimony was taken. The motion to confirm the report was argued before Judge Andrews on November 18, 1892, which was opposed by Mr. James A. Deering on behalf of Robert Taggart, one of the objectors. Report was confirmed on December 6, 1892.

Bolton Road and Seaman Avenue—

Rule maps and technical description are to be furnished by the Commissioner of Public Works.

Commissioners organized by the election of Samuel W. Milbank, as chairman, viewed premises and published required notice to property-owners to file claims. Preliminary abstract of estimate and assessment is now on file in the Department of Public Works.

Brookline Street—

Commissioners have deferred making their preliminary report because they deem it unwise to do so until it is definitely settled whether the present lines of the street are to be changed or not.

Cammann Street, from Fordham Road to Harlem River Terrace—

The final report of the Commissioners is ready to be presented for confirmation, but its presentation is deferred until an application to discontinue proceedings or change the lines of the street as now laid out and now pending before the Board of Street Openings and Improvement is disposed of.

Cathedral Parkway—

The Commissioners completed their preliminary work and on the 9th day of September filed their abstract of estimate and assessment in the Department of Public Works for the inspection of the public. Numerous objections both to the awards and the assessments were filed on behalf of various objectors. As the value of the property to be acquired for the improvement closely approximated a million dollars, considerable time was devoted by the Commissioners to the hearing of objections, and very voluminous testimony was introduced before them. The final report was then completed and submitted to Lawrence, J., for confirmation on December 30. Confirmation was opposed by Thomas Stevenson, representing some owners assessed for benefit. Motion for the confirmation of the Commissioners' report was granted and an order confirming same entered on December 30.

In said abstract of assessment the Commissioners had assessed, pursuant to a resolution of the Board of Street Opening and Improvement, one-third of the cost and expense of the proceeding upon the city at large and two-thirds upon the property deemed to be benefited thereby. Very numerous objections to the said estimate and assessment were filed by the property-owners affected thereby. All such objections were duly considered by the Commissioners and the objectors allowed to present proof in support of their objections. At the same time, counsel for many of the owners assessed filed with the Board of Street Opening and Improvement petitions praying that said Board should determine that one-half of the cost and expense of the proceeding be assessed upon the property deemed to be benefited and the remainder of such cost and expense upon the city at large. By a resolution of said Board, passed December 28, the prayer of said petitioners was granted. The Commissioners will, therefore, prepare a new report and present the same to Court for confirmation in February of the coming year.

APPENDIX.

Report of John G. H. Meyers, Attorney for the Collection of Arrears of Personal Taxes, for the Year 1892.

OFFICE OF ATTORNEY FOR COLLECTION OF ARREARS OF PERSONAL TAXES,
ROOM 41, No. 53 CHAMBERS STREET,
NEW YORK, December 31, 1892.

Hon. WILLIAM H. CLARK, Counsel for the Corporation:

DEAR SIR—Herewith I submit in detail the report of the Bureau for the Collection of Arrears of Personal Taxes for the year ending with this day.

The summary of that report shows the amount of money collected for taxes, interest and costs, as follows, viz.:

Taxes and interest

Costs

Interest on bank deposits

Total

The number of delinquents against whom no proceeding had been commenced at the close of last year, as appears in my former report, was 1,037, and to this has been added, during this year, by returns from the Receiver of Taxes, 1,693; of the number previously returned as "not found," 109 have since been served, thus making an aggregate to be accounted for of 2,829.

The Receiver of Taxes, since December 16, 1892, returned to me 476 delinquents who have not yet been proceeded against, although papers are being prepared; 327 delinquents paid; 386 were returned by Marshal as "not found," nor did I find them; 499 returned by messengers as "not found"; 259 bank stockholders were not found; proceedings dismissed by Court for various reasons, 609; commitments, 57; summary proceedings pending and papers with Messengers for service, 68; suits and appeals for taxes of various years pending, 44; claims filed with executors, administrators, assignees, and receivers, 38; judgments entered, 15; delinquents dying and leaving no estate, 43; insolvents, 7; error in charging myself with 11 more delinquents than received from Receiver of Taxes last year.

Although the amount collected is not so large as the previous year, yet it far exceeds the collections made prior to my assuming charge of the Bureau, and the work accomplished is fully as much as at any previous time and at a cost of about ten and one-half per cent. to the City. The assistants in the Bureau are entitled to a full share of credit for this exhibit.

Respectfully submitted,

Number of estates upon which letters were granted upon application of the Public Administrator.....	122

There are two estates now in the Bureau held subject to trusts contained in wills, which trusts are duly executed to date.

The accounts of proceedings of the Public Administrator have been judicially settled and allowed by the Surrogate in eighty-four estates, and the estates distributed pursuant to the decree of the Surrogate.

Under the Laws of 1887, providing for the settlement of estates under \$250 without judicial decree, one hundred and one estates have been closed during the year.

Six hundred and twenty-five estates of little value were received from the Coroner's office, and from Commissioners of Charities and Correction, and paid directly into the City Treasury.

In two cases objections were filed to accounts above mentioned, but in neither case did said objections raise the question of the correctness of said accounts.

Three references are now pending before referees relating to the question of kinship, but involving no other question.

Seven actions were commenced in courts of record by and against the Public Administrator.

One proceeding is now pending to determine the validity of rejected claims.

In thirty cases citations were served on the Public Administrator to attend the probate of a last will and testament, and his appearance noted.

Eleven hundred and ten notices were served on hotels, boarding-house keepers, undertakers and others, pursuant to law.

All reports and returns to the Comptroller, Common Council, Board of Aldermen, and to the Supervisor of the City Record have been rendered.

The amount disbursed to creditors, next of kin and for expenses of administration, since letters were issued upon estates settled under decree of court and upon estates closed pursuant to law, was one hundred and one thousand three hundred and sixty-eight dollars and thirty-one cents.
