Resolved, That the Board of Estimate and Apportionment hereby grants to The Stock Quotation Telegraph Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.
This Contract, made this day of 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Stock Quotation Telegraph Company (hereinafter called the Company), party of the second part, witnesses:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors under the streets and avenues within the Borough of Manhattan and the portion of the Borough of The Bronx lying west of the Bronx River, and to lay, construct, maintain and operate suitable wires or other electrical conductors, and necessary conduits for the same, under the streets and avenues within the Borough of Brooklyn, and the Borough of Queens, for the purpose of electrically connecting its offices with each other and with other offices and with subscribers, so as to allow of the collection and exchange by means of telegraph instruments, commonly known as "Morse instruments," of general news, financial news and other matters of general interest, and the distribution of the same over the said wires and cables to printing telegraph instruments, commonly known as "stock tickers," and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits, and on bridges, for the purposes aforesaid, shall be held and enjoyed by the Company for the term of fifteen (15) years from January 1, 1913, with the privilege of renewal of said contract for a further period of ten (10) years, upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. If determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year after the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and

shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

1. The sum of ten thousand dollars (\$10,000) in cash within thirty (30) days after the date upon which this contract is signed by the Mayor.

2. The further sum of five thousand dollars (\$5,000) in cash for use and occupation of the streets of the City since October 4, 1911, to be paid within thirty (30) days after the signing of this contract by the Mayor.

3. During the first term of five years, an annual sum which shall in no case be less than forty-five hundred dollars (\$4,500) and which shall be equal to three (3) per cent. of its gross annual receipts within the City, exclusive of rentals from its building or buildings, if such percentage shall exceed the sum of forty-five hundred dollars (\$4,500).

4. During the second term of five (5) years, an annual sum which shall in no case be less than six thousand dollars (\$6,000), and which shall be equal to four (4) per cent. of its gross annual receipts within the City, exclusive of said rentals, if such percentage shall exceed the sum of six thousand dollars (\$6,000).

5. During the remaining term of this original contract, an annual sum which shall in no case be less than seventy-five hundred dollars (\$7,500), and which shall be equal to five (5) per cent. of its gross annual receipts within the City, exclusive of said rentals, if such percentage shall exceed the sum of seventy-five hundred dollars (\$7,500).

6. Such further sum or sums as may be imposed by the Bridge Commissioner for the use of such bridge or bridges under his jurisdiction as he may permit.

The annual charges shall commence from the date on which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the moneys due when this contract is signed by the Mayor shall be paid into the Treasury of the City within thirty (30) days immediately following such date, and provided further that the first annual payment thereafter shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever he percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose, unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its wires and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City and in strict compliance with all laws or ordinances or departmental rules and regulations now in force,

or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electrical system shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued, such officials may impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and the proper restoration of the surface of such streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

Upon completion of any work or construction, the Company shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structures erected, installed or constructed under this contract, and the location and dimensions of all substructures encountered during the progress of the work; the depth below the street surface of the new structures and of the substructures encountered must be shown, also their location with reference to the nearest curb line and the nearest curb line intersection.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues, in any department of the City or in private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, conductors, connections, instruments and all appurtenances thereto, shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to its plant, conduits, wires, conductors, connections, instruments and appurtenances, from time to time, as such additions or improvements are necessary in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). In the Borough of Manhattan and that portion of the Borough of The Bronx west of the Bronx River, such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City, should it succeed to the rights of such company or companies. In the other territory in which the Company is authorized to operate by virtue of this contract, it may construct such subways as are necessary for the accommodation of its cables and wires and no more. If the City shall construct or acquire subways for electrical conductors of the character or tension of those used by the Company or similar companies, in any or all of the Boroughs, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be necessary and available for the operation of the system hereby authorized. No cables or wires shall, in the future, be strung above the surface of the streets and avenues by the Company, and those at present in existence shall be removed and placed underground when and where required by the Board or the Commissioner of Water Supply, Gas and Electricity.

Ninth—The use of any bridge under the jurisdiction of the Department of Bridges shall be at the discretion of the Bridge Commissioner and in accordance with such terms and conditions and upon such reasonable charges as he may prescribe.

Tenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant. Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets required on account of the construction or operation of the underground conduits herein authorized to be placed in the streets, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Eleventh—It is agreed that the right hereby granted to lay and maintain conduits shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move its conduits and their appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twelfth—Should the grades or lines of the streets and avenues in which the Company is hereby authorized to operate be changed at any time during the term of this contract, or any renewal thereof, the Company shall, at its own expense, change its conduits and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets or avenues the Company shall take care of and protect its conduits and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Thirteenth—The Company shall, upon request from any individual or corporation occupying or owning premises in the territory in which the Company is authorized to operate, by this contract, not in arrears to it for service already rendered, extend its wires to such premises and furnish news or other service to such individual or corporation, provided that such premises are not more than one-half mile from any other premises in which the Company has its apparatus installed at the time such request is made.

Fourteenth—The Company shall file with the Board on the first day of November in each year a map or plan upon which shall be plainly and separately indicated the number of wires which were in use by the Company on September 30 preceding, and the streets in which the same are located, and also those which were put in use during the year preceding that date. It shall also file with the Department of Water Supply, Gas and Electricity, on or before the tenth day of each month, a map or plan of the locations in which wires have been placed by it during the preceding month.

Fifteenth—The rates to be charged by the Company shall not be in excess of the following, and it is agreed that the same may be altered or changed by the Board as hereinafter provided.

(a) For ordinary news service, including the rental of the printing telegraph or ticker, the sum of fifteen dollars (\$15) a month, or one hundred and eighty dollars (\$180) a year.

(b) For general news service, including the rental of the printing telegraph or ticker, the sum of twenty dollars (\$20) a month, or two hundred and forty dollars (\$240) a year.

(c) For financial news service, including the rental of the printing telegraph or ticker, the sum of forty dollars (\$40) a month or four hundred and eighty dollars (\$480) a year.

(d) For any other service furnished or to be furnished by the Company the rates charged shall be reasonable and fair and subject to the approval of the Board.

The Company agrees upon request of any Board, Department or Bureau of the City government, to furnish service to any and all buildings under the control of such Board, Department or Bureau, at one-half the rates above authorized to be charged by it for whatever class or classes of service may be required.

Sixteenth—During the term of this contract, or any renewal thereof, the Board shall have the power, by resolution, to regulate and fix the maximum and minimum rates to be charged by the Company in the City, provided such rates shall be reasonable and fair.

Seventeenth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Eighteenth—The wires of the Company shall be employed for no other purposes than those explicitly set forth herein and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Nineteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Twentieth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions in the territory covered by this contract, or any part thereof.

Twenty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of one hundred dollars (\$100) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-second—If for a period of twelve consecutive months, the system of the Company shall not be operated, or if the same shall not be operated for a period of eighteen months out of any consecutive twenty-four months, the Board may declare the right and franchise and this contract terminated without further proceedings at law or in equity.

Twenty-third—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the system hereby authorized from all subscribers served by the Company in the City, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-fourth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.

10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors and officers elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number and location of premises served by the Company in the City.
16. Total receipts of the Company for each class of business in the City.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation in the City.
18. Total expenses for operation, including salaries, in the City.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-fifth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of twelve thousand dollars (\$12,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privileges hereby granted, in default of which payment of the annual charges, the City shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company.

In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements, furnishing of service to applicants as herein provided or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of this contract, or under the authority of any laws, ordinances or departmental regulations now or hereafter in force, in such case and in any of these events, the Company, except as herein otherwise provided, shall pay to the City a penalty of fifty dollars (\$50) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears, in the judgment of the Board, to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of twelve thousand dollars (\$12,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-sixth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that the portion of its system constructed and in use by virtue of this contract and located in the public streets and avenues shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-seventh—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-eighth—The words "notice" or "direction" wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-ninth—The words "streets and avenues" or "streets or avenues" wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, included within the limits of the territory in which the Company is hereby authorized to operate.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues of the territory in which the Company is authorized to operate by this contract.

Sec. 3. It is understood that this contract is made without prejudice to any rights which the Company may have heretofore acquired, if any, to operate a telephone, telegraph or ticker business. However, the Company shall not exercise any right or privilege other than that herein authorized and recognized, and in accordance with the terms of this contract after final judicial determination in an action to which the City is made a party.

The Company further promises, covenants and agrees that in the event of a decision in its favor in any action brought, as provided in section 3, it will not claim or attempt to claim or demand any damage, penalty or recompense from The City of New York for any expense, expenditures, suits or other disadvantage incurred by it because of the entering into this contract with The City of New York, and hereby expressly waives and surrenders to the City any such claim or demand.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto affixed, the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Hon. WILLIAM J. GAYNOR, Mayor:

Sir—Pursuant to section 1544 of the Greater New York Charter, I submit herewith a report of the transactions of the Law Department for the quarter and year ended December 31, 1912.

On January 1, 1912, there were pending and undisposed of 39,241 actions and proceedings of all sorts in the various offices and bureaus of the department. The number of actions and proceedings commenced during the year was 42,895, and the number terminated 45,066, leaving pending and undisposed of on December 31, 1912, 37,102. There has therefore been a considerable reduction in the amount of pending litigation.

Seven hundred and fifteen actions and proceedings were tried during the year in the Supreme Court, the United States Circuit Court, the United States District Court, the City Court of New York, and the County Court of Brooklyn. In 9 of these cases the City was only indirectly interested. The others were disposed of as follows: Decisions in favor of the City in 480 cases; decisions against the City in 166 cases; decisions partly favorable and partly unfavorable in 23 cases; juries disagreed or a juror withdrawn in 18 cases; not decided, 19 cases.

BROOKLYN BRANCH OFFICE.

The work of the Branch Office in Brooklyn is included in the foregoing tables under the heading of "Main Offices," but the important duties of that office deserve more detailed comment.

During the year there were assigned to the Brooklyn office requests for advice to the number of 669, a few of which required no written answer and often two or three requests were answered in one opinion. There were 588 opinions drafted relating to the disposition of various claims, actions and proceedings.

Of the condemnation proceedings conducted in the Brooklyn office, there were held in the matter of 39th St. Ferry, 6 meetings; Pennsylvania Ave. School Site No. 1, 13 meetings; Pennsylvania Ave. School Site No. 2, 32 meetings; Municipal Building of the Borough of Brooklyn, 11 meetings; Water Supply Proceeding, Borough of Richmond, 13 meetings; Driggs Ave. and S. 3d St. School Site, 9 meetings; Water Supply, Valley Stream, 20 meetings; In the Matter of Liberty and Vesta Aves. (Change of Grade Proceeding), 18 hearings, and in the 39th St. Ferry (matter of claims of "Porter, Graham and Stone") 8 hearings.

During the year the cases argued in the Court of Appeals totaled 16, in the Appellate Division, 71, and in the Appellate Term, 4. There were tried in the Supreme Court 165 cases, at the Special Term for Trials 18 cases, and in the Municipal Court 36 cases; 164 motions were argued at the Special Term for Motions, 14 proceedings were brought in the Magistrates' Court and 5 proceedings in the Surrogate's Court, Kings County; 5 hearings were held upon charges against employees in various departments, and there were 2 cases disposed of in the County Court of Kings County.

The number of claims investigated during the year amounted to 279, this number being over 100 more than the number disposed of during the year 1911.

Among the important cases disposed of during the year were:

1. *Matter of Hartau* (204 N. Y., 292)—This case involved the construction of the will of Henry Hartau, by which the sum of \$35,000 was left to the former City of Brooklyn for the erection of a statue of Lafayette in Prospect Park. The City was originally defeated in the Surrogate's Court by a holding that the bequest was void. On appeal to the Appellate Division the decree of the Surrogate was reversed and the matter remitted for further consideration. On the second occasion the Surrogate upheld the bequest, but awarded practically one-half of the estate as income to certain charitable organizations. This ruling made it reasonably certain that, even if the estate was not further depleted, there would not be enough in it at the termination of the life estate to erect the monument. The decree of the Surrogate was affirmed by the Appellate Division, but on appeal to the Court of Appeals the judgments of the lower courts were modified so as to give The City of New York the income which had been divided among the charities, and the executors and trustees of the Hartau will paid over to the Comptroller, on account of the bequest, nearly \$18,000.

2. *People ex rel. Maloney vs. Lazansky* (205 N. Y., 588)—This was a proceeding to procure a writ of mandamus, directed to the Secretary of State and to the Board of Elections of The City of New York, ordering a new primary to be held in the 13th Assembly District of the County of Kings. At the spring primary in 1912 there was a failure in many of the districts to supply ballots at the opening of the polls, and there were some districts in which ballots were not supplied at all, and in many they were supplied only shortly before the legal time to close the polls. The relator claimed that the failure to supply such ballots amounted to a fraud, and that the Courts should direct a new primary to be held. The case was carried through the Supreme Court to the Court of Appeals, the decision being against the relator in all the Courts.

3. *People ex rel. Woodruff vs. Britt* (206 N. Y., 246)—This proceeding involved the construction and constitutionality of section 122 of the Election Law relating to independent nominations of candidates for public office other than municipal offices to be voted for in a district less than the whole State, but greater than a town or ward of a city. The amendments made to this section by chapter 891 of the Laws of 1911 were attacked and the Court of Appeals held that requiring the signature of 1,500 or even 1,000 voters to file a certificate for independent nominations for public office in any such district is unreasonable as a matter of law and contrary to the provisions of the Constitution. In settling the order in this case that Court decided that independent candidates to be voted for by a county or by a portion of the State greater than a county might be nominated by 500 voters, and that 250 voters could make the nomination for an office to be filled wholly or in part by the voters of only a portion of the County of New York or the County of Kings, excepting, however, that 500 voters would be required to make a nomination for an Assemblyman. The Court added: "The remedy for this incongruous result is with the Legislature."

4. *Bandel vs. The City of New York* (204 N. Y., 683)—This was an action to have declared illegal and void an ordinance of the Board of Health of The City of New York, requiring a certificate of death to be signed by a physician on whom had been conferred the degree of Doctor of Medicine. The plaintiff claimed that this ordinance was an illegal discrimination against osteopaths. The defendants demurred to the complaint and their demurrer was sustained in the Supreme Court.

5. *People ex rel. Quaranto vs. Moynahan* (205 N. Y., 590)—The relator applied for a peremptory writ of mandamus to compel the defendant as Collector of Assessments and Arrears to vacate and set aside the record of a transfer of tax lien against his property and to apportion the taxes and assessments against the same and accept payment therefor. He claimed that these taxes were void because his property was assessed with other property not owned by him and in which he had no interest. He was successful at Special Term, where the peremptory writ of mandamus as prayed for was awarded, but on appeal this order was reversed at the Appellate Division and his motion denied. On the relator's appeal to the Court of Appeals the order of the Appellate Division was affirmed on the opinion of Presiding Justice Jenks in the Appellate Division (148 App. Div., 744).

6. *Cohen vs. The City of New York* (204 N. Y., 424)—In that case the plaintiff was injured while driving over one of the roads in Prospect Park in the Borough of Brooklyn, the carriage in which she was seated having been tipped over by reason of a gully at the side of the road. There had been a very heavy rainfall prior to this accident and one of the lakes in Prospect Park overflowed the road on which the plaintiff was driving, washing out a gully several inches deep. The defendant claimed that there was not time enough between the discovery of the defect and the occurrence of the accident to make it liable for negligence. The Trial Court held with it and dismissed the complaint. On appeal the Appellate Division reversed the Trial Court and awarded a new trial. On the City's appeal to the Court of Appeals its contention was sustained, the Appellate Division order was reversed and the judgment of the Trial Term affirmed.

7. *McPherson vs. The City of New York* (204 N. Y., 430)—In that case the defendant was held at Trial Term and in the Appellate Division to have been guilty of negligence, because it had not fastened a window sash in the Manhattan Terminal of the Brooklyn bridge, so that it could not be closed by some meddlesome or malicious person. On appeal to the Court of Appeals it was held that the rule as applied to The City of New York was too strict, and that as matter of law an ordinarily prudent person would not have anticipated that leaving such windows with the upper sash turned down created a danger in any degree to persons using such bridge. It was held, therefore, that there was no question to be left to the jury and the judgments of the lower Courts were reversed and a new trial granted.

BUREAU OF STREET OPENINGS.

During the year 117 reports were confirmed in proceedings to open streets, in which the awards aggregated \$7,785,513.75, and the assessments for benefit \$7,380,816.99.

It is only since the Charter was amended by chapter 658 of the Laws of 1906 that authority has been had to open several streets in a single proceeding. Many of the proceedings now pending include more than one street. The 117 proceedings in which reports were confirmed during the year included 159 separate streets, having an aggregate length of 76 miles.

In this respect the work of the Bureau exceeds that of any previous year. The greatest number of reports confirmed in any previous year was 150, in 1903, but in that year only 35½ miles of streets were acquired. The next largest number of reports confirmed in one year was 113, in 1905, but in that year only 56 miles of streets were acquired.

The significance of the 76 miles of streets acquired during the year will be better appreciated when compared with the 85 miles aggregate length of all the streets in Reading, Pa., a city having, according to the latest Federal census, 96,071 population.

During the year there was added to the Bureau of Street Openings, by action of the Legislature, a new division to be known as the Division of Real Estate. The work of the division consists of the examination of titles of land ceded to the City in condemnation proceedings. The following is a brief summary of that work:

	Manhattan.	Bronx.	Queens.	Richmond.	Brooklyn.	Total.
Cessions accepted	16	172	316	26	1,346	1,876
Cessions rejected	15	72	326	413
Parcels accepted	16	176	390	26	1,328	1,936
City lots acquired	121-5	524-5	803	363-5	1,303	2,2073-5
Linear feet acquired	526	22,007	33,476	1,526	41,360	98,894

A total of 98,894 linear feet (or 18¾ miles) of streets was acquired by cession.

Through the work of this division property owners have been enabled to cede their land in the street in front of their abutting lots without limitation as to the length of frontage and to obtain exemption from assessments and legal expenses. The City has also saved the cost of acquiring these parcels of property by condemnation and the cost of proceedings to property owners has been greatly reduced.

BUREAU FOR COLLECTION OF ARREARS OF PERSONAL TAXES.

During 1912 the Bureau instituted 6,855 actions to recover arrears of personal taxes, and disposed of 6,061 such actions.

Four thousand one hundred and forty-one examinations of defendants were conducted, and judgments were entered in favor of the City in 1,236 cases, amounting to \$126,563.85.

The amount of money collected was as follows:

Taxes and Interest	\$57,952 73
Costs	1,286 50
Total.....	\$59,239 23

This amount is somewhat less than the collections for previous years. The falling off is accounted for by the failure of the Receiver of Taxes to transmit to the Bureau the usual number of uncollected warrants. The Marshal for the Collection of Personal Taxes was removed on August 25, 1911, and no successor was appointed until January 15, 1912. As a result there was returned by the Receiver of Taxes for Collection \$1,054,214.99 of the tax levy of 1911, as against \$1,343,786.75 of the tax levy of 1910, which sum was transmitted the previous year.

The total collectible value of the 1911 levy, namely, \$1,054,214.99, was further reduced by a return of \$77,459.49 on non-residents and foreign corporations, leaving but \$976,755.50, upon which this Bureau could institute actions to collect; and the last-mentioned amount being considerably less than one-half of the amount returned for collection for the year 1909.

BUREAU FOR THE RECOVERY OF PENALTIES.

The number of actions and proceedings of all kinds commenced during the year 1912 was 24,792 as compared with 24,600 in the year 1911, the number of actions and proceedings terminated 25,027 as compared with 24,438 in the year 1911, and the number of actions and proceedings pending, at the close of the year, was only 799, as compared with 1,034 in the year 1911.

The character of the work performed by the Bureau during the year 1912 was somewhat changed, such change being primarily due to the fact that the rigid prosecution of cases involving particular classes of violations, during the year 1911, materially diminished the number of complaints for such offenses received at the Bureau during the year 1912. To illustrate: The number of complaints received from the Fire Department, involving the failure of proprietors and managers of theatres and moving picture show houses to keep the aisles and passageways of their respective places of amusement free from standees and other obstructions, was 680. During the year 1912, the number of such complaints received was 85.

Furthermore, since the establishment of the Fire Prevention Bureau in the latter part of the year 1911, very few complaints involving the failure of owners and proprietors of buildings to install auxiliary fire appliances, in compliance with orders issued by the Fire Commissioner, have been received at this Bureau.

The number of complaints, however, involving chimney fires, has materially increased during the past year.

To illustrate again: In comparison with the year 1911, very few complaints were received from the Health Department during the year 1912, involving the failure of physicians and midwives to report births to the said Department. The number, however, of applications to record births acted upon by this Bureau, during the year 1912, was 1,696, as compared with 1,554 in the year 1911.

Although the number of complaints and other matters acted upon by the Bureau during the year 1912 was fifty-five thousand seven hundred and three (55,703), as compared with sixty-six thousand six hundred and twenty-six (66,626) during the year 1911, nevertheless, the total amount of money received by the Bureau during the year 1912 was sixty-three thousand one hundred and forty-five dollars an ninety-nine

cents (\$63,145.99), as compared with fifty-three thousand six hundred and twenty-one dollars and twenty-six cents (\$53,621.26) during the year 1911.

These comparisons are here made for the purpose of illustrating the fact that, while the total number of matters acted upon by the Bureau during the year 1912 is numerically less, that fact must not be taken to indicate that the volume of work of the Bureau decreased during the year 1912. On the contrary, the volume of work increases each succeeding year.

The total amount of money received by the Bureau during the year 1912 was

Several important decisions were rendered by the Appellate Courts in actions prosecuted by the Bureau during the year 1912, the two most important of which were the cases, Department of Health vs. Sulzberger & Sons Company, 78 Misc. 134, involving the liability of the proprietors of slaughter houses in The City of New York for permitting offensive odors to escape from their respective establishments into the outside air, even for an inappreciable period of time, regardless of knowledge and intent, and in spite of the fact that prompt effort may have been made to eliminate the cause of complaint; and the case of the People vs. Frudenberg, wherein the judgment of conviction rendered by the Court of Special Sessions was affirmed by the Appellate Division, First Department, February 7, 1913, the case involving the police power, the Appellate Division having held that the provisions of section 183 of the Sanitary Code, making the possession of unclean milk and cream receptacles a misdemeanor, is a valid and reasonable exercise of the police power. These two cases are of far-reaching importance in establishing the power of the Department of Health to better safeguard human life in this congested City of New York, and also to promote the comfort of the City's residents.

Many important convictions were obtained in the Court of Special Sessions during the year 1912 for violations of the provisions of section 181 of the Sanitary Code, forbidding the discharging of dense smoke from buildings, locomotive engines, etc., in The City of New York, many convictions having also been obtained in the said court for the selling and offering for sale of food unfit for human consumption.

The following is a list of the kinds of work managed or acted upon by the Bureau:

I. The prosecution of Fire Department complaints involving violations of the various fire laws contained in the Greater New York Charter, including dangerous conditions in buildings, the obstructing of fire hydrants, chimney fires, failure to close hoistways and iron shutters at the completion of business for the day, and violations of the so-called "standee" ordinance, involving the obstructing of aisles and passageways of theatres and moving picture shows houses.

II. The prosecution of Health Department actions, criminal and civil, involving violations of the health laws contained in the Charter and the Sanitary Code.

III. The prosecution of actions brought to recover penalties for violations of the various provisions of the Code of Ordinances of The City of New York, including short weight cases and those involving the use of incorrect scales, weights, measures and balances.

IV. The prosecution of abandonment and bastardy cases.

V. The prosecution of action brought to recover moneys due upon bonds and undertakings given in abandonment and bastardy proceedings.

VI. The prosecution of delinquent jurors.

VII. The preparation of briefs and the conducting of cases upon appeal.

VIII. Equity suits, writs of habeas corpus, motions of various kinds, and matters of a miscellaneous character.

TENEMENT HOUSE BRANCH OFFICE.

From the Tenement House Department there were received during the year 2,376 notices of violations. At the beginning of the year there were 1,770 such matters still pending. During the year 3,151 of these cases were disposed of. The number of pending violations was therefore reduced from 1,770 to 995.

There were received from the Building Bureaus of the several Boroughs during the year 4,447 violations, and there were disposed of 5,266. The number of pending violations was reduced from 3,174 at the beginning of the year to 2,355 at the close of the year. In addition 165 criminal proceedings were commenced and terminated, and 105 "unsafe building" proceedings were commenced and concluded in the Supreme Court.

During the year 202 proceedings were tried in the Supreme Court in all but one of which the City was successful; 397 actions were tried in the lower courts and in all but five of these the City was successful.

Five appeals were argued at the Appellate Term, and two at the Appellate Division. The City was successful in five of the seven appeals.

One hundred and five motions were argued in the Supreme Court, and there were 25 sessions before referees.

The moneys collected during the year amounted to \$25,694.95, as against \$12,834.38 for 1911. Judgments were entered in favor of the City in 324 actions, amounting to \$39,337.51.

MAIN OFFICE.

The main office of the Department in the Hall of Records, Manhattan, is divided for the purpose of administration into "divisions." The following is a brief review of the work of each of these divisions for the year:

DIVISION OF WATER SUPPLY PROCEEDINGS.

The Water Supply Bureau, during the year 1912, handled in the water supply proceedings in the Counties of Westchester, Putnam, Orange and Ulster:

Appeals argued	29
Motions argued	213
Actions tried	14
Business claims tried	188
Wage claims tried	4
Sessions of commissions	234
Folios of testimony taken	50,352

The two Business Damage Commissions made 14 reports, which were confirmed, and two reports pending.

The Land Commissions made 12 reports, covering 74 parcels, 84 claims and 19 lots. No proceedings for the taking of land are pending, except a few odds and ends, and re-trials. There is also a number of appeals which may result in some cases, in re-trials. Seven proceedings were terminated during 1912, and no new proceedings have been begun. All parcels in the old Westchester water supply proceedings have been reported on.

Including the business claims reported on, there are pending 561 business claims amounting to \$2,853,000, 61 indirect damage claims amounting to \$394,000, and 78 wage claims, amounting to \$21,000.

Broadway Ferry, Brooklyn, Dock Proceeding—Report filed October 2, 1912, and confirmed as to award of \$46,000, made to First National Bank of The City of Brooklyn, but unconfirmed as to balance of awards aggregating \$1,600,074. A preliminary report was made in the proceeding commonly known as the W. 15th and 18th sts., North River, Dock Proceeding. The preliminary awards aggregate the sum of \$3,251,768.81. Charles N. Morgan, one of the Commissioners, who signed the aforesaid Preliminary Report, died on or about the 15th day of June, 1912, and by an order dated the 12th day of August, 1912, Charles J. Leslie was appointed a Commissioner of Estimate and Assessment in the place of Mr. Morgan. Mr. Leslie duly qualified and took his oath as a Commissioner herein, and pursuant to a stipulation entered into by counsel, is now engaged in reading the testimony heretofore taken in this proceeding, and examining the briefs submitted by counsel, for the purpose of uniting with his fellow Commissioners in passing upon the objections which have been filed to said report and making a final report.

Pending Proceedings.

Westchester Avenue Rapid Transit Proceeding—Title vested in the City on May 29, 1906. Claimants representing parcels 49, 71, 95, 97, 126, 129, 130 and 131 have taken an appeal to the Appellate Division from an order dated May 8, 1912, and filed in the office of Clerk of the County of New York, on May 9, 1912.

Centre and Walker Streets Rapid Transit Proceeding—Title vested in the City on April 22, 1908. The awards made to the parties interested in premises Nos. 119-121 Walker st., aggregating the sum of \$101,631, were by an order of Justice Bischoff, dated March 12, 1912, referred to new commissioners who were obliged to suspend their hearings pending an appeal taken from said order. Pearl, Centre and Duane Street Rapid Transit Proceeding (Loop No. 6)—Title vested in the City on December 15, 1910; the claimant was awarded the sum of \$12,625, for a temporary easement acquired by the City, which award was opposed by the Corporation Counsel. Justice Newburger, by an order dated April 22, 1912, denied the claimant's motion to confirm said award and referred the matter to new commissioners. The claimant has taken an appeal and Commissioners have suspended their hearings.

Joralemon Street Rapid Transit Site—This proceeding has thus far involved the taking of \$14,000 pages of testimony relating chiefly to structural damages alleged as the result of subway construction in that street. There were originally 138 claims for structural damage to individual houses. Of these thirty-nine have been disposed of by the first, second, third and fourth separate reports of the Commissioners of Appraisal. The property owners' testimony has been completed as to all the remaining claims, and the City's case is in progress.

Other Business of the Division.

During the year 275 actions to foreclose mortgages have been handled and the titles have been closed to 41 parcels of property, purchased by the City. Summonses and complaints are being prepared in about two hundred actions by the City to foreclose tax liens.

DIVISION FOR CONTRACT LITIGATION.

The work of the Division of Contract Litigation is divided into two parts (1) opinion work, and (2) litigation.

During the year this division has prepared over 375 drafts of opinions for the Corporation Counsel in reply to the requests for advice from heads of departments of the City.

The division has pending litigation aggregating \$5,353,381.28. The courts have passed upon 56 cases after trial and upon at least thirty-five motions at Special Term. The claims in these cases aggregate \$1,314,950.42, and the recoveries and settlements therein to date amount to \$339,346.33. Of this latter amount \$110,000 was paid in settlement of an action brought by Elizabeth Flanagan, as administratrix, and \$183,464.41, recovered by the Pennsylvania Steel Company in an action in the United States District Court.

Other important cases handled by the division were disposed of as follows:

DIVISION FOR TAXES.

Tax Certiorari Cases.

During the year 1912 proceedings in which the amount of the assessments reviewed was \$148,836,716 were disposed of by trial and by settlement. Amount of assessments compromised \$123,502,666. Amount of assessments in litigation in those proceedings was \$55,959,389. Amount of reductions allowed, \$4,150,769, or 1.033 per cent. of the original assessments. Amount of assessments in cases tried, \$25,334,050. Amount of assessments in litigation in those proceedings, \$5,413,845. Amount of reductions granted by the courts, \$85,000.

One hundred and ninety-three proceedings were instituted to review the assessments for the year 1912 against real and personal property, and 90 proceedings were instituted to review the assessments on bank shares, of which 51 relate to assessments for 1912 and 39 to assessments for 1901 to 1907.

Special Franchise Assessments.

Proceedings to review assessments for taxation against special franchises were compromised wherein the assessments reviewed amounted to \$603,648,440. Reductions claimed amounted to \$313,275,729, and the reductions actually made amounted to \$80,330,662. The taxes on the reduced assessments amount to \$9,106,731.57.

During the year proceedings were tried before the Special Term of the Supreme Court in which the assessments reviewed amounted to \$69,287,800. The amount in litigation in those proceedings was \$50,433,604.

The Court of Appeals disposed of the litigation instituted by the New York Central Railroad Company, in which it claimed that it had no special franchise on Park avenue, or if it had, that the intangible special franchise was worthless. The City was successful in all its contentions and the assessments have been confirmed by the Court of Appeals subject to equalization. The amount of the assessments involved in this litigation was \$95,351,600. The assessments were for the years 1900 to 1908, inclusive.

In the Supreme Court, the pending litigation instituted by the Metropolitan Street Railway System to review the special franchise assessments of that system for 1910 and 1911 was decided by two different Justices, and this Department was successful in its contention that these franchises had very substantial value. The total assessments involved in these proceedings amounted to \$107,258,000.

As the result of the vigorous policy pursued in this class of litigation, there is very little left of the huge mass of litigation which was pending at the beginning of this administration, and most of the litigation which has been instituted during the administration has also been disposed of.

Sixty-four proceedings were instituted to review the 1912 special franchise assessment levied against the various public utility corporations in The City of New York.

This division also defended mandamus proceedings against the Commissioner of Water Supply, Gas and Electricity and the Comptroller to cancel charges for the supply of water.

There were drafted 435 opinions in the course of the year.

Assessments on Bank Shares.

There are certiorari proceedings pending instituted by about thirty shareholders attacking assessments since 1901 on their bank shares in each year upon the ground that the Tax Law authorizing the assessments is invalid as contravening the provisions of the Revised Statutes of the United States. The City has thus far been successful in this litigation, and a proceeding not yet decided presenting the controversy for determination has been argued in the United States Supreme Court.

During the year a large number of certiorari proceedings which were instituted within the time stated in chapter 74, Laws of 1909, to review and cancel assessments on bank shares made in 1901 to 1907 aggregating about \$600,000,000 have been terminated in accordance with a decision by the Appellate Division, First Department, in a typical proceeding, entitled *People ex rel. National Bank of Commerce vs. Purdy*, by the entry of orders directing a recovery of interest only from the City on the taxes paid from the dates of payment to October 1, 1909, when the procedure prescribed by chapter 74, Laws of 1909, was completed.

A number of certiorari proceedings are also pending which were instituted subsequent to the time stated in chapter 74, Laws of 1909, attacking similar assessments on bank shares made in 1901 to 1907. In a typical proceeding, entitled *People ex rel. German-American Bank vs. Purdy*, the Appellate Division, First Department, reversing the determination of the Special Term, has directed a dismissal of the proceeding, and an appeal has been taken by the relator to the Court of Appeals.

A number of actions are also pending which are opposed by the City, wherein a recovery is sought of interest on taxes paid on bank shares in 1901 to 1907 from the dates of payment to October 1, 1909. A typical case, entitled *Second National Bank vs. City of New York*, decided in favor of the plaintiff at Trial Term, will be carried to the Appellate Division.

TORT DIVISION.

During the year 1912 there were 550 cases disposed of in the various courts by this Division; 372 in the Supreme Court, New York County; 14 in the City Court; 159 in the Municipal Court; 3 in Richmond County Supreme Court, and 2 in Kings County Supreme Court.

The total amount in suit was \$4,381,865.97 and the total recoveries \$65,426.32, of which amount recoveries amounting to \$39,455.52 are being appealed by this Division. The amount recovered was about one and a half per cent. of the amount demanded.

There were 392 cases disposed of by trial in the various courts, of which 77 were against individual defendants, and of these 65 were against the Property Clerk of the Police Department for delivery of property seized by the police. The determination of these Property Clerk actions does not involve the City in damages.

There were 158 cases dismissed for lack of prosecution, or by voluntary discontinuance, at Special Terms; 140 in the Supreme Court, New York County; 3 in Richmond County Supreme Court; 2 in Kings County Supreme Court, and 13 in the City Court. Of this number 31 were against individual defendants.

In actions against the City the amount sued for was \$3,937,365.97, and the recoveries were \$65,376.26; individual defendants were sued for \$444,500, and recoveries against them amounted to \$50.06.

Six hundred and thirty-three oral and medical examinations of claimants were conducted during the year, in which investigations were instituted and the various steps taken preliminary to final disposition.

Prior to 1898, the date of consolidation, the annual reports of the Law Department contained a schedule showing the accident cases disposed of during the year. In this report I have revived that custom, and in "Schedule 9" there will be found a list of all such cases terminated during 1912. In the report for 1898 and 1899 and from 1901 to 1908 inclusive there is no record of the number of accident cases tried. The following table shows the disposition of negligence cases and other actions in tort and indicates the great increase in that branch of the activities of the Law Department:

DIVISION OF FRANCHISES.

During the year 75 proposed franchise agreements were examined, revised where necessary and approved, and 76 opinions regarding franchise rights in the streets of the City were drafted and furnished to the Board of Estimate and Apportionment and various other City departments.

Sixty-seven hearings before the Public Service Commission relating to franchises in which the City is interested were attended and where necessary briefs were prepared and submitted. One result of these hearings was the issuance by the Commission of orders eliminating grade crossings in the Boroughs of Queens and Richmond involving an expenditure of over a million dollars.

The following litigation of importance to the City has been conducted: In "New York Electric Lines Company against the City," the plaintiff sought to have declared null and void a resolution of the Board of Estimate and Apportionment revoking, on the ground of abandonment, a franchise granted to plaintiff by the Board of Aldermen in 1883. This case was tried at Special Term, before Greenbaum, J., the trial lasting eleven days, and resulted in a judgment in favor of the City on the merits on all the points involved. This decision is of the greatest importance in enabling the City to recapture perpetual franchises granted before the adoption of the Greater New York Charter without any adequate compensation to the City, under which franchises no construction work has ever been done, although in many cases they are held out to the public as being of great value and are sought to be utilized in the City's streets, to the loss and disadvantage of the City. An appeal has been taken and we are now engaged preparing for the argument thereof.

Suits instituted at the instance of the City by the Attorney-General in the name of the People of the State against various street surface railroads to forfeit their franchise rights in the streets on the ground of non-user, have been prosecuted to judgment by this Division acting with the Attorney-General.

In "People vs. Bleeker Street and Fulton Ferry Railroad Company," and in "People vs. Dry Dock, East Broadway Railroad Company," judgments were entered against the defendants forfeiting their franchises in over ten miles of streets and providing for proper and effective operation in the remaining streets under penalty of forfeiture. A similar action is pending and will soon be brought to trial against the Metropolitan Street Railway Company.

"The Interborough Rapid Transit Co. vs. City" is an action to restrain the City from removing the overhead bridges connecting the platform of the elevated railroads on 6th ave. and 9th ave. with various department stores and office buildings. Preparation for the trial of this case is now being made. It involves an examination of all the laws enacted and the proceedings taken by the various commissions appointed under such laws regarding these elevated railroads since 1867, and the accumulation of a great amount of data to sustain the City's contention that these bridges were erected and are now maintained not for the benefit of the traveling public, but for the benefit of the proprietors of the various department stores.

Actions have been brought and are now pending to recover damages claimed to have been sustained by certain alleged water companies when the City took over the water mains belonging to such companies, and which such companies were unable to operate owing to lack of water. Of these actions, that brought by the Germania Real Estate Development Company to recover \$300,000 damages is the most important. This case is now being prepared for trial, and involves the valuation of the mains, proper allowance for depreciation being allowed, the value of the plant as a "going concern," the rights of the City in the streets over which the company operated and various other complicated questions of law and fact.

The Blythebourne Water Co. has brought action to enjoin the City from interfering with its main. This case, now being prepared for trial, involves the consideration and determination of what duties are imposed upon the City in the absence of proper supply of water being given by private companies—whether, in other words, the City may lawfully parallel with its mains those of the water company, even if the result be to drive the private company out of business.

The various suits brought by the Manhattan Bridge Three Cent Line Company, directly and also in the name of a taxpayer, to prevent operation of railroad cars over the Manhattan Bridge under a temporary and revocable permit issued by the Commissioner of Bridges and approved by the Board of Estimate with a view of relieving the congestion at the Brooklyn Bridge while the Board was considering the application of the railroad companies for a full franchise, as provided by the Charter, were successfully resisted at Special Term and on appeal, and cars are now being operated over the bridge.

The action of "The Manhattan State Hospital against the New York Connecting Railroad and The City of New York" is brought to restrain the construction by the railroad company, under its grant from the City and the State, of its bridge over the East River, with abutments across Wards Island. It involves not only the franchise rights of the railroad company, but also the title of the City to Wards Island. The motion for a preliminary injunction was argued before Mr. Justice McCall and decided in favor of the City.

The action brought by the Edison Electric Illuminating Company and the Amsterdam Electric Light Company to enjoin the Board of Estimate from revoking the franchises of the State Electric Light Company and the Amsterdam Electric Light Company, on the ground of abandonment, is being tried before the Hon. Delancy Nicoll, as Referee.

Several suits brought by lighting companies against the City are still pending and are being prepared for trial. Of these the suits brought by the Kings County Lighting Company, the Edison Electric Illuminating Company of Brooklyn and the Newtown Gas Company are the most important.

The work of this Division has increased in volume and importance, involving, as it does, the franchise rights of all public utility companies operating within the Greater City of New York.

FIRE PREVENTION.

The Hoey Fire Prevention Law resulted in the presentation of certain novel and intricate legal problems to the Department during the last year. A bill amending this statute in several important particulars was prepared under the supervision of the Corporation Counsel, and became a law. A number of opinions upon various phases of the law, in its original form and as amended, were rendered to the Fire Commissioner. A pamphlet containing the more important of these opinions, and the text of the statute as amended, was printed and given wide circulation. Numerous prosecutions for violation of fire prevention laws and ordinances, instituted and carried on by the Department, have had a most salutary effect in reducing fire hazards, particularly in factories employing women. An assistant, especially conversant with fire prevention matters, was assigned to aid the Fire Commissioner in the enforcement of the laws against fire perils and to co-operate with the Factory Investigating Commission, the Merchants' Association and other civic bodies in their efforts in behalf of public safety.

To assist in the work of the Bureau of Fire Prevention an Assistant has been assigned to aid the officers of the Fire Department in their efforts to enforce the law. 256 criminal prosecutions were instituted and convictions were secured in 154 cases; fines varying from \$5 to \$75 were imposed in 75 cases, the fines aggregating \$1,360; 6 defendants were reprimanded and sentence was suspended in 69 cases; 59 cases were withdrawn by the Fire Department and 27 cases were dismissed by the Magistrates. During the year 12,367 "violation notices" were served by the officers of the Bureau for Fire Prevention, but in a large majority of the cases the orders of the Fire Department were complied with, and no further action was needed.

DIVISION FOR QUEENS COUNTY LITIGATION.

The work of the division embraces matters similar to those treated by the branch office in Brooklyn and the Main Office. In addition thereto, it investigates and defends the municipality in all claims and actions growing out of or likely to arise in the counties of New York, Kings, Queens, Richmond and Nassau, through the maintenance and operation of public and private water supplies. The Assistant Corporation Counsel in charge is also Chairman of the Board for the Prevention of Stream Pollution, the membership of which is composed of Engineers and Chemists employed by the Department of Health and the Department of Water Supply, Gas and Electricity. The scope of the work of this organization is large and is becoming more important, due to a constantly increasing population in the outlying boroughs of the City. The members of the Board personally investigate nuisances and violations against the Public Health Laws in the Brooklyn, Queens and Richmond water sheds, and this Division of the Law Department prosecutes such litigation therein as is warranted. All actions herein thus far tried in the Courts have resulted in the entry of judgment favorable to the City, and the conditions existing in and around land contiguous to surface streams which form a part of the public water supply mentioned are, at the present time, excellent.

During the seven years last past, the period of time that this Division has defended the City in actions commenced by farmers for damages resulting from an alleged depreciation of the rental and usable value of farmland for the cultivation of market-garden crops, through the operation of the City's water securing devices in the County of Nassau, only one judgment has been entered against the City, and an appeal therefrom is now pending and undecided. No claims were filed in this character of litigation during the past year, but the lack of activity on the part of litigants has not in any way modified the policy which has been adopted by this Department for the protection of the City's interests in the matter of these claims. Observations of soil conditions, as well as surface and underground water flow, in land within the zone of operations in the Brooklyn watershed have been daily continued, and the City is fully prepared at any time to resist either fictitious or fraudulent demands made from time to time in these suits.

The most important result secured during the past year with reference to litigation instituted against the City in respect of water supply problems was the decision of the Court of Appeals in the action of the Oakes Manufacturing Company of Steinway, Long Island, against the City of New York to recover the sum of Three hundred thousand (\$300,000) Dollars, for alleged negligence in supplying water claimed to be not only unsuitable for the commercial purposes of the plaintiff, but unsuitable generally for public use. This decision adjudicates a question which is of unusual importance, because it had not been heretofore litigated in the Courts, and settles the law as to the liability of a municipality for the character of water it furnishes and the consequences of its use. The chemical impurity of the water complained of in this litigation arose from the presence of an unduly large proportion of chlorine which found its way into water, from the fact that the sources of supply from which it was taken were located in neighborhoods where the soil was exposed to the infiltration of sea water whenever heavy pumping occurred. The plaintiff contended that the unsuitability of the water arose not only from negligence in its care, but negligence in the choice of its sources of supply.

Although it was found that the plaintiff's case was one of considerable hardship, since, at the time when it built its factory, no such trouble existed with the water supply as was afterwards shown, the Court nevertheless sustained the contention of this Division that, in discharging such a function as that of furnishing water to citizens, the municipal authorities are necessarily invested with a wide discretion which is not subject to judicial review, and, accordingly, dismissed this complaint upon the merits.

The investigation of the Office of the President of the Borough of Queens under the administration of Lawrence Gresser, authorized under an executive order issued by Governor Charles E. Hughes, the subsequent removal of said Borough President, the suspension of certain employees formerly connected with said Office, their indictments by the Grand Jury of Queens County, and the results of criminal proceedings which followed, established a foundation for the institution of forty-two actions for reinstatement to the public service which were commenced last year in the County of Queens.

With the exception of one person, all of the Gresser employees, so-called, prosecuted criminally were acquitted. Their separation from employment covered a period of about sixteen months. The evidence adduced was not sufficient to convict the defendants of crime beyond a reasonable doubt, although it seemed that each of the persons indicted was clearly guilty of incompetency and neglect of duty in public office. As relators in proceedings instituted to secure peremptory writs of mandamus each person who had been, by Borough President Gresser, "suspended pending a final disposition of indictments" claimed that he had not been formally removed from his position in accordance with the Civil Service Law and rules and regulations made for the enforcement thereof. Success in this litigation meant much to the petitioners, as orders directing reinstatement would support common law actions for the recovery of salaries in full for a period of time during which these persons performed no work for the municipality. An examination of the records of the Office of the President of the Borough of Queens showed that while each applicant had been separated from his position *de facto*, none was removed therefrom *de jure*. The reported decisions of the Courts sanction the reinstatement of Civil Service employees removed from the public service where the head of the department, as in these cases, fails to serve employees with formal charges, and fails to grant hearings prior to suspensions or removals. Upon the face of the papers served, the relators seemed to be entitled to the relief demanded, for many were either veterans or had been appointed to their positions as the result of competitive examinations. Proceeding upon the theory, however, that each application for the issuance of the writ of mandamus must stand or fall upon its own merits, this Division in order to sustain orders directing that these applications be denied in the exercise of the Court's sound discretion, invoked procedure never urged heretofore, so far as the reported decisions of Courts in this country show, by demanding the right to produce in these civil actions the Minutes of the Grand Jury in all of the criminal proceedings wherein the relators had been made defendants. This application was stubbornly resisted and criticised by the relators as being extraordinary, but the circumstances against which it was directed were also extraordinary. It, however, received judicial sanction and was effective in that it enabled the City to get before the Court the entire history of the relators' derelictions of duties prior to their suspensions. An opinion therefore was handed down by Mr. Justice Benedict in the test case of Frank H. Burke vs. Maurice E. Connolly, which held that the opposing affidavit submitted by the City in these proceedings evidenced an absolute unfitness on the part of the relators for public office, and, accordingly, the applications for reinstatements were denied and the City was saved about Ninety thousand (\$90,000) Dollars.

The miscellaneous work of the Division for the year 1912 has been disposed of as follows:

One hundred and one (101) opinions to heads of departments upon subjects of administrative procedure, were drafted.

The Police Department reported one hundred eighty-nine (189) accidents which occurred in the Borough of Queens. Although only eighty-five (85) claims for damages growing out of said actions were filed with the Comptroller, each report was fully investigated promptly and the City prepared therein for the contingencies of litigation. The damages demanded in the claims filed aggregated Two hundred and twelve thousand (\$212,000) Dollars.

There were twenty-nine actions disposed of which were pending in the trial Courts of Queens and Nassau counties. The damages demanded aggregated One hundred Seventy thousand (\$170,000) Dollars.

In addition to the civil service matters above referred to, five motions for writs of mandamus for reinstatements in the public service were argued and in each the exercise of the administrative discretion of the heads of departments was sustained by the Courts.

Twenty-five (25) motions in miscellaneous matters were argued at the Special Terms of the Supreme Courts for the counties of Kings and Queens, and were all determined favorably to the City.

This division opposed applications for peremptory or alternative writs of mandamus in 36 proceedings during the year 1912. Nineteen of such applications were denied at Special Term, Part 1, of the Supreme Court, County of New York. In the other 17 proceedings, peremptory writs of mandamus were issued by the Special Term in 11 cases, 10 of which were subsequently dismissed on appeal to the Appellate Division or Court of Appeals. Alternative writs were granted in 6 proceedings, in 5 of which, although returns have been prepared and filed, no trial of the issues raised thereby has been had. The proceedings related mainly to the reinstatement of employees removed or suspended by the heads of departments; to compel payment of salary; to cancel eligible lists prepared by the Civil Service Commission, and to compel the acceptance of applications for examination by such Commission.

Seven Municipal Court actions have been tried and the issues raised by alternative writs of mandamus and the returns thereto have been tried before juries in the Supreme Court in three proceedings. Eight Municipal Court cases have been settled prior to going to trial. Briefs have been prepared in 7 proceedings before the Appellate Division, First Department, and the appeals argued. In five of such appeals the City has been successful and in the two proceedings in which adverse decisions were rendered by the Appellate Division the determinations were reversed by the Court of Appeals. Twelve miscellaneous motions were made or opposed, in nine of which this division was successful.

The three most interesting cases from a Civil Service point of view were *People ex rel. Loomam v. Henderson*, *People ex rel. Moriarty v. Creelman*, and *People ex rel. Werner v. Prendergast*. In the first of these cases the Special Term for New York County held in effect that an employee, not a veteran, could not be reinstated by the head of his department after his employment had been legally terminated by said departmental head. In *People ex rel. Moriarty v. Creelman*, the Special Term held that the Civil Service Commission had the power to fix an age limit of 25 years as a minimum under which it would not receive applications for examination for the position of Inspector in the Bureau of Fire Prevention. This decision, though reversed by the Appellate Division, was upheld by the Court of Appeals. In *People ex rel. Werner v. Prendergast*, the Court of Appeals held, reversing the Special Term and Appellate Division, that the employees of the Board of Elections of the City of New York are under the jurisdiction of the Municipal and not of the State Civil Service Commission.

Thirty opinions were drafted and sent to various City officials on different subjects and the division conducted some eleven different hearings of persons claiming the privileges of veterans, under the Civil Service Law, before departmental heads. These hearings were upon charges preferred against employees and at least forty sessions were held at which testimony was taken.

DIVISION FOR AFFIRMATIVE ACTIONS.

This Division assumes charge of all claims upon which the City or any of its departments find it necessary to commence action; 155 such actions were pending at the beginning of the year, 187 new actions were commenced, 144 actions were disposed of, and there were pending at the close of the year 198 actions.

The amount of money collected during the year by this Division was \$178,654.72. In addition to this sum \$68,033.62 was collected by other departments in settlement of claims after actions had been commenced by the Law Department, making a total of collections as a result of the activities of this division of \$246,688.34.

DIVISION FOR CHANGE OF GRADE CLAIMS.

Before the Change of Grade Damage Commission, all claims remaining untried were disposed of. The trial of claims before the Commission was finally concluded on December 30, 1912. During the year, the Commission made 42 awards and the balance of the claims filed (about 100 in number) were dismissed.

The disposition of the claims before the Commission was materially aided by several important cases argued before and decided by the Appellate Courts. In *People ex rel. Astor v. Dickey* (205 N. Y., 598), the Court of Appeals held that a claimant cannot recover for damage occasioned by the original physical grading of a street. In *People ex rel. James v. Dickey* (206 N. Y., 851), the Court held that one who owned the property when the map establishing the grade was filed, but not when the grade was physically effectuated, is not entitled to an award. A large number of important claims were dismissed, in whole or in part, as a result of these two decisions. Another important case was *Matter of Varian* (150 App. Div., 453, affirmed 206 N. Y., mem. p. 34), the successful termination of which prevented the addition of 45 new claims to the calendar of the Commission.

Before the Board of Assessors, 23 claims, filed pursuant to chapter 737 of the Laws of 1911, were dismissed. Awards were made in 7 cases, and the balance of the claims filed under this statute were held over to await a decision of the Court of Appeals, which was finally handed down on December 10, 1912. (*People ex rel. Hallock v. Hennessy*, 206 N. Y., mem. p. 126.)

Several important cases affecting the proceedings of the Board of Assessors were argued before and decided by the Appellate Courts. In *People ex rel. Hallock v. Hennessy* (205 N. Y., 301), and *People ex rel. Olin v. Hennessy* (206 N. Y., 33), it was held that a decision of the Board of Assessors is reviewable, as to the amount of an award, by writ of certiorari. *People ex rel. Massoles v. Hennessy* (149 App. Div., 952), and *People ex rel. Sciarillo v. Hennessy* (206 N. Y., mem. p. 116), deal with the powers of the Board of Assessors under section 951 of the charter.

Other less important cases argued before and decided by the Appellate Courts during the year are *People ex rel. Volkening v. Prendergast* (150 App. Div., 665), *People ex rel. Weinstein v. Zucca* (206 N. Y., mem. p. 10) and *People ex rel. City of New York v. Dickey* (149 App. Div., 676).

A considerable number of mandamus and other proceedings relating to the collection of awards and other incidental questions were disposed of.

Various opinions on questions of law were prepared for the Board of Assessors, Board of Revision of Assessments and the Change of Grade Damage Commission.

DIVISION FOR BOARD OF EDUCATION MATTERS.

Ninety-five actions and special proceedings were disposed of. That number included 17 actions which were compromised with the approval of the Board of Education and the Comptroller, 7 which were discontinued, 2 appeals which were dismissed on motion of the Board of Education and 40 cases in which the plaintiffs obtained judgments. As to the last mentioned group of 40 actions, a word of explanation is requisite. For about ten years the Board of Education claimed the authority to fix the salaries of all its employees, basing its claim upon the decision of the Court of Appeals in the case of *Gunnison vs. Board of Education* (176 N. Y. 11). Towards the end of his term of office the Comptroller had refused to pay to one Lawrence F. Hogan, an employee of the Board, a salary which had been fixed by the Board and not by the Board of Aldermen under section 56 of the Revised Charter. In addition, shortly thereafter this Department had advised the Board of Estimate and Apportionment that the Board of Education did not possess the power claimed. The dispute was finally settled by the decision of the Court of Appeals in the case of *Hogan vs. Board of Education* (200 N. Y. 370), in which it was held that the Board of Education did not have such power. The 40 cases in question were actions instituted by employees to recover arrears of salary fixed for them by the Board of Aldermen in accordance with its statutory prerogatives, as defined by the Court of Appeals in the *Hogan* case. In each of the 40 cases the Board of Education had fixed the compensation of the plaintiff at an amount lower than that established by the Board of Aldermen. The Board of Education admitted liability and in September, 1911, the Comptroller likewise admitted liability in about 20 cases involving the same facts, except for interest prior to the date of demand. But in these particular cases the plaintiffs moved them for trial and recovered judgments. One of them involved no question but that of liability for interest and the Appellate Division held the defendant liable even for that. That case has not yet been decided by the Court of Appeals.

The remaining 29 actions and proceedings resulted as follows: 25 were decided in favor of the Board of Education, 1 against the Comptroller, 1 against the Board of Education in an application by it for a writ of prohibition, 1 in favor of the Board of Education in an appeal to the State Commissioner of Education by a school principal and 1 remains undecided, which is also an appeal by a teacher to the State Commissioner.

In addition to the foregoing, twenty opinions were drafted.

DIVISION OF GENERAL LITIGATION.

To this division come litigation and requests for opinions involving well-nigh every question which falls within a lawyer's sphere of activity, including many novel propositions of law.

Among other important actions and proceedings which were intrusted to assistants assigned to this division, the following may be mentioned:

1. The taxpayer's action attacking the constitutionality of the act authorizing the construction of a new County Court House in the County of New York. The Court dismissed the action with the result that all legal obstacles to the consummation of this much-needed public improvement have been brushed aside.

2. The taxpayer's action wherein it was contended that the act pensioning civil employees was repugnant to the Constitution, which is still undetermined. The action has been tried and decision reserved.

3. Many actions and criminal proceedings looking to the enforcement of the Fire Prevention Law, so that the law upon this highly important subject has been settled and its provisions may be enforced and violators thereof may now be punished.

4. Attacks upon the constitutionality of the contracts for the equipment, maintenance and operation of the new subways in course of construction by the City and the amendments to the Rapid Transit Act, enacted at the 1912 session of the Legislature, authorizing the same, through the medium of three taxpayers' actions, were defended and a final decision obtained from the Court of Appeals upholding both the contracts and legislation.

5. A proceeding was instituted by this department at the Appellate Division of the Supreme Court for an order determining the amount of indebtedness incurred for dock investment which may be excluded in ascertaining the power of the City to become otherwise indebted, which eventuated in an order that nearly \$70,000,000 of such indebtedness might be so excluded.

In addition to the foregoing, many other actions and proceedings, both civil and criminal, were assigned to and conducted in behalf of the municipality or its officers by assistants assigned to this division, as, for instance, actions for salary and wages, mandamus proceedings seeking to constrain action on the part of public officers; taxpayers' actions having for their purpose the restraint of such officers in performing certain acts which it was claimed were violative or in excess of the powers conferred upon them; certiorari proceedings to review quasi-judicial determinations of heads of departments, criminal proceedings instituted in behalf of persons against the superior officials of the Police Department, accusing them of alleged oppression and kindred charges.

A large number of proceedings and opinions received attention in which many provisions of the Election Law were construed.

As heretofore, an assistant of this division has had charge of the increasing litigation and requests for opinions arising under the Admiralty Law.

Hundreds of opinions upon a wide range of subjects and a large number of bills for introduction in the Legislature were drafted.

In the course of the year assistants of this division have been assigned from time to time to the several departments as special need arose therefor.

HUDSON RIVER POLLUTION.

A suit in the Supreme Court of the United States is being actively prosecuted by this office. The object of the prosecution is to secure an injunction against the State of New Jersey and the Passaic Valley Sewerage Commissioners, restraining them from discharging over 360,000,000 gallons of septic sewage per day into New York's upper bay.

The title of the suit is "The People of the State of New York, complainants, against The State of New Jersey and the Passaic Valley Sewerage Commissioners, defendants."

The chief justice of the Supreme Court of the United States appointed a commissioner to take the evidence of the respective parties, and hearings are now being held at which the defense is putting in its testimony. These hearings are being held in the city of Newark, N. J.

From June, 1911, to October 1, 1912, the complainants have placed on record the testimony of over 45 witnesses. The evidence offered through these witnesses is contained in 10 large volumes of typewritten matter, and nearly 200 exhibits. Among these witnesses are the most eminent men in the United States on sanitary science, bacteriology, chemistry, hydraulic and sanitary engineering, and allied sciences. The testimony of leaders of the great civic bodies who are deeply interested in the commercial preeminence of our city earnestly bore evidence tending to avert the impending menace to our commercial well being.

If the State of New Jersey should prevail in her contemplated scheme of wholesale pollution, the island of Manhattan would be surrounded by putrefactive liquid filth of exceeding loathsomeness. The city, in prosecuting this suit, seeks to restrain the discharge of this vast quantity of putrescent waste, menacing our property with gross injury and our large community with pestilence.

A bill presented to the New Jersey Legislature, extending the territory to be drained by the Passaic Valley trunk sewer project, has been withdrawn to await the result of this present suit. The project contemplates the drainage for both house sewage and trade wastes from 37 municipalities and townships embraced in the Passaic Valley watershed.

The City hopes to succeed in enjoining the State of New Jersey and the Passaic Valley Sewerage Commissioners from the perpetration of this mammoth nuisance, that threatens alike the commercial preeminence of this great City and the health and comfort of its citizens.

"People ex rel. Smith vs. Creelman" (149 App. Div., 716)—Held that an applicant for the position of Patrolman in the Police Department shall not be over 30 years of age at the time of the final completion of the whole process of examination and computation of the result (construing section 284 of the Greater New York Charter).

"Schute vs. The City of New York" (149 App. Div., 758)—Held that a surveyor employed by the City, running a transit line over a building, could not recover of the City for a violation of section 18 of the Labor Law, because the ladder which he used to get upon the building broke and caused his injury.

Appellate Term.

"Gaines vs. City of New York" (78 Misc. 126)—Held that commencement of action in City Court which was without jurisdiction did not suspend running of limitation that action against City shall be commenced within one year.

LEGISLATIVE MATTERS.

While the Legislature is in session a branch office is maintained in Albany. The Assistant Corporation Counsel in Charge watches all proposed legislation, appears before committees in support of bills prepared by City officials and in opposition to bills adverse to the City's interests and in other ways protects the rights of the City and its taxpayers.

During the Session of 1912, there were approximately 600 bills introduced affecting The City of New York, 140 of which were proposed amendments to the charter. To this should be added the number of bills reprinted, as well as those amending the general statutes and the codes. There were 95 bills submitted to the Mayor for his consideration. Of this number, 48 were Assembly bills, two having been subsequently recalled, and 47 Senate bills. The Mayor approved 72 bills and rejected 21. The Governor acted favorably on 66 of the bills approved by the Mayor. No bill vetoed by the Mayor was repassed by the Legislature.

APPROPRIATIONS.

It is gratifying to be able to report that the cost of maintaining the Law Department for 1912 was less than for any year since 1908, notwithstanding the increase in the volume of business transacted. The total appropriations were as follows:

Year.	Amount.
1909 (including special revenue bonds).....	\$849,940 00
1910 (including special revenue bonds).....	843,410 00
1911 (including special revenue bonds).....	839,100 00
1912 (including special revenue bonds).....	826,910 00

CONCLUSION.

The points in the foregoing report, to which I call especial attention, are as follows:

1. The number of pending actions and proceedings was reduced during the year from 39,273 to 37,102.
2. The amount of pending litigation is at present less than at any time since 1906.
3. The amount of Court work (6,477 actions tried and 389 appeals argued) is the largest in the history of the Department.
4. The number (261) and amount (\$324,045.93) of judgments against the City was the smallest in any year since consolidation.
5. The number (3,588) and amount (\$387,817.60) of judgments in favor of the City was greater than in any year, except one, since consolidation. That year was 1911.
6. The amount of money collected by the Department in payment of claims, judgments and costs (\$321,427.22) almost equaled the total amount of judgments against the City (\$324,045.93).
7. The number of contracts, leases, bonds, deeds, etc., drafted, examined, revised or approved as to form (5,586), exceeded the record of any previous year by over 1,000.

Schedules.

I attach hereto the following nine schedules showing in detail the results of the year's work in the main offices of the Department:

Report of the Bureau of Street Openings.

New York, February 13, 1913.

Hon. ARCHIBALD R. WATSON, Corporation Counsel:

Sir—I herewith transmit a report of the Bureau of Street Openings for the quarter and year ending December 31, 1912.

One hundred and seventeen (117) reports in street openings were confirmed, in which the awards aggregate \$7,765,513.75, and the assessments for benefit \$7,380,816.99.

The streets acquired cover 401,035.58 linear feet, or almost 76 miles.

Eleven (11) reports were moved for confirmation, in which the awards amounted to \$713,994.80, and the assessments for benefit to \$1,358,503.86.

The length of these streets to be acquired equals 36,508.75 linear feet, or about 6.9 miles.

Fifteen (15) final reports have been signed, which have not yet been moved for confirmation.

Of the 405 reports upon which the Commissioners have been engaged in the whole Bureau, 143 have been completed, as above shown, and 262 have reached the stages enumerated below:

Final instructions received	44
Hearing or considering objections	51
Preliminary abstracts in course of preparation	50
Considering awards	13
Taking testimony	84
Awaiting final maps	7
Damage maps received (hearings to be called)	13

262

Three thousand seven hundred and eighty-three (3,783) opinions and letters of advice were prepared during the year.

One hundred and twenty (120) preliminary abstracts of awards for damage and assessments for benefit were prepared and filed for objections, in which the awards amounted to \$7,242,854.61 and the assessments for benefit to \$9,449,160.66.

Commissioners' bills of costs were prepared for taxation in ninety (90) proceedings. A certificate was prepared and presented to the court in each of these cases, certifying that the costs, as presented, had been audited and examined, and setting forth the result of such audit and examination.

Title to the lands ceded to the City for street purposes was examined in 2,289 cases and accepted in 1,876 cases and rejected in 413 cases. In the accepted cases, deeds were recorded by which the streets therein were acquired.

Six thousand four hundred and ninety-nine (6,499) meetings of Commissioners were held.

It is only since the Charter was amended by chapter 658 of the Laws of 1906 that authority has been had to open several streets in a single proceeding. Many of the proceedings now pending include more than one street. The 117 proceedings in which reports were confirmed during the year included 159 separate streets, having an aggregate length of 76 miles.

In this respect the work of the Bureau exceeds that of any previous year. The greatest number of reports confirmed in any previous year was 150, in 1903, but in that year only 35½ miles of streets were acquired. The next largest number of reports confirmed in one year was 113, in 1905, but in that year only 56 miles of streets were acquired.

The significance of the 76 miles of streets acquired during the year will be better appreciated when compared with the 85 miles aggregate length of all streets in Reading, Pa., a city having, according to the latest Federal census, 96,071 population.

Respectfully,

JOEL J. SQUIER, Assistant Corporation Counsel in Charge of Bureau of Street Openings.

Reports Confirmed, First Quarter.

Report of the Bureau for the Collection of Arrears of Personal Taxes.

No. 280 Broadway (Stewart Building), Borough of Manhattan, New York, March 3, 1913.

Hon. ARCHIBALD R. WATSON, Corporation Counsel:

Sir—I submit herewith the Annual Report of the transactions of the Bureau for the Collection of Arrears of Personal Taxes for the year ending December 31, 1912. There has been collected during the said year Personal Taxes in arrears, including interest, the sum of..... \$57,952.73
To which should be added Costs collected during the same period..... 1,286.50

Total collected during the year..... \$59,239.23

The falling off in the collections of the Bureau is accounted for by the failure of the Receiver of Taxes to transmit to the Bureau the usual number of uncollected warrants, and the enactment of the Secured Debts Law, Chapter 802 of the Laws of 1911. The Marshal for the Collection of Personal Taxes was removed on August 25, 1911, and no successor was appointed until January 15, 1912. As a result, there was returned by the Receiver of Taxes for collection \$1,054,214.99 of the tax levy of 1911, as against \$1,343,786.75 of the levy of 1910, which sum was transmitted the previous year.

The total collectible value of the 1911 tax levy, namely, \$1,054,214.99, was further reduced by a return of \$77,459.49 on non-residents and foreign corporations, leaving but \$976,755.50 upon which this Bureau could institute actions to collect; and the last-mentioned amount being considerably less than one-half of the amount returned for collection for the year 1909.

Chapter 802 of the Laws of 1911 exempted all secured obligations from taxation, upon payment of one-half percentum on the face value thereof. This eliminated from

personal taxation bonds and other secured obligations, the unpaid tax upon which was heretofore collected by this Bureau.

Schedule "A", hereto annexed, shows the year and amount of collections of taxes and interest, by Boroughs; also of collections of Costs, by months.

Following the practice inaugurated by this Bureau, and referred to in my quarterly reports throughout the year 1912, in cases where the defendants were not represented by counsel, and the facts seemed to warrant such a course, the original deposition of the defendant, together with the original summons and complaint in the action, and a form of order of dismissal, were presented to the Court, under the provisions of the Tax Law, for such action as appeared to said Court just.

Ex Parte Motions.

It is the policy of the Department adequately to protect the interests of the City. Where defendants are not represented by counsel, their depositions are taken and the taxable status disclosed. If it is apparent from the testimony taken that the person assessed is not liable for personal taxation or has a legal defense, the said testimony is made the basis of an *ex parte* application to dismiss the action and vacate the assessment; and as I have stated in my previous reports, the said application is then presented to a Justice at Special Term, Part II, for final disposition. Attached thereto is the affidavit of the Assistant-in-Charge of the bureau to the effect that the same was conducted by the Department.

In case the application is granted, an order is entered and becomes a matter of public record, together with the original testimony and affidavit of the Assistant-in-Charge of the bureau.

It is still the custom to insist upon the personal appearance of defendants, except where physical inability makes such an appearance impossible; and in such cases the deposition is prepared by the bureau and transmitted to the defendant for answer and verification.

Number of such examinations since January 1, 1912.....	4,141
Number of <i>ex parte</i> motions submitted and granted since January 1, 1912.....	4,131

Reports to the Department of Taxes and Assessments.

Although the law requires the Assistant-in-Charge of the bureau to make a single annual report to the Receiver of Taxes and the Tax Department of all cases dismissed on account of inability of the persons assessed to pay the tax, this department has made its report monthly in the form of the order dismissing the action, and attached thereto is a copy of the testimony upon which the said order was procured, and, in addition, a copy of every such order is certified to the Comptroller.

This method has worked most satisfactory results, as the information transmitted has been of incalculable help to the Tax Commissioners in the preparation of the tax rolls for the succeeding year. It has, moreover, resulted in correcting the assessment rolls in cases where assessments were illegal on account of mistakes of names or description of persons assessed, as well as eliminating therefrom worthless assessments. The said return also benefits the Finance Department in that it furnishes a return of uncollectible taxes which the bureau is charged with collecting.

Non-Resident Individuals and Foreign Corporations.

No effort has been made by the bureau to collect by action personal taxes against non-resident individuals or corporations, as there is no way to enforce payment by personal judgment. It is deplorable that some method should not be devised to compel contribution to the support of the City government from such individuals and corporations.

Litigated Motions.

The reduction of personal assessments continues to be effected under the provisions of chapter 374 of the Laws of 1909, which enactment gives the Court the right to review and consider the facts of the assessment as they existed before and after the same is imposed. If personal assessments are excessive and no appearance was made before the Tax Commissioners on account of ignorance and neglect, the taxable status of the person so assessed is determined by sworn testimony, and if it is clearly shown that the same should be reduced, a motion is made by the attorney representing the person or corporation so assessed and the application is neither opposed nor consented to by this bureau, but the Court is furnished with all of the information relating to the particular application which the bureau has been able to procure, and the matter is left entirely to the Justice before whom the same is presented for the exercise of the discretion which the law authorizes.

Where it is considered that there is no legal or equitable right to the review sought, such application is, of course, opposed by the department, and such motions are invariably not granted.

Settlements and Costs.

No compromise or settlement in any form is effected by the department where the assessment is found to be correct in every particular, and the full amount of the tax, with statutory interest, is collected. This is done in every instance, except where the Court directs, after a motion duly coming on to be heard, and all the facts having been passed upon, an order modifying or reducing the assessment is obtained, and if the application is granted with costs, the order entered sets forth the amount.

Thus the Corporation Counsel, the Assistant-in-Charge of the bureau and the Comptroller are relieved of all responsibility and the same is assumed by the Court, wherein it properly lies.

Remedial Legislation.

In my last annual report it was suggested that an amendment to section 33 of the Tax Law would more properly protect the City in the collection of taxes against persons assessed in a representative capacity. As the law is at present, executors, trustees, guardians, etc., are personally responsible for the tax on such assessments and must be assessed as such. The City is benefited in this construction of the law only in cases where the representatives are financially responsible. Such liability attaches to the representatives of the estate assessed and no tax can be recovered in the case of a substitution of trustees subsequent to the imposition of the assessment; and, further, the City's remedy to enforce collection of the taxes against the estate is exhausted when it proceeds against the person assessed in such representative capacity.

I am still of the opinion that the law should be amended by requiring the successor or successors of such representatives to pay the tax; and also by a provision requiring the Surrogate to allow the City's claim for taxes—or an amount which may be determined upon after an application to the Court (under the provisions of chapter 374 of the Laws of 1909) before any distribution of the estate can be effected.

The effect of this would be to make the substituted representative, as well as the estate, liable for the payment of the tax upon any just assessment.

Important Decisions Affecting the Bureau.

The most important decision during the year 1912 was the reversal of the Chase Talbot Company case by the Court of Appeals (reported in 206 N. Y., page 1).

As was mentioned in the last Annual Report, in this case, the order of Special Term denying the defendant's motion for a dismissal of the action and a cancellation of its personal assessment for the year 1907, was reversed by the Appellate Division (148 App. Div., 284). The City appealed to the Court of Appeals, which reversed the Appellate Division and sustained the order entered at Special Term, denying the defendant's application. The corporation in question filed a statement with the Tax Commissioners for the year 1907 and was assessed thereon in the sum of \$158,700. Action was brought by the City; subsequently a motion was made by the defendant, under the provisions of chapter 374 of the Laws of 1909 to procure a dismissal of the action and a cancellation of the assessment, upon the ground that the statement which the defendant had filed with the Tax Commissioners was not correct, and on the further ground that it was unable for want of property to pay the tax on account of its insolvency, although it was shown by the testimony that the corporation was still in existence and doing business and had assets.

The defendant's motion was opposed at Special Term upon the ground that the Court should not review the action of the Tax Commissioners where the assessment was imposed upon evidence furnished by the defendants, as its proper proceeding was a review by certiorari, and upon the further ground that the corporation failed to show inability to pay the amount of the tax for which the action was brought. The City's contention was upheld and the motion accordingly denied.

The Appellate Division's dissenting opinion was filed by Mr. Justice Ingraham, and by a divided Court, the Court of Appeals sustained the City's contention.

This decision by the Court of Appeals is especially gratifying in that it bears out the policy of the Department, based upon its contention that the amendment to the Tax Law was not intended to take the place of a writ of certiorari, and that no review of an assessment could be had after a statement was made to the Tax Commissioners, except as is afforded by recourse to the said writ; also that present inability to pay the amount of the tax must be clearly shown before relief can be granted under chapter 934 of the charter, which permits the dismissal of actions brought to recover personal taxes where the defendants are unable for want of property to pay the same, or where, for other equitable reasons, it appears to the Court just that such tax should not be paid.

Management of the Bureau.

There has been no change in the general plan of administration of the Bureau. As I suggested in my last Annual Report, an additional Clerk is sorely needed to relieve the Assistant in charge of bankruptcy proceedings of the detail work involved in such matters. The present efficiency of the working plan of the Bureau would be materially impaired by designating a Clerk from the present force for this particular purpose.

It is to be hoped that the full usefulness of the complete records now maintained by the Bureau will be had by installing a safe, convenient and accessible filing system. Respectfully submitted, GEO. O'REILLY, Assistant Corporation Counsel-in-Charge.

Oct. 24	City of New York....	Henry Basch, John Basch.....	Injunction to restrain erection of frame extension without permit at Nos. 91-93 Ellery st., Brooklyn; violation of sections 4, 144 and 151 of Building Code.	No proceedings for the taking of land are pending, except a few odds and ends and retrials. There is also a number of appeals which may result in some cases in retrials. Seven proceedings were terminated during 1912, and no new proceedings have been begun. All parcels in the old Westchester water supply proceedings have been reported on. Unless further land is required for the Prattsville, Lackawack or other contemplated reservoirs, the real estate proceedings will be concluded when the various appeals and retrials are disposed of.			
Oct. 25	City of New York....	Brooklyn Posting and Advertising Co.....	Injunction to restrain erection of fence sign, southeast corner Taylor st. and Bedford ave., Brooklyn, contrary to permit issued; violation of sections 4, 144 and 151 of Building Code.	<i>Business and Wage Claims.</i>			
Oct. 25	City of New York....	Farina Jolke Building Co.....	Injunction to restrain erection of three brick four-story tenements at 3d ave., 40 feet south 32d st., contrary to plans filed; violation of sections 4, 14, 16 and 151 of Building Code.	Under special provisions of the Water Supply Act, however, a large volume of novel litigation has begun, including claims for indirect and consequential damages, and what are known as business and wage claims. There is also an increasing number of certiorari proceedings caused by the attempts of local boards of assessors to make New York City bear a disproportionate burden of taxation. Since the people of New York have no votes in the counties through which the aqueduct passes and the various reservoirs are located, the tendency of the local assessors is to shift the burden of taxation upon New York City, assessing land owned by New York City at an acreage valuation many times the valuation of adjacent property owned by local voters. Such a course seems to be popular, especially in the rural communities, and has compelled the bringing of many certiorari proceedings in the effort to obtain just assessments from the courts.			
Nov. 1	City of New York....	Wyllis Company, Jacob Schlesinger	Injunction to restrain alteration of building in violation of section 4 of Building Code.	There have been filed with the Board of Water Supply 876 claims, 176 of which are for survey and exploration damages, most of which have been settled by the Board of Water Supply, leaving few remaining to be tried by the Corporation Counsel, where an agreement with the Board of Water Supply has not been had. In addition to these, there are 700 litigated claims: 561 business claims amounting to \$2,853,000, 61 indirect damage claims amounting to \$394,000 and 78 wage claims amounting to \$21,000.			
Nov. 9	City of New York....	Arverne Construction Co.....	Injunction to restrain work on buildings, easterly side Clarence ave., 360 feet northerly from the corner of Clarence and Morris aves., Queens, violation of sections 4 and 146 of Building Code.	Judging from the attitude of the people of Ulster County, this is a mere beginning, because hundreds of claimants are awaiting the result of pending litigations, and the volume of indirect damage claims will not begin until the gates are closed in the Ashokan dam and the reservoir territory is flooded. The total awards for land taken are in round figures ten million dollars. Now, it seems probable that the claims for business, indirect damage and consequential damages will exceed the amount of the land awards. This immense volume of litigation is constantly growing through the local attitude towards New York City, expressed as it was by one claimant, who admitted that he had sworn directly contrary on a wage and a business claim and explained that he was a conscientious man and a member of the church, and regarded it the duty of every citizen of Ulster County to get as much money from New York City as he could.			
Nov. 11	In the matter of the application of City of New York.....	Unsafe building, east side 22d st., 220 feet south Franconia ave., Fushing, Queens; David Goldstein, owner.....	Motion to tax costs.	The amount of the wage claims has been greatly reduced by the decision that damages must be actually proved, and that no one is entitled to a gift from The City of New York. The trials before the two Business Commissions are also resulting in material reductions, but are hampered by the perjury of many of the claimants, and the practical impossibility of convicting any one in Ulster County for perjury in a case in which The City of New York is the defendant. A number of claims have been dismissed, and in several cases the claimants have admitted that they had sworn falsely, that they had concocted books, and that they had done their utmost to get all the money they could.			
Nov. 14	City of New York....	16 W. 46th st., Company.....	Injunction to restrain erection of building, Nos. 16 and 18 W. 46th st., Manhattan, in violation of plans contrary to section 4 of Building Code.	Although the volume of this litigation in Ulster County is greater than the real estate proceedings, the work has been done by two Commissions instead of twenty-two, as in the fee proceedings. Any claimant can have his case tried on thirty days' notice, which is the speediest trial obtainable in any court in this State. The cost of the Ulster County proceedings has been reduced nine-tenths through the elimination of more than 100 expert witnesses, the simplifying of the procedure, and the conducting of the trials like a court, instead of the sporadic sessions of the earlier Commissions.			
Nov. 15	People ex rel. Van Beuren & New York Bill Posting Co.	Rudolph P. Miller, Superintendent of Buildings, Manhattan	Mandamus to compel approval of plans and application for sign, south side 215th st., between Broadway and 10th ave., Manhattan.	<i>The Commission System.</i>			
Nov. 30	City of New York....	Alexander B. Gordee.....	Injunction to restrain erection of building without approval of plans, north side Potter ave., 75 feet east 12th ave., Queens; violation of sections 4, 26 and 151 of Building Code.	It would be greatly to the interest both of the claimants and of The City of New York if, instead of the miscellaneous Commissions, some body like a court of claims were constituted to try all claims for damages arising from the water supply proceedings. It was a costly mistake to appoint the many Commissions of Appraisal which were appointed, and that mistake is continued when the Courts appoint additional Commissions of Appraisal.			
Nov.	City of New York....	August Luchow.....	Injunction to restrain alteration of building, Nos. 105-107 E. 13th st., Manhattan, without approval of plans in violation of section 4 of Building Code.	In the first three years of these proceedings, 1907, 1908 and 1909, the Commissioners of Appraisal received \$540,143. If the plan of the then Corporation Counsel had been followed, three Commissions could have done all this work, and done it better than forty odd. In 1910, the Commissioners received \$298,342; in 1911, \$143,769, and in 1912 the Commissioners' fees in the real estate proceedings were \$72,117.94, and in the business and indirect damage claims \$22,636.81.			
Dec. 5	City of New York....	Conron Brothers Co.....	Injunction to restrain building, northeast corner Bergen ave. and 152d st., The Bronx, contrary to plans and specifications filed; violation of sections 4, 59, 60 and 89 of Building Code.	My experience has been that the fewer cases a commission has to try, the longer it takes for them to try a case. For instance, one commission took a year on one case, and did not finish it then, while one of the Business Commissions has tried more than twenty cases in one week. Appointments of commissioners have been made as matters of judicial or political patronage. A million dollars has been paid out by orders of the Supreme Court to these appointees, the compensation being in some cases, absurdly excessive, compared with either the value of the work done and the time honestly employed, or what the appointees could earn at any other occupation. There have been more than 50 of these commissions where 3 would have answered. Necessarily, with so many commissions, there have been inefficiency, waste and inequality of awards.			
Dec. 6	In the matter of the application of City of New York.....	Unsafe building, 211-213 21st st., Brooklyn; Walter Cook, Jr., trustee in bankruptcy for Mary P. Caponigni.....	Motion to tax costs.	The worst feature of this system is the injustice to the claimants through disproportionate award, and the breeding in them mistrust of just administration of law. Some commissions have made awards by the simple process of taking the claimants' and the City's experts' figures and averaging the difference. Such a course encourages exaggerated claims. It breeds perjury. It demolishes respect for the administration of justice.			
Dec. 23	City of New York....	Regina Construction Co.....	Injunction to restrain building, northwest corner Mapes ave. and 181st st., The Bronx, contrary to plans, violation of sections 4 and 22 of Building Code.	In view of the fact that the trial of these claims will continue for many years to come, I recommend that one commission in each of the Third and Ninth Districts, where all these proceedings are tried, should be appointed by the Justices of the Supreme Court of that District, to sit virtually as a Court of Claims, its members to give their exclusive time to the performance of these judicial duties, like a Court, and be paid a salary therefor, instead of a per diem compensation, which inevitably leads to short sessions, the prolonging of hearings, and padded claims for compensation.			
Dec. 24	City of New York....	Empire State Dairy Co.....	Injunction to restrain building beyond building line, south side 2d ave., 120 feet southwest 2d ave and Webster ave., Queens; violation of section 4 of Building Code.	This matter can be easily and simply remedied by the Justices of the Supreme Court themselves. If it is not remedied by them, the Legislature should do it, since inequality in awards is unjust to the claimants, while excessive costs of the proceedings is unjust to the taxpayers of New York City.			

There are few curable evils connected with the litigation of these water supply proceedings which the Justices of the Supreme Court could not cure. The difference in the proceedings in Ulster County and in Westchester County is caused by the different attitude of certain Justices of the Supreme Court in these respective districts.

Business Commissions.

Business Commission No. 1, including one report not yet signed, made 13 reports, the first and second of which were filed in 1911, the third to the twelfth inclusive were filed in 1912, and the thirteenth has not yet been signed. In these 13 reports there are 114 claims, of which 17 were dismissed, 1 withdrawn and 96 received awards. Five awards are contained in the first two reports made in 1911, leaving 91 awards in the reports made in 1912.

For commission No. 2 there are five reports all made in 1912, one of which is not yet signed. The highest numbered claim before No. 2 is 89. There remain 15 cases which are adjourned or decisions pendings, leaving 74 cases on which Commission No. 2 has reported. Of these 74, awards were made in 53, amounting to \$20,175; 13 were dismissed, 4 withdrawn, and 4 compulsorily withdrawn.

In No. 1 the total amount of 96 awards was \$67,561.46, adding to which \$20,175, awards of No. 2, makes total awards of \$87,736.46, for the disposal of 188 claims, with money awards in 149 of the 188. That leaves 39 claims disposed of otherwise than by money award, of which 30 were dismissed, 5 withdrawn and 4 compulsorily withdrawn.

The highest numbered claim in No. 1 is 132; deducting 96 money awards, 1 withdrawn and 17 dismissed leaves 18 claims. The amount claimed before the Commission in these 18 claims is \$254,000; before the Board of Water Supply \$223,000. The amount claimed before the Commission in the 114 claims in No. 1 was \$336,850; before the Board of Water Supply \$556,615, making a total of claims for the 132 in No. 1. Board of Water Supply \$779,615; total before the Commission \$580,850. That is, the awards in money for the 114 claims are a little over one-eighth of the Board of Water Supply claims, and about one-fifth of the Commission's claims.

In No. 2 the highest numbered claim is 89. Seventy-four claims have been disposed of, leaving 15. In the 74 claims disposed of, the figures before the Board of Water Supply are \$148,650, and before the Commission \$136,150. The money awards were \$20,175, being less than one-seventh of the Board of Water Supply claims, and a little less than one-sixth of the Commission's claims. The 15 claims remaining before No. 2 aggregate Board of Water Supply \$42,000, Commission's figures \$33,000, making a total of claims before No. 2, Board of Water Supply \$190,650, Commission's figures \$169,150.

The total of the whole 221 claims is Board of Water Supply \$970,265, Commission's figures \$760,000. The difference in figures comes from amending the claims before or during the trial.

The cost of trying these business and indirect damage claims during 1912 was less than \$35,000, for counsel, clerks, City's witnesses, printing, rent of Kingston office and stenographic services. The other expenses in connection with business claims were the Commissioners' fees, \$22,636.81. That is, the cost of trying a given number of claims with two Commissions is about one-tenth the cost of trying the same number of claims with twenty commissions. The cost to the City of counsel and commissions varies almost directly with the number of commissions among which a given amount of work is divided.

The total payments to counsel during 1912 were \$89,073.44, of which \$33,637.47 was for nine special counsels employed at the New York and Kingston offices, and in Albany and Troy, by whom were conducted the real estate proceedings west of the Hudson, and all the business and indirect damage claims, and \$55,435.97 to the two special counsel who have been doing water supply work in Westchester County since before 1910, when my connection with this bureau began.

The other expenses of the Bureau in the year 1912 were:

Appraisers and witnesses.....	\$19,550 17
Stenography	18,613 20

Printing	5,981 91
Advertising	2,831 80
Rent and miscellaneous.....	7,169 94
Clerks	3,972 79

\$58,119 81

These figures include both the real estate and business damage proceedings. More than three-fourths of the witness fees, printing and advertising were in the real estate proceedings in Westchester County.

Real Estate Awards.

The amount of real estate awards during 1912 was \$518,169.85 for 74 parcels, 84 claims and 19 lots. Of these, 19 parcels and 3 lots were in Ulster County, awards \$12,931.50; and 55 parcels, 84 claims and 16 lots were in Westchester County, awards \$505,238.35. In addition to the awards, the claimants received \$6,106.10 for expenses and disbursements, with 5 per cent allowance for counsel fees.

Following is a comparative summary of the awards and other costs of these proceedings since their beginning in 1907 to and including 1911:

	1907-8-9 1,207 Parcels.	1910 1,497 Parcels.	1911 532 Parcels.
Awards	\$3,926,529 00	\$4,305,831 00	\$1,294,724 08
Claimant's cost	307,942 60	191,050 00	51,564 37
Commissioners	540,143 00	298,342 00	143,769 26
Corporation Counsel's expenses.....	1,481,510 53	217,866 22	129,467 23
	\$6,256,124 53	\$5,013,089 22	\$1,619,524 94
Total awards			\$9,527,084 08
Total cost, including awards.....			12,888,738 69

Including 1912 this brings the total of real estate awards to a sum in excess of \$10,000,000, and the total cost of acquiring real property for the Ashokan Reservoir, in the Catskill Aqueduct, including awards, to a little over \$13,500,000. This is exclusive of the business and indirect damage claims, and the expenses connected therewith.

Among the important questions of law decided in 1912 were:

Assessability of the aqueduct structure. This question was decided one way in the Ninth District, and in a directly opposite way in the Third District.

Affirmance by the Appellate Division, First Department, of Mr. Justice Newburger's decision in the City's favor that business claims do not draw interest.

Decision in the City's favor by the Appellate Division, Third Department, that the City is not directly liable for Commissioners' unpaid bills.

Affirmance by the Appellate Division of Mr. Justice Howard's order eliminating the old Ulster County Commissions.

Decision by Mr. Justice Rudd that claims against the City arising under the Water Supply Act are triable before a commission and not before a jury.

This last decision applies to several pending Ulster County suits. A large proportion of the people in Ulster County are seeking in one way or another, to get money from the City of New York. The County of Ulster is suing the City for the cost of criminal proceedings, the board of prisoners and jurors' fees. The Kingston Street Railroad is suing; the Honk Falls Power Company is suing. A number of business men in Kingston are bringing claims on the theory that they had customers in the Catskills whom the City caused to remove. Since the timber has been cut from the Catskills, and the canal from Kingston to the anthracite coal regions has been closed, and the cement industry has dwindled under Pennsylvania and New Jersey competition, and concrete is taking the place of blue-stone, suing The City of New York has become the most profitable and popular industry in Ulster County. Respectfully submitted,

WM. McM. SPEER, Special Counsel.
