## BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, ROOM 16, CITY HALL, FRIDAY, MARCH 4, 1904.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; Timothy P. Sullivan, Acting President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Martin W. Littleton, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Cassidy, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The minutes of meetings held February 19 and 26, 1904, were approved as printed.

The hearing in relation to the proposed Courthouse sites, recommended in the majority and minority reports of the Courthouse Board created under the provisions of chapter 336 of the Laws of 1903, was postponed for one month.

The Secretary presented the following report of the Chief Engineer of the Board of Estimate and Apportionment relative to the plans submitted by the Commissioner of Bridges for the reconstruction and enlargement of the westerly or Manhattan terminal of the New York and Brooklyn Bridge:

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER, CITY HALL,  
NEW YORK, February 29, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on February 19, 1904, a communication from the Commissioner of Bridges submitting a plan for relieving the congestion and facilitating traffic on the New York and Brooklyn Bridge at its westerly—or Manhattan—terminal, was referred to your Engineer for examination and report.

A study of the project will be facilitated by a brief review of the plans heretofore made by the Department of Bridges for the solution of this problem. They are as follows:

I. The plan of the Board of Engineers submitted to the Commissioner of Bridges on October 8, 1901. This board was appointed under authority conferred by chapter 712 of the Laws of 1901, generally known as the "McCarren Act." They recommended that an elevated road be built from the Manhattan terminal of the Brooklyn Bridge along Centre, Marion, Spring and Delancey streets, to the Williamsburgh Bridge, with stations connecting with the Manhattan Elevated Railway on the Bowery and on Allen street; that a branch of this line be built on Canal street, from Centre street to the Manhattan Bridge; that the portion of this elevated road between the Brooklyn Bridge and Canal street be constructed with four tracks, and the remainder with two tracks; that the part between the Brooklyn Bridge and a point on Centre street north of Worth street be built at once, and that a commodious station be built at Worth and Centre streets, with sidings and switches north of Worth street for the handling of trains; that the section between Worth street and the Williamsburgh Bridge be completed by the time the Williamsburgh Bridge

should be ready for use, and the Canal street branch be built and available for use upon the completion of the Manhattan Bridge; and that until the Centre street line be ready for operation to the proposed Worth street station, the system of operating bridge cars then in use remain unchanged.

The Board of Engineers thus proposed that the three bridges between Manhattan and Brooklyn should be connected by means of elevated tracks that would practically form parts of these structures and permit of their operation as a unit, effectually doing away with congested terminals and substituting a series of way stations. Until this circulating system could be ready for use they proposed to transfer the principal station to Worth street, converting the present bridge terminal into a way station, thereby securing better distribution and permitting the operation of longer trains.

The report recommended the construction of an elevated line across Manhattan Island to Cortlandt and West streets, via Vesey street, and certain changes in the arrangements for handling surface cars at the present bridge terminal, neither of which have any bearing upon the plan now before your Board, and they need not, therefore, be considered.

The cost of the proposed Centre street elevated extension, including stations at Worth, Canal and Broome streets, and allowing for property damages, was estimated to be \$1,773,000. This estimate did not include stations to connect with the Second avenue and Third avenue lines of the Manhattan Elevated road, and it is not clear from the report whether or not it included the Canal street branch.

II. The report of Mr. C. C. Martin, Chief Engineer and Superintendent of the New York and Brooklyn Bridge, dated November 25, 1901. This report was submitted to the Commissioner of Bridges, and consisted of a review of the plans of the Board of Engineers hereinbefore outlined, with certain suggested modifications. The recommendation of the immediate construction of an elevated extension of the Brooklyn Bridge tracks along Centre street to Worth street, with a station at the latter street, was heartily concurred in. A modification of the route north of Worth street was proposed by turning east on Grand street, permitting connections with the Second avenue and Third avenue lines of the Manhattan Railway at existing stations at the Bowery and Allen street, then running north through Essex street to Delancey street, and through the latter street to the Williamsburgh Bridge. Mr. Martin also approved of the Canal street branch to the Manhattan Bridge, with a station connecting with the Third avenue line at the Bowery. It was also recommended that work on the entire line connecting the Brooklyn Bridge and the Williamsburgh Bridge should be commenced at once, as it was probable that the latter bridge would be ready for use before it could be built. The cost of building the elevated connection between these two bridges, including four stations, was estimated by Mr. Martin to be \$757,000, while the property damages and real estate required along the line would, it was assumed, amount to \$1,405,300, a total of \$2,162,300.

III. The plan of Bridge Commissioner Lindenthal for a great terminal station to be built on the three blocks bounded by Centre street, Tryon row, Park row, Duane street and Reade street.

This plan contemplated the securing of the necessary connections between the new bridges by means of elevated railroads already existing, their capacity being increased by converting them into two-story structures; but such connections would be wholly dependent upon the co-operation of the Manhattan Railway Company and municipal ownership or even control of the connections between the City's great bridges, and the operation of the railroads on these bridges would thereby be indefinitely deferred.

The conspicuous feature of the plan was a great union station to be built by the City for the use of the transportation companies operating the Brooklyn Bridge and the elevated railroads in Manhattan, without assurance that the Williamsburgh Bridge and the Manhattan Bridge would ever be so connected as to permit the free circulation of trains across any two or all of them. The terminal station was to be surmounted by a monumental building for the accommodation of various municipal departments, with a campanile 100 feet or more square and rising 650 feet above the street level. The cost of acquiring the necessary land and constructing the terminal and office building (without the campanile) was estimated by the Bridge Commissioner to be \$9,025,825.

IV. The plan now under consideration by your Board, which provides for the extension of the present four tracks of the Brooklyn Bridge across Park row and Tryon row and over property to be acquired along the easterly side of Centre street to the southerly side of Worth street; the extension of the present bridge station platforms, and the building of a new station, the platforms of which will extend from the southerly side of Chambers street to a point north of Duane street, both the old and the new stations to be included in a large terminal building, which would have a frontage along the easterly side of Centre street and over Park row of about 815 feet, while its length measured along the centre line of the present bridge terminal, which it includes, would be about 585 feet, and its width, except for about 80 feet at the easterly end of the present train shed, would be 140 feet.

The plan also contemplates a widening of the present Manhattan Railway terminal by the addition of a track and two platforms on its westerly side, which would be covered by an extension of the roof of the main station building. It also provides for widening the present bridge terminal by building additional platforms over the north and south roadways.

It is proposed that the ground floor of the new station, except where streets are carried across it, be devoted to entrances and exits, with ample stairways reaching the second floor, which will provide for the distribution of passengers to the different platforms, and presumably for ticket offices, lavatories, etc., while the third floor will be devoted to tracks and platforms.

It is said that provision will be made for fourth and fifth floors which may be used for offices for the various public departments, but whether it is proposed to build a structure which will be capable of sustaining these additional floors, or whether the present plan and estimate of cost includes them, is not apparent from the accompanying description, but I am informed that it does not.

The project contemplates the acquisition by the City of all of the four blocks bounded by Centre street, Tryon row, Park row and Duane street, and the two small blocks, one of which is bounded by Centre, Park and Pearl streets, and the other by Park row, the Brooklyn Bridge and North William street; a portion of the block bounded by Duane, Park and Pearl streets and City Hall place, and part of the block bounded by Centre, Pearl, Park and Worth streets. The property north of the new station would be devoted to the tracks required for tail switching and the handling of trains.

The assessed value of the property required to carry out this plan is given as \$3,800,000, and the cost of the station and other construction is estimated to be \$2,500,000. It is probable that the cost of acquiring the property would be \$5,000,000.

The salient features of these four projects may be briefly summarized as follows:

I. and II. The recommendations of the Board of Engineers and the amendments proposed by Mr. C. C. Martin provided for elevated extensions and connections between the three bridges across the East river, to be built by the City in the public streets, with the acquisition of such private property as might be necessary to provide easy curves from one street to another, and for such widening of streets as might be required for stations. This connecting railroad would be under the control of the City, although any transportation company or companies would be permitted to operate it upon payment of a rental equivalent to the interest on the cost of its construction plus one per cent. for the creation of a sinking fund for the liquidation of the bonds issued to meet such cost. Such a lease could be made terminable, however, and if similar connections were at any time made between the Brooklyn termini of the bridges, the City could itself operate the bridge lines and connecting railroads as an independent system. It is believed, however, that the McCarren act would not permit the building of a railroad connecting the Brooklyn Bridge with either of the others.

III. The plan of Mr. Lindenthal contemplated a monumental union station and office building, and depended upon existing railway companies for the necessary

connection between the bridges. It involved no step in the direction of municipal operation of the East river bridges and their connections.

IV. The plan now under consideration confines its scope strictly to the improvements described in chapter 712 of the Laws of 1901, namely, to relieving the congestion and facilitating the traffic on the Brooklyn Bridge at its Manhattan terminal. It does not contemplate the occupation of any existing streets, except that the terminal station is carried over them, but station and tracks would be located upon property purchased for that purpose. It establishes no connection between the Brooklyn Bridge and either of the other East river bridges, although the plan is susceptible of extension for such purpose. Indeed, such extension would be inevitable.

It provides for two stations, the platforms of which would be but 400 feet, or about their own length, distant from each other, both of which would be covered by one immense building, the dimensions of which would render successful architectural treatment very difficult.

The different parcels which it is proposed to purchase in order to carry out this plan are assessed for purposes of taxation as follows:

1. Block bounded by Park row, the Brooklyn Bridge and North William street .....	\$325,000 00
2. Block bounded by Centre street, Tryon row, Park row and Chambers street, containing the Staats Zeitung Building.....	1,540,000 00
3. Block bounded by City Hall place, Chambers street, Duane street and Reade street .....	746,500 00
4. Block bounded by Centre street, City Hall place and Reade street.....	.....
5. Block bounded by Centre, Reade and Duane streets.....	169,000 00
6. Block bounded by Centre, Park and Pearl streets.....	179,500 00
7. Part of block bounded by Duane, Park and Pearl streets and City Hall place .....	463,700 00
8. Part of block bounded by Centre, Pearl, Park and Worth streets....	420,000 00
Total assessed value.....	\$3,843,700 00

—of which amount \$683,800 is assessed on buildings and the remainder on the land. Portions of Blocks 1 and 2 and all of Block 4 are already owned by the City, and the value of such property is excluded in the above statement.

It is at once apparent that the plan of the Commissioner of Bridges calls for an expenditure for property considerably in excess of that estimated to be required for purposes of construction. If it be subsequently proposed to extend these tracks to establish a connection with either or both of the other bridges, and the same policy of avoiding public streets be followed, the disproportion will be still greater.

The question naturally arises, Why not occupy Centre street for the proposed extension of the bridge tracks and for an immediate connection with the Williamsburg Bridge? There would be no room in Centre street for an adequate station, which it would be necessary to build on property bought for the purpose, but the plan which has been submitted could readily be modified in the manner indicated on the accompanying print. The two sets of platforms could be placed nearer together; the proposed new station could be made shorter by 205 feet, reducing its westerly frontage to 610 feet; or, by shortening the westerly platform about 11 feet and the easterly one about 27 feet, the building could be limited to the southerly side of the present Reade street, rendering possible a more satisfactory architectural treatment; the reverse curves between the two sets of platforms could be avoided, lengthening the present bridge platforms about 100 feet instead of 175 feet; and the purchase of the plots above indicated by numbers 6, 7 and 8 would be unnecessary, and only one lot of "Block 1" need be taken. This would reduce the amount of property to be acquired, that which would be needed having an assessed value of \$2,567,500 instead of \$3,843,700.

It would be necessary to shorten the two existing tracks of the Manhattan Elevated Railway slightly more than is proposed by the plan submitted, and the additional track for that railway could properly be built at the expense of the company, together with the necessary platform connections with the new station. In fact, that company should be compelled to make its connections with the new station as convenient and commodious as a decent regard for its patrons requires.

Your Engineer is aware of the prejudice which would be encountered against building an elevated railroad in Centre street. This prejudice was deferred to when it was aroused by the report of the Board of Engineers above noted; and their recommendations, this feature of which had the cordial approval of Chief Engineer Martin, were not adopted. Two years and more have since elapsed, the conditions have meanwhile been growing worse, the Williamsburg Bridge is about completed and is practically useless, steps have been taken to widen Delancey street to 150 feet and to extend it to Elm street, and the improvements now proposed by the Commissioner of Bridges could be extended by building a road through Centre, Marion and Delancey streets to the Williamsburg Bridge, and effective and permanent relief would be attained.

A double-track elevated railroad of good design, and including stations, can be built for about \$500,000 a mile, and a four-track road would probably cost one-third more, or, say, \$700,000 a mile. Damages to abutting property, judging from the experience of the Manhattan Railway Company, would be about \$500,000 a mile, but I will add 50 per cent. and say \$750,000 a mile; while along the widened Delancey street and its proposed extension there should be no damage whatever, so this expense would probably be confined to Centre street and Marion street.

The cost of the extension of the proposed structure from Worth street to the Williamsburg Bridge, therefore, can be estimated as follows:

6,000 linear feet of four-track elevated railroad, including stations.....	\$795,000
Property damages along Centre and Marion streets, one-half mile at \$750,000 per mile .....	375,000
Property required at Marion street and the Delancey street extension, to permit of easy curve from Centre street.....	150,000
Total .....	\$1,320,000

It has already been shown that the property, the purchase of which would not be required if the plan were amended as suggested, has an assessed value of \$1,276,200, which would probably represent an actual cost, under condemnation proceedings, of at least \$1,800,000, so that the complete improvement above outlined would be secured for about half a million dollars less than the amount which the Commissioner of Bridges now proposes to expend. The saving would probably be greater, for I believe the estimated cost of acquiring the necessary property to be somewhat low.

In the amendments which have been suggested it has been proposed to use curves the minimum radius of which is the same as that indicated on the proposed plans, namely, 130 feet. This is sharper curvature than is desirable in a terminal station of such importance; and an alternative arrangement is proposed by which the minimum radius of curvature is increased to 180 feet. Both of these suggested modifications are indicated upon the accompanying sketch.

The plans before the Board call for a very large station, a considerable portion of which is of no use whatever except to provide a covered way for the tracks connecting two sets of platforms. Why connect the proposed and the present stations at all? If the southerly end of the new station and office building were to be placed at or about the intersection of Centre street and Tryon row, and its northerly end were to remain where proposed by the Bridge Commissioner, we would have a rectangular building 550 feet long and 140 feet wide, which, while it need not be monumental, could be made very creditable in appearance. It would be symmetrically placed with respect to the Hall of Records, and could be increased in height to make an excellent office building. The facade of the present bridge terminal could be treated as might be thought best to improve its appearance, and the curved viaducts carrying the tracks between the two stations could be so designed as not to be offensive.

In this plan the only property the purchase of which would be saved would be "Block 1" (except Lot No. 26) and "Block 8," which have an assessed valuation of \$633,000, representing a probable cost to the City of \$900,000, or just half the saving incident to the amendment first proposed. The reduced cost of the station would, however, make the economy almost as great.

On the 27th inst. there was made public a report of the Chief Engineer of the Department of Bridges, which clearly indicates that the plan submitted by the

Bridge Commissioner was confined to a terminal station, on account of the limitations imposed upon him by chapter 712 of the Laws of 1901, but that ultimately it would become an intermediate station on a line connecting the two bridges. It is proposed that this connection be made either by way of Centre and Marion streets, or that it cut diagonally through the block north of Worth street, run thence along Baxter street, widened to 100 feet, and, passing through the block bounded by Grand, Mulberry and Broome streets and Centre Market place, reach the proposed extension of Delancey street west of the Bowery, which it is apparently proposed to widen to some 200 feet.

It is estimated that the cost of acquiring the property needed for this private right of way and street widening would be less than \$2,000,000. In the opinion of your Engineer it would be at least \$3,000,000. This plan would avoid building an elevated railroad on Centre street, which is undoubtedly desirable, but it would add greatly to the expense.

If, then, the present bridge station is to be relieved by transferring the actual terminal to the proposed Centre street station, and possibly still further relieved by converting both of them into intermediate stations, the building of additional platforms over the north and south roadways of the present bridge may be considered of doubtful necessity.

The Commissioner of Bridges estimates that the new station could not be constructed in less than eighteen months, and he proposes, in order to secure immediate relief to the congestion and discomfort of bridge traffic, that the present platforms be extended, and that the tracks be carried across Park row and over the site of the old Hall of Records, such track extension being necessary to permit of tail switching of the longer trains which would be operated in connection with the lengthened platforms. He points out that these tracks would necessarily be temporary, as they could not possibly be used in connection with the proposed new station, and that they would be removed as soon as the station became available for use.

The conditions at this point have for several years been chaotic, owing to the construction of the Rapid Transit Railroad, and if a fair measure of relief to the present conditions of bridge traffic could be obtained by this temporary extension of overhead tracks, their unsightliness would be a small price to pay, especially in view of the fact that there would be no such obstruction to the surface of the street as has been patiently endured for many months past.

Note has been made of the fact that the McCarren act does not provide for the building of anything but a terminal for the Brooklyn Bridge, and, if the Board should conclude to approve of such an extension of the plan of the Bridge Commissioner as has been herein suggested, and as has also been proposed by the Chief Engineer of his own Department, it would doubtless be necessary to so amend that act as to make it applicable to all of the bridges across the East river, and to connections between them.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,  
February 17, 1904.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Under authority granted by chapter 712 of the Laws of 1901 I have the honor to submit herewith general plans and specifications for the reconstruction and enlargement of the westerly or Manhattan terminal of the New York and Brooklyn bridge, the design of which is to relieve the congestion and facilitate the traffic on this bridge.

The work involved contemplates the acquisition of property for and the construction of a new terminal station, forming an ornamental front for the present station, and extending along the easterly line of Centre street, and the extension of the switches and tracks in this station through private property to the southerly side of Worth street.

It also involves such reconstruction of the present station as will increase the number of platforms therein, and move these platforms northerly toward Park row, and provide them with additional and more convenient stairways for exit and entrance.

It also involves additions and changes in the trolley loops on the ground floor of the present station, so as to enlarge their capacity.

The new terminal station cannot be completed in less than eighteen months, and it is therefore proposed to make the changes in the present station platforms, and extend the switching tracks across Park row, over the site of the old Hall of Records; these switching tracks across Park row will be entirely temporary in character, and must be removed on the completion of the new terminal building. They can be constructed, however, within a few months, and put in operation for fall traffic, and will thus materially improve the traffic facilities at a very early date.

Respectfully yours,

GEO. E. BEST, Commissioner of Bridges.

General Specifications for Construction to Relieve the Congestion and Facilitate Traffic on the New York and Brooklyn Bridge at the Westerly or Manhattan Terminal Thereof.

For this purpose there will be required the acquisition of all the real estate now belonging to the City in the four blocks bounded by Centre street on the west, Tryon row on the south, Park row on the east and Duane street on the north and east; and the small block bounded by Centre street on the west, Park street on the south and east, and Pearl street on the north; and the small block bounded by Park row on the west, the property of the New York and Brooklyn Bridge on the south and North William street on the east; and also certain parcels of land on the south side of Duane street between City Hall place and Park street, on Centre street between Pearl street and Worth street, all as shown in color on the accompanying plan.

The construction will consist of an extension of the New York and Brooklyn Bridge tracks over Tryon row and over private property, as shown on the same map, to the southerly side of Worth street; the construction of a large terminal building covering a portion of the westerly end of the present bridge station and extending along the easterly side of Centre street to a point at or near the northerly side of Duane street, the said building being about 140 feet wide.

From the northerly end of this building a steel structure will be built to carry four tracks of elevated road to the southerly side of Worth street, with adequate provision for switches at the end of the station.

The present Reade street, between Centre street and Duane street, and the present Chambers street, between Centre street and Park row, will be changed in width and direction so as to cross the building at right angles, and the portion of City Hall place between Reade street and Chambers street and a portion of Duane street east of Centre street will be closed.

Provision will be made for widening the Manhattan railway structure on Park row so as to provide at least one additional track westerly of the tracks now in position, and for the construction of platforms necessary for all these tracks, and for covering these platforms with an extension roof to the main station building, and for extending the switches on Park row slightly north of Duane street.

The ground floor of the station building on Centre street will, excepting the space devoted to public streets and places, be used for entrance to the station and will be provided with stairways reaching to the second or mezzanine floor. The second or mezzanine floor will correspond in level with the mezzanine floor of the present station and will provide on an extensive scale for the distribution of passengers to and from the several railway platforms.

The third or main station floor will contain tracks and platforms, four in number, which will be longer and wider than those now in use on the New York and Brooklyn bridge. The head room in this floor will be 20 to 25 feet above the platforms, and provision will also be made for the construction of fourth and fifth floors, which may be used for office purposes.

This building is to be of steel skeleton construction, with stone exterior and slate roof.

From the City Hall park on the line H G, an incline or ramp will lead from the surface of the ground up to the mezzanine floor, and stairways will also be built from this ramp to the ground near the westerly curb line on Park row.

The importance of this station and the prominent position it occupies will fully justify the careful study and preparation of competitive architectural plans for its construction.

The present bridge station will be connected with the Centre street station building and form a southerly wing thereto. The elevated railroad platforms in the present station will be extended and brought out nearly to Park row and two additional side platforms will be built and roofed in over the present carriageways of the bridge, and all of these four platforms will be fitted with capacious stairways to the mezzanine floor.

The construction thus far outlined applies only to the use of elevated or bridge trains, and in order to make the new platforms on the present station immediately effective and to furnish immediate relief to the congestion of travel to and from these trains, and pending the construction of the Centre street station, which cannot be completed in less than eighteen months, it would be necessary to construct temporary tracks in extension of the present bridge tracks across Park row and over the site of the old Hall of Records. These temporary tracks cannot possibly be operated when the Centre street station is completed and would be abandoned at once on the completion of this station.

The lengthening of the present bridge platforms would permit the construction of more loops for the trolley tracks coming over the bridge, and certain other minor changes in respect to these loops which will materially relieve the congestion of the trolley tracks on the Brooklyn Bridge.

The assessed valuation of the property required is \$3,800,000, and the cost of the station and other construction will be about \$2,500,000.

The following gentlemen appeared and made statements in support of the plan to relieve the congestion at the Manhattan end of the bridge.

Mr. O. T. Nicholls, Engineer of the Bridge Department.

Mr. Frederick W. Block.

Mr. William McCarroll, representing the Manufacturers' Association of New York.

Hon. Charles A. Schieren.

Mr. Theodore L. Frothingham, representing the Brooklyn League.

Mr. David Porter.

Mr. Neils Poulson.

Mr. Block presented a petition signed by A. J. Nutting & Co., the Brooklyn Furniture Company and others, favoring the Commissioner's plan and urging prompt action.

The Presidents of the Boroughs of The Bronx and Queens appeared and took their places in the Board.

The Rev. L. J. Evers, of St. Andrews Roman Catholic Church, and representing the Council of the Archbishop of New York, appeared in opposition, and requested that no action be taken until the Archbishop could appear and be heard.

The Chair then declared the hearing closed.

The Secretary presented a communication from the Comptroller transmitting copy of report, etc., in connection with the claim of Nelson J. Waterbury for compensation for legal services rendered to The City of New York in the trial of William H. De Forest before the Commissioners of Appraisal in the Aqueduct Proceedings.

Mr. Nelson J. Waterbury, Jr., appeared before the Board to urge the payment of said claim.

The Comptroller suggested that the matter be laid over and that all papers relative to the same be printed and copies sent to each member of the Board.

The Secretary presented a communication from the Trustees of the New York Public Library requesting an appropriation of \$41,830.

Laid over and copies of papers ordered sent to each member of the Board.

The Secretary presented the following communication from the Commissioner of Street Cleaning requesting the transfer of \$11,000 to "Borough of Brooklyn—Removal of Snow and Ice":

DEPARTMENT OF STREET CLEANING,  
NEW YORK, February 25, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I have to request that the sum of eleven thousand dollars (\$11,000) be transferred from the account of "Sweeping and Carting," appropriation of the Department of Street Cleaning, Borough of Brooklyn, for the year 1904, to the appropriation account of "Snow and Ice, Borough of Brooklyn," for 1904, for the reason that the balance remaining in the last named account is not sufficient to meet the emergency of the last fall of snow.

I also have to request that in accordance with the provisions of section 546 of the Greater New York Charter the Comptroller be authorized and directed to issue bonds of The City of New York to the amount of eleven thousand dollars (\$11,000), the proceeds thereof to be used for the restoration to the account of "Sweeping and Carting" of the amount temporarily transferred therefrom as requested above.

Respectfully,

JOHN McGAW WOODBURY, Commissioner.

The following resolutions were offered:

Resolved, That the sum of eleven thousand dollars (\$11,000) be and the same is hereby transferred from the appropriation made to the Department of Street Cleaning, for the year 1904, entitled "Borough of Brooklyn—Sweeping and Carting," to the appropriation made to said Department, for the year 1904, entitled "Borough of Brooklyn—Removal of Snow and Ice," the amount of said appropriation being insufficient; and

Resolved, That, pursuant to the provisions of section 546 of the Greater New York Charter, the Comptroller be and is hereby authorized to issue Revenue Bonds of The City of New York to the amount of eleven thousand dollars (\$11,000), redeemable from the tax levy of the year succeeding the year of their issue, the proceeds of which shall be applied to refund to said appropriation the amount hereby transferred therefrom.

Which were adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented the following communication from the President of the Park Board requesting the Board of Estimate and Apportionment to recommend to

the Board of Aldermen the fixing of the salary of the position of Assistant Secretary in the Park Board at the rate of \$4,000 per annum:

THE CITY OF NEW YORK,  
DEPARTMENT OF PARKS, THE ARSENAL, CENTRAL PARK,  
February 23, 1904.

To the Board of Estimate and Apportionment, New York City:

GENTLEMEN—The following is an extract from the minutes of the Park Board, held February 18, 1904:

"Resolved, That the salary of Clinton H. Smith, Assistant Secretary of the Park Board be and the same hereby is fixed at \$4,000 per annum, subject to the approval of the Board of Estimate and Apportionment and the Board of Aldermen.

"Adopted, all the Commissioners voting in the affirmative."

This action of the Park Board is not to be taken as an increase of the salary account, although it appears so on the surface. It is in effect a saving of \$1,500, as it follows and supplements the previous action of the Board abolishing the position of Clerk of the Board, established under the last administration.

The place of Clerk of the Board was an extravagant and unnecessary charge upon the salary account to the amount of \$2,000. At the same time, its abolishment adds considerable to the burden upon the rest of the office, especially in the case of the Assistant Secretary.

The duties thus added to those of the Assistant Secretary are discharged with increased efficiency, together with those which previously devolved upon him. They make an arduous and responsible total.

The official affected is one of the most experienced and longest in the park service. His fidelity, efficiency and industry are in evidence early and late. No question of office hours ever governs him when there is work to be done, and the recognition tendered to him by the Park Board is heartily recommended to the members of the Board of Estimate and Apportionment, and the Board of Aldermen, as deserved, proper and fitting.

Respectfully,

JOHN J. PALLAS, President, Park Board.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York, that the salary of the position of Assistant Secretary of the Park Board be fixed at the rate of four thousand dollars (\$4,000) per annum.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented the following communication from the President of the Borough of Manhattan requesting the transfer of \$43,000 to "Bureau of Buildings and Offices—Salaries and Wages" for 1904.

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL,  
February 24, 1904.

JAMES W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Request is herewith made to the Board of Estimate and Apportionment for the transfer of the sum of \$43,000 from the appropriation entitled "Bureau of Public Baths and Public Comfort Stations—Salaries, 1904," to the appropriation entitled "Bureau of Public Buildings and Offices—Salaries and Wages, 1904."

The above transfer of funds is requested for the reason that the amount appropriated by the Board of Estimate and Apportionment for the year 1904 for the maintenance of the laboring force of the latter named bureau, is deemed insufficient; the payrolls of that bureau indicating, at the present rate, an estimated deficit for the year of \$47,000.

It appears from the records of this Department that the estimated amount submitted to the Board of Estimate and Apportionment last September, which would be required by the Bureau of Public Buildings and Offices to maintain the laboring force of that bureau during the entire year of 1904, was \$289,576.17, and on October 8 a supplemental estimate was submitted requesting an additional amount of \$6,030 for the purpose of fixing the wages at the prevailing rates of the Steam Engineers and Firemen employed in the public buildings under the care of this department.

The appropriation allowed by the Board of Estimate and Apportionment for the above purpose was only \$262,421.25, or about \$27,000 short of the amount actually required to maintain during 1904 the laboring force of the Bureau of Public Buildings and Offices as it existed at the time when the estimate of the department was prepared. After the estimates were submitted to the Board of Estimate and Apportionment last September, increases in the wages of the laboring force of this Bureau, for the purpose of equalizing rates, and a few necessary minor appointments were made by the previous administration, amounting in the aggregate to about \$20,000 per annum, which makes a total estimated deficit for the year 1904 in the salary appropriation of the above-named Bureau of \$47,000. To partially meet this deficit it is proposed to transfer the sum of \$43,000 from the salary appropriation of the Bureau of Public Baths and Public Comfort Stations to the salary and wage appropriation of the Bureau of Public Buildings and Offices. This surplus in the salary appropriation of the Bureau of Public Baths and Comfort Stations represents that portion of the appropriation allowed by the Board of Estimate and Apportionment for the maintenance of the new baths and comfort stations which, it is thought, will be completed and ready for use in about three or four months. To obtain the funds which will be required to operate these new baths and comfort stations, when they are ready for public use, it is the intention of this department to apply to the Board of Aldermen for an issue of Special Revenue Bonds in an amount sufficient to provide for their maintenance until January, 1905, when the regular appropriation for the maintenance of baths and comfort stations will be available.

It is requested that this application for the transfer of funds be put on the calendar for action by the Board of Estimate and Apportionment at their next meeting, on Friday, February 26, without fail.

Yours truly,

JOHN F. AHEARN, President.

The following resolution was offered:

Resolved, That the sum of forty-three thousand dollars (\$43,000) be and the same is hereby transferred from the appropriation made to the President of the Borough of Manhattan, for the year 1904, entitled Bureau of Public Baths and Public Comfort Stations: "Salaries," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said President of the Borough of Manhattan, for the year 1904, entitled Bureau of Public Buildings and Offices: "Salaries and Wages," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented a communication from the President of the Borough of Manhattan, requesting the Board to provide a suitable Court House for the Thirteenth District Municipal Court, and recommending the purchase of property situated on Madison street, between Clinton and Montgomery streets, Borough of Manhattan.

Laid over.

The Secretary presented a communication from the Supreme Court Justices Truax, Scott and Dugro, requesting an appropriation of \$50,000 for the necessary repairs, etc., to the County Court House.

On motion of the Comptroller the Secretary was directed to communicate with the Board of Aldermen, and ask said Board to authorize the issue of Special Revenue Bonds to said amount.

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity requesting the Board of Estimate and Apportionment to recommend to the Board of Aldermen that the salary of the position of Secretary to the Deputy Commissioner be fixed at the rate of \$3,000 per annum.

Referred to the Comptroller.

The Secretary presented a petition from William B. Hurd, Jr., for compensation for services rendered in drawing Jurors while acting as County Judge, Kings County.

Referred to the Corporation Counsel for an opinion as to whether the Board of Estimate and Apportionment may legally authorize the payment of the same.

The Secretary presented the following communication from the Commissioner of Street Cleaning requesting the transfer of \$14,156.82 to "Boroughs of Manhattan and The Bronx—Supplies and Contingencies," for 1903:

DEPARTMENT OF STREET CLEANING,  
NEW YORK, February 19, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I have to request that the following transfers be made in the appropriation of the Department of Street Cleaning, Boroughs of Manhattan and The Bronx, for the year 1903:

From "General Administration" to "Supplies, Rents and Contingencies".....	\$1,329 72
From "Administration" to "Supplies, Rents and Contingencies".....	81 60
From "Sweeping and Carting" to "Supplies, Rents and Contingencies".....	7,600 00
From "New Stock Plant" to "Supplies, Rents and Contingencies".....	5,145 50
Total.....	\$14,156 82

The reason for the above-named transfers is that the balance remaining in the account of "Supplies, Rents and Contingencies," is not sufficient to cover the business of the year.

Respectfully,

JOHN MCG. WOODBURY, Commissioner.

The following resolution was offered:

Resolved, That the sum of fourteen thousand one hundred and fifty-six and eighty-two one hundredths dollars (\$14,156.82) be and the same is hereby transferred from the appropriations made to the Department of Street Cleaning for the year 1903, entitled and as follows:

"General Administration".....	\$1,329 72
BOROUGH OF MANHATTAN AND THE BRONX.....	
"Administration".....	81 60
"Sweeping and Carting".....	7,600 00
"New Stock Plant".....	5,145 50
Total.....	\$14,156 82

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to said Department for the year 1903, entitled Boroughs of Manhattan and The Bronx—"Supplies, Rents and Contingencies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented the following communication from the Commissioner of Public Charities requesting the transfer of \$391 to "New Ambulances, Horses, Harness and Repairs":

DEPARTMENT OF PUBLIC CHARITIES OF THE CITY OF NEW YORK,  
FOOT OF EAST TWENTY-SIXTH STREET,  
February 19, 1904.

Hon. JAMES W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I beg respectfully to request the transfer of \$391 from the appropriation to this department for the year 1903, entitled "Burial of Pauper Dead," the same being in excess of the amount required therefor, to the appropriation "New Ambulances, Horses, Harness and Repairs" to this Department for the year 1903, the same being insufficient.

I have the honor to remain,

Yours very respectfully,

JAMES H. TULLY, Commissioner.

The following resolution was offered:

Resolved, That the sum of three hundred and ninety-one dollars (\$391) be and the same is hereby transferred from the appropriation made to the Department of Public Charities for the year 1903, entitled "Burial of Pauper Dead," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said department for the year 1903, entitled "New Ambulances, Horses, Harness and Repairs," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented the following communication from the Commissioner of Correction, requesting the transfer of \$4,825 to "Borough of Manhattan—Salaries":

DEPARTMENT OF CORRECTION, OF THE CITY OF NEW YORK,  
COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET,  
NEW YORK, February 11, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—In order to pay the Firemen and Stokers of this Department the union rate of wages, I would respectfully ask your Honorable Board to allow the following transfer of appropriation:

From "Alterations, Repairs and Improvements of Buildings, Apparatus and Steamboats," to "Salaries".....	\$4,825 00
---	------------

—both of said appropriations being for the Borough of Manhattan and for the year 1904.

I have requested the Honorable Board of Aldermen to allow me to increase the salaries of Stokers and Firemen as follows: \$2 per diem, with maintenance; \$2.50 per diem, without maintenance; these being the rates agreed upon by the labor unions.

Very respectfully yours,

FRANCIS J. LANTRY, Commissioner.

OFFICE OF THE COMMISSIONERS OF ACCOUNTS,  
ROOMS 103, 104, 105, 115, 119 AND 121 STEWART BUILDING, No. 280 BROADWAY,  
NEW YORK, February 26, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—As directed by your Honor, in a communication dated February 24th inst., we have investigated the matter of the prevailing rate of wages paid to Firemen and Stokers in The City of New York, both in public and private employ, the inquiry having been set on foot because of a request from the Commissioner of Correction that he be permitted to increase the wages of men so employed in his department to the "rates agreed upon by the labor unions—\$2.50 per diem without maintenance, \$2 per diem with maintenance."

The present rate of wages paid Firemen and Stokers in the Department of Correction is \$400 per annum to some and \$480 to others. In addition to the wages paid, one meal a day is furnished them.

We find that persons designated either as Firemen or Stokers, or both, are employed by the City in the following departments:

#### Department of Bridges.

Firemen and Stokers are employed on the Harlem river bridges at a fairly uniform salary of \$912.50 per annum.

#### Fire Department.

Stokers are employed on the fireboats at the rate of \$912.50 per annum.

#### Department of Water Supply, Gas and Electricity.

This department employs about thirty Firemen and Stokers, who are paid a uniform wage of \$2.50 per diem.

#### Department of Public Charities.

The Stokers on the steam vessels of this department are paid \$1.50 per diem, and in addition receive three meals daily.

#### Department of Docks and Ferries.

There are fourteen men on the payrolls of the Department of Docks and Ferries designated as Firemen Stokers, but, regardless of designation, their duties are similar, excepting in the case of John O'Neill, who receives 56 1-4 cents per hour. This man, though entitled "Stoker," has a United States engineer's license and serves as Engineer of a steam launch.

All are paid on weekly payrolls and at varying rates of wages:

Two, at \$60 per month, receive \$13.85 weekly.

Two, at 50 cents per hour, receive \$24 weekly.

Nine, at 43 cents per hour, receive \$20.64 weekly.

One, at 56 1-4 cents per hour, receives \$27 weekly.

These men are engaged on the three tugs, two launches, four derricks and sixteen pile-drivers belonging to the department, when in service.

#### Rate of Wages Paid by Private Firms or Corporations.

We have interviewed the representatives of six steamboat and towing companies doing business in New York, and their statements indicate that the prevailing rate of wages paid to firemen or stokers on boats plying the harbor and adjacent waters is from \$35 to \$40 per month and board. One steamboat captain states that the rate varies from \$25, on small boats or tugs, up to \$35, on large tugs or steamboats.

We also interviewed two members of the "Atlantic Coast Marine Firemen's Union," one of them being an organizer of the same. They state that the union rate of wages for their members is \$40 per month with board, but one of them added, "in many cases they do not get more than \$25."

Respectfully submitted,

JOHN C. HERTLE,  
WILLIAM HARMAN BLACK,  
Commissioners of Accounts.

The following resolution was offered:

Resolved, That the sum of four thousand eight hundred and twenty-five dollars (\$4,825) be and the same is hereby transferred from the appropriation made to the Department of Correction for the year 1904, entitled "Borough of Manhattan—Alterations, Repairs and Improvements of Buildings, Apparatus and Steamboats," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said department for 1904, entitled "Borough of Manhattan—Salaries," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented the following communication from Clinton B. Smith, transmitting copies of action taken by the Justice of the Supreme Court, Second Judicial District, and the County Judge of Queens County, fixing the salaries of the position of Court Attendant in said courts:

To—	
"Water Supply for the Twenty-fourth Ward".....	\$2,609 29
"Supplies and Contingencies".....	2,850 00
"Maintenance, Croton Water System".....	6,500 00
	<u>11,959 29</u>

I enclose for the convenience of the Board form of resolution.

Respectfully,

JOHN T. OAKLEY, Commissioner.

The following resolution was offered:

Resolved, That the sum of eleven thousand nine hundred and fifty-nine dollars and twenty-nine cents (\$11,959.29) be and the same is hereby transferred from the appropriations made to the Department of Water Supply, Gas and Electricity, for the year 1903, entitled and as follows:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented the following communication from the Commissioner to the Louisiana Purchase Exposition relative to an issue of Revenue Bonds for the perfection and carrying out of the plans for a suitable exhibit of The City of New York at the Louisiana Purchase Exposition:

OFFICE OF THE COMMISSIONER REPRESENTING  
THE CITY OF NEW YORK TO THE  
LOUISIANA PURCHASE EXPOSITION AT ST. LOUIS, MISSOURI,  
ROOM No. 192, No. 280 BROADWAY,  
NEW YORK, February 23, 1904.

JAMES W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Referring to the resolution of the Board of Aldermen requesting that the Comptroller be authorized to issue Special Revenue Bonds to the amount of twenty-five thousand dollars, the proceeds whereof to be applied "to the perfection and the carrying out of plans for a suitable exhibit of The City of New York at the Louisiana Purchase Exposition," now pending before your honorable body, I beg

to submit the following statement showing the proposed distribution of the moneys asked for, and setting forth in detail, as far as possible, the contemplated plan and scope of the exhibit to be made by this City.

No great difficulty will be experienced in preparing an exhibit of suitable extent and variety, provided that funds in sufficient amount are made available, but it will be my most earnest endeavor to limit the cost of such exhibit within reasonable bounds, and yet make the same fittingly representative of this great City.

I have been in communication with the heads of the various City departments and have learned of their ability to make exhibits of the work of their respective departments, and have secured several estimates approximating the cost of preparing the same.

With the information and data thus obtained I planned to have the various City departments represented in the exhibit as follows:

#### PLAN AND SCOPE.

##### I.

##### MEMORANDA.

##### Department of Docks and Ferries.

##### STANDARD PLANS.

12 units of space in the Civics and Economics building.....	300 00
For preparation of exhibits, furniture, fittings, etc., for display and transportation.....	600 00
Help for preparation, necessary data of all institutions and printing in pamphlets for distribution.....	750 00
Expenses for maintenance, oversight, transportation, etc.....	550 00
Total.....	<u>\$4,650 00</u>

*Department of Bridges.*

For model of the Williamsburgh bridge..... \$500 00

In addition to the foregoing it is proposed to exhibit a model of the Brooklyn bridge, and also large photographs of existing structures which will occupy wall space of about 100 square feet. These photographs and the model of the Brooklyn bridge will be provided without cost to the city.

*Department of Street Cleaning.*

For an exhibit, showing the method of working, appliances and organization ..... 5,000 00

*Department of Parks.*

For model of Thomas Jefferson Park..... \$1,800 00

This park presents interesting natural features, having the Harlem river as one of its boundaries, and contains, besides the purely park features, a very complete gymnasium and playground, and has also a recreation pier.

*Miscellaneous.*

For model of new Hall of Records..... \$1,965 00  
For model of City prison..... 1,760 00  
For photographs of water front (Department of Docks), buildings, etc., of Department of Correction and other departments, maps, plans, designs and other data relating to other departments.....  
The total estimated cost, aside from the last item, the cost of which cannot at present be approximated, will be..... \$15,675 00

To the said amount of \$15,675 must be added the cost of transportation, work and labor in preparing for shipment and setting up the exhibits, the expenses attending this Commission and the wages of Attendants, the transfer of the sum of \$1,000 borrowed from the Tenement House Department, which will consume the balance of the amount asked for, if made available.

Models of other buildings, photographic views and other material forming a considerable portion of the proposed exhibit have been obtained without cost to the City.

I have secured the necessary permission to exhibit the topographical map of the City, which was made at a cost of \$10,000 and was displayed at the Paris Exposition. I have endeavored to secure space wherein to place this map, but fear that I will be unsuccessful. If space cannot be assigned for this magnificent exhibit it will be necessary to construct a special building for the purpose, at a cost of \$3,000 in addition to the estimated cost of the entire exhibit as hereinbefore mentioned. In this connection I desire to say that through the kindness of one of the officials in charge at the Exposition, whose acquaintance I made on the occasion of my visit to St. Louis, I have obtained an option on a most desirable site on which could be erected a building supplying all the needs for this City's exhibit at a cost of \$12,000. The construction of this building would relieve this City's representative of many of the difficulties which will be undoubtedly encountered in providing for an exhibit worthy of this great metropolis. The building is designed as one of the general nature of a public hall or auditorium, wherein panoramic views of the city, showing its growth and development, could be displayed, and lectures relating thereto could be given twice a day. It would certainly be a fitting contribution by this great City to the Exposition. It would inure greatly to the advantage of the City to accept of the proposition of constructing its own building, as the City's entire exhibit could then be installed and centralized under one roof, with the exception of the Charities, Tenement House and Health Department exhibits, which will be assigned to the collective exhibit in the Department of Social Economy in competition with other cities, and accommodation would be provided for the reception of the citizens of this City visiting the Exposition, and it would also avoid the expense of housing the employees, a considerable item in other parts of the city, as accommodations for their lodging could be provided in such a building. The plans and specifications are drawn, and no delay need result in the erection of the building if the funds are made available at once, notwithstanding the short space of time intervening before the opening of the Exposition.

Since the plan to have the City represented at the Exposition has been entered into, I am strongly of the opinion that such a building should be erected as a matter of economy and civic pride. With such a building this City will make an exhibit which in completeness and detail will compare most favorably with that of any other city.

Other cities of far less importance than New York have provided for buildings wherein to install their exhibits. San Francisco, for instance, has appropriated the sum of \$40,000 for a building, and St. Paul has set aside \$30,000 for a similar purpose, aside, in both instances, from the cost of the exhibits to be placed therein. Philadelphia, Kansas City, Cleveland and other cities, smaller in comparison with our own, have likewise appropriated moneys larger in amount than that contemplated to be expended for a New York City building.

In conclusion I desire most respectfully to reiterate my expressed intention of limiting within reasonable bounds the cost attending the work of preparing this exhibit. I do not propose to be at all lavish in the expenditure of the moneys which may be placed at my disposal, but it will be my constant endeavor to economize in every way possible, consistent with a proper representation of the City at the Exposition.

In view of the pressing necessity of prompt action, owing to the very limited time within which to arrange the details of the exhibit, and to have the same ready at the opening of the Exposition on April 30, I would respectfully ask that this matter receive your prompt and personal attention.

Yours respectfully,

THOMAS W. HYNES, Commissioner.

*IN THE BOARD OF ALDERMEN.*

Whereas, The Board of Estimate and Apportionment approved of and concurred in the resolution of this Board, adopted November 17, 1903, and approved by the Mayor November 30, 1903, in relation to an appropriation to be applied to the perfection and the carrying out of the plans for a suitable exhibit of The City of New York at the Louisiana Purchase Exposition, and for the purpose of providing means therefor, the Comptroller was authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of ten thousand five hundred dollars (\$10,500), redeemable from the tax levy of the year succeeding the year of their issue; and

Whereas, Pursuant to said resolution of the Board, adopted November 17, 1903, and approved by the Mayor November 30, 1903, his Honor the Mayor assigned the entire amount of the said ten thousand five hundred dollars (\$10,500), to the following departments in the sums named:

To the Department of Health..... \$2,500 00  
To the Department of Public Charities..... 3,000 00  
To the Tenement House Department..... 5,000 00

—and

Whereas, The sum of twenty-five thousand dollars (\$25,000), will be required in addition to the amount heretofore authorized by the Board of Estimate and Apportionment for the purpose of preparing and carrying out said plans for a suitable exhibit by The City of New York at the said Louisiana Purchase Exposition; be it

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue additional Special Revenue Bonds to the amount of twenty-five thousand dollars to be applied to the perfection and the carrying out of plans for a suitable exhibit of The City of New York at the Louisiana Exposition to be held at St. Louis, Missouri.

Adopted by the Board of Aldermen February 2, 1904, four-fifths of all the members elected voting in favor thereof.

Approved by the Mayor February 10, 1904.

P. I. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted February 2, 1904, and approved by the Mayor February 10, 1904, in relation to the expenditure of twenty-five thousand dollars (\$25,000), in addition to the sum of ten thousand five hundred dollars (\$10,500) heretofore authorized by the Board of Estimate and Apportionment, said sum to be applied to the perfection and the carrying out of the plans for a suitable exhibit of The City of New York at the Louisiana Purchase Exposition, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of twenty-five thousand dollars (\$25,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen requesting the issue of Special Revenue Bonds to the amount of \$20,000 for the purpose of erecting a New York City Building at the Louisiana Purchase Exposition:

*IN THE BOARD OF ALDERMEN.*

Whereas, As a matter of economy and civic pride, it is proposed to erect at the Louisiana Purchase Exposition, to be held in St. Louis, Missouri, a building to be known as the "New York City Building," wherein can be installed the exhibits to be made by this City and to provide for the suitable reception of the citizens of this City visiting the said Exposition; and

Whereas, The amount heretofore authorized to be appropriated to perfect and carry out plans for a suitable exhibit of The City of New York at the said Louisiana Purchase Exposition is insufficient to meet the expenses attending the preparation of such an exhibit and the construction of the building proposed to be erected; be it

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue additional Special Revenue Bonds to the amount of \$20,000 in addition to the amount heretofore requested to be authorized, the same to be applied to the perfection and carrying out of plans for a suitable exhibit of The City of New York at the Louisiana Purchase Exposition, to be held at St. Louis, Missouri.

Unanimously adopted by the Board of Aldermen March 1, 1904, four-fifths of all the members elected voting in favor thereof.

Approved by the Mayor March 3, 1904.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted March 1, 1904, and approved by the Mayor March 3, 1904, in relation to the expenditure of twenty thousand dollars (\$20,000), in addition to the sum of thirty-five thousand five hundred dollars (\$35,500), heretofore authorized by the Board of Estimate and Apportionment, said sum to be applied to the perfection and the carrying out of the plans for a suitable exhibit of The City of New York at the Louisiana Purchase Exposition, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of twenty thousand dollars (\$20,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a resolution from the Board of Aldermen requesting the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of \$25,000 for the purpose of placing the fireboat "Seth Low" in condition for service.

Laid over, and Secretary directed to request from the Fire Commissioner an itemized statement of proposed expenditure.

The Secretary presented a communication from the Surrogates of New York County transmitting certificate of work required to be done in the Surrogates' Court and offices for the preservation of the public records.

Which was ordered on file.

The Secretary presented a communication from the Chairman of the Committee on Sites, Board of Education, stating that a protest had been received from the Local School Board of District No. 32, Borough of Brooklyn, against the acquisition of sites heretofore selected for school purposes on Lafayette avenue and Kosciuszko street, and on Walton and Wallabout streets, near Harrison avenue.

Referred to the Comptroller.

The Secretary presented the following communication from the Deputy Chamberlain relative to the request of the Chamberlain for the fixing of the salary of the position of Chief Warrant Clerk in his office at \$2,500 per annum.

CITY OF NEW YORK—OFFICE OF THE CITY CHAMBERLAIN,  
March 1, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

DEAR SIR—In acknowledging the receipt of your communication from Mr. James W. Stevenson, Secretary to the Board of Estimate and Apportionment, dated February 23, 1904, asking me for a statement of reasons for the appointment of Abraham Rossman as Chief Warrant Clerk in this office, I beg to inform you that the work of this office is increasing to such an extent in the number of warrants and accounts that it is impossible for me to give efficient and prompt service with the force at my command.

The office of Chief Warrant Clerk has not been created nor a removal made to make the appointment, it being a position allowed under the exempt class of the Civil Service Classification.

Trusting that the above explanation will meet with your approbation, I remain, Yours very truly,

PATRICK KEENAN, Chamberlain.

The following resolution was offered:

Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Chamberlain of The City of New York in fixing the salary of the position of Chief Warrant Clerk in the office of the Chamberlain of The City of New

York at the rate of twenty-five hundred dollars (\$2,500) per annum, as of date February 1, 1904.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution, relative to an appropriation of \$848,539.71, said sum being the balance of the Commissioner's estimate of the amount required for the maintenance, improvement and extension of the water supply system in the Borough of Brooklyn for the year 1904:

Whereas, By subdivision 1 of section 242 of the Greater New York Charter the Board of Estimate and Apportionment has the power to appropriate from time to time, for the maintenance, improvement and extension of the system of water supply of the Borough of Brooklyn, the moneys received from water rents in the said Borough, subject, however, to the charges now imposed by law upon said revenues; and

Whereas, The Commissioner of the Department of Water Supply, Gas and Electricity has submitted an estimate of one million three hundred and forty-eight thousand five hundred and thirty-nine dollars and seventy-one cents (\$1,348,539.71) as the amount required for the proper maintenance and distribution of the water supply of said Borough; and

Whereas, The sum of five hundred and eighteen thousand two hundred and forty-four dollars and seventy-four cents (\$518,244.74) will be required for the year 1904 to meet the interest on outstanding bonds issued for the construction and extension of the water works of said Borough, and the revenues to be received during the year 1904, based upon the revenues actually received during prior years, can safely be estimated at an amount in excess of two million five hundred thousand dollars (\$2,500,000); therefore be it

Resolved, That the Board of Estimate and Apportionment hereby determines that the sum of eight hundred and forty-eight thousand five hundred and thirty-nine dollars and seventy-one cents (\$848,539.71) in addition to the sum of five hundred thousand dollars (\$500,000) heretofore appropriated under date of February 5, 1904, be and the same is hereby set aside and appropriated from the water revenues received during the year 1904, if such revenues be sufficient, and if not, from the balance remaining in the Water Revenue Account on December 31, 1903, for the maintenance and distribution of said water supply in the Borough of Brooklyn during 1904.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the City Clerk, requesting the transfer of \$500 to "City Contingencies and Supplies":

THE CITY OF NEW YORK,  
OFFICE OF THE CITY CLERK—CITY HALL,  
NEW YORK, February 26, 1904.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I respectfully request your Honorable Body to transfer the sum of five hundred dollars (\$500) from the appropriation for "Sealers and Inspectors of Weights and Measures," 1903, to the appropriation for the Board of Aldermen and City Clerk, "City Contingencies and Supplies," 1903, for the reason that the amount appropriated for the latter account was not sufficient to cover the expenditures incurred during the year.

Respectfully,

P. J. SCULLY, City Clerk.

Approved: GEO. B. McCLELLAN, Mayor.

The following resolution was offered:

Resolved, That the sum of five hundred dollars (\$500) be and the same is hereby transferred from the appropriation made for the year 1903, entitled "Inspectors and Sealers of Weights and Measures," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Board of Aldermen and City Clerk for the year 1903, entitled "City Contingencies and Supplies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report from the Commissioners of Accounts, relative to increases in salaries of various positions in the Board of Education and the Police Department:

OFFICE OF THE COMMISSIONERS OF ACCOUNTS,  
ROOMS 103, 104, 105, 115, 119 AND 121, STEWART BUILDING, No. 280 BROADWAY,  
NEW YORK, February 10, 1904.

Hon. GEORGE B. McCLELLAN, Mayor:

SIR—We have given consideration to the communications sent to the Board of Estimate and Apportionment by the Board of Education, the Commissioner of Police and the Hostlers of the Police Department, requesting certain increases in salaries and wages, which communications your Honor transmitted to us with instructions to prepare "comparative statements of the salaries paid for the positions mentioned" therein, and beg to submit our report.

Board of Education.

On December 16, 1903, the Board of Education adopted a resolution increasing the salaries of one "Inspector of Heating and Ventilating" from \$36 to \$40 per week, and one "Electric Inspector" from \$35 to \$40 per week, and at the same time passed a resolution requesting the Board of Estimate and Apportionment and the Board of Aldermen to fix the increased salaries as proposed.

We do not find that these titles, descriptive of duties performed, are used in any other department of the City Government than in the Board of Education, nor can we say that the ability, duties and responsibilities of those persons who perform work of a somewhat similar nature in other departments furnish a criterion by which to measure the value of the services of those whose salaries it is here proposed to increase. Other "Inspectors of Heating and Ventilating" and other "Inspectors of Electricity" employed by the Board of Education are paid at the rate of \$30 and \$27 per week, but their duties may not be the same.

The Bridge Department employs an "Electrical Engineer" at \$1,200 per annum, while the Fire Department pays \$2,400 to an employee with precisely the same title. In the Department of Water Supply, Gas and Electricity "Inspectors of Electrical Construction" are paid variously \$1,350 and \$1,800. "Inspectors of Lighting and Conductors" are paid \$1,500 and "Electrical Inspectors" are paid \$1,252 per annum.

It would appear, moreover, that the Board of Education did not await the action of the Board of Estimate and Apportionment, but that the increased salaries proposed were paid from and after January 1, 1904; which action appears to have been

fully warranted under a decision rendered by Justice Morgan J. O'Brien of the Court of Appeals on October 6, 1903, in the case of Gunnison vs. The Board of Education.

Department of Police.

The Police Commissioner has requested that the following salaries be increased:

The Chief Engineer of steamboat "Patrol" from \$1,140 to \$1,500 per annum, and the Assistant Engineer of the steamboat "Patrol" from \$900 to \$1,320 per annum.

It is not possible for us to determine the relative value of the duties pertaining to these positions with those of steam engineers employed otherwise, on vessels or on shore, but we have collated the following facts:

The Department of Public Charities, on its steamboat force employs one Super-vising Engineer at \$2,100 per annum; one Engineer at \$1,200, and a number of Enginemen at \$3 per day, with food and quarters.

The Department of Correction employs one Steamboat Engineer at \$1,200, two at \$1,000 and two at \$900 per annum. The department also furnishes three meals a day to its Engineers.

The Department of Health employs one Steamboat Engineer at \$1,220 per annum. In the Fire Department the fixed salary for Engineers and Engineers of Steamers is \$1,600 per annum.

The Department of Bridges employs three Engineers on each of the draw bridges spanning the Harlem river. They are entitled Steam Engineers, and the salaries paid are one at \$1,500 and two at \$1,277.50 each.

The Department of Water Supply, Gas and Electricity employs Steam Engineers at its pumping stations who are classed as Enginemen. The salaries paid are as follows:

	Per Annum.
One Engineman at.....	\$2,500 00
One Engineman at.....	1,750 00
One Engineman at.....	1,600 00
Eighteen Enginemen at.....	1,277 50
Two Assistant Enginemen at.....	1,800 00
Sixty-three Assistant Enginemen at.....	1,277 50

In private business we find that on steamer lines using the City piers chief engineers are paid \$1,500 and assistant engineers \$1,200, "with keep." Engineers on ferry boats are paid \$1,500 and those on harbor tugs are paid \$1,200 per annum, both "without keep."

Police Department Hostlers.

The Hostlers of the Police Department, who have petitioned the Board of Estimate and Apportionment for an increase of wages from \$2 to \$2.50 per day, contend that the former rate "is less than the rate prevailing in the other departments."

We find that the title "Hostler" is used in other than the Police Department only by the Department of Correction, who employs one at \$900 and one at \$800 per annum, and by the Department of Street Cleaning, where the rate is uniform at \$730 per annum, with \$2.30 paid extra for Sunday work.

The Fire Department employs four Stablemen—one at \$912 and three at \$730 per annum—while the Health Department pays to the same designated employees \$600, \$720 and \$780 per annum.

Both the Adams and the American express companies pay their hostlers \$50 per month, the latter company increasing the pay to \$55 per month after three years' service.

The Metropolitan Street Railway Company pays its hostlers at the rate of \$12.25 per week of seven days.

Respectfully submitted,

JOHN C. HERTLE,  
WILLIAM HARMAN BLACK,  
Commissioners of Accounts.

THE CITY OF NEW YORK,  
DEPARTMENT OF EDUCATION—OFFICE OF THE SECRETARY,  
BOARD OF EDUCATION,  
PARK AVENUE AND FIFTY-NINTH STREET,  
NEW YORK, January 22, 1904.

Hon. J. W. STEVENSON, Deputy Comptroller:

DEAR SIR—Replying to your favor of January 16, relative to increases in the salaries of the positions of Inspector of Heating and Ventilating from \$35 to \$40 per week, and Electric Inspector from \$35 to \$40 per week, I beg leave to advise you that Mr. C. B. J. Snyder, Superintendent of School Buildings, to whom the matter was referred, writes me under date of January 20 as follows:

"The increases were made in the salaries of these positions for the reason that the Inspectors in each class should be paid for their services on the same basis as they would be paid by private parties. Their duties not only cover inspecting work, but each has charge over other Inspectors, and also designs and lays out work. In fact, their duties are more in the nature of Assistant Engineers than Inspectors."

"Both of the Inspectors interested have been in the Department for many years and have always rendered efficient and conscientious service."

Respectfully,

A. EMERSON PALMER, Secretary, Board of Education.

Mr. Adams, on behalf of the Committee on Buildings, offered the following:

Resolved, That, subject to the Rules and Regulations of the Municipal Civil Service Commission and the approval of the Board of Estimate and Apportionment and the Board of Aldermen, the salaries of the following named Inspectors be and they hereby are increased to the amounts set opposite their names, to take effect January 1, 1904, said salaries having been provided for in the Budget for 1904 (See Minutes, page 2445):

Name and Position.	Present Salary Per Week.	Proposed Salary Per Week.
David Donalds, Inspector of Heating and Ventilating.....	\$36 00	\$40 00
Stephen A. Thomas, Electric Inspector .....	35 00	40 00

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen that the salaries of the following-named positions in the Department of Education be fixed as follows:

	Per Week.
Inspector of Heating and Ventilating .....	\$40 00
Electric Inspector .....	40 00

POLICE DEPARTMENT OF THE CITY OF NEW YORK,  
NEW YORK, September 22, 1903.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—The Police Commissioner this day directed the following proceedings: Ordered, That pursuant to section 56 of the Greater New York Charter the Board of Estimate and Apportionment be and is hereby respectfully requested to fix the salaries of the following named positions in the Police Department at the amounts stated, and to recommend the same to the Board of Aldermen for approval, viz.:

	Per Annum.
Chief Engineer, Steamer "Patrol".....	\$1,500 00
Assistant Engineer, Steamer "Patrol".....	1,320 00

I am directed by the Police Commissioner to state that the amounts specified are those asked for in the estimate of the Police Department of the year 1904, and

correspond to the prevailing rate of wages, and to respectfully request that favorable action be taken on this matter as speedily as possible for the reason that it is impossible to fill the vacancy in the position of Assistant Engineer at the salary now paid, and the efficiency of the steamer "Patrol" is seriously impaired because of the inability to complete the necessary complement in the engineering department thereof. Three persons whose names appeared on eligible list of the Municipal Civil Service Commission declined the appointment on the ground that the wages are less than the prevailing rate.

Very respectfully,  
(Signed) WM. H. KIPP, Chief Clerk.  
(Copy).

POLICE DEPARTMENT,  
January 26, 1904.

Hon. J. W. STEVENSON, Deputy Comptroller:

DEAR SIR—I have the honor to acknowledge the receipt of your communication of the 23d inst., relative to my request that the Board of Estimate and Apportionment authorize the Police Commissioner to pay additional compensation for certain persons in the Police Department.

1. Stenographer to Police Commissioner, from \$1,200 to \$1,400 per annum, and you ask for statement of reasons for such proposed increase. I beg to state that the work of the Stenographer to the Police Commissioner is very onerous, and his position is in the nature of Assistant to the Secretary to the Commissioner. The hours are very long, extending often as late as 7 o'clock in the evening to complete the necessary work of the office.

2. Chief Engineer of steamboat "Patrol" from \$1,140 to \$1,500, and Assistant Engineer of steamboat "Patrol" from \$900 to \$1,320 per annum. You ask for comparative statement of salaries paid employees in similar positions. Investigation shows that the United States Quartermaster's Department, U. S. A., and Fall River Line pay Chief Engineer \$1,500 per annum, including food and quarters; the Department of Docks and Ferries \$1,500, no food or quarters; the Department of Charities \$1,600, food and quarters supplied. The Fire Department of the City of New York has a detailed foreman receiving full salary, \$1,400, which, of course, cannot be compared to prevailing rate of wages. The Chief Engineer of the steamboat "Patrol" has no food or quarters supplied.

For Assistant Engineer the United States Quartermaster's Department and Fall River Line pay \$900 per annum, with food and quarters supplied; the Department of Charities \$1,250, with food and quarters supplied. The Assistant Engineer of the steamboat "Patrol" has no food or quarters supplied.

From this it will appear that the increase for salaries of Chief Engineer from \$1,140 to \$1,500, and of Assistant Engineer from \$900 to \$1,320, will yet bring them within the prevailing rate of wages for such positions, and it is urgently requested that the Board of Estimate and Apportionment will give this matter favorable consideration.

Very respectfully,  
(Signed) WILLIAM McADOO, Police Commissioner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the Department of Education be fixed as follows:

	Per Week,
Inspector of Heating and Ventilating.....	\$40 00
Electric Inspector .....	40 00

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the Police Department be fixed as follows:

	Per Annum,

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Hostler in the Police Department be fixed at the rate of two dollars and fifty cents (\$2.50) per day.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Board of Education requesting immediate issue of Corporate Stock to the amount of \$3,500,000 for the constructing and equipping of school buildings, additions thereto and the acquisition of sites therefor:

BOARD OF EDUCATION,  
PARK AVENUE AND FIFTY-NINTH STREET,  
NEW YORK, February 26, 1904.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—I have the honor to inform you that at the meeting of the Board of Education held on the 24th inst., the action of the Executive Committee, on February 17, 1904, in adopting a report and resolutions requesting the issue of Corporate Stock to the amount of \$12,167,000 for the erection, improvement and equipment of school buildings and the acquisition of sites therefor during the year 1904, and requesting the immediate issue of Corporate Stock to the amount of \$3,500,000, was approved.

A copy of the above-mentioned report and resolutions was forwarded to you on February 17.

Respectfully,  
A. EMERSON PALMER, Secretary, Board of Education.

The Comptroller offered the following resolution:

Resolved, That, pursuant to the provisions of section 169 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to the amount of three million five hundred thousand dollars (\$3,500,000) to provide means for constructing and equipping school buildings, and additions thereto and the acquisition of sites therefor, in The City of New York, and the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding three million five hundred thousand

dollars (\$3,500,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen, and the Presidents of the Borough of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Sheriff of New York County, relative to the needs of his Department and requesting the issue of Corporate Stock and Special Revenue Bonds to cover such needs.

Hon. Mitchell L. Erlanger, Sheriff of New York County, appeared in support of the application.

Laid over and the Secretary was directed to notify the Sheriff that the application could only be granted through an issue of Special Revenue Bonds to be first authorized by the Board of Aldermen, and then submitted to the Board of Estimate and Apportionment for approval.

The Secretary presented the following communication from the Commissioner of the Department of Water Supply, Gas and Electricity requesting the transfer of \$840.30 to "Pumping Stations, Fuel and Supplies," Borough of Queens:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,  
COMMISSIONER'S OFFICE, NOS. 13-21 PARK ROW,  
CITY OF NEW YORK, February 23, 1904.

JAMES W. STEVENSON, Esq., Deputy Comptroller, and Secretary, Board of Estimate and Apportionment:

DEAR SIR—For the reason that some of the orders outstanding December 31, 1902, charged to the appropriation made to this Department in the Borough of Queens for the year 1902, entitled "Pumping Stations, Fuel and Supplies," have exceeded the estimated amounts retained to pay them, it will be necessary to supplement that account by transferring thereto unexpended balances remaining in other appropriations made for the same Borough for that year.

I therefore respectfully request your Board to transfer to the above-mentioned appropriation the following balances:

From Supplying Water to Long Island City .....	\$303 29
From Rentals of Fire Hydrants .....	501 01
Total.....	\$804 30

I enclose a form of resolution for the convenience of the Board.

Respectfully,  
JOHN T. OAKLEY, Commissioner.

The following resolution was offered:

Resolved, That the sum of eight hundred and four and thirty one-hundredths dollars (\$804.30) be and the same is hereby transferred from the appropriations made to the Department of Water Supply, Gas and Electricity for the year 1902, entitled and as follows:

Borough of Queens—"Supplying Water to Long Island City".....	\$303 29
Borough of Queens—"Rentals of Fire Hydrants".....	501 01
Total.....	\$804 30

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to said department for the year 1902, entitled Borough of Queens—"Pumping Stations, Fuel and Supplies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a resolution of the Board of Aldermen, requesting the issue of Special Revenue Bonds to the amount of \$10,000 for the maintenance by the Fire Commissioner of the fire alarm telegraph system in the Borough of Richmond.

Laid over for statement from the Fire Commissioner relative to said request.

The Secretary presented a resolution of the Board of Aldermen requesting the issue of Special Revenue Bonds to the amount of \$70,000 for the purpose of improving the sanitary condition of the City Prison and for new boiler house and boilers for the Workhouse on Blackwell's Island.

Laid over for two weeks.

The Secretary presented the following resolution of the Board of Aldermen requesting the issue of \$12,000 Special Revenue Bonds for the purpose of purchasing the necessary office furniture, fittings and carpets required for the General and Special Sessions Court rooms, chambers and offices in the Criminal Court Building, Borough of Manhattan:

IN THE BOARD OF ALDERMEN.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twelve thousand dollars (\$12,000) for the purpose of purchasing the necessary office furniture, fittings and carpets required for the General and Special Sessions courtrooms, chambers and offices, in the Criminal Court Building; and the President of the Borough of Manhattan is hereby authorized, pursuant to section 419 of the Greater New York Charter, to purchase at the lowest prices obtainable in the open market, without public letting, such of the articles required for the above purpose which are not required by law to be purchased from the State Prisons.

Adopted by the Board of Aldermen February 9, 1904, three-fourths of all the members elected voting in favor thereof.

Received from His Honor the Mayor, February 23, 1904, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted February 9, 1904, in relation to the expenditure of twelve thousand dollars (\$12,000) for the purpose of purchasing the necessary office furniture, fittings and carpets required for the General and Special Sessions courtrooms, chambers and offices, in the Criminal Court Building, Borough of Manhattan, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of

twelve thousand dollars (\$12,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the former Sheriff of Kings County relative to his request for a transfer of \$3,000 to "For Maintenance of Kings County Civil Prison, Women's Prison and Transportation Plant," for the year 1903:

OFFICE OF THE SHERIFF OF KINGS COUNTY,  
COURTHOUSE, BOROUGH OF BROOKLYN, NEW YORK CITY, N. Y.,  
February 24, 1904.

DEAR SIR—I have the honor to acknowledge the receipt of your favor of February 23, in which you state that at a meeting of the Board of Estimate and Apportionment held February 19, 1904, you were directed to request that I explain the reasons for exceeding the appropriation made for the maintenance of the Kings County Jail for the year 1903. You will recall that I was elected to fill an unexpired term, and that I was not in office at the time the estimates for the year 1903 were prepared. When I took office I discovered that the lighting plant at the jail was entirely out of date and required immediate attention. This matter was under discussion between the Commissioner of Electricity and Water Supply and myself, and a new lighting plant was constructed. I found also that the ice boxes in the jail were very old indeed, and were of antiquated style and must be replaced to comply with the health regulations. There were not sufficient horses to run the vans, and of those that were at the jail some of them were old and decrepit—in fact, one had been at the jail twenty years. The vans were also very old and needed extensive repairs. There was practically no harness fit for use in the stables at the jail, and this equipment was so poor that the Magistrates called it to my attention immediately upon my taking office. The above items required an expenditure of \$2,775, made up as follows:

New lighting plant.....	\$300 00
New ice boxes.....	300 00
Six horses.....	1,350 00
Rebuilding vans.....	500 00
Six sets of harness.....	325 00

As I am informed by the out-going Sheriff, these expenditures were not contemplated when the estimates were made.

Very truly yours,

WILLIAM E. MELODY.

Hon. J. W. STEVENSON, Deputy Comptroller, New York City.

BROOKLYN, February 5, 1904.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I am informed by the Comptroller of the City that during the year 1903, my expenditures from the "maintenance account" exceeded the appropriation to the amount of about \$3,000.

This amount was necessarily expended by me for the purchase of groceries, supplies, forage, etc., for use at the Kings County Jail, and I respectfully ask that this Board transfer to my account from the moneys unexpended during the past year an amount sufficient to meet this deficiency.

WM. E. MELODY, Former Sheriff of Kings County.

Approved. HENRY HESTERBURG, Sheriff.

The following resolution was offered:

Resolved, That the sum of three thousand dollars (\$3,000) be and the same is hereby transferred from the appropriation made to the County of Kings for the year 1903, entitled "Fees and Expenses of Jurors in Kings County," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Sheriff of Kings County for the year 1903, entitled "For Maintenance of Kings County Jail, Civil Prison, Women's Prison and Transportation Plant," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the District Attorney of Queens County, requesting the transfer of \$662.64 to the account entitled "Supplies and Contingencies."

Referred to the Comptroller.

The Secretary presented a communication from the Secretary of the Board of Trustees of the College of The City of New York, stating that said Board requests that the salaries of Assistant Secretary of the College be fixed at \$1,500 per annum, and of Helper in the Natural History Hall at \$60 per month.

Laid over and the Secretary directed to request a statement of the reasons for the proposed increase in salaries.

The Secretary presented the following communication from the President of the Board of Trustees of the Bellevue and Allied Hospitals, requesting the Board to recommend to the Board of Aldermen the fixing of the salaries of certain positions under his jurisdiction, together with a report of the Examiner in Charge of the Investigations Division, Department of Finance, relative thereto:

BELLEVUE AND ALLIED HOSPITALS—OFFICE OF THE BOARD OF TRUSTEES,  
BELLEVUE HOSPITAL, FOOT OF EAST TWENTY-SIXTH STREET,  
NEW YORK, February 8, 1904.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

SIR—The Trustees of Bellevue and Allied Hospitals beg to request that the following changes be made in the payrolls of the hospitals under their control:

1 Dietician.....	1,000 00
1 Interpreter.....	1,000 00
1 Director of Laboratories.....	5,000 00
1 Assistant Director of Laboratories.....	1,500 00
Total.....	\$10,900 00

#### Increases of Salary.

1 Assistant Superintendent, from \$2,000 to \$2,500.....	\$500 00
1 Supervising Engineer, from \$1,500 to \$1,800.....	300 00
1 Male Helper, from \$600 to \$720.....	120 00
1 Male Helper, from \$480 to \$720.....	240 00
1 Female Cook, from \$300 to \$360.....	60 00
25 Male Helpers, from \$150 to \$240.....	2,250 00
1 Male Helper, from \$240 to \$300.....	60 00
27 Male Helpers, from \$150 to \$180.....	810 00
1 Male Helper, from \$180 to \$240.....	60 00
11 Male Helpers, from \$144 to \$180.....	396 00
55 Female Helpers, from \$120 to \$180.....	3,300 00

14 Female Helpers, from \$150 to \$180.....	420 00
23 Female Helpers, from \$144 to \$180.....	828 00
10 Pupil Nurses (additional) at \$96.....	960 00
4 Graduate Female Nurses for Male Prison Ward and Male Alcoholic Ward at \$600.....	2,400 00
4 Graduate Female Nurses for General Wards (additional) at \$480..	1,920 00
6 Male Helpers (additional) at \$240.....	1,440 00
1 Male Helper (additional).....	300 00
1 Skilled Male Helper (additional).....	600 00
1 Female Helper (additional).....	360 00
1 Laundress.....	300 00
1 Waitress (additional).....	180 00
2 Engineers at \$1,277.50.....	2,555 00
1 Expert Cataloguer (additional).....	800 00
1 Female Helper.....	180 00
Total.....	\$21,339 00

The total amount necessary to meet the creation of new positions and the increase in wages is \$32,239, divided as follows:

New positions.....	\$10,900 00
Increase to various employees.....	21,339 00

Of the \$32,239 increase, \$5,000 is required for a Director of the Pathological Laboratories and \$1,500 for an Assistant Director. Every modern well-equipped hospital should have a Pathologist to direct the scientific investigation of the causes of death, and in order to secure a competent man for this place the salary mentioned is required. The Director will also supervise the laboratories of the other hospitals of the Department.

The sum of \$2,400 is required for four Admitting Physicians, each to receive \$600 and to serve six hours a day. Frequently over 100 patients are received during twenty-four hours, and they must be carefully examined before being assigned to their proper wards. The members of the house staff are unable to do this work in addition to their other duties in the hospital.

The economical use of food supplies calls for the appointment of a Dietician, who can arrange a scientific, ample and varied diet, and see that the food is so prepared as to bring about the best results with the quantities allowed.

In a hospital of the size of Bellevue, where people of all nationalities apply for treatment, it is necessary to have as an Interpreter a competent man at a salary of not less than \$1,000.

These various positions amount to \$10,900, and the balance of \$21,339 is to increase the wages of certain employees and to provide certain additions; \$2,555 is needed for two Enginemen, in order to conform to the prevailing rate of wages and to have all Enginemen serve but eight hours a day; \$800 is required for an Expert Cataloguer, to assume charge of filing and indexing the medical records of the institution. An additional \$500 is requested for the salary of the Assistant Superintendent, whose duties have been largely increased and who frequently is on duty both day and night. The Supervising Engineer, who has the immediate charge of all the mechanical part of the Department, together with repairs for same, is underpaid and should receive an increase of \$300.

It is desired to place in charge of the Male Prison and Male Alcoholic Wards competent graduate women Nurses. These should receive a salary of \$600 a year, a total of \$2,400. The sum of \$1,920 is needed in order to provide better supervision in certain of the general wards of the hospital. The Helper in charge of the general storeroom of the Department and the Helper in charge of the Bellevue storeroom hold important and responsible positions; the total amount of these increases is \$360. A skilled Male Helper at \$600 is needed at Harlem Hospital to make the daily repairs around this old institution. The buildings occupied by Harlem Hospital are of wood and require almost constant attention to keep them in good repair.

The sum of \$960 is needed in order to increase the number of Pupil Nurses by ten. The number now employed is not sufficient to give proper care to the patients and at the same time allow the necessary amount of rest to the Nurses, who are on continuous duty for twelve hours of the twenty-four. During 1903 there were treated in the hospitals of the Department 5,994 more patients than during 1902. In Bellevue Hospital alone there were 23,073 patients in 1902, and 27,068 in 1903, an increase of 3,995, or more than 17 per cent. Because of this heavy service six additional Male Helpers (Orderlies), at \$240 a year, are to be employed to assist in the wards.

The remaining increases are asked for in order to enable us to raise the wages of the Hospital Helpers in all the hospitals of the Department to an amount sufficient to secure and retain respectable and efficient men and women to perform the important work that falls to this class of employees. This request was made in our estimate of last year, but was not granted. As was stated at that time in the letter accompanying our estimate, "These people are brought into very close relations with the patients; the men assist in the reception room and carry the patients on stretchers to the wards, or from the wards to the operating rooms; the women are engaged in keeping the wards clean and aid the Nurses in caring for the patients." Another year's experience in the management of the hospitals of the Department has emphasized the necessity of paying the same rate of wages that prevails in the private hospitals of the City. This rate is \$20 a month for the men and \$15 a month for the women, a rate that cannot be called excessive.

The above increases and additions to the salary list can be provided for, without adding to the total appropriation for the Department, by the transfer to the appropriation for "Salaries" of \$10,000 from the appropriation for "Additions, Alterations and Repairs." and \$22,239 from the appropriation for "Supplies."

Respectfully yours,

JOHN W. BRANNAN, President Board of Trustees.

CITY OF NEW YORK,  
DEPARTMENT OF FINANCE—COMPTROLLER'S OFFICE,  
March 1, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In compliance with your instructions, investigation has been made of the request of the Trustees of Bellevue and Allied Hospitals for approval by the Board of Estimate and Apportionment of certain changes proposed in the payrolls of the hospitals under their control. Said request having been referred by the Board of Estimate and Apportionment to the Finance Department for a report as to the facts, the following statement is respectfully submitted:

The new positions proposed and increases in salaries suggested are taken up in the order in which they appear in a communication from the Trustees of Bellevue and Allied Hospitals addressed to the Board of Estimate and Apportionment under date of February 8, 1904.

On account of the recent great increase in the number of patients, and also with a view to betterment of the service in hospitals in which the City's poor are cared for, the following recommendations are made:

That four Admitting Physicians at Bellevue Hospital be appointed at \$600 a year each, to serve six hours a day.

In asking for the appointment of these Physicians, President Brannan, of the Trustees, says:

"Frequently over one hundred patients are received during twenty-four hours, and they must be carefully examined before being assigned to their proper wards. The members of the house staff are unable to do this work in addition to their other duties in the hospital."

That the salary of one Male Helper be increased from \$600 to \$720, and another Male Helper from \$480 to \$720. Justification for these two increases is found in President Brannan's statement that "the Helper in charge of the general storeroom of the department and the Helper in charge of the Bellevue store-room hold important and responsible positions."

Application is made for the appointment of a Dietician at \$1,000 per annum. Inasmuch as the appointment at this time of a Dietician is not recommended in this report, improved service in the kitchen might be gained by advancing the pay of one Female Cook from \$300 to \$360 a year.

The request for increases in salaries of Male and Female Helpers seems reasonable and should be granted. It is proposed to increase the salaries of fifty-five

Female Helpers who receive \$120 a year, twenty-three who receive \$144 and fourteen who receive \$150 to a uniform wage of \$180. It is also proposed to increase the salaries of twenty-seven Male Helpers who are paid \$150 a year, and eleven who receive \$144, to \$180 a year, and twenty-five who receive \$150, and one who is paid \$180, to \$240 a year.

It appears from investigation that in private hospitals female helpers are paid \$180 a year and male helpers \$240. The payment of a fair wage will, it is expected, attract to the City's hospitals male and female helpers of a higher standard of character, who may be depended upon to more satisfactorily discharge the delicate duties incumbent upon those who have the care of the sick poor. It is fair to assume also that reliable men and women who are underpaid by the City do, when opportunity presents, desert the public hospitals for more lucrative employment in private institutions.

When the Trustees of Bellevue and Allied Hospitals made request for increase in salaries of Hospital Helpers last year they said in an accompanying letter to the Board of Estimate:

"These people are brought into very close relations with the patients. The men assist in the reception room and carry the patients on stretchers to the wards, or from the wards to the operating rooms; the women are engaged in keeping the wards clean, and aid the Nurses in caring for the patients."

The Trustees say in their present application for increase:

"Another year's experience in the management of the hospitals of the Department has emphasized the necessity of paying the same rate of wages that prevails in the private hospitals of the City."

The experiment of placing graduate female Nurses in charge of the male prison and male alcoholic ward appears to have proved a success. A woman must have special qualifications for such a trying position. Four of these Nurses at \$600 a year each are asked for by the Trustees, and it would seem to be money well spent to employ them. The presence of women in the male wards apparently has had the effect of preventing a recurrence of scandals of the past, when inhuman treatment of alcoholic patients was charged upon male Attendants.

Ten additional Pupil Nurses, whose total salaries will amount to \$960, are requested. As they are designed to relieve the overworked Nurses the request should be granted.

Two Enginemen, at \$1,277.50 a year each, are found to be necessary in order to conform to the prevailing rate of wages and eight-hour law.

A skilled Male Helper, at \$600 a year, appears to be needed in the Harlem Hospital to make daily repairs. Of this request President Brannan says:

"The buildings occupied by Harlem Hospital are of wood and require almost constant attention to keep them in good repair."

The following additional appointments are also recommended:

6 male Helpers, at \$240 each.....	\$1,440 00
1 male Helper .....	300 00
1 female Helper .....	360 00
1 Laundress .....	300 00
1 Waitress .....	180 00
1 female Helper .....	180 00

Total ..... \$2,760 00

The appointment of additional help in the hospitals would appear to be justified by the figures given out by President Brannan, who says:

"During 1903 there were treated in the hospitals of the Department 5,994 more patients than during 1902. In Bellevue Hospital alone there were 23,073 patients in 1902, and 27,068 in 1903, an increase of 3,995, or more than 17 per cent."

Dr. Brannan again says:

"The increases are asked for in order to enable us to raise wages of the Hospital Helpers in all the hospitals of the department to an amount sufficient to secure and retain respectable and efficient men and women to perform the important work that falls to this class of employees."

Based upon the facts and conditions disclosed in this examination, the following recommendations for the establishment of new positions and increases in salaries of employees in the City hospitals are hereby made:

Recommended.	
Four Admitting Physicians, \$600 each.....	\$2,400 00
Four graduate Female Nurses for male prison ward and male alcoholic ward, \$600 each .....	2,400 00
Two Enginemen at \$1,277.50 each.....	2,555 00
Six Male Helpers at \$240 each.....	1,440 00
Ten Pupil Nurses at \$96 each.....	960 00
One Skilled Male Helper at Harlem Hospital.....	600 00
One Female Helper .....	360 00
One Male Helper .....	300 00
One Laundress .....	300 00
One Waitress .....	180 00
One Female Helper .....	180 00
Fifty-five Female Helpers, increase from \$120 to \$180.....	3,300 00
Twenty-five Male Helpers, increase from \$150 to \$240.....	2,250 00
Twenty-three Female Helpers, increase from \$144 to \$180.....	828 00
Twenty-seven Male Helpers, increase from \$150 to \$180.....	810 00
Fourteen Female Helpers, increase from \$150 to \$180.....	420 00
Eleven Male Helpers, increase from \$144 to \$180.....	396 00
One Male Helper, increase from \$480 to \$720.....	240 00
One Male Helper, increase from \$600 to \$720.....	120 00
One Male Helper, increase from \$180 to \$240.....	60 00
One Female Cook, increase from \$300 to \$360.....	60 00
Total .....	\$20,159 00

A strong appeal is made by the Board of Trustees for the appointment of the following new positions and increases in salaries, but, in the interest of economy, it is recommended that consideration of these matters be deferred:

Not Recommended.	
One Director of Laboratories.....	\$5,000 00
Four Graduate Female Nurses for general wards at \$480.....	1,920 00
One Assistant Director of Laboratories.....	1,500 00
One Dietician .....	1,000 00
One Interpreter .....	1,000 00
One Expert Cataloguer .....	800 00
One Assistant Superintendent, increase from \$2,000 to \$2,500.....	500 00
One Supervising Engineer, increase from \$1,500 to \$1,800.....	300 00
One Male Helper, increase from \$240 to \$300.....	60 00
Total .....	\$12,080 00

As suggested in the communication of the Board of Trustees before referred to, the money is available for the increases and additions to the salary list recommended, without adding to the total appropriation for the department. This can be done by the transfer to the appropriation for salaries of \$10,000 from the appropriation for additions, alterations and repairs, and \$10,159 from the appropriation for supplies.

Yours respectfully,

ROBERT B. McINTYRE,  
Examiner in Charge, Investigations Division.

The following resolution was offered:

Resolved, That the sum of thirty-two thousand two hundred and thirty-nine dollars (\$32,239) be and the same is hereby transferred from the appropriations made to Bellevue and Allied Hospitals for the year 1904, entitled and as follows:

"Alterations, Additions and Repairs to Buildings and Apparatus".....	\$10,000 00
"Supplies and Contingencies" .....	22,239 00

Total..... \$32,239 00

—the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for the year 1904, entitled "Salaries," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the Bellevue and Allied Hospitals be fixed as follows:

	Per Annum.
Admitting Physician .....	\$600 00

Assistant Director of Laboratories.....	1,500 00
Dietician .....	1,000 00
Interpreter .....	1,000 00
Expert Cataloguer .....	800 00
Assistant Superintendent .....	2,500 00
Supervising Engineer .....	1,800 00

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Department of Health, requesting the Board of Estimate and Apportionment to recommend to the Board of Aldermen the fixing of the salary of the position of Telephone Switchboard Operator in said Department, together with a communication from the Examiner in Charge of the Investigations Division relative thereto:

CITY OF NEW YORK—DEPARTMENT OF HEALTH,  
S. W. COR. FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN,  
NEW YORK, February 16, 1904.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—At a meeting of the Board of Health held February 10, 1904, the Secretary was directed to respectfully request the Board of Estimate and Apportionment to fix the salaries of Telephone Switchboard Operators employed in the Department of Health at \$900 per annum, to conform with the amounts received by persons performing similar duties in the Law Department, the Department of Education, the Department of Street Cleaning, the Municipal Civil Service Commission and the office of the President of the Borough of Manhattan.

The persons employed as Telephone Switchboard Operators in the Department of Health are required to report for duty at 8.30 a. m. each day and to remain until 5 p. m. The duties are of an arduous nature and the character of the service required is such that persons possessed of peculiar fitness and who are capable of receiving and transmitting reports of contagious and other diseases and citizens' complaints are necessary to the successful operation of the different divisions of the Department.

The amount recommended by the Board of Health is on that account, as well as the long service of many of the persons employed as such Telephone Switchboard Operators, deemed justified.

Respectfully yours,

EUGENE W. SCHEFFER, Secretary.

A true copy.

CITY OF NEW YORK,  
DEPARTMENT OF FINANCE—COMPTROLLER'S OFFICE,

Hon. EDWARD M. GROUT, Comptrollers

SIR—In compliance with your instructions, investigation has been made of the request of the Board of Health for approval by the Board of Estimate and Apportionment of proposed increases of salaries of Telephone Switchboard Operators employed by the department, said request having been referred by the Board of Estimate and Apportionment to the Finance Department for a report as to the facts, and the following statement is respectfully submitted:

In a communication dated February 16, 1904, addressed to the Board of Estimate and Apportionment, the request is made "to fix the salaries of Telephone Switchboard Operators employed in the Department of Health at \$900 per annum, to conform with the amounts received by persons performing similar duties in the Law Department, the Department of Education, the Department of Street Cleaning, the Municipal Civil Service Commission and the office of the President of the Borough of Manhattan."

According to the Civil List for 1904, there are employed by the Department of Health three Telephone Switchboard Operators at a salary of \$750 each, whose salaries are asked to be increased to \$900 a year.

Examination of the Civil List shows that the following salaries are paid Telephone Switchboard Operators in various departments:

Law Department, Manhattan .....	\$900 00
Law Department, Brooklyn .....	600 00
Department of Education .....	900 00
Department of Education .....	600 00
Street Cleaning .....	900 00
Municipal Civil Service Commission.....	900 00
President of the Borough of Manhattan.....	900 00
President of the Borough of Manhattan.....	450 00
Department of Health.....	750 00
Department of Health.....	750 00
Department of Health.....	750 00
Department of Bridges.....	750 00
Department of Parks.....	600 00
Tenement House Department.....	750 00
Tenement House Department.....	750 00

It will be seen that five Operators in the above list receive \$900 a year; three, outside the Department of Health, receive \$750; three receive \$600, and one receives

\$450. A majority of this class of employees in the City departments do not receive \$900 a year.

Yours respectfully,

ROBERT B. McINTYRE,  
Examiner in Charge, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Telephone Switchboard Operator in the Department of Health be fixed at the rate of nine hundred dollars (\$900) per annum.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the President of the Borough of The Bronx requesting the issue of Special Revenue Bonds to the amount of \$10,000 for repairs to surface drains in Van Nest.

Laid over.

The Secretary presented a communication from the President of the Borough of The Bronx requesting the issue of Special Revenue Bonds to the amount of \$15,000 for rebuilding and improving the Downing Brook Drains, Neal Estate, District of Chester, Borough of The Bronx.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to amending resolution adopted by the Board of Estimate and Apportionment February 5, 1904, in the matter of the acquisition of a site for school purposes in the Borough of Brooklyn:

CITY OF NEW YORK,  
DEPARTMENT OF FINANCE—COMPTROLLER'S OFFICE,  
March 2, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education at a meeting held February 24, 1904, adopted a resolution correcting an error in their description for the acquisition of a piece of property located in the Borough of Brooklyn, and I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution, amending a resolution adopted February 5, 1904, in the matter of the acquisition of a site for school purposes in the Borough of Brooklyn, adjoining Public School 45, so as to read as follows:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following described lands and premises for a school site in the block bounded by Lafayette, Classon and DeKalb avenues and Emerson place, Borough of Brooklyn:

Beginning at the northeasterly corner of the present site of Public School No. 45 sixty-seven (67) feet nine (9) inches; thence northerly and parallel with Emerson place one hundred and fifty (150) feet; thence easterly and parallel with DeKalb avenue sixty-seven (67) feet eight (8) inches; thence southerly parallel with Classon avenue one hundred and fifty (150) feet to the northeasterly corner of lands of said Public School No. 45, the point or place of beginning.

—and hereby authorize the Comptroller of The City of New York to enter into a contract for the purchase of the said described premises, at a price not exceeding thirty-five hundred dollars (\$3,500), said contract to be approved by the Corporation Counsel as to form.

Respectfully submitted for approval.

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

CITY OF NEW YORK,  
DEPARTMENT OF EDUCATION—OFFICE OF THE SECRETARY,  
BOARD OF EDUCATION,  
PARK AVENUE AND FIFTY-NINTH STREET,  
NEW YORK, February 25, 1904.

Hon. N. TAYLOR PHILLIPS, Deputy Comptroller:

DEAR SIR—I have the honor to inform you that the Board of Education at a meeting held on the 24th inst. amended the description contained in the report and resolution adopted January 14, 1904, selecting and determining as a site for school purposes the interior lot in the rear of Public School 45, in the block bounded by Lafayette, DeKalb and Classon avenues and Emerson place, Borough of Brooklyn, as requested in your communication of the 9th inst.

I enclose a certified copy of said report and resolutions as amended.

Respectfully,

A. EMERSON PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to the matter of the acquisition of property adjoining Public School 45, Borough of Brooklyn, and submits for adoption the following resolutions:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described interior lot, adjoining Public School 45, in the block bounded by Lafayette, Classon and DeKalb avenues and Emerson place, in Local School Board District No. 29, Borough of Brooklyn; the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$2,500:

Beginning at the northeasterly corner of the present site of Public School 45, and running thence westerly along the northerly line of the lands of Public School 45 sixty-seven (67) feet nine (9) inches; thence northerly and parallel with Emerson place one hundred and fifty (150) feet; thence easterly and parallel with DeKalb avenue sixty-seven (67) feet eight (8) inches; thence southerly and parallel with Classon avenue one hundred and fifty (150) feet to the northeasterly corner of the lands of said Public School 45, the point or place of beginning.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education on January 14, 1904, and amended February 24, 1904.

A. EMERSON PALMER, Secretary, Board of Education.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment February 5, 1904, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following described lands and premises for a school site in the block bounded by Lafayette, Classon and DeKalb avenues and Emerson place, Borough of Brooklyn:

"Beginning at the northeasterly corner of the present site of Public School 45, and running thence westerly along the northerly line of the lands of Public School 45 sixty-seven (67) feet nine (9) inches; thence northerly and parallel with Emerson place one hundred and fifty (150) feet; thence easterly and parallel with DeKalb avenue sixty-seven (67) feet eight (8) inches; thence southerly and parallel with Classon avenue one hundred and fifty (150) feet to the northwesterly corner of lands of said Public School 45, the point or place of beginning.

—and hereby authorizes the Comptroller of The City of New York to enter into a contract for the purchase of said described premises at a price not exceeding thirty-five hundred dollars (\$3,500), said contract to be approved by the Corporation Counsel as to form,"

—be and the same is hereby amended to read as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following described lands and premises for a school site in the block bounded by Lafayette, Classon and DeKalb avenues and Emerson place, Borough of Brooklyn:

## BOARD OF EXAMINERS.

March 1, 1904.

Present—Messrs. William J. Fryer, Warren A. Conover, Charles Buek, William C. Smith, Charles G. Smith, Edward F. Croker and Walter Cook, Chairman.

Meeting called to order at 3 p. m.

On motion, minutes approved as read.

Appeal No. 20, Fireproof Shutter Case No. 11 of 1904, Nos. 10 and 12 Jay street, Manhattan, A. O. Hoddick, appellant.

On presentation of report and on motion appeal was denied.

Appeal No. 21, Fireproof Shutter Case No. 12 of 1904, Nos. 51 and 53 Maiden lane, Manhattan, Boehm & Coon, appellants.

The Chairman presented and read a communication from the appellants in re this appeal (denied at last meeting), whereupon the Clerk was instructed to communicate with the Bureau of Buildings, requesting information.

Appeal No. 24, Fireproof Shutter Case No. 14 of 1904, No. 148 Bank street, Manhattan, Western Electric Company, appellant.

On presentation of report and on motion appeal was approved.

Appeal No. 25, Fireproof Shutter Case No. 15 of 1904, No. 175 Franklin street, Manhattan, L. Chas. Welsh, appellant.

On presentation of report and on motion appeal was denied.

Appeal No. 26, Fireproof Shutter Case No. 16 of 1904, No. 42 West Ninety-ninth street, Manhattan, Thos. W. Lamb, appellant.

On presentation of report and on motion appeal was approved.

Appeal No. 27, Fireproof Shutter Case No. 17 of 1904, Nos. 311 to 317 West One Hundred and Fortieth street, Manhattan, J. M. Robinson, appellant.

On motion, referred to Chief Croker for examination and report with recommendation.

Appeal No. 28, New Building No. 39 of 1904, Nos. 4, 6 and 8 East Twenty-eighth street, Manhattan, L. Geo. Forgotson, architect and appellant.

"No. 4. Building exceeds twelve stories in height and should conform to all the provisions of section 105 of the Code as to fireproofing."

The law was not intended to apply to a pent house that covers such a small percentage of the area when the highest point of the pent house does not exceed 150 feet from the curb level.

Will the provisions of section 105 of the Code as to fireproofing for buildings over

150 feet in height apply in this case, where the building does not exceed 150 feet in height and when the pent house covers such a small area?

1. The building does not exceed 150 feet in height.

2. The pent house construction is as follows:

(1) All walls surrounding the pent house will be carried up to their proper height.

(2) Floor will be made of cement.

(3) Wire glass will be used wherever glass is necessary.

(4) Proper skylights will be provided.

(5) All woodwork for the window frames, sash, doors, trim and base of the pent house will be thoroughly fireproof.

(6) The highest point of the pent house roof will not exceed 150 feet from the curb level.

(7) All woodwork entering into the construction of the pent house will be fireproofed by the process which is fully accepted and approved by the Bureau of Buildings.

(8) Entire pent house will be constructed entirely fireproof.

(9) And that a standpipe with hose connection and outlet in the hall of the pent house will be provided.

(10) Pent house will not cover more than 50 per cent. of the roof area.

Mr. L. George Forgotson and Mr. H. E. Hartwell appeared before the Board.

On motion, laid over pending amendment.

Appeal No. 29 Fireproof Shutter Case No. 18 of 1904, No. 30 Rose street, Manhattan, Chester W. Chapin, appellant.

On motion, referred to Chief Croker for examination and report with recommendation.

Appeal No. 30, Alteration No. 593 of 1904, northeast corner Adams and Plymouth streets, Brooklyn, R. L. Daus, architect and appellant.

"Denied on the ground that building if extended on top as proposed would be over 75 feet high, in violation of section 105 of the Building Code."

It is being claimed by the appellant that the rules and regulations of the President of the Borough, or the provisions of law, or ordinances do not apply.

May the building be raised as proposed?

The building may be considered of semi-fireproof construction, for the reasons that two staircases, located at different parts of the building, are entirely of fireproof materials, including roofs, and that they are surrounded in their entire height by brick walls, in which all openings are protected by fireproof doors.

Further, that though the walls of the building will be, when changed, somewhat in excess of 75 feet, they are laid up in Portland cement mortar and are of an exceptionally solid and substantial character.

Further, because a complete sprinkler system will be installed in the building and every door opening will be protected by the most approved type of fireproof doors.

It is intended to build the sixth and seventh stories of slow-burning construction.

It may be stated also that the building was built previous to the existence of the Building Code and was planned with a view of being extended a couple of stories in height.

Mr. R. L. Daus and Mr. A. T. Porter appeared before the Board.

On motion, laid over.

Mr. Martin J. Hackett appeared before the Board to give a personal explanation in regard to Appeal No. 62 of 1903 (Hackett-Hankinson Building Construction Company, appellants).

Mr. Hackett stated to the Board that in this building certain conditions and material for the safeguarding of life imposed by the Board had not been fulfilled, in spite of his personal efforts, by direction of the lessees; that he had used all possible efforts to have these conditions fulfilled, and that, in consequence of his inability to do so, his connection with the building and his relations with the lessees had ceased; that he desired to appear before the Board in order that he might clear himself of any suspicion that the non-fulfillment of these conditions was due either to his orders or that the omission was made with his consent.

Adjourned.

THOMAS F. DONOHUE, Clerk.

## DEPARTMENT OF HEALTH.

New York, February 17, 1904.

The Board met pursuant to adjournment.

Present—Commissioners Thomas Darlington, President; Alvah H. Doty, M. D., Health Officer of the Port; Thomas F. McAvoy, First Deputy Police Commissioner, for the Police Commissioner.

The minutes of the last meeting were read and approved.

Certificates declaring premises at Nos. 607 to 615 West Fifty-fifth street, Borough of Manhattan, and the County Jail, consisting of two three-story buildings situated north side of Raymond street, corner of Willoughby street, Borough of Brooklyn, public nuisances.

On motion, the following orders were entered:

Whereas, The premises Nos. 607 to 615 West Fifty-fifth street, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.: The nuisance caused by the burning of shells on premises be discontinued.

Whereas, The premises the County Jail, consisting of two three-story buildings, situated north side of Raymond street, corner of Willoughby street, Borough of Brooklyn, in The City of New York, and the business pursuit specified in this case being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

All the Latrine water closets be removed from the cells and be replaced by approved closets properly flushed. If, by reason of the expense of this change or the necessity for reconstruction of the cells, it is not practicable to carry it out, I believe that the same result would be accomplished by the complete removal of water closets and connections from the cells and the installation of a limited number of water closets in the ratio of one to fifteen cells, to be used at times when the prisoners

are permitted to leave their cells. During the time they are confined in their cells a bucket of suitable construction should be provided for each cell. Suitable arrangements for emptying and cleaning these buckets should be provided on each tier.

That vent connection to water closet in first floor bathroom, main building, be repaired and the floor and walls about urinal be covered with non-absorbent material.

That the offset water closet in second floor bathroom be replaced by a washout water closet, properly set and flushed.

That the partitions of water closet, first floor female prison be extended to ceiling and the apartment be ventilated by window to external air.

That the wooden floors of water closet apartments in female prison be covered with asphalt, cement or other non-absorbent material.

That the water closet on north end of building on first floor be properly reset and flushed. That all siphon water closets now out of order be properly flushed. That walls and ceiling of third floor, south end, water closet apartment be cleaned and painted.

That the defective rain leaders on male prison be repaired or replaced by new leaders.

That the walls of prison kitchen, also the ceiling, be cleaned and whitewashed.

That new covers be provided for steam kettles.

#### MUNICIPAL CIVIL SERVICE COMMISSION, No. 61 ELM STREET, CITY OF NEW YORK.

**PUBLIC NOTICE WILL BE GIVEN OF ALL**  
competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing, or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the CITY RECORD for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Postoffice and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

HENRY BERLINGER, Secretary.

#### AQUEDUCT COMMISSION.

AQUEDUCT COMMISSIONERS' OFFICE, ROOM NO. 207 STEWART BUILDING, NO. 280 BROADWAY, NEW YORK, MARCH 1, 1904.

**SEALED BIDS OR ESTIMATES WILL BE RE**  
ceived by the Aqueduct Commissioners at the above office until 12 o'clock noon on

TUESDAY, MARCH 22, 1904.

FOR CONSTRUCTING A HIGHWAY OR ROAD NEAR THE TITICUS RESERVOIR, IN THE TOWN OF NORTH SALEM, WESTCHESTER COUNTY, NEW YORK.

The security required will be Twenty-five Hundred Dollars, (\$2,500).

The work shall be entirely completed to the satisfaction of the Aqueduct Commissioners on or before October 1, 1904.

The work is authorized by chapter 490, Laws of 1884, of the State of New York, and the amendments thereto.

The work to be done consists in building, raising and grading a highway or road, with its necessary culverts, bridge abutments, drains and stone and other fences, and all other appurtenances, in the Town of North Salem, Westchester County, New York.

The foregoing is a statement of the nature and extent of the work required. Bidders are required to submit their bids upon the following express conditions, which apply to and become a part of every bid or estimate received.

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing statement, and they shall not at any time after the submission of their bid, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the nature or amount of work to be done or the materials to be furnished.

The prices submitted are to cover the cost of furnishing all the necessary materials and labor and the performance of all the work set forth in the specifications and form of contract.

Any bid which fails to name a price, both in writing and in figures, may be held to be informal and may be rejected, and in case of any discrepancy between the price written in the bid and that given in figures, the price in writing will be considered as the bid.

Bidders will be required to complete the entire work to the satisfaction of the Aqueduct Commissioners, and in strict accordance with the specifications annexed to the contract. No extra

compensation beyond the amount payable for the work before enumerated, which shall be actually performed and furnished at the prices stated therefor, shall be due or payable for the entire work and materials.

No bid will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum (5 per centum) of the amount of the security required for the faithful performance of the contract.

Bidders are requested to make their bids or proposals upon the blank form prepared by the Aqueduct Commissioners, a copy of which (with the proper envelope in which to inclose the bid), together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Aqueduct Commissioners, No. 280 Broadway, The City of New York, where the plans may be seen.

PETER F. MEYER, AUCTIONEER, WILL sell, at public auction, on behalf of the Department of Docks and Ferries, on

**FRIDAY, MARCH 18, 1904,**

commencing at 10 o'clock A. M., on the premises with Lot No. 1, on the block between Bloomfield and Little West Twelfth streets and between Tenth and Thirtieth avenues, in the Borough of Manhattan, the following lots of buildings, etc., hereinafter described.

Lot No. 1. Five-story brick building embracing the block on the west side of Tenth avenue, between Bloomfield and Little West Twelfth street, a frontage of about 84 feet. The building has a frontage on Bloomfield street of about 100 feet, and a frontage on Little West Twelfth street of about 150 feet. In the rear are two courts open above the level of the second story of the building, and of the average dimensions 60 feet by 20 feet and 80 feet by 20 feet. Included with this building are two wood and iron-framed skylights built in the above-described courts at about the level of the second story.

Also a one-story brick and iron building, having a frontage on the south side of Little West Twelfth street of about 27 feet and an average depth of about 90 feet, and whose east side is distant about 150 feet from the west side of Tenth avenue.

Also a two-story brick and iron building, having a frontage on the south side of Little West Twelfth street of about 27 feet and an average depth of about 108 feet, and whose east side is distant about 177 feet from the west side of Tenth avenue. Included with this building is a frame inclosure of the average dimensions 15 feet by 28 feet.

Also a one-story wood and iron building, having a frontage on the north side of Bloomfield street of about 100 feet and a depth varying from about 50 feet to about 100 feet. The east side of this building is distant about 100 feet from the west side of Tenth avenue. Included with this building is a one-story frame shed on roof of same of the average dimensions 24 feet by 26 feet, and also a wood and iron-framed skylight of the average dimensions 50 feet by 25 feet.

It is expressly understood and agreed that the various materials enumerated in Lot No. 3 (which are located in Lot No. 1) are excepted and reserved from said Lot No. 1.

The purchaser of Lot No. 1 further stipulates and agrees that he will remove same in strict compliance with the terms of sale, notwithstanding the fact that it may be tenanted at the time the notification to commence the removal of the structures is given.

Lot No. 2. Three-story brick building, having a frontage on the south side of West Nineteenth street of about 50 feet and a depth of about 94 feet, and whose easterly side is about 575 feet distant from the westerly side of Tenth avenue.

Also a two-story brick building adjoining the above-described building on the west, having a frontage on the south side of West Nineteenth street of about 16 feet and a depth of about 23 feet, together with a brick chimney and old furnace shield, whose approximate dimensions are respectively 6 feet by 7 feet and 10 feet by 10 feet, and open shed whose dimensions are about 16 feet by 25 feet.

Also a two-story brick structure in the rear of the building last described. Its easterly side abuts the westerly side of the three-story brick building described above, and its northerly side lies about 40 feet south of the south side of West Ninete

removed from the premises. Also all combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., shall be gathered together by the purchaser and removed from the premises. The final non-combustible rubbish, such as lime mortar, brickwork, cement mortar or in mortar which cannot be readily broken from the brick, plaster, roofing gravel, etc., may be left on the premises within the building lines, but to no greater height than the level of the curb, otherwise all planking, rubbish, or other material within the heretofore described area, whether particularly described or not, must be removed from the premises. The removal of all buildings, parts of buildings, sheds, planking and all other material must be made by the purchaser, who must commence the said removal within three days from the date of the receipt of a notification from the Engineer-in-Chief that the work is ready to be begun, and continue the same diligently until completed.

The structures must be torn down to the level of the first story within fifteen days from the date of the receipt of the above notice, and all of the materials comprised in the buildings as hereinbefore provided must be entirely removed from said premises within thirty days from the date of the receipt of the notice above mentioned; and if the purchaser or purchasers fail to commence the said removal as specified, and to diligently prosecute the same, as above set forth, then the Commissioner of Docks may, at his option, complete the said removal and charge the expense of the same to the said purchaser, who shall sign the present terms of sale and agree to be bound thereby.

The work of removing the various lots herein enumerated shall be carried on in such manner and at such times as may be directed by the Engineer-in-Chief of the Department of Docks and Ferries. The work of removal may be suspended and shall not be resumed until written notice is given by said Engineer-in-Chief so to do. The time elapsed during such suspension shall not be counted against the purchaser, but a like number of days will be given him which may have elapsed during such suspension.

The purchaser of Lot No. 1 agrees to proceed with the removal of same in such a manner, so as to permit the purchaser of Lot No. 2 to remove the various materials enumerated in said Lot.

## CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

- Proposals containing conditions other than those herein set forth will not be received or considered.
- No proposal for stock shall be accepted for less than the par value of the same.
- Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon one of the State or National banks of The City of New York, two per cent. of the par value of the stock bid for in said proposal.
- No proposal will be received or considered which is not accompanied by such deposit.
- All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.
- If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.
- Upon the payment into the City Treasury of the amounts due by the persons whose bids are accepted, respectively, certificates thereof shall be issued to them as authorized by law, and in such denominations as they may desire.
- It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected." Under this provision, the condition that the bidder will accept only the whole amount of stock bid for by him, and not any part thereof, cannot be inserted in any bid.
- It is also provided by the Charter that these bonds, being registered, may be issued in denominations of ten dollars or any multiple thereof; and that "preference shall, so far as practicable, and without pecuniary disadvantage to the City, be given to applicants for the smallest amounts and smallest denominations of said bonds in issuing the same."
- The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York.

EDWARD M. GROUT, Comptroller.

THE CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, March 11, 1904.

#### SUPREME COURT.

##### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening FORTY-FIFTH STREET, from Old City Line to West street in the Twenty-ninth and Thirtieth Wards in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 6th day of April, 1904, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 11th day of April, 1904, at 2 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 15th day of April, 1904.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.: Beginning at a point on the northerly side of Forty-fifth street, where the same is intersected by the old or former city line of Brooklyn now dividing the Eighth and Thirtieth Wards; running thence northeasterly along the old city line of Brooklyn to the centre line of the block between Forty-fifth street and Forty-fourth street; running thence easterly along the centre line of the block between Forty-fifth street and Forty-fourth street; running thence southerly along the westerly side of West street to the northerly side of Forty-fifth street; running thence easterly along the prolongation of the northerly line of Forty-fifth street to the easterly side of Franklin avenue; running thence southerly along the easterly side of Franklin avenue to the prolongation of the southerly side of Forty-fifth street; running thence westerly along the prolongation of the southerly side of Forty-fifth street to the westerly side of Franklin avenue; thence southerly along the westerly line of Franklin avenue to the centre line of the block between Forty-fifth and Forty-sixth streets; running thence westerly along the centre line of the blocks between Forty-fifth street and Forty-sixth street to the old city line of Brooklyn; running thence northeasterly along the old city line of Brooklyn to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house in the Borough of Brooklyn, in The City of New York, on the 25th day of April, 1904, at the opening of the Court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 15, 1904.

JOHN B. LORD, Chairman,  
GEORGE W. PALMER,  
DANIEL QUINN,  
Commissioners.

JAMES F. QUIGLEY,  
Clerk.

##### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title for the opening and extending of the Public Park bounded by FULTON STREET, CHAUNCEY STREET, LEWIS AVENUE AND STUYVESANT AVENUE, also bounded by LEWIS AVENUE, FULTON STREET AND CHAUNCEY STREET, in the Twenty-third Ward in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, THE undersigned, were appointed by an order of the Supreme Court, made and entered herein, on the 2d

day of December, 1903, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 11th day of December, 1903, and indexed in the Index of Conveyances, in Section No. 6, Blocks Nos. 1689 and 1690, Commissioners of Estimate, for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening and extending the said Public Park, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening and extending said Public Park, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned, Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 8th day of April, 1904, at 3.30 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 15, 1904.

WILLIAM VANAMEE,  
S. L. BRINLEY,  
CLARENCE B. SMITH,  
Commissioners.

JAMES F. QUIGLEY,

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

**GENERAL INSTRUCTIONS TO BIDDERS.**  
The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board of Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
