Alderman Walkley asked for and obtained unanimous consent to introduce the following preamble and resolution:

No. 185.

The day and the occasion appeal to the patriotism of every loyal American citizen, and reveal those higher attributes of our nature which make all the world akin. We meet to do honor to Prince Henry of Prussia, the brother of the ruling Emperor of United Germany, to extend to him the freedom of this city, to open to him the gates of the Land of Liberty, that he may view the achievements of our industry, and mark the causes of our advancing civilization.

For more than a century the blood of Germans and Americans has been comingling, and the student of history and the visitor to the Fatherland note that the Teutons are "moving toward American ideals."

Our welcome is spontaneous, cordial and hearty. In this hour of our rejoicing, we should not, nor do we, forget that this nation has always given a helping hand to the oppressed, and a home to every liberty-loving man of whatever tribe or clime.

In our day, in these very times, the valor of our arms has given freedom to an oppressed people. They were long-suffering, over-burdened, crushed by tyranny's yoke, struggling against all odds, crying for liberty, fighting with desperation and with courage unparalleled, manifesting the spirit of heroes, yet unable to break the chains which held them in thralldom.

This nation heard their cry, and saw their tears. It hastened to their relief. Their fetters were broken, the world called it a magnificent triumph, and America sits to-day in the Congress of Nations.

The same voice of the same people that cried for liberty is now heard appealing to us for life, for opportunity to save their industries from ruin, and to give remunerative value to the products of their soil.

The victory achieved over Spanish rule brought with it moral obligations for which we are responsible to Cuba and the civilized world.

The promises of these United States should be inviolate.

It is fitting that this legislative body of the greatest of American municipalities should voice its opinion and record its prayer for the relief of the Cuban patriots. Therefore, be it

Resolved, That the Board of Aldermen of The City of New York urge upon the Senators and Representatives of this State in Congress, and upon the Congress of these United States to enact such laws as will give relief to the Cubans by granting and establishing such reciprocal tariff relations as will inure to our mutual benefit, and advance the commercial and mercantile interests of both peoples.

To this end we pray that the present duty on sugar and tobacco imported from the island of Cuba into this country be materially reduced, and that the policy of the honored President of these United States (a citizen of this State) and of the Secretary of War, which seems to be the will, the voice, of the people, find expression in written statutes and in enacted law.

That a copy of these resolutions, duly authenticated, be sent to the President of the United States and to the New York Senators and Representatives in Congress.

On motion of Alderman Doull the paper was referred to the Committee on Laws and Legislation.

Alderman Sullivan asked for and obtained unanimous consent to introduce the following:

No. 186.

Whereas, Repeated efforts have been made in recent years, through bills and riders on bills in Congress, and by other means, to secure the transfer of the United States Indian Warehouse from New York City to Chicago, the object being to secure for the latter city undue and undeserved commercial prestige, and to make it appear that New York is no longer the primary market for the goods purchased; and

Whereas, It has been repeatedly shown that New York is the primary market for all classes of goods purchased by the Government, and to the exclusion of the merchants and manufacturers of New York and Eastern States, who have found it

impracticable to offer bids when opened in Chicago and send their samples to that city; and

Whereas, The supplying of the Indian Department has thus been largely transferred to Western dealers, and it is now proposed to close the Indian Warehouse at New York City; be it

Resolved, That we, the Board of Aldermen of The City of New York, respectfully request that the Legislature of the State of New York respectfully appeal to the President of the United States and the Senators and Representatives in Congress from this State to take such steps as will protect the prestige and interests of New York State in the premises, and to prevent the closing of the Indian Warehouse at New York, and restore to the New York Warehouse the opening of bids on all goods for which New York is the primary market.

Which was adopted.

Which was ordered on file.

PETITIONS AND COMMUNICATIONS.

No. 188.

By Alderman Willett—

To the Honorable the Board of Aldermen of The City of New York:

The petition of The Ocean Electric Railway Company respectfully shows:

I. That your petitioner is a street surface railroad corporation, duly organized and incorporated under and in pursuance of an act of the Legislature of the State of New York, entitled "The Railroad Law."

II. That, as such corporation, your petitioner is the owner of all the property, rights and franchises of The Rockaway Village Railroad Company, a domestic railroad corporation.

III. That your petitioner is now engaged in operating a street surface railway at Far Rockaway, in the Fifth Ward of the Borough of Queens, in The City of New York, and that your petitioner has obtained the consent of the Board of Railroad Commissioners of the State of New York to a change of motive power on the lines of said Rockaway Village Railroad from animal power to electricity, or any other suitable motive power except steam.

IV. That your petitioner's railroad tracks in Far Rockaway aforesaid as now laid run from the railroad station along Central avenue to Lockwood avenue, along Lockwood avenue to the Turnpike road, or Broadway, and along the Turnpike road, or Broadway, to South street, where they terminate. South street is a highway running parallel with the ocean front at Far Rockaway, and your petitioner desires to extend its said railroad tracks along South street to Grand View avenue and thence along Grand View avenue as projected, southerly to the ocean. Your petitioner's railroad is mainly used in the summer time by the public who desire to reach the beach at the ocean for bathing, and purposes of recreation, your petitioner's railroad running from the station of the Long Island Railroad at Far Rockaway aforesaid, and being the only means of street railroad communication with the beach aforesaid. At present the public desiring to reach the ocean after leaving your petitioner's cars are obliged to walk for a long distance before they reach the water, and there is a public demand for an extension of your petitioner's railroad so that its passengers can be carried directly to the ocean front.

V. Your petitioner also desires to extend its lines of railroad track from their present termination on Washington avenue, in what is known as Rockaway Park, by way of Eastern avenue to the Boulevard, and thence along the Boulevard through the Seaside, Hollands and Hammels districts to Park avenue, in Hammels, and along Park avenue to the present railroad right of way of the New York and Rockaway Beach Railroad Company. During the years 1900 and 1901 a rapid transit service has been operated by the overhead trolley system between Far Rockaway and Rockaway Park aforesaid, passing through Seaside, Hollands and Hammels aforesaid, and through Arverne as well. This trolley car service has been operated upon the right of way of the New York and Rockaway Beach Railroad Company, which company operates a steam railroad between Long Island City and Brooklyn and Rockaway Beach. Owing to the number of trains moved over said steam railroad tracks and the volume of passenger business using said trains, there are not sufficient facilities for the local rapid transit service between Rockaway Park and Far Rockaway. It is the desire of your petitioner to lay a single track from the termination of the existing street surface tracks on Washington avenue, Rockaway Park, and along Eastern avenue to the boulevard in Hammels to what is known as Park avenue, thence along Park avenue to the right of way of the said steam railroad. This additional track will supply your petitioner with additional track room and enable it to move its cars safely and expeditiously and to accommodate the public desiring to travel between Far Rockaway and Rockaway Beach and intermediate points.

VI. For this reason your petitioner prays and makes application to the Board of Aldermen of The City of New York for its consent and permission to be granted to your petitioner, its successor, successors, lessees and assigns, to construct and maintain an extension of its present street surface railroad for the public use, through, upon and along South street from the intersection of the turnpike or Broadway to Grand View avenue, and from thence along Grand View avenue, as proposed, to the Atlantic Ocean; and from the present termination of the railroad tracks on Washington avenue in what is known as Rockaway Park, by way of Eastern avenue to the boulevard, and thence along the boulevard easterly to Park avenue; thence along Park avenue northerly to the right of way of the New York and Rockaway Beach Railroad Company; all in the Fifth Ward of the Borough of Queens, in The City of New York, together with all necessary connections, switches, sidings turn-outs, turn-tables cross-overs and suitable stands for the convenient operation of said railroad, and for the accommodation of your petitioner's cars which may be run over said railroad by your petitioner, its successors, lessees or assigns; and also that consent and permission be granted to your petitioner, its successors, lessees and assigns, to the erection along the line of said extended railroad of the

necessary apparatus for stringing wires, so that the cars of your petitioner may be used by the means or power of electricity.

Dated January 27, 1902.

THE OCEAN ELECTRIC RAILWAY COMPANY,

By Frank E. Hoff, Secretary.

State of New York, City and County of New York, ss.:

Frank E. Hoff, being duly sworn, deposes and says that the petitioner above named is a domestic corporation and that he is an officer thereof, to wit, Secretary, and therefore makes this verification: That the foregoing petition is true to the knowledge of deponent, except as to the matters therein stated to be alleged upon information and belief, as to which matters he believes it to be true.

FRANK E. HOFF.

Sworn to before me this 27th day of January, 1902.

JOSEPH MEANY, Notary Public, Kings County. Certificate filed in New York County.

In connection herewith Alderman Willett presented the following ordinance:

No. 188A.

Whereas, The Ocean Electric Railway Company has presented to the Board of Aldermen of The City of New York its application in writing for its consent and for the grant of a franchise or right to use certain streets or highways in the Borough of Queens, in The City of New York, for railroad purposes, and for the construction, maintenance and operation of a street surface railroad of standard gauge, to be operated by the overhead-trolley system;

Now, therefore, in pursuance of the provisions of the Charter of Greater New York, it is

Resolved, That the following grant to the said The Ocean Electric Railway Company embodied in the form of an ordinance be published at least twenty days in the "City Record" and at least twice in two daily newspapers published in the city, to be designated by his Honor the Mayor, at the expense of the said applicant, to wit:

"Be it ordained by the Board of Aldermen of The City of New York as follows:

"That a grant of the franchise and right to use the certain streets and highways in the Borough of Queens, in The City of New York, hereinafter described, is hereby given to The Ocean Electric Railway Company, its successors, lessees or assigns, upon the terms and conditions hereinafter mentioned for the period of twenty-five years; and there is also hereby given to the said The Ocean Electric Railway Company, its successors, lessees or assigns, the right of renewal of said franchise and right to use said streets and highways for twenty-five years after the expiration of said original period of twenty-five years at a fair revaluation or revaluations, provided, however, that on the termination of the franchise and rights herein granted there shall be a fair valuation of the plant of the said The Ocean Electric Railway Company, located in that portion of the streets and avenues hereinafter set forth, and such plant shall become the property of the city on paying the grantee such valuation. Such payment shall be at a fair valuation of said plant as properly excluding any value derived from the franchise. And the city shall have the option either to operate the plant and property aforesaid on its own account or to lease the said plant and property and the right to the use of the streets and public places in connection therewith for limited periods in the same or similar manner as it leases the ferries and docks.

"The following is a description of the streets and avenues covered by the franchise and right herein granted: Beginning at the termination of the existing tracks of The Ocean Electric Railway Company at or near the intersection of Broadway and South street in Far Rockaway in the Fifth Ward of the Borough of Queens and City of New York, and running from said point through, upon and along South street in an easterly direction to Grand View avenue at the point where said Grand View avenue intersects South street; running from thence along Grand View avenue, as opened or proposed to be opened, in a southerly direction, crossing Far Rockaway Inlet or Bay to the Atlantic Ocean. Also, from the point of termination of the existing railroad tracks to Washington avenue, so-called, in Rockaway Park on Rockaway Beach in the Fifth Ward of the Borough of Queens; running from thence in an easterly and southerly direction along Eastern avenue to the Boulevard; thence easterly along the Boulevard to Park avenue; and thence northerly along Park avenue to the existing right of way and railroad tracks of the New York and Rockaway Beach Railroad Company in what is now known as Hammel's, in said Fifth Ward of the Borough of Queens and City of New York.

"Together with all necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs and suitable stands for the convenient operation of said street surface railroad and for the accommodation of the cars of the said The Ocean Electric Railway Company which may be run over said railroad tracks by the said The Ocean Electric Railway Company, its successors, lessees or assigns.

"And also consent and permission is hereby granted to said The Ocean Electric Railway Company, its successors, lessees and assigns, to the erection along the line of said extensions of the necessary apparatus and poles for stringing wires so that the cars of said The Ocean Electric Railway Company may be used and operated thereon by means or power of electricity.

"Provided, however, that said railroad shall be so built and at all times kept and maintained on the surface of the streets and highways aforesaid in safe and suitable condition and the surface of the street shall be restored to its former condition as soon as can be done.

"The said The Ocean Electric Railway Company, its successors, lessees and assigns, shall be entitled to fix and collect the following rates of fare as compensation for transporting any passenger thereon, to wit: five cents for passage over the whole of the line of said The Ocean Electric Railway Company, or any part thereof.

"The said The Ocean Electric Railway Company, its successors, lessees and assigns, shall keep and maintain the railroad and its property in the streets and highways aforesaid throughout the full term of this grant and shall give the public good and sufficient service.

"And the said The Ocean Electric Railway Company, prior to and as a condition of the making of this grant, shall enter into a binding agreement, to be duly executed by it, to pay to The City of New York three per centum of the net profits derived from the use of the tracks constructed by it upon the streets and highways hereinabove specified, after there shall have been first retained by said The Ocean Electric Railway Company, its successors, lessees or assigns, from such profits a sum equal to five per centum upon the amount expended to construct the railroad upon that portion of said streets and highways covered by this grant.

"And the consent of this Board of Aldermen is hereby given to the construction, maintenance and operation of the railroad aforesaid for the public use in the conveyance and transportation of persons and property in cars propelled by electric power, or some other desirable mechanical power other than steam, for compensation upon the surface of the streets hereinabove specified.

"And consent is hereby given to the construction of all necessary connections, switches, sidings, turn-outs, turn-tables and stands in connection with said railroad necessary for the convenience and accommodation of passengers and for the convenient operation of said railroad." And it is further

Resolved, That the above ordinance be and the same is hereby referred to the Board of Estimate and Apportionment for its consideration and action.

Which were severally referred to the Committee on Railroads.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.
The Vice-Chairman laid before the Board the following communication from the Commissioner of Public Charities:

No. 189.

Department of Public Charities, Secretary's Office,
Foot of East Twenty-sixth Street,
New York, February 19, 1902.

Mr. P. J. SCULLY, City Clerk:

Dear Sir—I beg to acknowledge the receipt of a copy of a resolution adopted by the Board of Aldermen January 30, 1902, as follows:

"Whereas, Section 676 of the Charter of The City of New York recites that the Commissioner of Public Charities shall distribute the sum appropriated for the relief of the blind in this city in uniform sums not to exceed \$100 to any one person.

"Whereas, In the year 1901 the adult blind persons in the Borough of Brooklyn failed to receive said uniform sum; therefore be it

"Resolved, That the attention of the Commissioner of Public Charities is hereby respectfully called to the unjust discrimination heretofore exercised against such people in the Borough of Brooklyn, and he is respectfully requested to make a uniform allotment in the year 1902."

I beg to state that for the year 1901 the Board of Estimate and Apportionment provided the following sums for distribution to the blind:

Boroughs of Manhattan and The Bronx.....	\$33,250 00
Boroughs of Brooklyn and Queens	13,000 00
Borough of Richmond.....	500 00

Under the provisions of the Charter then in force each Commissioner was required to distribute the sum assigned for use in his jurisdiction in uniform sums. The amount allotted to blind persons was uniform within the borough or boroughs within which each Commissioner had jurisdiction, being as follows:

Boroughs of Manhattan and The Bronx.....	\$49 47
Boroughs of Brooklyn and Queens.....	41 00
Borough of Richmond.....	34 25

For the year 1902 it will be possible to make the distribution uniform throughout all the boroughs of the city if the Board of Estimate and Apportionment makes the appropriation to this Department for distribution to the blind, without reference to borough lines, and this Department will recommend to the Board of Estimate and Apportionment that the appropriation be so made.

I have the honor to remain yours very respectfully,

HOMER FOLKS, Commissioner.

Which was ordered on file.

Resolved, That the Board of Aldermen hereby concurs in said resolution and authorizes the President of the Borough of Manhattan to employ a Consulting Engineer of Public Works and a Consulting Engineer of Public Buildings, at such times as the public interests may require, and at such proper compensation as the particular work upon which they are employed requires.

The Vice-Chairman laid before the Board the following communication from the Department of Health:

No. 191.

Department of Health, City of New York,
Southwest corner Fifty-fifth street and Sixth avenue,
Borough of Manhattan, New York, February 21, 1902.

P. J. SCULLY, Esq., City Clerk, City Hall, New York City:

Sir—At a meeting of the Board of Health of the Department of Health, held February 19, 1902, the Secretary was directed to forward to the Board of Aldermen a copy of an opinion of the Corporation Counsel in respect to the heating of surface cars in the Borough of Brooklyn. Also a copy of the city ordinances relating to the Borough of Manhattan, and to respectfully request that said ordinances be amended so as to include the Borough of Brooklyn.

Very respectfully,

C. GOLDBERMAN, Secretary.

Law Department—Office of the Corporation Counsel,
New York, February 15, 1902.

To the Board of Health:

Gentlemen—I acknowledge the receipt of a communication addressed to me under date of February 6, 1902, by Mr. Caspar Golderman, Secretary of the Board of Health, together with copies of a report in reference to heating of street cars in the Borough of Brooklyn, and in reply to request for opinion regarding the power of the Board of Health to regulate the heating of surface cars in the Borough of Brooklyn, beg to advise you as follows:

There is no provision of the Sanitary Code, health laws or city ordinances in force in the Borough of Brooklyn concerning the subject of heating street surface cars. The Board of Health has no jurisdiction to make an order requiring this to be done.

The ordinances of The City of New York now in force covering the subject in question, being sections 604 and 605, apply only to the former City of New York, by virtue of section 41 of the Charter.

Section 43 of the Charter confers upon the Board of Aldermen power to make, amend or repeal all ordinances, rules, * * * health regulations, * * * as they may deem necessary to carry into effect the powers conferred upon The City of New York, * * * and such as they may deem necessary and proper for the protection of persons * * * and for the preservation of the public health * * * not inconsistent with any State law.

The speed at which cars should run, lighting, number of persons to be employed upon cars and other details have all been regulated by city ordinances, and the trend has been for the Board of Aldermen to legislate in reference to the entire subject of the management of street surface railroads in The City of New York.

While, therefore, there is no ordinance in force applicable to the Borough of Brooklyn by which the various car companies may be required to heat their cars, should legislation be expedient on this subject, the end in view would be secured by having the ordinances referred to extended and made applicable alike throughout the entire City of New York.

Respectfully,

(Signed) G. L. RIVES, Corporation Counsel.

St. John's Hospital, Long Island City,
February 11, 1902.

To the Hon. Charles V. Fornes, President of the Board of Aldermen, and to the Honorable Board of Aldermen, New York City:

Gentlemen—In response to your communication of last month in regard to the estimate of the amount required for the care and support of the inmates of St. John's Hospital in and for the year 1902, would say that, estimating on the basis of the work done during the year 1901, we will require at least the same amount as last year, viz., \$25,000.

St. John's Hospital is without any endowment and depends wholly upon its current receipts to meet its expenses, which for the year 1901 was upwards of fifty thousand dollars (\$50,000), or more than \$18,000 in excess of its receipts.

The hospital is open night and day, with an ambulance ready at a moment's call.

Yours very respectfully,

SISTER MARY DAVID, Superintendent.

Lexington Avenue and Sixty-sixth Street,
New York, February 14, 1902.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—The Mount Sinai Hospital respectfully makes the following statement to your Honorable Board:

That the Mount Sinai Hospital is a corporation duly organized under the laws of the State of New York, and maintains in The City of New York the Mount Sinai Hospital, and that by chapter 719 of the Laws of 1897, entitled "An Act to amend chapter 410 of the Laws of 1892, entitled 'An Act to consolidate into one act and to declare special and local laws affecting public interests in The City of New York,' and the acts amendatory thereof in relation to Mount Sinai Hospital," and chapter 196 of the Laws of 1899, the said Mount Sinai Hospital is entitled to receive an allotment for part of the cost of board, nursing, medical and surgical treatment and attendance, sixty cents per diem for each medical case, and eighty cents per diem for each surgical case, for each needy and charity patient who occupied a bed in the Mount Sinai Hospital and who receives such care, support and maintenance.

That for the year ending December 31, 1901, the said Mount Sinai Hospital has given 66,241 days of free hospital treatment; that upon such basis the number of days of free hospital treatment for the year ending December 31, 1902, would be 67,000, more or less, and that under the provisions of said acts the said Mount Sinai Hospital will be entitled to receive, at an average of seventy cents per diem, an allotment of your Honorable Board of the sum of \$35,000 or more; that the number of days of free hospital treatment as herein stated is made up from the accounts which are kept in the said Mount Sinai Hospital.

Respectfully,

GUSTAVE ABRAMS, Assistant Secretary.

City and County of New York:

Gustave Abrams, being duly sworn, deposes and says that he is the Assistant Secretary of the Mount Sinai Hospital, the corporation mentioned herein; that he has read the foregoing statement and has affixed his name thereto as the Assistant Secretary of the said Mount Sinai Hospital, and that he knows the facts herein stated to be true; that the number of free days of hospital treatment mentioned therein is made up from the accounts which are kept in the Mount Sinai Hospital.

No. 192N.

NEW YORK PUBLIC LIBRARY—CIRCULATION DEPARTMENT.

Estimate for 1902.

To Board of Estimate and Apportionment:

Of the appropriation of \$89,600 for the year 1901 there have been expended during the year amounts as shown in the following table. This appropriation included that of \$81,850 given to the New York Free Circulating Library, and that of \$7,750 given to the St. Agnes Free Library, both of which institutions are now incorporated in the Circulation Department of this Library. The Washington Heights Library, which became a branch in December, 1901, made a separate application while it was still independent, and is therefore considered separately at the end of this estimate.

Expenses, 1901.	
Salaries.....	\$63,841 00
Books and periodicals.....	15,535 86
Binding.....	1,913 78
Repairs and furniture.....	2,993 56
Heat.....	1,928 03
Light.....	3,104 70
Telephones.....	430 05
Supplies, etc.....	11,127 46
Catalogue cases.....	450 00
Printing.....	504 67
Rent.....	10,223 00
Water.....	122 00
Insurance.....	80 00

\$112,254 11

The total, it will be noticed, exceeds the appropriation by \$22,654.11. This excess has been made up from the income of the Department derived from interest on invested funds, voluntary annual contributions, State appropriation, fines, etc. Several of these sources of income cannot be counted upon in the current year owing to the facts that the State appropriation has been reduced 50 per cent., and that many persons who formerly subscribed regularly to the New York Free Circulating Library will probably discontinue their subscriptions now that that institution no longer exists as a separate corporation.

The estimated expenses for the year 1902 for the twelve of the thirteen branch libraries now included in the department (Washington Heights is given separately, as above noted) and for the Traveling Libraries which it operates (at present 156 in number), including the necessary increases due to expected rise in circulation and to needed improvements in methods and plant, are as follows:

Estimated Expenses for 1902.

Books, papers, periodicals, etc.....	\$17,000 00
Bindery.....	2,500 00
Repairs and furnishing.....	3,500 00
Heat.....	1,400 00
Light.....	4,000 00
Water.....	120 00

Rent	10,180 00
Telephones	600 00
Insurance	150 00
Salaries	67,000 00
Supplies and administration.....	12,000 00
Catalogue cases, etc.....	100 00
Monthly book list.....	1,000 00
	<u>\$119,550 00</u>

The above is the same estimate of expenses that was handed in to the Board last September.

Estimated Income for 1902.

From city (appropriation made in October last).....	\$85,650 00
From State.....	1,200 00
From fines.....	6,000 00
From income.....	8,925 00
	<u>\$101,775 00</u>

Estimated expenses as above.....	\$119,550 00
	<u>\$101,775 00</u>

Estimated deficit	<u>\$17,775 00</u>
-------------------------	--------------------

If the city appropriation remains as it is, this amount must be raised by subscription or saved by economies that will seriously interfere with the work of the Library. We asked last summer for the sum of \$105,000, or \$19,350 more than was actually appropriated. The amount appropriated was less by \$4,000 than that given in the preceding year for the same libraries, namely, the Free Circulating and the St. Agnes. In the case of no other library asking an appropriation from the city was the amount reduced.

We would, therefore, respectfully ask that our appropriation be increased, both in view of the facts just stated and because the amount already appropriated is less proportionally to books circulated than in the case of any other library in the city. Our certified circulation, according to the Regents' certificates filed with you last summer, was 1,683,000, making the amount per volume .0508. An increase of one mill per volume with this circulation means an increase of \$1,683. Taking all the city libraries together, they received .055 per volume, at which rate our appropriation would be increased by \$7,068.

Respectfully yours,
C. H. RUSSELL, Secretary.

New York Public Library, Astor, Lenox and Tilden Foundations.
To Board of Estimate and Apportionment.

WASHINGTON HEIGHTS BRANCH.

(Formerly Washington Heights Free Library.)

Of the appropriation of \$4,500 for the year 1901 there have been expended during the year amounts as shown in the following table:

Expenses, 1901.

Salaries	\$3,057 25
Books and Periodicals	1,992 11
Binding	50 54
Repairs and furnishing	190 45
Heat	285 00
Light	106 41
Supplies and administration	455 87
Printing	155 00
Water	26 00
Interest	1,370 25
Legal services	63 09
Insurance	113 41
	<u>\$7,865 38</u>

The total exceeds the appropriation by \$3,365.38. This excess has been made up from subscriptions, donations, State appropriation and fines. As in the case of the other libraries now consolidated with the New York Public Library, it is very doubtful whether subscriptions and donations can now be depended upon to the same degree as when the library was independent.

The estimated expenses for the year 1902 are as follows, being practically the same that were submitted to the Board in August last:

Estimated Expenses for 1902.

In lieu of rent, interest on mortgage of \$30,000 on the library building....	\$1,350 00
Insurance on building and contents	150 00
Heating and lighting	750 00
Water rate	30 00
Printing	300 00
Stationery	200 00
Bookbinding	500 00
Library supplies	250 00
Sundries	300 00
Salaries	3,540 00
	<u>\$7,370 00</u>

The Regents' certificate of approved circulation, amounting to 80,000 volumes, was handed to the Board with the estimate made last summer and is now in its possession.

Estimated Income for 1902.

From city (appropriation made in October last).....	\$5,500 00
From State.....	100 00
From fines	500 00
	<u>\$6,100 00</u>

Estimated expenses as above	\$7,370 00
Estimated income	6,100 00

Estimated deficit	<u>\$1,270 00</u>
-------------------------	-------------------

If the city appropriation remains as it is this amount must be raised by subscription or saved by undesirable economies.

Respectfully yours, C. H. RUSSELL, Secretary

New York Public Library, Astor, Lenox and Tilden Foundations.

No. 192O.

Brooklyn Children's Aid Society,
No. 61 Poplar street,
Brooklyn, February 11, 1902.

President of Board of Aldermen, City Hall, New York City:

Dear Sir—Inclosed please find copy of estimates as requested by the Comptroller's letter of January 16.

Sincerely yours,
FRANCIS H. WHITE, General Secretary.

(Copy.)

Brooklyn Children's Aid Society,
No. 61 Poplar street,
Brooklyn, February 9, 1902.

To the Honorable, the Board of Estimate and Apportionment, City Hall, New York City, N. Y.:

Gentlemen—In conformity with your request in circular letter of January, we submit the following estimates:

For the care and maintenance of dependent children accepted by the Department of Public Charities as proper charges against the City Treasury, at the rate of \$2 per week, including disbursements in placing our children.....	\$10,000 00
For the Seaside Home (Sanitarium) of the Brooklyn Children's Aid Society, payable in twelve monthly installments.....	5,000 00

Committed Children.

The larger part of the children placed in our care are boarded with private families, instead of being kept in an institution. This method is strongly commended by many persons experienced in caring for dependent children and has amply justified itself during several years of trial.

Children are willingly received for short commitments and parents and relatives are encouraged to take children home as soon as possible. When the children's own homes cannot be re-established we endeavor to find free homes or adoptive homes for them, if the parents will consent, thus relieving city of burden of support and giving children a better chance in life.

Seaside Home.

Children ill with diseases incident to summer are sent, after medical examination, to the Seaside Home at Coney Island. Mothers accompany and care for the children. Sometimes only one of the family has an acute attack, but usually all are in need of constitutional or other treatment.

This is the only Brooklyn seaside hospital or home and it is believed to be the oldest in the country. No rejections are made on account of religion or nationality. Illness and need are the only tests.

The Seaside Home carries on a work for the Borough of Brooklyn similar to that of the Hebrew Sanitarium and St. John's Guild for Manhattan. Both of these societies receive aid from the City Treasury.

The Home can care for about 500 inmates at a time and is well equipped for the treatment of summer diseases. The medical staff is composed of eminent specialists in children's diseases, a resident physician and trained nurses.

Very truly yours, WILLIAM C. KELLOGG, President.

The salary of the Assistant Clerk (night service) was increased \$200 per annum in 1899, as he was a very competent man and performed important clerical work in addition to his regular night service.

Replevin Clerk..... \$1,200 00

The Replevin Clerk was appointed in January, 1900—salary \$1,200 per annum. His duty was to take charge of the replevin cases and other civil business. He also voluntarily assisted in relieving the night clerk, who went off duty at 1 a. m. By doing this the Coroners were able to keep their office open all night, an accommodation that has been appreciated by the police, undertakers and others who found it necessary to look for us at all times.

Services of Sheriff, etc.....	8,000 00	8,000 00
Stationery, etc.....	750 00	750 00

Payroll	7,480 00	10,580 00
	<hr/>	<hr/>
Total.....	\$42,430 00	\$48,130 00

The increases over estimate of 1901 are requested for following reasons:

I. The \$2,500 for supplies for Queens County Jail is additional to last year's budget because, under opinion of Corporation Counsel, these supplies should be furnished by the Sheriff, when last year they were furnished by the Department of Buildings.

II. The increase for Jail Physician, Warden, Keepers, Assistant Matron and Orderly and \$400 for Matron for the following reasons:

1. The labor of each of said persons has increased each year and the present pay is not sufficient for the labor performed in proportion with salaries paid in other boroughs, and on account of insufficient salary it is impossible to get competent men to accept the positions.

2. In the cases of Matron and Assistant Matron, each of them acts as a nurse to the sick prisoners, no nurses being provided in this borough.

3. Two Assistant Wardens are asked so that there shall be two men to make the rounds of the jail and one man in charge of the Warden's office and lower Jail. There are now but six Keepers, who work eight hours a day, and one Warden, who is on duty from 8 a. m. to 4 p. m. There should be an Assistant Warden on duty from 4 p. m. until midnight and another from midnight until 8 a. m.

Dated February 10, 1902.

Respectfully submitted,

JOSEPH H. DE BRAGGA, Sheriff of Queens County.

February 10, 1902.

To the Board of Estimate and Apportionment, City of New York:

Gentlemen—In accordance with your request of July, 1901, I now respectfully submit an estimate of the amount required for the care and support of the inmates of the institution, as provided by law, in and for the year 1902.

This institution has four departments and one sub-department, all under one charter and administration. These are as follows: St. John's Hospital and Order of Trained Nurses, The Home for the Aged, The Orphan House, The Church Home for the Blind.

The following is our estimate of total expenditure:

St. John's Hospital and Order of Trained Nurses.....	\$28,000 00
Orphan House.....	11,500 00
Home for the Aged.....	9,500 00
Sisters' House.....	1,400 00
Home for the Blind.....	5,000 00
Expenses of administration.....	5,000 00
Total.....	\$60,400 00

In 1900 the institution cared for the following number of needy persons the stated number of days:

St. John's Hospital, 903 persons, 19,531 days.
Home for the Aged, 47 inmates, 16,398 days.
Orphan House and Press, 89 inmates, 29,687 days.
Church Home for Blind, 13 inmates, 4,735 days.

The Orphan House and the Home for the Blind are the only departments that received appropriations from The City of New York for 1901.

We respectfully ask that in the year 1902 appropriations be made by your honorable Board to these institutions as follows:

Home for the Blind, for the care of 12 of the inmates at the rate of \$110 a year.....	\$1,320 00
Orphan House, for care of 50 inmates, at the rate of \$2 a week.....	5,200 00
Total.....	\$6,520 00

I have the honor to be, with great respect, very truly yours,

L. PAULY, Secretary and Acting Superintendent.

No. 192AF.

Borough of Brooklyn, February 13, 1902.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—In compliance with the circular of the Hon. Edward M. Grout, we, on behalf of the Lutheran Hospital Association of The City of New York and vicinity, respectfully submit the following:

The amount of expenditures for the year 1902 for the above institution is, of course, entirely dependent upon the number of patients who may come to our care.

In order to give your honorable Board an outline of our work we beg to state that during the year 1901 we have nursed 103 patients 11,950 hospital days, of which number 49 were free patients, with 8,518 hospital days, besides 1,260 free meals were given to outdoor poor.

Our expenditures during the year 1901 were:

Salary and wages.....	\$1,980 00
Provisions.....	2,305 00
Medical supplies.....	407 00
Funeral expenses.....	15 00
Light and fuel.....	582 00
Furniture, bedding and clothing.....	145 00
Printing and stationery.....	91 00
House repairs, etc.....	674 00
Telephone.....	43 00
Sundries.....	294 00
Interest on mortgage.....	290 00
Dispensary.....	181 00
Total expenditures.....	\$7,007 00

The amount would have been much larger if the members and friends of our association did not donate provisions, medicines, bedding, furniture, etc.

Our receipts are made up by voluntary contributions from various Lutheran congregations, which alone, however, would not enable us to carry on the work, as such a very large proportion of our patients are poor and unable to pay for their treatment and care. They would be obliged to appeal to the city for help if we could not provide for them.

The city appropriation for the year 1901 was \$3,756.74, on the basis of sixty cents a day for medical and eighty cents a day for surgical patients as per section 230 of Greater New York Charter, as amended by chapter 196, Laws of 1899.

In addition to our hospital work we have opened a dispensary since December 12, 1901. How much such an institution was needed in our locality is shown by the number of applications we have had already, viz.: 26 free patients from December 12 to 31, 1901, and 74 free patients from January 1 to 31, 1902.

Besides we are contemplating to establish a school for training nurses.

We respectfully request your honorable Board to set aside for the use of our hospital for this year a sufficient sum to enable us to continue our charitable work not only in the hospital but also in the newly opened dispensary, and thereby to lighten the burden of The City of New York.

Yours respectfully,

LUTHERAN HOSPITAL ASSOCIATION OF THE CITY OF NEW YORK AND VICINITY.

JACOB MORCH, President.

Bureau of the Public Administrator,
No. 119 Nassau Street, Room 1025,
New York, February 7, 1902.

To the Honorable, the Board of Aldermen:

Gentlemen—In answer to your communication of January 6, 1902, I beg to submit a classification of the working force of my Bureau, specifying in detail the salary proper to be paid to every official of the Department.

William M. Hoes, Public Administrator, amount fixed by chapter 230 of the Laws of 1898.....	\$10,000 00
Frank W. Arnold, Assistant Public Administrator, amount fixed by chapter 230 of the Laws of 1898.....	5,000 00
Robert D. Bronson, Chief Clerk.....	2,200 00
James F. Buck, Second Clerk.....	1,800 00
Edward G. Sheldon, Agent.....	1,200 00
Charles C. Halpine, Law Assistant.....	1,200 00
Mary E. Finn, Stenographer.....	1,000 00
Owen A. Keegan, Storehouse Custodian.....	600 00
Henry E. Sholl, Office Boy.....	208 00
Contingencies.....	600 00

My force has been increased since the 31st of January, 1898, by the appointment of the Storehouse Custodian at a salary of \$600 per year. This appointment was necessitated by the increase in the business of my Bureau, and to meet the criticism of the Commissioners of Accounts that the person having charge of my storehouse should be on my pay roll and his salary paid by the city and not out of the various small estates in my hands.

In classifying the clerical force of my Bureau I divide the clerks into the following classes on the basis of Rule XIII. of the United States Civil Service Regulations, the following employees being classified in the following classes:

Class A—Owen A. Keegan, salary \$600 per annum; Henry E. Sholl, salary \$208 per annum.
Class E—Mary E. Finn, salary \$1,000 per annum.
Class E—Class 1, Edward G. Sheldon, salary \$1,200 per annum; Charles C. Halpine, salary \$1,200 per annum.
Class E—Class 4, James F. Buck, salary \$1,800 per annum.
Class E—Class 5, Robert D. Bronson, salary \$2,200 per annum.

As heretofore stated, my salary and the salary of the Assistant Public Administrator has been fixed by the Legislature and exceeds, of course, the sum of \$2,500, being the last class of Class E.

The salaries of my employees in the classes enumerated are the same to-day as on the 31st day of December, 1898, with the exception of the salary of my stenographer, whose salary was increased in 1900 from \$600 to \$1,000. She has been in my employ for ten years and the increase was made in recognition of her long service and to make her salary equal to the salary paid in the city departments for stenographers of her capacity.

Yours respectfully,

WILLIAM M. HOES, Public Administrator.

EXPLANATIONS.

I. Salaries.

The increase in this item is caused by chapter 704, Laws of 1901, which creates the various offices and fixes the salaries as given in the schedule, and (in my opinion) is mandatory.

II. Fees to Searchers.

This item is also caused by the said act. The amount is reached by comparison of the sum paid to the Long Island Title Company for the year 1900, which was \$1,987.62.

III. Current Indexing.

The regular employees will in 1902 perform this work under salaries, and the item is therefore abolished.

IV. Election Expenses.

Some of this work should henceforth be performed by the regular office force. Therefore \$3,500 less is asked for 1902.

V. Recopying and Reindexing.

This work has been going on for several years and has now progressed so far that a decrease of \$7,000 in the item is justified, and, in my estimation, the work can be practically completed with the sum asked.

VI. Contingency Fund.

This item has become necessary by abolishing the so-called fee system.

(Signed) PETER P. HUBERTY, County Clerk, Kings County.

The increase in present rate over amount allowed by the 1901 Board of Estimate and Apportionment is caused by the election of John Maguire as Assistant Sergeant-at-Arms at \$1,000 per annum, less a reduction of \$800 in salaries in the office of the President of the Board of Aldermen, and \$80 allowed for 1902 but not used. By resolution passed by the Board of Aldermen February 4, 1902, the present Board of Estimate and Apportionment was requested to allow the sum of \$1,000, so that Maguire might be paid.

In addition to sum required to conduct the business of this Department, it has been customary for the City Clerk to make requisition for the amount necessary to pay the salaries of the Inspectors and Sealers of Weights and Measures, which is as follows:

	Present Rate.	Proposed Rate.
10 Inspectors, at \$1,200 per annum.....	\$12,000 00	\$12,000 00

REPORTS OF STANDING COMMITTEES.

No. 56.

Report of Joint Committee on Railroads and Bridges and Tunnels—

New York, February 4, 1902.

To the Honorable the Board of Aldermen:

On January 22 the following proposed Ordinance was referred to the undersigned, the Joint Committees on Railroads and on Bridges and Tunnels.

"Resolved, That the Commissioner of Public Works of the Borough of Manhattan be and is hereby authorized and directed, under section 383 of the Greater New York Charter, to take immediate action in the interest of public safety compelling the officers of the New York and Harlem Railroad Company, and all parts thereof, to so arrange their schedule of trains that not more than one train at a time shall be run on any one track within the limits of that section of the road called the Park Avenue Tunnel, extending from Fifty-fifth Street to a point south of Ninety-sixth Street; be it further

"Resolved, That the said Commissioner of Public Works is also authorized and directed to require the said officers of the said road to so change the system of signaling that the said section known as the Park Avenue Tunnel, extending from Fifty-fifth Street to a point south of Ninety-sixth Street, shall constitute a single block of the signal system now in use."

We held three public hearings, giving the matter prompt attention and thorough consideration.

Full opportunity has been afforded all who desired to be heard to discuss the matter pro and con.

The question of jurisdiction arising, we requested an opinion from the Counsel to the Corporation, who, without delay, responded as follows:

Law Department—Office of the Corporation Counsel.

New York, January 29, 1902.

P. J. SCULLY, Esq., City Clerk:

Sir—I am in receipt of your communication bearing date January 27, inclosing a letter from the Chairman of the Committee on Railroads of the Board of Aldermen, requesting you to ask me to advise that committee and the Committee on Bridges and Tunnels, who now have under consideration a proposed ordinance in relation to changes in train schedules and signaling in the Park Avenue Tunnel, of which proposed ordinance a copy is inclosed, as to the power of the Board of Aldermen to pass and enforce such an ordinance.

The proposed ordinance inclosed by you is as follows:

"Resolved, That the Commissioner of Public Works of the Borough of Manhattan be and is hereby authorized and directed, under section 383 of the Greater New York Charter, to take immediate action in the interest of public safety compelling the officers of the New York and Harlem Railroad Company, and all parts thereof, to so arrange their schedule of trains that not more than one train at a time shall be run on any one track within the limits of that section of the road called the Park Avenue Tunnel, extending from Fifty-fifth street to a point south of Ninety-sixth street; be it further

"Resolved, That the said Commissioner of Public Works is also authorized and directed to require the said officers of the said road to so change the system of signaling that the said section known as the Park Avenue Tunnel, extending from Fifty-fifth street to a point south of Ninety-sixth street, shall constitute a single block of the signal system now in use."

In answer to this communication I have to say that the Board of Aldermen has no authority to pass the resolution in question and establish a block system upon the Harlem Railroad.

Power of the Board of Aldermen in matters of regulation of the use of the streets of the city is derived from section 50 of the Charter, and does not extend, in my opinion, to the regulation of traffic on steam railroads, except in the case of such railroads as occupy the surface of or cross at grade streets or avenues used by the public.

In such cases there would be power in the Board of Aldermen, unless restrained by some statute, to pass resolutions requiring the operation of railroads in such streets or avenues in a manner which would not interfere with the convenience and safety of the citizens.

In connection with this subject I desire to say that if the Board of Aldermen is of opinion that the action required by the resolution mentioned is necessary to the public safety, the proper course would be to present the matter to the Board of Railroad Commissioners for its action, with such recommendations as may seem expedient.

Yours,

G. L. RIVES, Corporation Counsel.

In view of the decision thus rendered, the joint committee having no power in the premises, we offer the following:

Resolved, That the entire matter, including a stenographic report of the proceedings of the committee, be and the same are hereby referred to the State Board of Railroad Commissioners for consideration and action.

Resolved, That the Joint Committees on Railroads and on Bridges and Tunnels be and they are hereby discharged from further consideration of the subject.

WM. WENTZ, M. DICKINSON, THOS. F. McCALL, FREDERICK BRENNER, JACOB LEITNER, JOSEPH OATMAN, JAMES OWENS, JOHN J. HAGGERTY, JOHN DIEMER, Committee on Bridges and Tunnels.

Report of Committee on Street Cleaning—

The Committee on Street Cleaning, to whom was referred the annexed ordinance in favor of regulating the removal of garbage in The City of New York, respectfully

REPORT:

That, having examined the subject, they offer the following resolution:

Resolved, That the Committee on Street Cleaning be and they are hereby discharged from further consideration of the matter and that the ordinance be placed on file.

Department of Street Cleaning,

New York, February 11, 1902.

Hon. JOHN L. FLORENCE, Chairman, Committee on Street Cleaning:

Sir—It appears by the "City Record" of the 6th instant that at a stated meeting of the Board of Aldermen on the 4th instant, Ordinance (127) regulating the removal of garbage was referred to your Committee.

By the provisions of that proposed ordinance the removal of garbage in the boroughs of Manhattan, The Bronx and Brooklyn is required to be made every morning except Sunday before 9 o'clock.

In Brooklyn, for the five years preceding January 1, 1902, this removal was done by contract, not every day, but on stated days of each week.

In Manhattan and The Bronx removal is made daily.

I suggest, therefore, for the present, at least, no stringent requirement as to times of removal be made by ordinance.

This Department can be relied on to make it as often as its appropriation and the available force of horses, carts and drivers will allow.

Besides there are parts of the Borough of Brooklyn and The Bronx which are still practically rural and do not need such frequent removals as the more crowded portions.

Respectfully,

JOHN McG. WOODBURY, Commissioner.

AN ORDINANCE regulating the removal of garbage in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Commissioner of Street Cleaning be and is hereby authorized and directed, on and after March 1, 1902, to collect, empty and have carted away all garbage from garbage receptacles in The City of New York before 9 o'clock in the morning of each day.

Sec. 2. Each and every individual person, houseowner, householder, landlord, lessee or tenant in each and every house in The City of New York shall have their garbage placed in the proper receptacle assigned for its use on each day of the week, excepting Sunday, no later than 8 o'clock a. m.

Sec. 3. Every failure to comply with the provision of this ordinance on the part of any of the persons above recited in section 2 shall, upon conviction, be punished by a fine of \$5, or, in default thereof, imprisonment in the City Prison for a period not exceeding five days.

Sec. 4. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

JOHN L. FLORENCE, JOHN C. KLETT, JAMES COWDEN MEYERS, JOHN E. MCCARTHY, PATRICK H. MALONE, PHIL HARNISCHFEGGER, Committee on Street Cleaning.

Which was adopted.

To prevent the raising of dust upon the streets and highways in the Borough of Manhattan in The City of New York:

Section 1. Sec. 3. It shall be the duty of the President of the Borough of Manhattan to enforce the provisions of this act, and to see that this act is complied with by the aforesaid street surface railway companies.

Sec. 4. Any violation of this act shall be subject to a penalty of one hundred dollars for the first offense, recoverable in a civil action by The City of New York, and for each successive offense a similar penalty recoverable by The City of New York.

Be it ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The sprinkling with water of all streets, avenues, roads, alleys, lanes, boulevards, highways, concourse, public squares and public places in The City of New York, the cleaning of which is now under the jurisdiction of the Department of Street Cleaning of said city, and the sprinkling with sand of all such streets, avenues, boulevards, highways and public places therein, as may require the same is hereby exclusively vested in the said Department of Street Cleaning, under the provisions of this ordinance and under such regulations as the Commissioners of Street Cleaning shall establish in relation thereto.

Sec. 2. All sprinkling or wetting with water of such streets, avenues, roads, alleys, lanes, boulevards, highways, concourse, public squares or public places by any private person or persons, firm or firms, company or companies, association or associations, corporation or corporations, and the taking or use of water from the public supply or source therefor is hereby prohibited; provided that nothing herein contained shall prevent the sprinkling or washing of sidewalks, stoops, areas, house fronts, yards, court yards, gardens and about stables, under such regulation and restrictions as are now or may hereafter be in force in relation thereto; and provided further that nothing herein contained shall be taken or deemed to prevent the completion by a corporation called the Street Sprinkling Association, organized under the laws of West Virginia, of a contract with the former Commissioners of Public Works of said city of New York, which contract bears date April 26, 1893, and which expires by its terms on April 26, 1903, if said contract be still valid and binding upon said city, and its terms be fully complied with by said association, unless the same be sooner canceled or surrendered, or sprinkling thereunder be sooner suspended or the season therefor be further limited as provided by said contract; and provided further that said contract or any similar contract shall not be renewed, nor any similar contract made or entered into with said Street Sprinkling Association, or any other person or persons, firm or firms, company or companies, association or associations, or corporation or corporations.

Sec. 3. Such sprinkling with water shall be done at such times and places and in such manner as said Commissioner of Street Cleaning shall determine and in accordance with such regulations as he shall from time to time establish in regard thereto; and such sprinkling shall be done lightly and with no more than sufficient water to lay the dust, and no drenching or flooding shall be permitted; the carts and appliances to be used shall be of the most modern and approved design and pattern and shall be approved by said Commissioners of Street Cleaning, and the work shall be done only at seasonable times and in the most careful manner, and so as to not render the places sprinkled muddy, slippery or dangerous to traffic, and with due regard to the convenience and rights of the general public.

Sec. 4. For the purpose of procuring the water necessary to do such sprinkling the said Department of Street Cleaning shall be permitted to take water from the public hydrants under such arrangements with the Commissioners of Water Supply as shall be made in regard thereto.

Sec. 5. The Department of Street Cleaning may cause any street, avenue, road, alley, lane, boulevard, highway, concourse, public square or public place aforesaid, or any part thereof, to be sprinkled if in the judgment of the said Commissioner of Street Cleaning such sprinkling is deemed necessary or proper.

Sec. 6. Whenever any street, avenue, road, alley, lane, boulevard, highway, concourse, public square or public place, or any part thereof, shall be or become slippery or dangerous to traffic by reason of rain, snow, ice or frost or from other causes, it shall be the duty of the Department of Street Cleaning aforesaid to cause the same to be sprinkled at the expense of the said city with sand in such manner and at such times as to prevent or avoid such danger.

Sec. 7. For the purpose of enabling the said Department of Street Cleaning to carry into effect the provisions of this ordinance, the said Commissioner of Street Cleaning is hereby authorized and directed to acquire at the expense of said city in the manner provided by law, all necessary and proper horses, wagons, carts, tools, implements and appliances, and, if necessary or proper, to have the carts, wagons, tools, implements and other appliances manufactured according to such designs and plans as shall meet his approval, and the expense thereof, as well as the expense of all other work provided for by this ordinance, shall be paid in like manner as any other expenses of said city and of said Department of Street Cleaning.

Sec. 8. The violation of any of the provisions of section 2 hereof shall be punishable by a fine of not less than ten dollars nor more than fifty dollars, or by imprisonment not to exceed thirty days, or by both fine and imprisonment.

Sec. 9. All ordinances, or part of ordinances, inconsistent or in conflict with the provisions of this ordinance, are hereby repealed.

RECEPTION OF PRINCE HENRY OF PRUSSIA.

Alderman Gaffney moved that a recess of five minutes be taken, in order to prepare for the approaching visit of Prince Henry of Prussia to the Chamber.

Which was adopted.

At the expiration of said time, President Fornes called the Board to order.

President Cantor, of the Borough of Manhattan, announced that Prince Henry was in the Governor's Room, and awaited the pleasure of the Board.

The Sub-Committee consisting of President Cantor, of the Borough of Manhattan; Vice-Chairman McInnes and Alderman Gaffney were then directed to proceed to the Governor's Room and inform the distinguished visitor that the Board was ready to receive him.

Upon their return with the guest of the day and his staff President Cantor said:

"Mr. President, I have the honor to present to you, Sir, and to the Board of Aldermen of the City of New York, his Royal Highness, Prince Henry of Prussia, the guest of the United States."

President Fornes, in welcoming the Prince, said:

"It is my great pleasure and esteemed honor, on behalf of the Board of Aldermen, the legislative body of The City of New York, to express a most cordial welcome to his Royal Highness, Prince Henry of Prussia. Will his Royal Highness kindly be seated to my right?"

After the royal visitor had taken the place assigned him at the right hand of the President, Mr. Fornes further said:

"Your Royal Highness, Prince Henry of Prussia, it is my especial honor to request his Honor, the Mayor of New York, to tender you the resolutions passed by this body granting you the freedom of the city."

Mayor Low, at the left of the President's desk, bowed to Prince Henry and remarked as follows:

"Your Royal Highness, the City of New York, in the charter granted to it by Governor Dongan, in 1686, is spoken of as already an ancient city. It will naturally occur to you that this is the phraseology of the New World. But it does signify that in receiving the welcome of New York you are receiving the greetings of one of the oldest centres of civilization on this continent. The freedom of the city, which is now to be conferred upon you, has not very often been granted in all our history. If it be now, in fact, but a form of words, it is a form that signifies high regard and genuine friendship for him upon whom it is bestowed.

"Our ancient city, in the course of the years, has become the metropolis of America. It is not a capital like the great cities of Europe, for it is not the seat of government either of the State of New York or of the United States. But it is in a very real sense one of the most important centres of the Nation's life, for here are to be found many of the men who gave shape to the financial, the commercial and the industrial progress of the Nation. Here, also, it may fairly be claimed, it is one of the most influential centres in this country of education, music, literature, art and sciences. To all of these claims to eminence on the part of our city our fellow-citizens of German birth and descent have contributed their part in full measure. It is, therefore, a pleasure to all our people to-day to welcome here one who so worthily represents their Fatherland.

"We welcome your Royal Highness heartily, for your own sake, and we welcome you equally as the representative of your imperial brother, the Emperor of Germany. We hope that your visit will do much to cement the friendship always existing between Germany and the United States, between the country of Steuben and De Kalb and the country of Washington.

"By the authority of the Board of Aldermen of the city, I have now the honor to confer upon your Royal Highness the freedom of The City of New York."

In acknowledgment of the freedom of the city conferred upon him Prince Henry said:

"Mr. Mayor, I am most grateful for the kind reception I find here in this house, as well as for the very kind words you express on this occasion. I am fully aware of the fact that it is an exception that a member certainly of my family should have been made or offered the freedom of The City of New York. I may add that I am proud of it. It is the first city which so many of the Old World going over to the New World meet and see. It is a city which has been an asylum for many of my countrymen. It is—I am aware of the fact—the center and a center of commerce.

"I was deeply touched by the reception which I found on the day of my arrival, as well as to-day when I drove up to the City Hall. All of you know perfectly well that I am not here on my own behalf, but that I am here on the behalf of his Majesty the German Emperor, my beloved brother and sovereign.

"I am sorry that I cannot repay you for all the kindness I have found here, but I think that I am quite safe in saying that I may offer you the friendship of his Majesty the Emperor of Germany, and I agree with you, Mr. Mayor, if I may say, that I have not come here to create a friendship, but to carry on the old friendship which has existed between our two nations, and which I hope may remain the same in the future. I wish to thank you once more, and conclude with my heartfelt thanks for the kindness and for your offering me the freedom of The City of New York, and I wish to add that I wish The City of New York everything which is good for the future, and every possible good wish for The City of New York."

Upon the conclusion of the ceremonies the royal visitor and his staff were then escorted from the Aldermanic Chamber to the Governor's Room.
